

# THE MUNDAY TIMES

Volume XXVIII.

Munday, Texas, Thursday, March 16, 1933.

Number 42.

## Munday Merchants Will Distribute \$25.00 In Cash Prizes Each Week, Beginning Saturday, March 25th

Munday merchants have perfected a plan whereby they will give away \$25.00 in cash to their patrons, beginning Saturday, March 25. However, tickets by which patrons may participate in this cash distribution will be given away by the merchants beginning Saturday morning, March 18, and the tickets will be given with each and every 50 cent purchase.

Details pertaining to the plan by which these cash prizes are to be given can be had from any of the merchants whose names appear on their ad which will be found in this issue of The Times.

This distribution of cash prizes will be conducted along the same lines as that conducted in Munday some years ago, and is designed as an added inducement to people in the Munday country to do their trading in Munday.

See their ad and list of merchants pertaining in this issue of The Times participating in this issue of The Times, and ask these merchants for particulars and tickets.

## P-T. A. Women To Again Play Ladies of Faculty

The mothers of the Parent-Teacher association have not been entirely satisfied with the defeat that was administered to them some weeks ago by the lady members of the faculty, and have longed for a return engagement with the lady pedagogues, and, at last, they have reached an agreement for the return game, which will be played at the gym on Thursday evening of next week, March 23rd, and an admission charge of 10 and 15 cents will be charged, the proceeds of which will go to the Parent-Teacher association in school improvement.

But don't get it down in your system that this is merely a money-raising exhibition, for it will be one of the hardest fought and most evenly matched games of the year, and those who saw the game before will verify this statement.

## Judge J. L. Smith Gives Address To Legion Here

Commemorating the fourteenth anniversary of the organization the local post of the American Legion held a get-together meeting here on Wednesday evening at the community auditorium and while the attendance was not as large as was hoped for, there were legionnaires here from Knox City and Goree, and a goodly number of ex-service men present.

Preceding the principal address of the evening, which was made by Hon. John Lee Smith of Throckmorton, a brief talk was made by Fred Wright, Throckmorton attorney and legionnaire, who severely scored the American Legion Monthly for its lack of interesting matter to members of the organization, and he urged the local post to send resolutions to the publication protesting against its attitude and lack of interest in Legion affairs.

Judge Smith, who incidentally was present in Paris, France, fourteen years ago and was one of the original members of the organization, told members of the organization that they would shortly be deprived of their compensation, if they are drawing same, which will come as one of the measures of economy under the new administration at Washington.

He stated that he had recently returned from Washington, where he talked with President Roosevelt concerning the American Legion, and he stated that the President had expressed some doubt as to whether the Legion represented sentiment of the ex-service men or not, since only a small portion maintained membership in the organization, and he urged that all ex-service men enroll as members in order that all doubt might be dispelled as to the Legions standing among those who were in the service, and thereby enable the organization to represent the ex-service men in demanding registration desired.

Musicians Ted T. Tucker gave a number of saxophone solos, accompanied at the piano by Mrs. Louise Ingram, which contributed to the pleasure of the program.

## School Campus Will Be Beautified With Planting of Trees

The campus at the school building is being beautified this week by the putting out of more than one hundred shade trees of the paradise variety, which, being a native tree, grows rapidly and lives longer in this section than most any tree to be grown.

The work is being done through the funds made available through this, and is under the supervision of D. T. Mauldin, who has assumed the responsibility of supervising the distribution of this fund in this community, and we are sure that no more worthy undertaking could be found than this.

## Both of County Agents Remain In Knox County

At a meeting of the Commissioner's Court at Benjamin on Monday an order was passed rescinding the order passed some weeks ago dispensing with the services of the home demonstration agent, and it was definitely decided at Monday's meeting that both the home demonstration agent and the county agent would be retained. A large group of club women from all parts of the county gathered in Benjamin and stressed the importance of the work being done under the direction of the home demonstration agent, and Miss Jewell Faulkner, who recently came here to take up the work temporarily, has been retained permanently.

At the meeting Monday an agreement was reached that enables the county to lower the salary paid the agents and still let the state and federal aid. The county has been paying \$2200 per year of the salary of the two agents, while under the new agreement only \$1000 per month will be paid from county funds.

## Mrs. J. C. Hardberger, Pioneer Texan, Is Buried On Monday

Funeral services for Mrs. J. C. Hardberger, 81, who died at the home of her daughter, Mrs. Ben Davenport, near Poolville, Parker county, Sunday morning, were held Monday afternoon at Knox City in the Campbell Undertaking hearse.

