

# THE MUNDAY TIMES

Volume XXVII

Munday, Texas, Thursday, June 11, 1931.

Number 79

## Munday Takes Exciting Game off Sunset Lads

Dennis pitched the Munday aggregation to an 8-6 victory over Sunset Sunday afternoon in one of the most thrilling games of the season. In the first frame Munday got to Garvin for three hits which gave the home bunch the upper hand with a three score lead and they managed to retain the lead throughout the game, but at no time did Munday have the game in the bag until the last out was made.

One of the unusual features of the game was that Munday made five double plays during the nine innings, which fact contributed in a large measure to Munday's success in retaining the lead.

Follows is the box score for the Munday-Sunset game:

MUNDAY		AB R H E		
Warren, lb.	3	1	1	0
Aycock, cf.	3	1	1	0
McGraw, ss-p	4	2	2	0
A. Wallace, 3b.	4	2	2	2
Bowden, rf.	4	1	2	0
Mayer, 2b.	4	0	1	0
Bowley, lf-ss	4	0	0	0
White, c.	4	0	0	0
Dennis, p.	3	1	0	1
L. Wallace, lf.	0	0	0	0
Totals	33	8	9	3

SUNSET		AB R H E		
Lawrence, lf.	5	1	1	1
Burby, 2b.	4	0	0	2
Birtola, cf.	4	2	2	0
Draper, 3b.	3	0	1	1
Yost, lb-ss.	4	0	2	1
Forehand, rf.	4	1	1	0
Smith, ss-p.	4	2	1	0
Brown, c.	4	0	1	0
Garvin, p.	2	0	0	0
Woolley, lb.	2	0	2	0
Totals	36	6	11	6

**SUMMARY**—Two-base hits—Draper, McGraw, Mayer, Aycock, Brown. Three-base hits—Yost, McGraw. Home run—Bowden. Double plays—Smith to Burby to Yost; Dennis to Warren; Dennis to Mayer; Wallace to Mayer to Warren; Mayer to Warren; Dennis unassisted. Winning pitcher, Dennis. Losing pitcher, Garvin. Time 2 hours. Umpires Ware and Maples.

## Rhineland Evens League Standing With Gorre Team

In one of the most sensational battles of the Brazos Valley League Rhineland defeated Gorre 8-5 Sunday. Led by the timely hitting of their battery they overcame a three run lead and safely tucked the game away with a three run rally in the eighth inning.

Loran pitched a masterful game of ball until the ninth inning. He had allowed but three hits until the ninth. Two runs were in and runners on first and second when Rayburn was rushed to his rescue to stop a Gorre rally. A Kuehler's sensational running one-handed catch for a double killing in the ninth stopped the rally. Blankenship, with three bingles, led the hitting for the visitors, while Leo Kuehler, Aug. Loran with two hits each led the home attack.

RHINELAND		AB H O A	
A. Loran	1	2	1
L. Kuehler	2	0	2
Rayburn	4	1	2
McGlothlin	5	1	7
Leo Kuehler	5	2	3
Aug. Loran	4	2	3
A. Kuehler	3	0	1
Wilde	4	1	3
Albus	3	0	3
Totals	31	8	27

GORRE		AB H O A	
Hutchins	4	1	0
Couch	3	0	3
Moore	4	1	3
Blankenship	5	3	1
Hilbre	5	0	7
C. Coffman	3	0	2
West	2	0	3
Payne	4	0	0
O. Coffman	3	1	5
Norris	0	0	3
Totals	32	6	24

\* Run for O. Coffman in ninth.

Gorre 301 000 002-5 6 3  
Rhineland 537 611 125-8 8 1

**WHERE THEY PLAY SUNDAY**  
Weinert at Munday.  
Goree at Knox City.  
Rhineland at Sunset.

## Knox Grand Jury Completes Work In Record Time

The Knox county grand jury, which convened on Monday completed its work in a little over two days and on Wednesday made its report, after having returned eighteen indictments, eight of which were for felonies and ten misdemeanors. Most of the investigations conducted by the grand jury pertained to minor offenses such as petty theft, and a major portion of the indictments grew out of these investigations.

