Tom Isbell Dies Following Heart Attack On Friday

The citizenship of this community was greatly shocked Friday evening with the announcement that Tom Isbell had succumbed to a heart attack at his home, and as sorrowing friends gathered at the home it was indeed difficult to realize that the life of this useful citizen had come so abruptly to a close, as he had been about town only a day or so before. Attending physicians attributed death to a heart attack.

Thomas Daniel Isbell, who at the time of his death was active vice-president of the First National Bank of this city, was a native of Knox County, having been born at Benjamin on December 15, 1887, at which time his father, the late Tom Isbell, was serving as Knox County's first sheriff. Both Mr. Isbell's parents were native Texans, his father having been born in Hopkins County in 1854, and his mother, whose maiden name was Amanda Ellen McCracken, was born in Dallas County in 1849, and they were among the early settlers in Knox County.

The senior Mr. Isbell died in 1906, while Mrs. Isbell passed away at Goree in 1922. After graduating from the Haskell schools deceased attended the Jacksboro Academy for two years and after leaving school was employed by the Alexander Store here. He was later employed by the First National Bank here soon after its organization and was associated with the bank for a number of years, resigning to enter the real estate and insurance business with his brother-in-law, C. L. Mayes. In 1924 they disposed of this business and Mr. Isbell went to Goree as president of the First National Bank there, where he remained until 1932 when that institution was merged with the First National Bank of this city and he returned to Munday as active vice-president of the institution.

Funeral services were conducted at the Methodist Church here Sunday afternoon with Dr. Gaines B. Hall, pastor of the First Presbyterian Church of Wichita Falls officiating, assisted by Rev. C. A. Tucker, pastor of the Presbyterian Church of this city, and long before the hour for the services the church building was filled to overflowing and many were unable to gain entrance to the building. Indeed friends came from all parts of Knox and adjoining counties to pay their tribute of respect to this good citizen, and the large concourse of sorrowing friends and beautiful floral offerings spoke mutely of the esteem in which he was held by those who have known him since childhood, many of whom were in the audience.

Pallbearers were W. E. Braly, John Ed Jones, M. H. Lee, Ray Taylor, G. E. Reeves, E. W. McGlothlin, W. H. Atkinson and C. A. Eiland. Funeral arrangements were in charge of R. G. Campbell.

He is survived by two sisters, Misses Maud and Fannie Isbell of this city, two nieces, Mrs. Guy Rutherford, of McCamey, and Miss Mary Daugherty of Fort Worth, and two nephews, Jack and Joe Lynn Mayes of this city.

We are joined by the entire community in extending our sincere condolence to the bereaved members of the family and can assure them that in his passing they have not only suffered an irreparable loss, but the community has lost one of its most useful citizens as well.

Burglars Make Big Haul From Peavy Station at Sunset

Burglars on last Friday night entered the R. O. Peavy store at Sunset and took merchandise to the value of approximately \$150, including a radio, a quantity of lard, syrup and other merchandise. Entrance to the store was gained by prying open the front door.

Sheriff Elliott was notified as soon as the loss was discovered and made an investigation, but no clues were found that might lead to the arrest of the guilty party.

It has been decided by the Board of Stewards of the Methodist Church that the church will not be permitted to be used for recitals and plays, in view of the fact that the furnishings and fixtures of the building have been damaged on numerous occasions. The building will hereafter be restricted to strictly religious and church services. We are compelled to take this action in view of the above.

More Than Sixty Tickets Are Sold For C.C. Banquet

More than 60 tickets have been sold for the annual Chamber of Commerce banquet scheduled for Friday evening at the Munday Hotel, according to Dr. E. M. Ammons, chairman of the ticket committee, and a number of additional tickets will be sold prior to Friday evening.

Dr. Ammons stated that those who have failed to procure tickets may do so at the banquet, and no one who wishes to attend need not hesitate because they have not procured a ticket, as additional plates will be provided.

Perry Browning, Wichita Sheriff, For State Senate

Tossing his cowboy hat and his pleasing personality into the political ring, Perry Browning, popular Wichita County Sheriff today announced that the majority of the people of this district willing he would occupy the seat in Senate Chambers at Austin as the official Representative of the 23rd Senatorial District of Texas following the Democratic primary in July.

Mr. Browning was elected Sheriff of Wichita County for two successive years with a landslide vote and the record which he has made stands as a monument to his campaign promise that business principles should govern a public servant.

"I have no pet laws to be enacted," Mr. Browning said, "and in this same connection I have at no time during my career represented any interests or clients which might have a bearing upon my decisions in any kind of proposed legislation."

"The New Deal as inaugurated by our esteemed President, in safeguarding the interest of the people rather than increasing the privileges of a special few has been crowned with such success that the same methods should be adopted in our State government. The time has come when the people must unyoke themselves and harness those who have been riding the wagon for so many years. I do not wish to infer that those favored few should be disregarded entirely, but what I wish to convey is that the interest of the common people, who comprise a majority of our state, should be given first consideration."

"Any legislation which will benefit a few to the detriment of many will be rigidly opposed by me, and only that kind of general legislation which will benefit a majority and be of value to the State as a whole will receive my support."

"Too many of our Representatives to the State Legislature Halls, by reason of their connections and clients have been forced to deal the cards from the bottom of the deck, and as your State Senator I promise you that at all times the cards will be dealt open and above board and from the top of the deck only."

"Any legislation which will assist in carrying out the program of recovery as outlined by our great national leader will receive my hearty endorsement, and my decision on all matters will be governed by sound business principles, such as I have attempted, during the past four years to put into effect in the administration of the affairs of the office of Sheriff of Wichita County."

"As a laborer, farmer, oil field worker, business man, and public servant, I feel that my past experience and my association with men in all walks of life have truly qualified me to serve you efficiently as your next State Senator. I have no hidden loyalties to cover with political bait, but seek this office strictly and alone upon the basis of an honest deal for all the people."

"I trust that it will be my pleasure to meet all the voters of this district, but since this is physically impossible I trust that you who read this announcement will give me careful consideration and go to the polls in July and vote for him whom you think is best fitted to represent you."