Mrs. Hardberger came to Parker county from Arkansas 56 years ago with her husband, and in 1906 they came to Knox county, where her husband, a pioneer Baptist minister, died a number of years ago. Mrs. Hardberger remained as a citizen of Munday until some four years ago, when, following the death of her daughter, Mrs. J. W. Whitsett of this city, she went back to Parker county to make her home with another daughter, Mrs. Davenport. She was a member of the local Baptist church at the time of her death, and was a consecrated Christian woman.

Survivors are three daughters, Mrs. Ben Davenport of Poolville, Mrs. Roy Speck of Lamesa, and Mrs. C. B. Neal of Fort Worth, three sons, Geo. Hardberger of Knox City, John Hardberger of O'Donnell and Rufus Hardberger of Lubbock, 25 grandchildren and five great-grandchildren.

## Gillespie H. D. Club Has Interesting Meeting

The Gillespie Home Demonstration club met Wednesday afternoon of last week in the home of Mrs. Roe Myers, and was called to order by the vice-president, Mrs. R. C. Partridge, who presided over the meeting.

By a vote of the club a sum of \$2.50 was appropriated for the purpose of purchasing a gift for Miss Grace Nelson, retiring home demonstration agent, who was recently married.

Miss Jewell Faulkner, the newly appointed home demonstration agent, was present and gave a very interesting and instructive demonstration in setting out grape and berry plants, and the club members are very enthusiastic over the manner in which Miss Faulkner has entered upon the work.

E. J. Roberts and W. H. Atkinson went to Seymour Thursday to take on L. E. Lovless and O. C. Harrison in a golf game.

## Little Pen-o-grams

## Round Bale Plant Here Breaks All Previous Records

The farmer patrons of the Pendleton Gin have realized a net profit of from \$2.00 to \$3.00 per bale on all round bale cotton ginned at their plant this season, according to figures kept during the fall season at the office of the plant. Mr. Pendleton explained that this is possible through the differentials in costs between round and square bale methods. Round bale cotton takes a high density freight rate at the point of origin without additional handling charges or compression charges, which affects a saving of sixteen points or 80 cents per bale. This together with the premium offered for round bale cotton this season enabled the Pendleton Gin to pay their customers forty to sixty points above the prevailing square bale price.

The local plant has ginned 9400 round bales during the past season, and this together with the square bales ginned bring the total nominal bales ginned by the plant to 5200 bales, which is the largest season's run the plant has enjoyed since it was built. Mr. Pendleton estimates that the round bale system here has resulted in a net profit to the farmers of the Munday territory of approximately \$10,000.00 during the past season, and he predicts that this form of wrapping the fleecy staple will increase in popularity from year to year, both with the farmers and with the domestic and export buyers and manufacturers.

Mr. Pendleton intalled the round bales press in his plant in 1928, and the percentage of round bale cotton ginned each year has increased.

## AT THE CHURCH OF CHRIST

J. Porter Wilhite, Minister  
The brethren are now responding nicely to the efforts put forth, which is very encouraging, and for that reason I hope to have a nice little basket of flowers to offer them in the next Lord's days two sermons. We may surprise you by speaking real nice. You may think that isn't in us, since we have been a little harsh for a few Sundays. Come bring your friends, and you will really enjoy the day. Try to be on time for the Sunday classes which meet at ten o'clock.

Don't forget the Tuesday class at three p. m. Still studying Romans. Next will be the fourth chapter, from the eleventh verse to the close. It will be a fine lesson, and we hope to have several new members with us at that time.

## NOTICE

To The Farmers Union Members: The Farmers Union Gin will pay \$2.25 per bale to union members on Saturday, March 25, 1933, at the Union Hall. Total ginning to March 14th 10,722 bales.

Farmers Union Gin, By Ernest Partridge.

## G. C. Jones Re-Elected Superintendent Munday Public Schools; Palmer and Hardigree Are Retained On Faculty

At a meeting of the board of the Munday Independent School District on Monday evening Superintendent G. C. Jones was re-elected for the coming year. Other members of the faculty re-elected at this meeting were L. S. Hardigree as principal of the high school and L. M. Palmer as principal of the grammar school, both of whom have been associated with the school for a number of years and have given universal satisfaction.

Superintendent Jones is serving his first year here in that capacity, and his administration of the affairs of the schools have been of the most satisfactory nature, and we are sure that the board has expressed the wishes of a vast majority of the patrons of the school in the re-election of Mr. Jones.

No other members of the faculty were chosen at Monday night's meeting, but all the places will be filled at an early date, it is said.

## Knox County To Send Exhibit To Lubbock Show

Knox county will have an exhibit at the Lubbock Meat Show, which is to be held there on March 22, 23 and 24, according to Miss Jewel Faulkner, county home demonstration agent, and Miss Faulkner urges those who have meat that they would like to enter in the show that they bring them to her office in the city hall in Munday not later than Monday. Each person entering must have three cans of each item that they wish to enter, one of which will be opened and judged and the other two will be returned.

