

THE MUNDAY TIMES

Volume XXVIII.

Munday, Texas, Thursday, April 6, 1933.

Number 45

Thinking Out Loud

By J. A. K.

Just listen to this folks, and please note how this bird, O. C. Harrison, has our member all gumped up in his weekly struggle, the Baylor County Banner:

"In the winter it was too cold to play golf, too windy in March, and now there is too much to do around the place. Which reminds us of that fellow Jess Kennedy of the Munday Times.

He, Jess, said that knowing the Banner editor and L. E. Loveless as he did, he imagined the Seymour guys regaled Old Man Roberts and Henry Atkinson out of that golf game.

"The Munday contemporary, not to call him by any worse name, further remarks that the Seymour editor may eventually become a fair golfer if he keeps on finding balls, so he can keep on playing.

"The old '44' found two years ago is still going strong, but we understand Kennedy has not gone out for three weeks on account of losing his golf ball."

For the information and edification of the Seymour contemporary let us say that we have a whole half dozen of perfectly good golf balls now, and as the days are getting a little longer, the presiding elder of this column will have some time to give him a few lessons in the game as it should be played, and we extend a cordial invitation to him to come over, and we'll have three balls such to play with—seven, including old '44'.

However, we are not going to be disappointed if we fail to improve his game to any degree. In fact, when we read some of the stuff that he puts in that paper we doubt that the effort would be worthwhile. Just listen to this, for instance, and judge for yourself, but don't read it aloud so the children can hear:

"An engineer is said to be a man who knows a great deal about a very little, and who goes along knowing more and more about less and less until finally he knows practically everything about nothing; whereas, a salesman, on the other hand, is a man who knows a very little about a great deal, and keeps knowing less and less about more and more until finally he knows practically nothing about everything."

The city election is over—and boy, was it a hot one!

Anyway, we are positive that prosperity is now on the way, for we have Franklin D. Roosevelt as president, Ma Ferguson as governor, and Alex Jones as alderman, and if that combination can't get things done, there is no relief in sight.

Interest Growing In Laying Tile for Sub-Irrigating Gardens

Two demonstrations were given last week on the laying of tile for sub-irrigation. Mrs. J. J. Collier of the Yess H. D. Club had some 150 or 200 feet laid in her garden. Mrs. Smith of the Lott Star H. D. Club had about 175 feet laid in her garden but she intends to have her entire garden tiled just as soon as they can get the tiles ready. It is intended to raise plans of interest this year now that I have a sure way of "irrigating them," noted Mrs. Smith.

LOCAL COMPRESS TO BE ALTERED SOON

Spann and Bowden Are Chosen School Trustees Saturday

In Saturday's school trustee election here John C. Spann and J. B. Bowden were elected trustees over E. H. Bauman and P. C. Phillips. The vote was very small and very little interest was shown in the election, in fact, the smallest vote was polled in this election that has been polled in a school election here in many years.

The retiring members of the board are G. R. Eiland, who has served as president of the board for many years, and H. P. Hill, for many years secretary of the board. Both Eiland and Hill declined to permit their names on the ballot.

\$110.00 Taken From Local Negro Cabin Confession Is Made

Hettie Ashley, a local negro woman, was taken into custody by night police officer Jack McGraw at 2 o'clock Thursday morning after Lewis Cole, colored, had complained that she had visited his cabin and taken \$110.00 from his trousers while he slept. After remaining in the city jail for several hours and following prolonged questioning by Chief Layne the woman made a confession that she had taken the money, and, accompanied by Chief Layne, she went to the point where the money had been hidden and it was recovered. The woman contended that she and Cole had quarreled over the money and contended that a portion of the money was her property and that she had entrusted it to the care of Cole.

Anyway, the incident should clearly prove to most anyone that it is not wise to keep any considerable amount of money on one's premises or person, as Hettie had, in her possession a knife of the Dopey Eiland variety when she was taken into custody, and Cole might easily have suffered bodily injury in addition to the loss of his cash. A good bank is a mighty good place to keep one's money.