Sam Murphy and family of Brownfield and Ethel Murphy of Lamesa have been here the past week visiting in the home of their parents, Mr. and Mrs. W. F. Murphy and their brother, Lloyd Murphy. While here they spent a couple of days on Lake Kemp fishing with some degree of luck. Sam stated that Knox County still looked mighty good to him.

Dallas Business Men To Be Here Wednesday Noon

A special train bearing more than a hundred Dallas business men, representing the various wholesale concerns of that city, will visit Munday on next Wednesday, arriving here at 12:20 and remaining here until 1:05. The good will trip is sponsored by the Dallas Chamber of Commerce and the Dallas Wholesale Association, and will be accompanied by a band which will give a brief concert after marching from the train to the public square. J. C. Campbell has been appointed as chairman of the reception committee. No program has been outlined for the trippers to scatter among the business concerns of the city and visit the concerns with which they have business relations.

Prospects Good For Bigger Allotment For Knox County

In answer to telegrams asking that the years 1929 and 1930 be taken from the five years on which Knox County's tax-free cotton allotment is made, C. A. Cobb, Federal Cotton Administrator, and Marvin Jones, Congressman from this district, have assured us that all the facts and figures in the telegrams will be carefully considered before the county's allotment is made.

Should these years not be eliminated, the county's tax free cotton allotment would be about 22,000 bales. However, if these two years are not counted in compiling the figures on which to base the county's allotment, Knox County should get about 29,000 bales of tax-free cotton.

Champs Take 12-2 Victory Sunday Off Stamford Crew

The offerings of Stamford's mound artists seemed to be just duck soup for the Rinker twins, Foy and Coy, new recruits on the roster of the Champs Sunday afternoon at Stamford. The two lads hung up seven hits during the game, Coy, playing his first scheduled game with the Champs, came out with a batting average of an even thousand, having emerged with a double, a triple and three singles which isn't so bad for a beginner.

But it seems that all the lads were hitting above par, or at least a majority of them were, for "Lefty" Hambricht was credited with three hits out of four times at bat, and the lad's left wing must be working just totable well.

Ross Bates May Enter Race For Seat In Congress

Friends of Ross Bates in Knox and other counties of the 13th Congressional district have started a move to put him in the race for the place now held by Hon. W. D. McFarlane of Graham.

When approached on the subject Monday, Mr. Bates was not ready to state definitely whether he would enter the race. Before coming to any decision, he will confer with other friends. He will likely have a definite announcement to make some time soon.

Mr. Bates' opposition to the Federal control of farm crops has put him in the lime-light over this section of the state. He takes the position that the lowering of the tariff and the development of foreign markets would do more for the price of the farmers crops than the curtailment of production. He believes that if the present Federal crop control program is carried out, he believes that the principles of the Bankhead Bill is wrong. However, if Mr. Bates gets into the race, he will tell you these things and explain to the people his exact position on the question of vital concern to the farmers of West Texas.

Firemen's Ass'n Entertained By Local Firemen

150 Firemen from Knox County towns and other towns of Northwest Texas gathered at Munday Tuesday for their semi-annual convention. Munday acted the part of host so well that she won the praise of the visitors and many before leaving for their homes said that they would look forward with great anticipation to the time when the convention would again be held in Munday.

Judge M. F. Billingsley welcomed the visitors to the city in a very appropriate address at the city hall at 10 o'clock. E. L. Covey of Goree made a response for the visitors. The feature of the morning program was an address by Frank G. Williams of College Station who discussed the importance of the firemen's work and demonstrated modern methods of fighting fires.

The afternoon was spent in contests. Munday won first place in the horse race. Seymour won first place and Throckmorton second in the water polo fight.

After a feast at seven o'clock, with talks and other entertainment, the firemen and their ladies then disbanded, some to attend the dance, others to see the picture "Good Dame" at the Roxy Theatre, through the courtesy of P. V. Williams of that institution.

Medical Society Meets in Knox City Tuesday

The Tri-County Medical Society met with Dr. and Mrs. Edwards of Knox City Tuesday evening. Mrs. Edwards and Mrs. Frizzell were joint hostesses honoring Drs. Edwards and Frizzell on their birthdays with a beautifully appointed dinner.

Following the dinner, Misses Wynelle Edwards and Robbins played violin selections. They were accompanied at the piano by Mrs. Warren. Later in the evening, lovely tap dancers entertained.

The guests present were: Dr. and Mrs. Taylor and Dr. and Mrs. Heard of Goree, Dr. and Mrs. Barber of Bonham; Dr. and Mrs. Calenhead of Weisner; Dr. Stover and daughter of Truscott; Dr. Williams of Haskell; Dr. and Mrs. Farrington of Munday; Dr. and Mrs. Davis of Munday; Mr. and Mrs. Warren, Mrs. Baker, Miss Buckholt, Miss Comen, Dr. and Mrs. Edwards, Dr. and Mrs. Frizzell, Misses Edwards and Robbins of Knox City.—The Goree Advocate.

Bauman Motors To Sponsor Free Show At Roxy Theatre

E. H. Bauman of the Bauman Motors, local Ford dealers, has announced that the picture "These Thirty Years," depicting the progress of the modes of travel and portraying an interesting and fascinating story will be shown at the Roxy Theatre on Tuesday and Wednesday of next week, and free tickets to these programs may be had at the offices of the concern. The free show will be given Tuesday at the afternoon matinee and also at night, and on Wednesday it will be shown at an afternoon matinee only, and he extends a cordial invitation to everyone to see this wonderful picture, which contains no advertising whatsoever, but is an all-star talking picture filled with excitement, thrills, romance and fun.

Hefner-Howell Co. Here Next Week In Tent Theatre

Presenting the Hefner-Howell players, G. Bert Davis will open a week's engagement in their new tent theatre Monday. This is one of the strongest and best repertoire companies on the road today and many members of the company are well known in Munday.

The opening play will be the fascinating comedy, "The Whole Town's Talkin'," featuring Ray Howell, comedian extraordinary. Between acts there will be singing, dancing, juggling, and novelty acts of every description.

