## COVEY, SAMS AND HUGHES WINNERS IN COUNTY RACES; JONES ELECTED COMMISSIONER, NELSON IS WEIGHER

The fact that Knox County had a large number of very close contests in Saturday's primary contributed largely to the heavy vote polled in the county run-off primary, which was practically as large as that polled in the July primaries, and it is probable that there has never been an election in which the results were as close as were those of Saturday. In fact, in the three races for county officers out of a total of more than three thousand votes polled there was not a difference of as many as 200 in any of the contests.

In the race for county judge E. L. Covey defeated J. W. Melton by a majority of 187 votes, not including the Brock precinct, which is not available at this time, but which would not change any of the results materially since there are less than 20 voters in the precinct. Covey received 1607 votes while Melton received 1420.

Earl Sams, present tax assessor, was elected tax assessor-collector over Lee Haymes of Munday by a margin of 146 votes, Sams receiving 1508 votes to Haymes 1462.

Probably the most interesting contest in the county was that between Mrs. E. F. Branton and J. Lynam Hughes for the office of county school superintendent, in which Hughes won by a margin of 156 votes. Hughes receiving 1594 and Mrs. Branton 1438. Hughes will succeed Mrs. Ethel Lee P'Pool, who did not seek re-election.

In the state races James V. Allred took a substantial lead over Tom F. Hunter for governor, Allred receiving 1788 votes to Hunter 1240, a majority of 548 votes.

The candidates for lieutenant governor ran neck and neck in the county, Woodul receiving 1359 votes to Joe Moore's 1333, a majority of 26 votes for Woodul.

William McCraw took a substantial lead over Walter Woodward for attorney general. McCraw receiving 1604 votes to Woodward's 1126, a majority of 478.

Los Smith held a substantial lead over John Pundt for railroad commissioner, Smith receiving 1612 votes and Pundt, 1009, a majority for Smith of 603 votes.

Hat S. Lattimore led his opponent John M. Sharp, for Supreme Court Justice in the county, however Sharp made material gains over the vote of the July primary. Lattimore received 1371 votes to Sharp's 1255.

In the race for Congress Sam B. Spence, who led the ticket in the July primary, was forced into second place by W. D. McFarlane, incumbent by a majority of 198 votes. McFarlane received 1516 votes to Spence 1318.

In the race for State Senator Ben G. Oneal, incumbent won easily over Ruben Loftin. Oneal received 1643 votes to Loftin's 1184, a majority for Oneal of 459 votes.

In the commissioner's race in precinct No. 4, D. C. Osborne who has held the office for the past twelve years, was defeated by Ed Jones of Hefner. Jones received 698 votes and Osborne 580 a majority for Jones of 118 votes.

Clyde Nelson, who took a substantial lead over all the candidates for Public Weigher here in the July primary, was an easy winner over Wallace Reid in Saturday's primary, Nelson receiving 436 votes to Reid's 256.

## Hamlin Pipers Win Wednesday's Game; Come Here Sunday

Hamlin took the big end of a 7-5 score at Hamlin Wednesday afternoon against the Munday Champs, to take the lead in the play-off series. Knight and Miers did the hurling for the Champs and the game was a hectic affair with an abundance of argument relative to some of the decisions of the umpire.

The Hamlin aggregation will come here Sunday for the fourth game of the series and it is likely that this will be a repetition of last Sunday's pitcher's battle between two south-paws, Courtney for Hamlin and Hambricht for Munday.

Skipper Lee Haney states that the fifth game, if necessary, will be played either at Hamlin or at Munday, the decision to be made on the combined attendance at both games played at Hamlin and at Munday, and the town giving the greatest support will get the fifth game, so let every fan come out Sunday and help land this fifth game for Munday.