One of the unusual indictments returned by the body was for horse theft, which in the olden days was a more or less common offense, but in recent years such indictments are unusual. The indictment was returned against Burl Davidson, a resident of Stonefall county. Sheriff C. R. Elliott, who assisted the grand jury materially in its investigations, states that he and other officers of the county are giving unusual attention to investigating and running down perpetrators of petty thefts, which have become a source of nuisance in various parts of the county, particularly chicken theft and the stripping of cars, and every effort is being made to reduce offenses of this character.

## 2 Suits Against County Settled By Compromise

The damage suit of Tom Adams against the county, and a companion suit for injunction brought by the McFadden Trust, was settled out of court at a meeting of the commissioners court at Benjamin last Saturday when the court granted practically all of the demands made by the complainants. The litigation grew out of the opening of the highway between Benjamin and the King county line.

## Knox City Keeps In Lead By Win From Cellar Boys

Weinert again went down with the small end of the score Sunday Sunday afternoon against Knox City, thereby enabling that team to retain its leadership in the league, which it has maintained throughout the season to date. Weinert retains its place at the bottom of the percentage table, having failed so far to register a victory this season.

Through failure to report the game we are unable to publish the box score on this game.

LEAGUE STANDING		G W L Pct.	
Knox City	6	4	2 .834
Goree	5	4	2 .667
Rhineland	5	4	2 .667
Munday	6	3	3 .500
Sunset	6	2	4 .334
Weinert	6	0	6 .000

SUNDAY'S RESULTS	
Goree 5, Rhineland 6	
Munday 8, Sunset 6	
Knox City 9, Weinert 3	

## Flag Day

By Ted Brown

## On Icy Mountains

Augustus Courtauld, British aviator, whose plane crashed on Greenland's ice cap and he had to walk back.

## MOTHER NATURE JOINS FORCES IN BANISHING WORMS FROM OATS AND WHEAT FIELDS IN FOARD COUNTY

Last week the army worms declared war on the wheat and oat fields of Foard county and this section of Texas and until Mother Nature came to the aid of the defenseless crops matters looked very serious to farmers all over the county. Serious damage was suffered in some fields, but the army worms are being rapidly wiped out and now they do not constitute a serious menace if proper safeguards are not taken to prevent their spreading.

## Chas. Matlock Loses Barn and Contents In Fire

On Saturday afternoon the barn and contents of Chas. Matlock, who lives a mile north of the city limits, was destroyed by fire of unknown origin. Mr. and Mrs. Matlock were away from home at the time of the fire and the barn was in a mass of flames before it was discovered.

The Munday fire department was called, but being outside the city and away from fire plugs they could do nothing toward saving the structure, and the building had been almost completely burned down before they were called. Mr. Matlock's loss is partially covered by insurance.

Mr. and Mrs. J. J. Land of Childress were here first of the week looking after business matters.

## Funeral Services For Mrs. Guinn Friday Morning

Mrs. Ben I. Guinn passed away at the family home in Munday Thursday morning at 3:00 o'clock after an illness extending over a period of several months, the past four weeks of which time she has been in a very critical condition and her death has been momentarily expected.

Funeral services will be conducted by the Rev. C. B. Meadows of Littlefield, a former pastor of the Methodist church in Munday, at the family home at ten o'clock Friday morning, after which the remains will be laid to rest in Johnson cemetery.

Mrs. Guinn was Miss Maude Brown before her marriage to Ben Guinn in 1909, and was a daughter of Mr. and Mrs. C. H. Brown, pioneer citizens of Munday. She was born in Georgia, July 12, 1885, and was brought to Texas by her parents when a baby, the family moving to Munday from Mount Calm, Hill County, in 1906, and she has resided here continuously since.

