Views From Another Point

by Joyce Beecher Greenwood

For every musician, there is a parent who has suffered through a learning process. We've all had the experience of listening as our kids learn music . . . little fingers moving up the scale of a piano or forming guitar chords with a "plunk-plunk-plunk".

I was reminded of the "budding musician" days of my own children recently when my grandsons came to visit and the oldest, Kurt, brought his trombone to entertain us. He had learned to play *Hot Cross Buns* and he proudly took a stance in the center of the floor with a warning to his brother, (Don't you start laughing, Matthew!) who sat with mirth-filled eyes.

As he puffed out his cheeks and began to play—"one-a-penny, two-a-penny—" I remembered when Nell and I were kids and were asked to entertain for the family members who came to visit. Nell would pump away on an old accordion that almost engulfed her tiny body, a song about some *Airy Fairies*, until mother told her to learn another song and then offered to pay me five dollars if I would abstain from playing *The Old Piano Roll Blues* for at least one week.

Years later I was able to understand my mother's feelings as Christy began to learn to play the piano. One day, she had played the same song over and over until her brother, Butch, could stand no more and made his feelings known in no uncertain terms. Her temper flared and a fight broke out—one of those "knock-down, drag outs" that sometimes occurs between siblings.

Butch was banished to the back yard and Christy sat down to play her song again, *Let There Be Peace On Earth and Let It Begin With Me*.

It was not until our youngest son, Joel, took up the fiddle, however, that I fully came to understand Mother's desperation. He was almost thirteen years old when he decided he wanted to learn to play—"not the violin, but country hoe-down fiddle".

We ordered an inexpensive little fiddle from the catalog and then began to wonder who we could find to teach him to play it.

"Dude Coffman plays the fiddle," my dad said one night as we wondered aloud where we would find a teacher.

I called Mr. Coffman to ask about lessons. He readily agreed but didn't want any pay for teaching him.

"If there's still a kid around who wants to learn bluegrass music," he said, "I want to be the one to teach him."

Joe could barely contain his excitement on the night he was to take his first lesson. I had heard that Dude Coffman was a "natural musician", but until that night, I had never seen anyone who could go from piano to guitar and banjo to fiddle with equal ease. Joe looked at him in awe as Mr. Coffman tucked his old fiddle under his chin and began to play a lively rendition of *Shanty in Old Shantytown*, and by the end of the evening, he was convinced that his future would include being a country fiddler.

There is no sound on earth like a kid learning to play a fiddle. A cat with his tail caught in a screen door makes a prettier sound. Tommy's nerves were the first to go and Joe began to practice in the room he shared with Butch, playing along with a tape by bluegrass fiddler, Chubby Wise. After a week of Chubby's toe-tapping rhythm, Butch threatened to move out of his room and even out of our home if it didn't stop, and four year old Amy would cover her ears and shout, "Oh no! Not that fiddle again!"

Somewhat we all managed to keep some semblance of sanity as Joe fiddled on—undaunted by criticism or comment. Then, somewhere in the midst of all the

Kindergarten Registration Begins Monday

Kindergarten registration for the 1989-90 school year at Munday Elementary School will begin Monday, February 6, according to Doug Donoho, elementary school principal. Any parents wishing to register their child may do so at any time during the regular school day.

A child must be five years old on or before September 1, 1989, to enter kindergarten this fall.

To register youngsters, parents should have the child's birth certificate, complete immunization (shot) record and social security number.

Help Offered For Paying Utility Bills

The Aspermont Small Business Development Center, Inc. is offering an Energy Crisis Program to assist qualifying households in the payment of energy related utility bills. The program is offered to those households that are in danger of having their utility service terminated.

The ASBDC is a non-profit, community action agency serving the residents of Haskell, Jones, Knox, Kent, Stone-wall and Throckmorton Counties.

To receive more information concerning this and other ASBDC programs call (817) 989-3445 or write to Aspermont Small Business Development Center, Inc., P.O. Box 188, Aspermont, Texas 79502.

Penny Goodwin Opens Bookkeeping Business

Munday has another new business! Penny Goodwin has opened the doors of her office at 211 East Main and offers service for any type of general accounting. She will do all kinds of bookkeeping work including quarterly, year-end, sales tax and railroad commission reports and will prepare tax returns.

Office hours are from 8 to 5 during the week and her office phone number is 422-4896.

Penny recently received her bachelor of business administration degree, with a major in accounting, from Midwestern State University in Wichita Falls. She is the daughter of Mr. and Mrs. Lee Parks of Munday.

Sunset Homecoming To Be Discussed At February 13 Meeting

The 1989 Sunset Homecoming has been scheduled for Sunday, September 3, 1989 - Labor Day Weekend.

A meeting to plan the event will be held at 7 p.m. Monday, February 13, in the Munday High School library.

Matt Verhalen, spokesman for the homecoming committee, urges all interested parties to attend this important meeting.

Band Boosters To Meet Monday

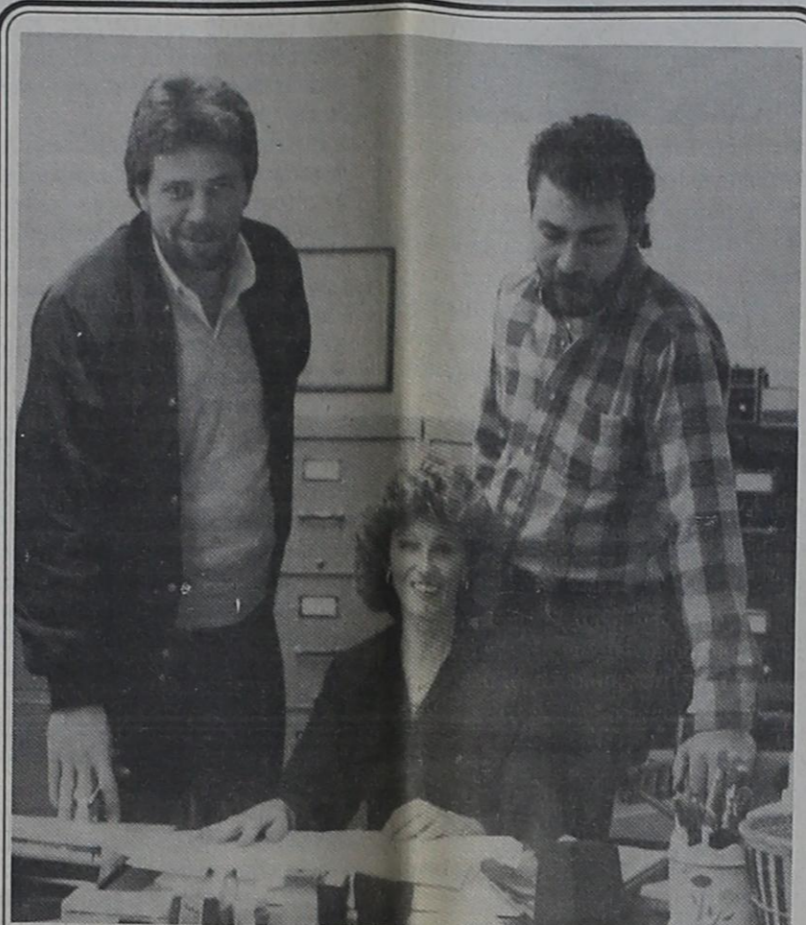

The Munday band boosters will meet at 7 p.m. Monday, February 6 at the band hall.

All parents of band students and interested persons are encouraged to attend.

Meeting Scheduled To Discuss Pheasants

There will be a public meeting of all Knox County landowners interested in a program to release pheasants on their land. The meeting will be held at 8 p.m. Thursday, February 9, at the Knights of Columbus Hall in Rhineland.

Ballots made of broken pottery were used by the citizens of Ancient Athens to get rid of unpopular politicians. Whenever 6000 or more were cast, the official was sent into exile for 10 years.

REX MUNDAY, at left, was in Munday early this week looking over the Housing Authority apartments that will be included in the \$420,000 modernization project authorized by HUD. Munday, the great-great nephew of R.P. Munday, the man for whom the city was named, is district manager of Ram Jack of Texas, Inc., a foundation repair system business in Arlington. Pictured with Munday are Jeanie Carden, executive director of the Housing Authority and Perry Kuehler, chairman of the board of commissioners for the authority.

Heart Association Volunteers To Begin Business Campaign

The Knox County unit of the American Heart Association will conduct its business campaign February 6-11. Several volunteers will be calling on all businesses in Munday.

The Heart Association does an enormous service to America by educating citizens about heart disease, stroke and related disorders, helping people monitor their health and adopt healthier lifestyles, enabling researchers in seeking causes of heart disease and helping doctors treat the disease more effectively.

AHA volunteers continually preach about the link between high blood cholesterol and heart disease and about the need for a nutritious, heart-healthy diet. They have taught the benefits of exercise in helping prevent heart disease and they have shown smokers the dangers of their habit.

There are two major sources of funding for heart research in this country, the federal government and the American Heart Association. Research supported by the AHA has contributed to improvements in control of high blood pressure, development of artificial heart valves and pacemakers, improved blood

flow measurement in the heart and brain resulting in early detection of disease in the blood vessels, advances in surgical techniques to repair congenital and acquired heart defects and to provide coronary artery bypass procedures and identification of factors that increase our risk of heart disease.

AHA officials say that cardiovascular disease caused nearly 50,000 deaths in Texas in the last year and nationwide cost our country more than \$85 billion for physicians, nursing, hospital and nursing home services, medications, as well as lost occupational output as a result of disability.

Volunteers who will be calling on businesses in Munday include Betty Baker, Nettie Partridge, Ida Oustad, Evelyn Browning, Zelma Harper, Dorothy Brown, Barbara Zeissel, Betty Tidwell, Dean Nuckols, Norene Hawkins, Bea Carden, Alice McNeill, and Nancy Whittemore. Chairmen of the campaign are Winters Matthews and Ernestine Dickerson.

In ancient Russia, it was believed that a skein of red wool wound about the arms and legs would ward off fevers.

Area Producers Welcome Weekend Rain Showers

Wheat and vegetable growers around Munday were relieved after a little over a half-inch of rain fell on Friday afternoon and evening, but according to reports from area farmer, another rain soon would be welcomed.

Wheat producers indicated that Friday's moisture was good for the young wheat but that the older wheat probably didn't benefit too much from the rain.

Larry Smith of TXS Vegetable Producers said the rain was not quite enough for a good subsoil moisture and another inch "sure would help". Potato planting,

which normally begins around February 8, will be delayed by at least a week because soil conditions are too warm. "We could use some winter weather," Smith commented.

Goodson Sellers, local weather observer, reported .54 of an inch of rain on Friday and Saturday.

According to weather forecasters, the mild conditions will change this weekend when an Arctic front will move into our area bringing extremely cold temperatures and a chance of thunderstorms on Thursday.

City Police Officials Issue Reminder To Dog Owners

A large number of dogs running loose in town, along with calls concerning strays, has prompted officials of the City of Munday Police Department to issue a reminder to dog owners in the city.

