## COUNTY BONDS TO BE REFUNDED

### Miss Munday Will Be Named Friday Nite

#### MUNDAY P.T.A. ASSOCIATION TO SPONSOR REVIEW

Winner Will Be Given Trip to San Antonio

#### AMATEUR HOUR PART OF SHOW

Affair Will be Held Friday Night at Auditorium

The Munday Parent Teachers Association Friday night will sponsor a big triple-feature show at the elementary school auditorium beginning at 7:30 o'clock. The triple-hit affair, including an amateur contest, and a "Shirley Temple Parade" of little kiddies will be led in interest by the selection of "Miss Munday."

The beauty chosen as "Miss Munday" will be presented with an all-expense paid trip to San Antonio in the near future to compete for the title of "Miss Texas." During the stay in San Antonio the beauties will receive screen tests and other auditions by producers who are seeking new talent for screenland and the show world.

The amateur hour will include dancing, singing, and comedy numbers, with a nice assortment of entertaining artists on the program. Keen competition is expected in the amateur contest. Winner of the Shirley Temple Parade will receive a Shirley Temple dress.

#### J. B. Reneau, Jr., Will Practice As Veterinarian

J. B. Reneau, Jr., Doctor of Veterinary Medicine, licensed by the state to operate, will practice in the Munday area, according to an announcement made to the Times today by Reneau.

Reneau received his degree in Veterinary Medicine during the past summer from the Texas A. & M. College.

Since his graduation Reneau has been kept busy here, and during the past epidemic of sleeping sickness among animals suffering from the malady. He is also ready to care for the treatment of small animals such as dogs and cats. He recommended that surgery on animals be delayed if possible until the first frost, which will rid the county of most of the flies.

Day or night service is offered farmers of this area, and Dr. Reneau can be reached either at home or the Rexall Drug Store.

#### Economy Store Sale Opens Here

The Economy Store, featuring dry goods and read-to-wear for the entire family will open their doors Friday morning for a gigantic "Forced Sale."

The firm is staging the event to "unload surplus merchandise bought in view of a heavy business this fall," Sied Wahed, proprietor, stated.

### COUNTY TO BUILD NURSE HOME FOR HOSPITAL IN NEAR FUTURE

The county board of commissioners have advertised for bids for construction of a nurses home to be built in Knox City on county owned property which includes the Knox County Hospital.

Bids will be received on November 2, at which time contract will be let for the building.

The structure will be of the latest modern design, constructed of wood for interior finish and a stucco wall. The hospital fund has built up a surplus and this money will be used to build the home, and will not affect an increase in taxes. Judge E. L. Covey pointed out.

The building will be built on the southeast corner of the hospital block, will have six rooms and bath, and have all modern conveniences. A reception room will be included in the house plan drawn up by engineers. The county board has reserved the right to reject any and all bids.

Need for the nurses' home was cited by commissioners due to the crowded condition of the hospital wards. The nurses have been given living quarters in the hospital in the past and on many instances the rooms were needed for patients.

Judge Covey stated that the venture would be a "cash" proposition, with the county able to pay the entire cost on completion of the home.

### J. D. HENDERSON DIES SUNDAY AT HOME IN MUNDAY

Was One of Organizers of the Munday Farmers Union

#### WAS PRESIDENT OF LOCAL UNION

Held Presidency of the State Union For 14 Years

Death Sunday claimed one of Munday's outstanding pioneers, when J. D. Henderson, retired farmer passed away at his home here following a long illness.

Born at Anniston, Ala., June 14, 1861. Mr. Henderson was 76 years four months and ten days old.

He was married to Miss Ada Kinney October 14, 1883 at Meridian, Texas, and to this union seven children were born. All the children except Willis Dudley, who died when nine months of age, survive.

#### College Favorite

DENTON, Texas, Oct. —Miss Mary Helen Ethridge, Junior from Grandview, represented the North Texas State Teachers College at the Pan-American Exposition's All College Casino Dance in Dallas recently. Miss Ethridge was last year elected College Favorite by the student body.

