Adjusted Service Certificates

The question of the payment of the balance due on the Adjusted Service Certificates is still holding the center of the stage in Washington. Although the measure was not brought to the House during the past week, as was expected, it is now due to come up for general debate Tuesday, March 19th. Eight hours of debate are scheduled and each side may have up to four hours to advance their advocacy or opposition.

Thursday, March 14th, the Rules Committee, in executive session refused to accede to the requests of the backers of the Vinson Bill that the House be placed under a gag rule that would have prevented the Patman Bill from coming on the floor.

The advocates of the Vinson Bill are now using every means at their disposal to advance the Vinson Bill. Every sort of parliamentary trick is being resorted to in an effort to prevent the replacement of the Vinson Bill by the Patman Bill. It might also be noted that a number of former foes of payments of any sort on the Adjusted Service Certificates are now members of the Vinson bloc.

On Thursday, March 14th, the writer spoke in the House and called to the attention of the Members the statement of the Honorable Henry Morgenthau, Secretary of the Treasury, in regard to Section 5 of the Vinson Bill as to whether or not this section would render unnecessary additional legislation authorizing the issuance of bonds to carry out this legislation. The statement was as follows:

"Section 5 of the bill in question is an authorization of an appropriation, and would, of course, need to be followed by an appropriation. If such an appropriation were made the money would come out of the general fund of the Treasury which is added to from time to time as expenditures require, by the sale of government securities under the general statutory authority for such sale."

Naturally therefore, a bond issue would be necessary for the sum of \$2,000,000,000 involved and the Treasury has no such amount available to meet such an appropriation.

On the other hand Congressman Patman calls attention to the fact that his bill needs no bonds and will not increase the national debt in any way. And with regard to the soundness of the money to be used, he cites the testimony of Governor Eccles, Chairman of the Federal Reserve Board, before the Banking and Currency Committee on March 14th.

Mr. Hancock: "Then Governor, on the question of soundness, which, in your judgement, is the more sound, a Federal Reserve note, issued against the United States Government Bonds, or a United States note issued against certain gold reserve?"

Mr. Eccles: "I think they are equally sound."

Mr. Hancock: "I asked that because I think, within the next few days, it is going to be quite an issue. I do not want to involve you in any other legislation, but there are two measures of great importance pending before Congress at this time, involving the payment of money. One is known as the Vinson Bill, and the other as the Patman Bill, and under the former, bonds would be used to secure the currency, whereas under the latter, it would be paid with United States notes. Certainly I am glad to get your opinion."

Works Relief Bill
The Administration has been bearing down on the Senate the past week and the result was that it finally gained the upper hand in the squabble over the prevailing wage amendment to the Works Relief Bill. The McCarran amendment was defeated March 15th by a vote of 59 to 38 and the administration approved substitute, the Russell Amendment, was adopted by a vote of 83 to 2. This provides for the prevailing wage on all permanent public buildings projects and leaves wages on other projects subject to the President's discretion.

DR. AMMONS TO KAUFMAN

Dr. and Mrs. E. M. Ammons and son Staron, together with Miss Leona Keel, left first of the week for Kaufman, where they plan to open a dental office. These excellent people have resided in Munday for some five or six years and have a large host of friends here who will join us in wishing them well in their new location.

Senator Oneal Will Oppose Increase In State Gasoline Tax

We are in receipt of a letter from Senator Ben G. Oneal in which he advises us that he will oppose any increase in the tax levied on gasoline. The letter is in response to a petition circulated locally in opposition to such an increase, and Senator Oneal sets out his reasons for opposing such increase in the letter. In this connection we have also received a letter from Representative George Moffitt in which he states that he too will oppose any increase in the gasoline tax. Senator Oneal's letter follows:

Austin, Texas,
March 15, 1935.

Mr. J. A. Kennedy,
Munday, Texas.

My dear Mr. Kennedy:
Your Western Union night letter of the 15th instant, in which you were joined by some fourteen other citizens of your city, relating to the proposed additional State tax on gasoline, has been received this morning.

In reply I beg to state that I am opposed to increasing the State tax on gasoline while the Federal tax of one cent per gallon is still imposed on same.

For more than two years now I have been bending every effort to get the Federal tax taken off of gasoline. I am a member of the Interstate Commission on Conflicting Taxation. I procured the passage of a resolution by that Commission, asking as high as this tax should be under any circumstances.

