Rep. Steven A. Carriker

Representative Steven Carriker Seeks Re-Election

Seventy-eighth District State Representative Steven A. Carriker announced that he has filed for reelection to his seat in the Legislature, thus ending speculation in the state press that he might seek higher office. "My strongest interest lies in continuing to do the best possible job for the people of my district and the most effective place to do that is in the Texas Legislature," Carriker said.

Representative Carriker is currently serving a four-year term on the Democratic National Committee and was elected Majority Whip of the Texas House last January. Since last May when the Democratic Chairman went to the Senate in a special election, Carriker has been head of the House Democratic Caucus, the only sophomore member ever to hold that position.

Serving on the House Agriculture Committee, Carriker has been responsible for a number of measures important to West Texas. Among those are the Farm and Ranch Security Program, legislation to insure free access to highways by farm machinery, and the "Buy Texas First" law which requires state agencies to support Texas agricultural products by giving them first preference in state purchasing. He also serves as chairman of the Texas Department of Agriculture Farm Credit Task Force where he has been vocal in his opposition to proposals to drain Texas credit to prop up troubled banks elsewhere. As Agricultural Water Subcommittee chairman, the results of his field hearings held at Texas Tech were incorporated into the state water plan.

On the House Elections committee Carriker was the tie-breaking vote in getting a bill to establish a direct Presidential primary for Texas voters to the floor of the House.

Carriker has earned high marks from the state's teacher organizations and gives much of the credit to his wife Kathy, on leave from her own career in teaching while their young daughters are still at home. He sponsored legislation on teachers' behalf to insure them of fair compensation for extra work under the tutorials law.

Kathy and Steve have two daughters, Karen, 3, and Stephanie, 1, and a son, Jacob, who is in the fifth grade. They live on the family farm in Fisher County where Steve grows cotton and grain and raises beef cattle on a 1700 acre operation.

Weather Report

COUNTY LIVESTOCK SHOW HELD

Youth, Animals In Abundance At Show

A large crowd of competitors and spectators gathered in the Knox City show barn last Thursday, Friday and Saturday for the annual Knox County Junior Livestock Show. Except for a strong wind, the weather cooperated by being fairly warm, and many fine entries were exhibited, judged and sold at the premium auction.

Kyle McAfee showed the grand champion breeding rabbit, a New Zealand doe. Reserve championship went to Jacy Dillon, and Chad Bordovsky won showmanship honors. Jacy Dillon and Sheri Parker had the grand and reserve champs in the market rabbit division.

Rob Whitford had the grand champion broiler in the poultry show, and Joe Pharr showed the reserve champion. Winning turkeys were shown by Tessa Kiser, grand champion, and Aaron Kiser, reserve

champion. Joe Pharr won showmanship for poultry.

Munday competitors swept the sheep show, with Todd Thompson winning grand champion. Brothers Bryan and Kent Latham took reserve champion and showmanship honors, respectively.

The swine show, as usual, dominated the field of large entries. Grand and reserve championship trophies were awarded in each breed category, and overall grand champion standings went to Bob Burkham. David Thompson won reserve and J. Emerson took showmanship for a Knox City sweep of the swine show prizes.

Stacia Ryder of Benjamin took grand championship in both heifer and steer competition. Richard Brewer showed the reserve champion heifer, and SuLynn Oxford (See STOCK SHOW, Page 8)

Six Moguls Listed On All-State Squad

Led by quarterback Dent Offutt and offensive tackle/defensive lineman Hollis Adams, the Munday Moguls dominated the Class A Texas Sports Writers All-State team released Sunday with five first team and three second team selections.

Other Moguls chosen for the first team were tight end Kregg Sanders on offense and linebacker Ronny Lowrance on defense. Adams was the only player selected for both offensive and defensive squads.

Sanders was also a second team pick on the defensive line, and running back Todd Thompson and defensive back Tim Collier were also named to the second team.

Goldthwaite landed two players, defensive lineman Kip Thompson and kicker Tim Simms, on the first team and two, offensive guard and defensive linebacker Kevin Scott and punter Scotty Miller on the second team. Italy, another of the final four in Class A, had five first team and two second team selections and Runge, losers to Goldthwaite in the championship game, only had one first team and two second team picks.

Offutt's credentials as All-State quarterback are impressive: a seven-year record of 66-8 and 1985 statistics that included 110 pass completions in 162 tries for 1,157 yards and 18 touchdowns, while rushing for

911 yards and 11 scores on 138 carries. Interior lineman Adams was the top blocker on the team, while Lowrance was valuable not only as middle linebacker but as fullback and placekicker. Sanders caught 15 passes for 297 yards and seven touchdowns in his tight end spot. Second teamer Thompson ran for over 1,000 yards, and Collier was a standout both on offense and defense despite missing several games because of an ankle injury.

All the players are seniors, and they are the sons of Mr. and Mrs. Dan Offutt, Alvin Adams, Mr. and Mrs. Kenneth Sanders, Mr. and Mrs. Doyle Lowrance, Mr. and Mrs. Larry Thompson and Mr. and Mrs. Lonnie Collier.

Offutt was chosen Offensive Player of the Year on the Red River 22 selected by the Wichita Falls Times and Record News. Other Moguls honored by the paper were Sanders and Adams. The Abilene Reporter News had such a problem picking the quarterbacks for their All-Area teams they recognized Offutt for his defensive skills. Adams was chosen as one of the area's top interior linemen, and sophomore split end Anthony Stinnett, son of Mrs. Ida Jo Stinnett, also made the honorary squad. Sanders, Thompson, Lowrance and Collier were selected to the All-Area second team.

STACIA RYDER OF BENJAMIN, at right, shows off Mr. and Mrs. Donnie Ryder of Benjamin. At left is the grand champion animal at the Knox County Junior Livestock Show in Knox City last week. Stacia also won SuLynn Oxford, daughter of Mr. and Mrs. Davey Oxford of Benjamin, who showed the reserve champion steer.

