Extra Prizes Speeding Candidates Onward

The Campaign Manager Says:

The Campaign Manager still says there are lots to say and that he is too small to say the things that should be said about some of the subscribers of this paper. We have some who have not paid a cent on their subscription since 1924, and should they miss one copy of the paper they would put up a bigger bowl than the man who has his subscription paid in advance five years.

There have been many changes in laws pertaining to our government recently, even the banks cannot loan money as easy as they did a year ago. Postal Regulations for newspapers are just as strong. If our list is not paid in advance then we are compelled to drop the names from our list who are not paid in advance. This isn't a matter of our own choosing but the government requires it.

Our candidates are all busy and are doing some good work, however, they need too much opposition from our subscribers.

We are looking forward to a big increase in our subscription list this week with our offer of 25,000 for each new subscription for one year, or 50,000 for a two-year new subscriber, and on up to 125,000 for a five-year new subscription. This should put new pep into our candidates and induce those who care to help their favorite candidate get busy.

If business is not good in Munday the crowded streets on Saturday does not indicate the fact.

We believe the merchants are missing a good bet when they fail to let the people know through their local newspaper just what they have to sell and how much they want for it.

There is no advertising in the world that will pay like advertising your prices as well as your wares.

Newspaper advertising has had more success in building big business than all other mediums combined.

And another pleasing thing to the eye of the visitor is the little lakes of water on the street corners in Munday just after a rain. Just a nice little "causeway" about four feet wide from the street to the curb would be a great assistance to the ladies in crossing these lakes.

Your campaign manager will make a trip to the city of Turkey Friday to open a circulation campaign for the Turkey Enterprise, and during your absence Mr. O. T. Foster will be your manager, and you may make your reports to him. He is a fine looking young man, married, but his wife is in East Texas.

Biggest Offer of Entire Campaign For Next Week

For next week, November 6th to 11th, we are offering in our drive for new subscriptions, the following vote schedule: A new subscription for one year, 25,000 Bonus Votes; for a two-year new subscription 50,000 Bonus Votes; three years, 75,000, four years, 100,000, and for five years 125,000. But remember this is for next week and will positively be withdrawn on Saturday night, November 11. This is done in order to get new subscriptions and we hope our candidates will take advantage of this generous offer.

Accident Fatal To Beck Lad; Funeral Held On Saturday

Jack, the seven year old son of Mr. and Mrs. Harry Beck, of the Cottonwood community was accidentally killed Friday when he fell under a wheat drill. Funeral services were held at Vera Saturday morning at 11:30 with the Rev. Brown of Fort Worth and Rev. Balch of Seymour officiating.

Little Jack was on a wheat drill when in some way not fully determined he fell down between the drill and the team, hanging one foot in a way so that the team dragged him instead of the drill passing over him. It is not known just how long he had been in this position when found, but it seems that he was in that position but a very short time when his father got to him and took him to the house and summoned Dr. Taylor. He told him that he was not hurt and the doctor could not find any injuries that appeared to be serious, but he passed away about nine o'clock. He was apparently easy and it is believed that he was injured internally.

The entire community was shocked and extend their heartfelt sympathy to the bereaved parents in their great sorrow.

Diphtheria Attack Fatal to Daughter Mr. and Mrs. Clark

Winnie Clark, the seven year old daughter of Mr. and Mrs. W. H. Clark, died on Tuesday from diphtheria. The girl was stricken ill Sunday and her condition continued to grow worse until the end.

The Clark family came here from Weatherford some weeks ago and were picking cotton on the R. C. Dubbs farm northwest of Munday, the father of the child being a son of George Clark, who formerly resided in this community. The remains were carried to Weatherford, Texas, for burial, and services were conducted there Wednesday afternoon.

Surviving are the parents and two sisters.

P. T. A. Carnival Grand Success Here Halloween Evening

Ghosts, spooks and halts pranced around here freely on Tuesday evening, the principal attractions for the evening being the carnival staged under the auspices of the Parent-Teacher association, and the midnight matinee at the Roxy theatre.

