Thinking Out Loud

By J. A. K.

Earn Lowe from over Goree way states that while this column is all baloney, he reads it first each week.

Which reminds us that the Literary Digest warns us that we should not confuse baloney with balogna.

Bologna, according to the Digest requires chewing, while baloney is usually swallowed whole.

Now comes the Ford Motor company with notice to employees urging them to vote for Hoover.

Mr. Ford might exercise some influence over those who are employed in his plants, but his admonition will not carry much weight with the thousands who have been without employment during the Hoover regime.

And if Mr. Hoover and the G. O. P. are not in a measure responsible for the depression and its serious consequences, were they really responsible for the prosperous times for which they so readily claimed all the credit?

Now it seems that about the best campaign slogan the Republicans can muster is, "Don't change crews on a sinking ship."

While Franklin D. Roosevelt and John Garner are preaching the gospel of independent voting throughout the doubtful states, the Democratic spellbinders down here in Texas are striving diligently to hold their party in line on the theory that they should support the nominee, regardless of everything.

On this theory Mr. Hoover would have a cinch in being re-elected, for should the Democratic ticket win in November it will be because thousands of Republicans have deserted their party and voted for the Democratic nominees.

But here in Texas the party leaders are experiencing some embarrassment in asking the undecided support of the party ticket for the good and simple reason that the nominee for governor has bolted the ticket on no less than two occasions during the past twenty years.

And, as the Bohman Daily Favorite puts it, "If the party is to reward the bolter and spurn the loyal patriot, why be loyal?"

The presiding elder of this column is always learning something he didn't know before, and, according to the opinion of some of our contemporaries, we could continue this acquiring of knowledge for several years and then not be any too well informed.

But we learned something recently about ladies' hose.

We have long been an admirer of ladies' hose, especially those sheer silk kind that look almost like they well they look kinda thin like, and if TOL has been seemingly indiscreet, it's because we were admiring the hosiery.

But what we started out to say, we didn't know until we rammed into Louis Donosky of the Baker-Moise Co., of Dallas, over at The Fair Store the other day that some of these fine hose we had been admiring were made right here in Texas—in Dallas by the above company.

Donosky is on the alert to show the world, even us menfolk, that his line of hosiery, which is sold under the trade name of "Vanette Hosiery", is better than lots of others, as he explains that silk deteriorates very rapidly when made into the finished product, and his line, being made right here in Dallas, from the finest of silk, is always fresh, and therefore gives longer wear.

Donosky gave us a little preachment on ladies' stockings. He contends that the finest gown can be spoiled by a pair of bargain hose. He contends that really honest-to-goodness hosiery cannot be sold at bargain prices, and that the lady who would dress well should expect to pay a reasonable price for her hosiery, and Vanette Hosiery fills the bill.

And if Donosky doesn't send our better half a box of those Vanette Hose we've just wasted all this

Famous Flyer With \$50,000 14-Passenger Plane Here Saturday

Reg Robbins of Fort Worth, Texas, known in air circles as 'the world's greatest barnstomer,' will visit Munday on Saturday, using the Dr. Smith pasture east of town on highway 30 as a base of operations. Robbins is bringing a tri-motored Ford all-metal ship with a seating capacity of fourteen, and will for the first time offer the citizens of this community an opportunity to do night flying, which, according to F. W. Estill, advance agent for Mr. Robbins, is proving more popular over the country than day flying. The plane is equipped with landing lights approved by the Department of Commerce for use in night flying.

The aviator will be remembered as the flyer who in 1929 established a world re-fueling record, remaining aloft for more than one week. His

REG ROBBINS

record, however, was subsequently shattered. In 1931 Robbins made two unsuccessful starts on a Pacific flight to Tokyo.

One of the feature attractions of the day will be the delayed parachute jump by Leon McKennon, who will attempt a 1000 foot delayed jump before tugging the rip cord.

Associated with Robbins will be Nick Greener, former partner of Jimmie Matten. The latter will be remembered as the associate of Griffin on an Atlantic flight recently to Berlin, Germany. Greener and Matten participated in the Alaska re-fueling stunt.

The same plane will be used here that was used as a re-fueling plane by Robbins and Jones last year in their attempted flight from Seattle to Tokyo, and which was lost from the Robbins ship in the fog over the Pacific, forcing Robbins and Jones to return to land.

Fighting Moguls Defeat Haskell Hi Indians 7-0 Here

Perhaps it was overconfidence, it may have been a case of underestimating the strength of the opponent, or it may have been that they were just out-classed, anyway, be that as it may, the fighting Munday Moguls sent the fast Haskell Hi Indians back home last Friday afternoon to formulate their own alibi, after having out-played them every inch of the game and winning 7-0.

