Champs Blast Hope of Stamford Steers In Hectic Contest

Coming from behind in the sixth inning the Champs Sunday afternoon blasted the hope of the Stamford Steers as contenders for the first half of the Wichita Valley league. Hambright, who went all the way for Munday, got away to a bad start and for a time it looked as if the hard-hitting Stamford aggregation would force his retirement. However, he got his bearings after the fourth inning and held them scoreless thereafter, while the visitors used four of their hurlers in an effort to check the slug-fest the Champs staged.

A feature of the game was a three-base hit by Hambright over center which was stretched into a home-run when the Stamford outfielders failed to return the ball promptly, and the two-base hit by Kuhler, which put Munday's scoring machine into action.

Family Reunion At W. S. Bailey Home

Observing an annual custom, the children and grandchildren of Judge and Mrs. W. S. Bailey gathered at the Bailey home on Sunday and a sumptuous dinner was spread and served buffet style. Those enjoying the event included Mrs. Lee Newsom of Abilene, Mr. and Mrs. Forrest Brown of Vernon, Mr. and Mrs. Bryan Bailey of Wichita Falls, Mr. Ethel of San Angelo, Mr. and Mrs. W. C. Newsom and son of Clayton, New Mexico, Mr. and Mrs. Max Williams, Mrs. R. L. Wood and daughter and Mr. and Mrs. Hoyt Pool of Abilene, Miss Maxine Newsom and Mr. and Mrs. Harry Williams of Munday.

SENATOR BEN G. ONEAL

Senator Ben G. Oneal Outlines Activities of His Term in Senate

Senator Ben G. Oneal of Wichita Falls, who is serving his first term in the Senate, and who some time ago announced his candidacy for the democratic nomination for a second term, asks The Times to give his statement herewith to the people of the 23rd Senatorial District composed of Knox, Harlan, Ford, Wichita, Wilbarger, Young, Archer, Clay and Baylor counties.

Senator Oneal in the comparatively short time he has served in the Senate, has won the respect and confidence of that body and has come to be recognized as one of its able members. Although serving his first term he has been made Chairman of the important Committee on Constitutional Amendments, Vice-Chairman of the Committee on Stock and Stock Raising and of the Committee on Public Lands and Land Office. He is a member of seven other committees, including that on State Affairs to which more important legislation is referred than any other committee.

The Senate has honored him and manifested its confidence in his ability by selecting him in 1933 to represent that body in the Interstate Legislative Assembly, a conference composed of a member of the Senate and a member of the House of Representatives of each State Legislature. He was again selected to represent the Senate in 1934. Also he is a member of the Interstate Commission on Conflicting Taxation which was created by the Interstate Legislative Assembly to make a study of the double taxation placed upon the people and the industries of this country by the Federal Government and the State Governments.

Senator Oneal was one of the first members of the Legislature to begin work for reform of court procedure in criminal cases so as to make the punishment of criminals swifter, more certain and less expensive to the taxpayers who have to keep up the courts.

He is one of the outstanding advocates of economy in the Senate. He believes, however, in liberal support of the public schools.

Senator Oneal has had no other purpose than to represent the interest of the people of this district and of the State of Texas. He has accepted no retainer's fee or other employment from any utility or from any other corporation or person interested in pending legislation. He favors requiring all members of the Legislature to state their connection with and employment by any corporation, company or individual interested in pending legislation.

Members of the Legislature are paid only during a session of the Legislature, but Senator Oneal has not on an account of that fact failed to keep in touch with the needs of the 23rd Senatorial District. At his own expense and time between sessions he has informed himself on the conditions of the district. Many of the citizens of Knox county will recall the visits that he made here to meetings of farmers and stockmen.

Senator Oneal's statement follows: Any person who has been a member of the Legislature and asks again to be returned to that body should be able to point to some accomplishment as a member of the Legislature which commend him to the consideration of the voters for such position. And while I ask for nomination for a second term based upon my entire record as your Senator, and not upon any single issue or single vote in the Senate, I desire to call your attention to some of the bills that I have been the

Co-operative Revival To Begin in Munday On Friday, July 8th

A co-operative revival will begin in Munday on July 8 under the leadership of Dr. Frank Fincher of St. Louis, Mo., according to an announcement made some days ago by Rev. C. A. Tucker, pastor of the local Presbyterian church. He will not ask any church, as such, to unite in this evangelistic campaign, but wants the co-operation of every Christian individual for the Christian uplift of the entire citizenship, and all churches of the community will be mutually benefitted by this revival.

