C. E. BOLT SUCCUMBS TO GUNSHOT WOUNDS IN KNOX COUNTY HOSPITAL; SHERIFF C. R. ELLIOTT SURRENDERS

C. E. Bolt, for twenty years a citizen of Munday, and at one time city marshal here, died in the Knox County Hospital at Knox City on Friday morning of last week at about four o'clock from gunshot wounds received some two hours earlier on the C. R. Elliott farm three miles south of Munday in Haskell county. Two shots were fired, it is said, with a shotgun loaded with buckshot. The fatal shot is said to have struck the victim in the right side.

Immediately following the shooting Sheriff Elliott came to Munday and summoned medical aid and sent an ambulance to the scene of the shooting with instructions to rush the victim to the county hospital. At the same time he phoned Sheriff Sorrels of Haskell county, who together with County Attorney French Robertson, immediately came to Munday and made an investigation of the shooting, and following their investigation of the shooting, Mr. Elliott was released with out any charges being filed.

Some months ago a barn on another farm of Mr. Elliott's was burned and an investigation convinced him that the fire was of incendiary origin. A few weeks later another barn was set on fire but was extinguished by the tenant on the farm before any material damage was done. Since that time Mr. Elliott is said to have kept watch over the premises many nights, and frequently called upon other officers to keep watch with him, and on last Thursday night he was accompanied by Deputy Sheriff George Harbinger of Knox City, who together with the tenant on the farm were keeping an all-night vigil. Between one and two o'clock they state they discovered a man taking harness from the barn and advanced toward the barn with the command to halt and throw hands up, and it is stated that Bolt refused to comply with the last demand and Sheriff Elliott fired twice. It is stated that Bolt had existed between Bolt and Elliott for some months.

Bolt's remains were brought to Munday early Friday morning and funeral services were conducted at the home of his father, T. A. Bolt, Friday afternoon by the Rev. W. H. Albertson, and the services were attended by a large concourse of friends from all sections of the county. Following the brief services at the home the remains were laid to rest in Johnson cemetery.

The tragedy has been a great shock to the community and to the relatives who so keenly feel the sting we extend our sincere sympathy.

Funeral Rites Held Here Monday, July 4 For Frank Bateman

Funeral services for Frank Bateman, 30, son of the Rev. and Mrs. J. R. Bateman, were conducted at the Methodist church here Monday afternoon by the Rev. E. J. Osborn, pastor of the Methodist church at Crowell, and formerly pastor of the local church, and following the services the remains were laid to rest in Johnson cemetery.

Deceased was practically reared in Munday, having come here as a lad with his parents, and after their removal from Munday several years ago he remained here a major portion of the time until the past year, being employed by the Rosy Theatre as operator. Some months ago he went to Oklahoma and engaged in business and when stricken ill he went to the home of his parents who now reside in Munday county and was later transferred to a hospital at Childress, and last week when attending physicians at Childress advised that they could do nothing more for him he was carried to a Fort Worth hospital where an operation was performed, which revealed that he was suffering from a tumor inside the brain and even the most skilled surgeon could do nothing for him and he passed away in that city Sunday.

R. G. Campbell, local undertaker left for Fort Worth late Sunday evening and returned with the body Monday morning and the remains were laid to rest by the boys whom he had known since boyhood.

The Times joins the many friends of the family in extending sincere sympathy to the bereaved parents and sisters in their great sorrow.

7 Units Affiliation Given Sunset School By Board of Education

R. E. Davenport, superintendent of the Sunset Consolidated school received notice from the State Board of Education this week that the school had been granted seven units of affiliation, all that had been applied for. The units granted were as follows:

Rhineland Retains Lead by Hammering Win Over Munday

Rhineland maintained its lead in the league race by slugging their way to a 14-7 victory over Munday at Rhineland Sunday afternoon in which the Rhineland lads had the better of the argument from the very beginning when they hammered Abbott for four runs in the early stages of the game.

August Loran, pitching for the Rhineland lads, held the home crew safely within tow all along and was given excellent support from his teammates, while Munday's pitching staff, composed of Abbott and McGraw, received discouraging support at intervals throughout the game.

Canning Plant Sets Record of 205 Cans Vegetables In Day

Wednesday was a record-breaking day with the Chamber of Commerce canning plant, there being 205 cans of corn and other vegetables put up on that day, which is a record, according to D. T. Mauldin, who is supervising the plant.

Mr. Mauldin states that reservations have already been made for every day until July 18th, and already more than 1800 cans of food have been put up and the plant is operating around an average of 150 cans per day.

