## Mogul Football Squad Receive Letter Sweaters

Tuesday Feb. 21 at one p. m. marked a very pleasant event for the football boys of '32, for it was then that they received their letter sweaters. Prin. L. S. Hardegreve made the awards to the following boys: Albert Aycock, Ralph Blanton, W. T. Henderson, Chalmers Hobert, Marvin Myers, Earl Nichols, J. C. Rayburn, J. C. Rice, Wallace Ross, John West, Jack Williams, and Phillip Zeissel.

At an earlier date at the Pep Squad football banquet the lettermen were announced, the most valuable man selected and the captain for the next year elected. The election of the captain for the '33 season resulted in the reelection of Earl Nichols, who has been an asset to the team for the past three seasons. A better captain could not have been selected and we know that Earl will be even more successful in his next and last year. In case some of you town folks do not know this young fellow he lives out on Hobert slope north of town while school is in session but during the summer he may be found on banks of the Brazos with his uncle. He is also the same Nichols that refused to let the Knox City Greyhounds gain an inch around his end in the turkey day game and to emphasize it more he threw them for numerous losses. The most valuable man award went to Albert Aycock which was a gold football with "Boogies" initials on it. Albert is certainly a football player and promises to be power to the squad next year.

The Moguls, besides winning the Brazos Valley championship, placed five men on the all-conference team. Those winning the honor were as follows: Capt. Earl Nichols, end, J. C. Phillips, tackle, Jack Williams, guard, Marvin Myers, center, and Albert Aycock, fullback.

A brief financial statement of the athletic fund is being given and an itemized account may be found in the office of the Superintendent.

Receipts \$205.54  
Expenses 173.31

Balance \$ 32.23  
Gas deposit refund 10.00  
Balance 42.23

Receipts - \$205.54. Expenses - \$173.31. Balance - \$32.23. Gas deposit refund - \$10.00. Balance \$42.23.

The fund realized would not make it possible to make awards unless aid came from some other source. A drive was made with wonderful results and the football boys feel indebted to those that made the award possible. Every letter man is now wearing a smile and to each of you that assisted in any way we are very grateful and please accept our thanks from the depths of our hearts.

MOGUL FOOTBALL SQUAD,  
L. M. Fahrner, Coach.

The following men and firms were contributors to the fund which resulted in the nice sum of \$62.20:

Haney Grocery \$2.50; Rexall Store \$2.50; O. K. Shoe Shop 50c; J. D. McStay \$1.00; Spann Tailor Shop \$1.00; Lane Grocery \$2.00; Eiland Drug Store \$2.50; Dr. E. M. Roberts \$1.00; J. C. Campbell \$1.00; J. Arthur Smith \$1.00; J. A. Caughran \$1.00; Smith \$1.00; J. A. Caughran \$1.00; U. G. Richards \$1.00; The Fair Store \$1.00; West Produce Co. \$1.00; Chandler Hughes \$1.00; J. Sheriff C. K. Elliott has returned from San Diego, California, where he went after P. B. Broach, who is under indictment in Knox county for the theft of some hogs.

## Two Injured Here Friday Night In Automobile Crash

Ira Kitchens and John Blankenship were injured on last Friday night when the Ford car which they were driving went into the ditch as they came off the pavement in the south part of town. Both men were given first aid treatment here and Kitchens was taken to Wichita Falls for surgical attention. The car was completely wrecked.

For a time it was feared that the left leg of Kitchens would have to be amputated just above the ankle, but late reports from Wichita Falls indicate that such will not be necessary unless complications arise. Blankenship was badly shaken up, but is able to be about again.

The men were approaching town from the south on highway 30 at a high rate of speed and when they drove off the pavement on the soft dirt road lost control of the car.

## Head-On Collision Near Benjamin Sends 8 to Hospital

Eight injured and two cars badly damaged were the results of a head-on collision Sunday night on Highway 16 four miles south of Benjamin when a Buick coupe driven by Miss Frances Moorhouse collided with a Ford sedan driven by Charles Powell. Miss Moorhouse and two other school teachers, Miss Emma Jane Alexander and Robert Martin, were driving to Knox City to visit Vernon Brewer, principal of the local high school, the sanitarium at that place, when wh o was under a physician's care at the accident occurred. The car driven by Powell was occupied by four other to the hospital at Knox City where emergency treatment was given. All were badly cut and bruised.—Benjamin Post.

