## Local Farm Course Programs Are Completed

### Time Extended For Payment of Current Taxes

Preparations to entertain probably the largest crowds to assemble in Munday this year were being made at the close of the week as the program was completed for the two-day short farm course to be presented Friday and Saturday, Feb. 19 and 20 at Community hall opposite the High School.

Much interest has been aroused in the course, which brings to Munday four authorities of national prominence on problems of the dirt farmer and of the farm home. The fact that the annual Munday poultry show will be held on those two days has contributed further to the interest.

Additional lectures by the distinguished visitors, attractiveness of the programs announced is enhanced by that at each of the six sessions during the two days of the course motion pictures will be shown. Some of the lectures will be illustrated with stereopticon slides, while there also will be music at each of the sessions.

Those in charge of the arrangements announced that persons desiring to attend may be assured that promptness will be observed in releasing at the announced hours. Programs will be sufficiently brief to prevent them from becoming irksome, and sufficiently varied to prevent them from being monotonous. Admission will be entirely free and the course will be wholly devoid of advertising features, it was declared.

Sessions of the course will be held at 10 a. m., 2 p. m. and 7:15 p. m. on Friday, and at 10:30 a. m., 2 p. m. and 7:15 p. m. on Saturday. The morning session each day will adjourn not later than noon, and the other sessions will last about two hours each.

Featured speakers during the course will be H. S. Mobley, superintendent of the International Harvester company demonstration farm at Montgomery, Ala., and former national chairman at Washington, D. C., of the farmers' organizations legislative committee; Miss Grace Marian Smith, who for more than 15 years has been participating in the holding of such courses; L. A. Hawkins, active manager of large farms who has specialized in fruit growing; and John M. Hannon, a graduate of the college of agriculture of the University of Illinois and a specialist in landscaping.

### Sudden Relapse Claims Life of Mrs. M. S. Rowen

A sudden relapse which occurred Friday night while she apparently was recovering from a serious illness with pneumonia was followed by the death at 12:15 p. m. Monday of Mrs. M. S. Rowen of Paris, Texas, sister of Mrs. Tom Bengue of Munday.

Funeral services for Mrs. Rowen were held at the Episcopal church in Paris Tuesday afternoon which the body was taken to Honey Grove, where she had spent most of her lifetime, and another brief service was held there.

Surviving are her husband, who is traveling freight agent of the Santa Fe; a son, Stewart, agent for the Santa Fe at Honey Grove, and two sisters, Mrs. Bengue and Mrs. J. D. Moyer of Honey Grove.

Hundreds of messages of condolence were received from friends of the family after word of Mrs. Rowen's death had spread. Mrs. Rowen had been a life long and an active member of the Episcopal church and she and Mr. Rowen were prominent in the social affairs of their city.

Mrs. Rowen became seriously ill several weeks ago when an attack of influenza developed into pneumonia. Her condition was so critical that hope was virtually abandoned for recovery. Her condition took a turn for the better, however, and she became so improved that attending physicians and nurses were dismissed and relatives, including Mrs. Bengue, who had been summoned to the bedside, returned to their homes.

Saturday evening, Mrs. Bengue had just finished reading a letter from Paris which related that Mrs. Rowen was continuing her remarkable improvement when a long distance call was received advising that the relapse had occurred. Mr. and Mrs. Bengue left immediately for Paris, arriving there early Sunday morning. Mrs. Rowen had then lapsed into a coma from which she was not aroused.

Mrs. Rowen was a native of England, but has lived in the United States since she was 12 years old.

The family settled in Virginia, but moved to Texas a few years later. Mr. and Mrs. Rowen lived in Honey Grove about 35 years ago before Mr. Rowen's duties carried him to Paris.

Mr. Bengue returned to his home here Wednesday night. Mrs. Bengue and Mrs. Moyer are to remain in Paris with Mr. Rowen for an indefinite period.

### Reaper Claims Brother-in-Law Of Mrs. Holder

Mr. and Mrs. D. E. Holder returned to their home in Munday early in the week after having attended funeral services at Waco Sunday for Ed Stolte, 49, brother-in-law of Mrs. Holder and a prominent grocery merchant of that city.

Mr. and Mrs. Holder left here Friday for Waco in response to a message that Mrs. Stolte was at the point of death, and they arrived there before he succumbed Saturday. Mr. Stolte had visited in Munday on a number of occasions.

Mrs. Stolte was a native of Waco. He united with the Methodist church at an early age, and had been a member of the board of stewards of the Austin avenue Methodist church there for a number of years. Surviving him are the widow, a son, two brothers and four sisters.

Funeral services were held at the Austin Avenue church, with the pastor, Dr. Gaston Hartsfield, in charge, assisted by Rev. E. R. Stanford, pastor of the First Methodist church of Waco, and Rev. H. D. Tucker of Cisco.

### Mundayites To Observe Anniversary Of Birth Of Father Of Country

Assurance that Munday will have an active participation in the worldwide celebration attending the bicentennial of the anniversary of the birth of George Washington was given during the past week as arrangements were made for a number of programs.

The bicentennial celebration will open formally at Washington, D. C., on Feb. 22, and will continue through the next several months. Every civilized nation will participate in the celebration.

