VERA TO GET NEW SCHOOL STRUCTURE

Construction Will Be Started Soon as Possible

OPEN SCHOOL LAST MONDAY

Thompson Elected Superintendent for New District

In a double announcement from Vera consolidated school this week, Supt. J. G. Thompson gave the opening date for the fall school term as Monday, September 20, and that the new school plant for the district has been approved and will be under construction soon.

The new school plant, which will be built at a cost of \$35,604.00, will have ten large classrooms and a large auditorium-gymnasium. The project was approved by the Ft. Worth WPA offices during the week of August 14.

Material for the new structure will be native stone and salvaged material from the three smaller buildings of the old Lone Star and Vera separate school districts.

The new building will be wired for electrical appliances and service and will have water and gas connections and fixtures to give the district a modern school plant.

Exterior walls of the building will be constructed with brick and native stone, with the interior walls plastered on metal lathing. The floors will be double and the roof tar and gravel.

Faculty Announced

The new term will be opened as usual in the old school buildings, and when contractors begin salvaging the old structures, the class room work will be moved to churches in the community.

Supt. Thompson announced that the faculty was completed with the naming of two instructors Monday of this week.

Joe Patterson, Seymour, is principal of the school system. Mrs. Mildred McMurray, with Patterson and Thompson will teach the high school. Elementary instructors are: Misses Maurine Boyd, Helen Collier and Ruth Crump.

Vera will operate two busses this year with Truman Shipman and Oscar Wolf employed as drivers.

Womble Succumbed To Cancer Ravage Saturday Morning

Death claimed one of the pioneer residents of Munday last Saturday morning when A. E. Womble succumbed to ravages of cancer of the stomach at his home following a years illness. Mr. Womble's condition had been serious for the past three months.

Born at De Leon, Texas, Comanche county, September 21, 1879, he deceased was 57 years, 11 months and 14 days old.

Mr. Womble resided in DeLeon from his birth until 1920, time of his moving to Munday, where he farmed for several years. He had retired from the farming business some time ago.

In 1902 the deceased was married to Miss Lela Strube, also of DeLeon, and to this union two sons and two daughters were born, all of whom were at the bedside of their father when he died.

Funeral services were conducted Sunday evening at 3:00 p.m., from the Methodist church with the Rev. H. A. Longino delivering the final tribute and words of understanding to the immediate family and a large host of friends.

Mr. Womble had been a member of the Methodist church since boyhood.

A quartet composed of Mrs. N. A. Strickland, J. O. Bowden, Ben Blacklock and J. E. Reeves offered "There is No Disappointment in Heaven."

HASKELL WINS RIGHT TO PLAY MUNDAY FOR LEAGUE TITLE; TO PLAY FIRST GAME AT HASKELL

Haskell won the right to play Munday in the final series of the modified Shaughnessy play-off for the championship of the Wichita Valley baseball league with a 4-0 victory over the Hamlin Oilers last Sunday.

The first tilt of the championship play will be played at Haskell Sunday at the Haskell baseball park. The series will be a five game affair, the winner being required to win three games to be crowned 1937 champions.

Advance dope indicates that Lefty Hambricht, eccentric Haskell hurler and former Munday Mogul, and Red Nichols, righthander, who

hurled Munday into the league leadership with seven consecutive victories, are slated to start the initial game.

Archie Pittman, righthander for Haskell, let the Oilers down in two shut out victories after Hamlin had won the opener. Pittman will be held in reserve for the Munday club. However it is not probable that Pittman will start against the locals as Munday has blasted him off the mound each time he has tossed against them.

Each game of the five game series will probably be played on successive Sundays until the winner is determined.

Fluke Auto Collision Hurtles Car Over Knox City Child Walking With Mother On Sidewalk Last Saturday

In an auto collision in the residential section of Knox City Saturday, the only injury was that of Wayburn Lane, 4 year old son of Mr. and Mrs. F. E. Lane, when one of the machines was hurtled over the small child's body.

The child was seriously injured, receiving a compound fracture of the arm, fracture of right leg and fracture of the skull. The child was treated at the Knox county hospital.

Although the small lad was recovering slightly, fear that the crushed forearm would have to be amputated, due to a severance of

the large artery, was believed unnecessary.

One of the cars, driven by Johnnie Carroll of Lubbock, was traveling east, when a truck driven by Mr. Carl Howell, Rule man, hit the Carroll machine on the left rear wheel, turning the car around and causing it to crash into the pathway on which Mrs. Lane and her small son were walking, knocking down the youth.

Other occupants of the Carroll vehicle were Misses Agnes Branch, Knox City, and Martha Terrell, Munday. Another man was with Howell at the time of the triple-accident.

Rigid Enforcement of City Traffic Laws to Be Inaugurated Immediately

City Marshal Tug Nesbitt, in a statement to the Times today, announced that all traffic regulations and laws will be enforced rigidly, to insure safety and more parking space for the fall rush.

In making the announcement, Nesbitt stated that local citizens had been more or less allowed to drive in traffic as they saw fit, disregarding traffic laws frequently, but that in the future laws will be enforced through the channels of the corporate court. Judge Osborne has promised full cooperation with officers in their drive to eliminate traffic hazards in the city.

Precautions Listed

Nesbitt listed a majority of the laws violated in the city which ordinances prohibit. A list of "don'ts" follow:

1. Don't park in painted zones near fire plugs.
2. Don't drive fast through the school zone.
3. Don't park on pedestains walking lanes.
4. Don't run the red lights at the intersection of main street and the highway.
5. Don't double park, unless driver is left in car, and then don't park for over ten minutes.
6. Don't turn in middle of block.
7. Don't make "U" turn on highway, main street intersection.
8. Don't back out fast on busy days.
9. Don't under any circumstance park in center of street.
10. Check lights and reflectors.
11. Have reflectors or tail lights for trailers.
12. Always parks at a 45 degree angle, regardless of how other cars or cars are parked.

Stress was emphasized in driving through the school zone and in parking downtown during the busy days. Nesbitt stated that the limit will be given in all arrest for speeding through the school zone, which has a limit of 20 miles per hour.

Asks Cooperation

Cooperation was also asked of local business men in parking their cars during Saturday. It is urged that business men leave their cars at home or park them at the rear of their stores in order to leave more parking space for farmers and others who come to Munday to do their shopping and buying. It was pointed out that in one block

MUNDAY SEWING ROOM FORCE CUT DURING AUGUST

MORE THAN 700 GARMENTS MADE BY LADIES; BUTTONS AND TRIMMINGS NEEDED

The working force of the Munday sewing room was cut during August, due to reductions in county quotas throughout Texas. Only 19 women were on the pay roll during the month, Mrs. Addie Layne, supervisor, stated.

Figures disclosed by the monthly report of activities of the local sewing room show that 1091 yards of cloth were used in making garments for the commodity department.

The material, consisting of broadcloth, gingham, and unbleached muslin, was made into 523 garments. The types of clothing made was infants' play suits, boys shirts, and shorts, mens shirts and shorts, and womens aprons and slips.

August 31, 759 garments and four piece quiltpots were transferred to the Commodity Department at Benjamin.

Mrs. Layne announced that visitors were always welcome from the hours of 9 to 11 in the morning and 1 until 4 o'clock in the afternoon.

The sewing room is still in need of buttons and trimmings of any kind that citizens may have at home.

Paint Store Front At Baker-McCarty's

The Baker-McCarty Store has done its part towards improving the general looks of the business district by repainting the front of their large store.

On the inside of the store they have installed new shelving for their shoe department, which will enable them to place more shoes in their open stock. The shelving is built in small compartments, allowing one shoe box to be stacked for quick showing of shoes to patrons.

Mr. and Mrs. E. B. Bowden are spending a part of the week in Comanche county visiting relatives.

DAVENPORT PRESIDENT LIONS CLUB

Bill Moore is Elected To Post of Tail Twister

BANQUET HELD TUESDAY NIGHT

Haskell Lions Club is Guests On First Meeting Here

At a banquet Tuesday night in the Eiland Hotel, Rip Davenport was elected president of the recently re-organized Munday Lions Club by acclamation. It was the first official meeting of the new club.

Other officers elected for the ensuing year are as follows: first vice president, Dr. R. L. Newsom; second vice president, Dr. E. M. Roberts; third vice president, Austin Caughran; secretary and treasurer, Wade Mahan; Lion Tamer, Boyde Carley; tail twister, W. R. Moore; and members of the board of directors, Grady Roberts, Riley B. (Continued on Page Eight)

ORGANIZATION OF BOY SCOUTS IS COMPLETED

Patrol Leaders And Other Officers Are Named

Troop organization of the Munday Boy Scouts was completed at the weekly meeting of the new troop at the Methodist church last Monday night.

The troop, with 20 boys attending the meeting should develop into one of the largest troops in this section, with a score of boys stating their intentions of joining in the near future.

Longino to Assist

Ted Longino, a former Scout, who attained the highest rank in scouting, the coveted Eagle Scout badge, has accepted the office of Junior Assistant Scout Master, and will work with Scout leaders in troop work.

Scout scribe for the new troop will be Clay Dingus, who is also a former member of the old Munday scout organization, and Clifford Pippin will take on the duties of Bugler.

Patrol Leaders Named

The troop was divided into patrols and patrol leaders were named and patrol names were selected. The following boys will serve as patrol leaders with the name of their patrol following: Thomas Rigby, Tiger patrol; D. P. Morgan, Wolf patrol; Joe Albertson, Panther patrol; and Joe Dean Clough, the Eagle patrol.

Much Important Business Cared For At Chamber of Commerce Meet

At the regular luncheon of the Munday Chamber of Commerce today several matters of importance were disposed of and committees appointed to carry on to completion civic projects.

Usual routine business was passed in short order, and discussions of new business was heard for more than an hour. John Albert, manager of the new dry goods store, the Hub, was introduced as a new member of the organization.

Possibilities of the new state highway from the Seymour road east of Benjamin to Munday, coming through Rhineland, was discussed, and status of the project as it now stands was heard. Final action by the local body is awaiting the requirements of the State highway department which will be submitted in the near future. It was believed that the precinct will care for cost of obtaining right of way for the new road.

