

# THE MUNDAY TIMES

Volume XXVI.

Munday, Texas, Thursday, January 29, 1931.

Number 40.42

## Munday's Biggest Tax Payer Pays \$1,747.00 In Taxes

Munday's heaviest tax payer, the West Texas Utilities Company, on Monday plunked down \$1,747.00 as city and school taxes for the year, of which \$802.00 represented school taxes and \$945.00 city taxes.

Munday is fortunate in having a number of high lines coming into the city and school district, and therefore the taxable values within the city and school district are much greater than they are in the average town of this size within the properties of the company, and we believe that the citizenship of this community should be mindful of this fact when they have occasion to offer criticism of this company.

Not only is this company the largest tax payer within the city, but they are always ready and anxious to cooperate in any worthy undertaking, and only last week W. O. Wallace, District Superintendent, and W. S. Dickerson, group manager, announced that the company would contribute \$25.00 toward the community chest fund and in addition would provide employment to needy families to the extent of \$75.00, and stood ready at any and all times to support this contribution of the necessity required.

Information given out by the general offices at Abilene show that this company paid \$1,150 a day in taxes during 1930, or a grand total of \$420,000 during the year. In addition to this the company paid out for labor in West Texas \$1,900,000 during the year, or an average of \$5,200 each day during the year. The construction and expansion program of the company during 1930 amounted to \$4,000,000, according to the figures made public.

## Cowboy Band To Entertain Ice Men at Meeting

Abilene, Texas, January 27.—The internationally famous Cowboy Band of Simmons University, Abilene, Texas, has been engaged for the formal opening of the Southwestern Ice Manufacturer's annual convention, to be held at Mineral Wells, Texas, February 4, 5, and 6, according to information received from the West Texas Utilities Company, under which sponsorship the musical organization will appear.

Arrangements were completed yesterday between the West Texas Utilities Company and G. B. Sandifer, business manager of the band. The Simmons Cowboy will present the same program with which they delighted thousands on their recent European trip, providing a stage show for the delegates to the convention, and entertainment for the annual banquet of the Home Service Division of the Association, to be held the night of February 5, at the Baker Hotel, Mineral Wells.

A thirty-five piece band, special acts, novelty singing, and John Reagan, English cowboy, bullwhip-cracker and star roper will be features of the program. Convention headquarters are at the Baker Hotel, Mineral Wells, Texas. The convention is scheduled to start the morning of February 4th, at which time the Cowboys will provide a half-hour entertainment.

## Baby Elsie Faye Cluck Succumbs To Pneumonia

Little Elsie Faye, baby daughter of Mr. and Mrs. Tom Cluck, died on Monday after a brief illness with bronchial pneumonia, and funeral services were conducted on Tuesday afternoon at Johnson cemetery by the Rev. R. G. M. Eiland.

The little one was born March 25, 1929, and was therefore a little less than a year old, and we join the many friends of this estimable family in extending condolence in their great sorrow.

Miss Annie Matt Tate, who is teaching at Girard, spent the week end here with her parents, Mr. and Mrs. G. W. Tate.

## R. S. Lankford Is Called By Death After Brief Illness

Funeral services for R. S. Lankford, age 51 years, were held on Tuesday afternoon at the Baptist church, the services being conducted by the Rev. W. H. Albertson, pastor. Mr. Lankford died at seven o'clock Monday evening following an illness of only a few days from pneumonia, and his death came as a great shock to his many friends, many of whom had not learned of his illness.

Robert Stephens Lankford was born and reared in Stephens county, and resided there until 1926, when he purchased the W. S. Bailey farm one mile north-west of Munday, and during the few years he has resided here has made many devoted staunch friends. He was a devout member of the Baptist church, a man of industry, and in every respect a good citizen. In addition to his wife he is survived by four children, Mrs. Coy Phillips, Garland, 15; Arnold, 10 and a baby daughter only a few months old. He is also survived by several brothers, who came here for the funeral services.

The Times is joined by the entire community in extending condolence to the bereaved wife and children in their great sorrow.

## List Grand Jurors For the February Term of Court

Following is a list of grand jurors summoned for the February term, which convenes at the jail on February 16th, and from which 12 members of the grand jury will be chosen: B. L. Bates and Geo. Brown, Truscott; Ed Campney, O. L. Jamison and Henry White, Knox City; Orin Coffman, and B. F. Heard, Waver; C. L. Mayes, R. B. Davy, J. T. Barber and John Ed Jones, Munday; Barney Welch and J. Elmer Horne, Gilliland; Fred Stengel, Rhineland; E. A. Beck, Vera and Chas. Hamilton, Benjamin.

Through special arrangements with the publishers of The Dalles Semi-Weekly Farm News we are enabled to offer that publication in connection with The Munday Times for \$1.75. This is the lowest clubbing rate we have ever been able to offer, and we are authorized to make this rate for only a limited time, so we urge you to take advantage of it before it is withdrawn.

The regular price of The Semi-Weekly Farm News is \$1.00 per year, and no one is authorized by the publishers to quote a lower price. The regular price of The Munday Times is \$1.50 per year, hence in this offer we save you the difference between \$2.50 and \$1.75—75c.

## American Legion Heartily Favors Paying Boys Off

At a meeting of Lowry Post American Legion, held on Tuesday evening at the city hall the post's quota of 26 members was almost reached when 22 applications were received.

