Four Bands Will Be In Parade Cowboy Reunion At Stamford

STAMFORD, June 28.—With the opening of the third annual Texas Cowboy Reunion only four days away, preparations are being completed for the entertainment of the largest crowd in the history of the Reunion. The meeting opens Monday July 1, and will continue through Tuesday and Wednesday.

Pioneer cowboys will begin pouring into the city Sunday, as registration will begin at 9 a. m. Monday and the first meeting of their association will be held at 10:30 a. m. Active cowboys who will participate in the rodeo contests also will begin coming in Sunday, bringing with them their favorite roping ponies. Attractive girl sponsors from surrounding cities will come, bringing their mounts.

A dozen ranch outfits from various parts of West Texas will bring their own chuck wagons and camp here during the Reunion. Free beef, wood and water is provided for the visiting chuck wagons. Among the ranches which have indicated that they will bring their chuck wagons are: Ed Bateman, Straw; D-Z Ranch, Sweetwater; S. M. S. Flat Top Ranch; Stamford; Matador Ranch, Matador; S. M. S. Throckmorton Ranch; Padilla Ranch, Clarendon; S. M. S. Spur Ranch, Spar, and Judge J. A. Matthews, Albany. Many others have been invited. The Reunion will have a wagon on the grounds at which meals will be served to members of the Pioneer Cowboys' Association. Visitors wanting the novelty of a chuck wagon dinner will find a wagon on the grounds at which such meals may be purchased.

It was definitely determined this week that four brass bands will appear in the grand parade which starts at 1 p. m. on the Fourth of July. They are the Lone Star Gas Company Band of Ranver, the Haskell Municipal Band, the Asperment Band and the Stamford Band. Cowboys, pioneer cattlemen, chuck wagons, junior cowboys, girl sponsors, decorated floats and individuals entries will make up the big street parade.

A new rodeo attraction was added by the management in the form of a cutting horse contest, with \$100 in cash prizes offered for this event. In the contest, the ability of the horse will count one-third, ability of the rider one-third and speed one-third. This brings the total rodeo prizes to \$1,500. The regular rodeo contests are in calf-roping, wild cow milking, bronc-busting, steer riding and old timers' calf roping. The rodeo performances will be held daily, at 2:30 p. m. and 8 p. m.

Canning Vegetables

GRACE NELSON
County Home Dem. Agent.

Corn

Shuck, silk and clean carefully young tender corn. Cut from the cob without pre-soaking, fill boiling hot in container. Add 1/2 teaspoon of salt and two teaspoons of sugar, seal and process immediately at 15 pounds pressure No. 2 C enamel tin cans for 70 minutes, pint glass jars for 75 minutes. Corn should not be canned in No. 3 tin cans because of the difficulty of heat penetration.

Okra

After the pods have been washed cover with hot water and bring to boil. Pack hot into the containers and add 1 teaspoon of salt to each quart. Seal and process immediately for 40 minutes, pint glass jars at 10 pounds pressure. Quart glass for 35 minutes. No. 2 and 3 tin cans for 30 minutes.

Squash

Wash and cut into cubes, add small quantity of water and simmer until heated through, stirring occasionally. Pack hot into containers, add 1 teaspoon of salt to each quart and cover with water in which cooked. Process immediately at 15 pounds pressure. Quart glass jars and No. 2 tin cans 60 minutes and No. 3 tin cans 70 minutes. If canning in the use sanitary enameled cans.

Peas

Cover peas with boiling water and let come to boil. Pack hot into containers, add 1 teaspoon of salt to each quart. Cover with water, seal and process No. 2 cans 40 minutes at 10 pounds pressure.

Vegetables should always be canned the same day gathered.

Miss Abbott was a graduate of the class of '21 of Truett High school and has lived here several years.

been nice if he had let the plant grow in the car so that in a few years in pecans season he would have the nuts to eat as he drove around the country.

