Do you ever have people who live in cities come to visit and say, "What do you all do way out here in the boonies?", "Where do you go to have fun?" or "Do you people wear shoes?"

I always reply that it's not so bad being a "boonie dweller". I feel kind of safe and warm in our little community where people are known by their names and not just a number or someone to be suspected until proven innocent.

We gripe about everybody knowing everybody else's business in small communities and that's true. We all remember when Uncle Sol got drunk that Labor Day weekend and made such a fool of himself; and everybody just stopped talking about Cousin Tillie who ran off with the traveling salesman from Dallas. We all know approximately how wealthy--or how poor-- everybody else is and who everybody's sister married.

Sometimes that may tend to aggravate people, but when the chips are down, you can usually count on everybody to dig in and help out, even the one who was first to tell about Cousin Tillie.

Maybe it's because my only experience of living in the city thirty years ago was a bad one, but it seems that people there don't really care as much. You have to be somebody special or well known. You have to be amember of something or know somebody impor-

For example: Tommy had a four o'clock appointment with a doctor in the city last Friday and we arrived there a good fifteen minutes before four. The receptionist told us the doctor was running behind schedule and would not be able to see us until 5:30. She suggested we go somewhere and kill some time and return at about 5:30.

We drove out to a shopping center and walked around for a while. When we returned to the car, I had locked the keys inside, I went into a department store and asked to borrow a coat hanger before I remembered the lock is on the door panel and doesn't have the little button on the window like some cars. A coat hanger was useless.

I called a local car dealer and described my plight.

"Did you purchase the car here?" a voice like a recording asked.

"We bought the car used," I replied. "But it was originally purchased there because your company name is still on the bumper."

"Can you give me the last six digits of the registration number?"

I dashed back to the car and dug around in my purse. In twelve pounds of junk, there was not a single pencil. I memorized the digits and ran back inside, repeating them aloud as I ran,

while people looked at me strangely. "562487," I shouted into the phone the minute I reached it.

"One moment." Silence--then, "I'm sorry. We can't help you. You'll have to call the police."

I called the police and someone who was obviously very bored with her job answered the call.

I hastily explained my circumstances. "We don't handle things like that," she hissed. "You'll have to call a locksmith." From her tone, I was sure she would add, "You stupid fool!"

"Thank you," I said into a suddenly dead phone.

I looked in the yellow pages until I found an ad that read: "Locked out? Need help?" I figured that described me pretty well as I dialed the number and explained for the third time what I had

"Are you a member of the auto club?" Silence. Bits and pieces of a whis-

WTU Customers To See Higher Bills In February

West Texas Utilities Company recently received permission to recover the cost of a replacement fuel contract at its Rio Pecos Power Station. The station near McCamey, Texas is one of nine power stations operated by the utility. The plant has been burning the higher-priced replacement gas since late December.

"A residential customer using 1000 kilowatt hours of electricity a month will see his average bill go from \$78.42 to \$82.77," WTU local manager Leon Sellers said. The actual increase in a customer's bill will vary depending on usage level, the customer group and time of year.

The company has different summer and winter rates as directed by the Public Utility Commission of Texas. The PUCT regulates utility rates in Texas, and it was this state agency which authorized this action.

Although the average cost of fuel on the company's many fuel contracts has not changed significantly, the replacement costs on this pre-oil embargo gas contract were nine times higher than the old price. The old contract at 22 cents per million BTUs had saved customers \$350 million over its 20-year life.

"We would like to have kept those prices and not changed any of our fuel costs to customers, but the contract expired," Sellers said. The local manager added that WTU has lowered its fuel factor five times since 1985, and had six refunds totaling almost \$50

million as the result of other contract changes.

Fuel is burned at power stations to produce electricity. It makes up approximately 36 percent of the cost of electricity. They are passed through directly to the customer, Sellers said, with the utility making no profit on fuel

WTU customers will see the increase starting on February bills. The company in September initially asked for permission to change the fuel factor portion of the bill. This provided four months for regulatory review before the higher fuel charges were needed.

Supplemental Feeding Seminar Is Planned

Agricultural Student in 1985-86. At Tarleton State he was a member of Student Government for two years serving as parliamentarian one year, member of Alpha Zeta Fraternity two years, serving one year as censor, and Tarleton Ag Council vice president and

president one year each. Moeller was an active member of the Collegiate FFA for three years, Collegiate Chapter Conducting, Collegiate Farm Skills, was named Who's Who Among Colleges and Universities and Distinguished Student twice, received the Tarleton Service Award and served on the Student Government executive committee.

His wife, Kristi, anative of Coahoma, is presently completing her Elementary Education degree through Tarleton State

Emergency Loans Available To Drought Stricken Farmers

Applications for emergency farm loans for losses caused by drought are being accepted at the Farmers Home Administration (FmHA) office located in Knox City, according to FmHA County Supervisor Bobby G. Cude.

Knox County is one of 46 counties in Texas recently named by Secretary of Agriculture Richard E. Lyng as eligible for loans to cover part of actual production losses resulting from the drought.

Cude said farmers may be eligible for loans up to 80 percent of their actual losses or the operating loan needed to continue in business or \$500,000, whichever is less. For farmers unable to obtain credit from private commercial lenders, the interest rate if 4.5 percent.

"As a general rule, a farmer must have suffered at least a 30 percent loss of production to be eligible for an FmHA emergency loan," Cude said. Farmers participating in the PIK or Federal Crop Insurance programs will have to figure in proceeds from those programs in determining their loss.

"Applications for loans under this emergency designation will be accepted until September 11, 1989, but farmers should apply as soon as possible. Delays in applying could create backlogs in processing and possibly over into the new farming season," Cude said.

FmHA is a credit agency of the U.S. Department of Agriculture. It is authorized to provide disaster emergency loans to recognized farmers who work at and rely on farming for a substantial part of their living. Eligibility is extended to individual farmers who are U.S. citizens and to farming partnerships, corporations or cooperatives in which U.S. citizens hold a majority interest.