Shortly after that I procured the passage through the Legislature of the State of Texas of a concurrent resolution, which was sent to every member of Congress from Texas, asking that the Federal tax on gasoline be abandoned. This resolution was carried by me to the next meeting of the Interstate Commission on Conflicting Taxation and that Commission sent it out to the States, and I am informed that fifteen other States passed similar resolutions and sent the same to Congress.

Following that, the Finance Committee of the United States Senate made a report in which it recommended that the Federal Government get out of the gasoline tax field and leave the same to the States.

If the Federal Government should get out of the tax field, then it might be feasible for the State to raise the gasoline tax one cent, which would leave the total tax for that one five cents. That figure seems to me to honor of Miss Doris Sargent's any circumstance.

In view of the fact that I am very busy with many things, it will be almost impossible for me to write individually to each member signing the night letter with you. For that reason I shall be very glad if you will call their attention to this letter. With kindest personal regards, I am,

Sincerely yours,
BEN G. ONEAL,
Senator.

Denton, Texas, March 19.—"Beautiful but dumb" does not apply to the five girls selected by popular vote to appear in the Features section of the Yucca, yearbook of North Texas State Teachers College. The five young ladies whose pictures appear above rank in the upper ten per cent scholastically of the 1800 students enrolled in Denton Teachers College. Miss Mary Willis, center, of McKinney was selected from the group by Eddie Cantor, famous film and radio star, as the Yucca Queen. The other favorites are Misses Sue Dillon, Dallas; Frances Cunningham, Lewisville; Rosemary Cecil, Denton; and Annette Leatherwood, Itasca. These young ladies were honored at a Publications-Senior all-college dance Saturday night held in the college gymnasium.

Valley League To Open Season With Six Team Circuit

The Wichita Valley League will open this season on April 21 with six teams in the field. The teams that will constitute the circuit are Munday, Haskell, Gore, Seymour, Stamford and Rule.

This arrangement was worked out as a meeting of baseball fans at Stamford Sunday afternoon, at which time Hamlin and other towns that have been in the league heretofore were left out of the circuit and Gore and Seymour were taken into the fold, making the circuit far more compact than it has been since its organization. At this meeting the schedule for the season was adopted as were the rules governing the teams.

The rules adopted insure strictly home town talent, since no team in the circuit can employ more than one outside player. This rule will prevent the placing of salaried teams in the field, a custom which has more or less demoralized the circuit and tended to destroy interest in the past.

The Munday lads are making plans to place a string team in the field and work-outs will begin this week under the direction of Jack Mayes, who will manage the team this season, with Dick Coody as field manager.

Lake Creek News

Last Wednesday night Lake Creek had its plays. They really were good, and were attended by large crowds. One play was "The Magic Book" and the other "The Graduation of Pankin Hill." The rhythm band played.

Last Thursday afternoon the Weimert baseball boys played the Lake Creek boys. This was a good game, Lake Creek "skunked" Weimert, 3 to 0. We hope our boys win at the Haskell County Meet.

The choral club and the rhythm band will enter the contests Friday at Haskell, and we hope they win.

There was a cotton meeting here last Thursday night. The farmers elected as their committeemen Dan Clemer, Lloyd Lemley and Mr. Edwards.

Myrtle Johnson visited her sister Mrs. Ala Counts at Munday last Saturday.

Lloyd Lemley and children spent Saturday night and Sunday with his parents, Mr. and Mrs. J. L. Lemley. Mr. J. M. Voyles and family spent Sunday with Alton Voyles at Knox City.

Myrtle Johnson, who has been visiting in the home of her brother, will return to her home at Stamford Friday or Saturday.

The Piggly Wiggly Store is making some improvements in their store this week, principal among which is a new coat of paint on the ceiling and calcimine on the walls which add much to the appearance of the store.

Thinking Out Loud

By J. A. K.

Some pretty clever wisecracks have been published recently on the Dionne quintuplets, and the Publisher's Auxiliary recently published a number of them.

One was a take-off on the Administration AAA program and was in effect that had the Dionne babes been born in the United States two of them would have had to have had to have been plowed under.

But the one that got our funny-bone was that Father Dionne had sued Mother Dionne for divorce on the ground that she was overbearing.

With the approach of spring the golf bug is becoming noticeably more active among the populace, and since the local club is to entertain the Tri-County Association within a few weeks, the number will likely increase.