The Moguls pinned their faith to aerial passes and kept the ball in the air, and it was on one of these passes from Aycock to Chauncey Hobert that brought the only touchdown of the game. The Moguls demonstrated their superiority all throughout the game, registering an even dozen first downs, while their opponents were allowed only three throughout the game.

However, the Moguls came out of the game somewhat disfigured and crippled for the remainder of the season, as Dick Rayburn sustained a collar bone injury that will likely result in his absence from the line-up throughout the remainder of the season.

PRESBYTERIAN CHURCH

The pastor will fill his appointment here next Sunday—Preaching at Sunset at 10 A. M. and in Munday at 11 A. M. There will be no evening services due to the pastor's being engaged in an evangelistic meeting at Anson.

valuable space, and might as well have devoted the whole column to politics. She wears a No. 9 1-2 hose in the old fashioned way—she doesn't roll 'em, and furthermore, she's one of Ms Ferguson's supporters.

Messrs. Tucker and Cowser Attend Meet Presbyterial Church

Mr. W. T. Cowser and Rev. C. A. Tucker attended the fall meeting of Presbytery at Fort Worth last week. They report that it was one of the most inspiring meetings of the church court that they ever attended. Below are some of the high lights of the meeting which impressed them most.

A fervent spirit of evangelism pervaded the entire body and characterized all of its sessions. The greater part of one afternoon was spent in a conference on evangelism - much of the time being spent in prayer.

The Presbytery endorsed the action of the General Assembly in designating 1933 as a year for special efforts in evangelism. This campaign will be conducted on a plan similar to that used in the Synod of Texas' evangelistic campaign during the last two years.

The retiring Moderator, Mr. Emmet Brown, an elder from Cleburne, who is also the Superintendent of the Public Schools of that city, brought the opening message in which he stressed the challenge and responsibility of a (Continued on back page)

Munday Schools Dismiss For Two Week For Harvest

The Munday schools dismissed for a two week period on last Friday evening in order that students might go to the cotton fields and assist in gathering the fleecy staple. Many farmers had stated that unless school dismissed they were going to be compelled to take their children out of school, and it was decided by the board that it was advisable to dismiss for a couple of weeks.

Grand Jury Makes Final Report and Completes Session

The Knox county grand jury on Monday made its final report to Judge Isaac O. Newton and asked to be discharged after it had returned only two misdemeanor indictments. At this session and the Judge completed with their request after expressing his gratitude to them for their diligence in making investigations. Judge Newton also praised the citizenship of the county and its law enforcement officers for the universal spirit of law observance in the county, and stated that during his long residence in this section he had never known of so few violations as have come before investigating bodies as there is in Knox county at this time, and he paid a high tribute to the citizenship of Knox county.

Prof. and Mrs. L. M. Palmer left Sunday for Grand Saline, where they will visit during the vacation period in the local school allowed to enable students to pick cotton. They were accompanied by Laverne Eiland, daughter of Mr. and Mrs. D. A. Eiland.

Kentuckian Has Family of 35 Children

John D. Sloan of Sergent, Ky., is the father of 34 children... and another addition to the family in August. Sloan is shown at the extreme right with his 34 children. This is Sloan's second marriage, 17 children by the first and 18 by the second marriage. The present Mrs. Sloan and the new baby are not shown in the picture.

Geo. Isbell, Local Dealer, Confirms Rumor Plymouth Six

Persistent rumors that a new Plymouth car shortly to be announced would be a six cylinder automobile of lower price than that of current Plymouth models, was confirmed here today by Geo. Isbell, local dealer.

Although no definite announcement date was named, Mr. Isbell stated that the new cars would make their appearance here within a few weeks.

"The new Plymouth Six," said Mr. Isbell, "is the product of a new era of automobile manufacture. The recent economic stress has stimulated the progress of automotive design far ahead of the amount of advances usually achieved in any three year period. Machine tool manufacturers have volunteered more new designs (Continued on back page.)"

Hallow'e'n Fiesta Will Be Staged By P.-T. A. Mon. Oct. 31

It might be difficult to describe just what it's going to be, but suffice to say that the Parent-Teacher association of Munday has been planning for some time for the event, and that should be sufficient evidence that it will be worth-while, and well worth the small admission charge.

