Tri-County Medical Group Meet In Seymour Tuesday Night

The Taylor-Knox-Haskell Medical Society held a meeting in Seymour Tuesday night. The session was held at the Seymour Hotel, and local physicians served tasty refreshments to their visitors before the program began.

The program consisted of two papers, followed by a round table discussion on the part of all. Dr. T. S. Edwards of Knox City read a paper on appendicitis, with one on gonorrhea by Dr. J. W. Foy of Seymour. Much benefit was received from the discussions.

Attending the session Tuesday night were: Drs. T. S. Edwards and T. P. Frizzell of Knox City; Dr. W. M. Thaxton of Haskell; Dr. Joe Davis of Munday; Drs. E. F. Heard and Taylor of Goree; Dr. L. A. Barber, Bomarton; Drs. J. F. Bunkley, J. A. Richardson, J. W. Foy, and C. E. Johnson of Seymour.

Resolutions of respect were adopted on the death of Dr. C. F. Johnson of Seymour and Dr. W. A. Kimbrough of Haskell.

Dr. Frizzell was elected in place of Dr. C. F. Johnson to attend the State Medical Association in May as a delegate and Dr. C. E. Johnson takes Dr. Frizzell's place as alternate.

Dr. Richardson presided over the meeting as president of the Society with Dr. Davis as secretary.

The next meeting will be in May at Haskell.

Williams-Dobbins

On Monday, April 3, W. A. Dobbins, of Hereford, Texas, and Mrs. Beulah Williams of the Routen community motored to Frederick, Oklahoma, where they were united in marriage. They were accompanied by the bride's daughter, Mrs. P. W. Hamilton, and little son, Nella Jean and Mr. and Mrs. Grover Jones.

Mrs. Dobbins has resided in the Routen community for many years and has a large host of friends who will join us in wishing for them a long and happy married life. The groom is associated with the City of Hereford, and is in charge of the water department in that city.

Mr. and Mrs. W. W. McCarty were in Wichita, Falls on Tuesday.

WICHITA BEACON PRAISES WORK CONGRESSMAN MARVIN JONES IN THE INTEREST OF FARMERS

Behind the scenes of the political show in Washington there is usually an unsung hero. In the case of the consolidation of federal loaning agencies, and in the undertaking to refinance farm mortgage indebtedness, the hero is Representative Marvin Jones, of Amarillo, Texas, chairman of the House Committee on Agriculture.

Chairman Jones' bill to take care of both of these financial functions was introduced during the last session of Congress and according to the result of a thorough search of the records, his measure was the first to suggest the consolidation that has resulted in the abolishment of the federal farm board and the reorganization of farm loaning agencies.

Aid to Morgenthau
He has been working with Chairman Henry Morgenthau, Jr., for several weeks, perfecting the plan, and his suggestions have been carried out to a large degree.

It has been Chairman Jones' contention that if farmers were freed of the restrictive burden of short term credits, and excessive interest charges, a great part of his battle would be won.

He believes that the heavy mortgage indebtedness of the farmer retards his endeavors. He does not feel that the farmers' credit should flow to him freely and without the application of sound protection for the government.

Believes in "Free Farmers"
Mr. Jones is one of those who believe in the doctrine of the "free farmer." He contends that debts bind debtors, and that it naturally follows that farmers relieved of the threat of foreclosure and the overpowering load of debt, would be free farmers, entitled to the pursuit of happiness.

Mr. Jones says: "If it were possible for every farmer in America to be free from debt so that he could plant his crops in proper season and grow them in independence, he would advance toward prosperity. If there could be linked with his freedom from

Modern Front Is Being Erected At The Economy Store

Workmen are busy this week tearing out the front of the building occupied by The Economy Store, which will be replaced with a modern plate-glass front giving the store more attractive show windows in which to display their merchandise and adding materially to the attractiveness of the building, which is owned by T. J. Thompson.

The interior of the store has already been completely remodeled and the main store building has been materially enlarged by the removal of a partition which has in years past separated the main store from the ware room, and the new arrangement provides much more floor space and display room for merchandise. Sied Waheed, proprietor of the store, recently inaugurated a Remodeling Sale, in which he materially reduced his stock, thereby eliminating the necessity of moving much of it for the remodeling of the store, and when the work is completed he will add much new merchandise and the store will be one of the most attractive places of business in the city.

Brushey News

The farmers are busy planting feed and putting up their land.