The FmHA office in Knox City is open from 9 a.m. to 5 p.m. Monday through Friday.

Parents of these students are Kay Wilde and Edwin Wilde, Melton and Kathy Morgan and J.W. and Elaine.

February 6-24 Is Sign-up: Date For Set Aside Land

Local officials with the U.S. Department of Agriculture have announced that the department's eighth sign-up for the Conservation Reserve Program (CRP) will be held February 6-24.

Interested parties must sign up for the CRP at their local ASCS office during the sign-up period and submit a dollar per acre bid on a competitive basis. The highest accepted bid to date for Knox County has been \$40 per acre.

The program, which allows eligible land to be "retired" for a ten year period, has been successful in reducing severe erosion on some 28 million acres to date. Producers in Knox County have enrolled approximately 10,000 acres in the retirement program and prevented the loss of approximately 300,000 tons of topsoil annually.

The goal of the program is to halt erosion on 45 million acres of highly erodible land in the U.S.

Letter To The **Munday Citizens**

Dear Citizens,

As chairperson for the 1988 United Way Fund campaign this year, I want to sincerely thank those who contributed to the many worthy organizations who requested funding from us. Your dol-

lars will benefit this community greatly. However, we still need \$1,576. in order to meet our goal of \$6,200. I know we can achieve this goal - it will be difficult for the board to have to deny funding for any program - please reconsider your donation. If it was less than \$10, consider making another \$5 contribution. There were many who gave

nothing at all. Contributions should be mailed to United Way Fund, P.O. Box 10, Munday, Texas 76371 or brought to me

personally at the Chamber office. Again, thank you for caring and giving your best.

"The doctor will be here a while longer," a polite way of saying, "Get yourself over here, Sis. Who do you think you are? The doctor waits for no

While we waited for the locksmith, a lady with a ruby embedded between her eyes stopped to tell us that if we belonged to the American Auto Association we wouldn't have any problem getting it unlocked. One man tried every key in his pocket while we watched, hoping he didn't break one off in the lock, and a teenaged boy wanted to take the window out.

The store manager came out and asked which locksmith I had called. He went back into the store and returned to say the lady said their serviceman would "be here shortly."

Almost an hour after I had called, a man from the lock and key company drove up, took a long bar from his truck, wrapped a cloth around it, eased it through the top of the window and flipped the lock. The entire procedure took less than thirty seconds.

"That'll be fifteen dollars," he said. I had the feeling if we had not had fifteen dollars to give him, he'd have locked the door again and driven away.

We drove frantically across town, catching evey red light, and arrived at the doctor's office over thirty minutes late. He was still there and as Tommy went in to see him, I collapsed into a chair, feeling like I had just been through some kind of battle.

It's true there's not a lot to do around here. There are no theatres, no shopping malls, no clubs. But where else, but in a small community, can you run into a department store ten minutes before closing time and grab a dress to take home "on approval"? Where else can you buy a bill of groceries or a tank of gas on the credit, or have your pharmacist call the doctor when you need medication and your prescription can't be refilled? It's good to know the ambulance service and other medical people know your name and respond quickly in an emergency--not just because it's their job--but because they care; and knowing the sheriff will answer your call even if it turns out to be something trivial lends peace of mind.

We had visitors from the Los Angeles area a while ago and as we sat out in the yard and listened to the crickets' serenade while the quiet night enveloped us, the lady--a native Californian--remarked how coming here is like going back into time twenty-five years. She wasn't being sarcastic and I wasn't offended, because I suppose she's right. There are few places left where old men play dominoes under a tree in the city park and a kid can still walk to town for ice cream. It's not everywhere you can have car trouble on the road and know the next car to come along will probably stop to help you. There are not many places where you're invited to help yourself in somebody's corn or black-eyed pea patch--or where you know everybody's dog's name.

There's really not a lot of excitement around here. Things are kind of quiet. I guess you could even say it's dull maybe even downright boring sometime.

I suppose it all depends on whether your idea of a good time is attending a gala affair in the ballroom of the Hilton, or sharing a game of forty-two and a freezer of ice cream with friends. If you like bright lights and wall to wall people, I guess you're kind of out of luck, but if you like sunsets and the echo of children playing in the yard down the road, then you're in the right place.

Personally, I prefer life in the "boonies".

New Time Schedules For Secondary School

The Munday Secondary School has revised its tutorial program for the second semester, which will be held during a 25 minute period within the school day. Students requiring TEAMS remediation will receive this assistance during this time period also.

To provide the for the tutorial class, school will begin at 8:05 a.m. and release at 3:39 p.m. The new lunch period is from 11:53 to 12:25. In addition, the regular class periods have been shortened from 55 to 54 minutes each.

Tutorials will now be required for all students who have failed a course or who are near failing at the mid sixweeks grade check. Students not requiring tutoring will be able to use this time period to do homework, work on UIL academic activities, or to work on special academic projects.

Weinert News

By Mrs. Myrtle Phemister

Our weather continues to be mild and dry, and farmers are seriously looking at the cloudless skies, hoping for some moisture.

The birthday people we will honor this week include Lenora Griffis, Johnny Castillo Jr., Todd Herricks, John A. Mayfield, Payton James Stewart, Adelfa Perez and Meta Rueffer. Happy Birthday, all.

Congratulations are in order for Gus and Henrietta Rueffer, Floyd and LaRue Patton, and Pud and Susie Brockett, who are all celebrating wedding anniversaries.

Sympathy is extended to the Garrett family upon the death of their brother, Leroy Garrett, who has resided in Las Vegas, Nevada for several years and who passed from this life on January 16, 1989

Leroy, with his brother and sisters, grew up in our area, and his sisters, Ida Farrel and Lenora Griffis, still reside here.

His memorial services were held at the Weinert Baptist Church with Donnie Crump in charge. Alton Sanders and Erlinda Mayfield sang special songs. Interment was in the Pleasant Valley Cemetery on Thursday.

Weinert also extends sympathy to the Crouch family at the passing of Hubert C. Crouch on December 30, 1988.

