"And he went about doing good to those about him."

This is true of all doctors who are dedicated to their profession, but we know of no one of whom it is more particularly true than the one whose passing we all mourn—Dr. D. C. Eiland.

He hadn't maintained an office in Munday very long when we made his acquaintance. He was among the first we met when we came to Munday. Little did we know, then, that this acquaintance would become such a warm personal friend.

We knew him as a man of his high profession; we knew him as a citizen; we knew his as a friend. We knew his compassion for suffering humanity.

GOD WANTS US TO STUDY THE BIBLE

We are commanded to study in 2 Timothy 2:15. We must give heed to reading (1 Timothy 4:13) and if we have the desire we can understand the doctrine of God (John 7:17). As Israel was destroyed for lack of knowledge so shall man today. God will forget you as you forget Him. It is very sinful to be ignorant of the Bible and refuse to study!

There are certain characteristics that we must have in the study of the Bible to enlighten ourselves: We must love the truth; we must reverence it as the word of God; We must not corrupt it; We must not handle it deceitfully; We should above all lay aside all prejudice. With this attitude no man can fail to understand what God requires of him in this life.

FREE BIBLE CORRESPONDENCE COURSE

We would like to encourage you to study the Bible and for this reason we offer a free correspondence course to aid you in the study of God's word. Write today: CHURCH OF CHRIST-BOX 211-MUNDAY, TEXAS. GOD WANTS YOU TO STUDY THE BIBLE! Take advantage of this free offer and see for yourself that the Bible can be understood. Your salvation depends upon the WORD (John 6:63) and only the WORD gives understanding (Psa. 119:130).

said, "If extensive system tests in Michigan prove successful, it is proposed to begin national installations of this warning system, which operates on electric impulses imposed on regular power lines. Federal funds would be used to cover the cost of the signal generators. The receiver (signals) would be sold to the general public.

The basis of the NEAR project is a proposal of the government to install high frequency generators at strategic locations in the various electric companies' transmission and distribution systems. Small alarm receivers which would be purchased by individuals would be plugged into any ordinary appliance outlet on the electric companies' premises. In case of atomic attack, the generators would send a high frequency impulse over the regular electric lines which would activate the alarm receiver in the customers' homes, offices, shops etc. Young pointed out that this would in no way interfere with the usual electric service and this proposal, offer the use of their transmission and distribution facilities without charge.

Notes From Knox Farms, Ranches

By Jack Moore, Knox County Agent

The annual Knox County 4-H prove a farm. Club awards program will be held Monday, Nov. 13, at 7:30 p.m. in the Munday School lunchroom. This year, the Knox County 4-H members have planned a reception rather than the customary banquet. All 4-H members and their families are in-

vited to the reception. Cotton Bur Application

Most of the Knox County gins have been able to have all of the cotton burs hauled to fields in the county. A great many of the farms in Knox County have carried on this practice for several

REUNION OF COUSINS HELD IN FORT WORTH

Mrs. Aaron Edgar spent last Saturday night and Sunday in Fort Worth, where she attended a reunion of descendants of the Word family. She visited a number of cousins whom she had not seen since early girlhood, among whom was Dr. Euclid M. Smith of Hot Springs, Ark., who was on the program at a medical meeting in Dallas.

She was brought home Sunday by Mr. and Mrs. Ray Phy and daughter, Cathy, of Borger, who visited in the Edgar home until Monday afternoon.

INJURED IN WRECK

Five Latin Americans were injured, four of them seriously, about 9 p.m. Sunday when the car in which they were riding left the highway and plunged off a steep embankment on Lake

Creek, just east of Goree.

A McCauley ambulance and one from Seymour took the four to the Seymour hospital for treatments. Unconfirmed reports Tuesday were that one of them had died.
