Number 7.

## C. of C. Again Takes Up Munday-Knox Highway

The possibility of improving the Munday-Knox City highway was again discussed at the regular semi-monthly luncheon of the Munday Chamber of Commerce at the Munday Hotel Tuesday noon, and upon motion the president named G. R. Eiland, E. W. McGlothlin and R. B. Davy as a committee to confer with the citizens of Knox City with a view of procuring their cooperation in securing government funds with which to improve the highway, and with their cooperation it is believed that funds can be secured with which to carry out this project, as this is one of the most traveled connecting links between highway 30 and 16, two of the principal north and south highways in this section of the state.

The organization had as its guest, Editor E. I. Covey, of the Goree Advocate, who stated that the newly appointed committee for the administration of R. F. C. funds in the county had been announced and was composed of himself and W. W. Coffman of Goree, E. O. Jamison of Knox City, LeRoy Melton of Benjamin and Mr. Tarpley of Vera. Keen disappointment was expressed that Munday had not been given representation on the committee.

## Sunset Consolidated Schools Now Have Fourteen Credits

The State Department of Education has this week notified R. R. Davenport, former superintendent of Sunset Consolidated schools, of the acceptance of materials submitted for examination in Early European History, Modern History and Solid Geometry. This gives Sunset a total of fourteen affiliated units, and completes credit in everything asked for in the two years of the school's existence.

The following teachers have operated in securing this recognition and deserve commendation for their work: Mrs. Aides Casakian Peters, Spanish; Miss Katherine Rike, English; T. W. Harber, General Science and Higher Math; and Miss Onetta Blanton, History.

Miss Blanton and Mr. Harber will be with the school again next year, Miss Blanton as English teacher and Mr. Harber as superintendent.

## Some Observations

By J. P. Kennedy

We have wondered for some time as to who was the "forgotten man" made famous by candidate, afterwards president of the United States, Roosevelt. It must have been John J. Raseob.

United States Senator Morris Shepard is an industrious, patriotic statesman, but seems to have proven a poor prophet, especially as to the repeal of the Eighteenth Amendment.

Discussing the efforts of those who were working for repeal, the Senator said substantially that sooner could the humming bird fly the Atlantic ocean with the statute of Liberty tied to its feet than would the Eighteenth Amendment be repealed.

Considerable expense could have been saved if it could have been arranged for the states yet to vote on repeal so that the Literary Digest poll of last year on this subject be used, as in all the twenty states that have so far voted that poll has proven to be almost entirely accurate.

The mental picture of an Alabama jury in the famous Scottsboro case, in which a group of negroes were tried for assault on two white women. The negroes were defended by a lawyer named Leibowitz. He lost the case and a negro named Patterson was convicted. This lawyer praised the judge, the entire court and the jury for their fair treatment. Imagine their surprise when this lawyer returned to New York and is reported to have said: "If you ever saw those creatures, those bigots whose mouths are slits in their face, whose eyes pop out at you like frogs, whose chins drip tobacco juice, bewiskered and filthy, you would not ask how they do it."

Miss Elizabeth Mounce, operator at the Haynie Beauty Shop, left Sunday for Oklahoma City, where she will spend ten days or more on vacation. Mrs. Harry Williams will assist Mr. Haney in the beauty shop during her absence.

## Munday Retains Standing After 5-1 Win Sunday

Munday is still at the top of the percentage column for the last half of the season in the Wichita Valley League, having taken the big end of a 5-1 score from the Haskell Indians Sunday afternoon at Haskell. With Munday now at the top of the column with a perfect record is Rule, Hamlin, winner of the first half, having suffered defeat Sunday at the hands of the Stamford aggregation.

Chester Smith's slants were too mystifying for the Indians in Sunday's game, while the hopefuls pounded out the Pittman brothers—Dad and Dot—for a total of a dozen hits, with Big Jake Myers leading the onslaught with three hits out of the four visits to bat. Dad Pittman started for Haskell but was relieved in the fifth inning after the Munday aggregation had pounded him heavily, by Dot Pittman, who held the Mundayites scoreless throughout the remainder of the game.

## Munday Defeats Moran Tuesday By The Shutout Rout

Munday defeated the Moran team here Tuesday afternoon via the shutout route, 6-0, under the superb pitching of "Lefty" Hambright, who allowed the visitors only two hits, no walks and was credited with thirteen strikeouts. After the first three innings Johnson, Moran's pitcher, began to level down and what might have been a genuine pitcher's battle was averted by errors by Moran players. No Moran player reached third base during the game.

## Destroy Fire Traps, Build Now!

The amazing decline in property values has caused many owners to allow homes and places of business to fall into extremely poor condition.

No attitude could be more in error. Buildings in a state of disrepair are wide open invitations to fire. They are constant menace to the community and the neighborhood. Insurance losses are paid on the basis of today's property values, which in most instances are far below original cost.

It is in the interest of every property owner to maintain buildings modernized and in good condition, free from accumulations of rubbish.

