

Kracker KrumbS Odds Bits Salvaged at Random

Local firemen were up and about and juning around bright and early last Monday morning.

They weren't preparing to answer any fire alarms, hoping as they always do, that no disastrous fire would break out.

And this day especially, because they were making final preparations for entertaining members of the West Texas Firemen's Association in their Labor Day convention.

They were gathering lamps, desks, chairs, typewriters, and registration articles and making ready for the group of visiting firemen.

The convention got under way at 12 noon with registration at the fire station, and at 1 p. m. things got started on the convention program.

Mayor M. F. Billingsley gave the boys a welcome to Munday, but we don't know if he had the keys to the city to present them or not.

It appeared to be a right nice convention, which culminated with a big barbecue supper at the Country Club and a dance that evening at the Rhineland community hall.

This little town was a beehive of activity last Thursday and Friday, and there was still some activity on Saturday.

The occasion was the opening of the Munday Public Schools, an event that begins a period of about nine months of activity.

Classes didn't start until Monday, Thursday and Friday were registration days.

It got started with a faculty meeting on Thursday morning then registration began that afternoon.

Prior to that school officials were busy some two days in making the rounds about the country and establishing the bus routes for the year.

After registration, the youngsters and their parents were in town getting the needed school supplies and making ready for little Johnny and Mary to report to classes on Monday morning.

Some parents entered school, too, those who had youngsters enrolling for the first time. It seems there's a little pang of sadness when a parent enrolls the child for the first day of school—comes the realization that the little tyke has started to grow up and isn't a baby any longer.

Then on Monday morning, we saw groups of mothers gathering around coffee table in drug stores, cafes, etc., and the topic of conversation was the first day of school.

School days mean added activity for all of us. With it comes, in time, the various school activities and entertainment—and, of course, the opening of the football season.

Coach Leverett has had his boys out working for several days, and they're looking good. Their metal will be tested next Friday night when they go to Iowa Park for their first game of the season against the Hawks.

All of September's games are non-conference engagements, with the Moguls beginning the conference grind against Throckmorton on October 2.

So school's open with a good faculty and a full year's program. To some it's a glad experience; to others didn't like the change from vacation days so much. But our guess, and our hope, is that Munday will have a very successful school year.

Falcon Oil Corporation and Sojourner Drilling Company of Abilene have plugged the No. 1 Masterson Brothers wildcat, 10 miles west of Truscott, at 6,587 feet.

Over 200 Delegates Here Monday For West Texas Firemen's Meeting

Firemen and their wives from many surrounding towns which comprise the West Texas Firemen's Association gathered here last Monday for the September convention of the association.

Registrations began at noon at the Munday fire hall, and the business meeting was held in the Roxy Theatre. President George Roach of Olney presided at the meeting. The welcome address was given by County Attorney Tom Bullington, and response was given by Bill Beck, fire chief of Sheppard Air Force Base. Invocation was given by Rev. Doyle Rogle.

A highlight of the entertainment was instrumental music which featured Fonda Kay Wallace, vocalist, in several enjoyable numbers. Others were Miss Betty Patterson at the piano and L. E. Moore of Denton and Stony Drake of Dallas guitarists.

During the business session, Vice President Sparky Howell of Vernon was elevated to president, J. B. Scott of Munday was named vice-president, and Bob Babb of Electra succeeded John E. Robinson of Archer City as association secretary.

In the contest that followed Graham took the coveted association plaque and a siren awarded by Beach Equipment Company of Fort Worth for first place in the hose race. The plaque had been held by Olney. Electra won first in water polo and a mystery fog nozzle awarded by Fyr Fyter Equipment Company of Dallas. Electra also won first in two-man hose hookup.

Graham was selected for the May meeting of the association. During the afternoon firemen's wives were guests of the Roxy Theatre for the showing of "Houdini."

It was estimated that around 250 persons attended the barbecue supper which was served at the Munday Country Club at 6:30 p. m. The convention ended with a dance Monday evening at the Rhineland community hall.

Classes didn't start until Monday, Thursday and Friday were registration days.

It got started with a faculty meeting on Thursday morning then registration began that afternoon.

Prior to that school officials were busy some two days in making the rounds about the country and establishing the bus routes for the year.

"Green" Moguls To Play Hawks At Iowa Park Friday

Thirty-four of the "scrappiest bunch of Moguls" you ever saw have been reporting to Coaches Leverett and Pistole every day since the daily practice periods started some two weeks ago.

But for the fact that they're nearly all "green and inexperienced" the 1953 edition of Munday Moguls is up to par of any during recent years. According to those who have watched their practice periods, these boys will be found fighting their hearts out in every game. The fact that they lack experience is their main drawback.

Out of the 34, only a few have seen actual experience on the field, and Coach Leverett says he's starting the season with an entirely new backfield.

The Moguls open the season Friday night at Iowa Park, and a large number of fans are expected to follow them to the host city to see them in action for the first time.

Gerald Morrow Is Home From Alaska

Gerald Morrow, who has been employed by the Alaska Road Commission during the summer, returned home last week by way of the Pacific Northern Airlines. He reports three months stay in Alaska a profitable one, as well as a pleasant vacation.

Among some of the most interesting place he visited were: Anchorage, Alaska's largest city; Fairbanks, where the University of Alaska is located; the beautiful Matanuska and Kuskakwim valleys; Mt. McKinley, the highest mountain in North America, and one of the most noted volcanic areas, the Valley of Ten Thousand Smokes.

Junior Moguls To Tuesday At Rule

O. N. Smith, coach of the junior Mogul football team, announced this week that the juniors will play their first game next Tuesday night at Rule against the junior Bobcats.

Mr. Smith stated that 35 juniors are coming out for training, and he has the material for a good junior team, one which fans will enjoy following this season.

The juniors will play their first home game on Thursday night, September 24, against the Juniors Indians from Haskell.

GOROE FOOTBALL SCHEDULE FOR 1953

- Sept. 11—Oklaunion—There.
 - Sept. 17—Northside (Vernon)—There.
 - *Sept. 24—O'Brien—Here.
 - *Oct. 1—Benjamin—Here.
 - *Oct. 8—McCauley—Here.
 - *October 15—Paint Creek—Here.
 - *Oct. 22—Mattson—Here.
 - *Oct. 29—Weinert—There.
 - *Nov. 5—Vera—Here.
- (* Denotes Conference game.
Coach, M. J. Kirby.

MEETING PLANNED

Rev. Kirkpatrick, pastor of the Primitive Baptist Church, announced this week that there will be a three day meeting at the Primitive Baptist Church beginning Friday, September 18. Rev. Martin Smith and Rev. Kirkpatrick will do the preaching.

TO CLOSE EARLY

The following grocery stores have agreed to close at 6:30 p. m. Friday so employees can attend the football game at Iowa Park: Morton & Welborn, Atkinson Food Store, Blacklock Grocery and Market, Goge Grocery. Follow the Moguls!

Mr. and Mrs. Ivy Cypert had as guests for the Labor Day holiday, Mr. Cypert's brother, L. W. Cypert, and wife, Mrs. J. J. Denton, Sr., Mrs. John Griffith, all of Knox City, Mrs. Vera Denton of Bridgeport. Also a cousin, Mrs. Bob Stockton of Pixley, Calif. The group had lunch at the City Grill in Munday. All reported an enjoyable day.

BALL TEAM complete in one family: Here are eight sons of Donald P. Brown of Parma, O. Ninth was on way home from maternity ward when picture was made. He's already named "First Base."

Gin Plants In Munday Ready For 1953 Crop

With the approach of the 1953 ginning season, managers of Munday's ginning plants have announced this week that they are ready for the 1953 crop.

Each of the plants has ginned one bale from the 1953 cotton crop. The Farmers Co-op ginned the first bale to be ginned in Munday on Wednesday, September 2, the cotton being grown by Gene Michels.

The Paymaster Gin ginned its first bale of the season on Tuesday, September 8. The cotton was grown by Tom Yates, who farms between Munday and Weinert. His bale weighed 450 pounds and was bought by Paymaster Gin at 35 cents. In addition to receiving his ginning free, which is customary for the first bale, Mr. Yates also received a \$25 premium from the gin.