New officers were elected for the ensuing year as follows: L. E. Lovelace, post commander; Dr. E. M. Ammons, post adjutant; Lyle Stoolhill, sergeant at arms; Louis Cartwright, service man; Lee Haymes, chaplain; J. E. Reeves, finance officer. A program committee composed of J. E. Reeves, Omar Reid and F. L. Decker was appointed to provide entertainment and refreshments for future meetings, and a membership committee composed of Bill Shaw, John C. Spann and Ardel Spelce was appointed by the post commander.

A resolution was read and adopted unanimously favoring the passage of the Wright bill now pending in Congress providing for the payment of insurance policies at this time.

## THINKING OUT LOUD

BY J. A. K.

E. Duval was over in Stonewall county some days ago and stated that the Red Cross was on the job over there and was distributing \$2 per capita for food to the destitute families in the county. When we learn of the deplorable conditions which prevail so near home we of the Munday section can realize that we have much to be thankful for.

And if you have any doubts that conditions are bad near home just have a talk with Mr. Adams, the photographer, whose home is at Spur. He states that a recent survey made in Dickens county showed that there were more than three hundred destitute families within the borders of the county, and the Red Cross is making allotments to care for them. In Spur the organization is maintaining a soup line where hundreds of unemployed and destitute families go daily for something to sustain life.

With conditions like this existing so near home we were sorry to learn that the Red Cross organization in Knox county was inactive, and that no steps had been taken to

## Dozen Schools Are Entered In Local Basketball Meet

Twelve teams have entered the invitation basketball tournament that is to be held in Munday on Mankins, Bomarton, Gore, Wein-Juanary 29, 30, and 31.

The teams entering are Haskell, ert, Rochester, O'Brien, Rule, Knox City, Truscott, Munday and Benjamin.

The first round will begin on Thursday night at 6:30, and will be followed by games on Friday night, Saturday and Saturday night.

There will be plenty of good games each night as some of the best teams in this part of the country are competing. Mankins, O'Brien and Rochester are perhaps the strongest teams, and many predict one of these teams to be in the lead at the end.

The seats at the tabernacle have been rearranged to give nice comfortable seats to all. If the weather is cold, fires will be kept burning all day in order to have the building warm. Come out each evening and partake of the entertainment furnished by good basketball games. It will help you forget about the hard times.

## Ben Guinn Takes Over John Deere Implement Line

Announcement was made this week of the taking over of the John Deere line of tractors and implements in the Munday territory by Ben Guinn who has been engaged in the implement and hardware business in Munday for many years and who understands the needs of the farmers of this section thoroughly, and will carry a complete line of implements and tractors suitable for the farmers of the Munday trade territory.

Mr. Guinn will be located in the office building formerly used by the Tull Lumber yard just south of the E. B. Tull building, and will be glad to figure with you on anything in the implement line.

Travis Anderson of Tulla, Texas, spent the week end here visiting his sister, Mrs. Grady Thornton.

## T. W. Cowsar Has Interesting Old Legal Documents

W. T. Cowsar came in Thursday and showed us some real old papers which have been in his possession for many years and were handed down to him by his father.

One of the relics of by-gone days was a deed given to his grandmother for a negro slave purchased in North Carolina in 1820. The deed is written in longhand, possibly with a goose quill pen, and is on paper somewhat similar to that used for mimeograph paper in the present day, and reads as follows:

"Know all men by these presents; That I, Coleman Gilbey of North Carolina, hath this day bargained, sold and delivered unto Martha Cowsar of Lancaster District, the State of South Carolina, one negro man by the name of Jasper for the sum of six hundred and twenty-five dollars, to me in hand paid by the said Martha Cowsar, and I do warrant the above named negro to be free of any complaint whatever at this time. I also warrant the right and title of the above named negro, I bind myself and my heirs and assigns forever unto the said Martha Cowsar, her heirs and assigns forever, to have and to hold, from any claim or claims whatsoever, the receipt is hereby acknowledged in presence this twenty-third day of December, 1820.

Attest: Coleman Lilly. Sam'l. C. Dunlap. John Stewart."

## Rhineland Farmers Get \$6,600 Dividend From the Union Gin

On Tuesday the members of the Farmers Union of Rhineland met for the purpose of distributing a dividend earned on the year's business and electing officers for the ensuing year. All of the old officers were re-elected for the ensuing year and a dividend of \$3.00 per bale was paid on all cotton ginned by members which totaled around \$6,600.00, and, as is the custom, a lunch was served and everybody had a good time—and why shouldn't they?

Mr. Cowsar had delved into the old records in his possession in an effort to find some authentic word of spelling his name, and on the deed exhibited his grandmother's on the tax receipt it was spelled "Cousar," and Uncle Tom has always spelled his name "Cowsar," and he is therefore at a loss to know exactly how his name should be spelled.

## Hon. Marvin Jones Points Out The Needs of Texas

By Marvin Jones, Congressman. I am glad to note the activity of the "Buy It Made in Texas" movement.

No finer program for the development of the Southwest could be conceived. If every citizen of Texas could catch the spirit and follow it with action, it would mean more to our State than any other development plan that has been suggested.

If our merchants would feature Texas-made products in their show windows, it would stimulate interest. If Texas buyers would ask for Texas-made articles and buy them in all cases where quality is equal, the movement would soon become irresistible.

Most of all, our industries should undertake to make a superior product. Quality is a prime essential. The program calls for team work. But how it would pay in dividends, to farmer, laborer, merchant and manufacturer—in fact to the whole State.