WILL TRADE: Good piano, cabinet model Victrola with records, bed with springs and mattress for milk cows, hogs, turkeys or chickens.
MRS. E. M. WILSON. (6-21p)

SPECIAL DEMONSTRATION

HOW TO HAVE Foot Comfort

will be explained and Demonstrated at our store **SATURDAY, JULY 2** by a Foot Comfort Expert from the Chicago staff of **DR. WM. M. SCHOLL** with the assistance of our own Foot Comfort Expert

If you have foot trouble—no matter how painful or long-standing—be sure to attend this special event. Your feet will be given a complete Test and Analysis; the cause of your discomfort explained, and the Dr. Scholl Method of Relief demonstrated—all without cost or obligation to you! Advice as to proper foot care and footwear is also included. **REMEMBER THE DATE!**

Each visitor will receive a Free Sample of Dr. Scholl's Finest for Corns and a valuable booklet.

The Fair Store
Munday, Texas

WITH OUR EXCHANGES.

Bayler County Banner:
Dudley Bengt of the Cottonwood community was in town Saturday and was telling of the electric storm up there recently that destroyed a large amount of cotton. The plants were withered and turned black. Some fields were not hurt and some were killed only in spots. Replanting was being done as rapidly as possible. That community has had lots of rain, and it was necessary to wait several days before some of the fields were dry enough to be worked.

Benjamin Post:
Miss Cleo Abbott, daughter of Mr. and Mrs. J. M. Abbott of Truett became the wife of Jack Burnett of Big Lake, in a wedding Wednesday evening, June 15, at the Methodist parsonage, Rev. Van Pelt performing the ceremony.
Mr. and Mrs. Burnett left early Thursday morning for their home at Big Lake where Mr. Burnett is employed by the Humble Oil Company.

Woodson Record:
The other day Clint McCarty called the Rambler and led him away back to a back street and told him in a confidential tone that he had something he wanted to show him. Well, you know that makes a fellow feel that maybe he is going to get some kind of private stuff that is not exhibited in public places, especially since 1918. But the Rambler was disappointed; if he had any such watering at the mouth. What Clint wanted to show us was a new pecan grove he was starting. He pointed out his Old Ford and then showed us a pecan tree. And here is the remarkable thing about it. That pecan plant sprouted and grew under the back seat of the Ford. Last year some time he spilled some pecans back there and sufficient soil had settled under the seat that when the spring rains came the nuts sprouted. So there is another use for the Ford has developed. It would have

Trees Close to Highways

I think that I shall never see,
Along the road, an unscruped tree
With bark intact, and painted white,
That no car ever hit at night.
For every tree that's near the road
Has caused some auto to be towed.
Sideswiping trees is done a lot
By drivers who are not so hot.
God gave them eyes so they could see
Yet any fool can hit a tree.
—Judge.

When his foot caught in the crotch of a tree, Armand Eckman of Maple

Valley, Wash., hung head down and had to endure a cow's kisses until he was rescued.

A group of small boys in St. Johnsbury, Va., who found an automobile loaded with liquor succeeded in peddling 45 pints before the attention of police was called.

Masons at Seymour

INSTALL OFFICERS

SEYMOUR, Texas, June 25.—Seymour Masonic lodge No. 604 A. F. & A. M. will install its newly elected officers next Tuesday evening, June 28 at 8 o'clock. Officers to be installed are as follows: O. McDaniel, Geo. S. Plants, senior warden; O. P. Callwell, junior warden; L. D. Jones, treasurer; D. A. Holman, secretary;

RAIL TRANSPORTATION IS EFFICIENT AND ECONOMICAL

THE RAILROAD is the most efficient and the most economical transportation agency the human mind has ever devised.

The ability of commercial trucks to operate with various charges for their services has been because they are not required to carry all kinds and classes of freight. The truck can choose its freight and is privileged to reject that which it cannot handle, either because it is not equipped for such heavy service or the rates are too low to be profitable. The railroad CANNOT DISCRIMINATE but must accept all freight offered it.

In 1930 the shippers of Texas paid the railroads \$225,223,142 in freight charges. If the same volume and character of traffic had been carried by trucks it would have cost the shippers, according to the best available data on trucking costs, \$900,000,000, or four times as much.

