TODAY and TOMORROW

By Frank Parker Stockbridge

ENTERTAINERS . . . rich field
Young men and women sometimes ask me for advice in shaping their careers. That is not always a compliment, but I am not always sure that I can give them any advice of real value.

If the inquiring youngster has any talent for public entertainment, however, I always advise him to follow that line. The big money flows into the pockets of those who can stir people's emotions, not to those who try to stimulate their minds. If you can make people laugh or make them cry, stir them to sentimental blissfulness or arouse the tears, you have something for which they will pay you more than they pay Presidents or heads of big corporations.

Where are the largest salaries paid? In Hollywood, to the great screen stars. Who gets the big money for writing? Not the serious thinkers whose books contain, sometimes, the distilled essence of wisdom, but the humorists, the romantic novelists, the story-tellers—in other words, the entertainers. In music, in all the arts, in the theater—yes, in the pulpit—the ones who get the money are the ones who are most skillful in playing upon the human heartstrings.

I know a negro tap-dancer who earns more money every year than any bank president I know. He has the essential quality of showmanship. So if I see signs of showmanship in any youngster I always advise them to cultivate it. It is worth more than diamonds.

DICKENS . . . on the screen
At last the greatest novel of Charles Dickens—who was essentially a showman—has been put on the screen in a manner which preserves all of its comedy, its pathos, and its essential humanity. If you who read this haven't yet seen the new film, "David Copperfield," by all means go to see it. Whether you have ever read any of Dickens' immortal stories or not, you will realize what a wonderful insight he had into the welter of human conduct, and how keen an understanding of the comic spirit which pervades all life.

I am beginning to believe that the movie magnates have already seen a great light. The realization that there is more to life than crime and sensuality, and that there is a great public which is truly appreciative of the very best that it can get, seems to have come home to them. I hope we have more pictures of the quality of "David Copperfield."

CRIME . . . too much
I think I can see signs that the public mind is becoming aroused over the prevalence of crime. The enthusiasm over the successful work of Federal agents in "getting" Dilinger and other outlaws indicates that those charged with law enforcement need not hesitate to adopt drastic measures.

It would be easy to wipe out crime if crime could be divorced from politics. Too many politicians and political organizations are in cahoots with criminals. The police commissioner of New York remarked the other day that important criminal were it not for the political protection these felons have managed to obtain.

Loopholes in the laws should be stopped up, but lawmaking is in the hands of politicians, and courts are bound by the laws. The tendency to regard any law, whether it is backed by public opinion or not, as more sacred than human lives and property, has been carried too far. I believe the reaction is setting in.

CHANGE . . . constant
No human institution ever stands still. Nothing else, much, does, either. Even the solid earth has sixteen different motions, pulling it every which way at once.

All that any individual human being can do about it, when he finds social, economic, moral and political conditions changing in ways he does not like, is either to change with them, doing his best to direct the movement along paths which he considers more likely to lead to the general good in the long run, or else sit tight and let the world go by.

It is more trouble to keep up with the world, after a man reaches a certain age, than to pull himself into his shell and refuse to have anything to do with the new things about him. But the only way an intelligent person can get much satisfaction out of life is to try to find what good he

Late Cotton Report Shows Only 10,629 Bales Ginned 1934

From Hoyle A. Sullins of Vera, enumerator for the Department of Commerce in Knox County, comes the report that 10,629 bales had been ginned in the county prior to January 16, 1935, as compared with 55,155 bales ginned prior to the same date last year—less than one-fifth.

Knox Warrants Are Approved; Work To Begin Court House

Work will likely begin within a few days on the new Knox County court house as information has been received that warrants issued by the commissioner's court of the county have been approved by authorities both at Washington and at Austin.

The new structure will be three stories in height and will be about twenty feet greater in length than the old building, and it is estimated that it will require about eight months to complete it.

Quarters for the various offices are being provided in the business section of Benjamin, and the theatre building will likely be designated as the official court house during the time.

RHINELAND

Mr. J. Lymal Hughes visited our school last Wednesday afternoon. He passed a very nice compliment on our school.

We have been hearing frequently of late the term "pushover" students. After much deep thinking we have about learned the meaning of it. Do you know, fellow-students? Are you one?

Mr. and Mrs. Geo. Petrus, Messrs Albert and John Sokora and Miss Alice Sokora went to Wichita Falls last Monday, where they attended the funeral of Mrs. Anna Krajca.

Mr. Henry Bassman of St. Gregory, Canada, Miss Minnie Bassman, of Grandville, Iowa, and Mrs. J. A. Steimel of Iola, Kansas, enroute to Los Angeles, California, stopped over in the home of Mr. and Mrs. Loran last Friday.

Mr. and Mrs. Henry Bellinghausen of Amarillo, Texas, visited here this week.