No neighbor was ever more thoughtful and kind than she, and there are countless numbers of citizens of Munday who have been beneficiaries of her kindness, and her going has been the occasion of deep regret to the entire citizenship of Munday and surrounding country.

In addition to her husband, she is survived by one daughter, Miss Mildred Guinn, and the following brothers: Hershel Brown of Temple; John Brown, Ozona; J. C. Brown, Houston; C. C. Brown, Abilene, and one sister, Mrs. U. R. Akin, who has been at her bedside almost constantly since she was stricken ill.

We are joined by the entire community in extending our sincere sympathy to the bereaved husband and daughter, the sister and the brothers, in their great sorrow.

Dr. and Mrs. Joe Davis spent Thursday visiting relatives in Stamford.

## THINKING OUT LOUD

BY JAKE N. NEDY

Last week TOL failed to get the box score of the Sunset-Knox City game until Thursday afternoon, and in our rush to get it into type we made an error or so, one of the most serious being that we failed to credit Skipper Burton of the Sunset outfit with a single hit, while as a matter of fact he should have been credited with at least two safeties, one of which was a home-run clout with the bases loaded, which contributed materially to the defeat of the league leaders.

In fact, the Skipper is hitting with such consistency that any box score which fails to reveal one or more hits might be construed as a typographical error.

And we might say that the Munday aggregation is improving materially in this art of hitting. In Sunday's game with Sunset the boys had the pitcher in deep trouble on more than one occasion.

And Munday's fast infield showed its stuff in the Sunset game with five double plays to its credit, which is an unusual number for any one game.

In another column of this issue will be found an article from the Foard County News at Crossell, which tells of the army worm being checked in the wheat fields of that section by certain flies and other insects.

When we come to study nature we find that an all-wise Creator has provided a panacea for practically all our ills. As the worms came and began their destruction of the beautiful wheat fields along came the insignificant little flies to stop their depredations.

And we are wondering if the sportsman with his gun has not brought grief to the farmer by the slaughter of birds. Doves and quail consume thousands of worms and insects daily, and during recent years worms have wrought great damage to the cotton fields of West Texas.

Jack Mayer, manager of the Munday baseball club, requests

## Hull House Head

Jane Addams, famous sociologist, won a \$5,000 prize in recognition of her great achievements.

## P. B. Broach Loses Home By Fire Tuesday Morning

Tuesday morning at 1:00 o'clock the fire alarm sounded and the department was called to the residence of P. B. Broach in the southwest part of the city where fire had gained such headway, aided by the high wind that was blowing that firemen could do but little toward checking the blaze and the residence and contents were practically a total loss, and we are informed that the loss was covered by insurance.

The fire department was called back to the scene of the blaze at about six o'clock in the morning, the water-soaked debris having dried out during the morning hours and again blazed, but was extinguished quickly.

Dr. and Mrs. Joe Davis spent Thursday visiting relatives in Stamford.

## Firemen Have Unusual Number Runs During Week

us to again call attention to the fact that it takes a few dollars to keep the team in balls and bats.

Jack states that the team is in debt about \$16.00 for balls and bats, and as the club gets only the money that is collected on the home grounds he would like to wipe out the deficit at Sunday's game, so bring along a little cash and help the boys along.

No one is making a dime off the games, and the boys are glad to provide the entertainment, but it is hardly fair that they should have to pay the cost of keeping the team going, and, according to Jack, the team will cease to play unless sufficient cash can be collected at the games to pay the cost of balls and bats.

## RHINELAND HAPPENINGS

A group of club girls, with Miss Grace Nelson as chaperone, enjoyed a picnic at the Brazos river bridge on Thursday last week. They all report a delightful evening.

Speaking of picnics, George Wilde had the misfortune of dislocating his shoulder while on a picnic at Seymour park. Which goes to prove, not all picnics have a happy ending.

Mr. Joiner and Mike Medlinger of Wichita Falls were Sunday visitors in this community.

Miss Irene Homer, who has been attending school in Galveston, returned home last Thursday. She was accompanied by Norbert Homer.