Dr. Fincher and C. L. Mayes were students in Austin College at the same time, and citizens who have resided here thirty years or more will remember having heard him preach. In 1901 he was superintendent of Home Missions in the Presbyterian and at that time organized the local Presbyterian church. For the past fifteen years he has been general evangelist, holding meetings in the principal cities throughout the south.

Rev. Tucker expresses the hope that every co-operation will be given Dr. Fincher in the meetings here and believes that a great good will come to the entire community if the proper co-operation is given him.

Loftin Spoke Here Saturday in Behalf of Candidacy for State Senator

Ruben Loftin of Wichita Falls spoke here Saturday afternoon to a fair size audience in the interest of his candidacy for State Senator from the 23rd Senatorial district, and introduced here a unique plan to attract an audience, using a string band and loud speaker equipment to attract an audience to the city hall square.

In his address Loftin advocated court reforms and an elective highway commission.

Fort Worth Party To Visit Munday Tuesday Afternoon

A large delegation of Fort Worth business men will visit Munday on Tuesday afternoon en route home from the Texas Cowboy Reunion at Stamford, which they will visit in a body. They plan to reach Munday on their return trip at 4:55 Tuesday afternoon and will be pleased to meet as many business folks as is possible during their brief visit here, according to an announcement received from Chas. G. Cotten, manager of the Trade Extension Department of the Fort Worth Chamber of Commerce.

GROUND BUNDLES AND HEADS MAKE BEST GAINS

BENJAMIN, Texas, June 16.—More than double the gain per acre resulted from feeding ground bundles instead of whole bundles! Nearly double the return per acre of feed when bundles or heads were around for feeding!

These results were developed in a feeding test just finished on the League Ranch, at Benjamin, Knox County, Texas.

Raises Calves and Feeds

The League Ranch is one of the most efficiently operated outfits in West Texas. Calves bred there have been going into feed lots in Texas, Kansas, Oklahoma and Nebraska, making quick and low cost gains.

Makes Test With Ground Feeds

Last fall, Mr. Idol's attention was called to a feed mill similar to one that he had used when he was a boy. He decided to run a feeding test to determine the improvement that would be made by grinding feed into bundles and heads. He had the feed ground and the results were as follows:

This test showed:

1. The waste of feed if cans and sorghum crops were fed in the bundle.
2. The increased gain made by cattle fed ground feeds.
3. The increased income from the feed crops and from cattle fed with ground bundles or heads.

Edward K. Russell, Bone Dry Candidate, Pays Munday Visit

Edward K. Russell, Red River county farmer-stockman, and the only bone-dry candidate for the Governorship, was a visitor here Friday afternoon of last week and expressed regret that he could not speak here in the interest of his candidacy, but since there had been no arrangements made and but few people in town he decided to abandon the idea of making a talk here, but spent some time discussing his candidacy with citizens.

Mr. Russell charged that none of the other candidates are eligible to serve as governor of Texas because each of them is attempting to make prohibition an issue in the campaign and all have declared in favor of repeal with the exception of Mr. Allred, notwithstanding the fact that some of them have been elected as prohibitionists for years. He declared himself as being uncompromisingly opposed to repeal of the prohibition amendment and is also opposed to submission of the matter of repeal. Mr. Russell views the liquor question as a moral issue and states that as such there cannot and should not be a middle ground, as some of the candidates suggest.

Earl Pruitt Home Destroyed By Fire On Friday Morning

Fire of undetermined origin destroyed the home of Earl Pruitt in the south part of town about seven o'clock Friday morning. The Munday Fire Department answered a call to the residence but due to the fact that the city fire hydrants do not extend to that extreme portion of the city they were unable to combat the flames, and both residence and contents were totally destroyed.

The residence was owned by T. A. Bolt, who carried no insurance. Mr. Pruitt's loss was partially covered by insurance.

