

COMPARING NOTES following the afternoon drug raid in Knox County were Henry Dancer, Knox County Sheriff; Gil Gillilan, Knox City Chief of Police; Frank Cleveland, commander of the West Central Texas Interlocal Crime Task Force of Abilene, and Marion Waggoner of the Munday Courier. A total of ten Knox County residents were charged with delivery of a controlled substance as a result of the arrests.

Area Residents Arrested In Afternoon Drug Raid

January 23, is a day that will long be remembered by many area residents as the date of the "afternoon drug raid".

Knox County Sheriff Henry Dancer and his two deputies, accompanied by Frank Cleveland, commander of the West Central Texas Interlocal Crime Task Force based in Abilene, District Attorney Bobby D. Burnett, and news media personnel swept through the community in search of suspected drug dealers. The midday raid was a culmination of a 10-month undercover search conducted by full-time police officials in Knox, Haskell and Jones counties. Also involved in the Thursday afternoon arrests were the Knox City and Stamford police departments, the Texas Rangers, game wardens and U.S. Marshals.

Nine Knox County residents, four from Munday and five from Knox City, were arrested Thursday afternoon. Taken to the Knox County jail from Munday were Bobby Lynn Dockins, 18; Stacie Yvette Eddington; Billy Ray Taylor, 25, and Jerry Don Shields, 23.

Arrested in Knox City for delivery of a controlled substance were John Eaton, 22; Freddie Garcia, 25; David Ortega, 29; Paul Garcia Jr., 21, and Carl A. Dever, 25.

Dockins, a former Mogul football standout, was expelled from the high school team last fall after testing positive for drugs. Prior to that time, he had been the starting

Gass Graduates From Texas Tech

James Gass, a Munday High School graduate, received his Bachelor of Science degree from Texas Tech University on December 21, 1991.

James is the son of Byron and Shirley Gass of Munday and is married to the former Angie Partridge. He is employed by High Plains Hospital in Hale Center as director of Cardiac Rehab and Physical Fitness.

Bruce Listed On UTA Honor Roll

Jeffrey Lee Bruce of Munday was among students listed on the "A" honor roll for the fall semester at the University of Texas at Arlington. To be named to this list students must maintain an "A" average in all subjects for the semester.

Jeff, a graduate of Munday High School, is the son of Lee and Diana Bruce of Munday.

Door Prize Winners Named At Joann's Greenhouse Opening

The grand opening of Joann's Flowers and Greenhouse last Friday and Saturday was marked with the announcement of doorprize winners.

First place went to Verlene Norwood, second to Allene Beaty and third to Dorothy Putnam.

The new business is located at 721 West Main in Munday.

quarterback for the football team, was named all-state linebacker and was a standout on both the basketball and track teams. He and the other Knox County suspects were arraigned Friday morning on charges of delivery of cocaine. Bond was set at \$50,000 each. As of press time, Dockins and Eaton had posted bond. As the paper went to press, it was learned that Willie Dockins of Munday, had turned himself in to law enforcement authorities.

The majority of the cases in the three county area were delivery of marijuana and cocaine, as well as some LSD and crack cocaine charges. In addition to the seven Knox County residents, eight suspects were arrested in Haskell County and 12 in Jones County.

All evidence confiscated in the investigation was sent to a lab in

Abilene. Delivery of a controlled substance is a first degree felony and conviction carries a sentence of 5-99 years in prison. However, due to overcrowded jails and the fact that only one prisoner is allowed per cell, 22 days is equal to one year of time served in a state funded jail facility. (In a federal penitentiary, inmates serve 90% of the sentence.)

It was pointed out by law enforcement officials that it is very difficult to effectively work narcotics in small communities as suspects know the uniformed officers, what kind of car they drive, where they live and their daily routine. Even taking that into consideration, the three-county crackdown was said to have put a major dent in several small town, interconnected drug rings.

Red Cross Blood Drive Slated For February 3

The American Red Cross is sponsoring a blood drive in Munday on Monday, February 3, from 3:00 to 6:30 p.m. at the Perry Patton Community Center.

"February is a month to show someone how much you care, and what better way to do that than to give blood," said Brenda Smith, volunteer blood drive coordinator for the American Red Cross Blood Services, Southwest Region. "This simple act of giving is one way to help save lives on a regular day to day basis."

"It is sometimes difficult for people to imagine that they would ever need blood. However, throughout the Southwest Region, thousands of people need blood everyday."

The Red Cross and its local

volunteers encourage all healthy individuals in the community who are at least 17 years old, weigh more than 110 pounds, and are in good health to join together to donate blood at the upcoming blood drive on February 3.

