Thinking Out Loud

By J. A. K.

We would start this column this week by extending our sincere thanks to our many good friends who have been so kind and sympathetic toward us during the past several days. Friends by the hundreds have striven to render us assistance and have tendered us every conceivable service, and we would like very much to make personal mention of the many kind offers of assistance, but knowing that omissions would be made, we refrain.

However, we shall express our appreciation and gratitude to Drs. W. P. Farrington and Joe Davis, and to Mrs. Farrington and Mrs. Davis for their untiring and faithful service. They were constantly on the alert during the critical hours, day and night, until our injured boy was carried to the hospital.

To our many friends who have inquired as to his condition from time to time, we are glad to say that he has shown numerous signs of improvement. While yet in a semi-conscious condition, attending physicians at the Wichita Falls Clinic Hospital are far more optimistic over the outcome than they were when he was carried there, and we feel grateful that his condition is so materially improved.

We would also express our appreciation to the office force who has carried on in our absence. Last week's issue of the Times was the first during the twelve years in which we have published the paper that we contributed nothing whatsoever to its publication, and we commend the force and Mr. W. E. Edmiston for the excellent quality of the paper, knowing the handicap under which the paper was published.

And that reminds us that so far we have failed to make mention of the fact that Mrs. W. H. Chapman has been serving this paper as local and society editor for the past several weeks, and she will greatly appreciate it if you will phone her when you have visitors, go places, or something of news interest happens.

There were many things that we planned to say in last week's paper that we did not have the opportunity of saying. We wanted to extend our sincerest thanks to the four fine ladies who worked so untiringly in our big circulation campaign, and who made the campaign a success. We wanted to thank that fine-looking fellow, Jack Dudley, representative of the Wichita Falls Record News and Daily Times, for his active assistance to the contestants and his contribution to the list of prizes given, and to the general public for its liberal response to the campaign, and we cannot refrain from making mention of Clarence Knight, who had charge of the campaign. He proved himself to be an untiring worker and an able and efficient campaign manager, and we have only praise for him and all those connected with the campaign.

And while we're about it let us say a word to those who have not showed up their figures on the Times. We dislike to take a name off our list, but we feel that with our heavy circulation it will be absolutely impossible for us to carry any subscribers who are in arrears, and we ask that you look up the date on your paper, which will be found opposite your name. If it is not paid in advance your name will be lifted from our list, for we have no other alternative than to believe that you do not want the paper.

Primary Teachers Of Knox County Form Association

The Primary Teachers of Knox County met in Benjamin and organized permanently for the school month. The next meeting is scheduled for the second Saturday in January. Mrs. R. D. Davenport, of Sunset school was elected president, and Miss Helen Collier of the Vera school, secretary.

Those attending the Rhineland picnic from here were Mr. and Mrs. E. W. McGlothlin, Mr. and Mrs. U. R. Houser, Mr. and Mrs. T. G. Bengel, and Mr. and Mrs. S. E. McStay.

First Monday In Munday Reminded Many of Old Times

Monday was another of those real old-fashioned First Mondays which were famous here a number of years ago when times were good, or at least we have come during the past few years to look back upon them as good years. There were hundreds of head of good horses and mules here for sale, and hundreds of them changed hands. Many trades were made and the old jockey yard put on an activity that really indicated that conditions have changed materially.

Sheriff C. R. Elliott, who has always taken a keen interest in such activities, and usually is on the spot, stated Tuesday that it was his opinion that approximately \$4,000 worth of good work mules and horses were sold in this community Monday, and he stated that the kind of stuff the farmers are buying indicates that they want good stock and are willing to pay a fair price for it.

Fall From Horse Proves Fatal To Miss Eula Edwards

Miss Eula Edwards, 17-year-old daughter of Mr. and Mrs. Bob Edwards of the Weimer community, at the Union Chapel Church Sunday evening from injuries sustained when she was thrown from a horse on Friday morning, December 1st. The young lady received injuries to the head from which she never regained consciousness.

Funeral services were conducted at the Union Chapel church Sunday afternoon by Rev. Ashley, pastor, assisted by Bro. Sargent, and the remains were laid to rest in the Brushy cemetery.

She is survived by her parents, five brothers and four sisters, to whom the sympathy of the entire community goes out in their great sorrow.

Senator Oneal To Seek Re-Election From 23rd District

Announcement was made last week by Senator Ben G. Oneal that he will seek re-election for a second term as State Senator from the 23rd Senatorial District, composed of Knox, Board, Hardeman, Wilbarger, Baylor, Archer, Wichita, Clay and Young counties.

Senator Oneal stated to the Times man the other day in Wichita Falls that he did not seek re-election upon any measure that he had fostered during his tenure of office, but upon the fact that he has been a member of an economy block in the Senate that had killed numerous measures that would have meant an added burden upon the shoulders of the people. He stated that he would make a formal announcement at a later date and outline some of the things accomplished during his tenure in office, and in the meantime he felt that his friends over the district should know of his intentions to seek re-election.