LOAN DETAILS FOR 1937 CROP IS ANNOUNCED

ENROLLMENT OF SCHOOL BELOW 1936-37 FIGURE

Enrollment Expected to Increase Within 30 Days to 600

FOUR LETTERMEN ARE CANDIDATES

Workouts Held Daily on Football Field; Cobb New Coach

Enrollment of the Munday School system was under the 1936-37 figure it was revealed today by Superintendent J. H. Bass. First day enrollment showed 157 high school students and 311 grade school students.

The largest enrollment at any one time last year in high school was 176. Bass believed that the high school enrollment figure will be increased somewhat within the next 30 days by returning to school of students working in the cotton harvest, and grade enrollment is expected to jump to around 450.

Moguls Working The Munday High School Moguls are scampering under the mentorship of a new coach this year, Howard Cobb, coming here (Continued on Page 8)

Formal Opening Munday Bargain Store Success

More Than 1,500 Persons Attended Opening of New Dry Goods Firm Here Saturday

The Munday Bargain Store, with its formal opening last Saturday played host to more than 1,500 people during the day, J. O. Brown, manager of the new firm announced.

The new firm, in a "get acquainted" move, gave out approximately 1,500 ice cream cones, which consumed about 40 gallons of the cream.

The Munday Bargain Store, which operated here for several years until January 1, 1936, was operated at that time by Mr. Brown. The store closed out its large stock, and reopened this fall (Continued on Page Eight)

BEAN CHAMPS!

The bean industry in Munday is expanding. The Times carried a story last week telling of a 10-inch bean pod that was about one inch in width, holding 12 large beans, grown by Doc Russell.

The old adage of "the first man doesn't have a chance" held true.

E. F. Meers of this city, displayed two beans in this office Saturday that measured 18 inches, and 17 and one-half inches in length. However, the Meers beans were about the size of a pencil. They were the "Yard Long Bean," grown from seed obtained in New Orleans.

It looks like both are champions.

GOVERNMENT TO LEND 9 CENTS A POUND ON CROP

7-8 Inch Middling Cotton or Better is Required

PRICES ON ALL GRADES LISTED

Loans Will Bear Interest at Rate of 4 Per Cent Until '38

The Commodity Credit Corporation announced today that it will lend to producers of the 1937 crop 9c per pound on cotton classing 7-8 inch middling cotton or better; 8c per pound on cotton classing 13-16 in staple, and middling or better in grade; 7 3-4c per pound on cotton classing 7-8 inch as to staple but under middling at to grade. No loan will be made on 7-8 inch cotton or better in staple which is of a grade not deliverable on contract under the regulations of the New York and New Orleans cotton exchanges and no loan will be made on 13-16 inch cotton under middling grade.

The loans will bear interest at the rate of 4 per cent and mature on July 31, 1938. To be eligible for loans cotton must be stored in warehouses approved by the Commodity Credit Corporation. The loans will be available as soon as the necessary arrangements can be completed, but not later than September 15.

A condition of each loan is that the producer-borrower agrees to participate in and comply with the 1938 adjustment program.

With a view to having ample funds with which to make such loans, Commodity Credit Corporation has arranged to borrow \$150,000,000 from the Reconstruction Finance Corporation.

Pursuant to Senate Joint Resolution 207 outlining the fundamental principles of permanent farm (Continued on Page 8)

Two Men Injured As Car Overturns South of Munday

Two men received serious injuries in an auto wreck one and a half miles south of Munday last Sunday morning and a third man was uninjured.

Michael Herbert, Jr., soldier stationed in California, of St. Louis, Mo., received a concussion and a fractured left leg. Herbert was removed to the Army hospital at Fort Sill for further treatment, after being taken to the Knox county hospital.

The other injured man, McAbie of Wichita Falls, was moved to his home Wednesday after recovering from concussion and severe lacerations of the forehead.

The trio were driving a 1936 pickup Chevrolet, truck, day and night, having left California for Wichita Falls. H. L. Smith, owner of the pickup was following the trio in his family car and did not learn of the wreck until he reached Wichita Falls.

The pickup left the highway about 100 feet south of a filling station on the highway and overturned several times, throwing one of the occupants clear of the machine.

GIST OF TODAY'S NEWS

Over 500 Dead

The prediction of 1,000 deaths over the past week end, including the national holiday, was cut nearly in half, with slightly more than 500 persons killed by accidental deaths, reports from each state disclosed.

An approximate 300 of the dead were killed in auto wrecks.

Dove Season Opens

The dove season will open in Knox county September 15, according to information received here. The season will be open for 30 days and will close until the Quail season opens, running until the Quail season closes. King and Cottle counties have already opened their dove seasons, while Haskell county will be closed.

Solons Summoned

In what is being termed as one of the biggest drives in Texas legislative annals, the Texas solons will be called into special session September 27, for the sole purpose of initiating new tax revenues—an increase of \$14,500,000 yearly above the present figure.

Get \$35,000,000

\$35,000,000 in cotton subsidy payments to Texas cotton growers is estimated under the plans announced by Secretary of Agriculture Henry A. Wallace. A 90 per cent compliance in Texas with the 1938 crop control program is expected.

Crighton Dead

Frank B. Crighton, scout executive for 15 years, died suddenly Tuesday in Wichita Falls. Known to all boys as "Chief," Crighton was one of the most widely known scout leaders in Texas. Munday is a part of the area, Crighton was executive over.

Mrs. Leland Hannah underwent an appendectomy operation at the Knox county hospital Wednesday morning. Hospital attendants report her condition as excellent.

Newspaper Honesty

Many factors enter into the making of a newspaper, whether it be large or small, and the excellence of the finished product naturally depends to a large extent upon the opportunities which its field offers to the editor and publisher.

But there is one fundamental quality which is important to every newspaper, regardless of size, and that is honesty of expression.

What counts in judging the character of a newspaper is whether it reasons with intellectual honesty in arriving at its conclusions, or makes an appeal to prejudices or emotions in order to influence the reading public to accept its opinions.

We may add that every editor frequently faces the necessity of making a decision on this very point. It is easier to tell the reader what he wants to hear, to take the popular side, to run with the pack. But it takes courage sometimes to express an opinion, however sound, in opposition to the prevailing sentiment.

But in such a case, no editor worthy of his responsible calling ever hesitates. He gives his honest opinions, regardless of who agrees or disagrees with them.

YOUR WASHINGTON AND MINE

From Behind The Scenes

WASHINGTON.—It's Roosevelt for a third term. This may appear as a brazen bit of prophecy coming from a columnist having a reputation for timidity. While this prediction comes probably one year or two years in advance of any outright authoritative announcement, yet it is obvious, even at this early date, that the stage is being set for that biggest of all shows—Roosevelt for a third term. So far, political writers have merely skirted this protruding question without actually going to bat with a cold and bold prediction, their hesitancy to speak up being due, perhaps, to a wholesome respect for that old apothegm that prophecy is a dangerous thing. Yet, why soft-pedal around Mr. Roosevelt's evident determination to succeed himself again, when it is so obviously inevitable that he will seek his third term?

Let us examine several incidents, all seemingly unrelated, yet which are vitally related in their bearing on this subject. Let us unveil a few weeks and take our start from that Jefferson Island peace dinner back in June. While the harmony dinner did not altogether harmonize, yet when the smoke had cleared and the shouting had died there seemed to be only fleecy clouds on the democratic horizon. To the hired hands, led by their chief noise-maker, the genial Jim Farley, the picture presented merely a mackeral sky, blustery in isolated areas to be sure, but viewed as a whole, party peace and harmony appeared to be "in the (b)r-ag."

Then, such high spots as the debacle ensuing President Roosevelt's foray into the field of socialistic midwifery on the body of the Supreme Court which brought forth that political Moloch on whose pyre went the brave and loyal Senator Joe Robinson as a sacrificial offering, climaxed by the memorable "Retreat from Little Rock," which was saved from rout and ruin only by the strong and guiding hand of that outstanding Texan, John Nance Garner; the closing hours of the Senate session as intra-party wrath spouted first like the tomtom of drum-fire, then swelled into the thunder of a connoisseur, with civil warfare raging furiously among the Democrats right there in that staid and dignified old Senate chamber, initiated by Senator Guffey's punitive expedition made by radio in his role as drum-major for the Administration's firing squad—a speech which carried words that symbolized and paralleled reality more adequately and precisely than even the "Tory-Maculay" speech made by the President himself at Roanoke Island.

Senator Guffey did not attempt to deliver, a macaronic nambypamby, nor to read some erudite composition by a political pundit—he simply read out of the party those Democrats who had been found guilty of hush-whacking Mr. Roosevelt's most cherished legislative objectives. He also gave public voice to the edict that President Roosevelt IS the Democratic party as it now exists. But back to our line of incidents and upheavals—all these and more—revel and rebellion within our own party ranks does not appear to dampen the spirit or chill the ardor of the leading man in his Machiavellian role, or the supporting cast, the unselected stage hands and the scene shifters now holding the boards at the world's greatest show house—1600 Pennsylvania Avenue. What is the meaning? What does it all portend?

The answer is written in letters big and bold across the skyline—vivid as a rainbow—ROOSEVELT FOR A THIRD TERM. And speaking of rainbows, perhaps the traditional pot of gold is no longer a myth in the minds of some, at least not with those who must buy from the ushers the official programs—to the tune of \$250 per.

Was Senator Guffey truly representing the White House when he sounded the bugle for court-martialing the rebel Democrats who had encompassed the defeat of the Administration's court reform scheme? If so, can the President be expected to follow this through consistently to the extent in including in his political purge, to be shot at sunrise, all Senators and Congressmen who opposed his court reform plan? No; not if we know our President. To do this he would, alas, be forced to publicly brand as traitors such men as Senators Glass and Byrd of Virginia, George of Georgia, Texas' own Tom Connally—not to mention the tremendously popular and widely trusted John Nance Garner. There still remain a few temperamental luxuries that even Mr. Roosevelt cannot afford.

Or did the Administration use Senator Guffey as a ghost speaker in an effort to instill fear and panic in the hearts of all Congressmen and Senators, to the end that when called to Washington in special session the erstwhile party rebels, after a few weeks exposure to the ire of the potwalloper's back home, will return in the attitude and state of procurrent cataleptic haematidrosis—meaning face downward, all volition suspended, and sweating blood.

