Munday, Texas, Thursday August 3, 1933

Number 8.

Goree Takes 1-0 Pitcher's Battle From Munday

It was a pitcher's battle, and a real one, Sunday afternoon when Munday and Goree met on the Goree sandlot. The Munday aggregation placed their hope for victory on the offerings of "Lefty" Hambricht, while Goree pinned their faith in the slow and easy-looking curves of Joe Bailey King, and as to which of the two pitchers the records will fail to show who is the best, as two errors, one by Glenn McGlothlin at third, and another by Carl McGlothlin at first, in the second inning allowed Goree to register the lone tally of the game. Goree secured three hits off Hambricht while Munday garnered only two off King, while Hambricht was credited with 11 strike-outs, King was credited with only 3.

It was a real ball game from the beginning to the end—one of those exhibitions that fans don't forget soon—in which both teams played airtight baseball throughout the entire nine innings except in the second frame when the two errors proved costly for Munday.

Stamford	5	2	3	.400
Goree	5	1	4	.200
Haskell	5	0	5	.000

This & That

Martin county will not participate a penny's worth in the "popping up cotton" campaign, according to the Stanton Reporter, which states that notwithstanding the fact that by reason of the fact that they had no rain at cotton planting time, which saved the cotton industry an acreage equally as large as last year—65,000 acres—the farmers will not participate in the government money because they had no cotton this year to plow up, and the Reporter states that the government must do something to help the farmers in that county.

The Honey Grove Signal-Citizen offers a solution to a question that has been bothering the Dallas News for some time, and that is why cats furnish most of the world's violin strings and are so unmusical themselves. The Signal-Citizen credits education with the achievement. "There was never an educated cat," says the Honey Grove columnist, "but educated humans come along and make the cat a very beneficial adjunct to the realm of music."

The commissioners' court of Haskell county has called an election for August 26th to determine whether \$2 beer shall be legally sold within the county, according to the Haskell Free

Schools of Knox County Placed In Childress District

Mrs. Ethie Lee P'Pool, as received a notice from the State Department of Education to the effect that Knox county schools have been placed in the Childress district for supervision. A supervisor will be placed there who will have both the high schools and the state aid schools under his supervision.

The supervisor for this county will be in Benjamin some date between the 7th and 12th of August. The county superintendent is endeavoring to arrange the program so that the county trustees and the district trustees may discuss the problems of their schools with him.

Stamford Comes Here For Contest Sunday Afternoon

Stamford comes to Munday for a game Sunday afternoon, and notwithstanding the fact that Stamford aggregation has not made a great showing during the second half, they have a fast team, and it might be a repetition of last Sunday's upset at Goree, anyway. It will be a good game, as all teams of the Wichita Valley League, regardless of their position in the percentage table, are playing heads-up baseball, and trying to win every game they play.

Other games scheduled for Sunday are: Goree at Haskell and Hamlin at Rule. And next week the mid-week games start, as per schedule adopted at beginning of the season. These mid-week games will be played at the usual hours on Wednesday afternoons, with Wednesday's games scheduled as follows: Munday at Rule, Goree at Hamlin and Stamford at Haskell. These mid-week games will complete the season's schedule on August 20th.

H. D. Warren Gets Cuts and Bruises In Auto Smash-Up

H. D. Warren received serious cuts and bruises late Thursday evening when the car in which he was driving with trailer attached went into a ditch near Seymour on Highway 30. He was blinded by the lights from another car and states that his car rolled over three times, threw him clear of it and righted itself in the ditch, while the trailer, in which he carried automobile supplies, was smashed to pieces and the goods scattered about the scene of the wreck.

Mr. Warren, unable to flag down passing cars, remained at the scene of the wreck the remainder of the night and it was the following morning before he sought medical attention for his injuries, which consisted of severe cuts and bruises, one of the cuts necessitating more than twenty stitches to close.

For some time he had been traveling over this territory selling automobile supplies which he carried in a trailer, and it is likely that the weight of the trailer threw the car into the ditch in a sharp curve when the accident occurred. He is recovering nicely from his injuries and will soon be able to resume his duties.

Crowell Comes Here For Game Friday Afternoon

Skipper Lee Haney has matched a game with the Crowell team for Friday afternoon at 3:30 on the local grounds. This team has been anxious for some time to get a game with the Munday aggregation, and they will give the local outfit some real competition. Don't fail to see this game.

