## D. R. (Bob) Poer, Pioneer Farmer, Is Found Dead By Railroad Track Sunday Morning; Officers Make Investigation

The body of D. R. (Bob) Poer, 54, pioneer Knox county farmer, was found beside the Wichita Valley railroad track near the Knox-Baylor county line Sunday morning with the head badly crushed in such a manner as to have caused instant death, and while officers of Knox and Baylor counties carried on an investigation all day Sunday with a view of determining whether he had met with foul play or had been hit by a passing freight train they were unable to gather any evidence that might lead to a solution of the mystery.

Poer was last seen at the County Line Sandwich Shop at midnight, at which time the place closed, and it is said to have experienced some difficulty in starting his car and is reported to have started out to walk home, however, his body was found in an opposite direction to that he would follow in going to his home, as he resided in the Brushy community south-east of Munday and the body was found north of the county line several hundred yards and north of the Sandwich Shop where he was last seen alive. This fact, together with the fact that very little blood was in evidence at the spot where the body was found led some to the belief that he had met with foul play and the body placed in such a position as to indicate that he had been hit by a train. Justice of the Peace O'Riley of Seymour rendered a verdict that he had met his death by unknown causes after making an inquiry into the tragedy.

The Campbell ambulance was called Sunday morning and removed the body to Gore where it was prepared for burial.

Mr. Poer had resided in this section for many years and was regarded as one of the county's most substantial citizens, always taking an active interest in community affairs.

In addition to his wife he is survived by four daughters and four sons, Mrs. Lela Lowe, Mrs. Cary Chamberlain, Mrs. Mary Bowman and Mrs. Vera Burton of Sudan, Texas, Hugh Poer of Overton, Texas, Robert, T. J. and Jack Poer of the Brushy community. Two brothers and five sisters also survive him, Lee and Ray Poer of Tahoka, Texas, Mrs. Eula Friday of Hubbard, Texas, Mrs. Percy Wood, Tahoka, Mrs. Addie Cox, Lubbock, Mrs. Tom Eaton, Kerens, Texas, and Mrs. Maude Walton of Stamford.

## F. E. & C. U. Officials Wire Roosevelt To Peg Cotton at 15c

A telegram was dispatched to President Roosevelt Monday requesting him to "peg" the price of cotton at 15 cents. The telegram was sent by the Farmers Educational and Co-operative Union of Texas, and was signed by J. D. Henderson, president, and J. E. Edwards, secretary of the organization.

It was pointed out in the telegram that due to drought conditions in the states west of the Mississippi the yield would be light and the staple short, making it necessary to "peg" the price at the 15-cent mark to save the cotton farmers of the section.

The telegram was sent in response to a request made by J. E. McDonald, Commissioner of Agriculture of Texas, who was here the latter part of last week to confer with Messrs. Henderson and Edwards, and who is calling personally on heads of farm organizations and agricultural leaders over the state urging action in urging that the government stabilize the price at the 15 cent mark.

## Walter Williams Loses Barn and Contents by Fire

Fire of unknown origin late Wednesday evening destroyed the barn and contents of Walter Williams west of Munday. Mr. Williams had just finished heading his maize and this together with a large quantity of bundle feeds, harness and wagons were destroyed. The loss was partially covered by insurance.

## Three Officials To Be Elected In Saturday's Voting

Three county officials are to be elected in Saturday's primary in Knox County, together with a number of state, district and precinct officials. In the county contests E. L. Covey is opposing J. W. Melton for re-election to the office of county judge, and Lee Haymes is opposing Earl Sams for re-election to the newly created office of tax-assessor-collector. Mr. Sams is the present tax assessor, while in the race for county superintendent are Mrs. E. F. Branton and J. Lyndal Hughes, neither of whom have held office in the county before.

Other contests that have attracted much attention and have been the source of much conversation are those in which W. D. McFarlane of Graham is being opposed for re-election by Sam Spence of Wichita Falls, and Ben G. Oneal of Wichita Falls is being opposed for re-election as State Senator by Ruben Loftin also of Wichita Falls. Senator Oneal goes into the run-off Saturday with a decided lead over Loftin, having led in every county in the district in the July primary except one, Archer County, which is the home of Judge Dycus, who was eliminated in the July primary.