Feature events which already have been arranged in Munday and vicinity include a program to be presented at the quarterly meeting of the Knox County Council of the Parent-Teachers association at Gilliland at 2:30 p. m. on Feb. 16; a Father-and-Son banquet the night of Feb. 22 sponsored by the boys vocational agricultural class of the High school at the Masonic hall; and an elaborate program to be presented the same evening by students of the High school at the First Methodist church, to which the public will be invited.

Less pretentious of the observances of the anniversary will be programs in probably every school room of the county on the occasion, and sermons appropriate to the occasion by pastors in a number of the churches. Plans for the approaching bicentennial celebration already have been made the subject of discussion in school rooms and at meetings of various kinds.

The meeting of the county council of the Parent-Teachers association will be devoted wholly to a patriotic program, according to the announcement of those in charge of arrangements.

The program will open with the singing of a series of patriotic songs, led by representatives of the Truscott association.

Subjects of brief talks which will follow include: "Our February Heroes, Past and Present," by Mrs. Moorhouse of Benjamin; "Mount Vernon, Then and Now,"

### School Pupils To Compete In Essay Contest

An opportunity to share in prizes having a merchandise value ranging from \$3.25 to \$11 is offered by the Roberts Ice company here, which has announced an essay contest open to school children of the Munday territory.

Subject of the essay is to be, "Why Ice is the Best Refrigerant for All Food," and literature may be obtained at the ice company offices. First prize will be a 2,000-pound ice book; second prize a 1,000-pound ice book, and third and fourth prizes 500-pound ice book each. School children of the Munday, Goree, Sunset, Rhineland, Hood and Washburn schools are eligible to compete.

### Home Occupied by J. D. Henderson is Wrecked by Fire

The residence in Southwest Munday belonging to J. D. Henderson and occupied by Lige Brannon and several small children was wrecked by fire which broke out while members of the family were away Saturday afternoon.

The losses had gained a headway when discovered by a neighbor that nothing could be saved from the five-room dwelling.

The fire apparently originated in a rear ceiling and flames had spread over the entire structure when members of the fire department reached the scene. Mr. Brannon, a carpenter, was working about two blocks away and the children were at play nearby.

Mr. Brannon is a widower, Mrs. Brannon having died several years ago.

### Big Attendance at Meat Canning Near Gilliland

More than 20 persons attended the meat canning demonstration held by Miss Grace Nelson, county home demonstration agent, and W. E. Jones, county farm agent, at the home of W. E. Parris in the Gilliland community, Monday, according to information given by Miss Nelson. The demonstration was regarded as one of the most successful thus far held in the county.

Mrs. Earl M. Holt of Houston is here for an extended visit with her parents, Mr. and Mrs. W. H. Chapman.

### Petition Given Consideration At Council Meeting

A petition proposing a new schedule of rates of domestic gas approximately triple those now being charged was submitted to a postponed meeting of the city council Thursday afternoon on behalf of the Stamford and Western Gas company.

The council took no action on the petition.

The new schedule proposes a charge of \$2.22 net for the first 1,000 cubic feet, \$1.75 for the second 1,000 feet and \$1.50 per 1,000 above the second thousand. The present rate is a net of 75 cents per 1,000 cubic feet.

The petition is the second proposing a new schedule of rates here to be filed by the gas company within a period of a few weeks. The first petition would increase rates on the majority of consumers.

The company's latest petition follows:

"Comes now the Stamford and Western Gas company, a corporation, and files this, its amended application, with respect to a change in its rates for natural gas service to domestic consumers in the city of Munday:

"Petitioner shows that it has sought to put into effect a sliding scale schedule of rates in the city of Munday with the permission and authority of the city council of the said city of Munday, and that the said city council has failed and refused to permit said petitioner to change its schedule of rates, and that it is apparent that it will be necessary for petitioner to appeal to the railroad commission of Texas or use other means in order to secure a change from the existing rates.

"Petitioner therefore proposes to put into effect the following schedule of rates:

"For first 1,000 cubic feet per consumer per month, \$2.22.

"For next 1,000 cubic feet per consumer per month, \$1.75.

"All over 2,000 cubic feet per consumer per month, \$1.50 per 1,000 cubic feet.

"\$2 minimum bill.

"Petitioner shall further have the right to make a charge of \$2 for the reconnection of a meter or the resuming of service to any customer who shall request such reconnection or resumption of service, at the same location or address, within a period of one year or less after service has been discontinued.

"Petitioner would show that since it is unable to secure the permission of the city council to put into effect and try a sliding scale rate, which is in truth and in fact a more favorable and a fairer rate to the consumer than the present existing rate, it has become necessary for said petitioner to take all steps necessary to have its property valued and endeavor to secure a rate that will give it a fair and reasonable rate of return which it is entitled to receive under the constitution of the United States. While petitioner is willing to accept the sliding scale of rates proposed in its original petition, with the hope that it can sell more gas and induce consumers to use a greater amount of gas, and thereby increase its revenues, it is not willing to go to the expense of litigation and the cost of valuing its properties for a rate case without endeavoring to secure and put into effect a higher rate, as herein proposed, which will more nearly provide the fair and reasonable rate of return upon the fair value of its property that it is entitled to have and receive under the law.