John Elliott, who has been associated with the Fair Store here for several years, has gone to Lubbock, where he has accepted a position with the Hemp-Hill-Wells store in the shoe department. Mrs. Elliott will join him in Lubbock next week.

Miss Sarah Smith left Sunday for Denton where she will enroll in N. T. S. T. C. for the coming term.

Jerry Kethley, who is a student in McMurray College at Abilene, spent the week end at home.

Home Dem. Clubs Of County Honor Departing Agent

Seals at the American Legion Hall were almost at a premium Friday afternoon, January 25th, when a joint meeting of the Home Demonstration Clubs of the County was held honoring Miss Jewell Faulkner, Home Demonstration Agent, who is being transferred to Jones County.

This was the regular date for Miss Faulkner to meet with the Munday Club but she being in Jones County on business was not present for our club program.

After disposing of all business pertaining to club work a real old-fashioned "gab feast" in which sixty-six club members, representing six clubs of the county joined, Miss Faulkner was given a hearty welcome when she arrived and was surprised to see so many club ladies present as she had not been informed of the joint meeting of the clubs.

A social hour and a general get-together meeting was enjoyed after which refreshments of sandwiches, cookies, coffee and hot chocolate was served to the sixty-six club members and the honoree.

This joint meeting of the clubs was enjoyed so much we hope to have other such meetings.

Clubs represented were Munday, Sunset, New Hope, Benjamin, Gilliland and Hefner.

The Munday Club added eight new members to their club roll.

Our wish for Miss Faulkner in leaving Knox County is that she will make as staunch friends among the residents of Jones County as she leaves here and that her work there will be both pleasant and profitable.

Miss Helen Burchard, the new agent for Knox County will meet the Club Council Saturday afternoon, February 2nd, at Benjamin and we extend to her a welcome to our county.

And to the members of the American Legion let us say "Thank You" for the use of your Hall which made it possible to have this joint club meeting in Munday.

Mr. and Mrs. Earl Pruitt are announcing the birth of a seven and one-half pound daughter, at the West Texas Baptist Hospital at Abilene January 31st.

Carl Mahan of Abilene was here Thursday on business.

Mother love welcomes the child she didn't want.

Each year there are fewer ducks, geese, quail—and storks.

A child's sorrow is an intense and painful as it is brief.

"I like a boy with a car, provided he don't go too far."

Indeed, it may be news to the Choctaw folks that the high-kicker of this outfit is a-foot, which fact should cause a certain amount of chagrin to the makers of these excellent cars. Of course we still hold title to an antiquated, smooth-mouth Pontiac, but Mrs. Kennedy and the boys are commuting in it in the State's capitol, or we should say around the capitol.

Thinking Out Loud

By J. A. K.

Bill Moore thought he had a good testimonial for the result-getting qualities of our want ads the other day when he stated that shortly after the paper came out in which he advertised a tractor for sale, in came a Times reader and made a deal for the machine.

But A. A. Nicholson beat that one. He advertised a piano for sale and sold it before the paper came out.

And Grover Jones, ex-mayor of Rouston City, came in last week and inserted an ad for a last horse. He located the animal before Friday night and had him back safe in his corral.

These little two-biters certainly get the job done, and if you have something to sell, want to buy or have lost something, may we suggest that you try them. They are inexpensive and seldom fail to get the job done.

The cyclops of this column was named by the president of the Munday Chamber of Commerce as chairman of the local committee for the President's Birthday Party, but since there were no buildings available for the event, we have been forced to abandon the undertaking this year, and trust that we may be able to get the job done next time.

Announcement has been received of the opening of a law office in Wichita Falls by Sam R. Spence, who for the past six years has served that district as District Attorney. Mr. Spence made the race for Congress last year and during the campaign made many friends over the district.

We have received from the Chevrolet Motor Company of Dallas an invitation to attend a special showing of Chevrolet Master DeLuxe Cars for 1935 and Chevrolet's Pageant of Progress at the Fair Park auditorium in Dallas on Wednesday of this week, but due to the fact that they overlooked the little item of transportation we shall be unable to be there.

Mr. and Mrs. Walter Medley of Santa Rosa, New Mexico, are guests in the home of his sister, Mrs. A. R. Warren and Mr. Warren.

Mrs. J. M. Perdue and family, Jewel and Otis, left Thursday for Abilene to make their future home. Miss Jewel will enter Draughon's Business College there Monday.

Jim Nelson, who has been in Clovis, New Mexico, for the past few months, has been transferred to O'Donnell, Texas. He visited his parents, Mr. and Mrs. J. R. Nelson, the past week.

Atkeison's Food Store Will Move To Tull Building

Carpenters, painters and other workmen have been busy for several days completely remodeling the Tull building, into which the Atkeison Food Store will move within a few days.

The building, which has been purchased by the concern, will give much more room in which to display merchandise and, according to R. D. Atkeison, plans are being made to have one of the largest and most attractive grocery stores and markets in this section of the state. The new location offers more than twice the room they now have, and the front of the building has been completely remodelled, giving the store a much more attractive appearance from the outside.