### STATE APPROVES REFUND \$115,000 COUNTY BONDS

Bonds Voted to Build County Hospital, Courthouse

#### INTEREST RATE WILL BE LOWER

Taxpayers To Be Saved Huge Sum By Economy Plan

Refunding of county bonds, which will mean a saving of 10 cents on the dollar for county taxpayers, is formally closed as far as the county is concerned, Judge Covey announced this week.

The bonds affected by the refunding were voted to build the new county courthouse and the county hospital. The remaining principal of the two bond issues totaling \$115,000.00, \$48,000 for hospital and \$67,000 for courthouse and jail.

The huge saving to taxpayers will be made possible through reduction of interest on the bonds. Covey pointed out. Under the old rate the hospital bonds were drawing interest at the rate of five and one-half per cent. which will be reduced to three and three-fourths per cent through refunding. The courthouse bonds interest was four per cent, and will also be reduced to three and three-fourths per cent.

In the county tax dollars under the old setup 35 cents went for payment of interest and principal on the two bond issues, whereas under the new rate the tax dollar will send only 25 cents into the bond fund for retirement and payment of interest.

### SENTENCE PAIR ON A BURGLARY CHARGE MONDAY

Loot is Recovered by Officers Here, in County Jail

A series of burglaries of parked autos were cleared up early Saturday morning when Chief of Police Tug Nesbitt and Nightwatchman Ollie Brown arrested three men.

Jack and Chester Davenport and Jack White, picked up in a parked car behind the Fair Store at 2:30 a.m. by the officers. Earlier in the night J. Davenport and White became engaged in a fight with J. D. Hicks, employe of the Farmers Union Gin, who became suspicious of the two men when he noticed their prowling near the gin property. W. R. Walling another gin employe, reported the actions of the two men.

On searching the auto Nesbitt and Brown discovered the stolen goods. Chester Davenport was asleep when the arrests were made.

On finding the stolen goods Nesbitt contacted the sheriff's department and the three men were taken to Benjamin where they were placed in the county jail. Jack Davenport and White both cleared Chester Davenport of any part in the burglaries, and he was released Saturday morning by the court.

The other two were fined \$85 and costs. They were still in the county jail today.

Tools, clothing, and incidentals were taken from cars belonging to A. V. Melugin, W. R. Walling, L. L. Womble, Whitt Whittington, Mrs. J. B. Nelson and Audrey Hedgire. All losses were recovered except a gold wedding ring.

#### Sunset Schools To Open Monday For Fall Term

The Sunset school system will re-open for the remainder of the fall term next Monday morning, November 1, according to a statement by T. W. Harber, superintendent.

The schools were closed the last week of September to allow school children to pick cotton and assist in other farm operations.

The school was to have re-opened last Monday but was delayed a week as the recent rains held up cotton gathering for 10 days. It was estimated that only about 35 per cent of the cotton was in at Sunset.

### CITY TAXES RETIRING BONDS FAST

It may be surprising, but nevertheless it's true. The city tax dollars do not run the city business! It is used to retire the bonded indebtedness which, incidentally, is the only indebtedness against the City of Munday.

When one compares the bonded debt of Munday to other cities of like size you will appreciate the comparatively small amount owned by taxpayers here. Here's how the bonds stack up:

- \$19,000 Street Improvement
- \$37,500 Waterworks
- \$11,000 Sewer refunding
- \$26,000 Sewer warrants

\$93,500 Total Indebtedness

The school tax of \$1.00 is used for two purposes, to pay bonds and run the school plant. Here's what you owe on the school plant:

- \$24,000 High School
- \$ 3,000 Old grade school
- \$42,000 new grade school

### Officers Make Two Raids At Goree Saturday

Three men paid fines in city courts during the past week on arrests by city officers. Charges of driving car without license tag, drunkenness, and peddling merchandise without license were filed against three individuals.

Saturday afternoon, Chief of Police Tug Nesbitt, J. B. Allison, Texas liquor control board agent of Haskell, and Jack Moore, constable of Goree, made two raids in Goree.

One negro was arrested and placed in the county jail when 4 1/2 pints of whiskey and 8 pints of wine were discovered in his possession. Charges of illegal possession of intoxicants were filed.