These things can be done now at the lowest cost in decades. They not only help to eliminate the danger of fire, but give the owner needed improvements—prices which won't be in effect much longer. Best of all, the expenditures made provide needed employment, both in the home community and in industries supplying building materials. They help stimulate purchasing power. The great national need of the moment.

Remember that it's cheaper to keep a building in repair than to put up a new one when it has entirely gone to seed or been destroyed by fire—and remember too that jobs are cheaper and better than charity.

Miss Mildred Kennedy will leave the latter part of the week for Waco, where she will spend the rest of the summer with her mother, Mrs. Dora Kennedy. Miss Kennedy has been teaching some school here the past few weeks and will return the first of September to resume her duties in the Munday Grammar School.

## Little Pen-o-grams

## Meeting To Begin Aug. 1st at Church of Christ

A revival meeting has been announced to begin at the Church of Christ here on Tuesday evening, August 1st, during which Evangelist Carl A. Collins of Breckenridge, Texas, will do the preaching. The public is cordially invited to attend the services which will be held daily at 10 o'clock in the morning and at 8:15 each evening. Evangelist Collins is well known over this section of the state, and has just closed a very successful meeting in Young county in a church in which he held his tenth consecutive revival, and in which some two hundred people were converted.

The local congregation feel that they have been fortunate in securing the services of so able an evangelist, to each of their services.

## Different Tastes

Ham was the name of the new colored preacher. After his first sermon to the new flock, a sister in the congregation greeted him.

"Brothah, what must yo' name be?" she inquired smilingly.

"Sistah," he answered, "Ah is named after the best part of de hawg."

"Brothah Chittlins," said she, "Ah's proud t' meet-cha."

Judge—Gentlemen of the jury, have you come to a decision.

Foreman—We have, Your Honor.

The jury are all of the same mind—temporarily insane.

## Evangelist

EVANGELIST CARL A. COLLINS who will conduct revival meeting at Church of Christ, beginning Aug. 1.

## Farmers of Knox Start County Plowing Cotton

### Triplets—2 Boys and a Girl, Born at Knox Hospital

Joe, Jack and Jane are three wee bits of humanity who are attracting much attention in the Knox County Hospital at Knox City. The triplets—two boys and a girl, as the names would indicate—were born on Tuesday, July 25, in the hospital to Mr. and Mrs. M. G. Nunley of Benjamin, and to substantiate our statement about their being small Mrs. P. R. Baker, superintendent of the hospital, stated that the boys weighed 3 pounds and 13 ounces each at birth, while their little sister weighed 3 pounds and 9 ounces.

The parents of the triplets, according to reports, are not in the best of financial condition to welcome the three youngsters, and the nurses at the hospital immediately adopted a plan to assist in purchasing clothing for them by charging an admission of 10 cents to all who cared to see them, and numerous gifts have been added to the sum thus procured, and The Times will accept gifts, either money or clothing, to assist the fond parents in caring for the babies, who are reported to be normal in every respect.

This is the first instance in which triplets have been born in the County Hospital, and Mrs. Baker and the nurses are taking unusual interest in their welfare, and they, too, will appreciate any assistance given in caring for the babies.

Farmers of Knox county started on Tuesday to destroying cotton acreage, permits having been issued to those who applied for them on that day, and during the first 24-hour period after the contracts had been received here Tuesday afternoon more than 150 permits had been issued and a constant flow of farmers were calling at the office for their permits in order that they might begin work.

Many of the farmers of this section are using listers in destroying the cotton acreage and are planting the plowed cotton acreage to feed-stuffs, while others are using cultivators and merely destroying the cotton.

Permits are being issued here by Glenn McGlothlin, assisted by the local committee, who have offices in the Pendleton cotton offices over the Rexal Drug Store, and farmers desiring to secure their permits are asked to call there and get them.

## New Tennis Champion

Jack Crawford, Australian tennis star, in his defeat of Ellsworth Vines, American ace in the Wimbledon final, proved himself to be a factor in future world tennis reckonings. Crawford is expected to come to America for our national title play.

## Texas Singers To Be Heard "Texas Day" World's Fair

Native Texas singers and dancers have been rehearsing two years for their gigantic performance of "Aida" at a Century of Progress—the Chicago World's Fair—on Texas Day, music chairman of Texas and manager August 23, according to Mrs. John Wesley Graham of Houston, general of the opera performance at the Fair.

Some 1,500 singers and dancers are busily engaged in rehearsal at Houston now. Mrs. Graham announces, under the direction of Vittorio Verso, co-conductor of the Metropolitan Opera, who will conduct the Texas performance at the Fair.

The Texas presentation of "Aida" will be one of the most spectacular ever staged. It will be given in Soldier Field, on a huge outdoor stage, with a cast of more than 1,500 persons. Elephants, camels and horses will be there to add to the Oriental splendor of the setting, and two train coaches full of negroes are coming up to play the part of slaves. The opera will be sung in English with an ensemble of 500 singers, a ballet of 150, 250 soldiers in Egyptian uniforms, and an expected audience of 100,000, including more than 15,000 Texans who are coming on forty trains for the occasion.