According to the City Ordinance, it is unlawful for any person to allow any dog to run at large within the city limits, and willful violation can mean a fine of up to \$100.

Police officials request that owners of our canine friend obtain a complete copy of the ordinance available at City Hall. The following is an segment from that ordinance.

"It shall be unlawful for any person to allow any dog to run at large within the corporate limits of said City, provided that the term "run at large" shall be construed to mean the permitting of such dog to go off the premises of its owner without being securely restrained and in charge of a competent person.

Be it further ordained that after the effective date hereof, the Police Chief or any police officer of the City of Munday, shall seize such animal found running at large in violation of this ordinance and impound it in such place as shall be provided by the City Council of this city.

Be it further ordained that the discovery of a dog running at large by the Chief of Police or a member of the City Police Department shall be prima facie

evidence of the intent of the owner to allow or permit such animal to run at large.

Be it further ordained that whenever the police department shall receive information that a dog has bitten any person within the corporate limits of this city, it shall be their duty to capture such animal and impound it for a period of ten (10) days from the date of such attack.

Be it further ordained that the violation of any provision of this ordinance shall be deemed a misdemeanor and any person guilty of such violation shall be fined not to exceed the sum of one hundred dollars (\$100.00).

It shall be unlawful for any person to allow any dog of dangerous, vicious, fierce, or mischievous propensities or tendencies and any female dog in heat be allowed upon any street, avenue, highway, alley, sidewalk, parkway or other public place within the city, whether such dog is under the control of the owner or any other person, either by leash, cord, chain, or otherwise. Any such dog so found upon any of the public places shall be taken up and impounded and shall not be released except upon the approval by the Chief of Police; provided however, that if any dangerous, vicious, fierce or mischievous dog so found cannot be taken upon and impounded with reasonable safety for the person attempting the same, such dog may be slain by any policeman."

Garden Club Meeting Scheduled

The Munday Garden Club will meet at 2 p.m. on February 7, at the home of Mrs. Weldon Floyd.

Program leader is Mrs. Sam Stone and the speaker will be Jerry Pierce of the Soil Conservation Service at Knox City.

All members and guests are encouraged to attend.

Parents' Club To Sponsor Fund Raiser

The Goree High School Parents' Club will sponsor a game night in the school cafeteria on Saturday, February 4, beginning at 7:30 p.m.

There will be a concession stand featuring homemade pie and coffee along with cokes and candy.

Proceeds from the games and the concession stand will go toward the organization of a youth center for area teens.

Many residents have expressed concern because of limited activity places for young people. The Parents' Club has been organized in an attempt to establish a center to offer recreation and entertainment for the youth of the area.

Everyone is invited to come to Goree Saturday night for an evening of fun and fellowship.

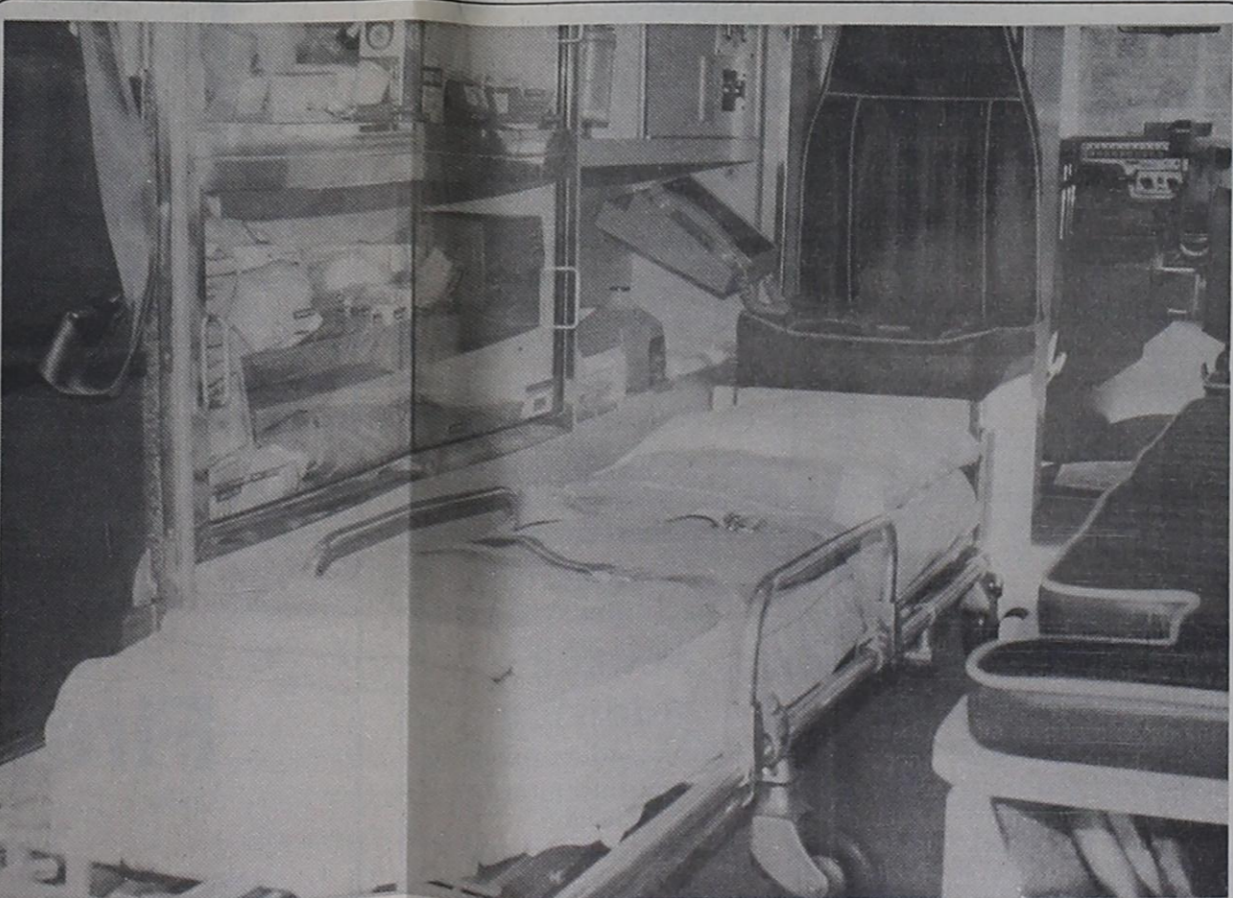

Weather Report

Following is the weather report for seven days ending Monday, January 30, 1989, as compiled and recorded by Goodson Sellers, local U. S. weather observer.

TEMPERATURE

	HIGH	LOW
January 24	66	41
January 25	50	44
January 26	52	24
January 27	46	31
January 28	60	39

MUNDAY'S newest ambulance, a 1988 Ford van, was delivered on December 12, 1988 and has been fully equipped with all recommended and required basic life support equipment. Funds for purchase of the new vehicle came from donations and memorials and fund raisers sponsored by Munday Emergency Medical Service volunteers.

VIEWES

(Continued from page 1)

screeching, a tune began to emerge, but he told my sister he was not sure if it was *Home on the Range* or *Home Sweet Home*.

After about two months of weekly visits to the Coffman house for lessons, Joe came running in one night from a lesson, tucked his fiddle under his chin and began to play *Wabash Cannonball*, and we could actually recognize the tune.

"Play it again," Tommy requested, much to all our amazement. Of course Joe would play it again, eyes shining with his new found success, his toe tapping as he fiddled (and who cared if his tapping was half a beat behind his fiddling?)

A world without music would be a dreary world indeed. Music soothes our turbulent spirits and calms our jangled nerves. It can set our toes to tapping or make us want to sing along. Music is an important part of every celebration in our lives.

Through the years, I have encouraged all my children to learn to play a musical instrument, because few things lend more of a feeling of accomplishment than playing music.

I'm pleased that my grandchildren are showing an interest in music. Kurt has his trombone, Matthew his guitar, and Tanya is learning to play the piano.

I hope, though, that one of Joe's kids doesn't find that old fiddle.

Former Resident Buried Sunday

Ivan Lee Bruce, 75, of Dallas, a former Munday resident, died early Friday, January 27, 1989, in a Dallas hospital.

Graveside services were held at 2 p.m. Sunday, January 29, at Johnson Memorial Cemetery with Ray Hunter officiating. Arrangements were under the direction of McCauley-Smith Funeral Home.

Bruce was born August 14, 1913, at Stephenville and moved from Munday to Dallas in 1957. He was a retired truck driver. He and Blanche Allene Morrow were married on November 30, 1935, at Benjamin.

Survivors include his wife; two sons, Lee of Munday and Robb of Duncanville; a daughter, Ivalene Pierce of Olney; two brothers, Elmer of Munday and Howard of Indio, Calif.; 10 grandchildren and six great-grandchildren.

Pallbearers were grandsons, Jeff and Brett Bruce, John, Joe, Billy and Jimmy Pierce.

The word *ye*, in such expressions as "Ye Olde Shoppe," is pronounced like the word *the*. The letter *y* in Anglo-Saxon indicated the same *th* sound as apparent in the current spelling.

CUB SCOUT JUSTIN GRAY received his Bobcat badge in ceremonies held here Monday night. The unusual manner in which he received the badge is tradition. As tradition goes, the badge is pinned on upside down until the scout does a good deed for his mother, at which time she can turn the badge around. The only catch is, when the badge is originally pinned on the scout it cannot be turned upside down, therefore the only alternative is to turn the scout upside down for the pinning. Doing the honors is Justin's mother, Kim Brockett, with the help of his grandfather, Pete Brockett and scoutmaster Jerry Pearce.

Truscott-Gilliland News

By Mrs. Clara Brown

Rain is the biggest news on the Wichita Divide this week. It came from the west on Friday night and ranged from half an inch to the 1.4 inches reported by Felix Westmoreland, but most got around .9 of an inch. Wheat farmers are saying the wheat was looking better even by Saturday afternoon. The sun came out shining Sunday and Monday, but it was cool and with almost no wind, so the moisture that came did some good.

Maybe with this moisture there won't be anymore of the fires like the ones someone set along the roadside north of the North Wichita bridge about 10 days ago. The fires obviously burned from the ditch into the pastures, but fortunately no extensive damage was done.

Florence Miller reports that her grandson, Jarrod Miller of Slaton, won the reserve grand championship at the Lubbock livestock show on January 20 with his black steer. He is the son of Jackie and Paula Miller. Florence attended the show and had a physical checkup while she spent that Friday and Saturday in Slaton and Lubbock.

Gary Leon "Skip" Cure of Garland, son of Omer and Gwen Cure, was buried with graveside services at the Gilliland Cemetery Sunday afternoon at 3 p.m. He was the grandson of Jake and Almeda Cure who moved to the Divide in 1908 from Montague County. They later moved from Gilliland to Seymour. Coffee and dessert were served later at the Gilliland Baptist Church.

The Lord's Corner
Dr. Pete Bradfield, Pastor
First Baptist Church

"Hate" is a strong word. To say that "God hates..." is even stronger.