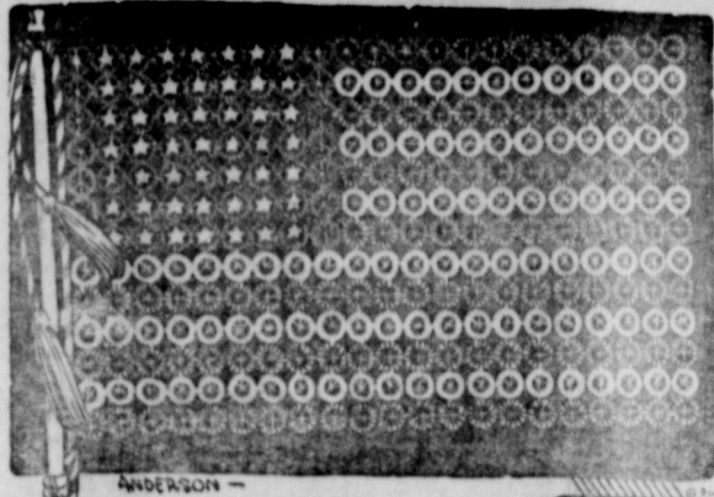

What will be the effect on the shippers of Texas if only the traffic which the trucks cannot handle is left to the railroads? If traffic paying the higher rate is taken from the railroads by the trucks, it will be necessary for the rail carriers to increase their rates on the low grade traffic or go out of business. The total transportation bill will be greatly increased.

The railroad rate structure is a composite designed for the purpose of enabling the free movement of ALL ARTICLES OF COMMERCE, making it possible to bring even the cheapest commodities into general use and distribution. Were it not for the low rates made available by the railroads on many low grade commodities and raw materials, their distribution and use would be impossible and all commerce and industry would be seriously affected.

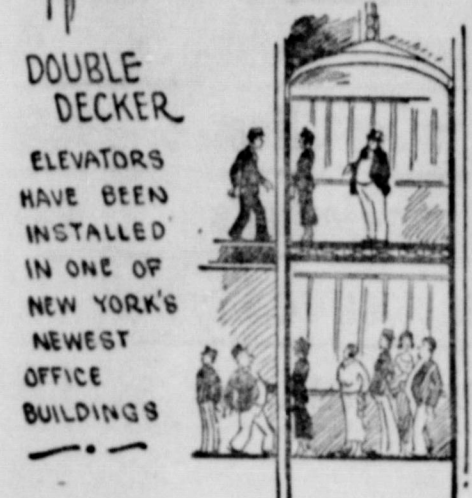

● THE RAILROADS CANNOT SUBSIST ON LOW GRADE TRAFFIC ALONE.

SUBSCRIPTION PRICE \$1.50 PER YEAR.

The man who most wisely said, "Be sure you're right, then go ahead. Might well have added this, to-wit: Be sure you're wrong before you quit."

CLEAN SPORTSMANSHIP.

Like hundreds of other citizens, we enjoy good, clean baseball, especially amateur baseball, and we have followed with interest the various games

played in the Brazos Valley League. In most instances these games have been exhibitions of the highest type and good sportsmanship has almost invariably been displayed by the players.

It is therefore unfortunate that good sportsmanship does not exist among the fans in all localities. We make special reference to the attitude adopted by the fans at Rochester, which is a new entry into the Brazos Valley

league this season, and we have no hesitancy in saying, after making some observations, that the standing of the league in the matter of good sportsmanship has not been improved by their entry, and a continuation of the tactics followed by their fans will ultimately destroy the league if they are permitted to continue as a member of same.

Personally, as a fan, we like to see our home town win if they can win fairly and honorably, but we much prefer that they lose than to win by unfair tactics, but our observations have convinced us that there are many fans in the Rochester community who seem to delight in winning—fair or unfair.

Please understand that we have no criticism to make of the players themselves, for insofar as we have observed, they are good sports and take the breaks as they come, but it is indeed regrettable that they have a following of fans that would disgust anyone who is interested in clean sports, and a continuation of such will ultimately destroy all interest in the game.

Human Nature Doesn't Change.

