To Show Customer Appreciation . . .

Merchants To Award Turkeys

This is the ninth year for most merchants to participate in the "free turkeys for Thanksgiving give-away". It is one of the many ways the merchants say "thank you, we appreciate your business."

If you happen to be one of the lucky winners in the annual turkeys for Thanksgiving sponsored by the participating merchants of Munday you could receive a free turkey for your table.

To be eligible to receive a free turkey, a person must register with the sponsoring merchants and abide by their rules of eligibility. You do not have to make a purchase and you do not have to be present at the drawing to win. You will be notified if you are a winner

and where you may pick up your turkey.

These turkeys will be frozen so any winner can prepare it whenever they choose, if you do not want it for Thanksgiving.

The Munday merchants who are participating in this event are doing so to express their appreciation to their customers for the business they have received throughout the year.

One winner from each participating merchant will be determined on Saturday, November 17, so register prior to this date.

It is requested that the Munday Courier be notified of all winners, so their names may be published in the paper.

Munday Advanced To Class AA In Football

Come 1980, Munday will be playing in Class AA football - for the first time in history for the Munday Moguls!

This came about as a result of football alignments received in the mails Saturday morning from the University Interscholastic League. The UIL studies enrollment figures every two years and reorganizes the districts accordingly. The alignments are also for basketball.

Classifications are made in accordance with enrollment figures in high schools.

Munday is now placed in the new Class 7-AA, with Crowell, Haskell, Paducah, Quanah and Seymour.

Knox City remains in Class A, District 4, along with Aspermont, Chillicothe, Jayton, Newcastle, Rochester, Rule and Throck-

morton.

Goree returns to six-man play, District 3, with Patton Springs, Benjamin, Guthrie, Harrold, Higgins, Northside and Weinert.

Supt. Douglas Myers and Coach Steve Rodgers met with other school officials of the district in Paducah last Monday to work out the district schedule. It is as follows:

on September 5, there; Windthorst at Munday, September 12; Knox City, there, September 19; Rule, at Munday on September 26; Electra, Oct. 3, there; and October 10 is an open date.

Frost Comes To Munday November 1

Halloween ended at midnight October 31 and in the early morning of November 1, the temperature dropped to 31 degrees causing a light frost to form.

If you were out before 7:30 a.m. you saw "Jack" collected on automobile glasses and etc. As soon as the sun shimmered it's rays on the world for a few minutes, Jack Frost was gone.

We also reached a low of 32 degrees both on November 2 and November 3.

This has not been ample frost to kill cotton leaves. Farmers are still killing with acid. Only on low ground by the river did anyone report enough "kill" to help get rid of the leaves.

Garden Club To Meet

The Munday Garden Club will hold its 2nd meeting of the season on Tuesday, November 13 in the fellowship hall of the Methodist Church. There will be a salad luncheon followed by a guest speaker, Mrs. S. E. Gillespie, chairman of District II of Texas Garden Clubs.

Moguls Suffer Defeat At Hands of Haskell's Indians

Munday's fighting Moguls, although clearly outclassed, put up a gallant battle against the Haskell Indians last Friday night at Haskell, but were forced to settle for a stunning 48 to 14 defeat. The host team was clearly in charge of the game all during first half activities.