The Neals offer special thanks to Sandy King for coordinating the fund drive and to all the volunteers who put in many hours of diligent effort. The division chairmen for this year's campaign included John Loftin, business; Delores Lambeth, north residential; Diane Herring, south residential; Nancy Whittemore, southwest rural; Shirley Gass, northeast rural; Dolores Stewart, northwest rural; Leona Elliott, southeast rural, and Annelise Welch, Rhineland.

WTU Files Lawsuit Against CED Taxes

West Texas Utilities Company recently filed a lawsuit in Travis County to protect rights to property taxes it will pay to the state's new county education districts (CED's). WTU said it will pay its \$9.8 million in taxes, including \$4 million to CED's, by the January 31 deadline.

"The lawsuit is not being filed to deny necessary funds to the school districts, but to protect the rights of the company and its customers if the tax is declared unconstitutional," said Leon Sellers, area manager. "Property taxes are an expense that goes into the cost of the product or service for any business and eventually are paid by customers."

"Because payments made without filing this suit would be considered voluntary payments by the Texas courts, we have been forced to file a protective suit to reduce the risk of paying double taxes. We realize that the schools need the funds. That's why we do not want to withhold the taxes pending a court decision," Sellers said. WTU joined a number of other Texas companies in the action.

Cases now are pending before the Texas Supreme Court, raising questions about the legality of the Texas school property tax law passed in 1991.

The new law groups school districts into county education districts (CED's) in an attempt to ensure a more equitable distribution of school taxes. Property owners must pay 1991 school taxes to both the previously existing school districts and the new CED's, with the majority of the taxes allocated among the CED's.

The constitutionality of the new law has been widely questioned, and the Texas Supreme Court is expected to decide the issue in early February. If the court decides that the county education districts are unconstitutional, tax payments already made to those districts may be considered "voluntary" and not subject to re-

fund or credit. If the court rules that the tax is constitutional Leon Sellers said, WTU will drop its lawsuit.

WTU serves 178,000 customers in 52 counties throughout West Texas.

paint the murals on the walls of tax-supported buildings, such as courthouses, schools, and post offices. They were given two months to complete their work and their average pay ranged from \$25.50 to \$42.50 per week. A total of 44 Texas artists were selected to paint the murals as part of a federal government program meant to inspire a sense of pride in the past and hope for the future in the economically difficult time of the Great Depression.

Knox City High School is excited about being one of the sites selected to display this unique exhibit and would like to encourage residents from Knox County and the surrounding area to take the opportunity to view the life of New Deal Texans as seen through the eyes of Texas artists.

The Lord's Corner

by Dr. Pete Bradfield, pastor
First Baptist Church

If you've ever stepped on a bee while barefooted, you learned two things very quickly: (1) Bees take a dim view of being stepped on; and (2) Bees have an effective way of making that known.

Pain can be a wonderful teacher. It's just a pity that while we quickly learn to avoid bees, we tend to learn more slowly regarding sin. Yet the truths of the Bible, the testimony of the prophets, the teachings of Christ - all point to the same time-proven principle: SIN HURTS! Yet how often we tend to repeat even the sins which cause us - or those we love - damage.

How many times have you been stung by the same sin lately? Perhaps it's a bad habit you can't seem to break, or an unhealthy attitude you haven't dealt with, or a strained relationship you have yet to mend. Ask God to guide your "footsteps" today.

See you next week, and remember: the other person's sins, like the other car's headlights, always seem more glaring than our own.

"GRANDMOTHER" SHOWER

Several of Shirley Brown's friends surprised her with a "Grandma Shower" Wednesday night. The party was the brainchild of Betty Lyles, and her daughter-in-law, Tammy, assisted her in getting it accomplished. Shirley was indeed surprised when she was brought to the memorial building by Tammy on the pretense of "going with her a minute to do something". But Shirley, dressed in her lounging robe, was a good sport about it all and thoroughly enjoyed it.

Refreshments of finger sandwiches, chips, dip, cookies and punch were served and lots of gifts received for the "soon to arrive" grandchild.

Those attending were Shari Brown (who helped keep this all a secret from her mom), Joy Jones, Louise Hertel, Jo Cartwright, Philomae Roberson, Gloria West, Gladene Green and Jan Carver, all of Benjamin; Sue Oxford and Jan Rolston and Jennifer of Knox City; Stacia Antilley of Guthrie; and Betty and Tammy Lyles.

HERE 'N THERE

Bo Milson was in Wichita Falls for medical tests. She has to go back this week for further testing and, depending on those results, a decision will be made as to whether surgery is necessary.

I lost (as many did) a very dear friend Monday night when death came to Virginia Griffith. Virginia had battled cancer since March of '86 and had done pretty well until about July of this past year. She had been in the Care Home since August, but never gave up until the very last. She was a real fighter and will be missed by so many.