## AT THE CHURCH OF CHRIST.

J. Porter Wilhite, Minister.

We meet at the Church of Christ to begin our study at ten o'clock on Lord's day morning. We will be glad to have you with us at the beginning, but if you prefer to be at there by eleven o'clock. Next Lord's the preaching service only, then be day we expect to find our lesson in 1. Pet. 4:18—"And if the righteous scarcely be saved, where shall the ungodly and sinner appear?" We hope to be able to give you a Bible answer to the question with reference to both parties mentioned, but if you prefer you may read a little about them in Matt. 13:41 and 2. Thes. 1:7-9. This will be the subject at both hours. Come, you will enjoy it.

Young folks meet at 6:45. Preaching begins one hour later.

Remember the ladies' Bible class on Tuesday at 3:00 p. m. We have a very nice time at each gathering of this class. Next Tuesday we will be studying Rom. 3:21-31. We hope to have some more students who do not belong to this church. Come, you are welcome.

## Thinking Out Loud

By J. A. K.

!!!

The present week will mark the passing of the Hoover administration, which was ushered into power four years ago after having been given the greatest majority in history.

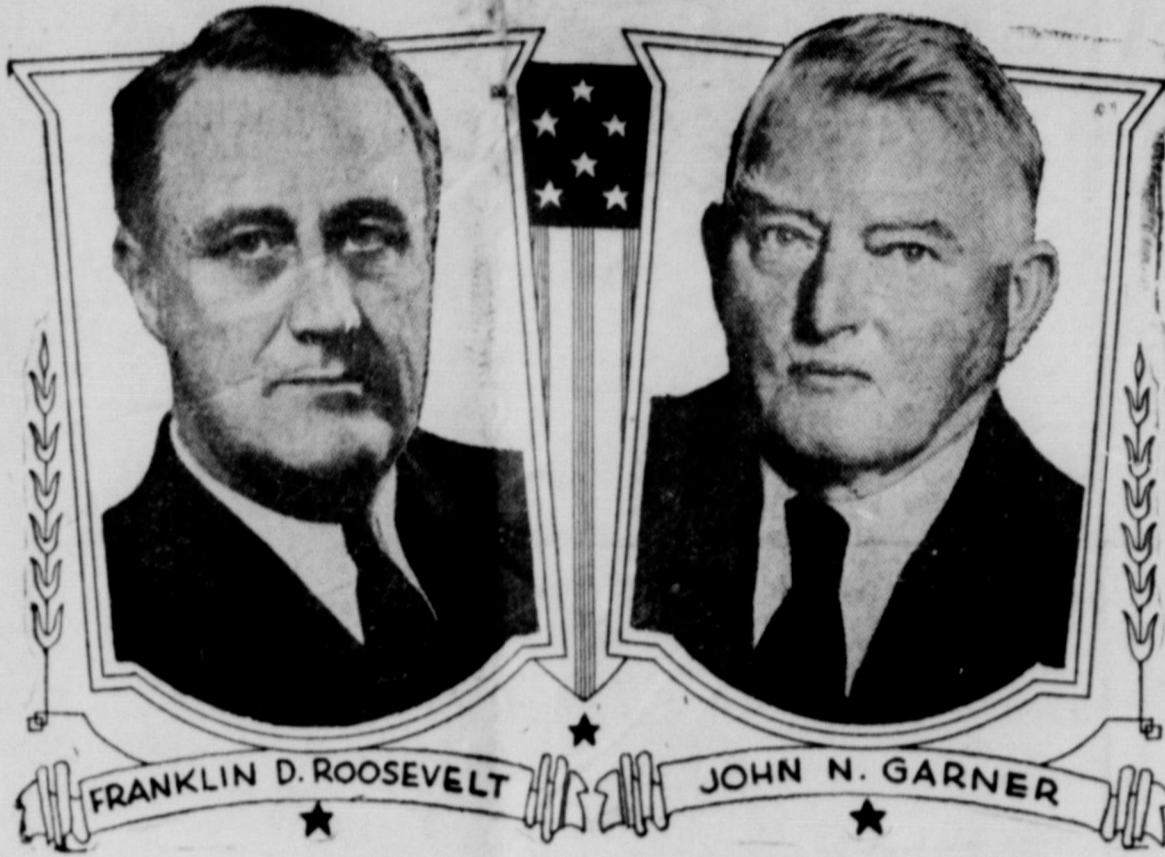

!!!  
And Franklin D. Roosevelt likewise goes into office with the greatest majority ever accorded any candidate for the Presidency.