Leo Diersing, student in the Subiaco Seminary at Subiaco, Ark., has returned home for the summer.

Lawrence Decker made a business trip to Wichita Falls Monday of this week.

Mary Mulroy returned to Wichita Falls on Monday after a prolonged vacation here. She was accompanied by her parents, Mr. and Mrs. M. Bruckner, and their daughter, Miss Frances.

## John Lane Sells Interest Owned In Haney Grocery

Announcement has been made of the sale by John Lane of his interest in the business operating as the Haney Grocery and Market to Tom Haney, who has active management of the business since Mr. Lane has been interested in the business. Mr. Lane has never been actively associated with the business, but held an interest in the concern until the recent sale.

The sale will not affect the concern in any way and the business will continue to operate just as it has in the past under the capable management of Mr. Haney, who is ably assisted by his father and brother.

## Rev. Howell Will Preach On "Why I Believe Bible"

Hurrah boys! Field days, play days, swimming days are here. We have a fine body of boys in the Methodist Sunday school but still have room for more. We are now ready to play ball with the boys of the other churches. So if you want to get into a real live bunch come and join the department of boys and the class where our system of grading puts you and we will do our best to make you have a good time one afternoon each week and possibly a camp occasionally.

The message last Sunday was "The Bible; Where It Came From, How We Got It." And next Sunday morning we will make the message in "Why I Believe Bible."

There are some people who do not think a man can believe the Bible and really be sensible. There is a reason for it. Can a real man believe the Bible and yet have a respect for his own intelligence? If he can not I want to know the reason why, don't you? Come lets reason together.

Come to church Sunday.  
W. C. Howell, Pastor.

## PHILLIPS-FATHERREE

Miss Eloise Phillips, daughter of Mr. and Mrs. W. R. Phillips of Munday, was united in marriage at Abilene on June 1st to Mr. H. S. Fatherree of Abilene, the marriage ceremony being performed by Dr. Salkeld, pastor of the First Christian Church at Abilene, at the parsonage. Immediately after the ceremony they left for Corpus Christi, where they will spend the summer months and will return to Abilene about September 1st, where Mr. Fatherree will take up his duties as teacher of Spanish in the Abilene High School, which position he has held for the past few years.

Miss Phillips has been in Abilene for more than a year, where she has held a position with one of the large department stores.

The many friends of the bride in Munday join us in wishing for them a long and happy married life.

## CARD OF THANKS

Through this paper we wish to express our appreciation for the kindness and sympathy shown us during the recent illness and death of our husband, father and son.

Mrs. John W. Land and Children,  
J. A. Land and family.

## E. K. Pays Claim

The E. K. Insurance Association of Seymour, Texas, pays claim with their usual promptness.

**TO WHOM IT MAY CONCERN**  
Knox City, Texas, June 10, 1931.  
E. K. Local Ins. Ass'n Seymour, Texas.

Gentlemen:

This is to express my appreciation to your company for the prompt and satisfactory settlement of my husband's policy in Group No. 2, E. K.

I received the check the same day my husband was buried.

Wishing you success, I am,  
Yours very truly,  
Mrs. John W. Land.

The colored population of Munday is planning a picnic for the Juneteenth, and the local chamber of commerce has given them a boost in their plans by contributing 100 pounds of beef for the occasion. Their program will include a ball game, a home talent play and various contests.

### State Health Nurse Gratified With Cooperation

Never in history has there been such wide-spread interest in health work. The demand for biological products has far exceeded the expectations of the state department of health, hence, many requisitions have had to be cut down, however, we hope after the first of July we will have an ample supply.

I have spent the month of May getting publicity and helping to organize the health committees, in some of the counties they are ready for some real work. I am proud to mention the fact, one of the counties is so thoroughly interested and so well informed, they have gone so far as to hold educational meetings in the rural districts on Sunday afternoons. I venture to say this credit is due the doctors. This same county had a county-wide meeting, the doctors gave their time to make talks on health problems and especially stressed the importance of immunization against these various diseases. At this time all of the sub-committees were elected and the county health officer was appointed to do this work in the rural districts and the doctors in town would work in relays and give their services free. This is what I consider "good fruits" from a well organized health committee.