The cast will be composed entirely of Texans. Even the leading roles will be sung by persons who either were born, or have lived in Texas. Dalla Samoiloff, former Chicago Civic Opera singer, will take the role of Aida. Dreda Aves of the Metropolitan Opera will sing the part of Amneris, and Joseph Wetzell, Amund Sjvok, Joe Royer, Leo de Hieropolis, George Holliman and Maria Palleria will have other principal roles. The Chicago Civic Opera orchestra, augmented by members of the Chicago Symphony orchestra will play.

Settings from the Chicago Civic Opera will assure an authentic stage background.

Popular prices of twenty five cents for general admission and rates ranging from forty cents to \$1.50 for reserved seats will prevail.

Gov. Miriam A. Ferguson and her official staff will be among the 1,500 Texans coming to Chicago for the occasion. Vice President John Nance Garner is expected to attend as guest of honor Mrs. Graham has announced. The single performance of "Aida" will be the sole official ceremony on Texas Day, Mrs. Graham says. The Texas group will arrive on special trains August 21 and remain in Chicago until the night of August 26.

## State Department of Health Warns Against Diphtheria

Austin, Texas, July 26.—Dr. H. N. Barnett, Director, Bureau of Child Hygiene, State Department of Health, in a statement today, urged all parents to have their children immunized against diphtheria. Each child six months old or over should have this preventive treatment now as it takes some time for immunity to develop after the last inoculation.

In the use of toxoid we have an agent that will give passive immunity to this disease; still 812 persons died last year in Texas from diphtheria. Two thirds of all cases occur before the tenth year and approximately eighty per cent of the deaths from this disease occur between the ages one to five years. Our young children are therefore in danger of contracting the disease and dying from it.

It is a treacherous disease. The first symptoms are so indefinite that the mother can easily overlook their presence. It is necessary even for the physicians to look closely for the signs of diphtheria in order to discover them as the child does not necessarily complain of pain in the throat. Take your children to your family physician and have them protected against diphtheria.

This is a special appeal to the parents of Texas. If you have children between the ages of six months and twelve years, who have not been immunized against this dreadful disease, have them protected by the injection of toxoid. Parents who know that it is now possible to prevent diphtheria and nevertheless fail to have their children immunized, take a great responsibility on their shoulders. The immunization consists of two or three injections three to six weeks apart. When prevention is so simple, do not take chances on illness and possibly death from diphtheria.

Miss Cordell Smith left first of the week for Iuka, Miss., where she will visit her grandparents, Mr. and Mrs. J. D. Weston, and other relatives.

# MEETING!

Beginning at 8:15 p. m. TUESDAY, AUGUST 1st, you are cordially invited to attend a series of meetings under the auspices of the Church of Christ at Munday, Texas, conducted by

**KEEPING THE RECORD STRAIGHT**

For the first time in more than a decade Knox county is to have a prohibition campaign, an election having been ordered by the commissioners' court of Knox county for August 29 on which date the voters of Texas will vote on the question of repeal of the Eighteenth Amendment to the Constitution of the United States, and will also vote on the question of legalizing the sale of 3.2 beer within the State of Texas. Numerous other counties have ordered elections on the same date to determine the issues within their respective counties, this action being taken in most instances as a matter of economy, as it would eliminate the necessity of holding an additional election to determine matters that may just as easily be settled at one election.

In their zeal for their cause speakers for either faction may make statements that are without foundation and fact.

Indeed, we are told that a speaker on our streets Saturday made some such statements in referring to a certain business establishment in this city as being the spot in which the petition asking for the election originated. We are sure that the speaker based his statement upon what he deemed to be authentic information, as we are sure he would not intentionally make a mis-statement.

As a matter of fact the petition for

the election was decided upon by four perfectly good and reputable citizens of this city after they had attended a meeting of the Texas Liberal Legion at Wichita Falls and had had the legal phase of the approaching question explained to them, and it so happened that no person in any manner associated with the business concern referred to by the speaker was a member of the party, and the charge that the petition originated in this particular place of business is therefore unfair and untrue.

More than 250 qualified voters of Knox county signed the petition asking that the election be held, and since the law plainly makes it mandatory upon that body to call an election when a sufficient number of qualified voters of any county present a petition asking it, all the commissioners of this county voted for said election with but one exception. By signing this petition no one necessarily committed themselves as favoring the legalizing of 3.2 beer, but they merely asked that an election be held that the voters of the county might have an opportunity to express their wishes, which indeed is the one basic principle upon which our democratic government is founded, and certainly no individual or group can justly be condemned for asking an expression of the sovereign will of the people on any question upon which the people might choose to vote.