Both Mr. Pendleton, district Paymaster manager, and M. H. Brumley, manager of the Farmers Co-op Gin plants, announced that their plants were placed in tip-top shape during the summer and are now ready for the 1953 crop. It will be several weeks, however, before cotton begins coming in to any great extent.

Local People To Give Transportation For Football Bays

Following the custom of the past few years, Munday people are planning to take the football boys home each evening after practice periods.

Transportation has been furnished those who need means of getting home each evening. A schedule for those who will furnish cars is being compiled by the athletic committee of the Chamber of Commerce, and it is expected enough cars will be available so one person will not be made responsible for more than two trips.

"It is important that local football fans co-operate in this matter," Mrs. J. C. Rogers, secretary of the Chamber of Commerce said, "as it will help our football boys to a great extent, giving them ways of getting home after a strenuous practice period."

Mr. and Mrs. E. B. Lowrance, Richard and Patty Kay, Mr. and Mrs. T. V. Lowrance and Bobby of Pampa, Mr. and G. D. Lowrance and Brenda of Chillicothe and Mr. and Mrs. D. R. Love and Marcia and Linda Dee of Goree spent the week end with Mrs. J. F. Lowrance and Bill and Jeanene.

Mrs. Catherine Kuhler, Albert Rose and Marie accompanied by Mr. and Mrs. James Roznovsky of Wichita Falls, spent the Labor Day week end with friends at Abbott, West and Penelope.

Pvt. Homer K. Lowrance is spending his furlough with his mother, Mrs. J. F. Lowrance. He has been stationed at Camp Roberts, California.

County Men Are Named On Board Of B-K Electric

New officers named by the B-K Electric Co-operative, Inc., at Seymour recently included several Knox County men. They are as follows:

O. L. Patterson, Benjamin, president; August Schmacher, Rhineland, vice-president; Chas. T. Porter, Seymour, secretary and treasurer; H. P. Arledge, Seymour; J. H. Atterbury, Knox City; J. E. Cure, Goree; and Bill King, Munday, directors.

T. E. Craddock was renamed manager of the corporation in other action taken by the directors. Craddock, former president of the National Rural Electrification Association, has been named manager of the business serving Baylor and Knox Counties and part of Haskell County since it was formed.

Vernon Man Purchases Cook's Auto Supply Here; Cook Goes To Plainview

A business deal was completed this week whereby Bill Owens of Crowell purchased the Cook Auto Supply of Munday. The store was closed all day Wednesday for inventory, which was completed Thursday, at which time Mr. Owens took charge of the business. The name of the firm will be changed to Bill Owens Auto Supply.

Mr. Owens is experienced in the auto supply business, having operated his own business for some eight years before coming to Munday. He is well known to many mechanics and garage owners over this area.

The Owens family will move to Munday the next few days, and Mr. Owens solicits the patronage of all people of this area.

I. V. Cook established the Cook Auto Supply in March, 1951, but prior to that time he operated the supply business in connection with the Plymouth-DeSoto agency for several years. Mr. Cook is leaving this week for Plainview, where he has accepted a position with the Haynes Motor Company, Buick and International agency. Mrs. Cook will join him in Plainview within the next few weeks. Their daughter, Pat, will enter school in Denton.

In relinquishing the business, Mr. Cook expressed his appreciation to the people of this area for their loyal patronage and stated he believes the new owner will serve them just as efficiently in the future.

Bowden Wins First In Plane Contest

Flying his model airplane in the Southwestern Model Airplane Contests in Dallas last Saturday and Sunday, Robert Bowden of Munday brought home a beautiful trophy as first place winner in his contest.

Bowden flew in the team racing event, taking first place in this event. The contest was held at the Red Bird Airport and was sponsored by the Exchange Club of East Dallas.

Jerry Blackerby arrived here Friday night for a visit with his parents, Rev. and Mrs. Lester Blackerby, who live in the Hefner community. Jerry, who is in the Navy, has spent the past year in Okinawa. He has been in service for two years and is home on a thirty day leave.

Gaynor Kendall of Austin was a business visitor here over the week end.

Knox County Hospital Notes

Patients in the Hospital September 7th:

Mr. D. C. Link, Littlefield; Tommy Abe Watson, Knox City; Helton Hyde, Munday; Baby Girl Lusk, Rule; Mrs. Lynwood Wilcox and baby son, Rochester; K. C. Vanbeber, Goree; C. M. Walsworth, O'Brien; Linda Talant, O'Brien; Mickey Johnston, O'Brien; Milton Bradberry, Knox City.

Patients dismissed since Monday, August 31st:

Mrs. Allen Barnett, Knox City; Mrs. John Michaels, Munday; Floyd McAda, O'Brien; Oscar Miller, Gilliland; Mrs. J. A. Pack, Walters, Okla.; Mrs. T. L. Howeth, Knox City; Mr. Floyd Chaffin, Amherst; Bob Hicks, Munday; Mrs. Roy Hester, O'Brien; Miss Ada Clark, Knox City; Mrs. R. A. Thompson, Goree; Mrs. S. E. Lusk, Rule; Mrs. A. F. Hester and baby daughter, O'Brien; Mary Williams, Knox City; Elvesta Watkins, Munday; W. P. Curd, Jr., Knox City; V. J. Roberts, Knox City; Mrs. Troy Lindsey, Munday; Mrs. D. R. Fletcher, Knox City; Mrs. Maggie Martin, Rule; B. C. Tuggle, Munday; Geo. T. Hardberger, Knox City.

Births:
Mr. and Mrs. S. E. Lusk, Rule, a daughter.
Mr. and Mrs. A. F. Hester, O'Brien, a daughter.
Mr. and Mrs. Rauk Silvas, Munday, a son.
Mr. and Mrs. Lynwood Wilcox, Rochester, a son.

Notes For Knox Farms, Ranches

By W. J. Bryan, Knox County Agent

Now that wheat controls are in effect, it is a good time to build up your soil and increase your per acre income.

Legumes used in combination with other good farming practices can boost yields and put extra dollars in your pocket.

Legumes, when properly inoculated, can add nitrogen to your soil, as well as improve texture and increase organic matter in the soil. Research workers of the Texas Experiment Station in an 11 year study have found that the top growth of Hairy Vetch contains an average of 102 pounds of nitrogen an acre. Legumes are the only plants which have the ability to take nitrogen from the air and store it in the plant, but must be inoculated with the proper nitrogen-fixing bacteria before they can do this.

Legumes, like other crops, require proper fertilization for maximum growth. A soil analysis is should be used to determine fertilizer needed, but for most soils in Knox County, 200-300 pounds of super-phosphate should be used.

Hairy Vetch and Austrian Winter Peas are two legumes that will do a good job for the county this winter. They should be planted from September 15th to November 15th. You should seed per acre, and about 30 pounds about 15 pounds of vetch pounds of winter peas.

Austrian Winter Peas or Vetch with rye will make good grazing for your livestock this winter and spring.

Be sure to inoculate the seed and put down super-phosphate.

Parents To Honor Local Teachers At Reception Sept. 17

The teachers of the Munday Schools will be honored on Thursday, Sept. 17 at 8 P. M. in the grade school gym by the parents of the local school children. This annual affair inaugurates the 1953-54 P-T-A year, at which time P-T-A president Mrs. Clyde Taylor will extend greetings to the faculty and parents of new school children.

"We are extending a special invitation to recent arrivals in Munday," said Mrs. Taylor, "and we hope they will avail themselves of this splendid opportunity to become acquainted with our fine faculty." Plans for the coming year will be outlined for the group with special emphasis being made on procuring a swimming pool for our children. This project will be of special interest to all parents, and it is hoped that we will have a large enrollment this year.

As in the past, there is keen competition between the grades in getting the largest attendance of parents to the P-TA meetings with a \$1.00 reward going to the room fund which succeeds.

An opportunity will also be extended to all members to subscribe to the state or national P-TA magazines. Mrs. Dorsey Looney is in charge of publications and will be prepared to accept subscriptions.

The entertainment committee is composed of Mrs. Bob Brown, Mrs. Gene Thompson and Mrs. William T. Dixon.