We hear a good many people remarking that the younger generation has not manners, that the boys and girls of today are rapidly sliding down to perdition and that things were so much better when those complaining individuals themselves were young.

We seem to remember having heard old folks talk in a similar strain when we were young. We are strongly inclined to believe that the bad manners and worse morals of youth have always been a subject of complaint by their parents and grandparents from King Solomon's time, and perhaps further back than that.

Our belief is strengthened by recently seeing a letter written in 1795 by an English woman who said among other things:

"Our manners become more licentious, our men are indifferent, our women bold and assuming. The pertness of fifteen is allowed to give her opinion on all subjects. She awes into silence her superiors and understands, for who can wish to hold an argument with a filippant tongue? But a mere serious consideration is the heinous unfitness of the present day, for to be perfectly fashionable is to be half naked."

In the same letter elderly women were criticized for resorting to cosmetics in the effort to make themselves look younger. We have heard people around here talk about how disgusting it is for a woman old enough to be a grandmother to try to look like a flapper. Regardless of whether it is disgusting or not, our point is that it is nothing new. A hundred and thirty seven years ago people were saying the same things.

One thing is certain. That is, that each generation has to learn its own way about and find its own way of living. In other words, codes of manners and behavior that subscribe only to them. And when we consider that half of the people of the United States are under twenty-six years old, it seems to us much right to decide such things for themselves as the older ones have to prescribe for them.—Rising Star Record.

An allegation in a divorce suit filed in Springfield, Mo., was that the plaintiff's wife put cayenne pepper in his clothing.

Daniel Petrell of Buffalo, who visited his estranged wife once a week and gave her \$1 for a kiss, objected when she boosted the price to \$5.

WHY NOT REPEAL THE 14th AMENDMENT ALSO?

E. G. Senter, veteran newspaper man and lawyer, who is a candidate for Congressman-at-large, contends that while New York, New Jersey, Massachusetts, Pennsylvania and other eastern states are clamoring for the repeal of the 14th Amendment, the situation presents a favorable opportunity for the South to call for a referendum on the 14th amendment, which has been and will continue to be a thorn in the side of all white citizens of the South.

"The North took advantage of the helpless condition of the South to force that amendment into the Constitution and did not give any Southern states a chance to vote or even to be heard. It is contended that the prohibition amendment was placed in the constitution while the soldier boys were in France, and this is true. It is also true that the North contended that no Southern State was ever outside the pale of the Union, yet in the face of this contention the North wickedly and brutally and viciously and maliciously forced the 14th amendment into the Constitution without permitting the Southern States to vote on the subject or to be heard in protest. If they are right now they acted in defiance of the Constitution then. It was done in the spirit of 1776 for the purpose of forcing the Southern people to their knees as suppliants before their former slaves. It was done with the intent to forever destroy the industrial independence of the South and to make it an outlying province, with no mission other than to contribute to the increase of wealth and power in the North. That is the truth, as true as any word in the Gospel and every intelligent person knows it," says Mr. Senter.

What true Southerner can take issue with Mr. Senter on this issue? Indeed, why shouldn't the South rise up in indignation and demand a belated justice? While the North is demanding the repeal of the 14th Amendment, why shouldn't the South demand the repeal of the 14th Amendment, which has constantly been the source of political strife?

Often have we heard ardent prohibition advocates say that we should respect the prohibition laws so long as it is a part of our Constitution, but never have we heard one urge respect for the 14th Amendment, which is a portion of the same document.

While we're doctoring our Constitution let's erase all sectionalism and hatred gathered by it down through the history of our nation, and when we have done this we can all truly have the highest respect for our Constitution, but until this is done all true Southerners must urge respect for our Constitution with reservations.

"SITTIN"

"A new disease is gradually attacking the average American. For want of a better name, it is called 'sittin,'" says a Wisconsin Medical Society Bulletin. It is caused from people sitting around too much and taking no exercise. The average American, man, woman or child, should shake himself free from the menace of 'sittin.' It is unlike the hookworm, in that it is neither a parasite nor a constitutional disease. People sit at the radio, in the theatre, in the automobile, and the very ones who need exercise most sit at games and cheer those who need it least. America has become a nation of spectators, who pay big money for the development of physical giants. Adult America is dying between the neck and the waist line from disease that come, not from without, but from within, and attack the four vital organs—the heart, the lungs, the kidneys and the liver.—Health Bulletin.