Mr. Mauldin states that there continues to be a demand for cans and that there are many people desirous of canning vegetables on the halves with individuals on a fifty-fifty basis and the canned foods accruing to the local units of the Red Cross will be used in taking care of the needy in the various communities.

Judge I. O. Newton Seeks Re-Election As District Judge

The Times is authorized to announce the candidacy of Judge Isaac O. Newton for re-election to the office of District Judge of the 50th Judicial District of Texas, subject to the action of the Democratic primary. He is seeking a second term and is unopposed.

As a public official Judge Newton has been a staunch advocate of strict law enforcement and his decisions have invariably been based upon law and justice without fear or favor to anyone or any group, and upon the merit of his record he is asking re-election to this important office.

Vacational Bible School Will Open On Monday Morning

The Vacational Bible School which will be conducted under the auspices of the Methodist and Presbyterian churches of this city will open at the school buildings on Monday morning with a complete corps of teachers and will continue for two weeks, with sessions from 8:30 to 11:00 each morning. Classes will be divided into four groups — beginners, primary, juniors and intermediates, and a competent teacher will be in charge of each department and all children between the ages of 4 and 14 are invited to attend. The program will combine study and recreation and will be in charge of the Rev. C. A. Tucker, pastor of the Presbyterian church, and the Rev. John H. Crowe, pastor of the Methodist church.

Speaker Coming In Interest of Tom F. Hunter for Governor

Arrangements have been made for a public speaking here on Saturday night, July 16th, in the interest of Tom F. Hunter of Wichita Falls for Governor, and it is likely that Judge John Kay of Wichita Falls will be the speaker, however, this is uncertain, but the Times is authorized to say that an able speaker will be furnished for the occasion, and he is being sent here at the suggestion of local Hunter supporters.

Plans are being made to hold the speaking in the open on the city hall lawn, and in addition to the address in the interest of Mr. Hunter's candidacy, candidates for county and district offices will be given an opportunity to speak briefly in the interest of their candidacy following the Hunter speaker.

Four Square Gospel Will Be Presented In Lone Star Meeting

We have been requested to announce that a meeting will begin on Friday evening of this week at the Lone Star school house southwest of Munday by the followers of the Four Square Gospel. We have misplaced the notes given us regarding the meeting and are therefore unable to give the name of the ministers who will conduct the meeting, but a cordial invitation is extended to the public to attend.

W. R. Moore is recovering from a severe attack of influenza from which he has been suffering for the past two weeks.

Thinking Out Loud

By J. A. K.

T. O. L. Fourth of July at Stamford, where we mingled with the old-timers, melted down our celluloid collar watching the parade of pretty girls on horseback, and witnessed the rodeo performance in the afternoon.

And after weighing our way through the crowds we concluded that all of West Texas was there, and all but a few stepped on our feet during the day.

Munday was well represented all the way through. Our Miss Maxine Pendleton was a credit as "Miss Munday," and many of the old-timers were there swapping yarns about by-gone days.

T. O. L. and the Times force were guests at a chuck wagon dinner, and we are constrained to believe that if the real old-fashioned chuck wagon was as good as this, those old-timers didn't have as hard a time as some of them would have us believe.

In fact, in recent years many of our ideas have been reversed. We once really believed that Geo. Washington went thru life without distorting the truth in the most minute degree, but recent writers have played him up as a regular fellow. In fact, these modern writers have about convinced us that Pocahontas was a Jewess and that Capt. John Smith wasn't Capt. John Smith at all, but was one of the Jones boys.

And that reminds us that Alex Jones was elected to an important post by the old-timers at Stamford. His new office is that of horse-wrangler, and now we're going to have to go back next year to see just what a horse wrangler does when he wrangles.

And Mayor Grover Jones from down Routen City was one of the contestants, but chalked up "no time" on opening day when he missed his calf in the calf roping contest. The Mayor told us confidentially that he didn't want to discourage the young fellers in the contest. Get the scoop, boys!

Editor Chas. Bisbee of the Benjamin Post, who went to the Democratic convention at Chicago states that he could get a better idea as to what was going on by going to his hotel room and tuning in the radio than he could get in the great stadium in which the convention was being held, so we folk who stayed at home didn't miss anything after all, and likely didn't come anything like as near getting shot or half-shot as many of those who went to the big pow-wow.

Anyway, we don't think they did (Continued on back page)

Tax Payers Reject Membership In New State Organization

Representative tax-payers from all parts of Knox County met in the district court room at Benjamin Tuesday night for the purpose of hearing a talk by a representative of the State tax-payers association.

