Voters Resolve To Keep Hospital Open

The reopening of the Knox County Hospital was given an overwhelming vote of approval in Saturday's tax rollback election. Hospital trustees had said that the hospital needed a 100 percent tax increase to keep the facility operating, and taxpayers immediately began circulating petitions asking that the board make the increase the decision of the voters.

Over 1,100 of those voters cast their ballots Saturday despite icy streets and cold temperatures. The final count was 314 votes in favor of the rollback and 810 against reducing the taxes back to prior rates.

Broken down by communities, the vote went like this: Munday - 137 for, 179 against; Goree - 35 for, 28 against; Knox City - 32 for, 491 against; Benjamin - 18 for, 72 against; Truscott - 6 for, 15 against; Gilliland - 21 for, 4 against; Vera - 25 for, 21 against.

The vote count represents about 39 percent of the registered voters in Knox County, and county officials say this is an excellent turnout, especially in view of the weather conditions that undoubtedly kept many would-be voters off the streets and highways. The 39 percent is just slightly less than the average turnout for a primary election involving state and county government candidates.

Hospital board members now face the task of evaluating staff privilege applications from local physicians, dealing with Medicare requirements, restrictions and possible changes, re-hiring personnel, deciding where to purchase pharmaceutical supplies, making maintenance decisions and numerous other plans that are necessary before the hospital can open. A board spokesman said it will probably be from three to nine months before the reopening can take place. In the meantime, the emergency clinic staffed by hospital personnel will remain open.

The decision to keep the hospital open by the voting majority was prompted by many factors - the probability of having county taxes raised to cover indigent care, the

possibility of losing our doctors, the effects on the economy, the resulting lack of emergency care and care for senior citizens who cannot travel to other hospitals and the impression not having a hospital would give prospective newcomers to the county.

Proponents of the tax rollback expressed their views that taxpayers could not stand the burden of the large increase. But trustees say the rollback should only be necessary for two years, after which time the hospital should operate on the smaller 1985 tax rate or board members will have to look at alternate solutions to the hospital's financial problem.

Now that the decision has been made, citizens will watch with interest the action of the hospital board as it deals with matters vital to the future of the hospital.

Slush, Ice, Snow Fill City Streets

The young - and the young at heart and in body - must have had a field day here Sunday, as a massive winter storm dumped about three inches of snow here late Saturday night and during the day Sunday. Switching from uncommonly warm weather for January, we returned to normal very quickly with a drop of almost 30 degrees in temperatures from Wednesday to Thursday.

Low daytime temperature was 25 degrees on Saturday when Knox County residents were trying to get out to vote or watch the stock show. Lows at night have been mostly in the low 20's since the storm first hit, with Sunday night's 13 degrees registering as the new year's lowest.

The snow and previous drizzle amounts to 1.08 of moisture since January 1. This figure will increase by next week even if we receive no more "falling weather," because the snow melted at such a rapid pace on Monday and Tuesday that it almost seemed to be raining. Sunny skies were eliminating much of the white ground cover, but weather forecasters were predicting another slight chance for snow Tuesday night, so it doesn't look as though spring will be arriving in the Big Country just yet.

Hazardous driving conditions were caused by Friday and Saturday's freezing mist, drizzle and sleet beneath the three-inch layer of snow, but at last report no serious traffic accidents had been reported in this area.

BRYAN LATHAM, son of Mr. and Mrs. Ruddy Latham of Munday, showed the grand and reserve champion lambs at the Knox County Junior Livestock Show last weekend. Bryan is a seventh grader in the Munday schools and is fast becoming a veteran of stock show victories.

Lions To Dish Up Supper February 3

The Munday Lions Club will sponsor a stew supper on Tuesday night, February 3, as another fund-raising project. Serving hours will be from 5:30 to 7:30 p.m. at the Munday High School cafeteria.

Stew, crackers, cornbread, drinks and Bobbie Kegley's famous peach cobbler will be served. Plates are \$3 per person.

That afternoon and evening the high school gym will be the site of four basketball games pitting Munday and Knox City varsities and junior varsities. The supper gives fans a wonderful opportunity to dine near the gym either before, during or after a game. And it's for a worthwhile cause, too, as the Lions Club supports many local and nation-wide activities. For persons who get off work at 5 p.m. and have a difficult time cooking and eating supper before the game, this solves that problem inexpensively and quickly.

Local Chamber To Stage Logo Contest

WANTED: A professional logo for the Munday Chamber of Commerce and Agriculture.

REWARD - \$50 to the owner of winning logo.

Rules specify that the logo must be on plain white or colored no-line paper, and they should be as professional as possible. Consent must be given by the owner to give the rights of usage to the Munday Chamber of Commerce and Agriculture.

Name, address and phone number of the contestant must be written on the back of the entry. Entries will be judged on their neatness, professionalism and application to our community. The logos may be delivered or mailed to the Munday Chamber of Commerce and Agriculture by noon, Monday, March 2.

Chamber manager Kay Looney said she expected lots of interest in this contest and hoped for some really innovative ideas for logos.

SUPPORTERS IGNORE MOTHER NATURE

Stock Show Entrants Brave Cold Weather

Despite the inclement weather, Knox County youngsters and other interested persons turned out in full force for the annual junior livestock show held Friday and Saturday at the Knox City show barn. "Overall, I think we had a very successful show," said David Tunmire, county agricultural Extension agent.

"Everything ran right on schedule," Tunmire continued, "and the stands were full both days despite the weather. The bids were real good at the premium auction, too. The community really got out and supported the show this year, and I know the kids appreciate that."

Steer and rabbit entries were up this year, Tunmire said, while broilers were down and lambs and swine remained about the same. All the judges chosen were on hand to do their job, and Tunmire feels that says a lot about the quality of the selections - "Our judges did an outstanding job this year."

The show was sponsored once again by the Brazos Valley Young Farmers with Dale Bloxham serving as general chairman.

Aaron and Tessa Kiser, son and daughter of Danny and Ann Kiser of Munday, captured grand and reserve champion honors, respectively, in the turkey show. Tim Wilson's pen of broilers took the grand championship, with Augie Rodriguez winning reserve champion and showmanship awards in that category. They are the sons of Mr. and Mrs. Jesse Wilson and Mr. and Mrs. Joe Rodriguez of Knox City.

In the rabbit show, Jacy Dillon, daughter of Mr. and Mrs. Jim Dillon of Knox City, took home grand champion and showmanship honors for her fryers. Reserve champion fryers belonged to Sheri Parker, daughter of Mr. and Mrs. Jerry Parker of Benjamin. Chad Bordovsky won best of show honors in breeding rabbits with a New Zealand white doe, and Billy Large showed the best opposite sex, a senior colored buck. Chad is the son of Gail Ramirez and David Bordovsky of Munday, and Billy's parents are Mr. and Mrs. Billy Joe Large of Knox City.