IMPROVED THANKS TO CRAZY CRYSTALS

"We want to let you know how much CRAZY CRYSTALS have done for us. My husband has been sick for one year and a half with rheumatism and his father for six months with the same. I was the only one able to work. I was beginning with pains in my knees, then we heard over the radio about CRAZY CRYSTALS, so we got one box. They helped me a lot. I feel better than I have for a long time. My husband feels better than he did when he took baths and medicine. His father is 70 years old, but feels better than he has for three or four winters. We are going to get another box tomorrow. Signed: Mr. and Mrs. Tschida, 1534 Adrian Street, St. Paul, Minn.

NOTICE OF BIDS FOR DEPOSITORY OF CITY FUNDS OF THE CITY OF MUNDAY, TEXAS.

By virtue of a resolution of the City Council of the City of Munday adopted and entered of record at a regular meeting thereof Notice is hereby given that Sealed Bids will be received for the selection of Depository for City Funds of the City of Munday for the year commencing on the 1st day of July, 1932. All bids shall be addressed to the Mayor of the City of Munday and shall specifically set forth the rate of interest which will be paid on daily balances of such City Funds and such bids shall be filed on or before said first day of July 1932. Said bids will be opened at the first regular meeting of the City Council of the City of Munday after July 1st, 1932, and the successful bidder will be required to execute bond conditioned and in the amount required by law. The right to reject any and all bids is reserved.

J. A. KENNEDY, Mayor, of the City of Munday, Texas.

AN ORDINANCE

Prohibiting the driving of an automobile or motor vehicle within 300 feet in the rear of any fire truck, fire hose cart or other fire fighting apparatus of the City of Munday when such fire truck, fire hose cart or other fire fighting apparatus is being operated on and along the streets of the city of Munday in response to an alarm of fire, declaring violations of the ordinance a misdemeanor and fixing punishment, and exempting from operation of the ordinance members of fire department of the City of Munday in active duty, and persons under supervision and direction of the Fire Chief of the City.

BE IT ORDAINED BY THE CITY COUNCIL OF MUNDAY, TEXAS,

Section One: It shall be unlawful for any person to drive or operate an automobile or motor vehicle on and along the streets of the City of Munday, Texas, within Three Hundred feet in the rear of any Fire Truck, Fire-hose Cart or other fire-fighting apparatus of the City of Munday, when such Fire Truck, Fire-hose cart or other fire-fighting apparatus is being operated on and along said streets in response to an alarm of fire.

Section Two: Any person violating the provisions of Section One of this Ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by fine not to exceed One Hundred Dollars.

Section Three: The provision of this

PEOPLE'S FRIEND GROCERY, GAS AND OIL COMPANY
U. R. HOUSER, Proprietor.

CAN YOUR COMMUNITY BE BETTER THAN YOUR LOYALTY?

Mr. Treadwell was Hot . . .

but His Motor Wasn't!

CONTINENTAL OIL COMPANY.
Gentlemen:
"During my recent vacation I had occasion to give Germ Processed Oil a real test, driving some 1,600 miles, temperatures from 105 degrees to 111 degrees. The car never previously stayed as cool, and drove nicer, and I attribute it to no other cause than the use of Germ Processed Oil. Yours truly,
"T. P. TREADWELL."

Although Mr. Treadwell is Chief of the Fire Department at Fort Collins, Colorado, he must have been pretty hot in weather like that!

But in spite of 105 to 111-degree weather, his motor didn't heat up! Conoco Germ Processed Motor Oil withstands heat better because Conoco's exclusive, patented Germ Process gives it extra "oiliness" other oils don't have. That extra oiliness reduces motor operating temperatures. It guards against thinning out caused by heat and crankcase dilution. It gives Germ Processed Oil more stability.