Mr. and Mrs. P. W. Hamilton left Thursday for Sealy, Texas, after visiting Mrs. Hamilton's mother, Mrs. Beulah Williams and other relatives.

Mr. and Mrs. F. L. Bullington and family spent Sunday with Mr. and Mrs. John Mills of Rhineland.

Mr. and Mrs. C. S. Baker of Abilene spent Sunday with Mr. and Mrs. Baker's parents, Mr. and Mrs. E. N. Miller. Also shaking hands with old friends here.

Miss Valene Hibbitts, accompanied by Mr. and Mrs. J. D. Palmer of Hood visited in Throckmorton over the week end.

Mr. and Mrs. Jack Tidwell of Hood spent the week end with Mr. and Mrs. J. M. Keith.

There was a large crowd at Union Chapel Sunday for the all-day services. Doctor Glover, presiding elder, delivered a fine sermon Sunday morning. Everyone enjoyed the lunch. A nice Children's Day program was rendered Sunday night.

LITTLE PEN-O-GRAMS

Resolutions Passed By the Knox County H. D. Council

We, the women and girls of the Home Demonstration Clubs and 4-H Clubs of Knox County, hereby pass the following resolutions:

1. Inasmuch as the Governor recommended a 25 per cent cut in the appropriation for Extension work at the A. and M. College, we would protest against a cut greater than that which would necessarily cripple beyond the point of efficiency the work in the state of Texas at this time when it is needed most.

2. We believe that the men and women of the state should be heard in this matter. The "Live at Home" program which is carried out in this work is essential to the life of the farmer at this time. Cutting down so much as 41 per cent on this work is false economy is our belief. Agriculture is the chief industry of our state and we consider our demonstration agents indispensable to our work, or living, now.

The Knox County Council is composed of the President and one representative from each of the women's clubs in the county.

Signed by—
The Knox County Council,
Mrs. E. M. Almonroe, Pres.,
Mrs. Oral Patterson, Sec'y.

Mr. and Mrs. Glenn McGlothlin and little son have returned from Sierra Blanca, Texas, where they have resided for the past few years, and they plan to make their home in Munday.

First Baptist Church

Next Sunday is Easter. There will be special musical numbers. A vocal duet by Misses Ozella and Lela Brock, and a solo by Miss Palmer. Mr. T. Tucker will give a special number on one of the many instruments he plays. The pastor will preach on the "Resurrection, the basic hope of the Christian religion. If there is no resurrection, our faith is vain, and we are yet in our sins, and those who have died are perished forever. Let's study the resurrection together Sunday morning.

Our superintendent, Brother Reeves, set our goal for Sunday School next Sunday at 200. That is a good mark for us. We can easily make it. Stir down in the bottom of the barrel and loosen up the spiritual spizzierinkum, put into the action that bulldog tenacity, shake loose from the "I can't" and slip into the "I can" crowd. Put your foot on the gas and let her go. If you and I both do our part we will have the 200 easily. If it's hot bring a fan. If it's cold wear your overcoat. If it's raining your umbrella will come in handy. "He that observeth the wind shall not sow; and he that regardeth the clouds shall not reap." "I can do all things through Christ who strengtheneth me." Come and bring the children.

There will be no evening service on account of the Methodist revival.

New City Officials Assigned to Duties In Meeting Monday

The city council held its regular semi-monthly meeting on Monday night, at which time the new officials were assigned to their duties. Alex Jones was assigned to the post of street commissioner and H. F. Barnes, the other new member, was assigned to the post of sanitary commissioner, and J. C. Campbell, who began his second term, was retained in the post he has held during the past year, that of mayor-pro-tem, and finance commissioner.

R. B. Davy and Tom Isbell conferred with the council on the problem of maintaining night police with a view of urging the city to assume responsibility for this service, which in the past has been maintained and supervised by the merchants of the city. The matter was taken under advisement and Alderman Haney was appointed by the mayor to work with Mr. Davy in working out a solution to the problem.

RHINELAND

Miss Rosalin Houser and Philip Zeisel were visitors at this school last Saturday morning.

August Schumacher was again re-elected as trustee at the recent school trustee election. Mr. Schumacher has served in this capacity for many years and has through his progressive cooperation and constructive spirit won the esteem and respect of all the patrons of our school.

Many of the relatives of Killian Brenneis from this community attended his funeral at Windthorst, Texas, last Thursday morning.