The event will be staged in the hall over the Moore Chevrolet, and various kinds of entertainment are being arranged to suit the likes of all. There will be booths of various kinds for amusement, tables will be arranged for games of various kinds and music and other forms of entertainment are being arranged in such a manner that there will not be a dull moment throughout the entire evening. The ladies in charge have described the event as being gigantic, marvelous, gorgeous and subject to numerous other adjectives which, being unfamiliar with them all, they must content themselves with the few that come to them, and besides, they're too busy to look up additional phrases. They're planning for you to enjoy the evening.

The admission price will be 10 and 15 cents on the door, but the ladies would be pleased if all would bring along some additional change as they hope to be able to extract it, and you'll feel like you've had your money's worth, and besides, every dollar made is to be used to provide additional books for the library at the school, and you'll be helping a mighty (that's a good word) worthy cause.

Orville Bullington, Republican Nominee, To Speak In Munday

Announcement has been made from the headquarters of Orville Bullington, Republican candidate for Governor, that he will speak in Munday on Saturday, October 29th at 1:30 in the afternoon, and local supporters of the nominee are planning to give him a cordial reception here.

Mr. Bullington is making seven and eight addresses each day and in view of this fact, his address here will be brief, but he will have time to discuss some of the vital issues of the campaign in his address here. His itinerary for the day includes addresses at Anson, Stamford, Haskell, Munday, Seymour, Olney, Graham and an evening address at Breckenridge, so it can be seen that he is covering lots of ground in a very brief time.

Mr. Bullington will be greeted on his visit here by many of his old friends, it being in Munday that he started in the practice of law, and in this county he was elected, as a democrat, to the office of county attorney. He will be introduced to the Munday audience by former Mayor C. L. Mayes, a life-long democrat.

Mrs. R. L. Ballenger and little son of Vernon are here visiting in the home of her parents Dr. and Mrs. A. A. Smith.

Mr. and Mrs. Lavoey Burton and little daughter were here Sunday afternoon visiting in the home of her parents, Mr. and Mrs. U. S. Rogers, and other relatives.

Funeral Rites For Mrs. Johnson Held Tuesday Afternoon

Funeral services for Mrs. Frances Elizabeth Johnson were conducted at the family home on Tuesday afternoon, with Elder J. H. Fisher of Newcastle, Texas, officiating, assisted by Elders O. Strickland and J. E. L. Harrison and Rev. W. H. Albertson, of Munday. Following the services at the home the remains were laid to rest in Johnson cemetery.

Mrs. Johnson died on Monday afternoon following an illness of about ten days, and for the past several days her death had been expected momentarily, and members of the family from distant points had gathered at the bedside.

Mrs. Johnson was the widow of the late T. D. L. Johnson, and came to the Munday community in 1889, in fact, they were among the first families to establish residence on the Knox prairie, and Mrs. Johnson passed away in the old homestead that they built more than forty years ago when the family pioneered their way into this community, and she has witnessed the development of this community from a bleak prairie inhabited only by prairie dogs and rattlesnakes to the thriving and highly developed community it is today.

Deceased was born in Georgia on October 20, 1854, and when about ten years of age moved with her parents to Arkansas, where she grew to womanhood and was married to T. D. L. Johnson. Shortly after their marriage they moved to Texas, and resided in Johnson and Hood counties prior

to coming to Knox county. She is survived by five daughters and three sons, as follows: Mrs. J. B. Reneau of Munday; Mrs. Clay F. Grove of Faxon, Oklahoma; Mrs. J. R. Smith of Logan, New Mexico; Mrs. Elmer Dickerson of Munday; Mrs. Hugh F. Bricker of San Diego, California; Henry Johnson of Amarillo; Ross Johnson of Walters, Oklahoma, and Tom Johnson of Stanton, Texas, all of whom, together with a brother, Dr. Southland, of Lincoln, Arkansas, were at her bedside when the end came.

Mrs. Johnson had since childhood been a devout member of the Primitive Baptist church and her life was one of devotion to her church and to all agencies for the advancement of Christianity, and her passing leaves a vacancy in the community and among the family circle that cannot be filled.

Active pallbearers were John Ed Jones, G. R. Eiland, Tom Isbell, Geo. Isbell, Mart Hardin, Emmet Partridge, Ed Whittemore and C. L. Mayes.

Honorary pallbearers were F. T. Jarvis, I. N. Douglas, R. S. Barton, E. R. Hobert, E. E. Akers, Jim Munday, E. O. Layne, W. A. Baker, J. E. Matheny, Alex Jones, Theo. Jones, Ross Bates, Walter Cousins of Dallas,

Among the out of town people to attend the funeral were Mr. and Mrs. J. K. Johnson of Faxon, Okla.; Mr. and Mrs. W. E. Reneau of Electra; C. F. Perry of Faxon, Okla.; Mmes. C. J. Reneau and J. C. Reeder of Knox City, and others.