And yet the Bible lists many things that God hates: idolatry, wickedness, pride, lying, murder, discord, and mischief-makers. In a word, SIN!

Why does God find sin so abhorrent: it leaves scars on the innocent as well as the guilty. There are no sins that are 'private and harmless'.

Are you tempted to disobey God today, concluding, "It's my life and I can do with it as I please?" Then stop and consider. What will it cost you personally? How will it affect others around you? God has strength for you to be an overcomer instead. Will you turn to Him right now...and overcome?

See you next week, and remember: with God on your side, you cannot lose; without Him, you cannot win!

Tommy Shaw of Hurst visited in the home of Billy and Elmo Shaw on Saturday and Sunday.

The monthly birthday party was held at the Gilliland Baptist Church Sunday. Attending from out of town were J.C. and Lucille Langston, Mrs. Riley, and Gladys Meek, all of Seymour. A Bible was presented to J.C. and Lucille who recently moved from Gilliland to Seymour.

Saturday, February 4, the public is invited to supper at the Gilliland Community Center. After supper, table games will be enjoyed. This is a project to support the center.

Clara Owens reports that James Browning and friends from Mississippi were here hunting last Thursday. James came in the center and visited some time with the quilters.

Helen and Leon Kincaid of Cisco spent last Sunday to Wednesday visiting her sister, Clara Owens.

L.G. McGuire's daughter, Elise, spent last week with him, leaving Sunday afternoon. Saturday and Sunday Glen's son, Lewis, came from Waco with his daughter, Susan.

Jack and Clara Brown were in Brownfield Friday and Saturday visiting their son, Bill Brown, who is a coach in the Brownfield school district. On the way to Brownfield, they stopped in Levelland to visit Jackie and Ivy Schoonfeld at Jackie's convenience store and miniature golf course on the Brownfield highway. Ivy and Jackie have cut wheat for the Browns at Truscott for almost 20 years.

Edgar Jones has asked that if anyone has one of the Texas and Southwest books he has to loan, please send it home. He is making a list of his books before starting them on the rounds again.

Eighth Grade Girls Split Four Games

The eighth grade girls basketball team stayed busy last week, hosting Graham on Monday and playing in the Haskell Junior High tournament on the weekend. They ended their season on Monday night when they traveled to Paducah. Their record for the season is 4 wins and 9 losses.

In their game last Monday against Graham, the girls came out with a 18-17 overtime victory. This was the second time the girls had beat Graham this season. Nicki McGaughey's free-throw in overtime was the deciding point for the young Mogulettes.

Nicki McGaughey and Sherita Jones were the only girls to score points as both totaled 9 each. A great defensive effort was turned in by all team members as they held Graham to only 17 points.

First round action at the Haskell tournament saw the Munday girls fall to Haskell by a score of 16-33. The contest was close at half with Munday trailing 12-13. However, cold shooting in the final half spelled doom for the young team. Sherita Jones led all Munday scorers with 6 points, while Brandi Branam and Nicki McGaughey had 4 each. Teresa Dockins added 2.

Saturday's trip to Haskell proved to be more pleasant as the girls took an impressive 34-6 win over Paint Creek to take the third place trophy. Six of the eight team members scored in the contest. Nicki McGaughey led the scoring with 12 points followed by Kammie and Sherita with 5 points each. Tanya Dunnam, Teresa Dockins and Brandi Branam had 4 points each. Heather King and April Nuckols both saw extensive action and contributed defensively in the team effort.

The Munday girls came up on the short end against Paducah, losing a hard-fought contest 34-15. Brandi Branam led the scoring with 6 points, followed by Sherita Jones with 4 and Nicki McGaughey and Teresa Dockins 2 each. Tanya Dunnam hit a free-throw to round out the scoring.

Team members include Kammie Haynie, April Nuckols, Heather King, Sherita Jones, Nicki McGaughey, Brandi Branam, Teresa Dockins, and Tanya Dunnam.

Some have thought thunder to be caused by the hooves of celestial horses.

Robin Reneau Is Finalist In Miss Teenager Pageant

Robin Reneau, 16 year old daughter of Mr. and Mrs. John B. Reneau III, has been selected as a finalist in the 18th Annual Miss Texas National Teen-Ager Pageant to be held at Texas Christian University in Fort Worth on June 16, 17 and 18. There will be participants from all over the state competing for the title. The Miss Texas National Teen-Ager Pageant is the official state finals to the Miss National Teen-ager Pageant to be held in Orlando, Florida on August 16.

The winner of the state pageant will receive a \$1,000 U.S. Savings Bond plus a 2-year tuition scholarship to Oklahoma City University, other prizes, and an all-expense paid trip to compete in the Miss National Teen-ager Pageant, where she will be competing for \$10,000 in cash scholarships, a 1989 Mazda and other awards. Winners of the Citizenship Award (one senior and two underclassmen) on both regional and state levels will each receive a \$10,000 tuition scholarship to Eckerd College in St. Petersburg, Florida. The College will also award fifteen (15) \$16,000 regional tuition scholarships and three (3) \$24,000 expense scholarships to the national winners. Scholarships will also be awarded by Millikin University in Decatur, Illinois and Johnson & Wales College in Providence, Rhode Island.

Each contestant in the state pageant participates in the volunteer community service program of the National Teen-Ager Pageant. This program encourages teenagers to participate in

school and civic affairs. A mini-modeling charm course is taught during the pageant. Contestants will be judged on scholastic achievement-leadership; poise-personality and appearance. There is no swimsuit competition. Talent may be presented at the option of the participant or an oral essay on the subject "What's Right About America?"