Another Ruth Smile

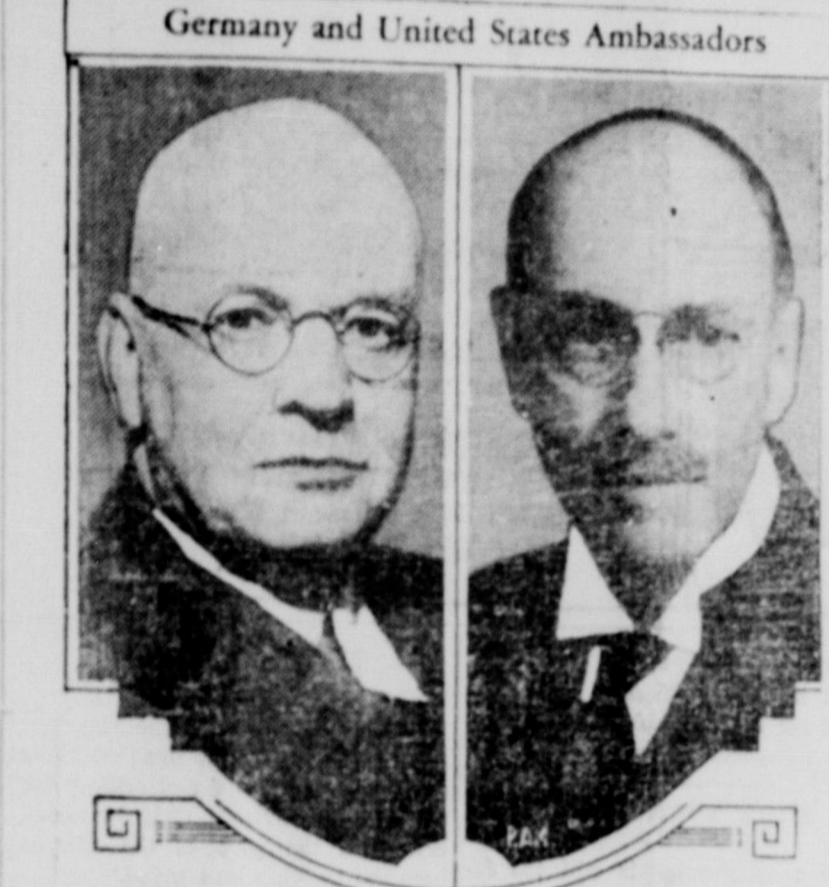

Most certainly Miss Julia Ruth, step-daughter of Babe Ruth, is happy. Daddy has signed a \$52,000 contract for playing baseball another year... and Julia, well she beautiful for New York state in St. Peter's annual festival.

Measames Leland Hannah, A. C. Brock, J. M. Ferdis, J. O. Bowden and C. R. Parker attended a district meeting of the Woman's Missionary Union at Rule first of the week.

MUNDAY SCHOOLS WIN HONORS IN MOST ALL OF EVENTS AT KNOX CITY

On the left is Dr. Hans Luther, new German Ambassador to the United States, succeeding Friedrich Elm von Prittwitz. On the right is David H. Morris of New York, new American Ambassador to Germany, nominated by President Roosevelt during March.

BIG STILL IS RAIDED LAST FRIDAY NIGHT NEAR KNOX CITY; FEDERAL OFFICERS ASSIST IN CONFISCATION

Much interest is being shown in the 4-H club of Knox City in improving their bedrooms.

"A bed and table is all I have for my room now, but I expect with the help of my family, to furnish my room and have all the things I need to make it a place where I can rest and be comfortable," said Nila Mae Rhoads of the Hood 4-H club. Nila Mae is going to build shelves in her closet, refinish her floors, woodwork, furniture that she has now, paper walls and make a dressing table and wash stand. Also Nila Mae is sure she will be able to make some things as well and corner shelves, rugs and mats, that will add the finishing touches to her room.

Nila Mae does not intend to stop with improving her bedroom. She is planting garden, raising chickens and turkeys and making the dress that is required of each 4-H club girl in the county.

R. F. C. Committee Of County Met Here On Monday Evening

The Federal Refinance Committee of Knox County met here on Monday evening for the purpose of discussing plans for carrying on the work in the county and to familiarize themselves with various requirements exacted of the committee in each county by new rules adopted by the Government in the handling of these funds which are far more complicated than heretofore required. Those in attendance at the meeting were Roy Smith, S. M. Clints, and T. P. Frizzell of Knox City; W. W. Coffman of Gore, and S. G. West of Benjamin, with the local committee composed of John Ed Jones, Dr. E. M. Ammons, and D. T. Maudlin. At this meeting Roy Smith of Knox City was chosen as supervisor for the county to make the necessary reports of the Government in distributing the funds.

The Munday schools in all probability broke all previous records in graduating honors in the county in scholastic meet held last week at Knox City. They carried off a major portion of the honors in literary events as well as athletic events, and both the members of the faculty and the student body are elated over their excellent showing in competition with other schools of the county.

In the boys' debate the Munday schools, represented by Lowry Rigby and C. B. Sexton, won first place, as did the girls' team, composed of Mildred Burnett and Frances Thompson. In senior spelling Lucille Hunter and Bettison Greer brought back first honors, and in extemporaneous speaking Jesse George Kennedy walked off with first honors in the boys' section and Katie Beth Bowden brought in second honors.