Press. The Free Press states that the election is called for this date as an economy measure, as it can be held at this time at no additional expense, while an election later would cost the county several hundred dollars.

The Ford County News last week carried a big banner head announcing the big widest well brought in near that city by the Texas Company. The News states "that the company has 10,000 acres blocked around the well, for which approximately \$50,000 was paid with the agreement that a 4000-foot test be drilled within 90 days."

Mr. and Mrs. Frank Decker returned to their home at Childress on Friday of last week after spending a few days visiting friends here.

Little Pen-o-grams

School Fund Is Set At \$16 Per Capita

Amount Allotted Same as for Last Term; \$6 Still Unpaid

AUSTIN, July 31.—The Texas state board of education late today set the scholastic appropriation for 1933-34 at \$16 per capita, the amount to be paid on the basis of 1,570,365 scholastics. The amount allotted was the same as that apportioned for the current term. Of the current appropriation, however, \$6 remains unpaid, although it was estimated that \$3 of this amount would be liquidated before September 1.

Family Reunion at Home of M. G. Nix

It was an enjoyable event for M. G. Nix the past week when his children and grandchildren paid him a visit, Robert Nix and wife coming from Corsicana, where he is manager for a Woolworth store, and Jack Nix and family from Abilene, where he is associated with a wholesale candy concern, and the visitors together with the children residing in this community made a total of 26, and at a dinner for the event Judge D. C. Osborn was an invited guest.

Good Showers Give Renewed Hope to Farmers

During the past week the Munday county has been visited by a number of showers, and the rainfall over this section will likely average more than 1 1/2 inches. In some localities the rainfall has been much heavier and in some it has been slightly less, but in every direction from Munday the rainfall has been sufficient to materially brighten the prospects for cotton and feed crops.

On Monday evening a heavy rain fell south of Munday and was accompanied by some hail and heavy wind, which did some damage to crops and outbuildings, however, the good rain more than offset the damage done and farmers are jubilant over the outlook.

Siel Walsied returned Tuesday evening from Dallas, where he went to buy fall merchandise, and he states that merchandise is advancing at such a rapid rate that buyers hardly know how to buy, especially have prices on work clothing advanced due to the working conditions being adopted by manufacturers in response to the NRA movement and special taxes.

R. B. Davy, Dr. E. M. Ammons, E. W. McGlothlin and J. A. Kennedy were in Knox City on business Monday afternoon.

Thinking Out Loud

By J. A. K.

Again the cyclops of this column has been subjected to a humiliating defeat, and those who would discredit him have emerged from the fray victorious.

At a meeting the other night the various businesses of the city were naming chairmen to have authority in their respective lines, and when most of the businesses of the city had chosen their chairmen, we suggested that a chairman be elected to dominate the printing business, being the only follower of Gutenberg and Benjamin Franklin present, we naturally felt that we had the honor cinched.

And we would have had it not been for some one bobbing up and nominating Mrs. Kennedy for the place. Any one, risking the possibility of being called conceited, egotistical or what have you, we voted for ourselves and was thereby saved the humiliation of having been defeated by a unanimous vote.

Just what authority all those other birds had to cast a vote is still a dark mystery to us.

Anyway, the job doesn't pay anything.

We've frequently wondered, and have heard others express the same wonderment, why certain conveniences were not placed at the disposal of the public by those in authority, and we've learned more about it.

Not so long ago a number of nice benches were placed on the city hall lawn for the convenience of the general public. They were all painted and of substantial construction.

Within a period of two months about half of these benches have been totally destroyed—torn to pieces by those who have no regard for public property.

And Jupiter Pluvius seems to have signed the NRA pledge also, for he's certainly been doing his part.

This NRA is going to succeed in just that degree in which we all cooperate in making it effective, and we can do this by doing business only with those concerns who display the NRA sign and who literally carry out the provisions of the pledges made.

Regardless of how we may feel about NIRA, you'll have to admit that we had only one direction to go, and most any kind of action is better than inaction.

Henry Birkenfeld, Pioneer Citizen, Dies At Amarillo

Funeral services were held Sunday afternoon at St. Joseph's Catholic church at Rhineland for Henry Birkenfeld, pioneer citizen of the Rhineland community, who died on Thursday night in St. Anthony hospital following an emergency operation for appendicitis.

