TODAY and TOMORROW

By Frank Parker Stockbridge

MINISTERS—Their job

I was asked to address a luncheon club composed entirely of ministers not long ago. They wanted me to talk about the world's economic troubles and how to cure them. I told them that I knew of no wholesale method of salvation, either in the spiritual world or the economic world. I am an individualist, and believe that the world gets no better than the men and women in it. I know the way of legislating honesty and morality into the human race.

I suggested to the ministers that the trouble with the world was that we had been worshipping the Golden Rule so long that we had forgotten the Golden Rule, and that it might be more to the purpose if, instead of interesting themselves in social reforms in the mass, they concentrated their attention upon the effort to persuade individuals, one by one, to live honorable, upright and moral lives. If everybody did that there would be no need for most of our laws.

CHILDREN—Place to begin

The way to make the world better is to begin with the children. By the time a child is ten or twelve its character, so far as its social relations are concerned, are pretty well formed. Either it has been so spoiled, either it has been so spoiled, or it has learned that there are certain lines of conduct which the world at large will not tolerate, and shapes its actions accordingly.

In an ideal social organization every child would be taught from infancy that it has no rights that are superior to the rights of everybody else. That is what liberty and equality mean. If everybody realized and acted upon that principle, nobody would infringe on any of the rights of anybody else, and we wouldn't need any government at all.

TEACHING—A new system

Hiram College is trying out a new system of teaching, which sounds to me to be so rational that I wonder it has never been adopted before. Instead of skipping from one subject to another, students are given intensive study in a single subject for a long period, then another and so on.

It seems to me that a thorough mastery of one subject can be got in this way better than by a series of scattered hours, interrupted by the need to prepare for work in other courses. And I don't see why it wouldn't work in schools far below college grade.

FACTS—And facts

Nothing is harder to get hold of in this world than facts. I heard a man say the other day, in a public address, that there are twenty million men out of employment in this country. A few hours later I heard another speaker declare that all the farmers in the United States were starving. I knew neither of those statements were true, but I don't know where or how to get at the facts as to the number of unemployed or the number of distressed farmers. My main reaction to such an exaggerated statement is that probably everybody is lying about them.

Nothing is more misleading than bare facts, either. A fact is not enough unless one knows all the other facts that go with it.

Most of us know too many facts that aren't so. By that I mean that we don't understand the relation of the facts we know to other facts we don't know. I have long since stopped trying to draw conclusions from single facts. The conclusions usually turn out wrong, because someone comes along with a fact I didn't know.

MISS IDA BAKER DEAD

Funeral services for Miss Ida Baker were held in Electra Thursday at the Methodist Church. Miss Baker died Tuesday at the home of Mr. and Mrs. B. M. Dinamore following illness from pneumonia. She had visited here in the home of her sister-in-law, Mrs. P. B. Baker, a number of times. Mrs. C. L. Mayes and Mrs. P. B. Baker attended the funeral.

Three-Cushion Champion

NEW YORK . . . John Layton (above), Sodala, Mo., former boxer, wrestler and sports promoter, is again the three-cushion billiard champion of the world. He defeated Walker Cochran, defending champion, in the final match 50 to 18.

Munday Scenes of Eight Years Ago To Be Shown Roxy

Manager P. V. Williams has announced that the films made here in Munday eight years ago, "Munday in the Movies", will again be shown at the Roxy Friday night and Saturday matinee. This picture has been shown annually for the past seven years and as time goes on the scenes become more interesting. You will again see your old friends at the churches, at the schools and on the streets of Munday. Indeed, if you are not in the picture you were surely not living in Munday in February 1926, when the picture was made. It's just like getting out the old family album, and you'll want to see this picture again even if you've seen it every year for the past seven.

Mrs. W. R. Lytle Buried Thursday

Mrs. W. R. Lytle died at the family home six miles north of Goree Tuesday night about 11 p.m. While she had not been in very good health, her death came as a shock for she had been feeling about as usual for the past few days. Funeral services were held Thursday and burial made in the Munday cemetery.

The deceased had been living in this county almost since the days when this prairie was plowed up and had been located near Hefner most of the time. An obituary will appear later.—Goree Advocate.

Munday To Have Fast Club With Opening Season

Munday will go into the Wichita Valley league this year with probably the strongest line-up that ever has been put forward at the beginning of a season, and, according to Skipper Lee Haney, who will pilot the Munday aggregation, active training will begin around the last week in March.

Locals who will form the nucleus of the team include James Rayburn, Glenn McGlothlin, Lennie and Shorty Kuebler, Chester Smith, Joe Baller, King, Lefty Hambricht and probably Jake and Aubrey Myers all of whom have performed within the ranks of the Munday line-up in the past and are capable of offering strong competition. Among the new faces that will be found in the line-up this season there will be Fifty Bibrey, who will be assigned to first, Bill Yates, Bob Couch and Lawrence Wilde, and the pitching staff will likely be strengthened by the addition of Lambeth. Other players who will be in Munday uniforms during the season are Lester Miller and Casey Rankin of Rotan. Of course some of the above named may not be included in the roster, but they are tentative prospects.