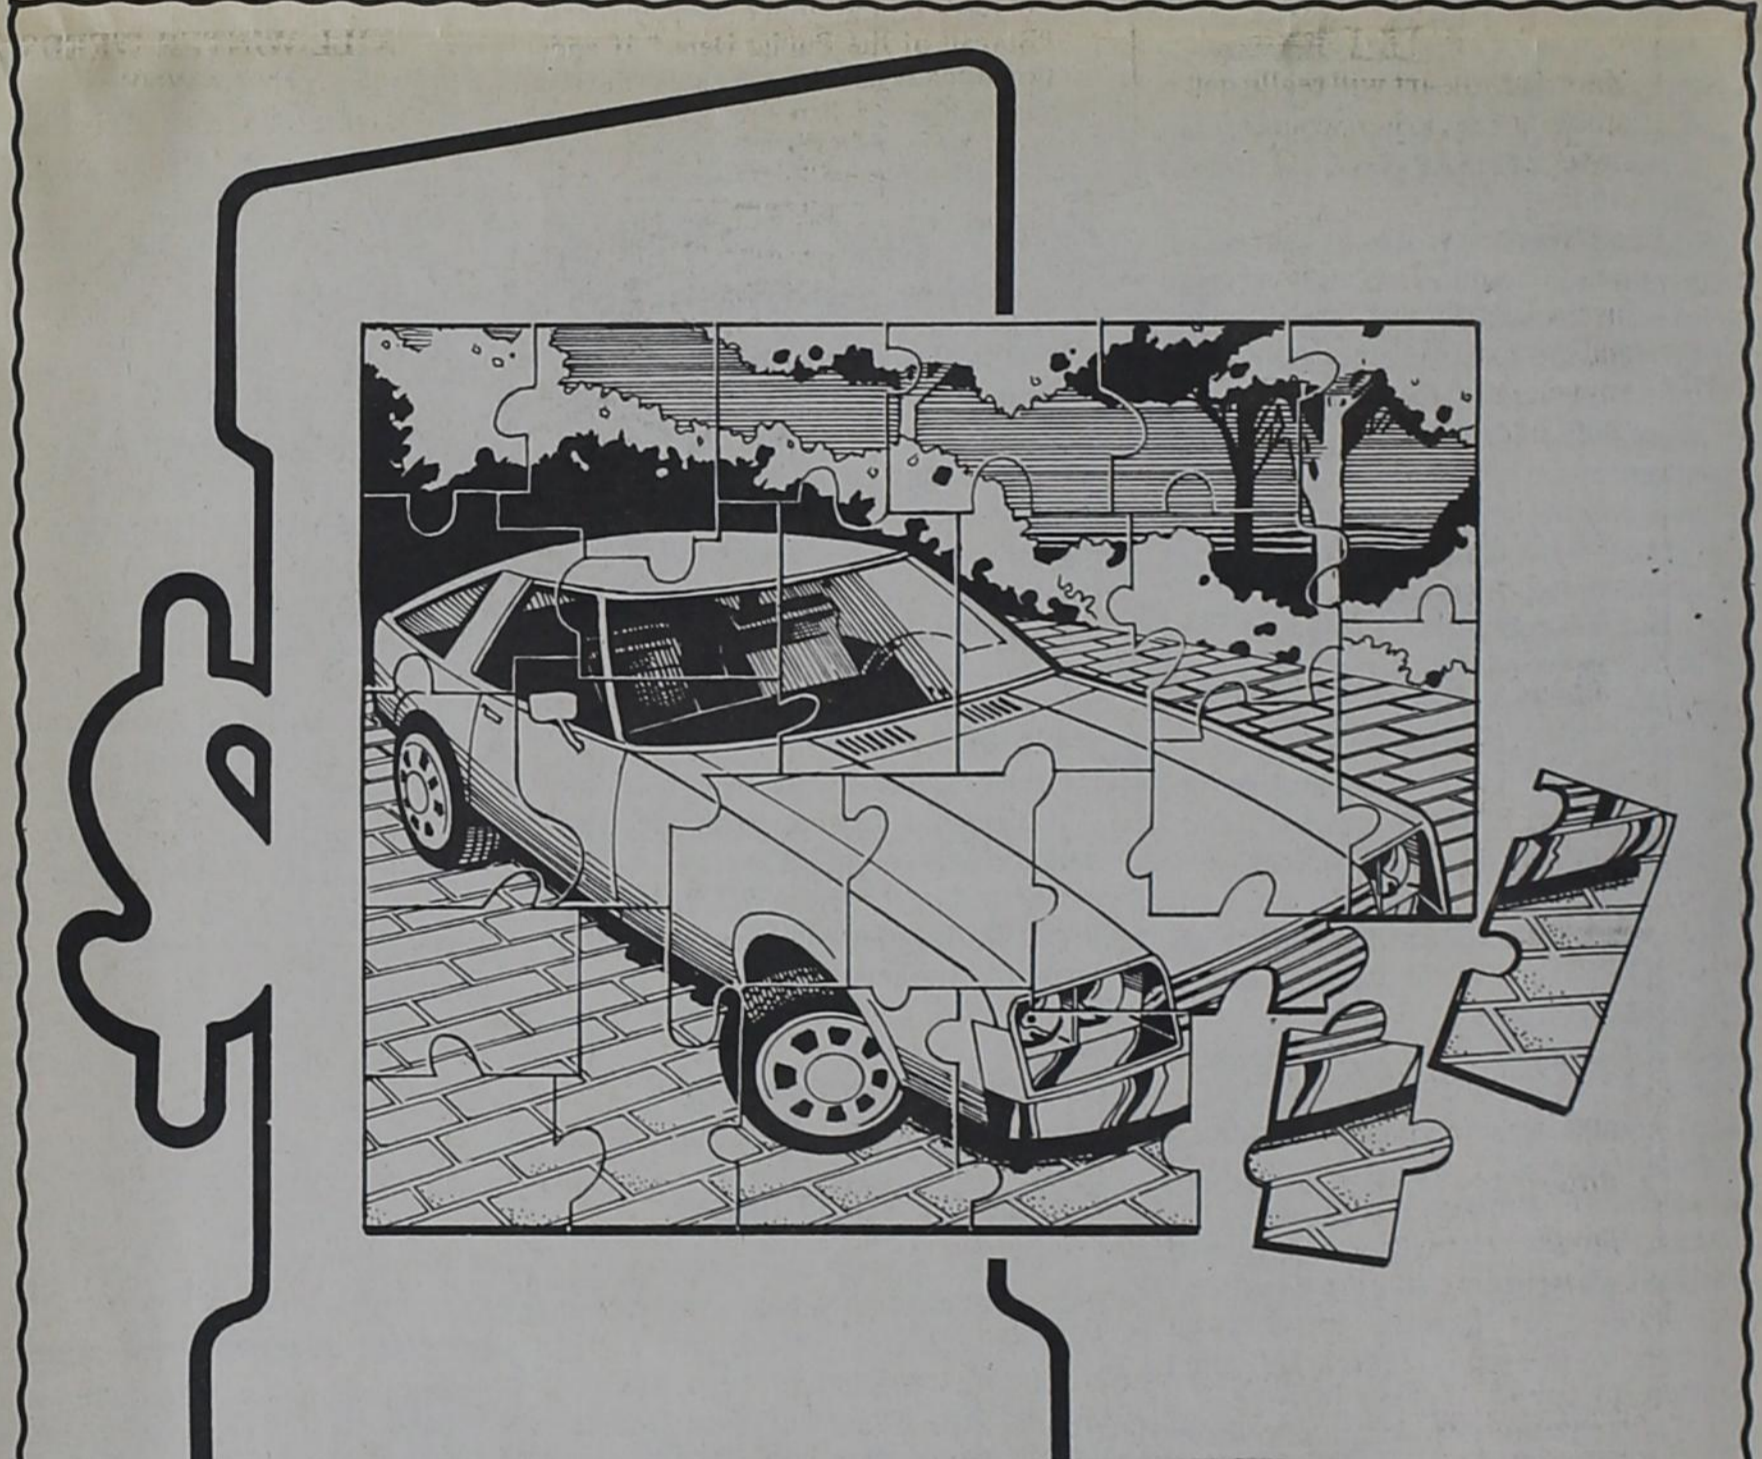

Miss Reneau is being sponsored by Charles Baker Insurance, Bobby D. Burnett, Attorney-at-law, Farmers Grain Coop, First National Bank, Munday Gin and Seed, Inc., and M-System, all of Munday, and Jon's Auto Service Center in Knox City.

Robin, a junior at Munday High School, is active in all phases of school activities including track, basketball, and cheerleading. Her hobbies include reading, tennis and gymnastics.

Fruit Growers Need More Hours Of Cold Weather

Who said cold weather was bad for the hormones? Certainly not fruit growers -- who need cold weather to stimulate the hormones in their crops.

"While most Texans have enjoyed the unseasonably warm weather so far this winter, fruit growers are looking for cold weather," said Dr. John Lipe, a horticulturist with the Texas Agricultural Extension Service.

Cold is necessary to stimulate hormonal changes that make fruit, nut and landscape trees bloom and leaf out each spring, Lipe explained. Without this chilling effect, it would be a pretty drab spring.

The hormonal changes occur gradually at temperatures between 32 and 55 degrees F. Different trees need different levels of cold, which are measured in hours below 45 degrees F, beginning in early November.

In many areas of the state, the accumulation of cold hours is behind schedule. In the Fredericksburg area, for instance, there has been a total of 525 cold hours as of January 16. That's 145 hours behind the average cold accumulation to this point.

"We need to accumulate at least 850

hours, preferably by the first week of February, for a normal peach bloom to occur," said the horticulturist.

"If the abnormally warm weather continues, the 'higher chill' peach varieties such as Redglobe, Sentinel and Surecrop may not get enough chill to trigger a normal bud swell and bloom. That would result in a weak bloom and a light crop, such as occurred from a similar winter in 1986.

Where does the warm weather leave varieties that have a "lower chill" requirement?

"That presents another problem," Lipe said. "Trees and shrubs that have little or no winter chill requirement are at or near a point where continued warm weather could trigger a normal bloom or budbreak. But that would make them highly vulnerable to freeze damage."

Lipe said that most adapted peaches and other fruit trees have not yet had enough chilling hours to start a normal bud swell. These varieties are still on hand and, with a resumption of "normal" winter weather, should come through with a normal bloom and a full crop.

Youths Attend Tumbling Meet At Jayton Saturday

Seven members of the Munday Gymdandeez attended a novice gymnastic meet Saturday, January 28, at Jayton. Attending the meet were:

Andrea Brown, second place; Lacy Carver of Knox City, fourth place; Jennifer Carden, third place; Shelli Scott, fourth place; McKenna Smith of Knox City, third place; Haley Hutchinson, third place, and B. J. Brown, first place.

Sharon Snead is the Gymdandeez coach.

Taxpayers May Reduce Public Debt

Taxpayers filing federal income tax returns may make voluntary contributions to reduce the public debt, according to the Internal Revenue Service.

Anyone wishing to contribute should enclose a separate check with his or her tax return and make it payable to "Bureau of the Public Debt." If additional tax is owed on the tax return, a separate check made out to the "Internal Revenue Service" is required to settle the tax liability.

Contributions to reduce the public debt are deductible on Schedule A of Form 1040, for the tax year in which they are made, the same as other charitable contributions.

NEW EROSION CONTROL STRUCTURE - This photo shows a Toe Wall Structure at the outlet of a grassed waterway. The toe wall outlets the runoff into a barrow ditch.

SCS Photo

Conservation Service Introduces New Erosion Control Structure

A new type of erosion control practice, the toe wall structure, is being designed and installed by Soil Conservation Service personnel. Several of the structures have been built in the surrounding counties. These toe walls are ideally suited to eliminate a three to five foot headcut. They are made of corrugated aluminum or steel that is placed on a concrete base about nine inches thick. The weir portion where the runoff flows is semicircular with a width of seven to twenty feet. The wall is six feet tall and thirteen feet long.

The advantages of the toe wall structure are that they are quickly installed and only use a small area of land. Where a landowner has several ditches that are eating back into a field, a terrace and toe wall structure can be installed to solve the problem and still allow the producer to have a crop on most of the area. These structures cost about \$3,000 to \$12,000, depending on the size. Federal cost share

is available that pays for 50 to 80 percent of the cost, depending on the program used.

Another advantage of the toe wall structure is that it makes a waterway easier to build and vegetate. Because the toe wall drops the runoff into the outlet ditch, the waterway does not have to be shaped into the ditch. The waterway will have less excavation. Therefore, the cost of building the waterway will be less. Also, because the waterway was excavated less, the waterway will have better soils that allow easier vegetation. Finally, the waterway grade will be flatter and can be built narrower because of this. This reduces the cost of the waterway and saves cropland acres.

The toe wall structures are well-liked by cooperators and have been installed in Knox, Foard and Baylor counties. For more information about the toe wall structure, contact the Soil Conservation Service in Knox City.

Farm and Ranch Report

By Donnie Peters

KILL WINTER WEEDS IN LAWNS

At this time lawns should be dormant, any green grass in bermuda grass lawns is considered a weed.

These weeds could include Texas wintergrass, carrot weed, annual rye grass, dandelions, chickweed, wild verbena or henbit.

Now is a good time to control those unsightly weeds.

There are some good products on the

market to assist in the eradication of weeds. This includes Roundup, Doomsday, Endothal, Phytol 560 and Wipeout.

Each should be used with a surfactant. The surfactant will assist in loosening surface tension of the leaf in order to get good coverage. Applying at one ounce per gallon is sufficient. Roundup is a non-selective herbicide. This means that it will kill any plant it gets on whether it is a broadleaf or grassy weed. Endothal works well on grasses and is limited to broadleaf weeds like carrot weed and chickweed. Wipeout is selective to broadleaf weeds only. This includes dandelions, henbit, chickweed, carrot weed. Phytol 560 is selective on grassy weeds.

By controlling these weeds now the lawn will have less competition as it begins to break dormancy and give the lawn a head start at being the "nicest lawn on the block".

Munday School Lunchroom Menu

February 6-10, 1989

BREAKFAST

Monday - Cereal, juice, milk.
Tuesday - Sausage, toast, jelly, juice, milk.

Wednesday - Cinnamon toast, juice, milk.

We were going to have a party
To celebrate your being forty,
But since you're just thirty
We're going to play dirty.
Gorilla flanks and he-goats
Are on their way,
To celebrate with Lucy
Who will be on display.
So don't be worried
And don't be shy,
Because you're only thirty once
In this lifetime; that's why.
And just to ensure a good time
On your special day,
The statue of liberty is being shipped
And is on its way.
HAPPY BIRTHDAY, TIM!!

AGRICULTURAL MILESTONES

FIFTY YEARS AGO, when rangeland pasture grasses went dormant in winter and were low in nutrients, livestock owners with foresight fed silage, hay or cottonseed cake.

But weight loss of livestock was expected and the usual management practice was to "just get 'em through the winter." However, Texas Agricultural Experiment Station scientists were advocating the use of winter pastures in Texas and researching which grains and other grasses grew best and provided the most nutrition.

Today, as a result of these studies, winter pastures in Texas are commonplace and our livestock industry is heavily dependent on them. A major portion of such pastures is provided by fall-planted grains, such as wheat, oats, rye, or barley, which grow during the winter months and provide lush grazing for livestock.

These pastures will go ahead and make grain if livestock are removed early enough in the late winter or early spring. Good managers can provide almost year-around grazing by supplementing native rangelands with improved pastures.

IN THE LAST century and well into this one, a disease called pellagra was widespread in the South, resulting in hundreds of deaths each year.

It was caused by malnutrition when diets relied too heavily on corn meal and grits, both low in niacin, the pellagra-preventing vitamin.

During the 1940s there was a rapid, continuous decline in the reported incidence of this disease. However, in 1950 there were still 395 cases and 42 deaths reported from the disease for the year.

Texas Agricultural Experiment Station scientists in the 1950s, working with the Texas State Nutrition Council, ran tests that proved the value of enriching corn products with thiamin, riboflavin and niacin.

As a result, it was advocated that only enriched corn meal and grits be sold in the State.

Today, corn meal, grits, masa, and similar products are routinely enriched with thiamin, riboflavin and niacin. The Texas Department of Health reported no deaths from pellagra in 1987.