And, no matter how hot the weather, the Hidden Quart stays up in your motor and never drains away. It's always on duty when you start, cutting down costly wear during the starting period, when almost half of all motor wear occurs.

For Summer, for Winter, any time—Conoco Germ Processed Motor Oil is a better oil for your car. Change now at any Conoco Red Triangle station.

SAFETY FOR SWIMMERS

By Dr. William J. Scheles
Swimming is one of the best and most healthful forms of exercise. It brings into play almost all of the muscles of the body. And it is a sport suitable for most individuals from childhood until well along in middle age.

In proportion to the number of people who do more or less swimming each summer, accidents in the water are comparatively few. Some of these are the result of inability to swim sufficiently well. Some result from taking too many risks. Others are the result of disease, cramps and fatigue.

Learn Heart's Condition

Before one attempts to indulge in much swimming he should learn the condition of his heart. Swimming is sometimes strenuous exercise. It may

call upon the heart for considerable effort. While a sound heart may be well able to respond to any ordinary demands made upon it, a diseased heart may not. A knowledge of one's capacity to stand strains should enable one to stay within safe limits of activity.

Follow Old Rules

Then there are some old rules in regard to swimming which still hold good. One of these is to avoid swimming immediately after a meal. It is best to wait for about two hours. Another is to avoid plunging into the cool water when you are overheated. Violation of this rule is likely to cause cramps. And cramps have rendered the best of swimmers powerless in deep water. Still another rule is not to remain in the water too long.

Of course, the water in which one swims or bathes should be clean. Water that is polluted with sewerage

Condition of Frank Bateman Is Critical

The condition of Frank Bateman, son of the Rev. and Mrs. J. R. Bateman, whose illness was reported in our week's issue, is reported to be very critical, and he has been removed from the hospital at Childress to a Dallas hospital, where he will receive treatment from a specialist. He is said to be suffering from a fever in his head and has been in an unconscious condition for several days.

Share at Dinner

The Ladies Aid of the Baptist church, who recently returned from Childress, Miss. Mrs. Craig entertained with a dinner Tuesday afternoon.

Miss Maggie Proffitt received high scores. The dinner was presented with a gift. An attractive table was served Misses Virginia Ross Atkinson, Virginia Rogers, Alta Rogers, Jeanette Campbell, Dolores Campbell, Helen Frances Eiland, Louise Aycock, Maxine Pendleton, Frances McCard, Hazel Dean Eiland, Blanche Newsome, Miss Carl Johnson, Joe Aycock, Pat Valiente and the honorees.

J. U. G. Club Entertained

The J. U. G. club was entertained Thursday evening at last week by Miss Louise Aycock, at which time bridge was enjoyed throughout the evening, after which delicious punch was served. The following members and guests: Misses Madeline Craig, Vivian Rogers, Elmer Johnson, Lela Brock, Helen Frances Eiland, Frances McCard, Maxine Pendleton and Hazel Dean Eiland, Madeline Carl Johnson, Joe Aycock and Carl Holt, and Miss Matvey, a guest.

NINE AMENDMENTS

Nine constitutional amendments will be voted on in Texas at the general election in November. Because Texas has the old system of designating such amendments by numbers only, without any explanation of what they mean, it is not too early to familiarize people with the provisions of the various amendments.

One would prohibit future issuance of bonds against the university permanent fund—requested by the university regents.

Others are:

To permit redemption of tax-sale lands.

To permit liquidation of uncollectible delinquent taxes, so as to clear titles.

To permit military officers and enlisted men to vote and hold office.

To allow coast cities to levy and collect taxes for sea walls.

To confine voting in bond elections to persons who own taxable property which is actually required for taxation. At present anyone can vote if he owns property that is subject to taxation, whether rendered or not; a watch or a dog qualifies him.

To exempt residence homesteads to assessed value of \$5,000 from all state taxes. That means a homestead of an actual value of from \$6,000 to \$10,000 would be freed from state levies.

To combine the office of tax collector with that of tax assessor.

To permit the state to participate in the Texas centennial. An innocent-sounding phrase, but actually a camel's nose under the tent of our tax structure. It would empower the legislature to vote bonds in an unlimited amount for the purpose of putting on a celebration of the state's 100th anniversary—an expense that should be borne by public subscription and not by taxation.