Overall grand champion in the

swine show belonged to John Eaton, son of J.C. Eaton of Knox City. J. Emerson, son of Mr. and Mrs. J.M. Emerson of Knox City, won both reserve champion and showmanship awards.

Cousins Christi Whitten and Stacia Ryder took grand and reserve champion honors, respectively, in the steer show. Christi, daughter of Mr. and Mrs. Jack Whitten of Ben-

See Livestock Show, Page 3

Fire Destroys Hefner Home

A nighttime fire Monday resulted in a young Goree woman losing her home and possessions, and Munday firemen responded to that blaze as well as another call during the day Monday.

The J.T. Murdock home in the Hefner community burned to the ground Monday night as flames engulfed the house before fire departments could be called. Teresa Speck was living in the house but was not home at the time of the fire as she was on duty at the Seymour Hospital. Neighbors saw the fire and reported it to Billy Huffman, Mrs. Speck's father, who lives across the highway. Both Goree and Munday fire departments were called and responded to the fire, but the house was almost burned when they arrived.

The fire apparently started on the east side of the house in the walls, so family members suspect electrical wiring might have caused the fire.

The local fire department also responded to a barn fire at the farm of Mrs. Alice Reneau on Monday. Firemen were able to contain the flames to one wall before extinguishing the fire, and reported only minor damage.

A special fund has been set up for Mrs. Speck at the First National Bank in Munday. She lost everything but a pair of nursing uniforms, a pair of shoes and one outfit of street clothes in the fire. Donations can be made to the Teresa Speck Fund at the bank, and any contributions will be gratefully received and used.

MOGULETTES ARE THIRD

Moguls Take Lead In District Lineup

The Moguls picked up a pair of crucial district wins last week, but it was a disappointing week for the Mogulettes, who dropped both their games to put them in third place in the district standings. Junior varsity scores followed the same trend, with the boys winning and the girls losing in the one contest each team played.

The Goree Wildcats and Ladycats came to town Tuesday, January 13. The girls' game was really more like two games, with an uncommon amount of audience participation. The Mogulettes suffered a cold streak during which they couldn't land a shot from any spot in the court, resulting in a half-time score of 22-4 for Goree. But the second half was very different, with the Mogulettes coming out on fire and pulling to within three points. But Goree's relentless aggressiveness won out, and the Ladycats persevered a 47-41 win. Susan Johnson had 21 points for Goree and Jackie Russell scored 14. Leading Munday were Mindy Myers with 14, Gwen Stinnett with 10, Karen Kuehler with 10 and Angel Dockins with 5.

The Moguls suited up three junior varsity players, as the JV bus broke down on the way to Crowell and their games had to be cancelled. Twelve of 13 Moguls scored in their

96-26 victory. High point was David Hertel with 15, followed by Anthony Stinnett with 14, Curtis Taylor with 13, Reggie Tucker with 12, Richard Toliver with 11, John Paul Browning with 9, Ricky Taylor and Lowell Hutchens with 6, Corey Moore with 5, Kent Sanders with 3 and Chad Bordovsky with 2.

The junior varsity Mogulettes led off at Knox City on an icy Friday night. The young Houndettes were victorious by a 37-27 margin. Ann Parker scored 15 points for Munday, helped by Robin Reneau with 6, Kathy Wilde with 3, Cheryl Buntton with 2 and Alicia Cook with 1.

The Mogulettes put up a hard fight against Knox City, playing evenly right to the buzzer. But when the final bell sounded, the Houndettes had taken a 36-34 win. Mindy Myers led her team with 13, and other scorers were Gwen Stinnett with 8, Angel Dockins with 6, Esther Escamilla, Denise Kuehler and Kathy Wilde with 2 and Karen Kuehler with 1.

The Moguls, playing without seniors Jay Donoho, who has a broken arm, and Jimmy Sosa, who suffered an eye injury in an earlier game, pulled out a 61-51 win over the Greyhounds. Anthony Stinnett

Public Service Announcement

A representative of the Vernon Social Security office will be at the Munday City Hall from 9:30 to 11:30 a.m. Wednesday, January 28, to assist citizens in filing for Social Security retirement, disability, survivors, Medicare or Supplemental Security Income benefits.

Geneological Society Meeting Rescheduled

The Knox Prairie Geneological Society will hold their next meeting at 7 p.m. on Monday, January 26 at the First United Methodist Church fellowship hall in Knox City. The meeting scheduled for January 19 was cancelled due to bad weather.