Hubert was reared in the Weinert area, and attended school here, graduating in 1942. He served in World War II and earned the Purple Heart, One Cluster, and several other medals for his meritorious military service.

After farming a few years and driving the Weinert school bus, he moved to Ft. Worth where he operated a power lift for the John Mansville Manufacturing firm until his retirement in 1986.

Because of ill health, he resided in a nursing home for a while before his death. He was a member of the Polytechnic United Methodist Church.

He is survived by his wife, Janelle, of Ft. Worth, a brother, Mr. and Mrs. Purvis Crouch of Irving, his mother, Eula Crouch of Munday, and three nieces, also of Irving.

Many friends and school mates remember him fondly and grieve at his

Out-of-town guests in the home of Francis Mahan for the weekend were her daughter, Margie Jordan of Hamilton, and granddaughters Pamela and Tim Marshal and Sarah of Weatherford, Oklahoma.

They all attended worship services on Sunday at the Rochester Church of

Christ.

Robert Tipton of Grapevine spent a few days in the home of his grandparents, the M.W. Phemisters, and accompanied them to Phoenix, Arizona for a visit in the home of his sister, Mr. and Mrs. Gene Pollastro, Emily and Domin-

Mildred and Alton Sanders were in Vernon for a visit with an aunt, Annie Mayer, who had her 90th birthday recently.

They were accompanied by Mildred's mother, Jewel Havran of Munday, and an aunt, Aline Cross of Seymour.

They spent some time with a cousin, Mr. and Mrs. Tony Mayer and children, of Howard.

R.S. and Betty Sanders report their third book "The Alexanders of Plum Creek" is now ready and can be picked up at their home in Weinert. The book is the history of the Joseph Alexander, Sr. family who migrated from Mississippi to Caldwell County, Texas in 1852, making the 700 mile trip by wagon train from Mississippi, to settle on the banks of Plum Creek, in Texas.

Joseph, the son of John and Levisa (Roebuck) Alexander, was born in Fairfield District, South Carolina in 1796.

He and his wife Nancy resided for more than forty years at Plum Creek and reared their family there. They later moved to nearby Dale and McMahan, and son of the family still reside there in 1989.

About 1900 A.D. some of the Alexanders moved to our area, of which R.S. is a direct descendant of R.S. and Minerva Jane Alexander. The book is of hard back, measures 8x11 inches, and is one of the Sanders are proud to offer for every Alexander descendant to trace his roots through the 5,000 names found in its pages.

Another feature is 8 pages of photographs, with some maps, other related material, and many pages of narratives of family history.

We congratulate R.S. and Betty for the fine job they did on the book. We are wondering what their next book will be

Recent guests of Chet and Jean Forehand were Mr. and Mrs. Edward Moeller of San Angelo, and Virgil Conner of Haskell, Jean's sister and father.

After a delicious dinner, the guests were entertained with a musical presentation by the Forehand family, Chet, Jeanie and son Kenny, on the guitar, violin and vocal accompaniment.

(A note to say the guests will probably return sometime, was signed, Thank you Forehands for your love, from your sister Melba and family.)

Congratulations go to our scouts; to Lucas Castillo, Heath Guess, T. Nicholas and Dusty Yates, who each earned a Wolf badge and were honored at the December pack meeting. To Jace Yates and Cory Wood, who each earned craftsman and artist badges; and Anthony Gonzales for earning the communicator badge. Congratulations.

Congratulations to Shannon Forehand for making the Dean's Honor Roll for the fall semester at Southwestern Oklahoma State University in Weatherford, Oklahoma. Shannon is a junior pharmacy student there.

Sympathy to Mr. and Mrs. Robin Raynes upon the loss of their unborn child last week. She spent a few days in the local hospital, but is recovering. Our other sick are doing well, hopefully we will have no other outbreak of the flu.

Low-income Households May Be Eligible For Energy Assistance

Some low-income Texans may be eligible for help in paying heating bills this winter through the Home Energy Assistance Program, according to Texas Department of Human Service Acting Commissioner Charles Stevenson.

Stevenson said the one-time payment is available to many low-income households. Applications for energy assistance were mailed to households that received food stamps, Aid to Families with Dependent Children, or Supplemental Scurity Income in December. Other low-income individuals may request an application from local DHS offices during the enrollment period of January 16 through February 16.

Eligibility is limited by gross income and resources. Aid is available for a one-person household having less than \$589.49 gross income per month. The gross income limits are \$781.49 for households of two persons, \$973.49 for three, \$1,165.49 for four, \$1,357.49 for five, and \$1,549.49 for six.

Households are eligible if the cost for heating is included in the rent payment or if the household pays a portion of its home energy costs.

Energy assistance checks are sent directly to the people who are eligible for assistance. However, the checks are made payable to the energy provider.

People receiving one of these energy assistance checks should mail it or take it in person to the energy provider business office with their regular energy bill. The check can be cashed only by the energy provider. If the HEAP check is more than the energy bill, the additional amount will be credited to the person's account for the next month's bill. If the enegy bill is higher than the check, the person is responsible for paying the difference.

Carriker Named To Senate Committees

Lt. Gov. Bill Hobby recently assigned State Senator Steven A. Carriker (D-Roby) to serve on three Senate standing committees. Carriker, who represents the 30th Senatorial District, will serve on the Committees on Natural Resources, Economic Development, and Intergovernmental Relations. Senator Carriker will also serve on the Special Subcommittee on Agriculture.

The Senate Committee on Natural Resources covers water, energy, agriculture, environment, hazardous waste, parks and wildlife, and a variety of topics of continuing concern to north and west Texas.

"The Natural Resources Committee was one of my top choices, because our area depends so heavily on the land and its resources for our economic base. The Agriculture Subcommittee is an important component of this Committee," Senator Carriker said.

The Senator Carriker said.