Messrs. Leo and Albert Schmitz of Canada are visiting in the home of Mrs. Magdalena Albus. They were recently visiting in California and are now on their way back to Canada.

The baby boy of Mr. and Mrs. Aloysius Urbanzyk died Tuesday morning after a prolonged illness. The funeral services were conducted in St. Joseph's Church, Rhineland, on Wednesday morning. Rev. Bonifacio, O. S. B., officiating. Interment in the St. Joseph Cemetery followed the services. We join their many relatives and friends in sympathizing with them in their great loss.

A picnic was enjoyed last Sunday by a group of young people of Rhineland. It was given in honor of Albert and Leo Schmitz. Those present were (Continued on back page)

METHODIST LAYMEN PROTEST EFFORTS TO MODIFY OR REPEAL NATIONAL PROHIBITION LAWS

The following is a partial report of the Board of Lay Activities, Methodist Episcopal Church, South, Stamford District.

We have been brought face to face with the startling realization that we must again meet that hideous monster, the liquor traffic. From time immemorial our fathers battled this enemy, finally routing it from American soil more than a dozen years ago. As soon as this fetter was removed, progress reached a rate far beyond the wildest expectations. Now, repeal of the eighteenth amendment would mean the arrest of all human progress. There is not one good thing to be said about liquor. The economist, the scientist, the psychologist, the minister, these and all others say liquor has no good qualities. All its effects are evil. It cannot be regulated for the same reason that the Devil cannot be regulated. Six months ago the cry of liquor crowds was "Repeal the national prohibition and let the states regulate the matter." Now, within our very own state, our faithful members of the legislature are fighting to the last ditch to prevent the state returning to the local option theory. In the very near future we shall have to fight to prevent open saloons in all parts of Texas.

We denounce the call for repeal from beer and refuse to surrender the blood of our children for the satiation of the appetites in the maws of the manufacturers and dealers in liquor. Our fathers and mothers gave their lives to protect us and we here and now pledge our lives to protect our children and the millions yet unborn. There can be only one reason for favoring the repeal of the eighteenth amendment, that of greed for gold. We refuse to crucify American civilization on the cross of gold. The advocates of repeal have cried "political preachers" and tried to scourge our faithful pastors from the battle, but, thanks be unto God, they have refused to be intimidated. We

Revival Will Come To Close Sunday Evening

The revival meeting which has been in progress at the Methodist Church closes Sunday evening, and Rev. H. C. Hand, pastor of the church, is well pleased with the attendance and interest, and especially gratifying has been the work of Rev. C. W. Thomas, pastor of the Methodist Church at Farmersville, Texas, who has been assisting Rev. Hand in the meeting and devoting much of his efforts toward the young people's work in the church, as well as doing some of the preaching.

Good music has been one of the attractive factors in the meeting, and if you have not been attending the services during the last ten days, do not fail to attend during the remainder of the meeting.

Little Boy Gets Big Fish On Trip To Miller Creek

F. M. Ready, eight year old son of Mrs. Frank Ready of Hollis, Oklahoma, who is visiting in the home of Mr. and Mrs. Shannon Layne, had the thrill of a life time the other day when he accompanied A. U. Hathaway and Bob Layne to Miller Creek, and while angling for the elusive finny tribe landed a seven pound catfish. F. M. isn't a large eight year old boy, and the fish was a very large one to be landed by a youngster of his size, and he'll remember the thrill for a long time to come.

tips on taxes

LEGISLATIVE NEWS SERVICE OF THE TEXAS PRESS ASSOCIATION, AUSTIN

Austin—It is known that the costs of the State government for the next two years will be substantially lower than for the past two years. The single uncertainty is what may be done with reference to appropriations for support of the public schools. Other major appropriation bills have been finally passed by both houses of the Legislature. They represent reductions varying from 25 to 40 per cent. The aggregate will probably be from 30 to 33 per cent.

However, the possibility of upsetting the results of the start toward economy—and it is only a start, notwithstanding the impressive savings made—is by no means remote. There are two very pressing influences that may supply the necessary support to bring about the enactment of laws that will open new sources of revenue, which would eventually neutralize the progress already made. These are the insistent demand of public schools for liberal appropriations and the desire to balance the State budget and wipe out the existing deficit during the next year, or two at most.