I suggest that each chairman should acquaint herself with the different phases of the program the nurse is carrying on and also with the literature that the nurse and the state health department are distributing. It is suggested that the chairman have at least one copy of each of these pamphlets on hand and "order forms" that she may give to any one in her district desiring to secure any of them.

In order to be able to assist in putting on a constructive health program in each district, it is suggested that each chairman make a study of the district she has in charge, before outlining any specific program, after this study has been made she will have a fairly accurate understanding of the outstanding need in her district. She will also know what particular phase of the health program the community is ready for.

Activities Carried on by The Nurse:  
Immunization program.  
Prenatal home visits.  
Infant and preschool conference.  
School health inspections.  
Junior health clubs.  
Adults health clubs.  
"Follow Up" home visits.  
Following is report for May:  
Official meetings, 6.  
Lectures, 8.  
Attendance, 237.  
Newspaper articles, 3.  
Parents consulted, 21.  
Visits to schools, 2.  
Individual conferences, 112.

### County Agent Tells How To Control Grasshoppers

There is little doubt of a prospective outbreak of grasshoppers as the pasture lands are now showing the young hopper in abundance. No doubt most everyone is acquainted with the control measure called Poison Bran Bait.

To mix this it requires: 25 lbs. of wheat bran; 1 lb. of White Arsenic (or Paris Green); 6 oranges (or lemons) finely chopped; low-grade sorghum molasses about 2 quarts. Enough water should be added—2 to 3 gallons—to make the mixture moist, not wet.

Mix the poison with the bran and mix the molasses with the water, then add the water-molasses solution to the poison-bran mixture and stir slowly while mixing; the fruit may be added while mixing. The bait should be scattered along the first few rows along the fence where damage is showing, early in the morning, as this is the time the grasshopper comes out to do the damage, and also after the sun shines on the bait for some time its effectiveness is lessened. This bait is poisonous to man and animals, and should be kept away from children and livestock.

W. E. Jones, County Agent.

### BRUSHY NEWS

There was good attendance at church and Sunday school Sunday. Clarence Boyles closed a successful singing school Friday night at Brushy.

Mr. Buck Cloud and daughters visited Mr. Quickell and family Sunday and attended church.

A. J. Smith of Munday attended church here Sunday.

Mr. Robert Lowe and family of New Mexico are visiting their parents and other relatives this week, and are planning to take Grandfather and Grandmother Lowe home with them if he is able to make the trip. He is still very weak.

Mrs. T. C. Williams and Mrs. J. L. Williams, who have been on the sick list for several months, are improving slowly.

Miss Lena 'rick left Thursday for Denton where she will attend summer school.

Mrs. Lester Bowman entertained the girls of our community with a slumber party Wednesday night, and spent the following day picnicking. They arrived at Seymour near the noon hour and spread lunch in the park, returning home in the late afternoon. Those present were Mrs. Lester Bowman, Mrs. Mack Cook, Mrs. Clarence Boyles, Mrs. Bill Garrett, and Misses Opal and Thelma Miller, Faye Cook, Cleo Vaughn, Joe Marie and Margaret Becknell, Estelle King, Dorothy Keith, Marie Conwell, Shug Bowman and Ruby Suggs.

Miss Aree Keith visited Thelma Miller Sunday.

Estel Tibbett of Hefner, Jack Tibwell and Melvin Thompson of Hood visited in this community Sunday afternoon.

"An anachronism," says the Standard Dictionary, "is an error in assigning the date of an event." Such as the 1930 song hit, "Happy Days Are Here Again."—Richardson Echo.

Doctors visited, 26.  
Immunization clinics, 6.  
Number of children given first dose of toxoid, 535.  
Smallpox vaccinations, 9.