The Senate Committee on Economic Development oversees business and commerce, regulation of banks and savings and loans, and laws relating to the management of the state's economy. Small business, rural development, Texas Department of Commerce, and other elements of the state's economic development program are handled in whole or in part by the Economic Development Committee.

The Senate Committee on Intergovernmental Relations deals with the relations between the state and local governments, such as counties and municipalities. The Committee also supervises

the state's relationship with the federal government. Carriker served on the County Affairs Committee in the Texas House of Representatives.

"These committees will provide an excellent base from which to do work beneficial to the 30th District," Senator Carriker said. "I am fortunate to receive such choice assignments in my first term. I am looking forward to the challenges ahead as I continue to serve as your Senator."

LTC Tom Horton To Attend NWC

LTC Thomas Alan Horton has been selected from a group of lieutenant colonels and colonels to attend the National War College, located in Washington, D.C., in August of this year.

The National War College conducts a senior-level course of study in national security policy formulation and implementation to prepare selected military officers and federal officials for high-level command and staff responsibilities. The college focuses on national strategy and emphasizes a joint, multi-service perspective.

LTC Horton is presently the tank battalion commander of the 5th Battalion, 77th Armor stationed in Mannheim, West Germany. The 5-77 Armor consists of 550 soldiers, 40 officers, 200

wheeled and track vehicles and 58 tanks.

Horton is a 1965 graduate of Munday

Eric Turnbow Completes Eight-Week Training

Navy Seaman Recruit Eric Turnbow, son of Woody and Georgia Turnbow of Weinert, has completed recruit training at Recruit Training Command, Great Lakes, Illinois.

During Turnbow's eight-week training cycle, he studied general military subjects designed to prepare him for urther academic and on-the-job training in one of the Navy's 85 basic fields.

His studies included seamanship, close order drill, Naval history and first aid. Personnel who complete this course of instruction are eligible for three hours of college credit in physical education and hygiene.

A 1986 graduate of Weinert High School, he joined the Navy in September 1988.

Pud and Susie rented a farm about three miles north of Weinert and moved to the Lone Star Community where they raised their four children, G.C. Jr., Colleene, Jo and Pete.

Susie is the youngest of eleven children of the late Jess and Sarah Collins and was born and reared near Weinert. She has been a busy housewife and mother while sharing the farming chores.

Pud is the youngest of four children of the late Marlin and Georgia Ann Brockett, moving to Haskell County in 1920 when he was 12 years old. He continued to farm in the Lone Star Community until 1980.

Pud and Susie are now retired and live in Weinert where they enjoy visits from 10 grandchildren and 17 greatgrandchildren. They are members of Weinert Baptist Church.

There's been several basketball games since you last heard from me, as I

completely missed last weeks news. The Lady Mustangs defeated Rochester on January 10 by a score of 47-34. Kelly Westmoreland had 19 points, Francine Redder had 16, Christi Whitten made 10 and Rebekah Duke had 2. Then the following Friday night, as we played host to Goree, we again were victorious. That score was 38-26, with Kelly scoring 18 points, Francine with 10, Christi had 8 and Sandra Balones made 2. That brought us up to Tuesday, January 17, as we again were the host team. This time to Knox City who left with a victory to their credit. The score was 43-31. Francine had 12 points in that game, Kelly made 8 points, Sandra and Shannon Parker made 2 each and Christi had 7. At this time there is a 3way tie for first in district play but by the time this is read, that will change as we meet Munday on Tuesday night.

Friday night, is a non-conference tilt, our girls soundly defeated Patton Springs. The score was 52-24. Scoring went like this, Francine, 19; Kelly, 14; Christi, 10; Sandra, 6; Rhonda Whitten,

and Brandi Jones 1. Miss Moorhouse Much Improved

Kelly Moorhouse, the 20-year-old daughter of John and Carolyn Moorhouse of Seymour who was injured in an automobile accident recently, is greatly improved at this time. She is out of ICU and into aprivate room now and on Friday walked down the hall with the help of her Daddy. It's so good to get this news about Kelly and we are all praying that her progress continues and she will soon be back to enjoying good health.

The Moorhouse family expressed their most sincere gratitude for all the expressions of concern and all the prayers said in Kelly's behalf since the

Nell Hudson was released from the Knox County Hospital last week. She's feeling better but will have to take it easy for a while. There's lots of flu in the area and folks are being warned to take real good care of themselves if they take it. Otherwise serious problems could result from it. (That bit of advice is free)!

Homemakers Meet

The Sr. Homemakers Club met Tuesday in the home of Jimmye Klutts. They made plans to have a chili and bean supper on February 11 at 6 p.m. (I'll remind you again before that date.) The funds raised from this supper will go toward thepurchase of playground equipment for the city park.

The club is planning the dedication of the park on March 4 in conjunction with the annual clean-up day. That depends, of course, on the weather. **Birthday Party**

Ashley Bufkin turned 3 years old on January 10 and she had a party! It was a family get-together and barbecue held at the home of her grandparents, Freddie and Lena Reithmeyer in Crowell. The meal, complete with a birthday cake, was enjoyed by Ashley, her parents, Mike and Lorrie Bufkin, and her little brother, Josh. Also, her greatgrandparents Reithmeyer, Stephanie Reithmeyer, George Reithmeyer, Fred Gray, Billy Glover and the hosts, her Reithmeyer grandparents.

Party Honors Teacher Mrs. Veta Reid was honored by the Benjamin FHA on January 18 with a party in the homemaking department. Mrs. Reid was a Home Economics teacher here for 22 years, retiring this past year to become school counselor. The classes presented her with a platter with her name and years of service inscribed on it. Refreshments of cookies and punch were served to those attending.

Virginia Griffith was in Lubbock last week for her regular checkup. She got a good report and if all continues to go well, she will not have to go back for four months.

Gloria and Leroy West were in

Crosbyton last Thursday, January 12, for the funeral of her uncle, Joe Yarborough. Joe was a former Munday resident and had visited in Benjamin on many occasions. Belated sympathy is extended to Gloria and her family.