Following is a list of classes of meats that may be entered, and any person may enter as many different classes as they desire:  
Pork roast in No. 2 or 3 can.  
Pork sausage in No. 2 can.  
Pork mince meat in No. 2 can.  
Pork Scrapple in No. 2 can.  
Pork liverpaste in No. 2 can.  
Beef roast in No. 2 or 3 can.  
Beef steak in No. 2 can.  
Beef chill in No. 2 can.

## NEW HOPE BAPTIST CHURCH

There will be services at the New Hope Baptist church Sunday, March 19th.

The Rev. Gage was out of the community last week end, so this is why the date of service has been changed. All are cordially invited to come and take part in the worship.

## First National Bank Here Re-Opened Wednesday Morning After Bank Holiday Ordered By Government

### Three Aldermen To Be Elected April 4 In City Election

In the city election to be held on April 4th three aldermen are to be elected to fill the places held by Councilmen J. C. Borden, J. C. Campbell and W. H. Atkinson.

While friends of these gentlemen have urged them to permit the use of their names on the ballot in the April election, they have not definitely decided as yet with the exception of Mr. Borden, who has stated positively that he will not be a candidate to succeed himself. All of these gentlemen are serving their first term on the council at this time, while both Mr. Campbell and Mr. Atkinson have served in this capacity in years gone by.

### Applications For Crop Loans Are Received Here

T. L. Miller of Coleman, district supervisor of Federal Crop Loans, was here Monday making arrangements for carrying out the program stated that he would make his headquarters at Haskell, but would be in Munday on Thursday afternoon of each week to confer with anyone having business with him, however, he requests that those wishing to correspond with him regarding loans send their communications direct to Haskell.

Mr. Miller announced that arrangements had been made here with Miss Bertha McNeill to take applications for loans and fill out the required blanks. Applications for loans at Knox City should be made to Roy Smith at the city hall there, and citizens of the Benjamin, Vera and Truett communities should see Buster Chamberlain at the court house in Benjamin.

### West Side Haskell Singers Will Meet Sunday Afternoon

We have been requested by W. M. Rowan, president of the West Side Haskell county singing convention to announce that the convention will meet Sunday at O'Brien, and a cordial invitation is extended to all singers and lovers of good singing to attend, as a great program is being planned for the occasion.

### Funeral Rites For Mike Perry Held Monday at Knox

Funeral services for Mike Perry, 40, who died in the Knox County hospital at Knox City Saturday morning, were held on Monday morning at Knox City, and was largely attended by friends from over the county. A delegation of American Legion members from Munday attending the services included Lee Hayes, Lewis Cartwright, Dick Atkinson, Bill Shaw, Buel Bowen, John Ed Jones, Ariell Spelce and Jennings Barton. The services were in charge of the American Legion.

The funeral services were conducted at the Christian church with the Rev. J. H. Sharp, pastor of the Methodist church, officiating.

Death resulted from a combination of complications which followed an attack of influenza. He is survived by his widow and two children, and numerous other relatives. A sister, Mrs. J. E. Reeves, formerly resided here.

### STAMPS ENTERTAINERS

V. O. Stamps and party, including Freddie Martin with his accordion, Miss Josie Sessions, pianist, and others will give a concert at the O'Brien school auditorium on Saturday evening, March 18th, beginning at 8 o'clock, and the public is extended a cordial invitation to attend. The admission price will be 15 and 25 cents.

George Hammack and O. F. Greer left Wednesday for Lubbock, where George will undergo treatment for some time for an ailment from which he has been suffering.

The First National Bank in Munday opened for business on Wednesday morning at the usual hour following receipt Tuesday afternoon of a telegram from the Secretary of the Treasury of the United States authorizing them to do so, and the opening day brought on a rush of business which reminded those who visited the bank of a rush day in the fall of the year, as business concerns had an accumulation of checks which they had gathered in for several days to deposit, and the rush of business necessitated the bank employees working late into the night Wednesday to clear the day's business.

E. W. McGlothlin, vice-president of the institution, states that the opening of business was very gratifying to bank officials, for, notwithstanding the fact that the bank opened without any restrictions on withdrawals other than those promulgated and required by the Secretary of the Treasury, there was no occasion for enforcing these here, and instead of withdrawals the deposits of the institution were swelled some \$40,000 at the close of business Wednesday over that on the date the bank was closed by order of the President.