Some of these are good amendments and some are not so good. Texas voters, between now and the general election, should make a study of them and be in position to vote intelligently.—Abilene News.

Mr. and Mrs. C. S. Amesen and children left Monday for their home at Gilmer, Texas, after spending several days here visiting in the home of Gen. Salem and Sied Wabed, and were accompanied home by Mesdames Salem and Wabed, who will also spend a few days at Mineral Wells before returning home.

Mr. and Mrs. C. C. Huskinson and little daughter of McAlester, Oklahoma, spent several days here the past week visiting in the home of Mr. Huskinson's aunt, Mrs. A. F. Huskinson, and other relatives. They are traveling in a specially constructed car which possesses most all the conveniences of a home, and which was built by Mr. Huskinson, who is a limo-type operator.

may contain disease germs. Persons having infectious diseases of the skin, eye, ear, nose or throat may contaminate the water of swimming pools. The water may then become the means of transmitting these infections to other bathers and swimmers.

But with reasonable precautions, and in clean water, swimming is a valuable, health-promoting exercise for most people.

Baptist Revival To Begin Here July 31

Announcements made Thursday afternoon by the Rev. W. H. Adkins, pastor of the Baptist church, that the last service in July had been set as the date of the beginning of the revival to be held under the auspices of the church, and that the preaching service would be in charge of the Rev. W. H. Adkins, pastor of the Baptist church at Childress, while the song services will be conducted by local song leaders.

Absentee Voting Starts July 3 and Closes July 21 For First Time

Requirements specified this week for absentee voting for the July primary may be cast from July 3 to 21, inclusive this year.

Also absentee voting will be made simpler this year than ever before.

The law specifies that absentee ballots may be cast not more than 30 nor less than three days before the election. This would make July 3 the first day, as the election is on July 23. July 3 falls on Sunday, however, and July 4 is a holiday on Tuesday July 5, will be the first on which absentee ballots can be cast.

There are two methods of casting such a vote. A person who is going to be out of town on election day can come to the county clerk's office any day between July 5 and July 20 and give a ballot, mark it and turn it in.

Or any qualified voter can write in from out of town or have a request in person at the county clerk's office and a ballot will be mailed him. This year the voter can mark the ballot wherever he happens to be and send it back to the county clerk without appearing before a notary, as was required in the past. The mailed ballot must be received by the county clerk before July 23.

Judge O. C. Tamm, Associate Justice of the Court of Civil Appeals, at Childress, was here on Tuesday in the interest of his candidacy for reelection.

CHURCH OF CHRIST

Sunday services. Bible classes at 10 o'clock. Preaching and Communion at 11. Young People's program at 8 P. M.

Notice To Bank Patrons:

The Federal Government has imposed a tax of 2c for each check, the tax to be paid by the maker of the check, and has made it mandatory for a bank to collect this tax, and in accordance with this law this bank will charge its customers account with 2c for each check cashed each day.

Customers can withdraw funds at the bank by the use of a receipt on which there is no tax, we have such receipts which will be furnished at the teller's window. This receipt cannot be used for any other purpose than to withdraw funds at the bank.

How to play Bridge
AUCTION and CONTRACT
by Wynne Ferguson
Author of "PRACTICAL AUCTION BRIDGE"

Copyright, 1931, by Hoyle, Jr.

ARTICLE No. 8

A discussion of the following question of a correspondent should interest all Auction and Contract players: "First hand has bid no trump, second has passed, third has overcalled his partner with two hearts, and fourth has bid two spades. Under what conditions should the original hand (a) bid two no trumps, (b) raise his partner to three hearts."

