Thinking Out Loud

By J. A. K.

The Times family has been getting along fine this week. In fact we have enjoyed the first fruits of the winter season in the form of a nice batch of pork sausage from Ambrose Worthington's ranch.

Ambrose, seemingly, has always had a tender feeling for TOL, as he has told us repeatedly that the presiding elder of this column is the only person he has ever encountered with that name, and we both are content to let it go by merely using a cap A.

Anyway, the sausage were fine and dandy, and we have bantered him to peddle us a batch of them, but he seems somewhat skeptical about letting out any more, as he stated he had only 275 pounds for his own use.

And if you think the depression can strike any terror to the hearts of a bird who has that many pounds of pork sausage in his pantry, you just have a guess coming. In fact, the pantry at the Worthington home would probably look more like a commissary than anything else.

And old Alfalfa Bill Murray has broke loose again and ordered the release of Col. Zack Miller after his incarceration for failure to pay alimony to his divorced wife.

Alfalfa Bill, who is said to be pretty well up on his Constitution, let it be known that he wouldn't permit any man to be imprisoned for inability to pay an obligation, and he defied the District Judge and Sheriff to challenge his action in ordering the release of Col. Miller—and they obeyed his orders.

Spirit of Cotton-Fields Caught by Camera for "Cabin in the Cotton"

Authentic southern cottonfield locations were used in the filming of Richard Barthelmess' latest epic of the South, "The Cabin in the Cotton," a First National picture coming to the Roxy Theatre Sunday, Monday and Tuesday.

The cries of the cotton-pickers, their haunting songs, bird sounds, the noise of the cotton gin, the creaking and rattle of the wagons carrying the cotton to the market, the enraged protests of the little negro babies left lying in the shade of an old cotton shack while their mothers pick—all these and many more were taken on actual location in the "land of Old Black Joe."

This is in line with the modern motion picture policy to travel even to the ends of the earth, if necessary, to get actual scenes and sounds.

Before the picture's filming started, Michael Curtiz, director of the picture, spent several weeks wandering through southern countryside, studying the people and the customs.

Not the old south of former romanticized novels is presented here, but the new south of the present day—a south struggling for education, diversification and other modern industrial advantages long utilized by the more easily adaptable north.

The cast supporting Dick Barthelmess has Bette Davis and Dorothy Jordan in the feminine leads, Henry B. Walthall, Tully Marshall, Edmund Breese, Berton Churchill, David Landan, William LeMaire and Clarence Muse.

The original story was written by Harry Harrison Kroll and was adapted to the screen by Paul Green, famous Southern playwright, whose "In Abraham's Bosom" was a Pulitzer prize play.

Munday Ginnings Pass 13,000 Mark During The Week

More than 13,000 bales of cotton have already been ginned in Munday during the present season, and gins are still running well into the night to keep up with the work, however, it is believed that by the end of the week there will be very little necessity for running during the night, and the gins here have possibly had the busiest season in their history.

On Wednesday noon, at which time we procured figures from the local gins, the Farmers Union plants had ginned 8,895, while the Pendleton Gin Company had ginned 4,085, making a total of 12,980 at that time, and the 13,000 mark was passed during that afternoon.

City Successfully Meets Obligations Without Borrowing

The final bonded indebtedness due during the present year, amounting to \$1,365.00, due December 1st, has been met, and this together with other bond payments that have fallen due during the year, aggregating almost \$12,000.00, have been paid off promptly, despite the fact that the funds of the city, amounting to almost \$10,000.00, were tied up in the defunct State Bank, and nothing whatever has been realized on same.

This, we believe, is an accomplishment which reflects credit upon the citizenship of Munday, for such a record could not have been made had it not been for the loyalty of the citizenship in meeting their tax obligations during these troubled times.

Several times during the year it seemed that it would be necessary for the city to default in the payment of its obligations or borrow money with which to pay them, but in every instance loyal citizens have come to the rescue with tax payments, which have made it possible to meet all obligations promptly throughout the year.

