Odd Bits Salvaged
By The Editor

We're sorry "old Roger" didn't make it.

k-k

No matter how many home runs he adds to his record during the remainder of the season, Babe Ruth's record of 60 home runs in 154 games still stands after 24 years. But Maris could gain a new record for himself.

k-k

Battling to tie or surpass Ruth's 1927 record—the greatest of all baseball prizes — Maris tagged one in the third inning on Wednesday for No. 59, the line drive carrying into the stands over the 380-foot marker. But he failed to come up with No. 60.

k-k

We believe records are made to be broken—that's why we wanted Rog to do it. We believe, too, if Babe Ruth had been alive he would have been proud to see the record broken.

k-k

We watched the game Saturday to see if Maris would get his 60th homer, but he walked twice and got just one base hit out of four times up. From the screaming of fans when he came to bat, plus television, plus a record, etc., we imagine he was under quite a bit of pressure.

k-k

Kinda like in the football game that followed. A player on the Arkansas-Mississippi game started to punt. The announcer said it was the first punt of his college career. He slammed his foot into the ball, which slid off the edge of his foot, and he punted for a total of one yard!

k-k

Roger got his 60th Tuesday night, and has four more games to go to set a new season's record for himself.

k-k

We've fussed about TV reruns before, but a few nights ago we saw what we thought was the king of them all. We'd been watching and listening to several of Billy Graham's sermons in his Philadelphia crusade, possibly the nearest we'll ever get to seeing or hearing this great evangelist in person.

k-k

Graham had hardly started speaking when the Mrs. said: "That's the same sermon we heard last night." "Well the songs were different," we says, and we thought they were. Pretty soon, the announcer said something to this effect: "Due to our failure to get the film, we are telecasting last night's sermon again tonight." In our disappointment, we didn't listen quite as attentively as we would have.

k-k

We suppose that the TV contract was for this period to be a Graham crusade program, and Billy Graham had to preach on it. We never did figure we could get by with "a rerun" of last week's newspaper in that manner!

k-k

It was quite evident that last Sunday was "bracero day" in Munday. Our neighbors from the south who are here to gather our cotton really filled the town Sunday. Stores which were open were filled to overflowing, waiting lines formed at the theatres, hamburger, cold drink and snow-cone stands did a landoffice business as the braceros took over.

k-k

Someone remarked that they'd never seen so many braceros at one time in his life. We weren't around when that norther and cool front blowed in. Don't know how long it took them to clear the streets.

k-k

It appeared like there were enough cotton pickers in town Sunday to pick over the entire county in one week, but guess they won't.

k-k

And if there's any doubt about fall being here, just come to town in the early mornings after the gins have run during the night. Tiny bits of cotton on the sidewalks make them almost as white as a snowfall.

k-k

A person with an allergy remarked the other day: "It's funny that the wind is always out of the south or southeast when the gins start running. Thank goodness, we don't have that smoke from the gins anymore!"

k-k

There'll be no more Monday haircuts! The three barber shops of Munday announce this week that they will be closed on Mondays in the future, a move that has been in the making for some time, we understand.

Methodist To Launch Every Member Canvass To Raise Budget For Next Year

Announcement was made this week that an "every member canvass" is getting under way soon at the First Methodist Church in Munday.

Charles R. McCauley, well known Methodist layman, has been named general chairman of the campaign, the purpose of which is to underwrite the church's budget of some \$23,000 for another year with pledges.

The campaign is divided into four major divisions.

Jim Berry has been named chairman of resources, Joe Morrow will be in charge of visitation, and working with him will be W. R. Moore, Jr., as visitation trainer.

M. L. Wiggins is to head the committee on education, and Mrs. J. C. Spann is in charge of materials. Lee Bowden will serve as vice chairman of the drive.

The campaign will extend over a period of ten weeks, and will reach its climax with a visit in the homes of members during the week of November 12.

At the present time, the church has pledges totalling some \$20,000. This drive will attempt to raise the additional \$3,000 needed to underwrite the year's budget.

T. J. Hooser, 72, Seymour Theatre Man, Succumbs

Thomas Jefferson Hooser, 72, former resident of Seymour and well known theatre man, passed away at 11 p.m. Wednesday, September 20, in San Juan, where he had lived the past 10 years.

Mr. Hooser owned several theatres in the Seymour area before retiring several years ago and was at one time associated with the late P. V. Williams of Munday in the theatre business. His son, Elmo continues the management of the theatres.

Born December 25, 1888, in Arkansas, Mr. Hooser was a member of the Methodist Church. Funeral services were held from the First Methodist Church in Seymour at 3 p.m. Thursday with Rev. David Binkley, pastor, officiating. He was assisted by Rev. William Spreen, retired minister. Burial was in Masonic Cemetery in Seymour.

Surviving are his wife, Mrs. Daisy Hooser of San Juan; two sons, Elmo W. Hooser of Seymour and T. J. Hooser, Jr., of Brownsville; one daughter, Mrs. J. G. Keys of Lubbock, and four grandchildren.

Broom Sale Set For October 4th

Lions of Munday are completing preparations for their annual broom sale which will be held on Wednesday, October 4.

The blind caravan will be located on the city hall lawn, and teams of Lions will work from that point. Four teams will visit the various homes and business places in Munday in this annual sale of brooms, mops, ironing board covers, door mats, etc.

Proceeds of the sale will go toward forwarding the major projects of the Munday Lions Club.

Mr. and Mrs. T. L. Fore of Tulla were week end guests of Mr. and Mrs. W. E. Braly.

Highway Commission Approves Knox Farm-To-Market Projects For \$46,100

The Texas Highway Commission today approved the expenditure of \$46,100.00 for the construction of new Farm-to-Market Road mileage in Knox County as part of the 1961 F. M. Road Program. The approved project is from State Highway 222 in Knox City southeast to the Haskell County line a distance of approximately 2.3 miles. This project will extend into Haskell County to connect with the present F.M. 222.