This country of ours has paid a dear price during the past four years by

following a leadership built and based largely upon intolerance and prejudice. It has been a price that cannot be estimated in dollars and cents, nor in hunger, want and downright human suffering. Now, that we have a leadership that has shown that every heartbeat is for the great common good of our people, we, for one, are following his leadership one hundred per cent in carrying out his pledge to the people of this country, and we believe that the vast majority of our people are going to do some independent thinking for themselves, and will not allow themselves to be diverted from this great program by farcical leadership or vilification.

**ONE AMENDMENT IS DESIGNED TO CURE FEE SYSTEM EVILS**

In August the constitutional amendment to abolish fee systems being used to day is to be voted upon by the public, and it wouldn't be such an absurd idea to plan to vote for said amendment. As one paper has said, with the fee system, it is a worse crime in dollars and cents, to drive through Texas with an out-of-state license plate than it is to commit murder. Or it is more likely that the crap-shooting public will suffer today than it is that the burglar will be apprehended and prosecuted. By all means cast your vote for the constitutional amendment and thus end one source of graft to say the least.—The Grovetown News.

**This & That BY THE OFFICE CAT**

"A million dollar rain fell Friday" reports the Hamlin Herald, and reading on we find: "It's a long lane that has no turn, and it's a hot time in Dixie after the sun shines through a cloudless sky for more than thirty days, especially when the days are longest of the year. But why worry, it always rains."

From the Dickens County Times, published at Spur, Texas, we learn that the commissioner's court of that county has called an election for the 26th day of August to vote on a stock law, the Supreme Court of Texas having recently ruled that the stock law in Dickens county is illegal. Autoists pay a license to drive their cars over the highways and lives should not be endangered by cattle running loose.

It wouldn't take a very smart person to realize that Hugh Meyer, of the Honey Grove Signal is a single man after reading the following, found in his editorial columns: "The Democrats are ruling the universe right now, but there is still one Republican that just won't let a Democrat influence her, and that is the wife of Secretary of Interior Ickes, who is a Republican and who asserts that she is going to run for office next on the Republican ticket. Mrs. Ickes should be ashamed of herself, and if we were her husband, we would tell her about the New Deal and she could take it or leave it."

The Knox County Herald, Knox City, sounds an optimistic note in the following: "The outstanding thing in Knox City that leads the public to think and feel that we are turning a changed and greatly welcomed condition is the big increase in building improvements that are being made on homes here as well as the number of new homes that have been built."

It is interesting to learn from the Rev. Jim Sharp, pastor of the Knox City Methodist church, that his plan of having church services in the early

morning increased the attendance twenty-five per cent over the old hours of the Sunday proceeding.

"L. E. Loveless and family came in Friday from spending their vacation with the lady's people at Weatherford, and L. E. was at Fort Worth part of the time. They had a mighty nice visit, and L. E. is resting up so he can hit the ball for a good while now.—Baylor County Banner. We presume Editor Harrison means golf."

From the Haskell Free Press we learn that Miss Katherine Rike left last week for Chicago to attend A Century of Progress and from there she will go to Boston and take a special course in English at Radcliff College. Miss Rike was a member of the faculty of the Sunset Consolidated schools the past year.

From the Chillicothe Valley News we learn that the Rev. and Mrs. R. L. Flowers have closed a very successful revival meeting at the First Methodist church in that city. There were many professions of faith and the attendance increased with each service, according to the News. From Chillicothe they went to Wichita Falls to begin a meeting for one of the Methodist churches of that city. The Rev. and Mrs. Flowers conducted a revival meeting here in July, 1928, and the work they did has had lasting results in the spiritual life of the town. . . .

The Rising Star Record states that that town has been dry ever since 1885 and Eastland county since 1901. Three elections have been held since with the county staying in the dry column each time. The Rising Star precinct has never voted on the question as a precinct since '85 according to the Record.

**Cartwright News**

Crops are looking fine, nothing suffering for rain. Most all are about through hoeing.

Mr. and Mrs. Homer Warlow and little daughter, Joyce Gean, are here from Childress.

Clara Hill and family visited Mrs. Warlow last Sunday.

Mr. and Mrs. Kemp are the proud parents of a new baby girl which arrived on the 26th. The girl girl was named Elizabeth Pearl.

Mrs. Coy Davis gave a social last Friday evening. Many interesting games were played.

E. C. Smith and family of German, Texas, visited his brother, C. N. Smith, last week.

Mr. and Mrs. Wilson of Hefner visited Mr. and Mrs. Harland Claiborn Sunday.

Mr. King of San Antonio is here visiting relatives and friends.

Cartwright and Halper played ball here last Sunday. Scores were 6 and 7 in favor of Hefner. Cartwright will play Robert Friday afternoon and go to Home Sunday.

*Henry Ford Dearborn, Mich.*

**IN ANSWER TO A LADY'S LETTER**

A lady writes to say that she does not understand why an 8-cylinder car does not cost more to run than a car with fewer cylinders. She refers to my statement that our Ford V-8 develops more power on a gallon of gas than any car we have made.

