### MELTON, SAMS AND HOUSE WIN RE-ELECTION, WHILE PATTERSON IS WINNER FOR COUNTY ATTORNEY

There won't be many new faces in the courthouse at Benjamin for the next two years for all present officials who were candidates for re-election were re-elected at Saturday's primary, with the exception of T. W. Templeton, county attorney, who went down in defeat at the hands of Carl Patterson, former district clerk. Patterson received 1153 votes to Templeton 922.

The closest contest in the county was that for the county judgeship in which J. W. Melton, seeking a second term, was opposed by Roy Smith of Knox City, and on the face of unofficial figures Melton was re-elected by a margin of 81 votes. In the race for county treasurer Uncle Trav House, present incumbent, was re-elected over Miss Lucille Harris of Munday by a majority of more than 300, while Earl Sams, present incumbent, was re-elected tax assessor over E. L. Covey by a substantial majority. Another close race in the county was that between the Moorhouse of Benjamin and R. R. Davy of Munday for county chairman, and according to figures compiled here Mr. Davy has been elected by a close margin.

In the race for county commissioner in Precinct No. 4, D. C. Osborne has a substantial lead over Peter Loran of Rhineland, who ran second. The vote in the commissioner's race was as follows: Munday, Osborne, 192; Loran, 61; Fritz 140; Bryan 34. Gore, Osborne 136; Loran 21; Fritz 33; Bryan 3. Hefner, Osborne 42; Loran 13; Rhineland, Osborne 9; Loran 121; Fritz 4; Bryan 1. Totals, Osborne 373; Loran 216; Fritz 174; Bryan 38.

In the race for public weigher, present incumbent, Lee Haymes was re-elected over Clyde Nelson by a majority of 122 votes, Haymes receiving 274 votes to Nelson 152.

W. S. Bailey was re-elected justice of the peace in the Munday precinct over R. M. Stevenson, receiving 309 to Stevenson's 97.

Some interest centered in the local race for constable when friends of Cal Stevens started a movement to have his name written on the ballot against M. H. McCarty, who was the only candidate to file for the place, but McCarty was an easy winner in the race, having received 305 votes to 123 for Stevens.

### Thinking Out Loud

By J. A. K.

This a great old world after all. One half of the people believe that the other half is "all wet" in their views, and the other half are fully as firm in their belief that the other half is likewise.

During the next few weeks we will hear that the Ferguson are guilty of violating every law on the statute books, and we will hear that Ross Sterling is the hiring of the special interests and has squandered millions, but the people must choose between the two, and continue to pay the bills.

While our government is possibly the most extravagant and corrupt on the face of the globe, one would be considered un-American to say that our form of government, after all, was not the best on the globe. We Americans like punishment.

The election returns indicate that out of the twenty-odd candidates for Congressmen-at-large, two are likely to be elected from Dallas and the third from East Texas.

All of which goes to prove the soundness of the theory of our good friend George Moffett, Representative of the 114th District, that something should be done to curb the power of the big cities within our state in making our laws.

The rural districts, despite the fact that they may not possess the population, contribute the wealth that create and make possible the big cities, and no sound argument can be produced against his theory of limiting their representation in our law making bodies.

In fact, it was the big influence of the big cities that prevented the re-districting of the state at the last session of the legislature, and as a consequence the big city of Dallas is most likely to have two of the Congressmen-at-large to be elected this year.

The political powers in Oklahoma are amazed over the fact that an unknown school teacher by the name of Will Rogers has been nominated on the Democratic ticket for Congressman-at-large.

They tried diligently to keep his name from being certified by the state election board, charging that he had even voted the Republican ticket a few years ago, but as there are so many Democrats who were guilty of the same crime they just had to cast their vote for Will.

The political high-binders in the Sooner state charged that citizens of Oklahoma had voted for school teacher Will Rogers believing that they were casting their vote for the cowboy-humorist Will Rogers, a native of Oklahoma, but now a citizen of California.

Be that as it may, Texas voters have elected men to responsible official posts who could possibly better qualify as humorists than they can as statesmen.

And in Oklahoma politics it seems that Jack Walton, impeached Governor, is about to stage a come-back and is likely to win the nomination as Corporation Commissioner.