In declamation Mth Munday students made a clean sweep on the honors, Jerry Kethley winning first honors in senior boys' declamation; Barbara Eiland first in junior declamation and G. R. Eiland, Jr., and Sylvia Barnes first place in high school declamation.

Following are Munday's winners in the athletic events: shot-put, J. C. Phillips, 3rd; javelin, Marvin Myers, 1st; Albert Aycock, 2nd; J. C. Phillips, 2nd. Half mile run, Shelton Phillips, 2nd; Earl Nichols, 4th. 440 run, J. C. Rice, 1st; 220 low hurdles, Chauncy Hobert, 2nd; Everett Pruitt, 2nd; Chandler Hobert, 4th. 100 yard dash, Chauncy Hobert, 2nd; Chandler Hobert, 3rd. High hurdles, J. C. Rice, 2nd. 1 mile relay, Munday won second place. (Runners in this event were S. Phillips, J. Phillips, E. Pruitt and J. C. Rice.) Broad jump, Chauncy Hobert, 1st—20 feet, 4 inches; Albert Aycock, 2nd, 19-9. Discus throw, J. Phillips, 1st; Myers, 2nd; Aycock, 4th. On high jump Myers tied with Trussett 2nd Union Grove for 1st place—5 feet, 6 inches.

Two Knox Negroes Ride Uncle Bud's Nice One-Way Bus

Sheriff C. E. Elliott on Wednesday delivered Robert Wilson and J. C. Elyhark, both colored, to Wichita Falls, where they will join Bud Russell's one-way bus enroute to Huntsville, where they have been sentenced to spend 99 days for assault with intent to rob. The two negroes pleaded guilty to shooting another negro and taking his few possessions recently on a freight train between Chillicothe and Benjamin.

Maskat Temple To Entertain Saturday Evening At Stamford

The Maskat Temple Shrine of Wichita Falls will make another one of its goodwill trips to Stamford on Saturday afternoon, and will be accompanied by its band, which will give a concert on the streets which will be followed by an entertainment at the municipal auditorium included in which will be presented the little theatre play, "The Red Headed Step Daughter." Following the program at the city auditorium a dance will be given at the country club for the members and their families.

Mrs. Bryan, Lavern Eiland, E. B. Bowden, C. M. Thompson Win

In Saturday's prize distribution conducted by the merchants of Munday, Mrs. P. W. Bryan was awarded the first prize of ten dollars, while the second went to little Miss Lavern Eiland, daughter of Mrs. D. A. Eiland. The third prize of three dollars was awarded to E. B. Bowden and the fourth of two dollars to C. M. Thompson. The dollar prize winners were Mrs. E. E. Brown, Mrs. S. A. Bowden, Oliver Hix, Glenn Kennedy, and B. M. Bartlett.

A large crowd was present again today to participate in the prize distribution, and all waited eagerly for their names to be called, and merchants were well pleased with the manner in which the public is responding to their efforts in this profit-sharing campaign.

T. W. Harber Elected Superintendent Of The Sunset Schools

At a meeting of the school board of the Sunset Consolidated District on Thursday evening, T. W. Harber, who has also served as acting superintendent for the past two years, and who has also served as acting superintendent during the present year, was elected superintendent for the coming year.

Superintendent Harber is a native product, being the son of Mr. and Mrs. T. W. Harber of the Thorp community, and his early training was secured in the same community in which he will serve as superintendent. Following his high school work he attended Texas Tech. at Lubbock and has striven diligently to equip himself for a place of usefulness in the community, and we predict that he will render faithful and efficient service in the capacity of superintendent of that excellent educational institution.

HEAVY VOTE IS POLLED IN THE MUNICIPAL ELECTION ON TUESDAY

Barnes, Campbell and Jones Are Winners Of Aldermen Births on City Council

In the four-cornered race for alderman in the city election here on Tuesday, in which three aldermen were to be elected, H. F. Barnes took a decided lead over all entrants, polling 179 votes, while J. C. Campbell, seeking re-election for a second term, was next with 115 votes, and Alex Jones came third with a bare lead of one vote over W. H. Atkinson, the vote being 110 for Jones and 109 for Atkinson, who with Mr. Campbell was seeking re-election.

Much interest was shown in the election and a heavy vote was polled. The two new councilmen will succeed Mr. Atkinson and J. C. Borden, the latter refusing to seek another term. The newly elected officers will be installed in office at the regular meeting on Monday night of next week.

WICHITA VALLEY BASEBALL LEAGUE ORGANIZATION PLANS GO FORWARD

Towns Along Valley Will Be Included; Season Would Begin April 23 and End August 20

A baseball organization to be known as the Wichita Valley League was perfected in Munday Sunday afternoon when baseball fans from the towns interested met here and outlined plans for the new organization and set a date for a future meeting at which time schedules will be arranged and rules adopted for governing the new organization.