!!!  
Probably no President has ever faced the perplexing problems upon assuming office as will be faced by Mr. Roosevelt, and regardless of the measures adopted to bring about relief from the present conditions, it will require time.

!!!  
Southern Democrats who had any misgivings as to Mr. Roosevelt's attitude toward Tammany should feel relieved since he has named his cabinet, only one of whom could by any line of reasoning, have any connection with that organization.

(Continued to last page)

## To Be Inaugurated Saturday March 4th.

### OUR NEW PRESIDENT

We take this occasion to extend our compliments to the new President of the United States and to wish him the greatest possible measure of success in his effort to lead the nation out of the slough of despond.

It is a Herculean task which Mr. Roosevelt and the new Congress face. There has not been, in recent times at least, such an opportunity as lies before the new Administration. At the same time, no new administration has come into the control of our government, since Lincoln's time, which was confronted with such perils.

We give President Roosevelt and his advisers credit for the highest motives of patriotism. We think no one can deny that Mr. Roosevelt's record of public service, beginning with the legislature of the State of New York, as Assistant Secretary of the Navy during the Great War, and as Governor of New York for the past four years, has been a record of forward-looking aggressive and intelligent effort for the common good.

But the situation which confronts the new Administration is one filled with pitfalls and uncertainties. We think that the nation at large realizes, as it never has realized before, that our desperate situation in America is on all fours with the economic distress which is felt in every quarter of the globe. We do not believe, and we do not think that Mr. Roosevelt believes, that the United States in this critical juncture, can lift itself by its own bootstraps. And one of the uncertainties is how far the nations of Europe will go in cooperating, along lines which our nation can accept, toward bringing about an economic readjustment on a world-wide scale.

That is not to imply that there are not many serious phases of our domestic situation which cannot be remedied by intelligent and courageous action at Washington. It seems certain that in the beginning of his Administration at any rate, our new President will have the whole-hearted and effective support of our new Senate and House of Representatives, and that sort of team work ought to result in speedy action, so far as legislation can be of benefit.

The country is still in the dark as to the exact methods and policies which the new Administration will undertake to make effective. But we believe there is a very general desire to give the new President the freest possible hand, and to clothe him with authority beyond that which has been bestowed on any Executive, except in war time, in the sincere hope that he will thus be able to act swiftly and effectively.

We do not think, as we intimated, that any new President taking office for the first time has ever had the opportunity which is offered to President Roosevelt. At the same time we are not unmindful, and we are sure Mr. Roosevelt is not unmindful, of the tremendous responsibility which the nation is laying upon him.

We most heartily wish him the best of luck.

### County Agent Gives Hints On Laying of Tile For Irrigation

"Success in sub-irrigation depends upon the tile being laid level in the trench," says W. E. Jones, county agent, who conducted a demonstration in laying tile for sub-irrigation in the garden of Mrs. G. L. Pruitt on Friday, February 24. "In order to have the tile level and near the same depth, which should be ten to twelve inches, the garden should be fairly level," said Mr. Jones.

Mr. Jones stressed the use of what is called a dry mixture in making the tile, and also the importance of keeping the tile moist while curing. Some twenty-five women were present at the demonstration.

### FUNERAL SERVICES HELD SUNDAY FOR J. A. HENDRIX

Funeral services for John Hendrix, 83 years of age, who died at his home in the Hood community Saturday afternoon, were conducted at the home on Sunday afternoon by the Rev. W. H. Albertson, and following the services the remains were laid to rest in the Goree cemetery.

Deceased was born in Alabama August 29, 1850, and had been a resident of the Hood community for many years. He was an upright christian man and was respected by all who knew him. He had been in failing health for the past several months.