The carnival was a great success and the officials of the association and those interested are highly gratified with the results.

While the youngsters of the town enjoyed themselves during the evening with their pranks, we have heard of no damage to property, and the youngsters are to be commended for their deportment.

29,538 Bales Are Reported Ginned To October 18 in Knox

There were 29,538 bales of cotton ginned in Knox County prior to October 18, according to Hoyle A. Sulins, special agent of the Department of Commerce, as compared with 17,306 on the same date last year.

Mrs. Pitzer Baker has had as recent guests in her home her mother, Mrs. E. C. Henry of Floydada, and sisters, Mrs. G. V. Smith of Floydada, and Mrs. Arthur Barker and sons, Arthur, Jr., and Berry, of Lockney, Texas.

"MY HOME TOWN"

By the Campaign Manager

"My Home Town" is one of the greatest words in the English language, and it is a word that is not applied or used as often as it should be; neither is it considered in the spirit it should be by many people who make up the town.

I may visit towns far and wide, yes, even cities, and yet, when I return to the home town it is still "My Home Town." My Home Town has the most friendly and congenial people; it has the best buildings; it has the very best paved streets; it has the most beautiful women; it has the most productive farms surrounding it. In athletics we have the greatest football team, the most wonderful pep squad. In fact my home business men leave nothing undone to help our town be the best in existence. It is policed better, it is fire protected more carefully, it is kept cleaner, it is advertised in a more scientific method. I know everybody in My Home Town; they are all my friends; they help me in my reverses and share in my successes. Why should I not love "My Home Town?"

If you do not have this feeling in your heart you are not a good citizen, and you are considered an undesirable, and rightly so.

There is only one way to make a town like "My Home Town" and that is for everyone to put forth their efforts in every way possible to help his neighbor. There is a great pleasure in service to my fellow man, and there is success in united effort. It cannot fail.

John A. Simpson, Pres. F. E. & C. U. Speaks at Goodlett

Announcement has been made that John A. Simpson, National President of the Farmers Educational and Co-Operative Union, will speak at Goodlett, Texas on Friday afternoon, November 10th, and a large delegation of farmers of this section are planning to go to Goodlett on that date.

JOHN A. SIMPSON

Mr. Simpson has been one of the most outstanding characters in the work of the Farmers Union for more than twenty years, and is regarded as one of the best informed men in the country on agricultural and economic problems pertaining to a farmer. Mr. Simpson spoke at a meeting of the Farmers Union here a few years ago, and made a most favorable impression upon those who heard him.

Mr. Simpson was mentioned many times for the post of Secretary of Agriculture in President Roosevelt's cabinet, and was an active member of the Oklahoma delegation in the Chicago convention which nominated Roosevelt. He has been a strong advocate of the cost of production bill in Congress and the Farmers Union has been the only farm organization that has actively supported this measure.

Other speakers are on the Goodlett program, including Representative George Moffett of Chillicothe, he speaking will begin at one in the afternoon.