Eight other negroes were arrested for gambling, when the arresting officers crashed into the cafe, catching the gamblers accidentally.

#### DR. KETHLEY ATTENDS 3-DAY LECTURE COURSE

Dr. J. D. Kethley, optometrist, attended a lecture course in optometry at Abilene the first of the week.

Lectures were given by outstanding men in optometry Monday, Tuesday and Wednesday. Dr. Kethley also visited his family while in Abilene.

### FORD HAS TWO CARS AND NEW TRUCK FOR '38

First Showing Today In New York City

New York, Oct. 27.—An advance showing of 1938 Ford V-8 cars and trucks opened this afternoon at the Ford Metropolitan showrooms at 1710 Broadway.

Two distinct Ford V-8 cars, differing in appearance, appointments, and price were presented. One was the de luxe Ford V-8, the other the standard Ford V-8.

The standard car is designed for owners to whom economy in first cost and operating cost is paramount. The de luxe car provides added luxury and style for those who desire them.

Both cars have the same V-8 chassis. The eight de luxe types are available only with the 85 horsepower V-8 engine, the three standard types with either the 85 horsepower or the 60 horsepower engine.

The de luxe car is a stylish sister (Continued on Page 8)

### STAMPS QUARTET TO SING TUESDAY NIGHT AT GOREE

The Goree Home Demonstration club will sponsor the Frank Stamps all star quartette in a program Tuesday night, November 2 at the high school auditorium.

The singers, radio artists, and makers of phonograph records, will give a varied program of singing and novelty acts. The program will start at 7:30 p.m.

### Funeral Rites Conducted Sunday At Knox City For Walter Rutledge

Funeral services were held Sunday at the First Methodist church of Knox City for Walter Bueal Rutledge, farmer living south of Munday, son of Mr. and Mrs. Amos Rutledge.

Rutledge formerly lived in the Knox City community prior to his moving here about a year ago.

Rev. J. A. Seegins and Rev. U. S. Merrell officiated at the services held at 3:00 p.m. Interment was in the Gillespie cemetery.

Born May 25, 1913; the young man was 24 years, 4 months and 27 days old at the time of his death, last Friday, October 22.

He is survived by his parents, two brothers and three sisters.

#### BAKER-McCARTY WILL GIVE NEW CAR AWAY HERE

The Baker McCarty dry goods store will give a new Chevrolet coach to some one of the Munday trade area Christmas week, according to announcement made last week.

The car is a 1938 model and was displayed Saturday in front of the store. It will be on display at the Moore Chevrolet until Christmas week.

Particulars of the event may be obtained from the stores operated by Baker-McCarty at Munday and Weinert.

### TWO PERSONS WILL RECEIVE FREE TICKETS

The Munday Times is again happy to announce that two persons are to be guests at the Roxy Theater Sunday or Monday through the courtesy of your paper.

The invited guests will see the new big hit of the year with Robert Taylor and Eleanor Powell co-starring the "Broadway Melody of 1938." Scan the Want Ads and see who the lucky persons are.

Mrs. J. L. Tiner, mother of W. V. Tiner of Munday, is visiting this week in her sons home.

## Mogul Team Defeat Rochester 7-0

Munday's pennant-bound Moguls polished off another conference foe last Friday when they beat the Rochester Steers 7-0 in an aerial tossing game.

Playing without the services of Hollis Barnicoat, triple-threat back-field ace, and Flowers, tackle, Munday was handicapped considerable in the offensive playing end of the game.

Pellock, big fullback, took over Barnicoat's triple-threat duties and

it was his passing that the locals cashed in on the touchdown. Pellock's heave to Pippin on the goal line netted the score and Pollock place kicked extra point.

Munday staged about a 55-yard sustained march for the score early in the fourth. The drive was apparently bogged down on several occasions by losses, but three passes kept the drive to the goal going. The passes were responsible for 40 of the 55 yards.

In scoring via the air, Munday

beat Rochester in the phase of the game they were best in. Badly outclassed on the ground by the Moguls, Rochester more than made up the difference by completing eight passes, seven of which were good for first downs. The Steers gained only one first down with their ground attack.