There are those who claim that the Democratic platform has now become a palimpsest document, and are asking if and when President

Hide Prices Reach New High

One of the bright spots of the cattle industry, which will mean thousands of dollars to Texas cattlemen is the sharp rise in hide prices. Europe has been such a heavy buyer in the world markets that hide prices in Chicago have been boosted to the highest level since 1929. Heavy native steer hides are quoted at Chicago at around the 18 cent mark per pound. A year ago the price was 12 cents, and at the depression low in the spring of 1932 the market had dropped to four cents a pound.

To Enforce Traffic Laws

Tug Nesbitt, city marshal, has laid plans to rid the city of dangerous traffic hazards, and in an announcement this week stated that fines will be plastered on violators of traffic ordinances.

The fall rush always causes a traffic congestion that endangers the lives of pedestrians and vehicle drivers. Parking space goes at a premium. Judge Osborne of the corporate court will cooperate with the city police department, by plastering fines on violators.

Special stress was placed on speeding through the school zone. There is a twenty mile limit per hour in that zone, and the court will go the limit in this particular traffic offense.

Probably the best traffic enforcement is to jerk up violators regardless of who they are and "stick it to them." The next time they will think before endangering the lives of others—and it will make the drivers who were not fined a little more "serious-minded" of traffic laws, and "considerate" of others.

Employment Office Beneficial

The Texas State Employment Service office, opened in Munday last Wednesday to serve Knox county and especially the cotton farmers, should be used by local people.

There is no cost to citizens seeking employment to those seeking employees. There is a possibility that the office may become a permanent thing in Munday. Our city would do well to investigate and bring pressure toward that end.

Heretofore the service has had headquarters for this area in Vernon and has been practically no in Vernon and has been of practically no benefit to this county.

Fifteen Failures In State During July

Austin, Texas, Sept. 1.—Commercial failures in Texas during July made a generally unfavorable record, the University of Texas Bureau of Business Research has announced. According to reports from Dun and Bradstreet, Inc., fifteen failures occurred during the month, an increase of 25 per cent over July last year but a decline of 11.8 per cent from the preceding month. Total liabilities of \$217,000 were 56.1 per cent over July a year ago and 143.8 per cent over the preceding month; while the average liability per failure, \$14,000 was up 16.7 per cent from a year ago and 180.0 per cent from June, 1937.

Roosevelt gains the power he seeks the Constitution may not also become merely a palimpsest parchment. There are also, those wallers at the walls of precedent and tradition who loudly lament the thought of a precedent smashing third term. Right here is presented a fine piece of irony. Where were those weepers in March, 1933 when the President began his precedent wrecking career by slamming a bank holiday and rescuing the country from financial shipwreck? Would these mourners be willing to experience a return of the conditions under which the nation reeled and shuddered during the dark closing days of '32 and the cold gray dawn of '33. Would the farmers be content to surrender their gains, the old people their pensions, the workers their jobs, the bond holders their dividends, manufacturers their markets and the investors their profits? Would all of these, or any of us, for that matter, merely for the sake of a cherished tradition or precedent, willingly risk seeing again the pre-Roosevelt state of affairs, when the nights were just sleepless black spaces sandwiched in between gray jobless days? Would John Smith of today be easily induced to swap places with John Smith of 1932?

Could a third term, damnably disgusting and admittedly evil though it would be, with its attendant danger of usurped power and temporary, if benign, dictatorship, prove harder for the people of the United States than have the starvation years of the recent past? All these are my questions but I cannot answer them. I am leaving for the Whosoversills the pleasure of answer. But I will see you next week.

(Copyrighted 1937 by National Forum Syndicate)

EDITOR'S NOTE: Doctor Pope's opinions are his own and they do not always necessarily reflect the editorial policy of this paper. Another "Your Washington and Mine" will appear in these columns next week.

The WEEKLY CONSTITUTIONAL

by MAX BERNS

Fifty Centuries of Experience

Why does our Constitution restrict the powers it grants our government?

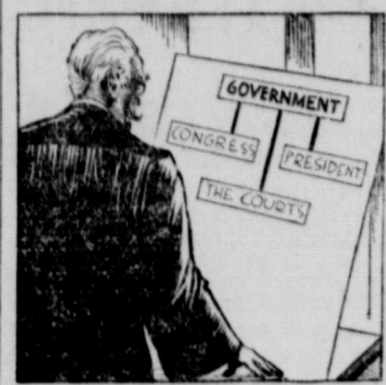

Because human nature never is perfect, we must protect ourselves against its weaknesses.

To provide this safeguard was the great aim of the authors of our Constitution. By their experience in colonial government, by their trials under royal despotism and by their study of the great lessons of history, they learned that human nature could not resist the temptation to become all powerful. They knew this led to tyranny and despotism. They knew this was a weakness of human nature and that human nature changes but slightly in thousands of years. They knew these weaknesses wrecked most governments.

For this reason our Constitution divides our government into three separate branches—Congress, the President and the Courts—restricts the powers granted to each branch and makes these branches independent of each other.

Concerning this, Washington said, "The necessity of reciprocal checks in the exercise of political power,

by dividing and distributing it into different depositories, and constituting each the guardian of the public weal against invasions by others,

has been evinced by experiments ancient and modern, some of them in our country and under our own eyes. To preserve them must be as necessary as to institute them."

Under this principle of our Constitution, no one branch of our government is all powerful. And by maintaining this principle, concludes Washington, we prevent despotism.

CAPITAL NEWS LETTER
 by J. D. McFarlane
 Congressman J. D. McFarlane

Weekly Letters During Vacation of Congress

During the last four and one-half years I have written a letter each week on National and Congressional affairs. No ghost writer is used by me in the preparation of these letters; I personally prepare each one of them. During the vacation of Congress I shall continue to prepare and submit these paragraphs to the newspapers of the district I have the honor to represent. I am indebted to the newspapers for carrying them and to the people, judging by their expressions in letters to me, also seem to appreciate this generosity on the part of the newspapers.

As soon as it is known what bills of the last session are enacted into law I expect, in these weekly paragraphs, to take up each bill of importance to the people of our district and fully explain it to the best of my knowledge and ability; tiresome details will be eliminated but an effort will be made to disclose the effect of such legislation and the changes in existing law that were made.

Farm Rules and Laws
 The County Agent in each county is the best informed person in that county on matters affecting commodity oans, government control contracts and related matters. Changes in the near future are likely to be frequent. In order for one to feel sure that he has the latest and most authentic information on these matters he should consult his county agent.

Federal Aid for Education
 The President insisted that the Bill to aid public education not be passed at this time, in view of the large appropriation it authorizes and the condition of the budget. However, the President has agreed to appoint a Committee to make a thorough survey and investigation between now and January, in the hope that some suitable proposal may be recommended.

There are more than 2,700,000 school children, who do not have any school to go to. There are 2,703,000 school children, who only attend school a few weeks each year for a very short time. Two hundred and forty thousand school teachers receive less than \$700 a year and more than 30,000 of these receive less than \$400 a year and all school teachers must have a college degree. There are about 1,000,000 school teachers in the United States. This subject of Federal aid to education is a question of paramount importance and will receive increasing attention until the question is disposed of.

Veto Star-Route Contract Bill
 The House and Senate passed a bill providing for the renewal of star route contracts at four year intervals. Under existing law, the contracts for carrying the mail over star routes are required to be let for a period of not exceeding four years to the lowest responsible bidder. The President vetoed the bill.

The President's veto was not over-ridden.

FORWARD MARCH?

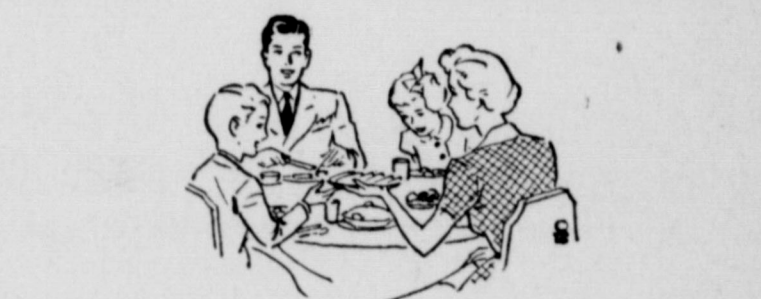

Approves Project
 J. C. Kellam, State Youth Director, has approved an NYA county-wide beautification work project for Foard County which will provide work experience for thirty youths in rock work, planting of shrubbery and erosion work, under the supervision of the State Highway Department.

Miss Geneva Smith, daughter of Mr. and Mrs. W. S. Smith, returned the past week end from Houston, where she has been during the summer vacation.

Plummer Edwards, son of J. E. Edwards, left for Stephenville, Texas, where he will enroll in John Tarleton Junior College for the fall term.

To Train Youths

The next NYA work project for negro youths who will be trained during their spare time for maid service and handymen will begin at Prairie View State Normal and Industrial College on September

13, J. C. Kellam, State Director of the National Youth Administration, announced. Fifty young negro men and 50 young negro women will be employed on the project.

Many Thanks, Folks!

We appreciate the generous response given us by the people of the Munday trade area in attending our formal opening Saturday. It was a pleasure to be your hosts during the day.

We have received more new fall merchandise this week and will be better equipped to supply your needs.

It will pay you to visit our store again!

Munday Bargain Store

"Famous For Values"

Munday — Texas

NOBODY'S BUSINESS

Austin.—Confronted with a growing possibility that the legislature, if called into special session, may stage another "do nothing session," so far as imposition of new and increased taxes are concerned, Gov. Allred this week threw out a hint that he might not call the session in September. He later indicated plainly that it will be called, so that observers here interpreted his statement as an open bid to house members, many of whom want the \$10 a day pay to support his tax program. The governor's appeal to the folks who want more taxes to communicate their wishes to the legislators was not expected to draw any great response. Outside of a few special groups, such as those who want pensions and haven't got them, there are probably few citizens who want any more state taxes on anything—certainly not badly enough to write letters to their legislators to demand more taxes.