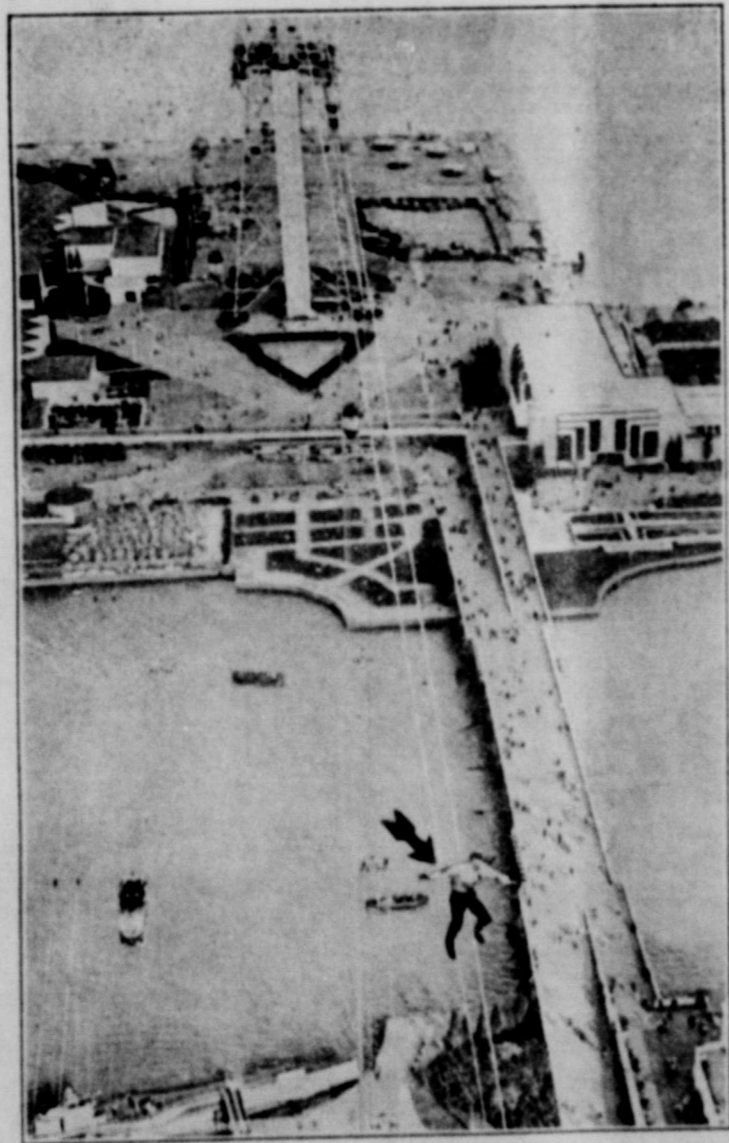

Funeral Services At Goree On Friday For Mrs. E. L. Covey

Funeral services were held at Goree on Friday afternoon of last week for Mrs. E. L. Covey, wife of Editor E. L. Covey of the Goree Advocate, who died in the Baylor county hospital at Seymour Thursday evening following an illness of only a few days.

Mrs. Covey was a native of Seymour, having been born in that city on October 28, 1863, the daughter of Judge and Mrs. B. F. Bowman, pioneer citizens of that city, and after graduating from the Seymour schools taught for several years, and it was while both were members of the faculty of the Goree schools that she and Mr. Covey were married on October 5, 1916, and they have resided in Goree almost continuously since. Three children survive her, two daughters, Elizabeth and Laura Lee, and one son, Elmer. In addition to her immediate family she is survived by her mother, Mrs. R. F. Bowman of Seymour, and the following sisters and brothers: Geo. Bowman, Dallas; B. F. Bowman, Seymour; Gene Bowman, Goree; Mrs. John Pickett, Floresville; Mrs. Marvin Jones, Clovis, New Mexico; Mrs. William Sanders, Dundee; Mrs. Frank Winters, Larisburg, N. M., and Mrs. C. P. Milligan, Seymour.

We join with the large host of friends of this estimable family in extending condolence to the bereaved husband and children in their great sorrow.

Mr. and Mrs. R. C. Johnson left Tuesday morning for Big Spring in response to a message advising them that her mother, Mrs. Annie Holley, had undergone an operation for appendicitis.

FAIR CROWD GASPS—"Bunny" Dryden, World's Fair Daredevil, shown walking the cable of Sky Ride, which he crossed while thousands gasped. He is shown crossing the inch and one-half cable more than 600 feet in the air, which caused his ejection from the fair grounds and an injunction against him using the stunt for publicity purposes.

ALL CANDIDATES ARE ON THEIR TOES FOR BEST REMAINING OFFER EXTRA VOTES OF THE ENTIRE CAMPAIGN!

NOW FOR SOME REAL SPEED IN THE BIG CIRCULATION CAMPAIGN THAT IS NOW BEING CONDUCTED BY THE TIMES.

Heads up! Are you wide awake?