Howell Burton Is Slightly Injured In Auto Accident

Howell Burton was slightly injured and his car badly smashed up Sunday night while enroute from Stamford to Munday. The accident occurred near Stamford when a car suddenly appeared in front of him without lights, and he was unable to dodge the car. Mr. Burton was fortunate in escaping with only minor injuries.

Albert Sokora has returned from Vernon where he spent several weeks in a hospital. He was stricken with appendicitis while attending the wedding of a relative.

C. R. E. Weaver of Benjamin, county disbursing officer for the government relief funds, was in the city looking after his duties on Wednesday afternoon.

Mr. and Mrs. Geo. Salem were in Lubbock for Thanksgiving, attending an elaborate dinner at the home of Mr. and Mrs. S. Oilly. They returned home Friday night.

School Project Is Filed With West Texas C.C.

On Tuesday of this week Mr. Riley B. Harrell, secretary to the board of trustees of the Munday Public Schools, and Mr. Reynolds, architect, filed an exhibit on a proposed grade school for Munday with the West Texas Chamber of Commerce. The West Texas Chamber of Commerce is the accepted and authorized agency for handling PWA projects in this section. After checking the application in the Stamford office, the application will be forwarded to the Public Works Commission at Fort Worth.

As set forth in the application, Munday makes application for 30 percent grant on basis of a \$60,000 building. The pending bond election calls for a issue of only \$40,000, but in the event the bonds are voted and the project is approved for a grant, the school district will receive an outright gift or grant of \$18,000 from the Public Works Administration. By adding an anticipated grant of \$18,000 to an anticipated bond issue of \$40,000, and by further planning for salvage of the old grade school building under the Civil Works program, the board would have approximately \$66,000 available for construction of the school, but the actual outlay to the district would be \$40,000.

It is to be understood that the building is only in the project stage, although within a few days plans for the building will be on display for the information of patrons of the schools. Either failure of the bond election or failure of the Public Works Commission to approve the project for a loan and grant would nullify the present plans of the board.

The local board of education is anxious that all voters of the district understand the project to the end that an intelligent ballot may be made on election day, December 20, 1933. Being delegated with the responsibility of maintaining and improving the schools in every way possible, the board felt that it was obligated to place this issue before the people of the district. In view of the dilapidated condition of the present building, and more especially in view of the opportunity to receive an outright gift of \$18,000 from the government, the board urges all voters and patrons of the school to give the proposed bond issue careful consideration. In the opinion of the board, it is a golden opportunity for Munday to provide for its children a modern and much-needed school building.

George Moffett To Seek Re-election In Summer Primary

We are in receipt of a letter from Representative George Moffett of Chillicothe in which he states that he has definitely decided to be a candidate for re-election to the 44th Legislature, and will make his announcement within the next few weeks. Mr. Moffett states that his experience as a member of the law-making body at Austin has convinced him that a man can be of greater service to his district after he has been a member over a period of years, and it is with a view to rendering a greater service to the people of the district that he plans to seek return to the 44th Legislature.

Shannon Layne To Open Real Estate Collection Office

Shannon Layne has procured office quarters in the First National Bank building and announces the opening of a real estate and collection office. Mr. Layne states that he will make a specialty of collections for business firms and will also devote much of his time to real estate transactions.

Mr. and Mrs. E. J. Roberts had as Thanksgiving dinner guests Mr. and Mrs. E. J. Roberts, Jr. and Mrs. E. J. Roberts, Sr. and Mrs. E. G. Max and Eddie Max of Fort Worth.

Judge and Mrs. J. S. Kendall and Miss Florene Kendall returned from Austin Sunday night where they visited their son Gaynor Kendall, who is assistant Attorney General, and their daughter Miss Arlene Kendall who is a student in State University. They were accompanied on their trip by Prof. J. Horace Bass.

J. R. Burnison spent the Thanksgiving holidays visiting his wife and daughters in Austin. He was accompanied by little Miss Louise Burnison, daughter of Mr. and Mrs. Hugh Burnison, who visited with Mary Ann Burnison.

Miss Leona Riley, together with her uncle, George Brown, of near Seymour were guests Sunday in the home of her uncle, J. P. Kennedy. Miss Riley, whose home is at Hamilton, Texas, is a teacher in the Ogden school in Baylor county.

Mr. and Mrs. H. A. Pendleton, Jr., left Wednesday morning for Wichita Falls where H. A. has accepted a position with the City National Bank of that place.