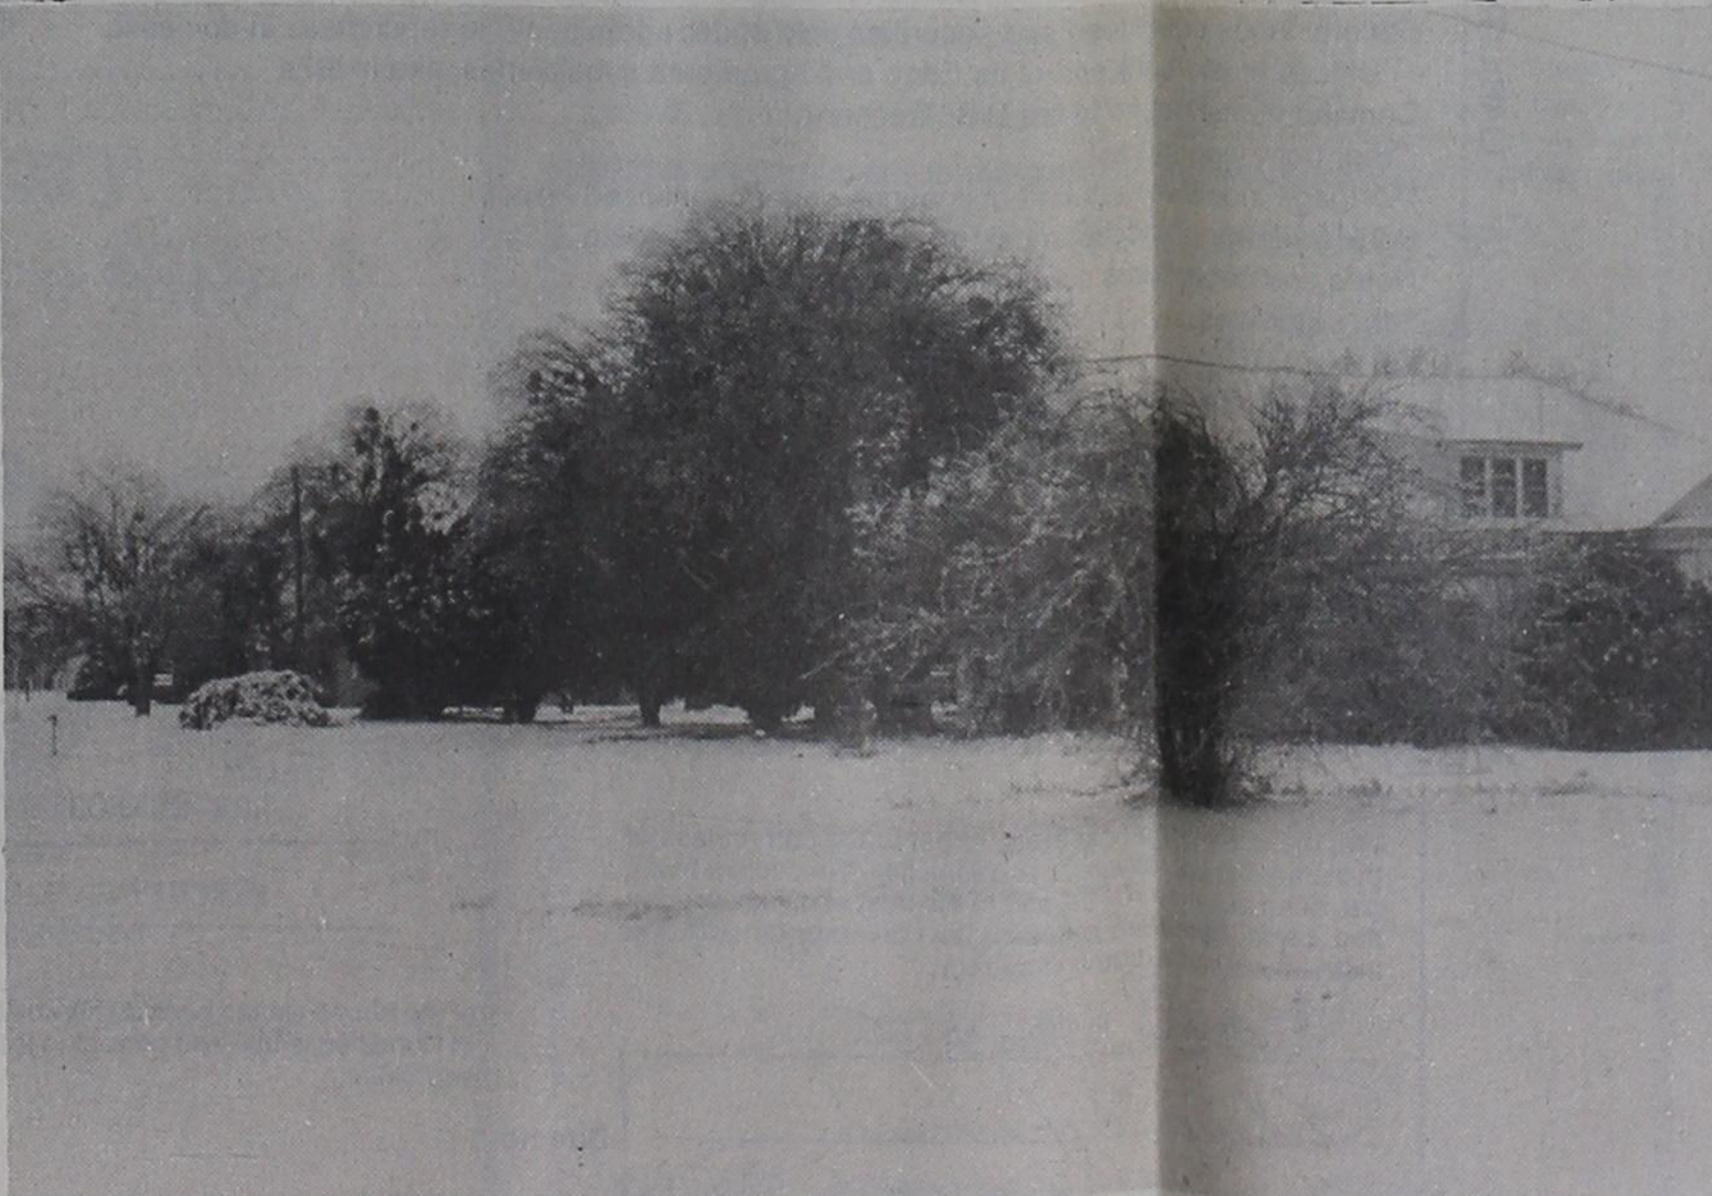

All interested persons are invited to attend.

Weather Report

For seven days ending Monday, January 19, as compiled and recorded by Goodson Sellers, local U.S. weather observer.

TEMPERATURE		
	HIGH	LOW
January 13	61	34
January 14	67	36

January 18	30	21
January 19	41	13

3 inches of snow
Moisture year to date - 1.08

THE LARGE LOT SURROUNDING the home of Tom and Sandy West on North Munday Avenue looks like fairyland after Mother Nature brought us a three-inch snowstorm during the weekend. Unfortunately, the beauty soon turns to ugly, as the sunshine that makes the ice-crusted trees glisten also causes the snow to melt into messy, muddy slush that makes walking and driving a unique and sometimes not altogether safe experience. But it's pretty while it lasts!

Munday Players Named To Area All-Star Team

Two Munday Moguls, junior quarterback Anthony Stinnett and senior lineman David Hertel, were named to the Red River 22, a football honor society for Wichita Falls area teams. Stinnett and Michael McKnight of Chillicothe, who won offensive player of the year honors for small schools, were the only juniors named to the special squad.

Most valuable player for small schools was Rodney Bell, Electra quarterback. Ironically, Bell wasn't very impressive when the Tigers played in Munday. Other familiar names on the Red River 22 are Seymour running back Mark Peters, Greg Blankenship, Seymour offensive lineman, and Matt Stewart, Seymour linebacker. Throckmorton landed Kevin Woods, offensive lineman, Dave Davis, linebacker, and

Kevin Latham on secondary on the team. Jeff Ash, an Archer City lineman on defense, was the only other player on the team faced by the Moguls last season.

Gus Dormier, first-year coach of the Throckmorton Greyhounds, who defeated Munday in the regional round and went on to lose to Burkeville in the state finals, was named small school coach of the year. Dormier is well known in this area for the championship teams he produced at Goree High School, where he coached several years.

Stinnett and Hertel are currently helping to lead the Mogul basketball team to another winning season. They are the sons of Mrs. Ida Jo Stinnett and Robert and Valera Hertel.

JEFFREY RAMIREZ

Local Man Finishes Air Force Training

Airman Jeffrey C. Ramirez, son of Daniel Ramirez and Linda S. Wallace, both of Munday, has graduated from Air Force basic training at Lackland Air Force Base.