Skipper Haney states that this season a park will be procured near town if plans now under way materialize, which will add materially to attendance.

The Munday club will be sponsored throughout the season by the local organization having recently named a committee composed of Lee Haney, J. C. Sporn, R. B. Bowden and J. L. Stoghill as an advisory committee assigned to care for the requirements of the club.

The season opens here with Knox City on April 15th.

Rabbit Drive To Be Staged Next Wed. March 21

A rabbit drive has been announced for Wednesday, March 21st in the country south-east of Munday. Those countrymen who are interested in the drive are requested to meet at the A. V. Branch home Wednesday morning at 8 a.m. and the drive will start from that farm.

At noon a barbecue will be served at the Grasshopper school house and there will be an abundance of good things to eat, and the public is extended a cordial invitation to join in the drive and enjoy the barbecue at noon.

Location Made For Oil Tests Northwest Goree

Reports from those who are interested in the oil test to be made here state that drilling is to start within the next twenty to thirty days. The location has been made and the machinery and derrick timber should be on the ground in a few days.

The first location will be on the W. L. Moore land near the northwest corner of the Goree townsite. A Mr. Christie of Olney will have charge of the test, according to present plans.

Other oil men have been in the territory during the past few weeks and it now appears like this immediate section is facing a drilling boom. While it is too early to make any prediction, the local people are becoming enthusiastic over prospects.—Goree Advocate.

Bitten By Skunk, Mrs. Moore Takes Rabies Treatment

Mrs. A. M. Moore, residing west of town, was bitten on the hand by a skunk on Tuesday afternoon of last week when she went to investigate a setting hen. When she reached into the nest the skunk buried its teeth into her hand, having already routed the setting hen.

Mr. Moore, who was plowing nearby, was summoned and killed the skunk and carried it to the Knox County Hospital at Knox City for examination, and Dr. Edwards advised that the head be carried to a laboratory at Fort Worth, where an examination revealed positive evidence of rabies.

Mrs. Moore is being treated in the hospital at Knox City and the complete treatment will require three weeks with daily visits to the hospital.

RHINELAND

A birthday party was given by Jewel Marie Hoffman on Friday of last week. A large number of her young friends participated in the celebration. Jewel Marie is very happy and grateful to her friends for the many presents she has received.

Mrs. Liberatus Loran, who has been quite ill, is recovering nicely. Miss Frances Buckner left last Sunday for Abilene where she will attend the National Business College.

Rt. Rev. Edward Burget, O. S. B., Ph. D., abbot of New Subiaco Abbey, Subiaco, Arkansas, visited with Rev. P. Boniface, O. S. B., last Tuesday.

The following were visitors in Wichita Falls: Peter Loran, Mrs. Kilian Horner and sons, Kilian Jr., Alfred and Phillip, and daughter, Pauline and Helen; Ferdinand Fettsch and sons, Albert and Leo; August Schumacher and daughters, Leona and Veronica, and son, Ralph; Mr. and Mrs. J. J. Mills and children, Roy Lee, Mondal and Quincy.

CARTWRIGHT NEWS

The farmers are all rejoicing over the rain which fell last week. Several are gardening and some planting corn.

There are several cases of measles in this community now. Hubert Wardlow has returned to Dublin, Texas, after a week's visit with home folks.

Mrs. Hill of Munday visited Mr. and Mrs. A. M. Searcy last Sunday. Claud Hill of Tharp was in this community this week.

May and Mrs. Ralph Weeks of Munday visited here last Sunday. Mr. and Mrs. C. B. Yates visited near Goree last Sunday.

Miss Ola Mae Bradley visited home folks Sunday.

Mrs. Clint Wardlow and Mr. and Mrs. Lassater of Brownfield spent Sunday night with Mrs. D. C. Wardlow. They were enroute to the Fat Stock Show at Fort Worth.

Jess Hamilton and family visited relatives at Sunset last Sunday.

Eva Dale and Vera Mae Loving spent last Sunday with Dorothy and Mary Belle Yates.

Mrs. Paul Vickers of Midland, Texas, was here the latter part of last week visiting her father, Mr. Richard Vickers. Mr. Vickers for the past ten years has been secretary of the Midland Chamber of Commerce and Mrs. Vickers conducts a school of fine arts in that city.

Mr. and Mrs. Carl Jungman and Henry Michels spent Sunday in Ft. Worth attending the Fat Stock Show.

Moffett Again To Seek Election As State Representative

The Times is authorized to announce the name of George Moffett, of Chillicothe, as a candidate in the coming Democratic primary, for the office of State Representative, from the 114th District, composed of Harleman, Ford, Knox and King Counties. Mr. Moffett is the present incumbent in this position, and during his service at Austin has come to be recognized as one of the leaders in the House of Representatives. Newspaper dispatches from Austin have frequently mentioned his activities in connection with legislation beneficial to this part of Texas.