Vera Happenings

By Mrs. Thelma Coulston

Mr. and Mrs. Douglas Gore of Trent spent the weekend with his mother, Mrs. Mary Lou Gore. Sunday they visited Mr. and Mrs. Wallace Gore in Seymour and celebrated Mary Lou's birthday.

Mrs. Corrine Parrish of Franklin visited Thursday through Monday in the homes of her brothers, Mr. and Mrs. J. Winston Feemster and Mr. and Mrs. Clyde Feemster and her mother, Mrs. Lona Feemster in Brazos Valley Nursing home in Knox City.

Mrs. Velma Short of Dallas, Mrs. Cloris Reeves of Clyde and Mrs. Erma Jean Boggs of Anson spent Tuesday in the home of their sister-in-law, Mrs. Ola Mae Nichols and Lori.

A community Valentine party will be held at the community center Saturday evening, February 11, beginning at 7 p.m. Entertainment will include free bingo games and forty-two. Everyone is invited.

Roland Wuthnow of Manchester, Kansas was a recent visitor in the home of his friends, Mr. and Mrs. James McGaughey.

Mr. and Mrs. Carl Coulston were visitors in the home of their daughter, Mr. and Mrs. Jim Berrier and family in Lubbock. While there they were accompanied by Vicki to Hale Center where they visited Mrs. Coulston's sister, Mr. and Mrs. C.D. (Buster) Tanner.

Mrs. Reba Nix of Munday and Alton Lee Patterson of Wichita Falls spent Sunday with their mother, Mrs. Henry Patterson.

Visitors in the Harold Beck home were Mr. and Mrs. Kent Beck and family of Duncan, Okla. and Mrs. Carol Brooks of Seymour.

Mrs. Kevin Trainham and son, Stoney, of Moran, were weekend visitors with her parents, the Dalton Gores and Mr. and Mrs. Jerrell Trainham.

Mrs. Tom King of Munday returned home Saturday after spending the week with a daughter, Mrs. Lorain Patterson. Violet spent Saturday night with her sister, Mr. and Mrs. Sonny Crawford in Munday and was a recent visitor with Betty Ward of Seymour, who was a patient in General Hospital in Wichita Falls.

Mr. and Mrs. Jerrell Trainham visited in the Bobby Laird home in Haskell on Tuesday. They were business visitors in Wichita Falls on Thursday.

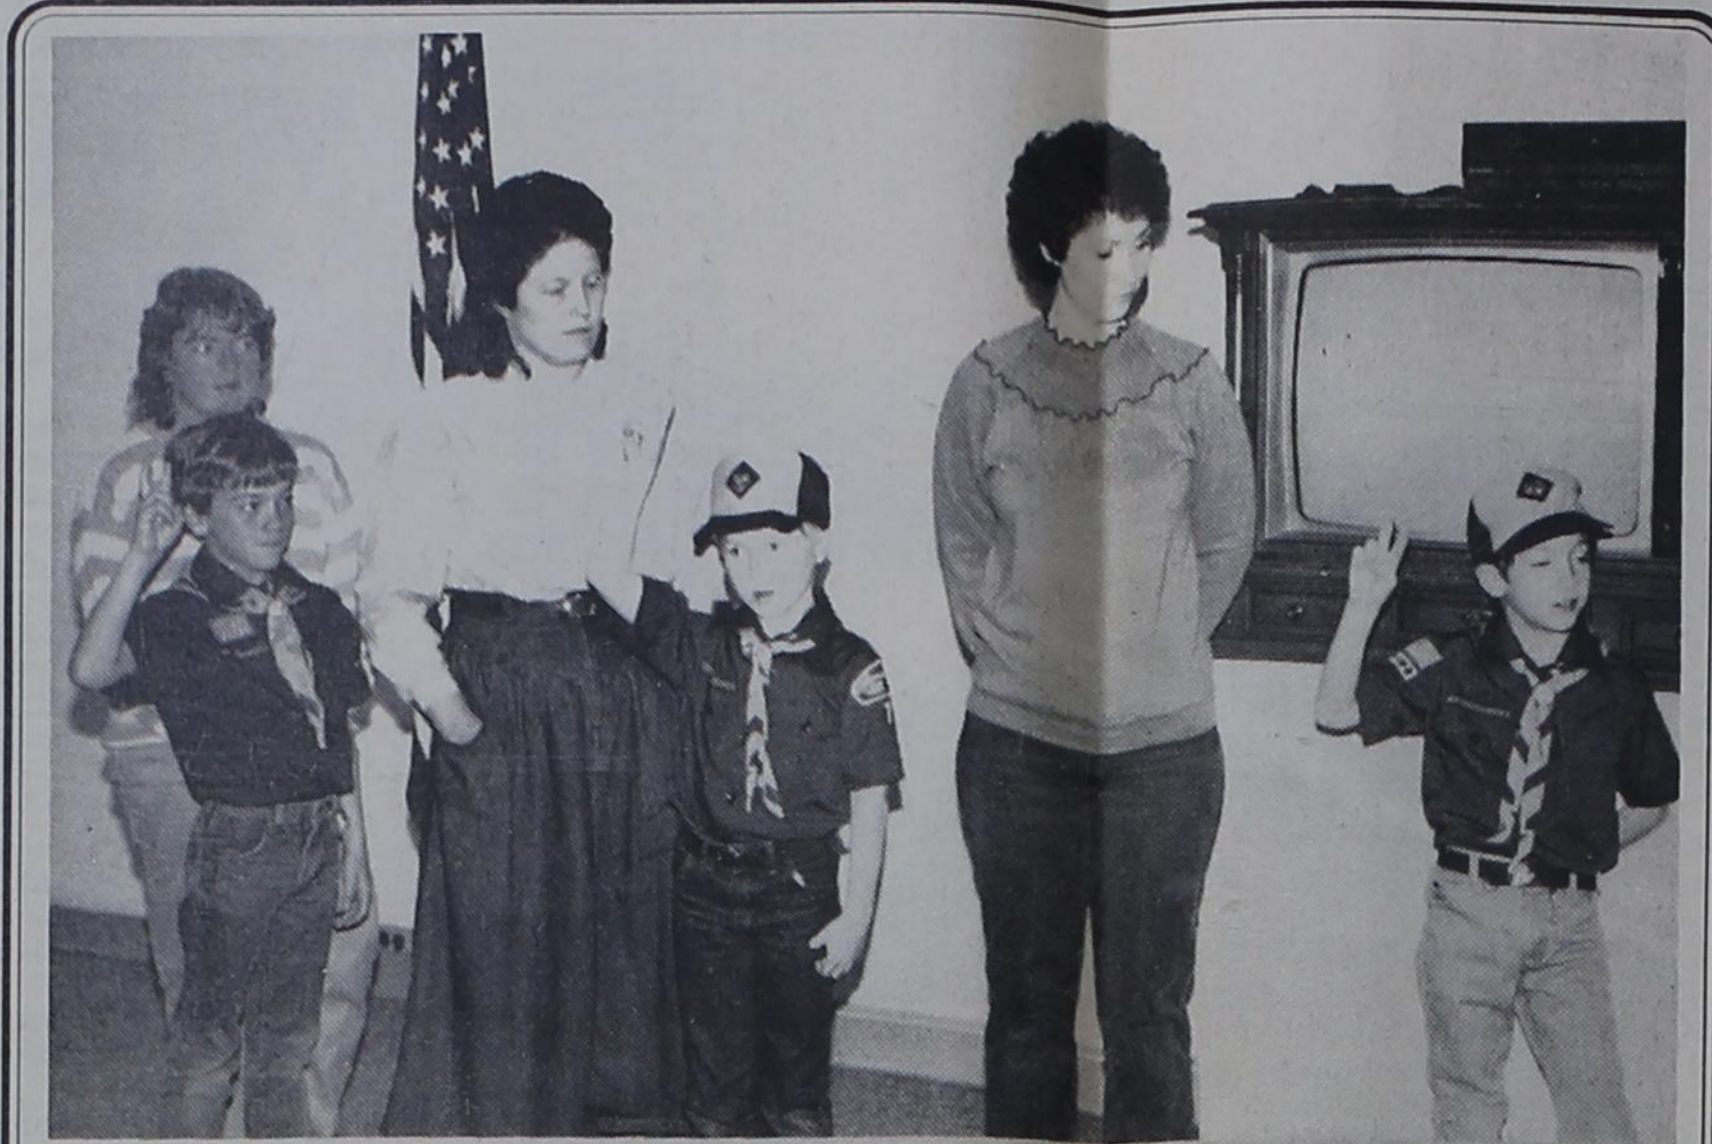

He Is Alive!

By Rev. Wayne Varnell
First Baptist Church, Goree

It would have been great to have walked with Jesus when He walked on this earth. Yet, Jesus Himself tells us that it is to our advantage that He return to the Father so that the Holy Spirit could come to us. (Jn. 16:7). If He had remained on the earth then He never would have gone to the cross, died for our sins, and been raised to return to the Father again. It is to our advantage that He returned to the Father through the cross.

If He had remained in His physical body then we might have been able to get hold of Him from time to time. But remember that there are four billion other people on our planet. So, it is to our advantage that God the Son return to God the Father so that God the Holy Spirit could come dwell inside every believer. A Christian doesn't just walk beside God along a path - God dwells within us.

Now it is to our advantage that Jesus returned to the Father through the events of the cross, burial, and resurrection. It is also to our advantage to come to God by trusting in this person Jesus. For He alone can bring you into the proper relationship with God. He Is Alive!

CUB SCOUTS from Pack 76 in Munday, with reassurance from their mothers, repeated the Cub Scout Promise in an awards ceremony held Monday night at First United Methodist Church. The scouts were awarded Bobcat badges during the ceremonies. Pictured left to right are Cheryl Urbanczyk and son Nathan, Karen Pearce and son Justin and Kim Brockett and son Justin. Kim also serves as den mother for the boys. Donald King Jr. earned his Bobcat badge but was not present for the ceremony.

Through Donations, Memorials And Fund Raisers

Purchase Of New Ambulance Becomes Reality For EMS

It took a lots of fund raisers, numerous donations and memorials, and an extra amount of hard work, but the goal of the Munday Emergency Medical Service has finally been realized.

On December 12, 1988, a new 1988 custom-built Ford van was delivered to Munday. Cost of the unit was \$36,000, less a \$10,000 trade-in on the 1984 Ford. New radio equipment costs totaled \$1,917. It is interesting to note that Munday's first ambulance purchased in 1977 cost less than half this amount.

The new vehicle was custom built to specifications set by EMS volunteers. Volunteers selected what they believed to be the best features from several different models and styles and incorporated them into the Munday unit. By doing this they felt the needs of the community could be better served.

The ambulance is equipped to carry three patients at one time and has all conveniences to care for patients while in transit. It also has an intercom system, and complete new radio system. In addition to the driver and attendant being in constant contact with each other, the vehicle has a walk-through aisle from front to back as in the old model.