Chris McGreger and a friend, Nancy Cox, both students at the University of Texas, were recent guests of his parents and grandparents, Nancy and Fred McGreger and Kenneth and Jessie Roberts.

Rae Beeler of Crosbyton visited her sister, Lois Golden, one day last week. Rae was enroute home from a business trip to Austin.

The Hertel boys, Kent of Southwestem Oklahoma School of Pharmacy, Scott of Wichita Falls and Craig of Vemon Northside, spent the weekend with their parents, Don and Louise.

Bill Brooks of Paris was by to visit me one day last week. Bill is with the EPA of the Red River Authority and was in the area discussing phases of that project with various city and county leaders. It's always good to see Bill when he gets out this way.

Sheryl Tomlinson and children, James Harvey and Christa, were weekend Benjamin visitors. Sheryl said she and the kiddoes miss Benjamin terribly and would love to move back if she could find suitable employment. And we would love to have her back here.

I had a busy weekend and was thankful for the beautiful weather. Saturday p.m. I attended the 50th wedding anniversary of Mr. and Mrs. Grady Phillips at the Community Center in Munday. Saw lots of friends I haven't seen in a while and enjoyed visiting with everyone. Saturday night, I attended the dinner and reception at Rhineland honoring John Lee and Jan Wilde. On Sunday I vsiited my kids, Debbie, Gordon, Becky and Cody Taylor, in Childress.

Steve and Linda Kearns and Matthew of Roscoe and Sara Golden and family of Seymour, visited Lois Golden and the Randy Hibdons during the week-

Several Benjamin students were in Rotan Saturday for a math and science meet. Kate Grill and Rebekah Duke placed second in their divisions. Ricky Trepanier placed fifth. Louis Baty is their spor cor. Congratulations to these

young folks on their accomplishments. Belle Zoch and daughter Tosha of Killeen, Johnny T. Hudson and son, Heath of Pilot Point and Salina Detweiler and family of Paducah were weekend guests of their mother and grandmother, Nell Hudson and also visited Danny Hudson.

Texas DPS Seeks Motorcycle Riders

The Texas Department of Public Safety Motorcycle Training Section is seeking experienced, safety conscious motorcycle riders to become DPS-approved motorcycle instructors.

Motorcycle safety instructors will work on a free-lance basis for the educational organizations that sponsor rider training programs. The programs are approved and administered by DPS.

The instructors teach safety skills and defensive strategies to beginners in a 17-hour Riding and Street Skills course. The course is required for minors under the age of 18 and encouraged for all other riders. Instructors can also teach an 8-hour Experienced Rider course.

The courses are scheduled in the evening and on weekends. Instructor pay varies, but averages at least \$10 to \$15 per hour for up to 20 hours per course. Classes are offered in 46 sites around the state. Instructors are needed in nearly all areas.

All instructor candidates must complete a 60-hour Instructor Preparation Course which is certified by the Motorcycle Safety Foundation. The course is usually given over three consecutive weekends, and will be offered in several selected locations throughout the state

For more information or to receive an application, please contact Jim White at the DPS Motorcycle Training Office. P.O. Box 4087, Austin, Texas 78773; or call toll-free 1-800-CYCLISTS (292-

The Lord's Corner

Dr. Pete Bradfield, Pastor First Baptist Church

True or false: God is unchanging. Tue or false: God's methods are unchanging.

If you said the first statement was true, you are right! James 1:17 says that there is "no variableness, neither shadow of turning" with God. His character is immutable - unchanging. He is the same "yesterday, and today, and forever."

But what about His methods? They are as unpredictable as the weather! Warfare takes on a whole new perspective when the God of Israel is fighting for you. How do you conquer an enormous army? Man's method: get a bigger army. God's method: get rid of most of your army, "arm" the rest like children at play, and have them stand

God's methods are infinite in their variety, but His goal is always the same: to bring about a victory in such a way that there can only be one explanation -GOD DID IT!

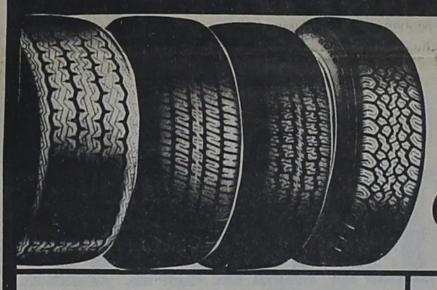

See you next week, and remember: if there's an "army" attacking you, step. aside and watch God work.

Accident Report For December

Captain L. A. Elayne Michelle Jones and Richard Bernard Turner were united in marriage Saturday, December 17, at Steven ers and topped with two red and white Temple Church of God In Christ in Dallas. Officiating in the double- ring ceremony was Supt. Rev. Robert L. Asberry.

The bride is the daughter of Mrs. Louise B. Jones of Munday and Charles E. Jones of Dallas. The groom's parents are Mrs. Rosetta Chism and the late Richard Marcell Jr. of Dallas.

The bride wore a floor-length white satin gown by Alfred Angelo. Designed with a Victorian neckline, the bodice featured a sheer lace inset encrusted with pearls and sequins. The sheer lace bodice back was accented with tiny white button to the waist and finished with a bustle bow. Lace and pearls enhanced the satin leg-o-mutton sleeves, which extended into illusion and lace tapering to the wrists. The full skirt and the chapel train featured medallions of lace detailed with sequins and pearls. Her veil of illusion was caught to a halo headpiece of white lace flowers and pearls.

Regina Reyna Jones was her sister's maid of honor. Bridesmaids were Cynthia Dugas, Marilyn Brewer, cousin of the groom; and Shelia Putilla Williams. Flowergirls were Joniqua Turner and Temeka Hunt.

Wilford C. Chism served as his brother's best man and groomsmen were Christopher Jones, nephew of the groom, William Rigsby and Anthony Anderson. Benjamin Clay Jones, nephew of the groom, was ringbearer and ushers were Cedric Jones and Christopher Jones, both nephews of the groom. Candlelighters were Christopher and Cedric Jones.