Observer in last week's issue pointed out the importance of the Supreme Court's decision on the Gold Clause as being far-fetched in its importance, but he overlooked the decision made up in Iowa by postal authorities that limburger cheese may now be sent through the mails, it having been decided that it had no offensive odor.

The presiding elder of this column accompanied Russell Matson and Robert Joseph Couch down to Austin for the week end with the folks, and we enjoyed every minute of our trip and visit.

Mr. Matson visited Mrs. Matson who is in Austin at the bedside of her sister, Miss Ruth Stinson, who was critically burned some weeks ago, and who is reported to be getting along as well as could be expected in the face of such severe burns, and attending physicians say that she will be confined to her home for some four months.

We enjoyed a brief talk with Representative George Moffett, who is a very busy man. Mr. Moffett informed us that he would oppose any increase in gasoline tax.

Dr. George Slover is confined to his home this week with a cold, and has sent us word that he will be in his pulpit Sunday at both the morning and evening hour and would like to have a large attendance at both services.

Mrs. Mallory, her daughter, Mrs. B. H. Kessinger and Mr. Kessinger, were enroute from Pasadena, to Sitka, Mo., to the bedside of a relative ill in that city. Mrs. Kessinger, who was driving, lost control of the car, which overturned twice after leaving the pavement. The injured woman was taken to a Seymour hospital in an ambulance summoned from the Kinney funeral home, Haskell.

OBSERVER

Boy Scouts: An old scoutmaster after many years of experience in scout work has the following to say:

"I can say the scout work trains boys to be men and not caricatures of men the kind if set up as a scare crow in a corn field wouldn't fool a crow into thinking it was a man, but men with the training of the twelve scout laws, beginning with the first law, trustworthy, loyal, helpful, friendly, courteous, kind, obedient, cheerful, thrifty, brave, clean, reverent and all-around training. Boy Scouts are found in every nation except possibly three. All religions sponsor Boy Scout work. The heaven of this work, permeating the world is a forceful war pre-ventive."

The Observer has heard that Munday has a Boy Scout organization well directed by splendid Christian leadership. If so every boy who is eligible should be in same. In fact, he can't afford to miss this splendid training. Every father should give his loyal support and all public minded citizens should give it their sympathy.

Three Rafts for the Boy Scouts, who, if cradled in the proper kind of home, nurtured and brought under the proper school and church atmosphere will catch the spirit and grow to be such men as Greta's poem MYSELF portrays.

MYSELF
I have to live with myself, and so I want to be fit for myself to know; I want to be able, as days go by, Always to look myself straight in the eye. I don't want to stand, with the setting sun And hate myself for the things I've done.

I don't want to keep on a closet shelf A lot of secrets about myself, And fool myself as I come and go Into thinking that nobody else will know.

The kind of man I really am; I don't want to dress myself up in sham.

I want to go out with my head erect, I want to deserve all men's respect. But here in the struggle for fame and pelf,

I want to be able to like myself. I don't want to think, as I come and go,

That I'm bluster and bluff and empty show.

I never can hide myself from men; I know what others may never see, I know what others may never know.

I never can fool myself—and so Whatever happens I want to be Self-respecting and conscience-free.

RHINELAND

It looks as if a "lost and found" advertisement will have to be included in our weekly articles to the Times. Mono and Irma seem to have the "loisest" property to be found anywhere—or do the Senior boys suggest some other method of restoring their rightful belongings? They have been in serious conference lately, resenting, it is supposed, the continued "humdrum" questions: "Ben, where is my notebook?" "Tub, what did you do with my pencil?" "J. C., where did you put my penholder?" Shires, what has become of my book?"

Mr. and Mrs. K. W. Homer and Mrs. E. G. Homer and son, Alfred, visited in Wichita Falls and Scotland, Texas, last week.

 E. K. Local Insurance Association
 Seymour, Texas.

Dear Mr. Jones:

I wish to express my appreciation to you for your promptness in paying the claim of \$1,000.00 after the death of my son, Lee. You paid the claim in less than twenty hours after his death. Lee was the last one of seven children that wife and I have buried. The money you paid me certainly did come in handy as it always does on such an occasion.

Again thanking you for your kindness to us, I remain,
 Your Friend,

NECESSARY SERVICE

Electricity has brought a new era of dependable service to West Texas in recent years. Twenty-four hours of the day, approximately 43,000 homes and places of business served by this Company

in 160 towns and communities rely on this service in some way every minute of the day.

