Odds Bits Salvaged at Random

Dr. E. F. Heard of Goree must have thought fate had delivered him a hard blow.

Although he didn't say so, there seemed to be a note of disappointment in his voice as he related the incident to us.

This pioneer doctor, who has served Knox County people for half a century, is also serving his third generation, as is another christian physician, Dr. W. M. Taylor of Goree, who is Dr. Heard's junior in point of service in Knox County by only a few years.

To us it's always been a sort of inspiration to have either of these fine doctors call on us at our place of business.

Sincere in their profession, they are also devoted to their churches, their community and the people whom they've served, yet, jolly by nature, they love to have their fun and seem to radiate a spirit of happiness, friendliness and fellowship in their contacts with others.

But back to Dr. Heard's disappointment.

He called on us last Monday, and the conversation was naturally about his years of service and the tribute that's to be paid him and Dr. Taylor next Saturday.

"I lacked only about four months delivering my fourth generation," Dr. Heard said. "The family moved away about four months before the baby was born."

This record of service is one of which the community is proud and for which these two beloved physicians will be honored next Saturday.

The story is that Dr. Heard was on his way to Crosby County to locate. He stopped at old Goree to visit a brother, who was engaged in ranching, found a patient who needed emergency treatment for gallstones and decided to stay right where he had found his first patient.

He has performed the duties of his profession well, ministered to the needs of many people, and doubtless made many calls for which he received no remuneration. Such is the life of a sincere doctor.

Dr. Taylor started his profession in his native Georgia, but in 1907 joined his former classmate in the Georgia College of Medicine and Surgery in Atlanta. He returned to Georgia for a few months, but returned to Goree to cast his lot with a pioneer community.

Other than his professional, church and community life, Dr. Taylor has also been active in the Masonic Order. He is known and loved by the men of the fraternity over all the 91st Masonic District.

No greater pleasure could come to a member of the fraternity than to see and hear Dr. Taylor take part in portions of the Master's Degree. In this activity, too, he seemed to radiate sincerity that has characterized his years of service and that has been inspiring to others.

It is fitting that these two men be paid tribute for their combined 100 years of service in this area, and the Goree community is going all out to see that the celebration is one befitting the occasion.

It is expected that hundreds of people will gather to pay them tribute, some whom they've served through all the years, even into the third generation.

It will be a great day—not only for these doctors—but for the people who gather to pay them loving tribute.

Mr. and Mrs. Carl Gage and children spent several days last week trout fishing in Roaring River, Mo., near Castleville. They also visited in Fayetteville and Rogers, Ark., before returning home.

## Contract Signed Monday For Local Construction Of 30 Housing Units

Members of the Munday Housing Authority entered into a contract with a Burk Burnett firm last Monday for the construction of thirty federal housing units in Munday. Actual work on these low-cost housing units will begin on July 15, it was stated, and will be rushed to completion.

The contract was awarded to Mills and Thweatt Construction Company of Burk Burnett.

The local project calls for 20 units for white families, six for colored families and four for Mexican families. The units for whites will be located west of the Munday elementary school, on property purchased from A. M. Moore. The colored units will be constructed just north of the colored school, and the Mexican units just west of West Beulah Baptist Church, according to L. B. Patterson, chairman of the housing authority.

Insofar as possible, local labor will be used in construction of these units, it was stated. In a letter to J. D. Gillespie, member of the local housing authority, the construction firm stated:

"It is the policy of this company to hire all local labor possible, and we pay the maximum scale of wages as set in the specifications. However, we do have a few key men that we always use throughout the job."

## Freedom Forum To Be Presented To Methodist Men

A "Freedom Forum," an interesting program with a religious background, will be presented at the regular meeting of Methodist Men's Club next Tuesday evening. Men of Munday and members of the Goree Methodist Men's Club have been invited to this program.

The title of the program is "This Is Our Problem" and is divided into four parts, or objectives, as follows:

To identify encroaching socialism and communism, to point out the superiority of the American way of life, to understand this way of life, and to preserve the American way of life.

"This is a very interesting and informative program and is along the line that every American needs to give something and study and then to do something about," those in charge stated. It is a freedom forum presentation and is distributed by the Harding College National Educational Program.

## MUNDAY H. D. CLUB TO SPONSOR BAKE SALE

The Munday Home Demonstration Club will sponsor a bake sale on Saturday, July 4th, beginning at 9 a. m. The sale will be at the Chamber of Commerce office.

Proceeds will be used to pay delegates' expenses to the encampment at Lueders on July 23 and 24. Those desiring a special cake or pie are asked to call Mrs. Joe Patterson, Mrs. Fred Lain or Mrs. John Peysen.

## "Just For Fun" Domino Tourney Is Held At Office Of Paymaster Gin

It was "just for fun," and everyone had fun.

The idea was just "hatched up." Interest was great, as shown by the list of 32 entries. Sometimes the room was filled with players and "sweaters," but the play went off in fine order.

The event was a domino tournament which was held at the Paymaster Gin office last week. Players drew for partners, were bracketed off just like in any other tournek, and play was by a definite set of rules.

In the semi-finals, Fred Lain and Raymond Suggs defeated Roscoe Partridge and Jack Freeman, and Chalmers Hobert and J. D. Gillespie defeated Jiggs Edwards and Claude Hill. Gillespie and Hobert went on to win the

## J. M. Hammons Passes Away At Home In Goree

J. M. Hammons, 79, resident of Knox County since 1920, passed away at his home in Goree last Saturday morning. He had been in ill health about a year, but his condition became critical only a few days ago.

Funeral services were held from the Church of Christ in Goree at 4 p. m. Sunday. Burial was in the Goree Cemetery by the Laningham Funeral Home.

Mr. Hammons was born in Tennessee on February 3, 1874, and came to Texas with his parents when a boy. He made his home in Grayson County for a number of years, and while living there he was united in marriage to Miss Mattie Moore of Delta County on October 21, 1894.

He "obeyed the gospel" at 17 years of age and lived a faithful Christian life until his death.

He is survived by his wife and six children; Elbert Hammons, Pageland, S. C.; Ruby Hammons, Goree; Tony Hammons, Marion, Ky.; Mrs. H. H. Edwards, Goree; Mrs. Rube Taylor, Throckmorton, and Mrs. G. O. Denham, Goree. He is also survived by 21 grandchildren, 18 great grandchildren; four brothers, Joe Hammons, Newcastle; Will Hammons, Alex, Okla.; D. B. Hammons, Amherst; J. P. Hammons, Lone Isbell, Coalgate, Okla.; and a host of other relatives and friends.

Six grandsons served as pallbearers. They are: T. J. Taylor, Terry Edwards, Waymon Robin, Tony Ray Denham, Leo Hammons and Raymond Denham. Honorary pallbearers were Otha Denham, Donnie Taylor, Billy Ray Smith, Troy Denham, Pat Lloyd King, Earl Howry Cunningham, Melvin Cunningham, Johnny Moore and Charlie Edwards.