## J. Lyndal Hughes Goes To Austin To Study School Work

J. Lyndal Hughes, county superintendent of schools-elect, left Monday for Gatesville, where Mrs. Hughes is visiting, and after spending a few days there he will go to Austin, where he plans to do some research work in the University of Texas, and will also confer with members of the State Department of Education with a view of familiarizing himself with the program outlined by that department for the public schools of the state. Mr. Hughes stated that his entire time from now until he assumes his duties as county superintendent will be given to familiarizing himself with the work that he will assume on January 1. Mr. Hughes plans to return to Knox County and visit every rural school district in the county prior to that time and familiarize himself with local conditions and needs of each individual school.

Before leaving Mr. Hughes asked that we express to the citizens of the county his sincere thanks for the vote given him, and stated that it would be his constant endeavor to render a service to the people of the county that would give them no cause to regret having placed their confidence in him.

## Jack Barnicoat Is Found Dead Early Saturday Morning

Jack Barnicoat, 60, pioneer citizen of Munday, was found dead at an early hour Saturday morning near the home of Mrs. P. B. Broach. The body was found by a newsboy making his early morning rounds and an inquest was conducted by Justice of the Peace W. S. Bailey, who rendered a verdict that he had died from natural causes.

Barnicoat was last seen alive about midnight Friday night when he started to his home in the north-east part of the city from downtown, and is believed to have been stricken with apoplexy while walking home.

Deceased had been a familiar figure in Munday for several years. In fact, to us he had seemed an integral part of Munday, and some few years ago when he made a trip over to Goree it was said to have been his first visit to that city, located only six miles away. For many years he engaged in the drayage business here and was actively engaged in hauling until his physical condition became such that he was no longer able to work, and in recent years he has been a familiar figure on the streets of Munday, and it has been his custom to remain downtown until a late hour each night since the death of his wife some years ago.

He is survived by three children, J. B. Hollis and Dorothy of this City.

Funeral services were conducted at the Baptist Church Sunday afternoon at three o'clock by Rev. W. H. Albertson, after which the remains were laid to rest in Johnson Cemetery, funeral arrangements being in charge of R. G. Campbell.

Miss Thelma Atkinson will leave Friday for Hurley, New Mexico, to teach for the coming session. Miss Atkinson has taught in the Hurley school system the past five years.

Miss Mary Couch of Haskell was visiting friends here Wednesday.

## Grandmother Mabry, Mother Will Mabry, Dies Friday Night

Grandmother Mabry died suddenly at the home of her daughter, Mrs. W. J. Swain, Friday evening, August 24, and a host of friends and relatives attended the funeral services conducted at the Baptist church at Goree Saturday afternoon by Rev. Tucker of Rule and Rev. S. E. Stevenson of Munday. Interment was made in Goree cemetery.

Mrs. Ellen Johnson Mabry was born in Alabama in 1852. She moved to Knox county in 1908. She was converted at the age of 13 and joined the Baptist church at Prairie View, Hunt county, Texas. She lived a consecrated Christian life to the end. She was a faithful companion, a tender and affectionate mother and a true friend. She will be missed very much by her many friends. We thank God for her life and for her influence which will be reflected in the lives of her children and grandchildren.

She was married to W. F. Mabry, and to this union were born seven children. One son died in infancy. Three sons and three daughters survive her. They are Will Mabry of Munday, R. F. Mabry of Lamesa, Tom Mabry of Bromide, Okla., Mrs. J. T. Brown of Rio Vista, Texas, Mrs. Mattie Aikens of Campbell, Texas, and Mrs. W. J. Swain of Goree. Only three of the children were here for the funeral. Besides her children she is survived by 22 grand-children and 12 great-grandchildren. Her husband preceded her in death about seven years ago. The pallbearers were F. M. Payne, W. J. Polson, Scott Howard, Mr. Williams, Jim Rallsback and Joe Tidwell.

Grandmother Mabry leaves a host of friends and relatives to mourn her departure.