The State organization was represented by a Dr. Fain of Thalia, Texas. It seemed that the Knox County crowd regarded Dr. Fain's position as too radical. It was decided not to join the state organization at this time, but rather to confine the activities of the organization to county work.

The following men were elected to act as a board of directors for the county organization. Each commissioner precinct will be represented by five men. The list follows:
Precinct No. 1—S. M. Clonts, L. L. Davis, S. P. Keny, B. M. Farmer and Emmitt Partridge.
Precinct No. 2—J. B. Jones, J. H. Atterbury, Henry Patterson, J. O. Warren, and Harry Beck.
Precinct No. 3—E. A. Burgess, J. O. Cure, Ole Hesse, Bruce Eubanks, and W. F. Hickman.

The Munday baseball club went to Stamford on the Fourth for a game with the Stamford team, and while they won the game by a 7-6 score they didn't come in for a big portion of the gate receipts and games scheduled for the remaining two days of the reunion were called off insofar as the Munday team was concerned.

Democrats who Helped Make Wheels Go Around At Chicago

Upper left: Sen. Wm. A. Barkley, Ky., who sounded the Democratic keynote at the Chicago convention; Upper right: Alfred E. Smith, New York, and William G. McAdoo, Calif., former bitter enemies. Lower left: Josett Shouse, Kansas, Executive chairman, Nat'l Comm. and (next): Sen. Thomas A. Walsh, Mont., who battled for the permanent chairmanship of the convention; Lower right: Roosevelt leaders, left to right: Arthur Mullen, Neb., floor leader; John E. Mack, N. Y., nominator, and James E. Farley, N. Y. campaign manager.

Red Cross Makes \$150 Appropriation To County for Cans

We are reliably informed that the American Red Cross has made an appropriation of \$150 to Knox County for the purchase of cans. This information has been received by Mrs. Chas. Moorhouse of Benjamin, county chairman of the Red Cross, and it is stated that these cans will be placed with individuals on a fifty-fifty basis and the canned foods accruing to the local units of the Red Cross will be used in taking care of the needy in the various communities.

Judge J. W. Melton was here from Benjamin Thursday shaking hands with the voters of this section of the county.

How to play Bridge AUCTION and CONTRACT

by Wynne Ferguson
OF "PRACTICAL AUCTION BRIDGES"

ARTICLE No. 9

The normal hand at Auction and Contract is one that contains a suit of seven cards. Such hands occur about four-fifths of the time and are called the "normal hands." The hands that occur four-fifths of the time are the other types. Hands that contain suits of more than five cards in length are the unusual hands. The ones that occur only one-fifth of the time. Hands that contain a suit of six cards are not particularly unusual but they do contain a suit of seven or more cards. The following problem hands are typical but interesting. Because all contain most unusual features.

Hand No. 1
Hearts—K, Q, J, 7, 6
Clubs—none
Diamonds—A, J, 10, 7, 6, 2, 8, 7, 6, 2
Spades—none

No score, first game. Z dealt and played. A bid one club and Y bid one heart. What should B bid with the foregoing hand?

AUCTION BIDDING:

A should bid five diamonds. If overbid, he should continue bidding diamonds to show the best suit. There is no advantage in a shut-out bid of five diamonds. Z has already shown his club suit and if Y has a spade bid, he is never apt to bid five spades over a five-diamond bid than if A bids one diamond and then bids up the hand gradually. It is not advisable to show the best suit because A's partner is more apt to trust hearts than diamonds and A's heart suit is not strong enough to trump clubs and A's spade suit, if trumped, is A's proper bid.

CONTRACT BIDDING:

A should bid two diamonds, if possible, bid over the dealer's club bid. If partner is thus forced to bid hearts, unless he bids hearts, A's next bid should be five diamonds. A's next bid should be a little slam in hearts or diamonds accordingly.

Hand No. 2
Hearts—A, Q, J, 9, 7, 4
Clubs—A, Q, J, 10, 7, 6, 2
Diamonds—none
Spades—none

No score, rubber game. What should Z, as dealer, bid with the foregoing hand?

AUCTION BIDDING:

Z should bid one heart and, if overbid, should show the club suit. This hand is different from the preceding one in that the heart suit is longer and stronger and the club suit is not so strong as the minor suit in hand No. 2. It is a hand, therefore, in which both suits should be shown if possible and

CONTRACT BIDDING:

A should bid three diamonds, which is a forcing bid and requires A to keep the bidding open. If by any chance A should bid spades, B should bid for a grand slam. With any other bid by A, B should bid a small slam in diamonds. If A should bid the diamonds, B should bid a grand slam in diamonds.