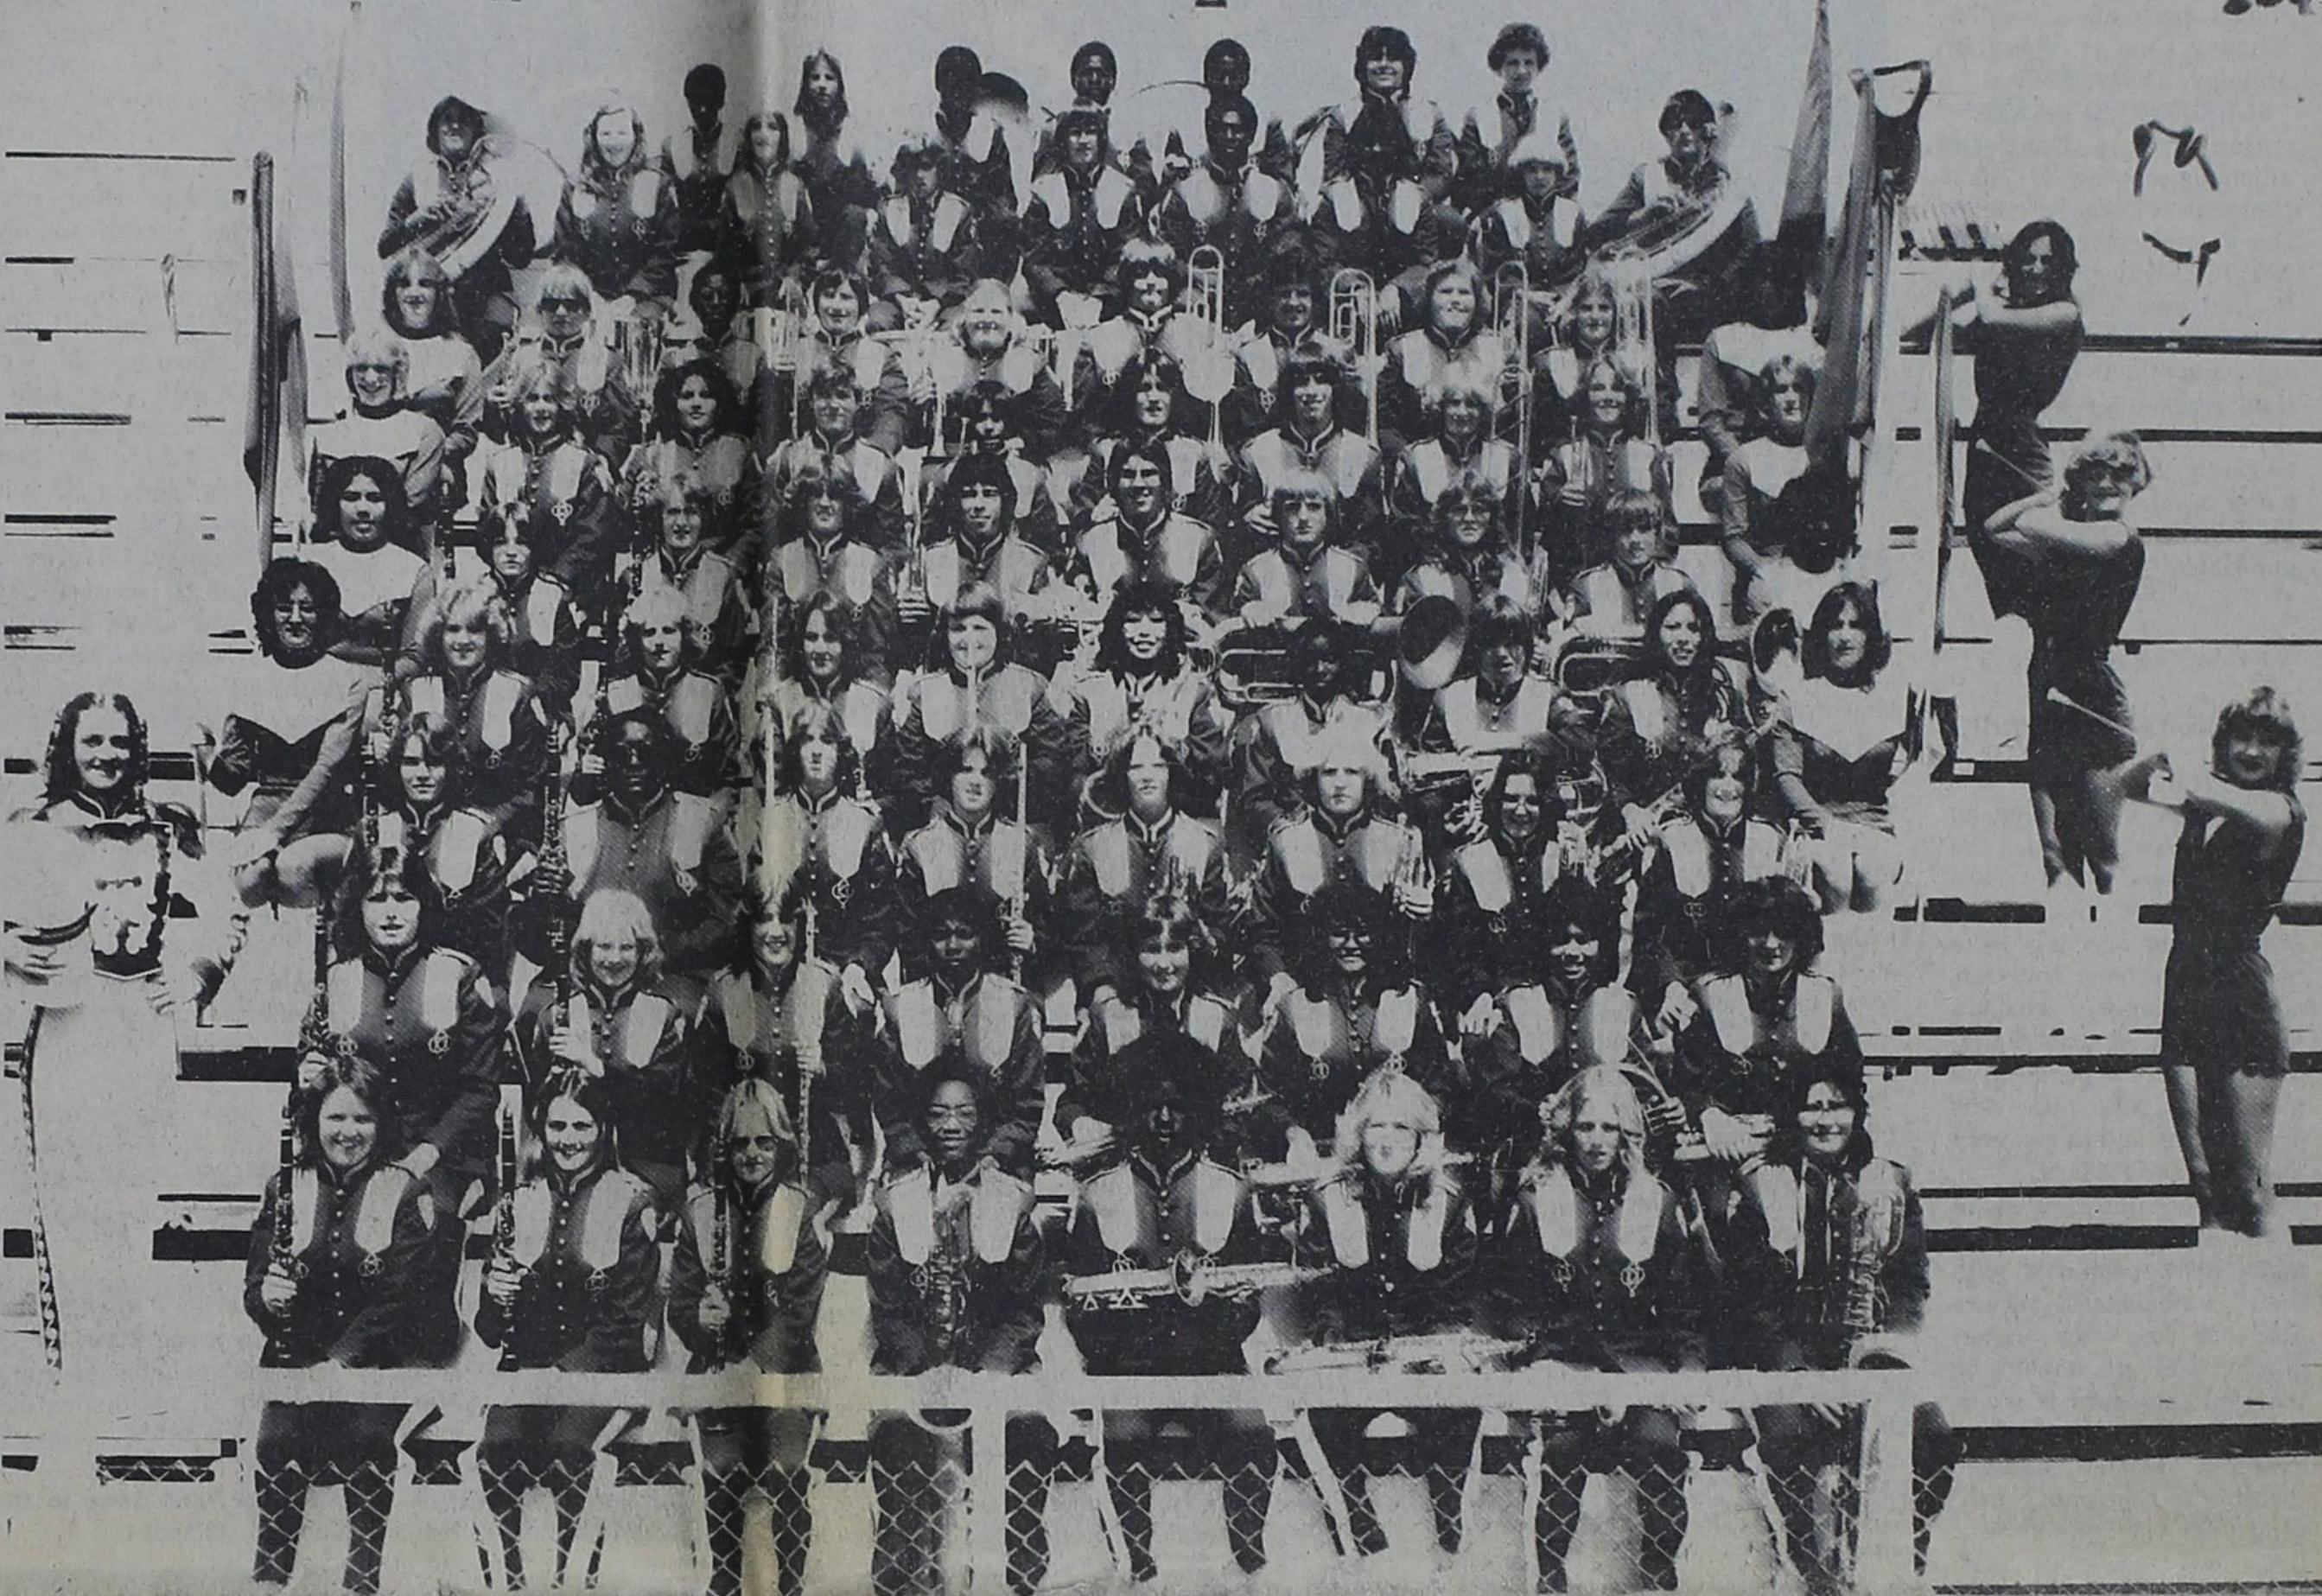

The 19-man Indian team built up a 34-0 lead in the first half, with Monty Hise rushing 132 yards for the first two touchdowns. The Indians had the ball on six possessions and scored on the first five during the first half.

The Moguls were held to 74 yards total offense and only three first downs

Number One Rating Earned By Munday Mogul Band

When Munday's own Dan Sloan announces, "For your pleasure we now present the number one band in all West Texas land - The Big Purple Cloud", we Mogul Band fans never doubt him for a minute. We know they are the best!

Tuesday, at 11:04 a.m. The Big Purple Cloud performed on the field at Memorial Stadium in Wichita Falls at the annual UIL marching contest and got a 1 rating!!

Jerry Frazier, band director in Munday schools for four years, has

worked so very diligently with this group and he is tremendously proud of them. We, in turn, are pleased to have Mr. Frazier. His efforts are many when it comes to helping these students in various ways, both as a group and individually.

Other bands in Munday's district and their ratings are: Paducah, 3; Knox City, 3; Archer City, 1; Quanah, 1; Crowell, 2; and Holiday, 1. Petrolia is also in this district but was unable to attend.

Munday Band students, we are proud of you!

Substitute Mail Carrier Applications Being Taken

Postmaster / Sectional Center Manager Jack D. Watson announced today that applications for the position of Substitute Rural Carrier will be accepted in Room 28-A of the Main Post Office building, beginning November 8. The deadline for applying will be November 16, 1979.

Persons appointed to these positions will deliver mail on a rural route in the absence of the regular carrier. This may be as often as once a week or as

frequently as four to five weeks per year.

Substitute rural carriers must furnish their own automobile and the pay, including vehicle maintenance allowance, ranges from \$56.13 per day to \$77.62 per day.

Gillespie To Hold Revival

Gillespie Baptist Church will hold a revival beginning Sunday, November 11 and ending on Sunday, November 18. Services will be each evening at 7:30 p.m.

Rev. G. David Clark of Marshall N. C. will be the evangelist and Joe Earp of Knox City will be the song leader.

Special music will be provided by many different people. Tom Robertson, pastor of Gillespie Baptist Church, extends a warm invitation to everyone to come worship.

SS REPRESENTATIVE TO BE HERE NOV. 15

A representative of the Vernon Social Security office will be in Munday at the City Hall Thursday, November 15, from 10:00 a.m. to 12:00 noon.

The representative will be glad to assist in filing an application for Social Security Retirement, Survivors, Disability, Medicare of Supplemental Security Income benefits.

We Should Be Proud Of Ambulance Service

Let's hope we will never take our ambulance service for granted. Everyone should remember when it was up to the City of Munday to take over the ambulance service.

McCauley-Smith had been forced to make their decision of getting out of the ambulance business. The City of Munday was taking it, not because they wanted it (as it was known to not be a money making business) but because we had to have ambulance service.