Then of course there is much interest in the various state races between Tom F. Hunter and James V. Alfred for Governor, and between Walter Woodward of Coleman and William McCraw of Dallas for Attorney General, and various other State contests.

Locally there is much interest in the race for county commissioner in which D. C. Osborne is opposed for re-election by Ed Jones, and the candidacy of these two men will attract many to the polls to express their preference, and indications point to a vote almost as large as that polled in the July primaries in Saturday's run-off.

Another local race of interest to voters of Munday and vicinity is that between Clyde Nelson and Wallace Reid for public weigher.

## Sam Spence Warns Against Last-Minute Campaign Rumors

Gainesville, Texas, August 20.—In a speech here Saturday night, Sam R. Spence, Wichita Falls district attorney and candidate for Congress, warned his audience against last-minute campaign misrepresentations. He pointed out that three days before the first primary his opponent had caused to be distributed "a scurrilous scandal sheet" containing statements which had no basis in fact. "To my knowledge in every campaign he has ever made the congressman has in the last week issued some such yellow sheet as this," Spence asserted. "And I wish to warn you people against accepting what he says without investigation for yourselves."

Spence delivered a stinging attack on his opponents campaign methods and on the charges he has made against Spence's record as a district attorney. He declared that the congressman had "deliberately and maliciously" misrepresented the facts in an effort to gain votes. He read a statement from the district clerk of Wichita County, showing that his record of convictions in contested cases has been 65 per cent, instead of 10 per cent as charged by his opponent.

"A man who will misrepresent the facts in one particular can not be trusted not to misrepresent them in other particulars," Spence declared. "That is why I say we are entitled to doubt the high esteem is stated to be held at Washington. That is why I say we need not accept too literally his claims of saving millions of dollars for the taxpayers of the country. When he twists facts in such a manner as this he loses the right to possess the confidence of the citizens."

Mr. and Mrs. Ray Harrell and Mrs. Doyle Wheeler and sons of Ralls are visiting in the home of J. T. Shaw.

## Injuries Received In Stalk Cutter Fatal to Ollin West

Ollin West, 17, son of Mr. and Mrs. G. A. West, residing between Munday and Gore, died in the Knox County Hospital Tuesday evening of last week from injuries received early in the day when a team he was driving became unmanageable and ran away, throwing him into the blades of a stalk cutter. He was immediately rushed to the hospital at Knox City and given surgical attention.

The body was taken in charge by R. G. Campbell local undertaker, and brought here for preparation for burial, and services were conducted at the West home Friday afternoon by Rev. W. H. Albertson, pastor of the Baptist Church in Munday. Interment was made in the Gore cemetery.

In addition to his parents he is survived by five sisters and three brothers. Friends in extending sincere sympathy to the bereaved parents, sisters and brothers.

## Farmers Urged To Attend Meeting At Benjamin Aug. 26

A meeting has been called for 2:30 o'clock Friday afternoon, Aug. 24, at Benjamin, and all farmers of Knox county are urged to be present by County Agent Rice. A representative of the Department of Agriculture will be present to discuss the various phases of the Bankhead Bill, and every farmer will be interested in hearing what he will have to say, and he will be able to answer any question that may pertain to the cotton reduction campaign.

## First Baptist Church

Last Sunday was a fine day in spirit and attendance. There were 276 in Sunday School and all classes were jubilant over the good interest. We are expecting 300 next Sunday.

In the last four weeks we have added over one hundred names to our church roll. It brings us a great opportunity and a tremendous responsibility.

Sunday School at 10:00 A. M. Preaching at 11:00 A. M. and at 8:00 P. M. Training service at 7:00 P. M.

There will be a baptizing service at the close of the evening preaching service.

You are always welcome to any or all of our services.

W. H. Albertson.

## TO THE VOTERS OF KNOX COUNTY

As the campaign comes to a close permit me to extend to the citizens of Knox County my sincere thanks for the treatment and consideration you have shown me, and even though I should be unsuccessful in my race for County Superintendent, I shall always feel that my efforts have not been mis-spent, for I have learned to know the people better and have enjoyed my association with them, and shall ever feel grateful for the numerous courtesies extended.