Hand No. 4
Hearts—A, Q, J, 7, 6, 2, 8, 7, 6, 2
Clubs—A, Q, J, 10, 7, 6, 2
Diamonds—none
Spades—none

No score, rubber game. What should Z, as dealer, bid with the foregoing hand?

AUCTION BIDDING:

Z should bid five diamonds. This is a perfect example of the shut-out bid. The purpose of such a bid is to shut out opponents from showing the heart suit. If Z's partner should bid the spade suit, nothing will be lost by Z's shut-out bid for the spades will score as side tricks.

CONTRACT BIDDING:

Z should bid two diamonds. This bid is a forcing bid and requires a bid by Y. If the latter bids two no trump, the minimum response, Z should bid five diamonds. If Y bids two spades, Z should bid a small slam in spades. If Y passes diamonds, Z should bid a small slam in diamonds.

Have you heard the story of the little boy who went to school for the first time. When he returned home his father inquired how he liked it.

"It's all right but they ask too many questions," said the lad. "First they asked me where you were born and I told them. Then they asked me where mother was born and I told them. When they asked me where I was born I had to tell a lie."

"Why," asked the father.
"I didn't want to say I was born in the Woman's Hospital and have them think I was a sissy, so I told them it was in the Yankee Stadium."

RAIL TRANSPORTATION IS EFFICIENT AND ECONOMICAL

THE RAILROAD is the most efficient and the most economical transportation agency the human mind has ever devised.

The ability of commercial trucks to operate with various charges for their services has been because they are not required to carry all kinds and classes of freight. The truck can choose its freight and is privileged to reject that which it cannot handle, either because it is not equipped for such heavy service or the rates are too low to be profitable. The railroad CANNOT DISCRIMINATE but must accept all freight offered it.

In 1930 the shippers of Texas paid the railroads \$225,223,142 in freight charges. If the same volume and character of traffic had been carried by trucks it would have cost the shippers, according to the best available data on trucking costs, \$900,000,000, or four times as much.

What will be the effect on the shippers of Texas if only the traffic which the trucks cannot handle is left to the railroads? If traffic paying the higher rate is taken from the railroads by the trucks, it will be necessary for the rail carriers to increase their rates on the low grade traffic or go out of business. The total transportation bill will be greatly increased.

The railroad rate structure is a composite designed for the purpose of enabling the free movement of ALL ARTICLES OF COMMERCE, making it possible to bring even the cheapest commodities into general use and distribution. Were it not for the low rates made available by the railroads on many low grade commodities and raw materials, their distribution and use would be impossible and all commerce and industry would be seriously affected.

THE RAILROADS CANNOT SUBSIST ON LOW GRADE TRAFFIC ALONE.

CARD OF THANKS.

We wish to extend our heartfelt thanks to the many good neighbors for their many deeds of kindness and words of sympathy during the great sorrow that has come to us, and assure each and everyone that we shall ever cherish the friendship of such friends.—Mrs. Robert Brown, Mr. and Mrs. John Brown and children.

Judge James A. Stephens and Thos. F. Glover of Benjamin were in the city Thursday morning.

Our old favorite of four years ago quite fair, for they swiped his platoon and kicked him off the band wagon, and now they have William Gibbs McAuloo and even Senator Morris Sheppard singing "How Dry I Am," which will likely be the Democratic theme song if the Republicans don't beat 'em to it.

The new postage rates went into effect on July 6th, which incidentally was T. O. L.'s birthday, and also the birthday of Elbert Hughes, local

tal rates and other taxes recently added are disappointing to governmental agencies interested in such matters as getting the money, as the sale in all taxed commodities have fallen off materially.

We believe it was Ted Cook's Congressman Frisby who suggested to congress that tax of ten dollars be placed on each nickel stick of chewing gum, as there are ten million sticks of chewing gum sold daily there would naturally accrue to the coffers of the government a sum equal to ten times ten million, which would pay off the national debt in a few days and everybody would be happy.

Notice To Bank Patrons:

The Federal Government has imposed a tax of 2c for each check, the tax to be paid by the maker of the check, and has made it mandatory of the bank to collect this tax, and in accordance with this law this bank will charge its customers account with 2c for each check cashed each day.

Customers can withdraw funds at the bank by the use of a receipt on which there is no tax, we have such receipts which will be furnished at the teller's window. This receipt cannot be used for any other purpose than withdrawals of funds at the bank.