Haskell Races In Progress; Boosters Here Friday Morning

A caravan of automobiles bearing boosters for the Haskell Races arrived here on Friday morning of last week headed by the Haskell band, and after a concert on the square an announcement was made concerning the event by Walter Murchison.

The races started on Wednesday and will continue until Saturday, and many who enjoy the great sport will go over and witness the events during the emprise of the week.

Miss Ruth Baker is visiting relatives at Floydada this week.

SENATOR CLINT C. SMALL

Senator Clint Small To Speak Here On Friday Afternoon

Senator Clint Small will speak here at 4:30 Friday afternoon in the interest of his candidacy for governor, according to an announcement made Wednesday by Charles Hamilton, who is a boyhood friend of Senator Small, both of them having grown to manhood in Wheeler county, and Mr. Hamilton is an ardent supporter of Mr. Small. The speaking here will be on the city hall lawn and a cordial invitation is extended to everyone to hear him. Mr. Small made the race for governor in 1930 and made a most creditable showing despite the fact that at the time he was unknown outside the Texas Panhandle country.

Former Citizen of Munday Succumbs At Abernathy, Texas

The Times is in receipt of a copy of the Abernathy Weekly Review in which appears an account of the death there recently of G. P. Craig, 78, a former citizen of Munday. Mr. Craig and his family resided here for many years and were regarded as being among the most substantial citizens of the community. They removed to the Plains about fifteen years ago. Mr. Craig is survived by seven children. Mrs. Keava Russell of Winters, Hugh and Arlie Craig of Amarillo, Joe, Geneva, Irene and Philip of Abernathy.

J. D. Roberts Is Painfully Burned In Gasoline Fire

J. D. Roberts, 18, son of J. R. Roberts of this city, was painfully burned some days ago near Canyon, but late reports indicate that he is getting along nicely. Young Roberts was working with a combine and was in the act of filling a gas tank on the tractor at night. The explosion occurred when he struck a match to see how full the tank was. The victim and his brother have been students in the West Texas State Teachers College at Canyon the past year and are working in the harvest fields during the harvesting season.

Mrs. McGlothlin Called By Death

A telegram received Thursday afternoon by Glenn McGlothlin from his father, E. W. McGlothlin, announced the death of the latter's mother at her home at Mosquero, New Mexico. Mr. and Mrs. McGlothlin had gone to her bedside some days ago when informed that she was critically ill. Funeral services were to be held there Friday afternoon, the telegram said.

Important Meeting American Legion Thursday, July 5

Mart Hardin, post commander, Lowry Post No. 44 urges all members to be present at the next meeting to be held on Thursday evening, July 5, at which time officers for the ensuing year will be elected and other important matters disposed of.

CARD OF THANKS

We wish to extend our sincere thanks to our friends for the many offers of assistance and for the help given us upon the destruction of our home by fire.—Mr. and Mrs. Earl Pruitt.

Elaborate Plans Being Made For 4th at Rhineland

Much activity is in evidence about Rhineland in preparation for the big picnic on July 4. Carpenters are at work constructing stands, stalls and racks as well as a large outdoor dancing platform and provision is being made for ample shade. In fact, the citizens of Rhineland are leaving no stones unturned to make this one of the most enjoyable events ever staged in Knox county and they are expecting and making plans for a large crowd.

An opportunity will be given to the various candidates for county, district and state offices to present their claims to the voters, two separate periods having been assigned to the candidates, one at 10:30 a. m. and at 2:00 p. m., and already a number of candidates have announced that they would be present and make addresses.

Amusements that are being provided will include cat tracks, ducking stool, sack races, fat men's races, swimming matches, boxing and other forms of amusement. And, as has been stated before, there will be an abundance of good things to eat.

A booster trip is being planned for Saturday which will visit the various towns of this section headed by the Lone Star band, and the caravan will arrive in Munday about mid-afternoon Saturday, according to John J. Hoffman, who has given much of his time to making plans for the celebration and who extends the invitation of Rhineland to the citizenship of the county to come to Rhineland on the 4th.

Music Lovers Of Munday To Perfect Local Organization

Music lovers of Munday are urged to attend a meeting at the Baptist church on Friday morning at 9:30 for the purpose of perfecting an organization for those interested in music. The meeting is being called by Mrs. Joe Davis and other musicians.