Thus far, no general new taxes have been levied. The sales tax, which was the most important means suggested for raising new revenues, has been killed again. This time, its death is supposed to be final, but it is known that plans are being made to revise the idea, dress it up in a fresh Spring outfit, bring it out as the angel of public school education and the Santa Claus for sadly depleted county and city treasuries, through an ingenious proposal to split the proceeds between the schools, counties and cities. Basically, this is the familiar "aid" method of increasing taxes, which has been a prolific cause of the increase in the cost of government in this country for the past ten years.

Those who oppose new taxes will need to be alert during the closing days of the session of the Legislature. It is also well to bear in mind that up to the present time the fundamental causes of high taxes have not been removed. Nothing has yet been done that will provide effective barriers against a return of extra-

gance, once the present emergency is passed. Changes have been proposed, which, if finally adopted, will give some degree of permanence to measures of economy. The fate of these really constructive changes is still uncertain and there seems to be possibility that some of them will fail.

The amendment in the Senate proposing to reduce the State ad valorem for general revenue purposes from 35 to 15 cents has been engrossed in the Senate but apparently lacks the required two-thirds support to submit it as a constitutional amendment.

The amendment placing an arbitrary limit on total expenditures of the State government has been finally passed by the Senate by the necessary two-thirds vote. It is yet to go through the House. The judiciary reorganization amendment, making drastic changes in the set-up of the courts and promising important economies, which passed the House some time ago, awaits an uncertain fate in the Senate.

Amendments proposing reorganization of costly county government are yet to be acted on. This is also true of a bill which proposes county unit system of public school administration. These latter two subjects are vital, because local taxes are much more burdensome than State taxes.

The Senate has passed unanimously a bill limiting the amount of compensation which would be allowed county and precinct officials. The reductions will radically affect official incomes in counties of populations above 25,000. The top compensation allowed any county officials in Texas would be \$5,000, and this would be possible only in counties above 150,000 population. The following maximums have been set: Counties under 10,000 population, \$3,000; between 10,000 and 25,000, \$3,250; between 25,000 and 37,500, \$3,500; between 37,500 and 75,000, \$4,250; between 75,000 and 150,000, \$4,750; above 150,000, \$5,000. The rates do not apply to all fee officers alike. The maximums are for more important county offices. Lower figures are fixed for justices of the peace, constables, etc.

doctrine which would prohibit me from buying something I wanted because it was made abroad.

Nearly a hundred years ago there was an agitation in this country similar to the "Buy American" movement of today. The party which advocated non-intercourse with foreign countries got the nick-name of "Knew-Nothings." Presently we will wake up again to the truth that every obstacle to international trade hurts everybody concerned.

JEWIS — in Germany
Jewish people all over the world are greatly disturbed over the policy of the new "Nazi" government of Germany, under the practical dictatorship of Chancellor Hitler, in boycotting Jewish merchants, doctors, teachers and others.

I talked the other day with an intelligent young German Jew who had been getting letters from home about the situation in Germany. He was not at all worried. His people had written him that they were not being annoyed and that the whole anti-Jewish agitation was directed at a Communist element, mainly composed of Jews.

Another German, a non-Jew, said to me: "Here in America the Jews work like other people. In Germany a lot of them don't do anything but try to make trouble for the Government."

But, of course, the German government has handled the situation stupidly, as it always handles any situation. More than a hundred years ago the great French historian, Guizot, wrote: "There is something in the German temperament which makes them utterly unable to understand the point of view of other peoples."

MACHINES — can't think
When these hard times are over—and that won't be long now—we shall not go backward but forward. And one thing we may look for is more and more perfection of machines to do our work for us.

When I was a boy I used to admire the muscular development of the men who worked in my uncle's machine shop. Not long ago I visited the same plant, now tremendously changed, and found one of those old-timers still working.

He was sitting in a rocking chair watching an automatic machine do almost exactly the same sort of work he used to do by hand, only many times as rapidly and accurately. Every once in awhile he would take a finished piece off the machine and put a new block of metal in its place.

"They say the machines will throw everybody out of work," he said, "but I notice it still takes a human brain to tell the machine when to stop and start." That is something people overlook. Nobody has yet made a machine that can think, and nobody ever will.

Pattern School Is A Great Success

The dress making school which was held April 4-5 at Seymour for Baylor and Knox county wardrobe demonstrators was a great success, said Mrs. Dora R. Barnes, Clothing Specialist at A. and M. College, who demonstrated the school.

