Munday, Knox County, Texas, November 11, 1937

Number 20

## 4-H COTTON SHOW DATE SET

### Do You Remember 19 Years Ago

#### ARMISTICE DAY

OVER THERE . . . a glorious silence in the lines, strange after four years of hectic bombardment.  
OVER HERE . . . Mad rejoicing, and then an immediate turn of efforts into channels of peace.

TODAY WE HONOR THE WAR DEAD

### District Home Ec Rally To Be Held in Munday

Future Home Makers of America, consisting of high school students enrolled in Home Economics, will hold a district rally in Munday, Saturday, November 20, Mrs. Elizabeth Dillon, local home economics instructor, announced this week.

Thirteen schools in all will be represented at the rally, and at least 3000 home economics girls are expected to register for the event.

### Construction New Rochester School Will Start Soon

Construction of the new Rochester high school building will be started in the near future officials of the school district announced last week end.

Construction contract has not been let due to the remaining \$8,000 in bonds of the \$67,000 voted were not sold until last week. The Texas Education department purchased the bonds at par four per cent accrued interest.

Bids, the officials reported, will be received about November 19. Included in the \$67,000 bond fund, is a PWA grant of fifty per cent of the total.

Tentative plans for the structure have been drawn by architects, calling for one of the largest and best equipped school plants in this section. The present high school will be remodeled and repaired according to specifications of the plan and the old ward school building will be torn down and material salvaged for use in the new building.

### Weinert Grocery Firm Purchased

Joe Aycock, proprietor of a grocery store in Weinert that bears his name, sold the business to H. P. Hattox, in a deal announced last week end.

Aycock had been operating a Red and White Store, and will probably be located some place else in the future. Hattox comes from near Abilene.

### Munday Plays Rule Bobcats Today

Mattson-Aspermont Game and Parade are Scheduled for Holiday

In what will probably be the most colorful game of the year, the Munday Moguls will invade a hostile and anxious den of Bobcats of Rule Thursday, Armistice Day, in a conference game.

Smarter from the defeat handed out by the Aspermont eleven last Friday afternoon the Moguls will be out to avenge their feelings after having their conference title hopes shattered by the Asps' lopsided win.

The Munday-Rule tiff will climax a days festivities in Rule which will include a mammoth parade

before the Bobcat-Mogul game, a football game between Mattson and Aspermont Thursday morning at 10 o'clock, a dinner for ex-service men at night and a rodeo and children's party on the evening. Floats by business men, ex-service men, auxiliary members, Rule chapter of FFA, Rule pep squad, Knox City band, Rochester junior band, the Haskell hand and war buddies will formulate the parade.

The conference football race has become a muddled affair with teams taking turn about in slapping each

### Government To Take Count of Local Jobless

A government unemployment survey will begin in this city Tuesday, November 16, it was announced this week by Postmaster Lee Haymes.

The Munday postoffice will mail out blank forms to both the unemployed and employed and both groups of citizens are requested to fill out the blanks and mail them.

Emphasis is placed on the fact that employed should fill out the blanks as well as unemployed, in order that the government may obtain an accurate estimate of both groups.

All assistance that can be given the local post office in handling the situation will be greatly appreciated, Haymes, postmaster stated. Postage is not necessary to mail the cards in it was pointed out.

### MOGUL PENNANT HOPES DIMMED BY 26-0 DEFEAT

Asps Passing Game is Too Much For Moguls

BAUGH LEADS ASPS TO WIN

Aspermont Still Un-defeated in Loop Competition

Munday's conference title hopes were shattered last Friday when Aspermont's Asps swarmed down their own gridiron to reach pay dirt four times covering Munday with an avalanche of passes.

After the Moguls had suddenly developed a strong aerial attack, that nearly upset Stamford, they were beaten by the tosses of one Mr. Baugh of the Asps.

With Munday the only remaining threat to the Asps, they practically clinched the title with their 26-0 victory, as every other club has lost two games.

The Asps scored one touchdown in each quarter kicking point only once. Passes netted the first two scores, and other passes set the stage for the last two marbles.

In a comparison of statistics the Moguls matched Aspermont in power excluding the passing game. Munday completed one pass for a yard gain and Aspermont completed 11 for a net gain of 150 yards. On the ground Munday gained 97 yards lost 16 while Aspermont picked up 121 and lost 22. First downs were 15 to 5, for Aspermont.