Its large variety of uses acclaim its acceptance as a necessary service. Homes employ it as a means of lighting, washing and ironing, refrigeration, cleaning, water heating, cooking, air conditioning; for the operation of the radio and many small appliances. The uses of electricity in industry are innumerable. Almost every task has in some way been lightened and more nearly perfected by this necessary service. It has truly served all the people in some way and has shared immeasurably in our progress.

The West Texas Utilities Company has provided this service practically uninterrupted and economically cheap. No greater words of praise could be spoken of this service than that our customers have become so accustomed to its reliability, until today it has become a commonplace item of the household and place of business.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

The economics and civics classes went to Knox City Monday morning for the purpose of studying City Government. They also visited the hospital.

The big planning for the banquet is on! The date has not been fully decided on but perhaps it will be the 19th of April. The seniors were asked to "get busy" on their play. Miss Mamie Crouch, a former teacher at Sunset and now a teacher at Hood brought her declaimers to Sunset for eliminations. Dr. Bass, Miss Williams and Miss Bateman from Monday came to Sun- set Thursday to judge the high school declaimations.

HOWARD'S EAGLE CRY

The girls are practicing volley ball under the coaching of Mr. Hill, as their regular coach, Mrs. Davenport, has been ill. They defeated the Monday girls in a practice game one day last week.

The boys are training for track and field. They participated in the track meet last Friday at Haskell. Loyd Walker won third place in the 120 yard high hurdles. Elwood Hackney won second place in the 220 yard low hurdles. Herman Reeves won second place in the 440 yard dash. Leland Crouch won third place in the 880 yard dash. J. C. Walling won second and Mat Verhalen won third place in the mile run. Sunset won the mile relay. These candidates, with Gordon Forehand, Pete Swanner, Mat Verhalen or Herman Reeves will run the dashes, with Leland Crouch and Gordon Forehand on the pole vault, and high jump and Rogers Curry and Elwood Hackney putting the shot.

Our junior boys are doing nice work in track and field.

SENIOR REPORT

We are glad to have Edna back with us today. She was out all last week with tonsillitis. The senior civics class went to Knox City Monday morning to study city government. One of our old seniors, Mrs. J. W. McManis, formerly Avis Clarke, visited school last Thursday. Well, it won't be long now until we have our Senior play, "Aunt Samantha Rules the Roost."

Here is some more of the low-down on our seniors: Miss Drucilla Wren was born south of Monday on the old Wren place on June 22, 1918. She lived there until February, 1932, when she moved to Sunset. We have had to be pestered with her ever since. We hope to get rid of her this year. Here are a few facts that might interest the public: Hobby: Riding horse-back. Weakness: Blonds. Slogan: "When it rains, it pours" (Morton's Salt.) Favorite song: "Love Thy Neighbor." Favorite subject: Typing. Favorite teacher: Miss Blanton. She says the latest out is on her

and if we find it out we will have to ask someone else, because she won't tell it.

JUNIOR REPORT

The Juniors were well represented at the track meet at Haskell last Friday. Out of the twenty-one points Sunset won the Juniors won ten and one-half. They also hope to be well represented in the literary events at the county meet.

The Juniors have committees working on the Junior-Senior banquet. They are planning to give the Seniors a swell time.

Some of the Juniors are always wanting to do something they can't do—for instance: Mat—to catch a girl. Jimmie—to live in town. Jack—to throw the shot forty feet.

Ruby—to learn the duties of a basketball referee. Virginia—to get married. Louise Burnison—to become Hol- lywood's favorite tap-dancer.

Elwood—to become something be- side class reporter.

SOPHOMORES

In order to get affiliation in Bi- ology, we are having to "double-up" in our work. With the efforts Mr. Kimbrough puts forth and the cooperation of the class, our goal can be reached with hard as well as enjoy- able work.

We were beginning to think we had lost our class president, Juanita Forehand, as she was absent for

quite a while. Elizabeth Earp, our secretary and treasurer, was absent two days last week.

We are proud of our Sophomores' representation in essay writing. Nellie Burns and Amerella Hutch- erson, both Sophomores, won first and third. Nellie will represent Sunset at the county meet.

FRESHMAN REPORT

Some of the freshmen have been absent lately, but we hope they will be back to school soon.

The algebra class is still trying to catch up with the contracts. We are studying to find the two un- knowns.