50,000 People Are Expected to Visit Cowboy Reunion

Stamford, June 28.—Today found the first sprinkling of visitors drifting into Stamford in readiness for the opening Monday of the fifth annual round-up of the Texas Cowboy Reunion. Predictions are being made that 50,000 people will come to this little city in the heart of the old cattle country for three days representing an increase of 25 per cent over attendance of last year.

Local committees in charge of the various features of the reunion have completed arrangements for the comfort, convenience and entertainment of visitors and Stamford is better prepared than ever before to care for the enormous crowds who flock here each year. Over \$7,000 has been spent for improvements on the grounds.

The feature around which the reunion and its entire program is built is the assembling of the pioneer cowboys and cattlemen and keeping alive traditions and institutions of the old West. The oldtime cowboys have their

SCIENTISTS at work

The popular idea of a scientist is an old man with an absent-minded expression hunting through a microscope for something that wouldn't be any use if he found it.

I wish I could take every one of my readers through any of the great industrial laboratories with which I am familiar, and in which I have often watched scientists at work. One of them employs more than a thousand young men, each of whom has university Doctor's degree, in chemistry, engineering or philosophy, and has had to prove his ability to do original research work before he could get his job.

They are very far from being the doddering dodos which the public imagines men of science to be. They are as keen, human and interesting a group of men as I have ever encountered anywhere. Their prime purpose is to find ways to make the telephone work faster, better and cheaper. But as by-products of their discoveries such inventions as talking pictures, chain broadcasting, television and many other things have come out of that laboratory.

PROGRESS a look back

I have little patience with the common complaint that inventions and machinery have brought the world to ruin. Exactly the opposite is truth. Who would be content to go back, even to the days of my own boyhood?

I can remember when there were no telephones, no electric lights nor electric power, no airplanes, no motion pictures, no phonographs, no typewriters, no Portland cement, no bathtubs or plumbing to speak of, no gas engines, no automobiles, of course, and not even any bicycles. Wireless telegraphy and its offspring, radio broadcasting, were undreamed of; the dirigible aircraft was a romantic novelist's fantasy.

I could fill this column with products of the application of science by invention to serve humanity. I think the world is better off

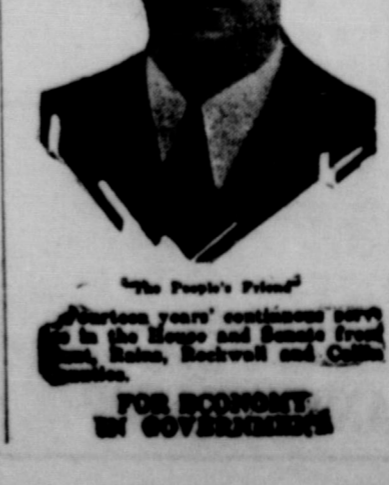

HEALTH life saver

I saw a notice posted in a New York subway car the other day in which the Health Commissioner pointed out that only 37 babies died in the big city of diphtheria last year, whereas several thousand died of it whereas several thousand died of it annually only a few years ago. Antiseptic has put an end to this massacre of the innocents.

One by one, in my own time, I have seen the scourges of mankind vanish under the advance of medical science. Smallpox, bubonic, yellow fever, malaria, typhus, typhoid, tuberculosis, scarlet fever, all the long list of diseases that took high toll of human lives when I was a boy, have been banished or are rapidly being conquered by the forward march of civilization and the steady advance in medical knowledge and public hygiene measures.

BORN IN TROUBLED TIMES

Jesus was much more tolerant toward heretical opinions than were any of His followers, either those of His immediate circle or those who have taken His name in later days. His attitude was set forth clearly on the day when one of His disciples came boasting that he had found a man doing good in His name and, since this man was an outsider and not of their own number, the disciple had forbidden him. He doubtless expected praise, but he met a rebuke.

Jesus said, "... Forbid him not; for he that is not against us is for us."

His was the broadest sort of invitation to fellowship, having no petty barriers of creed or formulae or ceremony. "He went about doing good." "Never man so spoke." These—His good works and His good words—are the things for which He wished to be remembered; they constitute the story of His life.