Granddaughters and great granddaughters served as flower bearers. They are: Ola Mae Edwards, Virginia Slagle, Florene Hammons, Wanda Beth Bradley, Ruby Diane Hammons, Patsy Denham, Juanita Denham, Patsy Smith, Edna Robin and Austoyne Taylor, granddaughters; Feona Edwards, Linda Lue Robin, Nancy Denham, great granddaughters, and two nieces, Judy Gray and Cieta Fern Gray.

## Homecoming For Sunset Ex-Students Is Set For Sunday

Ex-students, parents, teachers and friends of the Sunset community will hold their first homecoming on Sunday, July 5, at the Sunset school building.

The committee has made extensive plans for making this homecoming a success, and an enjoyable day is promised to all who attend to renew acquaintances and talk of old times in the Sunset school.

Registration will begin at 9 a. m., and lunch will be served at 12:30. Everyone is expected to bring a basket lunch and enjoy the noon-day meal with their friends of days gone by.

## Directors Of Farm Bureau In Meeting On Tuesday Night

Director in the Knox County Farm Bureau, in a meeting on Tuesday night, voted to open a county office in Benjamin to assist farm bureau members in the advancement of agriculture in Knox County.

George Wall resigned as secretary, and J. Omar Cure was named secretary and treasurer. E. H. Nelson was elected director from Munday, making two directors for this area. The other director is Otis Simpson. County Agent Palmeyer reported on the feed situation, stating that he has contacts with available hay supplies for the area and the prevailing prices on different types of hay.

Drive carefully. The life you save may be your own.

## Oil Activities

British-American Oil Production Co. has staked a 6100-foot Knox County wildcat nine miles southeast of Benjamin at its No. 1 R. C. Hamilton. The venture is four miles east of the Buzzard Peak Field.

A failure for Knox County was reported when Union Oil Co. of California and B. A. Duffey plugged at 6518 feet the No. 1 G. H. Beavers, eight miles north of the North Knox City Canyon Field.

The No. B-2 L. W. Graham has been completed as a producer by Stanolind Oil and Gas Co. in the Knox City North Canyon Field. The well pumped 93.77 barrels of 38 gravity oil per day from perforations at 4260-90 feet. Total depth is 4318, and gas-oil ratio was 635-1.

## Knox County Is Designated In Disaster Area

Knox County was one of the 152 drought stricken counties in Texas and 40 others in Oklahoma which were designated by President Eisenhower this week as disaster areas.

This makes Knox County cattlemen and stockmen eligible to share in the eight million dollars allocated by the president from his emergency fund for drought relief. This move followed a meeting in Lubbock last Saturday, when Secretary of Agriculture Benson met with a group of stockmen, bankers and others.

President Eisenhower sent telegrams to Govs. Shivers of Texas and Johnson Murray of Oklahoma, which were substantially as follows:

"I have today allocated funds to FCDA to initiate assistance in drought affected areas of your state declared a major disaster under public law 785, 81st Congress of June 26, 1953. This assistance is to be furnished on terms and conditions recommended by the secretary of agriculture and approved by the federal civil defense administrator. Representatives of FCDA and Agriculture will contact you re funds available, required agreements, assurances, etc."

## To Meet In Wichita Falls

Members of the agriculture committee from Washington have scheduled a meeting at the Kemp Hotel in Wichita Falls for 5:30 p. m. Friday to discuss the drought relief program with stockmen of this area. All are invited to attend this meeting.

## Parker Named County Judge

Louis A. Parker, 59, a member of the Knox County commissioners court for eight years, was appointed county judge on Wednesday to fill the unexpired term of County Judge Frank Hill, deceased.

Which Mrs. Ann McClaran, pres-applicants considered for the post. Decision to name him as Judge Hill's successor was reached by the county commissioners late Wednesday after only three names remained for consideration.

Since vacating the commissioner's post on January 1, Mr. Parke has been engaged in private business in Benjamin.

Week end guests in the home of Mr. and Mrs. E. F. Yeager and family were Mrs. Thomas Sitton and Tommie Ruth of Lubbock, Mr. and Mrs. Zed Wadzeck and Jan and Mrs. J. C. Sitton, all of Rule.

## WINCHESTER VOTED BEST DRESSED COWBOY

Mr. and Mrs. Truman Winchester, Mr. and Mrs. Sidney Winchester and Miss Evelyn Garrett were in Graham last week for the opening of the Possum Kingdom Roundup. Twenty-five riding clubs took part in the opening parade.

Sidney Winchester, member of the Remuda Club of Seymour, was awarded a prize as the best dressed cowboy in the parade.

## 115-Year-Old Mexican Woman Dies Saturday; Graveside Services Sunday

Mrs. Carloda Hernandez Flores, native of Mexico, who claimed to be 115 years old, died at 4 p. m. last Saturday at her Munday residence.

Mrs. Flores was born in Mexico on November 27, 1837, and was 115 years and 7 months of age. She moved to Munday from Abilene about a year ago, and was residing in Mexican labor camp just south of town.

She had been unable to walk for about a year, but prior to that time had walked with the aid of a cane. She had been ser-

iously ill for only a week before her death. Her husband, Herculio Flores, died in 1936.

Surviving her are two sons, one of whom is Wenceslao Flores of Munday, and two grandchildren.

Graveside services were held from Johnson Memorial Cemetery at 4 p. m. Sunday, being conducted by Rev. Fabian Dierin, O. S. B., pastor of the St. Joseph's Catholic Church at Rhineland. Burial was under the direction of the Mahan-McCaulley Funeral Home.

Munday's merchants, still reluctant to close on Saturday, their busiest shopping day, have voted to remain open on Saturday, July 4th, but will close all day Monday, July 6th, so their employees may enjoy a long week end.

So it will be business as usual on Saturday, and a holiday on Monday.

There are a few exceptions, however. It is expected the post office will observe Saturday as a holiday, as will the First National Bank, which observes the same holidays as other banking institutions and the clearing houses.

The Munday office of Stamford Production Credit Association will be closed both Saturday and Monday, it was announced by J. D. Gillespie after attending a meeting of the board in Stamford last Friday.

Monday, July 6th, is one of the five holidays which Munday merchants voted to observe by a poll taken by the Chamber of Commerce earlier this year. The others are:

Monday, September 7, labor day; Wednesday, November 11, Armistice Day; Thursday, November 26, Thanksgiving; Friday, December 25, Christmas.

## Rain Brings Drought Relief

The rain which fell over much of Texas last Tuesday morning brought temporary relief from the long drought. The precipitation varied from a half-inch in the western portion of Knox County to more than seven inches in parts of Baylor County, with heavy rains being reported in Haskell, Jones and Throckmorton counties.

Munday gauged only .98 of an inch according to the records of H. P. Hill, U. S. Weather Observer. Vera had around 1.50, and about two inches were reported at Goree. Knox City, Benjamin and Truscott had lesser amounts.