Munday and Goree citizens rallied strongly when money was being raised for the new ambulance and Munday has some tireless volunteers that aid Bobby Hutchinson in a great many ways.

Knox County, Goree, Knox County Hospital District and Munday share the expense of operation. The expense is totaled for each month, the income is subtracted and these four units pay the difference. Goree and Munday share their expense according to population.

Bobby Hutchinson does a fine job of handling the ambulance service. Besides being on call, keeping the vehicle and supplies ready at all times, he has books to keep. He shared some of his records with The Courier and we thought a report of charges and number of calls up to this time might be of

interest to our readers. After this article, we plan to report each month.

In 1976, when the ambulance went into operation, 108 calls were made with charges of \$6,044.50 made. Of this amount, \$5,151.65 was paid. In any kind of business, and it should not be so, there is always an amount left unpaid. 1547.30 was unpaid with \$345.55 deemed uncollectible for that year.

In 1977, a total of 164 calls were completed and \$8,345.00 in charges with \$7,432.70 of this amount paid in that year. \$170.30 was uncollectible in 1977.

In 1978, calls totaling 165 were made and charges in the amount of \$8,274.00. Of this amount \$7,583.70 was paid and \$59.40 considered uncollectible. One can see that 92% collection was accomplished which is excellent.

In the ten month period of 1979, 133 calls have been completed with 64% collection made thus far. Of course, the collection is not always made in the same month as the charge.

There has been no real disappointment in the ambulance operation. We have had excellent personnel and once Bobby Hutchinson took over there have been no complaints on how patients are handled.

However, it does cost a (Continued On Page 2)

Moguls Close Grid Season Friday

The Munday Moguls will play their final game of the 1979 season Friday night, entertaining the Aspermont Hornets on the local field. Even though the Moguls are "out of the running" in district play, they will not end the season on a sour note. To close out with a win will add spice to the Moguls' final effort.

The game with Asper-

mont will be an interesting one, as the Hornets have a rather good record this year. They now stand at 2-2 in district, being beaten only by Knox City and Haskell, and 6-2 for the season.

Both teams have fallen prey to the Haskell Indians, now contending for district championship. Munday lost last week by a 48-14 score and the Hornets dropped a

place Friday night when the Haskell Indians meet the Quanah Indians at Quanah for the District 7-A championship.

Haskell's ground game netted 314 yards, and Harris completed nine of 18 passes for 102 yards. Munday closed the game with 239 yards total offense, with three passes accounting for 142 yards.

AMBULANCE SERVICE

great deal to operate this
service and it has been an
added expense on the
county, Knox County Hos-
pital District, Goree and
Munday, but one they have
been able to meet thus far.
The volunteer workers
have purchased some equip-
ment. Numerous people give
memorial gifts to this
organization and this is very
much appreciated.
We read quite often of
towns and counties having
many more problems with
their ambulance service
than we are now experi-
encing and we should be
thankful that ours is work-
ing well, but it would not
if everyone wasn't working
together to that end. So we
repeat our beginning phrase:
Let's not ever take our
ambulance service for
granted!

West Texas Utilities Co.
has filed for an increase in
wholesale rates for electric
energy it supplies to 14 rural
electric cooperatives and
one municipality.

The increase would
average 10.6 per cent, and
for most of the co-ops would
be the first increase in base
rates in 15 years. Most of
them have been buying
power from WTU under
contract initiated in 1965.

WTU, in its filing with the
Federal Energy Regulatory
Commission in Washington,
estimated that the increase
would amount to \$2,261,349
in additional revenue for the
company during the 1980
calendar year.

The increase would be
effective January 1, 1980.
All of the existing co-op
contracts expire on Decem-
ber 31, 1979. The contract
with Sonora, which is the
municipality involved, ex-
pires December 31, 1983,
but contains provisions for
rate changes.

W. P. (Bill) Sayles, WTU's
vice president for customer
services, said rising costs of

providing service made the
increase necessary. "Fifteen
years without an increase is
a long time," he said,
"especially in a period of
inflation."

He said the proposed rate
structure is designed not
only to bring charges to
wholesale customers more in
line with WTU's increased
cost of service, but to en-
courage the co-ops to level
their loads.

This incentive is provided
in a demand charge, based
on a ratchet clause which
allows WTU to bill these
wholesalers for up to 80 per
cent of their peak demands
over a 12-month period and
helps level costs over the
year. It also gives them the
opportunity to actually de-
crease the unit cost of
electric energy and minimize
costs to their customers by
shifting load to off-peak
periods.

"We chose the demand
charge because we feel it
will be beneficial to the
co-ops and their customers,
and to the overall efforts to
conserve energy," Sayles
said.

"Without such a provision
there is no incentive or
benefit for the wholesale
customers to implement load
management programs."

Sayles said the proposed
new contract had been
discussed with all of the
co-op managers and their
engineering consultants be-
fore the filing was made
with the Federal Energy
Regulatory Commission.

Police Report

By Chief Gerald Saffel
The Munday Police De-
partment wishes to say
"thank you" to all our young
people. As a police officer,
this was the quietest
Halloween I have ever seen.
There were only three
incidents of eggs being
thrown. Two subjects were
apprehended and charges
filed for criminal mischief
along with other charges.

The Department worked
the following cases during
the period of October 8
through November 4: Cita-
tions, 31; warnings, 11; fire
inspections, 4; fire calls, 2;
disturbances, 2; thefts, 1;
burglary, 2; DWI, 2; illegal
carrying of weapon, 1;
accidents, 2; drunk in public,
1; vandalism, 1; motorist
assistance, 1; and criminal
mischief, 2.

appeared in the October 25
issue of The Courier.

The bingo committee
worked diligently, contact-
ing merchants because they
had a goal: to pay for a new

school stage.

Area merchants came
through for them and the
committee commended Munday
merchants for their over-
whelming support and their
goal was accomplished!

Merchants that have con-
tributed since October 25,
who the PTO of Benjamin
Schools would like to say
thanks to are: Osbornes,

**Knox County Shares
Texas Travel Dollars**

Knox County received
\$1,318,000 of the State's
\$7,032,369,000 travel re-
ceipts in 1978, a national
study commissioned by the
Texas Tourist Development
Agency has disclosed.

The 1978 figures reflect an
increase of 12 percent in
travel receipts over 1977 for
Knox County.

In addition to gross
receipts, the study found
that Knox County in 1978
had 57 of the state's 243,887
travel-related jobs, with an
annual payroll of \$334,000.

It also estimated \$53,000
in state and \$7,000 in local
taxes were paid by county
visitors in 1978.

The study was done by
the U. S. Travel Date Center
in Washington, D. C., an
independent travel research
organization funded jointly
by public and private
sectors.

It was based on the
Center's Travel Economic
Impact Model which breaks
out a state's share of the
national travel market on a
county-by-county basis.

The model measures the
economic impact of all travel
involving overnight trips
away from home, and day
trips at least 100 miles or
more from home. Thus it
includes travel by Texans as
well as out-of-state visitors,
for all purposes.

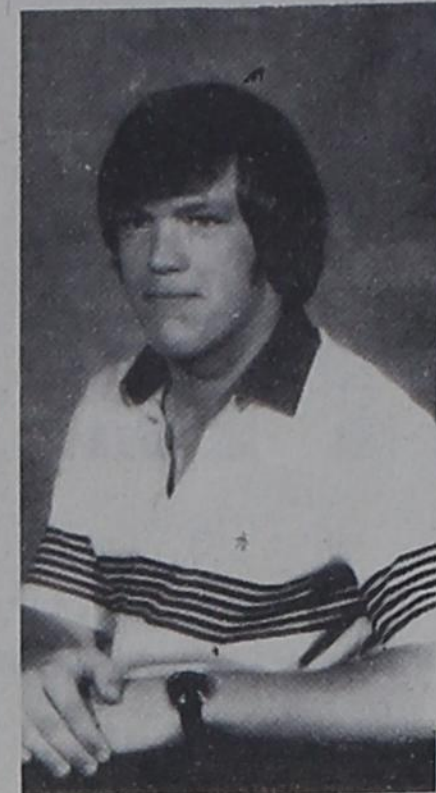

It includes estimates of

Lenny Welch recently
entered the District IX
Mr. FTA contest at Burk-
burnett. Each local FTA
Chapter may send a candi-
date to the district con-
vention. The candidate then
presents a three-minute
speech on a selected topic.
This year's topic is "TFTA:
The Freedom to Achieve".

Lenny has worked many
weeks on his speech, and it
all paid off. After the
preliminary round, he had
to tie for first place with a
young man from Wichita
Falls High School. These
two then read for two new
judges. At the House of
Delegates, the District
President announced Lenny
Welch as Mr. FTA and
presented him with a
plaque. Lenny then pre-
sented his speech to the
crowd. Now, Lenny is
preparing for the state
Mr. FTA Convention to be
held in Houston. He will
compete with 19 other
speakers across the state for
the coveted title of 1980
Mr. TFTA and a \$1,000.
college scholarship.