During the six weeks of training the airman studied the Air Force mission, organization and customs and received special training in human relations. In addition, airmen who complete basic training earn credits toward an associate degree through the community college of the Air Force.

Ramirez is a 1984 graduate of Munday High School.

Remember to attend Mogulette and Mogul basketball games. The price is only \$2 for adults and \$1 for students, and the athletic entertainment is superior.

1987 Farmers Home Emergency Loans Tied To Crop Insurance

Farmers seeking disaster emergency loans from the Farmers Home Administration (FmHA) for 1987 losses will need to have crop insurance if it is available, according to J. Lynn Futch, FmHA state director.

"All family-size farmers should be aware that a newly-effective provision of the 1985 farm bill prohibits our making emergency loans for crop losses that could have been insured under multiple-peril crop insurance programs sponsored by the Federal Crop Insurance Corporation (FCIC)," said Futch.

"Therefore I urge every family-size farmer in the state of Texas to seriously take into account this new relationship between insurance coverage and emergency-loan eligibility."

Federally-subsidized multiple-peril crop insurance is now available for all wheat, corn, barley, grain sorghum, oats, upland cotton and rice, plus an additional 35 specialty crops in most growing areas. The government subsidy reduces the program costs by about 50 percent, Futch said, making crop insurance a worthwhile option to consider regardless of the newly-required tie-

in with emergency loan eligibility. If a farmer obtains the insurance required, and if the value of his crop loss is still 30 percent or more after the insurance payment, the operation will be eligible for consideration for an emergency loan.

Effective in January, the new requirement will affect crops planted in 1987, and thus will not affect winter wheat or other winter-seeded crops planted in 1986 and harvested in 1987. Insurance must be multiple-peril, covering most forms of disaster, rather than hail-only.

The closing date for insurance sales on spring-planted crops in the state of Texas will vary. Closing date for insurance sales in the coastal and South Texas areas is February 15; East Texas and Blackland areas is March 31; and the Rolling Plains and High Plains areas is April 15. Because of these dates and the fact that a prevented-planted endorsement for eligible crops must be elected 45 days prior to sales closing.

Information is also available at FCIC field offices and through most county offices of the Agricultural Stabilization and Conservation Service (ASCS).

WTU Power Plant Ready For Summer's Peak Usage

With its new Oklaunion Power Station in commercial operation, West Texas Utilities Co. is again capable of generating all the power its customers will need during the peak usage period of hot summer-time.

The peak demand for electricity exceeded the capacity of WTU's installed general stations several summers ago and additional power had to be purchased from neighboring utility companies.

"This means that we literally have grown into this new power plant," explained Walter Meller, WTU's manager of system production.

"Often, when a new plant is brought on line it creates an immediate huge surplus of general capacity. In our case, completion of Oklaunion was timed to coincide with our needs."

The coal-burning Oklaunion unit eight miles southeast of Vernon has a new rated capacity of 665 megawatts, which is more than half the 1,070 megawatt capacity of all of WTU's gas-fired plants. WTU owns 54.69 percent, or 370 megawatts, of the new plant, which is the first jointly owned unit in the Central and South West System. Other owners are Public Service Co. of Oklahoma and Central Power and Light Co., both members of CSW; the Oklahoma Municipal Power Authority and the City of Brownsville.

The new plant was officially declared commercial December 24. The power is under control of a central dispatcher in Abilene, who economically loads the various generating units in the WTU system.

As plant manager Chuck Adami of Vernon explains it, "When the load increases, the unit that can make the next kilowatt the cheapest is the one that is brought on line."

Adami's staff includes 126 employees, who work in shifts to keep the plant running 24 hours a day. Most of the staff has been on the site for several months involved in training and start-up operations.

Construction of Oklaunion was begun in May 1982, and almost all the news regarding the plant since then has been good. The best news is that it was completed on time and under original cost estimates.

The plant will provide over 25 percent of WTU's operating capacity and will end the company's almost total reliance on natural gas as boiler fuel. The low-sulphur coal comes by rail from Wyoming. Each delivery averages from 100-115 cars, with each car holding 100 tons of coal. About 300 tons will be burned an hour when the plant is in full operation.

JAE-JAE RENEAU shows her award for winning showmanship in the sheep division of the Knox County Junior Livestock Show held Friday and Saturday in Knox City. An eighth grader in the Munday school system, Jae-Jae joined her two sisters in showing several entries in the show. They are the daughters of John and Jean Reneau of Munday.

Basketball

(Continued from Page 1)

led the team with 19 points, John Paul Browning chipped in 12 and Curtis Taylor and Reggie Tucker scored 11 each.

The JV Moguls, led by Corey Moore's 12 points, outscored Knox City 39-32. Also scoring were Chad Bordovsky with 10 and Marc Andrade with 8. This team now owns a 7-2 record. The Moguls, 11-4 for the season, are 4-0 and on top of the district standings.

Also seeing action last week were the junior high basketball squads, who played in Paducah. The games were split, with Munday seventh grade girls and eighth grade boys losing, and the eighth grade girls and seventh grade boys notching wins. Cited for good games were Bobby Dockins, Kent Latham and Michael Bunton. Christy Williams scored 12 points for the eighth grade girls, helped out by Angie Offutt with 12 points and April Offutt with 5.

Junior high and JV games were cancelled for the early part of this week due to the weather. Weinert's varsity teams played here Tuesday night to wind up the first half of district play, and Munday will travel to Benjamin Friday night, January 23. JV teams will participate in the Knox City tournament Thursday and Saturday, and junior high teams will see action next Monday against Vernon. January 27 is an open date for the varsities, but

coaches were trying to line up games for that night at press time.

Coach Milson Comments

At one time we had four sophomores and freshmen on the court against Goree and they played well together. Hopefully this is an indication of what our future teams will be like.

Our varsity really played well. It's hard to ask more from a team than to score 33 points in one quarter. It was a good game for our younger players, giving them some varsity experience.

At Knox City we played well in spurts, experiencing a slow second quarter. We did a very good job of keeping them off the offensive boards, holding them to only 11 offensive rebounds, which is lower than their seasonal average. This was a decisive factor in the game.

The first half was close; the Hounds playing pretty much as we expected them to. Both teams were shooting well from the line. We had been pressing them in the first half but we changed our press in the third quarter and ran off a string of 16 unanswered points. This is the first time in my coaching career that one of my teams has held a good opponent scoreless in a quarter.

John Paul played well starting for Jimmy Sosa. He hit five of six free throws in the third quarter. Anthony and Curtis did a good job on offensive rebounding, and Reggie hit some clutch shots. His defensive play at the front of the press also helped us out. David Hertel played most of the game and did a super job keeping Brian Correll off the offensive boards.