The use of 8-cylinders does not mean the addition of two or four extra fuel consumers. It is not, for example, a 4-cylinder engine multiplied by two. Our 8-cylinder engine takes the fuel supply of an ordinary 4-cylinder engine and divides it eight ways. And why?

By reducing four larger explosions into eight smaller ones, we get engine smoothness and quietness. Eight-cylinders indicate the way the gas is used, not the amount. It is just the difference between going upstairs in four long jumps or in eight ordinary steps.

Two things use up gas—bad engine design and useless car weight. Besides having an engine that gets a high percentage of power out of the fuel, the Ford V-8 has a light, strong body and chassis so that no power is wasted in moving excess weight.

The only extravagance about the new Ford V-8 engine is in the building of it. The extravagance is ours—the economy is yours.

The whole question of car economy needs clearing up. An economical car gives economy all round. Price, operation, upkeep, all play their part. If what you save on gas you lose elsewhere, that is not economy.

As to upkeep, our dealers say that in recent years the improved quality of Ford cars has cut down their repair business 50 per cent.

As to price with quality,—judge for yourself. As to economy, here is the record of a stock car three weeks out of shop in Oklahoma:

On a run of 10,054 miles at the rate of 1,000 miles a day—the Ford V-8 gave 18.8 miles per gallon of gas. Not a drop of water was added to the radiator. The oil was changed once in 1,000 miles.

That should answer a lot of questions.

July 24th, 1933

*Henry Ford*

**Roxy Theatre**

Munday, Texas  
 Friday Night July 28th, Sat. Mat. July 29th.

John Wayne in **"THE MAN FROM MONTEREY"** with DUKE, the miracle horse. Also cartoon comedies. Don't fail to see Babies in the Woods.

Saturday Night **"ZOO IN BUDAPEST"** with Loretta Young and Gene Raymond. Also two reel comedy, "Fifty Million Dollars Can't Be Wrong."

Sunday Matinee, Monday and Tuesday James Cagney in **"THE MAYOR OF HELL"** with Madge Evans, Allen Jenkins and 500 great juvenile stars. Also good short subjects.

Wednesday and Thursday **"DISGRACED"** with Helen Twelvetrees, Bruce Cabot, Adrienne Ames. Also good short subjects.

**Why be NERVOUS**

There's a time-tested, harmless, preparation, compounded by a specialist in nervous disorders, for the relief of Sleeplessness, Irritability, Nervous Indigestion, Nervous Headache, Restlessness, the Blues and Hysterical Conditions.

During the more than fifty years since this preparation was first used, numberless other nerve sedatives have come—and gone. But the old reliable has always been in constantly increasing demand.

Only one medicine fits this description.

**DR. MILES NERVINE**

If you are nervous, don't wait to get better. You may get worse. Take Dr. Miles Nervine. You can get Dr. Miles Nervine—Liquid and Effervescent Tablets—at your drug store.

**HELPED 98 PERCENT**

Interviews with 800 people who had used or were using Dr. Miles Nervine showed that 784 had been definitely benefited. Isn't anything that offers a 99 to 1 chance of helping you worth trying?

Get a package of Dr. Miles Nervine today. If it fails to help you—take the empty bottle or carton back to your drugstore, and he will refund your money.

**ODD--BUT TRUE**

**SOCIETY**

**Announcement Party For Miss Maxine Pendleton.**

The engagement and approaching marriage of Miss Maxine Pendleton to Mr. Roy Sanders, of Haskell, was revealed Tuesday afternoon when her mother, Mrs. H. A. Pendleton, entertained seven tables of bridge.

Bright summer flowers were used throughout the entertaining suite and a floral motif was carried out in all appointments, the tallies and score pads being love nests of flowers. The refreshment plate of peach ice cream and angel food squares tied with pink ribbon, bore the cleverly concealed announcement on a tiny pink heart, "Maxine and Roy, August 5, 1933."

The guest list included Meses. Joe Mayes, Rex Holder, Carl Jungman, Cebren Jones, W. H. Chapman, W. R. Moore, E. W. McGlothlin, W. P. Farrington, Louise Ingram, Bess Neff, E. H. Bauman, R. D. Atkinson,

F. S. Sanders, E. G. Post, Tom Haney, John Ed Jones, Earl Holt and Cecil Barton of Goree.

Misses Vivian Rogers, Deloris Campbell, Jeanette Campbell, Louise Atkinson, Lela Brock, Louise Aycock, Helen Eiland, Hazel Deane Eiland, Mary Couch, Blanche Newsome, and Frances McCorl of Colorado City.

Tea guests were Meses. J. C. Campbell and C. A. Eiland.

**Mrs. Cecil Barton Honors Miss Pendleton**

Choosing the cool early hours of Thursday Mrs. Cecil Barton of Goree entertained three tables of bridge, naming Miss Maxine Pendleton, a bride-elect, as honoree.

Zinnias and roses were used for decorations and the honoree found her place by a miniature bride gracing the table.