His enemies have charged that he was a citizen of Houston, Texas, and not an Oklahoman.

But that seems to be an unkind thrust at Texas, and besides we have our own impeached Governor to contend with and certainly don't need any of those released by our neighbor state.

Don't worry about your station in life; someone will tell you where to get off.—Groverton News.

### Chas. Foyt Made Secretary of the Chamber of Commerce

At the regular semi-monthly luncheon of the Munday Chamber of Commerce Thursday noon Chas. Foyt was elected secretary to succeed R. D. Atkinson, who had tendered his resignation some days prior.

D. T. Mauldin made a report on the community canner installed by the chamber of commerce some time ago and which has now been in operation 40 days, during which time 8,100 cans of vegetables have been canned in the plant, including 631 cans of beans, 2,798 cans of peas, 4463 cans of corn, 164 cans of squash and 44 cans of okra.

Mr. Mauldin also stated that many were still asking for cans on the 50-50 basis and urged the members to solicit cans in order that the people who have vegetables might put them up.

### Rev. F. G. Rogers Of Spur Will Lead In Services Here

The Baptist revival will begin on Sunday morning with the eleven o'clock services at the community tabernacle, where all services will be held during the meeting, and the Rev. F. G. Rogers, for the past five years pastor of the Baptist church at Spur, will do the preaching, and he is recognized as one of the leading ministers of the state, while the song services will be conducted by local talent.

Rev. W. H. Albertson has requested that we extend through the columns of The Times a cordial invitation to all Christian people to assist in the meeting, and to urge the attendance of all those of other churches and those with no church affiliation. He also states that the Sunday school on Sunday morning will be conducted at the community auditorium instead of at the church, and assure the public that a cordial welcome will await all who attend any of the services.

### No Services Will Be Held At M. E. Church On Sunday

The Rev. John H. Crowe, pastor of the Methodist church, has requested us to announce that there will be no preaching at the Methodist church during the progress of the Baptist revival, which begins Sunday morning at 11 o'clock. Rev. Crowe requests that Methodists give their fullest cooperation toward making it a great revival in the community.

Sunday school will be held at the usual hour at the church, and all are urged to be on time in order that they may go to the revival services on time.

### Election Returns Received By Many Here Saturday Eve

A large crowd of people remained in town until a late hour Saturday night to receive the election returns, which were gathered by both the Eiland Drug Store and the Rexall store. The county returns were gathered by telephone and were posted on bulletin boards as received, while state returns were gathered by radio and were also posted.

The efficient manner in which the election officers of the two Munday boxes conducted the election was revealed when they were ready to give complete totals only a few minutes after the polls were closed.

### Sheriff Elliott Raids Still and Files Complaint

Sheriff C. R. Elliott on Saturday morning raided a still on the M. E. Stone farm near Goree and confiscated a large quantity of mash and liquor and took into custody Hershel Ash, against whom charges of manufacturing and possession of utensils for manufacturing were filed in Justice W. S. Bailey's court.

Ash waived examining trial and was bound over to await the action of the grand jury in bond to the amount of \$1,000, and upon his failure to make bond he was lodged in the county jail at Benjamin.

**AGAIN, THE BIG PAJAMAS.**

That West Texas had the big pajamas slipped over on it at the last session of the Legislature had been vividly demonstrated in the recent primaries.

We have reference to the failure of the Legislature to pass the re-districting bill, which would have given West Texas two of the three additional Congressmen to which the state is entitled, and two new congressional districts should have been carved out of the vast empire of West Texas by virtue of the increase in population of this section of the state during the ten year period.

But, due to the activity of selfish politicians in the Legislature, the re-districting bill could not pass, and therefore Texas has been called upon to select three Congressmen at large.

Now that the primary is over, it is evident that West Texas will not have any representation whatsoever among the three Congressmen to be chosen in the August run-off. Late returns indicate that Pink Parrish of Lubbock is the one and only possibility of West Texas having any representation. He will, according to late returns, be matched in the run-off with George B. Terrell, of Cherokee county, and the heavy vote of East Texas together with that of the densely populated central portion of the state will in all likelihood give the place to Terrell, who has a substantial lead in the primary of last Saturday.