Registering guests were Rebekah Jones and Tonye Chism, nieces of the groom and Chandra Chiles.

A musical prelude of We've Only Just Begun and a solo by Minister Elijah Kelly Jr. Jesus You're The Center of My Joy, were presented while guests were seated. Other selections included You Light Up My Life, sung by Mrs. Terri Lynn Mays. During the lighting of the unity candle, Ira L. Polk, cousin of the groom, sang The Lord's Prayer. Minister Elijah Kelly Jr. sang You Are So Beautiful following the recessional

The wedding was coordinated by the groom's sister, Roberta C. Jones. Organist was minister Elijah Kelly Jr. and

programme artist was Christopher Jones. A reception followed the ceremony in the home of Mr. and Mrs. Robert

Kay Looney Attends Management Seminar

Kay Looney, executive vice president of the Munday Chamber of Commerce and Agriculture, recently completed a week's Institute for Organization Management at the University of Oklahoma. Over 170 voluntary organization executives from all over the country participated in the professional development program.

The Winter Institute is one of seven annual, one-week sessions sponsored by the Center for Leadership Development, a division of the National Chamber Foundation at leading universities through the country. Other universities that host Institutes are Notre Dame, Georgia, Southern Methodist, Colorado, San Jose State and Delaware.

During the five-day session, Mrs. Looney spent 27 classroom hours in the Institute course of study. The program is designed to enhance the knowledge and skills necessary to improve the effectiveness of their organization. The Institute curriculum includes coursework in management philosophy, interpersonal processes, government, law and organization structure; as well as more contemporary issues such as leadership and economics. Progressive levels of the program are offered to participants throughout their professional

University professors chosen to serve as faculty are distinguished authorities in their fields. Additional courses are led by top-level Chamber of Commerce and Association executives. This combination makes theInstitute faculty unique in its depth and range of knowledge and experience.

Mogulettes Take Easy Wins Over Goree and Rochester

The Mogulettes hold a 15-8 season record and are 4-1 in district following their decisive victories over Goree and Rochester last week.

On Tuesday, the girls traveled to Gorce and posted a 70-38 win over the Lady Wildcats. The Mogulettes jumped out to a 19-4 first quarter lead and were never threatened after that. The team hit a respectable 36% of their field goal attempts, hitting on 32 of 89 shots. Ten Mogulettes put points on the board during the game. Scoring for the Mogulettes were Mindy Myers with 18, followed by Christy Williams, 16; April Offutt, 10; Angie Offutt, 8; Jac-Jae Reneau, 4; Ann Parker, 4; Cheryl Bunton, 4; Denise Kuehler, 2; Alicia Cook, 2; and Robin Reneau, 2. Mindy Myers was high rebounder with a total of 11.

On Friday, the girls played Rochester and came away with a 77-32 victory. Again Munday used a big first quarter to put the game out of reach early. The first quarter ended with Munday enjoying a 26-7 lead. The Mogulettes again hit on 36% of their field goal attempts, and collected a season high 50 rebounds against Rochester. Scorers for the Mogulettes were Mindy Myers, 23; April Offutt, 14; Denise Kuehler, 9; Alicia Cook, 8; Christy Williams, 5; Jae-Jae Reneau, 5; Ann Parker, 5; Angie Offutt, 4; Robin Reneau, 2; and Cheryl Bunton.

Coach Sloan's Comments

Our team is beginning to gather itself for the stretch drive for the district title. They are shooting pretty good and playing excellent defense. Our girls all seem to be very alert on defense and are intercepting more passes. Also, we are rebounding much better, and this will be very important this week as we play both Benjamin and Knox City. Both these teams are taller than us. This is the week which will probably determine whether we win district or not. Both games are with contenders and are games that we consider we must win. Benjamin came to Munday on Tuesday and

Seventh Grade Girls Defeat Knox City

The Munday seventh grade girls had a busy week, as they played Knox City on Monday and then traveled to Quanah for a tournament on the weekend.

Munday won the Knox City game by a 22-16 score. The girls had a 21-6 lead at the end of the third quarter, but then had to withstand a furious rally by Knox City in the fourth quarter in order to hold on to the lead and the win. Scorers for Munday were Michele Berryhill, 14; Teisa Porter, 4; and Robyn Clem, 2. Melissa Berryhill and Mandi Moore each had 1 point.

In the first game of the Quanah tournament, Munday was defeated by Paducah by a close 15-13. Scoring for Munday were Michele Berryhill, 5 points; Teisa Porter, 5 points; Melissa Berryhill, Robyn Clem and Danette Owens, 1 point each. In the second game of the tourney, Childress defeated Munday 28-8. Scorers for Munday were Laura Burnett, 4; Robyn Clem and Teisa Porter, 2 points each.

Teisa Porter was named to the All-Tournament team at the conclusion of the tournament.

Letter To The Editor

Howard Services Held January 15

Funeral services were held Sunday, January 15, for Mrs. Bonnie B. Howard, 77, of Burleson, who died January 13 at a Fort Worth Hospital. Interment was in Burleson Memorial Park.

Born December 10, 1911 in Red River City to John Ed and Claudie Gandy Suggs, she was a resident of Burleson three months and a former resident of Grand Prairie. She married Curtis N. Howard December 15, 1929 in Seymour. They were retired dormitory parents for Dallas City Boys Home.

Survivors include her husband; three sons, Bobby John of Irving, Eugene of El Toro, California, and Leroy of Coolidge; a daughter, Becky Sims of Burleson; a sister, Ruby Cannon of Wichita Falls; seven grandchildren and two great-grandchildren.

Home Ownership Program Launched

U.S. Senator Phil Gramm and the federal and state governments have launched a pilot home-ownership program to make homes available to 400 Texas families.

"Under the Texas Home Ownership Initiative, first-time buyers whose incomes are as low as \$15,000 a year can qualify to purchase a home," the Senator said.

The program is a joint venture of the. Department of Housing and Urban Development and the Texas Housing Authority.