Munday Fire Dep't. Extinguishes Flame At Neff Gin, Thorp

The Munday Fire Department was called out on Thursday afternoon to the Neff Gin at Thorp, where fire had originated in the roof of the gin and threatened destruction of the plant, however, with the aid of the booster tank with which the Munday truck is equipped the fire was extinguished within a few minutes after its arrival. The truck carries a water supply of 500 gallons which can be forced out by the pumps on the machine, and it was this feature of the truck that made it of service in this instance, as the gin is four miles from town and there is no water supply available within reach of the pumps on the machine, and the boys of the department are glad that they were able to render assistance in this instance.

Funeral Services Held Here Friday For Abilene Child

Funeral services were held at Johnson cemetery last Friday for Clifton Roddum, six-year-old son of Mr. and Mrs. M. M. Roddum, former citizens of Munday. The child died in an Abilene Hospital on Thursday of pneumonia, and the remains were brought here for burial in a Kiker-Knight funeral coach. Another child of Mr. and Mrs. Roddum died while they were living here some years ago.

Mr. and Mrs. W. V. Tiner and children left Thursday for Crystal City, Texas, in response to a message advising them of the critical illness of Mr. Tiner's father. No further word has been received from them at this time.

Lamesa Publisher Purchases Herald From Mack Sweeney

Mack Sweeney, who has published the Knox County Herald at Knox City for the past three years, has sold that publication to Sam Smith of Lamesa, who will assume charge on December 1st, according to an announcement carried in the Herald last week. Mr. and Mrs. Sweeney have no plans for the immediate future, but will likely engage in the newspaper business elsewhere soon. Mr. Smith is one of the well known publishers of West Texas and we welcome him to Knox county, and trust that the Sweeneys may soon get satisfactorily located.

Liberal Response Has Been Made To Appeal School Tax

Through the cooperation of the citizenship of the Munday Independent School district the local board has been able so far to take care of 60 per cent of the teachers' salary to date, with sufficient funds to pay this percentage on the current month's salary, due on the 7th according to D. T. Mauldin, tax collector for the district. This has been made possible, according to Mr. Mauldin, by a number of citizens paying their taxes before they were really due, and to the payment of delinquent taxes.

However, the board wishes to impress upon the citizenship the necessity of further tax payment if the schools are to continue without interruption, as there is absolutely no surplus upon which they may draw to continue paying salaries, and the future of the school depends upon the manner in which the citizenship responds to tax payments, and in view of the fact that the board has lifted all penalties and interest on delinquent taxes, they feel that those who possibly can should make all payments due to date at the earliest possible time.

In addition to paying salaries to date the school district has been enabled to take up 89 deficiency warrants issued last year through the payment of delinquent taxes and the payment by the state of moneys delayed from last year.

The following have made it possible to carry on during the current school year by meeting their tax obligations, many of whom have paid in advance:

Calvin Morton, who has been for several months associated with a Chevrolet service station at Hobbs, N. M., has returned to Munday and is again in charge of the mechanical department at the Moore Chevrolet.

Jimmie Sillman of Knox City was transacting business here on Monday afternoon.

Knox County Has Passed 42,697 In Cotton Ginnings

Knox county has ginned up to November 14th, 42,697 bales, as compared with 27,881 on the same date last year, according to W. H. H. Griffin, enumerator for the Department of Commerce. According to the report the county's ginnings to date exceed those of last year by 15,316 bales, or almost one-third.

By the end of the present week the cotton crop over the Munday section will be pretty well out and there will be little scrapping to do. Weather conditions for gathering the crop have been ideal, and with cotton well all out the farmers will soon begin to beg for rain on winter grain.

Rochester Citizens Organize New Bank To Absorb Old Bank

The Home State Bank is the name of a new banking institution organized at Rochester last week, which will take over the affairs of the First State Bank there. The new organization is composed of farmers and business men of the community. Officers of the new institution are: G. F. Mullino, president; J. E. Mansell, vice-president; W. Z. Wadzeck, vice-president; J. L. Teal, cashier; C. A. Doss, assistant cashier; J. J. M. Hines, assistant cashier. The directors of the new institution are: Allen Bell, J. F. Mizeal, Joe Hester, C. F. Mullino, P. R. Jettis, W. Z. Wadzeck, J. W. Mitchell.