City To Purchase New Police Vehicle

The City Council of the City of Munday, Texas met in special session Thursday, January 16, at the Munday City Hall.

Members present were Aldermen Garon Tidwell, Jessie Tucker, Richard Albus, Jessie Andrade and Von Marr.

Mayor Doris Dickerson was absent.

Mayor pro-tem Tidwell called the meeting to order. The purpose of the meeting was to determine whether or not to take bids on a new police car. At this time the 1982 Ford is four years old and probable budgeting of a new car has previously been discussed. Approximately 10 to 11 weeks will be required for bid process, ordering and delivery of the unit.

After discussion, Marr moved the City of Munday advertise for bids on a new 1986 full size car, with the 1982 LTD as trade in - trading difference to be bid; also with alternate bid price without trade in. Specifications will be basically as recommended to council, copies of which were available at this meeting. Bid opening date will be February 11, 1986 at 7 p.m. Jessie Tucker seconded the motion. Voting for were Marr, Tucker, Albus, Andrade and Tidwell.

The meeting adjourned following a move by Marr with second by Andrade.

Goree Applies For Sewer Project Aid

A long-existing need in Goree will be filled soon if a grant application to the West Central Texas Council of Governments is approved, according to Goree city officials.

Goree has for several years been cited as having one of the worst sewer systems in the state. The old Imhoff tank system currently in use is totally inadequate, and the city has been operating under an emergency sewer permit for some time. But the Texas Water Quality Board has finally notified officials that compliance with state standards must be met or the city will face a \$10,000 per day fine as long as it does not meet the standards.

So the city council met with Jacob and Martin of Abilene, consulting engineers, to outline a plan of action. As a result of the engineering study and recommendations, the city has applied to the West Central Texas Council of Governments for a portion of the \$196,000 needed for the project. If WCTCOG approves the \$106,000 asked for by Goree, the city will apply to the Farmers Home Administration for the remainder of the money.

The new facility is proposed to be located south of the Imhoff tank so it will operate as a gravity system. It will consist of a facultative lagoon with a normal water surface of .67

acres, along with two wastewater stabilization ponds of .67 acres each. The facility will have a bar screen, flowmeter and the necessary piping to transfer the wastewater from one pond to the other and into the natural draw.

The proposed plan will produce a final effluent of quality satisfactory to discharge into a natural draw which drains into the Brazos River. The entire pond area will be fenced for protection of livestock, and dikes will be seeded for grass cover to prevent erosion.

"What this means," said Goree mayor George Cotton, "is that the wastewater will drain into the ponds, be treated and come out pure."

Cotton has been working on this project for many years. Goree was on a grant list when the city first began receiving non-compliance citations, and the sewer project at that time would have only cost about \$75,000 to build. But, Cotton said, applications from small cities were being pushed to the back of the list to accommodate larger proposals, and the building costs rose steadily until Goree finally dropped out of the program. But the mayor and councilmen have agreed that they must comply with the standards now.

Officials feel the city already owns enough land, about 30 acres, on which to build the new facility, but a nearby landowner has agreed to sell some of his property if it is needed. Dozer work will probably comprise the majority of the project, which can be quickly completed once plans are finalized.

Cotton said sewer rates might have to be increased slightly, but the council does not expect to have to raise taxes. The planners have assured city officials that the new facility should serve the city for the foreseeable future.

Cotton does not know when to expect final word from WCTCOG, but preliminary reports have been favorable, and the engineers feel both the grant application and the request for FmHA funds will be approved. If they are not, Cotton pointed out, it will be up to the engineers to develop an alternative plan.

School Filing Deadline Announced

Munday school superintendent Doyle Lowrance has announced the dates for filing for a place on the MISD board of trustees.

Candidates must file between February 3 and March 5. Three trustees will be elected this year.

The joint city and school elections will be held Saturday, April 5.

Gymnastics Meet Planned Saturday

Gymnasts from Munday and several other towns will converge on the local gymnasium Saturday for a tumbling meet hosted by the Munday Gym-Dandeez. Approximately 25-30 local club members will be participating, according to Gym-Dandeez coach John Mix.

The meet will be for novices in levels one through three. Other towns competing include Jacksboro, Eastland, Breckenridge, Graham, Throckmorton, Strawn, Decatur and Carbon.

Youngsters ages two through five will take the floor first, at 9 a.m. Six and seven-year-olds will follow at 10:30, and lunch break will begin at 11:30.

A grand entry of all the competitors will be held at 12:15, and eight and nine-year-olds will perform at 1:15. Contests for ten and eleven-year-olds begin at 2:15, and gymnasts age 12 and over will compete at 3:15.

The Gym-Dandeez Mothers club will sponsor a concession stand during the meet, serving hamburgers, drinks and other items. The public is invited to attend the event and watch some fine young gymnasts in action.

SHOWMANSHIP HONORS in the sheep show went to Kent Latham, son of Mr. and Mrs. Ruddy Latham of Munday. This was one of several prizes awarded at the annual Knox County Junior Livestock Show held Thursday, Friday and Saturday at the Knox City show barn.

IN THE PEN: Kerry King, son of Mr. and Mrs. Jerry King of Munday, watches his animal at the Knox County Junior Livestock Show held last week. Kerry won a first place ribbon in the swine show with a lightweight Duroc. Bob Burkham of Knox City showed the grand champion swine.

GRAND CHAMPION winner in the breeding rabbit division at the Knox County Junior Livestock Show was Kyle McAfee, son of Mrs. Wanda McAfee of Munday. Kyle showed a New Zealand doe for his winning entry. Jacy Dillon of Knox City was reserve champion.