Mexican Figuring In Noted Case Is Visitor In Munday

Victor Ramos, Mexican, who in 1927 was one of the victims of a frame-up bank robbery at Stanton, Texas, was a visitor here recently and was elated to find Shannon Layne, who at that time was serving as a deputy sheriff and was one of the officers who ran down the men who committed the dastardly crime. Layne was one of the officers who carried Ramos to a hospital at Midland suffering from five pistol wounds.

Ramos and several others were shot down by two men in an attempt to collect a \$5,000 reward for the killing of bank robbers. E. D. Smith, one of the men convicted of the crime is serving a 99-year sentence in the penitentiary, and C. C. Paza, another man, charged with the crime, escaped from jail and has never been re-captured.

Ramos expressed much pleasure in meeting Mr. Layne here, but stated that he was far more glad to see him following the tragedy of 1927.

Announcement Of Coming Marriage Is Made Thursday

Announcement of the approaching marriage of Miss Kathleen Atkinson, daughter of Mr. and Mrs. W. H. Atkinson, and Marvin Huskinson, son of Mrs. A. F. Huskinson, was made Thursday afternoon at a party given by Mrs. E. M. Roberts. The wedding is to be solemnized on December 23.

The bride and groom are well known here, both being members of pioneer families. A blue and white theme was given emphasis in all the bridge appointments, five tables having been placed for bridge, with score cards and pads bearing the bridal motif.

A tiny scroll tied in pink and blue ribbon, with this announcement: "Kathleen and Ike, December 23rd," was on the refreshment plate which consisted of congealed pear salad, nut bread sandwiches, olives, chocolate covered mints and coffee.

The guest list included the following: Messames W. H. Atkinson, R. D. Atkinson, Hollis Atkinson of Haskell, Raymond King of Terrell, T. E. Dickerson, Jack Mayes, Doris Rogers, Jimmy Harpham, M. F. Billingsley, T. G. Benz, S. E. McStay of Gorey, J. D. Kethley, J. C. Borden, P. V. Williams, H. A. Pendleton, R. H. Neff, Wm. P. Farrington and Misses Alice Rogers, Louise Atkinson and tea guests; Messames A. F. Huskinson, J. C. Spanh, W. A. Baker, Alvin Huskinson of Bonamont, J. D. McStay and the honoree, Miss Kathleen Atkinson.

Today And Tomorrow

By Frank Parker Stockbridge

PINE—for newsprint

Since wood-pulp paper was first made in my home town of Stockbridge, Mass., sixty years ago, it has been believed that only spruce, fir and hemlock fibers were suitable; pine had too much pitch in it. One result of that belief was to send the big paper mills that make "newsprint," or ordinary newspaper paper, farther and farther into the Canadian forests, as the more southerly supplies of spruce were exhausted.

All of the time there were millions of acres of fast-growing "slash" pine on the sandy lands of Georgia, Alabama and Florida, mostly going to waste. My friend Dr. Charles A. Herty, famous chemist, began some years ago to do some experimenting, and he discovered that this southern pine contains no pitch until it is fifteen years old. He made some paper from young pines and it looked good. Last month he shipped three car-loads of wood-pulp, made from young pines, secretly to a big Canadian paper mill. It fabricated perfectly on the fast machines and seven Georgia dailies printed their entire editions of one day on it.

POWER—man made

People think of Boulder Dam and Muscle Shoals as the great sources of enormous power. But the other day there was completed in Brooklyn the largest single power unit in the world, except Niagara Falls. That is the new steam plant of the Brooklyn Edison Company, which can generate more power than anybody ever dreamed of getting from the Colorado River or the Tennessee.

It is a false notion that water-power is either plentiful or cheap. C. P. Steinmetz, great electrical engineer, once said to me that if every drop of water that falls on the surface of the United States were to generate power all the way from the mountain-tops to the sea, the total power produced would not be as much as was then being produced by steam.

Any water-power project except the very largest, and few of those, takes so much capital investment that the interest on the capital alone amounts, often, to more than fuel would have cost for a steam plant of equal power. But I suppose politicians trying to get appropriations for local projects will keep on making the public believe that it will benefit by developing water-powers.

KNEES—in automobiles

Some of the new 1934 automobiles will have a sort of new front wheel suspension, which some bright press-agent has described as "putting knees in the car's front legs." Instead of a front axle, each wheel will be independently supported with its own spring arrangement to take up the shock. The idea is that the bumps so will not be transmitted through the frame to the whole chassis.

There is no doubt it will work, for several European manufacturers have been using the same idea for years. Indeed, most of our new automobile ideas come from Europe. They had four-wheel brakes, high-speed, small-bore engines and streamlined bodies long before we did.

The reason for that is that European cars are made in small quantities, as a rule, and the makers are free to experiment with new engineering ideas and designs. They get enough for their cars so they can take a chance.

TALKIES—there's hope

The two most popular "talkies" that the American motion picture people have produced in a year are "Little Women," and "Three Little Pigs." Artistically, the best motion picture that I have seen is "Henry the Eighth," an English film.