For two days 20 wardrobe constructors worked in order that they might have a pattern that fit them and one that they might use for any purpose.

The afternoon of the second day was open to all women of the two counties at which time forty-eight women, representing seventeen clubs, heard Mrs. Barnes discuss the different priced wardrobes.

The following are statements picked up from some of the women who attended the school from Knox county.

Mrs. J. C. Patterson, Benjamin H. D. Club—"I feel that I learned so much at the Foundation Dress Pattern School that I would never have learned elsewhere. I feel like what I learned about sleeves will be of more help than any other thing, but I enjoyed it all very much and hope I can help some of the other club members."

Mrs. Ralph Weeks, Munday H. D. Club—"One of the many interesting things I learned at the pattern school held in Seymour April 4-5 was the cutting and fitting of foundation patterns. We were shown the different priced wardrobes in which we learned to be very economical."

Mrs. R. M. Almcrore, Gillespie H. D. Club—"Ever since I have known about foundation patterns I have wanted one. This week saw that wish fulfilled. I enjoyed the social side of the meeting—meeting new club members and learning of their work. The different priced wardrobes were of interest."

Mrs. Frank Bowley, Munday H. D. Club—"I enjoyed the school—all of it, and would not part with the knowledge I gained. I rejoice to know that I at last have a pattern suited to my individual need and that since attending this school I can be of assistance to other women who have sewing problems."

FOR J. J. F. LOCKHART

For the past twenty-one years and seven months, Brother Lockhart has served as pastor of the Friendship Baptist Church, five miles north of Wreah, Texas.

It was here he preached his last sermon from John 14 to 18 a few hours before he went on Feb. 26th.

After the eleven o'clock service, Rev. Lockhart left for his home at Abilene, Texas. About a mile southwest of Stamford his car and a car that was coming into Highway No. 26 from Hamlin collided and Rev. Lockhart was fatally injured. He died before he reached the hospital at Stamford. It is probable that he was unconscious from the time of the wreck.

He was buried at Abilene, February 28th. There was a very large crowd at the funeral.

The legislature at Austin adjourned one hour for the funeral as Charlie Lockhart is the state treasurer.

When he first began preaching for he was an unusually strong and vigorous man. Our church is a country church, supported by a community of farmers, but Rev. Lockhart built up a church that for years was one of the strongest, if not the strongest, church in the county. We have never had the money to pay a preacher, as city churches pay, or to build fine buildings, but year after year, thru

good times and bad, thru drouths and crop failures, whether we paid or failed to pay, he served the Friendship Baptist Church, and the people of the community, laboring untiringly for the cause of his Master, and exemplifying by his life the text: "Love the Lord thy God with all thy soul and all thy heart and thy neighbor as thyself."

As the years went and his strength failed and depression came over the land, the membership of our church became smaller but still he gave to us and to our cause, all the strength that he had and finally gave his life on a trip that he made to preach to us.

He so labored and lived that after his death most men said, "A great preacher is gone," and all men who knew him said of him, "A great and good man has passed from among us."

A grateful church and a grateful community use this method to try to express a small part of their love for him, and a small part of their gratitude for the years of unselfish labor that he gave in our service.

Six foot, two, eyes of blue, and boy, what those six feet can do! We are speaking of so-called "Too tall" Myers, and we're proud of his height. He has made a name for the class and school that we are all proud of.

If you attended any of the football games you already know what a brilliant and useful player he was. If you saw him play basketball, you will agree he was one of the best men on the team when it came to jumping and pitching goals. If you attended county meet, you saw Marvin do something that no other man in the county could do—get over a pole raised to the height of five feet, six inches—somehow! If you know Myers, you find it easy to admire and respect and like him. You admire his "spunk," respect his honesty, and his good behavior, and you like his likeable personality and (for benefit of all the girls) his good looks.

Marvin played football three years, basketball two years, and entered track one. Do you wonder that he's a lady's hero?

Here's the dope on him:
Favorite sport—Basketball.
Favorite speaker—R. D. Rawls.
Favorite singer—Miss Palmer.
Favorite pastime—"Shootin'" down flags. (Ahem—since when?)
Hobby—Thumbin' rides.
Weakness—Brunettes.
Ambition—Stay in school.
Ideal girl—Brunette, brown eyes, and old fashioned. (We'd expected as much.)
Marvin has been a class officer every year since he has been in high

school. He is now vice president of the senior class.