Mr. Birkenfeld had gone to the plains country for a visit with relatives at Nazareth, 60 miles from Amarillo, where he was stricken, and on Tuesday of last week he was carried to the Amarillo hospital for an operation, but it was too late and he succumbed within a few hours after his arrival there.

Mr. Birkenfeld was born in Platt county, Nebraska, December 2, 1881, and moved from there to Muenster, Texas, from which place he moved to the Rhineland community 34 years ago, and he had been a citizen of that community continuously since, and was regarded as one of the substantial citizens of this county and that community.

Surviving are his wife and nine children, Lawrence, Leonard, Christopher, Lukas, Michael, Joseph, Francis, Marguerite and Theresa Birkenfeld. In addition to his immediate family he is survived by five brothers and four sisters, Frank Birkenfeld of Scotland, John Birkenfeld of Amarillo, Ben, Joe and Sylvester Birkenfeld, Miss Francis Birkenfeld, Mrs. Clara Bellinghausen, Mrs. Annie Ehly and Mrs. Mary Eichelmeier, all of Nazareth, Texas. The funeral services were conducted by the Rev. Father Redder of Scotland, assisted by the Rev. Father Conrad of Subiaco, Ark., and the Rev. Father Schell of Wichita Falls. The large concourse of friends and the beautiful floral offerings spoke mutely of the high esteem in which this good citizen was held by those who have known him intimately for the many years, and we join with the many friends in extending our sincere sympathy to the bereaved ones in their great sorrow.

The Times is in receipt of announcement from the College of Industrial Arts at Denton to the effect that Miss Mildred Moore, daughter of Mr. and Mrs. W. R. Moore of this city has enrolled as a student there for the fall term, which opens September 19th. Miss Mildred was one of the graduates of the Munday High School the past school year.

Mr. and Mrs. T. G. Bengie returned on Thursday from Denver, Colorado, where Mr. Bengie went on business, and they report that the climate there at this season of the year is delightfully cool.

Miss Dortha Hackett has returned to her home at Hico after a visit here with Miss Mildred Burnett.

Transportation And Tuition Warrants Received by County

The high school tuition is to go to the following schools: Munday High School \$26.00, Goree High School 172.00, Vera High School 32.00, Knox City High School 53.00. The transportation aid is to be distributed as follows: Sunset Consolidated \$7,000.00, Gilliland 150.00, Benjamin 147.00, Vera 118.00. These are numbered warrants and the date of collection is indefinite. The state is yet due the schools \$6 per capita which amounts to \$21,960 for Knox county.

Special Session Of Legislature Will Be Called

AUSTIN, Texas, July 31.—A special session of the Texas Legislature is to be called within sixty days, Governor Miriam A. Ferguson Friday telegraphed Gen. Hugh S. Johnson, administrator under the national recovery act.

Johnson had telegraphed the Governor asking as to the intention of holding a special session, presumably to amend or suspend the antitrust laws of the State as an aid to industrial recovery. The reply was that such a session was considered inevitable within sixty days. Mrs. Ferguson already has pledged herself to call it if needed. It is expected to assemble September 5 or 12.

Will Demonstrate Oil-Burning Type Refrigerator Here

Messrs. N. S. Jennings and Frank E. Williams, representing the Wichita Music Company, distributors for the Superflex oil-burning refrigerator, were here first of the week making plans for the demonstration of this new type refrigerator here on Monday, August 7th, which will be held at the Guinn Hardware Company and will be in charge of Mr. Jennings. This refrigerator is a product of the Perfection Stove Company.

Knox Delegation Will Make Report On Short Course

Knox county is qualified to do bigger and better work in the rural homes through the 4-H and Home Demonstration clubs since the 26 representatives returned from the most successful and best organized short course ever held at College Station.

Because of the Cotton Program it was impossible to have many men from the county, but the women have gotten valuable information that will help in every phase of rural life.

708 club delegates (voting) were listed and 79 council delegates. A total of 799 voting delegates were registered. District 2, of which Knox county is a part, had 92 voting club delegates and 15 council delegates. From this district there were 156 women, 125 girls, 44 men and 28 boys. This district had first winners in 3 of the state contests. Fisher county won first in the girl's bedroom contest, Jones county had a first place winner in class 1 wardrobe contest and Young county won first in rugs in the state.