Officials of the bank were gratified at receiving their permit to reopen at the early date it was received, for in many instances these permits were withheld pending further investigation. The bank officials also expressed their sincere gratitude at the manner in which local business men and patrons generally have carried on during the bank holiday, and they naturally feel that this spirit of cooperation has been largely due to the confidence they have in the institution, and they feel conditions have been materially changed during these few days, and that the public at large has renewed confidence in their banking institution and in the ability of our President to lead us out of the depressed condition under which we all have labored during the past few years.

Mr. McGlothlin stated further that the bank was accepting checks on outside banks in the usual manner, and other than the restrictions placed upon the bank pertaining to withdrawals for hoarding purposes business will be carried on in the usual manner, there being no restrictions placed upon withdrawals for the usual conduct of business.

## \$24,000 Dividend To Be Paid By Farmers Union

Dividends aggregating \$24,124.50 will be distributed among the farmers of the Munday country on Saturday, March 25, according to an announcement made this week by Emmett Partridge, manager of the Farmers Union Gin, who announces that a dividend of \$2.25 per bale will be paid on the 10,732 bales ginned by the union's plants during the past season.

It is needless for us to say that the release of this vast amount of money at this particular time will be of untold benefit to the farmers who are to participate in its distribution, and the accomplishment of the farmers of this community in the matter of owning and operating their gins on such a basis has been commented upon in many publications over the state in pointing out the advantages of cooperation and cooperative ownership of gin plants and other equipment required by the farmers.

It has been planned to distribute this dividend or rebate earlier, but the closing of the banks and lateness in completing the ginning for the season has delayed this action.

## Elder J. N. Cowan, Noted Evangelist Here Next Week

We are requested to announce that J. N. Cowan, noted evangelist and debater, and leading figure in the Church of Christ, will preach at the local Church of Christ (in the grove) on Wednesday evening of next week and a cordial invitation is extended to the public to hear him.

Sheriff C. E. Elliott of Benjamin was looking after official business here Wednesday.

#### TIPS ON TAXES

Our readers have possibly made note that we are running a column from Austin under the heading above. This material is sent to us each week by Ray H. Nichols, editor of The Vernon Record, who has gone to Austin to provide this service for members of the Texas Press Association.

These comments are non-partisan and facts are given without personal opinion or comment. Numerous services are available to newspapers from Austin, but in many instances they are designed for propaganda purposes or are partisan in their comments, and we have refrained from using them, but with the service provided by the Texas Press Association no special interests are to be served, but facts pertaining to taxes and tax legislation are to be given by one of our most competent and able members, and they can be relied upon as being the facts.

#### BACK TO THE FARM.

We have heard a great deal of talk about the "back to the farm" movement and we have been somewhat skeptical about a good deal of it. But some actual facts disclosed by the President's Research Committee on Social Trends show that there has been a definite movement of population from the town and cities back to the farm since the present depression began. Investigators report that the farm population of the United States is today as great as it ever was. It had reached its peak in 1910 and then began to decline, but has been

from the cities and large towns in the past two years were asked why they made the move. Sixteen per cent of them said they could save more money on the farm, 14 per cent felt that city work was too uncertain and too hard, 10 per cent liked the independence of farm life, 20 per cent disliked the city, 20 per cent said the city was not a fit place in which to rear children and that they had returned to the farm for the sake of health and better at around living conditions.

Naturally, most of the families who leave the cities for the farm are those who were brought up in the country. City folks without any rural background are likely to have a pretty hard time making a living at farming. But nearly 13 per cent of those who have migrated to the land lately were city people without any previous farm experience, and many of these are reported to be doing very well.

We have always believed that the only real stability for the average citizen is in having his own land under his feet, that the only people who are reasonably sure of a living regardless of general economic conditions, are those who get their own living from the soil. But when good times come again, watch the youngsters rush from the farms to the factories!

Some few business institutions have adopted a rather selfish and narrow attitude during this period, refusing to accept checks in any amount, and demanding that remittances for services and merchandise be sent in currency. While there might exist an absolute necessity for such an attitude that business people generally should remember those who have extended a helping hand during these few days, and also remember those who have refused to assist in carrying on business in any measure.

Complete line of feed, seed and poultry supplies. Get our prices.  
MUNDAY HATCHERY.

#### THE RAILROADS LEND A HAND

When the banks were closed over the nation one of the first public service institutions to extend a helping hand was the railroads of the that they were compelled to procure permission from the Interstate Commerce Commission before they could then the agents to deliver freight to responsible patrons and withhold collections until such time when cash could be procured or when the banks were re-opened for business, and thousands of dollars worth of freight have been delivered here in Munday on what we might call open account.

### A medicine that does something for women

A woman is old at thirty when she has let herself run down. And she is young at sixty if she knows how to keep clear of chronic sluggishness.

Have you never tried the harmless medicine that is made for this very condition? Do you know that two or three weeks of its gentle stimulation has done the most amazing things for lots of women?