The Munday Chapter is
very proud of Lenny Welch
and several other Munday
students who have received
statewide recognition for
their achievements. Omar
Choucair, this year's State
parliamentarian, has trav-
eled across the state for
leadership conferences, ex-
ecutive meetings and speak-
ing engagements. He will be
the honored guest and
speaker for three conven-
tions in the upcoming weeks
at Dallas, Ft. Worth, and
Roscoe.

LENNY WELCH, MR. F.T.A.
Last February, Perry
Kuehler, local chapter
President, accepted a trophy

at the State Convention for
Munday's selection as TOP
TEN PROJECTS in Texas.

The Texas Future Teach-
ers organization is 41 years
old. It is the largest youth
organization in Texas and
the largest future teachers
association in the nation.
Munday's accomplishments
are significant in that they
represent over 400 chapters
and over 15,000 members.
There are very few small
schools actively involved
in FTA, but Munday
continues to compete with
the larger schools. In
District IX, Munday is the
only "A" school. Other
chapters include Burk-
burnett, Electra, Graham,
Iowa Park, Jacksboro, Ol-
ney, Vernon, Wichita Falls

and Wichita Falls Hirschi.

**Good Attendance At
Halloween Carnival**

Another Halloween Carni-
val is history and a real fine
one it was! The "kids" came
for a good time and were not
disappointed. All the booths
were busy throughout the
elementary gym and every-
one was having a ball!

It goes without saying
that a tremendous amount of
preparation and "just plain
old labor" goes into this
endeavor but when the
children enjoy it, the time is
well spent.

It is so great that an
activity such as this is
planned so there will be a
place for the young people to
go. Munday is fortunate to
have people who are willing
to put this "happening"
together.

Thanks go to the many
high school students who
worked with Stacia Cook on
the take-off of "The Johnny
Carson Show". It was very
well done and most enjoy-
able.

Members of the Jaycees

and members of the Cham-
ber of Commerce and
Agriculture co-sponsored
this event. They both
deserve a thank you.

They, in turn, extend
their appreciation to all the
townspeople who labored
unselfishly and helped make
the carnival possible.

Proceeds from the carn-
ival, received by the Cham-
ber of Commerce and
Agriculture, will be used to
support community pro-
jects.

Vows Unite Gary Eggleston, Glenda Weaver

Glenda Gayle Weaver and Gary Lee Eggleston exchanged wedding vows Sunday afternoon, September 30, at 2:00 p.m. in the First United Methodist Church in Big Lake, Texas. Rev. Charles Gates of Midkiff officiated the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Glynn Weaver of Goree. Mr. and Mrs. Garland Lee Eggleston of Big Lake are parents of the groom.

The bride was given in marriage by her father. Her dress was silk organza and lace over taffeta with a tapered lace train with matching veil.

Mrs. Patti Garber, sister of the bride, was matron of honor and bridesmaid was Kim Conaway. They were attired in formal gowns of baby blue. Amanda Davis was flower girl and Tommy Luxton was ring bearer.

Bob Davis served as the groom's best man and groomsmen was Jody Garber. Candlelighters were Lesley Lexton of Big Lake and Grady Weaver, brother of the bride. Ushers were Greg Eggleston, brother of the groom, and Bobby Preas.

Kami Short provided music for the ceremony. Soloist was Debbie Nolan. She sang "Always and Forever" and "We've Only Just Begun".

At the conclusion of the ceremony, the bride and groom presented their mothers with a long stem red rose.

The reception was held in the Triple "G" Pizza. Guests were registered by Lina Eggleston, sister of the groom, and Liza Conaway and Denise Sugentholer

MRS. GARY LEE EGGLESTON
... nee Glenda Gayle Weaver

served the guests.

After a short wedding trip to Dallas/Fort Worth, Goree

and Munday, the couple plans to make their home in Big Lake where Mr. Eggleston is self-employed at the Triple "G" Pizza.

Both bride and groom are graduates of Reagan County High School in Big Lake.

Glenda is the granddaughter of Mrs. Willie Weaver of Munday.

Last year nine persons were killed and 743 injured when their cars collided with animals on Texas roads.

Farm Equipment Sale To Benefit Rehab Center

Phase five of the Cattleman's Round-up for Crippled Children, the farm equipment auction, is set for 10:00 a.m. Saturday, November 10 at the Tex Herring Equipment Company in Lawn, Texas. Auctioneer Col. Tex Herring (TSC-010-0258) will once again donate his services for the Rehab sale.

Individuals and equipment companies throughout the area will be donating farm equipment and related items for the sale. Included in this year's sale will be

items from the Marshall Jackson estate. Household goods, including many antiques, will be auctioned off from the estate.

Other merchandise donated already for the sale includes a tractor in good running condition, a low-mileage 1975 Buick Le Sabre, a 1974 Pontiac Grand Ville hardtop, office furniture and an assortment of farm equipment.

Anyone wishing to donate equipment for the sale is asked to call the West Texas Rehabilitation Center.

Col. Herring stated, "I feel that this year's Rehab sale will draw an even larger crowd of buyers because of the wider selection of items that will go on the auction block."

Funds from the November 10 auction will help provide services to the more than 7,000 patients that will be treated at the West Texas Rehabilitation Center this year.

The Center has facilities in Abilene, San Angelo, and Snyder.

MUNDAY SCREENING CLINIC SLATED

The monthly screening clinic sponsored by the Texas Department of Health will be held at the Munday Community Center on November 14, 1979 from 10:00 a.m. till 2:00 p.m.

Screening tests will be offered for: blood pressure, diabetes, anemia, skin disorders, height and weight. If an abnormality is found, the person will be notified and referred to the physician of their choice.

Mr. and Mrs. Melvin Strickland attended a Strickland family reunion in Graham, Sunday, November 4. Melvin's mother, Mrs. O. Strickland was celebrating her 96th birthday. There were 77 relatives and friends registered. Among the friends who visited were Tug Nesbitt, Graham, and Mr. and Mrs. Grady Phillips, Munday.

Funeral Held In Goree For Ellie Boggs

Ellie Mae Boggs, 74, of Munday, formerly of Seagraves, died at 7:45 p.m. Monday in the Knox County Hospital in Knox City after a short illness.

She was born February 10, 1905, in Leesburg. She married William Terrell Boggs on December 30, 1944, in Rule. He died in 1973. She had lived in Seagraves for many years before moving to Munday several weeks ago. She was a member of the First Baptist Church in Seagraves.

Services were held Wednesday afternoon at 2:00 in First United Methodist Church in Goree. Rev. E. D. Throckmorton of Lubbock and Rev. Ivan Allen, pastor of Goree First United Methodist Church, officiated. Burial was in Goree Cemetery under direction of McCauley-Smith Funeral Home of Munday.

Pallbearers were Dan Beck, Jerry Lambright, Alton Loe, Lee Bruce, Jack Steward and Jack Beaty. Survivors include one brother, Leonard Sanders of San Antonio; and several nieces and nephews. Mrs. Estelle Rayburn of Munday is a niece to Mrs. Boggs.

Benjamin News

By MRS. GLADENE GREEN

FOOTBALL ROYALTY:

Half-time of the Jr. High ballgame Thursday night, Lana Gideon was crowned football sweetheart. Lana is the daughter of Mr. and Mrs. Weldon Gideon and is a cheerleader. The football hero is Troy Oxford, son of Mr. and Mrs. David Oxford. The Colts finished the season undefeated, and we congratulate them on a job well done.

HALLOWEEN CARNIVAL:

The Halloween Carnival has come and gone, and everyone seems to be in agreement that it was a

success. The committees all worked hard to make it a success and are to be commended for their efforts.

Following the carnival, the annual program and coronation was held. Each class presented a skit from a certain era. High school was judged by a panel of judges and the representatives from the class winning the skit were crowned King and Queen of Benjamin High School. The Jr. representatives, Mickie Smith and Jimmy were chosen. Their class did a take of "Saturday Nite Live". All the skits were good, and this was indeed an evening of entertainment.

COMMUNITY SUPPER:

The annual Thanksgiving supper will be Wednesday night, November 14 at 7 p.m. at the Memorial Center. Everyone is invited and urged to attend.

HERE N THERE:

Mrs. Bill Powers of Midland spent the weekend with her parents, the C. B. Clowers.

Becky Stamps attended Kristen Simmons's birthday party in Gilliland Sunday.

Sunday dinner guests of Bessie Russell were Grace Smith, Elsie Morgan and Mrs. Cecil Smith of Munday.

Mr. and Mrs. Van Green visited his parents in Denton over the weekend.