Tentative plans for the new league call for the towns of Seymour, Gore, Munday, Haskell, Stamford and Hamden as members, however, this line-up may be changed to some degree at a later meeting and either Throckmorton or Knox City may be included should they desire to become members. A committee composed of Lee McCoy of Munday, Forrest David of Gore, and L. E. Loveless of Seymour, was named to draft rules and regulations, and another meeting will be held on Thursday evening at Munday at which time the schedule will be drawn. A twenty-game schedule is planned to begin on April 23 and close August 20.

Methodist Revival Being Well Attended Each Day

Good attendance and interest is being given to the revival meeting which began last Sunday at the Methodist Church in which the pastor, the Rev. H. C. Hand, is being assisted by the Rev. C. W. Thomas, pastor of the Methodist Church at Farmersville, Texas, and the services will continue throughout the remainder of the week and all next week. The Rev. Thomas is delivering the sermons at the morning services at 10 o'clock and is in charge of the children's services each afternoon at four o'clock at the church and the young people's services at seven o'clock each evening, while the Rev. Hand is delivering the messages in the evening.

At the morning services Sunday the Rev. Thomas will deliver the sermon and will also conduct a children's service at the church at four o'clock in the afternoon and the young people's services at 7:45, and the evening message will be delivered by the Rev. Hand.

The public is extended a very cordial invitation to attend any and all of these services.

SENIOR SCRAPBOOK

Hello everybody! This is the seniors, and boy! oh, boy! are we happy since the county meet or not? We have plenty of reasons to be—just read a report of the results, count the senior entries and winners, and then guess.

First of all, I want to thank Bettalou Greer for so generously writing the last three biographies in last week's paper.

Second, we want to compliment the Juniors in their excited work and extraordinary talent which they displayed in the Junior Revue. It was grand, Juniors, and will readily say to all those who missed it that they really missed a treat!

Third, and last, but by no means least, we want the whole world to know that we feel that we have the BEST room mother in the world. Mrs. Neff sat with the seniors at the Revue and after it she "set us up" to a dish of ice cream and cookies. It was delicious and if you haven't already heard, we enjoyed it to the greatest extent.

Now that the fun's over, let's get down to history. Here goes:

Lucyle Hunter

Boy, what a girl! She can cook, she can sew, she can speak, she can sing and play the piano and she can act like Lucyle at any place. When, maybe you think I didn't say a mouth full, but I did. If you are acquainted with Lucyle you'll agree that isn't even the beginning of the nice things about her. She has friends, a likeable personality, a friendly disposition and an endless amount of kindness and no matter where you'll find her she'll always be trying to do better. Who would wish for better qualities?

To begin where I should have Lucyle was born February 27, 1916, near Mumaw. She entered school here and she's "stuck to it."

Lucyle has taken expression only the past year but to hear her read and see her act you'd think that she was much more experienced. She is smart in school, too. You should see those A's in Spanish roll in. If you are ready for "the dirt" here 'tis:

Favorite sport—Stepping on some one's toes.
Favorite singers—The Barnyard Quartette.
Favorite pastime—Eating waffles. (Ask her why.)
Favorite game—Truth or dare—she gets the dirt on you most usually.
Hobby—Tying shoe strings after someone deliberately unties them. (Ahem.)
Occupation—Whispering.
Weakness—Giggling.
Ambition—To grow up. It is said that Lucyle once wanted to go somewhere which her mother disapproved of. In endeavoring to make Lucyle see her side of the argument she asked: "Lucyle, do you know where bad little girls go?"
The answer: "Yes, they go most anywhere."

Arthur Laney

We're speaking now of the village woman later—"sez" we. Many accord this to be the reason he is so sane and sensible. At any rate, Art says a woman's smile is quite often a lot more dangerous than her frowns. Doesn't he sound just like a philosopher or something worse?

Arthur has many good characteristics and qualities. He is always courteous, thoughtful and kind. He is quiet and thoughtful in manner and he is altogether unconcerned about his neighbor's business. An excellent quality—eh?

Now, don't think that just because Art doesn't "date" out he doesn't have girl friends, and even though he's quiet and thoughtful he isn't witty and humorous. You can always depend on Art to furnish his share of the fun making.

I'm way ahead of myself again, but I'm willing to start at the beginning. He was born at Telbert, Texas, February 18, 1915, but he moved promptly to Lakewood where he remained three years. Since moving from there

he lived at Ralls, Wellington and McAdoo before joining us.