In Place No. 2, Joseph W. Bailey of Dallas will likely run it off with Oscar W. Holcombe, former mayor of Houston, while Place No. 3 will lie between Sterling P. Strong of Dallas and T. H. McGregor of Austin. So it will be a lead-pipe cinch that two of the three Congressmen-at-large will hail from the large cities of Texas, while the winner for Place No. 1, regardless of who wins, will hail from the rural districts, however, Mr. Terrell might in reality be termed a citizen of Austin, as he has resided in that city for

**TOM HUNTER'S STAND.**

Tom F. Hunter of Wichita Falls, unknown except to his neighbors until he entered the race for Governor, has demonstrated his sincerity since the election by stating that he would make no effort to throw the large vote given to his candidacy to either of the contending factions, still contending, as he has throughout the campaign, that both Sterling and Ferguson are 'proxy' candidates.

Regardless of the facts, it must be admitted that Mr. Hunter is consistent and sincere, and his neutral stand is to be commended. In his campaign he has condemned the Sterling administration in the strongest terms, and has also condemned Fergusonism to a degree that would indicate insincerity should he now sanction the candidacy of either.

And Mr. Hunter's supporters over the state find themselves in very much the same predicament. We who supported Mr. Hunter believed that he was sincere in his charges against both Sterling and Ferguson, and we also believed that he was sincere in his promise to render a service to the big political machines of the state, there is little relief to be expected from either of the remaining candidates.

**Seymour Banner:**  
The Baylor Legion Band is the title of a new institution for Seymour. It is sponsored by the Silas W. Baker Post of the American Legion, and from present indications the organization is going to meet with flattering success.

Seymour has had a band a number of times in its history, and most of the present members have had previous experience. Some of them have not played any in three or four years, but this is hardly indicated by the manner in which the new band is beginning its work. From the kind of music it is already producing one would think the members had been practicing for months.

A. B. English, pastor, in charge, assisted by Rev. J. A. Hyder and Jas. P. Stinson.

Death occurred at the home of a granddaughter, Mrs. Tanner Walker at Columbus, with whom Mrs. Jones and Mrs. Castles were making their home. **NOT ONLY WILLING TO SERVE YOU HE KNOWS HOW!**

Willingness to serve doesn't come through training; ability does. So Conoco chooses as station salesmen men who want to serve... who like it... and trains them to be experts.

When a Conoco man fills your gas tank or supplies oil, he gives you exactly the amount you want. There's no splashing, no muss.

He gauges the air in your tires accurately and supplies the proper pressure to each, including spares. He cleans your windshield spotlessly. He fills your radiator without splashing.

The Conoco man's information service is just as expert as these things he does with his hands. Ask him about roads, mileage, hotels, camps, sports, places to buy supplies. He is ready with accurate information on these and many other subjects. He keeps his station rest rooms clean and his station inviting. He checks parcels and cares for mail and telegrams. Everything he does for you is done cheerfully, expertly. He wants to make your stop at his station a pleasure for you... and he knows how!

**ANGER.**

Unrestrained anger is a terrible impulse. Its possibilities for destructiveness and consequent sorrow and suffering cause one to shudder. Because of this fact he who overcomes the awful urge of anger "is better than the mighty and he that ruleth his spirit than he that taketh a city."

Anger is spasmodic insanity to the degree of its intensity. It is absence of mind. It is the rage of the beast. It is desperation in action. It is foolhardiness and self-will combined. It is an impulse to destruction. It is a stranger to reason and unacquainted with prudence and discretion.

It has been the undoing of kings, the ruin of empires, the breaking of friendships, the severing of the ties of love.

The record of anger all down the ages is red with the blood of innocence and helplessness. It is a crimson stream flowing from egotism, impulsiveness and willfulness.

The one who is a maniac for a moment is just as dangerous for that length of time as is the poor unfortunate who has to be constantly shackled to protect others and himself. His momentary attacks are just as dangerous while they last as are those of the chronic madman.

What a relief when the stormy, angry man takes his departure and one who is serene, calm and self-contained takes his place. The change is mentally and spiritually refreshing.