Saturday at 2:00 in the court room each of the delegates will discuss briefly some phase of the short course and everyone is invited to be there. We feel that this meeting will be very helpful to all rural people since the number attending the different demonstrations were as follows:

- Killing, dressing and canning poultry—9.
- Grapes, culture and making grape juice—7.
- Waving cloth—13.
- Making rugs and mats—17.
- Cheese and butter making—3.
- Weaving wool and mohair—14.
- Syrup making—24.
- Curing and tanning lamb skins—9.
- Judging chickens—3.

Discussions were heard on every phase of home making and each delegate returned eager to put in practice all the things they heard.

Munday Business Men Organize To Start NIRA Here

An organization to be known as the Munday Merchants Association was formed here on Friday evening of last week when the business men of this city gathered at the city hall auditorium to organize for the promotion of President Roosevelt's national industry recovery program, and the local organization will be a permanent one so long as the program continues.

E. W. McGlothlin acted as temporary chairman and was elected permanent chairman, while J. C. Campbell, who served as temporary secretary was made permanent secretary of the organization. Postmaster J. B. Reneau handed each of the employers an envelope as he entered the hall which contained a temporary pledge to cooperate along general lines pending the adoption of codes of ethics in the various lines of industry, and as these agreements are signed he will issue stickers, posters and other display cards bearing the NRA insignia, which means that the place of business displaying this insignia has pledged to cooperate with the president in carrying out his great program of industrial recovery.

Chairmen of individual groups of business concerns were chosen with a view of working out the programs in their individual lines and conferring from time to time as to business ethics and other matters pertinent to the success of the program, and the following were chosen as chairmen of their respective lines of business:

- Dry Goods—J. C. Campbell.
- Groceries—R. S. Boles.
- Hardware—Fred Bruch.
- Barbers—W. W. McCarty.
- Druggists—W. V. Tiner.
- Lumber Yards—W. H. Chapman.
- Blacksmiths—Walter Sherrill.
- Cafes and Hotels—J. M. Terry.
- Printers—Mrs. J. A. Kennedy.
- Shoe Repair Shops—J. W. Beavers.
- Insurance—J. C. Borden.

Several lines of business represented failed to make a selection as to chairman, preferring to do so later in conference with other members of their lines not represented at the meeting. Included among these were the automobile dealers and garage men, filling station operators, tailors and contractors.

H. A. SCOTT

In some manner we failed to get an account of the death of H. A. Scott, former citizen of this section, who died on June 7th, at Waurika, Oklahoma, after a prolonged illness. Mr. Scott for many years was a citizen of the Munday county, where he has a large host of friends, and had moved to Oklahoma some three years ago.

Mr. Scott was born in Lamar county, Alabama in 1861, and on December 2, 1894 he was married to Miss Ida Brooks, and to this union 12 children were born, 8 boys and 4 girls, all of whom with the exception of the second, a son, survive, and all except one was at his bedside when the end came. Early in life Mr. Scott had professed faith in Christ and was continuously thereafter a consistent member of the Methodist church.

As a citizen of this community Mr. Scott was always regarded as one of our best citizens, and we join the many friends in extending our sincere sympathy to the bereaved members of the family.

All Knox County Contracts Accepted, Agent Is Notified

All contracts offered by Knox county farmers to be destroyed part of their cotton have been officially accepted by Secretary Wallace and now become contracts and are binding. This information was received by the county agent July 31st, and notices have been mailed to all farmers who have not already secured a permit to destroy their cotton. Permits are no longer necessary to start destroying cotton. However, it is necessary for the farmer to make sure that his contract was actually sent to Washington, some were lost or misplaced, this information can be secured from the local committees.

After the farmer receives his formal acceptance from the Secretary his final Certification and Performance blank will be forwarded to Washington and his check will be forthcoming. These acceptances will be received by Knox farmers during the month of August.

BUY GOODS NOW

We have just returned from market, where we found that merchandise is advancing at a rapid pace, and will make still further advances as soon as new codes are adopted and new taxes become effective, and it is absolutely a certainty that merchandise will be much higher after September 1st, and we therefore urge you to buy your dry goods needs during August and make a saving. New working conditions, new wage scales, and other rules imposed by the Government in connection with the National Industrial Recovery Act will necessarily bring about an increase in merchandise prices of from 25 to 50 per cent. You can save this increase by buying now.