Here's the dope on him:
Favorite study—Science.
Favorite sport—Tennis.
I might add here that Arthur and Boogey won first place at county in tennis doubles. He played basketball one year also. "Wot?" a man!
Ambition—Go to Claresson. Why?
Chosen career—Aviator.
Favorite movie star—Rin Tin Tin.
Weakness—Getting sarcastic.
Occupation—Popping fuses.
Hobby—Learning funny stories.
Ideal girl—Blond, blue eyes, athletic type, but must be a good "cook."

Bettalou Greer

Bet was born June 7, 1916, in Seymour. She moved to Munday a few years later and stayed here seven years. She then left us to go to Latfield but came back to us in the sixth grade and she's still here.

Maybe you know more about her than I do. Who knows? We all know she's a good athlete, a good sport, and that she's, shall I break the news gently, very smart. When she half way tries, boy, you should read some of her themes on "mates." She and Lucyle won first place at county in senior spelling this year and Bet made 100 per cent.

Bettalou can ride horseback, swim, turn "cats" or whatnot—one might call her a regular tomboy. To let you know how sarcastic she is, notice this:

Art to Bettalou—"I think, Bettalou, that you fit occasionally."
Bettalou, indignantly—"Well, I think it's a pal's duty!"
Art, wondrously—"Duty!"
Answer—"Yes, to speak well of you occasionally."

She's a pill if you don't already know it.

Well, here's what's what:
Favorite sport—Basketball.
Favorite speaker—"Jones."
Favorite subject—"What happened yesterday or the day before."
Favorite study—English.
Favorite pastime—Talking.
Hobby—Talking.
Occupation—Talking.
Weakness—Talking.

Jimmy Ashcroft of Knox City was in the city Thursday on business matters.

RHINELAND

Damage was done to the parochial school building here by fire that broke out between the roof and ceiling due to a defective flue. Only by quick action on the part of the citizens here the building was saved.

The Rhineland gin declared a \$2.00 per bale dividend on 3,660 bales, paying out \$7,320.00 in dividends for the season of 1932. The following were elected on the board of directors: W. C. Hertel, Jno. Andres, Victor Redder, Orel Stengel, and Henry Birkenfield.

The Knights of Columbus are beautifying the interior of their halls by giving it a new coat of paint. Most of the labor is being donated by August Schumacher, John J. Hoffman, Orel Decker, John Schumacher, and Leonard Birkenfield.

The seven year old daughter of Mr. and Mrs. Felix Ludwig of Claud, Texas, had the misfortune of falling out of a moving car and fracturing her skull while the family was en route to San Antonio, Texas. Last reports are that she is recovering as well as could be expected.

The infant son of Mr. and Mrs. Aloysius Urbanik has been removed to his home after being in the Knox County hospital.

Miss Victoria Kuehler and Mr. William Kuehler visited in Groom, Tex. Messrs. Killian and Alfred Horner returned home from Wichita Falls last Thursday after visiting for several days.

Mr. and Mrs. Carol Schumacher are the happy parents of a baby boy. Miss Sophia Michalik left Tuesday for Dallas to accept a position.

WOMEN: watch your BOWELS

What should women do to keep their bowels moving freely? A doctor should know the answer. That is why pure Syrup Pepsin is so good for women. It just suits their delicate organism. It is the prescription of an old family doctor who has treated thousands of women patients, and who made a special study of bowel troubles.

It is fine for children, too. They love its taste. Let them have it every time their tongues are coated or their skin is sallow. Dr. Caldwell's Syrup Pepsin is made from fresh laxative herbs, pure pepsin and other harmless ingredients.

When you've a sick headache, can't eat, are bilious or sluggish, and at the times when you are most apt to be constipated, take a little of this famous prescription (all drug stores keep it ready in big bottles), and you'll know why Dr. Caldwell's Syrup Pepsin is the favorite laxative of over a million women!

Fill 'er up with Conoco Bronze!

Nicknamed!

that's what happened

THE contest for a name and slogans for Conoco's new gasoline is over. The winning name and slogans have been selected and awards made to the contestants listed here.

More than half a million good friends tried sincerely to help us, and we are grateful to all of them for the names and slogans sent us, each of which had a careful reading and consideration.

Even though we have selected and paid for a splendid name, we find we cannot use it or any of the many hundreds of good names submitted.

Here is what happened:

Personality always wins a "nickname." We never thought of that in our anxiety to get a good name for an outstanding gasoline. Bronze was used as a color to make this new gasoline distinctive and to protect our customers. It was liked by everybody—they, you, everybody called it Conoco Bronze. So, try as we might, we couldn't change now. It will always be known as Conoco Bronze. It had too much personality to avoid this popularity rating—"nicknamed!"

Therefore, conforming with contest rules, we are using a name of our own creation, the name used in all the contest advertisements—"Conoco Bronze"—even though it is not the name for which we paid \$5,000.