Seven and One-Half Found Sweet Potato Grown by J. R. Nelson

J. R. Nelson presented The Times with a sweet potato a few days ago which weighed 7 1/2 pounds, which would indicate that East Texas has nothing on West Texas even in the matter of producing sweet potatoes. In fact, West Texas can produce about anything that is grown, and we are finding this out more and more each year as the live-at-home idea becomes more firmly established.

Religious Debate In Progress Here At Church of Christ

A series of debates between J. Porter Whitte, a representative of the Church of Christ, and W. A. Kyle, representing the Missionary Baptist church, is in progress at the Church of Christ here, having begun here on Thursday evening. The sessions are to be held each afternoon, beginning at 7:30 o'clock, and the series will extend into next week.

The debate was originally announced to be held at Goree, but due to inability to procure a suitable building there in which to hold the discussions, it was decided to transfer the discussions to Munday, and they will be held at the Church of Christ in this city.

SENIOR SCRAPBOOK.

Hello folks! Here we are again, happier than ever. We've proudly exhibited our rings. We've begun work on that exciting "Mystery of the Third Gable," and we're boasting of the fact that some of our Senior boys helped defeat the Greyhounds and bring back that beautiful trophy. Now, tell us, if you dare, that we shouldn't be happy!

Readers we've decided upon the date for our play. It is going to be presented in the "swellest" fashion December 22. Don't miss it! But wait, we want you to understand something from the very beginning. The cast selected will do all in their power to make those who attend enjoy the drama, but they alone do not deserve the highest credit. Miss Kennedy will sponsor this play, so folks you know to expect a full evening of worthwhile entertainment. As in football, business, and other phases of life, those who usually take the hardest kicks and do the hardest work are given the least credit. Folks, the whole senior class is going to be responsible for the success of this play.

Here's the tale they're telling on Chalmers Hobert. It appeared as if Chalmers was unable to turn in an assigned manuscript at the time it was due. Several days later Miss Couch asked Chalmers if he would turn in the theme as he had said he would. Poor Chalmers looked perfectly "blank" and asked her what theme she was inquiring about. Miss Couch was slightly annoyed at the question but replied to Chalmers, telling him he had promised to hand it in on that day. Chalmers looked innocent enough and answered thoughtfully, "Well, well, I've caught myself lying again." Could you ever imagine Maryalade Barton, one of our brilliant seniors, making an oral book report on "Innocence Aboard" and not knowing that Mark Twain was the pen name of Samuel Langhorne Clemens. While giving a summary of Mark Twain's life Alalade was asked if she knew where Clemens got his pen name. "Pen name"? asked Adelaide. Silence. After few moments of serious thinking, "No'am, I guess I'm 'stuck'."

JUNIORS

Ho hum! If you by any chance saw a Junior with his mouth flying open every few minutes last Monday morning, please don't be alarmed as he probably enjoyed the holidays just a little too well, and had not caught up with lost sleep. Some of us are just about to begin wishing that Thanksgiving would come more

often than just once every year. The two holidays were indeed enjoyed by everyone in the Junior class. The football game at Knox City was the special event.

Of course we plan to cooperate with the P. T. A. in the best way that we can in trying to get a new curtain for the stage in the auditorium. It seems rather doubtful if some of the Spanish students will ever learn what Miss Palmer is trying to say to them when she speaks in Spanish, but just the same the subjects are really very interesting. Hasta luego.

The Freshman News.

Believe me, we Freshmen have all enjoyed our four holidays and the excellent dinner our mothers prepared Thanksgiving. We all found that we had a lot to be thankful for.

We are glad to say that we have a few "fishes" coming out for basket ball. We feel that they will do well, because our "motto" is: "Blessed are the green for they shall grow."

In the basement of the Methodist church our room mothers, Mmes. Barnes and McGlothlin, entertained us with a party. Many games were played. The party ended with delightful refreshments of hot chocolate and cookies. We all had a very nice time.

"THE" PARTY

Besides the trophy, the honor, and the fun, the football squad received a generous reward for the victory at Knox City on Thursday afternoon in the form of a free show and a party that night. After the show, the boys were given a real "blowout" in the Masonic Hall, thanks to the pep squad.

The hall was beautifully decorated with purple and gold streamers. The Thanksgiving idea was carried out with "the" trophy (surely you've heard of "the" trophy) standing majestically in the center of a ring made of all sorts of fruit.