"Wherefore, petitioner prays that the foregoing schedule of rates be made effective for domestic natural gas and natural gas service in the city of Munday, Texas."

### J. C. Phillips, Jr. Narrowly Avoids Serious Injuries

J. C. Phillips, Jr., returned to his studies at the High School Wednesday after having been confined to his bed since Saturday by injuries received when he fell into the blades of a stalk cutter while working on his father's place three miles north of town.

Young Phillips lost his footing while standing on the cutter and fell forward, frightening the team which had been drawing the cutter. The team leaped and Phillips' leg was caught in the blades. He emerged with serious bruises although friends asserted that his escape from possibly fatal injuries bordered on the miraculous.

### District P.-T. A. President To Be Here Wednesday

An invitation to members of Parent-Teachers associations in communities adjacent to Munday has been extended to attend the monthly meeting of the Munday association at the First Methodist church Wednesday afternoon when Mrs. Kincaid of Crowell, district president, will be the guest of honor.

The meeting will start promptly at 3:30 o'clock, and preparations have been made for the largest attendance of the year. Another feature of an unusually attractive program will be a series of colonial choruses appropriate to the Washington birthday anniversary, to be sung by the girls' choral club of the High School. Mrs. Louise Ingram, director of the choral club, is in charge of that feature of the program.

Mrs. Kincaid will deliver the principal address of the afternoon. Following her talk, those present will engage in a general round table discussion of parent-teacher problems.

The visit probably will be the only one to be paid to this section by Mrs. Kincaid during her term as president, and for that reason, unusual interest has been evidenced in the meeting.

### Use of Ice to Retard Fruit Trees Advised

Fears that the unseasonably warm weather of the past several days may result in killing the fruit crop caused the recommendation by R. B. Rawls, instructor of the agriculture vocational class at the high school, that steps be taken to safeguard against the early budding of trees.

One of the most effective methods of retarding the running of sap, Mr. Rawls said, is by banking ice at the base of the tree. The ice, he said, should be placed close to the trunk and covered with straw or sawdust. He estimates that 40 to 50 pounds of ice should last four or five days. Mr. Rawls added, however, that even that method is not a sure safeguard.

### District Home Agent Visitor Here Tuesday

Miss Myrtle Murray, of College Station, home demonstration agent for district No. 2 of the extension department of A. & M. College of Texas, spent Tuesday in Munday on a routine inspection visit with Miss Grace Nelson, county agent here.

Miss Murray and Miss Nelson spent most of the day visiting various of the home demonstration clubs in the county.

### Moguls Ready For Cage Clash At Abilene After Winning Knox Crown

Members of the Munday High School basketball squad were scheduled to leave early Friday for Abilene where they will compete with seven other teams for the championship of the eastern section of district No. 8 of the interscholastic league.

The winner of the tournament will compete with the victor in the western sectional tournament to be held on the same dates at Big Spring for the championship of the entire district. The district winner, in turn, will compete in a tournament at Austin for the state championship.

The Munday Moguls won the right to represent Knox county in the Abilene event by their victory during the last week end in the county tournament held here. The local quintet defeated Goree High in the final game of the tournament by a score of 25 to 15.

In other events of the county basketball tournament, the Sunset and Goree High School girls played a 21-21 tie in the final game

### Event Expected To Attract Many Munday Visitors

City schools probably will include their 1931-32 week during the first week in May after eight months term, it was announced Monday night following an important meeting of the board of trustees.

Other important steps taken at the meeting designed to clear school problems were announced, follows:

The eight-months school term definitely assured, with a possibility, now remote, that the nine-months term may be completed.

Extensions for 60 days up to April 1 the time during which current school taxes may be paid without penalty or interest.

Decision to accept script issue to teachers upon salaries in payment of school taxes.

The possibility of holding a nine-months school term, it was planned, depends wholly upon whether any considerable port is paid of the approximately \$8,000 outstanding in current taxes.

That the nine-months term regarded as unlikely is reflected in the fact, it was announced, that teachers are proceeding in the class work on the assumption that only eight months work will be done.

Just what injury, if any at all will result to the school's scholastic standing if the shortened term necessary is uncertain. Certain however, the school's affiliate standings will be jeopardized, although hopes are held that unusual conditions prevailing throughout the nation will prevent the loss of any units of affiliation.

Present, the Munday High School 23 units accredited with the University of Texas. Sixteen units are required for graduation from the high school.

Up to the present time, the school board has issued approximately \$4,200 in script in payment of salaries, and a considerable portion of that has been accepted by merchants and individuals in payment for merchandise and other obligations. The fact that script will now be accepted in payment of school taxes is expected to benefit numerous tax payers.

### Flames Destroy Jungman House Near Knox City

The home of A. H. Jungman, situated 11 miles west of Munday near Knox City, was destroyed by fire of uncertain origin which broke out shortly after daylight Monday morning.

The fire first was observed by H. H. Lead, a neighbor, who found members of the Jungman family at the breakfast table when he informed them that the roof of the home was in flames. The fire presumably had started in a kitchen and had gained such headway that efforts to save the dwelling were abandoned. Some of the furnishings were saved.