Each user of Conoco Bronze gets a perpetual prize of instant starting, lightning pick-up, greater mileage and power—**for it is a great gasoline.**

THE WEATHER

It is a common saying that the winters are getting milder and the summers hotter. Now comes along the United States weather bureau which has been studying the weather conditions directly for more than sixty years and by reference to old records for more than a hundred years back, and confirms the belief that the past few years have been exceptionally mild.

Since 1908 the United States, especially that part of it east of the Rockies, has been enjoying the longest "warm spell" in history. The average annual temperature has been steadily rising for twenty-five years. Perhaps it has begun to change. The winter just passed was not as mild as the last one, which was the mildest in a century. If we have a cool spring, weather sharp says, we may look forward to a cooler Autumn.

Just before the war of 1812 there was a long warm spell, lasting more than ten years. There was another one after the Civil War. But from 1875 to 1912 the Summers kept getting cooler.

What causes these fluctuations in average annual temperature is not yet clearly understood, but knowledge of them is important. For one thing, these changes of climate have a decided influence upon agriculture. They determine the length of the growing season. Wheat production has been extending farther and farther north in Canada for a good many years now. A change of only two or three degrees in the average temperature, shortening the growing season, might materially cut down the wheat area of our northern neighbor. Similarly,

the northward limit of the cotton belt is fixed by the average annual temperature.

The weather is one topic of personal interest. Everybody talks about it although, as Mark Twain remarked, nobody ever does anything about it. It is of interest to everybody because it affects everybody. We have heard of lands of perpetual sunshine, in which the temperature never changes from season to season, where nobody ever has to give the weather a second thought. We have often wondered what the people of those happy isles found to talk about. And we also wonder whether life doesn't get entirely too monotonous where Nature itself doesn't change.

District Court, Taylor County, Texas.
By ZOLA McKEE, Deputy.

Mrs. Bernard Stodghill and little daughter, Bernadine, are here from Hobbs, New Mexico, visiting in the home of her parents, Mr. and Mrs. U. S. Rogers.

Mr. and Mrs. E. S. McCord and daughter, Miss Frances, of Colorado City, were week end visitors here in the home of Mr. and Mrs. Oster-Golden.

W. H. Atkinson, president of the Munday Golf Club, announced Thursday that the club tournament would be played the last week in April or actual play begin on the 24th—Monday. Qualifying rounds will be on the three days immediately preceding.

Wichita Valley League Will Be Composed of Six Excellent Teams

The Wichita Valley League was formally organized here Thursday night and rules and schedules were adopted. The league as finally organized is composed of six towns as follows: Goree, Munday, Haskell, Stamford, Haamin and Rule, and each of these towns was represented at the meeting here.

The schedule adopted, which is published below, is arranged for a split season on June 25, and the winner of the first half will play the winner of the second half for the pennant.

Lee Haney of Munday was chosen as president of the league and Oral Matlock was elected secretary-treasurer.

All towns in the league were represented at the meeting and the indications are that some unusually fast baseball will be played in this circuit during the season.

The following were in attendance at the organization meeting: Hamlin—Chuck Abbott, Gene McClung and J. A. Allison.
Rule—J. A. Westmoreland, E. B. Horton and R. E. McCandless.
Stamford—M. T. Salmon and J. F. Medlin.
Goree—Forrest Daniels and Bob Couch.
Haskell—W. H. Bradley.
Munday—John Ed Jones, J. A. Rayburn, O. E. Matlock and Lee Haney.

TODAY AND TOMORROW

ABILITY—it's scarce.
I am constantly being surprised to discover that men who get along more than passably well in good times are utterly without ability to help themselves in hard times. By contrast, the proportion of first-rate men with initiative, courage and confidence in themselves, seems pitifully small.

More than three hundred years ago a man named William Shakespeare expressed the same idea when he wrote:

"The fault, dear Brutus, is not in our stars, but in ourselves, that we are underlings."
Every day I get fresh evidence that men who were classed as superior a few years ago are weaklings. Also, I hear every day of men who never made any great splash in the world, but who are getting ahead today in spite of hard times.

One thing depression has taught is that all men are not equal, at least in ability. But let prosperity return and with it will come a new crop of incompetents getting on by their nerve and assurance.

WORK—and the lazy.
One evil result of the depression and the vast expenditure of money for the unemployed has been to get millions out of the habit of work. It is so much easier to draw money and food from the public and charity funds than it is to work.

We have been trying to hire a competent woman to do general housework, in my family. Six refused the job because "it was too much work," although my hundred pound daughter manages to do it all in a half day. On inquiry we found that each of those six had been living comfortably without working, supported by one or another source of unemployment relief.

In three weeks we tried out six who were willing to try—or so they said. They were willing to eat and sleep, but it turned out they were unwilling to work.