This means of stimulating the system to new life is a doctor's prescription. It is known as Dr. Caldwell's Syrup Pepsin. It is made from fresh herbs, active senna, and pure pepsin. From the day you begin with it, you will feel better; one spoonful disposes of any bilious headache, a larger dose relieves any constipated condition. A little now and then will keep you guarded from the auto-intoxication that dulls appetite and ambition in any man or woman.

Dr. Caldwell's Syrup Pepsin is known to all druggists; they always have it on hand. It is the most likeable and remarkable medicine you ever tasted. Try one bottle and compare your condition with the way you felt before!

### SENIOR SCRAPBOOK

By Mildred Burnett

Here's hoping you won't find it too boring. You can bet on it we will be here rain or shine, broken arms or crippled minds. How do you like reading history? Here's you won't find it too boring. The report cards come out this week. Some look forward to this with dread and fear while others anticipate their coming with unrivaled anxiety and assurance. Not anything of vital importance has happened to the Seniors this week so we'll leave the news to begin the reading of history. First, however, some might be wondering just why the biographies aren't appearing in alphabetical order. In the first place the Seniors like to be different (that's why we're good), and, in the second place it breaks the monotony. We like to keep you guessing.

### Katie Beth Bowden

Her real name is Katherine Elizabeth, but Katie Beth was substituted as it was shorter and more easily pronounced. Kate was born May 28, 1916, in May, Texas—that is a coincidence isn't it? She moved to Munday when very young and she's been here ever since that time. Katie Beth's education started when she was seven years old in Munday Grammar School, so you see she is one of the charter members of the class. Kate is what you'd call a "regular fellow". She can play almost any game from hop scotch to tennis, which includes jacks, volley ball, basket ball, and marbles, with marked skill. She played basket ball for her first time last year and, as usual, she was fine! Oh yes! While speaking of sports you should see her ride horseback or swim and if she by some chance of "Miss Fortune" she got one of your treasured letters or something worse you'd agree with us that she can run. Her pastime is doing deeds of mischief "sez" the class. Kate could choose any number of careers since she took music four years, expression three years, and home economics two years.

The college Kate plans to attend is Baylor University, and knowing her to do well what she knows, we feel sure that she will acquire "lots" of knowledge. Some of Kate's favorites are: Favorite speaker: Mr. Jones. Favorite study: None she likes them all (?). Favorite sport: Basket ball. She hopes her career pretains to cooking and boy oh boy! can she cook! Hobby: Getting into mischief. Weakness: Chocolate candy. (ahem, a hint to the wise is sufficient.) Occupation: Teasing Norene. Ambition: To learn Geometry. How may others aim that high? She described her ideal man, but why take up space to tell you. He's a brunette with brown eyes and so forth if you know—maybe I'd better hush cause Kate has T. N. T. in that wicked "swing" of hers.

### J. C. Rice

What? Another Jake? You said it, and we're proud of it. Jake tells me he was born July 28, 1916, in Munday and he's lived here sixteen years, all except a day and a half, he was out of town on business then. J. C. is another one of those foot ball men the Seniors are proud to have in their possession. He played two years of foot ball and he has entered track four years; Junior track three and we'll let you guess how long he's entered as a senior. Would you ever believe that J. C. was one of the most comical students of the Senior class? He acts very serious but he has a line of wit too. Would you like to know what's what about him? O. K. here goes: Favorite speaker: Miss Couch. Favorite singer: Miss Palmer. Theme song: "I Lost My Gal Again." Favorite author: Zane Grey. Favorite story: "The Three Bears". Favorite Poet: Charlemagne Bonaparte Sexton. Hobby: Collecting stamps—he likes the "licks". Weakness: Haskell—he goes to get a Collier ah! Ambition: Lost when growing up.

Ideal girl: One who looks like Clara Bow, acts like Janet Gaynor and talks less than Helen Keller—you're out of luck we fear!

### Frances Thompson

Now you're talking of a real somebody! Frances is sensible, sane and smart. She has a disposition that is the envy of any girl, as she has just enough temper to suit a nice sweet girl perfectly. She has an almost unbreakable will power and a determination that will win for her places in the world. No matter where she is you'll find her trying. There! I am getting a way ahead of myself again. Frances was born December 16, 1915, at Alvord, Texas. She joined us here in the second grade and with the exception of two years, which were spent going to Gillespie, Frances has been with us every year. Frances took expression two years and she has entered debate once. She is an excellent speaker but a better debater when some one gets her "riled up." That isn't all, she is a good athlete too. For two years she has played volley ball and when she socks 'em they stay socked. Frances' favorites are like unto thus: Favorite sport: Riding horseback. Favorite study: Mathematics. (That's worse.) Favorite speaker: Mr. Jones. (again.) Favorite subject: Rome (Texas). I've a bug to put in your ear some of these days. Occupation: Writing letters (to Rhone). Hobby: Reading—letters! Weakness: Brunettes. Ambition: To be math teacher. Frances can cook, sew and keep house—good qualities for the girl of 1933. Just not one thing, Frances, when you're in Rome do as the Romans do.