Mr. and Mrs. Bobby Roberson attended the funeral of Robert Trainham Friday in Mineral Wells.

Mr. and Mrs. Walter Trainham visited their son and family, the Billy Trainhams of El Paso, a few days last week.

Visiting the H. T. Meltons during the weekend were Mary Jane Young and Debbie and Janet Green of Lubbock.

BENJAMIN FFA NEWS

A Feller Oughta Get to Go Fishing About Once Month

About once a month a fellow ought to get to "go fishin", or so thinks Troy Moore. He tries to practice what he preaches to the fullest extent.

Troy retired from The Texas Highway Department last spring and one of the things he enjoys most is fishing. His wife, Margaret, shares this liking, so he has a "fishing buddy".

They have just returned from an excursion to Nocona Lake. They went there on Labor Day weekend, on the advice of Charles Pruitt of Wichita Falls, and found it to be everything he told them it was.

They dressed something over 300 fish totaling about 150 pounds caught by them

and friends and relatives. Joe and Latree Lane joined them for a few days, as did Dead Hudson, Mr. and Mrs. Butch Hudson, and Mr. and Mrs. Jerry Johnson, all of Lewisville.

There is a "crappie house" about fifty feet from where the Moore's park their camper trailer, and Joe and Troy fished from this area because of the convenience.

The people there told the two Munday men, "We are going to have to restock this place when you leave. You are catching all our fish."

In all the times a fisherman can't come home with this much proof of a successful trip, we thought it fitting to report this one of Troy and Margaret's.

Analysis Shows Difference Between Soil and Just Dirt

"Dad, what is the difference between soil and dirt?"

"It was one of those sudden questions that pop up and put parents behind the eight-ball. I stalled for time as I dealt another hand of bridge, trying to remember if I had ever heard an answer to that one."

I hadn't. But I took a cue from a long-ago course in biology which defined a weed as a plant out of place. "Son, soil covers most of the land - except where bare rock is exposed - and as long as it is where it belongs it is soil."

"But when it gets on your face or on your clothes it is dirt. When it rains and sticks to your feet it is mud, but if you leave it where it belongs it is just wet soil," I added, warming to the subject. "If the wind blows it about it becomes a part of a sandstorm or dust storm" - I had learned there is a difference. "If it is washed into a lake it becomes sediment and may some day

fill the lake and ruin it."

"Why?" I was behind the eight-ball again.

"Why what?"

"Why does dirt ruin the lake?"

Wives and guests get a secret delight when a father is carried beyond his depth by a few simple questions from a youngster. But wives earn their keep when they stop the questions before the father loses patience and becomes embarrassed. The child was sent to bed with a promise that "Your father will tell you all about it later when he isn't busy at cards."

So the next morning I called the local office of Soil Conservation Service to find out just when soil becomes dirt, why it ruins a lake, and related questions. That is how I found out about the soil survey that had been published in my county.

I learned that soil isn't just soil - or dirt either, for that matter.

There are 46 distinct kinds of soil in my county, all listed by name, and des-

cribed - and these are only a small percentage of several thousands of soils in the nation that have been identified, analyzed, and described.

Each soil is broken down into "mapping units" because of differences in the depth of the topsoil or subsoil, the slope on which it lies, its erodibility, or other factors that affect its suitability for use in agriculture or forestry.

On aerial photographs covering all of the county, soil scientists draw in the boundaries between all of the soil "mapping units". The soil scientists have walked over the land, boring holes, measuring soil depth and slopes, estimating how much had been eroded away, determining percentages of sand, silt, and clay - in short, making a complete inventory of the county's soil resources. Within each soil separation on the map is a symbol. These symbols open up a wealth of information.

I was shown the map on which our town was located. The houses on our street showed up as tiny dots, and I picked out our home. The symbol for our soil was 25, and when I ran it down I found that soil was Miles

fine sandy loam.

The color of the surface was reddish brown or brown. I agreed. The subsoil was also reddish brown but the texture changed to sandy clay loam and at about 50 inches the soil contained some hard white pebbles called concretions. These concretions, I was told, were pure calcium carbonate - better known as lime. I had never dug down that deep, so I took their word for it.

The fine sandy loam surface allowed rain to soak in rapidly so that surface runoff was slow and hazard of water erosion was low. This same surface texture, however, made wind erosion a problem. There were mechanical and chemical analysis of my soil.

An engineering table showed the soil to be only fair to build a road on because it had inadequate strength to support heavy loads. It was real good for building foundations, driveways, and septic tank systems and was an excellent source of topsoil.

If the land were in a farm it would be highly productive. With good management it could produce 300 pounds of cotton lint, 35

bushels of grain sorghum, or 20 bushels of wheat. With irrigation these yields could be increased to 700 pounds of cotton, 85 bushels of sorghum, and 50 bushels of wheat.

In rangeland the soil could produce 2,300 pounds of dry weight forage during a normal year. The main plants growing there would be blue grama, sideoats grama, plains brome, and Arizona cottontop.

I hadn't wanted to learn that much about my soil. But this was my soil, even if it was only a city lot. I was fascinated at this new world to which I was being exposed.

I made it a point to gather up many of the information pamphlets available there at the SCS office. Pamphlets explaining everything from soils to septic tanks, garden mulches to gully washes, and conservation activities for scouts and school teachers.

I was now ready for anything. All because of a silly question asked by my five year old son.

AARP Holds Meeting; Elects 1980 Officers

The Munday chapter of the American Association of Retired Persons met in regular session Thursday, November 1, at the Munday Community Center, with 21 members present.

Bera Spann offered the invocation at the request of the chapter president, Virginia Carey. The pledge of allegiance was repeated in unison. Minutes of the previous meeting was read by Leona Blankenship, secretary. Treasurer's report was given by Thelma Hendrix.

Ina Cowan gave the legislative report and members were urged to vote on the amendments in the upcoming election on November 6. They were given questionnaires to vote their preference on legislative proposals that may be before the legislature in the future that will affect older Texas citizens.

Chapter officers for 1980 were elected and are: president, Earl Ponder; vice president, Tuck Whitworth; treasurer, Euris Reid and secretary, Virginia Cary.

Game nights are November 1, 8, 15 and 29, with the sing song being November 15.

Thanks for the meal was voiced by Leoma Tuggle. Everyone present enjoyed the wonderful assortment of delicious food. After lunch, the program chairman showed a comedy film.

December 6 will be the date for the next regular meeting. All members are urged to be present and visitors are always welcome. Reporter - Grace Gollehon

SECRET SECOND SISTERS

By Tena Josselet
The Munday FHA started off their projects this year with the drawing of names for secret sisters on October 29. Each member drew a name of another FHA member to whom they will give gifts, cards, and other small presents.

This is our way of developing closer friendships with all FHA'ers. This way we learn more about their interests and talents that without this project we wouldn't know.

This is only one of our many projects that are planned for the 1979-80 school year. You can expect a very active FHA organization this year.

TAKING A LOOK AT TEACHERS

By Norma Vasquez
Mrs. Sloan, the kindergarten teacher of elementary school, was recently interviewed. She was born at MaCamey, Texas, and was a graduate from Levelland, Texas, schools. She attended college at McMurry and Midwestern. Her hobbies include sewing, and whenever she has time, reading. Mrs. Sloan has been teaching for 13 years; she states that it is a challenge to teach children, now, in this day and time.

NOMINATION OF CANDIDATES

By Debbie Valencia
The Pep Squad held a meeting Friday night as we were on the way to Haskell on the bus. The purpose of the meeting was to select three nominees for football hero. Among those who were nominated were: Isom Murray, Lenny Welch, Randy Waggoner, Ernie Valencia, Keith Sanders, and Montie McAfee. As only three were to be nominees, we chose Isom, Montie and Randy. All football season these Seniors have worked

out real hard and each one of them is a hero to all of us. We decided to let the student body help us select the hero for this year, and votes were taken on Monday morning. Come to the game Friday night to learn the results!

ENGLISH III CLASSES

By Shari Offutt
This year in Mrs. Donoho's English III classes, we started out reading short stories and learning about the authors. We are now reading the novel "The Red Badge of Courage". After every chapter we discuss the story and answer a few questions about it.

Every "once-in-a-while" we get a grammar sheet slipped in for us. This makes some of us uneasy, to say the least!