The two-story home was erected about three years ago and was modern throughout.

### Flames Destroy Auto Belonging To R. B. Bowden

Lloyd Bowden, merged with his experience with single eye brook Monday afternoon when the automobile he occupied and belonged to R. B. Bowden, a cousin, became ignited and was destroyed by fire on the paved road about two miles south of Munday. The car was a Chrysler coupe.

Mr. Bowden reported that his first warning of danger came when he noticed the floor boards were warm. When he opened a door to investigate, he said a sheet of fire blazed into his face.

### Bank At Weinert Closed Thursday

The First State bank of Weinert failed to open for business Thursday, according to information received in Munday. No information was received as to the circumstances.

Theo Jones is inactive president of the institution, Alva Couch active vice president, Fred Reecashier and G. R. Couch, W. Sargent and Pack Bettis are directors.

Rev. Shade Stevenson, who has been visiting his parents, Mr. and Mrs. R. M. Stevenson, and other relatives here, has returned to Phoenix, Ariz., to resume his duties as Baptist evangelist in that state.

### NOTICE TO GOLFERS

All members of the Munday Golf Club and others interested in the game are requested to meet at the city hall on Monday evening at 7:30 to discuss plans for the continuation of the club.

### BIG REDUCTION IN KNOX COUNTY COTTON ACREAGE DUE REGARDLESS OF COURT DECISION ON NEW LAW

Action of the district court at Franklin in declaring the state cotton acreage law void, will have little effect on the acreage planted in cotton in Knox county this year, according to the declaration of W. E. Jones, county farm agent.

Even should higher courts eventually reverse the action of the district court, Mr. Jones added, the acreage planted in Knox county this year will be much less than last year. Mr. Jones estimates that only about a third as much land will be put in the crop as last year.

The overwhelming majority of farmers of the county, he declared, were thoroughly sold on the idea that there must be less cotton produced if they are to prosper, and the next season will see them doing more than their part toward bringing about that end, law or no law.

Nearly all the farmers, he asserted, would like to see something done, by law or otherwise, which would result in less cotton acreage in all cotton producing states. Even if that is not done, the farm agent continued, they are convinced that it will be best for them to reduce their own acreage in cotton, regardless what others may do.

The result of that realization, he predicted, will result probably in the largest acreage of feedstuffs ever planted in Knox County, and much of that feed will be fed on the farm. Likely there will be more sheep, as tests already have demonstrated in this county that they can be made profitable. Likewise, he said, there will be more hogs and other livestock.

If the cotton law had been held valid, in his opinion the result would have been that cotton acreage in the county would have been perhaps less than the 30 per cent of last year allowed. Now that it appears to be held unconstitutional, few farmers are likely to make any change in plans they already have made.

About the only changes which will be made in plans as a result of the district court ruling, Mr. Jones said, will be in isolated cases where tenant farmers will be instructed by landlords to put more land into cotton. The net result of that will have little effect on the total for the county, taken as a whole, Mr. Jones believes.

### New Residents Take Charge of Mansell Store

T. J. and P. A. Mansell and their families completed their removal here from Roby during the week and took charge of the Mansell Brothers Hardware company store opened here several days before. Claude and Edna Marie, children of Mr. and Mrs. T. J. Mansell, plan to enroll in school Monday.

The Messrs. Mansell have been in charge of the store at Roby which has been closed. The stock has been moved here. Mansell brothers also operate stores at Rochester and O'Donnell.

E. Hob Smith, who was here to arrange for the opening of the store, has returned to the establishment at Rochester.

Gaynor Kendall Wed at Lockhart

Parents and friends of Gaynor Kendall, son of Mr. and Mrs. J. S. Kendall received the surprise announcement here during the week that he and Miss Lois Cannon of Austin were married in Lockhart, Texas, last Nov. 21.

Mr. and Mrs. Kendall have taken an apartment at 1601 Brazos street, at Austin, where they are at home to their friends. Both are students at the University of Texas and both will graduate next June. Mr. Kendall then plans to begin the practice of law in Austin.

Mr. and Mrs. Kendall's romance began after they had entered the University. After going to Austin to enter school, Mr. Kendall took a room at the Cannon home, and there met his future bride, Miss Cannon's attendance at the University was interrupted during one period while she was a member of the faculty at Sul Ross Teachers College at Alpine, Texas, and at present, she is an instructor in French at the University.

Mr. Kendall, who was reared in Munday and graduated from the High School here, made a brilliant scholastic record at the University. He is one of the five members of the class to be accorded the record of Chancellor, an honor reserved only for those making the best records. His father is city attorney here, and one of the pioneers of the legal fraternity in Northwest Texas.

Mr. and Mrs. Davy Anniversary Hosts

The 5th anniversary of the wedding of Mr. and Mrs. R. B. Davy, was made the occasion for a delightful evening Tuesday when they were hosts at their home to members of the Wednesday and Thursday clubs, Mr. and Mrs. Davy are members of both clubs.

The Valentine motif was carried out in the home decorations, in which pink carnations and fern predominated. Valentines served as place cards for the evening's bridge, while refreshments consisting of angle food cake and frozen hearts further carried out the scheme. High score among the women was Mrs. E. H. Bauman, and among the men was M. F. Billingsley.