A dainty luncheon plate was served

to the honoree Miss Maxine Pendleton, and the following guests: Meses. Vivian Rogers, Louise Atkinson, Louise Aycock, Lela Brock, Helen Francis Eiland, Jennette Campbell, Francis McCorl, Chloedel Mayo, Mesdames Carl Jungman, Joe Mayes and H. A. Fendleton.

Waheed W. M. S. Hester, Naves, Campbell and

The Missionary Society met in the home of Mrs. J. C. Campbell with Mrs. Suel Waheed as assistant hostess. Mrs. J. C. Borden presided. Mrs. H. T. Muxley gave the devotional and Mrs. W. P. Farrington read topics from the bulletin. Committees reported and then a very enjoyable social hour was held. Cream and cake was served to about sixteen members. We were glad to welcome Mrs. J. H. Lane back to work with us. Our president, Mrs. J. D. Kethley, is away on a vacation, she and her family are visiting in Mississippi. We sincerely hope he has an enjoyable trip.

—Reporter.

Mr. and Mrs. Arch Lee Cockerell of Vernon were guests Sunday in the home of Mr. and Mrs. J. A. Kennedy. Mr. Cockerell was formerly linotype operator in the Times office, but has been engaged in the drug business since going to Vernon.

Arvid Spelce resumed his duties in the post office Monday morning after an absence since the 15th of May caused by illness, which necessitated a very serious operation, and from which he has sufficiently recovered to resume work.

Mr. and Mrs. L. S. Hardigree of Henrietta were here first of the week as guests in the home of Mr. and Mrs. W. H. Chapman. Mr. Hardigree is principal of the Munday High School.

The Rev. and Mrs. Joe Burton came in latter part of the week to visit his father, W. T. Burton, and other relatives. The Rev. Burton has been called to the pastorate of the Baptist church at Big Lake, Texas, and he and his family are enroute to their new home.

Mr. and Mrs. Fred Warren and children of Plainview, Texas, were guests of relatives here the past week. Mr. Warren has a position with the Refinance Corporation at Plainview.

Miss Bessie Leath of Alpine, Texas, has accepted a position in the Sunset school to teach Spanish and history. Miss Leath is a graduate of the Southwest Texas State Teacher's College.

**Motorists have 3 kinds of pocketbooks ... and Gulf makes an oil for each!**

She has to "watch the pennies" He pays moderate prices... for big values

WHEN you go to a Gulf station you can pick and choose! You can pay what you want to pay—for oil—and for gas!

For Gulf offers you your choice of 3 fine gasolines and 4 fine motor oils. Each is at a different price—and each is an amazing value!

So buy your gas and oil to suit your taste and your pocketbook. Come to Gulf! Whatever you buy, you'll get the finest product that can be made at the price. And—once you come—you'll come often!

**3 GREAT GASOLINES**

*Gulf Traffic Gas*—A dependable, white anti-knock gasoline

Low Price

*That Good Gulf Gasoline*—The famous FRESH gas. Higher in anti-knock than most regular gasolines—now lubricated. No extra cost.

Medium Price

*No-Nox Ethyl*—As fine gasoline as money can buy, plus Ethyl. Specially designed for modern high compression motors.

Premium Price

**4 GREAT MOTOROILS**

*Gulf Traffic Oil*—Safe! A motor oil vastly superior to many oils at this price.

15¢ a quart plus tax

*Gulf-Lube*... Gulf's sensational new "high-mileage" motor oil for Gulf Supreme. "The 100-mile-a-gallon oil."

25¢ a quart plus tax

*Gulf-Grade*—No finer motor oil in the world. Refined by the famous Alkylol process—exclusive with Gulf.

35¢ a quart plus tax

And every Gulf customer gets these FREE services:

1. Clean windshield—to help you avoid accidents.
2. Fill radiator—to keep your motor safely cool.
3. Inflate tires—to put longer life into them.
4. Check oil—to save you many repairs.

Miss Virginia Curry of Knox City was here Saturday guest of Miss Elizabeth Mounce. Miss Curry is a member of the grammar school faculty of the Munday Public schools and has just finished a summer course at State Teachers College at Canyon.

Mrs. Sunset Boone and children have returned from a visit with relatives at Electra, Texas.

Mr. and Mrs. C. B. Jones have returned from a short vacation spent at Ruidoso, N. M., and other points in the west.

C. S. Ameen, former citizen of Munday but recently located in Knox City after spending several years in the valley, was in Munday Wednesday transacting business. Mr. and Mrs. Ameen have opened a dry goods and ladies' ready-to-wear store in Knox City.

M. F. Billingsley is again able to be in his office after undergoing an operation in the Knox City Hospital some weeks ago.

Mr. and Mrs. Bob Nix of Corsicana are visiting in the home of his father. They have just returned from the World's Fair at Chicago. Bob says, "it is some carnival."

Mr. and Mrs. E. W. Peters of California are guests in the home of his mother, Mrs. O. C. Caughron, and other relatives here.