The work will be under the supervision of H. T. Cunningham, Resident Engineer at Munday, Texas. This project is part of the \$15 million F. M. Road Construction Program which will involve 133 counties throughout the state. Some 600 miles of new farm roads will be built under the program.

Unlike previous farm road construction programs, this one is for one year only instead of two years. The Highway Commission said the reduced one-year program is the result of Governor Price Daniel's recent veto of a \$15 million farm road appropriation which would have come to the Highway Department next year.

The Governor recently vetoed the Colson-Briscoe farm roads allocation for the second year of the current biennium on the grounds that there should be more flexibility in the use of the funds in order to provide for proper maintenance of the farm roads system.

In approving the 1961 farm roads program, the Commission said it is vital that the 1962 Col. (Continued on Last Page)

Local Cub Scouts Form Four Dens

At a special meeting on Tuesday, September 26, at the grade schools, registrations were received for the Cub Scouts for 1961-62. Due to increased enrollment, it was necessary to form four dens this year. Den mothers and their boys are as follows:

Den 1—Mrs. Leo Howland and Mrs. O. F. Gates, Paul Howland, Don Berry, Wayne Gates, Hobbrook Smith, Charles Ray Smith, Mark Mauldin, Gary Moore and Richard Dickerson.

Den 2—Mrs. O. O. Putnam and Mrs. Hugh Bealy, Pat Hobert, Mike Putnam, Floyd Reed, Allen Bealy, Billy Carden and Brad Partridge.

Den 3—Mrs. Glen Crawford and Mrs. A. C. Boggs, Gary Crawford, Cris Boggs, Sammy

Walling, Gary Hale, Charles Hutchinson, Charles Reneau and Darrell Ford.

Den 4—Mrs. L. C. Searcey and Mrs. Cecil Booe, Mike Coffman, Claude Rister, Kenneth Booe, Pablo Soto, Barry Benner, Danny Welch, Dennis Searcey and Mike Lemley.

Den 1 will meet on Wednesday, Den 2 on Tuesdays and Dens 3 and 4 on Thursdays.

The dens are full, except for one member each. If further registrations are made, a new den will be formed, according to Rev. Rex L. Mauldin, cubmaster.

All dens will meet the first week in October, and den chiefs will be announced later. The first pack meeting will be held late in October.

Knox Bond Sales At High Figure

"Savings Bonds sales for the first 8 months in Knox County totaled \$147,660. Of this amount, \$18,037 was purchased during August." This announcement was made today by W. E. Braly, Chairman of the Knox County Savings Bonds Committee. The county has reached 73.8 per cent of its goal of \$200,000.

Bond sales in Texas for the month of August totaled \$12,937,895. Sales for the first 8 months of this year were \$108,261,876, which represents 65.6 per cent of the Texas 1961 sales goal. August was the 8th consecutive month that Bond sales have shown an increase over the corresponding month of 1960.

"A special Limit Purchase campaign is now under way in Texas. During this extra sales effort, groups such as labor unions, credit unions, pension funds, fraternal organizations, veterans organizations, estates, trusts, insurance companies, and others will be urged to purchase their limit in E and H Bonds," Chairman Braly pointed out.

Under recent Treasury regulations any investor other than a commercial bank may purchase E and H Savings Bonds.

Juniors To Sponsor Bake Sale Saturday

The Juniors of Munday High School will sponsor a bake sale Saturday, September 30, at 10 o'clock in front of old Perry Bros. building.

Prices are: pies one dollar to one dollar and fifty cents, cakes two dollars to four dollars. The girls will tell you where you may pick up your order.

SOCIAL SECURITY MAN DUE HERE TUESDAY

A representative of the Social Security Administration will be in Munday at City Hall on Tuesday, October 3, from 10:00 A.M. until 12:00 noon. You are invited to meet with the representative to file your claim, or to obtain information or assistance concerning Social Security.

Annual Convention of Farm Bureau Set For 8 p.m. Monday, October 2

The annual convention of the Knox County Farm Bureau will be held October 2 at 8:00 p.m. at the Memorial Bldg., in Goree, according to Homer Martin, president.

The farm leader said this will be the most important meeting of the entire year for the local organization. Resolutions incorporating the thinking of the membership on local, state, and national issues will be passed. Those dealing with local matters become the policies of the county Farm Bureau to guide it during the coming year. Resolutions dealing with state and national issues will be forwarded as recommendations to the voting delegates of the state convention to be held November 12-15 in Galveston. There they will be acted upon and either accepted, rejected or amended. Those adopted become state Farm Bureau policies for 1962 (on state matters) and recommendations (on national issues) to the voting delegates of the American Farm Bureau Federation.

Attend Conference Held In Austin

Three school men from Knox County attended the annual conference of school boards and administrators held in Austin last Sunday and Monday.

Speakers on the program included W. Cleon Skousen, field secretary of the American Security Council, who spoke on "The Naked Communist"; Daniel R. Davis, professor of education at Columbia University, and L. D. Haskew, vice chancellor of the University of Texas.

Attending from Knox County were M. D. McGaught of Benjamin, county superintendent; Ray Skidmore, superintendent of the Benjamin schools, and E. A. Youngblood, superintendent of the Knox City schools.

Prizes Offered In Child Photo Contest

Winston B. Lucas of Irving, Texas, will be in Munday on Tuesday, October 3, at the Children's Center from 10 a.m. to 5 p.m. for the purpose of taking children's pictures in this contest.

Pictures made by Mr. Lucas will be published in this newspaper, and in addition, the children will be competing for \$20 in prizes which are being offered for the three best photographs made during the day.