The passes of Huddleston and Woods, made the Steers threats throughout the game and twice were repulsed when they carried

the pigskin inside the 10-yard stripe.

Statistics were recorded as follows: First downs, Munday 7, Rochester 8; Yards from scrimmage, Munday 105 and Rochester 78; Passes, Munday, three good in six attempts for 40 yards, Rochester, 8 good in 14 attempts for 109 yards; losses, Munday 17, Rochester 25; Phillips and Lorraine, Munday linemen, were responsible for 23 of the 25 yard losses against the steers.

### MUNDAY ELEVEN TO PLAY STRONG STAMFORD TEAM

Locals Heavy Underdogs For Non-Loop Tilt

The Munday Moguls winning streak of two conference games, should come to an abrupt halt Friday night when the locals invade a hostile Stamford eleven.

Stamford, member of the class B division, and hoped to win their district, will be rated winners by four touchdowns, according to dope. Coach Cobb has been working his lads in a passing game. The aerial attack will be used in an effort to offset the more powerful line of Stamford.

Should passes from Pollock connect with receivers, an interesting evening may be in store for the Stamford lads.

### Ben Guinn Will Hold Auction of Farm Implements

Described as the biggest farm implement sale to be held in this section in several years, the Ben Guinn Hardware announced a huge sale of implements and farm stock next Monday, November 1st.

The local hardware firm will sell from auction more than 200 implements and a large selection of livestock.

Cows, pigs, heifers, mules and horses are included in the list of stock. The implements are all re-conditioned and considered in excellent shape for farming operations.

Guinn will give one hour of the auction to farmers who have livestock they wish to sell. The sale starts at 10 o'clock in the morning. Read his page ad elsewhere in this issue of the Times.

### Weinert Man Is Severely Burned In Fire Tuesday

Tolbert Beason, owner of a tailor shop in Weinert received serious burns about the face and hands in a blaze in the cleaning plant of the shop early Tuesday morning.

Gas used in cleaning, was ignited by an electric motor, Beason stated. He received the burns fighting the blaze which was extinguished without serious damage to the building.

Beason was rushed to Munday where he was given medical treatment for the burns at the offices of Dr. R. L. Newsom. The burns were described as painful, though not serious.

### Rexall Store to Have 1-Cent Sale

The Original Rexall 1-cent sale will be staged by the Munday Rexall store. Wednesday, Thursday, Friday and Saturday of next week, A. L. Smith, manager stated.

Hundreds of items used everyday by consumers will be on sale, two for the regular price plus one cent.

Shop the Rexall Store ad on page three of this issue.

The State Employment Service office, located in the city hall, was closed Sunday. Van Norman, office manager disclosed early this week.

The office has been unable to secure additional pickers to supply the present heavy demand. More than 400 pickers were needed at the time the office closed, it was said.

Norman has been moved to Fort Worth, but anticipated before leaving that the office may be reopened within the next two weeks, should pickers be located to fill the urgent demand here.

Opening of late cotton and drifting out of pickers during the recent rains were given as reasons for the picker shortage. The office has placed approximately 2,000 pickers since it opened here.

**MRS. DILLON RANKS HIGH IN 4-H AND HOME ECONOMICS WORK; CAME TO MUNDAY FROM CANYON SCHOOLS**

Has Coached Three Gold-Star Girls In 4-H Work

WON ONE STATE WIDE CONTEST

Diet Experiments To Be Studied By Class

By Miss Jimmie Boone  
 I am sure every student would like to know more about Mrs. Dillon, our home economics teacher. She has done much good work the short time she has been here, and is continuing at the same pace. Mrs. Elizabeth Dillon first attended the West Texas State Teachers' College in Canyon. Last summer she attended the Colorado State College and the Colorado Fort College. Her home was in Canyon until last summer.

Mrs. Dillon began her teaching career in Booker, Texas. She was then sent to San Antonio as assistant home demonstration agent. There are over 1600 4-H clubs in the state, and all of these clubs were entitled to enter the state centennial contest. This contest was to see which club could give the sixteen best programs of the year. Mrs. Dillon's club won this contest and three of the girls in her club were Gold Star Girls. This is the highest honor which can be given a club girl.