He was born in troubled times. In previous chapters we have traced the rise of the Jews from their beginning as nomadic shepherds to their glory as a nation under David and Solomon (about 1000 B. C.). We have seen the kingdom split into two parts, and the long sad years of bickerings, intrigues, foreign entanglements and decline, eventuating in the capture of Jerusalem and the exile of its leading families into Babylon.

In this running survey we have no time to trace the various re-establishments of the sacred city—though this means the elimination of some fine figures, such as Nehemiah—nor its various phases of destruction. The successive conquerors of the ancient world reached their climax in Alexander, who over-ran more territory than any of them and, worshipping as he was, died of dissipation in his early thirties in 323 B. C. Immediately his vast kingdom was broken up. That part of it which included Palestine came under the control first of Egypt in the days of the Ptolemies, who built the great library at Alexandria, translated the Old Testament into Greek in the version known as the Septuagint (work of seventy scholars,) and opened a home in Egypt for many thousands of Jews.

Egypt domination gave place to that of the sporadic Greco-Syrian kingdom, in which King Antiochus's most interesting figure to us, since his tyranny inspired the revolt of the Maccabees.

The Maccabean family, a heroic Jewish priest and his seven brave sons, began a war with no higher hope than that of dying for the faith, and they achieved the impossible result of winning the freedom of their country. Again a race of Jewish kings ruled in Jerusalem, this in the middle of the second century before Christ (about 150 B. C., as a rough easy date.)

SOMETHING NEW IN POLITICS
There is "something new under the sun." Over at Dallas a fellow by the name of George T. Baker has gone into one of the district courts and secured an order or permit to change his name to George Baker Terrell, which he enters as a candidate for state treasurer as Geo. B. Terrell.

Coming upon the retirement of Hon. Geo. B. Terrell of Alto, Cherokee county, as a member of congress-at-large from Texas, the Dallas man evidently hopes to gather votes for himself by taking over the name of this faithful public servant who is retiring from public service at the age of 74.

The degree with which he puts over his scheme will reflect the intelligence of the voters of Texas. It's something new in Texas politics, and should this candidate meet with any measure of encouragement at the polls there's no way to determine to what extent the good

names of other prominent men might be misused in the future. Texans have in the past voted for the Terrells, but will they vote for a synthetic Terrell?

SOCIETY

Mrs. Pitzer Baker Entertains

The cool morning hours of Wednesday was the time Mrs. Pitzer Baker chose for entertaining the Wednesday Bridge club. Summer flowers were artistically arranged and tables were placed for twelve members and guests. A refreshing plate of chicken salad, nut bread sandwiches, sweet pickles, coconut macaroons and iced tea was served to Mesdames T. G. Bengue, W. H. Atkinson, Joe Davis, R. D. Atkinson, W. H. Chapman, Chas. Mayes, Tom Haney, Oates Golden, P. V. Williams, H. A. Pendleton, Fred Broach, S. E. McStay, and Roy Baker of Knox City.

Munday Nite Club

Mr. and Mrs. Tom Haney were hosts to the Munday Nite club at their home Tuesday evening. High score was held by Mrs. H. A. Pendleton and Tom Haney. Refreshments of punch and cake were served to Messrs. and Mesdames H. A. Pendleton, Fred Broach, J. D. Kethley, Oates Golden and R. D. Atkinson.

Mmes. Farrington and Kethley Hostesses to W. M. S.

On Monday afternoon the Methodist W. M. S. met in the home of Mrs. W. P. Farrington with Mrs. J. D. Kethley as assistant hostess. The program was arranged by Mrs. P. V. Williams, vice-president. Mrs. S. E. McStay gave the devotional on World Sisterhood. Mrs. Lee Haynes gave the convention report and Mrs. Williams closed the program with an impressive thought on "Iodine Tests."

Mrs. H. A. Pendleton had charge of the business meeting after which a delightful social hour was enjoyed. Refreshments of angel food cake and punch were served to Mesdames S. A. Bowden, W. H. Atkinson, Austin Caughran, S. E. McStay, H. T. Maples, H. C. Hand, H. A. Pendleton, G. A. Craft, J. R. Smith, D. E. Holder, Pitzer Baker, M. F. Billingsley, G. R. Eiland, Lee Haynes, P. V. Williams, R. D. Atkinson, O. F. Greer and Miss Shelley Lee.