IN A SPECIAL PRESENTATION at the county livestock show Satur-
day, Knox City agriculture teacher Leon Burkham, right, presented a
plaque to Knox City resident Lee Smith in appreciation of his long ser-
vice to the stock show. Smith has been on the sales committee which
raises funds for the yearly show and is well known for his support and
dedication to youth activities.

GIRLS LOSE TWO

Moguls Take Lead In District Lineup

The Munday Moguls were suc-
cessful in their two cage outings last
week, upping their record to ten
wins and four losses, but all the
other teams lost their contests. The
Mogulettes now find themselves
fighting for life in the district race at
1-3, while the Moguls are on top of
their league at 4-0.

Munday's girls came back from a
17-10 halftime deficit against the
Lady Mustangs from Benjamin
Tuesday night, January 14, but
never quite took control, finally
losing 40-37 after a close fourth
quarter. Stacia Ryder of Benjamin
led all scorers with 17, and Gwen
Stinnett and Ann Kuehler were high
for Munday with 14 and 12 points,
respectively.

It was a different story, however,
in the boys' game as Munday over-
powered their opponents for a 98-26
victory. Gregg Sanders had 20 points
for Munday with Dent Offutt
scoring 16 and Curtis Taylor 10.

Last Friday night the teams were
on the road to Knox City for four

games. Both JV squads dropped
games to their hosts. The junior var-
sity Mogulettes lost 28-17 with
Denise Kuehler scoring 8 points for
her team, and Richard Toliver
canned 14 and Douglas Schumacher
had 10 in the young Moguls' 37-32
loss.

The Mogulettes again found
themselves well defended as the
Houndettes took a 43-33 win. Ann
Kuehler and Gwen Stinnett had ten
points each for Munday. Dent Of-
futt scored 15 for the Moguls as they
defeated the Greyhounds 76-52.
Tim Collier, Anthony Stinnett and
Kregg Sanders had 12 points each,
Reggie Tucker added 11 and Todd
Thompson scored 8.

The teams wrap up the first half
of the district round-robin at home
Tuesday night against Goree, and
will visit Weinert on Friday, Janu-
ary 24, to begin the second half.

Coach Milson Comments

Our game with Benjamin was
good for the boys who don't play
real often - we suited up some of our
JV players, everyone saw some ac-
tion and everyone scored. It's good
for the younger players to be in a
varsity game.

At Knox City we played our best
game of the year. It was a great
team effort, and I was really pleased
that we kept Knox City to eight
defensive and four offensive re-
bounds. We out-rebounded them
31-12, and that is saying a lot,
because Knox City has a good ball

club. We did a super job dominating
the boards. The only criticism I have
of our team is that we need to cut
down on turnovers.

We are really coming around,
learning to play with each other.
Before our Knox City game we had
a good practice, and I saw some
things they learned in practice
showing up in the game. Our fast
break worked real well; we did a
good job of passing the ball down
the court to the open man.

We still have room for a lot of
improvement, but the boys are
playing better in some areas than
they did last year. If the Knox City
game was any indication, we are
beginning to field a very good team.

Firemen's Sale Set For Monday Night

Munday firemen discussed the
upcoming fire extinguisher sale at
their Monday night meeting. A total
of 18 men were present for the
weekly session.

Reaction to the sale announce-
ment has been very favorable, with
several of the extinguishers already
being ordered. The firemen will go
door-to-door in Munday the night
of Monday, January 27, to show the
units and take orders.

Persons in Goree, Weinert,
Rhineland and other outlying areas
are urged to call any of the firemen
listed in an ad in this issue of the
Courier before Monday night if they
wish to place an order.

The meeting broke up early when
the men were called to a brush fire
outside of town. Readers are re-
minded to be very careful when
doing any type of burning, because
the conditions now are extremely
conducive to brush and grass fires.

Munday School Lunch Menu

January 27 - 31, 1986
BREAKFAST
Monday - Cereal, juice, milk.
Tuesday - Cinnamon rolls, juice,
milk.
Wednesday - Toast, jelly, juice,
milk.

Gallagher-Hosea Vows Read Friday In Wichita Falls

Carol Ann Hosea and Edward David Gallagher were united in marriage at seven o'clock in the evening Friday, January 17, at Kell House in Wichita Falls. Rev. Miles Graham officiated.

The bride is the daughter of Mr. and Mrs. Robert Hosea of Munday. The groom's parents are Mr. and Mrs. Olen Barnes of Wichita Falls.

Mrs. Cindy Guess and Scott Scherer provided wedding music.

Given in marriage by her father, the bride was gowned in ivory taffeta featuring a lace bodice accented with peach rosettes. Full Juliet sleeves were trimmed in lace and fastened with pearl buttons. A peach cummerbund tied in a bow in back, and the full gathered skirt was enhanced with a wide lace ruffle. She wore a halo of ivory and peach flowers accented with baby's breath and carried an antique lace fan adorned with peach sweetheart roses and baby's breath with ribbon streamers in ivory, peach and navy.

Mrs. Jan Wilson of Burneyville, Oklahoma was matron of honor for her sister. She wore a gown of navy satin and carried a stem of peach roses.

Steve Wilson of Burneyville, Oklahoma served as best man, and ushers were Mike Hosea of Munday, brother of the bride, and Bob Gallagher of Wichita Falls.

A reception was held after the ceremony at the NCO Club at Sheppard Air Force Base. Assisting were Mrs. Pat Scherer, Teri Fincher, Tom Gallagher, Michelle Jarnagin and Renae Jarnagin.

The rehearsal party was hosted at the bride's home in Wichita Falls by her parents.

The couple will reside in Wichita Falls. The bride, a graduate of Munday High School, is employed by

Prothro and Sellers, Attorneys at Law, and her husband, a Rider High School graduate, is employed at the Sheppard Air Force Base commissary.