Among the relatives and friends here for her funeral on Wednesday were: Leon and Ladel Nolan and Larry Nolan of Odessa; E.W. and Louise Nolan and Dean and JoAnn Nolan of Andrews; Pat and Lynn Stephens of Safford, Arizona; Peggy Dillard and Wilma Littlefield of Lubbock; Debbie Nolan of Spur; Joe Paul and Jane Griffith and David and Diana Griffith of Austin; Doyle Griffith, Dorothy Anderson,

Grace Welch, Mae Bradley, Mr. and Mrs. Alton Hester, Jay Bob Eaton, Alice Wilson and Mr. and Mrs. Billy Ray Morrow, all of Knox City; Vivian Hendrix of O'Brien; Joe and Mozelle Fletcher of Rochester, and Diane Herring of Munday.

Katherine Hertel and Mr. and Mrs. Bill Boyd of Fillmore, Oklahoma visited Rex and Maretha Patterson a few days last week. They were all in Abilene Friday to be with Lee Bivens, who underwent a triple bypass in Humana Hospital. Also with them were Leon and Olga Bivens and Tom Tat and Nina Bivens of Bronte. Reports are that Lee is doing fine, but as is always the case, he will have to take it easy for a good while.

Judy Conner and Jim Bob are just about settled in their new home. They have bought the house that Jane Gideon had built a few years ago (Jane sold it and bought the J.D. Brown home). Judy is glad to be getting back to normal again after fire destroyed her home in November. Her aunt, Corrine Parrish of Franklin, was here over

the weekend helping her to get everything "fixed just right".

Kathy Zapata and her daughter, Sandy Tovar, both of Wichita Falls, visited Kathy's parents, Joe and Julia Trepanier on Monday.

Bill Spikes underwent surgery Wednesday and is doing as well as can be expected. He was taken out of ICU Sunday and put in Room 512 at Bethania Hospital in Wichita Falls. If all goes well, he should be able to come home in about ten days to two weeks. Please remember Bill and his family in your prayers.

Correction On The Goree Honor Roll

In the list of students named to the Goree ISD honor roll that appeared in last week's issue of the Courier, one name was accidentally omitted.

Mandi Kimmel, a second grader at Goree Elementary, was named to the "A" honor roll. Students who receive this honor made 90 or above in all subjects for the six weeks period. Our apologies to Mandi and her family for this oversight.

LOVE IS

"Let no debt remain outstanding, except the continuing debt to love one another, for he who loves his fellow man has fulfilled the law."

Romans 13.8

What is this thing called love?

LOVE is a bridge over which God travels from heaven to earth to draw us to himself in salvation.

LOVE is an anthem of the angels singing the praise of God around the great white throne.

LOVE is the wind of God blowing over the world and sweeping away the dust and dirt of hate.

LOVE is the cry of a little child homesick for his mother's arms.

LOVE is the passion of purity that saturates a soul that in sacrifice gives itself for another.

LOVE is a warmth that surrounds the heart when souls embrace in the harmony of Christ.

LOVE is the feeling of being at home with God at the end of life's day.

LOVE is the Body of Christ

met together in confession, prayer and renewal.

LOVE is a heart aflame with the passion of Jesus for the lost and the lonely and the least.

LOVE is to share with Christ His tender compassion for the total redemption of the world.

LOVE is Christ's way to us.

LOVE is our way to Christ.

LOVE is the way for Christ and all of us to reach out to the whole wide world.

No wonder John wrote, "GOD IS LOVE."

MHS Students Named Alternates To State Band

Two MHS students, Phillip Bowen and John Michels, were recently named alternates to the Texas All-State Small Schools Band at area auditions in Dallas.

Phillip placed third in french horn competition, and only two from this area were accepted for the state band. John placed second in the alto saxophone division, with only one from the area accepted.

Both boys are juniors at Munday High School and have been involved in the band program for seven years. They were accompanied to Dallas by Rodney and Marilyn Bennett, director and assistant director of the Munday bands.

Congratulations to both of these talented musicians on their accomplishments.

Cooks Celebrate Golden Wedding Anniversary

Approximately 100 friends and relatives attended the golden wedding anniversary reception honoring Alton and Frances Cook at the Gilliland Baptist Church last weekend.

Alton L. Cook and Frances

At Your Service by Dr. Larry Fitzgerald Minister, Munday Church of Christ

Q: Why do you people believe in water salvation?

A: I, personally, know of no one who believes this false doctrine. The concept of a "magical" or sainted water that cleanses anyone regardless of faith is completely foreign to biblical teaching.

The Bible makes it clear that all have sinned and fallen short of God's mercy (Romans 3:23). Therefore, those who are saved, receive God's grace -- freely given (Ephesians 2:8-9).