The ambulance is equipped with life

Locals' Grandson Wins Honors At Stock Show

Scott Howry exhibited the Grand Champion swine during the market swine show at the Baylor County Junior Livestock Show held January 21 in Seymour. He also received the Glenn Plummer Memorial Award and was the high point individual in the swine show, and was presented a belt buckle.

All these honors came to Scott on his 16th birthday. He is the grandson of Dorothy Lee Howry and Mr. and Mrs. Floyd Offutt, all of Munday.

MVFD Auxiliary To Meet At DQ

The ladies auxiliary of the Munday Volunteer Fire Department will meet Thursday evening, February 2 (tonight) at 7 p.m. at the Dairy Queen.

All members and interested parties are encouraged to attend.

support equipment both recommended and required for state certification. This equipment includes cervical collars, suction, oxygen and masks, airways, bandages, gauzes, splints, spine boards, OB kit, poison kit, blankets, pillows, linens, IV equipment, glucose, stretchers and sphygmomanometers. In addition the local unit is equipped with a scoop cot, heart monitor, chair lift, mask trosser, incubation equipment and an inverter for electrical power. All this is housed in conveniently accessible cabinets and compartments.

Fund raising activities began in March of 1988 and continued until funds were sufficient to cover the expense of the unit, equipment and supplies. During that time, more than \$10,000 in memorials and donations were received from people in the community with the balance of the money coming from the fund raisers.

Munday can be proud of its newest addition to the emergency equipment

fleet and although there is no indebtedness against the ambulance unit, expenses for supplies and operation will continue.

"We can't thank the community enough for their support and we appreciate everyone who helped us reach our goal," Bobby Hutchinson, ambulance coordinator stated. "There is, however, a constant need for more funds. Supplies must be restocked regularly to meet state standards, and money for these supplies and other miscellaneous expenses comes from the EMS fund."

Mr. and Mrs. Grady Phillips Celebrate 50 Years Together

Mr. and Mrs. Grady Phillips were honored with a reception Saturday, January 21, in observance of their 50th wedding anniversary. Hosts for the special occasion were the couple's children, Barbara and Clovis Cagle of Wichita Falls, Glen and Nikki Phillips of Brenham, their grandchildren, and great-grandchildren.

Elvis and Grady met when they double dated with Grady's friend, Orville Strick-

Moguls In First Place Tie With Knox City

Regular Season Cage Action Ends Friday

Regular season basketball action will come to an end Friday night when the Moguls and Mogulettes play host to Goree.

The Mogulettes ran into tough times this past week as they lost two crucial district contests to Benjamin and Knox City. Benjamin and Knox City are presently tied for first place in district and Munday is forced to take a third place finish. The district winner will be determined in a game between Knox City and Benjamin on Friday night at Knox City.

The Mogulettes' season record is now 15 wins and 10 losses and their district record is 4 wins and 3 losses.

The Moguls are currently tied for first place with Knox City, following their 45-37 loss to the Hounds last Friday.

In Tuesday nights game against Benjamin, the Mogulettes were defeated by a very close 28-27 score. The winning basket was scored with only six seconds showing on the clock. Scoring was close throughout the game, with the lead changing many times. Munday could manage to hit only 10 of 31 shots from the floor for 32%, but did hit 7 of 10 free throws for 70%. Scorers for Munday were Mindy Myers with 13 points, April Offutt, 7; Christy Williams, 5; and Jae-Jae Reneau, 2.

On Friday, Munday was defeated by Knox City by a 57-42 score. Munday again was cold from the floor, hitting on 19 of 58 shots for a 33% shooting average. Munday also was cold at the free throw line, hitting on 5 of 13 free throws for a 38% free throw average. However, good hustle and determination by the Mogulettes kept them in the game.

Scorers for Munday against Knox City were Mindy Myers, 17 points; April Offutt, 8; Christy Williams, 7; Angie Offutt, 6; and Jae-Jae Reneau, 4.

The Moguls traveled to Goree on January 17 and came away with an 80-47 victory. The Moguls led 22 to 13 the end of the first quarter. The Goree team tried to stay close, but trailed 40-28 at halftime. The Moguls totally dominated the third quarter scoring 28 points to Goree's 6. Score at the end of three quarters was 68-34. Kent Sanders poured in 29 points for the Moguls followed by Perry Collier with 17 and Chad Bordovsky with 12. Garcia had 15 points for Goree. Dixon and Mitchell followed with 11 each.

On Friday, January 20, the Moguls traveled to Rochester and brought home an 87-64 victory of the Steers. Perry Collier was high scorer with 20 points, followed by Kent Sanders with 19, Terry Collier with 17 and Chad Bordovsky 16. Tibbets, Connor and Wyatt led Rochester with 20, 11 and 10 points, respectively.

The Moguls hosted the Knox City Greyhounds on January 27. A victory for the Moguls would have wrapped up the District championship, but Knox City denied the Moguls the honor. The Greyhounds came out on top by a 45-37 score. The Hounds led by small margins the entire contest and Munday closed the gap to two points with 3 minutes and 40 seconds remaining in the contest and a chance to tie from the free throw line. Billy Large, who had not scored for Knox City up to this point, hit seven points for the Greyhounds during the last three minutes of the game. Wupperman was high scorer for the Hounds with 13 points and Chad Bordovsky had 15 for the Moguls.

EQUAL HOUSING

Knox County Konnections

By Jane Rowan
County Extension Agent

EAT MORE VEGETABLES

Contrary to popular belief, starchy vegetables, such as potatoes, corn, green peas, and dry beans are not high in calories. But calories mount up quickly when vegetables are fried or when sweet or fatty sauces and seasonings are added.

Vegetables are naturally low in calories, fat, and sodium and are good sources of important vitamins, minerals, and dietary fiber. Let the natural flavor of vegetables come through. Use less butter, margarine, salad dressing, honey, salt, and soy sauce to keep down the extra calories, fat, sugars and sodium.

Use a minimum amount of water and cook vegetables just to the "tender-crisp" stage so they look and taste best and retain more nutrients.

Add herbs and spices to enhance flavor. Start with 1/8 teaspoon for 4 servings and then let your taste be your guide.

SPRING FLING PLANNED

The "Center" of attention! That's what mature adults 55 and over will be at the Texas 4-H Center on Lake Brownwood when hundreds will participate in the Ninth Annual Spring Fling during April and May.

Sponsored by the Texas Agricultural Extension Service, five consecutive weeks are offered from which men and women alike may choose: Spring Fling I, April 4-7; Spring Fling II, April 11-14; Spring Fling III, April 18-21; Spring Fling IV, April 25-28 and Spring Fling V, May 2-5.

Featured education programs and

activities offer a wide variety of topics for all who attend. Topics include exploring insurance options, cooking demonstrations, new tax laws, floriculture, and more. Energizing and relaxing recreational opportunities will be available as well as fellowship and making new friends.

Learning Centers will offer hands-on experience in a variety of areas such as oil painting, wind chime making, needlecrafts, antique restoration, country crafts, collectibles, and more.

Boat rides, guided nature tours, and fishing on Lake Brownwood add popularity to your stay. Swimming in the olympic-sized pool, lighted tennis courts, horseshoes, billiards, volleyball, shuffleboard, dominoes, and card and table games round out the event.

Special theme of "Spring Roundup" will provide a festive atmosphere to the newly expanded facilities. Thursday night's theme party will feature "The Wild, Wild West!"

Spring Fling! 55 or older? It's for you! Each weekly event is limited to the first 125 participants at the nominal cost of \$89 per person. Get away and learn to make the most of the best years of your life. Call the county Extension office today at 454-2651 or Ruby Cockerell at the Knox County Aging Services, 658-3618, for more information.

The first submarine was a leather-covered rowboat which Cornelius Van Drebbel, a Dutch scientist, demonstrated in England in about 1620.

A message from The Billy Graham Film Ministry...

When was the last time you told someone about Jesus Christ? Or invited someone to an evangelistic meeting? Need some help to get going? Here's an effective way... invite someone to go with you and see...

Weinert News

By Mrs. Myrtle Phemister

We measured six tenths of an inch of rain this week, and the two days of moist weather were enjoyed very much. The wheat is looking good, but we still need more rain.

We have no sick to report, for which we are grateful.

Our birthday people this week include Heather Guess, Daniel Earle, Joey Erazier, Betty Sanders, Kim Stewart, Amy Castillo, Helen Turnbow, Chet Forehand and Jody Ejems. Happy Birthday, all!

Celebrating wedding anniversaries will be Harvie and Lenora Griffis and Buck and Helen Turnbow. Congratulations! There will be lots of parties in Weinert this week.

Time and space prevents listing all those who made the trip to Munday on Sunday afternoon to help Pud and Susie Brockett celebrate their 60th wedding anniversary. Suffice it to say, Weinert "turned out" to honor this gracious and good couple, and congratulate their children who were all raised here. Pete and Imo Brockett hosted the party in their home.

Heather Guess was honored with a birthday party for her eleventh birthday on Sunday, hosted by her parents. All her Weinert relatives were guests. Special guest was her aunt, Christy Herricks of Graham.

BOY SCOUTS

Congratulations to Cory Wood, son of Bob and Melanie Wood, for winning first place in his Webelos division at the Pinewood Derby car race held in Haskell on Saturday, January 28.

Cory will advance to the district race, which will be in Stamford on February 5 at 2 p.m. We congratulate all our scouts who built cars, and entered the derby. You are all winners.

The Scouts Blue and Gold Awards Banquet will be held Saturday night in Haskell. Sunday, February 5, is National Boy Scout Day, and all the Weinert scouts will attend church together at the First Christian Church in Haskell.

Our sympathy is extended to the Sargent family, especially to the Johnny Sargents, and to the Harlan family, upon the untimely death of Kelly Sargent, daughter of Mr. and Mrs. Johnny Sargent, who was killed in a car wreck last week. Besides her parents, she is survived by a three month old daughter. The Sargents are former residents of Weinert. Attending the memorial services in Amarillo, from Weinert, were Ricky and Karen Harlan.

Weinert also extends sympathy to Irene Logsdon and family, whose husband, Justin Preschel, passed away last week and was buried in Haskell on January 20. The Logsdon family are former Weinert residents and Irene's niece, Mrs. Nelta Reeves, still resides here. Nelta and T. E. attended the memorial services, as did many others from Weinert.

OUT OF TOWN
Superintendent H. L. Guess is in Austin this week attending the mid-winter superintendents conference. Ted and Faye Jetton were in Holliday for a visit in the home of their daughter, Mr. and Mrs. Claude Young.

D. I. and Mattie White were in Ft. Worth visiting in the home of their daughter, Jim and Sue Hackney, and granddaughter, Mr. and Mrs. Claude Young.

Mr. and Mrs. Ed Murphy accompanied their children to Jayton on Saturday for the tumbling event held there, in which their son, Lane, won first place in his division, and their daughter, Shawna, won first place in her division. Congratulations to each of you.

They were accompanied by their grandmother, Alice Yates. The children are part of the Haskell Lone Star Tumblers, and will advance to other competition.