Many business men friends tell me that it is next to impossible to hire people who will really work at their jobs. They feel that they don't have to work unless they want to.

I am afraid that those of us who are willing to work will have to go on supporting a huge army of non-workers, even when good times come back again.

BUSINESS—in chain gang.
Adversity sometimes discloses unsuspected business ability in the last place one would look for it.

Carter Melvin, a Negro convict in a Georgia chain-gang, found a nickel in the prison yard. He got a keeper to buy him a package of matches, ten boxes. He sold the matches to other convicts and guards for a cent a box, doubling his capital. He bought more matches wholesale and sold them retail until he had a quarter. He bought six packages of smoking tobacco for his quarter and sold them for a nickel a sack. At last he had money enough to buy a carton of cigarettes, which he again retailed at a profit.

Carter has \$20 now, all from the original nickel. He has done better than a lot of white folks who have let the hard times lick them. And he has proved that business ability is not confined to any one class or race.

Mrs. W. R. Moore Hostess
Ace High Bridge Club
Friday evening of last week Mr. and Mrs. W. R. Moore were hosts to members of the Ace High Bridge club and a group of guests, placing four tables for contract bridge. Pot plants in bloom enhanced the charm of the home.

High score honors for the evening went to Mrs. M. F. Billingsley and H. A. Pendleton. Delicious refreshments of strawberry cream and angel food-nut rolls were served Dr. and Mrs. W. P. Farrington, Messrs and Mrs. W. H. Chapman, M. F. Billingsley, R. B. Davy, Tom Haney, J. A. Kennedy, H. A. Pendleton and the hosts.

SHOWER GIVEN FORMER HOME AGENT
A very beautiful miscellaneous shower was given to Mrs. Ira Bowden, who before her recent marriage was Miss Grace Nelson, county home demonstration agent for Knox County, on last Friday at the home of Mrs. J. B. Reneau, at which time she was presented with a beautiful set of salad forks as a gift from the combined clubs of the county, and in addition each member in attendance presented the bride with a can of food of miscellaneous variety. Those in attendance at this enjoyable event were: Messdames J. E. Edwards, L. P. Jones, D. P. Fawley, Briece Dobbs, G. L. Pruitt, Lewis Cartwright, J. L. Hunsley, Frank Bowley, Ralph Weeks, Emma Hill, C. R. Parker, L. W. Hobert, G. P. Lansford, E. Dickerson, John Reneau, C. M. Matlock, E. B. Time on Taxes

AUSTIN.—Action of appropriation bills thus far carry out the announced intention of the Legislature to trim government expenses by from 25 to 50 per cent. Several of the major items have been finally acted upon by both houses and are in the Governor's hands. There is a difference of some \$600,000 between the House and Senate on the eleemosynary appropriations. The Senate amended the House bill to provide for construction of buildings, said to be needed to take care of the increasing number of inmates in the various institutions.

This is the only serious difference between the branches of the Legislature with regard to important appropriation bills. For the most part the House schedules have been lower than the Senate, but thus far differences have been compromised without serious difficulty.

The one big question yet to be determined is the amount of support to be provided for public schools. This situation is more difficult than the other major items of expense, because schools throughout the state are suffering from the double embarrassment of reduced state support as well as reductions in the payments of local taxes.

During the past few years state support of the public schools has steadily increased. State apportionment in 1923 was \$2,965,960. In 1931 this had been increased to \$27,362,912. Special rural aid appropriations in 1923 were \$1,000,000. In 1931 they were \$2,500,000. Local tax support in the same period increased, though by a smaller ratio.

and State sources have far outrun increases in enrollment, earning power of the people and the wealth of the State. Likewise public school costs have mounted more rapidly than have the costs of other functions of State government. Illustrating this point, total property assessments in 1923 were approximately three and one-half million dollars. In 1932 they had increased to slightly less than four billion, a gain of about 14 per cent taxable in wealth, compared with increases in expenditures for public schools of considerably more than 100 per cent from the State and somewhat less than 100 per cent from local sources.

It seems fair to point out that while school enrollment was increasing about 10 per cent and taxable wealth about 14 per cent, public school costs were more than doubled. These percentages are average for the State. The factors vary in different localities.

That it will be a difficult problem to adjust these differences goes without saying. It is clear, however, that if the existing standards of support of the public schools is maintained new sources of revenue must be found.

An income tax has received a favorable report from a House committee. The rates for individuals scale from one per cent on the first \$1,000 of net income up to seven per cent on amounts in excess of \$11,000. For corporations the rates scale from two per cent on the first \$1,000 to six per cent to increase in excess of \$6,000.

The sales tax has been killed again in a House committee, but there is talk of it being brought out on a minority report. Its prospects of passage seem slim, but search for needed revenue may win sufficient support to bring about enactment of a modified sales tax on certain specified articles.