Sue Darden, State Health Nurse, Knox, Baylor, Haskell, Ford and Throckmorton counties.

### The March of Progress

WEST TEXAS' phenomenal progress during the past decade has been equaled only by the steady expansion of its West Texas Utilities Company, for while West Texas has been carving industrial history, this company—to aid and foster that growth—has kept its far-flung facilities always in advance of immediate needs.

Today, a 2,500 mile network of Transmission lines—emerged from three strategically-located main generating stations and strengthened by 19 auxiliary or stand-by plants—has replaced the precarious and costly primitive "lightning" plant of yesterday. This new-day Transmission Line System insures a supply of flexible, elastic electric power sufficient to meet any conceivable development.

—And since the organization of the West Texas Utilities Company, the consumer has benefited by total average rate REDUCTIONS amounting to OVER SIXTY PER CENT—an impossible accomplishment in the days of isolated plants! Thus, Electric Power, aptly termed the "Life-Blood of Industry," has been a large factor in bringing prosperity to small cities.

As this company looks back over its brief but colorful history, it feels a justifiable pride in the knowledge that its progressive policies and the pioneering investment of many millions of dollars—to provide this simple service—have been large contributors to West Texas' nationally-acclaimed "March of Progress."

**West Texas Utilities Company**

**GATES VULCO**

**Forget Your Tires for 40,000 Miles**

This tire will reduce punctures and other troubles 90%. It will still be going strong at 40,000 miles.

It pays back what is costs extra, in punctures and other troubles avoided. In the long run, it costs less per mile than any other tire.

Before you buy, see this tire. If you take out a new car let us put a set of Gates Vulco De Luxe Balloons on and give you a liberal trade in price for the tires that come with your car. For a very slight difference in cost, you can double and triple your tire mileage.

Gates Vulco De Luxe Balloons are guaranteed for life against defects and INSURED FREE for one year against all road hazards and tire injuries.

**HOUSER'S SERVICE STATION**

My son, remember you have to work. Whether you handle pick or wheelbarrow or a set of books, digging ditches or editing a newspaper, ringing an auction bell or writing funny stories, you must work. Don't be afraid of killing yourself by overworking on the sunny side of thirty. Men die sometimes, because they quit at 6 p. m. and don't go home until two a. m. It's the intervals that kills, my son. The work gives you appetite for your meals; it lends solidity to your slumber; it gives you a perfect appreciation of a holiday. There are young men who do not work, but the country is not proud of them. It does not even know their names; it only speaks of them as So's boy. No body likes them, the great busy world doesn't know they are here. So find out what you want to be and do. Take off your coat and make dust in the world. The busier you are, the less harm you are apt to get into, the sweeter will be your sleep, the brighter your holidays, and the better satisfied the whole world will be with you.—Bob Burdette.

Sheriff C. R. Elliott of Benjamin was mingling with friends here Saturday afternoon.

# Safety Glass

Ford cars are now equipped with safety glass in all doors and windows at a small extra charge

\$15 for the Coupe, De Luxe Coupe, Sport Coupe or Convertible Cabriolet \$20 for the Tudor Sedan, Standard Sedan, De Luxe Sedan, Town Sedan or Victoria

THE Triplex safety glass windshield has always been an outstanding feature of the Model A Ford. By reducing the dangers of flying glass, it has saved many lives and prevented countless injuries in automobile collisions.

Now comes a further assurance of safety to every Ford owner... polished plate safety glass in ALL DOORS AND WINDOWS at slight additional cost.

The charge for this extra protection is unusually low because of large production and the development of new methods of manufacture. Simply tell the dealer when you buy the Ford that you want "safety plate glass in all doors and windows" and the car will be factory-equipped for you in that manner.

Today, as before, the safety glass windshield is furnished as standard equipment on all Ford cars without extra charge.

**FORD OWNERS** This announcement refers only to NEW CARS. Ford dealers are not in a position to install safety glass in the windows of your present Ford at the above prices.