Mr. Atkeison is the pioneer groceryman of Munday, having been engaged in the business here for more than a quarter of a century, and during the past year the concern has operated the Munday Wholesale Grocery Co., which, according to Mr. Atkeison, will be continued in the new location.

Baker-Campbell To Close Out Boone Dry Goods Stock

Announcement was made this week that the stock of the Boone Dry Goods Company, which was purchased some days ago by the Baker-Campbell Store, would be closed out in the Boone location, and the owners of the stock have secured the services of Mr. W. L. Fouts of Dallas, to close out the stock to the bare walls, and, beginning Friday morning they will begin the sale of this stock, to which has been added much new merchandise, and Mr. Fouts states that the event will afford the public to buy merchandise at prices so extremely low as to sound almost impossible, which fact is made possible by reason of the fact that the stock was purchased at a price far below the actual wholesale price.

Mr. and Mrs. Jake Morris of Haskell were visiting friends here Thursday.

Mr. and Mrs. Walter Medley of Santa Rosa, New Mexico, are guests in the home of his sister, Mrs. A. R. Warren and Mr. Warren.

Mrs. J. M. Perdue and family, Jewel and Otis, left Thursday for Abilene to make their future home. Miss Jewel will enter Draughon's Business College there Monday.

Jim Nelson, who has been in Clovis, New Mexico, for the past few months, has been transferred to O'Donnell, Texas. He visited his parents, Mr. and Mrs. J. R. Nelson, the past week.

Baseball Meeting Called For Feb. 10 By Valley League

G. H. Bender of Hamlin, president of the Wichita Valley League, has notified Lee Haney that a meeting of league officials and those interested in baseball has been called for 2 p.m. Sunday, February 10 at Hamlin. The purpose of the meeting is stated as being for the purpose of electing officers for the ensuing year and make plans for the opening of the baseball season.

John C. Rice and Clarence Thompson Cotton Committee

Farmers of the Munday community met Saturday with County Agent W. W. Rice and re-elected Clarence Thompson and John Rice committeemen from this community to cooperate with the County Agent in carrying out the government cotton program. Luther Thompson was chosen as alternate. Both Messrs Thompson and Rice have served in this capacity during the past year and their services have been such that the farmers of the community preferred that they remain on the job.

HOOD NEWS

Mrs. L. M. Melton and daughter Dorothy Lee and Mrs. J. A. Melton of Garret, Texas, have been visiting relatives here.

Mr. and Mrs. F. M. Payne visited relatives at Slaton, Texas, last week.

Mr. and Mrs. J. D. Smith, Mr. and Mrs. George Weber and Mr. R. J. Melton and family visited in the home of Mr. and Mrs. J. L. Weber Sunday.

Neel Hendrix and family returned to their home at Morton, Texas, last Thursday. They had been visiting for several days in the home of Neel's parents, Mr. and Mrs. J. A. Hendrix.

Miss Lois Tidwell left Saturday for Denton, Texas, where she will attend school this semester.

Mr. and Mrs. Orville Roden visited Mr. G. M. Roden and family Sunday.

Mrs. J. A. Hendrix was ill the first of the week. Mrs. Dewey Melton was taken to the hospital at Knox City last Saturday, where she has been quite ill.

The young people of this community were entertained with a party at the home of Mr. and Mrs. Melvin Thompson Friday evening.

CARD OF THANKS

The Munday Study Club, through its civic committee, wishes to thank Mr. Glenn McGlothlin, Mr. Riley B. Harrell, Mr. Bill Shaw and Dr. E. M. Ammons for their supervision in having trees planted on the club house grounds. Mrs. E. M. Ammons, Chairman.

Announcing a Change in Policy

Heretofore for many years The Munday Times has carried a large number of delinquent subscribers from year to year, but due to changing conditions we have found it necessary to make some drastic changes in our policy with subscribers, since the costs entering into the publishing of the paper have materially increased.

Therefore, beginning February 1, 1935 all subscribers whose subscriptions are not paid in advance will be dropped from our list.

We do not take this action out of distrust of any subscriber, but for the plain, simple reason that we cannot continue to do as we have done in the past and remain in business.

But before we take the above action we are anxious to place our list in as good condition as is possible, and we are therefore going to make a special rate of \$1.00 per year on The Times from February 1st to February 16th, inclusive. This rate will apply on subscriptions that are delinquent as well as new subscriptions, and will positively be placed back at \$1.50 per year at the expiration of this period, so let us ask for your cooperation.

Following this policy we feel that we can make some decided improvements in the paper which were impossible under our past policy, and we respectfully solicit the cooperation of our subscribers to the end that we may give you a local newspaper worthy of your patronage, to which end we shall continue to strive.