"This is a program that can change the face of low-income housing in America," Gramm said in announcing the program at a news conference in Dallas

recently. The Texas Housing Authority and U.S. Department of Housing and Urban Development will offer below-market interest rates and require down payments of only \$100 to \$500 on homes selected by buyers from the 10,000 houses owned by the government in

The interest rate on homes valued at \$25,000 or less is 8.05 percent. Also, a 9.55 percent rate is available on all homes in the program.

The program uses a combination of private lenders, the bonding authority of the state and backing from the federal government, Gramm said.

"Almost any house was beyond the financial reach of buyers with modest incomes until now," the senator said. "But first-time buyers whose incomes are as low as \$15,000 now will have a chance to invest in their futures, their families and their communities under

this program."

He Is Alive!

By Rev. Wayne Varnell-First Baptist Church, Goree

A blind person knows by experience that if you change the furniture in a room or have him walk down an unfamiliar path, his life is made more diffi-

The Bible says that a non-Christian is spiritually blind. The idea of exchanging his old life for a new life, or his old ways for a new way, is unsettling. That is one of the reasons some fifty-eightyear-old men are still trying to live like eighteen-year-old boys. They have the steps along the path counted out and they keep living the same lifestyle over and over again.

However, Jesus doesn't just call us to a new life and a new way of life. He gives us sight so we can see how and why we should follow Him. He is Alive!

JV Boys Participate In Knox City Tourney

The junior varsity boys traveled to Knox City last weekend for tournament

On Thursday morning, the young Moguls faced Haskell and came away with a 44-28 victory. Bobby Dockins and Terry Collier came down from varsity to get extra playing time. Dockins was high scorer in the game with 19 points, followed by Collier with 12. Tony Hunter and Kent Latham had 4 points each; Chris Cotton had 3 and Jayson Morgan 2.

Advancing to the winners bracket, the boys took on Abilene Cooper's sophomores Thursday afternoon. Abilene's quickness took advantage of the Moguls second game of the day. There were several opportunities to narrow the scoring margin, but the ball just wouldn't fall for the Moguls. After closing the gap to three points on several occasions, Abilene finally pulled away in the fourth quarter to go ahead and win 42-35. Scorers in the game were Collier, 13; Dockins, 11; Hunter and Morgan, 4; and Latham, 3.

The loss against Cooper moved the Moguls to the losing bracket and a contest with Knox City. Munday showed a lot of hustle and good defense, and caused several turnovers which they managed to turn into points. Dockins, playing on the front of the press, had several steals and fast break layups which accounted for 10 of the 17 points in the first quarter. Scoring slowed in the second quarter and the Moguls came up with only 6 points, bringing the halftime score to 23-11. A big third quarter resulted in 15 points for the Moguls, with Terry Collier accounting for 9. The Moguls managed 6 points during the fourth quarter, and came away with a 44-22 victory over Knox City. Scorers in the game were Dockins, 14; Collier, 11; Morgan, 6; Bryan Latham, 5; Kent Latham, 3; Brown and Scott, 2 each and Hunter, 1. This victory moved the Moguls to a Saturday morning game with Haskell.

In the rematch with Haskell, everything seemed to go wrong for the Munday team. The boys managed a good defensive game, but turned the ball over several times on offense. Munday could not capitalize on the Haskell turnovers as in the previous meeting. Haskell was playing Dockins very close, holding him to only 6 points in the game. Other scorers were Collier with 10, Morgan with 4; and Bryan Latham with 2. The final score was Haskell 25-Munday 22.

The junior varsity boys now have a season record of 7-11.

Mortgage Interest

For most taxpayers, mortgage interest secured by their first or second home is still fully deductible. To get the facts, call the IRS toll-free at 1-800-424-3676 and order free Publication 545, "Interest Expense."

WEEDING OUT THE RECORDS

Winter is a good time to re-assess your financial habits because a year has just ended. Like most people, your financial papers and records could probably stand a little overhauling.

But before you begin reorganizing, consider what you really need and what you can prune out. Most of us save more paperwork than necessary and it just takes up a lot of space.

Start by setting out boxes and files to hold three types of records: those you can toss, those you need to keep six or more years, and those you need to keep for the rest of your life.

Things you can loss. If you don't need the record for tax purposes or if you are sure it can easily be replaced, don't save it.

Receipts for small daily purchases do not have to be saved, especially if they have no tax consequences. But keep receipts for expensive items to settle insurance claims in the case of loss, theft or damage.

It isn't necessary to keep monthly mutual fund and brokerage statements once a comprehensive year-end statement is issued. However, you should save trade confirmations and dividendreinvestment statements. This information is needed to determine your costs basis when you sell a security. Without it, you may overpay taxes when you sell the security.

You can safely discard most business receipts for less than \$25 and your credit card bills after the bank returns the cancelled check verifying that you paid the bill. However, if you need your credit card statement for analyzing itemized deductions at tax time, keep those statements with your tax records.

Records to keep six or more years. Plan to keep tax records for as long as they are important for any Internal

Revenue law. Keep records that support an item of income or a deduction appearing on a return until the statute of limitations for the return runs out. Usually this is 3 years from the date the return was due or filed, or 2 years from the date the tax was paid, whichever

date is later. Sometimes you may have to keep tax records for a longer period, such as in property transactions, when the basis for the new or replacement property depends on the old property's basis.

Keep those records for as long as they are important in figuring your property's basis.

Records to keep forever. These records include birth and death certificates, list of financial assets, medical records, powers of attorney, trust agreements, wills and W-2 statements. Also keep divorce decrees and custody agreements, military papers, naturalization papers and prenuptial agreements.

Getting a handle on your paper trail will take a little time and effort, but will be worth it. Once you've accomplished this task, you'll be able to find every paper you need.

Frederick the Great always insisted his coffee be made with champagne instead of water.

and limbs that are too close to the ground during the dormant stage.

In addition, fruit trees may be pruned heavily if pruning has been neglected for years.