### REGULATIONS GOVERNING SEED AND FEED LOANS ARE GIVEN TO PUBLIC

Regulations governing the 1933 crop production loans from the Reconstruction Finance Corporation were outlined by Manager Owen W. Sherrill of the Southwestern loan office at the opening session of a three day meeting of officials, field inspectors and office workers of the Texas-New Mexico-Arizona branch, held recently in Dallas.

Such regulations were recently announced in Washington by Secretary of Agriculture Hyde and relate to the distribution of the \$90,000,000 to farmers of the nation authorized in a bill signed recently by President Hoover. From this amount \$10,000,000 has been asked for distribution in the Southwestern region. Mr. Sherrill said. Last year approximately \$4,000,000 was loaned in this region.

Mr. Sherrill said that \$300 will be the maximum loan to any farmer, and farmers who are delinquent in repayments of two or more prior loans will be limited to \$100 in order to conserve the crop production loan fund. The loan will be a first lien on the crop produced.

Congress has authorized Secretary Hyde to require acreage reduction up to 30 per cent as a loan condition, Mr. Sherrill said, and this will be enforced except in the case of minor producers and growers of perennials. Orchardists will not be required to cut down their trees or otherwise reduce their producing capacity to qualify for aid.

The acreage requirements will not apply to farmers who intend planting no more than eight acres of cotton, two and one-half acres of tobacco, forty acres of wheat, twenty acres of corn, two and one-half acres of truck crops, twelve acres of sugar beets, eight acres of potatoes, thirty acres of rice or eight acres of peanuts.

## Methodist Pastors And Laymen Will Meet Here Monday

Approximately one hundred Methodist ministers and laymen are expected to gather here on Monday morning for a conference in which plans will be laid for the year's work and business matters will be looked after. The conference will be for all churches within the Stamford conference and will be presided over by the Rev. Geo. S. Stover, presiding elder of the Stamford district.

Dr. Stover will present a definite plan for carrying on the work of the church during the ensuing year, and an appeal has been made to laymen of the district to attend this meeting.

The ladies of the local church are planning to serve a dinner to the visiting ministers and laymen. The sessions will be held at the Methodist church.

## Alfred Lamb Given Five Years In Pen For Theft of Horse

Alfred Lamb, tried in the District court here this week, was given a sentence of five years for theft of a horse. Accused by one of the sheriff's deputies last fall, Lamb escaped after trouble with his car, commanding a horse belonging to Price Trimmer, a renter on the League Estate. The horse was recovered but a posse of townsmen hastily assembled found no trace of the fugitive. He was later arrested by Wichita Falls officers and subsequently brought here for trial. Several other criminal cases were disposed of in the court here this week, convictions being obtained in each case. A heavy civil docket is to be disposed of next week.—Benjamin Post.

### JOE ROGERS UNDERGOES OPERATION AT FORT WORTH

Relative here received word from Fort Worth on Wednesday that Joe Rogers had undergone an operation at Fort Worth for the removal of a goiter, and was reported as feeling well. He is a son of Mr. and Mrs. U. S. Rogers of this city and was reared in this community. He has been in ill health for several months.

Mrs. Sunset Boone went to Abilene on Tuesday to attend the funeral services for the Rev. J. F. F. Lockhart, who was killed in an automobile crash near Stamford Sunday afternoon.

## Aged Minister Is Instantly Killed In Auto Wreck

STAMFORD, Texas, Feb. 26.—A head-on automobile collision here this afternoon was fatal to the Rev. J. F. F. Lockhart, 79, old-time Baptist preacher of Abilene. Mr. Lockhart was almost instantly killed when the impact crushed his chest into the steering wheel of his small car.

The occupants of the other machine were Charles Morrow of Handley, his wife, Edwin Rush of Tuxedo and Miss Viola Whittington of Stamford. Morrow was driving the car when the two automobiles crashed at a "Y" intersection on the Hamilton-Anson-Stamford highway.

The aged minister was leaving Stamford, enroute to Abilene. The other machine was headed toward Stamford. Morrow and his companions had just left the home of his parents, whom they had been visiting after being married Friday. The Rev. Lockhart had preached in numerous communities over this section. Recently he had been preaching at Corinth, near here. Several hours were required to locate his family after identification was established.