The dry, parched earth soaked up all the moisture that fell here, as the rain came slowly and steadily, without lightning, thunder or wind. It brought renewed hopes for a 1953 cotton crop, and some farmers were planting cotton Wednesday in the hope that more rain and a late fall might permit it to mature.

## Bralys Attend Lubbock Meeting

Mr. and Mrs. W. E. Braly of Munday were among the large delegation who attended the meeting in Lubbock last Saturday in the interest of securing federal aid for ranchers and stockmen in the drought stricken areas of Texas and Oklahoma.

They heard Secretary of Agriculture E. T. Benson as he spoke to a group of some 250 in the ball room of the Caprock Hotel and promised them the government would "move as expeditiously as humanly possible" to aid the livestock industry in these areas.

Mr. and Mrs. Braly went from Lubbock to Tulsa and spent the week end with Mr. and Mrs. T. L. Fore.

### DON'T LET INDEPENDENCE DAY MAKE YOU A DEPENDENT!

Unless this forthcoming holiday is different from all that have preceded it, thousands of Americans will become dependents on Independence Day.

They will be the maimed, the widowed, the orphaned. For the rest of their lives some of the maimed will have to depend on others for their physical care and comfort—some of the widowed, the orphaned will be the result of Independence Day accidents.

In addition, several hundred Americans will pay for their celebration with their lives. All this because of accidents that need not happen.

Holidays have become horror days in the United States. In recent years many holidays have brought such a high accident toll that they assume the proportions of a national catastrophe. And this carnage need not occur. Accidents are not acts of God. They are acts of humans who foolishly bet their lives for dubious rewards.

The driver who speeds to get to his destination—what difference does it make whether he arrives 10 or 20 minutes later?

The youth who attempts to swim across the lake—what is gained by trying to show off in front of a crowd?

The father who can't deny his children the "pleasure" of fireworks—what pleasure will the child derive from sightless eyes?

Motor vehicle accidents lead the list of Fourth of July hazards. According to the National Safety Council, one out of two persons now living in this country has been or will be injured in a motor vehicle accident before he dies, unless our present accident rate is greatly reduced. And many of these accidents occur on holidays, when traffic is especially heavy.

Second high on the Fourth of July accident list is drowning. Falls, fireworks and sunstroke and heat exhaustion, food poisoning and miscellaneous accidents also exact their toll.

Independence Day tolls are not inevitable. They can be prevented. Police departments and other officials all over the country will be alert to prevent as many accidents as possible. But as always the size of the toll depends chiefly on the good sense of every American. Take it easy on the Fourth. Don't let Independence Day make you a dependent!

### THE RETAIL REVOLUTION

It is reported that 56 per cent of all the nation's retail outlets are in communities with populations of less than 20,000. And it's a certainty that modern retailing's contribution to rural and small-town living would be hard to exaggerate.

Most of us can remember the heyday of the old-time "emporium." It enjoyed pretty much of

a monopoly in its community. Stocks were severely limited, and often depended on the whims of the proprietor rather than the desires of the consumer. Prices were frequently established on all-the-traffic-will-bear basis. The consumer could like it or lump it.

Then, along with better roads and vastly improved commercial and private transportation, came the beginning of the new era in merchandising. The chain stores pioneered the then-revolutionary mass-distribution idea, which held that very small unit profits would result in satisfactory total profits if enough goods were sold. Other kinds of stores followed the lead and thought up attractive innovations of their own.

Now, in even small towns, we can buy the same brands and kinds of merchandise that are sold in New York and Chicago or any other metropolis, and at approximately the same prices. Competition is free and intense—no one has a monopoly of anything. And that has been one of the biggest factors in the creation of our present living standards.

### GRASS ROOTS OPINION

**EMPORIA, KANS., GAZETTE:** "The nation's total 1953 tax bill will be as much as the wages, rents, interest and dividends received by all of us during the January 1 to April 22 period. You can read that again but the experts say it is correct. Obviously economical government and eventual tax reduction are in your personal interest."

**FAIRFAX, MINN., STANDARD:** "The Federal debt now totals \$260 billion, which means that the average Federal mortgage on each family is \$5,860, in addition to state and local debt mortgages. We will never be able to reduce our debt mortgages and tax liability until government cuts wasteful spending and keeps expenditures within the limits of its income."

**CANYON, TEXAS, NEWS:** "We have always taken the position that taxes could not be reduced until we had reached the point where we were willing to cut out a lot of foolishness in public spending. If and when we have reached that point we may expect tax reductions sometime in the future."

**MEDFORD, MASS., MERCURY:** "A twenty-year backlog can't be cleared in a few months. The government structure reared in the 'dizzy deals' can't be pulled down and put together again overnight. The tax load supporting it can't be cut while the administrative superstructure is being remade without having it all topple down on top of us."

"For centuries the advance of man has been hampered . . . by do-gooders and demagogues who sought . . . to obstruct the ways of free men and free markets with monetary and physical controls."—John W. Beck.

## BIBLE SYLLOGISMS FROM "THE VINDICATOR"

1. Every spiritual blessing is in Jesus Christ. (Eph. 1:3)
2. We are "baptized into" Christ Jesus. (Rom. 6:3; Gal. 3:27).
3. Therefore, we are "baptized into" every spiritual blessing.

1. Men cannot be saved without Christ as their spiritual Head.
2. But Christ is the spiritual Head of the church. (Eph. 1:22-23).
3. Therefore, all of God's children are in his church.

1. All of God's children are in God's House or Family.
2. But the church of God is God's House or Family. (1 Tim. 3:15).
3. Therefore, all of God's children are in his church.

1. We are all "baptized into one body." (1 Cor. 12:13).
2. But the body is the church. (Col. 1:18-24).
3. Therefore, all those who are baptized are baptized into one church.

1. Those only are saved, who have been purchased by Christ's blood.
2. But Christ's blood purchased the church. (Acts 20:28; Eph. 5:23).

Therefore, only those who are in the church are saved. (pardoned).

1. Those only are saved who "put on Christ."
2. But men "put on Christ" in baptism. (Gal. 3:27).
3. Therefore, only those who have been baptized are saved.

1. Christ only, as Saviour, can promise salvation.
2. But he promised salvation to the believer who is baptized. (Mark 16:16).
3. Therefore, only the baptized believer can be saved.

IF NOT ALREADY A MEMBER, WHY NOT OBEY THE TRUTH AND LET THE LORD ADD YOU TO THE CHURCH BUILT BY CHRIST? READ ACTS 2:36-47. HE WILL DO FOR YOU WHAT HE DID FOR THEM. THEN MEET REGULARLY WITH THAT AUTHENTIC CHURCH. READ ACTS 2:41; ACTS 20:7.

F. X. Aubrey rode 800 miles from Santa Fe, N.M., to Independence, Mo., in six days to win a bet, in the 1800's. He was a French-Canadian who drifted down to Missouri like many of his race, to take part in the fur trade. He lived for a time in St. Louis and then went to Independence, the fitting-out place for the Santa Fe trail.

goods to Santa Fe. The country was booming. Aubrey sold his goods at 100 per cent profit. He decided to hurry back and bring

another wagon train through that same summer, and announced he would make the ride—which required thirty days for the military mail—in eight days. Bets ran high, and he started out.