## SENATOR

BEN G. ONEAL

## Aristol Thompson To Be Secretary To Senator Ben Oneal

Aristol Thompson left Sunday for Austin where he has assumed his duties as secretary to Senator Ben G. Oneal during the special session of the legislature. This is the third time Senator Oneal has favored our native son and in the recent primary Mr. Oneal's opponent sought to make campaign argument out of this appointment, however, Knox County gave Mr. Oneal a large majority. Mr. Oneal is high in his praise of Aristol for efficiency and faithfulness to his duties. Aristol's appointment enables him to pursue his educational studies at the University of Texas and Knox County may well be proud of him.

## Prof. Roy Aiken Is Elected to Position In Sunset Schools

Prof. Roy Aiken of Austin, who holds an A.B. degree from the University of Texas, has been elected to fill the vacancy in the Sunset Schools caused by the resignation of J. Lyndal Hughes, who has tendered his resignation following his election as county superintendent. Mr. Aiken has been serving as substitute teacher since the opening of the Sunset schools some weeks ago and will be retained since the resignation of Mr. Hughes, who plans to spend his time throughout the remainder of the year in familiarizing himself with the duties of the office to which he has been elected. Mr. Aiken is a very pleasant gentleman and has made many friends since coming to Knox County.

Mr. and Mrs. H. F. Wallace are announcing the arrival of a son August 23rd.

## Champs Win 2nd Game of Series In Left-Handed Battle

It was a left-handed pitcher's battle between Lefty Hambricht and Lefty Courtney at Hamlin Sunday afternoon, and the ability of Bobby Couch, the Champ's base, rosin and what have you—stealin' star that gave the two lone scores made in the game to the Champs, thereby evening the score of five-game series for the championship. Courtney, who is Hamlin's best, hurled a wonderful game Sunday, as did Hambricht and fans who witnessed the game will tell you that it was one of those exhibitions of baseball that you will seldom see in amateur baseball, and the box score will bear us out in the fact that it was just that.

Each pitcher gave up only three base hits and only one of Munday's runs was earned. Hamlin took the first game of the play-off at Munday last Wednesday 8 to 6. The third game will be played at Hamlin Wednesday August 29th at 4 o'clock p.m.

## 4-County Bankers To Meet in Munday Monday, Sept. 3rd

The Four-County Bankers Association, composed of bankers of Baylor, Knox, Haskell and Throckmorton counties, will meet here on Monday, September 3—Labor Day, and a most interesting program is being arranged for the day, with the bankers of Knox County as hosts. The program will include a business session in the morning and following a luncheon at noon a golf tournament will be held in the afternoon. It is estimated that the attendance at the meeting will be about fifty.

## Sam Spence Issues Statement Thanking Voters For Support

District Attorney Sam B. Spence Monday issued a statement of appreciation to the voters of the 13th district who supported him in his race for Congress. The statement follows:

"I wish to take this method of thanking those persons who supported me and I regret that I cannot thank each one of them personally. The support and confidence of my friends will always be my proudest possession."

## Haskell Baptist Ass'n To Convene At Gillispie 13th

The annual meeting of the Haskell Baptist Association will be held at the Gillispie Baptist Church on Thursday and Friday, September 13 and 14. This date, according to J. Lowell Ponder, acting clerk, is one week later than the date originally set. As usual, the women will meet the day before the regular session, on the 12th, and it is urged that every church in the association make their annual report and be well represented at this meeting.

**THE MUNDAY TIMES**

JESSE A. KENNEDY, Editor

Entered as second class matter January 4, 1919, at the postoffice at Munday, Texas, under the Act of Congress of March 3, 1879.