During the campaign I have endeavored to conduct my candidacy on a high plane. I feel that I am particularly well qualified to render efficient service in enlarging the scope of the rural schools of Knox County since in addition to taking my Bachelor of Arts degree from the University of Texas, I also specialized in Business Administration and for some years have been associated with the Department of Education in Austin, hence I feel that I am in position to know their requirements and can administer the school affairs of the county in such manner as to reflect credit upon the citizenship of the county.

In conclusion permit me to say that I will greatly appreciate your vote in Saturday's primary, and should you see fit to honor me with this responsible position I shall strive diligently to merit your confidence and it shall be my constant aim to exert every effort to the end that every child in Knox County might have educational advantages second to none and I respectfully solicit your vote and influence.

Respectfully submitted,  
J. LYNDAL HUGHES

Rev. and Mrs. Roe Haney and children of Newport, N. J., were guests this week in the home of Mr. and Mrs. G. W. Haney. The Rev. Haney and family are making a tour of the United States and had traveled 7000 miles when they reached Munday.

W. H. Bray was in Tolbert Sunday to visit in the home of his daughter, Mrs. T. H. Lockard, and Mr. Lockard.

## Mrs. Jim Steele Fatally Injured In Automobile Accident; Funeral Services Here Wednesday Afternoon

### Miss Virginia Smith To Sing at Dedication Memorial Amphitheatre

Hunt, Texas, Aug. 20.—Miss Virginia Smith, Munday, will sing with the Waldemar Glee Club at the dedication on August 26 of the Memorial Amphitheatre in memory of the late Miss Ora Johnson. The glee club will sing "In the Heart of the Hills (Lee)" presiding the address by Dr. E. G. Townsend, dean of Baylor College, from which Miss Johnson received her first degree.

Harvey P. Smith, San Antonio architect, who designed the Memorial Amphitheatre and other Waldemar buildings, will also speak, having for his subject, "Ora Johnson, the Builder". Mr. Smith worked with Miss Johnson from the beginning of Camp Waldemar in 1926, when she realized the value of summer camps and established her own camp in the heart of the Guadalupe Mountains. Before opening Camp Waldemar, Miss Johnson had served many years in the public schools of Texas and had held the highest rank of the city of San Antonio ever gave a woman teacher, the principalship of its largest high school, to which she brought national recognition in many fields.

Mrs. Eli Moore Townsend of Baylor College will give the dedicatory prayer, following the unveiling of the bronze memorial tablet by Miss Doris Johnson, a niece and the successor of the founder at Camp Waldemar.

During the present summer nearly 400 girls and 100 counselors have been in Camp Waldemar, including Miss Smith and Miss Lucille Neff of Munday. This enrollment has far exceeded Miss Ora Johnson's expectations for her camp when she opened it in 1926.

## Successful Revival Comes To Conclusion at Methodist Church

One of the most successful meetings ever held in Munday came to a close Sunday night, in which there were 117 conversions and some 40 additions to the church, while other churches in the city were increased in membership by the campaign conducted under the able leadership of Rev. H. L. Cochran.

Large crowds were in attendance nightly at the services and much interest was shown throughout the two weeks, and many are of the opinion that this was one of the most successful revivals that has been held here since the Hogg revival some years ago.

Rev. and Mrs. Cochran left Monday morning for Mountain View, Oklahoma, where he will engage in a three-weeks revival.

## Miss Ida Mae Spann Receives B.A. Degree From W.T.T. College

Canyon, Texas, August 21.—Receiving her Bachelors degree from the West Texas State Teachers College, Ida Mae Spann of Munday will be among the 111 young men and women to graduate 23.

Of those who are members of this class, practically all are experienced teachers who already have positions for the coming year. Most of them have attended college in the summer for several years. They come from points as widely separated as Canyon and Houston, Sweetwater, Texas, and Tucuman, New Mexico.

After the summer session has ended on August 24, most of the faculty and students will be away on their vacations or preparing for the coming year. The fall term of the West Texas State Teachers College will open September 18.

Dr. and Mrs. A. A. Smith and Arthur Jr., accompanied Mr. and Mrs. Carrol Blacklock and daughter Betty Carolyn to Chickasha, Okla., Wednesday evening. They will remain for a weeks visit.