### Shut-Out Handed To Sunset With J. B. King In Box

Joe Bailey King added another victory to his record on Wednesday afternoon against Sunset on their home ground. Munday gathered six hits off King's fast ball, while the Sunset aggregation registered only four in the deliveries of King. In fact, only 29 men faced King during the game and the feature of the game was the fast work of the infield, which registered four double plays during the game.

### Goree Beats Out Rochester 9 to 3

(From Goree Advocate) Goree grabbed the third game of the second half in the Brazos Valley League when she defeated Rochester here Wednesday afternoon to the tune of 9 to 3. So far this team has not lost a game since the opening of the second half. "Salty" Blankinship went into the box and was holding the visitors to a no run game when in the 5th inning he had the misfortune to injure the finger that was badly injured some weeks ago when an oil barrel had fallen on it. "Salty" had to quit the game and Neale Moore took his place. While Neale had pitched the Sunday's game, he did fine, and only let the crack team from Rochester have three runs, and it questionable as to whether they would have scored those runs had not some of the Goree players fumbled some balls in the out field. It is beginning to look like Goree is going to be a real contender for the pennant yet. She has won the last six league games she has played and the last ten games played without a single defeat.

Mr. and Mrs. V. Greenfield of Post, Texas, were here this week visiting in the home of Mr. and Mrs. W. H. Chapman. The Greenfields lived here for a few months some two years ago, he being manager here for the Heard & Smith hardware concern.

### Goree Takes 11 to 6 Victory From Sunset

The Goree ball team added another game to her victories Sunday, the second victory since the opening of the second half of the season Wednesday of last week. Her start indicates that this team will be one of the real contenders for the pennant. During the past month Goree has been playing some good ball. The record shows that she has won the last five league games played and the last four practice games.

### Do You Think Straight?

By R. R. DAVENPORT, Superintendent Sunset Schools

In a series of articles to appear in this paper from time to time, it will be our endeavor to stimulate some careful thinking about the cause of education. It is not our desire to expound some pet theories, or to get people to see things exactly as we see them. What we shall be interested in is that fathers and mothers may be awakened to the dangers that confront their boys and girls through a possible reduction in educational standards, and that they may be aroused to the point of investigation and action for themselves.

Education is costly; especially so, if local real estate must bear the burden of the expense. Often we fail to see the proper returns, and we begin to wonder if education pays after all. But what man or woman ever felt that their public school education was a waste of time and money, or that would be willing for their own children to grow up in ignorance? Admittedly education is expensive, but what educated person will deny that it pays big dividends, and that it is an investment that cannot be lost, even in time of economic distress and financial panic. If you give your child a liberal education, you will have endowed him with that which none can take away, and he will be far richer with his knowledge than with its cost in economic goods.

However, it is not the purpose of this article to argue about costs or values of education. We believe that the fathers and mothers of boys and girls in this country are willing to pay for their children's education, and that all they ask is a careful and economic administration of the school funds. If we have been extravagant in some respects, we have been stingy in others, and it is our belief that all the fathers and mothers are asking is that those in charge of the dollars give them full value for the dollar they spend.

There is a nation-wide program under way to reduce school costs. This movement began in the East where school costs are much higher than in Texas, and much of the propaganda being used in our state does not apply here at all. It is a good movement, if it is controlled by the desire to give the child the most at the least cost.

If economy is the rule rather than stinginess, it will have the support of all sane thinking persons. On the other hand, if greed and avarice control the helm and men seek to deprive the child of that which is rightfully his, the fathers and mothers and all friends of childhood will rise up in revolt.

We have said that education is expensive, but is it too expensive? It is probably true that we need better business management in many of our schools, but on the whole it appears that school business is managed with less waste than most governmental affairs. No doubt in both school and government we can save some money, and if we can, it is certainly the proper thing to do. However, we can be too careless in our investigations, draw our conclusions too quickly, and act too hastily. It is the purpose of this article to call upon you, as the friends of children, to do some sane and sensible thinking. If we must make retrenchments in school affairs, as it seems we must, let us take the burden off of local real estate. In doing so, however, let us not forget to call upon our legislators for appropriations from indirect taxation to take care of the child's needs.