Mr. and Mrs. Davy were the recipients of numerous lovely gifts of linen from friends. They were married in Sallis, Tenn., and during the years they have resided in Munday have won a place in the esteem of their fellow townsmen reserved for the very few.

The guest list consisted of Messrs. and Meses. E. H. Bauman, Fred Broach, H. H. Langford, J. D. Kethley, U. R. Houser, R. D. Atkinson, M. F. Billingsley, E. S. Mc-Cord, E. W. McGlothlin, Roy Aycock, W. R. Moore, and H. A. Pendleton and Dr. and Mrs. Joe Davis.

Frances Mayes and Guy Rutherford Wed.

One of the most popular of Munday couples was joined in wedlock Sunday morning at 10 o'clock when Miss Frances Mayes, daughter of C. L. Mayes, mayor of Munday, and Guy Rutherford, young business man here, were quietly married at the home of her grandmother, Mrs. A. E. Isbell of Goree.

Only relatives and the most intimate friends were present when Rev. John H. Crowe, pastor of the First Methodist church, performed the ceremony. A quiet affair had been arranged due to the fact that Mrs. Isbell is bedfast. It originally had been planned that the ceremony should be performed at the grandmother's bedside, but Mrs. Isbell's condition was not favorable and the wedding was held in the living room.

Mr. and Mrs. Rutherford left immediately after the ceremony for Wichita Falls, where they were guests of Mrs. Earl Snaapp of Amarillo, the mother of Mr. Rutherford, at a luncheon at the Kemp hotel. Others at the luncheon were Mr. and Mrs. W. F. Thomas of Quanah, uncle and aunt of the groom, and Mrs. J. R. Thomas of Ryan, Okla., an aunt. The newly weds returned to Munday the following day, and have an apartment at the home of Mrs. C. L. Haymes.

Mrs. Rutherford was reared in Munday, graduated from the high school, attended the Texas Presbyterian college at Milford, Texas, and later the North Texas Teachers College at Denton. For the two years previous to last Jan. 1, she had been employed at the local office of the West Texas Utilities company.

Mr. Rutherford was reared and obtained his high school education at Commerce, Texas, and is an alumnus of the University of Texas. He entered the employ of the West Texas Utilities company after leaving the University and since has been connected with that business.

Those present during the ceremony were Mrs. Snaapp, Mr. and Mrs. Thomas of Quanah and Mrs. Thomas of Ryan; C. L. Mayes, father of the bride; Joe and Jack Mayes, brothers of the bride, and Mrs. Jack Mayes; Misses Fannie and Maude Isbell, aunts of the bride, and Tom Isbell, an uncle; and Mrs. Claude Maloney, an intimate friend of the bride.

Members of Baptist Circles Entertained.

Members of the Rex Ray, the Blanche Grove and the Blanche Walker Circles of the Baptist church, became girls again Monday afternoon when they engaged in games of their childhood during an entertainment at the home of Mrs. R. H. Neff.

The occasion might have been of particular value to young women who plan to take advantage of their Leap Year prerogatives, because one of the features of the afternoon's diversion required the writing of love letters.

The entertainment brought to its formal close a membership and attendance contest in which members of the three circles had been engaged for several months. Rules of the contest provide that the members of the losing circle should be hosts to the other two.

Nothing of serious nature was permitted during the afternoon. The diversion was featured by the playing of the games of childhood, and the ladies present entered into play with a zest which would have shamed a high school freshman. One game which proved an especial hit was titled "How's Your Neighbor", and required considerable exertion.

The writing of the love letters, however, provided easily the outstanding feature of the afternoon. Those present were grouped into pairs of "sweethearts". One of each pair was given the role of the girl and the other that of the boy. It then devolved upon each to write the other a love letter, and the letter were read. The most ardent of puppy love, those present agreed, could not have surpassed the effusions contained in the missives.

Refreshments consisting of a cherry pie, upon which whipped cream was heaped, and coffee were served to Meses. J. J. Keel, C. R. Parker, Clyde Nelson, E. M. Ammons, Tom Hane, E. H. Stoghill, A. U. Hathaway, John White, Adell Spelce, W. V. Tiner, J. O. Bowden, M. H. Reeves, J. M. Per-

due, W. H. Atkinson, E. C. Brock, and Leland Hannah.

Mrs. Ammons Hostess To Diversity Club

Mrs. E. M. Ammons was hostess at her home Friday afternoon to the regular gathering of the Diversity club, which, on the particular occasion, had been arranged as a surprise for Mrs. Jesse A. Kennedy, one of the members.

The Valentine motif was carried out by Mrs. Ammons, both in the decoration of her home and in the entertainment of those assembled. Small red hearts were the score cards, and a clever valentine, appropriate to the receiving individual, was placed upon the refreshment plate served to the members and guests present. Forty-two was the diversion of the afternoon.

As a climaxing feature toward the close of the afternoon, eight original verses composed by Mrs. Ammons were distributed. The last to be given out was to Mrs. Kennedy, and directed her to the spot where she found a "Valentine" from fellow members of the club. The valentine consisted of a lovely array of gifts, and comprised the surprise which had been arranged for Mrs. Kennedy, whose home, with its contents, had been destroyed by fire a few days before.