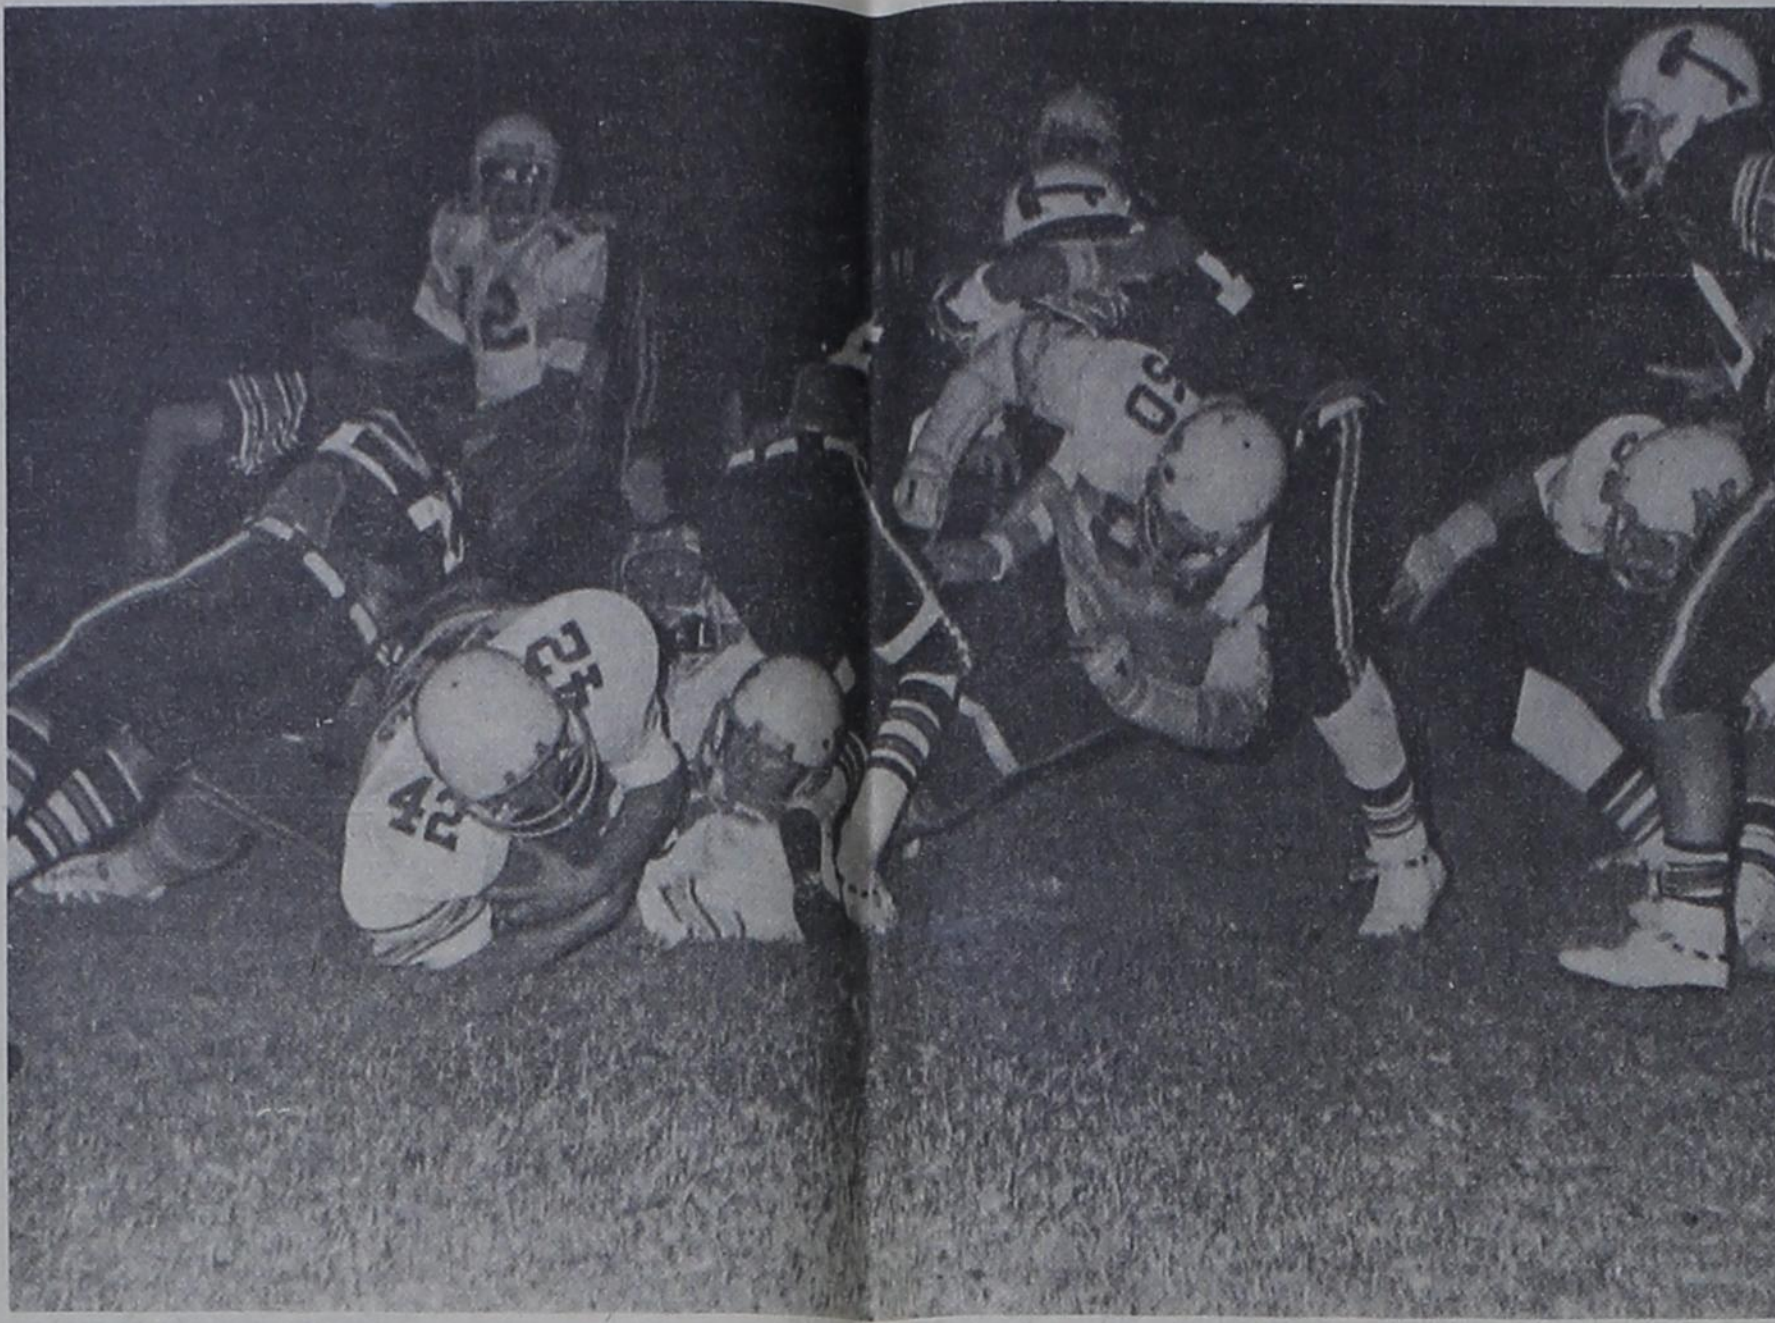

We just hope to overcome our bad habits of not reading more, and to learn to enjoy more novels.

We also hope we survive!

A MODERN-DAY MYTH?

By Mary Ann Sepeda
Once upon a time, three senior boys came into the working-world - shopping for food. Omar Choucair, the first one, had no money in his pocket; Lenny Welch, the second one, had fender repairs to pay for; and Jerry Gray, the third one, had his telephone line cut off because he had too many calls to Rotan to pay for. The story goes on that these three young men applied for a job at the M System, and you will not believe this, but they got the job!

Everything seemed to be going okay, when suddenly three junior boys found themselves tired of walking. So, two of them, Johnny Jackson and Gregg Norman, bought two white cars, while the other, James Beaty, unlike them, bought himself a black one. Soon the gas prices started crunching them, and they starting moping again. Again, the M

HE'S OVER! Randy Waggoner, 42, eludes numerous blockers and goes across for Munday's second TD against Haskell Friday night. Other Munday players are, from

left: Omar Choucair, 12; Lenny Welch, 50; Allen Brown and Phil Johnson.

System came to the rescue and put them all behind counters or between the aisles of groceries.

These six young men can be found today, happily working very hard at the M System Super Market, doing a great job, looking very pleased - and looking at all the girls who just happen to come in to shop for their mothers!

SENIOR SPOOK HOUSE

By Yolanda Escamilla
This past week the senior class held a Spook House at the CB City building. The Spook House operated on Monday and Thursday and turned into a big success both nights. Many people came through - some liked it so well they returned 2 - 3 times. The Seniors really put a lot of work into the project, which in turn was a whole lot of fun, and good for the community. The seniors would like to thank all the people who helped make it a success.

SENIOR SUPPER

Beginning last Wed-

nesday, the senior class sold tickets for a chili supper. The tickets for adults were \$2.50 and \$1.75 for children under 12. Only a few tickets will be sold at the door - so we hope you have yours to join us Friday from 5 - 7.