Todd and Angela Herricks flew his grandfather, Roy Herricks, to Lovington, New Mexico, last week for a visit with Roy's sister, Pearl Covington, who has been quite ill. Roy reported a beautiful trip, a lovely day for flying, and recommends it as "the way to go".

Our children had no entries in the county stock show, but we had some winners anyway, as the W. R. Hagers' grandchildren, Justin and Heather Stewart of Haskell, won Grand Champion and Reserve Champion. Congratulations, Hagers! Justin is 10 years old, and Heather is 12.

Extension Club members who helped at the concession stand for the county stock show were Alice Yates, Betty Sanders, Debbie Crump, Faye Jetton and Jimmy Weinert.

VISITORS

Bobby and Barbara Jenkins of Waco were in town and visited in the home of Doris and Jerry Walker. Other guests of the Walkers were their daughter, Cindy Parrott, with Justin and Rance of Wichita Falls.

Butch and Sidney Pharr of Cisco spent the weekend in the W. R. Hager home and attended the Haskell County Stock Show with them on Saturday.

Mr. and Mrs. Glenn Merchant and Mr. and Mrs. Sam Wester of Haskell visited friends in Weinert on Tuesday night.

Dinner guests at the Marvin Phemister home on Sunday were Mr. and Mrs. Wayne Phemister, with Lee, Laura and Lincoln of Avoca; Missy Phemister, Mr. and Mrs. Randy Phemister, Dacia, Joseph, Deshea and Geoffry; and Roy Forehand and Sandy Horton of Haskell. Ricky Phemister came in the afternoon.

The occasion was a celebration of the "renewal" or "revival" of the Weinert Church of Christ, which as you know, has been semi-dormant for several weeks, and Sunday was the new beginning of services.

Wayne and his family came for the day, and was guest speaker at the Bible Class and also for the worship hour.

For Bible class, the study was the introduction to the book of James, which will be the study text for the next few weeks.

For his Revival topic, Wayne used Hebrews 12:12 and following verses, as he commended those present for their decision to renew their commitment to the Lord by continuing to meet in Weinert.

He ended his dissertation by using Hebrews 13:12 and following verses, urging the members to remember this as their 50th year for the Weinert church, and as they have sent out countless numbers of young men and women to the mission field, so they can continue to do so, with God's help.

The church services are to be: Bible study at 10 a.m., communion at 10:45, song service and preaching at 11 a.m. and 6 p.m. Visitors are always welcome.

Chesley Forehand will be the speaker on February 5, and Weldon Walling of Knox City will speak February 12.

Weinert Extension Club will meet February 7 in the home of Alice Yates at 2 p.m. with Jimmy Weinert and Agnes Winchester bringing the program titled, Financial Record Keeping, and Taxes. Visitors are always welcome.

"Skip" Cure Dies Friday In Garland

Gary L. "Skip" Cure, 50, a former Munday resident, died Friday, January 27, 1989, of natural causes, in Garland Memorial Hospital.

Services were held at 4 p.m. Saturday, January 28 at Restland Memorial Chapel in Dallas. Rev. Scott Coy officiated. Graveside services were held at 3 p.m. Sunday, January 29, at Gilliland Cemetery under the direction of Restland Funeral Home in Dallas.

Cure was born August 27, 1938 in Gilliland and attended Gilliland Elementary School. He moved with his family to Munday in 1953 and attended Munday High School where he graduated in 1956.

Following graduation he attended Arlington State College. He helped lead his college football team to the Junior Rose Bowl Game in Pasadena, California in 1957.

Cure was one of the founders of the North Garland Raiders Club - the high school booster club, was active in North Garland little league activities and served as president of the pony league.

He was in the wholesale food business for more than 20 years and most recently was a salesman for Oscar Mayer. Cure was also a member of the Garland Bass Fishing Club.

He is survived by his wife, Janet; his mother, Gwendolyn B. Cure of Wichita Falls; two sons, Mel of Dallas and Chris of Tulsa, Okla.; a daughter, Courtney Johnston of Tyler; a stepdaughter, Julie Johnson of Dallas; a sister, Peggy Ritchie of Wichita Falls, and three grandchildren.

Family members request that memorials be sent to the American Heart Association.

Some people once believed that unless the king sat up at all times, no winds would blow and all navigations would be endangered.

THANK YOU MUNDAY VFD

We would like to thank the Munday Volunteer Fire Department for their quick response to our fire Tuesday morning.

We are so lucky to have a group of men who will drop what they are doing and rush to a fire call.

Thanks again,
Lewis and Margaret Urbanczyk

Public Notice

NOTICE TO BUILDING CONTRACTORS

Sealed proposals addressed to Lawrence Harmel, president of the Board of Trustees for the Seymour Independent School District, Seymour, Texas, from sub contractors and material suppliers for the addition to and remodeling of Seymour Elementary School building, for Seymour ISD, Seymour, Texas, in accordance with the contract documents prepared by Harper Perkins Architects, will be received at the Superintendent's office, 409 W. Idaho, Seymour, Texas by 3:00 p.m. CST, February 14, 1989. Proposal will be publicly opened and read aloud at that time. The bids will be studied and presented to the school board at the earliest possible meeting date after receipt of bids. Seymour ISD will be acting as Construction Manager for this project.

This project is a "Public Works" project and labor standards and practices set forth in various annotated Civil Statutes of the State of Texas shall be complied with.

Drawings and specifications may be examined without charge at the office of Harper Perkins Architects, 4724 Old Jacksboro Highway, Wichita Falls, Texas, and at the Seymour Independent School District, Seymour, Texas, and in the plan rooms of Dodge Reports located in the Parker Square Bank Building in Wichita Falls; Dodge Reports at 1111 West Mockingbird Lane, Suite 1200, Dallas, Texas; ScanPhototronics, Inc., 1111 West Mockingbird Lane, Dallas, Texas; Dodge Plan Room, 3840 Hulen, Suite 126, Fort Worth, Texas; Texas Contractor, 2510 National Drive, Garland, Texas; AGC Plan Room, 417 Fulton Street, Fort Worth, Texas; Dodge Reports, 310 North Willis Street, Suite 217, Abilene, Texas.

Complete sets of drawings and specifications and contract documents may be obtained from Harper Perkins Architects upon payment of a deposit of two-hundred dollars (\$200) as a guarantee of the safe return of the drawings, specifications and contract documents. Additional sets may be obtained by payment of fifty dollars (\$50) for each set of drawings and specifications. Additional sheets from the drawings may be purchased at the rate of fifteen cents (.15) per sheet. Purchased sheets from drawings and specifications will have the appropriate sales tax and mailing cost added to their cost. All payment of reproduction costs are the property of the Architect and must be returned to him.

Each proposal must be accompanied by a bid bond, cashier's check, or certified check for 5% of the amount of the proposal, and payable unconditionally to Seymour Independent School District. No bid may be withdrawn for a period of thirty (30) days subsequent to receipt of bids without the consent of the owner.

The owner reserves the right to reject any/ or all proposals and to waive any/ or all informalities. 18-2tc

NOTICE TO BANKS OF KNOX COUNTY

As authorized and required by Art. 2544, V. C. S. State of Texas, the Commissioners' Court of Knox County at their regular meeting place will accept bids for designation as County Depository for Knox County funds until 10:00 a.m., February 13, 1989. Any banking concern within the county desiring appointment as depository bank will file their bid application with the County Judge of Knox County and must be in his hands by 10:00 a.m. February 13, 1989.

David N Perdue
County Judge
Knox County, Texas 18-2tc

Goree News Items

by Mrs. Grace Smith

HOSPITAL NOTES

Mr. and Mrs. Felton Lambeth were in Wichita Falls last Thursday to see their eye doctor. While there they also visited their son and wife, Mr. and Mrs. Cordas Ray Lambeth.

ATTENDS FUNERAL

Mrs. Pauline Beecher and her daughters, Joyce Greenwood and Nell Haskin of Lipan, attended the funeral of Kelli Sargent in Amarillo last Tuesday. Kelli died from injuries she received in a car wreck. She was the daughter of Tommy Ruth (Harlan) Sargent and the late Johnny Sargent of Amarillo.

ATTEND ANNIVERSARY

Mr. and Mrs. Bobby Reeves, Chris and Courtney of Lubbock and Mr. and Mrs. Mark Coffman, Drew and Jordan, visited their grandmother, Mrs. Ruth Coffman, during the weekend. They attended the 60th wedding anniversary celebration of their grandparents, Mr. and Mrs. G. C. Brockett, at Weinert on Sunday.

HERE AND THERE

Kenneth and Ted Cole of Dallas visited John Cole last Wednesday. They also visited in the Archie Struck home.

Mr. and Mrs. Mutt Chamberlain visited Fred Jones at the Haskell Nursing Center last Monday. They visited Mrs. Bobbie Oneal in Seymour on Thursday and Mrs. Otie Fay Coady at the Knox County Hospital on Friday.

Mr. and Mrs. Joe Hunt, Jodie and Shelbye of Vernon visited his parents, Mr. and Mrs. George Hunt, on Sunday.

Visiting Mrs. Winnie Howry on Saturday were her son and family, Mr. and Mrs. Tommy Howry and Tommy II of Levelland, and her granddaughter, Mrs. Anna Gray of Joshua.

Mr. and Mrs. Bobby Crane of Tuscola visited his sister, Mr. and Mrs. Wallace Roberts, and her grandmother, Mrs. Genevieve Tyler, Saturday and Sunday.

Jimmy Dale Beaty of Greenville, Mississippi, visited his parents, Mr. and Mrs. Ewen Beaty, Saturday night. He also visited his daughters and families at Knox City and Munday.

Mr. and Mrs. Merle Lambeth visited her brother, Fred Jones, at the Haskell Care Center on Friday.

Mr. and Mrs. Carl Echols visited their mothers, Mrs. Addie Underwood, at Seymour and Mrs. Allie Echols at Olney on Saturday.

Mrs. Bea Mitchell of Munday visited Mrs. Mable Jacobs and Jeanette Sunday afternoon.

Mrs. Betty Spann of Iowa Park visited Mr. and Mrs. Louis Hutchens last Wednesday. She also visited Ruth Hammons and Estelle Rinehart.

Mr. and Mrs. Archie Struck visited Mr. and Mrs. Ronald Guier of Phoenix, Arizona, in the home of Mrs. Earline Meinzer at Benjamin during the weekend.

Mr. and Mrs. Felton Jackson and Andy and Mrs. Daisy Gaither of Munday visited Mr. and Mrs. Leon Looney, Mr. and Mrs. Dale Maynard, and Mrs. Marge Hardin in Garland and Mr. and Mrs. Ronnie Hardin in Lockney during the last weekend.

Visiting Mrs. Mamie Fitzgerald Sunday afternoon were Mr. and Mrs. Joe Hunt, Jodie and Shelbye of Vernon and Mrs. Mildred Fitzgerald and her daughter and Mrs. Ruth Fitzgerald of Seymour.