The photographs will be made free of charge, and there is no charge for their publication in the paper. Proofs will be shown and from these you may select the picture of your child to appear in the paper. If you wish extra photos, they may be purchased, but no purchase is necessary in order to compete for the prizes.

There is no age limit on the contest. Parents wishing photos of their children should remember the date, Tuesday October 3,

eration convention to be held in December in Chicago.

Only members of the Farm Bureau can participate in the organization's policy-making process which begins with the local county convention and culminates in the annual convention of the American Farm Bureau Federation. More than 1,600,000 farm families have an opportunity to have a voice in the formulation of the national Farm Bureau policies which are developed democratically through the series of conventions. Three out of every four organized farmers belong to Farm Bureau.

After the local county FB forms its recommendations on state and national issues, it sends voting delegates along with other county Farm Bureaus to the state convention. Each county's voting strength is based on its membership. These representatives of county Farm Bureaus approve the state policies for 1962 and the recommendations to the national convention. The Texas Farm Bureau, in turn, sends delegates based on its membership strength to the national convention where the national policies are adopted. Texas, the fourth largest state Farm Bureau, has one of the largest voting blocs at the national convention.

Many important issues are confronting

farm people now, and it is important for farmers to express themselves on these issues in a manner that will enable them to be heard, the county FB president said. He urges all members to attend the meeting and participate in the discussion and voting.

R. C. Bradberry, 79, Died Sunday At Knox City

Robert C. Bradberry, 79, of Knox City, passed away at 11:50 a.m. Sunday in the Knox County Hospital after a lengthy illness.

He was born in Chickasaw County, Miss., on April 12, 1888, and was married to Miss Winnie Hedrick in 1910. The couple moved to Knox City that year.

They lived at Knox City until 1916, when they moved to Marlin. Mrs. Bradberry died in 1954, and Mr. Bradberry returned to Knox City in 1956.

Funeral services were held at 4 p.m. Monday from the First Baptist Church in Knox City, conducted by Rev. M. Johns, pastor, who was assisted by Rev. W. E. Lovelace and Rev. Larry Young, pastor of O'Brien Baptist Church. Burial was in Knox City Cemetery.

Surviving are six nephews, J. M. Bradberry of Knox City, and Marvin, Clifton, Clarence David and Ben Jack, all of Rosebud; and five nieces, Mrs. Cecil Coates, Mrs. Curtis Coates and Mrs. J. R. Hitchcock, all of Knox City; Mrs. Edgar White of Rosebud and Mrs. Ernest Carden of Dallas.

P. T. A. Outlines Year's Program

Three hundred sixteen plates were served at the annual P. T. A. barbecue last Thursday evening at the football stadium and enjoyed by all. The music was furnished by the Munday High School Band under the direction of the band leader, Bobby Brooks.

A vote of 75 to 76 not to have the Halloween carnival this year was cast. Several votes were turned in after the ballot box was closed which did not count.

The years program of the P. T. A. was given by the program chairman, Mrs. Charles Sargent, as follows:

November 16 — Driver's Education by Lee Bowden with music furnished by Bobby Brooks.

December 18 — Special Christmas program with Bobby Brooks in charge of the Mogul Band.

January 18 — Effective Moral and Spiritual values by Rex Mauldin and music by Mrs. Rex Mauldin.

February 15 — Variety Show by Mrs. Bardwell and music by Junior High Sours.

March 15 — Civil Defense by Mrs. Paul Pruitt with music by the Dunbar chorus.

April 12 — Easter program by Mrs. Canafax and the homemaking girls.

May 8 — Installation of officers with music by the Junior High Band.

THE WAY BACK

Newburgh, New York may find a niche in history as one of the first American communities to revolt against the welfare state. Community leaders of Newburgh decided that people should no longer be asked to support chiselers. They are not against assistance where needed. But they know that this is in no way related to the political game of welfareism that is bankrupting the country.

Italy, Texas suffered a disastrous tornado last spring. Immediately, federal officials offered to help establish Italy as a disaster area and secure federal assistance. The City Council of Italy wired thanks and said, "Feel federal treasury in worse shape than Italy and suggest any allocation set up for Italy be applied to national debt."

What happened? Italy has recovered. The local paper has been deluged with congratulatory messages directed to all of the people of Italy. Typical were the following:

"... If Americans were anxious to provide for their own security rather than expecting Uncle Sam to take care of them, socialism-communism wouldn't have a chance..."

From New York: "... After so many years of brainwashing that there is nothing ignoble about accepting public handouts... I can only conclude that there must be something in the water that you folks drink down there."

Newburgh, New York and Italy, Texas have pointed the way back to an indomitable America. The big question is will other communities follow their lead?

CONGRESS—COURT OF LAST RESORT

If there's one thing this country needs, it's more investors in productive enterprise. Investment means economic growth, higher employment, a greater abundance of wanted goods and services. But investors are facing unfair tax penalties resulting from anti-trust divestiture orders—and the remedy lies with Congress.

A serious problem was created by the recent U. S. Supreme Court decision ordering the Du Pont Company to divest itself of its 63 million share interest in General Motors. This means that the 225,000 investors in Du Pont, to whom the General Motors stock is to be distributed, will be faced with an enormous and totally unwarranted tax. After divestment they will own no more than they presently do—but the government would have them pay income tax on what they receive. In other words they would be penalized for being compelled to take direct possession of property

they already own indirectly.

A bill is now before Congress to remedy this manifest injustice. And there is ample precedent for it—notably, in cases of divestment required under the Public Utility Holding Company Act, the Bank Holding Company Act, and other statutes. Congress, in such cases, has treated involuntary distributions by deferring all tax liability until the recipient actually sells the stock.