A splendid orchestra under the direction of Pat Finnegan, rattle entertainer, will furnish a musical program of selections from the latest song hits and classical music.

A. C. Hefner, who is well known throughout the state as one of the cleverest leading men, is no stranger to Munday, and plays important roles in each evening's entertainment.

The program of plays and vaudeville will be changed each night. The big tent will be located on the lot next to the Cameron Lumber Co., and will be kept dry and comfortable at all times.

Charles Myers, Ethel Snow, and Paul Tharion, (xylophone artist) also late of Harley Sailer's show, are with this company.

Family Reunion Is Held At Reeves Home On Sunday

Members of the S. W. Reeves family held a happy reunion Sunday afternoon, which was the first time that they had all been together in more than twenty-five years, and it was one of the most enjoyable events to members of the family, and a number of kodak pictures were made registering events of the day. Those in attendance at the reunion were Mr. and Mrs. A. G. Reeves and son of Lubbock; V. M. Reeves and family of Goree; J. E. Reeves and family of Haskell; M. H. Reeves and family of Munday; Raymond Reeves, Munday; Miss Elizabeth Reeves of Munday; Mr. and Mrs. Leland Hannah and children and Mrs. S. E. Stevenson and children of Munday. There were twenty grand-children present.

TODAY and TOMORROW

BIBLE . . . and accuracy

New proofs of the accuracy of the historical books of the Old Testament come to light every little while. They are not mere traditions, handed down by word of mouth, but ancient inscriptions found in buried cities prove that written records were not unknown in the days of Moses.

Not long ago airmen flying over the Arabian desert discovered the ruins of the Queen of Sheba's capital city. A little later explorers discovered King Solomon's mines of copper near the shores of the Red Sea. The latest of these finds is the discovery of the city of Lachish, whose ruler was one of the five kings who fought against Joshua in the Valley of Ajalon when the sun and the moon stood still.

Some day the human race will learn not to discard old truths merely because they are old. There is a tendency today to believe that the Creation was about day before yesterday; that nothing good existed until the young people of today invented it.

ROOM . . . for the President

I think it is a swell idea that David Lawrence put forth, that the old State, War and Navy Building in Washington ought to be converted into executive offices, for the President and all the members of his cabinet, so that the Administration could function as a unit without being scattered all over the District of Columbia.

The theory of the Cabinet is that its members are secretaries to the President. Instead, they have become managers of Government departments, doing the work which skilled undersecretaries could do better, and they have no time to take much of the load off the President's shoulders. If they were all in one building, with the President, he could give his secretaries and details on them what he now has to carry himself; he could call any or all of them into consultation on a moment's notice and he could give his whole time to the consideration of important things, instead of the trivialities with which any President is expected to occupy much of his attention.

LIBERALISM . . . the idea

I hear a lot of loose talk about Communism, Socialism, Fascism and other new fangled "isms" by people who don't always know what they are talking about. What most people really think they are speaking of is nothing more or less than Liberalism; but Liberalism cannot exist under their Communism, Socialism or Fascism.

Liberalism is the orderly system of government under which minorities are tolerated and permitted to express themselves, even though the main rules are laid down by the majority. Suppress the minorities and you have the opposite of Liberalism, which is tyranny. And I am not sure which is the more tyrannical, Communism or its opposite, Fascism.