Redaction Is Out

The governor also declared he wouldn't submit the matter of reducing the biennial appropriations, which the legislature upped \$22,000,000 over those of the last biennium, despite the testimony amassed by the senate investigating committee in favor of such a reduction. The committee continued its work thru the week, and its chairman, Tom Holbrook of Galveston, urged Allred to submit the matter of a reduction. Another confusing factor with the apparent plan of the sales tax advocates in the senate, strengthened by the recruiting of Sen. John Redditt of Lufkin, to drive for a sales tax as the answer to the state's financial prayers. The house has been overwhelmingly against a sales tax, and Allred has declared again he would veto it, but if the senate becomes entangled in a fight over a sales tax it might help to prevent enactment of any tax legislation at all.

Calvert to Run

Political significance was added to the session's outlook, with the definite announcement of Speaker of the House Bob Calvert of Hillsboro that he will be a candidate for attorney general. This makes the presiding officer in each house an active candidate for the same post, as Lt. Gov. Walter Woodul has been campaigning for months. Calvert was the Allred candidate for speaker but there are so many Allred adherents running or rumored as candidates for attorney general, that observers here are saying Allred can do nothing but keep "hands off" this race, with so many of his favorites seeking votes.

Governor's Race

Many weeks ago, this column predicted that the governor's race would narrow down to a contest between Railroad Commissioner Ernest Thompson and Atty. Gen. Bill McCraw. That prediction apparently has been fully borne out during the past few weeks, since both men indicated publicly from the same platform at the Brenham barbecue that they will run. Bringing the race out into the open has resulted already in a substantial strengthening throughout the state of Thompson support, while the McCraw candidacy, which was going at breakneck speed without any visible opposition, is reported here to have slowed visibly with some competition in sight. Thompson scored a political bullseye with his declaration in favor of no new or increased taxes at this time, in which he pointed out his belief that encouragement of industry, whose consequent prosperity would bring greater revenue to the state through existing levies, if given a chance. That sentiment has apparently won wide approval, both from the business interests who are the objects of taxation, and from a good many ordinary citizens who realize the painful truth—that the consumer pays all taxes in the long run. Talk of a third term for Allred has completely died out here and the possibility of the governor running again is no longer being given serious consideration by most of the best-informed political dopesters.

Penalty of Diversion

Good roads advocates who have battled for years in Texas to prevent the diversion of the revenues of the state highway department to other purposes than building of

Home Education

"The Child's First School is the Family"

By Dr. James E. Pope

THE CHILD AND HIS HOBBY

A "cleaning up" was in progress. Mrs. Manley stood at the open door of the garage, gazing disgustedly about her.

"Junk, junk, junk!" she sighed, as she bravely attacked one corner of the room.

"This," she said to a neighbor caller, as she stacked bottles into a large basket, "is Phil's collection. He's a collector, you know, as most boys seem to be. He collects bottles. 'But,' and she chuckled, 'he won't any more. The junk man is going to start a collection.'"

"I don't like to see you do that," the neighbor protested. "It reminds me of the time I destroyed Bud's collection. It nearly broke his heart."

"Was it bottles?"

"No, paper boxes. The things were everywhere. I couldn't stand it, so I had a bonfire while he was away. And I've regretted it ever since."

"But, my dear, a home's made to live in! One can't give it up to junk."

"Of course not," the neighbor laughed. "Certainly not to such foolish junk. But children are reasonable creatures. One should take time to assist them in arranging their collections, and, in the case of boxes and bottles, putting them, when possible, to some good use. After Bud's heart was broken over the loss of his boxes, I encouraged him to start a more worthwhile collection. He is now very much interested in his birds' nests and is becoming a real student of bird life."

"Well, that is splendid," Mrs. Manley said. "An educational thing. So why do you regret the loss of the crazy boxes? He'd never learn anything from such a collection as that, any more than Phil will from this outfit."

"The box collection did not benefit him much, it is true, but it was his collection. He should have been allowed to outgrow it as a result of a new and better interest. Had he eliminated the boxes himself so as to take up something more enjoyable, the experience would have been one of entire satisfaction. As it was, it brought much unhappiness and most regrettable of all, the conviction that I was not to be trusted around his possessions."

"But is a collection necessary?" Mr. Manley mused, as she ruefully

roads, have pointed persistently to the possibility of losing federal roads appropriations, if gasoline tax money were diverted to other purposes. This week the federal bureau of public roads "cracked down" on the state of New Jersey, withholding 250,000 of the state's \$1,676,718 federal roads appropriation, because New Jersey legislators diverted gas tax money to other uses. The action was taken under the provisions of the Hayden-Carwright act, which authorizes such action, and New Jersey is the second state to be penalized, Maryland having suffered a similar cut earlier. The Texas federal roads income totals around \$8,000,000 annually, as long as Texas does not misuse the funds paid in by motor car owners for road purposes.

Names and News

Chairman R. L. Bobbitt of the highway commission, his wife and son, are reported recovering in a San Antonio hospital from painful injuries suffered when their car overturned after a tire blowout near Laredo. . . . All the politicians seem to believe in early announcements this year, but State Labor Commissioner Nichols of Waxahachie takes the prize for forehandedness, with revelation to his friends that he will run for railroad commissioner, the post held by Lon Smith, in 1940. . . . Politics make strange bedfellows. For instance: Despite newspaper rumors that he would oppose Congressman Lyndon Johnson next July, County Judge Sam Stone of Williamson-co. thinks young Johnson has made a splendid record, and will support him, he told this writer. Judge Stone was one of the group of unsuccessful rivals of Johnson in the special election this year, after the death of Congressman Buchanan. . . . Friends of Joseph Weldon Bailey Jr., opponent of Sen Tom Connally in 1934, report that Bailey expects to support Connally next time—in 1940—having been completely won over by Connally's opposition to President Roosevelt's supreme court reform plan.

s began placing the bottles in their untidy corner.

"It seems to be a natural phase of a child's development. I suppose it is the beginning of a hobby, and psychologists seem to have decided that a hobby is necessary to the complete happiness of every human being," the neighbor replied. "The gathering together of certain interesting specimens can teach a child innumerable lessons, aside from the pleasure that it gives him. My Bud has learned things about birds that he never would have known had he not started a nest collection. He has learned the art of competing with others, too, for he is not the only birds' nest collector. He has learned how to take care of his property, for he knows there is no sense in waiting all spring for a bird to abandon its nest and then permitting it to be destroyed through carelessness."

Mrs. Manley picked up her empty basket.

"I'll talk to Phil about the bottles," she laughed. "I see that he must have a collection. Perhaps later he will like to collect something worthwhile, but I won't hurry him."

"I'll talk to Phil about the bottles," she laughed. "I see that he must have a collection. Perhaps later he will like to collect something worthwhile, but I won't hurry him."

it's DOUBLY PROFITABLE

this Case Fertilizer
—Grain Drill

SOW SEED and apply fertilizer in one operation. Save time, save labor, save the money invested in a special fertilizer distributor and at the same time deposit fertilizer beneath the soil surface and sow your seed with unusual uniformity—a Case Drill will pay you in greater yields and lower production costs.

The same all around good operating features and sturdy mechanical construction found in all Case Drills are built into the Case Fertilizer Drill.

Uniform sowing of all seeds is provided by the Cone-Type Double-Run Feed—accurate

spacing and uniform depth. No skips—no bunches—no cracked seeds.

The fertilizer feed is driven by a double straight gear—high or low speed. Handy lever controls fertilizer flow from adjustable feed gate. Sows in quantities from 60 to 1120 pounds per acre. Force-feed knocker keeps the feed clean—free—avoids clogging. Grain or fertilizer can be sown together or alone.

Come in and see this good Case Drill or phone for further particulars. Our job is to serve you in whatever way we can.

SET PER CAPITA APPORTIONMENT AT \$22 FOR 1938

NEW APPORTIONMENT IS \$3 OVER 1937 FIGURE; AID TO KNOX COUNTY

The State Board of Education definitely set the per capita apportionment at \$22 at a special session held in Austin, Friday, August 20th. This action ended a long controversy which has been going on between members of the Texas Automatic Tax Board and members of the State Board of Education.

It was first thought that the action of the Automatic Tax Board lowering the school tax from 20c on the \$100 valuation to 7c would make it impossible for the State to pay \$22 per capita. However, according to testimony given by Comptroller Geo. H. Sheppard in a court hearing at San Antonio last week, he was of the opinion that if business continued at a normal increase that there would be sufficient income to pay the \$22-State Board members explained that their action was based largely on this testimony.

The benefit to Knox County Schools, according to County Superintendent J. Lyndal Hughes, will come largely from keeping the total income for the county at about the same as last year. Losses in the number of scholastics in each district, will to some extent, be offset by the increased apportionment of \$3. The per capita apportionment last year was \$19.

Remember the Home Furniture Company Mattress Factory for dependable mattress work, also have a good stock of used furniture. Call by and get our prices. M. Boggs. 1tp

Sunset SCHOOL News

New Modern Water System

The Sunset Rural High School has installed one of the most modern and up-to-date water systems available. The water is drawn by a Myers Self-Oiling Pump which is powered by a one horse power motor. It is equipped with a pressure tank that operates a square D automatic switch. The water is carried to the different parts of the building by means of air pressure created in the pressure tank. Thus the fountains away from the pressure tank have the same amount of water pressure as the ones near the tank.

One of the most remarkable factors in the system is the self-oiling pump jack. The pump jack oils itself by the splash system. This keeps every moving part of the machine well oiled. The pump is especially designed to work in deep water. This is one reason that it draws so much water.

The cylinder is six feet long and draws water on both the upward and downward strokes. The pump will deliver six hundred and thirty gallons per hour or an average of ten and one half gallons per minute. The working barrel is the same size as the pipe that carries the water directly out of the well. This enables anyone to draw the sucker-rod and the working parts of the cylinder without drawing the pipe from the well.

The pressure tank is adjusted so that when the pressure goes down to thirty pounds, the motor starts, when the pressure increases until it reaches fifty pounds the motor stops. The tank is located under the building thereby keeping the water at approximately the same temperature as when it came out of the well. A special release valve insures further safety of operation.

Although some few pupils have quit school, we have several new pupils to take their places.