The auxiliary will hold its next regular meeting July 11 at the church, having the closing lesson of the Bible study. There will be only two meetings during each of the months of July and August.

Missionary Study in Morris Home

The Baptist W. M. S. met in the home of Mrs. Jake Morris in a business and social meeting with Mrs. Morris and Mrs. Chester Bowden hostesses. Devotional was led by Mrs. A. U. Hathaway, with closing prayer by Mrs. Clyde Nelson. After the business of the afternoon was disposed of refreshments of punch and wafers were served to Mesdames Leland Hannah, M. H. Reeve, W. H. Albertson, J. O. Bowden, Riley B. Harrell, C. R. Parker, Clarence Jones, John White, Clyde Nelson, J. M. Perdue, W. E. Reynolds and Mrs. Lancy.

Miss Louise Atkinson Entertains

Miss Louise Atkinson was hostess for two clubs this week, entertaining the J. U. G. club on Tuesday and the New Deal club on Wednesday. In the first group Miss Vivian Rogers held high score, and Mrs. Dorae Rogers scored high for the second group. Refreshments of frosted lime sticky with cake was served.

The J. U. G. club included Mrs. Joe Mayes, Mrs. Weldon Parker, Mrs. Rex Holder, Mrs. Carl Jungman and Misses Vivian Rogers, Jeanette and Dolores Campbell. Wednesday's New Deal club members present were Mrs. Dorae Rogers, Mrs. Jimmie Harpham, Mrs. T. E. Dickerson, Mrs. Jack Mayes, Mrs. J. D. McStay, Mrs. E. M. Roberts, Jr., Mrs. Ike Huskinson and Miss Madolyn Joines of Fort Worth.

Mr. and Mrs. O. L. Bradford of Bryson were recent guests in the home of Mr. Bradford's sister, Mrs. Ora Collins. They were accompanied home by Mrs. Collins and son, Dorae, who visited relatives at Marshall and other points, returning home Friday.

Mr. and Mrs. Ben I. Guinn returned home Sunday from Mineral Wells, where they spent several days.

Cliff Stodghill of Wichita Falls was a visitor in the home of his sister, Mrs. D. T. Mauldin, Wednesday night.

Mrs. Volley Foster, Mrs. Mae Perdue and daughter, Shirley, of Baird

were Sunday guests in the J. M. Perdue home. Shirley remained here for a week's visit with her father, Terrell Perdue, and other relatives.

Miss Thelma Atkinson left Sunday for an extended visit to New York, Boston and other eastern points, going via Galveston, sailing Wednesday morning. She will return by rail.

Mr. and Mrs. Pitzer Baker were weekend visitors at Floydada.

Mr. and Mrs. Jess Rhodes and daughter, Betty Carolyn, and Mr. and Mrs. L. M. Palmer will arrive Saturday for a few days visit with friends here.

Mr. and Mrs. E. W. McGlothlin left for New Mexico Tuesday in response to a message telling of the serious illness of Mr. McGlothlin's mother.

Mr. and Mrs. W. C. Newsom and son of Clayton, New Mexico, are guests this week in the home of Judge and Mrs. W. S. Bailey and other relatives.

Senator Ben G. Oneel Outlines Activities of His Term in Senate

(Continued from First Page)

author of or sponsored or have supported in the Senate during the comparatively short time that I have served there:

Economy in Government Without Reducing State Support of Public Free Schools

I have stood for economy in government and helped to reduce the general appropriation \$14,000,000.00, but with this reduction in the cost of government I believe in keeping the per capita appropriation for the public schools up to the \$16.00 per student. I also favor and voted for liberal appropriations for rural schools more nearly to equalize the advantages of the children in the distant rural sections with those in the larger schools.

Tax Relief

I am the author of and have supported a number of bills seeking to afford tax relief, some of which I give below.

I am the author of the substitute bill in the Senate giving the auto owners until the 31st of March of each year to pay their auto license fee. This law allowed the hard pressed auto owner this year to pay his license fee as late as March 31st without penalty, and provided that the payment for this year covered fifteen months; that is, to April 1, 1935.