★ MUNDAY NURSING CENTER NEWS ★

By Nancy Cypert

Valarie Kinnibrugh of Truscott visited her mother, Henrietta Burgess, this week.

Eula Mae Parks and Grace Offutt came Tuesday afternoon and called bingo for the residents. Each player received a prize. Our thanks to Eula Mae and Grace.

Doris and Mutt Chamberlain, Jo and Johnny Moore and Nora Presnall, all of Goree, visited Lola Moore this week.

The ladies from St. Joseph's Catholic Church were hostesses for the January birthday party held Wednesday afternoon. Residents with January birthdays are Julia Havran, Elizabeth Carnahan, Eugenia Searcey, Allie Dickerson, Elva Yost and Melvin Strickland. The residents were served delicious refreshments and enjoyed singing afterwards. Many thanks to this group for sharing with our residents.

E.B. Hosea of Goree visited his mother, Beulah Hosea, this week.

Ray Hunter came Thursday morning and held devotional with the residents. The residents always enjoy this time with Ray. Also coming were Carolyn Welch and Sam and Maurysse Stone and we thank all these friends.

Iola Hudson of Knox City and Kitty Williams and Ellis Johnson of

Hamlin visited Mary Johnson this week.

Eunice Cox visited her mother, Beatrice Hutchinson, this week.

Geneva Pennartz and Mena Fetsch came Thursday afternoon and called bingo for the residents. Each player received a prize of their choice. Many thanks to these ladies for sharing with our residents.

Nora Presnall of Goree visited her husband, Charles Presnall.

Juanita Dunnam of Haskell visited her sister, Jewel Warren, this week.

Ruby Myers and Marie Burns came Friday afternoon and held Bible study with the residents. This is a time enjoyed by all and we want to thank these ladies.

Mr. and Mrs. Alvin Bellinghausen and Bruce and friend, Jennifer and son, Kenny visited Hubert and Rosa Bellinghausen over the weekend.

Mr. and Mrs. John Kisinger, Red West and Mr. and Mrs. Penny Stone, all of Red Springs, visited Ruby West and Linnie West on Sunday.

The Church of Christ of Munday came Sunday afternoon and held church services with the residents. This is a special time. Thanks to this group for sharing the word of God with our residents.

CELEBRATING HIS FIRST CHRISTMAS, Little John Tyler Alcalá was the center of attention when this four generation picture was made. Proud great-grandfather Sam Alcalá of Munday is flanked by his son, Ignacio Alcalá at left, and grandson, Navy Petty Officer Michael Alcalá who is stationed at Bangor, Washington. John Tyler, who is getting plenty of spoiling from his big family, was born on Father's Day, 1985.

HEAT PUMP SYSTEMS

With most central heating systems, the consumer pays for energy that never finds its way into the house as heat. Every oil or gas-fired heating system loses some of its heat straight up the chimney, thus achieving only a 75-85% efficiency. Electric heat, on the other hand, is 100% efficient, but is an expensive source of heat.

A heat pump, which uses no fuel to produce heat, can be two to three times as efficient to operate as electric resistance heating. The heat pump operates on the principle that all air (even cold air) contains some heat. In winter, the heat pump extracts heat from outside air and brings it inside. Because it uses existing heat (producing, in effect, free BTU's), the heat pump is more efficient to operate.

In summer, the heat pump simply reverses itself and removes unwanted heat from inside and rejects it to the outside, thereby cooling the building. In effect, the heat pump is operating under the same principles as an air-conditioner and has similar efficiencies, or EER ratings. The efficiency gains with the heat pump are only in the heating mode. In the cooling mode, the heat pump is the same as a normal air conditioner.

Until recently, nearly all heat pumps were the air-sourced type. The model can operate very economically in areas where the temperature rarely dips below freezing. As outdoor temperature drops, so does the heat pump's ability to deliver heat. Therefore, an air-sourced heat pump is not the type to choose in cold climates.

Water-sourced heat pumps are more expensive to buy and install, but can be used successfully in colder climates. This type heat pump draws heat from water whose pipes are below the frost line.

A heat pump probably makes the most sense for two types of home-

owners: those who want to replace electric heating, and those who use air-conditioning units more than heating. Air-sourced units will serve areas where winter temperatures seldom drop below 45 degrees Fahrenheit.

JUICY, JUICY, JUICY

Lemons: Submerging a lemon in hot water for 15 minutes before squeezing will yield almost twice the amount of juice.

Oranges: If you put oranges in a hot oven before peeling them, no white fibers will be left on them. To increase juice yield, follow hints for lemons.

Basic Planting Steps Aid Proper Pecan Tree Growth

After a good pecan crop, many backyard gardeners turn their thoughts to growing their own tasty morsels. Also, many commercial growers are continuing to expand operations.

One of the keys to growing pecans, whether in the backyard or in a commercial orchard, is to plant the trees properly so that they get off to a good start, points out Dr. George Ray McEachern, horticulturist with the Texas Agricultural Extension Service.

Tree planting time is at hand -- January and early February are the best times -- and McEachern offers a few guidelines.

To begin, select a tree 4 to 8 feet tall as soon as nurseries get supplies. Plant as soon as possible, using care not to let roots dry out or freeze.

Dig the hole only as large as the tree's root system. If the hole is too deep, the tree will settle and this can cause poor growth or death.

The taproot should sit in the bottom of the hole. If the hole cannot be as deep as the length of the roots, cut back the taproot to fit the hole.

Pack original soil around roots as tightly as possible. Packing the soil in 2 to 3 inch layers is better than watering to pack the soil. Use adjacent soil to complete filling the hole, not light soil, sand or potting soil. The tree can drown in rainy weather if light fill soil is used on clay land.