Mildred Parker and Lois Herring have quit school. We are very glad to have Junior Matthews back in school with us. He moved away last year and did not finish the term here, but it seems that he liked Sunset so well that he had to come back again this year.

Joe Smith and Virginia and Josephine Ivey are back in school with us for the first time since the first day of school this year. They have been out pulling bolls.

Our newest pupil this year is Ila Holmes, from Eldorado, Okla. She entered the Freshman class Tuesday morning, September 7.

Miss Jonell Williams from Denton was a visitor in the Sunset School this week. She was particularly interested in the Home Economics Department. Miss Williams plans to enter N.T.S.T.C. for the fall term there.

Mr. P. V. Williams of Munday was out looking over the new departments of the Sunset School Tuesday morning.

County Superintendent J. L. Hughes was a visitor in the Sunset School Monday.

Sunset High School Classes Organized

Last Wednesday the four classes of high school were given a few minutes to elect their class officers for 1937-38.

The Senior Class officers for the following year are as follows: Frances Gray, President; Faye Marie Partridge, vice president; Loveda Cheek, secretary; Floyd Frost, reporter; and Mrs. Otis Cash was unanimously elected as sponsor for the Senior Class of 1937-38.

The Junior Class officers for the following year are: E. G. Parkhill, president; Wingers Groves, vice president; Louise Gary, secretary-treasurer; Nettie Griffith, reporter; Hallie Phine Clarke, Orville Strickland, Leland Crouch, Social Committee. Miss Spraggins is their class sponsor. They also voted on class colors as red and white, and class flower as a rose.

Here comes the Sophomore "Jingles" with Mr. Kimbrough as sponsor, Howard Payne Shannon as president; LaVerne Bumpas, secretary-treasurer and poor Virginia Parkhill fell heir to being their reporter. As a class the Sophomores hope to make much progress this year.

Last but not least is the Freshmen. Mr. Rigony was elected as class sponsor, Donnie Partridge, president; Lucy Thompson, vice president; Lucy Gammill, secretary-treasurer, and Gene Griffith as class reporter.

Going to Dallas Again! Going to Dallas again! Yes!

That was the most thrilling thing that the students in the Sunset School heard last week. Mr. T. W. Harber came into the study hall and made the announcement that the students would have an opportunity to go to Dallas on a special train again this year.

The time set for this year's trip is in October some time. The students of Knox County are scheduled to go the twenty-eighth and twenty-ninth of September, but due to the fact that the various school in the county turn out for the children to stop and pick cotton the time may be changed to some time in October.

Mr. T. W. Harber further stated that Mr. Barnes of Munday said the railroad will be glad to run a special train again this year, and the rates will be approximately the same as they were last year. One hundred and five of the Sunset School pupils have expressed to Mr. Harber a desire to ride the special train this year and enjoy the educational advantages which are offered by the Pan American Exposition.

Sunset School to Have Librarian

Mr. T. W. Harber announced last week that he was in need of some person who could meet the requirements for a regular job in the school library. The work is to be done as a P.W.A. Project. The person must have a high school education in order to qualify as a senior librarian, and must meet further P.W.A. demands in order to secure the position.

"Love Pirates of Hawaii" Presented

The Music Department of the Sunset High School, under the direction of Mrs. T. N. Underwood, will present "Love Pirates of Hawaii," an operetta in two acts, Friday night, September 10, in the Sunset auditorium, at eight o'clock. Admission will be five cents (5c) for school children and ten cents (10c) for outsiders. The funds will be used for rental of unfamiliar records and pictures to be used in picture memory and music memory in the interscholastic league. The High School department also gets credit for the presentation of the operetta towards the affiliation of the music department.

Demonstration Given at Sunset High School

August 31, 1937, at Sunset High School, Miss Hawkins, a representative of the West Texas Utilities Company in Abilene, gave the Home Economics classes and teachers a lecture and demonstration on the use of the electric equipment which has recently been installed in the Home Economics department. Miss Hawkins and her assistant prepared and cooked three meals in about an hour and thirty minutes. They were quick and efficient and explained the use and ways of using each part of the stove as they prepared the meals. The visitors complimented the Home Economics department and expressed their desire and belief that the Sunset girls would succeed in learning the use of the lovely department. Miss Hawkins said that the Home Economics department was the best in West Texas. The food that they cooked was very delicious.

LETTERS FROM THE PEOPLE

Editor of Times:

During the ten year period ending with 1932, the south produced an average of over 15,000,000 bales yearly. During the same period foreign countries produced an average of about 10,000,000 bales of cotton yearly.

In 1933 the New Deal started production control with the plow-up. In 1934 it continued production control by leasing part of the cotton land. After the AAA law was declared unconstitutional production control was continued by soil conservation act.

The AAA and the Soil Conservation Act supplemented by the Bankhead Act has resulted in a sharp decline in American cotton production.

As American cotton production decreased, foreign cotton production increased even faster than the American decrease. The result is, that in the four years since 1932 the United States has produced about 15,000,000 bales less cotton than it produced during an average four years in the preceding ten years.

Foreign countries have produced and sold during these same years at least 15,000,000 bales of cotton more than they produced and sold during the preceding four years.

Who profited by the plow-up, Bankhead bill and the production control incident to the soil conservation act?

Those who think the American cotton farmer profited because of a higher price must still concede that the forging cotton farmer profited even more. If production control in Texas raised the price, also raised the price in Brazil, Mexico and the other 50 countries that produce cotton.

The foreign cotton grower received whatever increase in price production control brought about and got his increased price on a greatly increased number of bales.

If production control did not help the price of cotton and cotton would have gone up anyway because of the 60 cent dollar or just because as it has done in the past when our southern farmers are the prize suckers in history.

Personally I am convinced that production control did not help the price of cotton but very little anyway, and that we have backed a program that has cost us our supremacy in the cotton world and brought great loss to the south all for the benefit and profit of foreign cotton raisers.

Franklin D. Roosevelt is asking congress to pass a law giving him the authority to continue production control and further reduce cotton production in the south. He wants to do it now.

To my mind it is time for the south to wake up, if it desires to avoid absolute ruin.

Farmers, laborers, business men, school teachers, railroads—everyone who is interested in the welfare of the south should demand a change.

I suggest that we write our senators and congressmen and that in these letters we say something like this:

Dear Congressmen:

If you must vote for a cotton program be mighty careful to make it a program that will help Texas farmers instead of foreign farmers."

The soil conservation act is said to allow Mr. Wallace to use the Domestic Allotment plan if he and Mr. Roosevelt desire to do so. It might be a good idea to ask our congressmen to put pressure on the administration and cause it to try the Domestic Allotment plan before any more production control at our expense for the foreigners profit.

Ross Bates, Goree, Texas

Invite Citizens to Hear Gypsy Smith

In a letter to pastors here, the churches of Wichita Falls have extended a special invitation to Munday citizens to attend revival services being held there by the internationally famous Gypsy Smith, conducting the services.

The revival meeting was started last Sunday and will continue on through next week. Smith will preach nightly in the municipal auditorium in Wichita Falls.

Kindergarten to Open on Monday

Miss Virgie Mae Dennis will open a kindergarten class in Munday at the elementary school building next Monday morning, according to announcement made today.

Miss Dennis has had two years of training in kindergarten work in Abilene Christian college at Abilene.

Classes will be held each morning of the school week from 9 until 12 o'clock, and she will also have classes at home, if the parents so desire.

Fined for Fighting

J. B. Brooks, 25, negro, paid a fine in corporation court for fighting Sunday morning on an arrest made by City Marshal Tug Nesbitt. Brooks engaged in an altercation with Sonny Lee, 16, negro, at the Blue Bell Cafe in the negro quarters.

C. A. Eilands Are Honored at "84" Party Friday

The Munday "84" club with Mr.
and Mrs. J. C. Campbell acting as
co-hostesses, named Mr. and Mrs.
C. A. Eiland as honorees in a
farewell party at the club house
last Friday night.

The forepart of the evening was
spent in playing 84. Following the
games Mrs. Eiland was presented
with a beautiful table linen by the
club members and the Campbells.
A poem written by club members
was read before the presentation.

Refreshments of angel food cake
and sherbet ice cream was served
to the following guests: Mr. and
Mrs. P. V. Williams, Mrs. Louise
Ingram, Mrs. H. A. Pendleton, Mrs.
C. L. Mayes, Miss Fannie Isbell,
Mr. and Mrs. W. H. Atkinson, Mr.
and Mrs. G. A. Blanton, Mr. and
Mrs. W. A. Baker, and John Ed
Jones; and club members, Mr. and
Mrs. W. E. Braly, Mr. and Mrs.
Ed Bauman, Mr. and Mrs. McStay,
Mr. and Mrs. C. R. Elliott, Mr.
and Mrs. B. L. Blacklock, Mr. and
Mrs. M. H. Reeves, Mr. and Mrs.
D. E. Holder, Mr. and Mrs. W. V.
Tiner, Mr and Mrs. Chester Borden,
and co-hostesses, Mr. and Mrs. J.
C. Campbell and the honorees.

Mr. and Mrs. Eiland will move to
the plains.

Marriage of Miss Routon Announced

Miss Beatrice Routon of this
city, was married to Mr. J. W.
Hamm of Clarksville, Texas, it
was announced here this week.

The couple were married Wed-
nesday of last week. They will
make their new home in Clark-
sville.

Young Women's Circle In Meet Monday Night

The Young Women's Circle of
the Methodist Missionary Society
met in the home of Mrs. S. A.
Bowden Monday night.

Following an interesting pro-
gram on work being done by mis-
sionaries in the rural districts of
Alabama and Louisiana a short
business meeting was held.

Angel food cake and punch was
served to members following the
conclusion of the meeting.

Those present were Mildred
Bowden, Mrs. Wade Mahan, Eliza-
beth Mounce, Ruth Baker, Mrs.
Bounds, Merle Dingus, Sue Bow-
den, and guests, Mrs. Mae Bowden,
Mrs. E. B. Bowden, Mrs. Erin Mc-
Graw and Miss Evelyn McGraw.