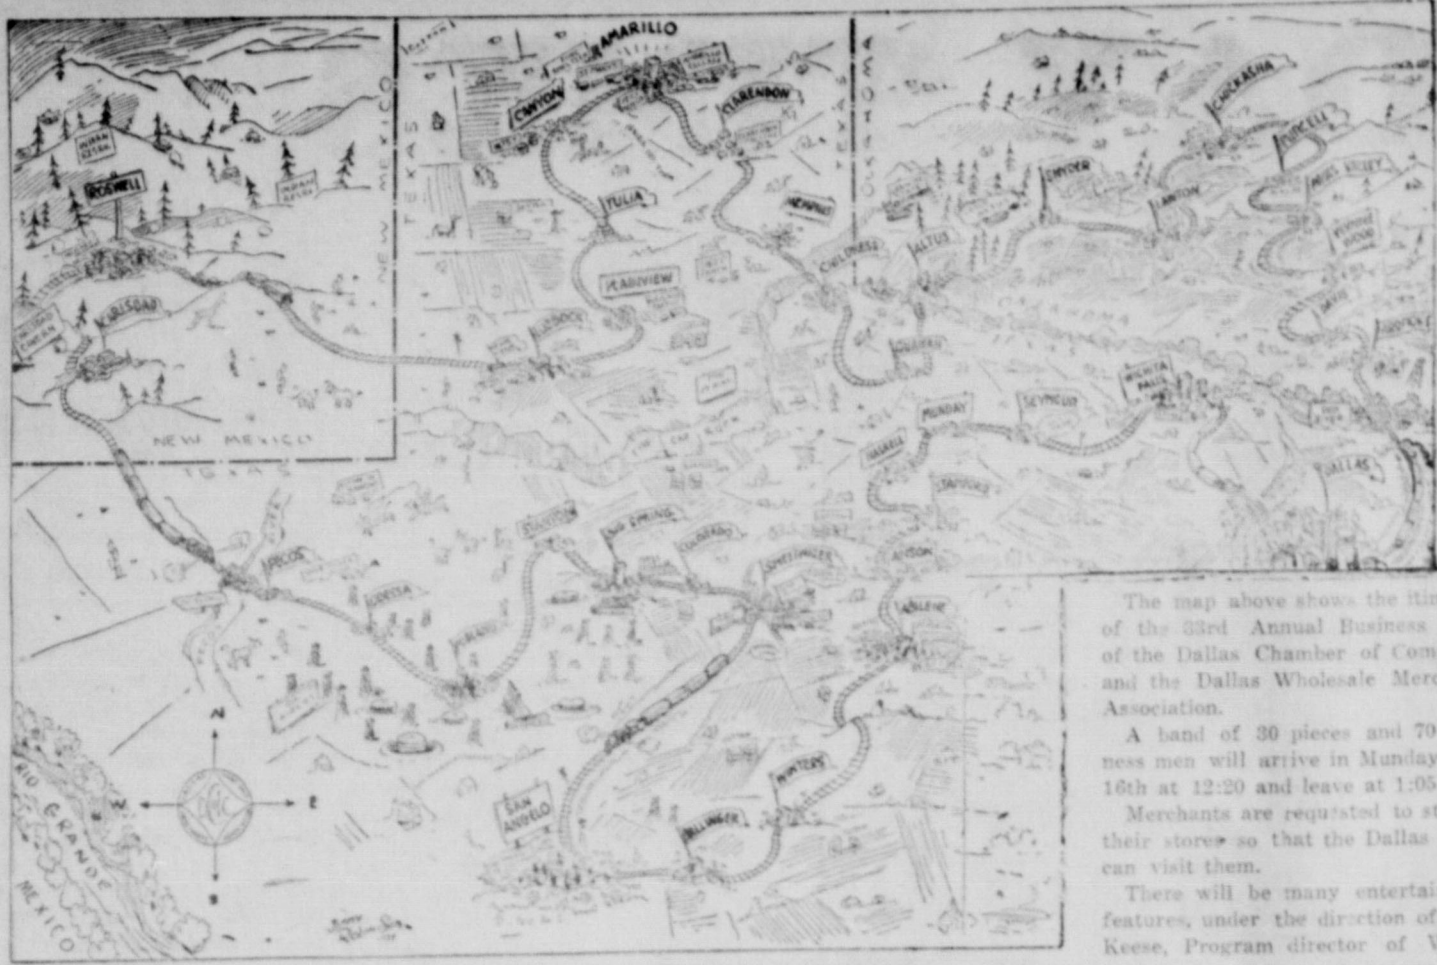

I am only sure that neither I nor most of the people of America want either.

Active Work To Begin At Once On Goree Test

After several weeks of delay that could not be avoided, we are proud to announce to Advocate readers that machinery is being moved on the ground for the oil test to be made here. The well will be located about one-half mile northwest of Goree on the W. L. Moore farm.

The contractors began moving material for the 112 foot derrick on the ground Tuesday. According to present plans actual drilling should be started some time next week.

The Advocate editor was in Wichita Falls the past week and talked with a number of big independent oil operators and learned that all are watching Knox County very closely. This territory is definitely classed as potential oil territory and oil in paying quantities here should start active drilling in all parts of Knox County. The fact that several good geologists have picked this territory for the location of an oil pool makes the people here very confident that a test may mean the opening up of a field near Goree. The test will be watched by the oil fraternity with great interest.—The Goree Advocate.

The map above shows the itinerary of the 32nd Annual Business Tour of the Dallas Chamber of Commerce and the Dallas Wholesale Merchants Association. A band of 30 pieces and 70 business men will arrive in Munday May 16th at 12:30 and leave at 1:05 P.M. Merchants are requested to stay in their stores so that the Dallas party can visit them. There will be many entertainment features, under the direction of Alex Keese, Program director of W.F.A.

Have You Seen the Frigidaire '34?

End your refrigeration worries the modern electrical way!

The safe preservation of foods, according to food chemists and medical authorities, require a temperature below 50 degrees . . . constantly maintained.

Modern Electrical Refrigeration assures this necessary low temperature . . . automatically. When the temperature in your Electric Refrigerator rises to 50 degrees, the freezing unit is automatically turned on . . . when it has been brought down to the correct level, the unit automatically switches off.

Moderate first cost and low operating expense are added considerations suggesting the immediate purchase of a new model Frigidaire.

The Frigidaire '34 operates quietly and with amazingly small amount of current, has automatic ice tray release, automatic defrosting and many other important features.

This is the "Electrical Age. A Frigidaire will be another step to your All-Electric Kitchen.

Your increased use of electric service is billed on a surprisingly low rate schedule and adds only a small amount to your total bill.

TRADE IN MUNDAY

With These Progressive Firms
BUY AT HOME **SELL AT HOME**

ECONOMY STORE

For many years this dependable dry goods store has served you with the better things in Dry Goods, Shoes, Ready-to-Wear, and if it was new and good this store was glad to sell it to you. They have at all times kept a most complete stock of merchandise for your selection. They are always glad to help and make practical suggestions for your benefit. This store is trying to please and help the people of this community. Mr. Waheed asks that you come in and see what they have to offer you for your spring and summer wardrobe, and they ask that you get their prices before leaving town or going elsewhere to buy. The Progressive Review endorses this store and its merchandise, and we say "Buy From Your Home Stores Here In Munday."

FIRST NATIONAL BANK

For many years this institution has served you with just good common sense banking, and the entire personnel of this bank is anxious to see Munday grow, and they know you must patronize your home merchants for this to be done, and they, like our President, suggest you spend your dollars where you make them, and make Munday a bigger and a better place to live and trade.

AKERS DRY GOODS

This is your family store, where you may buy your ready-to-wear either for ladies or men, your piece goods and shoes, and whatever you may buy at this home owned and operated store you will receive 100 cents on the dollar worth. They are here to serve you in the most efficient and capable way, trying at all times to give you what is the best obtainable values, and they are home folks, and have been for a long time and are making as many jobs for home folks as they can. They are continually adding new merchandise to their stock and they ask that you visit them often and whether your purchase be large or small you will receive the same courteous attention. The progressive review endorses this store and their merchandise.

SMITH TAILOR SHOP

If you want to have your clothes cleaned and pressed to where they look good and do not have that ordinary tailor shop smell, we suggest that you carry them to Mr. Smith who is equipped to care for your clothes and make them look and feel like new. Have your clothes cleaned, and resolve to let your home tailor do the work for you. The Progressive Review endorses this shop and the service he renders the public and the prices he charges for the quality of work he gives. And we say get cleaned and pressed, and you will feel better and look better. Also a complete line of Men's Haberdashery, Friendly Shoes, Wilson Shirts, Rose and Co. Tailor-made Suits.