Tentative field workers for the city and the areas they will blank for the drive are as follows: (Continued on Page 8)

### Ranchers From Three Counties Hear Discussion of Agricultural Program

Three College Station Representatives Tell of Range Program Workings

Ranchers from three counties met in County Agent W. W. Rice's office last Thursday for the purpose of hearing a thorough discussion of the range program carried on under provisions of the Department of Agriculture.

A. L. Smith, R. R. Lancaster and M. R. Bentley, all of A. & M. College at College Station, spoke on different points of the range program to ranchers from Stone-wall, Haskell and Knox counties.

Smith delved into the workings of the range program in a general way emphasizing the fact that the past range program has proved satisfactory and that the program will be carried out in 1938.

Range improvement practices, such as construction of tanks, destroying of mesquite, and cedar growths, killing of prairie dogs, and contouring of pasture lands.

Lancaster gave some interesting information on the various varieties of grasses found in Texas and cited several experiments that had been carried out by the various experiment stations in the state. Grazing practices which yielded the greatest number of pounds of gain and still definitely improved the grass turf were explained by Lancaster.

Bentley spoke briefly in the value of contouring and terracing of pasture lands. The group of men were treated to a chuck wagon dinner at the League ranch south east of Benjamin.

(Continued on Page 8)

### SET COTTON CROP VALUE 2-MILLION

#### FIELD WORKERS NAMED FOR RED CROSS CAMPAIGN

Munday Quota Set at 175 Members By Headquarters

COUNTY QUOTA 480 MEMBERSHIPS

Knox City Ranks Second to Munday In Quota Number

Field workers for the Red Cross drive in Munday were announced today by Riley B. Harrell, chairman of the Munday chapter, which will begin today (Armistice Day) and run through Thanksgiving Day.

The city quota was set at 175 for this year, a boost of 25 members over last year's quota, Mrs. D. J. Brookreson, county chairman of the drive, stated.

Quotas for the seven local chapters of the county were given out as follows: Munday 175, Goree 75, Benjamin 60, Rhineland 50, Trustcott, 20, Knox City 100, and Vera 10.

Tentative field workers for the city and the areas they will blank for the drive are as follows: (Continued on Page 8)

#### Goes to Yamboree

DENTON, Texas.—Wearing the green and white colors of her school, charming Miss Ayuna Mackey, sophomore from Glade-water, represented the North Texas State Teachers College at the Yamboree, annual sweet potato festival held this year at Gilmer, Tex., Oct. 21-23.

### LIONS CLUB TO MAKE 2 HONOR AWARDS IN H.S.

In an effort to promote a higher standard of citizenship and increase incentive of students of the Munday high school to attain higher records in class work, the Munday Lions club will make two annual awards, beginning this year, club officials announced.

A committee composed of Dr. J. H. Bass, Grady Roberts and Charley Foyt, worked out details Monday, and presented them to the club for final approval Wednesday.

An award will be made to a boy and girl of the high school each year, and the two winners will be formally presented the large silver loving cup at the annual commencement exercises. They will be guests of the Lions club last week of school and will retain the cup during the summer months. The cup will be returned in the fall and will be displayed in the school trophy case until the next winner is announced.

Winners name will be inscribed on the cup, and will be a lasting monument to their outstanding work in the local school system. The high school faculty will make the selection.

### Four Pay Fines Over Week End

Four persons paid fines over the past week end for violation of traffic laws and drunkenness, Police Chief Nesbitt reported.

Two were given tickets for traffic violations and two paid fines for drunkenness. Two other persons arrested were released later when the police department failed to procure enough evidence for prosecution.

### Urge Farmers to File Cotton Sales Certificates at County Agent Office

All farmers of Knox county are urged to file their cotton sales certificates in the county agent's office at Benjamin immediately. The filing of certificates is to the best interest of all farmers, Rice stated.

Regulation certificates may be obtained from all cotton buyers, furnished by the government, Agent Rice stated. Farmers who file the certificates will not be obligated in any way to go into the 1938 farm program, but if they do participate in the new farm program they will be eligible for subsidy payments on 1937 cotton sales.

Rice pointed out that should the farmers fail to file the certificates they could not receive the subsidy payments for 1937 even though they signed for the new program.

Dr. J. H. Bass, superintendent of the Munday school system, was in Stamford Monday attending to business.

Dr. J. D. Kethley spent the week end in Abilene visiting his family and friends.

### Theatre Passes For Two Persons

One of the outstanding shows of the new season will be seen by two persons at the Roxy Theatre Sunday or Monday as guests of the Munday Times.

"The Life of Emile Zola," starring Paul Muni, depicting a period of the French Revolution, will be filmed. Search the Want Ads and see who is who.