632 Enrolled In Munday's Schools

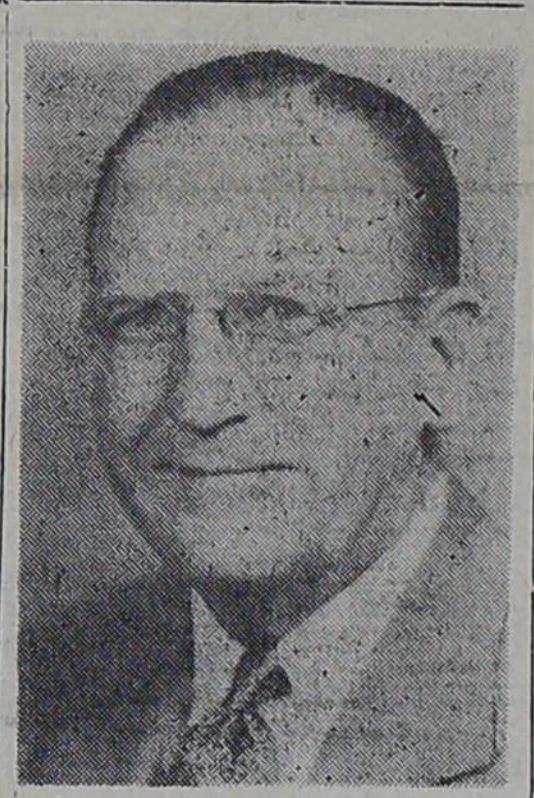

Classes enrolled in the Munday Public Schools last Monday morning with one of the largest enrollments in recent years, according to a report made Wednesday by W. C. Cox, superintendent.

Mr. Cox stated that a total of 632 students are enrolled in the school system, and the junior high school had lost two students at that time. The enrollment by schools is as follows:

High school, 140; junior high, 147; Elementary School, 272; colored school, 73.

HOME FROM VACATION

Mr. and Mrs. Earl McNeill and daughters, Betty, Marie and Alice, returned home last Saturday for a two-weeks vacation trip. They visited in the states of Illinois, Ohio, Maryland, Washington, D. C. West Virginia and Arkansas.

I. V. COOK

Miss Claus Returns From European Tour

Miss Georgette Claus, daughter of Mr. and Mrs. H. N. Claus and principal of the Rhineland school for the last four years, returned on August 26 from a two-months tour to several of the principal countries of Europe.

She said that the Swiss are in better financial circumstances than any other people. She found the people of Holland, from the lower to the middle classes, more friendly toward America than any other. But she reported for actual business and progress New York, point of embarkation and disembarkation, had every European city eclipsed.

Miss Claus remarked that some French coins which she tried to use in purchases in Paris were unwelcome. "Too old," the French shopkeeper said. But when she presented an American dollar bill, the shop did not hesitate a moment. She found American currency acceptable in almost every place.

Midwestern University of Wichita Falls sponsored the tour. She was one of 30 in it. She flew from Fort Worth to New York where she boarded a liner. She had been away since June 30. The trip will be credited on her doctor's degree.

She took many pictures while she was away in Europe. She has been with the Rhineland Public Schools for the last 12 years, the last four as principal.

Miss Margaret Jean Bowman, daughter of Mr. and Mrs. Vester Bowman, left last week for Midland, where she will teach in the Midland school.

BACK TO SCHOOL

The youth of our State have reached that time of year when they start watching the calendar. The girls are probably happier about it than the boys, but regardless of the reception awaiting it in the minds of the youngsters, the opening of school will soon be here.

The beginning of another school year means many things to us all. To the parent, it signifies that the child is growing up and may not remain a child much longer. To the child, school means both work and play mixed with joys and disappointments. To the adult population it means that the future citizens of tomorrow have gone back to the task of preparing themselves to assume responsibilities of the adult world which will soon be thrust upon them.

The opening of school should bring another thought to our minds, although most of the citizens of our State will remain complacently unaware of it. There are now 759 empty chairs that were occupied in the classrooms at the beginning of school in Texas last year. Where are they this year? These children will not come in late, they are not at home sick, or visiting out of State—they are dead!

759 school age children in Texas died last year as a result of accidents. The accidents were of various types; traffic, home, recreational, and others, but all of them claimed a life.

Think of that for a moment; did you know any of them? Will you know any of the approximately 800 who will die this next year. They will die, you know—unless you do something about it. Don't stop reading and look around you and say, WHO, ME? YOU are the one. It is your responsibility just at it is the responsibility of each and every one of us. Safety cannot succeed unless it comes from the individual.

\$9,600 A YEAR FOR NOTHING

Do you know what happens to all that money the government takes from you and other taxpayers?

Much of it is spent usefully. But a lot is wasted. For instance, a State Department employe recently told a House committee that in more than a year of being on the payroll at \$9,600 per annum, he'd never been given any specific job to do. He didn't even know what the branch of the Department he was working for was supposed to accomplish.

What excuse can be offered for this kind of waste?

WONDER OF THE WORLD

There is considerable confusion as to just what is happening to the cost of living. On the one hand, official barometers of prices have been risings) even though only fractionally, and have touched new highs. On the other hand, many commodities are selling well under the levels of the recent past. In some cases, beef and household appliances being conspicuous examples, the price drops have been sharp.

In any event, the consumer can be sure of one thing—our free, competitive economy is working to protect his dollar as best it can. So far as consumer goods are concerned, virtually everything is in abundance. The result is a buyer's market, in which strenuous efforts are made by all concerned to attract and please the public.

We see this in full force on the retail level today. The emphasis is on intensive selling, with all that implies in the way of better service, more attractive displays, increased advertising and promotion, price inducements, and so on. The flood of goods that finds its way into the American home is one of the economic wonders of the world.

TYPICAL EXAMPLE

The following brief editorial appeared in the Herald and Clipper, Marcus Hook, Pennsylvania: "The Government Accounting Office recently reported that the purchase of two baffle plates for \$2.97 by the New York Post Office was listed and documented by nine papers, bearing 24 signatures or initials, and 20 datings, and that the documentation took four months to process.

"This is but one of the typical examples of bureaucracy, which closely resembles what old soldiers refer to as Army red tape . . . The only thing we can do is to point out this one example in the hope that it will disgust the right people as much as it disgusts us."

ONTARIO-UPLAND, CALIF., DAILY REPORT: "Preservation of the U. S. free enterprise system depends upon our intelligent acceptance of a few bumps along with the tremendous rewards."

OSKALOOSA, IOWA, DAILY HERALD: "The railroads have long since incorporated the study and practice of safety into their operations as a vital department, with such good effect that over the past 30 years they have reduced passenger fatalities by 85 per cent and employee fatalities by 80 per cent."

HOW WE GOT OUR BIBLE

The second manuscript we mention is the Codex Vaticanus, getting its name because it has rested in the Vatican since 1475. It contains the Bible from Genesis 46:28 to Hebrews 9:14 (Webster's). Many scholars say that this was one of the fifty ordered by Constantine in the third century. This too, disproves the idea that the Bible was gathered together in one book at the dawn of the fifth century. The Vaticanus is opened to the scholars of the world for translation purposes.

The next of the best manuscripts is the Codex Alexandrinus. It was written in Alexandria, Egypt, possibly in the fifth century. It was written in Greek. It is now in the British Museum, London, England,

We will next take up the different versions of the Bible. Bear in mind that a translation is from one language to another language. (A version). Whereas a manuscript is a copy from one language into the same language. The complete Bible has been translated into 136 languages and the New Testament into 266.

Brief Articles On The Draft Law And Regulations

VIII

(Editor's Note: This is one of a series of short articles on the draft law and its rules and regulations.)

Every man registered with a draft board, after his classification is determined by the board, must have an opportunity to appear in person before the member or members of the board designated for the purpose, provided he files a written request within 10 days after the board has mailed him a notice of classification.

Brig. Gen. Paul L. Wakefield,

state draft director, points to an exception. The registered man cannot request a personal appearance after a classification which is the result of a personal appearance.