Visiting Mrs. Elizabeth Watson during the weekend was her son and family, Mr. and Mrs. David Watson and Johnny, of Bridgeport and her granddaughter and husband, Mr. and Mrs. Dave Oaks of Lubbock.

Benjamin News

By Mrs. Gladene Green

Well, here it is, time again to put into writing the past weeks "goings on" in and around Benjamin. Gee, that sure does come around pretty often when happenings are as few as they have been since the first of the year. If it were not for ballgames, there just wouldn't be much to tell about.

And speaking of ballgames. Last Tuesday night's game in Munday against the Mogulettes was a hum-dinger!! Just the kind you like to watch and the kind that would be a lot less nervewrecking had we (Benjamin folk) known what the outcome would be. When the final buzzer sounded it was Benjamin 28-Munday 27. Francine Redder scored 18 of those 28 points, Kelly Westmoreland had 4 and Christi Whitten made 6. Christi's last two came in about the last 10 or 15 seconds of the game. Up until then it looked doubtful that we would come home with a victory. But, be that as it may, we did win and because of Knox City's win over Munday Friday night, we stand tied with our Knox City friends for first in the district. Friday night will change all that as we meet the Houndettes in their gym for the final game of regular season play.

Friday night's game in Benjamin proved to be a run-away. Meeting Rochester for the second time this season, our girls won by a score of 71-37. Christi Whitten scored high with 24 points, Francine had 22, Kelly made 17, Rhonda Whitten had 2, Rebekah Duke made 4 and Sandra Balones had 2. We meet Goree on Tuesday in their gym. The season's nearly over. Why not make an extra effort to be in Knox City Friday night? It's going to be a tough game and our girls need all our support!

ATTEND FUNERAL SERVICES

Aliene Groves and I attended the graveside services for Gary Leon (Skip) Cure Sunday at the Gilliland Cemetery. Skip died Friday at his home in Dallas. There were lots of friends there whom I hadn't seen in quite some time. Among them were Lewis McGuire of Waco, Park and Janice New and Jack and Katy New of Andrews and Betty Stodghill Lemaster of Houston. We all are of the class of 1954 and Skip's sister, Peggy Cure Richie, was also a member of that class. Sad as occasions such as these are, sometimes it's the only time we ever see a lot of our friends and even relatives, anymore. We all live hurried lives. We tend to necessities and neglect things that can be put off and sometimes, we put them off too long.

UNDERGOES SURGERY

Carl Engbrock underwent back surgery last Wednesday in the Bethania Hospital in Wichita Falls. Carl suffered an injury several months ago in an oil-field accident and the surgery was a result of that. He remains in the hospital

at this time but is making good progress. His parents, Joe and Julia Trepanier, were in Wichita Falls with him for the surgery.

Word from San Antonio is that Grace Snailum is doing real good. She's had some rough days but at this time is enjoying fairly good health. That's good news. We stay concerned about our friends.

I talked with Nell Hudson this afternoon. She is feeling better and is checking with several specialists both in Abilene and Wichita Falls and is hoping to get to the main cause of her problem before too long. Nell has finally realized that perhaps she should cut down on her farming and cowboying. She loves the outdoor life but her health is her primary concern now so she plans to stick to the inside work for a while.

And as I said last week, there's still a lot of flue-like "stuff" in the area. Several of the school kids have had it and a good many adults are over it except for feeling washed out as a result. Will be nice when everyone gets straightened out again.

JUNIOR HIGH BASKETBALL

Last Tuesday night the Junior High teams met Goree in a couple of games. The girls lost but the boys won. (My supplier of information didn't have the scores.) But in the boys game Ricky Trepanier had 13 points, Timmy Cash had 8, Jimmy Barrientez, 4 and Jason Redwine, 2.

TRIP TO VERNON

Last Tuesday a group of Benjamin folks, who refer to themselves as Senior Citizens, took the afternoon off and went to Vernon to the museum. They stopped off in Crowell and visited the one there, saw the doll collection we have heard about and other things of interest. Then on to Vernon for the tour. After that they all enjoyed supper at one of Vernon's nicer restaurants.

Those making the trip were Bill and Pearl Ryder, Kenneth and Jessie Roberts, Hes and Louise Hall, Jack Idol, Togo Moorhouse, Jimmie Klutts, Eunice Friday, Earlene Meinzer, Bea Parks, Ruth Ressel, Nora Duke, Ozelle Kilgore, Mary Hertel and Virginia Griffith.

They all had a good time and are trying to think of some other place to go!! And knowing them, they will come up with something.

The rain the past weekend was great. About .8 of an inch I think but when you haven't had any moisture for a good while, it sure looks like a lot. It'll do, until we can get some more.

FIRE DEPT. NEWS

The Benjamin VFD received a check in the amount of \$100 some time ago from the Farmers Mutual Insurance Company. This money was given to the department in appreciation for their efforts to keep fire losses to a minimum. Everyone appreciates it because we all know a volunteer department such as ours operates almost entirely on contributions.

HERE AND THERE

Katy, Jack and Katelyn New of Andrews visited her mom, Ruth Ressel, and her sister and brother-in-law, Jo and Dub Cartwright, Saturday night.

Weekend guests of Randy and Dorothy Hibdon and family were Mr.

and Mrs. Jeff Elkins and family of Hobart, Oklahoma.

Recent guests of Earlene Meinzer were Mr. and Mrs. Ronnie Guier of Phoenix, Arizona, Dorthy Yates of Dimmit, Kenneth and Ted Cole of Dallas and Mr. and Mrs. Archie Struck, Mable and Jeannette Jacobs and John Cole, all of Goree.

Jeff Christopher of Crowell visited me on Tuesday.

DeeAnn Lamb attended the Ronnie Milsap concert in Wichita Falls Sunday.

Joe and Peggy Dillard of Lubbock spent Saturday with her mom, Audrey Nolan, in the care home at Knox City. Audrey is doing well these days. She has had some difficult times, but right now seems to be doing fine. She enjoys company.

Corrine Parrish of Franklin has been here the past few days visiting the Bobby Robersons and her mom, Lona Feemster, in the Knox City Care Home. Lona, too is doing pretty well and she, like Audrey, does enjoy having company.

Gary Hamilton and JoAnn Amburgey were married last Thursday by Justice of the Peace Imagean Young. The new Mrs. Hamilton is a native of Rowe, Missouri and the couple plan to reside in Benjamin. He is employed by Jerry Bob Daniel.

I received word on Saturday of the death of C.O. Glenn of Nocona. Mr. Glenn was a member of the Board of Directors for the Red River Authority and was a good friend of ours. He was especially well-known by the folks in the Truscott-Gilliland area, because of the water business.

Also, I extend personal sympathy to Lee Bruce and family in Munday and also Ivalene Bruce Pierce and family, who now are residing in Megargel, but are former Benjamin residents, on the death of their father, Ivan Bruce. Ivan died this past weekend in Dallas.

Watermelon Growers To Vote On New Marketing Program

by Donnie Peters
Knox County Extension Agent

The U.S. Department of Agriculture has set February 6-21 for watermelon growers and handlers to vote on a proposed research, advertising, and sales promotion program to improve the position of watermelons in the marketplace.

J. Patrick Boyle, administrator of USDA's Agricultural Marketing Service, said the program would operate at no cost to the federal government. It would be financed by an assessment of up to 2 cents per hundredweight on watermelons, paid by farmers who grow five or more acres of watermelons and by first handlers - the dealers who buy directly from farmers. Those growers and handlers are eligible to vote in the referendum, Boyle said.

A grower of five or more acres of watermelons who also handles watermelons would pay assessments for each function. Producers and handlers assessed under the program could request and receive funds.

A 29-member board representing watermelon producers, handlers, and the general public would administer the program. Twenty-eight members of the board would be appointed by the secretary of agriculture from nominations originating in the industry; one would

Seventh Grade Girls Close Out Cage Season

The seventh grade girls basketball team ended their season Monday night in an exciting game against Paducah which ended in an overtime 26-23 victory for the Munday team. The season record for the girls is 8 wins and 7 losses.

In other action last week, the purple team played Graham on Monday night and came away with a 12-10 victory. The gold team played Lueders-Avoca's regular junior high team on Thursday night and were defeated by a 29-5 score.

The purple team participated in the Haskell tournament during the week-end. In first round action on Thursday against Haskell, the girls were defeated 16-15. On Saturday the purple and gold teams combined in the tournament to beat Haskell by a score of 22-10.

Members of the seventh grade team are Melissa Berryhill, Michele Berryhill, Laura Burnett, Vanessa Caram, Robyn Clem, Andrea Longan, Mandi Moore, Monica Neito, Danette Owens, Teisa Porter, Toni Sellers, Sylvia Sepeda, Kerri Smith, and Leslie Wilde. Two other seventh graders who played some with the seventh grade team and some with the eighth grade team are Heather King and April Nuckols.

Earns BBA At Midwestern State

Penny Lee Goodwin of Munday was awarded a Bachelor of Business Administration degree in ceremonies held recently at Midwestern State University in Wichita Falls. She was among 200 students completing degree requirements in December.

Ms. Goodwin graduated with the honor of cum laude, having maintained a 3.5-3.69 grade point average.

be a public member appointed from outside the industry. Industry representatives would be divided evenly between handlers and growers. As in similar research and promotion programs, the board would develop plans with approval by the secretary of agriculture, and would oversee a small administrative staff managing the program's daily work.

Projects developed under the program would favor no particular production region or variety of watermelon grown in the contiguous 48 states.

To pass, the referendum must be approved by either two-thirds of those voting or a majority of producers and a majority of handlers accounting for at least two-thirds of the volume of watermelons represented in the referendum.

The National Watermelon Association originally proposed the plan, in accordance with the 1985 Watermelon Research and Promotion Act.

Notice of the referendum will be published in the Federal Register. Ballots, copies of the proposed program, and summaries of its major provisions may be obtained from county extension agents where watermelons are grown. Copies also are available from Richard H. Mathews, Marketing Order Administration Branch, Fruit and Vegetable Division, AMS, USDA, Rm. 2525-S, P.O. Box 96456, Washington, D.C. 20090-6456; telephone (202) 475-3916.

JV Mogulettes Beat Knox City In Overtime

For the fourth time this basketball season the Munday junior varsity girls beat Knox City's junior varsity, and for the second time in a row, it was done in overtime. Last Friday's score was 32-30, bring the younger Mogulettes' record to 13-6.

It was an exceptional come-from-behind win for Munday, as the girls were down by 10 points going into the fourth quarter.

Scoring for the Mogulettes were Misti Zeissel, 9; Bridgett Beaty, 8; Susan Whittemore, 4; Maria Jones, 4; Missy Alexander, 3; Chris Burnett, 2; and Missy Reneau, 2. Beth McPherson turned in a fine defensive effort as did Shanna Murphy, Kathy Welch, Dixie Reid and Tonya Kuehler.

The junior varsity girls' season ended Tuesday with a game at Stamford.

The skin is the largest organ of the body, accounting for about 16 percent of total weight.