Faculty Guests of School Trustees Monday Night

Trustees of the Munday School
District and their wives were hosts
to the faculty of the Munday Pub-
lic Schools at a lawn party at the
elementary school building Monday
night.

The group meeting was held for
the purpose of getting better ac-
quainted, and to fete the instruc-
tors, both old and new. The guests
and hosts all enjoyed to the fullest
a chuck wagon feed and barbecue.

The guest list included the fol-
lowing instructors: Dr. and Mrs.
J. H. Bass, Mr. and Mrs. L. S.
Hardogree, Mr. and Mrs. L. M.
Palmer, Mr. and Mrs. Howard
Cobb, Miss Mary Couch, Miss
Georgia Dorsey, Miss Mary Dar-
nell, Mrs. Herman Webb, Mrs.
Elizabeth Dillon, Mrs. Bess Porter,
Miss Joardis Park, Miss Mildred
Kennedy, Mr. and Mrs. John B.
Ingram, Miss Dallas Smith, Miss
Dorothy Crawford, Miss Nina
Spencer, Miss Mayme Crouch, and
Mrs. Raymond Jones, and the fol-
lowing hosts, Mr. and Mrs. Pitzer
Baker, Mr. and Mrs. Leland Han-
nah, Mr. and Mrs. Dick Atkeison,
Mr. and Mrs. E. H. Nelson, Mr. and
Mrs. D. T. Maldin, R. G. Campbell,
and daughter Miss Jeanette Camp-
bell, and Mrs. John Ed Jones.

What Texas Grows Will Be Featured On September 19

Growers, Grocers, Bakers, Milk-
men, Soft Drink Bottlers, All to
Have Foodfest at Dallas

The prize products of field and
garden, for the first time during
Texas' two world fairs at Dallas
will be featured in Food Indus-
tries Day, Sunday, September 19.

On that Sunday the butcher, the
baker and all the other makers
and marketers of our daily food
and drink will hold a national
Foodfest, with the Pan American
Exposition at Dallas the focal
point. Agricultural agents also
arranging special exhibits.

Three nights before the event,
which is expected to draw more
than 100,000 visitors to Dallas,
rallies will be held by merchants
in more than fifty key cities and
towns over Texas and the south-
west to arrange special trains,
chartered buses and autocades for
the visit to Dallas on Food In-
dustries Day. Bargain rates are
in effect.

The hands and entertainment
features from the radio programs
of some thirty concerns will be
presented throughout the day at
various exhibits, and will be merged
at night in a headliner show in
the 46,000-seat Cotton Bowl.

J. L. Kraft will be keynote of
the day, and Henry W. Stanley of
the Southwest Chamber of Com-
merce Trade Extension Department
will speak.

Texas restaurant men, who are
meeting the same day, will serve
a unique dinner to honor guests,
with flying waiters coming by air-
plane with various courses from
the Rio Grande valley, the Gulf
coast and the far-distant pan-
handle.

Improve Display Yards of Guinn Hardware Store

The Guinn Hardware Company
has completed cleaning of the dis-
play yards, surrounding their
building, and moved all their re-
novated and rebuilt machinery
along with their new farm machinery
on the lots.

It not only gives the hardware
firm an excellent place to keep
their implements, but is an added
improvement to the general looks
of the block, eliminating the weeds
and other unwelcome sights to vis-
itors.

Post Office to Open Saturday Afternoons

Through the remainder of the
fall months the Munday Postoffice
will remain open Saturday after-
noons from 1 until 6 o'clock, in-
stead of closing at 12 noon as has
been the custom in the past.

Postmaster Lee Haymes an-
nounced the change of hours to
care for the fall business and
rush. The old hours will probably
be resumed January 1.

Seasonal Drop Of Department Stores Less Than Usual

Austin, Texas, Sept. 1.—Depart-
ment store sales in Texas, as mea-
sured in dollars, during July were
well above those of the correspond-
ing month last year and the de-
cline from June was considerably
less than the usual seasonal drop,
the University of Texas Bureau of
Business Research has announced.

Reports from 108 representative
Texas establishments show an in-
crease in sales during July of 4.5
per cent over a year ago. The
decline from June was 17.6 per
cent, whereas the normal seasonal
recession is nearly 22 per cent.

There was a slight increase in
the percentage of credit sales com-
pared with a year ago while the
percentage of outstanding ac-
counts collected remained virtually
the same.

Examination For Civil Service Is Announced Today

The United States Civil Service
Commission has announced open
competitive examinations as fol-
lows:

THE TOM-TOM

Published by Students of the Munday Public Schools
 Editor-in-Chief: Margaret Tiner
 Sponsor: Miss Mary Couch

"Dignity of Labor"

According to Webster's Criterion Dictionary "Labor Day" is a holiday in the United States in recognition of the dignity of labor, observed on the first Monday in September. Monday, September 6, the great, great army of Munday students found their return to the dignity of school labor.

During the next nine months several hundred seek an elevation in rank from the twenty instructors included in the faculty for this year just begun. Those who are deemed to graduate in the exercises next spring should seek a letter of degree or rank nor a statement that they are through, but a degree of excellence—a statement that their labor is just beginning. Others should seek qualities suited to inspire or command respect and reverence. Shall we all strive to make the 1937-38 year the BEST YEAR for the Munday Public Schools?

Curriculum Changes

A few important changes have been made in the high school curriculum for the year. These changes have been made in order to make the course of study more flexible and useful to students, and they are in line with the movement to modernize the secondary school course of study.

Third year home economics is being offered to prevent the loss of this credit to the schools. A department ruling permits schools to drop a subject for only one year without loss of credit in the subject.

The two first year courses in Early European History and Modern European History respectively, have been replaced with a first year course in Citizenship and World History in the second year. Modern Times and the Living Past is being offered in the second year for the first time.

The mathematics curriculum in those years has likewise been changed. Instead of Algebra I and Algebra II being offered in the first two years as heretofore, General Mathematics is offered the first year and Algebra I is moved up to the second year. Algebra II will be given in the last year. Business Arithmetic is integrated with Bookkeeping in a one and one-half credit course.

An important addition is made in the Business Course by the addition of Office Practice. This course consists largely of shorthand and is really stenography. It is open to Seniors only who have either had or are taking typing. It carries two credits and is being offered by Mr. Cobb.

Munday Moguls

Yep, they're at it again! The Munday Moguls are working hard—upholding the motto and name they carry. Their first game will be with Seymour on September 17. One week from Friday eleven will drive through to victory—a good clean fight.

As to the outlook for this year's football season, do not ask us, ask Mr. Cobb, our new coach. From what we hear and see, he is "putting them through." Captain J. C. Pollack is expecting much from the team, and if anyone can get it out of them he can.

Laverne Eiland is the head booster this year! Let us all help her to put the pep on the sideline.

Are You Ready?

We all look forward to vacation time during the spring, so now let us look for the brightest school year we have ever had.

Every day should be filled with desire for each of us to do our best. School begins at nine o'clock, so let us be there on time. The teachers are here to help us, so treat them kindly by doing what they ask you to do with the best of your skill and ability.

Books you buy are yours, so you may handle them any way you desire. But do remember that the books are neither yours nor the schools for you to abuse. They are furnished by the government for your own use so it will enable your school year to be more profitable. Remember to keep them as clean as possible and free from abuse so that they will be of use indefinitely.

Opening Exercises
 High School opened Monday

morning with delightful violin selections by Misses Virginia and Mary Hope Smith accompanied at the piano by Mrs. Louise Ingram. The duets were "Drink to Me Only With Thine Eyes" and "The Old Spinning Wheel."

The opening address to the assembly was given by Dr. D. C. Eiland. Many helpful points were discussed from the students' standpoint; some of them were—hygiene, alcohol, religion, and their influence upon the student's studies.

CLASS ORGANIZATIONS

Seniors
 Twenty-eight high school students assembled Monday afternoon for their first Senior Class meeting. The following officers were elected:

President, Thomas Rigby; vice president, Rupert Williams; secretary-treasurer, Laverne Eiland; reporter, Mary Moore; Sponsors, Miss Mary Couch and Mr. L. S. Hardgrave.

Juniors

The Junior Class of 1937-38 convened for the first time in room three of Munday High School Monday afternoon.

The chief business was the election of class officers and sponsors. After the votes were counted, as luck would have it, Winston Blacklock will again head the class with Ann Atkinson to assist as vice president. Peggy Jo Haynie as secretary-treasurer will be responsible for our finances, if any.

The Junior Class social affairs will be under the able direction of Lenore Longino, Jean Williams, and Maxine Eiland, with Mr. Cobb and Miss Darnell as sponsors.

Sophomores

The Sophomores elected the following officers in their class meeting:

President, Hollis Barnicoat; vice president, Bennie Foytki; secretary-treasurer, Helen Albertson; reporter, Louis Warren.

Freshmen

The Freshman Class met in a called meeting for the purpose of electing class officers of the new year.

Johnny Maud Hendrix was elected president by a majority, and Nadine Salem was elected secretary and treasurer by an equally large vote. Marcell West was named reporter. At the present a class sponsor has not been selected.

We might say that we expect to have one of the finest organizations in the Munday High School.

Sad and Glad

Welcome to Munday High! Joe Isbell and Judson Gibbins are new members of the Senior Class. Lenore Longino is the only brand-new classmate for the juniors. Frances Albert, Vera Mae Conwell, Louise Suggs, and L. T. Lawler are new members of the freshmen.

Vacant Places Left By . . . Virginia Earl Stevenson who is attending school in Goree. De France Burton and Peggy Eiland have left the Junior Class.

Compliment to Teachers

Through the compliments of the local Rexall Drug Store each teacher in the schools has received a copy of the 1936 Texas Almanac and 1937 supplement. These publications of the Dallas News are of great value to the schools as they contain general and statistical information relating to Texas for those years. Thank you, Mr. Smith.

CARD OF THANKS

We want to express our gratitude and heartfelt thanks to those who came to our assistance in such a generous sympathetic way during the illness and passing of our dear loved one. Our hearts have been soothed beyond words of expression to know that our dear father and husband had such friends as you have proved to be. We assure you that every word and every deed has made our loss much easier to bear. We know that God will bless and reward each of you for this kindness.