### THE MUNDAY TIMES

KENNEDY & KENNEDY, Publishers  
JESSE A. KENNEDY, Editor  
JULIA A. KENNEDY, Associate Editor

SUBSCRIPTION PRICE \$1.50 PER YEAR

Entered as second class matter January 4, 1919, at the postoffice at Munday, Texas, under the Act of Congress of March 3, 1879.

PUBLISHED EVERY THURSDAY

REDUCE DROWNING  
Vacation time is here and judgment is needed. From the experience of other years 3,500 lives will be lost by accidental drowning during the

next few months. This represents only one-half of the total number of people drowned each year but they are crowded into the three summer months.

The annual death toll in the United States from drowning grows larger each year. More than one-half of those dying in this manner are young persons under twenty-four years of age. The largest single age group of persons drowning is the group of youths between fifteen and nineteen years of age.

Every vacationist should be careful this summer. A period of rest and relaxation from work is fine and necessary but carelessness should not accompany it. To venture too far in the surf or to take chances in a swift current means running the risk of drowning. Swimmers should be extremely careful.

### A HEALTHFUL DIET

Domestic science in the hands of the theorists often "takes on the aspect of black art," says Dr. Wynne, Health Commissioner of New York City, but cookery still remains the science of preparing a varied diet of fresh fruit, fresh vegetables, meats, eggs and milk. Dr. Wynne says, what many know, that a wholesome diet is an effective weapon against disease, and that this can be secured without any great expense. The problem of eating has been complicated, he thinks, with the term, "calorie." He reminds us that this is nothing but a measure of heat.

Dr. Wynne gives ten rules for a wholesome diet, as follows:

1. Don't bore your stomach with a monotonous diet.
2. Don't despise the lowly turnip and onion.
3. Don't scorn the cheaper cuts of meat; when properly cooked with vegetables they are better than a diet of steak and chops.
4. Buy fresh vegetables when they are plentiful.
5. Allow a quart of milk a day for each child and a pint for each adult.
6. Don't be afraid to try new dishes.
7. Adopt a cosmopolitan menu; become acquainted with minestrone, goulash, Irish stew, pig's knuckles and sauerkraut, and a ragout with vegetables.
8. Don't eat too much sweets.
9. Drink several glasses of water daily.
10. Do real cooking. Good health will not last with last-minute meals.

### CAN ANYBODY REMEMBER

- The time when men did not make fun of women's clothes?
- The time when older people were not in despair over the younger generation?
- The time when part of us were not complaining about hard times?
- The time when work did not make us weary?
- The time when money did not seem, at the time, scarce?
- The time when we were really satisfied with life?

### THE MAKERS

State Press in Dallas News:

"Newspapers made baseball by free publicity, then made the movies in like manner, and now are making radio, only to find it biting the hand that fed it," submits a customer who saves stationery by writing on the margin of a newspaper clipping. It has to be confessed that nothing succeeds that newspapers do not make it successful. Without the newspapers, baseball would be in this country about where it is in Tibet. Without the newspapers, the motion pictures would be where the family album is, and without access to the same publicity source the radio would be alongside croquet in the amusement field. This is saying that the newspapers make practically everything that is made big. It is because the newspapers are the most powerful stimulator of public appreciation. Its newspapers are the Nation's pulse and when they weaken the Nation will weaken, along with all the things that make the Nation. Radio probably is taking some business from the newspapers, possibly the movies are also. But they give business to the newspapers, not because they want to help the latter but because the wise men in control of them know that without the newspapers they would be lost to the American people. Nothing that depends upon the people for support can win that support without the newspapers. Big business knows this, and governs itself accordingly. It is only little business that doubts. By the way, those corporations listed on the New York Stock Exchange which remain exceptional for the regularity and liberality of their dividends are big advertisers. Consult the list and the ads.

It won't be long before the political leaders will be telling the country how it could have avoided the depression.

Vast hordes of graduates are now hearing the fable that the world is on the lookout for service and ability. Maybe!