Work Relief Bill

The House devoted the biggest part of last week to the \$4,880,000,000 Work Relief Bill for the reemployment of some 3,500,000 of those at present unemployed or on the relief rolls. Monday, January 21st, the Rules Committee began work on the bill under which the bill would be considered. A proposal to limit the debate to one hour caused a revolt in the committee and prevented the presentation of the rule to the House until the following day. The liberalized rule which allowed one hour of discussion and three hours of debate was presented to the House on Tuesday and adopted. Wednesday the House began debate on the bill. Numerous attacks of a widely varied nature immediately developed. Secretary Ickes became the focal point of one of these and the President was forced to assure the members through Speaker Byrns that Ickes would not have the power of final approval or rejection of projects. The low wage scale of \$50 per month also drew the fire of an irate minority as did the penalties attached to the violation of the Presidential edicts. Thursday the bill came up for final action and passed the House by a vote of 329 to 78. Very few changes were adopted from the original draft. The classification of the projects on which the money might be expended was dropped and any type is now eligible. The two year jail term for violating Presidential edicts was dropped but the \$5000 fine was retained. The President's authority to abolish, curtail and extend agencies was limited to the emergency units.

New Bond Issues

The inflationists became more thoroughly routed and disorganized than ever with the passage of the bill to amend the Second Liberty Bond Act. The House Friday, January 25th, by a vote of 152 to 30, in danger even though a determined fight was made by the minority to prevent its passage because of the enormous increase in interest that will have to be met. An amendment to force the Treasury to issue new currency bearing no interest was shouted down and another to require the expansion of the currency to back the new bonds was overwhelmingly defeated by a voice vote. The proposed interest rates vary between 2 1/2 per cent and 3 per cent compounded semiannually. The latter is for the so-called baby bonds which may be issued in amounts as low as \$25. Under the proposed measure it will be possible for the Treasury to issue a total of \$45,000,000,000 of bonds, notes, Treasury Bills, and other debt obligations of the United States. Of this amount not more than \$25,000,000,000 may be in bonds, while the balance may be in short term obligations. If this measure passes, the Treasury will be permitted to issue at least \$11,500,000,000 of new bonds.

Connally Hot Oil Amendment

Monday, January 21st, Senator Connally of Texas, began discussing his resolution designed to overcome the objections that the Supreme Court found in Section 9 (c) of the National Recovery Act. The Supreme Court recently held this section, of which Senator Connally was the author, was unconstitutional because of the failure of Congress to set forth a policy before delegating to the President or his agents, the right to draw and enforce such regulations as they might see fit. The new bill is designed to overcome this contention of the Supreme Court and specifically prohibits the interstate shipment of all hot oil, or products from oil produced in violation of state orders, outlawed by the state. The Bill passed the Senate Tuesday with amendments offered by Senator Robinson conferring on the President and the Attorney General the right to apply to a Federal District Court for enforcement. The President or his agent still has the right, however, to prescribe the rules and penalties for the enforcement of the Act.

FIRST BAPTIST CHURCH

We give you a special welcome to attend any or all of our services next Sunday. We are especially gratified with the good attendance and the fine interest that we have been having. We are confidently expecting next Sunday to be still better. You are always welcome. Make special plans to come Sunday. W. H. ALBERTSON.

The Sunset Glow

BY THE SUNSET CONSOLIDATED SCHOOLS

| | |

| Editor-in-chief | V. LAIN |
| Assistant Editor | PETE SWANER |
| Business Manager | EDNA HUDSON |
| Sports Writer | HOWARD VOSS |
| Senior Reporter | DRUCILLA WREN |
| Junior Reporter | ELWOOD HACKNEY |
| Sophomore Reporter | MARGARET SHANNON |
| Freshman Reporter | FLOYD FROST |

Louise Burnison resigned her position as Junior Class Reporter. We are sorry to have lost her. The juniors elected Elwood Hackney for the position.

Cold weather doesn't agree with Miss Blanton. She has been nursing a bad cold for the past few days. Miss Turman said she tried to get sick, but she had too strong a constitution. Maybe that's where the difference is between the two.

We are very glad to have a music class started again at Sunset. It is being taught by Miss Partridge. She has five piano students and seventeen in the rhythm band. We are expecting more chapel programs and much entertainment from Miss Partridge and her pupils.

Biology must be an interesting subject. All of the seniors dropped bookkeeping and took it up. Maybe it's easy, but probably it is something else.

English III students think their notebooks are just a little more work, but they do have to acknowledge the fact that it makes Literature and Life easier.

HOWARD'S EAGLE CRY

The county basketball tournament which is to be held at Sunset about the middle of February is growing nearer. We are expecting this to be a thrilling event, for this county has several hard-fighting teams.

Sunset is offering an invitation tournament for girls Thursday, Friday and Saturday of this week. A trophy will be awarded to the winner of first place and also to the winner of the consolation. About ten teams are expected to enter. You will miss half of your life if you miss these games. Our girls have played the last two or three games in two division basketball.