Mrs. John McGraw returned Tuesday from an extended trip north, going to the Century of Progress Exposition at Chicago and into Canada.

Mrs. Jim Steele, 27, died in the Knox County Hospital at Knox City Tuesday afternoon from injuries received about eight o'clock Sunday evening when she was struck by an automobile driven by Jim Nelson.

The accident occurred on the highway in front of the Munday Produce Co. and the injured woman was rushed to the hospital in the ambulance of R. G. Campbell, where, after an examination by physicians, her condition was pronounced critical, and she lingered until four o'clock Tuesday afternoon.

Nelson sustained minor cuts on the face by flying glass and in an effort to avoid hitting the woman almost turned his car over. Mr. and Mrs. Steele and little daughter are said to have been walking down the highway and in making the sharp curve Nelson is said to have been upon them before he saw them and being unable to stop his car he attempted to turn and miss them, however, Mrs. Steele was hit by a fender of the car and thrown violently to the pavement, and in addition to receiving severe head wounds was internally injured.

The accident brought universal sorrow to the community since it was the second fatal accident that has occurred here within the past few weeks, Wallace Ross having been fatally injured only a few blocks from the same spot a few weeks ago.

Following the death of the young woman the remains were brought here and prepared for burial, funeral services being conducted at the Baptist Church Wednesday afternoon at four o'clock by Rev. W. H. Albertson, assisted by Rev. Olie Steele of Wolf City, Texas—a brother to Jim Steele, husband of the victim.

Mrs. Steele before her marriage was Miss Rose Pearl Wallace, a daughter of Mr. and Mrs. Jack Wallace, pioneer citizens of the Munday community. She was born at the Wallace home just west of the city on April 27, 1907, and in 1926 was married to J. B. Steele. To them two children were born, a son having died when 16 months of age and she is survived in addition to her husband, by a four year old daughter, Mary Joe, who witnessed the tragic accident.

She is also survived by her father, Jack Wallace, three sisters and nine brothers, Mrs. Olie Brown, Mrs. Jessie Hester and Miss Bernice Wallace Munday; Lawson, Roy and Albert of Wichita Falls, Carl of Abilene, Aaron of Munday, Frank of O'Donnell, Avil, Arthur and J. C. of Munday.

The Times joins the large host of friends in extending sincere condolence to members of the family in the great sorrow that has come into their lives.

## Rev. J. E. Tucker Is Retained Pastor Hood Baptist Church

Rev. J. E. Tucker of Rule has completed his seventh year as pastor of the Hood Baptist church and on Saturday was retained by that congregation for the ensuing year.

The action of the congregation came at the conclusion of a very successful revival meeting conducted by Rev. Tucker, assisted by Rev. Shade Stevenson of this city, and the final services were conducted at baptismal services Sunday afternoon at which time five candidates were received into the church.

Mrs. R. M. Matson, Miss Jeanette Campbell and Miss Ruth Stinson left Monday for Austin for a week's visit. Miss Stinson has been visiting her the past month in the home of her sister, Mrs. Matson.

Mr. and Mrs. John Hyde of Knox City were guests of Mrs. Hyde's parents, Mr. and Mrs. J. M. Perdue, Tuesday night.

W. V. Tiner and daughter, Margaret, returned Saturday from San Antonio. They were accompanied by Mr. Tiner's mother, Mrs. J. L. Tiner of San Antonio and his niece, Miss Marjorie Thomason of Crystal City, who will spend the week here.

I. E. Day was in Fort Worth Monday on business.

**POLITICS . . . and jobs**

As I have pointed out before, political machines are built on jobs. I have just received a communication from Washington stating flatly that anyone who wants to get a Federal job must get letters of endorsement from local state or national Democratic politicians. The Democratic National Committee has got up a "yellow questionnaire," which has to be filled out by any applicant who is serious about getting on the Federal payroll. And my informant says that there is a secret method whereby letters of endorsement are classed as "genuine" or "pernicious."

The Civil Service Commission still exists, and goes through the motions of examining names of qualified persons for jobs; but no attention is paid to its lists unless they also have the right political endorsement from the right people.