His statement follows: "In announcing for re-election to the office of Representative from the 114th District, I want to express my gratitude for the confidence the people have placed in me in the past. Such confidence would cause any man to work that much harder in the struggle at Austin for the best interests of the people of his home District. The facts are that a man always has to work very hard at Austin to get any appreciable consideration at all for our section of the State. The seat of government and the great centers of population, are a long way from us, and for that reason we are not generally given the recognition that is given the larger centers of population, where there are more votes, or that is given to that part of the State nearest the Capital. In two consecutive sessions of the Legislature I have almost single handedly blocked bills, which were sponsored by members from large cities, that would give these large cities a much larger voice in the making of the laws, under which we all must live, than they now have, and I think the large cities have too much already.

"Among other things, I have favored the policy of keeping the State's general expenses down to a reasonable figure. With this in mind, I became joint author of a bill in the 42nd Legislature, which reduced the State's property tax rate from 77c to 69c on the \$100.00 valuation. This bill passed and was signed by the Governor. In the 43rd Legislature, I became the author of a bill which would have reduced the State's property tax rate from 77c to 57c on the \$100.00 valuation. This bill passed both branches of the Legislature by a substantial majority. In my judgment the tax on property is too high.

"I have always favored a suitable and ample State scholastic apportionment for school purposes, as the various school districts usually need the money and the State can usually raise it better than the local districts can. I have several times voted to transfer additional revenue into the school fund and have several times voted against revenue being transferred out of the school fund. During the depression the Texas Legislature has managed to provide better financial assistance for its public school system than the Legislatures of many other States have done.

"In the regular session of the 43rd Legislature, and again in the Special Session just closed, I was the author of a bill to reduce the license fees on cars. Each time the bill passed the House of Representatives by a large majority but failed to pass the Senate. In my judgment license fees are too high. Other states have a cheaper license fee, why not Texas? When I saw there was no chance of getting a general bill through, and being anxious to help the farmers who have been losing cotton to the gin in old worn out trucks, I next proposed a special bill to reduce license fees on light trucks used by farmers for hauling their own products. I finally got this bill passed and it is now the law and it should give some relief.

"There are 150 members in the Texas House of Representatives, and 31 members in the Senate. A majority vote in each branch is necessary to pass a bill, therefore it is easy to see that nearly all laws are a compromise of various viewpoints.

However, as stated above, it has been my purpose to try to secure legislation favorable to the best interests of the people of this part of Texas.

"I expect to canvass the District before the primary and certainly will be glad to meet and talk with the people of the various communities that make up the District, and I will sincerely appreciate your vote on election day.

GEORGE MOFFETT.

FRESHMEN

We start on a new six weeks today. We cannot forget the past lessons and exams until the finals wherein all trials and failures should be forgotten. But as this is not the closing term, our minds will continue to be upon last weeks lessons in order to express our minds on paper in final exams.

We have been wondering what keeps some of our Freshmen boys out of school so much. The other day a freshman, Garland Forehand, went up to Mr. Harber and asked, "Mr. Harber, may I get out of school this evening to go to the zoo to see the monkeys?"

Mr. Harber: "Why, Garland, what an ideal! Imagine wanting to go see the monkeys when the inspector is here!"

We have just finished Treasure Island in Literature and found it very interesting. It is probably more interesting to those who have not read it before, but to study it as we have, and to get every detail, is more interesting. Then too, Miss Blanton is a very good teacher. She may be getting old, but she seems to enjoy the kinds of stories we study.

Speaking of the teachers ageing, why do teachers age? Its like this: "I'm sorry, but I missed the bus and in my rush left that notebook at home." (Mr. Hill)

"I didn't feel one bit like studying last night." (Miss Crouch)

"I lost my book." (Mrs. Morgan)

"None of the rest of the teachers but us have to keep a notebook." (Mrs. Davenport)

Even some pupils age. A freshman said to his dad: "Member last night when I asked you how much a Russian ruble is worth?"

"Well, 'not worth a damn' is not the answer."

Topics like this may make the parents age, but it won't hurt to see a school child worry some time, especially over a problem of some sort. By the way some of these teachers talk, to see a high school student worry would be a shock of surprise which would be difficult to get over. So let's not worry, and hope for the best. (That the teachers will be spared.)

SPORT DOPE

The Volley Ball Tournament of last week-end was not as well attended as had been anticipated. Only

POLITICAL ANNOUNCEMENTS

The Times is authorized to make the following political announcements, subject to the action of the democratic primaries:

names have been suggested, Sophie, Elaine, Supanka, are examples. By far the greater enthusiasm is in favor of naming it after its mother, whose name is Black Bess. "Bessie Chyle" has been suggested by the following committee: Dolly Nix, Bessie Hunter and Edna Hudson.