That was, according to western standards, a real ride. Eight hundred miles through desert, over mountain, across plains held by intensely hostile Indians. Aubrey's horse gave out at the Arkansas. He pushed on fifteen or twenty miles to Mann's

## It's Good Business to Save Regularly

In this inflationary period, it's hard to save very much, yet a systematic method of putting a little aside for a "rainy day" is just simply good business. This bank encourages regular savings among its customers.

We, too, offer every financial assistance consistent with good business.

fort, got a new mount and continued. Indians pursued him near Panee Rock, but he eluded them and eventually rode into Independence eight days and ten hours after he began the trip. Counting off the time he had to walk and was detained by Indians, his actual traveling time was a little more than seven days.

The feat created quite a buzz even in a country more or less accustomed to the incredible, so much that Aubrey decided to better his record. Returning to Santa Fe with his second train of goods, he announced he would make the ride to Independence in six days.

That was too much. The sporting blood of Santa Fe was aroused. Bets were made up into the thousands of dollars. This time, Aubrey made careful preparation. He sent men forward with relays of fresh horses at strategic points. On the morning of September 12, he left Santa Fe at a swiftness gallop. There was no stopping to eat or sleep. He touched ground only when he changed horses at long intervals, carrying his food and drink and eating in the saddle. By the second day, he had to tie himself in the saddle so he could doze occasionally.

As he approached Independence, there were no cheering crowds to greet him, but the Noland house, also called the Merchant's hotel, was open late.

Men heard his hail and rushed out to lift him from the saddle. The saddle was caked with blood. But he had made the ride in a little more than five days, arriving the night of September 17th.

Aubrey was a hero. They even named a steamboat after him—a lofty honor on the Missouri in those days. His 800-mile ride to win a bet is something the West points to when riding is under discussion.

Mr. and Mrs. E. D. David of Lamesa and Mr. and Mrs. O. F. Temple of Seymour visited their parents, Mr. and Mrs. E. E. Akers, during the week end. Mr. Akers was quite ill but is improved at this time.

## Goree Couple Observe Their Golden Wedding Anniversary Sunday, June 21

Mr. and Mrs. R. C. Spinks of Goree celebrated their golden wedding anniversary with an open house at their home on Sunday afternoon, June 21.

The children of the couple greeted guests as they arrived. In the receiving line were Mrs. Lee Feemster of Vera, Mrs. Pierce Rogers of Abilene, Mrs. C. E. Roberson of Rector, Ark.; T/Sgt. R. C. Spinks, Jr., of San Antonio, and the honorees.

The table was covered with a beautiful lace cloth, and the three-tiered wedding cake was topped with a miniature bride and groom. The stand and arch under which the couple stood was unique in that it was hand-crocheted by Mrs. Lee Feemster. The floral centerpiece was of styraform and lace cloth for the background. This was outlined with gold lace and topped with the numerals "50" in gold. Flowers were gold chrysanthemums and calla lilies. White streamers of ribbon with gold numerals 1903-1953, were extended from the bouquet to the center of the table.

Cake and punch were served to the guests by Mrs. R. C. Spinks, Jr., and Mrs. L. W. Feemster. Registering the 133 guests who called during the afternoon was Mrs. Joe Favor. Others in the house party were nieces of Mr. and Mrs. Spinks, Mrs. A. K. Boyd of Seymour assisted in registering the guests and directed them to the refreshment table.

Mrs. Faye Dennington and Mrs. Cecil Shipman of Seymour assisted in serving. Mrs. L. H. Dawson of Henrietta, Mrs. J. A. Spinks of Dallas and Mrs. Zona Woillard of Lubbock were in charge of the room where a lovely array of gifts were on display.

Mr. and Mrs. Spinks have six grandchildren and two great grandchildren. The grandchildren present were Lee Sayme Feemster of Abilene, Mrs. Joe Favor of Jayton, Donald, Tommy and Mary Jayne Roberson of Rector, Ark., and the great grandchildren, Roger Mae and Kathy Favor of Jayton.

Other relatives attending were Mr. and Mrs. M. J. Spinks of Dallas, Mrs. W. L. Horn, Moore, Ariz.; J. A., Jim and Joe Spinks, Dallas; Dickie and Donna Beth Dawson, Henrietta; Zona Jeanne and Billy Woillard, Lubbock; Nina Shipman, Seymour; Pierce Rogers, Abilene, Joe Favor, Jayton; A. K. Boyd, Seymour, and Lee Feemster, Vera.

Mr. Spinks was born in Meridian, Miss., on December 7, 1876, and came to Texas with his parents in 1880, then to Knox County on March 1, 1881. He has made Knox County his home since that time, teaching school in the county for five years. He became postmaster at Vera in November, 1913, and served until his retirement, December 31, 1946. He moved to Goree in 1947 and has served as pharmacist at the Rogers Drug Store since that time.

Mrs. Spinks is the daughter of the late Mr. and Mrs. John King and was born in Johnson County on March 22, 1883. She came to Knox County with her parents in 1901.

Mr. and Mrs. Spinks were married in the Cottonwood community near Vera on June 21, 1903, by the late Rev. R. G. M. Eiland, moving to Vera in 1907.

Four people were present at the open house who attended their wedding. They are: M. J. Spinks, Mrs. W. L. Horn, Mrs. Faye Dennington and Mrs. Dovie McBrayer.

## Attention, Please

Something NEW Has Been Added to . . .

## K & K Cleaners!

We are now using the rinse system in dry cleaning. Here is how it works and is approved by the National Institute of Cleaning and Dyeing:

Recently a new soap formula was introduced to dry cleaning. This soap will mix with dry cleaning solvent. First, we clean the garment with naphtha alone, then in about 30 minutes we mix the soap in the naphtha and it removes the spots which naphtha failed to get.

After a short run in the mix, we run the clothes in clear, clean naphtha for the rinse. The difference is amazing. It's like washing your garments in plain water, then adding soap and seeing the dirt come out. There's just that much difference!

We are happy to give you this fine quality, up-to-the-minute service at no extra cost. We have, and always will, give the best cleaning at competitive cost. We also announce . . .

## 4-HOUR CLEANING SERVICE to All Who Desire It

If you do not have an account with us, come in and open one today. In some cases we will extend credit on fall terms.

# The OASIS on your route

The traveler of ancient times sought rest and refreshment at an oasis on his route.

So does the traveler of modern times . . . he stops at an oasis that prepares his automobile for another hundred miles or more of driving . . . at an oasis that provides ice water and a chance to stretch . . . at an oasis that offers clean and sanitary rest rooms . . . at an oasis where our traveler can give and get a friendly greeting.

Today's oasis is the service station on the American highway.