I can't see much hope for anything like efficiency in government so long as such a system prevails. It seems to me to provide the strongest possible argument against the governmental operation of any enterprise.

**DOLES . . . and elections**

I have just seen some startling figures of the amount of money which the Federal Government has been paying out for direct relief benefits. Not counting the three thousand millions of loans and allowances direct to state governments, more than \$3,500,000,000 has been distributed in "doles" of one sort or another, as against \$2,600,000,000 collected in Federal taxes in the same period.

That leaves a good deal less than nothing out of the tax receipts on which to operate the Government.

I have heard of a good many candidates for re-election to Congress boasting about the way that they have "taken care of" their constituents by getting so much money for them out of the Federal treasury. I have not heard of any of them telling his constituents that much of this money has been pure gifts to people who did not really need it but I know that is true in many cases.

I am far more concerned about the habit of reliance upon Government to help people out of their

troubles than I am about who gets elected to Congress or anything else. Nothing can be more of a calamity than that.

**UNEMPLOYMENT . . . today**

I have never had the slightest confidence in any of the so-called "statisticians" of unemployment. Many of them, I have felt certain, were greatly exaggerated. Everybody who had ever had a job was listed as "unemployed." That included stenographers who had got married, men who had saved up enough from their wages to retire on, and all of the great fringe of unemployed who had had "occasional jobs" but couldn't hold any of them long.

I am inclined to take more seriously the figures recently put out by the Chamber of Commerce of the United States, indicating less than seven million persons unemployed "for all reasons," than the Federation of Labor's statement of more than ten million. If the actual facts could be obtained it probably would be shown that not more than three or four million workers who are able and willing to work are out of jobs today.

After his speech at the Tercentennial celebration in Green Bay, Wis., President Roosevelt, smilingly accepted a basket of selected red cherries from the farmers of Union township, Door county, which claims to be the most concentrated area of red pie cherry production in the world. Gust Carlson, president of the Village of Sister Bay, brought the cherries 50 miles on his Allis-Chalmers Model "U" tractor, equipped with Firestone low pressure air tires. The tractor is used for orchard and general farm work. When pretty Clare Acker, Cherryland Queen, made the presentation and told the president that Door county cherries made "wonderful cherry pie," he smiled and nodded his approval. She also told the president that Union township voted "100 per cent for Roosevelt" in 1932.

Year after year the record shows that Ford cars retain an unusually great per cent of their original value.

THE Ford V-8 would be a great buy even at a much higher price. It's the only V-8 selling for less than \$2,500. Ford alone has been able to put a V-8 engine in a low price car.

The first cost of a Ford V-8 is decidedly low. But that saving is only the beginning. . . . Ford V-8 values seldom need grinding. Carbon removal is virtually eliminated. The new Ford V-8 consumes less gasoline and oil than last year's economical Ford. And Ford V-8 parts cost very little.

In addition, on that distant day your Ford V-8 earns its honorable retirement, you'll find that it has a high trade-in value. The record of years proves it.

**"You're too modest!"**

Motorists who got the first G-3's put out—months before the public announcement—say, "You're too modest!" Many of them report 50% to 100% more non-skid mileage. Why, then, do we insist on only 43%? Well, 43% is a definite test-car-proved figure. Very likely it is low for normal use—because the tests which established the 43% average were gruelling; cars speeding up to 50, jamming on brakes, mile after mile, day and night. Very likely most motorists will get more than 43% more non-skid mileage. But we'll string along with 43%—because it's plenty to deliver at no extra cost. Come see the tire that's the talk of the nation.

School is progressing very well even though the Seniors are sleepy from attending church and cannot seem to keep awake during classes. We're all wondering why Velma and Clyde started home with Mr. and Mrs. Henry Saturday. Looks suspicious, however, Velma is still in school.

an attractive cousin? Last week we forgot to announce that Mr. and Mrs. T. W. Harber have a new daughter in their home. Mr. and Mrs. Wilbur Hill are very proud of their young son-who was born last Thursday.

Elvis is more friendly with Velma lately. Could it be that Velma has

they were classified in a grade lower than they thought they were. Mr. Harber checked up and everyone is in his or her right class now.