At a faculty meeting last Tuesday morning Miss Gladys Williams, timid member of the Grammar School faculty, was almost accused of loafing. However, during the embarrassing moment following, Miss Crouch and Mrs. Burton came forward in defense, declaring that she had been of invaluable aid in the preparation of students entering Story Telling and Declamations.

All of which reminds us to mention for what purpose the faculty meeting was called. Mr. Harber wished to check up on the progress that had been made in the various interscholastic league activities that Sunset is entering.

The patrons of Sunset School have by this time received the slips of paper requesting contributions in the form of sandwiches, milk, etc., to be used during the Knox County meet to be held here on Saturday. Sandwiches, ice cream, cold drinks, and candy will be for sale to the visitors, thereby saving a trip to town.

SENIORS

We are very sorry to disappoint you by not having the first installment of "The History of Our Years Through High School," ready, but on account of a full weekend, we are forced to detain you another week. By the time this reaches you we will have had a most interesting winter roast. Our accounts will come out in next weeks issue.

The Seniors have made a resolution, that every two weeks we are to have some form of entertainment.

Two certain Senior girls went to the Baptist Church at Munday Sunday night. (We wonder why?) Elmo went to the Fat Stock Show at Fort Worth Friday. He reports an excellent time.

JUNIORS

"Today is the tomorrow we worried about yesterday."

A new six weeks term is here, so we must do our best to make it worthwhile. We must forget the past and think of the future. Last six weeks grades are already made, but we must make some new records (in studying) so that our next grades will be good ones!

Spring and "Spring Fever" are almost here—but let's not fall down on the job. Spring is the time for waking up—not going to sleep!

The Junior-Senior Banquet is not far off, either—so the Juniors are all busy with their plans for the "big blowout."

Miss Blanton says that one word is not a sentence, but here are several words which are not words but sentences: marriage, (according to Eddie Cantor), school, (according to Drucilla), literature and meetings, so Elvas thinks.)

SOPHOMORES

Those dreaded exams are over and we now refer to them as past history. But the results may make us think of them quite often.

We Sophomores are leading in the popularity contest. We would like to know who wouldn't with such representatives as Lillian Rae Hudson and Mat Verholen. We won by being about forty votes ahead, just about ten to one.

We are sorry not to have our Tacky Party last week because of the Invitation Valley Ball Tournament, but we shall have it later on.

Last week the following notice appeared on the board: "J. C. is ineligible for either contest."

We are still wondering if there is anyone eligible or even if there is any such contest.

SUNSET 4-H CLUB

Once again the 4-H club girls met with Miss Faulkner, Home Demonstration Agent. There seems to be too many dropping this club work on account of school classes, but if this work isn't more important than one English, Spanish, or arithmetic lesson, we don't know what is.

One lesson missed out of two weeks may cause a pupil to miss something out of the class, but if he pays strict attention to the club work, as we all have to do, he learns much more than he missed in some other lesson.

At this particular meeting the previous preparation of the bugs head and the catting of mice must were discussed by two teams. Jimmie Lois Frasure and Dolly Nix, one team, and Mary Helen Partridge and Margaret Shannon, the other team.

As they will soon be judged, the better team will go to the Lubbock Meat Show to represent Knox County. The club girls took notes and gave advice to the speakers which will benefit the girls in their speaking and demonstration.

After this demonstration plans made by the girls on their spring gardens were discussed. One par-

MODERN ELECTRIC Ranges and Water Heaters

Here is Good News for all who said, "I'll Cook Electrically when it is Faster and Cheaper."

Progress has been made in Electric Ranges and the new type brings into the home more than just a new "cook stove." It introduces new economy, new cleanliness, new hours of freedom to women...because modern electric cookery is fast.

And before you buy any water heating equipment, see our new low-priced Automatic Electric Water Heater.

The Electric Water Heater operates on a special low rate schedule and gives you dependable, economical service without the disadvantage of flame, noise, fumes, soot or odor. Don't judge modern water heaters by the old-fashioned standards...for progress has been made in water heaters, just as in electric cookery. Investigate the cost of cooking and heating water electrically. You may be surprised at the low rate schedule for these appliances.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule...and operating costs amount to but a few pennies a week?

SOCIETY

Munday Study Club in Musical Program

The outstanding social affair of the week was the musical tea given by the Munday Study Club at the spacious home of Mrs. J. R. Smith. Bowls of sweet peas and baskets of snap dragons and ferns were artistically arranged in the living room suite, which had recently been redecorated and made a beautiful setting for the beauty of women who gathered for this annual spring affair. The artist of the afternoon was Mrs. Harley F. Gable of Wichita Falls, president-elect of the first district, Texas Federation of Music Clubs. Mrs. J. C. Harpham, chairman of the music committee, presided at the meeting and presented Mrs. Gable, who was charming in a blue dinner gown with silver accessories. Her corsage of sweet peas was a courtesy of Mrs. Harpham. Mrs. Gable is prominent in music circles in Wichita Falls and other cities. Her mezzo soprano voice with its clearness of tone and wonderful technique completely captivated her audience. She was accompanied at the piano by Mrs. Louise Ingram, one of Munday's accomplished artists. The first numbers included "The Spirit Flower," "My Message," and "Trees".