The Economy Store

Announcement

During the remainder of August The Orchid Beauty shop will be closed, during which time I shall be in St. Louis taking special course in beauty culture in order that my patrons may have the latest and best in beauty work.

Helen Houser

TO THE PUBLIC

We will be closed all next week for remodeling and repairing, after which we will reopen better prepared to serve our patrons.

YOU CAN'T HELP GETTING BARGAINS

It is an ancient belief that the woman is the bargain-hunter of the family and that man must be dragged reluctantly, if at all, to where goods can be purchased cheaply.

If that is true, the man of the family must be having a good time now, for there is very little else but bargains, at prices unheard of a few years ago.

Those prices won't be with us much longer—economic law doesn't allow sales to go on forever. Everything from shirts to cement is going to cost more very soon, as higher price and wage levels will be on us before we know it.

It's about the last chance to buy needed household articles, and make property improvements and additions, at depression costs. The chances are that you, the reader of this, have been lax about keeping up your house

LOCALS

Mr. and Mrs. E. W. McGlothlin and children left on Wednesday afternoon for a vacation trip in New Mexico and will be gone for several days.

Mr. and Mrs. John Rankin and daughter, Miss Dale, of Prescott, Arizona, were here first of the week visiting in the home of Mr. and Mrs. Dee Clough and other friends.

Mr. and Mrs. H. C. Vickrey of Abilene have arrived in Munday and will make their home here. Mr. Vickrey having accepted a position with the Gafford Barber Shop. Mr. Vickrey and Mr. Gafford were formerly associated together in the barber work and Mr. Gafford feels fortunate in securing his services.

Mrs. W. S. Ledbetter and daughter, Miss Edna, are visiting friends and relatives in New Mexico.

Mrs. L. S. Hargrove and two children of Dimmitt, Texas, are here for a visit with her parents, Mr. and Mrs. O. F. Greer.

Mr. and Mrs. Edwin Foytik and children left Monday for several days visit with relatives in Hill and other south Texas counties.

Mr. and Mrs. A. D. King and Mrs. L. P. Dick and daughter, Aquilla, of San Antonio, have been visiting in the home of his brother, O. A. King, and friends here.

BASEBALL

Friday, August 4th.
Crowell vs. Munday

H. D. Club Notes

Green tomatoes, onions and cucumbers may be chopped uniformly by using the three bladed knife to the food chopper. Celery and ripe tomatoes may be chopped more satisfactorily with a knife.

Tie all ground or whole spices and seasonings in a bag, and remove before packing into jars.

Yellow Tomato Preserves
2 pounds peeled fruit, 2 1/2-3 pounds sugar, 3 cups water, 1-4 ounce whole ginger, 1-2 lemon (sliced thinly), 1-2 ounce stick cinnamon. Boil together water, sugar, lemon, and spices for 15 minutes, or until 217 degrees F. is reached; add fruit (which has first been scalded and peeled) gradually and gently cook (simmer) until the fruit becomes bright and clear, stirring occasionally and being careful not to allow it to burn. If a thermometer is used, cook to 220 degrees F. 222 degrees F., pour into trays, stand over night, pack the tomato essence into jars which have been sterilized by boiling in water for about ten minutes and which are still hot, and strain the syrup over them. Process as for other preserves.

Small green or red tomatoes may be preserved whole by this same method. The egg shaped variety is easier to peel and handle than either the small round or pear-shaped tomatoes, and gives a more attractive finished product when packed into the jars.

Green Tomato Pickle
1 gallon green tomatoes, 1-2 dozen large onion, 3 cups brown sugar, 1-2 lemon, 3 pods red pepper, 1 pint vinegar and 1 pint water, 1 tablespoonful whole cloves, 1 tablespoonful allspice, 1 tablespoonful mustard seed, 1 tablespoonful celery seed, 1 tablespoonful ground mustard, 1 tablespoonful ground onion, 1/2 cup salt and let stand over night in a crock or enameled vessel. Tie the pepper, cloves, allspice and celery seed in a cheese cloth bag. Slice the lemon and chop two pepper pods very fine. Drain the tomato and onion well. Add all seasoning except one pepper pod to the vinegar, then add the tomato and onion. Cook for one-half hour, stirring gently at intervals to prevent burning. Remove spice-bag to prevent darkening pro-

cess as for other preserves.