Mrs. A. E. Womble and Children

Miss Midred Moore, daughter of Mr. and Mrs. Bill More, spent Monday in Seymour visiting Miss Elaine Harrison.

LEGAL NOTICES

CITATION BY PUBLICATION

THE STATE OF TEXAS,
 To the Sheriff or any Constable of Knox County—Greeting:

You are hereby commanded, that you summon, by making Publication of this Citation in some newspaper published in the County of Knox if there be a newspaper published therein, but if not, then in any newspaper published in the 50th judicial district; but if there be no newspaper published in said judicial district then in a newspaper published in the nearest district to said 50th judicial district, once in each week for four consecutive weeks previous to the return day hereof: J. W. Priest, W. A. Priest, Jessie Priest Grigg and husband, T. F. Grigg, Lillie Priest Cole and husband, W. C. Cole, Algine Priest, Esther Priest and her husband, if any, and the unknown heirs of the above named Defendants and each of them—whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be held in the County of Knox at the Court House thereof, in Benjamin, Texas, on the 4th day of October, A.D. 1937, then and there to answer a Petition filed in said Court, on the 26th day of August, A.D. 1937, in a suit numbered on the docket of said Court No. 2892, wherein J. E. Reeves and R. L. Burton, Reeves-Burton Motor Co., Ed Dye and A. J. Smith are plaintiffs and J. W. Priest, W. A. Priest, Jessie Priest Grigg and husband, T. F. Grigg, Lillie Priest Cole and husband, W. C. Cole, Algine Priest, Esther Priest and her husband, if any, all of whose residence is unknown to Plaintiffs, are Defendants. The nature of the plaintiffs demand being as follows, to-wit:

The State of Texas, County of Knox, In the District Court of Knox County, Texas, October term, A.D. 1937.

To the Honorable Isaac O. Newton, Judge of said Court:

Now comes J. E. Reeves who resides in Knox County, Texas, and R. L. Burton, who resides in Haskell County, Texas, doing business as Reeves-Burton Motor Co., and Ed Dye and A. J. Smith, also both of whom reside in Knox County, Texas, hereinafter called Plaintiffs, complaining of J. W. Priest, W. A. Priest, Jessie Priest Grigg and her husband, T. F. Grigg, Lillie Priest Cole and husband, W. C. Cole, Algine Priest, Esther Priest and her husband, if any, all of whose residence is unknown to Plaintiffs, are Defendants. The nature of the plaintiffs demand being as follows, to-wit:

All of Block No. Twelve (12) of the R. P. Munday Addition to the town of Munday, in Knox County, Texas, said parties owning the parts as follows:

That the Plaintiff J. E. Reeves and R. L. Burton owned the southeast 100 by 100 feet of said Block, described by metes and bounds as follows: Beginning at the Southeast corner of said Block No. 12, aforesaid; Thence North 100 feet; Thence West 100 feet; Thence East 100 feet to the place of beginning.

That the Plaintiff Ed Dye owned the following part of said Block Number Twelve (12) as aforesaid: Being a tract 50 by 95 feet out of the Southwest corner of the same, described by metes and bounds as follows: Beginning at the Southwest corner of said Block; Thence East 50 feet; Thence North 95 feet to corner; Thence West 50 feet to corner; Thence South 95 feet to the place of beginning.

That the Plaintiff A. J. Smith owns the remainder of said Block Number Twelve, as aforesaid, which is described by metes and bounds as follows: Beginning at the Northeast corner of said Block Number Twelve; Thence South 100 feet to corner; Thence West 100 feet to corner; Thence South 100 feet to corner; Thence North 95 feet to corner; Thence West 50 feet to corner; Thence North 105 feet to the Northwest corner of this Block; Thence East 205 feet to the place of beginning.

That the first named Plaintiffs acquired said property from the said A. J. Smith, the last named Plaintiff. That all the Plaintiffs above set forth were at said date of August the first 1937, holding

Weinert Revival Closed on Sunday

A revival of the old-time gospel spirit was manifested by the Four-Square revival which closed last Sunday following a two weeks campaign, at the Weinert church, according to Rev. Irene Lee, pastor.

The services which were conducted twice daily attracted large crowds at both morning and night services.

The last week of the revival was conducted by Rev. Floyd Dawson, "Cowboy Preacher," who arrived on Monday of the last week, and closed the campaign Sunday night.

and claiming said property respectively described in fee simple.

That on the day and year last aforesaid, Defendants unlawfully entered upon said premises and ejected the Plaintiffs therefrom, and unlawfully withheld from them the possession thereof to the damages in the sum of \$1600.00.

That the annual reasonable rental of said land and premises is \$500.00, Plaintiffs further aver that they and each of them have had open, peaceable and adverse possession of the respective tracts of land, themselves and through their grantors, for more than ten years prior to August 1st, 1937, claiming, using and paying the taxes upon the same, openly, peaceably and adversely to all the world for more than ten years prior to said above date.

Herein fail not, and have you before said Court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Benjamin, Texas, this 26th day of August, A.D. 1937.

LEE COFFMAN,
 Clerk District Court Knox County, Texas. 10-11c

CITATION BY PUBLICATION

THE STATE OF TEXAS,
 To the Sheriff or any Constable of Knox County—Greeting:

You are hereby commanded, that you summon, by making Publication of this Citation in some newspaper published in the County of Knox if there be a newspaper published therein, but if not, then in any newspaper published in the 50th judicial district; but if there be no newspaper published in said judicial district then in a newspaper published in the nearest district to said 50th judicial district, for once each week for four consecutive weeks previous to the return day hereof, Munday Investment Company, a partnership composed of A. J. Ward, G. D. Ward, R. F. Davis and J. H. Garner; and A. J. Ward, G. D. Ward, R. F. Davis and J. H. Garner individually and the heirs of A. J. Ward, G. D. Ward, R. F. Davis and J. H. Garner, deceased—whose names are unknown whose residence is unknown, and be and appear before the Hon. District Court at the next regular term thereof, to be held in the County of Knox at the Court House thereof, in Benjamin on the 4th day of October, 1937, then and there to answer a petition filed in said Court, on the 22nd day of April A.D. 1937, in a suit numbered on the docket of said Court No. 2861, wherein H. C. Hawes is plaintiff and Munday Investment Company, partnership composed of A. J. Ward, G. D. Ward, R. F. Davis and J. H. Garner individually, and the unknown heirs of A. J. Ward, G. D. Ward, R. F. Davis and J. H. Garner, deceased are defendants. The nature of the plaintiffs demand being as follows, to-wit: A suit in trespass to try title to that certain land and premises, situated in the County of Knox and State of Texas, (S) in Block No. 103, in the Reeves and Musser Addition to the town of Munday, as shown by the map of said addition, which is of record in Vol. 15, at pages 190 and 191 of the Deed Records of Knox County, Texas;

Also alleging that title to said land and premises is vested in the Plaintiff under the ten years statute of limitations.

Herein fail not, and have you before said Court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Benjamin this 23rd day of August, A.D. 1937.

LEE COFFMAN,
 Clerk District Court, Knox County, Texas. 9-11c

PAY SCHEDULE FOR TEACHERS IS ANNOUNCED

Base Pay and Additional Pay Is Given Out

Teachers in unclassified schools have a base pay of \$86, with additions as follows: 2nd year college, \$2.50, 3rd year college, \$2.50; \$2.50 for B.A. degree; \$2.50 for M.A. Degree, minimum \$85 and maximum 105 Experience, \$1 per year after 2nd year, not to exceed \$10. \$5 a month may be added in a standardized school.

Principals in unclassified schools get the same, with the exception of \$5 per teacher extra, with a base pay of \$90 and a maximum of \$150.

Classified and affiliated schools. Teachers base pay, \$90, with the same increase for education and experience, to a maximum of \$110.

In classified and affiliated schools (Superintendent and High School Principal)—In 8 to 11 teacher schools: base pay, Superintendent \$140, principal, \$100. To these amounts may be added the regular amounts above for education and experience, with a maximum for the superintendent, \$169, for principal, \$120.

Where there are 12 to 19 teachers, the Superintendents base pay is \$155, the principals, \$115, with the additions, and a maximum of \$175 for the superintendent, and \$135 for the principal.

In schools of twenty or more teachers, superintendents are to receive a base pay of \$165, principals, \$120, with the additional for education and experience, with the maximum of \$185 for the superintendent, and \$140 for the principal.

Vocational home economics teachers may be paid on the basis of ten months, and vocational agriculture teachers may be paid on the basis of twelve months, and a consideration of not more than \$600.00 can be made for travel.

No school with less than nine teachers can have both principal and superintendent.

Elementary school principals in a school system having four year high school may be allowed \$2.00 per month for each teacher under his supervision, provided the elementary school is located in a building apart from the high school building; provided that any elementary school principal who devotes three periods or more per day to supervisory work may have this increase without regard to the location of the elementary building.

Warning Issued On Health Racketeers

State Health Officer Geo. W. Cox Issues Warning

Austin, Texas, Sept. 8.—In speaking of health racketeers, Dr. Geo. W. Cox, State Health Officer, said, "There is no meaner method of hitting below the belt than by holding out false promises to incurables. This fact, however, does not in the least deter the unscrupulous who thus heartlessly prey upon thousands of unfortunate, who are in a hopeless stage of illness. Thousands of dollars are extracted annually from individuals whose conditions direct their hopes to the promises made by the super-scientific gentry who claim to have beaten the untiring researchers of endowed laboratories to cures for cancer, diabetes, tuberculosis, epilepsy, pellagra and other serious conditions. Unfortunately, it is words rather than deeds that create the miracle. A miracle, which, instead of being related to a cure, is entirely associated with the transfer of large sums of money from innocent persons to those whose only interest in health and health matters stops at the cash register."

"It is the sad and killing fact that in addition to the incurables, there are thousands of believing persons who become the victims of this type of racketeer, and thus through self-diagnosis and self-treatment, postpone a real investigation of their ailments until the incurable stage is reached."

"Two main rules should be followed in this connection. The first is to have an annual incipient condition can be discovered and by proper treatment the disease can be frequently conquered. The second rule is to mistrust all high promising statements of 'amazing discoveries.'"