Refreshments consisting of angel food cake, macaroons and coffee were served to Meses. D. T. Mauldin, Tom Hane, H. F. Barnes, W. P. Farrington, J. C. Borden, Posey Williams, E. Duval, R. D. Atkinson, John Lane, L. E. Lovelace, John Spann and Mrs. Kennedy, members, and to Mrs. U. R. Houser, Joe Davis, G. H. Craig, and Mrs. H. H. Langford, guests.

Shower Honors Mrs. Kennedy

A miscellaneous shower honoring Mrs. Jesse A. Kennedy was given at the home of Mrs. G. H. Craig with members of the Ace High Bridge club joining Meses. Craig, Joe Davis, E. H. Bauman, L. E. Lovelace, Tom Hane, and U. R. Houser as hostesses.

### Five Hit Waters To Stir Interest of Knox Electors

Business began to pick up on the political front during the past week as the formal announcement of seven candidates for district, county or precinct offices made certain there will be competition for at least four elective positions.

Rumored candidates were even more numerous as the week closed than those actually announced, and it appeared that Knox county and the Munday precinct will have a political circus all its own before the Democratic primaries are held.

Candidates for county or district office will bid for the suffrage of more than 2,500 voters during the approaching campaign, a somewhat larger number than had been predicted although the total is about 1,000 short of the number of qualified voters during 1930.

Newest candidates to enter the field are Dick Dresser, who will make the race for district attorney of the 50th judicial district; E. L. Covey, Goree publisher, who became a candidate for county tax assessor; Peter Loran, who came out for county commissioner for precinct No. 4; Lee Haymes, incumbent, and Clyde Nelson, who announced for public weigher in Munday; John Veale Wheat of Seymour for district attorney, and Sheriff C. R. Elliott for reelection. Mr. Dresser and Mr. Wheat oppose J. Donnell Dickson of Seymour. Mr. Covey opposes Earl Sams, who seeks reelection as tax assessor. Mr. Loran opposes the present county commissioner D. C. Osborne.

Miss Sarah Wright, district clerk, Miss Sarah Wright, county tax assessor, and Uncle Trav House, county treasurer, other present office holders who have announced for reelection, thus far are without opposition. Sheriff Elliott also is alone in his race thus far.

### Dick Dresser To Be Candidate For District Attorney

The Munday Times is authorized to announce that Dick Dresser is candidate for the office of district attorney of the 50th Judicial District of Texas, which is composed of Baylor, Knox, King and Cottle counties, subject to the action of the Democratic Primaries.

Dick is native Texan and is a graduate of Cumberland University, having received a Bachelor of law degree in the year 1915 and has been in the active practice of the law since that time, with the exception of two years spent in the army of the United States during the World War.

Dick is a young man of sterling worth, sober and industrious, and able and capable of discharging the duties of the District Attorneys office, and if elected, declared he will devote his entire time in discharging duties of that office.

The people of Knox county remember that Dick made the race for District Attorney two years ago and was defeated by a narrow margin.

Dick Dresser will highly appreciate your vote, support and influence and when he is elected he will endeavor to make the 50th Judicial District a better place in which to live.

### John V. Wheat For District Attorney

John Veale Wheat, attorney at Seymour, formally announced Wednesday that he will be a candidate for district attorney of the 50th judicial district, subject to the Democratic primary in July. Mr. Wheat made his formal announcement while on a brief visit here. Mr. Wheat plans to present a more extended statement regarding his candidacy in next week's issue of the Times.

### Peter Loran To Seek Nomination As Commissioner

The Times is authorized to announce the candidacy of Peter Loran for the office of County Commissioner, Precinct No. 4, Knox county, subject to the action of the democratic primaries.

Mr. Loran is truly one of the pioneer citizens of Knox county, having come to the county almost forty years ago. During all these years he has engaged in farming. He has always manifested a keen interest in the organization of farmers for their mutual betterment, and has taken an active lead in all movements which had for their purpose the making of the community a better place in which to live.

While Mr. Loran isn't as young as he once was, he is still active and is capable of giving the affairs of the people personal and careful attention, and he promises that if he should be honored he will do his utmost to make the citizens an official worthy in every respect of the confidence bestowed upon him, and he very respectfully solicits your consideration.

In due time he plans to make an effort to see the voters of the precinct and advise them of his ideas as they pertain to the office to which he aspires, and in the meantime he asks that his candidacy be given careful consideration, and assures his many friends that he will ever feel grateful for any measure of support that they deem fit to give his candidacy.

R. D. Turpen was in town Wednesday and stated that he was moving over in the Rochester country and will reside on the A. E. Whittemore farm between Weibert and Rochester the coming year.

Mrs. Elizabeth McMahon, aged 80, won first prize in a dancing contest in Leeds, Eng.

### Goree Editor To Ask Election As County Assessor

Editor E. L. Covey of the Goree Advocate has authorized us to announce his candidacy for the office of Tax Assessor of Knox county, subject to the action of the democratic primaries.

Mr. Covey has been a resident of Knox county for the past seventeen years, having served for five years as superintendent of the Goree schools, and since that time has been publisher of the Advocate.