Flower girls were Christine Claudio, Hazel Webb, Edith Harrell, Jessie Mae Webb, Mrs. Dewey McDonald, Gene Bowden and Mary Adelaide Barton.

W. O. W. MEMORIAL HOSPITAL SERVES LUNCHEON WITH PRODUCTS RAISED ON ITS OWN TEXAS FARM

Judge E. D. Henry Complimented by President Fraser for Fine Work.

The nationally known Woodmen of the World War Memorial Hospital at San Antonio has one of the finest farms in the state and is doing much to bring about a greater interest in farming and dairying, according to President W. A. Fraser. Judge E. D. Henry, prominent San Antonio citizen, is agricultural director of the hospital farm. Judge Henry is also a member of the agricultural committee of the Chamber of Commerce. Each month the agricultural committee discusses some phase of farming, and recently dairying was stressed. Those interested in dairying in Southwest Texas were invited to a meeting and luncheon at the W. O. W. Hospital. They visited the hospital and farm and the new, beautiful William Alexander Fraser chapel and bird sanctuary.

The luncheon consisted of stewed and fried rabbit, roast beef, tomatoes, potatoes, sweet peppers, beans, cottage cheese, bread, ice cream and milk, all products from the farm.

In a letter to Judge Henry, President Fraser complimented him highly and called attention to the fact that Woodmen of the World Life Insurance Association was pleased to demonstrate to the dairy interest of Texas what it is

Judge E. D. Henry

doing to promote its industry. He also paid tribute to the fine work of Dr. J. F. Koerth, medical director of the hospital, for the splendid results achieved in the treatment of tubercular patients.

Woodmen of the World has a fine record throughout the country. In its statement of June 1, 1932, it declares its assets to be \$107,516,196.65, an increase of more than five million dollars over the previous year. Woodmen of the World wrote more than \$41,000,000 insurance in 1931 and paid benefits during that year of more than \$10,000,000.

Work Weary "NERVES"

Do they make you Restless, Cranky, Tired, Sleepless, Dyspeptic, Head-achy? Do they spoil your pleasure and interfere with your work?

Tens of thousands have found a way to get relief from over-worked nerves—a way so simple, so pleasant, so low in cost, that we are constantly receiving letters that say, "If I had only found Effervescent Nerve Tablets sooner." Simon Brandt writes: "I was very nervous from over-work. I couldn't sleep well, appetite was poor, and I felt weak for a long time. "Used Dr. Miles' Nerve and now feel fifteen years younger and I am working the same as I did before—fourteen to fifteen hours daily. "Sorry I did not learn about this wonderful medicine sooner as I had tried everything I could hear of, without results, until Dr. Miles' Nerve put me back on my feet."

When you are nervous, try this—put a Dr. Miles' Effervescent Nerve Tablet into a glass of water. Watch it bubble up like sparkling spring water—drink it—enjoy the feeling of calm and relaxation that follows.

In Dr. Miles' Effervescent Nerve Tablets a splendid formula for soothing overworked nerves is combined with bicarbonate of soda and citric acid which tend to correct hyper-acidity—a frequent cause of nervousness.

To HOOT GIBSON

When it was announced that Hoot Gibson would stage the rodeo at the Texas State Fair at Dallas this year, Walter Cousins, former citizen of Munday and the town's first mayor, wrote the following poem, and sent copies to friends over West Texas, this one coming to Sheriff C. R. Elliott, who has passed it to us, and we are taking the liberty to publish it, knowing the esteem that many local citizens among the old timers have for the author, to say nothing of its merit:

They say Hoot Gibson's comin' With his Waddies, an' a herd Of hatchet-headed hellians Wilder'n Chaparely birds, Tangle-Legged buckers Salty broncs that chin the moon White-eyed, dish-faced outlaws From the cactus an' the dunes.

Mr. Gibson's shorley bringin' To the youth of this late date Scenes we had most every mornin' 'Round the camps in ninety-eight. When good ole Marion McGinty Bronc buster bred an' born Was a faunin' of the wust ones With one leg round the horn

When Grover Jones was mashin' had 'uns An' Bob Wilson use to sit In the middle of a Gallup saddle 'Till the critter had to quit. There warn't no goncs to ring then An' the hosses wasn't clogged. When Frank Rhodes whirled a wicked loop That would hold a prairie dog.