Barnston girls fought them a hard battle. The score was a tie, 37-37. We are expecting to have a better girls team next year for we are not losing any players from graduation, and we hope we won't lose any other way.

Our senior boys defeated the Barnston senior boys last Friday night and the Knox City senior boys last Saturday night. Our boys have quite a record, having lost only five games out of nearly 35.

SENIOR REPORT

Our senior boys, Rex, J.C., Herman and Rogers are feeling grand after their victory over Barnston Friday night and Knox City Saturday night.

We ordered our plays today and hope that everyone will like the one we chose.

We are planning big on a Valentine party. I hope our plans won't fall through and I am sure that they won't.

Sunday School Teacher: "Can you tell something about Good Friday?" Edna: "Yes'm; he was the fellow that did the housework for Robinson Crusoe."

JUNIOR REPORT

The Juniors are about to have Civil War in American History class, over slavery. Mr. Akin always has

a plan for compromise. The Juniors are working hard and will probably have the largest graduating class in the history of Sunset for 1935-36, if they do not have the luck the Seniors had this year.

Louise Burnison seems to have a certain "roy" on her mind. From all indications he lives at Munday. Since the Juniors have several players on the first team of basketball we believe a Junior will be elected Captain for another year, but we wonder who.

SOPHOMORES

It looks as if the Sophomore class social is off for at least a month as basketball tournaments and games occupy all the time. The games last Saturday night prevented the Sophs from having a social at Harold Tom Cunningham's. But we are still looking forward to the social.

Just to show you how well the Sophomore class, composed of seventeen students, is represented in the games: Junior Boys—Harold Tom Cunningham; Senior Girls—Elizabeth Earp, Juanita Furehand, Amorel Huteson, and Margaret Shannon. Senior Boys—Woodrow Myers.

These are either subs or regular players. Thus you can see why the teams do so well.

The new members of the class, Eleanor Griffith and J. W. Tipps, seem to fit right in with the class work. We are very proud to have Eleanor and J. W. who formerly went to school at Weinert and Panchandle, respectively, in our class as well as in our school.

We have Sentence Books in English and some of us think it is fun to do the easy exercises we are now having. But it won't be so easy and funny later on, probably.

FRESHMEN REPORT

We were given a test of two problems in Algebra this morning. Some of the pupils don't like this because there isn't enough chances.

Arkelon Stogner seems to be interested in a "half freshman and half sophomore" girl.

The experiments we are performing in General Science will take two or three days because we are trying to get seeds to sprout.

It won't be long until we quit basketball and start track. The freshmen are trying to "bring home the bacon" this year in Junior relay.

Some freshmen boys have formed the habit of putting ink bottles on the stove before school to see their stoppers pop off.

To Members of Haskell-Knox County Rural Association

We wish to thank each member of our Association, who helped make possible the benefits that came to us after the death of Mother Stephens, which made it possible that we could share in the last tribute of love to her.

No one knows just what this meant to us.

Mr. and Mrs. Jesse Josselot and Marion.

Bass, Misses Ollie Bateman, Evelyn Williams, Ruth Donnell, Maulee Mae Bennett, Catherine Burr, Joaquin Park, Merle Lowe, Mildred Kennehy, Mary Couch and Mrs. Opal Jones, Mrs. Boss Porter and Messrs J. H. Parker and William C. Larimer.

Munday Night Club in Kethley Home

Mr. and Mrs. J. D. Kethley were hosts to the Munday Night Club at their home Tuesday evening when they entertained with a prettily appointed Valentine party. High score was held by Mr. and Mrs. H. F. Barnes.

Refreshments of brick ice cream, using the Valentine motif, with angel food cake was served. Valentines were favors. The guest list included Messrs and Mesdames H. A. Pendleton, W. R. Moore, Tom Haney, W. H. Chapman, H. F. Barnes, Fred Broach and E. W. McGoethlin.

Bride is Honored With Shower

Mrs. Geo. Petrus entertained with a shower at her home Thursday evening, January 24th, in honor of Miss Victoria Kuehler, bride of January 30th.

The entertaining suite was made attractive with decorations of blue and white. During the evening the guests were entertained with numerous games. Prizes were won by Mrs. Hubert Bellinghousen, Misses Loretta Kuehler and Irma Homer, Clara and Theresa Jungman, Irma Homer, Mary and Helma Steinbach, Genevieve Albus, Alice Frerick, Victoria Kuehler, Mary Rudy, Loretta Kuehler, Helen and Sophie Herring, Carrie Andrea, and Alice Sokora. Messrs Geo. Petrus, Killian Homer, and the hostess.

Waffle Supper in Bowden Home

Inviting co-workers to meet Miss Helen Burchard, Miss Jewell Faulkner delightfully entertained a group at the Ira Bowden home Sunday evening when a waffle supper was served. Miss Burchard is the new demonstration agent who is taking Miss Faulkner's place in Knox Co.