It makes your trip. It provides your contact with the country through which you're driving. On its driveway you feel at home; you get the impression wherever you stop, that this is your America.

Not one service station, but thousands of them. All along the highways you'll find them staffed and equipped to give your car the expert care it requires, to make your brief visits on their driveways comfortable and pleasant.

The service station where you buy gasoline and motor oil is your chief contact with the American oil industry. It is probably an individual enterprise; and it competes to give you better service and better products than another station down the street or on the other side of town. No small part of the oil industry's progress in the service of the motorist finds final expression on service station driveways.

## MISS Laverne Albus And Leonard H. Lamb Married In Rites Held June 23rd

Miss Laverne Albus, daughter of Mr. and Mrs. P. W. Albus of Munday, and Mr. Leonard H. Lamb, son of Mr. and Mrs. Con A. Lamb of Pueblo, Colo., were united in marriage Tuesday morning, June 23, at St. Joseph's

Catholic Church, Rhineland. Rev. Fabian Diersing, O. S. B., officiated at the double ring ceremony and was celebrant of the nuptial high mass.

The couple knelt before the altar, which was decorated with arrangements of pink gladioluses and magnolia leaves and lighted candles.

Miss Lena Albus, organist, played the wedding march and accompanied the choir in singing the nuptial high mass.

The bride, given in marriage by her father, wore a gown of white imported Alencon type lace over net and satin. It was designed with a sheer drop-shouldered yoke outlined with applique of lace with tiny applique framing the face. The fitted bodice had long sleeves, ending

MRS. LEONARD H. LAMB

in points over the hands and terminating in a deep point at the center front waistline. From this stemmed a voluminous skirt shirred at the waistline with scalloped edge of lace outlined with a double tiered nylon net dust ruffle at the bottom edge. It swept into a graceful chapel length train. Her imported, French silk illusion veil fell from a head piece of lace and seed pearls. She carried a cascade arrangement of white stephanotis centered with Flora de Amour on a pearlized prayer book. For something old, she wore a ring belonging to her mother. Her something borrowed was a handkerchief from her aunt, Mrs. A. J. Kuehler. Her wedding attire was the something new. She wore a blue gar-

ter and a penny in her shoe.

Maid of honor for her sister was Miss Nell Albus. She wore a strapless gown of aqua lace and net over taffeta, fashioned with a fitted bodice and a lace cape. Her heart-shaped lace net hat matched her dress. She carried a colonial bouquet of deep pink asters. Bridesmaids were Misses Norma Jean Albus and Arleda Moore, cousins of the bride. They wore gowns identical to that of the maid of honor in orchid and green respectively. They carried colonial bouquets of pink asters. Junior bridesmaids were Misses Linda Carol Kuehler and Sylvia Marie Kuehler, cousins of the bride. They were dressed in similar costumes to those of the other feminine members in blue and pink respectively and carried nosegays of white carnations. Little Miss Karen Ann Kuehler, cousin of the bride, was flower girl. She wore a white dress identical to the junior bridesmaids and carried a basket of rose petals. Master Greg Kuehler, cousin of the bride, carried the rings on a satin and lace covered pillow.

Adrian Albus, cousin of the bride, was best man. James Albus, brother of the bride, and Al Kuehler, cousin of the bride, were groomsmen. Ushers were A. J. Kuehler and C. J. Albus. Acolytes were Maynard Moore, Cecil Kuehler and Gerard Kuehler. Valera Albus and Marlene Kuehler distributed the nuptial mass booklets.

The bride's mother was attired in a navy crepe dress with navy and white accessories and wore a white carnation corsage. The groom's mother wore a blue lace dress with white accessories and wore a corsage of red roses.

The bride is a graduate of Rhineland High School and received her B. A. degree from Briar Cliff College, Sioux City, Iowa, where she was a member of Sigma Tau Delta. She did graduate work at the University of Colorado, Boulder, and for the past two years has been teaching in the Brady, Nebraska Public Schools.

The groom is a graduate of Central High School and Pueblo College, Pueblo, Colorado. He attended the University of Colorado, Boulder, and at present is a medical student in the Chicago College of Osteopathy, Chicago.

After a honeymoon to points in Texas and Colorado, the young couple will be at home at 1304 East 53rd Street, Chicago.

The wedding reception was held in the Parish hall at 11:30 a. m. The bride's table was covered with a white linen tablecloth. The centerpiece was the four-tiered wedding cake topped with a miniature bride and groom. Pink gladioluses and candles completed the table decorations. Miss Joyce Marie Michels presided at the guest book. In the evening, the young couple were honored with a wedding dance.

Out of town guests were Mr. and Mrs. Con A. Lamb, Pueblo, Colo.; Mrs. A. J. Cavanaugh, Denver, Colo.; Mr. and Mrs. Leo Kuehler and Marlene and Mr. C. J. Albus of Lorenzo; Mr. and Mrs. Leonard Albus and family

## LET'S TALK LIVESTOCK BY TED GOULDY

FORT WORTH—Lighter receipts of livestock and some clouds and showers in the territory gave the cattle trade a stimulus at Fort Worth Monday. Most cattle and calves were 50 cents to \$1 higher and some cows and some calves were \$1 to \$1.50 above the low time last week. Receipts at Fort Worth were 20 per cent under a week earlier and the nation's 12 major markets reported 11 per cent fewer cattle and calves.

Hog prices were firm with top hogs at \$26, and sows at \$20 to \$23. Pigs drew \$20 downward.

Most classes of sheep and lambs were steady, except feeder lambs were slow and some sales weaker.

Good and choice fed steers and yearlings cashed at \$17 to \$22, and common and medium sorts sold from \$9 to \$16, with cull yearlings at \$6 to \$8.

Fat cows sold from \$8 to \$12.50, and some heiferish kinds upwards to \$13 to \$14. Cannons and cutters drew mostly \$6 to \$8. Bulls sold from \$7 to \$13, odd head reaching \$13.50.

Good and choice slaughter calves cleared at \$13 to \$18.50, while common and medium butcher calves sold from \$9 to \$13, and culls sold for \$6 to \$9.

Good and choice stocker steer calves drew \$12 to \$16.00, and

of Pep; Mr. and Mrs. Edwin Albus of Vernon; and Mr. Matt Neuses of Waterloo, Iowa.

stocker steer yearlings moved to \$10 to \$15. Heifer calves and heifer yearlings sold generally \$2 to \$3 under comparable steers. Stocker cows were considerably more active at \$7 to \$10.

Good and choice fat lambs sold for \$17 to \$23, and common to medium sorts drew \$10 to \$14, with culls from \$5 to \$10. Stocker and feeder lambs bulked at \$10 to \$15. Stocker ewes drew

\$5 to \$7 slaughter ewes sold from \$3.50 to \$4.50.

Fat yearling wethers sold from \$10 to \$14, and feeder yearlings cashed at \$10 down. Old wethers sold from \$6 to \$8, and two-year-olds cashed at \$10 down.