Texas has not had such an opportunity since the days of the Republic. New England was for years the heart of our industrial life. But that industry is waning. Texas, larger than all New England, is growing and building. She has infinitely more natural resources—the raw materials out of which industrial wealth is built.

Texas has timber, coal and iron. Texas has tremendous quantities of oil, natural gas and hydro-electric power. Texas has more cotton, cotton seed and cotton seed oil than any other State in the Union. Texas has the finest wheat lands in America.

Texas has a varied climate and a soil fertility that is unrivaled. Properly utilized, her gas, coal and oil would mean a great advantage over New England in the form of cheap power to translate her raw products into the finished article. This would be a boon to every

## Changes Made In Rules of Spelling Contest In County

There has been a radical change made in the rules for the Spelling contest in the University Interscholastic League this year, according to Mrs. E. F. Branton, Director of Spelling in this county.

Formerly the contest has been based solely upon the spelling lists issued by the League. This year, however, the contest is based not only on this list, but on words in the State Adopted spelling book. Preparation of students for the contest therefore will involve a mastery of words in both sources, the League lists and the State Adopted Text.

Teachers are also cautioned that the contest involves plain writing as well as spelling. Every letter in a spelling paper must be clearly legible. No more valuable training can be given pupils than that involved in adequate preparation for this contest.

Texas factories now make boots, shoes, shirts, hosiery, cloth—in fact all kinds of clothing and cloth materials. Texas factories now make a great variety of food products, as well as many other essentials of life.

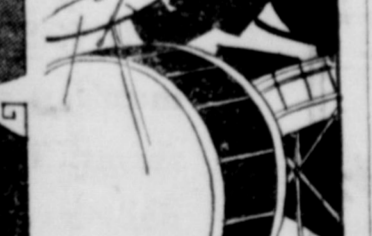

I have just received thru the A. and M. College a number of cans of meat and other food products prepared by the Floyd County Club women. No better quality can be found anywhere.

Texas people can meet the standards anywhere. And they must. Competition in the future will be sharp and keen. People will not continue to buy an inferior product. Texas is on the way. Our industries have increased three-fold in the last decade, according to the Department of Commerce.

The eyes of the Nation are upon Texas. With incomparable resources, a varied soil, an unmatched climate and rich mineral wealth, if her citizenship will pull together, the future of our State is triumphantly secure.

## Tempo of American Life Is Told In Our Dance Tunes

THE START OF A CAREER. AND THE FINISH.

Famous Orchestra Leader Finds We Express Ourselves in Our Music

New York City.—"Music, more than any other expression, reveals the tempo of the people. No wonder the music of America is more barbaric, vital and far-flung than any the world has known before," says Ray O'Hara, famous musical conductor at the Governor Clinton Hotel.

## Methodist Pastor Praises Loyalty of Young People

Hurrah for the young people. Imagine my surprise when I walked into the church last Sunday evening and found three Epworth League members running in full blast, and good attendance in all of them. And the choir is on a boom; filled with fine young life at both morning and evening services.

Of course the weather during the day was too bad for our fair weather Methodist but the regulars were right there. Say, folks, our church house does not leak and it is always comfortable. So "never mind the weather" and remember some one is always disappointed when you are not there. Too, we are to have a new soloist for the evening hour in whom all the children will be interested to hear. So, come Pa, you and Ma both, and bring the little folk. They will enjoy it if you can do no more than induce it.

Let's make next Sunday a big day. And those "Kingdom Extension" books went like hot cakes. There are now around forty five turned loose in the community and the study of the same being taken up in various Sunday classes and the Womans' Missionary Society. No dum dorus in the family of Methodist in Munday. Now lets every body stay right in here and make the month of February a hilarious time.

Come to "The Home Like Church of the Hearty Welcome".

W. C. Howell, Pastor.

Miss Grace Nelson recently conducted a canning demonstration at the home of Mrs. Boulden Moorhouse at Benjamin, at which time some 21 cull chickens were canned. At present market prices of poultry those who have extra stock or cull will find it more profitable to can them in this manner than to sell them on the market.

## Society

**Mrs. Jack Mayes Hostess to "3 And 1" Bridge Club Monday**

Mrs. Jack Mayes entertained the "3 And 1" Bridge Club Monday afternoon. Mrs. Jimmy Harpham held high score at the end of the games. Refreshments were served to Meses. John Ed Jones, P. V. Williams, Fred Broach, H. A. Pendleton, E. M. Roberts, Jimmy Harpham, Walter Mayo, C. L. Mayes, Dorse Rogers, Misses Clodette Mayo and Margaret Michels.

**Womans' Missionary Society Entertained Mauldin Home**

The Womans' Missionary Society met in social and business meeting Tuesday afternoon at the home of Mrs. D. T. Mauldin, with Meses. Mauldin and W. H. Chapman hostesses. Although it rained thru out the afternoon a number were present and an interesting program on Stewardship was rendered. After the transaction of the business a delicious refreshment plate was served to the following: Meses. S. A. Bowden, Chester Borden, W. D. Ford, R. D. Atkinson, W. C. Howell, Shine, O. F. Greer, Oscar Spann, J. D. Kethley, P. V. Williams, J. C. Campbell, E. C. Wyche and Miss Smith.