BURTON'S CAFE

"THE MAN WHO FEEDS THE PEOPLE"

If you are particular about your food and want to be sure of good, wholesome, properly cooked food in a nice, clean, sanitary kitchen, we recommend this cafe. Mr. Burton has spent much money in making this place modern and up-to-date and he tries at all times to give you a good meal for your money. There is one thing you may be assured of, you will receive courteous and considerate attention at this cafe, and we suggest you give the wife a rest, and the girl friend a treat, and bring them down for their meals. They too will enjoy this home-like cooking. The Progressive Review endorses this cafe and the kind of food they serve.

MUSSER LUMBER COMPANY

For many years this old reliable company has served you with good lumber, and have given you everything good in building material. They, unlike some yards, have not allowed their stocks to become depleted but have at all times kept a good supply of lumber for your needs. You will find them most courteous and anxious to figure with you on what you have to build or repair, and whether your bill be large or small, you will find Mr. Chapman anxious to help you with what you have to buy. The Progressive Review endorses this company and the quality merchandise they have to offer the public. This company has recently added these nationally advertised lines: Sampson Windmills, Atlas Tanks, and Suntested wall paper. Ask to see and have these lines shown you.

LEE WEST PRODUCE

This Company is working for the farmer. Do not send your produce to foreign markets or be deceived by flattering prices. Bring them to a home man, where he takes a personal interest and gives you all that can be given you for what you have to sell, connected with honest weights, and top prices. This company has made a special arrangement to take care of your produce. Mr. West is always anxious to see that you get the very best treatment and the most courteous service and he asks each one of you to get his prices before you sell your produce. The Progressive Review endorses this produce house which has done so much for Munday and the territory and we suggest you sell it in Munday.

CAMPBELL'S FUNERAL PARLOR

Lack of familiarity naturally imposes a burden upon a family when the need arises for such purchases. This company has been serving the people of this community for some time and have earned an unblemished reputation of giving honest values in merchandise and service. And they are constantly spending money to make their service as complete and helpful as possible, and whether you spend much or little the same type of service is always rendered. The Progressive Review endorses this Funeral Home and the service it renders.

The firms on this Special Page are doing their part for Munday and the people they serve. You cannot be a good citizen of two towns, trade where you live and make your money—These firms are boosting Munday.

C. B. JONES GROCERY

Since the first day that this grocery store opened its doors for business they have given you good merchandise at a very reasonable price, connected with good honest weights and courteous service. The people have appreciated this until it has become necessary for this store to make arrangements for larger quarters that they may have a larger stock and a better place to serve. They do not use cheap hallyhoo to decoy you into their store and sell you one item below cost and make it up on something else, but have their merchandise priced at a fair price all through their lines. This is a home-owned and controlled store, giving you everything good in groceries, and they ask that you get their prices and consider their quality before going elsewhere to buy. The Progressive Review endorses this store and their merchandise.

THE FAIR STORE

Since this store opened its doors to serve the people they have tried each day to give you better merchandise and more courteous treatment than any other store. Their services are built on a common sense foundation of fairness to both customers and employees. They study the markets and your needs, and try to bring to you merchandise that you need and that will give you the best service. Mr. Salem and the sales people in this store are your neighbors, and they want to and will help you. They take a personal interest in you and yours. Patronize them often. They are doing their part to help build you a bigger and better town, giving home people as many jobs as they can. This is your store and located in your town, and it is up to you to make more jobs and help build your own town instead of others. The Progressive Review endorses this store and what it is doing for the town and community it serves.

REXALL DRUG STORE

For many years this dependable drug store has been your friend during sickness and at all times anxious to help you with your drug needs. Their prescription department is most complete. And you may have any doctor's prescription filled without substitution. Their drug sundries lines are most complete, and they are the first to show the new and better things in cosmetics. This is a home-owned and operated store, and they sell merchandise at the regular authorized market prices, and you should try your own drug store first. The Progressive Review endorses this store, and Mr. Davy, who is always anxious to do their part.

GUINN HARDWARE COMPANY

MCCORMICK-DEERING FARMALL
 SALES AND SERVICE

For over one hundred years in every state in the Union and every country in the world the name "International" has stood for the best in farm equipment, and they continue to improve every year. This company as full line dealers for "International" farm tractors and tillage implements built by the International Company are interested in bringing to the farmers of this community, the right kind of machinery priced right, and a repair service that is the best, and you must be assured if there is anything new in farm implements International will be the first to show the new things in farm implements if they are worthwhile. The Progressive Review endorses this company and the line they represent, and you will find them anxious to help you in every way possible with your farming problems.

MOORE CHEVROLET

National acceptance and approval of Chevrolet. Greater production than ever before and still the supply does not equal the demand for this popular car. Production for March exceeded 100,000 cars and trucks. During the week ending March 28th—26,000 units were produced. From March 1st through March 28th a total of 92,119 cars and trucks were produced. Retail deliveries plus export shipments during the first 20 days of March totaled 48,143 units. This is an increase of 31,262 units as compared with the same period in 1933. Our unfulfilled retail orders (Nationally) as of March 20th totaled 62,983. The public is insistent in its demand for knee action cars of Chevrolet's Master Model price class. Chevrolet's Standard Model definitely establishes a price differential for cars without this feature.

THE HAT SHOP

Conveniently located in Munday, you will find a millinery, ready-to-wear and hosiery shop, where they have never substituted price for quality. Mesdames Alexander and Smith have at all times given you quality merchandise and courteous treatment, and they hold to the old tradition that sweetness of low price never equals the bitterness of poor quality. At this store is where quality, fashion and price unite to give values and style found nowhere else in Munday, or anywhere else in this trade territory. Mesdames Alexander and Smith are always first to show the newer and better things in millinery and ladies ready-to-wear and they invite everyone to see what they have to offer you for your spring wardrobe. The Progressive Review endorses this store and the merchandise they sell.

HANEY GROCERY & MARKET

The Red and White Stores are fastly spreading over the country. The thrifty housewives are learning that the Red & White is an emblem of economy and a store of courtesy, filled with good staple and fancy groceries priced in keeping with the times. Mr. Haney is anxious to demonstrate and prove these things to you. Their buying connections make it almost impossible for any other store to meet their price and quality. You will find that you receive good honest weights and full packings and superior treatment from these stores wherever you may find them. The Progressive Review endorses this store and the manager who is anxious to help you in any way possible, and the town and community which he serves.