In 1922 he was appointed to fill out an unexpired term of Judge Marshall of Quanah as a member of the State Legislature from the 114th District, and was elected and served the people of the district two terms, and became recognized among the members of that body as one of the most able members of the lower house, giving special attention to school legislation, and always devoting his talents to the interest of his district and the state as a whole.

Mr. Covey feels that he is particularly fitted to discharge the duties of the office in such a manner as will reflect credit upon himself and give complete satisfaction to the citizens of the county, and he plans to make a thorough campaign of the county prior to the July primaries and solicit the suffrage of each individual, and in the meantime he respectfully asks that the voters give his candidacy consideration.

### Lee Haymes To Make Race For Public Weigher

Lee Haymes has authorized The Times to announce his candidacy for reelection to the office of Public Weigher, Precinct No. 6, subject to the action of the democratic primaries.

In making his announcement Mr. Haymes points out that while he has twice been elected to the office, the three seasons in which he has weighed cotton on the local yard have been short ones, and this fact, linked with the fact that much of the cotton is now not weighed on the local yard, have materially reduced the revenues of the office. In fact, he states that during the three seasons he has served as weigher there has been no more cotton weighed on the local yard than has been weighed in one good season in previous years, and he therefore feels that he is not unjustified in asking another term, and will appreciate any courtesies or consideration given his candidacy.

### C. R. Elliott to Make Race For County Sheriff

Sheriff C. R. Elliott made his formal announcement during the week that he will be a candidate for reelection as sheriff of Knox county, subject to the Democratic primaries.

Sheriff Elliott, a veteran peace officer and a pioneer resident of the county, accompanied his announcement with a statement expressing his appreciation for the cooperation that has been given his office during the time he has served.

"I do not think any county ever has given its sheriff any more encouragement and cooperation than Knox has given to me, I appreciate this very much," he asserted.

"If I have not made a good sheriff, the fault is mine and not that of the citizenship," he continued. "If I have made a good sheriff, it has been made possible by the citizenship."

"I trust that I have conducted myself, both as an officer and a citizen, in such manner as not to be due any apology to my fellow citizens in asking them to reelect me as their sheriff."

**"NOTICE OF SALE"**  
 IN THE DISTRICT COURT OF THE UNITED STATES FOR THE NORTHERN DISTRICT OF TEXAS, WICHITA FALLS DIVISION.

No. 598, In Bankruptcy.  
 In The Matter of Emmett Balch Tull, Bankrupt.

Notice is hereby given that on the 25th day of January, A. D. 1932, Walter Nelson, Referee in Bankruptcy, entered an order directing the Trustee to sell at Public Auction free of all liens and incumbrances, the following property belonging to the bankrupt estate, to-wit:

The East 75 feet of Lots Nos. 6, 7 and 8, in Block No. 2, in the

### If baby has COLIC

A CRY in the night. Colic! No cause for alarm if Castoria is handy. This pure vegetable preparation brings quick comfort, and can never harm it. It is the sensible thing when children are ailing. Whether it's the stomach, or the little bowels; colic or constipation; or diarrhea. When tiny tongues are coated, or the breath is bad. Whenever there's need of gentle regulation. Children love the taste of Castoria, and its mildness makes it safe for frequent use.

And a more liberal dose of Castoria is always better for growing children than strong medicine meant only for adult use.

### Clyde Nelson To Be Candidate For Cotton Weigher

Clyde Nelson has authorized The Times to announce his candidacy for the office of Public Weigher, Precinct No. 6, Knox county, subject to the action of the democratic primaries.

Clyde needs no introduction to the citizens of this community, having been reared here and has resided here practically all his life, and he feels that he is in every way qualified to render faithful and efficient service to the citizens of this community in this capacity.

In due time he will make a thorough canvass of the district and solicit the support and in the meantime he asks that his candidacy be given due consideration.

Miss Maxine Jones of Seymour is visiting her sister, Mrs. Dorse Rogers, here this week.

## YOUR ELECTRIC RATE IS ALWAYS GOING DOWN

YOUR electric rate has been going down—never up! Commodity prices go down, then up . . . and even yet have not reached the level of 1913 prices. On the other hand, the unit cost of electric service has declined steadily, and on the West Texas Utilities Company properties has been LOWERED SIXTY PER CENT during the last nine years, with the average rate to residential service alone showing a REDUCTION OF FIFTY-FOUR PER CENT! Commodity prices must decrease more than sixty per cent even below present low prices—a long, long way to go—before they approach the path blazed by electric rate reductions.

The cost of electric service today is determined more by the customers who use it than by the company which produces it. As more power is used, over more hours of the day, its unit cost becomes less. Thus, the modern rate schedule is designed to share with you immediately the benefit of the economies resulting from a greater use of electricity.

The rate per kilowatt-hour declines as more kilowatt-hours of electricity are used. Additional uses of service reduce the average price per unit, to where now it is possible to cook with it economically. That is, the average customer, using fifty kilowatt-hours per month, now can increase his use of service to THREE TIMES that amount for only 10 cents a day additional cost on his electric service bill—or for the cost of only one medium-priced cigar a day!