Funeral services were expected to be held Tuesday in Abilene.

Rev. Lockhart was well known in this section. He had been for years pastor of the Friendship Baptist church six miles north of Goree. He had many friends in this section of the state, having preached throughout this part of the country for many years.

### TODAY AND TOMORROW

#### EYEWITNESSES . . . . of Two

I happened to be present at the shooting of two Presidents, Garfield and McKinley. I doubt if there is another person living of whom that is true. As a small boy in Washington I was passing the old Baltimore and Potomac Railroad station on July 2, 1881, and went into the station to get a drink of water. As I entered the waiting-room men and women were screaming and rushing in every direction. I wormed my way through the crowd, boylike, and saw one of the station guards struggling with a bearded man, who was still holding a smoking revolver. On the floor lay a figure which I recognized as that of President Garfield, and bending over him was the familiar figure of James G. Blaine, Secretary of State.

General Garfield died two months later. Medical and surgical science was still crude fifty years ago. There is little doubt that if doctors had known then what they know now he would have recovered.

#### ASSASSINATION . . . . of Rulers

Three presidents of the United States have died at the hands of assassins. One ex-president, Theodore Roosevelt, was shot but not seriously injured, when he was a candidate for a third term. It was only accidental that the assassin who fired at President-elect Franklin Roosevelt missed him and hit Mayor Coranuk of Chicago and four others instead.

Assassination is a risk which every head of a nation constantly faces. The President of France was killed less than a year ago. President Obregon of Mexico was assassinated in 1928. King George of Greece, Prince Ito of Japan, President Macriani of Italy, President Macriani of Mexico, King Humbert of Italy, are a few of the national rulers who have died at the hands of assassins in recent years.

There is no effective way to protect rulers from the irresponsible attacks of lunatics. A President or a king must show himself to his people. In this country a guard of secret service men always travel with the president and with the president-elect, but even their precautions sometimes fail. The President of the United States literally takes his life in his hands when he accepts that high office.

**A medicine that brightens people's lives**

Fortunately for most of us, a state of happy health does not depend on strength. But like any other piece of machinery, the human machine must be properly regulated to run right.

There is a simple means of regulating the system. It makes an amazing difference in the way your organs function and the way you feel.

It pays most men and women to try this regulation. You may consider yourself in fairly good health today, and after only two weeks' regulating realize you were only half alive.

This means of stimulating the system to new life is a prescription, and it is known as Dr. Caldwell's Syrup Pepsin. It's derived from fresh herbs, active senna, and pure pepsin. Every druggist keeps it on hand. Get some today, and take some tonight.

Whole households have blessed this family doctor's prescription. It has saved old and young from sluggish spells—and from downright sickness. It's the only tonic you may need; the only laxative you need. It is the most likeable and remarkable medicine you ever tasted.

Try one bottle of Dr. Caldwell's Syrup Pepsin and compare your condition with how you felt before!

The same dollar you spend for face powder

... if invested in natural gas service will furnish enough heat to percolate 3,300 cups of coffee; heat enough water for 200 baths; run a gas refrigerator for 1,000 hours; or furnish hot water for shaving 1,400 times.

Of course face powder is a necessity to most women—but so is natural gas service. When you take into consideration time, convenience and energy saved—natural gas gives you more dollar for dollar value than anything you can possibly buy. . .

**WTCC Wages Fight For Reduction In The State Tax Rate**

By Max Bentley

More than one hundred public expenditure committees (the number is 107) throughout West Texas—all affiliated with the Central Public Expenditure Committee of the West Texas Chamber of Commerce headed by Van Zandt Jarvis, Fort Worth—are battling this week on recommendations of the regional chamber's state budget committee, touching the problem of appropriations by the 43rd Legislature for the support of the state government in the 1933-35 biennium.

The matter comes before the affiliated local committee whose members are: C. M. Caldwell, chairman; O. C. Cole, J. O. Jones, and D. A. Bandeen. Results of the referendum will be laid before the Central Committee headed by Mr. Jarvis, as the policy of the West Texas Chamber of Commerce in the vital question of taxation and revenue raising.