We began substituting at the end of the third quarter and still held our own, then at the beginning of the last period we suffered a couple of turnovers and Knox City got the momentum. But when we settled down we began breaking their full court press again, and we hit eight of ten free throws in the fourth quarter. We made some mistakes in the game, but quickly regained our composure, and that is an encouraging sign. I think we learned some things in this game.

Coach Farmer Comments

We were just too tight in the first half of the Goree game. Then we made a game of it in the second half. We stayed up with them in the third quarter, and I felt we could pull it out. But we are going to have to learn to put four good quarters together. We should have been prepared for Goree, we knew their offense. But we played poor defense in the first half, and our shots just wouldn't fall. Mindy is back on track and played a good game, and Denise did a good job off the bench. We also shot much better on our free throws. But this is the ninth game that we have lost by six points or less.

At Knox City, we still couldn't get it all together. We didn't play the first quarter, and we just didn't handle the pressure very well. Karen

did a super job, getting ten rebounds, and Lynn Parker played an excellent game. Kathy Wilde, who we have moved up to varsity, also played a good game coming in off the bench.

We ran a new offense in this game, and I think it worked well. The young girls are coming along. We're now 1-2 in district, with Goree on top at 3-0, Knox City second at 2-1 and Benjamin and Weinert bringing up the last two spots at 1-3 and 0-3. We just have to pick up and go on from here. We have a real good chance to place at least second in the district if we can win some games in the second half.

Ann Parker had an outstanding game for our junior varsity against Knox City, and Robin Reneau hit four of five free throws. This is a team of fighters. Their offense is still lacking, but the defense is getting better with each game.

Sherri Wilde and Brandy Branam had good games against Paducah. These sixth graders showed a lot of aggressiveness and played great defense. In the eighth grade game, April Offutt was outstanding, not scoring that many points but getting lots of assists. Angie Offutt did a good job of coaching on the floor - setting up the plays, slowing down the pace and calling out plays. Jae-Jae Reneau is playing really good defense, and she contributes offensively, too. These girls will be great additions to our high school teams next year. Tessa Kiser is working hard, and it is showing. Our subs, Dixie Reid, Chris Burnett, Beatrice Sepeda, Kacy Longan and Missy Reneau, can hold their own - they just need more playing time.

Coach Dobson Comments

The junior varsity played real well defensively against Knox City. They gave us some trouble with their full court zone press, but once we could handle that and get the ball down the court we did all right. Turnovers hurt us in the first half, but we cut down in the second half. We changed our press and made Knox City commit more turnovers.

We're having a good season, and some of the boys are seeing double duty on junior varsity and varsity.

Abilene Cotton Classing Report

Dry weather allowed area farmers to make good progress harvesting cotton during early January, following adverse harvest conditions throughout November and December. About 52,000 cotton samples were classed at the USDA Cotton Classing Office in Abilene during the past week, which was the highest weekly classing volume of the season.

B.B. Manly reported that samples from 183,000 bales of cotton had been classed at USDA through January 15. Harvesting and ginning has been practically finished in some areas but has only been about one-half completed in some other parts of the Abilene classing territory. Cotton harvesting was again delayed by cold, damp weather late this week.

A recent report by USDA Agricultural Statistics Board projected 1986 upland cotton production for Texas at 2.5 million 480 pound net weight bales and American Pima at 42,000 bales. Total US production was estimated at 9,583,100 bales upland and 201,500 bales of American Pima.

Local cotton prices have been steady at mostly 12 to 15 cents per pound over the loan redemption rate. Most cotton has netted farmers 54 to 62 cents per pound. Demand was good for all qualities. The world price announced on Thursday was 52.47 cents per pound. Cottonseed prices paid farmers were steady at 85 to 100 dollars per ton.

The grade of Abilene area cotton has continued to decline as the season has progressed. About 32% has been grade 52, 22% grade 42, and 16% grade 53 this season. Over half of the grades were spotted or tinged during the past week with about 93% reduced in grade for bark or grass content. About 1,628 samples (less than 1%) have graded as "below grade" through January 15. Micronaire, length, and strength have declined only slightly during the past week. Mike readings have averaged 38 for the season. Staple length has averaged 32.9, and the breaking strength of HVI classed cotton has averaged 24.6 grams per tex for the season.

WINNING ENTRY: The grand champion in the swine show was a light cross entered by John Eaton of Knox City. Showing the animal here is Bob Burkhart, also of Knox City. Both young men won several places at the Knox County Junior Livestock Show held in Knox City Friday and Saturday.

Letter To The Editor

In writing an open letter to the citizens, voters and medical patients of Knox County and the surrounding area, I would like to take this opportunity to discuss several items and to explain my future course of action.

The election this past weekend will be remembered as a time when the majority clearly and unmistakably showed the will of the people. The message was simple, yet very bold in nature: the people of Knox County want a local hospital to serve their medical needs in the future. That same feeling has also been my goal since establishing a medical practice in Knox City ten years ago. In recent months I have received offers of opportunities that, if taken, would draw me away from my patients in Knox City. I have turned these offers down because of the strong feelings on my part towards my patients here in Knox County and the surrounding area.

My concern towards my patients is not just making sure that they receive medical care. Another important factor taken into consideration is where they receive the care. Through many years of experience, I know the value of having a hometown hospital. With this thought in mind, I am stating to each of you that it is my intention to put forth a sincere effort to cooperate with the Board of Directors of the Knox County Hospital and help the medical facility in any way that I can.

The past differences between the members of the board and myself have resulted in my practicing at hospitals other than our own right here in Knox City. After having to stand alone and go through a long and very costly legal battle, my problem with Medicare has been taken care of and I am now able to see Medicare patients once again.

I am willing to put these same feelings aside and work with the hospital board of directors to help Knox County maintain its own medical facility. I firmly believe that my patient load has been a financial help to the hospital in the past and can be again in the future. When the board begins to accept applications for medical staff prior to re-opening the hospital, I will submit an application to once again practice medicine at the Knox County Hospital, if this is a requirement of all the doctors. I have a patient load that numbers in the thousands and it is my intention to treat as many patients as possible on a local basis, provided that I am treated as an equal to all other doctors using the facility.

My feelings towards equal treatment for all doctors who will use the hospital are very strong. If one doctor is going to be financially subsidized, I feel that all should be subsidized in every area; the rent, utilities, employees, etc. All Doctors practicing at the hospital should share the workload on an equal basis, and I will perform my share of the load. On call status for the emergency room has been another problem area in the past. Again, I am stating that I will perform my share of the workload, as long as that work load is on an equal basis with all doctors who practice in the facility and none are being subsidized.