If you are, you would better take advantage of the very best remaining offer of the entire Campaign, which is as follows:—25,000 Bonus Votes for a one-year new subscription, 50,000 for two years, 75,000 for three years, 100,000 for four years and 125,000 for five years. This offer is for week of November 6th to 11th.

The big circulation campaign now in progress at the Munday Times office is the topic of conversation over the entire city as well as in the rural districts surrounding Munday. But why not? We are offering worth-while prizes and that is enough to interest the populace of any city, large or small. We only have four candidates in the race and we are offering four wonderful prizes, hence every candidate will win a prize. The only question is: will your favorite candidate win the capital prize—the Chevrolet car? She will need your help to win, and now is the time to act.

The merchants of the city are rallying to the support of the Times in making its drive for a larger circulation, realizing the greater the circulation the greater will be their advertising advantages. For next week the Baker-Campbell Co. will give a fine ladies hat, worth \$4.95 to the lady who secures the greatest number of new subscriptions for the one week. The Guinn Hardware Co. will give free a \$4.50 Professional Croquet Set to the candidate who secures the greatest number of votes for the week of November 4th to 11th. Now is the time for the candidates to work extra for these additional prizes. They are now on display in the show windows of these progressive firms.

There never was a time during this campaign in which your subscription will count more than for the period of next week, November 6 to 11. We are giving 25,000 Bonus Votes with each new subscription for one year, and should the subscriber pay for two years the Bonus Vote will be 50,000; three years, 75,000; four years, 100,000 and five years 125,000, and this is in addition to the regular votes.

If there was ever a time you may be of assistance to the candidate who may be your choice or favorite now is the time to lend your help. Just think of it, 125,000 extra votes for a five-year subscription. This does not apply to renewals or delinquents.

It is the intention of the management of this newspaper to increase its circulation during this campaign;

FARMERS MAY NOW SECURE LOAN OF 10 CENTS PER POUND ON STRICT MIDDLING WITHOUT OBLIGATION

Arrangements have been completed whereby farmers of this section may avail themselves of the advantage of procuring a loan on their cotton classing strict middling or better and with a lint of 7-8 inch or better, while 8 cents will be advanced on all cotton classing low middling and under 7-8 inch lint.

E. F. Meers has been appointed receiving agent, working under the direction of the Government through the West Texas Cotton Growers association, and to secure these loans it is necessary that the cotton be placed on the dock at the plant of the Munday Compress Company at Munday. Farmers will be advanced the full price of the cotton less 15 cents per bale for exchange through the banks.

Mr. Meers explained to a Times representative Wednesday that this loan is being made direct by the Government, and the other agencies are merely acting in conjunction with the Government in handling the cotton. Farmers in availing themselves of this loan assume no other liability whatsoever. Mr. Meers stated, but in case the price of cotton advances they will receive the benefit of the advance above carrying charges, but should the price decline they will assume no liability.

This, Mr. Meers explained, is made possible by the Government through the revenues levied through the process tax on cotton goods and is a part of President Roosevelt's plan to stabilize the prices on farm commodities.

Mr. Meers still maintains his office over the Eiland Drug Store and he and a corps of associates have been busy the past week taking care of the cotton already received, and unless the market advances it is likely that a vast majority of the cotton marketed will be sold through this agency.

Mr. Meers explained that all cotton presented for loan will be classified by him under the supervision of the Government, and he is anxious to render to the farmers of this section every service possible in getting the most out of their cotton.

J. C. Harpham, local representative of J. Kahn & Co., states that his company is making loans on cotton on the same basis as those being made through the West Texas Cotton Growers Association and other agencies, and makes an announcement to this effect in this issue of the Times. See his ad on the back page of this issue.

SAM'S SURVEY

The Moguls won a victory from Rule last Friday to the tune of 13 to 0.

The play of the first half of the game was held between the 30 yard lines, neither team being able to score. Capt. Nichols, Aycock, and Blanton were on the sidelines for the greater part of the game as a result of injuries.