The purchase price of this grace was not from our own doing -- it was paid by Jesus with his blood (Ephesians 1:7). Grace was not cheap to Jesus. Can we honestly believe it to be cheap to us, as well?

The very question asked throughout the book of Acts, "what must I do to be saved?" means, without question, that something has to be done by the asker (not just the askee) to receive salvation (Acts 2:37; 16:30). Neither the inspired Apostles Peter or Paul corrected these people when they asked "what shall I do?"

To the large number of believing people, Peter answered: "repent and be baptized for the purpose of having your sins forgiven" (Acts 2:38). To a certain jailer, Paul gave the first requirement: have faith (Acts 16:31). Then once

the jailer did this he was baptized immediately (Acts 16:33). There was no question in the mind of this jailer (or his family) as to what they had to do.

None of these requirements nullify God's wonder grace. Instead each represent a part of God's formula for giving us His grace.

If you have a question for Larry, write him c/o Box 211, Munday, TX 76371.

Notes From The Rolling Plains

(The following continues the series of stories by noted wildlife photographer Wyman Meinzer that are furnished for your enjoyment and information as a courtesy of Penman Conoco Company.)

How many of you have been present in stores or specialty shops when someone comes in and begins to elaborate on how much they know about this item or that? It seems gun shops are the worst (or best) places to find such people. Inevitably, when I stop in a sporting goods store for a quick purchase, I will hear the armchair hunters telling of the right way to stalk a deer, or heaven knows what else. I purchase my goods and walk away only to think later how little these people, and myself as well, know about the intricate pulse beats of our wildlands around us. Then I think back on a book that I have which is a collection of stories written by a little known gentleman who reigned throughout the jungles of India some twenty-five years before my time. His name was Jim Corbett. Jim was a quiet, unassuming man who actually worked for the India railroad. As a boy, Jim roamed the forests of India and learned, at an early age, the life ways of most wildlife which inhabited the Indian jungles. As was often the case, India had tigers and leopards that would turn to eating people, some of which killed and consumed hundreds of peasants before a hunter was called to the scene to remove the killer from the forest. That hunter was Jim Corbett. Jim loved these cats, but knew that a given few must be taken in order to save hundreds, if not thousands, of peoples lives. This diminutive, quiet man would go into the maneaters' territory and live for weeks, studying and stalking these huge cats. Sometimes sitting over the remains of human bodies, Jim would wait out the entire night for the return of the cats, more times than not to no avail. Sometimes while walking down trails, he would discover where the killers had actually stalked him as he searched for the cat's latest victims. Horror tales of the Panar Leopard who ambushed and ate 400 people before falling to Jim's fatal shot will chill the soul.

I marvel at the patience and stamina of this man who would tie himself in a lone tree and sit unprotected as rainstorms and wind pelted him throughout the night. Such was this man, Jim Corbett. But ironically, at the end of his book, he, too, spoke of the armchair hunter, a species known even then in the 1920's and 30's. Once while sitting on the deck of a ship he overheard a man say to another, "Oh, I know all about tigers. I spent a fortnight with a Forest Officer in the Central Provinces last year." Jim's philosophy about this conversation could well be applied to us all. "If you are not interested, you will see nothing but the road you walk on, and if you have no desire to acquire knowledge, and assume you can learn in a fortnight what cannot be learned in a lifetime, you will remain ignorant to the end." Amen, Jim.

NOTICE
Brazos Electric Power Cooperative, Inc., hereby gives notice that on January 17, 1992, it filed with the Public Utility Commission of Texas an APPLICATION FOR A CERTIFICATE OF CONVENIENCE AND NECESSITY FOR PROPOSED GENERATING FACILITIES for two 104 MW simple cycle gas-fired combustion turbines. Brazos Electric's site of choice, and the only site involved in the Application, is Brazos Electric's existing R. W. Miller Plant site on Lake Palo Pinto in Palo Pinto County, Texas, as shown on the map published herewith. The Rural Electrification Administration, which must approve the project, is reviewing two alternate locations: Brazos Electric's existing plant sites in Bell and Parker Counties. The estimated expense associated with the project is \$65,332,000. A copy of the filing is available for inspection at Brazos Electric's offices at 2404 La Salle Avenue, Waco, Texas or at the Commission in Austin.
Persons with questions about the project should contact William B. Townsend, Jr., at Brazos Electric at (817) 750-6377. Persons who wish to intervene in the proceeding or comment upon the action sought, should contact the Public Utility Commission of Texas, at 7800 Shoal Creek Blvd., Austin, Texas 78757, or call the Public Utility Commission Public Information Office at (512) 458-0256, or (512) 458-0221 for the telecommunications device for the deaf. The deadline for intervention in the proceeding will be 60 days after the final publication of this notice.