The referendum has been received in Munday by John Ed Jones, chairman of the local public expenditure committee, G. R. Elland and E. W. McGlothlin, and will be acted upon at once, Mr. Jones said, by this committee. If all committeemen throughout the territory vote, an expression will have been secured from nearly 1,000 West Texas business men, to be passed along to their senators and representatives in the legislature.

This district is represented by Ben G. Oneal, and Representative George Moffett.

**Recommendations.**

Recommendations of the State Budget Committee, appearing on the referendum form are:

(1) That appropriations for the general revenue fund, not exceeding \$32,000,000, be made by the Texas 43rd Legislature to Judiciary, Departmental, Eleemosynary and Educational budgets for the 1933-35 biennium.

(2) That any and all new revenue producing measures be opposed, unless passed to take the place of existing revenue producing and tax measures which have been abolished.

(3) That a new state constitution be the basis of reorganizing our state administration and our county government.

lic Expenditure Committees if we are to attain at Austin any results in curtailment of expenditures; any results in avoiding new taxes; and any results in permanently reorganizing the state's business. Unless concerted action is taken by the citizens, a much greater biennium budget than \$32,000,000 might be adopted. There is also great confusion about new taxes, and about securing benefits to the state of the reports of the Efficient and Economy Committee."

Proposal No. 1. 1/2  
 As to the proposal No. 1, the WTCC state budget committee points out that its recommendation of a \$32,000,000 budget is approximately in line with that recently submitted by the State Board of Control, total \$32,619,657, and representing a 29 per cent reduction over the last Board of Control estimate, in the following reductions from the 1931-33 biennium appropriations:

Judiciary	\$1,692,895
Departmental	\$2,821,651
Eleemosynary	\$1,693,825
Educational	\$2,338,587

The \$32,000,000 budget, the committee contends, will finance all state departments and institutions on a high plane, even contemplating the application of the present ad valorem tax rate of 27 cents, which the committee contends should not be increased; will materially cut the existing deficit by the end of the 1933-35 biennium; and will not force new taxes. That better still, it will compel strict economy in the conduct of the state's affairs.

Proposal No. 2.  
 Stating its opposition to imposition of new taxes unless they take the place of existing taxes, which are to be abolished, the committee points out that the present revenue sources under existing laws, with application of the 27 cent ad valorem tax rate, will produce estimated general revenue of \$34,364,321 after deducting the anticipated deficit of \$3,759,000 at the end of the present biennium. Under the \$32,000,000 budget the deficit would be cut to \$2,260,679.

"A financial program which will accomplish the above in one biennium is surely most adequate," argues the committee. Such a program is sound financing.

"The consideration, therefore, of a sales tax measure, an income tax measure, etc., unless existing revenue measures are wholly abolished, most surely is ill advised at this time. The sales tax measure, for instance, is estimated to produce \$45,000,000, which at the present time, would be in addition to the ad valorem tax. Such a measure would merely give the state barrels of money, and would defeat the splendid progress of economy."

Proposal No. 3.  
 Contending that a new constitution should be the basis of reorganizing state administration and county government, the committee calls attention to the work of the joint Legislative Committee on Organization and Economy, headed by Rep. Harry N. Graves, of which not all the reports have been released. The complete report will be in 14 parts, one alone—that on teachers colleges—being contained in a book of 352 pages.

Asserting that the studies and reports of the Graves Committee are the "most comprehensive and far-reaching that have yet been made on the state's business," the committee contends they cannot be given comprehensive attention in any way less than by constitutional convention.

"Any organization of the state's administration made on a basis and within the scope of our present constitution is bound to be antiquated and ineffective," the committee says. "We are living under the Constitution of 1876, which is not adequate for present administration. This constitution creates services not now needed, and authorized salaries not now modern. It fixes salaries and prescribes offices which should not now be included in a thoroughgoing reorganization; and it eliminates other things which should be included. The time to bring about fundamental changes is at a constitutional convention called for that purpose."