Plant the tree at the same depth it grew in the nursery row. Look at the colors to determine the soil line: the bark is gray and the root is dark brown.

Cut off the top half of the tree at planting to balance the stem and roots and to force growth close to the soil line.

These are some basic steps in planting pecan trees that can lead the way to getting them into production in a few years, says McEachern.

WTU's Energy Saving Plan...

...Your Framework for Energy Savings.

The Energy Saving Plan

Start building your framework for energy savings by participating in WTU's Energy Saving Plan. Below are just a few of the ways you can save with E.S.P. For additional information about the Energy Saving Plan, call your local WTU office.

Save Money in Bills!

You can save up to twenty-six percent in home energy bills a year with an E.S.P. Home. An average 1800 square foot home will cost approximately \$775 a year to heat and cool. The same size E.S.P. Home will only cost about \$570 a year to heat and cool. That's an annual savings of over \$200! (Energy savings may vary with the type of home, family size and individual energy usage habits.)

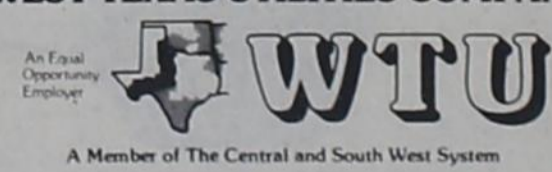

Get a Cash Bonus!

WTU will pay you \$110 per ton when you install an electric heat pump in your home. WTU will also pay cash bonuses for heat pump window units, energy-efficient air conditioners, heat recovery units for electric water heaters, and solar-assisted electric water heaters in new or existing single-family homes. To qualify for the bonus program, your home must meet all of the E.S.P. requirements and be served by WTU.

Increase Your Resale Value

If you decide to sell your E.S.P. Home in the future, you can expect a higher resale value because your home IS E.S.P.-qualified. That means lower energy bills to any prospective home buyer.

WEST TEXAS UTILITIES COMPANY

Remember REDDY Supplies the energy—
but only YOU can use it wisely!

STOCK SHOW AUDIENCE: This shot shows part of the crowd that assembled on Thursday and Friday evenings and all day Saturday for the annual Knox County Junior Livestock Show, held this year at the show barn in Knox City. Parents of some of the Munday winners can be spotted in the photo.

Questions About High Fiber Foods

Is it necessary to buy special high-fiber foods for health? Not if you're eating a well-balanced diet that includes about 15 grams of dietary fiber for every 1000 calories, say nutrition experts.

Marketers have capitalized on medical scientists' call for more dietary fiber as a possible cancer preventative, by introducing a number of high fiber products. For example, several cereals with 9-12 grams of fiber per one-ounce serving are now on the market shelves.

But according to Texas A&M University Agricultural Extension

Service nutritionist Dr. Alice Hunt, more fiber isn't always necessary.

She says nutrition research over the years has identified several useful properties of dietary fibers. Reduction of cholesterol absorbed by the intestine, alteration of the ratio of types of fats absorbed or changes in the transit time of digested food through the intestine have all been reported.

However, the researchers also point out that high bulk diets may cause a loss in the absorption of essential vitamins or minerals, says Hunt. Reduced absorption of proteins, fats, minerals and vitamins can result from 35 grams of dietary fiber per 1000 calories per day.

Research is continuing to deter-

mine both the best types and amounts of fiber for a healthful diet.

In the meantime, the person who eats a balanced diet containing the recommended four servings of vegetables and fruit each day, as well as four servings of whole grain breads and cereals, should be able to get enough fiber from regular foods, says the nutritionist.

Vegetables, fruits and whole grains are the most common food sources of fiber, she adds. Some of the foods highest in fiber include broccoli, raw cabbage and carrots, dried beans and peas, wheat bran, oatmeal, dried prunes, unpeeled apples and other fruits with skins.

Abilene Cotton Classing Report

Harvesting and ginning of the 1985-86 cotton crop has practically been completed in the Texas Rolling Plains. B.B. Manly of the USDA Cotton Classing Office in Abilene reported that samples from 611,000 cotton bales had been classed through January 16. Ginning has been completed at most of the 96 gins in the Abilene classing territory, but is expected to be continued for about two additional weeks at a few gins. Manly expects only about 25,000 additional bales to be ginned.

Local cotton prices have been mostly steady to 1/4 cent higher for

27 to 29 mike cotton. Bid prices ranged from levels near CCC loan values to 2 1/2 cents per pound over the loan. Most actual sales have been at 1 to 1 1/2 cents per pound over the loan. Trading was slow to inactive, being limited mostly to cotton ineligible for the loan. Loan entries were heavy. Demand was mostly light to very light, but was occasionally moderate for selected qualities. Low physical price cotton was in strongest demand. Strength 27 or higher sold at premiums around one cent per pound.

Cottonseed prices paid producers at gins were mostly around 55

dollars, ranging from 50 to 65 dollars per ton.

The quality of late season gin-nings has remained close to seasonal averages for all quality factors. Very little extremely low quality spotted and tinged grades were classed this season from cotton scrapped late in the season. Grades have been 12% white, 87% light-spotted, and 1% spotted this season, with grade 42 the most prevalent at 49 percent. About 31% was reduced in grade because of bark or grass content. Fiber length averaged 32.4 for the season. Micronaire readings were 84% within the 35 to 49 range.

THE KNOX COUNTY COMMISSIONERS COURT and the county Sesquicentennial committee chairmen celebrated Arbor Day by planting a two-year-old Shumard oak tree on the courthouse lawn. The tree was presented to the county by the Texas Forest Service for the special 1986 Texas Sesquicentennial observance. A Premont nursery has also donated an oak tree to the county. Shown from left are commissioners Lee Patterson and Billy Gene Johnston, county judge David N. Perdue, committee chairmen Janice Tolson and Sue Oxford and commissioners Philip Homer and Bobby Roberson.