No person other than the registered man shall have the RIGHT to appear in person before the local board. But the local board, in its discretion, may permit any person to appear before it with or on behalf of a registrant, except that no registrant may be represented before the board by anyone acting as attorney or legal counsel.

The registrant may bring an interpreter with him if he does not speak English adequately.

When he appears, the registrant may discuss his classification, direct attention to other classes in which he thinks he should be placed, point out information in his file which he believes has been overlooked or which he believes has not received serious enough consideration, or any other information.

Such information must either be in writing, or oral and summarized in writing. In either case, the information is placed in the man's file.

Regulations provide that the local board, or member or members hearing the case may impose such limitations upon the

Knox Prairie Philosopher Says It's Not The Pocket Knife That's Causing Farmers Trouble, It's 4-Row Planter

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek has an answer to the farm surplus problem this week, but it's his answer, not ours.

Dear editor:
I was sittin out here on my farm yesterday not doin anything except sittin and whistlin when a man brought me a clipping from a newspaper quotin a United States Department of Agriculture official to the effect a farmer who sits and whittles doesn't deserve to succeed.

"There is no substitute for a good job of farming, the official went on. "Efficient farming methods, harder work, better production, that's what it'll take to keep farming prosperous."

I wish to say that me and the knife manufacturers both resent this statement.

In the first place, why do you think the price of cattle is cheap? Because too many people have been raising cattle instead of sittin and whittlin. Why would the price of cotton or corn or wheat drop way down below what it is now if there wasn't price supports? Because too many farmers have been efficient.

As I understand the agricultural expert's position, he wants us farmers to work harder and produce less, and the only way to accomplish that is to outlaw the tractor and return to the walking plow. Personally, I prefer whittlin. It accomplishes the same thing and doesn't put the tractor people out of business.

Efficiency is a fine thing, it's almost necessary in a bank, but it can be acried too far in the country. The reason we're gonna have crop controls on some items next year is because us farmers are producin too much, and if you tell me a better way to cut down on production than sittin and whittlin, I'd like to

know it.

You know, people in town like to say if a farmer worked harder he would be better off, but that's on account of the way business men in town define the word work. A business man, if he has his store's front door open, considers himself workin, and it's a fine definition, exactly the one I've adopted out here on my Johnson grass farm. When my front gate is open, this farm is open for business and I'm at work, doesn't make any difference if I am sittin in the shade whittlin, the same as it doesn't make any difference if the business man is leanin against the counter or easin back in a swivel chair readin the comics or standin out on the curb looking at the clouds.

Next year, when they get crop controls into effect, some farmers are gonna worry themselves sick over what they can plant on their idle acres, and they'll think of something and year after next whatever they plant will have to be controlled too, but if the government would distribute a lot of free pocket knives and encourage whittlin, instead of makin speeches against it, we could bring this problem or overproduction under control. It ain't the pocket knife that's causin farmers to have financial trouble, it's the four-row planter.

Yours faithfully,
J. A.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox, of Texas

M. D., State Health Officer

AUSTIN—It's no fun to have hay fever and some times it is serious, says Dr. Geo. W. Cox, State Health Officer. Persons who suffer from hay fever have a miserable time of it. The repeated sneezing, intense itching, watering of the eyes and nose, and difficulty in breathing may cause so much discomfort that their vitality is lowered. It's hard for them to sleep and sufferers often lose their appetite.

Hay fever makes a person more susceptible to diseases of the sinuses, throat, and bronchial tubes. Severe cases sometimes are accompanied by asthma. The most common type of hay fever is caused by sensitivity to ragweed pollen. From

TOP ENTERTAINMENT STARS SUPPORTING KENNY FUND DRIVE

Minneapolis, Minn. — The nation's top ranking personalities of the entertainment world are giving their active support to the 1953 polio fund appeal of the Sister Elizabeth Kenny Foundation, now under way, according to Marvin L. Kline, the foundation's national executive director.

The long, star-studded list from stage, screen, radio and television includes Henry Fonda, Edward G. Robinson, Groucho Marx, Rosalind Russell, Jimmy Durante, Rosemary Clooney, Frankie Carle, Guy Lombardo, Spike Jones, Gene Autry, Hopalong Cassidy, John Cameron Swayze, Eddie Cantor, Jack Benny, Kate Smith and many others.

RUSSELL LOMBARDO

"By contributing their time and efforts, these people are helping to insure that the polio-combating program of the late Sister Elizabeth Kenny will be continued and, where possible, expanded," Kline declared.

"The Kenny Foundation is dependent upon public contributions for its program of training additional Kenny Therapists and for making the Kenny treatment available to polio victims. It has no other source of revenue for this work."

DURANTE

late summer until the first frost comes, the pollen is dry and light enough to be blown by the wind. Unfortunately, no place in Texas is free from ragweed.

You probably know that hay fever, like asthma and some forms of skin eruptions, is an allergy. It is caused in the spring by tree pollens, and in early summer by grasses, such as timothy and redtop, from which the name, "hay fever," is derived. House dust, feathers, animal dander, some foods, cedar pollen and cosmetics may also cause hay fever. But as we said, most hay fever is caused by ragweed pollen in late summer.

In behalf of the many sufferers from hay fever caused by ragweed pollen, the state health department urges everyone to destroy this troublesome weed growing wild around the premises, before it blooms. You can kill it by spraying it with chemicals, or by cutting and letting it dry . . . and then burning the weeds. Do not let the cut weeds lie on the ground after they are dry, as the pollen will scatter from them.

Not only is hay fever a miserable malady, but it can lead to

serious infections of the sinuses and bronchial tubes, and because of loss of sleep and appetite, it lowers body resistance to disease germs. Remember—take ONLY your physician's advice and treatment to relieve hay fever.

Mr. and Mrs. I. V. Cook were business visitors in Plainview during the week end.

Miss Carol Anne Hitchcock, Robert Henry Gaines Wed In Home Ceremony

An impressive wedding ceremony was read Sunday, September 6, at 8:30 in the morning uniting Miss Carol Anne Hitchcock, daughter of Mr. and Mrs. Jesse R. Hitchcock, and Robert Henry Gaines, son of Mr. and Mrs. J. R. Gaines of Munday. Rev. Emil V. Becker, pastor of the First Baptist Church, officiated at the double ring ceremony in the home of the bride's parents as the couple stood before the mirrored mantle which reflected a huge arrangement of pale pink gladioluses.

Traditional wedding music was played by Mrs. E. Q. Warren. Miss Belinda Coates and Miss Mary Hitchcock, cousin and sister of the bride, sang "Because" and Miss Mary Nan Reed of Wichita Falls sang "O, Promise Me". Miss Sue Hogan of Denton presided at the bride's book.

The bride, given in marriage by her father, was attired in a one-piece dress of Chantilly lace, caramel in color, and featuring a sweetheart neckline, a fitted bodice with a flared skirt from the hip line. The skirt was finished at the bottom with a band of nylon tulle. Her half-hat and

slippers were of black velvet and she wore a rhinestone necklace. She carried a white Bible topped with a shower arrangement of white carnations and net. For something old she wore a brooch which belonged to Mrs. Warren's grandmother and she borrowed a white Bible from her cousin, little Betsy Ross. For something blue she wore a blue garter and slipped a penny in her shoe for good luck. Mrs. Pat Riley of Denton, former roommate at North Texas State College was matron of honor, and ring-bearer was little Miss Cathy Bilbrey of Munday, cousin of the groom. Gordon Gaines of Lubbock served as his brother's best man.

Immediately following the ceremony, a reception was held. The table was lace laid over pink and centered with an arrangement of pink and white asters and carnations with streamers of pink satin ribbon extending over the side of the table. The floral arrangement was flanked by burning white candles and the three-tiered cake, topped by a miniature bride and groom, and a silver coffee service. Mrs. Mil-

MR. and MRS. ROBERT HENRY GAINES

ton Bradberry, cousin the bride, served the cake and Mrs. J. M. Bradberry, aunt of the bride, poured coffee.

After a short wedding trip to Ruidoso, N. M., the couple will live in Denton where both plan to continue their studies.