Hollywood is still possessed with the idea that to be successful a picture must have more than a trace of insanity. Yet the proof that the movie people think they are—as many of them are themselves—is found in the success of these three pictures.

I am beginning to be hopeful about the movies.

Mrs. Tom Rigby and Mrs. J. C. Campbell and Miss Dolores Campbell, were in Abilene Monday to attend the funeral of their aunt, Mrs. C. F. Sivells, who passed away there Sunday night after a prolonged illness. Mrs. Sivells was a sister of Mrs. T. C. Lowry.

J. L. O'Dell and Miss Margaret Turner Married in Abilene

Marriage of Miss Mary Margaret Turner, only daughter of Mrs. C. S. Oates, and John L. O'Dell, Jr., son of Mr. and Mrs. J. L. O'Dell of Snyder, was solemnized Saturday evening in the home of the bride's brother, C. B. Oates, and Mrs. Oates, 1134 Ross avenue.

Dr. E. B. Surface, pastor of the Central Presbyterian Church officiated for the ceremony, reading the double ring service in the presence of relatives and a few close friends of the couple.

The bride, who was given in marriage by her brother, Lieutenant Jesse H. Turner, of Dublin, was wearing an attractive costume of copper brown crepe combined with cloth of lame. Her bouquet was of rosebuds.

Miss Caroline Couch, maid of honor, was wearing a modish frock, a combination of brown and Capers green crepe, trimmed in fur.

A. D. Odell served his brother as best man.

To Live in Munday

Both the bride and groom were graduated from the Abilene High School, where they were popular in student activities. Following her graduation from Simmons University, Miss Turner was for a year a student in the University of Southern California, at Los Angeles.

Mr. O'Dell did his college work at McMurry, Abilene, and Texas Tech at Lubbock.

The couple will live in Munday, where he is employed by the Anderson-Clayton Cotton Co.

Out of town guests for the wedding were Misses Mary Elizabeth Bacon, teacher in Crane; Miss Dorothy Riley, San Antonio; Miss Therwanzer, Weimer; Studstill Brogston, Eastland; Miss Mary Lou Sikes and Lieutenant Turner, Dublin.—Abilene Reporter.

The groom is a brother to Mrs. H. F. Barnes of this city and for some time has been a resident of Munday, being at the present time associated with the office force at the Munday Cotton Oil Co.

Mrs. W. H. Atkinson and Miss Kathleen Atkinson spent the past week at Rockwall. They were accompanied home by Mrs. Raymond King who will be remembered here as Miss Fay Briggs, a former Munday teacher.

HOOD NEWS

Teachers Meeting Most Constructive Say Local Teachers

According to reports of Miss Myrl Lowe and Mr. Bass, who attended the annual meeting of the State Teachers Association at Austin during the Thanksgiving period, the meeting was the greatest ever held by the teachers. The attendance was larger than ever before, and the enrolled members showed an all-time high level. All general and sectional meetings were largely attended, and much interest was shown in the programs. Perhaps the most interesting feature of the whole meeting was its exhibit section. The entire new library building at the University of Texas was given over to the display of the exhibits of the various schools.

The Austin Public School exhibit was undoubtedly the finest ever presented at any meeting.

Miss Lowe and Mr. Bass found a general spirit of optimism among the teaching fraternity, a spirit which anticipated better times in the school business. This note was also sounded by a number of nationally-known speakers who appeared on the programs. Two trends are evident in education, according to the information of speakers. First, there is a trend in the curriculum away from mathematics and pure science to the vocational and humanistic subjects, particularly to the social sciences.

The second trend is the increasing demand for better trained and more highly professionalized teachers.

Both local teachers supported Mr. Lottin of San Antonio for President of the Association, and he was elected over Mrs. Owens of Tyler.

Playground Devices Repaired By Local P.-T. Association

As a result of a gift from the local Parent-Teacher Association, the playground equipment was completely repaired during the last week. At a cost of approximately \$50, all swings and twenty for the children of the grammar school.

The Parent-Teacher association also made, at its last meeting, a contribution to buy dictionaries for the grammar school and a hektograph for the high school.

We wish formally to thank the ladies of the organization for their donations to the school. All of the above items were greatly needed, and the overhauling and repairing of the playground equipment and making it available for use by the grade school was a distinct need.

RHINELAND

Our Thanksgiving Day picnic was a great success. The splendid spirit of co-operation which prevailed throughout the period of preparation and especially on the day of the picnic itself made it possible for us to realize a profit beyond all expectations. It was a clear demonstration of the hidden powers of friendly and effective co-operation. Everyone seemed to have caught the underlying purpose and significance of the undertaking, and, imbued with the spirit of helping, gladly and freely lent a helping hand.

The people of Rhineland are very grateful for the generous contributions to the Munday business people. We appreciate them, and we wish to take this method of expressing to you our sincerest thanks.