PUBLISHED EVERY THURSDAY  
SUBSCRIPTION PRICE \$1.50 PER YEAR

Editor O. C. Harrison of the Baylor County Banner comes forth with the startling announcement in the last issue before the election that he would vote for James V. Allred for Governor since his favorite had been eliminated in the July primary. O. C., like many thousands of other Texans, paid little attention to whom their candidates favored after they had been eliminated and preferred to draw their own conclusions as to whom they should favor in the runoff, and the people of Texas marched to the polls last Saturday and voted their own preference, thereby handing the political highbinder a rebuke that they should not soon forget. Had Mr. Ferguson, Mr. McDonald, Mr. Small and Mr. Witt remained silent following their elimination the decision might have been different, but it seems that the people of Texas have decided that when all the politicians of Texas align themselves with a candidate it is time to cast their ballot for the other candidate—and that's just what happened. Mr. Hunter was overburdened with support from the politicians. Mr. Harrison, like many thousands of other Texans, didn't like the combine, and revolted.

Mr. Hunter's explanation of his defeat in Saturday's primary doesn't seem to stand up under a close examination of the tabulated results. His charge that Mr. Allred received his support in centers where corporate interests prevail will not stand the test of close scrutiny, for it will be found that the young Attorney General led consistently in the agricultural sections. Indeed, Mr. Hunter could have more gracefully and truthfully stated that the big reason for his defeat was the alignment with his candidacy of certain political factions of which the people of Texas have grown tired, and by the election of Mr. Allred the slate has been wiped clean and with the election of one not in any way obligated to any of the old political factions an opportunity is presented to render a great service to the people of Texas.

**TO THE CITIZENS OF KNOX COUNTY**

I am exceedingly happy to have the good majority that you gave me in the primary election, August 25th. This heavy vote was especially gratifying, coming to me after the unfair campaign made against me. I shall ever be grateful to the fine citizenship of Knox County who refused to be misled and, instead, endorsed my record of service in the State Senate by this good majority. No man ever had more loyal friends who more unselfishly stood by him. I cannot see or reach all of them personally, so take this method of thanking them from the depth of my heart. In return for this fine endorsement, I pledge you the same conscientious, faithful, and honest service I have heretofore given you.

Mrs. J. T. Lee has as her guest this week her granddaughter Mary Ann Lee, of Wichita Falls. Mary Ann is a daughter of Dr. and Mrs. Quincy Lee.

**Thinking Out Loud**

By J. A. K.

Somehow there seems to exist a great emptiness following the election. The topic of conversation now has been shifted to the weather and we've had very little to talk about in that direction.

In fact, it seems that the weather man has somewhat discriminated against us so far, and while many sections of West Texas have been drenched, we are still dry, and can only look longingly and wishfully at the thunder clouds as they rise each day and gradually melt away in the late afternoon.

The Texas Legislature is holding a "lame duck" session, and many of the members of both houses are either voluntarily or involuntarily retiring after January 1st.