**Dinner-Bridge at Roberts' Home Saturday Evening**

Dr. and Mrs. E. M. Roberts and Mr. and Mrs. Jimmy Harpham entertained Saturday evening with a buffet dinner at the Roberts home. Decorations suggestive of the Valentine season were used attractively. After the delicious dinner bridge was played. High score favor was presented Mr. Dee McStay. The guests were Mr. and Mrs. Jack Mayes, Mr. and Mrs. Dee McStay, Dr. and Mrs. Wm. P. Farrington, Mr. and Mrs. Dorse Rogers.

**Thousands of New Words**

are included in the Merriam Webster, such as *serigraph, broadtail, credit union, Bahaim, patognami, etc.* New names and places are listed such as *Catler, Sandburg, Stada, Latvia, etc.* Constantly improved and kept up to date.

**G. & C. Merriam Company**  
Springfield, Mass.

McGlothlin and the host and hostess.

**Mr. and Mrs. Moore Entertain With Bridge Luncheon.**

One of the lovely socials of last week was the bridge luncheon given by Mr. and Mrs. W. R. Moore on Friday evening honoring Mr. and Mrs. C. R. Elliott of Benjamin. High score honors were won by Mr. and Mrs. T. G. Bengue. The delicious three course luncheon was served Mr. and Mrs. Elliott, Dr. and Mrs. Wm. P. Farrington, Mr. and Mrs. T. G. Bengue, Mr. and Mrs. F. S. Broach, Mr. and Mrs. M. F. Billingsley, Mr. and Mrs. R. B. Davy, Mr. and Mrs. E. Duval, Mr. and Mrs. J. Dee McStay, Meslames R. H. Neff and Louise Ingram and Mr. J. W. Ryan.

**Misses Nelson and Mounce Entertain.**

Misses Grace Nelson and Elizabeth Mounce entertained with three tables of bridge on Tuesday evening of last week at the home of Mr. and Mrs. T. R. Haney, and high score honors went to Miss Mary Ellen Bateman. Refreshments of Bavarian cream and fruited tea were served to Misses Beatrice Beville, Oneita Blanton, Mary Ellen Bateman, Christine Burton, Merle Dingus, Maxine Dingus, Leona Keel, Lorene Parker, and Margaret Michels, and Mrs. R. E. Alexander.

**Monday Bridge Club Meets With Mr. and Mrs. W. R. Moore.**

The Monday Bridge Club, which was recently organized, met on Monday evening at the home of Mr. and Mrs. W. R. Moore. High score honors were won by Mrs. E. Duval among the ladies and by Mr. Duval among the gentlemen. A dainty salad plate with fruited tea was served to the following members and guests: Dr. and Mrs. Joe Davis, Mr. and Mrs. H. A. Pendleton, Mr. and Mrs. E. Duval, Mr. and Mrs. W. H. Chapman, Mr. and Mrs. J. D. Kethley, Mr. and Mrs. F. L. Decker, Mr. and Mrs. J. A. Kennedy and the hosts.

**Mr. and Mrs. R. E. Alexander attended the musical comedy, "Flying High" in Wichita Falls on Wednesday evening.**

Mr. and Mrs. Tom Haney, Mr. and Mrs. Riley B. Harrell, Misses Elizabeth Mounce and Grace Nelson and Messers Ira Bowden and Lee Haney motored to Wichita Falls Wednesday evening to see the presentation of "Flying High."

Mr. and Mrs. T. G. Bengue were in Wichita Falls Wednesday evening to see "Flying High."

### Farmers Union Officials Attend Oklahoma Meet

J. D. Henderson, president of the Farmers Cooperative and Educational Union of Texas, and J. E. Edwards, secretary of that organization, were in Oklahoma City last week attending the annual meeting of the Oklahoma State Union, and they state that there were several hundred delegates from all sections of Oklahoma present at the meeting, and among the numerous interesting features of the gathering was an address by Gov. W. H. (Alfalfa Bill) Murray, who has just been inaugurated governor of the Sooner state.

### Times Clubbing Offer Proves To Be Very Popular

The Times' clubbing rate with the Semi-Weekly Farm News of \$1.75 for both papers proved to be a popular combination, and on last Saturday, immediately following the announcement of the offer the following subscriptions were handed in at the office on the combination: John Gaines, Munday, route 1; W. P. Hood, Munday, route 3; J. D. Mounce, Seymour, route 2; E. J. Barzell, Munday, route 1; J. B. Bowden and Alex Jones, Munday.

## The New Country Side

The aim of electric service is to distribute power as widely as the uses for it are distributed.

Movement of POWER replaces movement of THINGS as electricity is delivered to small communities and to an ever-increasing number of farms. The transmission line seeks out the user and delivers electric power to speed the job.

The increasing manufacturing activities of small communities is a reflection of this widespread distribution of electric power.

The West Texas Utilities Company makes available to the many prosperous cities, towns and communities of West Texas 100,000 horsepower of electric energy—distributed over more than 2,500 miles of high tension transmission lines.

### Conveyors Carry Ford Car Parts

Trains unload in the plant.

Bodies starting through the shop.

Conveyors carry wheels with mounted tires over a line on which cars pass to completion.

The highly important part played by conveyor systems in all Ford Motor Company manufacturing and assembly plants is graphically shown in the above three pictures taken in the recently opened Edgewater, N. J., plant. One of the pictures shows how parts may be unloaded from freight cars within the plant only a few feet from the various assembly lines. Another picture shows automobile bodies starting their trip on a conveyor while the third view is of the conveyor system used to bring wheels to the chassis which are also moving on a conveyor. As indicated in the picture, a constant flow of wheels on which the tires have already been mounted moves around and over the chassis assembly line. As a chassis enters the section, workers, in groups of four, each take a wheel from the hooks and fasten it to the chassis.