Katherine Jones

Here comes "Cathy" or "Catty"—which? At any rate if it isn't "Catty" she likes "wall climbers," says one who knows.

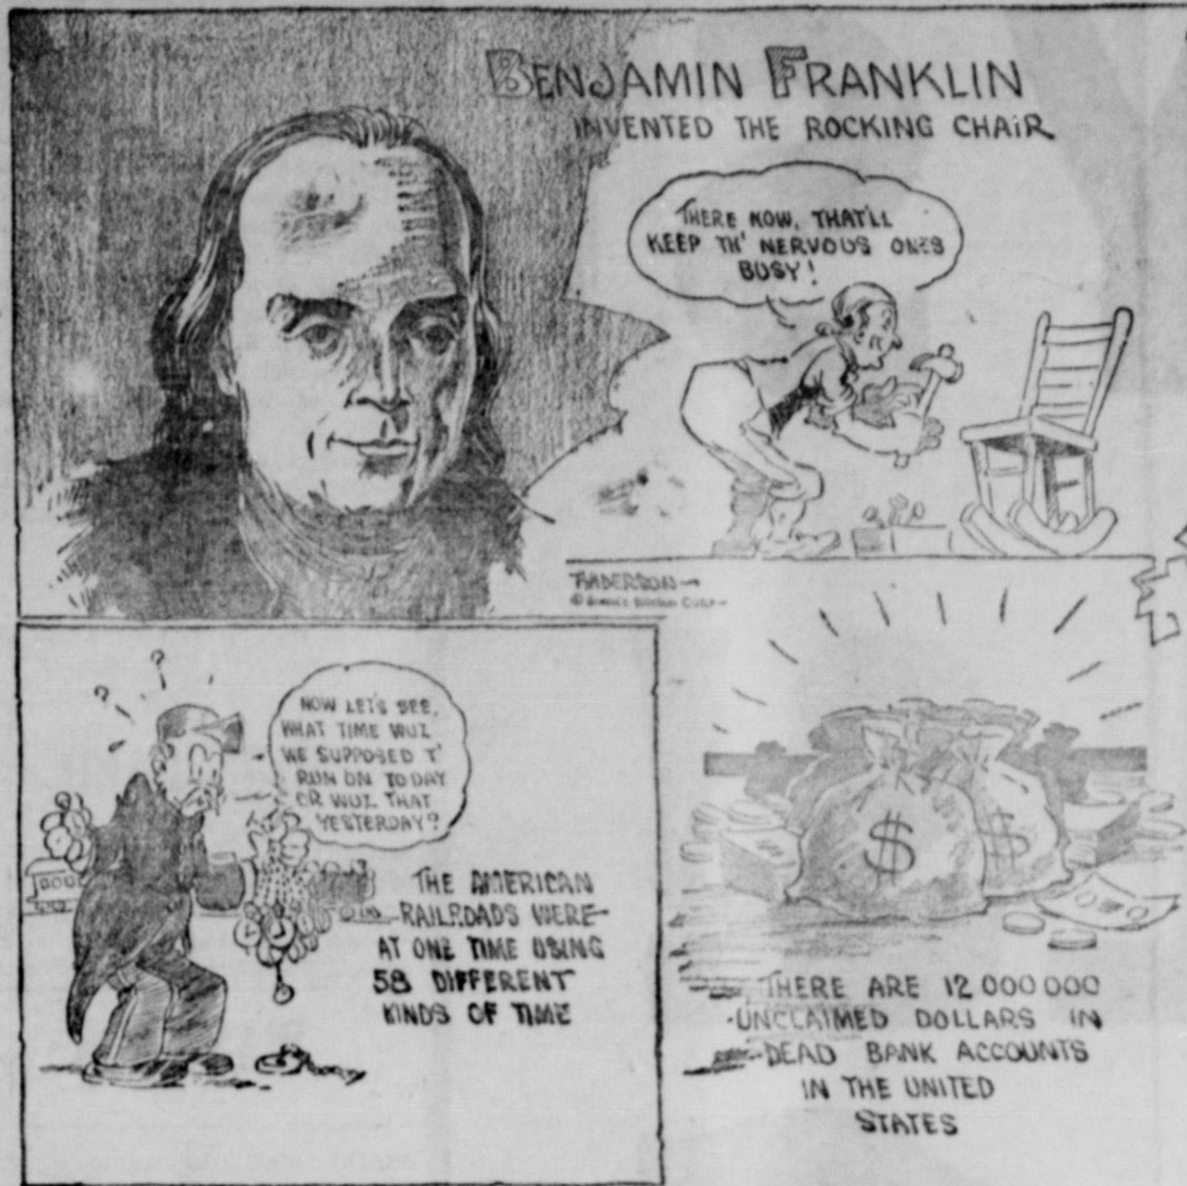

She was born in Parker County August 14, 1915. She had reached the ripe old age of two months before she came to Knox County. She joined us here when an insignificant "fish," but she was not to remain such for long. She certainly established a record for herself. She played basketball two years and volleyball two years. Although Cat only took music about two months she is quite an artist along that line, her theme song being "Vagabond Lover."

Katherine was one of the leading players in the senior play and from her unusual dramatic ability she gained a famous reputation. She is a member of the student council, chosen by the class, because they believe in her judgment and had confidence in her honesty.

Last year she was president of the Junior Class and she was one of the pep squad leaders this year. All who know her agree that she is a sweet, lovable character. Like every one else she has favorites and here they are:

Favorite subject—History.
Favorite singer—Roy Warren.
Favorite pastime—Going places.
Ambition—To go to Benjamin.
Weakness—Wall climbers.
Hobby—Swatting flies.

ODD—BUT TRUE

Mildred Moore

Beauty, sense, personality—she has 'em all. What a perfect combination! No wonder we're in love with her! If you know Mildred, you know she's a "honey."

She can play the violin and piano, and she can type to the tune of "Home Sweet Home," or "St. Louis Blues," with little effort. She's destined to be a great "stenografa," (stenographer.)

Mildred has been a class officer every year, too. Class secretary twice, class reporter once, and president of several clubs. She plans to go to C. I. A. Well, here's her low-down:

Favorite subject—English.
Favorite singers—The Barnyard Quartette.
Favorite pastime—Reading.
Ambition—To find some place to go.
Weakness—Blondes.
Hobby—Making the drag.
Career—Stenographer.

No. 13593

3 RULES big help to BOWELS

What a joy to have the bowels move like clockwork, every day! It's easy, if you mind these simple rules of a famous old doctor:

1. Drink a big tumblerful of water before breakfast, and several times a day.
 2. Get plenty of outdoor exercise without unduly fatiguing yourself.