The menu of chili, crackers, cole slaw, red beans, cobbler, and tea sounds good! We would like to say "thank you" to the people who always help support the Senior class!

City Council Holds Hearings

The City Council of the City of Munday, as required, held two public hearings, October 29 and October 30, in regard to Munday's pre-application for a HUD discretionary fund grant. Citizens were invited by a publication in The Munday Courier and by personal contact, to express their views at these hearings.

The only person contacting the council was Aline Johnson who did so by a phone call. She wanted the council to know that she had talked with several people in her area on Fir Street and they were still in favor of paving and drainage and felt it was the most needed thing in their area.

No one came to the hearings. After discussion the council decided to have Andy Andrews, again present the same basic pre-application as last year with paving, drainage, and also some water and sewer to be applied for. This is to be applied for low income areas where paving front foot projects have been impossible to build by City efforts.

IN TOUCH

By TOM ROBERTSON, PASTOR GILLESPIE BAPTIST CHURCH

TAKE TIME TO SAY, "THANK YOU LORD"

In the gospel of Luke there is the account of ten lepers who were cleansed after having cried out to Jesus for mercy. Jesus commanded the lepers to show themselves to the priest, as prescribed by the Law of Moses, because the priest was qualified to determine whether or not a person was safe to be returned to society.

The Bible says "as they went, they were healed." Their "going" became an act of faith as it proved they believed Jesus and took Him at His word. All of the ten

United Fund

Anyone that has ever worked deadlines knows how difficult it is. Paula Schur, campaign chairman for Munday United Fund, is experiencing this with the United Fund drive at this time.

It has gone great, but it is difficult to always find people at home etc., and there are still four envelopes that have not been completed.

As The Courier stated in last week's issue, 95% of the goal, \$5,862.00, has been reached. The correct amount is \$5,618.90 to date. We regret a lower figure was printed.

Mrs. Schur feels the drive will be completed down to the last envelope by next week and is looking forward to reporting the total amount. She has been so pleased with everyone's cooperation on the drive.

Cotton Report

The cotton harvest continued at full throttle in the Munday Classing Office territory, according to Garland Dye, Officer-in-Charge. Most cotton gins are operating from 15 to 24 hours a day and are still unable to keep pace. In some sections of the territory over half of the cotton crop is harvested and ginned or stored awaiting ginning.

Spot cotton prices were steady to slightly lower from a week earlier. Grade 31, Staple 32, with mike between 35 and 49 brought 56.10 to 56.85 cents per pound. Grade 31, Staple 31 was 55.00 to 55.50 cents per

pound. Buyers interested in contracting acreage was off slightly from last week.

The Munday Classing Office graded just over 4500 samples last week. This makes the seasons total to just under 27,000.

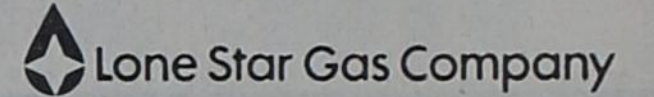

Grades were just slightly lower overall but the predominant quality remained Grade 31, making up 48 percent of the total. Grade 41 comprised 30 percent. Staples 32 and 31, accounted for 43 and 28 percent, respectively. Almost 90 percent of this weeks samples miked in the 35 to 49 range.

GOREE WILDCATS KEEP WINNING WAYS

The Goree Wildcats, although losing their not-scored-on record, journeyed to Throckmorton Friday night and gave the Greyhounds a lesson in winning. The score was 33 to 21.

The eighth season win for the Wildcats was paced by Billy Ray Richardson, who had three touchdowns and 215 yards rushing on 21 carries.

The Greyhounds drew first blood in the first period on a quarterback pass from Don Davis to Kelly Lindsey. John Wilson kicked the point.

Goree used a pass play to tie the game 7-7, with only 25 seconds left in the first period. Robert Reagins tossed to Sam Tyra for a 35-yard TD play. Richardson kicked the point.

It was all Goree in the second period, Richardson scoring twice with both extra tries failing. The Greyhounds went to 13-19 in

the third stanza, when Lindsey recovered a Wildcat fumble on the Goree four and Rankin going the final yard.

Richardson put the game out of reach for Throckmorton when he ran for his third TD for the night. Reagins passed to Joe Bob Gray for two points. Reagins passed to Gray for another counter, covering 48 yards. Throckmorton's Davis tossed for the final counter with 3:56 left in the game. George Self added the extra point.

Goree's total offense was 429 yards, while Throckmorton had only 160.

WEINERT WINS OVER CARBON

The Weinert Bulldogs, paced by Bryan Adams' five touchdown efforts, defeated the Carbon Wolverines 50-14 at Weinert Friday night. It was the fifth win against three losses for Weinert.

Stanley Hagar and Perry Patton added a touchdown

each to the Bulldogs' total, and Benny Bredthner booted four times to add points after.

Bill Stephens and Jerry Carlton each scored for Carbon, and Carlton kicked one point after.

RULE BOBCATS BEAT ROCHESTER

Taking advantage of two Rochester fumbles, the Rule Bobcats took a 12-6 victory over the Steers Friday night at Rule. Both Bobcat scores followed fumble recoveries, and Rule improved its record to 3-1 in district and 4-4 overall.

Rochester, also 4-4 overall, fell to 2-2 in district standing. Rochester's only score came on a 7-yard run on a reverse by Chad Glover, halfback.

KNOX CITY WHIPS PADUCAH DRAGONS

Terry Watson, Knox City halfback, scored three touchdowns, and Scott Lynn had two, to lead the Greyhounds to 52-6 victory over the

hapless Paducah Dragons in a 7-A district game at Knox City.

The win placed the Greyhounds at 3-2 in district standing and 7-2 for the season. Paducah dropped to 0-5 in district and 0-9 for the year.

QUANAH TROUNCES CROWELL WILDCATS

The Quanah Indians were looking for scalps Friday night when they invaded Crowell territory and rolled like a steam roller over the Wildcats 77 to 0 Friday night.

The win kept Quanah tied with Haskell for the district lead with a 4-0 record. The Indians are now 6-2 for the season.

The loss dropped Crowell to 0-4 in district and 0-8 overall.

Rules Given On Mailing At Christmas

Sectional Center Manager Jack D. Watson is reminding customers that for the best service this Christmas season they should use ZIP Codes, place their return address in the upper left corner of the envelope and use proper postage.

"By following these suggestions," Mr. Watson says, "Customers will be assured good mail service this holiday season."

It is important that families "double check" envelopes and cards to be certain that proper postage is affixed. Envelopes without postage will be returned to senders, if possible, or delayed by postage-due procedures.

When the return address is placed on envelopes bearing holiday greetings, it also helps remind friends of one's current address.

Cotton Set-Aside For 1980 Being Considered

A group of knowledgeable cotton leaders from the South Plains and Gulf Coast regions of Texas say there is strong sentiment held by some USDA officials that a set-aside should be implemented for the 1980 cotton crop but that Administration officials appear to be opposed.

Returning from a trip to the nation's capital, around a dozen members of the Texas Farmers Union said they found Department of Agriculture authorities well aware that the accumulated carryover of cotton stocks will increase to around 6.1 million bales for 1979's crop, a prediction which has reflected an impact already in deflated prices.

TFU is asking for a minimum 10% set-aside when the 1980 crop program is announced December 15. The farm organization is also asking for an increase in the target price that reflects inflationary production costs and a change in the law as regards the loan rate to allow the Secretary to use the loan as a tool for orderly marketing and price support.

"There are considerations beyond the obvious price suppressing impact of an increased surplus," said TFU Vice President Joe Rankin. "Without a set-aside, the increased consumption of energy, water and other scarce resources used to produce a crop in surplus is unwise at best, if

not foolish. The USDA recognizes this, but there are certain Administration advisers who persist in fighting food and fiber inflation by encouraging surpluses to cap producer prices," Rankin noted.

If a set-aside were in place cotton farmers would be required to stay within a base acreage prescribed by law as well as reduce plantings by the announced percentage in order to qualify for farm program benefits. A set-aside would have further impact in that cotton farmers who raise other crops would be required to keep within their base acreage for all commodities.

"There are high companies operating farms in the West using federally subsidized water that don't want a set-aside," pointed out Bob Gibson, a cotton farmer from Meadow. "They can make money with cheap cotton prices because they don't pay what we do for water," Gibson said. "Plus, they would be limited as to the amount of acres they would receive water for."

Gibson was referring to a part of federal law that prohibits delivery of subsidized water to newly

irrigated acres that are part of an expanded reclamation project whenever a crop is determined to be in surplus by the USDA.

The TFU cotton group spent two days in Washington meeting with both USDA and Carter Administration advisers. In addition to making the case for a set-aside, the farmers visited individual congressmen to oppose a Senate-passed measure that liberalizes limitations on corporations in the West to allow them to maintain their now illegally held acres receiving water subsidies.