In conclusion we might profitably review the statement recently made

GETTING READY FOR SCHOOL  
By Dr. William J. Scholes

Children with good minds sometimes fail to learn as rapidly as they should. There are different reasons for this. Among them is ill-health or the presence of some physical defect. In schools where there are regular medical examinations of the pupils, these defects are often discovered. In many instances their correction is possible. But all children are not fortunate enough to attend schools in which there are medical tests.

How about the six-year-old who is just starting to school? Is he to be handicapped from the first day by defective vision or imperfect hearing? The child that cannot see clearly misses much that is demonstrated on the blackboard. Properly fitted glasses may give perfect vision. The child that is unable to hear much of what is said, may acquire an undesired reputation for backwardness. Yet even defective hearing may sometimes be remedied.

Ill-health due to poor teeth, diseased tonsils or adenoids, and faulty nutrition may be causes of listlessness or inattention. These, as well as other abnormalities, may be revealed by a careful examination. They could often be corrected before they interfere with the child's progress in school.

Every child deserves the privilege of starting to school without unnecessary handicaps in the way of ill-health or remediable physical defects. (Copyright, 1932, by The Bonnet-Brown Corporation, Chicago.)

## Candidates Express Thanks To Voters

To The Voters of Precinct No. 4, Knox County, Texas

According to the returns of Saturday's primary, I received a sufficient number of votes to go into the run-off with D. C. Osborne, present incumbent, and I wish to express my sincere thanks for the vote given me, and wish to say further that I will continue the race, and respectfully solicit the vote of those who voted for the other candidates in Saturday's primary.

I am remaining in this race because I do not believe that the commissioner's court has been diligent enough in reducing the cost of our county government, and will, if elected, use every legal means within my power to bring about reductions in salaries and other expenses that will ultimately bring relief to the tax-payers of the county, which cannot be done without some definite action on the part of your commissioner's court. Every farmer and business man has been reduced, so why shouldn't the county officials? The dollar will buy more than at any time in twenty years, so why should our county officials continue to draw the same salaries that they have drawn when times were prosperous?

Upon a platform of reducing county expenditures and thereby reducing the tax burden that is reducing us all to a state of bankruptcy, I respectfully solicit your support in the August runoff primary.

Respectfully submitted,  
 PETER LORAN.

Lee Haymes Thanks Voters of Precinct For Vote Given

I want to express my deep gratitude to the voters of Munday for the excellent vote given me in Saturday's primary, and I promise that it shall be my aim in the future, as it has in the past, to render the very best service of which I am capable, and I shall ever feel grateful for the excellent vote accorded me.

Very respectfully,  
 LEE HAYMES.

**CARD OF THANKS.**

I wish to thank the voters of the precinct for the excellent vote given me in Saturday's primary. It shall be my aim to discharge the duties of the office in such a way as to cause no regret with those who have given me their support.

Respectfully,  
 M. H. McCarty.

**TO THE VOTERS, T**

I wish to express my thanks to those who voted for me in Saturday's primary, and while I failed to get the nomination, I hold no ill will against anyone, and I shall always feel very grateful to those who expressed their confidence in me at the polls.

Respectfully,  
 CLYDE NELSON.

**WE HOPE HE IS RIGHT.**

Charles G. Dawes, retiring from public life after nearly fifteen years of service which began with the War, included the reorganization of Germany's finances, a term as vice-President of the United States, Ambassador to Great Britain, and culminating with the presidency of the Reconstruction Finance Corporation, says that the nation has reached the turning point in the depression.

Mr. Dawes, who was and is a successful banker as well as a statesman, ought to know what he is talking about. He does not hold out any glittering promises to the foolish folk who still believe that the end of the depression will be heralded by the overnight resumption of full production in every industry and the skyrocketing of stock exchange prices to where they were three years ago. But he points out that people are beginning to use more electric current, that the small business and industries are showing gains in many lines, and he sagely reminds us that recovery from depression always starts at the bottom and works up. The big maker of motor cars or radio sets or other gadgets can't be expected to get into full swing until the smaller industries have been back in production long enough to make a dent in the number of the unemployed and put the mass of the people in a position where they can again become customers for the products of the big industries.

We hope Mr. Dawes is right. And, if we may add an observation of our own, we think the revival of business is going to begin with makers and distributors of things which are neither domestic necessities nor luxuries, but which are aids to the small business man, helping him to do more business

TO THE PEOPLE OF THE 50th JUDICIAL DISTRICT:

Unofficial returns from the District indicate that I am in a run-off with Dick Dresser for the nomination for District Attorney.