Mrs. Dillon attended a District Home Economics meeting in Abilene this week, and the date was set for the District rally, which is to be held here the third Saturday in November. Between 250 and 300 girls are expected to attend.

The Home Economics Department has served a breakfast and the Lions Club Banquet this year. They are planning to make scientific experiments using white rats. These experiments are going to be truly scientific as the food is to be ordered from New York. Calcium and Vitamin A are to be used in these experiments.

The third year girls in home economics are planning to have a tea room Thursday November 4, to raise money to send delegates to the State Rally this year.

As you see, Mrs. Dillon is working hard with the department, and is gaining success in both her work and friendship. Her attitude toward her girls is very pleasant, and we all like her fine. In fact, she is a "swell" teacher, and would be awfully hard to beat.

**GRADE SCHOOL HONOR ROLL**

The honor roll for 1937-38 will be students that have an average of 90 or above. Due to the new system of grading in the first and second grades, an honor roll will not be published in these grades. The teachers will be glad to discuss with the parent any problem the child may have.

Following is the honor roll for the first six weeks:  
 Third Grade: Mary Alice Beck, Bobby Boggs, Joseph Borden, Patsy Massey, Betty Jane Spann, Florence Story.  
 4A Grade: Anna Lois Bryan, Bernice Douglas, Latreece Johnson, McElvey Jones.  
 4B Grade: Willie Booe, Brice Dobbs, Wanda Sue Nelson.  
 5A Grade: Jerry Chamberlain.  
 6B Grade: Howard Story.  
 7B Grade: Frances Albert, Dixie Nell Atkinson, Patricia Hannah, Willard Reeves, Jozelle Tidwell.

**Class Party For Sophs in Mauldin Home Mon. Night**

The sophomores attended a class party, given by the room mothers, Monday night at the home of Kate Nell Mauldin. Games were played and delicious refreshments of fruit salad, cookies, and hot chocolate were served.

The sophomores plan to have several beauty representatives of their class enter the beauty pageant, Friday night, in the school auditorium, while a few others hope to perform in the talent hour.

Times Want Ads Get Results

**Juniors Will Be Represented In Beauty Contest**

The juniors are pretty well battered since we received our report cards. We may be down, but we are never out.

On October 26, the juniors had their first social, and it was a big Halloween success. At the meeting last week the class was divided up into four groups and plan to have two socials each month for the rest of the school term. Wilma June Burnison was chosen to represent the class in the beauty contest which will be held Friday night.

It was surprising to find there were only about eighteen juniors, for when the juniors started as freshmen it was the largest class in high school.

Most of the class were roosting for the Moguls again last Friday. The junior heroes made another good showing.

The junior girls taking Home Ec III are all enthusiastic over the idea of getting four white rats with which to carry on experiments of different kinds. Anyone wishing to see the results will be welcomed at any time.

Mrs. J. M. Story is visiting her son, and family. Rev. and Mrs. Frank Story.

**Study of Words Reveal Origins Common Words**

Do you know the origin of honeymoon, kick the bucket, mind your P's and Q's?

Among the early Germanic tribes it was the custom for newly married couples to drink a kind of wine made from honey for a month after marriage. Since our month is equivalent to one moon, we get the word "honeymoon" which is now used to designate to trip, whether short or long, that a newly married couple often take away from home.

Tradition has it that a certain man named Balsover who had become tired of living invented this novel means of committing suicide.

He tied a rope around a beam which he could not reach without standing upon a pail. After tying the rope around his neck he kicked the bucket out from under his feet, thus accomplishing his melancholy purpose and incidentally originating an expression which retains the same meaning today.

"Mind your P's and Q's" originated in an English bar-room. P's and Q's stood for pints and quarts of liquor. Many customers had a charge account at the local bar and when anyone's bill increased beyond his ability to pay, the proprietor would remark significantly as he filled up that customer's mug, "Mind your P's and Q's." Today this expression has become a warning to be wary or watchful or one's affairs, or to mind one's

**John Brown has "a cold" . . . .**

John Brown is a man you know. He guards against all things that might endanger his health and well being. He never steps on the soap in the bath tub. He is careful to observe all traffic laws. If he cuts his finger he immediately protects it against infection. John Brown is usually a careful man. — But today John Brown has a cold that threatens his future health.