Out-of-town guests were: Miss Hogan and Mr. and Mrs. Riley of Denton, Miss Reed of Wichita Falls, Mr. and Mrs. Gordon Gaines of Lubbock, Mr. and Mrs. Bobby D. Gaines and son and Mr. and Mrs. Bob Gaines of Fort Worth, Mr. and Mrs. J. B. Justice, Miss Peggy Coffman, Mrs. T. J. Trainham, Miss Janey Trainham, Miss Glenda Coffman, and Mrs. E. A. Coffman of Goree; Mr. and Mrs. M. L. Barnard, Mr. and Mrs. Glyn Bilbrey and Cathy, Mr. and Mrs. Hal Amer-

son, Lynn Reynolds, and Glenn Amerson from Munday.

Guests from Knox City were Mr. and Mrs. J. M. Bradberry, Mr. and Mrs. M. E. Bradberry and Johnny, Mr. and Mrs. Jim Ross and Betsy, Mr. and Mrs. Jim Huntsman and Cynthia, Mrs. Cecil Coates, and Mrs. Curtis Coates.

The bride is a 1952 graduate of Knox City High School, graduating with the highest scholastic record of her class. She served as majorette of the pep squad three years and cheer leader her senior year. She is a student of music at N. T. S. C.

Her groom is a senior student at the college, majoring in elementary education. He is a member of Phi Delta Beta fraternity.

were his wife's mother, Mrs. Viva Gipson of Miami, Texas and Sgt. and Mrs. T. E. Simon of Amarillo. Mrs. Gipson plans to stay with the Wiles awhile.

Mr. and Mrs. H. A. Caldwell of Holliday and Mr. and Mrs. Bill Miller of Oklahoma City spent Sunday with the Ferman Dows.

Mr. and Mrs. Pete Patterson of Dallas and Mr. and Mrs. Bill Russell and little son visited the Lorán Pattersons recently.

Mr. and Mrs. Joe Ed Sweatt and family of Wichita Falls, Mr. and Mrs. Bobby Thornhill of Seymour and Mr. and Mrs. Robert Nix of Seymour spent Sunday at the girls' parents, the Henry Pattersons.

Mrs. Jake Feemster, June and Janis and Mrs. Mae Murphree spent Friday in Wichita Falls.

Mr. and Mrs. Puttard Boyd came home from their stay in Colorado Sunday.

Mrs. Rube Richards and Jan have returned from a visit with the Hardy Richards in Venita, Oklahoma.

The Therman Stout family of Haskell spent Friday with Mrs. Stout's sister, Mrs. Clyde Couch.

Holiday visitors at the W. E. Peddy home were the Buster Peddys and J. C. Shipman of Lubbock and the Orville Peddys of Munday.

George McNeil and Lucille McLaughlin and daughter of Cleburn are visiting Mrs. Gertie McNeil.

Aubrey Nichols and family of Mineral Wells visited Mr. Nichols and Cloris Arnold last Sunday.

Mr. and Mrs. Carlton Struck and children visited in the A. C. Nichols home at Hobbs, N. M., last week.

Earl Struck and family of Munday and Mrs. Erma Jean Beachamp and boys spent Sunday at Mrs. Cloris Arnold's.

Rev. and Mrs. Cole had as Labor Day week end guests their sons, Mr. and Mrs. Hoyt Cole of Abilene and Mr. and Mrs.

Hardy Cole and son of Hereford.

Mrs. Pearl Russell of Eunice, N. M., and Mrs. Johnnie Shelton of Houston visited their mother, Mrs. Mattie Russell and Maurice and Evelyn, Sunday.

J. Winston Feemster and Clifford Roberson went with Bobby to get his combines in Colorado.

The Joe Wayne Roberson family visited in the Clifford Robinson home over the week end.

Some of the readers will be interested in knowing the Ralph Bedells are entertaining a new daughter, Mrs. Hoyle Sullins is with them at this writing.

Mr. and Mrs. Levo Kinnibrugh and Mr. and Mrs. Bob Hamilton (nee Lanell Horn) attended the rodeo at Dublin Thursday through Saturday.

Recent guests in the J. A. Kinnibrugh home were Mr. and Mrs. Loyd Crownover and son of Graham, Mr. and Mrs. Sylvain Kinnibrugh and girls and Mr. and Mrs. Orville Kinnibrugh and daughter of Floydada.

The Clelan Russels have moved into the Collier home and the Neil Wiskurs are moving into the Russell house on Mrs. R. E. Hughes' place.

Mrs. Don Robbins, Mrs. Carl

Coulston and Benny Carl spent Tuesday in Wichita Falls.

Company in the Buster Jackson home Sunday were Mr. and Mrs. Herb Snider and girls of Tulsa, Okla., and the Loyd Snider family of Seymour.

Mr. and Mrs. Buford Hailey visited in the J. A. Fuller home Sunday.

The Ralph Archers of Rockwell are visiting the J. O. Archers.

Reuben Richards and family attended the Holder family reunion at Goree last week.

The Bill Townsends shopped in Wichita Falls last Friday.

Mr. and Mrs. Thurman Allen and Theo of Jacksboro spent the week end here.

Mrs. L. O. McNew of Lamesa and Aline Smith of Eunice, N. M., visited Mrs. J. N. McGaughey last week. Mrs. McNew is a sister of Mrs. McGaughey.

Week end visitors in the Ed Allen home were Mr. and Mrs. Roy Allen of Jacksboro and Mr. and Mrs. J. K. Sweatman and Joyce of Bryson.

The Donald Reeves family of Brownwood visited with Mr. and Mrs. George Hughes and Quel and Addie over the week end.

Beecher Peek and daughter, Bettie, and family of Littlefield spent the week end with his parents, Mr. and Mrs. J. O. Peek.

Mr. and Mrs. J. C. Watson attended a family reunion of Mrs. Watson's family in Lampasas last Sunday.

Jack Stewart returned home last week from Albuquerque, N. M., where he attended the funeral of his brother, Bruce Stewart, who was killed in an accident while trucking logs in northern New Mexico.

Winfred Harper, who has just returned from Nigeria, West Africa, where he is Baptist missionary, visited his uncle, Cliff Moorman, here the past week enroute to Lubbock and other points on the plains where he has speaking engagements.

Allen Bingham of Littlefield visited his grandmother, Mrs. J. T. Lawson and other relatives here Wednesday.

John Wayne Harris of Abilene spent the week end with his family, Mr. and Mrs. John Harris.

Mr. and Mrs. Sam Hampton, Mr. and Mrs. Rebus Guess and Mrs. Etta Chamberlain attended a postal meeting in Haskell Tuesday night at the magazine club.

The Goree Cemetery Association will meet Monday night, September 14, at the memorial building in their regular meeting.

NEWS FROM VERA

Peggy Ruth Knight, bride-elect of Raymond Carroll of Wichita Falls, was honored with a shower in the home of Mrs. Carl Kuchan, Monday. They will be married September 11 at Iowa Park.

Labor Day week end guests in the Tom Russell home were Mr. and Mrs. Lee Haymes of Munday and little Rusty Haymes of Odessa. Rusty was accompanied by his parents, Mr. and Mrs. Mac Haymes.

Mr. and Mrs. Wesley Trainham entertained the Matrons Club with a 42 party Saturday night.

Mr. and Mrs. Lee Feemster spent Sunday in Abilene with the Lee Wayne Feemsters and the Pierce Rodgers.

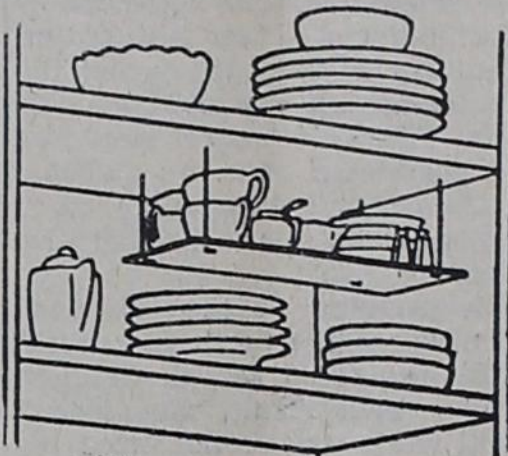

Vera's first football game will be played Thursday night at Odell. Good luck boys. Skating nights have been changed to Tuesday and Saturday at the school house.