Mrs. Pitzer Baker with Mrs. Joe Davis at the piano delighted her hearers with a musical reading of Eddie Cantors. An enjoyable feature of the afternoon was the reading of several original poems by Mrs. E. E. Ammons.

In the second group of songs Mrs. Gable sang "The Little Old Garden," "My Magic," "My Wish on a Message," "I Pass by Your Window" and sang by special request "Trees" again.

A dainty refreshment plate was served to Mesdames J. V. Tiner, D. E. Holder, Jack Mayes, W. H. Chapman, M. F. Billingsley, T. G.

H. D. CLUB.

"I am getting the 4-H pantry now so that I can put them on before I place the containers on the shelves of my pantry," said Mrs. L. M. Melton, 4-H pantry demonstrator in the Gillespie Home Demonstration Club.

"My pantry will probably be in the house since it will take so much to improve the cellar just now," she also said.

Mrs. Melton is making a hotbed and plans to lay 200 or 300 feet of concrete tile for sub-irrigation. "I believe I will be able to raise enough tomatoes so that I can standardize tomato juice," said Mrs. Melton. This is one of the goals for all the 4-H pantry demonstrators this year.

4-H GIRLS PLAN GARDENS

"I plan to lay 50 feet of tile and plant tomatoes on it. I want to have plenty of tomatoes so I can can my 50 containers as our goal call for," said Martha Brown, Rhineland 4-H Club. "Other than tomatoes I plan to have 7 other varieties of vegetables in my garden," said Martha.

This is just an example of what the 23 4-H club members in the Rhineland club are planning to do in their garden demonstration this year. More than half of these girls plan to lay at least 25 feet of tile

Outline of Plan of Farm Credit Administration

The 1934 crop season will mean the beginning of a better system of credit for many farmers who are preparing to finance the year's farming by means of short-term loans through the production credit associations which are being organized under the Farm Credit Administration throughout this State.

Under the Farm Credit Administration the Federal Land Bank of Houston will continue to make long-term real estate mortgage loans; but the administration is also providing a long-needed system of short-term production credit for farmers and stockmen—loans to be used for producing crops and for the breeding, raising and fattening of livestock. This is a comprehensive credit system and it is designed to be permanent.

Farmers and stockmen in this locality will be served by the Haskell Production Credit Association, which was chartered on January 12, 1934 to serve producers in Haskell, Jones, Knox and Stenwall counties. About four or five counties is the average size of an association. There is no fixed number of counties standard for all associations, but each must include enough territory to give a volume of business sufficient to secure efficient organization and low cost of operation.

The Haskell Production Credit Association was organized through the cooperation of representative farmers of the counties included, with the assistance of the Production Credit Corporation of Houston. There is one of these corporations in each of the twelve land bank districts in the country. The local association will obtain loanable funds from the Federal Intermediate Credit Bank of Houston, which will discount well-secured notes of farmers and stockmen. All of these institutions are a part of the Farm Credit Administration.

A production credit association does not lend Government money. The funds that will be loaned are obtained by the Intermediate Credit Bank which sell short term bonds, or debentures, to the investing public. In other words, the money is being borrowed to be loaned to eligible farmers to enable them to produce a season's crops. The association is not a charity institution; but a business credit institution for business minded farmers. The purpose is to make loans that farmers can afford to use for a season's operations, and which will be repaid at the end of the season. It is a pay-as-you-go plan for agriculture.

Most of the loans will run from 3 to 12 months, depending on the length of time required for growing and marketing the crop or livestock which the loan is made to produce. Loans for crop production will usually mature in less than a year, although loans such as those on dairy and breeding cattle may run longer.

Applications for these short-term loans are handled in this territory by V. W. Meadows, Haskell, Texas; W. W. Coffman, Gore, Texas; John Ed Jones, Munday, Texas and Roy Smith, Knox City, Texas.

Applications will be acted upon quickly when they give a clear financial statement of the applicant's farming condition, listing all assets and liabilities, and estimating net worth. The applicant should name specifically all his farming assets offered as security for the loan, and give a plan or budget, showing how he is going to use the loan applied for and how he is going to repay it.

Primary security for production loans consists of livestock, farming equipment, growing crops, or other personal property most appropriate to secure the loan adequately and make up a chattel mortgage. It is not intended that loans shall be secured primarily by mortgages on real estate. Where this type of security is taken it will be regarded only as additional collateral.