### Chaney Hobert

Boy! You should see Chaney's blood boil when you call him "Chaney". Here's another foot ball hero we're proud of. Chaney was born September 2, 1915, and he has gone through school here. He's a real athlete; he played foot ball two years, entered track two years and played basket ball two years. Chaney was perfectly willing to tell me all about his sport life, but he just wouldn't tell me anything about his lady friends other than that he preferred brunettes. Such is the life of a poor reporter! Here are his favorites: Favorite study: History.

### Honor Roll For Hood School For 5th Month

The honor roll for the fifth month of the Hood school is as follows. PRIMARY ROOM—Mildred Hendrix, Aubrey Roden, Rheba Cunningham, Eunice Yancy, Jozelle Tidwell, Ralph Tidwell, Johnnie Maude Hendrix, Druel Finley and Lewis Nicholson. INTERMEDIATE ROOM—Helen Polson, Lorain Finley, Gladys Booe, Dennis Ford, and Estelle Temple. HIGH SCHOOL—Vina Mae Brown, Audie Polson, Dorman Tidwell, Sam Yancy, and Olean Bingham.

Ray Easley has returned from Deatur, where he visited his parents, Mr. and Mrs. S. T. Easley, and his brother, Foy. Ray states that Mr. and Mrs. Easley are highly pleased with farm life and are getting along nicely.

Favorite singer: Miss Palmer. (2 fans already). Favorite sport: Football. He had plenty of fans alright.

Career: He has no definite plans as to what he will be, just so it isn't a farmer.

Occupation: Being nice. Weakness: Sleeping in Physics class.

Ambition: To graduate. Chaney has been to Old Mexico, and to let you know how good he is he didn't even go to Juarez.

### THE FRESHMAN NEWS

Now that the six week's exams are over, we just have about ten more weeks of school. We have to begin working a little harder.

For the past week in English we have been reading "Treasure Island". We found this to be very interesting. Tuesday morning we got our report cards. "Of all sad words of tongue or pen the saddest are these: It might have been".

In Home Economics we are still working on our projects. This report is very brief, but aren't they all?

### SEXTON'S SAPPY SAYINGS

AND THEN: A Senior had lace curtains in a Model T Ford.

Eat, drink, and be merry, for tomorrow you may sleep in Prof. Hardegree's class.

Eunice: I'm going to carry a hen and dressing on the picnic.

Johnny: "Good I'll carry rooster and pants."

### A. & M. Specialist Visits Clubs In County This Week

In order that the 4-H club girls of Knox county might learn more about how to improve their bedrooms, Mrs. Claytor, Home Improvement specialist of A. and M. College, spent Tuesday and Wednesday in Knox county visiting the bedroom demonstrations of the county.

In a meeting at Vera there were thirty-three girls and their mothers present Tuesday afternoon, at which time Mrs. Claytor stressed the importance and main principles upon which bedroom improvement is based. "It is important to have the right place to sleep, for it affects the health, posture, the way we sit, stand and walk. The things that influence the sleep we get are plenty of fresh air, sunshine in the rooms, screens on the windows, kind of covering, not too short, too long or too narrow or too heavy," said Mrs. Claytor.

### WANT ADS.

Custom Hatching prices reduced to \$2.00, 120 eggs, per tray. MUNDAY HATCHERY.

I AM THE ONLY MAN in Knox county that can sell you Bennett's New Seed. More to the acre than any cotton, 1/2 to a bale with full stand, 1-18 staple.—J. R. RAWLINS.

# What

modern gas appliances will do for you—

One of the latest model gas ranges, which includes the latest improvements for economical cooking.

Modern automatic gas water heaters include improvements that utilize ALL the heat and require less gas than many models of a few years ago.

THE up-to-date gas appliances displayed by your gas appliance dealers will do far more for you than give you extra convenience. These latest models are designed to eliminate HEAT WASTE as well as simplify cooking, water heating and heating the home. The modern gas range, for example, is equipped with Automatic Oven Heat Control, which measures heat as accurately as you measure the ingredients of a recipe. In these newer models insulated oven walls keep the heat where it belongs—inside the oven.

In fact, a modern gas appliance is real economy. All down the line gas equipment has been improved, making possible a spotless, automatic, economical gas service wherever heat is required.

Compare your gas appliances with the modern equipment now available and take advantage of the additional VALUE that modern gas equipment gives you.