**HUGHLAN SMITH.**  
 Hughlan Smith, son of Mr. and Mrs. Ezra Smith, Knox City, was born July 19, 1912 and departed this life Tuesday morning, February 21, 1933.  
 Jack, as he was known and called by his loved ones and friends, was reared to young manhood in the Gillespie community. He attended the school at Gillespie and was a member of the Sunset graduating class of 1932.  
 Jack was converted and joined the Baptist church at an early age and continued in loyal devotion to the church and Master to the end. He was an exceptional character and was loved by all who knew him. We know that he has entered into and enjoys a more blessed life than this world can give.  
 We will miss him, oh, how we miss him, from our midst, but the memory of his noble life still lingers in the hearts of his friends as was evidenced by the multitude of people who attended his funeral rites to pay their love and respect, and the beautiful floral offering.  
 Funeral services were conducted at the Gillespie church by the pastor, Bro. Curry, assisted by Rev. Claude Stovall of Knox City, former pastor, who baptized Jack, and who preached the baccalaureate sermon for the class of which he was a member a few months ago. The pallbearers were his schoolmates, Arnold Land, Lonnie Offutt and T. R. Bushy. The flower girls were Olive Mae Partridge, Christene Clowdis, Flora Lee, Elizabeth and Corinna Hunter, Edna Hudson, Maud Land and Ruby Reeves.  
 May the blessings of God be with the father and mother, three sisters and one brother, and a host of relatives and friends who mourn his going.  
 Relatives attending the funeral were: Woodie W. Smith, Big Spring, Texas; Mrs. E. H. Stodghill and daughter, Miss Janelle, of Seymour; Mr. and Mrs. J. S. Smith and family of San Angelo; Mr. and Mrs. J. Arthur Smith, Munday; Mr. and Mrs. J. Elmer Smith and son of San Angelo; Mr. and Mrs. A. H. Gray and family, Knox City; Mr. and Mrs.

J. L. Stodghill, Munday; Mr. and Mrs. D. T. Mauldin, Munday; Mr. and Mrs. Willie Floyd and family, Munday; Mr. and Mrs. George Floyd and family, Munday; Mr. and Mrs. Ben Floyd and family, Lorenza; Mr. and Mrs. Clyde Floyd and son; Mr. and Mrs. C. B. Lawrence and son, Munday; Mr. and Mrs. Herman Floyd and son, Munday; Robert Young, Knox City.  
 I cannot say, I will not say  
 That he is dead—he is just away!  
 With a cherry smile and a wave of the hand,  
 And left us dreaming how very fair,  
 It needs must be since he lingers there,  
 And you, O you, who the wildest yearn  
 For the old-time step and the glad return,  
 Think of him faring on, as dear  
 In the love of There as the love of here;  
 Think of him still as the same I say;  
 He is not dead, he is just away.

### Tips on Taxes

LEGAL ADVICE NEWS SERVICE OF THE TEXAS PRESS ASSOCIATION, AUSTIN.

AUSTIN. — Many measures are pending in the Legislature designed to reduce the cost of government. They range all the way from simple resolutions to constitutional amendments. Legislators are giving attention to the problem of local taxation, as it is affected by State laws, and bills are pending whereby local governing bodies will not be hampered in economy efforts by State law and constitutional provisions. The major share of the tax burden is for local purposes, cities, counties and school districts.

Senator Purl of Dallas has introduced a resolution providing for a constitutional amendment abolishing the fee system, except as to public weighers, notaries public and county surveyors. It is believed that vesting in Commissioners Courts the right to fix salaries for officials who are now compensated by fees would result in great savings to the taxpayers. Other legislation, similar in purpose, is being considered.

There seems to be a well-defined purpose to reduce the cost of State government an average of 25 per cent. The House has already passed the judiciary supply bill, providing for that amount of reduction in salaries of district judges, appellate court judges and district attorneys. The Senate has not acted. Vigorous protests against the reductions have been made before the Senate committee, considering the bill.

Presidents and regents of teachers colleges are reported to be agreeable to a 25 per cent reduction in their budgets.

The House has before it a bill reducing automobile license fees one-third. Passage of this or some similar bill is regarded as certain.

A constitutional amendment, introduced by Senator Walter Woodward, would limit the cost of State govern-

ment to \$10.00 per capita per year. This proposal is unique in that it would compel economy by placing an arbitrary limit on expenditures. Approval of the amendment would place expenditures on the same per capita basis as 1927. In 1925 the per capita cost of State government was \$8.50. The peak was reached in 1930 when the figures were \$14.00. Last year the per capita was \$12.50.