B. W. Pavlicek of Bomarton was here Saturday and stated that he was making plans for a big dance at his home there on July 31st, at which time the celebrated Kober orchestra of West Texas, will furnish the music. The orchestra will play for another dance at Seymour the night of August 1st on their trip to this section. The orchestra is one of the outstanding Bohemian musical organizations of the state and has furnished music for many notable events. Mr. Pavlicek will erect a platform at his home for the dance.

Mr. and Mrs. P. V. Williams and children returned Tuesday from Tennessee, where they visited relatives and friends in Mr. Williams' boyhood home for several weeks. They report driving through rim much of the distance on their way home. Mr. Williams stated that conditions were improved much in Tennessee, as men were again working in the mines and forests, the mines having been closed down for several months.

Mrs. T. S. Simpson of Iredell, Texas, is a guest in the home of her brother, J. D. Henderson, this week.

**FARM AND RANCH LOANS**

I wish to announce that The Munday National Farm Loan Association is now in a position to intelligently take applications for Federal Land Bank loans at 4 1/2% interest.

Also that I will take applications for Land Bank Commissioner's loans, which are based on 75% of the appraised normal value of the farm or ranch, and or chattel mortgages.

I have just had a conference with one who has the correct knowledge and information concerning both of the above kinds of loans, and feel now that I can take applications of the above kind with a maximum possibility of success, and the possibility of a minimum cost to the applicant.

**John Ed Jones, Sec.,-Treas., Munday, Texas**

## HANEY

The Young Peoples Federation meets at the Methodist church Sunday July 30th, at 7:15 o'clock, for their regular program. A very interesting musical program has been arranged to be given at this time and all the young people are urged to be present.

Ray Worthington of San Antonio, Texas, is here this week visiting in the home of his parents, Mr. and Mrs. A. Worthington. Ray has been in San Antonio for about four years and is employed by one of the large banking concerns of that city.

A. M. Smith, president of the Mutual Life Insurance Company of Breckenridge, Texas, was here Monday looking after the interests of his company. While here Mr. Smith placed an ad in The Times, which will prove of interest to the readers.

Friends here have received announcement of the arrival of a son at home of Mr. and Mrs. Albert Curry of Abilene, Texas, on Monday, July 17. Mrs. Curry will be remembered here as Miss Madeline Watson, for several years a member of Munday High

school faculty.

Mr. and Mrs. Howell Burton and children and the Rev. and Mrs. Joe Burton spent Sunday in Haskell guests of Mr. and Mrs. R. L. Burton, and the Rev. Burton filled the pulpit at the Baptist church Sunday morning in the absence of the pastor, the Rev. Whatley.

### ON TEXAS FARMS

By W. H. Darrow, Extension Service Editor  
Using extreme care in summer following his wheat land in a demonstration with the county agent, T. M. Parley of Hartley county has the only wheat in his community to survive drought and winds. With no other vegetation for miles around the half acre jack rabbits were about to destroy the crop when the damage was checked by distributing poisoned grain. The yield was a bushel per acre.

They feel dressed up in their made-over clothes, renovated by use of foundation patterns, say 13 Victoria county home demonstration club women who made over 13 dresses at a cost of \$2.20. The renovated garments are now rated worth \$15.91.

Six Comanche county 4-H club boys brought 7 hogs to the poultry packing plant in Comanche in mid-June where they learned the "A and M Way" of butchering and curing. A show of hams and bacon is to be held when the meat comes out of the cure. Planning to sell the meat, the boys have now decided that it's too good to sell.

The Hopkins County Home Demonstration Club Market opened late in May in Sulphur Springs with 19 farm women selling products of home manufacture. Building and store equipment were furnished by local merchants.

Ten community canning units each with three steam pressure canners and a sealer are operating on a toll basis in Red River county following demonstrations in canning by Extension workers.

Everybody who had farmed the land for thirty years had taken every thing to house and barn and never brought anything back, says C. C. Schrader, String Prairie, Bastrop county. He has fertilized this poor sand and terraced it with county agent help and now has fine corn

with inter-cropped peas in the wide corn middles for the sheep to harvest.

A cotton campaigner wired the Extension Service the other day that prices of feed had advanced so sharply that farmers couldn't buy, and asked what steps to take. Director O. B. Martin laconically replied: "Grow some."

There is yet ample time to plant late feed stuffs if summer rains come, says County Agent C. L. Beason of Brazos county, pointing out the experience of John Ertle two years ago. He planted hegari in corn middles early in August, corn having been cut and shocked early. Late August rains gave him 50 tons of hegari from 50 acres.

### First Indictments Returned Against "Bootleg" Gas Men

BEAUMONT, Texas, July 27.—The first indictments in South Texas against gasoline dealers accused of selling "blended" motor fuel have been returned here, and 11 filling-station operators are awaiting trial in district court on felony charges.