The junior boys are thinking of having a practice meet with Mon- day this week. We hope to give them a good trouncing.

Mr. Nix: But the man who marries my girl will need lots of money.

Fuller: I'm just the man you're looking for.

E. L. Jones of San Angelo spent the week end here with his sister, Mrs. Dorce Rogers and Mr. Rogers. Misses Maggie and Lorene Cole spent the first of the week in Dallas attending the E. A. Fitch Beauty Show at the Adolphus Hotel. New styles were shown in sport, after- noon and evening hair dressing under the direction of Jack J. Moretta of the Yerkes and Emil Rhode of Chi- cago.

Mrs. L. S. Hardigree and daughter Mary Carolyn spent Tuesday in Wichita Falls.

Time Lost is Money Lost

It costs money to be sick. You see it di- rectly if your pay envelope is short. You lose out on some important work if you live on a farm or if you are one of the few who are not docked for lost time. You can't afford to show up on the job unless you are feeling fit. The boss wants re- sults—not excuses.

How many times do Gas on Stomach, Head- ache, Sour Stomach, "That Tired Feeling," That "Morning After" Feeling, Nervous- ness, Rheumatic, Spastic, Muscular or Periodic Pains keep you at home or interfere with your doing a full day's work?

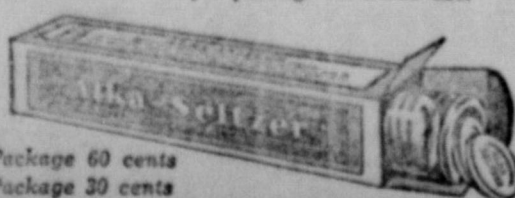

All these troubles are caused or made worse by too much acid in your body. To correct this condition take

ALKA-SELTZER

The New Pain Relieving, Alkalinizing, Effervescent Tablet.

It is called Alka-Seltzer because it makes a sparkling alkaline drink, and as it contains an analgesic (Acetyl-Salicylate) it first relieves the pain of everyday ailments and then by restoring the alkaline balance corrects the cause when due to excess acid. Alka-Seltzer is pleasant to take, harmless, non-laxative.

Why don't you try it? Get a drink at your drug store soda fountain for a nickel. Buy a package for home use.

FARM HOUSING PLAN SUBJECT OF DISCUSSION IN MARCH COUNCIL

With nine clubs represented and 29 women and girls present, the Knox County Home Demonstration Council met, Saturday March 9th, in the Study Club room, Benjamin, Texas.

The Reporter's School, to be held in Seymour, March 20th was discussed. The Chairman, Mrs. E. M. Almanode of the Sunset Home Demonstration Club, one club reporter, Mrs. S. B. Crump, of the Munday Home Demonstration Club, Mrs. Omer Cure, chairman of the 4-H Sponsors and of the Gilliland Club; Miss Katherine Jones, Miss Bur- chard's secretary, and Miss Bur- chard will attend the Reporter's School which will be conducted by Mrs. Minnie Fisher Cunningham, Extension Editor from A. & M. College.

Since there were no meat entries sent to Wichita Falls to the Meat Show, the women have decided to send their products to the Quality Meat Show which is to be held at Lubbock, April 1-2-3.

The Scholarship Fund presented to the Council during the February meeting was paid.

Benjamin was selected as the place for the Dress Contest which is to

be held June 15th. Miss Cooper, the district agent, has been invited to be present during this time.

Messrs A. C. Kyle, Joe Bracher and Rippy, Field Representative of the Federal Housing Program from Fort Worth met the Council. Mr. Kyle gave an informative and in- structive talk on Farm Housing; he pointed out the advantages the farm people have if they will take in- terest in the plan.

NOW IS THE TIME TO BUILD SAYS CLUBWOMAN

Mrs. Jay Marlow, 4-H Pantry Demonstrator if the Benjamin Home Demonstration Club seems to be a carpenter too.

She said, "I made the pantry for my canned products in about an hour, and it only cost \$2.75. This included the material for the closet, the shelves, the paint, and the paper for the outside walls. Beside making my pantry storage space, I made a model cabinet, built it to the ceiling and across the side of the kitchen. In doing some club expansion work, I helped my neighbor build a cabinet such as mine."

Mr. and Mrs. Cameron Biffle and daughter Darlene of Knox City, spent the week end with her mother, Mrs. D. B. Weaver.