★ FARM AND RANCH REPORT ★

David Tunmire, County Agent

PLAN THAT SPRING GARDEN NOW

Winter is still here but now is the time to start planning that spring garden. A good plan is the first step in establishing a home vegetable garden. When the weather keeps you in, get a head start on your garden and plan first.

A plan for a home vegetable garden can be divided into the following steps: site selection, garden size, deciding what to grow, location of vegetables in the garden, timing planting and deciding how much to plant. For the beginning gardener each one of the steps is a must. You experienced gardeners already probably have your garden site and know how big the garden will be.

The garden site should be well drained and level. Avoid shaded areas. Examine the area surrounding the site you select as well.

The garden size is determined by your needs. Consider these factors: available room, available time, family size, reason for gardening and kind of vegetable to be grown, when deciding on garden size.

Deciding what to grow can be the most exciting part of planning a garden. Personal preference is usually the determining factor when vegetable selections are made. Re-

member, space can limit how much can be produced and a watermelon vine can take up a lot of space.

Space must also be considered when you are deciding how much to plant. Are the vegetables for fresh use only or are you planning to can and freeze some? This is a question you must ask before planting.

Arrange vegetables for the most efficient use of space and light. Poor location of vegetables in a garden can result in reduced yields and make garden care difficult.

Timing of planting is very important and often the hardest to do. Vegetables are divided into general groups, warm season and cool season. Cool season crops, such as carrots, onions and lettuce can stand lower temperatures and should be planted in late February or early March. Warm season crops, like corn, tomatoes and cucumbers, cannot tolerate frost and cool soil temperatures.

Planning now can yield a bountiful harvest of vegetables later. Several publications on gardening are available at the Knox County Extension Office located on the second floor of the Knox County courthouse. There is no charge for these publications.

★ BENJAMIN NEWS ★

By Mrs. Gladene Green

There has been lots of cleaning up around Benjamin the last few days. Residents are taking advantage of these "June in January" days. Several have burned off their own lots and joined their neighbors in helping to really clean up the entire town.

We have a new family in Benjamin. Though they have lived in the area several years, the Joel Bolanos family moved into town last week. They are occupying the house where the Vernon Smiths have been living the past several years. Mr. Bolanos is employed by the school. The Smiths have moved into the Wally McNitt home, which is the old Merrick McGaughey home, while they continue working

on a house they have moved into town and plan to move into when the remodeling is complete.

There's been a few other changes the past few months. David and Mary Kyle have purchased the house James Redwine had built three or four years ago. David is no stranger to Benjamin, as this is his home. They have been living in Colorado the past several years. Mary is adjusting well to this small town life and we are glad they chose Benjamin to come to to retire. We know they will like it!

HERE AND THERE

Jo Etta Cartwright received word last Sunday night that her cousin's daughter was killed in a convenience store hold up in Arlington on Saturday, January 11. Terri Palmer was fatally wounded in that hold up. She was an employee of the store. Ms. Palmer was the daughter of Ruth Johnson Pratt. Mrs. Pratt grew up in Benjamin and is well known here. Her daughter was about 30 years old.

Visitors in the Van Green home during last week were Jeff Christopher of Crowell, Randy Cook of Childress, Greg Murrell of Vernon, Diane Herring, Ruby Wynn, the Gordon Taylors and Jimmy Carden, all of Munday.

Edith West is spending a few days with her grandsons and their families in Springtown.

Corrine Parrish of Franklin

Local's Daughter Launches Exercise Business In Dallas

Laurie Anderson of Irving, daughter of Norm Anderson of Munday, has recently developed a new concept in physical fitness that brings exercise to peoples' homes.

Home Bodies is a professional in-home exercise instruction program operated by Anderson and a partner, Dana Salzhandler. It provides tailored exercises ranging from aerobic or weight training to dance and gymnastics. The four tiered program includes aerobic and fitness, weight training, aquatics and running and jogging. Each program is coordinated by a professional who develops the program based on the client's individual needs.

Anderson coordinates the aerobics and fitness program. Before beginning the business, she was assistant physical coordinator at NCH Corporation in Irving and served as gymnastics coach at North Lake College. She teaches gymnastics at the Irving YMCA.

According to an article in the business section of the Irving Daily News written by staff writer Carol Cirulli, the home exercise concept is new in the Dallas area, although it is growing in popularity in New York and California.

Mr. and Mrs. Tommie Harper visited their daughter and family, Mr. and Mrs. Tim Moeller, in Houston last week.

visited Bobby and Philomae Roberson, Kathie Waldron and Judy Conner and their families recently.

Nora Hertel spent a few days last week with her daughter and family, the Daniel Albus' in Lubbock.

Rex Patterson spent a few days last week in a Wichita Falls hospital undergoing tests. He returned home Thursday and except for being weak, is feeling pretty good. His children, Sharon Johnson of Alpine

and Mr. and Mrs. Weldon Patterson of Fresno, Calif., have been here with him and Mrs. Patterson.

Mark and Blake West of Springtown visited the Leroy Wests Friday evening.

Bill Powers of Midland visited the Clarence Clowers during the weekend. He was enroute to Vernon to be with his mother, Mrs. Dee Powers of Thalia, who is a patient in the Vernon Hospital.

Remember trying to erase a mistake on four carbon copies?

Times have changed...

Not too many years ago we used manual typewriters with lots of carbon paper. Typing a letter took a lot of time and effort and sometimes the end result wasn't quite what we'd hoped for.

That was before electric, self-correcting typewriters and quick copy machines. Today, word processors allow us to make corrections on the screen and print as many copies as we need. We can get much more work done much faster. That's progress.

Times have changed for your cooperative, too.

The Brazos System used to build natural gas power plants. The gas was delivered to the boiler by a simple system of pipes and controls.