This precedent should certainly be followed in current and similar instances. It's a matter of simple justice—and, in addition, it would remove a discouraging element in the investment picture that this nation can't afford.

A DEADLY TREND

Something that was recently said by Representative Cannon of Missouri, who holds the key position of Chairman of the House Appropriations Committee, should be read, pondered and remembered by everyone who is interested in the tax problem, the inflation problem—and, above all, the economic strength of this country on which its military strength so greatly depends.

Mr. Cannon: "Shortly... we will have a budget of \$100 billion a year."

"Now, of course, we are not taking in money enough to pay this. We are spending, and we have been spending during this entire year, every hour, \$1 million more than we are taking in."

"I do not have to tell you what that is leading to."

"We already owe the greatest peacetime debt in history. We are now paying the highest rate of interest... This year we paid in interest alone \$9 billion. Just 21 years ago the entire federal budget was less than that."

"We have raised the public debt limit seven times since 1954."

This statement requires little comment. The ultimate result, unless relentless brakes are applied to all avoidable spending, will be economic destruction.

ALTOONA, PA., MIRROR: "There's a Bill before the Congress that pertains to national health, but it makes our elected representatives the 'doctors' in its application, and that's to be regretted."

"The Kefauver-Celler Bill now pending takes the judgement of drugs out of the hands of the doctors and places it in the control of the Washington bureaucracy."

—SAY YOU SAW IT IN THE TIMES—

CHURCH OF CHRIST

MUNDAY, TEXAS

"And ye shall know the truth, and the truth shall make you free." — John 8:32.

May we take this opportunity to thank each of you who read this article each week. We would appreciate any comment that you may have and invite you to address any question to the church of Christ here in Munday.

It is our purpose through this medium to present the truths of Jesus Christ in the form of simplicity as He gave it to the world. We believe the teaching of God must be placed before the teaching of men. We believe the gospel of Christ is the same today as it was 2000 years ago and the same process that gave men salvation then will do the same today. We believe that Jesus Christ is the same yesterday, today and tomorrow and the words of inspiration given in the Bible are as fresh and inspiring as ever. Our plea is to restore New Testament Christianity in its original form.

We invite you to come and let us reason and study God's word together with a deep reverence for His will. Even Jesus said: "I seek not mine own will, but the will of the Father which hath sent me." John 5:30. The Apostle Paul exhorts us not to be unwise, but understanding what the WILL of God is in Ephesians 5:17. This is what we are seeking in all that we do and say, because only those who DO this WILL shall be saved. Matthew 7:21.

"If any man speak, let him speak as the oracles of God." — 1 Peter 4:11.

The top offering in Ford's station wagon line for 1962 is this four-door, nine-passenger Country Squire (top). The power-operated rear window is standard in this Squire as well as in the six-passenger Country Squire and in the nine-passenger Country Sedan. The Galaxie nine-passenger wagons have the only forward facing third seat in the low-priced car field. Tailgate openings on all of the wagons are more than 50" wide. This Galaxie 500 two-door hardtop (bottom) is one of twelve models being offered in Ford's expanded Galaxie series for 1962. The sculptured body of the 1962 Galaxie gives the appearance of actual motion to its unmistakably classic Ford lines. This appearance of movement is emphasized in the recessed Thunderbird-like rear window and in the forward thrust of the roof itself. The new Galaxie series will feature industry first—"Twice-a-year" maintenance.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Frank Fancher of Dallas are announcing the arrival of a daughter on September 21. She weighed 8 pounds. Grandparents are Mr. and Mrs. Tom Price and Mrs. Catherine Cottingham of Seymour. Grandmother Price couldn't remember the little girl's name.

Mr. and Mrs. Bobby Hutchinson took their daughter, Phillis, to Abilene Thursday for a medical check up.

Mr. and Mrs. W. B. Neill visited their daughter, Mrs. J. D. Sandusky, and family in Merkel last Sunday.

Mr. and Mrs. Walter Patton and Mr. and Mrs. Floyd Patton and children recently visited Mr. and Mrs. Ted Arnold in Mansfield. Miss Faye Phillips in Arlington and Mr. and Mrs. Lee Phillips in Denton.

Real progress is being made under the Rural Areas Development Program says Dr. R. E. Patterson, dean of agriculture, Texas A&M College and chairman of the Texas Resource Development Committee. He believes local leaders in all Texas counties will find it profitable to study the economic, agricultural, business, population and other trends having a bearing upon economic development. And further that the long range plans developed under RAD could well become the blueprints for progress in rural Texas.

Don Bowman of Texas Tech in Lubbock visited his parents, Mr. and Mrs. Floyd Bowman, over the week end.

Mrs. Larry Johnson and baby, Melissa Jill, Mellie and Mike Patton and Temple Lewis all of Abilene and Mr. and Mrs. Floyd Patton, Penny and Walter. They all enjoyed a happy get together.

Wheat Signups Are Necessary For Payments

Payments for acreage retirement from production of 1962-crop wheat are not automatic, Gaylor C. Scott, Chairman, Knox County Agricultural Stabilization and Conservation Committee, explained September 26. The farm operator must sign up prior to the closing date for the mandatory minimum diversion as well as for the additional voluntary diversion of wheat acreage and devote such acreage to approved conservation practices.

Such farmers may have thought that when Congress made the mandatory 10-per cent reduction in the national wheat marketing quotas, they automatically became eligible for payments. However, each farmer growing wheat must sign up for conservation practices on the mandatory diverted acres if he wishes to comply with the law regarding the wheat stabilization program for the 1962 crop and receive payment. So for his best interests, the Chairman declared, a farmer should be sure to plan participation sign-up.