#### REDISTRICTING THE STATE

Under the plans of a redistricting bill introduced by Representative Penrose B. Metcalfe of Abilene Knox county will have a new Congressman. If the bill should pass three additional districts will be created in the state to meet the requirements of the 1930 census and Knox would be placed in the 19th District, which will be composed of Bailey, Lamb, Cochran, Hale, Floyd, Hockley, Crosby, King, Dickens, Yoakum, Terry, Lynn, Garza, Kent, Stonewall, Haskell, Gaines, Dawson, Borden, Scurry, Fisher, Andrews and Martin counties.

A majority of these counties come from the 18th District, represented by Hon. Marvin Jones of Amarillo. Redistricting bills usually have a difficult time in passing, and unless the bill is passed Texas will be called upon to elect three Congressmen at large, in which event, political wisecracks have pointed out, James E. Ferguson would stand a most excellent chance of being elected to one of the places by reason of his "vest pocket" vote over the state, and it is likely that many obstacles will be thrown in the way of this or other redistricting bills introduced.

#### TAX RELIEF MEASURE

Our own Senator, the Hon. Ben G. Oneal of Wichita Falls, succeeded in getting the first measure through the Senate down at Austin, and it was a measure intended to relieve the property owners of tax burdens falling due at this time by making taxes payable semi-annually and relieving tax payers of the penalties assessed under the present law until the close of the final paying period. The House has passed a bill with an amendment which delinquent tax rolls will not be made up until after October 15, however, the bill specifies that 19 per cent interest shall be charged after February 1st until paid. It is gratifying to note that both Senator Oneal and our Representative in the Legislature, George Moffett, are fighting diligently down at Austin to bring some measure of relief to the citizens of the state in this time of depression, and it is to be hoped that the meas-

ure will finally come from the law-making body down at Austin in such a shape as will really mean relief to the people of Texas.

#### WILL ROGERS

Occasionally one of the sophisticated "high-brow" journalists or columnists in New York take a dig at Will Rogers by their jibes at the literary offerings of the Oklahoma humorist have only added to his popularity over the country, and we are told that Rogers now demands a minimum of \$5000 for an appearance.

But, Will Rogers has not forgotten the folks of the rural sections. Great wealth has not caused him to forget the great common people with whom he grew up and whose battles he has always sponsored.

And it is not surprising that he should contribute his time and talents toward relieving the suffering.

### More Than Twenty Years of Dependable Service . . .

With more than twenty years of service to the people of this community, this bank offers a banking service that is helpful to all legitimate undertakings, and upon the merit of the service we render, we respectfully solicit accounts, both large and small.

**THE FIRST NATIONAL BANK**  
Munday, Texas

fering among the people at a time like this. His appearance at Wichita Falls on Friday afternoon is expected to bring in \$15,000.00 according to the seating capacity and arrangement of prices. This is probably a fair average for each of his appearances in Texas, and at this rate he is adding approximately \$30,000.00 per day to the fund to relieve suffering, and his benefit appearances will continue for some ten days or longer through Texas, Arkansas and Oklahoma. So it can be seen that the contribution Will Rogers is making is indeed worth while.

However, Will hasn't stopped there, as both he and Mrs. Rogers have made substantial contributions to the Red Cross relief fund and he has made numerous pleas for aid through his columns in the daily newspapers over the entire nation. He has been blunt and caustic in his criticism of President Hoover and others at Washington for opposing relief measures.

In fact, among the prominent men of the nation, Will Rogers is and has ever been the greatest exponent of the common people, and the great crisis through which our country is now passing has merely given him an opportunity to render a service that he is only too glad to render. A service of love for the great common people from which he sprang.

#### BIG THINGS OF LIFE

A study of the life of any successful man shows that he achieved great things because he kept steadily before him fixed principles by which he was guided. As an example of one who succeeded through following a well defined course, the late Marshall Field is a notable example. It has been said that he had twelve dominant ideas in his life from which he never swerved.

They were the value of time, the success of perseverance, the pleasure of working, the dignity of simplicity, the worth of character, the power of kindness, the influence of example, the obligation of duty, the wisdom of economy, the virtue of patience, the improvement of talent, and the joy of originating.

There is nothing extraordinary about a man who adheres to such a life program. A community with a fair sprinkling of men like this would soon surge ahead of all its

### Ladies' H. D. Club Is Organized At By County Agent

Miss Grace Nelson, county home demonstration agent, reports the organization recently of a home demonstration club at Benjamin, with Mrs. Boulden Moorhouse as president; Mrs. Charles Moorhouse as vice-president, and Mrs. Oral Patterson as Reporter. The club starts out with a membership of twenty-five, and at the first meeting Miss Nelson gave a very interesting demonstration on the making of gunny sack and hooked rugs.

### County Basketball Tournament To Be Held Feb. 6-7

The county basketball tournament, which was announced in last week's papers for Friday and Saturday, February 13th and 14th, has been set up one week, and will be held in Goree on Friday and Saturday, February 6th and 7th, according to L. M. Palmer, director of athletics.

competitors and stand as a model for all others to emulate. Nothing retards a community so much as selfishness and other negative characteristics that are destructive, among its leaders, who should be good examples.