Real Estate For Sale or Trade ON KNOX PRAIRIE

105 acres fine sandy land, one and half miles of town, good house, fine water, electric lights, a real home for \$60.00 acre.

Labor Day Lallapaloozas

By BETTY BARCLAY

Here are some tips for Labor Day. The salad is an easy-to-serve fall luncheon dish that you will find particularly pleasing. Use only high quality macaroni and you will be assured of a wholesome, nutritious and economical dish. As for the holiday nuggets—they are just the thing for the picnic lunch, to slip in the pocket for that watch-the-parade nibble, or to serve in the evening for a before-bed bite. The candies? If you don't know what to do with them, ask the children.

Macaroni Boiled Egg Salad
 1 lb. elbow macaroni
 1 cup celery, cut fine
 1/2 dozen olives, cut fine
 4 hard-boiled eggs
 1/2 sweet pepper
 1 sweet pickle, cut fine
 Boil macaroni in salted, rapidly boiling water, till tender. Drain and thoroughly chill. Add other ingredients, except the eggs. Spread mixture on lettuce leaves on a platter and garnish with sliced hard-boiled eggs. Makes 4 generous portions.

Holiday Nuggets
 2 1/2 cups sifted cake flour
 1/2 teaspoon double-acting baking powder
 1/2 teaspoon salt
 1/2 teaspoon cinnamon
 1/2 cup butter or other shortening
 2 eggs, well beaten
 1/2 cup sugar

1 teaspoon grated lemon rind
 1 1/2 cups currants
 1 1/2 cups walnut meats, coarsely cut
 Sift flour once, measure, add baking powder, salt, and cinnamon sift together three times. Cut in butter; add eggs, sugar, and lemon rind, and mix thoroughly. Add currants and nuts, mixing well. Drop from teaspoon onto greased baking sheet and bake in moderate oven (350° F.) 12 to 15 minutes. Makes 4 dozen nuggets.

Chocolate Coconut Drops
 1 square unsweetened chocolate
 2/3 cup sweetened condensed milk
 1/2 pound (1 1/2 cups) shredded coconut
 Melt chocolate in top of double boiler. Add sweetened condensed milk and shredded coconut. Melt well. Drop by spoonfuls on buttered baking sheet. Bake in moderate oven (350° F.) 15 minutes or until brown. Remove from pan at once. Makes 24.

Social Ice Melters
 A sure fire recipe for melting social ice is to play games, whether your guests are teenagers or stag groups. Games in every smart hostess' 1937 repertoire include S. S. Van Dine's Philo Vance detective game and Jury Box, another parlor crime hit. And of course ever experienced hostess knows that Monopoly is a game favorite that always puts the crowd in a hilarious spirit.

GRAND JURORS ANNOUNCED FOR OCTOBER COURT

List of Grand Jurors for the October term of court was announced this week from Benjamin.

Brown, Truscott; D. H. Henry, Knox City; B. M. Farmer, Knox City; J. J. Keel, James C. Eubanks, Truscott; Walter Crawford, Gilliland; Sam Stone, Gilliland; Earl Moody, Truscott; L. D. Hickman, Truscott; Casey Jones, Knox City; J. P. Hodges, Knox City; J. D. Cook, Gilliland; L. W. Graham, Knox City; B. L. Bates, Truscott; Billy Crenshaw, Benjamin; W. W. Clark, Truscott; Roy Smith, Knox City; Paul Mansell, Munday; Guy Glenn, Knox City; Clay Hutchinson, Knox City; E. H. Teague, Knox City.

To Wichita Falls

Fidelia Moylette, Chiropractor living at Rhineland, has been in Wichita Falls for the past two weeks, assisting in the offices of Dr. P. L. Myers, and expects to remain there until October 1.

SHIPMENTS OF POULTRY, EGGS SHOW INCREASE

Austin, Texas, Sept. 1.—Shipments of poultry and eggs from Texas to interstate points during July, although approaching their seasonal low, were well above those of the corresponding month last year, the University of Texas Bureau of Business Research has announced.

Poultry shipments totaled 45 cars in July this year, as compared with 32 cars a year ago, a gain of over 40 per cent; and egg shipments for the two comparable months were 40 cars and 31 cars respectively, an increase of nearly 30 per cent.

Only two cars of eggs were brought in from other states, compared with nine cars in July last year.

Health Units Are Opened In State

Six Districts in State Made Possible by 45th Legislature

September 1 was a red letter day for Texans who value their health, that day marked the opening of the six district health units appropriated for by the Forty-fifth Legislature.

"The paramount purpose of the State Health Department is to control communicable disease," states Dr. Geo. W. Cox, State Health Officer. "Quite naturally the closer the contact to the areas affected, the quicker the services rendered and the more adequate the health protection."

"By the creation and maintenance of these new health districts we hope to standardize health procedures throughout the state, thus strengthening the health administration already in effect and extending into rural areas health protection hitherto lacking because of insufficient personnel," Dr. Cox announced.

The area of Texas made imperative the adoption of this plan dividing the state into six miniature health departments. Districting of the state, modeled on that already effected by the Highway Department and the State Department of Education, will result in better sanitary conditions in the schools, dairies, recreation centers, swimming pools, tourist inns, and the homes of Texas, better supervision and enforcement of state health laws; adequate teaching of health in the public schools; development of local health services; facilities to meet emergencies and epidemics; development of a well balanced program on maternal and child health, with every child immunized against all diseases for which an artificial immunity has been provided.

District headquarters are located at Floydada, Mineral Wells, Kaufman, Bryan, Kingsville and San Angelo.

Each district headquarters office has a personnel of medical director, two nurses, sanitary engineer, two sanitarians, food in-

NEW CCC CALL SLATED DURING OCTOBER SAID

G. T. Burnett, County Case Worker Looks For Larger Quota

Glenn T. Burnett, Knox County Case Worker, announces there will be a CC enrollment some time in October, exact date to be announced later. The largest quota Knox County has had for several months.

A call for approximately 11,000 white and 1,200 colored boys to be enrolled into the Civilian Conservation Corps during October has been issued by Adam R. Johnson, Director of the Texas Relief Commission, to various County Welfare Boards.

This number far exceeds any former enrollment and will give almost all boys in the State an opportunity to enroll if they are unemployed, 17 to 23 years of age, in need, and whose parents or themselves, due to financial limitations, are not in a position to secure or provide comparable training.

Full strength of Texas quota is 16,000 white and 1,700 colored, and due to discharge of enrollees reaching the age of 24 and/or completion of enrollment of two years, replacements will be necessary.

Heretofore, rules did not allow boys from other than groups receiving or eligible to receive public assistance to be accepted, but these have now been modified.

Inspector, and clerical help, all fully trained in public health technique and devoting their full time to protecting the health of their citizenship.

Building Permits Decline In July

Austin, Texas, Sept. 1.—Total value of building permits in Texas during July was substantially below both that of the preceding month and the corresponding month last year, figures compiled by the University of Texas Bureau of Business Research show.

Reports from about forty representative Texas cities show total permits of \$4,006,130, a decline of 11.7 per cent from a year ago and a drop of 30 per cent from the preceding month.

"Cities that opposed the prevailing trend by reporting permits in July greater than both comparable periods, included Austin, Brownsville, Galveston, Jacksonville, McAllen, Pampa, and Tyler," the Bureau's announcement said.

WEST TEXAS CITIES ASKED TO SEND REPRESENTATIVE TO PARTICIPATE IN COTTON FESTIVAL AT ABILENE

Abilene, Sept. 8th.—Cities and towns of West Texas have been asked to send Duchesses to participate in the coronation of King Cotton and the Texas Cotton Queen at the Texas Cotton Festival, scheduled here October 5 and 6 during the West Texas Free Fair.

To compose the Texas Cotton Festival court along with the two hostesses princesses, Eloise Ely, daughter of Judge and Mrs. W. R. Ely, and Marjorie Munger, daughter of Mr. and Mrs. L. S. Munger, the Duchesses will take part and become guests of honor in a round of social events, climaxed by the Coronation of the Texas Cotton Queen and King Cotton. Names of the King and Queen will be disclosed on the day of the Coronation.

In honor of visiting Duchesses, the Texas Cotton Festival Ball is to be held in one of the downtown ballrooms on the night preceding the Coronation. The Coronation Grand Ball will be the finale to Texas Cotton Festival in Coronation night.

The Texas Cotton Festival, as a part of the West Texas Free Fair is to be one of the most elaborate affairs of its kind ever to be held in West Texas, and the only one of its kind attributed to cotton.

Staged on setting 253 feet in length with a gorgeous palatial background, the Coronation will be held along with "Arabian Night," a colossal pageant with a cast of 400 people.

In charge of the Coronation are Howard McMahn and Mrs. Ernest Grissom.

School Lunchroom Being Remodeled

Students and teachers who take lunches in the school lunchroom will enjoy more attractive service this year on account of the complete remodeling of the lunchroom. Using funds from a WPA project and from the Munday Parent-Teachers Association, the building was removed to the rear of the auditorium on the elementary school campus. Under the direction of a committee of ladies of the P.T.A., cooperating with the school board, approximately \$200 was expended in the project. New serving tables and seats have been installed and the kitchen facilities have been modernized.

The supervision of the lunchroom and appointment of the service are under the direction of the P.T.A. Mrs. C. M. Matlock has operated the service and good meals are provided at a minimum cost to teachers and children who avail themselves of the service.

Texas Livestock Is Still Showing Big Increase Over '36

Austin, Texas, Sept. 1.—Shipments of Texas live stock to Fort Worth stockyards and interstate points continue fully to maintain the wide margin of increase over last year which has been noted in these reports for several months, the University of Texas Bureau of Business Research has reported.

Total shipments of all classes of Texas livestock for July was 5,926 cars, against 2,659 cars last year, an increase of 123 per cent. Cattle shipments amounted to 4,125 cars, an increase of 169 per cent; calf shipments, 869 cars, an increase of 89 per cent; hog shipments, 414 cars, an increase of 4 per cent, and sheep shipments, 498 cars, an increase of 146 per cent.

"As in previous months a large part of this sharp increase in forwarding was destined for the Fort Worth market," the Bureau's report said. "Especially was this true of cattle, calves and sheep."