Mrs. Dwaine Russell and son of Vernon visited Mrs. J. B. Bowden and other relatives here the first of the week.

## Knox Prairie Philosopher Is Put Out Over Government Official's Idea On Just How To Cut Down On Expenses

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek no doubt is misinterpreting the intentions of the man he's writing about this week, which is not unusual with him.

I was out here the other day speculating on the economic situation, when a man ain't never quite made ends meet any discussion of times gettin harder or better is mostly academic, it's like worryin over what the fare on the first trip to the moon is gonna be, most likely you won't be aboard anyway, when I noticed a puff of wind swirlin a newspaper along over my pasture and I watched it for a while and noticed it caught on a bob-wire fence and later on in the mornin when the sun went behind a cloud I got up and walked down there and picked it up and got back under my tree and flipped through it.

Over on an inside page I read where some government official was discussin the same thing I'd been thinkin about, the economic situation, and his advice was that while there's nothin to get panicky about, things may be tightenin up a little and he was advisin people to cut down a little on expenses.

Now cuttin down on expenses is sound advice, I probably could have thought of it on my own, but what disturbed me about this man's advice was his ideas of how you ought to go about cuttin down on expenses.

"When most men think about cuttin expenses, the first thing that crosses their minds is trimmin the wife's grocery list," he said, and then added, and this is what burned me up: "But most any man can trim his own expenses by working more, doing with less cigarettes, and going to a few less rodeos."

It seems to me that government is goin to far when one of its employees makes a statement like that. Trimmin expenses by workin harder is like goin to Mayo Brothers to cure an ingrowin toenail. Trimmin ex-

J. A.

penses may be important, but there ought to be some other way to do it without workin harder, I'd just as soon let em pile up. In fact, workin harder ain't necessarily the way to do it anyway. The last year I worked hard, which was fourteen years ago, I plowed more land, planted more acres, and wound up with the shortest crop of my life. Most expensive year I ever had.

What I say is, let the government, which really ain't in much shape to be advisin anybody on how to cut down on expenses, figure out its solution but let me figure out mine. Cuttin down on smokin and rodeos ain't necessarily the answer either. Winston Churchill smokes twelve one-dollar cigars a day, and he ain't in a financial strain. Gene Autry attends rodeos every week, some times even seven times a week, and look where he is.

Personally, I don't want to vary my diet, but I would like to see my grocery bill cut a little.

Yours faithfully,  
J. A.

Mr. and Mrs. E. B. Littlefield were business visitors in Dallas the first of this week.

### TEXAS' NEW GRAIN

Texas now has its first grain warehouse bill. And for the first time, the farmer has adequate protection for his grain and field seed held in storage by a state licensed grain warehouse.

Long needed as a protective measure for stored bulk seed, the Public Grain Warehouse bill was passed during the recent 53rd legislative session. As a result, a depositor has his commodities insured against fire, theft, misappropriation, damage due to careless handling, or acts of God.

Also for the first time, the farmer may use his store grain receipts from state licensed warehouses as negotiable security.

The bill is Texas' answer to grain scandals which rocked the nation in late 1951 and early 1952. Briefly, it requires that each public warehouseman obtain adequate bond, secure a license of operation from the Texas Department of Agriculture, and carry sufficient insurance to cover the full value of bulk grain stored in his bins.

Bonds are set at \$5,000 minimum and \$50,000 maximum, subject to the decision of the Commissioner of Agriculture who can raise or lower it as he deems fit for the best interests of depositors. The licenses are issued over his signature.

The law has an exception. Warehouses having a license from the Federal Government are not required to meet the state provisions. The regulations are so similar that it would make for unnecessary duplication.

The first eight licenses of op-

eration were issued early this month to J. R. Cooper, representative from the J. C. Crouch Grain Company, headquartered in Dallas. By law, other public warehousemen will follow suit until every holder of public grain can offer the proper protection necessary to depositors.

Frequent inspections of the warehouses will be made by Texas Department of Agriculture personnel. Copies of the bill and regulations are available without charge by writing: John C. White, Commissioner of Agriculture, Capitol Station, Austin.

Mr. and Mrs. T. J. Gaines and children, Delbert and Doris, of Richmond, Calif., arrived Wednesday of last week for a visit with his father, R. L. Gaines, and sister, Miss Florence Gaines, and other relatives. While here they visited her mother and other relatives in Fort Worth. They were accompanied to Fort Worth by Miss Florence Gaines. Before leaving for home they left their money for a year's subscription to the Munday Times so they could keep up with affairs at his old home town.

Miss Jerrilyn Kane returned home Munday from Midland where she had been visiting the past two weeks with Mr. and Mrs. Joe Bill Pierce. Mrs. Pierce brought her home and visited her parents, Mr. and Mrs. P. V. Williams.

Charles Bellinghausen, Miss Betty Patterson, Mrs. H. L. Bellinghausen, William Jerry and Phyllis spent the week end in Fort Worth visiting Mr. and Mrs. B. W. Pavlicek, Jr., and Miss Ilene Bellinghausen.

### Freedom from Drudgery!

These automatic electric appliances are symbols of a new freedom for American homemakers — just as the Liberty Bell symbolizes the Freedoms of American life.

Automatic electric home appliances turn West Texas homes into small factories producing a variety of products from frozen desserts to clean shirts.

They provide a healthy, comfortable, pleasant atmosphere for family living... recreation and entertainment for fuller enjoyment of family life.

Research engineering and dependable electric service provide means of eliminating the time-consuming drudgery of housework. Electric service and electric servants together have created a new way of living — a new freedom.

### a new Freedom

### ELECTRIC SERVICE — TODAY'S BIGGEST BARGAIN

The average cost of a Kilowatt-hour of electric service in West Texas homes is even 21% less than it was 10 years ago.

## News From The U. S. Congress

Congressman Frank Ikard

Washington, D. C., June 26, 1953. The Agriculture Committee has been holding hearings all week with regard to the drought situation in the Southwest. I have attended all of these meetings in addition to conferring with the Secretary of Agriculture and others urging that some immediate program be adopted for relief to the farmers and ranchers in the critical drought area. Testimony before the Agriculture Committee has emphasized the great need for a program that would make available feed, sufficient credit, and a plan to stabilize the price of livestock. One of the suggestions that has been growing in favor is a plan that would provide for the Government's buying a number of cattle, and after it has been processed, selling the beef abroad for foreign currency. By doing this, we would be trading our beef for foreign money. This program, if adopted, would be substituted for the one that is now in effect whereby our Government is spending about Two and a Fourth Billion Dollars a year buying money of foreign countries. Another thing that has been stressed is the fact that all the problems connected with the drought will not be cured with one good rain but that the ranges and farms are in such condition now as a result of the drought that it will take them three to five years to get back to normal even with good rains. It is sometime hard to make people here realize that it is necessary that something be done to relieve the condition in the drought area because of the fact that if the distressed conditions are allowed to continue, it might possibly bring about a break in our whole economy for we can-

not long continue to go on with the price of cattle so low and the price of labor and manufactured goods remaining so high. However, I think this proposition is seen a lot clearer now than it was three or four months ago when some of us first started working on a program for relief to the drought area, and we have been led to believe that by the first week in July that the program will have been announced and that it will go into effect immediately. I am going to make every effort to be in the District sometime around the 1st of July in an effort to talk to as many of the farmers and ranchers as I can so that I may get their ideas about this situation and so that I can be of more help in securing the passage of necessary legislation to bring about a proper program.