#### Senior Report.

Did you know that? J-nel has more than one reason for wanting to move to Denton?—(Ask Harold.)

Elvis has gone to church several nights this last week and wants to go tonight most of all. (Preaching on Marriage and Divorce.)

Harold: Jonel, you might tell the laundry people not to starch my night-cap.

Mr. Akin: Yes, I have had some terrible disappointments but none stand out over the years like the one that came to me when I was a boy.

Elvis: "And what was that?"

Mr. Akin: "When I was a boy I crawled under a tent to see a circus, and I discovered it was a revival meeting."

Rogers: The Spiritual Type: I cannot steal, I cannot lie. Indeed, my sins amount to naught.

Though candidly the reason why I'm afraid of getting caught.

#### Juniors

The Juniors haven't done anything of interest this week, however, we still exist.

The American History class is "going for" current events in a big way. In Mr. Atkins' "Suggestions for Better Talks," he said if we only had some way to hold our hands and feet our talks would be better. Imagine a Junior holding his feet while addressing the class!

We wonder what makes us have that shaky feeling when some of us are telling of our summer vacation in English class.

Do not mention math because Mr.

Kimbrough says look it up in the reference books.

Then there is the Spanish teacher who is doing her best to teach a class of dumb-bells the present subjunctive-imperative mood.

A certain Senior boy asked a Junior girl to marry him:

Bessie: "No, Elwood, times are too hard."

Elwood: "We could live on love."

Bessie: "I don't think dad loves you that well."

Jimmie was sitting on the curb looking worried when Sammie came up and asked, "What is your worry?" "I just sent two phone calls, one to dad asking for the car, and one to Louise asking her to be my wife, and one answer came back "yes" and I don't know which one it was."

Why don't you Freshmen get busy and give us something to write about? It isn't funny to rack your brain week after week and then write from our imagination. Suggestions:

Steal a bottle of ink.  
Steal a seat out of the study hall.  
Steal the study hall.

You upper classmen sure did watch us poor fish the first two weeks. You are not so bad about it now. Why? Do we have most of the slime off yet?

This is what we heard about classes in high school:

He who knows not, and knows not that he knows not is a Freshman.

He who knows not, and knows that he knows not is a Sophomore.

He who knows, and knows not that he knows is a Junior.

He who knows, and knows that he knows is a Senior.

Mrs. Davenport and Mr. Hill have been checking up on our grades to see who is eligible for the basketball teams. The games will begin soon after the long term begins.

#### Sophomores.

Mr. Kimbrough says that we are merely having a review of last year's work in algebra. If so, we wonder what the second year algebra will be like.

The two Juanitas, Forehand and Flenniken, are expecting visitors

from Chillicothe. Juanita Forehand spent the summer there. Another visitor by the name of Graham from Lubbock interests Juanita Flenniken.

Leland Couch, whose visit in Mississippi resulted in his having malaria fever, is back in school.

Anyone caring for a wad of chewing gum, see Juanita Flenniken or Cloe Pezzer as they always have a vast supply. (so thinks Miss Blanton).

Mrs. J. O. Heath of Lamesa spent the week end here in the home of Mr. and Mrs. A. U. Hathaway and Mr. and Mrs. J. O. Bowden.

Mrs. E. H. Stodghill of San Antonio is here for a two weeks stay with relatives.

## SAM SPENCE FOR CONGRESS

Twice re-elected without opposition for district attorney of Wichita, Young and Archer Counties.

His party loyalty is unquestioned.

His profession respects him.

His record in office as distret attorney is 10 to 12 per cent above the average for the State of Texas. This bespeaks his ability.

His pastor respects him.

He is loyal to his friends.

A vote for Sam B. Spence is a vote for Franklin D. Roosevelt's program.

A vote for Sam B. Spence is a vote for our kind of folks. His neighbors should know. Sam's the man for Congress.

**Never has safe Home Refrigeration cost so little!**

with ELECTROLUX, of course...

Owners write to tell us how amazed they are to find how very little gas it takes to operate Electrolux. Many report little difference in gas bills.

Because this is a saving that goes on day after day and year after year we believe you'll be much more pleased with a gas refrigerator than any other type. You will find that it makes no noise—operates constantly to maintain a uniform, steady cold—and is trouble-free, for parts that do not move cannot wear and cause trouble.