L-Hook Shelves

WASTE space between shelves in a kitchen cabinet may be utilized by the installation of simple hanging shelves on which small items such as cups and saucers, salt and pepper shakers and bric-a-brac may be stored.

Usually small in size due to space limitations, these shelves ordinarily are from six to eight inches wide and from twelve to twenty inches

long. Make them from Masonite quarter-inch tempered hardboard.

Insert long L-shaped hooks through drilled holes in the hardboard and then screw them into the shelf above. The hooks should be near the edges and at the corners of a shelf which is not longer than one foot. Intermediate hooks inserted mid-way on the long sides of the rectangle should be used if the length is greater.

Paint or enamel the shelves, as desired, using an undercoater and two finish coats.

The same principle of attachment may be used for other small shelves similarly located.

Mr. and Mrs. R. D. Atkeison returned last Saturday from a month's vacation in Colorado. They also visited the Yellowstone National Park before returning. They reported a very nice trip.

Visitors in the home of Mrs. G. P. Burns over the week end were Mr. and Mrs. Tom Walker and grandson, Ronnie, and Mrs. Cecil Cheek and Donovan, all of Fort Worth.

An urgent request is being made that all those having chairs in their homes from the school house to please return them as they are badly needed.

Cotton pulling is under way. The prospects for a bumper season are the brightest in several years, depending, however, on the availability of boll pullers.

USO clubs provide welcome haven for GI wives and children. Such services are supported by United Defense Fund through Community Chest and other united drives.

LOCALS

Mr. and Mrs. P. V. Williams were business visitors in Dallas last week.

Miss Charlotte Williams of Dallas spent the Labor Day holidays here with her parents, Mr. and Mrs. P. V. Williams.

Week end guests in the home of Mr. and Mrs. A. H. Mitchell were Mr. and Mrs. Michael Sloan and Sandra, Midland; Mr. and Mrs. R. L. Elliott, Jr., and

sons, Bobby and Dickey, Dahlart; Mr. and Mrs. N. L. Dickey, Mr. and Mrs. C. W. Price and Mr. and Mrs. Harry Berry, all of Baird.

Mr. and Mrs. B. C. Stork of Kress and Mr. and Mrs. J. W. Rowell and daughters, Joy and Shirley, of Plainview visited Mr. and Mrs. Louis Cartwright and

Mr. and Mrs. Al Cartwright over the week end.

Mr. and Mrs. George Conwell of Fort Worth came in last week to visit her parents, Mr. and Mrs. G. L. Pruitt, and other relatives.

Mr. and Mrs. M. L. Wiggins spent last week end in San Antonio where Mr. Wiggins attended the annual reunion of the 36th Division, meeting many of his buddies of World War II.

By JOHN C. WHITE, Commissioner
DEPARTMENT OF AGRICULTURE REORGANIZED

The first day of September marked the beginning of a new era for the Texas Department of Agriculture.

The day was the start of the state fiscal year and the time when the Department of Agriculture initiated its activities as a re-organized and re-vitalized farm agency.

The plan was made possible by House Bill 23, which received approval during the last legislative session. Among other things it calls for a closer integration of duties in the agency and the elimination of overlapping divisions. The first major step was the combining of seven divisional functions under three main heads below the administrative branch.

Re-grouping of the divisions was one of the measures specifically requested by department heads. As a result, the agricultural work was sectionalized under the Division of Marketing, Division of Seeds and Division of Horticulture and Plant Quarantine.

The reasons were simple and practical. Lines of authority now were clearly drawn. By doing away with a few high salaried positions, more money became available in the field where new men were badly needed. And the tightening up of divisions cut out a vast amount of duplicate paper work in the accounting sections.

But one of the greatest benefits derived from the reorganization was the elimination of a bottle-neck which hamstringed most state agencies—the technicality which prevents a field employee of one division from aiding in the work of another division during a rush season or emergency. Under the new plan, any field man can be switched to an area or job where he is most needed, regardless of the division to which he is assigned.

This one provision alone, will be worth many thousands of dollars to the department. And field operations are expected to

HOME FROM VALLEY

Mr. and Mrs. Don Boyles returned home last week from Harlingen and other points in the Rio Grande Valley, where Mr. Boyles had been buying cotton for the past few months.

Mr. and Mrs. L. M. Melton of Poolville spent the Labor Day holidays here with Mrs. Melton's parents, Mr. and Mrs. Jim Booe, and other relatives.

Mr. and Mrs. C. C. Brown, who has been at Samnorwood during the summer, returned to Munday last week to resume their duties in the Munday Public Schools.

DEAR PARENT:

It is now possible to insure every pupil against accidental injuries, which occur during school hours, while participating in school sponsored and supervised activities either away from school premises or after school hours, or while going directly to or from school. This includes all physical education, playground, shop or other school activities except interscholastic athletics which must be insured separately.

THIS POLICY WILL PAY UP TO \$500.00 for medical, surgical and nurses fees, and hospital charges, with a limit of \$50.00 maximum for dental injuries. IT ALSO CONTAINS A \$1,000.00 ACCIDENTAL DEATH BENEFIT.

THE COST IS ONLY \$1.00 (One Dollar) per student for the entire school year 1953-1954.

This is your opportunity to provide important protection for your child.

Activities of The Colored People

Regular services were held at Friendship C. M. E. Church last Sunday. The pastor, Rev. W. M. Standbury was reassigned here after attending the annual conference recently held in Abilene. Dean Harris of Hardin-Simmons University in Abilene, brought the afternoon message at West Beulah Baptist Church last Sunday.

Pastor Y. B. Brooks was at his post Sunday at the Church of God in Christ. Service was grand.

Mrs. Elnora Hendrix left Sunday for Fort Worth to visit her son and family.

A surprise birthday party was given last Wednesday night in the home of Mr. and Mrs. Gus Johnson honoring Mrs. Charity Lee Cherry and Mrs. Elnora Hendrix. The surprise was given by Mrs. Aline Johnson and Mrs. Rosetta Sanders. Ice cream and cake were served to eighteen or more, after which lovely gifts were presented to the honorees. Over seventy children enrolled

in Dunbar school last week.

Last Saturday night a "Back to School" party was sponsored by the teachers. Thirty-five children enjoyed games, music and singing. Refreshments were served.

One of the most enthusiastic meetings of the P. T. A. was held Monday night. Miss A. D. Gray, sponsor, gave a comprehensive outline of the objectives set for our goal this year. We are working now to buy linoleum for our school kitchen.

On Sunday, September 13, the P. T. A. will sponsor a tea at the school from 4 to 7 p. m.

James Draper and son, Wayland, of Levelland were Saturday guests in the home of her sister and husband, Mr. and Mrs. Kirby Fitzgerald.

Mr. and Mrs. Kirby Fitzgerald and Mr. and Mrs. H. C. Draper of Phoenix, Ariz., visited in Jacksboro last Sunday.

Sunday guests in the home of Mr. and Mrs. Lee Haymes were Mr. and Mrs. Donald Jolly and sons of Muskogee, Oklahoma.

Kay Waheed was a business visitor in Post last Monday.

LOCALS

Guests in the home of Mr. and Mrs. Bob Guffey last Saturday night were Mr. and Mrs. Don Collins and Mr. and Mrs. Elbert Stevens of Biloxi, Miss., Mr. and Mrs. W. C. Collins of Haskell, Mr. and Mrs. Raymond Carden and Billy and Mr. and Mrs. Howard Thompson.

Mr. and Mrs. Joe Massey of San Antonio, Mrs. Frank Lamier, Mrs. J. D. Martin and daughter of Aspermont visited their aunt, Mrs. Emily Carden, last Monday afternoon.

Mr. and Mrs. Lon Moore and daughter of Denton were guests in the homes of Mr. and Mrs. Don Wardlaw and Mr. and Mrs. Toby Lane during the week end.

Week end guests in the home of Dr. and Mrs. A. A. Smith were Mrs. W. H. Stevens, Mrs. Irene Rives and son, Cecil Ray, of Houston and another son, Staff Sgt. Bob Rives, who has recently returned from Alaska where he has been stationed the past two years.