Small green or red tomatoes may be preserved whole by this same method. The egg shaped variety is easier to peel and handle than either the small round or pear-shaped tomatoes, and gives a more attractive finished product when packed into the jars.

Green Tomato Pickle
1 gallon green tomatoes, 1-2 dozen large onion, 3 cups brown sugar, 1-2 lemon, 3 pods red pepper, 1 pint vinegar and 1 pint water, 1 tablespoonful whole cloves, 1 tablespoonful allspice, 1 tablespoonful mustard seed, 1 tablespoonful celery seed, 1 tablespoonful ground mustard, 1 tablespoonful ground onion, 1/2 cup salt and let stand over night in a crock or enameled vessel. Tie the pepper, cloves, allspice and celery seed in a cheese cloth bag. Slice the lemon and chop two pepper pods very fine. Drain the tomato and onion well. Add all seasoning except one pepper pod to the vinegar, then add the tomato and onion. Cook for one-half hour, stirring gently at intervals to prevent burning. Remove spice-bag to prevent darkening pro-

cess as for other preserves.

We failed to make mention last week of the arrival of a nine-pound daughter in the home of Mr. and Mrs. Gaynor Kendall at Austin. Jim and Mrs. Kendall are naturally elated over the arrival of the granddaughter.

Miss Cordell Smith has returned from a visit with relatives in Mississippi.

Mr. and Mrs. R. D. Atkinson and children and Mr. and Mrs. Chester Borden and little son left the latter part of last week for a vacation in Colorado, and plan to be gone some two or three weeks.

Mrs. Adrian Akers, who is teaching music at Byrnburnett, is here visiting in the home of her parents, Mr. and Mrs. E. E. Akers.

Mrs. E. Donna David and little son of Gorman, Texas, are guests in the home of her parents, Mr. and Mrs. E. E. Akers.

Mr. and Mrs. Foy Ebby and children of Decatur, Texas, are here visiting relatives and friends.

Senator Ben G. Oneal and Mr. Sproles of Wichita Falls were through here the latter part of last week and stopped at this office for a brief visit. They were enroute to Lubbock on business.

Mr. and Mrs. Joe Aycock of Rochester were here Sunday visiting relatives and friends. Joe is manager of the Atkinson store at Rochester.

Postmaster J. B. Reneau and family left Tuesday for Kentucky, where they will visit in the boyhood home of Mr. Reneau, who has not been back to his old home since leaving there thirty-three years ago. They will return by way of Chicago and visit A Century of Progress.

Miss Sarah Smith has returned home from Dallas, where she has been visiting relatives and friends, and was accompanied home by Miss Grace Spillman, who will spend some days visiting her here.

Mr. and Mrs. J. W. Childers and Miss Naomi Smith of Los Angeles, Calif., were here several days the past week guests in the home of Mrs. H. H. Langford. Mrs. Childers and Miss Smith are sisters of Mr. Whit Smith, son-in-law of Mrs. Langford.

Mr. and Mrs. W. H. Stevenson returned to their home at Weslaco, Texas, first of the week after spending several days here at the bedside of his father, R. M. Stevenson, who has been critically ill, but who is now greatly improved.

Milam Diggs, son of Mr. and Mrs. J. M. Diggs is in the Stamford Sanitarium suffering from a broken arm which he received last Sunday when he fell from a horse.—Haskell Free Press.

Mr. and Mrs. J. Arthur Smith and Mrs. Smith's mother, Mrs. Hamm, returned the latter part of last week for a vacation trip into Arkansas, Kansas and Oklahoma. They were accompanied by Miss Elizabeth Mounce as far as Oklahoma City, where she visited relatives, and who accompanied them home.

duct. Pack in pint jars and garnish with slender strips of the red pepper, placing them vertically on the opposite sides of each jar. Process for 15 minutes.

WHAT YOU SHOULD DEMAND FOR YOUR \$9 IN 1933 CIGAR VALUE

More than 60% choice Havana filler—plus other choice imported tobacco... a taste and aroma found only in higher priced cigars... that's JOHN RUSKIN standard of value.

Don't be misled by old time brands "marked down to 5c." JOHN RUSKIN is the only cigar giving you full 1933 value for your 5 cents.

Try a few today. You will enjoy every puff.