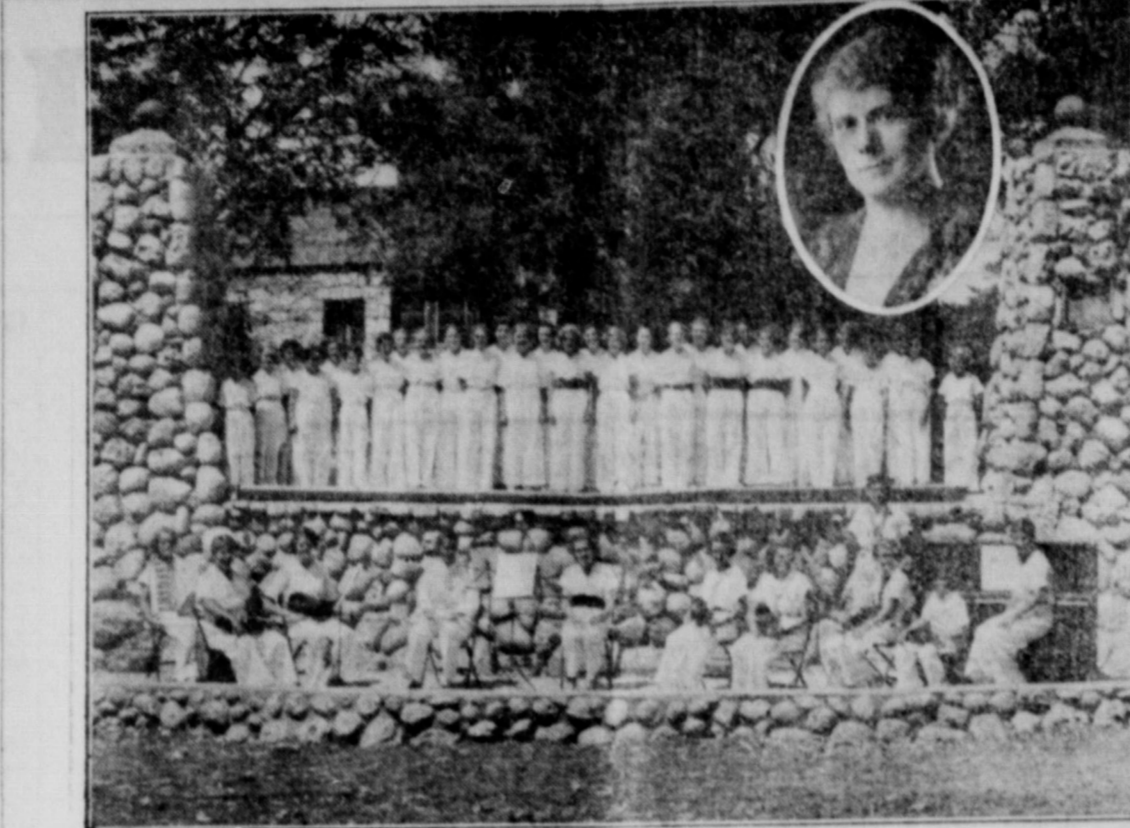

However, for our district we are pleased to say that both Senator Ben G. Oneal and Representative George Moffett have been returned, the latter without opposition in the primaries, and the former by an overwhelming majority over his opponent.

We have said before and repeat it again, that in our opinion no district in Texas is more ably represented than ours. Messrs Oneal and Moffett are both recognized as leaders in the legislative halls for legislation designed for the common good of the people, and it is gratifying that the citizens of this district have rejected the demagoguery that has been presented to them and retained substantial, conservative, conscientious representatives.

And another thing, the election is over and the baseball season is rapidly nearing an end, and we're going to have to hunt some additional amusements, so why not get busy on the park idea and put the job over. It can be done.

There will be a number of new faces in the court house at Benjamin after the first of the year, including a new commissioner from this precinct, and a new presiding officer over the commissioner's court in the person of E. L. Covey.

Having been closely associated with Mr. Covey for more than thirteen years that we have been in Mun-

In memory of the late Miss Ora Johnson—founder of Camp Waldemar for Girls, near Kerrville, a Memorial Amphitheater will be dedicated at the camp on August 26. Miss Johnson is shown in the center picture which also includes a view of the stage of the amphitheater and the glee club and orchestra, which will appear on the program.

day, we have no hesitancy in saying that we believe they have chosen a competent man for the office of county judge. He is competent, both by temperament and by educational qualifications, to make Knox County a good official, and our prediction is that he will do just that.

Another gratifying fact was revealed by the election returns over the state, and that is that no politician or set of politicians can "deliver" any material number of votes to any candidate.

Practically all of the defeated candidates for governor attempted to influence their followers to go over into the Hunter camp, but despite their efforts, Jimmy Allred led an even fifty per cent of them ever into his fold, and now the politicians are all dressed up and have no place to go.

The pupils and faculty of Sunset wish to congratulate Mr. Hughes on his winning the race for county superintendent. We realize that we are losing a valuable teacher and co-worker, but since it represents a step upward for him, we are glad he won.

Mr. Akin of Austin who has been teaching in Mr. Hughes' place, has been elected by the school board for the rest of the school term. In so short a time Mr. Akin has become popular with the student body. We are glad he will be with us for the rest of the year.