Members of the High School faculty were present to see that the party was "put over" right.

Several new games were played and enjoyed in which Professor Jones was the outstanding player. This was especially true in one game during which he was forced to forfeit his dignity by sliding down the slippery hall to the feet of the all-important Miss Clifford.

At a rather late hour, pie and coffee was served and everyone went away with a well satisfied look on their faces.

SOPHOMORE REPORT.

The Sophs are, together again, dis-

cussing and comparing the various ways that the Thanksgiving holidays were spent, each confiding the pleasure of first seeing the turkey appear on the table on Turkey Day, and the disappointment and finally the momentary of seeing it appear again and again in its merry stages.

The editor of this column spent Thanksgiving in Austin, Texas, and upon returning found that the Moguls had defeated the Greyhounds with a score that makes us want to yell "yee Moguls!"

Of course we are proud of our school, and we sincerely thank the football boys for their fighting and for this victory.

IN APPRECIATION.

The Parent-Teachers Association continues to bestow kindness upon the student-body. This organization did not quit with its library donation, but it is now planning to buy a curtain for the stage in the tabernacle. Much benefit has already been derived from the new addition to our library, and much more will come from it before this school term has expired, as it will do the students of the next term and the next.

The project to buy a curtain is one that is surely needed, and it is impossible for the student-body to show its complete appreciation, especially the juniors and seniors, for it will be they that really and truly appreciate this curtain when they present their plays.

There is one person in Munday that is really outstanding when it comes to being especially nice to the football boys and pep squad. This person is none other than Mr. P. V. Williams. Thank you, Mr. Williams for the show tickets.

There is another organization that has made a nice donation to our school library. This is the Study Club. 12 volumes of The Library of Entertainment were presented by this club. These volumes contain a form of every literature. (And that, you may be sure, will be very helpful in our study of English.) There is also in the possession of our school, a trophy that was given by this same organization several years ago. This trophy is presented each year to the best "all-around" student, and that stu-

TOM-TOM-

one. This year's pep squad has been written down as one of the best. Munday has not only won the Brazos Valley championship in football, but she has won it in pep squad and student support. Much of the credit is doubtless due to the leaders and sponsors. In Hazel Clough and Katherine Jones we have seen two of the best leaders possible. In Miss Palmer we have seen a sponsor ever willing to devote her time and energy to the work in hand. In the student members we have seen one of the best organizations of its kind. The pep squad of this year will be long remembered in M. H. S.

RIGSBY'S ROUNDUP

Did you see the game? No, well

fans you missed the best game the Moguls ever played. The Munday Moguls defeated the Knox City Greyhounds to the score of 7-0 last Thursday. Boy, that was some game. Little Johnnie West, that famous coming halfback of Munday, was the hero of the day. He received a pass after much difficulty and made the counting touchdown.

Let me tell you folks, Coach Palmer is one real football coach. He surely knows what he was doing Thursday. He really developed a team this year. While we are all so happy over the defeating of Knox City, there are quite a few who are somewhat sad. These boys of the football squad will not be here another year for they are graduating. Chalmers Hobert, Marvin Myers, Chancy Hobert, W. T. Henderson, Wallace Ross, J. C. Rice, J. C. Phillips and Shelton Phillips. We, the student-body and faculty of

the Munday High School, wish to express our sincere appreciation and respect for those boys who played for the dear old Munday High.

Well, for every boy there is some good for we have nice prospects for next year. Thanks fans, for your attendance to the game. That really helped the boys a lot to win the game. Well, I see basketball season coming along so let's see, next week, our prospects for this kind of high school sports.

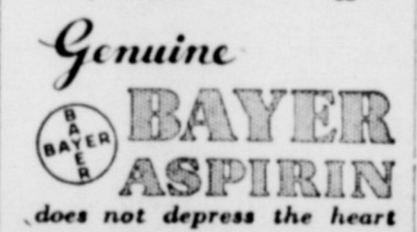

BILIOUSNESS

Dr. Dr. William J. Schries. One of the words that has received no place in the terminology of modern scientific medicine is "biliousness." It lacks exact meaning. It is commonly used to describe functional disturbances consisting of a varying group of symptoms that are supposed
