A group of additional new models for the 1934 Chevrolet line -four full-size cars -100% Chevrolet in quality and reliability

Right at the peak of Chevrolet popularity -with nationwide demand sending production to new all-time "high"-Chevrolet dealers are displaying an additional group of four new models. These cars are identical in quality with all 1934 Chevrolets. And the prices have been set at such incredibly low figures that you can now buy a Chevrolet for \$465! "A Chevrolet for \$465!" That's the world's lowest price for a six-cylinder car. The lowest price. also, for a car of this size wheelbase and power! And a figure that sounds even more impressive after you find out what it buys: A great big, full-size, long-wheel base car, 169 inches from bumper to bumper. A cushion-balanced SIX of surprising smoothness, power, snap and dash. The most economical full-size car that money can buy-a record-breaker for gas and oil mileage, as well as long, dependable service. And every closed model has a Body by Fisher. Nobody interested in motor cars can afford to let another day slip by, without seeing this "Chevrolet for \$465." CHEVROLET MOTOR CO., DETROIT, MICH.

Sport Roadster at Flint, Michigan, \$465. With bumpers, spare tire and tire lock, the list price is \$18.00 additional. Prices subject to change without notice. Compare Chevrolet's low delivered prices and easy G. M. A C. terms, A General