The meeting at the Gillispie Baptist Church is proving helpful to those who attend. Rev. Balch of Seymour, Texas, who is doing the preaching, speaks with such truth and sincerity that those who attend always feel that they have greatly benefited from each service. We cordially invite the public to attend the remainder of the services.

## SENIOR REPORT

We are now beginning the fourth week of the six weeks. Veleria has moved to Dallas, Jonel is not at school, and several have stayed out to pull bolls. Therefore the rest of us are rather lonesome.

Well, now for a little fun to pep us up.

Velma: "Sam was the goal of my ambition. But alas!"  
Edna: "What happened, dear?"  
Velma: "Father kicked the goal."

J. C.: Why he's the kind of fellow who would spend all of his time in a nudist colony trying to get subscriptions to a fashion magazine!

A well known actor was appearing in a play in which a thunder storm played an important part. One night in the middle of the speech he was interrupted by a terrific peal.

The annoyed actor looked up into flies and said, "That came in the wrong place!"

And the angry stage-hand replied, "Oh, did it? Well, it came from 'heaven'!"

## JUNIOR REPORT

At the beginning of the school it seemed as if we had a large class of Juniors, but our credits have recently been checked and to our regret there are only a pitiful little thirteen left. I wonder if we can carry the load. We're hoping so.

There are about four boys in the junior class (if they are still Juniors) who have the most musical laugh, so Miss Blanton thinks. We wonder if they wouldn't organize a band for us.

We wonder why Mr. Kimbrough won't let us lean against the wall. It is so much cooler over there. It is not because we are sleepy, but we just want a prop.

The Juniors are ruined. We have heard that a certain junior girl has

named her cat "Howard."  
Believing Miss Blanton's lecture to the English class, a bright young fellow made an appointment with her to see her after class. He told her that he had a book at home with all of her speech in it.

"Oh surely not," said Miss Blanton.  
"Yes, but we have," he replied.  
Then upon Miss Blanton's request to see the book she was presented with a dictionary.

## SOPHOMORES

Biology is getting a matter of bugs and grasshoppers. Sounds interesting, but wait until you see some of our drawings. At that, don't blame us, for we always have an illustration drawn by Mr. Akin to go by.

Some of our so-called Sophs may be Freshmen if they do not have thirteen and one-half credits. Probably we will have new officers in the next issue.

## FRESHMEN

The drouth is being broken everywhere except in the freshman class. They seem to be getting dryer.

There are quite a few sleepy heads in our class since the meeting is going on. With school in the daytime and church at night it is rather like leading a double life.

Well boys, in case you want a date with Marguerite Jarvis or Willie Joy Floyd, the only qualifications are to be able to croon and drive a new Chevrolet. Marguerite's favorite is "Twenty-One Years."

Floyd: When I was young the doctors said I'd become feeble-minded if I didn't stop smoking.  
Howard: Well, why didn't you stop?

If you want to be a success keep it a secret so everyone will know about it.

## TO THE VOTERS OF PRECINCT NO. 6

I wish to express my sincere thanks for the vote given me in Saturday's primary, and assure each and everyone of you that I shall strive to merit the confidence that has been placed in me by my election to this important office of public weigher.

Respectfully,  
CLYDE NELSON.

"No other electric refrigerator has the Super Freezer—that's why Ours is a Frigidaire '34"

• Frigidaire's Super Freezer is superior to the freezing unit of other refrigerators because of a combination of three major features.  
It has automatic ice tray release . . . the trays slide out of the freezer at a finger touch!  
It turns itself on—automatically—when defrosting is completed!  
And, the freezer is centrally located . . . a feature which not only provides room on both sides of the freezing unit for tall bottles, but which helps account for the fact that the entire food compartment of the Frigidaire '34

has a uniformly cold temperature! The Frigidaire '34 has many additional, fine features too. There are models with adjustable shelves; Lifetime Porcelain inside and out; the Frigidaire Servaself and—come in and see for yourself! There's a model for every size of family and purse.