Invitations for the supper went to Mr. and Mrs. W. W. Rice and Ted Alexander of Benjamin, Mr. and Mrs. Ira Bowden, Ulrich Lea of Knox City and the honoree, Miss Helen Burchard.

Missionary Society

The Methodist Missionary Society met Tuesday afternoon at the home of Mrs. S. E. McStay, in the first business and social meeting of the year. Mesdames Billingsley and R. D. Atkinson were assisting hostesses.

Mr. McStay, the newly elected president, presided at the business meeting. Following the business meeting, Mrs. Mauldin had charge of a very interesting program on Spiritual Life. Mesdames Aycock, S. A. Bowden and Culbertson taking part on the program.

Dr. Slover met with us and outlined the work for the women in the church.

We were glad to receive Mrs. Harpham as a new member.

A delightful social hour was enjoyed by the following: Mesdames J. C. Borden, D. E. Holder, P. V. Williams, Lee Haymes, M. F. Billingsley, Dorse Rogers, J. C. Harpham, D. T. Mauldin, J. A. Caughran, Roy Aycock, Weldon Parker, S. E. McStay, J. D. Kethley, S. A. Bowden, Don Culbertson, W. H. Atkinson, John Lane, H. T. Maples, G. R. Eiland, R. D. Atkinson, Oscar Spann, and Miss Shelley Lee.

Mrs. J. M. Perdue Honored

The Sunday School class of the Baptist Church honored Mrs. J. M. Perdue with a handkerchief gift party Wednesday afternoon when Mesdames Ben Guinn and Richberg entertained members and guests at the Guinn home. Following a devotional program given by Mrs. J. O. Bowden a social hour was spent in playing games. A refreshment plate of nut cream, cake and tea was served to the honoree, Mrs. J. M. Perdue. Mesdames Crump, C. R. Parker, Ora Collins, J. J. Keel, Jno. Bowden, Belrose, J. O. Bowden, A. U. Hathaway, A. C. Brock, Armstrong, Cough, Weaver, Harris and Clyde Nelson.

Mrs. Merle Joyce Entertains

A party of pretty appointments was given Wednesday afternoon when Mrs. Jno. Bowden and Mrs. Merle Joyce entertained at the Joyce home with a gift party honoring Mrs. Levi Bowden. Following a program, a refreshment plate of pecan pie topped with cream, and coffee was served to Mesdames R. B. Bowden, G. R. Bland, S. A. Bowden, B. L. Bowden, D. E. Holder, E. H. Bowden, Chester Bowden, J. C. E. Holt, Rex Hilder, W. E. Reynolds, Oscar Spann, Levi Bowden and Miss Ruth Baker. Gifts were sent by Mesdames Ira Bowden, W. A. Baker, J. C. Campbell and Erin McGraw.

Wednesday Club in Broach Home

Sweet peas were used for decorations Wednesday when Mrs. Fred Broach entertained the Wednesday Bridge Club at her home. A Valentine motif was used in all appointments.

Trays with center decorations of sweet peas were placed on the tables.

for the refreshment hour with a plate of ambrosia angel food cake, heart shaped open faced sandwiches, cocoa and coffee served to Mesdames W. H. Atkinson, U. R. Houser, Joe Davis, Chas Mayes, Louise Ingram, Russell Matson and W. R. Moore.

Brushy News

Union Chapel Methodist Church closed a very successful revival meeting Sunday night. There were twenty-five or thirty persons who re-dedicated their lives to the Lord, and several additions to the church. Bro. McBrayer of Gore did most of the preaching. He delivered some fine messages. The people of both communities appreciate him as a sincere, humble servant of Christ, and are glad to have had him in their midst.

The Methodist church members showed their appreciation of their own pastor, Bro. Culwell, by loading his car with canned goods. Sunday morning he was indeed surprised, upon going to his car after services, and finding he and his family had been "showered."

The "Rustlers" under the leadership of Miss Lowe, will entertain the "Hustlers" in the parsonage at Weinert Wednesday night.

On Thursday night prayer meeting will be held in Union Chapel, and the first two chapters of Luke will be studied.

Bro. Pritchett of Gore will deliver three sermons at the Brushy Baptist Church next Sunday. He will speak on "The Second Coming of Christ." Everyone is cordially invited to attend.

Don't forget that the Brushy school faculty, and a number of outsiders are to present the play "Happy Valley" Friday night. Due to the fact that the revival was in progress it was not presented last Friday as previously announced. There will be no admission charge. Every body come out for the play.

The teachers and pupils alike are busy planning and practicing for the Interscholastic League meet. We hope to have winners in a number of events, if not winners, at least we would like to have good contestants, and make the other fellow know we were there.

Bro. Culwell and Bro. McBrayer visited in most of the homes of the community last week.