My statements in this letter are a result of the loyalty shown to me by my patients. Many have talked with me and expressed their desire to have me working at our local hospital. Many have also stated that

talk with members of the Knox County Hospital Board of Directors and discuss my application for medical privileges when the hospital reopens. Again, all I ask is that I be treated with the same honesty, equality and fairness extended to all of the physicians with active medical staff privileges.

Sincerely,
W.F. Thompson, D.O.

Daughter Of Local Woman Named To San Marcos Group

Patsy T. Curtin, daughter of Mrs. Blanche Tidwell of Munday, has been named to the San Marcos Women's Hall of Fame for her contributions to community service in San Marcos. The induction ceremony was held during the fall.

Mrs. Curtin is principal of Crockett Elementary School in San Marcos, serving in that post since 1970 after teaching at the school. Among her service in several capacities with the San Marcos Educators Association, she has been a delegate to the Texas State Teachers Association conventions. In addition, she has participated in the San Marcos American Cancer Association and American Heart Association chapters and is a member of the First Christian Church in San Marcos, where she is an assistant choir director and a member of the hand bell choir. She has also worked with church youth summer camps and youth choirs.

Mrs. Curtin grew up in Munday and graduated from Munday High School.

Community Calendar

January 22 - Munday JV boys and girls at Knox City.

January 23 - Munday V boys and girls at Benjamin.

January 24 - Munday JV boys and girls at Knox City.

January 26 - Vernon 7th boys and girls here, Munday 8th boys and girls at Vernon; Fire Department.

January 20 - Lions Club; Munday JV girls and boys at Olney.

When the snow melts, so will our memories of it - until August!

By Mrs. Grace Smith

HOSPITAL NOTES

Mr. and Mrs. Jack Beaty were in Wichita Falls on Monday for Mrs. Beaty to see her doctor.

VISITORS

Mr. and Mrs. Dennis Watson and Johnny of Bridgeport visited his mother, Mrs. Elizabeth Watson, on Sunday.

Mrs. Cinda Foerster, Mandi and Maci of Weatherford spent the weekend visiting her parents, Mr. and Mrs. Jack Nuckols.

Visiting Mr. and Mrs. L.O. Chamberlain Friday night were her daughter and husband, Mr. and Mrs. Ronald Coody of Farmers Branch.

Mrs. Lanna Mae Lowrance spent last weekend visiting relatives in Lubbock.

Kevin Allen of Abilene visited his parents, Mr. and Mrs. Taylor Allen, on Friday.

Dewitt Green visited his father, W.T. Green, and Mr. and Mrs. George Green in Olney last Tuesday.

Mrs. Goldie Brown visited her sister, Mrs. Allene Parham, in Wichita Falls the first of last week. Mr. and Mrs. Riley Bell visited Mr. and Mrs. Todd Hrcirik, Krisi and Tyler in Seymour last Wednesday afternoon.

Mr. and Mrs. Bill Orsak visited

Mrs. Bessie Orsak in Seymour last Tuesday.

Wallace Roberts visited Mr. and Mrs. Roy D. McCauley at Bomarton Sunday morning.

Mrs. Winnie Howry and Mrs. Elizabeth Watson visited in Wichita Falls last Tuesday.

Mr. and Mrs. Jack Beaty visited Mr. and Mrs. Modrell Howard in Seymour last Tuesday.

Mr. and Mrs. Dewitt Green and Mrs. Hallie Campbell visited Mrs. Beekie Howry in the Bethania Hospital in Wichita Falls on Friday.

Mrs. Peggy Hosea, Mrs. Linnie Coffman, Mrs. T.J. Trainham and Mrs. Glenda Hertel of Seymour visited in Wichita Falls last Monday.

BENGE-KINNEY MARRIAGE

Mr. and Mrs. Felton Jackson are announcing the marriage of their daughter, Janet (Jackson) Benge, to Forrest Kinney of Mesquite. The couple was married last Thursday evening in Dallas where they will be making their home. Mr. and Mrs. Kinney spent the weekend visiting her parents and other relatives here.

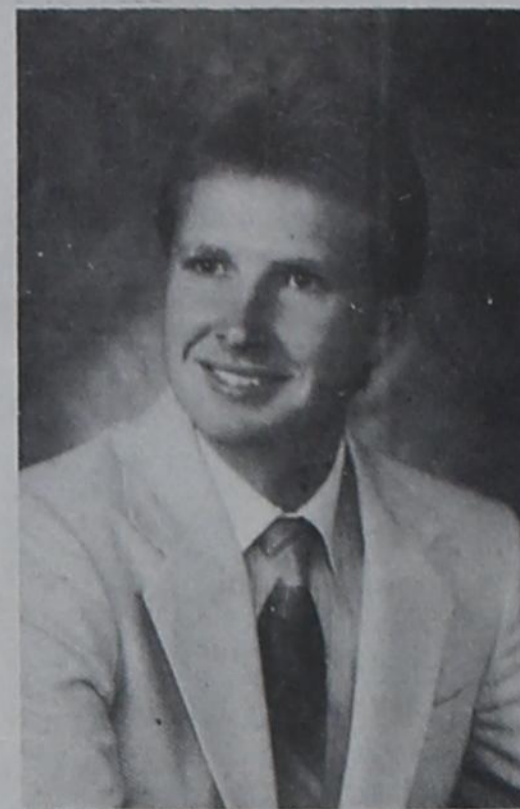

When planning Christmas decorations, plan a motif of the year - make it the year of the angel or maybe the year of the star.

Locals' Grandson Earns UTA Degree

George S. Spann Jr., son of George and Patsy Spann of Ennis, received a bachelor of business administration degree in management from the University of Texas at Arlington at fall commencement exercises held December 20 in Texas Hall on the UTA campus.

Spann is a member of the Administrative Management Society and was listed on the 1986 honor roll. He is the grandson of Bera Spann and Chester and Annie B. Lain, all of Munday.

Attending the graduation ceremony were Danny, Judy, Trevor and Leigh Lain of Knox City.

GEORGE SPANN

GRAND CHAMPION STEER at the Knox County Junior Livestock Show was shown by Christi Whitten, daughter of Jack and Judie Whitten of Benjamin. Christi also won showmanship honors in the beef show. Reserve champion honors went to her cousin, Stacia Ryder, also of Benjamin.

★ FARM AND RANCH REPORT ★

David Tumire, County Agent

LATE WHEAT SEEDING

Wet conditions have resulted in some Knox County producers not getting their winter wheat planted. There have been some questions on which variety to plant. There also has been some talk about spring wheat.

Hard red winter wheats require a certain number of chilling hours to properly form heads. Two common winter wheat varieties that can be seeded, according to Al Alexander, Extension agronomist, are ProBrand 812 and Mit. Alexander also urges producers to up their normal seeding rate by about 50% since normal stooling or tillering will not occur with these late seedings. Example: If normally you plant 60 pounds, increase it to 90 pounds.