### Ballard Ranch In Haskell County Sold to Caddo Man

Haskell, Texas.—One of the largest land deals transacted in Haskell county in some time was closed last week when the T. E. Ballard ranch, east of Haskell, was sold to Bob Coody of Caddo. The property comprised the total of 14,000 acres of land, together with all improvements and all livestock. The consideration was not made public. This ranch was one of the largest and best stocked in the West and was established many years ago by Mr. Ballard, who is one of the pioneers of the county.

#### SISTER OF H. A. SCOTT DIES AT RINGLING, OKLA.

H. A. Scott, who has recently moved to Ringling, Oklahoma, but who has been here much of the time recently looking after business matters, was called home Sunday by a message advising him of the death of a sister, Mrs. F. I. Lambright, 73 years of age, who had made her home with Mr. Scott a part of the time since the death of her husband some three years ago. Mrs. Lambright's husband was one of the pioneer Methodist ministers of south-east Texas.

STARTED CHICKS eliminate the largest part of your worries. One week, two weeks and three weeks old at bargain prices—MUNDAY HATCHERY.

### FEDERAL LAND BANK LOANS 5 1/2 -- Per Cent -- 5 1/2

A long term loan with the option to pay at any interest rate, provided the payment to be made is out of one's own funds. And contrary to the general belief, THIS LOAN DOES NOT CARRY ANY LIABILITY ON YOUR FARM, OTHER THAN YOUR OWN LOAN. This loan offers a saving of \$10.00 on the \$1,000.00 over any loan offered by any Loan Company in Texas.

### We Want Every Farmer to See This Listing-Planting Outfit

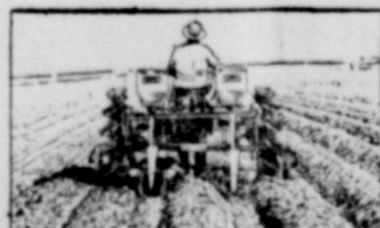

GP-201 John Deere Power Lift Two-Row Lister and Planter

### JOHN DEERE GENERAL PURPOSE TRACTOR with Equipment Built for the South

The two-row cultivator—the team mate for the two-row planter, shown above. Power lift raised and lowered.

Relating with the two-row lister. Does good work, easy to guide, has the power lift feature.

If you haven't already seen the new John Deere General Purpose Wide-Tread Tractor and its special planting, cultivating, listing, and bedding equipment, be sure to do so at your very first opportunity. Users say that the John Deere is ideally suited to conditions on the farms in this territory.

The Two-Row Lister Planter, shown above, gives you a power-lifted, power-driven outfit that will do your listing and relisting to your complete satisfaction. Easy to operate because tractor wheels are always in the middles or between the lists. Beams carry regular John Deere lister bottoms, planter sweeps or plow sweeps. Has wide range of depth adjustment—each bottom is controlled independently, giving uniform depth at all times.

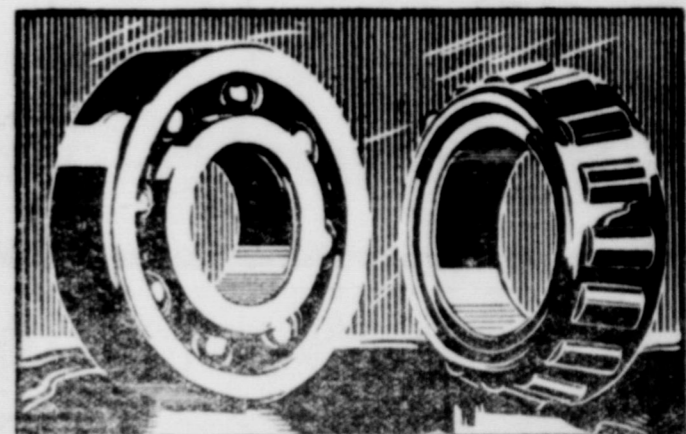

Other equipment for use with the John Deere General Purpose includes a two-row cultivator attachment. Planting and cultivating attachments in the four-row size can also be furnished. Two- or three-row power lift bedder and two-row lister attachment can be furnished for use with the four-row planter.

And remember—this tractor will not only do all these jobs, but it will pull the plow, the harrow, the haying and harvesting machinery—in fact, it will do all jobs on your farm that are within its power range.

Come in and see us about this one-man tractor that is cutting farm production costs to the core.

**BEN GUINN, Munday, Texas**

### FORD SMOOTHNESS

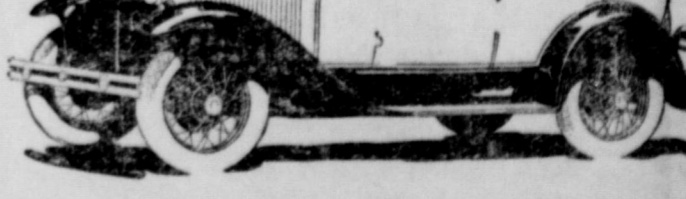

The new Ford has more than twenty ball and roller bearings

EVIDENCE of the high quality built into the new Ford is the extensive use of ball and roller bearings. There are more than twenty in all — an unusually large number. Each bearing is adequate in size and carefully selected for the work it has to do.

At some points in the Ford chassis you will find ball bearings. At others, roller bearings are used regardless of their higher cost. The deciding factor is the performance of the car.