You'll Find a Wide Selection of Modern Gas Appliances at Your Dealer's or Your Gas Company

Stamford and Western Gas Co.

### FARMS AND RANCHES FOR SALE OR TRADE

One of the best 320 acre farms in Knox county, well improved and in 2 miles of Munday. Clear of debt. Priced at \$35 per acre. No commission will be paid to anybody. This is an estate and no better buy in the West.

One three-section ranch, well improved, plenty of fine grass and water, good fences, 125 acres in cultivation, 400 acres more fine farming land. Priced at \$8 per acre for quick sale. Some terms.

220 acres in about ten miles of Munday, 70 acres in cultivation, balance in fine grass, fair improvements. Sacrifice price of \$16 per acre. Will take \$600 cash, some trade and finance \$1,600 to suit the purchaser.

I have a 150 acre sandy land farm, clear of debt, close to school, fairly well improved, in about 11 miles of Munday, to trade for 160 to 200 acres close to town. Will assume the difference. Owner lives on the farm and will rent it this year.

I have some brick town property to trade for a good farm in Knox, Haskell or adjoining counties, will take difference or assume difference. Property is rented and will always rent good.

60 acres near Weatherford, extra well improved, real good house, nice 3-acre orchard, fenced and cross fenced hog proof, good well, new mill, water piped over the place, 35 acres in cultivation, no Johnson grass. Said to be one of the best homes in Parker county. The owner wants to trade this nice home, clear of debt, for a good cotton farm in Knox or adjoining counties. Will assume the difference.

I think now is the best time we will ever see to buy land. No better investment at present prices.

If you have land for sale I will appreciate you listing it with me. I have buyers for the following:

One man wants from 160 to 200 acres good level land, well improved. Will pay all cash if priced right. Must be a good farm.

Another will assume from \$3,000 to \$4,000 and pay the difference in cash for a good farm on Knox prairie, wants 160 acres.

Another will buy from 80 to 160 if good and a bargain. Will pay mostly cash.

See me if you have something to sell or want to buy. I have most anything you can think of to trade. Let's start the ball to rolling.

**GEO. ISBELL**  
MUNDAY, TEXAS

### FOR SALE! THE W. A. FITZGERALD ESTATE

14.7 acres located about 2 1/2 miles southeast of Munday, has well and some improvements on it. I am bid \$350.00 for it. Anyone wanting to buy a small tract it will pay to see me. It is going to sell soon.

We have between 40 and 50 acres adjoining Munday on the east. Fairly well improved. I am bid \$40.00 per acre. Anyone wanting a small place close to town it will pay them to look this over. It is going to sell. Somebody will miss a bargain.

We have a house and small tract of land in the eastern part of Munday that can be bought worth the money. If you want to invest your money come to see me at once. This property is going to sell.

**GEO. ISBELL**  
MUNDAY, TEXAS

### TODAY AND TOMORROW

By FRANK PARKER STOCKRIDGE

**MONEY** . . . . . a definition

I think we are going to come out of our economic troubles with a much more general understanding of the unimportance of money, than most of us had before.

Millions of people have learned how to get along with substitutes for money. A lot of them have learned that money is not wealth, but is merely a symbol of wealth. Real wealth is commodities that can be used, and nothing else.

The best definition of money I have ever seen was written by a German economist, Paul Helfferich. He said: "Money is a medium for storing commodity values and conveying them through time and space."

**SCRIP** . . . . . just as good

Any money is good money which everybody is willing to accept as such. Practically the whole nation has gone on a scrip basis, and until we try to spend some of it outside of the United States it is just as good as gold.

The only thing that makes gold the best money is that it is the one substance which everybody in the world accepts at the same value. But when everybody in Hopfrog Corners accepts the local scrip at its face value, the scrip is just as good money as gold money.

Neither scrip nor gold is wealth; both are merely yardsticks, with which to measure wealth.

**FORSTER** . . . . . has served long

I was glad to learn that Rudolph Forster is to keep his job as executive clerk in the White House. I have known him since he was first appointed by President McKinley, in 1897. He has held that position continuously through the entire Administrations of seven Presidents, and is now starting on his eighth.

No man in Washington has had so many state secrets pass through his hands as Rudolph Forster, and nobody has ever talked less about the confidential information which has come to his knowledge.

**PRESIDENTS** . . . . . 31 or 32?

Franklin D. Roosevelt is either the thirty-first or the thirty-second President of the United States, according to which way you count. I notice that Publishers Autocaster Service referred to him last week as the thirty-first President.

It is perfectly true that he is the thirty-first person to hold that office, but one of his predecessors, Mr. Cleveland, was elected two different times, with a four-year interval between his two terms.