Today, we build lignite coal power plants. They are large and complex. The fuel is delivered by conveyor belts. It must be crushed and then pulverized to powder. Intricate controls are required. Even so, lignite is today's most economical choice for making your electricity. Lignite costs only a third as much as natural gas.

Your business, B-K Electric Cooperative, benefits from that choice, and so do you. The power of the kilowatt hour can do so much good... don't waste it.

B-K Electric Cooperative

HOSPITAL NOTES

Felton Lambeth returned home Friday night after spending two days in the Seymour Hospital.

Mrs. Peggy Hosea is a patient in the Seymour Hospital.

Mrs. Theda Jackson is receiving medical treatment in the Methodist Hospital in Lubbock.

Mr. and Mrs. Riley Bell and Mrs. Glenda Decker were in Abilene last Wednesday for Mr. Bell's medical check-up.

Mrs. Merle Lambeth had a medical check-up in Lubbock on Monday.

ATTEND DINNER IN WICHITA FALLS

Mr. and Mrs. Dale Redding attended a farewell dinner for his grandson and wife, Mr. and Mrs. Chip Denton, at the home of Mr. and Mrs. Paul Redding in Wichita Falls last Sunday. Mr. and Mrs. Denton are moving to Denver, Colo. to make their home. Also attending were Larry Denton of Denver, Colo. and Mrs. Glynda Mae Porter of Wichita Falls.

Mrs. Ruby McCafferty of Stamford visited in the L.O. Chamberlain home last Monday.

Mrs. Winnie Howry visited her granddaughter and husband, Mr. and Mrs. Melvin Matus, in Graham a few days last week. They all visited Mrs. Howry's grandson and family, Mr. and Mrs. Clint Aytes and children, in Decatur. The Aytes' have a new son.

Visiting Mr. and Mrs. Johnny

Moore during the weekend were Mr. and Mrs. Wendel Moore of Borger, Mr. and Mrs. Dale Burris and Mr. and Mrs. Greg Melton and Taylor of Haskell.

Hulen Montgomery visited Mr. and Mrs. Chester Smith several days last week. Mrs. Edna Burns of Littlefield visited in their home during the weekend.

Weekend guests in the Charles Atkinson home were Mrs. Lillie Jones of Plainview and Mr. and Mrs. Junior McAnally of Edmondson.

Visiting Mr. and Mrs. Billy Moore last Monday and Tuesday were her sister and husband, Mr. and Mrs. J.J. Denton of Lillian.

Mr. and Mrs. Noel Cooksey of Levelland visited Mrs. Ballie Cooksey several days last week. Mr. and Mrs. Ward Cooksey of Throckmorton visited Wednesday evening.

Douglas Beaty and some relatives from San Angelo visited his parents, Mr. and Mrs. Jack Beaty, on Sunday.

Debra Birkenfeld of Vernon spent the weekend with her parents, Mr. and Mrs. Joe Birkenfeld and Johnny.

Visiting Mr. and Mrs. Jim Cooke Sunday afternoon was her sister, Mrs. Claudia Harrell of Munday.

Krisi Harlan of Seymour visited her grandparents, Mr. and Mrs. Tommy Decker, Friday and Saturday.

Visiting with Mrs. Tommie Polson and George Rawls the first

of the week was their niece, Mrs. Ruby Walker of Eldorado, Okla.

Jackie Howry of Wichita Falls and Ricky Elliott of Seymour visited Mrs. Winnie Howry Sunday afternoon.

Mr. and Mrs. Riley Bell and Mrs. Glenda Decker visited Mr. and Mrs. Jimmy Bell and family in Abilene last Wednesday.

Mr. and Mrs. Ira Hargrove visited Joy Melton in Seymour Saturday afternoon.

Mr. and Mrs. Dewitt Green visited his father, W.T. Green, in Olney on Saturday. They visited their daughter and family, Mr. and Mrs. Charles Horry and Steven, in Wichita Falls last Tuesday.

Visiting Mr. and Mrs. Louis Hutchens during the weekend were Mrs. Glenda Rich and her daughter and husband, Mr. and Mrs. Wayne Fullford, of Lubbock and Mr. and Mrs. Eric O'Dell of Woodson. They also visited their grandmother, Mrs. Etta Kirk.

Mr. and Mrs. Riley Bell visited their daughter and family, Mr. and Mrs. James Barker and boys, in Olney.

Mr. and Mrs. Carl Echols visited her mother, Mrs. Addie Underwood, in Seymour Sunday afternoon.

Mrs. Ruth Fitzgerald of Seymour visited Mrs. Mamie Fitzgerald on Sunday.

Visiting Mr. and Mrs. Eldon McSwain on Sunday were Mr. and Mrs. Richard Atwood of Seymour and Mr. and Mrs. Terry Hamilton and family and Mr. Atwood's grandson, Chad, all of Dallas.

Mrs. Helen McKnight of Garland was a weekend guest in the home of her brother and wife, Mr. and Mrs.

George Hunt.

Mr. and Mrs. Jack Nuckols spent the weekend with their daughter and family, Mr. and Mrs. Larry Foerster, Mandi and Maci, in Frisco. They helped Maci celebrate her second birthday.

Mr. and Mrs. Felton Lambeth visited Mr. and Mrs. Terry Lambeth and family and their new great-grandson in Wichita Falls last week.

Mrs. Jack Steward visited her granddaughter, Kristin Cybert of Graham, in Parkland Hospital in Dallas last weekend.

NEW ARRIVAL

Mr. and Mrs. Felton Lambeth are announcing the arrival of a great-grandson at General Hospital in Wichita Falls on Monday, January 13. His name is Heath Ray, and he weighed seven pounds and one ounce. Parents are Mr. and Mrs. Terry Lambeth of Wichita Falls. Paternal grandparents are Mr. and Mrs. Cordas Ray Lambeth, also of Wichita Falls. Mrs. Etta Kirk of Goree is the paternal great-great-grandmother.