Mr. and Mrs. Leland Hannah and Charlotte were visitors in Dallas last Sunday and Monday. Mr. Hannah attended the gift show.

Tom Morton visited relatives in Lubbock last Monday.

Mr. and Mrs. Clifford Brock and Sandra Kay and Mrs. Mary Welch of Fort Worth were holiday visitors in the home of Mrs. F. T. Jarvis.

Mr. and Mrs. Ralph Watkins and Rene of Wichita Falls were Sunday guests in the home of her parents, Mr and Mrs. W. E. Reynolds.

Mr. and Mrs. Plummer Edwards and son of Abilene were Sunday guests in the home of Mr. and Mrs. A. E. Richmond.

Week end guests in the Herschel Cowan home were Mr. and Mrs. Bill Dingus and daughter of Pampa.

Mr. and Mrs. Mac Haymes and son of Odessa were guests in the home of Mr. and Mrs. Lee Haymes during the week end.

Mr. and Mrs. Charles Moorhouse were visitors in San Angelo several days last week.

Mr. and Mrs. Charles McCauley were week end guests in the home of Mr. and Mrs. Clyde Winans in St. Lawrence.

Miss Lou Campsey of Abilene was a week end guest in the home of her parents, Mr. and Mrs. S. B. Campsey.

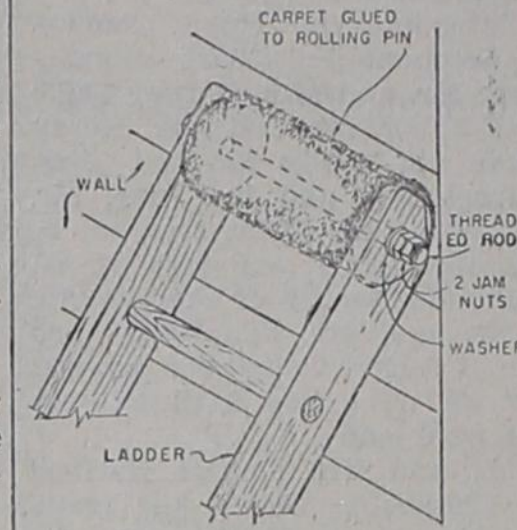

David Eiland visited Chubby Stevens and other friends in Lubbock over the Labor Day holidays.

For Protecting Walls

ANOTHER use for an old rolling pin is illustrated by courtesy of the professional builders' magazine, *American Builder*.

The rolling pin has been installed at the top of a ladder to be used

in painting a house. It has been covered with a piece of carpeting glued in place.

Other operations required to make this improvement, which simplifies the moving of the ladder and prevents scratching the wall, include the drilling of a hole through the center of the pin, lengthwise, and the insertion of a long threaded rod or bolt. Washers and jam nuts are then attached to hold the rolling pin firmly in place.

Mr. and Mrs. J. W. Rowell and daughters of Plainview were week end guests in the home of his uncle and aunt, Mr. and Mrs. C. C. Jones.

Miss Peggy Clough of Fort Worth spent the Labor Day holidays here with her parents, Mr. and Mrs. Dee Clough.

Mr. and Mrs. Sargent Lowe were business visitors in Dallas the first of this week.

R. Q. Williams of Newcastle visited his sister and husband, Mr. and Mrs. Bob Jarvis, last week.

Mr. and Mrs. Kenneth Phillips of Dallas spent the Labor Day holidays here with his mother, Mrs. Ellie Phillips, and with her parents in Goree.

Mr. and Mrs. B. C. Coffman and children of Fort Worth spent the Labor Day holidays with relatives in Goree.

Burnice Bowden visited relatives in Fort Worth over the week end.

DRIVE IT! PRICE IT!

Then Compare The Deal!

GENERAL MOTORS LOWEST PRICED BUILT

Even a picture tells you a great deal about Pontiac's beauty, its long lines and substantial feel. But the best way to appreciate what makes Pontiac such a great value is to get behind the wheel and drive it. Then you'll know you have a real performer in hand. Pontiac always responds with eager, ready-to-go high-compression power—more than any highway will ever require. For all normal driving, the engine can loaf—one reason why Pontiac

leads such a dependably long life.

There's a great deal more to the Pontiac story: ease of handling, beautiful Dual-Streak styling, roominess, comfort and luxury. And there is Pontiac's PRICE—actually just a few dollars above the very lowest-priced field!

So come in now and drive Pontiac, price Pontiac, compare Pontiac! We're confident that you'll quickly agree that Pontiac is your best deal!

Dollar for Dollar you can't beat a

YOUR COTTON

IS YOUR MOST VALUABLE CROP THIS YEAR!

So when you gin it, give it the care you know it will receive at a Paymaster gin.

We invite you to gin with us this season. Whether you have ten acres or 400 acres in cotton, you may be assured that every bale ginned at a Paymaster Gin will receive the most careful attention.

Our gins have been thoroughly reconditioned in preparation for the ginning season. You can depend on us for the same competent service you have received in the past.

With the ginning season now upon us, we want to assure you that our Munday plant, as well as all others in the district, has been made just as modern as possible.

Through our years of ginning experience, we offer you every service possible to render with modern and up-to-date gins.

Wherever you farm in this area, you will find a Paymaster Gin near you—and ready to serve you.

Whether you sell your cotton outright when it is ginned—or if you want to put it in the loan—we will have these services available for you.

H. A. PENDLETON, Dist. Mgr.

Weinert Couple Celebrates Golden Wedding Anniversary Last Sunday

The golden anniversary of Mr. and Mrs. M. L. Raynes, Sr., was observed Sunday afternoon from 2 to 5 in the home with a lovely tea given by their children. Mr. and Mrs. Raynes received guests. The registry table was presided over by Roberta Raynes and Beth Raynes Tayntor, granddaughters. The registry table was decorated with an arrangement of yellow roses in a circle centered with two golden circles representing wedding rings, which were linked together with the golden numerals "50". (Mrs. Raynes wore a white orchid on a golden lace background.) The daughters and granddaughters wore shoulder corsages of yellow roses. The refreshment table

was laid with an ecru lace cloth over a green underskirt. Centering the table was a white three-tiered wedding cake bearing the gold numeral "50". Atop the cake were two golden wedding rings tied together with golden wedding bells and golden ribbon. Perched on the sides of the circles were tiny white frosting "doves". A ring of yellow roses and carnations surrounded the cake. Extending from the centerpiece were gold lace streamers lined with green bearing the names "Mary" and "Mike" and the dates, 1903 and 1953 in gold letters. The daughters presided over the table from which guests were served frosted punch from a crystal punch service at one end and coffee from a silver coffee service with cake at the other. Napkins were inscribed with the names of the honorees in letters of gold.

Gifts were displayed in the entertainment rooms which were decorated with yellow roses and carnations; at different points of interest. Piano music was furnished by Mrs. Felton Raynes, Munday. All of the Raynes' children were present. They were: Mr. and Mrs. M. L. Raynes, Jr., Munday; Mr. and Mrs. R. W. Raynes, Weinert; O. C. Raynes, Fort Worth; Mr. and Mrs. A. L. Raynes, Fort Worth; Mr. and Mrs. I. E. Stephens, Fort Worth; Mr. and Mrs. L. B. Roberts, Seminole; Mrs. T. M. Price, Odessa; Mrs. R. H. Muntzert, Marysville,

Kansas; Mr. and Mrs. George Muntzert, Munday. Twenty-two grandchildren and one great grandchild attended.

Friends: Mr. and Mrs. Ed Gates, Mrs. W. A. King, Mrs. R. H. Jones, Mr. and Mrs. Everett Medley, Mr. and Mrs. Elmon Flenniken, Mr. and Mrs. Virgil Yost, Mr. and Mrs. Raymond Mathison, Mrs. William Gilbreath, Mrs. Dorse Collins, and Stacia, Mrs. W. L. Johnson, Mr. and Mrs. T. H. Clark and children, Mr. and Mrs. John R. Rayburn and daughter, Mr. and Mrs. C. C. Moorman, Mr. and Mrs. Nick Carter, Mr. and Mrs. Fred Lain and Joan, Mr. and Mrs. Gus Brown, Mr. and Mrs. Leonard Alexander, Mr. and Mrs. J. O. Bowden, Mr. and Mrs. J. A. Driggers, Mr. and Mrs. Henry Vojkufka, Mr. and Mrs. R. L. Edwards, Mr. and Mrs. C. V. Ashley, Mr. and Mrs. W. B. Guess, Mrs. Neil Mathison.