Said Rankin, "Every cotton farmer in Texas should be aware that there is a direct conflict of interest with those corporations. We are competing with Cali-

fornia and Arizona cotton farmers who receive millions in subsidies. If we went out of business tomorrow, they'd be happy. They'd be in Washington tomorrow asking the government to expand their water bonanza and totally displace Southern growers."

Others making the Washington trip included Wayne Richardson of Wolfforth, Melvin Lowrey of Tokio, Doug Higgins of Kress, Steve Carraker of Hamlin, C. W. and Charlotte Garner of Seminole, Anthony Hlavinka of East Bernard, Ken Lane of Haskell, and Gary Cook of Wilson.

Deep Basins:

AMERICA'S NEXT GREAT SOURCE OF NATURAL GAS?

Producers are finding a lot of "super" gas wells in Oklahoma's and Texas' deep basins. A super well produces enough gas in a year to equal the energy in a million barrels of oil. This is enough gas to heat 1,000 homes for almost 56 years!

Exploration of these ultra-deep basins is gaining momentum now that producers have the technology to drill below 20,000 feet. In fact, many industry experts believe the deep basins will be America's next great source of gas.

The average gas well costs about \$300,000 to complete. A deep well can cost up to \$10 million, which explains why it's often necessary to pay higher prices for the gas we buy.

Lone Star has been buying gas from shallower production in the deep-basin areas for years. Our pipeline network will help us buy new gas selectively, negotiate hard for terms favorable to you, and deliver the gas efficiently and economically.

Producers now have the technology to tap enormous, previously unreachable gas reserves in this area's ultra-deep basins.

Gas. It's plentiful, efficient and right for the times.

Seymour To Have "Olde World Dinner"

If you would like a very enjoyable meal on Sunday, November 11, 1979, plan now to go to the "Olde World Dinner" in Seymour at the Sacred Heart Parish Hall on the Corner of Morris and Cedar St.

They will be serving traditional favorites of "homemade" sausage, turkey and dressing with giblet gravy, sauerkraut, mashed potatoes, green beans, cole-slaw, cranberry sauce and pickles. Desserts to top off this harvest feast include "homemade" pies and kolaches.

Serving time will be from 11:00 a.m. to 1:30 p.m. Adult plates are priced at \$3.50 each and \$2.00 for children under ten years of age. Take-out plates will be available.

Advance tickets can be purchased from Julius Vita, Helen Marak, Margie Psenick, and Ronald Hostas. Benefits will go to the parish hall building fund.

Mr. and Mrs. Thurman Castleberry and Brian of Abilene were Sunday guests in the home of Mr. and Mrs. J. R. Castleberry.

Mr. and Mrs. B. B. Bowden enjoyed the weekend visit of their son, Bonner Bowden, who lives in Kansas. Mrs. Bowden has been in the hospital.

YOU MAY FIND WHAT YOU NEED IN THE CLASSIFIEDS.

I WILL DO BABYSITTING in my home Monday - Friday and half day on Saturday. Keeping children up to 10 years of age. I can be reached at 4661, Dairy Queen of Munday. Ask for Richard or Jama Louder. 5-2tp

CARD OF THANKS
Thank you for cards, flowers, food, visits, and especially for your prayers during my recent illness. Friends are priceless - no one can live without friends. God bless each and every-one.

our Lord and Saviour because if we don't you no he said in his word that the way was so plain a fool could hear. So let us ask for an understanding and knowledge and wisdom you know he said ask and it shall be given.

After S.S. pastor and others who could went to Abilene to the District Joint Y.P.W.W. meeting. Pastor Blue is the president of Y.P.W.W. of this district. We understand Christ is the head of the church now we should read the whole lesson over. You know believers can always learn more about God's purpose for them. If Paul had not prayed that it happen to the Ephesians we might have assumed that they know it already or could not comprehend an more. And we true believers don't fail to tell our Lord and Saviour about our good Dr. Newsom that he will soon be able to be home again. I know God will give you the desire of your heart because he give the desires you know God don't have no respect of person and he that do its a sin.

Parents teach your children not to talk too much and learn them how to hold their peace. And teach them how to act at the house of God. Be still on last week I did enjoy my company, Mr. Cooks also a lovely gift and Mrs. D. Potrage, Mrs. Allen and Mr. and Mrs. Marline from Vernon who visit her father, Mr. Alvin Adams for three days. She works in a Vernon Bank each day, Marline is now married but she yet looks after her father and brothers and sisters.

News From Leisure Lodge

Rueben Bates visited his mother, Daisy Bates, Wednesday afternoon.

Mr. and Mrs. Bill Goode visited his mother, Dicie Goode, this week.

Mr. and Mrs. Curtis Seale visited Mrs. Maggie Gunn and Mrs. Minnie Brook this week.

We're so glad to see increasing interest shown in our Reading Class on Monday afternoons led by Mrs. Helen Allen.

Joe Strickland called bingo Tuesday afternoon. A large group shared this time together. Everyone reported a good time and refreshments were served. Activities were rather quiet Tuesday, Wednesday and Thursday morning as our Activities Director was ill.

A big Halloween party was planned and Mr. and Mrs. Tuck Whitworth came and showed us a movie and there were treats for all.

Mr. and Mrs. Porter and Dr. Moylette called bingo Thursday. We enjoyed it so much. Everyone bingoed and won prizes. Thank you ladies.

Mrs. Lillie Carnahan's sister, Mrs. Williamson, is in the hospital in Seymour.

Friday evening Bible Study is really growing in number. There were 27 residents present and five members of Bro. Tom Robertson's congregation were here to assist.

We all look forward to the sing-a-long on Saturday afternoon and appreciate these ladies who make this possible.

Mr. Marshall came home from the hospital on Saturday and we were glad to have him back. Then a nice surprise Sunday noon when Mr. Ball came home from the hospital.

We miss Mrs. Willie Jacobs who is now living with her daughter, Mrs. Pat McCoy in Wichita Falls.

Mrs. Laufana Eubank spent most of the day Saturday with her daughter, Shirley Amerson.

The First Baptist Church, Goree, was in charge of Sunday Services. Several members of the church came and helped us have a very good worship time together.

Lois and Montgomery Charolette of Seymour came to visit their Uncle Frank Wright.

County 4-H Achievement Banquet Held November 6

The Knox County 4-H Awards Banquet was held Tuesday night at the Munday Community Center in Munday with master of ceremony, Richard Daniel, and mistress of ceremony, Julie Partridge, presiding over the annual event.

The invocation was given by Paul Mints, Munday, and a delicious meal was enjoyed by those in attendance. Julie Partridge welcomed the guests and 4-H members, Richard Daniel and Cherie Welch led the group in the 4-H motto and the pledge of allegiance. Kelly Boone introduced special guests and Mickey Smith introduced the speaker of the evening, Mr. Don Roberts. Mr.

Roberts was a 4-H'er in Knox County for several years and received the gold star award. He graduated from Teah, Lubbock, with a B. S. in agriculture.

Presenting the awards to 4-H members were Sharon Book and Tommy Antilley.

The special awards were presented by Mrs. Mary Ann Boone. This included those participating in the State horse judging. Each one was presented with a jacket. They in turn presented Mrs. Boone with a gift of appreciation. All the 4-H members presented Mr. Tommy Antilley a plaque for his outstanding performance in the last three years with the 4-H clubs in Knox

County. A special thanks was given to the First National Bank of Munday, Citizens State Bank of Knox City and the Knox County 4-H Council for their sponsorship of the banquet.

PONDERS RETURN HOME
Mr. and Mrs. Earl Ponder returned home Saturday evening from the wedding of his son, Dr. William E. Ponder, to Kathy Smith in Dallas, October 20. The wedding couple left for a honeymoon trip to Acapulco, and Frankie and Earl continued their trip to the Cumberland Mountains in Tennessee centered around Smithville, McMinnville, Sparta and Cookeville. Mr. Ponder has two brothers and three sisters living in the area and another sister from Florida came to visit with them. In addition to Mr. Ponder's brothers and sisters, he has many first cousins and other cousins which they met and visited. The scenery was beautiful - the hills, rivers, lakes, valleys, and trees were something to behold. The leaves were simply gorgeous.

While there, they enjoyed some fishing and boating on the beautiful Center Hill Lake formed by the Center Hill Dam on the Caney Fork River. This was especially interesting to Earl since the lake covered much of the space where he had lived and roamed during his early boyhood.

The Ponders traveled by bus to Tennessee and on the trip home, Earl's son, Dr. William E. Ponder and wife, Kathy and little son, Damon, accompanied them home from Dallas and spent the weekend. Frankie's son, Charles Yost and wife, Gay, and Randy, spent Sunday with the Ponders.