The minimum loan is \$50 and no loan may exceed 20 per cent of the authorized capital of the association unless the loan is adequately secured by collateral and approved by the Corporation. The amount of the loan should correspond with the actual need for credit. Perhaps more farmers and stockmen have become heavily involved in debt because of too much credit than because of the lack of it. Loans from production credit associations will only be made as needed; and proper precautions will be taken to prevent over-extension of credit so that farmers and stockmen will not have to pay unnecessary indebtedness with resulting interest.

After a farmer's or stockman's application is received his financial statement is checked and the property offered as security for the loan personally inspected by a loan inspector of the association. Regulations about inspection charges and collection may be changed as required by the Production Credit Corporation. Usually no charge will be made for inspection if the loan is not granted.

If the report of the inspector is approved by the loan committee of the association, the farmer's or stockman's note is endorsed in the name of the association, and sent, along with his credit statement and chattel mortgage, to the Federal Intermediate Credit Bank of Houston. If the bank approves the credit statement and the security, it makes funds available to the association, and the association sends a check to the borrower immediately.

Each association is capitalized according to the credit needs of the territory it will serve. Most of the capital stock is purchased by the Production Credit Corporation of Houston and this enables the association to begin making loans immediately. Funds derived from the sale of stock to the corporation are used by the local association to purchase high grade collateral, chiefly Government bonds, which are placed with the Federal Intermediate Credit Bank of Houston to establish a line of credit, that is, to get the bank to discount the notes of the farmers and stockmen which the association has endorsed. Ordinarily the bank will discount well-secured farmer's or stockman's notes up to five times an association's capital. In this way an association may get all the credit it needs.

The authorized capital stock of

the Haskell Production Credit Association is \$100,000.00.

Actually the Production Credit Corporation of Houston owns about three-fourths of the capital stock of an association. The farmers and stockmen who borrow from it own most of the remaining portion, each borrower being required to own 5 per cent of the amount of his loan in voting stock of the association.

A farmer or stockman who gets a loan from the association does not have to advance any money to pay for his stock, as the purchase price may be included in the loan, one \$5 share being purchased as each \$100 or fraction thereof of the loan money is advanced. The stock carries no double liability. Thus a borrower's liability in any possible impairment of capital of the association extends only to his own stock holding, amounting to \$5 for every \$100 or fraction thereof borrowed.

A farmer or stockman does not have to purchase new stock each time he borrows unless the stock he owns becomes impaired in value or he wishes a larger loan. A borrower not indebted to the association may sell his stock to another eligible farmer or stockman, or may exchange it at its fair book value for non-voting stock. Such an exchange must be made within two years after the holder ceases to be a borrower.

The stock purchased by the corporation is non-voting, but preferred as to assets in case the organization is liquidated. The voting stock is

owned only by the borrowing farmers and stockmen, each having only one vote in the association no matter what the amount of money borrowed or stock owned.

Officers of a local loan committee of each association are selected by the temporary board of directors which was elected by the charter members when the association was organized. At the first annual meeting of the voting stockholders, that is, the farmer and stockmen borrowers, a board of directors will be elected, confirming or replacing the temporary board. Thus each borrower has an equal chance of voting his opinion as to the management of the association.

The interest rate charged the individual borrower may not exceed by more than 3 per cent the rate at which the association gets money from the Federal Intermediate Credit Bank. The interest spread of 3 per cent between the rate paid by the association and that paid by the borrower goes to the association to meet operating expenses and build up a guaranty fund or surplus, needed by any carefully managed business institution.

Actually, the Farm Credit Administration is establishing at Haskell as at other centers of farming and ranching sections, a farmers' and stockmen's short-term credit business. Each borrower has part ownership in the business. His liability for loans of the organization is being entrusted to representative farmers and

stockmen chosen by the member borrowers. This is the only method ever devised which permits farmers and stockmen with the aid of the Federal Government to ultimately own and operate their own production credit business.

ROUGH-HOUSE ROSIE

Rosalin Anna Houser was born in St. Louis Mo., on October 19, 1916. In 1923 she moved to Munday, Texas with her parents.

She started to school here, and hopes to finish her high school education here this year.

Rosalin, as you fans know, is talented in an indefinite number of ways. She has taken ukelele for about four years, and Expression five years. In fact, she has appeared before the microphone on a number of occasions.

Rosalin has had the esteemed honor of having won three years of declamation; two years as a sub-junior, and one year as a junior. As a matter of fact, we think much more of her speaking than we do that of Dr. Brinkley.

She never participated in any form of high school athletics, but she likes very much to play tennis and other games.

Possibly Rosalin possesses a greater dramatic element than any other person in high school. From childhood she was the source of entertainment. We have seen her appear on the stage as gypsies, negroes, singers; she has tap-danced, juggled, and appeared in several choruses. This isn't exactly complimentary, but Rosalin makes a splendid negro mammy, as she has been in various negro minstrels.

Here are her favorites:
 Hobby: Going to dances.
 Sport: Swimming.
 Movie Star: Janet Gaynor or Mae West.