So if you count the number of Presidential administrations Mr. Roosevelt is the thirty-second. Not that it makes a difference.

### REMINESCENT

I'm lonesome for the hills tonight,  
Where there's trees and rocks and silver twilight.

I want to sit by the old Indian spring  
And be in childhood's thrills again.  
Where the aspen trees of many eyes  
And the birch and poplar's arms hold up the sky,

And hear the pine tree whisper be still,  
And the lonesome call of the whippoorwill.

I want to hear chubby old Bob White  
Call his family home at night;  
And the soft whistling call of little mother hare

Bidding her bunnies to play with care.  
And see the Martins and Bullbats gay  
Soaring high at the end of day  
When there's no long shadows just after the sun  
Has spent her day and twilight's begun.

Just to be still out in the woods,  
And hear soft voices in every mood.  
Just to be near to Nature again,  
And dip bare feet down in the spring  
And fancy I see a ghostly thing  
And run for dear life home again,  
Then hear a loved voice sweet and gay  
In the silver twilight at the end of day.

—Georgia Maples.

### RHINELAND

One of the students, Genevieve Albus, had the misfortune of spraining her ankle while playing volley ball Friday evening, which prevented the volley ball team from trying out their metal with Sunset last Saturday night.

The Road to Prosperity Leads Through  
the Turnstiles at Piggly Wiggly

Jewell Marie, the little daughter of Prof. and Mrs. John J. Hoffman, was given a birthday party last Friday afternoon. Many of her little friends were present. Miss Frances Bruckner entertained the children by having them play various games. Dinner was served about 5:30 o'clock in the evening. Jewell Marie received many beautiful gifts.

Miss Ida Brown went to Wichita Falls last Wednesday to accept a position.

Mr. and Mrs. George Petrus and Joe Michalik made a business trip to Wichita Falls recently.

Mr. and Mrs. Henry Claus are the proud parents of a baby girl.

Miss Frieda Koenig of Wichita Falls returned home last week.

Messrs Alois Mueller and Tony Peyson spent Sunday at Scotland, Texas.

Mr. and Mrs. Franz Knopff and children visited in Abilene, Texas, for a few days.

Messrs George and Leo Wilde spent Sunday in Wichita Falls.

Miss Rudinger of Eagle Pass, Texas, and Messrs Fred Steineman and J. Davy of Pampa, Texas, visited with Mr. and Mrs. John Herring Sr.

—Reporter.

### Tips on Taxes \*\*\*

Senate killed a bill to that effect. Institutions scheduled to close by the bill were teachers colleges at Denton, San Marcos, Alpine, and Nacogdoches, John Tarleton at Stephenville, junior A. & M. at Arlington, C. A. I. at Kingsville and College of Mines at El Paso.

There were 10,443 beneficiaries of Confederate pensions on the 1932 rolls. Although there have been 12,243 deaths among pensioners since 1924, the number has dropped only from the figure for 1932.

Payments of the Confederate pensions have more than doubled since 1924, figures being \$1,761,000 in 1924, as compared to \$3,562,000 in 1932. The increase has come by liberalizing pension requirements and increases in payments to individual claimants. In nine years the number of claimants decreased 11 per cent while the payments were increased 100 per cent. The pension fund was \$2,825,000 in the red at the close of the last fiscal year.

The Comptroller's annual report, just issued, contains some very interesting figures. Tax rolls show horses and mules had an average valuation of \$18; cattle, \$12; jacks and jennets, \$17; sheep, \$1.79; goats, 94 cents; and dogs \$14. Average value of land was \$9.61 per acre. Since only 5,500 dogs were rendered for taxation, tax assessors might hasten resolution to the tax problem by getting more dogs on the rolls.

The fact that local taxes comprise the greater portion of the tax bill of the average Texan is emphasized by the Comptroller's report. County taxes average 90 cents for the entire State. The range is from 29 cents to \$2.70. Reeves County has the lowest rate and Duval County the highest. School and other special district taxes are not included. City taxes are also additional. The Comptroller has no record of these purely local taxes.

### NOTICE OF ELECTION

By virtue of authority vested in me by the State of Texas, notice is hereby given that an election will be held within the corporate limits of the City of Munday on the first Tuesday in April, 1933, the same being the 10th day of April, for the purpose of electing three aldermen to succeed J. C. Borden, J. C. Campbell and W. H. A. Keison.

The place of holding said election shall be at the city hall in said city and all persons residing within the corporate limits of said city, and otherwise qualified to vote, shall be entitled to vote in said election. H. P. Hill is appointed presiding officer of said election and shall make return thereof as provided by law.

Said election shall be held in accordance with the laws of the State of Texas governing city elections.  
J. A. KENNEDY, Mayor  
City of Munday, Texas