Among that spent Thanksgiving Day here were: Miss Frances Diering of Lubbock, Misses Elizabeth Schals, Agnes Birkenfeld, Cecelia Homer, Helen Herring and Catherine Ruddy of Wichita Falls; Messrs Joe Poirer, Tony Schals and Pat Schenk, and Miss Catherine Schals of Scotland.

Mr. and Mrs. John Kay of Sturgard, Ark., are here visiting in the home of Mr. and Mrs. George Petrus. Mr. Joe Koenig made a business trip to Amarillo, Tuesday.

Mr. and Mrs. Walter Jungman made a business trip to Abilene, Tuesday. They were accompanied by Clarence Herring.

Faculty Errors

The faculty of the Sunset Consolidated School was very well represented at the State Teacher's Association held at Austin, Texas, November 30, December 2 and 3. The High School was represented by Mr. T. W. Harber, Superintendent, Mr. W. C. Kimbrough, Principal, and Miss Ona Blanton of the English Department. The Grammar school was represented by Mrs. R. R. Davenport, primary teacher, and Miss Gladys Williams teacher of the second grade.

All of the report alike as to the success of the trip. They are unanimous in praising Austin as a delightful city to visit. However, they recommend that you allow a little more time for your visit as the demands of the Association did not allow them sufficient time to fully appreciate the many things to see.

We are sure that the holidays made possible by our excellent representation at Austin, has been enthusiastically appreciated by the faculty members remaining at home. There is little question as to whether they had better opportunity to partake and enjoy Thanksgiving dinner.

Mrs. J. S. Shannon, teacher of the sixth grade, spent the holidays at home. Her Thanksgiving was made even more complete by the visit of her daughter Elizabeth, who is attending Wesley College, Greenville, Texas.

Mrs. J. C. Morgan, teacher of the fourth grade, spent the holidays at home. On Thanksgiving day, they entertained as guests, Mr. and Mrs. Fred Waldrip of Knox City.

Mr. and Mrs. Wilburn Hill spent part of the holidays at Altus, Oklahoma, visiting in the home of Mr. and Mrs. E. O. Ruckman, parents of Mrs. Hill.

Miss Bessie Chyle Leath, teacher of Spanish in the High School reports as follows: "Enjoyed hearty Thanksgiving repeat with friends in Rule, Texas." Suggestive, at least.

Miss Mammie Crouch, teacher of the fifth grade, ate Thanksgiving dinner at the home of her parents, Mr. and Mrs. J. M. Crouch.

Mrs. Cecil Burton, teacher of the third grade, entertained guests at her home on Thanksgiving. They were Mr. and Mrs. Tom Offutt and Mr. and Mrs. James McGregor.

Mr. J. L. Hughes spent the holidays visiting his parents at Vera, Texas.

4-H Club Report

The girls of the Sunset community met with Miss Faulkner, the Home Demonstration Agent, Tuesday, November 21, for the purpose of organizing a 4-H club. Very interesting talks were made by Mr. Harber, our Superintendent, and Miss Faulkner. In Mr. Harber's speech he stated that we should do our club work if we expected to be a member of the club. The girls are determined to do this and stand behind Miss Faulkner as she works with us in striving toward the goal set before us.

Of the fifty girls present, the following were elected as officers:

President—Valeria Stephens.

Vice President—Elvis Clarke.

Sec. Treas.—Juanita Flenniken.

Reporter—Margaret Shannon.

Bedroom Dem.—Sena Mae Davis.

Garden Dem.—Helen Partridge.

The sponsors are Mrs. G. E. Davis and Mrs. R. M. Almanode.

SENIOR REPORT

The Seniors are all back in school at the present writing, and we are glad to report that the majority of cotton is out.

Do we dread exams this week? And how! Miss Blanton, our English teacher, sure can make tests worth taking. We seniors always feel relieved if we are able to pass her tests.

Jimmie Lois says bookkeeping is a pain in the neck to her. Seems to me it would be more painful to the head, when you can't figure out the correct accounts.

It is terrible that exam week should come right after Thanksgiving. But then if we fail on our subjects, we can look back to the wonderful time we had Thanksgiving, and try to make up for it next six weeks. Thanksgiving accounts for our shallow minds this week I suppose. Anyway the teachers think so.

The Box Supper at Sunset, Dec. 9th

JUNIORS

Well, we are still alive after the holidays. (It is a wonder, though, for turkey and all that goes with it does not always agree with one who packs the day with thrills.)

Mr. Harber, Mr. Kimbrough, Miss Blanton, Miss Williams, Mrs. Davenport, and Jimmy Harber went to Austin for the holidays. They report a "swell" time, but I cannot see how they could have enjoyed themselves more than the stay-at-homes.