Well the world is made up of people who believe that an old automobile might give them better service than a new car.

Twelve pilots are waiting for favorable weather to hop over the Atlantic; we said "over" but it will be "into" for some of them.

It's funny! A newspaper man who does not "bull" everybody is considered high-hat, and the editor who taffies the crowd is called a sap.

Trading in Munday is the duty of our citizens whenever they can do so; the duty of local merchants is to make it possible for them to do so every time.

Hindsight is better than foresight, and after the present depression is over you will be surprised at the number of financial advisors who told us about it all the time.

Some man observed the other day that business was so bad that even the fellow who never paid anybody was holding up on buying. Well, it's not quite that bad in Munday but there are some people here who are holding off the market when there is no reason for them to do so.

Some wise doctor says that facts and theories as to smoking clash, and they will continue to clash.

### NOTES AND COMMENT

Time passes fastest when you are at work.

In spite of rumors local citizens seldom die of overwork.

So far as we are able to ascertain the pedestrian is getting his every day on the highways.

Jokes may come and jokes may go and perhaps, once in a lifetime, you will hear a new one.

Next Sunday is an excellent Sunday on which to drop a dollar bill in the collection plate.

If you must have a brain test try to figure out the order in which these paragraphs were written.

Just because the newspapers give a lot of space to some man who cops \$150,000 in a racing lottery you needn't forget the 13,067,892 fish who put up the money without having a return.

One advertisement is better than no advertising, but steady advertising is the way modern businesses grow.

### FEDERAL LAND BANK LOANS

5 1/2 -- Per Cent -- 5 1/2

A long term loan with the option to pay at any interest rate, provided the payment to be made is out of one's own funds. And contrary to the general belief, THIS LOAN DOES NOT CARRY ANY LIABILITY ON YOUR FARM, OTHER THAN YOUR OWN LOAN.

This loan offers a saving of \$10.00 on the \$1,000.00 over any loan offered by any Loan Company in Texas.

## Let us SHOW you why Firestone TIRES are better!

FIRESTONE do not manufacture special brand tires for others to distribute—but they do make a complete line of tires for us, bearing the Firestone name and guarantee, that not only meets the prices but beats any special brand tire distributed by mail order houses or others in Quality and Construction, giving greater values.

Firestone have invested \$25,000,000.00 with Firestone Dealers in establishing the most economical distributing and servicing system in the world.

Come in today—let us show you the INSIDE FACTS from cross sections—that you may understand the EXTRA VALUES in Firestone Tires.

\*A "Special Brand" tire is made by a manufacturer for distributors such as mail order houses, oil companies and others, under a name that does not identify the tire manufacturer to the public, usually because he builds his "best quality" tires under his own name. Firestone puts his name on every tire he makes.

### Free Top Dressing Job!

With each \$1.00 purchase of merchandise—Tires, Tubes, Gas, Oil or Accessories—we will give you a ticket which will entitle you to a Free Top Dressing Job on your car with Firestone Top Dressing. You may have the dressing applied when you choose.

This Dressing serves as a preservative for your top, prevents sun cracking, stops small leaks and prolongs the life of the top.

This offer is good from Saturday, June 13 to Saturday, June 20, inclusive, and all who make purchases of \$1.00 or more at our station during the week will be entitled to this Free Top Dressing Job.

### PROOF

Magellan's Ship... sailing back to Seville... proved the World is round

The Pike's Peak Tests Proved: Germ-Processed Oil Reduces Motor Wear 76.4% over other popular oils tested . . .

CONOCO GERM-PROCESSED PARAFFIN BASE MOTOR OIL

These tests were conducted by the Pike's Peak Tests, which were held at Pike's Peak, Colorado, in 1928. The tests were held under the most severe conditions, and the results were conclusive. The oil tested was CONOCO GERM-PROCESSED MOTOR OIL. The results showed that this oil reduced motor wear 76.4% over other popular oils tested.

IT IS WELL TO CLAIM . . . BETTER TO PROVE