In the third quarter, after the completion of several passes from Aycock to West, the ball was downed on Rule's 15 yard line. West carried the ball across by a succession of line plays. In the third quarter, when the Moguls found themselves within scoring distance, West again took the ball through the center of the line for a touchdown.

Many of the team felt that they had to win this game for Mr. Jones, as it was the last one under his administration as superintendent of the Munday High School.

Next Friday the Moguls meet Trent here. We know very little about Trent's team, but let's all be there rooting for the Moguls.

SENIOR CLASS

One thousand cheers for the restoration of a Munday High School and an old fashioned high spirited Senior Class.

On Tuesday night of this week the fans of Munday were given a treat for their eyes, when they were entertained by the P. T. A. and the students of M. H. S.

The coronation of the queen, Darwin Campbell, a sophomore, who was elected by popular vote, took place at the last event of the delightful evening.

The attendants of the queen were: Wanda McGlothlin and Randolph Holmsley—Freshmen.

Lucille Neff and Clifford Brock—Sophomores.

Gordon James Barnes and Robert Layne—Juniors.

Inez Campbell and Weldon Warren—Seniors.

Joe Kethley, page—Freshman.
 Jerry Kethley, King—Senior.

JUNIOR REPORT

The Juniors had a grand time last Friday night, when we went to the Golf Links for a weiner roast and did we have fun? I'll say we did. With Miss James Reeves, A. A. Smith and Timmer we ought to have had plenty of fun, and we made use of it. We appreciate Hubert Isbell's kindness in taking one of his good Plymouths along, with Miss Palmer. I think we did fine in picking her for a sponsor; if not for any other reason, just to be sure that we would have this car along.

The Sophomore girls had their fun last Tuesday night when they initiated the freshmen and they say that they did more to the girls than was done to them and I certainly believe it from the looks.

Our candidate did not win the queen's race but she ran second. Still the fair Seniors got heat and that is something to be proud of. Darwin Campbell is almost perfect we must admit.

We are sticking to you, Mr. Bass, one and all! So don't hesitate to call on the dear old Juniors for help (if needed) because we are for you!

Yes, I'm going to quit, and with a funeral at that. Wednesday we have a test in—Geometry of course. Isn't that enough? I'll say it is. You graduates just be glad that it isn't you going to Mr. Hardgrove's room tomorrow to look a red mark in the face.

Gordon James Barnes was as perfect a stbe queen last Friday night and we are all proud that she is in our class. So if you ever need a pretty attendant, just let her know.

SOPHOMORE REPORT

The Sophomores welcome Mr. Bass although we are very sorry that Mr. Jones had to leave.

We want everyone to know that we certainly do thank you for all the nickles that you spent trying to hit the bullseye and for all the popcorn that you bought.

And, did our candidate put it over? I'll say she did! Darwin is as pretty as any girl in high school which has been proved to you. Lucille Neff made a pretty attendant also.

The sophomore girls initiated the freshmen girls of the Home Economics class last Monday night and did we have fun? I'll say we did and in a big way too. Now, I think

all they are living for is to initiate the girls of next year's class.

We heard a rumor about some boys (and girls) speeding in town last Friday night and certain other people were accused of it. Do you have any idea who it could be??

FRESHMAN REPORT

The Freshmen had their first book reports last Monday morning and they were superb. The report was on Fiction and the majority enjoyed them very much.

The boys pep squad practically won that game last Friday, but if we didn't win they couldn't have won without us so you may figure it out for yourself.

The Freshmen class were entertained in the basement of the Methodist church last Friday evening.

Mr. Jones, Miss Clifford, Mr. Reed and Mrs. Warren were our chaperones. Sandwiches, candy and drink were served.

Since the talk Supt. Bass gave Monday morning he has proved to be quite a likeable man and we hope the students will show him splendid cooperation.

Wanda Sloun proved to be a very sweet girl last Friday and we are very proud of her. We will know who to pick next time and she has already had practice.