When Major Holmberg rode the range With Joe Erickson, an' our John John Selmon of the S. M. S. In the days that that's forever gone. When Dick Pogue billed the pinto beans An' baked sour dough an' spuds. An' on pay day at the Lone Wolf bar We spent our coin for suds.

Mr. Gibson we will shore be there An' all the memories of the past Will shorely come a troopin' back Through years that are flyin' fast As your outlaws luck an' squirm and groan An' your bench-legged waddies ride 'Till they bring to me, many a phantom face From beyond the Great Divide.

Munday Study Club Starts Year With Breakfast

A club breakfast held at the Munday Hotel opened the year for the Munday Study club Friday, October 7th.

Fall flowers in various shades were used in the lobby, where the guests were greeted by Mrs. W. H. Chapman hostess, and in the dining room.

Covers for thirty two were laid at four tables, where attractive place cards carrying the halloween motif directed each to their place.

Following the reading of the Club Collect, which was given in union, the following breakfast menu was served: Tomato cocktail, ham, pineapple rings, baked eggs, hot rolls, jelly and coffee.

Mrs. Leland Hannah was leader in the program, which was as follows: "Welcome to New Members"—Mrs. D. T. Mauldin; Reading—"Mrs. H. F. Barnes; "Preview of Year's Study"—Mrs. W. H. Chapman; Round Table Discussion, "What The Study Club Means to Me" was very ably expressed by each member, and was followed by "President's Greeting" by Mrs. E. M. Ammons. Piano selections were given by Miss Maxine Pendleton.

The Spread of Power Is the Spread of Industry

What does it mean when electric power is distributed widely over the countryside to small towns and farms? Such is the task that has been accomplished by the building of far-flung power lines in the past twenty years. What is its effect?

It means that industry can operate as efficiently in small communities as in the large cities. It means a better distribution of industrial activity, with an improvement of working conditions and a reduction in manufacturing costs.

Industry is following the power line to the community; and here in West Texas, the "Land Opportunity," the West Texas Utilities Company is leading industries to the 125 progressive cities it was dependably served from its 2,500-mile transmission line network.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

recently than usual. Machine tool design has kept pace with the demand for finer but more economical manufacturing methods. Intricate machines that operate to almost unbelievable dimensions are now available. Amplifying gauges that literally spit hairs not once but many times, are a part of the general production scheme.

"Thus the engineering laboratory model may be reproduced in the commercial product with absolute accuracy. The Plymouth Six is a product of these new conditions. Only these recent developments permit the production of a car of so low a price and the quality of past Plymouths with many new features. The mammoth Plymouth plant in Detroit has been completely re-tooled. Millions of dollars have been spent for new machinery."

At the request of factory officials, the local dealer is not yet announcing the specific features of this new Plymouth. However, he stated the new Plymouth Six is a full-size, full-tread car and it retains the features which distinguished its predecessor - namely, Floating Power, automatic clutch, Free Wheeling, easy-shift, silent transmission, all-steel body, rigid-X-conn transmission, all-steel body, rigid X frame and a six-cylinder engine of build.

"The new Plymouth Six," said Mr. Isbell, "is, moreover, a beautiful car, skillfully designed to combine the most popular beauty and style elements found ordinarily only in cars of a much higher price range."

"We have not been informed as yet of the exact price of this new motor car," he said, "but we know that it will bear the lowest price ever placed on a Chrysler Motors' product."

call to Christian service. Rev. L. O. Cunningham preached the Presbyterian sermon, after which the Lord's Supper was administered by Dr. T. S. Knox of Abilene and Dr. J. D. Leslie of Dallas.

Three young men were received under the care of Presbytery as candidates for the ministry. There are now fifteen young men under care of this Presbytery who are preparing for the ministry.

One young man, Mr. Frank Taylor, was ordained to the ministry of the Gospel. He has accepted a call to the pastorate of the Oakhurst Presbyterian Church of Fort Worth.

Rev. J. Stewart Pearce, of Cisco, was elected Moderator after the opening sermon on Tuesday evening.

Rev. M. H. Applewhite of North Fort Worth, formerly of Spur, was elected State Clerk. Rev. C. A. Tucker, the local pastor, was elected Temporary Clerk.

The Presbytery adjourned to meet at 7:30 P. M. on the second Tuesday in April in the First Presbyterian Church of Cisco, Texas. Dr. J. D. Leslie was selected to preach the Presbyterian Sermon at the Spring meeting of Presbytery. At that time he will have been preaching fifty years, most of his ministry has been in this Presbytery. For about ten years he has been the Stated Clerk of General Assembly.