The interest in spring wheat comes from the fact that they do not have the chilling hours requirement. "Spring wheats can be seeded, but be careful in variety selection," urges Alexander. Based on tests in Texas, some spring wheats that might be considered are DK-22S, Wheaton or Nacoziari 76. Alexander points out that these varieties have acceptable milling and baking qualities and have a satisfactory yield potential.

Dr. Travis Miller, Extension agronomist, recommends planting spring wheat not much later than mid-February in north central counties. "Since most spring wheats are fairly sensitive to freeze injury, they should be planted so that jointing does not occur until the danger of severe cold weather has passed," Miller explains.

Planting spring wheat is a possible alternative for the producer who still needs to plant wheat, but would not be ideal for a yearly practice.

FARMER'S TAX GUIDE AVAILABLE

The Farmer's Tax Guide for 1986 can be picked up at the Knox County Extension office located on the second floor of the county courthouse. This Internal Revenue Service publication was developed to help agricultural producers and is available at no cost.

The Tax Reform Act of 1986 made many changes in the tax law that will affect farmers. Some changes went into effect in 1986.

The Farmer's Tax Guide is full of samples and outlines of what can or

cannot be done on the 1986 returns. It may not contain all the answers but it is a good toll to have whether you figure your own taxes or not.

WATERING CRITICAL FOR HOUSE PLANTS

Improper watering techniques probably cause the highest percent of home plant failures.

This is especially true during the winter months when plant growth is slow because of low light intensities. Frequently, additional water and fertilizer are applied to try to make the plant grow large and healthy. Actually, plant leaves produce very little food at this time and thus the plant cannot grow rapidly.

If the soil is kept saturated with water, little or no oxygen can reach the roots. Roots need air as well as water. Lack of oxygen causes the plant's small feeder roots to die and eventually the plant succumbs.

Never water plants by rule of thumb, such as every other day or twice a week. Once the soil is thoroughly moistened, water plants only when they need it.

Supply sufficient water so it runs through the potting soil into the saucer below. This helps prevent the accumulation of soluble salts in the potting soil.

Experience will help in determining the moisture content of the soil from its color and feel. Plants in a cold room need less water than those in a warm, dry atmosphere. Flowering plants and those with much foliage require more water than those without blooms or with very little foliage.

Longtime Benjamin Resident Is Buried

Jewell M. Shipman, 77, of Benjamin died Thursday morning, January 15, at the Haskell Memorial Hospital. Funeral services were at 3 p.m. Friday, January 16, at the First Baptist Church in Benjamin with layman Dennis Duke and Rev. K.E. Woolley, retired pastor, officiating. Burial was in the Benjamin Cemetery under the direction of Smith Funeral Home of Knox City.

She was born in Truscott and was a longtime resident of Benjamin. A homemaker, she was preceded in death by her husband, Malcolm I. Shipman.

Survivors include a brother, Walter Coody of Benjamin; and several nieces and nephews.

Small Town Friends

It's said "When you get where you need a friend you find out just who your friends are," and we truly have. Our hearts and sincere thanks go to each person who loaned us their helping hands, tools, meals while we worked, words of encouragement, smiles, waves, and pats on the back. Words can't express how much we thank you for not only the help but also the love. You do not reach a hand to help without that hand being filled with love. You fill our hearts with happiness, you fill it with love.

This is a good town, with good people. And we love you all.

Thank you,
Cynthia Tidwell, Debra, Bo
Terry Burton
Allen and Bonnie Clendennen

CHOLESTEROL - GETTING TO THE HEART OF THE PROBLEM

Are you afraid of things that don't go thump, thump in the night? Like your heart, for example. Heart disease is the leading cause of death in the United States, but it's probably the most misunderstood disease around.

The biggest misconception surrounding this disease centers around the role of cholesterol. Many Americans have banished red meat from their diets because of cholesterol. If this is what you have done, take another look. The facts may pleasantly surprise you.

Coronary heart disease is caused by coronary atherosclerosis, an irregular thickening of the walls of the arteries that supply blood to the heart muscle. The primary cause or causes of atherosclerosis is not known.

Statistics have shown that persons with elevated serum cholesterol levels are more likely to develop atherosclerosis than those with normal levels. Because of this link, some scientists believe that dietary control may reduce the risk of developing heart disease. Scientific experiments, however, have yet to prove this hypothesis.

Even when no cholesterol is consumed, the body manufactures between 800 to 1,500 milligrams daily anyway. Cholesterol is an essential part of body chemistry and the body will fight to keep it around. Many scientists believe that high blood cholesterol is probably a sign, rather than a cause, of atherosclerosis.

Even though scientists disagree on all the causes, individuals can take certain steps to minimize risk factors generally associated with atherosclerosis. Cigarette smoking, lack of exercise, obesity, stress and high blood pressure contribute to

heart disease and most scientists agree that they should be controlled.

As for cutting down on dietary cholesterol, the debate rages, but most experts agree that it can't hurt. The American Heart Association recommends 100 grams of cholesterol per 1,000 calories with a maximum of 300 milligrams of cholesterol per day. At 65 milligrams of cholesterol per three-ounce serving, broiled top loin fits well within AHA's recommendations. So enjoy!

Kevin Kuehler On WTSU Dean's List

Kevin D. Kuehler, son of Gerard and Dayle Kuehler of Rhineland, is one of 688 West Texas State University students named to the Dean's List for the fall, 1986 semester. Honored students had to maintain a grade point average of 3.25 with a class load of at least 12 semester hours.

Kuehler, a senior music major, achieved a 3.769 GPA for the semester.

It's A Boy!

Bobby and Cindy Therwhanger of Baltimore, Maryland are the proud parents of a baby boy, Tyler Dillon, born at 9:41 p.m. Sunday, December 21, 1986. He weighed 9 pounds, 8 ounces and measured 22 inches in length.

Tyler has a big sister, Lauren, who is 2 years old and very proud of her new baby brother.

Mr. and Mrs. Bob Therwhanger of Munday and Mr. and Mrs. Thomas Brooks of Hart are the lucky grandparents. His great-grandmother is Mable Derr of Weinert.

Miss Smith Named To Academic List

Wilda R. Smith, daughter of Mr. and Mrs. James Smith of Munday, was named to the Hardin-Simmons University Dean's List for the 1986 fall semester. The list is composed of students carrying 12 or more semester hours who compile a grade point average of 3.75 or better.

A 1984 graduate of Munday High School, Miss Smith was a Purple Cloud band drum major and involved in various activities. She is a junior at H-SU majoring in English at the secondary education level.

Heat Pumps Save Money In All Seasons Because They MOVE Heat!