ROOTING RIDDLES

Oh me, Oh my!! Did you know that our rival Knox City is giving us more competition than we quite know how to take? It is reported that the leader of the pep squad of the above mentioned city is sitting up nights with the central man in our lineup!

And did you know that the MUNDAY HIGH SCHOOL spirit is returning in full force? Thirty boys in the school have joined us and does it help to have them in the rooting section or not? Boy, you bet it does!

And did we beat Rule Friday; and did Knox City turn out to see the whipping? I'm here to tell you that both of these happened in a big way. (Well, if they didn't come to see us beat them, they got their money's worth anyway.) Wonder why Red and Blue colors of the Grayhounds were so much in evidence Friday? Do you know?

Loyally,
 A Yell Leader.

TINER'S TICKLES

I can't see right now that Mr. Bass is going to be a great help to me in filling up this column. In his first speech Monday morning he said that in studying the conditions of the country he found that the scientists were getting ahead of the social part of our fair country.

"Bet," he said, "the youngest kid can scramble eggs, while a scientist can not scramble them."

Mr. Reed: "What is the potency of cyanide of potassium as a poison?" Robert Layne: "One drop of it on a dog's tongue will kill a man."

Betsy (in crowded street car): "Watchagotinsapackage, Louise?" Louise: "Wunathempotable radious." Betsy: "Chee! Seeifyouantuneminon 'The Star Spangled Banner' Chance-togetaset."

Modern Renette: To lette: Handsome bungalawette with a dinette, kitchenett, bathette, parlorette, bedroomette, collarette, and porchette."

I understand that our little freshman, Audrey Kegley is now stepping

out and her favorite song is "Sonny Boy."

Jack: "What's worse than a giraffe with tonsillitis?"

Preston: "That's easy; a hippo with the mumps, an elephant with sinus trouble or a centipede with athlete's foot."

Mr. Patterson: "Well, what did the cow give, son?"

Lloyd: (with empty pail): "Nine quarts and one kick, dad."

Mrs. Palmer: (on the way to school): Oh, L. M., I forgot to turn off the electric iron."

Mr. Palmer: "Nothing will burn, darling, I forgot to turn off the shower bath."

I notice that Lucille Neff is a little more loud mouth than usual. Could it be her acquaintance in the male sex?

You know, last Friday the Juniors had a grand picnic and even with me there, there was so much left that we all brought something home. Can you feature it?

That little fish, Joe Kethley, could not make himself popular in the old home town so he goes to the fair city of Knox City and flirts over there. She was here last night, yes, Rhea Lightfoot, and did they make "Whoopee"? I'll say they did. They sat in the balcony. Uhu-oh!

Mr. Reed: (Wednesday morning) "You didn't let me sleep last night so I'm not going to let you sleep in class today."

I see where Mr. Chapman's front porch is in the school zone and is the Western Union station. (This is according to the signs I saw there Wednesday.)

Hassen Co., Recent Addition to Munday, Operating 8 Stores

The Hassen Co., which recently entered the business life of this city, with F. N. Hassen as manager, succeeding A. J. Birdsong, is at this time operating in eight West Texas towns. The company maintains its headquarters at Ranger, and their stores are located at Ranger, Alpine, Sweetwater, Hamlin, Munday, Haskell, Stamford and Rochester.

Mr. Hassen, manager of the local store, states that it is the policy of his concern to cooperate fully with other local business concerns in all civic matters and in reality be a part of the city in which they operate, and he is anxious to meet the citizens of the community and extend a cordial invitation to everyone to visit their store, where good merchandise is offered at a fair price.

Dog Killed Here Had Rabies Report From Austin Says

On Tuesday a dog belonging to Felix Franklin was killed after it had shown signs of being mad, and after it was killed the head was sent to the Pasteur Institute at Austin, and a report from there Wednesday stated that the dog's brain showed unmistakable signs of rabies.

While the dog had bitten no person or other animal insofar as is known, citizens should take every precaution with their dogs or other animals and all stray dogs should be killed, and city officers will take action in disposing of some of the stray dogs of the town.