I am the author of the split tax bill which permits the owner of property to pay his ad valorem taxes in two installments if he so desires, but lets him pay all at one time, as heretofore, if he prefers.

amendment combining the office of Tax Assessor and Tax Collector, and I sponsored in the Senate the bill combining the two offices under this constitutional amendment. This is another matter of economy.

Reform of Criminal Procedure and Apprehension of Criminals

Some time ago it became apparent to me that the criminal situation in Texas is such that reform in criminal procedure is imperatively necessary, and that the handling of the whole criminal problem needs methods of greater efficiency. In March, 1933, during the Regular Session that year, I and Senator Collie of Eastland, working together, introduced eight bills all of which had for their purpose reforming the code of criminal procedure to the end that criminals may be brought more swiftly to trial; that the punishment meted out to them may be more certain; and that there may be fewer reversals of convictions and thereby much expense saved to the taxpayers. We succeeded in getting favorable reports from the Committee on Criminal Jurisprudence on all these bills but by reason of the large number of bills on the calendar these could not be reached for final passage.

Again during the called session of thirty days this last February, when the Governor by message about the middle of the session had opened the way for the consideration of reform of criminal procedure, Senator Collie and I (this time joined by three other Senators) introduced again the eight bills. And again we procured a favorable report from the called session after the Governor submitted the question prevented the consideration of all but one of the bills. That one was passed by a vote of 24 out of the 31 Senators, but in the House it was defeated by some members who were opposed to the bill.

Not only does the code of criminal procedure need reforming but the method of apprehension and identification of criminals should be strengthened. The Associated Press in September, 1933, carried a notice that I would propose a bill calling for the establishment of a combined State Bureau of Criminal Identification and Detection, to be placed under the supervision of an expert in matters of criminology and to be given the support of all law enforcement agencies in the State, including the State Highway Patrol, Texas Rangers, Sheriffs and Constables and City Police; and providing for close connection to be maintained with the Federal Bureau of Criminal Identification at Washington, as well as with the Central Bureau of Identifi-

cation of other States. This improvement can be made at practically no additional expense by using existing governmental agencies.

The called sessions are limited by the Constitution to thirty days and the two since that announcement have been crowded with many measures and this subject has not been submitted to the Legislature, and for that reason I have not heretofore introduced such bill, but I propose to go fully into this matter and to press such bill for passage.

The criminal conditions in the State have become such that all of these reforms are urgently needed and I believe that with the beginning we have made, these reforms can be accomplished at the next Regular Session of the Legislature. The demands of the people for better protection from the criminal element have become so insistent since Senator Collie and I began work on these reforms that practically all the candidates for Governor and some for other state officers are now advocating these reforms.

Regulation of Utilities

I favor the regulation of utilities. Ever since I entered the Senate I have supported proposed laws for that purpose. I am taking space to mention some but not all of these bills.

It was on my motion in the Senate Committee on State Affairs, that Senate Bill 609, by Senator Loy (not a member of the committee) was reported favorably to the Senate with recommendation that it pass. This bill had for its purpose giving better regulation of gas utilities, and particularly gave aid to small incorporated towns and unincorporated places.

I supported and urged in the Senate passage of a House Bill having for its purpose prohibiting the ready-to-serve charge by gas utilities. I also supported in the Committee on State Affairs and tried to get a favorable report for passage in Senate a House Bill making pipelines transporting natural gas Common Carriers, and regulating them.

At the last called session I sponsored in the Senate House Bill No. 95 by Tennyson, for the better regulating utilities, and giving small towns and villages further powers over utilities, and particularly giving protection to towns owning their utilities. The Senate over my objection radically amended the bill. It went to Conference Committee between the Senate and House. I was one of the Senate Conferees. In the Conference Committee we restored the House Bill and I then procured the adoption of the House Bill in the Senate. This bill the Governor vetoed.

Old Age Pension

President Roosevelt in a message to Congress recently said that he is looking for a sound means which he can recommend to the next Congress to provide security against several great disturbing factors in life, among them destitution in old age, saying he believes this insurance should be national in scope but that there should be a maximum of co-operation between the States and Federal Government.

I shall favor the State of Texas co-operating with the Federal Government to the end that all the destitute aged may be properly cared for.