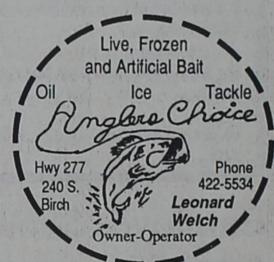

In pruning trees, limbs should be cut flush to the limb or trunk. This type of cut is much more appealing as the tree will not have "hat racks" or protruding stubs. Often times these stubs will produce water suckers which also are unsightly and have to be removed later.

Pruning should be done with a saw if limbs are greater than 1 1/2 inches in diameter. Limbs smaller than 1 1/2 inches may be cut off with lopping shears or hand pruning shears.

If large limbs are being removed, it is wise to make a cut 1/3 of the way through the branch on the under side of the limb. This will prevent the bark from being stripped from the trunk of the tree. Then cut the limb 12 to 24 inches away from the trunk. After removing most of the weight from the limb, cut the rest of the limb off even with the trunk of the tree.

It is not necessary to treat cuts of trees as the trees will heal themselves if given adequate care.

Root sprouts should also be removed at the base of the tree.

Counts Questionnaire

As the State Legislature gets down to business in Austin, our local representative, David Counts, is seeking input from local constituents so that he can better represent the people of the 78th district.

Rep. Counts strongly encourages all registered voters to answer the questions below by circling YES or NO, and then send replies to his office in Austin. The mailing address is: Representative David Counts, P.O. Box 2910, Austin, Texas 78769.

Rep. Counts would like your views on the following questions:

- Should "no-pass/no play" be amended from 6 weeks to 3 weeks? YES NO
- 2. Should the term of the school year be extended? YES NO
- 3. In view of the difficulty with the local school acquiring adequate health insurance, should public school health insurance be under the state program? YES NO
- 4. Should there be a state lottery? YES NO
- 5. Should the holder of another office be allowed to run for vice president or president and his current office at the same time? YES NO
- 6. If it became necessary in order to maintain services at their current level, would you favor a sales tax increase? YES NO

As an alternative, which of the following would you prefer?

Here's an important tip: Be sure to check

Such errors can happen at any point in

a person's working life and are some-

must be the same as that on your social

security records. If your employer has

been reporting your earnings under a

different number and it is not caught,

then you may be missing those earnings

from your record. The earnings on your

social seurity earnings record is the basis

for eligibility for benefits and the amount

ings records at least once every three

years. Over one's working life, things

can happen that can result in errors. This

is especially true for people who change

jobs frequently or who hold more than

one job at a time. Each time the name

there is an opportunity for error. Also,

many women forget to change their

Truscott-Gilliland News

By Mrs. Clara Brown

Morning came in looking like spring. just like most mornings of the last several days. There are hopes for a snow toward the end of the week, but the hopes are weak. However, a nice, warm. springlike six inch gully washer would be acceptable to many. (Like all the men in my family.)

Burial services were held at the Gilliland Baptist Church Saturday afternoon for Valoise Cook McGuire.

Valoise entered Bethania Hospital at Wichita Falls several days ago following a heart attack. She was the daughter of John Sherman and Jessie Lee Jamison Cook. She married Glen McGuire in 1936. Valoise became bookkeeper for the Farmers Cooperative Elevatorat Truscott and the Gilliland Cooperative Gin in 1948. For the last several years she had been manager of the Truscott elevator.

All the immediate famly was able to come home including Valoise and Glen's two children, Lewis of Waco and Elise of Arlington. Also present were Lewis's wife, Carol, and their two children. Angie and Susan. Elise's daughters. Terrie and Lori, came from Arlington and also attending was a grandson, Jason Cypert.

Valoise is also survived by her brother. A. L. Cook of Gilliland.

Among the out of town relatives attending the services were Nina Combest of Vernon, Mr. and Mrs. Howard Cook of quanah, Doyle and Loretta Davis of Wichita Falls, Mrs. Judy Thompson of Vernon, Winnie and Forest Carter of Grnbury, Joyce Holder of Ft. Worth, Lyndal Sewell of Ft. Worth, Sue

Winstead of Austin, Homer and Joe Jamison of Amarillo, Charles Clinton Welch of Lubbock, Weldon Welch of Graham, Wilford Welch of Wichita Falls, and Margaret and Lloyd Jones of Abilene.

Others attending were Gary Max and Barbara Coltharp of Seymour, Jack and Katie New, Lawrence and Ginger New, of Amarillo, Ailene Groves of Benjamin, Mrs. Mickey Ferry of Pleasan Plains, Illinois (near Springfield), Phil and Fred Cook of Mesquite, and Mrs. Kay Sanner of McKinney.

Jerry Miller of Merkel helped with the services and his wife, Sherry, came along with Andy, Kerry, Jerry Miller Jr. and Jerry Jr.'s daughter, Amanda.

Relatives from Seymour included Mrs. Thelma McGuire, Mr. and Mrs. Lee Wayne McGuire, Doris Hardin, and Grace Loving. Mr. and Mrs. Roy F. McGuire came from Levelland. This is only a partial list and some may have been accidentally omitted.

Curtis Casey spent Saturday afternoon visiting Margaret Todd at Abilene. He said she got in her chair and he pushed her around the grounds so they could enjoy the beautiful afternoon.

Norma Lee of Vernon visited her father, Edgar Jones, late Saturday after-

Kay Carroll reports they are catching almost no wild hogs at the present. The hogs seem to have changed their route. Other people, however, are reporting an increase in the number of sightings.

A more or less scientific survey made in Truscott last week showed that 100% of the persons interviewed liked Bar-

bara Bush better than nancy REagan. They all preferred Barbara's grandchildren to Nancy's dog. Anyone wishing to participate in the survey should write Opinion, Truscott, TX 79260. This is a non-partisan survey.

Additional Helpers At Bloodmobile

Two people were left out of the story about the Bloodmobile visit. LaRue Patton was another volunteer helping with the canteen, and Spike Bryan helped load the truck for its return home.

These volunteers play an important part in the success of the bloodmobile visit, and we don't want to leave anyone out.