It is these fundamental advantages which have swung housewives in all parts of the Southwest to gas refrigeration to reduce the cost of safe food protection in thousands of homes. See Electrolux, the gas refrigerator, today!

**CHEVROLET PRICES HAVE BEEN REDUCED AS MUCH AS \$50**

Drive it only 5 miles and you'll never be satisfied with any other low priced car.

The exceptional popularity which Chevrolet has enjoyed for many years has naturally had its effect on Chevrolet prices. Large sales have enabled Chevrolet to maintain consistently low purchase prices, which were recently lowered even further. As a result Chevrolet now offers you the lowest priced six-cylinder automobile obtainable—a big, comfortable car with Fisher Body styling and refinement—safe, weatherproof, cable-controlled brakes—the smoothness and economy of a valve-in-head, six-cylinder engine—and typical Chevrolet dependability. In offering this car, and the Master models, at substantially lower prices, Chevrolet hopes to repay the motoring public in some measure, for consistently placing Chevrolet so high in public favor.

J. LYNDALE HUGHES

ENDORSED FOR County School Superintendent BY Citizens of Sunset Community

As a token of appreciation for the man who has endeared himself to the hearts of the pupils and patrons alike in the Sunset School District, we, his friends in this district offer the following appraisal of the man:

- First, we believe him to be qualified, because (a) He has shown exceptional ability as a teacher in our school and has demonstrated a capacity for organization and administration. (b) He knows the needs of rural and village school children because he received his public school education in these schools. (c) He is a student of school problems. (d) He has the foundation in a Bachelor of Arts degree that will enable him to develop as he works. (e) And finally, we believe in his ability as a book-keeper and business manager for the schools of the county. He is the bookkeeping teacher in our school, and we consider him qualified to carry on one of the most important functions of the County Superintendent. Second, we would not our appraisal of the qualifications of the man, our belief in (a) His sincerity. (b) His integrity. (c) His Christian character. (d) And, in fact, all the attributes of a real gentleman.

WE COMMEND HIM TO YOU FOR YOUR CONSIDERATION

WHY WE SHOULD Vote For W. D. McFARLANE 2nd Term For Re-Election to Congress, 13th District

Portrait of W. D. McFarlane

- 1. Because he has supported the President and his administration in every way.
2. Because the leading member of the President's Cabinet, Hon. James A. Farley, commends Mr. McFarlane for "the fine spirit of cooperation that you have exhibited with reference to the national administration;" also leaders of Congress so commend him.
3. Because by his untiring work in Congress, and facts placed in record, he supported the administration in cancelling unlawful contracts with the government that saved millions of dollars to the taxpayers.
4. Because, by facts collected by him, the Congress amended the income tax law to prevent evasion, and the Congress abolished consolidated returns, which added over \$300,000,000 per year to government revenues. SOMETHING DONE; NOT A PROMISE—BACKED BY NO LEGISLATIVE EXPERIENCE.
5. Because you should choose your member of Congress, not permit him to be chosen by propaganda of the SPECIAL INTERESTS. THINK DEEPLY; YOU NEED A COMPETENT COURAGEOUS, ACTIVE FRIEND IN THE NATIONAL CONGRESS.
6. Because he is always found on the side of sobriety, standing out for the churches, schools and the best interest of the plain people.
7. Because he has spoken and worked for all legislation for the benefit of all farmers, oil men, laboring men and stockmen, which include the Frazier-Lenke bill, Farm Mortgage bill which saves the farmers' homes, Home Owners Relief bill which saves city homes, Bank Guaranty legislation, Old Age Pensions and Unemployment Insurance.
8. Because Wichita County will have the Governor, the state senator and probably a Judge of the Court of Appeals, it can well afford to accord justice to the best qualified man for Congress. It should do so.
A VOTE FOR McFARLANE IS A VOTE TO PROTECT THE RIGHTS OF THE PLAIN PEOPLE AGAINST THE SPECIAL PRIVILEGE CROWD NOW TRYING TO NAME FOR YOU YOUR CONGRESSMAN. (Paid for by friends in Knox County)