Hamilton County Farmers Up Yields Through Soil Tests

The cost is small. The returns large for two Hamilton County farmers who followed the fertilizer recommendations given them by M. K. Thornton in charge of the Soils Testing Laboratory of the Texas A. & M. College System.

The two farmers, Edgar Sparks and Jack Cates reported to Hamilton County Agent E. R. Lawrence outstanding yields of oats from the fertilized fields on which soil tests had been made before the plant food was applied.

Sparks reported a weighed yield of 79 bushels of oats on an acre from the field on which he applied 100 pounds of ammonium nitrate an acre. The adjoining field which was not fertilized produced 37 bushels of oats an acre. That, by simple arithmetic, is five bushels an acre more than double the unfertilized yield and a mighty good return on the dollar spent for soil analysis and the 100 pounds of ammonium nitrate.

Cates used 100 lbs. of 14-14-0 fertilizer an acre on one field and reports the yield as a third

higher than for another field which received no treatment. Both, according to Lawrence, are well pleased with their "feeding the soil according to its needs" demonstration.

Thornton, who is also agricultural chemist for the Texas Agri-

cultural Extension Service, reminds farmers that now is the time to submit samples to the laboratory from the fields where small grain and legumes or pasture crops will soon be planted. "Don't wait," says Thornton, "until seeding time to begin thinking about getting a soil analysis. Submit samples now while the laboratory is not too busy. The analysis along with recommendations on how best to

handle the field will be available for use before planting time."

And as a final reminder Thornton says all county agents have detailed information on the procedure for taking and mailing soil samples.

Mr. and Mrs. Clinton Allen and family of Amarillo spent the week end here with Mrs. Allen's mother, Mrs. Nell Campbell, and other relatives.

Missing Chapters in the Schoolbooks

A high-school teacher writes us: "Please send me 50 copies of your booklet, *Adventures Inside the Atom*, for use with my students." Another wants material on new inventions. Or booklets on jet planes.

New things happen in science faster than textbooks can be revised.

New words puzzle our ears and eyes before these words are in dictionaries . . . atomic-pile reactors, silicones, jet engines with "afterburners," UHF television. Some problem for teachers, that.

Last year over 100,000 letters from schools hit our desks at General Electric asking for things in print on "what's new."

Just to give you an idea of how this adds up, one booklet, *Adventures Inside the Atom*, has been requested to the tune of five million copies since 1948.

Adventures in Jet Power, also handled in comic-book treatment, has since 1946 gone into eight printings.

This may surprise you: a new booklet, *Why Study Math?*, will run over a million copies this year. (It answers that question Junior is always raising.)

Nobody is happier than we are to know teen-agers have a lively appetite for what's buzzing in the world around them.

After all, whether they know it or not, our young people in school today will be the scientists and engineers of tomorrow. They can't know too much.

You can put your confidence in

GENERAL ELECTRIC

You're "sitting pretty" behind the wheel

Take this Bel Air model. First thing you'll notice is the quality of the interior. Rich-looking appointments. Roomy seats with foam rubber cushions. Turn the key to start the engine and you're ready to go.

You can see all around

You look out and down through a wide, curved, one-piece windshield. The panoramic rear window and big side windows provide a clear view in all directions.

And it's the lowest-priced line

A demonstration will show you that Chevrolet offers just about everything you could want. Yet it's the lowest-priced line in the low-price field.

Biggest brakes for smoother, easier stops

An easy nudge on the pedal brings smooth, positive response—right now! Chevrolet's improved brakes are the largest in the low-price field.

I figure this demonstration saved me many hundreds of dollars!

I expected to pay that much more for a new car until I discovered I was better off in every way with this new Chevrolet!

Let us demonstrate all the advantages of buying a Chevrolet now!

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

You get greater getaway with the new Powerglide*

A lot finer performance on a lot less gas. That's what you get with the new Powerglide automatic transmission. There's no more advanced automatic transmission at any price.

You get more power on less gas

That's because Chevrolet's two great valve-in-head engines are high-compression engines. In Powerglide* models, you get the most powerful engine in Chevrolet's field—the new 115-h.p. "Blue-Flame." Gearshift models offer the advanced 108-h.p. "Thrifty-King" engine.

It's heavier for better roadability

You're in for a pleasant surprise at the smooth, steady, big-car ride of this new Chevrolet. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.

BOY! WAIT 'TIL I GROW UP!

Five-year-old John Dwight Cervin gazes rapturously at Chrysler Corporation's advanced-design "idea car", the C-200, and gets some ideas of what he will be able to do when he is eligible for a driver's license. The hand-built car is a feature of Chrysler's touring automobile show, "New Worlds in Motion", which has visited 31 cities in the past two years. A million-dollar styling and engineering exhibition, the show is composed of over 100 separate displays which demonstrate the principles that make a modern car tick.

Shivers To Open Texas Prison Rodeo

HUNTSVILLE — Governor Allen Shivers will for the fifth consecutive time officially open the annual Prison Rodeo here, Sunday, October 4th.

French M. Robertson, Texas Prison Board chairman, announced the Governor's acceptance of the Texas Prison Board's invitation and declared that opening Sunday of the big prison show, now in its 22nd year, would be designated as Governor's Day.

Members of the Texas legislature have also been invited to attend the October 4th ceremonies as guests of the prison management and a large number are expected to be on hand when the world-famed rodeo is opened.

Mr. and Mrs. C. P. Baker spent from Saturday until Monday in Texarkana and Garland, Ark., where they visited their son, Charles, and family.

Lt. Kenneth Baker of Camp Chaffee, Ark., spent last week here with his parents, Mr. and Mrs. C. P. Baker, and other relatives.

Mrs. E. E. Worley of Whittier, Calif., has been visiting in the home of Mr. and Mrs. E. J. Brazell the past week.

Miss Marguerite Hammett of Abilene spent the week end here with her parents, Mr. and Mrs. G. B. Hammett.

Mr. and Mrs. Joe Bailey King and Mrs. A. E. Womble visited relatives in Dallas from Sunday until Wednesday.

Miss Peggy Morrow of Abilene spent the week end here with her mother, Mrs. Freddie Morrow, over the week end.

Mr. and Mrs. Joe Lane, Mrs. Joe Bowley, Miss Peggy Armstrong and Miss Billie Tuggle were business visitors in Haskell last Saturday.

Mr. and Mrs. C. D. Hopkins of Artesia, N. M., spent Saturday night in the Lee Haynes home.

The next meeting will be held September 23rd in the home of Mrs. Joe Patterson.

MUNDAY H. D. CLUB MEETS ON WEDNESDAY

The Munday Home Demonstration Club met September 9 at 2:30 p. m. in the home of Mrs. John Peysen. The house was called to order by Mrs. Lain. The minutes were read and the roll called and answered with a helpful hint.

A council report was given by Mrs. Peysen. Plans were made to have a family picnic on September 17 at 7:00 o'clock at Mrs. Joe Patterson's.

The next meeting will be held September 23rd in the home of Mrs. Joe Patterson.

LOCALS

Airman 3rd Class Don Collins and Mrs. Collins of Biloxi, Miss., spent the week end with her parents, Mr. and Mrs. Bob Guffey, and other relatives and friends.

Mr. and Mrs. C. D. Hopkins of Artesia, N. M., spent Saturday night in the Lee Haynes home.

Miss Patsy Morrow of Abilene is a guest of her mother, Mrs. Freddie Morrow, over the week end.

Mr. and Mrs. Joe Lane, Mrs. Joe Bowley, Miss Peggy Armstrong and Miss Billie Tuggle were business visitors in Haskell last Saturday.