Exams—Exams, they drive one mad! First you study and then you cram. Then you flunk the easy (?) exam. They come this week, so if

we want to pass them, we will have to burn more midnight oil.

Mr. Hughes is easy (?) on us. He gave us the first question of our exam to write before class. (Now don't get excited, or don't get misled. It is a theme.) He also said that it would take all morning to write the American History exam. (Oh, what an easy test!)

Pronouns are harder to learn than nouns. It does not seem possible, but it is true. Valeria says she cannot see why anyone would use "It is we." It does sound queer, doesn't it?

SOPHOMORES

Examinations are right here. And

are we cramming? Well I guess.

Clyde is going to wear a sheet wrapped around one of his fingers so that he won't have to write his Spanish. J. C. thinks Miss Leath will set fire to the sheet but if she does it won't hurt Clyde. It's because he is so green he will not burn.

Were we thankful for the holiday and the turkey? Miss Leath asked her Spanish class a question in Spanish. The question was: "To whom are we thankful?" Foreman said we should be thankful for our turkey.

I have been asked to write the following ad: Anyone who wishes to learn how to waste time successfully please see Mat Verhalen.

The Sophomore boys can surely

play ball. If you don't believe it come out to our games and see for yourself.

We forgot to tell you who our officers were last week. So here they are and aren't they nice! (We mean it, too.)

Mat Verhalen—President.
Loree Driggers—Vice President.
Jimmy Harber—Secretary.
Clyde Crume—Treasurer.
Jeanette Reddell—Reporter.

We are getting to be excellent in our school. Jimmy is so dumb he dreams about it and Excell, when asked what form of the verb "hablar" to use in a certain sentence, said that we should use the sixth

SENIOR CLASS REPORT

The books for our Senior Play have arrived at last. Of course, everyone is interested in knowing what the title of the play is! Just to ease your curiosity, I'll tell you what it is. It's "Depend On Me," folks, and that's going to be a real play. Watch the next report or so for the date of the big night.

There is simply no news, so I suppose everyone will enjoy reading the "low-down" on one of our classmates, Mattie Mae Collins.

Mattie Mae Collins
 Mae, Shorty, Pug, or what have ye? She started to school, as a natural born citizen of Munday, about 1921. She says she "just can't remember the exact year. However, she was born April 20, 1914, in Munday, and has lived here ever since. Mattie Mae graduated with the class of '29 from Munday Grammar school. Maybe you would not have thought it, but she has taken the art of "pawing ivory" for three years. This does not exactly come in her line, so she sez. She has been a member of the Pep "Squad" for the past two years; and she really gets a "kick" out of a football game. To add to her other various talents, Mattie Mae has also taken art. She is an accomplished young lady, we might say.

It is a generally conceded idea that most of us have favorites. Well, here are hers:

- Hobby: "Horses" she asked.
- Sport: Football.
- Actor: George Raft (oo-la-la).
- Singer: Betty Boop.
- Song: "Won't be Home Until Morning"
- Subject: Home Economics. (Oh, Yeah?)
- Gar: "Whaddya say?"
- Ambition: To be somebody "Big."
- (Impossible)
- Pastime: Reading and giggling. (Giggling mainly.)
- Food: Anything that's delicious.

ROOTING RIDDLES

Can you guess who backs the Munday team through every minute of play, win or lose? Since this is my last chance to tell you, I am going to break the secret with a big bang. —The Munday High School Pep squad backs its football team to the very last. One of the big thrills of a popular life is to yell when some player whom she knows and admires makes a good play.

Who won the Knox City-Munday game? We wish we knew! In reality they did, because six of our best string men were ineligible. But we were winning the game in our own minds.

The Pep squad wishes the football team to know that we have enjoyed the privilege of cheering you on to your many victories and hope that we may also have the same privilege in the future.

Pep squad, Sponsor and Leader. (Even the Mascot.)

JUNIOR REPORT

There is not much to say this week. Oh, yes! Our Party! Well, Mrs. Reeves was kind enough to tender her home to these bad Juniors. We played "Statue of Liberty" in which some of the boys found themselves in a girl's arms for the first time. Also "Spoon" was played, in which our President "Tivy" became the "Donkey" and was sent after a dishpan, coffee-pot, or whatever Mr. Clamby had on hand. Afterwards he presented our gift of congratulations to Mr. and Mrs. Lebell, which was an ivory electric clock wimmed in gold. Then light refreshments which consisted of cocoa and sandwiches were served. Ralph Layne scared our room-mother so badly by flipping one of her pretty glass plates into the air. Then the fun began: we went skating. Funny that Mr. Hardegreer and Mr. Reed didn't appear! We concluded that they had had their share although we promised that they should not have as much publicity this week as they did after the Senior party if they came.

Oh, those pretty pictures and reports cards are here at last! But what we've been waiting for is the holiday we received last week! (Some of us are still having turkey, my, but it gets tiresome after four days!)