Like many others who catch cold during the winter season, John Brown overlooked the dangers of a sudden change of temperature. Last night he went from his warm and cozy living room to answer the telephone in the UNHEATED, adjoining room. Today John Brown, careful in all other things, has a cold.

Guard against "colds" and the dangers of sudden changes of temperature that encourage them. HEAT YOUR ENTIRE HOUSE FOR YOUR HEALTH'S SAKE.

**SEPTEMBER EMPLOYMENT SHOWS GAIN OVER AUGUST ACCORDING TO REPORT ISSUED FROM T.U.**

**Weekly Payroll Jumps To \$2,364,000 By 1,900 Firms**

Austin, Texas, Oct. 27.—Records from about 1,900 Texas establishments showed a total of more than 95,000 workers were employed during September, an increase of 7.2 per cent over the like month last year and an increase of 2.3 per cent over the preceding month, according to the University of Texas Bureau of Business Research. Weekly payrolls for these firms totaled \$2,364,000, an increase of 19.4 per cent over September last year but a fraction of 1 per cent below the preceding month.

Cities showing gains above the average in employment and payrolls over both a year ago and the preceding month were Amarillo, El Paso, Houston and Wichita Falls. Industries in which the gains exceeded the State average for both comparable periods were: foundries, machine shops, millwork, chemicals, cotton textile mills, women's clothing, cotton oil mills, flour mills, meat packing, crude petroleum producing, and power and light.

From August 16 through September 15, fifteen establishments employing 1,684 workers, reported general wage-rate increases averaging 8.6 per cent and affecting 1,676 employees. The Bureau's analysis of the figures showed. From January 1 through September 15 a total of 205 establishments, reporting to the University Bureau and employing 51,499 workers, granted general wage-rate increases, averaging 8.2 per cent and affecting 45,681 employees. Since January 1 only two establishments have reported general wage-rate decreases, with eleven employees affected.

**Fire Destroys Home Wednesday**

Fire originating in an undetermined manner about 8:30 Wednesday evening was responsible for the almost total loss of the W. O. Pentyceff home in the west part of the city. The family was away from home at the time and the fire apparently originated near the center of the structure had gained such headway that it was impossible to save the house or contents.

At two o'clock of the same night the fire department was called out again to extinguish the blaze which had re-ignited from the floor sills of the structure, which gave the firemen considerable difficulty in reaching the burning parts in the fire earlier in the evening. The home of Mr. and Mrs. J. E. Edwards was damaged in the second fire, a slight wind carrying the flames and sparks almost to the walls and roof of the home, it being on the adjoining lot. A quick second run by the department saved the Edwards home and extinguished the stubborn fire at the Pentyceff house, by this time a total loss. Serious delay in both instances resulted from the fact that those turning in the alarm had come to town to notify the alarm operator, there being no telephones in the immediate vicinity.

*Fall Festival of FINE FOODS*

Old Mother Earth has been generous this year -- yielded bumper crops of every kind. Our friend "Porky" at the left tries to take credit for doing it all himself. The truth is, the only thing he can claim credit for is bringing these good things from field and orchard to Piggly Wiggly stores where you can buy them economically. But "Porky" knows that's what you are really interested in, and urges you to attend Piggly Wiggly's Fall Festival of Fine Foods. He promises all kinds of fine values, in every department of the store ... and he lives up to his word!

**Trench Silos Continue to Prove As Worthwhile Venture To State Farmers**

Enthusiastic reports come to county agricultural agents in Northwest Texas from farmers and ranchmen who have been convinced of the value of trench silos in their farm and ranch programs.

There are approximately 120 silos already in Hale county, and several more are being dug. Corn, sorghum, alfalfa, and milo are the most used to fill the silos, but the crops are a little later than usual so most of them will be filled during October and November. There are five silage cutters in the county, and each operator states that he has been asked to cut more than he can possibly get around to during silage cutting time.