The extensive use of ball and roller bearings in the new Ford insures smoother operation, saves gasoline, increases speed and power, gives quicker pick-up, decreases noise, and gives greater reliability and longer life to vital moving parts.

Other outstanding features that make the new Ford a value far above the price are the Triplex shatter-proof glass windshield, silent, fully enclosed four-wheel brakes, four Houdaille double-acting hydraulic shock absorbers, aluminum pistons, chrome silicon alloy valves, three-quarter floating rear axle, Rustless Steel, the extensive use of fine steel forgings, and unusual accuracy in manufacturing.

LOW PRICES OF FORD CARS \$430 to \$630

F. O. B. Detroit, plus freight and delivery. Bumpers and spare tire extra on small cars. You can purchase a Ford on economical terms through the Authorized Ford Finance Plans of the United Credit Company.

## THE TOM-TOM

DEVOTED TO THE ACTIVITIES OF THE MUNDAY PUBLIC SCHOOLS

Editor-in-Chief: HAZEL DEAN EILAND  
Assistant Editor: ELEANOR JUNGMAN  
Athletic Reporter: GILBERT MYERS  
Senior Reporter: VERA TATE  
Junior Reporter: MAVOUREEN REEVES  
Sophomore Reporter: IRENE MARTIN  
Freshman Reporter: JESSIE MAE WEBB

The state supervisor of Home Economics visited Munday High Friday morning. Miss Clark, the supervisor, was very pleased with the work done by the department and stated that in all Texas there was not a finer department or a more capable home economics teacher than Miss Clifford. This makes everyone appreciate Miss Clifford more than ever and we feel very fortunate in having this head of the department with all the girls in her classes by her clever remarks. In this way she holds the interest of the students, rather than creating a forced interest by sternness.

The Moguls and Mogulettes are looking forward to the basketball tournament which is to take place this week end.

Taste and Baste Club  
The first year Home Economics girls have been studying factors that contribute to the personal appearance. They set up the following standard as means of self improvement:

Physically—Simple foods, regularity in eating and sleeping; masticate thoroughly, exercise daily, fresh air in abundance, water inside and out, comfortable clothing, rest, posture, cheerful view of life.

Mentally—Think sanely, learn from mental superiors, learn to listen attentively, read best books and papers, improve the memory, do not worry unnecessarily, weigh both sides.

Morally—Right is right; wrong is wrong, be truthful, seek elevating recreation, learn to say "no", live up to your principles and ideals, resist temptation, attend religious services regularly.

Socially—Avoid bad associates, elect helpful friends, learn to be happy alone, entertain economically, do some welfare work.

Join in with us, Munday High students, this is not limited to our class; we hope it is contagious.

The Taste and Baste Club will meet Monday evening, February 2, at 7:30 o'clock at the home economics cottage.

**JUNIORS**  
Well, did you notice how those Junior boys played in the basketball game last week? They were certainly fine in the game with Knox City, Friday night. In fact, if it had not been for them, the winning of the game might have resulted differently.

We are still planning on that important event that is to take place in the future.

In compliment with the Sophomores, who have said something about it already, we are still waiting for that entertainment, that was to be given to us by the Seniors and Freshmen for winning the magazine selling contest. We are not saying anything about them of this long-looked-for entertainment, but we are merely stating the fact that it has not been given.

**SOPHOMORES**  
Now that the examinations are over, and the teachers have given us our reports, we might inform our readers that the Sophomores are not ashamed of our grades.

Folks, wasn't that game between the Greyhounds and the Moguls just too grand? We are very proud to say that the Sophomores had an A-1 player on that team. We are real proud of you, Thompson, keep the good work going.

We also have this to say about the Sophomores that play for the Mogulettes: If it were not for you, there would not be so many victories won by the girls. Our classmate, Hazel Webb, is a "wow" when it comes to ringing the goals. We are for you, Webb, so stay in there and fight!

**FRESHMEN**  
In connection with the subject, occupation, Miss Wimberly asked Mr. Riley and Dr. Ammons to talk to us about the profession we had chosen. Dr. Ammons did not get

to tell us as much as he intended to, for the period was too short. He told us the proper way to take care of teeth, different ways of taking X-ray pictures, and many other things we should know. Mr. Riley's talk was wonderful. He talked about the profession of a teacher and superintendent. He gave us many important points on the development of a home. Mr. Riley said, "Do not be a school teacher, and to you girls, do not marry a school teacher." We do not think that we have any desire to do that, though.

The Freshmen are looking forward to our party to be given Saturday night.

We are planning a program for the study hall Tuesday. Miss Watson is helping us with it.

### PRICES REDUCED ON CLEANING AND PRESSING

Effective February 1st, we will give a discount on cleaning and pressing done on the Cash and Carry plan, and on work done on this basis we will make the following prices:

- Men's and Ladies' Suits cleaned and Pressed **\$1.00**
- Pants Cleaned and Pressed **50c**
- Men's and Ladies' Suits Pressed **50c**
- Overcoats cleaned and pressed **\$1.00**

These prices are only for Cash and Carry. Pick-ups and Deliveries will be made as usual at the usual price.

**John C. Spann**  
PHONE 147

The pupils of Grammar School are preparing for the interscholastic league contests with a great deal of zeal.

The Seventh Grade is very glad that Charles Lane is now better, and we hope that he will be able to attend school soon.