It is claimed for this amendment that it would provide an automatic check on taxation, which is now virtually without limit. Another claim is that it would compel the discontinuance of bureaus, commissions and departments once their usefulness has passed. Instances of government bureaus and services being discontinued are rare. It is argued that this amendment would require the abolishment of less needed services when necessity for new ones arises.

The general trend for tax reduction measures, but several bills have been introduced seeking to tap new sources of revenue. The most far-reaching is the proposal to levy a three per cent tax on gross receipts from sales and professional services. Estimates of the amount that would be derived from this levy vary from fifty millions to 100 millions. It is certain that many businesses would be compelled to stand an increase in their State taxes from eight- to ten-fold, and many lines who now pay no State ad valorem taxes would be heavily taxed.

Another new source of revenue is suggested in the bill providing for an income tax. The tax on individuals would begin on the first \$1,000 of net income with a rate of one per cent and graduate up to seven per cent on net incomes above \$11,000. The corporation rate would begin at two per cent on the first \$1,000 and graduate upward to six per cent on incomes above \$6,000. Deductions, similar to those of the Federal income tax, would apply.

The belief, however, is that the two bills will be combined and modified to carry some of the features of both. Few will predict, however, what the final fate of these new tax

measures will be. There is determined opposition to both, based chiefly on the theory that there should be no new taxes levied but that the State budget should be balanced by economies in expenditures.

A constitutional amendment has been introduced for increasing the salaries of a few State officials. The Governor's pay would be increased from \$4,000 to \$12,000; Attorney General from \$4,000 to \$10,000; Treasurer and Land Commissioner from \$2,500 to \$6,000. Many other State officials now receive much higher pay than these.

(Continued from front page.)  
Anyway, as Mr. Hoover retires to private life, he is being commended by those in position to know for the sportsmanlike manner in which he has taken defeat. At no time has he complained at the decision of the people.

Recent photographs of Mr. Hoover indicate that the past four years of service to the country have borne heavily upon him, and when we look down the pages of history, we are made to wonder if the achievement of the goal is worth the sacrifice it incurs.

With the Senate and Governor in a clinch down at Austin, those who have looked forward to constructive legislation are beginning to lose hope, and unless more is accomplished in the last half of the session than has been accomplished during the first half the people of Texas will not get much worth while legislation.

Mr. and Mrs. Frank Boley have returned from a trip to Brownwood and other points in South Texas, where they visited relatives and friends.

Supt. G. C. Jones spent the weekend in Stephenville visiting Mrs. Jones and his son, Chester, who is a student in John Tarleton College.

### Up Pops Budget

Being the "First Lady of the Land" and mistress of the White House is not all social grandeur, comfort and ease. Mrs. Franklin D. Roosevelt knows that fact already, being faced with the personal task of cutting White House expenses 25%, in line with the new President's promise to reduce all governmental expenses to that extent. Mrs. Roosevelt says she has planned to get along with "nine or ten fewer servants", which is taken to mean that she herself will be her own housekeeper... and battle the budget.

## Which do you want...

DID YOU KNOW THIS... that half of all your motor wear occurs while you're starting your car and letting it warm up!

Here's why: Your motor makes 3,000 to 5,000 revolutions before oil circulates from the crankcase to all parts of the motor. Your motor runs with vital parts receiving no oil from your crankcase reservoir!... What protection do other oils offer you against this half of your motor-wear? The best of these oils "reach all parts in the shortest time," say their makers.

What protection does Conoco Germ Processed Motor Oil offer? It is already in and on every part and lubricates safely from the second you step on your starter! A "Hidden Quart" of Conoco Germ Processed Motor Oil stays up in your motor and never drains away! Other oils drain away during idle

periods, leaving parts "dry." Conoco Germ Processed Motor Oil actually penetrates and combines with metal surfaces and never leaves any part unlubricated. It cuts starting-wear to the minimum and gives your car longer life!

Like other good oils, Conoco Germ Processed Motor Oil is thoroughly de-waxed and circulates freely at subzero temperatures.

Avoid the terrific wear of winter's long warming-up periods. Change today to Conoco Germ Processed Motor Oil...