And that sporty football game! Fifteen for team! They certainly showed their stuff! Speaking of sport—

- The Sport Model Zoo: A balky mule has four wheeled brakes.
- A billy goat has bumpers.
- A firefly has a bright spotlight.
- Rabbits are puddle jumpers.
- Camels have balloon-tired feet.

SOPHOMORE REPORT

And carry spares of what they eat. But still I think that nothing beats The kangaroo with rumble seats.

SOPHOMORE REPORT

The Sophs are surely glad that the Thanksgiving holidays have been here because we all planned to make "Whoopee"—and how! But they didn't stay long enough.

The High School students are enjoying the skating rink very much, especially the ones who fall all the time! And the teachers approve of it too—(says us.)

This is the beginning of another six weeks and we plan to make better grades than we have for the past six weeks. Some of us didn't make such good grades on our examinations either, but that's all settled too.

The Seniors think they're so dignified, with their new rings and bracelets, but we've seen some who weren't so dignified as they think they are!

Clifford and Rupert have both sworn to make better History grades this month—it will be too bad if they don't!

One of the Sophomore boy's girl was over here Sunday but it didn't do him any good, because he couldn't get his car!

We wonder what happened to Robert's bow-ties he wore not so long ago! (Could it be...?)

We hear that H. H. (a soph) is in love—we wonder who it could be—Monie or Brunette?

Ralph Layne and Gordon James Barnes are getting good at this so-called "skating." They both fell down and nearly broke their necks last week—it's a shame, isn't it? We hope that it doesn't get serious.

Bill Billingsley was not at school Monday when Mr. Hardegreer gave our papers back. (Probably it's a good thing he wasn't! Or was it that he stayed up too late the night before?)

We hear that a few girls had a very good time with some Knox City boys late Sunday afternoon and again that night! Can you imagine it? We can!

Willard is wondering what English is all about—he sleeps during class, so it seems!

Sylva said she surely did enjoy her Thanksgiving dinner last night, because she helped prepare it. (It's a wonder anyone enjoyed it if she had a hand in it!)

Some people manage to have a real time on holidays (and other times as far as that matters) going with out-of-town boys, especially from K.C.)

Have you heard what W. R. Moore smokes? Well, it's "La Vera"—and does he like them—and how!

Gee, I bet Fred is glad the family is getting a new car—don't you? But we're wondering if he'll get to drive it much. It (the car) would be better off if he didn't! And so would he—and the ones with him.

Some boys delight in letting air out of K. C. boys cars—especially when the boy has a date—or is it jealousy?

FRESHMEN

Well, believe it or not, the Freshmen are still here in dear old M.H.S. and can have a report in the paper even if the reporter is out while his little brother is recovering from the accident he was in two weeks ago.

Most of the Freshmen think they are parietic after they received their report cards, Wednesday, they were red, white, and maybe a little blue like the flag.

We are sorry we lost the Knox City game Thursday but think we could have won if our star players were not out. We had three freshmen boys playing Thursday, and they played a real game.

If you don't like this report, don't say anything to the President of the Freshmen class.

TINER'S TICKLES

Fred was strolling through a field with a girl when he spied a bull galloping toward them. He beat a retreat with great haste, pulling the girl after him.

"Why, Fred, were you afraid?" she asked, when they had reached safety. "And you said you would face death for me."

"I know," replied Fred, "but that bull wasn't dead."

A Scotchman had a standing order for a pennyworth of liver daily for his cat. One morning the butcher received a phone call cancelling the order. The cat had caught a mouse.

Sam: "How much money have you got, Jack?"

Jack: "Oh, between ninety-eight and a hundred dollars."

Sam: "How about lending me some of that large sum?"

Jack: "Oh no. It's only two dollars."

"Do you see that young man standing over there next to the fiver with the golf pants on?"

"I see the fellow all right; but where is the fiver with the golf pants on?"

Mr. Pamer: "How are you doing in school?"

Clifford: "Oh, I'm as famous as Napoleon."

Mr. Palmer: "What do you mean?"

Clifford: "I went down in history."

First Mechanic: "Have we any four suit two waist bulbs?"

Second Ditto: "For what?"

First: "No, two."

Second: "Two what?"

First: "Yes."

"Now," said the judge sitting in the dentist's chair; "do you swear to pull the tooth, the whole tooth and nothing but the tooth?"

Mr. Bass: "This is a very large skating-rink you have here."

Manager: "Yes, it has a seating capacity of about 500."

Mr. Broach: "How was archery practice the other day son?"

Fred: "Couldn't hit anything."

Mr. Broach: "Hope you hit something today?"

Fred: "Woah, Dad! Today I'm going motoring."