Visitors from home this week were Mr. and Mrs. James B. King, Mr. and Mrs. William L. Donnell, and Mrs. Leoti Deaton of Wichita Falls, Dr. Sam B. McAlister of Denton, Tony Fengollo, Jr., of Nocona, and Mr. and Mrs. Gowen Davis of Bellvue.

## LOCALS

Mrs. R. M. Almanrode was in Brownwood three days last week attending a board meeting of the Texas Home Demonstration Association. The state meeting will be held in Galveston September 30-October 12, and Mrs. Almanrode will be one of the speakers on the program.

Mrs. Frank Garrett and daughters, Brenda Lind and Sue of Phoenix, Ariz., spent the past two weeks visiting here with her parents, Mr. and Mrs. E. J. Brazell, and other relatives and friends.

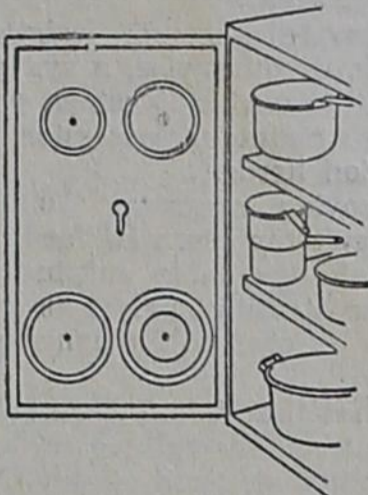

Mr. and Mrs. W. G. Welborn and Gaston visited friends in Altus, Okla., last Sunday.

### Lids on Cabinet Door

ROUND-KNOBBED lids of cooking utensils may be neatly stored inside a cabinet door where they will be both accessible and occupying otherwise waste space. Here are directions for making this handy storage unit:

Measure the door and obtain a piece of Masonite 1/4" Tempered Presdwood which covers the inter-

ior excepting for one-half inch on all sides. If the door is paneled, there will be room between the cabinet door and the Presdwood for the knobs to fit into openings the shape of large keyholes. If the interior is one plane from one side to another, it will be necessary to install a strip of lumber about one inch thick as a perimeter.

Lay out the round-knobbed lids on the Presdwood so that their positions may be marked. With a bit and brace, bore holes about one-quarter inch larger than the knobs. Underneath each, with a keyhole saw, complete the oversized keyhole, forming a slot into which the neck of the knob will fit. The final step is to fasten the panel to the interior of the door with finishing nails. The panel may be left unfinished or painted.

Mr. and Mrs. Wayne Mitchell spent last Wednesday and Thursday in Fort Sill, Okla., visiting their son and wife, Mr. and Mrs. Raymond Mitchell. Raymond has been promoted to corporal.

Mr. and Mrs. Paul Espey of El Paso are spending this week in the home of her daughter, Mrs. Tom Bullington, and family.

Misses Suzanne and Charla Ruth Hightower of Dallas are spending several days here with their grandmother, Mrs. A. E. Womble, and uncle and aunt, Mr. and Mrs. Joe Bailey King.

Mr. and Mrs. Zane Franklin and daughter attended a birthday dinner honoring his aunt, Miss Suzie Kelsler, in Rule last Sunday.

Mr. and Mrs. A. J. Beaty of Corpus Christi were guests in the home of his parents, Mr. and Mrs. G. H. Beaty, and other relatives here over the week end.

Mr. and Mrs. Troy Denham and daughter of Leuders were week end guests in the home of her parents, Mr. and Mrs. Leland Hannah.

Mrs. Eula Stubbs returned to her home in Taloga, Okla., last Sunday after a three months visit with her sister, Mrs. E. J. Brazell.

Mrs. Doug Moore of Borger is visiting her mother, Mrs. Maudryse Blacklock, and other relatives here while her husband is in summer camp of the National Guard.

Mrs. E. J. Brazell was a Friday guest in the home of her daughter, Mrs. O. O. Shue, in Abilene.

## Weekly Health LETTER

Issued by Dr. Geo. W. Cox, M. D., State Health Officer of Texas

AUSTIN—Taking note of the approach of the great patriotic national holiday, July 4th, which this country has celebrated for one hundred and seventy-seven years, Dr. Geo. W. Cox, State Health Officer, calls the attention of the citizens of Texas to some of the dangers of careless celebrating. Each year on the 5th of July, one always reads of the appalling number of accidents which occurred over the Fourth. It is not alone the wounds received from explosives that in-

crease our death toll. Injuries from automobile accidents, splinters, nails and other penetrating wounds in which dirt may be carried into the skin, heighten the hazard of tetanus or lockjaw. Such wounds should be promptly treated by a physician.

If the day's pleasure includes a swim, caution should be used and no attempt made to do more than your strength will permit. If a drowning takes place, artificial respiration should be started at once and continued until a doctor arrives.

Automobile accidents have usually one of three causes—exceeding the speed limit, driving on the wrong side or failing to grant the right of way. It can be seen that the chief factor in auto accidents is the judgment of the driver. Caution should guide the holiday activities so that the day

may be remembered with joy instead of sorrow.

Bobby Waheed of Lubbock was a guest of his uncle, Kay Waheed, last week.

From where I sit... by Joe Marsh

### Bad Case of the "Ztutters"

Our copyboy is out sick. So the editor (me) is taking over some of his chores—which include running the addressing machine on "mailing-out night."

Last week I didn't have the usual number of papers left over for sale at the office. Couldn't figure what had happened—until Chub Zimmer called to ask why he'd gotten 56 copies.