Oil

I stated in my announcement for the Senate when I was elected that the oil business is one of the main industries that has built up this section; that the condition of the oil industry affects almost the entire citizenship of the district. That condition is as true today as then. And I shall continue in the future as in the past to favor and vote for such measures in the Senate as will be to the best interest of that industry.

Prohibition Amendment

I shall vote to submit to the people of Texas a constitutional amendment for the repeal of statewide prohibition. If this amendment is adopted I shall favor careful limitations by law upon the method of handling or selling intoxicating liquors to the end that nothing like the old time saloon may return to Texas.

Publicity of Employment of Legislators

I favor a law requiring all legislative candidates to make under oath and file with their application for a place on the ballot and publish a statement of their corporate connections and employment; and further requiring each member of the Legislature to show under oath any and all of his employments either on a retainer fee or other compensation by any corporation, firm or person, interested in pending legislation.

I am not employed by nor connected with any corporation. I have not since I have been a member of the Senate received a retainer's fee or

been employed in any capacity by any utility or other corporation or concern or person interested in any legislation pending in the Legislature.

I have not since I was elected to the Senate sought to put any relative of mine on the payroll of any department of the State Government. So far as I know I have no relative on the payroll of any department of the State Government. I so reported under oath to the House General Investigating Committee, and the Chairman of the Committee in a letter to me to confirm my statement.

I make the foregoing statement merely as a fact and not to criticize any Legislator some relative of whom may be employed by the state.

Conservation

I expect to continue both as an official and as an individual citizen my best efforts toward saving and bettering for the younger and the coming generations the fishing and hunting and other outdoor recreations we have enjoyed, and conserving for them our natural resources.

I am deeply appreciative of the confidence the voters of the 23rd Senatorial District expressed in me when they elected me to the Senate of Texas.

In campaigning nine counties it will be impossible for me to see everyone, but whether or not I get to see you, I assure you and every one of you that I will appreciate your support and influence for a second term.

Firestone Shows Plantations at World's Fair

Few Americans, indeed, have seen rubber growing—that is why the Firestone Plantations, a new feature of the Firestone Factory and Exhibition Building, is attracting so much interest at the World's Fair this summer. Actual trees were brought from the Firestone

Plantations in Liberia, Africa. The liquid rubber is seen flowing from the trees. All of the steps in gathering rubber are shown and explained—tapping, the preparation mill, coagulation into solid rubber, sheeting, smoking, drying, and baling. To make it more realistic a

native village is shown in the background. Firestone this year has many new valuable and interesting exhibits, including the complete manufacture of the new Air Ballon Tires, which are turned out at the rate of 70 per day.

own association. They hold their meetings, elect officers and revive memories of pioneer days. They also gather around the chuck wagon each day, and are guests of the rodeo at the square dances which are held each night.

The cowboy rodeo is the principal feature of the entertainment and three performances will be held daily at the arena this year. The program also includes the judging of cowgirl sponsors from neighboring cities and towns on Monday morning, the old fiddlers' contest on Tuesday morning, the grand parade at 11 a. m. Tuesday and lesser parades on the other two days, dances at the cowboy pavilion each night and the square dances each evening at the new Pioneer Cowboys' headquarters building.

The rodeo performances will be held each day at 9 a. m., 2:15 p. m. and 8 p. m. Besides the usual cowboy contests in calf-roping, wild-cow milking, steer-riding and bronc-riding, the Texas Cowboy Reunion features a cutting-horse contest in which the cowboy has a chance to display the ability of his horse. A calf-topping contest for cowboys over 55 years of age and a steer-riding

contest for boys also attracts a great deal of interest each year. Educated horses, trick and fancy roping and clown stunts are also included in each rodeo program.

More than \$3,000 in prizes are being offered in the various contests, nearly twice the amount given in previous years.

Judges in the rodeo this year will be Frank Rhoades, Throckmorton, cattle inspector and past president of the old time cowboys organization; Jess Slaughter, sheriff of Howard county, cattleman and winner of the cutting-horse contest in the reunion last year; and Tom Hickman of Fort Worth, former captain of Texas Rangers and famous rodeo judge.

The substantial assistance of friendship is but practical Christianity, exemplified for your immediate relief when death comes to your home. Don't delay, see us before too late. Haskell-Knox County Burial Association, Haskell. It's growing daily.