WHAT'S IN A NAME

You can tell a high school man, in school and after graduation, by the way he signs his name. For instance:

- Freshman: Bill Smith.
- Sophomore: William Smith.
- Junior: W. Algermon Smith.
- Senior: William A. Smith.
- Graduate: W. A. Smith.
- Jobhunter: Smith.

The sophomore's father was away. That night, late, his mother heard a sound downstairs.

"I'll go down," he said, "and if it's a burglar I'll scare him away. This will be a battle of brains."

"No, son," said his mother. "You must not go down unarmed."

Customer: "My boy, I wish a magazine for a girl ten years old."

Bill Dinzee: "Mine are new issues, Ma'am, but if you'll wait a minute I'll go up to the dentist's office and get you one that old."

Joe: "I'm going to sneeze!"

Vinton: "At who?"

Joe: "Atchoo!"

Boys Will Grow Up

Fish: "Mama may I go out to-night?"

Soph: "Going out tonight, Mother?"
 Junior: "Going out tonight, Dad?"
 Senior: "G'night, Dad. I'll bring in the milk."

Drama in Three Acts

Act I—Captain Cook.
 Act II—Captain Cook and the Cannibals.
 Act III—Captain Cooked.

Miss Billy True Hill announces that her greatest fear is a bull-dog with a ruffled nose.

Betsy Reeves is afraid that she will be vamped by her dream man. Vinton Titer is afraid Mr. Hardegreer and chewing gum went mix.

Martha Nell Carroll is almost in the same fix.
 Sylva Barnes is afraid that some day W. R. Moore might kill a duck. Joe Kethley is afraid the new paint, which is his parents' reason for not letting him have the car, will never wear off.

Inez Campbell is afraid she will lose the pasteboard out of her shoes some day.

Maxine Lare is afraid that her dimples are getting deeper.
 Darwin Campbell is afraid to drink a "short time" without two cherries in it.
 Lucille Neff loves olives too.

Mr. and Mrs. F. N. Hassen entertained his store force with a turkey dinner Thanksgiving day.

Mr. and Mrs. T. G. Bengel returned on Wednesday evening of last week from Honey Grove, Texas, where they visited relatives and friends.

Louise Burdison, daughter of Mr. and Mrs. Hugh Burdison, has returned from Austin where she spent several days visiting relatives.

Dr. and Mrs. A. A. Smith spent Thanksgiving with their daughter, Mrs. Carroll Blacklock and Mr. Blacklock at Chickasha, Oklahoma.

Mr. and Mrs. J. C. Harpham have as guests in their home this week, Mr. and Mrs. Tommy Jones of Dallas and Miss Elma Petty of Brownwood.

Mrs. L. S. Briggs of McLeas visited in the home of her sister, Mrs. A. A. Allen the past week.

Mrs. Marshall Huttis, who has been visiting in the home of her daughter, Mrs. Sebern Jones, returned to Houston the past week.

J. B. Reneau, Jr., who is a student in Texas A. & M. College, spent the Thanksgiving holidays here in the home of his parents.

Miss Alice Sokora who has been visiting friends in Temple and Georgetown, returned home the latter part of last week.

Gas does seem an impersonal thing when it turns on at a wall cock... just concentrated heat in a pipe... so easy and so silent one might think it came up under its own power, out of one's own backyard.

are at the wells, at compressor stations, and walking the pipe lines, guarding your gas service every step of the way to keep it dependable.

But there are hundreds of people working to supply the very heat that will warm your house this evening. Many reported on their jobs before sun-up. Some are on guard all night.

So your heat is not an impersonal thing. It is an hour-by-hour service, watched over constantly. Through this care and attention it stays so inexpensive that 15 cents' worth a day is the year around average household requirement for heating, cooking, refrigeration, and hot water supply.

Since approximately one-half of all gas required in the home for the entire year is used during the three winter months of December, January and February, you can see why men have to get up before day during this season. Scores of these men

Sunset

(Continued from page Two)

The sixth person happened to be the third person plural.

The teachers must know by this time that there is a new sport in school. They make us throw away gum at every waste basket. Mr. Rowell is running a thriving business. Who wouldn't? But I'm afraid it won't last long on chewing gum or it will be more thriving than ever because the faculty has passed a law that anyone who chews gum in class must return to the study hall.

Mr. Kimbrough tells us that those algebra problems will grow worse as we advance further into our book. What will we do? (I imagine we'll just stick on high center, don't you?)

Sunset

(Continued from page Two)

The banners of Sunset are waving. We know that they always will. Her ranks she is not saving.—To her, there's a place to fill.

Failure to Sunset is a sorrow— Though she can win with the hardest of play.

She never puts off until tomorrow. A victory she can win today.

We for Sunset are entering

She will win with her grace and her skill.

For her we will always be fighting. Till she has no more places to fill.

Sunset is famous for winning

Every battle she has fought.

From the end back to the beginning Her work has not come to naught.

—Nellie Burns.