Today's customer in the larger towns, living in the average-sized home and using fifty kilowatt-hours a month, pays a rate of only 7.8 cents per kilowatt-hour. Smaller towns cost more to serve, yet the highest rate for this same amount of service, in any town served by the West Texas Utilities Company, amounts to only 1.3 cents more.

Customers having major appliances (ranges and refrigerators) earn a rate of approximately one-half that amount for all service used in the home—which includes lighting. The average rate for all residential service sold at this time is only 6.3 cents per kilowatt hour, as compared with 13.7 cents in 1922.

Thus, automatically and instantly, electricity becomes cheaper every time you increase its use. Think of the many advantageous services by which you can benefit—without a material increase in your electric bill—through a more active use of your lighting and your appliances, or through the addition of major appliances!

### Rev. Eiland III At Munday Home

(Continued from front page.)

Rev. R. G. M. Eiland, retired Baptist minister and one of the most widely known leaders of his denomination in West Texas, was reported somewhat improved at his home Thursday after an illness had become somewhat alarming earlier in the week. Dr. Eiland is 81 years of age and has been a resident of Munday for 43 years.

**BAPTISTS! LET'S GO!**  
Sunday was another record breaker for our Sunday school. The interest is running high—come and see for yourselves. Better come and bring someone.

Sunday night the sermon was like the shoe that fits it if it is worn. But strange as it seems, we all could wear it. A message that everyone needed was delivered, and the house should have been packed.

The intermediate quartet brought a most inspirational song. This quartet is composed of four splendid young men, and it is our sincere hope they soon will render us another selection. Their accompanist also is a young man. We shall see you Sunday at 10 a. m. and be sure to stay for the preaching hour.

Mrs. A. P. Garrett of Abilene, who has been critically ill for several months, has shown slight improvement during the last several days. Mrs. W. H. Chapman, her sister, who has been spending most of her time at Mrs. Garrett's bedside, has returned to her home here but expects to go to Abilene again the latter part of the week.

Mrs. Jack McGraw returned to her home here Monday from Dallas, where she went Friday in response to a telegram advising her of the critical illness of her sister, Mrs. Richardson, whose condition since has greatly improved.

Miss Nina Collins, who is teaching in Haskell county spent the week-end here with her mother, Mrs. Ora Collins.

Raymond Jones, who was taken to a hospital at Greenville, Texas, several days ago to be treated for a throat ailment, is recovering rapidly, according to word received by friends during the week.

Mrs. R. E. Alexander went to Fort Worth and Dallas early in the week to buy merchandise for The Hat Shop.

Only members of the immediate family and a few intimate friends were present during the ceremony, Miss Michels was attended by Miss Frances Bruckner of the Rhineland community, a girlhood chum. Edward Jungman, cousin of the groom, was best man.

Miss Michels was gowned in a blue traveling suit with gray accessories and carried a bride's bouquet of smilax and sweet peas. Miss Bruckner wore a brown ensemble with accessories to match.

Both Mr. and Mrs. Jungman have been reared in the Munday vicinity and have been among the most popular of the Knox county younger set.

Miss Michels received her education in the schools at Rhineland and afterward in the Academy of

**Mr. and Mrs. Davis Observe Anniversary**  
A few intimate friends gathered at the home of Dr. and Mrs. Joe Davis Friday evening for an observance of the 10th anniversary of their wedding, which also coincided to be the birthday anniversary of Mrs. Davis.

Bride was the diversion of the evening, and light refreshments were served to Mr. and Mrs. U. R. Houser, E. H. Bauman, Jesse A. Kennedy and the hosts.

**Michels-Jungman Wedding Solemnized**  
Culminating a romance which began while both were in school, Miss Margaret Michels, daughter of Mr. and Mrs. H. M. Michels, of Munday, and Carl Jungman, young business man here, were quietly married at the Catholic church in Bonarton Monday morning at 8 o'clock. Mr. Jungman is the son of Mr. and Mrs. Lee Jungman, pioneer citizens of Munday.

Immediately after the ceremony, which was performed by Rev. Fr. Paul Mosler, Mr. and Mrs. Jungman left by automobile on a brief honeymoon trip. Upon their return, they will make their home in Munday, where Mr. Jungman is associated with the Fred Broach hardware business.

Only members of the immediate family and a few intimate friends were present during the ceremony, Miss Michels was attended by Miss Frances Bruckner of the Rhineland community, a girlhood chum. Edward Jungman, cousin of the groom, was best man.

### Gypsy Simon SMITH

... recommends **ASPIR-MINT**

"I was suffering from a bad Cold... Dr. Miles' Aspir-Mint relieved Me."

These two sentences are from a letter sent to us by Gypsy Simon Smith.

Mr. Smith spends his public life in the germ-laden atmosphere of crowds in hall, church or tabernacle. He goes from an overheated meeting place into the outer air spiritually uplifted, but physically exhausted.

His profession demands that he should do the very things that he should not do if he wants to avoid catching cold. He is in position to speak with authority on the subject.

If you have a Cold, or if you suffer from Headache, Neuralgia, Neuritis, Rheumatism, Sciatica, Lumbago, Toothache, Backache, Muscular Pains, Periodic Pains, Dr. Miles' Aspir-Mint will bring you relief.