MUNDAY PRODUCE COMPANY

Since money is so scarce and produce is so hard to realize anything out of, it should be carried to a home man who takes a personal interest in your welfare, and gives you at all times all that can be given for what you have to sell. You are assured of correct weights and tests, and he will at all times give you every penny that is coming to you for what you have to sell him. He will be pleased to help you with your produce in this territory. Do not be misled by long prices for foreign companies. Trade at home. They can save you money in the long-run. The Progressive Review endorses this produce house and Mr. Cooper and what he is doing for Munday.

HOME BAKERY

Conveniently located you will find the home of "Snow-Flake" bread that is scientifically mixed and placed in the oven, baked to a golden brown, wrapped in waxed dust-proof sanitary paper either sliced or unsliced and labeled "Snow-Flake." This may be had at your leading grocery store or at this bakery. They also specialize in fancy and staple pastries. Let them cook your next birthday or party cake. Your guests will be delighted with the food goodness that this pastry serves you. When braising bread from your grocer demand "Snow-Flake." It is the staff of life. This is a home-owned and controlled bakery and should be given first consideration when you think of bread. The Progressive Review endorses this bakery and Mr. Elliott, who is very co-operative with the people he serves.

REEVES BURTON MOTOR COMPANY

Mr. Chrysler has come from a mechanic to one of the largest manufacturers of cars in the world, the last few years. There must be a reason, and there is. And if you haven't ridden in a new Plymouth you probably don't know yet. But one ride in marvelous big acting little car and you are convinced that he is making the greatest automobile that ever was made, for the money. And when you hear one whiz by you, as you are speeding down the highway, you think it is a young airplane taking off. Go down for a demonstration. The Progressive Review endorses this car and the service Mr. Isbell gives you and we say ride in one before you buy any car.

Mansell Bros. Hdw. & Fur. Company

For many years this dependable firm has served you with the very best of hardware and furniture that they could buy. They have spent much money in making and keeping their stock modern and complete. They are continually adding new merchandise and trying in every way possible to be of service to the people of this community. You will find them most courteous and anxious to help you with your needs. They are always the first to show the newer and better things in hardware and furniture, and you will find their prices just as reasonable as can be found anywhere. The Progressive Review endorses this home-owned and controlled store, and we suggest that you try your home-owned stores first.

PERRY BROS 5-10-25c STORE

Conveniently located, you will find a home-owned and controlled variety store, that is doing their part for Munday and the territory they serve. Their stock is complete, and the prices are as low as can be made. They are giving you a wide variety of household necessities at a saving. This store is anxious to help you with your needs, you will find their merchandise grouped, plainly marked, which makes buying easier and quicker. This store is always searching for new things to add to their stock that will help you, so visit them often. The Progressive Review endorses this store, Mr. Ulan Richards, the manager, and their merchandise.

BUONE DRY GOODS

For many years this dependable dry goods store has served you with the better things in dry goods, shoes and ready-to-wear, and if it was new and good this store was glad to sell it to you. They have at all times kept a most complete stock of merchandise for your selection. They are always glad to help and make practical suggestions for your benefit. This is a home-owned and controlled store, and they are trying to please and help the people of this community. Mr. Boone asks that you come in and see what he has to offer you for your spring wardrobe, and he asks that you get his prices before leaving town or going elsewhere to buy. The Progressive Review endorses this store and their merchandise. And we say buy from your home-owned and operated stores here in Munday.

7th Graders Will Present Play On Friday, May 18th

The Seventh Grade graduation exercises will be held in the Community Auditorium, Friday Evening, May 18, 1934, at 8:00 o'clock. The program will be something new and entirely different from preceding exercises. Instead of having the formal graduation the program consists of a one-act play entitled "Danger at

the Door." There will be no admission charges and the public is invited to attend. The honor of being valedictorian goes to Mary Jeanette Moore with an average of 92, while Salutatorian honor was won by Margaret Tiner with an average of 91. These honor girls are not delivering the customary valedictory and salutatory addresses but instead are playing important parts in the one-act play. A class that will number close to 34 is expected to finish. Following is the program that will be rendered: Duet—Weona Thompson, Odessa Love.

For Attorney General

WILLIAM McCRAW
 William McCraw, prominent Dallas attorney, has launched his campaign for the office of Attorney General of Texas. McCraw served three consecutive terms as District Attorney in his home county, holding the distinction of being the only prosecutor who has ever been so honored. His record as a public official and in private law practice has won him state-wide recognition. McCraw studied law while working in his father's printing office; saw active service in France and made a notable record for law enforcement as district attorney. He has been active in the State's Democratic party affairs, being regarded as a liberal in politics.

GULF WINS MORE "HILL TESTS" THAN 32 GASOLINES COMBINED

Will your car have more power on any one gasoline? HERE'S YOUR ANSWER..

Gulf tested a total of 33 gasolines on famous American hills—12 hills in localities from Massachusetts to Georgia—and here is what they found..

The power of different gasolines varies widely! And of all 33 gasolines, Gulf is uniformly best. 7 out of 12 times, it propelled a car and load up mountain grades farther than any other gasoline tested!

It won more hill tests than 32 other gasolines combined! Prove it! Drive into a Gulf station, fill up, and test the power of That Good Gulf for yourself!

HOW 33 GASOLINES RANKED (IN ALL TESTS TO DATE)

All gasolines tested, except a few "wild grade" brands, sold for approximately the same price as that Good Gulf. Each brand is denoted by a letter.

SPORT DOPE

The Sunset Senior Boy's Playground ball team are becoming cautious about referring to the Goret team. After taking a couple of trouncings at their hands, the Sunset team are taking their future games with them a little more seriously. A defeat is had enough but two of them in a row has its particularly sobering effect.