I take this means of expressing my gratitude to the people of this District for their expression of confidence and for the interest they took in my candidacy. I trust that it will be my good fortune to thank you personally.

I also take this opportunity to solicit your continued support and the support of all people of the District. This support will be appreciated and I assure you that if honored with this responsible position I will give the best I have to make you an honest and capable officer.

J. DONNELL DICKSON.

Judge Osborne Is Grateful For Vote Given Him Saturday

I wish to express my sincere thanks for the excellent vote given me in Saturday's primary, and in so doing I would also solicit your vote in the runoff in August, and I promise you the very best administration that I am capable of giving. As I have tried in the past to render a faithful service to the citizens, I shall continue in the future.

Gratefully,  
 D. C. OSBORNE.

TO THE PEOPLE OF 114th LEGISLATIVE DISTRICT, COMPOSED OF KNOX, KING, FOARD AND HARDEMAN COUNTIES.

I am sincerely and truly thankful for the more than three to one majority given me in the primary last Saturday. I have consistently worked for what I believed to be the best interests of the people of the 114th district and I expect to keep it up. In a State as large as Texas, with as many divergent interests as there are in Texas, it is not always possible for a Representative from this section to get the things done down at Austin that he would like to have done. However, I expect to continue to struggle for the things that we need and want in Northwest Texas.

In regard to taxation, I wish to again emphasize, that not more than ten per cent of the taxes on your property are used to operate the State Government. The other ninety per cent are used for local purposes, either for county, school or city purposes. I feel sure that the Legislature will soon shift the burden of the highway bonds to the gasoline tax, and that the Legislature will also reduce all other expense of the State Government. But if all the expenses of the State Government were cut off, it would not reduce the taxes on your property more than ten per cent. For the greater part of the taxes on your property are for local purposes and must be trimmed by local governing bodies.

Again thanking all of my friends, I remain,  
 Gratefully yours,  
 GEORGE MOFFETT.

for ANY BABY

WE can never be sure just what makes an infant restless, but the remedy can always be the same. Good old Castoria! There's comfort in every drop of this pure vegetable preparation, and not the slightest harm in its frequent use. As often as Baby has a fretful spell, is feverish, or cries and can't sleep, let Castoria soothe and quiet him. Sometimes it's a touch of colic. Sometimes constipation. Or diarrhea—a condition that should always be checked without delay. Just keep Castoria handy, and give it promptly. Relief will follow very promptly; if it doesn't, you should call a physician.

Roy Smith Thanks Voters For Their Votes In Primary

I take this means of thanking you from the depth of my heart for the splendid vote accorded me at the polls last Saturday.

Words are inadequate however, to express my deep and sincere appreciation.

I at all times tried to conduct a clean campaign, soliciting your support only on my ability to place the Judge's office on a higher plane of efficiency with a marked degree of economy in operation. I feel that I can never repay the voters of this community the debt of gratitude I owe. Thanks to one and all.

Sincerely yours,  
 ROY SMITH.

To The Voters of Knox County, Texas

May I take this means of expressing my heartfelt appreciation for each and every vote cast for me last Saturday. While I will not work as your tax assessor, I shall ever be found doing all within my power for the best interest of Knox county and her people.

In a country where the majority rules, I have long since learned to humbly bow to the will of the people. If it is your judgment that another can better serve you than I, we certainly shall not quarrel about the matter. For 18 years as a citizen of this county, I have tried to be of service, and I shall continue the same policy in the future.

With the best of good feeling toward everyone, I am,  
 Sincerely yours,  
 E. L. COVEY.

**CARD OF THANKS.**

The election is over, and, according to the returns, I have failed to receive sufficient votes to enter the runoff, but I wish to express my sincere thanks to the voters who expressed their confidence in me at the polls, and I pledge my efforts as a citizen to every effort toward the reducing the cost of government. I harbor no ill will toward anyone, and have enjoyed meeting with the citizens during this campaign, and extend to each and everyone my sincere thanks for the courtesies extended me.

Respectfully,  
 D. C. FRITZ.