Miss Curry's room was the fern in the Sunday School Attendance Contest for last week. Miss Williams' room had the most parents out at P. T. A. last Tuesday, as they will get to keep the picture offered in this contest for this month.

The Seventh Grade was disappointed twice about their party; but they will be able to have it Monday.

**CARD OF THANKS**  
We wish to thank you who were so kind to us in our recent bereavement of the illness and death of our baby. May God's richest blessings rest upon you.

Mr. and Mrs. E. F. Cluck  
And Children.

### PRESIDENT FRASER TO INSPECT WORK ON NEW W. O. W. CHAPEL AND SANCTUARY

Woodmen of the World Chief to Confer With Texas Officials on Head Camp Meeting at Mineral Wells.

W. A. Fraser, president of the Woodmen of the World Life Insurance Association will be in San Antonio soon to formally inspect the construction work on the memorial chapel and head sanctuary, now being erected by the W. O. W. on its Memorial Hospital grounds.

Mr. Fraser will leave Omaha February 1 for his trip to Texas and while in San Antonio, he will confer with W. O. W. leaders in regard to the Head Camp meeting to be held at Mineral Wells, April 2 and 4. Mr. Fraser will be the principal speaker at the Head Camp meeting.

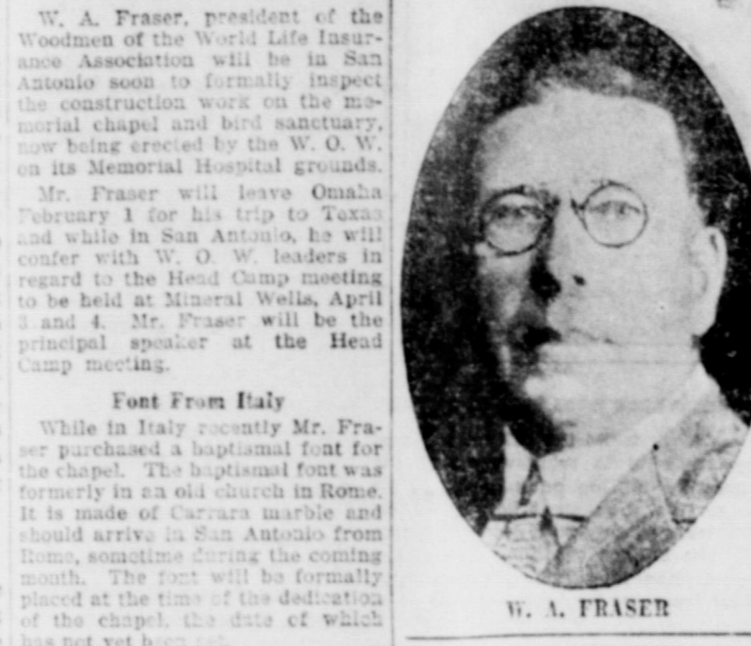

**Font From Italy**  
While in Italy recently Mr. Fraser purchased a baptismal font for the chapel. The baptismal font was formerly in an old church in Rome. It is made of Carrara marble and should arrive in San Antonio from Rome, sometime during the coming month. The font will be formally placed at the time of the dedication of the chapel, the date of which has not yet been fixed.

Though not the largest, nor the costliest building to be erected in Texas this year, the W. O. W. chapel and head sanctuary will be one of the most unique and interesting structures in the state.

It is located on the 255 acre tract upon which the Woodmen of the World Memorial Hospital has been a means of giving life to those members of the Association who have been afflicted with tuberculosis.

**Many Art Windows**  
The west wall of the north end of the chapel contains a large original Tiffany Art Glass window, one of the features of the building. The chapel is separated from the nave by a modified Gothic arch. In the chancel there are choir seats, organ console, and the key board for the operation of the chancel.

The walls of the nave, which is in a traditional English chancel style, are surfaced with a rough textured plaster. The windows are

W. A. FRASER

number colored stained glass in diamond pattern. The roof is supported with rough oak trusses and all rafters and other framing members are exposed. The sanctuary is lighted by three art glass windows with a grained, vaulted ceiling.

**Outdoor Services**  
At the intersection of the two open cloisters is the tower, which forms at its base a room nearly twelve feet square with walls of Ashlar stone and a high vaulted ceiling. The tower and cloisters connect with the main portion of the building to form an open court which is lighted so that religious services or chime recitals may be conducted outdoors during the summer months.

Special landscaping will be one of the features of this most attractive structure.

"The chapel will be a universal church," said President Fraser.

### OF MUTUAL IMPORTANCE

IN LINE with the various urgent appeals on unemployment, made from official Washington and numerous organizations, here is something we home-owners can do about it, that will result in all round benefit.

Isn't it so, that right now in your neighborhood, there are men whom you would help greatly by giving a few days work?

Suppose you employ one or more to put your HOME GROUNDS in shape. Have them help you fill in the bare spots with shrubs and hardy plants. Or what better time to plant an orchard or any fruit-bearing trees or vines.

A few days extra work for a worthy one, plus the planting, is an investment which will yield you immediate dividends in satisfaction; besides giving your property an increased value. It's a well known fact that property with a good orchard and an attractive planting is worth more, and sells much more readily. We have a complete line of Nursery and Floral stock and will be glad to assist you in any way possible.

It will be necessary for you to see our stock to appreciate the values. Come to see us or drop us a card telling us what you need and we will be glad to call on you.

A FEW COMPARATIVE PRICES