Appropriations for the support of the State board of water engineers and the board of mineral development have been killed by the House. The items are small, the two combined amounting to only about \$36,000 per year. The Senate has yet received the departmental appropriations bill from the House.

Railroads Sell "Visits" To Century of Progress

Chicago, April 10th.—The railroads of the entire country, according to a formal announcement made today by the Western railroads' Committee of Public Relations, have adopted a new low-rate plan for the convenience of the visitors to Chicago's Century of Progress Exposition, whereby a prospective visitor may purchase, before he leaves home, his hotel accommodations in Chicago, his transfer from the railroad station to his hotel and back again, tickets of admission to the Exposition, and a sightseeing tour of the city. Everything but meals is included in this new plan which combines the several advantages of lower prices to the visitor and of relieving him of any inconvenience in securing his hotel accommodations and of enabling him to know before he leaves home just what his trip will cost.

These "visits" to the Century of Progress will be sold at every railroad depot in the United States. They will allow stays in Chicago from one day up to five days or more. The prospective visitor will have his choice of 2 first class hotels in Chicago from which to select his accommodations. These hotels are grouped according to their normal scale of prices: for a one-day "visit" the cost will range from \$4.50 to \$6.50, including taxi from railroad station to hotel, one night's lodging (single room), a souvenir Century of Progress admission ticket, and taxi back to the railroad station. For a double room occupied by two persons, including the above additional services, the cost person will range from \$4.00 to \$5.50. For a five-day visit, including taxi both ways between station and hotel, a tour of Chicago, three admission tickets to the Exposition and four nights' lodging, the cost will range from \$14.75 to \$22.75 for a single room, and from \$12.75 to \$18.75 per person for two occupants of a double room.

At every railroad station in Chicago special World's Fair departments will be installed, staffed by American Express travel men who will see that all incoming visitors secure their tickets to the hotels named on their coupons, receive their Exposition tickets and whatever else they are entitled to, and who will provide information, and in general, serve as a Chicago reception committee. This sale of complete "visits" to the Century of Progress is perhaps the most outstanding departure ever made, on a nationwide scale, from the standard railroad practice. This new plan is unique and promises to be one of the greatest cooperative movements ever fostered by the country's railroad systems. It is instituted in addition to the substantial reductions, previously announced, in railroad passenger fares between Chicago and all points.

FIRST BAPTIST CHURCH

Sunday morning at the close of the Sunday School service 67 awards for work done during the recent B. T. S. training school will be given out. This is a fine count for our church. It should mark a new day for the training service.

We are expecting you for Sunday School at ten o'clock. The music will start at five minutes before ten. Be sure to be on time. You will enjoy the opening program. We make a special appeal to the fathers and mothers to come and stay through the preaching service. Let's set a good example for the children and the young people. If I pull my part of the load and you pull your part it will be smooth sailing. We are expecting you Sunday.

There will be no preaching services Sunday night on account of the meeting at the Methodist Church.

Scholastic Census Of Sunset District Shows Increase Ninety

R. C. Interest Growing In Laying Tile for Sub-Irrigating Gardens

Two demonstrations were given last week on the laying of tile for sub-irrigation. Mrs. J. J. Collier of the Vera H. D. Club had some 150 or 200 feet laid in her garden. Mrs. Smith of the Lone Star H. D. Club had about 100 feet laid in her garden but this was only the beginning for her for she intends to have her entire garden tiled just as soon as they can get the tiles ready. "I intend to raise plenty of tomatoes this year now that I have a sure way of irrigating them," stated Mrs. Smith.

MUNDAY INVITED TO AGAIN ENTER "MY HOME TOWN" CONTEST AT WEST TEXAS C. OF C. CONVENTION

The Munday High School has been asked to enter a student speaker in the Annual My Home Town Contest at the Fifteenth Annual Convention of the West Texas Chamber of Commerce in Big Spring, May 11, 12, 13.

The entry blank and rules of the contest were received this week by Superintendent G. C. Jones from C. M. Caldwell, chairman of the contest. Contestants must be high school students and each town may select its contestant in any way it desires. The speech must be original and about the home town of the student. The rules provide it shall not contain poetry, and not over five minutes long.

A new loving cup is to be offered the winner this year at Big Springs the Thomas Etheridge cup having been won three times by Joe Witherspoon, of Wichita Falls, who becomes its permanent owner. Witherspoon will not be a contestant this year according to Chairman Caldwell. In addition to a loving cup, the high three contestants will each receive a substantial cash prize and the winner will be given a choice of a number of college scholarships.

The Home Town Contest has been a feature of the West Texas Chamber of Commerce Conventions for the past ten years, and the final contest is held before the entire convention on the last morning.