Roxy Theatre

Munday, Texas

Friday Night and Saturday Matinee

Zane Grey's

"MAN OF THE FOREST"

with Randolph Scott, Harry Carey, Noah Beery, Verma Hillie and Buster Crabbe. Also two good cartoons.

Saturday Night Only "STATE TROOPER"

with Regis Toomey, Evalyn Knapp. It's action from start to finish. Comedy, "Should Crooners Marry?"

Sunday Matinee, Monday and Tuesday

Charles (papa) Ruggles, Mary (mama) Boland in

"MAMA LOVES PAPA"

It's comedy, and what a comedy! Special attraction PHIL HARRIS. The honey-toned sensation of the radio in "So This Is Harris. A howling comedy of soft music and loud laughs with Walter Catlett.

Wednesday and Thursday, 9-10

"I COVER THE WATER FRONT"

with Claudette Colbert, Ben Lyon and Ernest Torrence. Hell is going to be turned loose—down on the water front and you had better be there to see it. Also good shorts.

COMING—"GOLD DIGGERS OF 1933"

Wake Up Your Liver Bile —Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

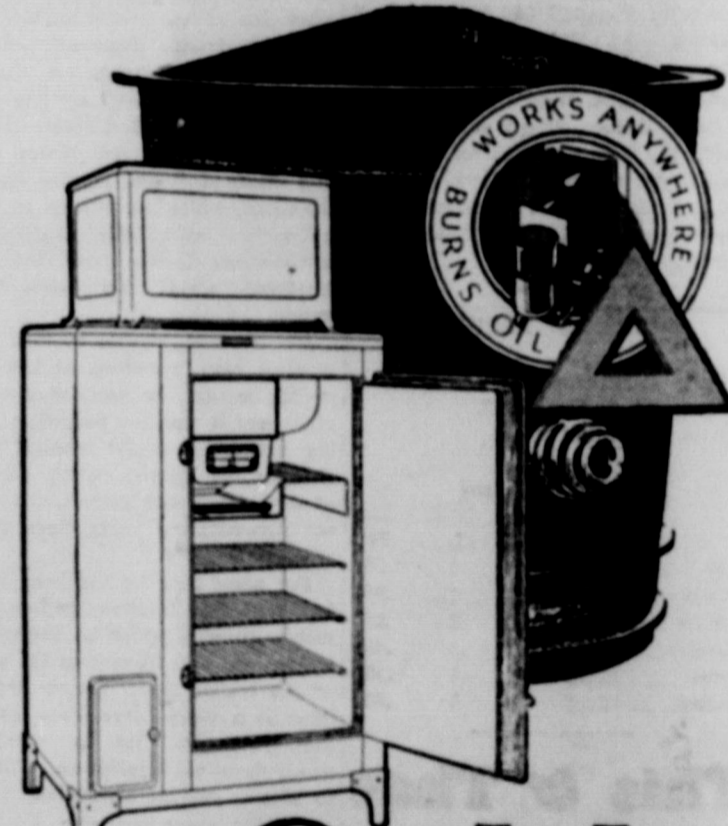

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul. Skin often breaks out in blotches. Your head aches and you feel drowsy and out. Your whole system is poisoned. It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Beware a substitute. 25c at drug stores. ©1931 C. M. Co.

Mr. and Mrs. Walter Jungman and family and Clarence Herring returned on Friday of last week from points in New Mexico, having visited the Carlsbad Caverns and other points of interest.

J. D. Kethley and family returned Monday afternoon for Mississippi, where they visited relatives in the boyhood home of Mr. Kethley, and report heavy rains all along the route, especially heavy rainfall throughout Louisiana and Mississippi.

SUPERFEX has been proved to be the modern refrigerator for the careful, progressive home everywhere... proved by thousands now in use all over the world. A Superfex in your home will give you dependable, economical and modern refrigeration. Its cost will be less than ice... less than any other type of modern refrigeration. Superfex requires little or no attention. It is superpowered by Giant kerosene burners which burn but a short time each day and generate enough refrigeration to last for 24 hours. Let us prove to you that Superfex will save money and help to serve better meals at lower cost.

WICHITA MUSIC COMPANY
Factory Representative will be at Guinn Hardware Company, Munday, Texas, on Monday, August 7th, to demonstrate the Superfex. 918 Indiana Ave.—Distributors.