Singer: Virginia Atkinson.
 Speaker: Mr. Seldon Reed.
 Author: Shakespeare. (He trains one's mind by deep thinking.)

Subject: Spanish.
 Expression: "You be good—hear?"
 College: Any co-educational.
 Food: "Doublemint."
 Indoor Sport: "Sofa Parking."
 Life's greatest obstacle: English.

SIDELINE SAM

"Sam", "Little Sam," Weldon, "Shikepake," or what not, Weldon D. Warren made his debut near Munday, May 21, 1915. He was graduated from the Munday Grammar School with the class of '29. Weldon has been what we might term a "regular feller" since he came to M.H.S., for even though he started his Freshman year quite young, he has had an out-of-town girl on his string ever since and is now dreaming of a one-horse-town across the river.

Sam has never been athletic. Sam was never an athlete, but he has been a wonderful asset to our circle of entertainment, which is probably the greater of the two. Since he came to High School he has been in many negro minstrels and other entertainments in connection with the school and other work. He is a member of the famous "Barnyard Quartette." (We don't know which one of them originated the title, but it seems very appropriate.) He has also been cast in several full-evening plays. Sam has appeared in the "Kool Knights" and "Depend On Me."

Sam is the Sports Editor for the

"Tom-Tom," and is the author of the famous column "Sam's Survey."

Here are his favorites:
 Drink: Milk Shake. (hmm—probably he has had tonsils.)
 Cigarettes: Any that are mild.
 Food: Chocolate.
 Weakness: Fritzeled blondies.
 Book: "Pollyanna."

Story: The one about the ugly duckling. He says that not every reader can get the full significance of it.

Subject: The opposite
 Expression: "Yeah, you and me both."

Chosen Occupation: Traveling Salesman. He probably saw "Convention City."

FRESHMEN

The class basketball tournament didn't turn out so well for the Freshmen, but we expect to make a better showing next year.

Track starts Monday afternoon and we will have several loyal Freshmen there. We hope to make quite a showing this year in track.

One of our members forgot Knox City last Sunday and spent a nice quiet evening in Wichita Falls, where he saw several good shows and had a nice time all by himself.

We have several declaimers in our class that we expect quite a lot of at county.

IT SEEMS TO ME

Submitted

It seems to me that an unusually large number of MHS boys journey over to KC each week-end and that a few representatives of said fair city are seen here. Looks as if someone should get together there—think of the gas and oil that could be saved if they could! (Reckon?)

I heard that a certain Goree girl is now wearing a gold football belonging to a certain MHS boy. What's coming off here?

Of course I'm no authority on the subject, but it seems to me that this younger generation is beginning to scatter native avena sativa, a little too young. What do you think? (Note—avena sativa—oats. Get it?)

It seems (to me, of course) that the MHS boys are collectively suffering from the age-old ailment—ennui. No when you read this, boys, you will probably to the mirror to assure yourself, and will probably find more cause for conceit. I'll admit that we have a fine lot of handsome boys here, but that gives them no cause to overlook these marvelous MHS girls. (Reckon?)

It seems to me that an unusually large number of MHS boys went to KC last Friday to "hear the debates." It was also observed that they enjoyed the debates to such

an extent that they forget what the subject for debate was! (Reckon?) Now many of you will probably think that this column is silly, unnecessary, and stuff like that, but it seems to me that is my own personal business! (Reckon?)

GRAMMAR SCHOOL

A rule was passed a few weeks ago as follows: town children, coming to school before the big bell rings, or being tardy, would have to stay in the detention hall one hour after school. Perhaps that at first sounds unjust, but some children come to school too early and want to get in; others come too late. This must be stopped, and the only way is by making this rule. It is not hard to follow, however, for the big bell rings at 8:30 every morning and the tardy bell at 8:55, thus giving every boy and girl 25 minutes to get to school after the big bell rings. We hope no one will have to stay in the detention hall this next week.

Since we have a piano on the third floor now, we have chapel every Wednesday and Friday morning. We sing songs and sometimes have interesting programs. Three high school students, who have entered the declamation contests, said their declamations last Friday for us in chapel. Jerry Kethley, Jack Williams, Bill Billingsley and Weldon Warren, members of the high school boy's quartette, sang delightful songs for us also. We enjoyed this program very much, and we are hoping to hear the other declamations next week.

Last Monday, March 5, both boys and girls played baseball with Sunset. We were beaten, but are counting on winning it the county meet, which is at Sunset next Saturday. We thank the P.T.A. very much for buying us our new reference books. We are using them and are finding them very beneficial and enjoyable.

Dear Betsy: You don't hold him tight enough.

CLASS NEWS

Thursday night the Juniors will have their entertainment for March. Yes, we're having a hard time up here getting a party.

Seniors! Get ready for that feed. It'll be soon after April the first.