The campus is alive with considerable class competition now. Practically every competitive athletic activity participated in by the school during the year is being entered. Basketball, Volley ball, playground ball, track and field events, all are to have a part. With characteristic assurance and confidence the Freshman class is going forward to win all events. On the other hand, the upper classes are ignoring them as if it were impossible for competition to come from that source.

Perhaps it is not appropriate for this column but since it almost ended in a battle royal we think the near-fight amongst the seniors had its lighter phases. It seems that some controversy arose as to whether their play would be put on at O'Brien. One class had to be postponed on account of the heated argument that was being staged. This much might be said about it, the active participants were capable people in any fight, and now, that expression of a disappointed battle axe that has failed to chop a head off. As far as we are able to learn, the outstanding casualty was a broken rocker. This was an accident and not broken in a purposeful

attempt to break a skull. Another sport quite popular among the student body is that of taking contagious diseases in order and ignoring none. Mumps is the rage at the present time, and if anyone has a new one for us, we invite you to come around at your convenience. We are about to run out, and it is too near the end of school to lose interest in this particular sport.

"Jake" Walling returned from Denton where he represented Sunset in the mile run. We feel proud of Jake to have been able to run the race that he ran. We were afraid that he would not run at all since he had not fully recovered from a severe cold which had made it impossible for him to train during the week previous to the race event at Denton, Texas, last Saturday. He came out ninth in a field of 22 runners.

THE GREATEST TIRE GOODYEAR EVER BUILT

New **G-3** ALL-WEATHER **43% MORE Non-Skid Mileage!**

And here's the GOOD NEWS

This marvelous new G-3 All-Weather with its many advantages over any other tire on the market costs you nothing extra.

● Come see this brute-for-punishment — this great new "G-3" that Goodyear has built, tested, proved out under terrific abuse, to more than offset the harder wear put on tires by today's fast-stepping, fast-stopping automobiles. . . It's a costlier tire to build but not to buy—consider that important fact too as you look it over and we think you'll say: "Put on a set."

 Drucille thinks oratory is a "swell" something or other. (Orating or rather repeating Lincoln's Gettysburg Address has gone to her head, poor girl!)

El como del himno nacional es muy facil a dar de memoria. (So Miss Leath thinks; Elvis tells a different story.)
 Eina says driving a car without permission is fine, providing . . . They still wonder at Velma's absence (?) or presence, whichever it might have been.

Rogers still has hopes he may steal a girl yet! (Even though he ain't no singer.)

Howard had a "swimming" idea the other day and took his girl to the Benjamin Lake. (Don't worry, however, for there were guardians and chaperones a-plenty!)

SOPHOMORES

If you see some Sophomores with a big frown on their face, don't be surprised because final exams are only four weeks off. Are we studying? You should see some of us.

The Sophomores are going to take the Fish round in the indoor baseball, basket ball and volley ball tournament this week. The winner of the Fish and Sophomore games is going to play the winner of the Junior and Senior game. We think the Sophomores will get to play them.

Pete was in Denton Friday and Saturday. We hope he had a good time.

Louise enjoyed her fishing trip over the week end so much it made her sick. She isn't in school today.

Gladyis seems to like to drive a certain Junior boy's car!!! We wonder why???

Hazel has been absent for a few days. We are very glad to have her back with us.

Jimmy is still goofy over a certain freshman girl, M.G.

Sena Mae is all smiles today, and just guess why. Her old school mate is visiting school.

FRESHMEN

The Freshmen are planning on a full week this week as long planned, comes off. Another activity we participate in is the class tournament. We will make our upper classmen sit up and take notice even if we are little. Our president, Juanita Flenniken, drew the Sophs, so we play the first game of baseball.

SENIORS

The Seniors are looking forward to the class tournament, which will begin Wednesday. We are very confident that both boys and girls will win.

The Senior class received their diplomas last Friday. We are rather proud of them, but will be much prouder to see them filled out in black ink. Mr. Harber said he thought they would look quite a lot better with his signature on them. Here's hoping we find it there at the end of four more weeks.

Our class president, Harold Partridge visited Denton Friday and Saturday. He reports a very nice time.

Miss Blanton is rather pleased with her Seniors, I think. But you can ask her 'why.'

Inette is afraid of dead insects. Ask Willie for further details.

Jimmie Jois told Mr. Hughes she went to sleep four times Friday night coming from Haskell. Mr. Hughes asked her if she put her head on his shoulder.

Marjorie seems happier than last week. She spent the week end at Lake Creek. (Who blames her?)

JUNIORS

A little bit about somebody: Jake thinks Denton is O.K. (Nice and "rainy"ed," in other words.

Rex never knew that the alphabet was so interesting until now. (NRA, PWA, CWA, AAA, FERA, etc., just American organizations, don't get

basketball and volley ball with the Sophomores, both boys and girls. In the class meeting of the girls, Juanita Flenniken was elected captain for baseball, Juanita Forehand for volley ball, and Margaret Shannon for basketball. The boys have not elected a captain.

We are getting right down to the root of the thing in algebra; that is, square root. In history, Columbus is making his voyages, in Literature Julius Caesar is seeming to lose out with the government officials, and in General Science, well, we are finishing the book, which sounds better than any of the former.

We are sorry to report that Mary Helen Partridge, a prominent freshman, has the mumps. Elizabeth Earp, another freshman, has the whooping cough.

SUNSET 4-H CLUB

The Sunset 4-H club girls again met with Miss Jewell Faulkner, Home Demonstration Agent. The roll was called and improvements of the garden and bedroom were discussed. Most of the girls have planted their tomatoes as well as the rest of the garden products.

Several of the girls have materials for their bed spread and by our bedroom demonstrator, Mary Helen Partridge, we concluded that she is the lady for the job, as she gave her improvements from a list written on a whole sheet of these paper.

In Miss Faulkner's lecture, she discussed "Beauty Under Twenty" from a booklet handed each member.

Eiland Drug or Rexall Store

This was really a monthly lecture, as the skin, according to blackheads, blemishes, freckles and complexion were discussed. The hair according to scalp, and dandruff was discussed, and the finger nails, teeth, and R.O. were discussed.

The next meeting will be held on Tuesday May 15, 1934, at the school house.