Farmers who normally grow more than 15 acres of wheat and who hold allotments for more than 15 acres normally will be able to sign up for program par-

ticipation, have their retired acreage payment computed, and immediately receive an advance payment of up to one-half of the value of their total participation figured at the minimum rate. The advance payment will be by sight draft. This sight draft may also be used to purchase wheat at the market price as determined by the Commodity Credit Corporation. Wheat purchased in this manner can be marketed without penalty but is not eligible for price support.

Farmers who grew 15 acres or less of wheat for harvest in any one of the years 1959, 1960 or 1961 can sign up for diversion payments, but because there is a variety of computations involved, the local ASC Committees will make the calculations as soon as possible so each farmer will receive the kind of payment requested and it will be mailed. The operator in signing his statement of intention to participate in the program can select different courses of action to guide the ASC committeemen in figuring the payments:

1. To earn the highest total payment; or
2. To retain the highest permitted wheat acres.

Mr. and Mrs. Joe Luke of Muenster visited relatives here over the week end.

The 1962 Ford Galaxie line features a crisp, fresh approach to Ford's classic styling. Shown here is the Galaxie 500 Sunliner convertible, one of twelve models in the Galaxie line. While the new Galaxie is slightly shorter and fractionally narrower than the 1961 model, the large passenger compartment is the same as 1961. Large door openings, coupled with Ford's convenient two-position door stops, make entering and leaving the Galaxie an easy and natural movement. The Sunliner top is anchored at each roof bow to prevent "ballooning" when underway. The vinyl-lined top is stowed under a color-keyed boot.

Rhineland School News

The junior-senior class of Rhineland held an assembly meeting on Friday, September 22. The meeting was called to order by David Albus, class president.

Fund raising plans for the junior-senior trip were suggested and discussed. The destination and transportation for the trip were discussed, but no final decision was reached.

Plans were made and are now being carried out to sell magazine subscriptions. David Albus was selected as chairman of the project, and Glenda Herring as secretary-treasurer.

The freshman-sophomore class of Rhineland held a meeting on Friday, September 22. Plans were made for a back-to-school party on Wednesday, September 27, at the Rhineland high school auditorium.

Committees were selected to take care of the refreshments, recreation and decorations for the party.

Serving on the refreshment committee are Austin Tomlinson, Jr., Gene Brown, Billy Fetsch, Susan Kuehler and Betty Herring.

Decorations will be under arrangement of Janice Kuehler, Sharon Birkenfeld and Judy Bruggeman.

Recreation will be supplied by Betty Herring, Charles Decker, Susan Kuehler and Kenny Moore. All students, teachers and their families are invited. The party will be held from 7:30 to 11 p.m.

Gilliland Club Meets Wednesday

The Gilliland Home Demonstration Club met in the club room at the school building last Wednesday with Mrs. Homer Martin presiding. Mrs. W. T. Cook gave an interesting devotional. Mrs. John Jamison called the roll with each member answering with their favorite color.

Mrs. W. T. Cook and Mrs. R. D. Williams gave interesting demonstrations on styling and cleaning felt hats.

During the business session, the following officers were elected for 1962: Mrs. Homer Martin, president; Mrs. Arnold Navratil, vice president; Mrs. R. D. Williams, secretary; Mrs. O. R. Miller, treasurer; Mrs. A. L. Cook, council delegate; Mrs. Hewitt Simmons, alternate; Mrs. J. T. Cook, 4-H leader.

Plans were made for achievement day. The club will entertain the Munday club on Wednesday, October 4, in the club room.

Refreshments were served by Mrs. Arnold Reeves to seventeen members and thirteen children.

Mr. and Mrs. Otis Hardin of Salem, Ore., visited her brother and wife, Mr. and Mrs. Lee Haymes, from Thursday until Monday. Mr. and Mrs. Joe Haymes of Lubbock brought them. The Hardins and Mrs. J. C. Campbell went on Sunday to Frederick, Okla., to attend church services where Mrs. Hardin's son, Mart Hardin, is pastor. This was the first time the Hardins had heard his nephew preach.

Farm Bureau Meet Held At Gilliland

The Knox County Farm Bureau held the first of their community policy meetings at Gilliland last Monday night with 21 present, and one visitor, J. D. Hill, area fieldman.

Chairman of the meeting was Mrs. Glen Coffman. A discussion was held on the county, state and national problems.

The policy development committee is made up of Mrs. Glen Coffman, chairman; Vera; Olen Coffman, Vera; Everett Gaither, Goree.

Attend Meeting Of World War Veterans

Mr. and Mrs. J. E. Reeves and Mrs. R. M. Almanrode attended the national meeting of Veterans of World War I held in Dallas September 17-20. Mmes. Reeves and Almanrode were delegates from the home auxiliary.

Mrs. Lillian Little of Fort Worth, who has her membership here, was the alternate who attended. The group visited with her in her home on Saturday and Wednesday nights.

National officers were elected and the 1962 meeting will be held in Buffalo, New York.

Sargent Family Reunion Is Held In E. E. Lowe Home

The home of Mr. and Mrs. E. E. Lowe in Munday became the focal point on Thursday and Friday, September 21-22, for a family reunion of the W. O. Sargent children who had not all been together for six years. Eight of eleven children were present as follows:

Mr. and Mrs. R. A. Lowe of Grady, N. M.; Mrs. Lon Smith and Mrs. Hoyle Dunn of Portales, N. M.; Mr. and Mrs. Thorp Williamson of Clovis, N. M.; Mrs. Claud Griffith of Rising Star; Mr. and Mrs. Bernard Cody of Phoenix, Ariz.; Mr. and Mrs. Chas. Sargent and Mrs. Pearl Trick of Munday.