The eleven defendants, who face a total of 13 indictments under the recently enacted Metcalf-Harmon act, are being prosecuted by Comptroller Sheppard's new state-wide enforcement force. Specifically, they are charged with selling motor fuel having an end point of distillation above 437 degrees, from pumps that were not labeled, as the law requires, "Inferior Motor Fuel."

In the language of the layman, this means gasoline which has been adulterated with lower-grade, tax-free fluids. The new law requires that such blends must be plainly labeled in order to protect the public and the state against loss of tax money which, although paid by the motorist, may fail to reach the comptroller.

In each case, it is alleged, the sales were made to M. B. Walker, a supervisor for the comptroller. F. G. Lemay, state chemist at Austin, is named as a witness in addition to Walker. Two of the accused dealers are named twice, as each day's violation is a separate offense under the

law. In a recent statement, Comptroller Sheppard announced that his force has increased gas tax payments from the great East Texas production area at the rate of \$2,000,000 a year, and predicted that his war against blending over the entire state would raise the total saving to more than \$4,000,000 per annum.

College Station.—Warning cotton farmers against plunging their cotton acres retired in the cotton acreage reduction campaign into new and unusual summer and fall crops, O. B. Martin, director of the Texas Extension Service, outlines a general four-fold plan for re-vamping farm systems to fit the new situation acreage reduction has forced upon Texas. "The safest, surest, and most profitable uses for this land has been demonstrated over and over again in almost every community in Texas," he says. "The Extension Service offers nothing startling and magical as a

general guide to farmers at this time, but the same plan that has brought success to many farmers in the past and which is now a logical necessity."

"The first part of the next step ahead for Texas cotton farmers is using 25 acres of land, more or less, and with proper livestock and equipment making most of the family food and feed requirements at home. This is what saved us in the last three years and its continuation will make us money in the better years I think are ahead. The immediate need in Texas is for quick feed and pasture crops.

"The second part of the step ahead is closely linked with the first. Living at home these last few years naturally gave surpluses of farm and home manufacture for sale. It meant extra farm income and it will continue to give extra income. The home put sort of boiled over surpluses of hams and bacon and cheese and syrups and leather goods and the like,

which could be sold. "The third part of the step is to farm the remaining acres in cash and other crops for all they are worth. Good yields always pay better than poor ones and they always will. I believe the immediate future will see a premium paid for better use of land and more efficient farming.

"Finally, with home requirements taken care of, surplus acres offer the opportunity for feed production to sell through livestock. Texas has always needed a livestock balance to its cotton farming and the chance is now here to get it."

# STEEL ALONE IS NOT ENOUGH!

—neither strong enough, nor safe enough, nor quiet enough for the body of a quality car like CHEVROLET

**CHEVROLET** There is only one type of body construction which Chevrolet will permit on the chassis of the cars it builds: That's the type which every test—and every experiment—and every experience has proved to be the safest, strongest, and best. Not steel alone, because steel alone is not enough. But a Fisher body of steel reinforced by hardwood! The same kind of construction used on practically all the highest-priced cars in America.

Chevrolet well knows that steel alone has one distinct advantage: it's cheaper. Steel also is strong—up to a certain point. BUT—beyond that point, steel alone will bend and crumple under severe stress or shock. It takes the strength and supporting solidity of a hardwood reinforcement to give you the full protection and full satisfaction you want in a motor car body today.

If you're thinking of buying a new low-priced car, better watch this matter of bodies, and watch it carefully. Insist on steel reinforced by hardwood! Fortunately, the only low-priced car with this preferred type of body is also the only car with a proven valve-in-head six; with Fisher Ventilation; Cushion-Balanced Power; a Starterator. That car is Chevrolet—America's most economical automobile.

## Eliminate the Drudgery of Scouring Pots and Pans...

The tedious and never-ending job of scouring pots and pans, you'll agree, is one of the most irksome of household duties. It is a messy, disagreeable job to begin with—and roughens your hands, irritates your disposition and wears out your utensils.

This drudgerous household task can be eliminated once and for all time from your daily routine... by the simple expedient of eliminating the old-fashioned cooking method that causes the grime and soot to collect.

... with a Modern Electric Range You Merely Wipe Them off!

Progressive home managers throughout West Texas have found the superlative cleanliness of modern Electric Cookery one of its outstanding advantages. There's no flame to blacken utensils and cause you hours of disagreeable scouring work. And this same cleanliness also eliminates much of your other kitchen cleaning. Think of the time and money this will save!

Ask about the remarkable cleanliness of the modern Electric Range. Ask also about the sixteen startling superiorities of Electric Cookery. You'll find that this modern "Electrical Servant" will do more for you than you'd imagine anything inanimate could do... and it'll do it all and save money in the bargain! Investigate present LOW PRICES and CONVENIENT TERMS... TODAY!

Call us for an individual investigation of your use of electric service, to determine the cost of cooking by electricity in your home. You may be surprised to know that there are many cases where electric cooking actually decreases the total of electric and gas bills.