Much more interest is being shown by the farmers of Lubbock county this year in building trench silos than in many years. This is attributed mainly to the excellent feed crops in that section. A trench silo demonstration was held on B. V. Powell's farm in Becton community in September by the assistant agricultural agent and there were eleven farmers present. The silo holds approximately 50 tons and is the smallest in the community. There are 28 silos either dug or in the process of being dug in the county. One of them belongs to C. L. Reiger of the Slide community and will hold about 275 tons when the ligger is completed.

Silage made of short maize and sweet sorghum together with \$1.50 worth of cottonseed meal changed a \$17.50 calf into a \$57.50 yearling. Wade Davis, the owner of the calf, states that trench silos are actually worth all that they have been claimed to be to him.

**TAYLOR AND POWELL ARE REUNITED IN FILMING OF "BROADWAY MELODY OF 1938" AT ROXY THEATRE SUNDAY**

**Each Became Star After Joint Triumph In '36 Melody**

Just a year ago an actor and a dancer were introduced to each other on a motion picture stage in Hollywood where they were to appear in a musical production with a group of supporting players.

Recently they met again on a musical motion picture stage, not as members of the supporting cast, but as co-stars.

The dancer was Eleanor Powell and the actor Robert Taylor, both of whom have climbed to stardom since that first musical when they were practically "unknowns." They co-star now in Metro-Goldwyn-Mayer's "Broadway Melody of 1938," opening Sunday, October 31 at the Roxy Theatre here.

The question in everyone's mind was the same. Had they changed? It was in their own minds, for when Taylor walked up to greet Miss Powell both spoke at the same time, asking: "Well, how does it feel to be a star?"

When they worked together in "Broadway Melody of 1936" Taylor was living in a small apartment, and Miss Powell had rooms in a Beverly Hills hotel. Now Taylor has his own home, besides another for his mother, while Miss Powell's household consists of her mother and grandparents. Both agree that each was easier to work with before the cameras in "Broadway Melody of 1938" than in the first musical they made.

NOTE: The Times added the last numbered paragraph. It is a paragraph well worth considering.

**What Security Market Means To You**

To the citizen who owns no or few securities, the losses of billions that have recently occurred in the stock market may seem to be of no interest. But that is a short-sighted view, for the action of the security market affects us all. The values represented by stocks and bonds constitute savings and surplus spending and borrowing power. When values sharply decline, that spending power is partially wiped out. People reduce their purchasing, productive employment lags, the production indexes of all types of industries drop.

This is not an argument for excessively high stock prices—it is possible that part of the decline in values was justified and marked a necessary correction. But it is unquestionably true that the government policy of excessively regulating security exchange operations and forbidding market operations, that in past times tended to take up the slack in thin markets, has proved an artificial depressive force that endangers all security investments and savings, and the welfare and progress of all industry.

The next Congress will do the country a great service if it will revise security regulatory laws in the light of actualities, to the end that dishonest manipulators are controlled and at the same time the spirit of the honest investor and security dealer is not broken or hog-tied by unnatural restraints.

**Texas Tech Will Send Delegates To F. F. A. Meet**

About 38 delegates from Texas Technological College and surrounding vocational agriculture area will attend the decennial national F. F. A. convention in Kansas City, October 17-19.

O. T. Ryan, assistant professor of agricultural education and teacher trainer at Tech, is in charge of the delegation. T. L. Leach, itinerant teacher trainer and assistant professor of vocational agriculture education, and R. L. Chappello, head professor of agricultural education will also accompany the group.

President Franklin D. Roosevelt and Secretary of Agriculture, H. A. Wallace are expected to speak.

### DOVE LAW OF STATE IS NOW ALMOST SAME AS A FEDERAL RULING; PASSED LAST WEEK

Bill Was Signed By Governor Allred October 19

SEASON HERE TO END OCTOBER 31

Hunting Allowed 'Til November 15 In Other Zones

Conflicts between State and Federal dove shooting regulations were removed Tuesday in a bill passed by the Legislature and signed by the Governor fixing the open season Sept. 15 to Nov. 15, with certain exceptions.