Friends and other relatives visiting during the two days were Mr. and Mrs. Edgar Lowe of Weirnet; Ernest Lowe of Haskell; R. S. Edwards of Weirnet and the following from Munday: Mr. and Mrs. D. G. Griffith, Mrs. Nettie Partridge, Miss Florence Gaines, Mrs. Claudia Rodgers, Mrs. W. T. Ford, Mrs. Ina Wyatt, Mrs. Bertha Price, and Mr. and Mrs. Sargent Lowe, Judy and Jerry.

Perhaps the most enjoyable moment for members of the reunion was while seated at the dining table each day partaking

of the wonderfully appetizing delicacies prepared and served by Mrs. Charles Sargent of Munday and Mrs. Marie Houghton of Helfner.

On Saturday morning one of the hosts, E. E. Lowe, along with his brothers, Robert, Ernest and Edgar, left for a visit to their boyhood home in Roston, in Cook county, Texas.

The entire reunion was spent in reminiscent fellowship, visiting, eating, prayer and conversation on the influence of home, church, school and family relationship.

Jerry Dan Chamberlain and Charlie Latham of South Plains College in Levelland spent the week end with Jerry Dan's parents, Mr. and Mrs. Oran Chamberlain.

The Ford in your future will be here tomorrow!

Starting tomorrow at your Ford Dealer's, you will discover a line of Fords so long, so new, so varied that everyone will find his personal Ford—the car that fits his pleasure and need . . . *precisely!* For those who want a true luxury car, there are two distinguished new series of Galaxies—both swift as a rumor, silent as a secret. With Thunderbird styling, and quality that sets a new industry standard, the 1962 Galaxies give you every essential feature of far costlier cars. If you are looking for economy without

compromise, look to America's favorite compact: this year there are more Falcons than ever to choose from—13 in all. Wagon fanciers will find unprecedented variety—from a new wagon that seats eight to a Falcon Squire Wagon with the rich woodlike finish of the famous Country Squire. Pick the Ford in your future with this confidence: every 1962 Ford is built to a standard of quality so high that it will change all your ideas of how fine, how quiet, how enduring a car can be.

GALAXIE/500 CLUB VICTORIA (foreground)
... GALAXIE TOWN SEDAN (background)
... The Galaxie/500—new in name, new in luxury—is for those who want all of the elegant extras. The 1962 Galaxie makes

it easier than ever to move up to fine-car luxury—at the low Ford price. All Galaxies are beautifully built to be more service-free. They go 30,000 miles between major lubrications, 6,000 miles between oil

changes and minor lubrications. Brakes adjust themselves automatically.

FALCON SQUIRE WAGON . . . Brand new for '62, it's sleek and sophisticated. Inside, it is available with Futura bucket seats and console. Outside, it has elegant woodlike steel side paneling.

FALCON FORDOR SEDAN . . . Just one of 13 Falcons for 1962, this 4-door sedan has an improved version of the Falcon 516 engine that last spring recorded the best gas mileage for a six or eight in the 25-year history of the Mobilgas Economy Run.

A New World of Worth from Chevrolet for '62!

'62 CHEVROLET Rich new styling with Jet-smooth ride!

Here's everything a car fancier could want. Fresh-minted style that comes to a climax in the sportiest sport coupe you've seen yet. A road-gentling Jet-smooth ride. A new choice of V8 skeddaddle. Rich Body by Fisher interiors. Beauty that's specially built to stay beautiful. Here in '62 is more than ever to please you from the make that pleases most people.

It's like owning an expensive car without the expense. Check it over from its clean-thrusting prow to its rakish rear deck. Then—head for the open highway. That sittin'-on-satin feeling you get is Chevrolet's famous Jet-smooth ride at work. The standard six and V8 are triggered to do special things on regular gas, and for real hair-trigger reflexes you have a choice of four optional-at-extra-cost V8's with out-

put all the way up to 409 hp. New steel front fender underskirts guard against corrosion. Even the heater and defroster come as standard equipment this year. This is the kind of car that will make you feel luxurious all over, and your Chevrolet dealer will be only too happy to show you how easy it is to have one of your own.

THE '62 CORVAIRE MONZA

The car that puts sport in the driver's seat! Step right up and meet the latest version of the car that's proved its mettle in the fiercest competition going—'62 Corvaire. Bigger new brakes team up with Corvaire's renowned rear-engine traction for just about the surest footed going on the road. A new Monza Station Wagon makes its debut. And all models sport freshly tailored upholstery inside matched by sassy new styling accents outside.

HERE'S THE NEW CHEVY II

Modern basic transportation in a totally new line of cars Here are all the solid, time-tested virtues you know you can count on from all the Chevrolet family—plus some surprises you've never seen on any car before. A full line of saucy new-size models, each built a new way for easier service and maintenance. Thrifty? Choice of a frugal 4- or spunky 6-cylinder engine (in most models). Roomy? Sedans seat six solid citizens. Price? A real pleasant surprise!

See the '62 Chevrolets, the new Chevy II's and '62 Corvaire at your local authorized Chevrolet dealer's

Weekly Health LETTER

Issued by the State Health Department

In the early days of barnstorming flying circuses, the daredevil wingwalkers, stunt flyers and especially those who specialized in crashing old airplanes into abandoned buildings appeared to be reckless, death-defying idiots to most onlookers.

The fact of the matter is they took careful precautions to prevent accidents and made lengthy advance preparations for the more hazardous stunts.

The safeguard generally regarded as a must—and still universally maintained today—was seatbelts, fastened securely to the framework of the aircraft and buckled throughout the flight.

It is reasonable to assume that a pilot who survives an intentional crash into a building with the use of seatbelts would protect himself from the possible serious injuries or death from the accident involving an automobile.

To a large extent this is true. Automobile seatbelts first began appearing in large numbers of passenger vehicles several years ago as a direct result of pilots, race drivers and others acquainted with their value.