The following were visitors in the E. N. Miller home Sunday: Robert and Jack Poer; Buster, Bob, John and Florence Freeland; Imogene Culwell; Luther, H.L., Red, Letts and Nig Chamberlain; Jim Bowman; Norman and Nathan Frey; Eleanor Griffith and Billie Hutchens.

The young people took a plate lunch to Ivan Fannin in the afternoon. Ivan has been home only a short time from the Sanitarium, and the young people have practically all visited him since he has been home.

Miss Florence Freeland of Cottonwood spent the week with Miss Ruby Fannin and Nathan Frey.

Mr. and Mrs. Willie Skeins of Rochester visited in the Fannin home Sunday.

Mr. and Mrs. Orville Brittain visited in the home of Mrs. Brittain's parents over the week end. Miss Lucy Matthews of Gore, spent last week visiting in the Miller home.

Mr. Stanton Nelson left to attend the funeral of his sister, last Friday.

BASKETBALL

Last Friday night the Junior boys went to Goree. The game was a victory for the Moguls, a score of 23 to 18.
 Saturday night the Senior boys played Rochester at O'Brien, but they were defeated. The Junior team played Rochester also, and Munday won again—18 to 9. The second string of the two Junior clubs played, and they, too, did not win.
 The Senior team played Goree here on Tuesday night and Knox City Wednesday night. Everyone is urged to see these boys meet Bomatom here on Friday night.

DEBATE CLUB

The members of the Debate Club have organized, and Gordon James and Sylvia Barnes were selected to be the girls' team in this week's practice performances. Ralph Layne and Bill Dingus will represent the boys. Thursday afternoon these two teams debated in the high school study hall. The question: Resolved: That the United States Government should (or should not) own and operate all electric and power utilities, will be debated at the Haskell High School on Friday, February 1, at three o'clock.

CHAPEL PROGRAM

Mr. Tucker and his orchestra reminded their last program under his direction on January 23 in the high school study hall. The program consisted of ten popular and semi-classical numbers which were well known by the student body. Those liked most were "St. Louis Blues," "The Breeze," "Winter Wonderland," "Love in Bloom," and "Stay As Sweet As You Are." The orchestra showed their audience that they really could make music by playing "Kammenoi Ostrow," a beautiful Russian semi-classical selection.
 This week the sophomores produced a play that was announced for last week. Thursday afternoon the 4-B's teams debated their question for this year's Interscholastic League County meeting.

WTCC Advocates 2 Per Cent Tax On Final Sales

STAMFORD, Texas, January 30—Based on a six to one affirmative reply on a referendum sent to its 212 directors and about 500 members of taxation and public expenditures committees in its 193 membership towns, the West Texas Chamber of Commerce announced today its advocacy of a 2 per cent sales tax for Texas, on the last retail sale, "providing the state uses the revenue equitably to fund the outstanding indebtedness of all cities, counties and schools, and providing the local ad valorem tax bills be reduced in accordance with the amount of debt relief secured."

The referendum ballot was the second sent out by the WTCC. In the first, in 1934, with a recommendation made by the Senate taxation committee headed by Senator Arthur P. Duggan—directors and tax committees voted affirmatively, but by the close margin of 107 to 88, on a 2 per cent sales tax as an outright replacement for the present ad valorem or property tax. 15, the officers committee of the regional chamber counted the vote, and in view of its closeness tentatively announced it would favor a sales tax for funding the debt of three political subdivisions—cities, counties and schools—provided a second referendum.

In announcing today the six to one decision, James D. Hamlin, president of the West Texas Chamber of Commerce, said:

"Real estate or visible property now bears practically all of the burden of city government, of county government, a large share of school government, and a great per cent of state government. The average total of taxes assessed on real estate in these subdivisions of government is from \$3.50 to \$6.00 per \$100 valuation. These taxes must be paid whether the property makes or does not make a return, otherwise these taxes are governmental liens upon such properties. Around \$50,000,000 in taxes in West Texas are delinquent, and government liens exist against our property to that extent.

"It is proposed that the state with a sales tax will prorateably fund the debts of political subdivisions, now estimated to amount to \$730,000,000. It is estimated that it takes 45 cents out of every ad valorem tax dollar to pay the interest and sinking fund on outstanding debts. If the state takes over the task of funding such outstanding indebtedness a very substantial relief will be given to every ad valorem tax payer in the form of reduced taxes. A most important point of our program is making it mandatory on the political subdivision to reduce the tax bill in accordance with the relief secured; and our proposal is to write into the constitution a limit of 2 per cent on any sales tax that may be levied by the legislature.

"The proposition is a supplanting tax and not an additional tax. We are for the sales tax only as a means of relieving the ad valorem tax burden by debt paying, and we would be unalterably opposed to a sales tax if it were an additional tax."