 3. Try for a bowel movement at exactly the same hour every day.
- Everyone's bowels need help at times, but the thing to use is Dr. Caldwell's Syrup Pepsin. You'll get a thorough cleaning-out, and it won't leave your insides weak and watery. This family doctor's prescription is just fresh laxative herbs, pure pepsin, and other helpful ingredients that couldn't hurt a child. But how it wakes up those lazy bowels! How good you feel with your system rid of all that poisonous waste matter.

DR. W. B. CALDWELL'S SYRUP PEPSIN A Doctor's Family Laxative

ness my hand this sixteenth day of January, 1932.

TWO LINES OF CARS—TWO PRICE RANGES ONE HIGH STANDARD OF QUALITY

Now—for the first time—there are two lines of Chevrolet Sixes—the Standard and the Master. Body-styles for everybody. Prices for several different groups of buyers. But only one standard of quality, and that's the very same high standard that has made CHEVROLET the greatest name in low-price transportation! Both Standard and Master Sixes offer models with wood-and-steel bodies by Fisher—equipped with safety plate glass in the windshields, and featuring Fisher No Draft

Ventilation. Both have silent second gears and smooth, fast, six-cylinder engines. In the Standard Six, you enjoy all these advantages—at the lowest operating cost of any full-size car on the road. In the Master Six, you get all these advantages, and many more, in an unusually large, luxurious car, along with the greatest all-round economy of any car of its size. And Chevrolet prices are now as low as \$445—for the Standard Six Coupe!

Program and Pie Supper To Close Singing School

An interesting program and pie supper will mark the close of the singing school which has been in progress at the New Hope Baptist Church for the past two weeks, and while the school will continue throughout the remainder of the week, the event on Friday evening will be in the way of a closing entertainment, and the public is extended a cordial invitation to attend.

The school has been under the direction of H. P. Haley of Wichita Falls, who is well known to many Munday citizens, having visited here frequently in years gone by when his brother, Ernest Haley, was a citizen of this citizen.

R. B. Davy is in Fort Worth this week attending a convention of Rex-all druggists from over Texas.