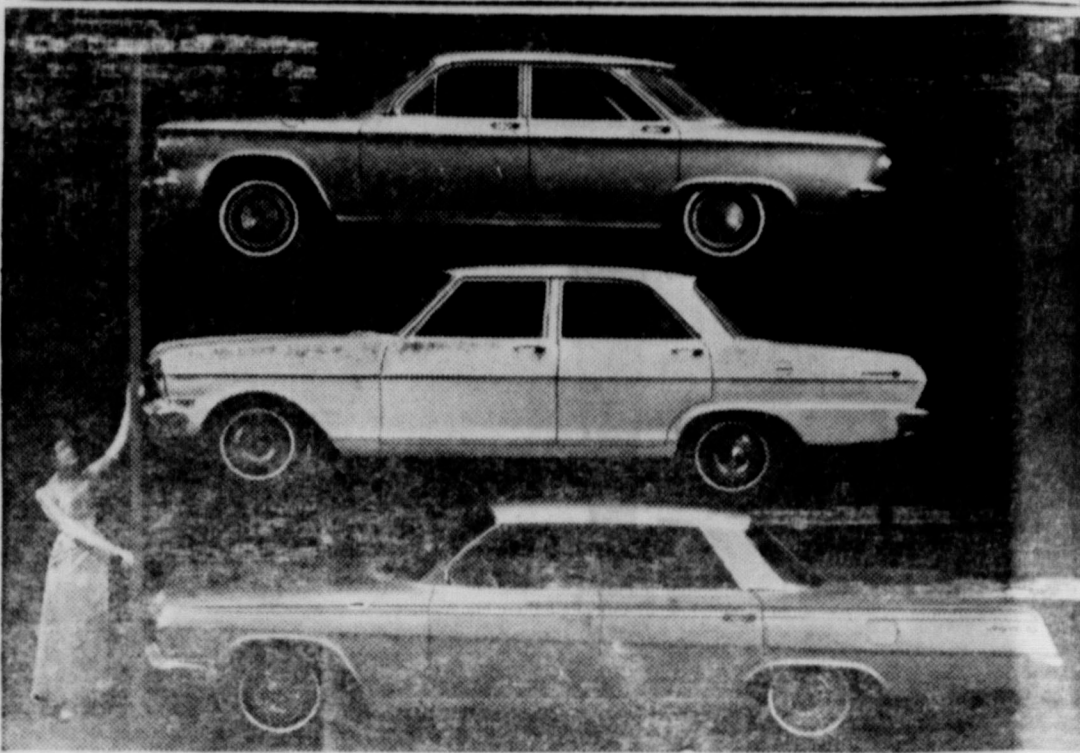

Today, it is a recognized fact, based on hundreds of accident reports, elaborate, controlled tests, and reports from various state highway departments across the country, that seatbelts are definite lifesavers in automobile accidents.

One comprehensive study which evaluated reports of parallel accidents of cars with and without seatbelts—indicated that the chances of escaping death in a traffic accident were improved 87 per cent by the use of seatbelts.

Studies show that the leading cause of serious injury and death results from being thrown out of the car. Most of the other serious injuries involve striking objects

Chevrolet Offers 3 Lines for 1962

The wide range of choices Chevrolet dealers will offer for 1962 is hinted in this three-car photograph. Pictured to compare over-all length are (top to bottom) the 180-inch Corvair 4-Door Sedan; the 183-inch Chevy II 4-Door Sedan, and the Impala Sport Sedan which measures 209.4 inches. They are representative of 32 passenger car models which Chevrolet dealers will start displaying September 29. The new Chevy II's show in on the same date as other Chevrolet-built cars.

within the car. Seatbelts substantially reduce both possibilities.

Drivers who have been using seatbelts regularly for any length of time report that the belts not only serve as safety devices, but actually are more restful on long drives, and cause a constant awareness of safety from their mere presence.

Col. Jack Williams of Oregon, Mrs. Joe Bill Pierce and children of Midland and Mr. and Mrs. Perry Willson and sons of Dallas visited their mother, Mrs. P. V. Williams, over the week end.

Joe Dean Carlise, son of Mr. and Mrs. Irby Carlisle, left September 11 for service in the United States Army. He will be stationed at Fort Carson, Colo., for basic training.

Many Dangers Lurk In Yard

The amateur gardener is exposed to many hazards and must exercise constant care when using yard tools and equipment, Lone Star Gas Company Manager O. F. Gates cautioned today.

Lone Star and The Munday Times are co-sponsors of the 1961 Home Safety Program in the Munday area.

Almost 12 per cent of all home accident fatalities occur in the yard, according to a survey reported by the Kansas Board of Health and the Nassau County, N. Y., Health Department.

Of the total deaths, 5.5 per cent were caused by falls; 1.5 per cent by exposure to fire; 1.5 per cent by suffocation; and 3.1 per cent by miscellaneous causes.

Principal dangers are careless handling of rakes, hoes, and careless use of the power lawnmower. Turn hoes, rakes, etc., downward when momentarily laid aside and store properly when not in use. Observe these safety rules when operating the power mower:

1. Avoid using an electric mower when the ground is wet. You may cause a short circuit or slip on the damp grass and fall against the blades.
2. Before using, clear lawn of stones, wires, and other articles that the mower may catch and throw into the air. If an object discharged by a mower strikes you or a bystander, it may cause serious injury.
3. Be sure that children and pets are at a safe distance when you are using the mower.
4. Be sure of your footing and balance when you are operating the mower on an incline. Downhill mowing is especially dangerous.
5. To push the mower over obstructions, tip it by manipulating the handle rather than by reaching under the mower.
6. Stop the engine before removing objects from reel or rotary blades.
7. Disconnect plug wires when

you are working on the underside of the mower.

8. Store fuel in a closed metal container and keep it out of the reach of small children.

9. Shut off mower before leaving the mower unattended.

10. Keep flame away from the mower while refueling.

3" stalks and brush—a cinch!