The West Texas Chamber of Commerce contends that a 2 per cent tax, based on retail sales in Texas of \$2,000,000,000 (the 1929 figure), will produce from \$20,000,000 to \$40,000,000 annually, which would completely amortize the \$730,000,000 debt of political subdivisions in 40 years at 3 per cent interest.

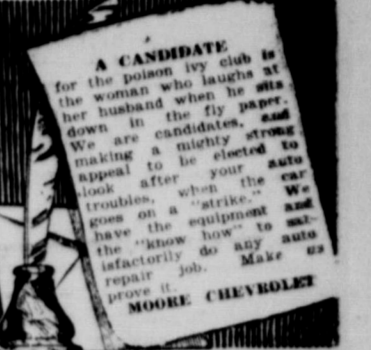

"The original Duggan proposition, that of supplanting the state ad valorem tax, which is only 25 cents, would afford only 6 per cent relief," said Hamlin's statement. "The West Texas Chamber of Commerce proposition would reduce the taxpayer's bill by 40 per cent and up, since most of the folks have a total ad valorem tax bill of \$4.00 and higher in the combination of city, county, school and state taxes."

The bond-funding plan can be put into operation only through an amendment to the state constitution, and the West Texas Chamber proposes to work for that, Hamlin said.

Are YOU HAPPY After Meals

Or Do Gas on Stomach and Sour Stomach make you Miserable?

Too much food, or the wrong kind of food, too much smoking, too much beer, make your body over-acid. Then you have distress after eating, gas on stomach, heartburn, sour stomach.

ALKA-SELTZER relieves these troubles promptly, effectively, harmlessly.

Use Alka-Seltzer for Headache, Colds, Fatigue, Rheumatic Pains, "Morning After Feeling," Muscular, Sciatic and Neuritic Pains.

Alka-Seltzer makes a sparkling alkaline drink. As it contains an analgesic (Acetyl-Salicylate) it first relieves the pain of everyday ailments and then by restoring the alkaline balance corrects the cause when due to excess acid.

Alka-Seltzer tastes like carbonated mineral spring water—works like magic. Contains no dangerous drugs . . . does not depress the heart . . . is not laxative.

can in its constant changes.

Some fundamental truths never change. It is possible to hold fast to the elemental virtues of personal honor and integrity, to hold one's self-respect, in short, and still achieve a fair degree of contentment, if not happiness, in the midst of a changing social order.

"I have been young and now I am old," wrote the Psalmist, but I have not seen the righteous forsaken nor his seed being bread." That is as true now as it was when it was written.

DISTRIBUTION faulty

I tried to buy some Northern Spy apples in a neighborhood grocery the other day. All I could get were fine-looking, but—to me—tasteless western apples, shipped from 2,500 miles away. Northern Spies grow only 250 miles from the New York market.

The same day my wife wanted some Florida oranges. None of the nearby stores had any but Californians, which we had inferior. They had come 3,000 miles; Florida is only a thousand miles away.

Organized distribution versus unorganized market is the answer. Uncle Sam is paying a lot of attention these days to agricultural products. It would be of far greater public service to organize the distribution methods of food products.

NEW HOPE CLUB MEETS

On last Wednesday the New Hope Club met with Miss Faulkner in the home of Mrs. E. T. Clark.

Miss Faulkner discussed the value of garden products and their place in the family budget. She told us the kind of goods best adapted to this section of the country and helped us to fill out our family food budget. A drive for new members was also planned and discussed.

The next meeting will be on the AAA program February 13th in the home of Mrs. S. B. Frazier.

At the close of the meeting delicious refreshments were served to those present.

We are very sorry that Miss Faulkner is not here to be our agent, but we are sure that Miss Burdard will take the duties and carry her work.

There was a time

—when old-fashioned heating systems blistered your face while your back shivered.

But now . . .

with natural gas, winter is just another pleasant season in the modern home.

A timely reminder

Days are growing shorter, nights longer, and the first cold days of winter are on the way.

NOW is the practical time to check up your heating equipment while winter is still "around the corner." Don't let obsolete or inadequate heating rob you of a pleasant indoor climate. Improved gas heating equipment and your dependable gas service will give you care-free, inexpensive comfort at the touch of a match and you'll find just the type heater to fit your particular need on display at your gas company or appliance dealer.

If this were a gasless community, the next order of business would be laying in a supply of coal or wood. Of course, your dependable gas service makes this fuss and bother unnecessary. All through the summer months your gas company has been "keeping your fuel service faithful"—improving facilities so that you may have the safety and security of a dependable natural gas supply again this winter.

... If for any reason your gas meter is not connected ready for winter, call your gas company NOW and avoid the rush of that first "norther."

An ample gas supply has been provided . . . pipe lines and distributing lines have been checked over . . . compressor stations have been overhauled. In fact, every detail of your gas service has been carefully perfected to assist you in stopping Jack Frost at the threshold of your home.