TODD AND TREY THOMPSON, center, accompany their pigs to the ring at the Knox County Junior Livestock Show in Knox City last week. Although neither of the Munday youths won top honors in the swine show, Todd had the grand champion Chester white, and Trey's heavyweight Hampshire also brought a grand champion breed trophy.

Unsafe Use Of Heat Tape Is Possible Fire Hazard

Heat tape can keep exposed pipes from freezing this winter, but can also be a fire hazard, says a Texas A&M University Agricultural Extension Service housing specialist.

"While heat tape itself is a safe product, it's often used improperly, and is a frequent cause of home fires," says Dr. Susan Quiring.

Heat tape contains electrical wires and insulation and produces heat when plugged into an electrical

outlet. One study showed that 40% of home fires involving heat tape were caused by the tape being incorrectly installed so that it lapped over itself, Quiring says.

The specialist advises consumers to take the following precautions when using heat tape:

* Check all heat tape wrapped pipes for proper installation and cracks in the plastic insulation or bare wires. Replace any damaged heat tape immediately.

* If you're buying new heat tapes or cables, know the diameter and the length of the pipe to be protected. Manufacturers usually suggest specific lengths for various pipe sizes to avoid either the hazards of overlapping or excess tape. It's better to have a heat tape that's too short for the pipe rather than too long.

* Not all heat tapes can be used with plastic pipes. Check to make certain the heat tape you are using is specifically recommended for the plastic pipe in question.

* Never use heat tape over the thermal insulation on a pipe or near flammable objects. Inspect previously installed tapes to make certain they are not fire hazards.

Trainham Venture Goree, Texas

THE BEST OF THE BUNCH: Trey Thompson shows the grand champion animal in the sheep division of the Knox County Junior Livestock Show. The trophy actually went to his brother, Todd, but Trey did the holding honors at picture-taking time. Todd and Trey are the sons of Mr. and Mrs. Larry Thompson of Munday, and are real veterans of the stock show arena.

SHOWING A WINNER is Bryan Latham, son of Mr. and Mrs. Ruddy Latham of Munday, whose sheep was judged reserve champion of the division at the Knox County Junior Livestock Show held Thursday, Friday and Saturday at the show barn in Knox City. Munday boys won all three top prizes in the sheep show.

STOCK SHOW
(Continued from Page 1)

exhibited reserve champ steer. Angie Partridge won showmanship in this division.

Munday Braves Win Boys' Tournament

Munday's eighth grade Braves and the Anson seventh graders took championship honors in the Munday junior high boys' basketball tournament held here last Saturday. Teams from Munday, Anson, Goree and Hamlin took part in the contest.

The seventh grade Braves split into two teams for the first competition. The purple team defeated the white squad by a score of 34-16. Scoring for the winners were Jeremy Way, 18, Kevin Jackson, 10, Jerry Branam, 4, and Jeremy Wilson, 2. Bobby Dockins and Tony Hunter each had 4 points for the white team with Kent Latham adding 3, Jayson Morgan and Christopher Clem scoring 2 and Jason Brown making 1 point. In the second first round game, Anson defeated Hamlin 24-13.

Hamlin bombarded the Munday white team 51-12 for consolation honors. Tony Hunter and Chris Scott each had 6 points for Munday. Then Anson defeated the Munday purple team 36-18 for the top prize in the seventh grade bracket. Scoring for the Braves were Jeremy Way, 8, Kevin Jackson and Jerry Branam, 4 each, and Jeffrey Herring, 2.

The first eighth grade game found Goree edging Anson 27-23. Tony Patterson led the young Wildcats with 9 points, assisted by Jay Hutchens with 7, Gary Dixon with 6 and Jay Elliott with 5. Munday defeated Hamlin 25-13 in the next contest behind Terry Collier's 13 points. He was assisted by his brother, Perry, who scored 8, and Brett Bruce and Marc Andrade with 2 each.

Hamlin beat Anson 32-19 for the consolation trophy, and Munday pounded Goree 60-21 in the finals.

NOTICE OF APPLICATION FOR FLUID INJECTION WELL PERMIT

Dale Redding, Route 1, Goree, Texas 76363 has applied to the Railroad Commission of Texas for a permit to inject fluid into a formation which is productive of oil or gas.

The applicant proposes to inject fluid into the Tannehill formation, J.J. Birkenfeld Lease, Well Number 5. The proposed injection well is located 2 miles South of Goree in the Goree Field, in Knox County. Fluid will be injected into strata in the subsurface depth interval 1636 to 1640 feet.

Legal Authority: Chapter 27 of the Texas Water Code, as amended, Title 3 of the Natural Resources Code, as amended, and the Statewide Rules of the Oil and Gas Division of the Railroad Commission of Texas.

Requests for a public hearing from persons who can show they are adversely affected, or requests for further information concerning any aspect of the application should be submitted in writing, within fifteen days of publication, to the Underground Injection Control Section, Oil and Gas Division, Railroad Commission of Texas, Drawer 12967, Capitol Station, Austin, Texas 78711 (telephone 512/445-1373). 17-1tc

Letter To The Editor

Dear Sir:
I would like to thank you for your support of the Department of Public Safety and Operation Motorcade during this holiday season. The public awareness campaign presented by your organization had a big effect on the Operation Motorcade totals for this year. The fact that there were no fatalities in North Central Texas this Christmas and New Year Holidays is also a result of your concern.

Without you, the media, the success of Operation Motorcade would not be possible. We appreciate your support.

Sincerely,
Joseph A. Clement, Trooper II
Safety Education Service
Wichita Falls, Texas