E. J. (Bud) Roberts Takes Over Station Operated by Holder

E. J. (Bud) Roberts, who for the past two months has operated the White Service Station, has this week taken over the management of the Gulf Station formerly operated by D. E. Holder, while Everett Roberts has taken over the management of the White Station.

Mr. Holder in retiring from the management of the station states he will likely engage in other business here, but in the meantime plans to take a rest for a few weeks.

STATE NEWS

Q. E. Miller, former sheriff and tax collector of Foard county, is one of four arrested and held in the county jail at Waco charged with robbing the bank at West. Miller has been involved in several criminal cases since he was forced to resign as sheriff and tax collector of Foard county when a shortage of \$42,000 in tax funds was discovered.

An emergency highway project was started in Foard county Monday that put 90 men to work. The project involves 4.7 miles of grading and drainage structures that will cost more than \$40,000 and give work for four months.

Five governors and representatives of four other agricultural states of the middle-west met at Des Moines to discuss the problems of the farmers. Among the recommendations made to the Federal government were: Moratorium on Mortgages, Farm Embargoes, Remonetization of Silver. The conference recommended an embargo on the shipment of

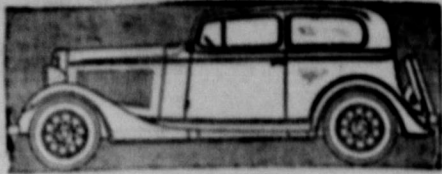

farm products until cost of production is obtained.

The Grapevine Home Bank, which has been doing business for 33 years and has never missed paying a dividend, will accept no more deposits. Its president and principal stockholder, R. E. Morrow, announces that the bank has plenty of money to pay all depositors the entire amount of their deposits of more than \$200,000. R. E. Morrow came to Grapevine more than fifty years ago and got his first job in the state as a cotton picker. He is now considered a wealthy man.

The Federal Government has a new setup designed to strengthen 9,000 banks, which do not belong to the Federal Reserve system, so that their deposits will be insured after January 1st. If present plans are carried out, deposits in all national banks will be insured after January 1st, 1934.

Governor Miriam A. Ferguson has issued a proclamation calling attention to American Education week, November 6 to 12, and urging its observance. She urged that meetings to be held that citizens might acquaint themselves with the work of the schools.

Employment for more than 31,000 men will be furnished this winter in Texas when the \$21,000,000 road building program being financed by the Federal Government gets fully under way. Some construction work will be done in each of the 254 counties of the state and it is estimated that 69 per cent of the work will be started by January 1st, 1934.

CONDOLENCE

Our hearts are sad as our sympathy goes out to our friend and neighbor, Editor E. L. Covey of Goree in the great sorrow that has come into his home. Indeed we share this sorrow in no small degree, for during the years we have lived and labored in this community we have come to know and love this good woman who has passed on to her reward. We readily realize our inability to fathom the deep sorrow, and regret that we cannot in a measure lift a portion of the grief that rests so heavily. To him and those two fine daughters and the little son we extend our heartfelt sympathy.

Life would indeed be a dismal failure regardless of the degree of success achieved in worldly things, were it not for that eternal hope and faith that we shall meet and greet our loved ones, and it is to this assurance that we direct them in this great sorrow.

COPE-REDWINE

Mr. Charley Cope of Ballinger and Miss Frankie Redwine of this city were united in marriage Saturday evening, Elder J. E. L. Harrison officiating.

The bride is a daughter of Mr. and Mrs. G. W. Redwine of this city, and a granddaughter of the late R. F. Munday, for whom our city was named. After her graduation from the Munday High School she attended the North Texas State Teachers College at Denton.

The groom is a prosperous young farmer of the Ballinger country, where they will make their home, and we join their many friends in extending best wishes.

A nice program was enjoyed, then the social hour, something we all look forward to when we get to visit with our neighbors. Refreshments of pumpkin pie topped with whipped cream and coffee was served to the guests and members.

Mrs. John Ed Jones and Mrs. E. H. Bauman were Wichita Falls visitors Monday.