The bill became effective at 3 o'clock when Governor James V. Allred, ill at the mansion, signed the bill. It was passed with more than the two-thirds majority needed to make effective its emergency clause. The House approved a conference report, 123 to 11, and the Senate 29 to 1.

Dove shooting is permitted by the bill from Sept. 15 to Nov. 15, coincident with the Federal open season, except in the Panhandle and counties of districts of Senators Ben G. Oneal of Wichita Falls and Olon Van Zandt of Tioga, Grayson county.

In those districts embracing Cooke, Grayson, Fannin, Hardeman, Foard, Knox Wilbarger, Baylor, Wichita, Archer, Young and Clay counties and the Panhandle, the State season remains open during September and October but shooting under Federal regulations would not start until Sept. 15. A further exception limited shooting the Texas-Mexican railroad to Sun in the Rio Grande Valley, south of days, Tuesdays, Thursdays and Saturdays.

The effect of the bills was to extend the old north zone season to Nov. 15, except in the Panhandle and Oneal's and Van Zandt's districts, where the season would close Oct. 31. Without the bill, the bulk of the state would have been closed after Oct. 31. It permits shooting until Nov. 15 in a tier of counties comprising the old south zone and give two weeks additional shooting in the recently created coastal zone.

The bill abolishes zoning heretofore employed, which was revamped during the regular session, to provide varying seasons for the north zone, the diminished south zone, the new coastal zone, and the white wing area in extreme South Texas.

### 817 Enrolled At College of Mines

El Paso, Texas, Oct. 27—Enrollment of 817 students for the fall semester at the College of Mines and Metallurgy here, a branch of The University of Texas, has broken all registration records, Forrest J. Azee, registrar, has announced. Of the total, 566 are men and 312 women students. Two hundred and nineteen are enrolled in the engineering division and 598 in the division of liberal arts. Enrollment by classes is: Freshmen, 365; sophomores, 167; juniors, 116; seniors, 76; and graduate and unclassified 93.

Rev. Joe Burton of Atlanta Ga., spent Tuesday and Wednesday visiting relatives and friends here.

### Ford Has Two Cars and New Truck for 1938

(Continued on Page 8)

of the standard. It is entirely new in appearance. The radiator grill is of new design. Appearance of the hood is longer and more sweeping. Fenders are massive. Interior appointments are in keeping with the styling of the exterior. Substantially more room in the closed sedans, greater passenger comfort and much larger luggage space are provided.

The standard V-8 cars reveal new styling, with a different radiator grill design, long hood and flowing contours. The spacious interiors are roomy and attractively upholstered and appointed.

In addition to the two passenger cars, Ford is to present an expanded line of V-8 trucks and commercial cars. Both are newly styled to lend added "eye appeal" in commercial transportation.

A new group of "one-tonner" trucks also is offered, in addition to the 112-inch commercial cars and the 134-inch and 157-inch wheelbase trucks.

The new "one-tonner" is designed specifically to bridge the gap between the commercial cars and the truck groups. Available with either 85 horsepower or 60 horsepower engine, it is expected to make the economies of the latter engine more widely available in commercial transportation.

Other advances for 1938 are the new 134-inch wheelbase truck, replacing the 131-1/2 inch wheelbase in the big truck line, a new frame width for the 134-inch wheelbase units, improved brakes and easier steering and stronger construction throughout.

Tug Nesbitt and W. W. McCarty spent Wednesday in Lubbock and Slaton attending to business.

### Register Reveals Visits of Greats, Living and Dead

A Tech journalism student sleuthing on the Texas Tech campus for a feature discovered that Robert Taylor, Bob Burns, Gary Cooper, and Clark Gable have visited the college recently if signatures on the museum register mean anything.

Noting the signature of S. H. Kress, 114 Fifth Avenue, N. Y., on the register the inquisitive reporter inquired at the local Kress store of Lubbock, only to find out that the celebrity had not been in the city.

Further investigation of the register revealed the signature of George Washington, "Bull" Durham, bootlegger, and an unseasonal visit by Santa Claus. Addresses given included Spanky Flat, Africa, Mars, and others with Poldunk given frequently.