Heavy duty, for sure! Has been demonstrated on rows of 4" x 4" posts. Easily cuts tough growth like bois d'arc, salt cedar, broom corn. Yet, fits lighter tractors: 20 to 40 HP.

Fine shredding. Optional shredding attachment features patented intermeshing blades, makes fine litter of cotton and grain stalks to turn under for soil enrichment. Cuts 60" swath.

Front-type blades available to lift light materials like corn stalks off ground.

A-shaped blade carrier and free swinging blades protect against stump damage. Extra heavy blades and carrier develop tremendous momentum, are the secret of the efficient "gyro action" cutting.

Also lift models and other sizes. 60" lift model fits all standard 3 pt. lift, 2 pt. Fast Hitch, and AC Snap Coupler. Larger models include 66", 84", 100".

Knox Prairie Philosopher Says That Russia's Idea of U. N. Is Like Bank Robber Serving As His Own Jury

Editor's note: The Knox Prair-
ie Philosopher on his Johnson
grass farm on Miller Creek dis-
cusses the United Nations this
week. He may be getting too far
away from his farm.

J. A.

Dear Editor:
While I have always suspected
that joining up the countries of
the world in the United Nations
was a laudable goal but about as
hard as uniting a bunch of farm-
ers, and while I can't name off-
hand very much the U. N. has
done, still it must represent a
threat to some form of disorder
or Russia wouldn't be concerned
with it.

However, I'm not going into a
discussion of the U. N.—not just
because I'm ignorant of it, that's
no excuse for not discussing any-
thing, you set up a standard that
a person has to know what he's
talking about before he talks and
nine-tenths of the conversation
would stop—but what interests
me is Russia's idea that the U. N.
ought to be run by a three-man
board, one from Russia, one from
the United States, and one from
some place else, each with the
right to veto the other two.
I have given this proposal care-

ful thought, and the best I can
figure it out, it'd be like trying
a bank robber before a three-man
jury consisting of the judge, the
prosecuting attorney, and the
bank robber, with a unanimous
vote necessary for conviction.

It'd be like me borrowing
money from the bank, with an
agreement that before the loan
could be called in, me and the
banker both would have to vote
unanimously on whether or not
to foreclose on me.

I don't believe Russia will get
anywhere with this proposal, yet
on the other hand I doubt if the
United Nations will get anywhere
as long as it has Russia in its
hand.

Russia is like a hurricane. You
don't know where it'll strike next,
but you do know wherever it
strikes, it's bad. The world
though has survived lots of hur-
ricanes, and it probably can sur-
vive Russia, but you'll have to
admit, it's going to take a long
time for it to blow itself out.

Yours faithfully,
J. A.

Notes From Knox Farms, Ranches

By Jack Moore, Knox County Agent

Soil Conservation Election Set

Soil conservation districts are political sub-divisions of the State of Texas and by law are charged with the responsibility of carrying out a soil and water conservation program in their district. Through them such items as technical service, equipment, leadership in small watershed projects and many other services are provided to cooperating landowners.

Zone 3 voters in each Soil Conservation District will elect a farmer or ranchman who will serve as their supervisor and representative on the Soil Conservation District Board for the next five years. A qualified voter is a zone 3 landowner who is over 21 years of age or older.

Wives of eligible landowners can vote and should do so since they have an interest in their soil conservation district.

Zone 3 in the Wichita Brazos Soil Conservation District is the land in Knox County Precincts 1 and 4. Time and place for the October 3 balloting is 2:00 p.m. in Munday at Knox Prairie Seed Co. All eligible voters are urged to cast their ballot.

Boll Weevils

Most of the Knox County cotton fields this year have been infested with the cotton boll weevil. Many of the farmers are asking the question: are they here to stay? This of course is not known.

In the past in Knox County, it appears that in most cases the

boll weevil has only overwintered about half of the time. In some reports it has been hinted that a control program before the first frost and continuing until after the first frost may have some merit in the control of overwintering boll weevil; however, this has not been definitely proved.

Some people are of the opinion, and have a sound basis for opinion, that an early stalk destruction and plow up will lessen the places for hibernation of the boll weevil and possibly stop overwintering. In cases where wind erosion is not a serious problem, an early stalk destruction on cotton, corn and grain sorghum has merit from the fertility side of the story, also.

As most farmers know, a certain amount of nitrogen in the soil is tied up by soil organisms in the decomposition of crop residues and are not available until decomposition is near complete. Many farmers add nitrogen to the soil to offset the needs of the soil organisms. In all cases where soil is fertilized, the use of a soil sample is the wise and practical tool. All County agents have the soil sample containers in their office and anyone can obtain the proper form and the containers upon request.

Road Projects-

(Continued from Page One)

son-Briscoe appropriation be reinstated at the forthcoming special legislative session if the Highway Department is to continue the Farm-to-Market Road Program at the current pace.

The Commission reiterated its hope and belief that the legislature at the special session will see fit to reinstate the second-

year farm roads appropriation together with statutory provision for adequate flexibility in the use of farm road funds for maintenance, as recommended by Governor Daniel.

The Commission said that maintenance of all F.M. Roads had been paid for out of trunk highway funds since the inception of the Colson-Briscoe program in 1949, and that this was advisable during this period due to the necessity for construction of many new miles of F. M. Roads. However, the Commission pointed out that the problem now is the adequate maintenance, improvement, and reconstruction of the 34,000 miles of Farm-to-Market Roads that have already been built. The Department has now reached the point where a portion of the total earmarked F.M. road funds must be used for maintenance purposes, the Commission said.

District Engineer Palmer Massey said a total of 28.4 miles in this highway district would be involved in the program at a total cost of \$679,800.00.