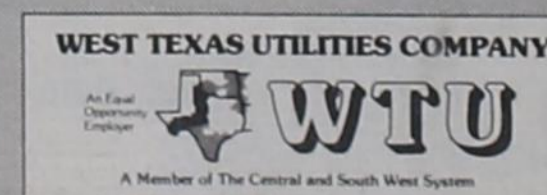

The electric heat pump is the most efficient system for heating and cooling your home. The reason it is so efficient is because it MOVES heat rather than producing it.

There's heat in the air all the time ... even in the winter! The electric heat pump pulls heat from the outside air in the winter months and pumps it into your home. In the summer months, it reverses the process and pulls the heat OUT of your home, so you get even comfort in all seasons.

You'll not only save money in home energy bills with a heat pump, but WTU will pay you a cash allowance for installing an energy-efficient electric heat pump in your home. (Your home must meet the E.S.P. requirements and be served electricity by WTU to qualify for the cash allowances.)

For more information on the electric heat pump and the E.S.P. Cash Allowance program, call your local WTU office or any factory-trained electric heat pump dealer today.

Remember REDDY supplies the energy but only YOU can use it wisely!

Sub-contract bids wanted for carpentry, plumbing and electrical work on the Knox County Young Farmers Association show building. For more information contact Lloyd Taylor, Taylor and Company General Contractors, 817-761-3556. 17-1tc

Rayburn Services Are Held January 14

James "Sheeny" Rayburn, 80, a Munday native, died Monday, January 12, in a Wichita Falls hospital. Funeral services were at 3 p.m. Wednesday, January 14, at Hampton Vaughan Funeral Home in Wichita Falls with Rev. DeForrest Wiksten, pastor of the First United Methodist Church, and Dr. James B. Palmer, pastor of Floral Heights United Methodist Church, officiating. Burial was in Crestview Memorial Park in Wichita Falls. He was born September 28, 1906, in Munday to the late Thomas W. and Rettie H. Rayburn. A veteran of armed service during World War II, he had lived in Wichita Falls 36 years. He was employed by United Food Stores and Parker Food Stores. A member of the First United Methodist Church, he married Lorene Newsom October 29, 1942, in Wichita Falls. Survivors include his wife and six brothers, George and Bud of Beeville, John R. of Munday, Glenn D. of Tyler, Joe of Duncanville and Paul of Austin. Another brother, Dick Rayburn of Espanola, New Mexico, preceded him in death on January 3.

COMBINED NOTICE

NOTICE TO PUBLIC OF NO SIGNIFICANT IMPACT ON THE ENVIRONMENT AND NOTICE OF INTENT TO REQUEST RELEASE OF FUNDS

January 22, 1987
City of Goree
P.O. Box 248
Goree, Texas 76363
817-422-5306

To all interested agencies, groups, and persons:

On or about February 9, 1987 the above named Municipality will request the Texas Department of Community Affairs to release Federal funds under Title I of the Housing and Community Development Act of 1974, as amended, for the following project: Community Development Program, Contract No. S 706231, Wastewater Treatment Plant Improvements, Goree, Knox County, Texas, Enumeration District No. 0087.

Finding of No Significant Impact
It has been determined that such request for release of funds will not constitute an action significantly affecting the quality of the human environment and accordingly the above named Municipality has decided not to prepare an Environmental Impact Statement under the National Environmental Policy Act of 1969.

The reasons for such decision not to prepare such statement are as follows: Project is not detrimental to the environment; no negative effects are anticipated beyond short term construction noise and dust.

An Environmental Review Record respecting this project has been made by the above named Municipality which documents the environmental review of the project and more fully sets forth the reasons why such Statement is not required. This Environmental Review Record is on file at City Hall and is available for public examination and copying, upon request, between the hours of 8:30 a.m. and 5:00 p.m.

Public Comments on Finding
All interested agencies, groups, and persons disagreeing with this decision are invited to submit written comments for consideration by the Municipality to the office of the Mayor on or before February 6, 1987. All such comments so received will be considered and the Municipality will not request the release of Federal funds or take any administrative action on the within project prior to the date specified in the preceding sentence.

Release of Funds
The City of Goree will undertake the project described above with Texas Community Development Program funds from the Texas Department of Community Affairs (TDCA) under Title I of the Housing and Community Development Act of 1974, as amended. The City of Goree is certifying to the Texas Department of Community Affairs that the City of Goree and George Cotton, in his official capacity as Mayor, consent to accept the jurisdiction of the Federal courts if any action is brought to enforce responsibilities in relation to environmental assessments, decision making, and action; and that these responsibilities have been satisfied. The legal effect of the certification is that, upon its approval, the City of Goree may use the Texas Community Development Program funds, and the Texas Department of Community Affairs will have satisfied its responsibilities under the National Environmental Policy Act of 1969 and 24 CFR Part 58.

Objections To State Release of Funds
The Texas Department of Community Affairs will accept an objection to its approval only if it is on one of the following bases: (a) that the certification was not in fact executed by the chief executive officer or other certifying officer of the Contractor approved by TDCA; or (b) that the Contractor's environmental review file for the project indicates omission of a required decision, finding, or step applicable to the project in the environmental review process. Objections must be prepared and submitted in accordance with the required procedure (24 CFR 58) and may be addressed to the Texas Department of Community Affairs, Com-

munity Development and Housing Division, P.O. Box 13166, Capitol Station, Austin, Texas 78711. Objections to the release of funds on bases other than those stated above will not be considered by the Texas Department of Community Affairs. No objection received after February 26, 1987 will be considered by the Texas Department of Community Affairs.

George Cotton, Mayor
City of Goree
P.O. Box 248
Goree, Texas 76363

FLOOD PLAIN NOTICE
The City of Goree, Texas intends to undertake a Community Development Program for the following: Construction of a wastewater treatment plant facility east of US Hwy 277 and south of an existing Imhoff tank.

Although FEMA has not yet published flood hazard maps for the City of Goree or for Knox County delineating the 100 year flood plain, data provided by the Soil Conservation Service indicates that a portion of the above named project may be located in a flood prone area. Because the proposed improvements are needed in the area, there is no practical alternative to the proposed site location and project. It is the City's judgement that the need for the improvements within the area outweigh consideration of the intent of Executive Order 11988.

A more detailed description of the project and the SCS flood map are available for citizen review at City Hall, Goree, Texas. Comments will be received on or before February 6, 1987.

George Cotton, Mayor
City of Goree
P.O. Box 248
Goree, Texas 76363 17-1tc

Thank You
Thanks to the fire department for your quick response to my call Monday morning. My family and I appreciate it. Sincerely,
Alice Reneau and family

CARD OF THANKS
We are grateful to the Baptist intercessory prayer group and others for the prayers, calls and cards of concern for our seriously ill son and brother. May God bless you.