This particular question opens up a very wide field of discussion and one which can be handled only in a very general way. For the purpose of this discussion it will be assumed that neither side has a score. Also assume that the dealer has bid one no trump with each of the following hands:

- A
Hearts—Q, 8
Clubs—A, 10, 4, 2
Diamonds—K, 10, 9, 8
Spades—K, J, 7
- B
Hearts—Q, 10, 7, 2
Clubs—A, 10, 4, 2
Diamonds—K, Q, 9
Spades—10, 4
- C
Hearts—7, 2
Clubs—A, 10, 4, 2
Diamonds—K, Q, 9, 8
Spades—Q, 7, 2
- D
Hearts—7, 4
Clubs—A, K, Q, 7, 6, 2
Diamonds—K, 10, 7
Spades—K, 7

Then assume that his partner has bid two hearts and fourth hand has bid two spades. With Hand A, the dealer should bid two no trump. He has a double stopper in the spade suit

and only two hearts. For this reason the no trump bid offers the better chance for game. If his partner has a strong heart suit, it is up to him to bid three hearts. The bid of two no trump indicates a strong hand but no particular help for the heart bid. Always hesitate to help your partner's suit bid with only two trumps or less. The only exception to this is when you hold ace or king and one other.

In Hand B, the dealer should undoubtedly bid three hearts. He has no stopper in the spade suit and yet very strong help for his partner's heart bid. This hand is a fine example of the type of hand on which to assist partner's suit bid.

In Hand C, the dealer should pass. He has only one stopper in spades and less than normal help for his partner's heart suit. For that reason, he should neither bid two no trump nor three hearts. It is a fine example of a hand that is just under the requirements for a two no trump bid.

In Hand D, the dealer should bid two no trump. He has only one stopper in the spades but his set-up club suit makes the hand a good chance for game in no trump. The fact that it contains only two small hearts makes a three-heart bid inadvisable. It is a fine example of a hand that is just over the requirements for a two no trump bid.

It is manifestly impossible to include in this discussion all of the various types of hands which might come under the conditions specified in the question, but the foregoing examples are typical and will act as a guide in the great majority of instances. As a general rule, bid two no trump if you have a double stopper in the suit bid or three hearts if you have three or more hearts to an honor and a sound no trump.

Problem

- Hearts—J, 7
Clubs—K, Q, J, 10, 9
Diamonds—none
Spades—Q, J
- Hearts—4
Clubs—7, 6, 2
Diamonds—K, 8, 7
Spades—8, 2
- Hearts—10, 6
Clubs—5
Diamonds—9, 4
Spades—K, 6, 5, 3
- Hearts—A, 8, 5, 2
Clubs—none
Diamonds—none
Spades—A, 10, 9, 7, 4

Spades are trumps and Y is in the lead. How can Y Z win all the tricks against any defense? Solution: Y should lead the queen of spades and B's best play is not to cover with the king. If he does, Y Z can readily drop all of his trumps and make all their hearts or clubs. B should, therefore, play a small spade, allowing Y to hold the trick. Y should then lead the jack of spades, which B should also pass. Y should now lead the king of clubs and Z should trump it with the nine of spades. This is the key of the problem for, if Z doesn't trump this trick and so shorten his trump holding, he will eventually be forced to trump

and, therefore, allow B to make his king of spades. After trumping the club, Z should lead the ace of hearts and then the deuce, winning the trick in Y's hand with the jack. Y should now lead a club. If B trumps, Z overtrumps and drops B's remaining trump and his hearts are good. If he refuses to trump and discards, Z will also discard and is sure to win the last two tricks as he has a tenace position over B's king of spades. This problem and its solution came up in actual play and is an example of the grand coup, that is the trumping of a good trick in order to shorten the trumps and obtain a tenace position at the end.

(Continued from front page.)

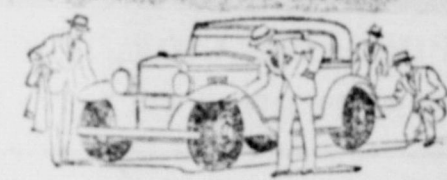

A weed-killing campaign in Munday and it isn't a bad suggestion. In fact, it will be almost a necessity, for the good rains have made them grow thick and large, and mosquitoes will breed

by the millions, and sickness will result unless the weeds are cut, so let's not wait for a campaign, but get the job done individually.

If you haven't the time to do it, there are many who need the work, and who will work at reasonable pay.