The Juniors are working hard to help old MHS win the county meet. Florens Kendall, Gordon James Barnes, and Ralph Layne worked hard on that debate. Last Friday evening Knox City beat our girls who represented the affirmative. The boys were also losers. Although this was a quick preparation for speeches, both sides did excellent. Vinton Tiner and Mary Eva Rigby are entering Extemporaneous Speaking. They have five subjects to get information on; namely, (1) The New Deal, (2) Recognition of Russia, (3) World Disarmament, (4) New Controls of Liquor Traffic, and (5) Fascism. These are proving to be hard subjects.

Did I see in last weeks Senior Section that they were going to slaughter the Juniors? Well, you tell 'em were ready, Yes, sir—And how!

Mr. and Mrs. L. A. Proctor of Dundee were guests of Mr. and Mrs. W. C. Elliott of the Sunset community Sunday. Other guests in the home were Mr. and Mrs. John Elliott of Munday.

Mr. and Mrs. H. A. Pendleton had as guests in their home Sunday, Mr. and Mrs. Roy Sanders of Haskell, Mr. and Mrs. Henry Mason and daughter and Mr. and Mrs. H. A. Pendleton, Jr., of Wichita Falls.

THE FRAZIER BILL

While the Federal Government during the past year has done much to relieve agriculture, we believe it has passed up the greatest relief measure to be offered. We refer to the Frazier Bill, known as "The Farmer's Farm Relief Act."

By the terms of this bill the Government would reduce the rate of interest on farm indebtedness to 1 1/2 per cent on real estate mortgages and 3 per cent on livestock used for agricultural purposes, such loans to be made upon a basis of 50 per cent of the actual value of said real estate.

Nothing has discouraged the man who is ambitious to own land during recent years of low price commodities as the interest debt. Many farmers who have acquired a considerable equity in land have relinquished it to loan companies because they had become discouraged over ever-increasing interest charges.

The Frazier Bill offers an opportunity for the Government to assist the farmer to own his own home, and to our way of thinking more good can be accomplished in this direction than all the millions that have been spent for relief of various kinds. Indeed this measure offers aid to those who are anxious to help themselves, and every farmer who is interested in the cause of agriculture and home ownership should urge his representative in Washington to support this measure.

G. A. Shakair, half-brother of Geo. Salem, was here this week, leaving Monday for his home at Cleveland, Ohio.

FEFNER NEWS

March winds have begun to blow and we all wish for more rain.

There is an epidemic of measles in this community.

The 10 months old baby of Mr. and Mrs. Volney Chandler died Sunday and was buried at Herndon Monday.

The Knox County Singing convention will meet at Hefner on the 14th Sunday in this month. Remember the date and be with us.

On the 5th Sunday in April a 5th Sunday meeting will be held at Friendship Church.

After quilting six quilts at the school house the women and girls had their photos made on the out-doors.

Mrs. J. E. Gior has returned from a weeks visit with a son in Abilene. We are glad to report Dorris Lammeth recovering from a case of measles.

Mr. and Mrs. Bruce Colthorp and baby of Bonarton were Hefner visitors Sunday.

Mr. and Mrs. Oliver of North Arkansas are visiting his parents Mr. and Mrs. George Oliver.

L. L. Manly and family of Littlefield have been here relatives.

Jim Barnett has returned from a visit with relatives in Wichita Falls.

We are grieved to report the death of Mr. J. W. Sanderson of Bridgeport. He made Hefner his home two years. We sympathize with the family. While living in this community he made many friends.

E. J. Jones and son, Phillip, attended the stock show in Ft Worth Saturday.

Mrs. J. R. Watson and W W Golic remain on the sick list.

Hectic Days Sleepless Nights

IF YOU are nervous today, you probably will not sleep well tonight. If you don't sleep well tonight, you will probably be nervous tomorrow.

Don't allow yourself to become nervous. Take Dr. Miles Nervine. It will relax your tense nerves and let you get a good night's sleep.

Irritability, Restlessness, Sleeplessness, often lead to Nervous Headache, Nervous Indigestion, Hysteria—sometimes to a nervous breakdown and organic trouble.

Some of the people, whose letters are printed below, were as nervous as you are—possibly more so—yet they have found relief.

Three years ago I was so nervous I could not bear to go out in company and could not sleep nights. A friend recommended Dr. Miles Nervine. I now enjoy myself thoroughly and sleep every night. *Miss Juliette Cooney, New Market, N. H.*

I have used Dr. Miles Nervine in liquid form and find it the best medicine for the nervous I have ever used.

Whenever I have over-indulged and feel restless I take one or two Nervine Tablets (see below) in the morning when I awake. I feel like a new person and can go about my work as usual. Dr. Miles Nervine Tablets quiet your nerves, brace you up and are the simplest, most convenient tablets to take I have ever found. *Miss Grace Robinson, St. James, Minn.*

Before using your Nervine I was very nervous and irritable. Since I have started to take it I feel so much better that my family notice the difference. I will take it from time to time and the good result is wonderful. *J. H. Hedding, 1207 18th Ave., Rock Island, Ill.*