JUNIOR REPORT

It seems as if the Juniors are all using all the pep they have to learn what should have been soaked in during the past nine months. We are in hopes that everyone belonging to the Junior class this year will be Seniors next year.

Although the class as a whole seems to have acquired a larger knowledge, Bill Dinger is acquiring a larger imagination. The following items will prove my statement.

The Largest Potato

When my great-grandfather was a young man, he had a large argument with another man because my relative raised corn and the other man, on a neighboring farm, raised potatoes.

This was in Kansas, and the corn grew so tall that the other man's potatoes would always be in the dark and would not grow. This naturally made him angry, because of his great affection for his potatoes, and he shot grandpa out of the top of the corn several times when he climbed up to pick roasting ears. This naturally irritated my grandpa and he bet the man, who was very egotistical about his ability to raise potatoes, that he could raise a larger potato than his neighbor could, the loser to "scram" and the winner to have both farms.

My ancestor then crawled aboard his trusty flivver, galloped to the nearest settlement, and came back with a bag of seed potatoes, a box of dynamite, and a sack of patent fertilizer. He loosened the soil up with the dynamite, melted the potatoes together into one big lump and planted the lump in the center of the farm, after sprinkling it with the patent fertilizer. He then rigged up a tent over the spot where this was planted and went to bed. The potato grew a good deal during the night and when great-grandpa got up the next morn, he stepped out of the tent and fell twenty feet to the ground. This rather disgusted him with potatoes; because it broke two of his ribs, but he jumped back upon the potato and rescued the tent, jumping overboard again. The potato having grown five feet more in the meantime, he sprained his ankle coming down. The morning after this, upon awakening, he noticed that the scenery wasn't familiar and finding himself upon his neighbor's farm, he saw to his intense delight that the potato had grown so large that it had pushed all of his farm onto the adjoining one.

He naturally won the bet, and for several years he lived off his potato and other vegetables from the new farm, but finally the potato got the dry rot, then grandpa moved to Texas, and now this grand old vegetable is used by the ignorant natives as a mere mountain.

to have adequate storage space if they are just interested enough in taking care of their clothes," said Mrs. George Weber, class I wardrobe demonstrator in the Hefner Home Demonstration Club.

"I have just made a closet using some scrap lumber and my only expense was for cretonne. This closet meets all the requirements for a standard closet according to the plan sent out from the Extension Department," Mrs. Weber stated.

Tile Laid by 4-H Club Members

Many 4-H Club members over the county are planning to lay tile for sub-irrigation but as yet, two Rhineland 4-H Club girls lead all the 4-H Club members in the county, in the number of feet of tile that have been laid. Martha Brown and Rose Ann Kreitz have laid 107 and 110 feet, respectively.

"I made a good bit of this tile myself," said Rose Ann. "I plan to have tomatoes, especially, on this tile so that I might have plenty to can to fill our club goal."

In this club there are 9 other girls who have made and laid at least 25 feet of tile.

Foundation Patterns

"I believe our club is going to be 100% in making foundation patterns this year and we are going to try to have every club member make a dress contest in June," said Mrs. A. L. Roden, Hood Home Demonstration Club. This club has only been organized a short time but everyone is interested in the work and especially do they realize the value of an individually fitted pattern and one that can be used in all their sewing," Mrs. Roden stated.

This pattern work is being carried with much interest in all the clubs and each club is trying to complete their patterns 100% and have dresses made by each club member for the contest.

HOOD NEWS

Far ahead
OF LAST YEAR'S
GREAT SALES RECORD
 —and here's what's doing it—

THIS
FAMOUS
WINNING
COMBINATION OF
FEATURES

not found in any other low-priced car

CHEVROLET It was a great record of leadership that Chevrolet made in 1933! It's an even greater, more impressive record that Chevrolet is making for 1934! Already, sales are tens of thousands of cars ahead of last year. Production is running higher than that of any other automobile company in the world. And every day, from state after state, comes the same report on registrations: Chevrolet is leading all other cars!

The big reason for such preference is plainly shown at the right. Chevrolet has so many vital features that others in the low-price field have left out: Knee-Action wheels that are fully enclosed for complete safety and absolute dependability. A six-cylinder valve-in-head engine with an exclusive "Blue-Flame" head. Big, "cable-controlled" brakes, the best in the low-price field. Large, spacious bodies by Fisher, with Fisher No Draft Ventilation. And real "shock-proof" steering that brings new ease and comfort to driving. No other low-priced automobile has a single one of these five leading 1934 features. That's why no other can be backed by such a confident statement as this:

KNEE-ACTION WHEELS FULLY ENCLOSED AND WEATHERPROOF	
80 HORSEPOWER—80 MILES AN HOUR valve-in-head six of matchless economy	
CABLE-CONTROLLED BRAKES smooth and safe in any weather	
BODIES BY FISHER the biggest and finest among low-priced cars	
SHOCK-PROOF STEERING not found on any other low-priced car	

Drive it only 5 miles
 and you'll never be satisfied with any other low-priced car

Study Club in Last Session Of Year Culminating a successful year's work the Study Club met in the W. H. Chapman home for a covered dish luncheon Thursday with Mrs. Effie Alexander, Mrs. E. W. McGlothlin, Mrs. T. E. Dickerson, Mrs. W. H. Chapman and Mrs. W. V. Tiner as hostesses.

Roses and fern were used in profusion for decorations and Maderia laid tables were centered with rose buds in vases.

A buffet luncheon was served and was followed by a short business session. The officers for the incoming year were introduced and announcement was made that the deal had been closed for a club house, the Jim Reeves house having been purchased the past week and will be remodelled in the fall for the club home.

Lacking only \$100 having this paid for, a movement was started to raise this amount and \$100 was subscribed at this meeting and the balance will probably be raised before the end of the month.

Those attending the luncheon included Messrs. J. D. Kethley, H. T. Maples, Avie Maples, Joe Davis, Pitzer Baker, Fred Broach, H. A. Pendleton, Jake Morris, A. A. Smith, A. A. Allen, Ira Bowden, W. E.