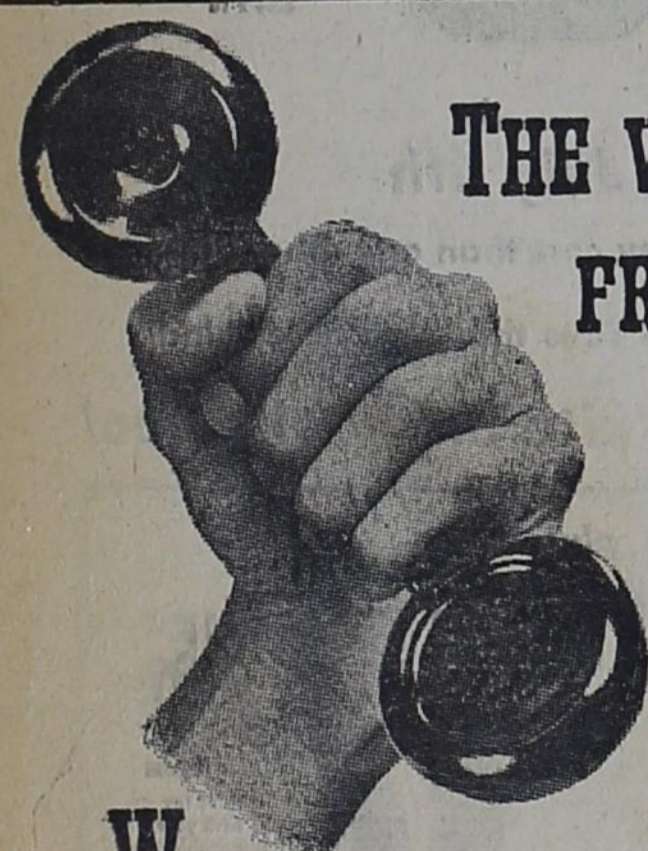

Then I realized—"Zimmer" is the last name the machine prints. Guess I forgot to turn it off... and it just kept grinding out Chub's name on all the remain-

ing copies. That machine just didn't know when to stop.

From where I sit, people are like that sometimes. They often don't know when to stop. Like those who are prejudiced against someone with an accent, perhaps... or against someone who likes a cool bottle of beer with his supper. So, in these columns I try to persuade everyone to "throw the switch" on prejudice so it won't get repeated.

## THE VOICE OF FREEDOM

WHEN the Declaration of Independence was signed by representatives of the 13 colonies in 1776... the news was months in reaching the farthest outposts of freedom in the new world.

Today, telephone service spans our nation and the entire globe, bringing the cities and towns of the 48 states within seconds of each other. And today, there are more telephones per person in America than in any other nation in the world.

This communication... the free interchange of ideas, thoughts and opinions... is at the basis of a free nation. It is the heart of America's freedom of speech. It is the motivating power behind America's system of free enterprise that has helped America grow from these fledgling 13 Colonies in 1776 to the greatest and most powerful nation in the world today.

When you pick up your phone to speak to someone across the street... or across the nation... remember, freedom is speaking, too!

Legionnaires To Meet In Fort Worth

W. E. LOWRY

ALBERT D. BROWN, JR.

FORT WORTH—Legionnaires and Auxiliary members from posts in the 11th, 12th and 13th Congressional Districts will meet here Saturday and Sunday, July 4 and 5 for their annual Fourth Division Convention, according to Division Commander W. E. Lowry of Electra.

Three outstanding speakers will be on the program according to Browning Roberts, Fort Worth, general convention chairman. These will be Albert D.

Brown, Jr. of Austin, state commander of the American Legion; William McCraw of Dallas, past state commander and I. D. Hale of Fort Worth, former Texas Christian University football great.

RESEARCH BRINGS IMPROVED COTTONS

Cotton produced in the United States today is strikingly superior to that grown only a decade ago in two important qualities, fiber length and fiber strength. A recent survey by the U. S. Department of Agriculture reveals this gain in cotton fiber length and strength.

The improved fibers make stronger, more easily processed yarns and fabrics.

The study compares commercial cottons most widely grown in 1939-41 with those of 1949-51. It reveals that new cotton varieties with increased fiber length and fiber strength are being grown across the Cotton Belt.

The average length of fibers of nearly 12 million bales produced in 1939-41 was .98 inch. Then years later the average fiber length of nearly 14 million bales was 1.04 inches.

The average index of fiber strength came up from 6.78 in 1939-41 to 7.23 in the 1949-51 period.

Plant scientists see the year-year gains as only the beginning of cotton fiber improvements which can be achieved through research.

Grasshopper Bait Station Is Opened

To assist Knox County farmers and ranchers in fighting the grasshoppers, a bait station has been opened in Benjamin. The bait is mixed as follows, with each one desiring the bait required to mix his own poisoned bait.

100 lbs. bran  
300 lbs. cottonseed hulls  
16 lbs. sodium fluocillate  
20 gal. water

Charges assessed are 10c per sack, with users cautioned to store bait in a safe place, and that it should be scattered like hand sowing of wheat, thereby preventing piles accumulating and causing the poisoning of animals that might get into the poisoned area.

The poison bait is the best control method for the jumbo grasshopper, but insecticides of Chlordane, Texasphene and Aldrin give a better control of the winged grasshopper. Dosages are as follows: ALDRIN—3 ounces per acre in enough water to cover the acre; CHLORDANE—Use 1 quart 45% emulsion or 2 lbs. wettable powder per 50 to 100 gallons per acre; TOXA-PHENE—Use 1 quart of 55% emulsion or 2½ lbs. of wettable powder per 50 to 100 gallons to spray 1 acre.

Spray only infested areas or bands around crop.

For other information, contact your local county agent.

Mrs. Michael Sloan and daughter, Sandra, of Midland are spending this week with her parents, Mr. and Mrs. A. H. Mitchell.

Eisenhower Asked To Consider Five Aids To Stockmen

WACO—The Texas Farm Bureau Federation asked President Eisenhower recently to "give serious consideration" to five proposals designed to alleviate hardship suffered by livestock producers in the drought-stricken area of the state.

In a telegram to the chief executive, the TFFB board in session in Waco requested that immediate emergency measures be instituted to "relieve this drastic situation." The message, signed by President J. Walter Hammond, contained the following proposals:

1. That the drought-stricken portion of the state be declared a disaster area.
2. Provide through existing channels, or otherwise, a system of credit to enable livestock producers to maintain possession of foundation herds.
3. Provide necessary long-term credit for essential feed.
4. Make available surplus C. C. feedstuffs at prices as low as those offered to foreign countries.
5. That the United States Department of Agriculture initiate a beef-purchase and promotion program that will restore confidence, strengthen the market and tide the industry over this emergency.

The telegram also urged that a "thorough investigation be made of the disparity between

producer and consumer prices" by Agriculture Secretary Benson's Livestock Advisory Committee which was to meet June 20 in Chicago.

Mr. and Mrs. Curtis Gollehon, and son, Tommy, of Amarillo visited their parents, Mr. and Mrs. B. O. Norvill and Mr. and Mrs. J. C. Gollehon, last week while on vacation.

Mrs. Hattie Williams of Abilene came in Friday for a three weeks visit with her sister and husband, Mr. and Mrs. D. E. Holder, Sr.

M. L. Wiggins attended a class reunion in Peaster over the week end.

Kenneth Smith spent the past week in Fort Worth with his uncle and aunt, Dr. and Mrs. John A. Wiggins, and family.

John Brown of Eunice, N. M., visited relatives and friends here over the week end.

Mrs. Otis Burnett and children of Stephenville were guests in the home of Mr. and Mrs. A. L. Smith over the week end.

Mr. and Mrs. Ben Yarbrough were Wichita Falls visitors last Tuesday.

Miss Blanche Hensley of Wichita, Kans., is here for a visit with her sister-in-law, Mrs. Jack Hensley.