### CROP VALUE IS HIGH DESPITE LOWER PRICES

Business Conditions of Munday Show Big Gains

PAYMENTS OF SUBSIDY AID

Will Net the Farmers Additional Sum Of \$250,000

In the face of the depressed cotton market, the bumper cotton crop being produced in the Munday area and Knox county will net county farmers something near \$2,000,000 basing the estimate on the forecast of 50,000 bales for the county.

Although the low price developing out of the increased monthly federal estimates, which placed the U.S. production at 17,500,000 bales hit a low of near 6 cents on midling cotton, the government loan buoyed the market somewhat and it has held steadily since President Roosevelt called the special session to convene November 15.

It is also estimated that an additional \$250,000 will be tossed into farmers pocketbooks on payment of the subsidy from the 1937 crop.

The bumper cotton crop together with bumper crops in wheat and maize will place the farmers as a whole in the best condition financially that they have enjoyed for several years.

Business conditions have felt the general better times and local business men have reported a huge increase in sales during the past three weeks. Business should not slack until after the Christmas holidays.

Both Barnes and Clements are young men who have grown to manhood here, are well known, and Barnes has been connected with the service station business for several years. Clements is in his first venture in that line of business.

The two men will continue to handle Texaco products, which feature the nationally advertised "Fire Chief" gasoline and other oils and lubricants.

Although no stock of tires and oil is on hand in the present two men are making arrangements to have a large assortment of such products in the immediate near future. A nationally known line of tires and tubes will be purchased.

All sections of the county have been completed except the Munday area, which includes Rhineland, Goree, Sunset and the immediate Munday farm lands.

The follow supervisors are checking the lands in their respective vicinities: John Schumacher, Rhineland; R. O. Peevey, Sunset; T. H. Jones, Goree and Nolan Phillips and L. E. Patterson of Munday.

Mrs. A. E. Whittemore, residing on a farm south of Munday, just across the county line into Haskell county, reported the theft of four brand new tires, tubes and rims off a trailer Friday night, to officers Saturday morning.

The theft was reported to Haskell county authorities, who also reported the incident to local police headquarters.

No trace of the stolen articles had been found, Tug Nesbitt local chief of police, stated.

Mr. and Mrs. Ben Guinn and family spent the first of the week at Albuquerque, New Mexico, visiting relatives and friends.

### NOVEMBER 20 IS DATE OF COUNTY WIDE 4-H EVENT

65 Boys Compete For Cash Awards For Best Cotton

BALES, SAMPLES WILL BE SHOWN

County Ginners Sponsoring Club Project Here

The Knox County 4-H Cotton show will be staged in Munday Saturday afternoon, November 20, according to announcement made today by W. W. Rice, county agent.

The show will be held on the city hall lawn, with cotton samples, records of the contestants and bales of cotton displayed, it was stated. At least 30 bales of cotton are expected to be brought in.

Winners of the county cotton project sponsored by the ginners of the county in cooperation with Agent Rice and the 4-H club program, will be selected.

H. A. Pendleton will have government classes here for the event, from Abilene, and will also have a number of cotton buyers on the grounds to purchase the cotton.

65 county boys entered the contest last spring and will compete for the \$100.00 cash prizes offered. Five awards will be made, first bringing \$50, second \$30, third \$10 and fourth and fifth \$5 each.

The cotton must be of 15-16 inch staple, complete records shown, and the contestants should have at least three acres of cotton to qualify.

### Texaco Station Purchased Here By Munday Men

In a deal formally announced this week, but which had been consummated for the past three weeks, Herbert Barnes and Selma Clements purchased the operating rights of the Texaco Service Station in this city.

Both Barnes and Clements are young men who have grown to manhood here, are well known, and Barnes has been connected with the service station business for several years. Clements is in his first venture in that line of business.

The two men will continue to handle Texaco products, which feature the nationally advertised "Fire Chief" gasoline and other oils and lubricants.

Although no stock of tires and oil is on hand in the present two men are making arrangements to have a large assortment of such products in the immediate near future. A nationally known line of tires and tubes will be purchased.

All sections of the county have been completed except the Munday area, which includes Rhineland, Goree, Sunset and the immediate Munday farm lands.

The follow supervisors are checking the lands in their respective vicinities: John Schumacher, Rhineland; R. O. Peevey, Sunset; T. H. Jones, Goree and Nolan Phillips and L. E. Patterson of Munday.

Mrs. A. E. Whittemore, residing on a farm south of Munday, just across the county line into Haskell county, reported the theft of four brand new tires, tubes and rims off a trailer Friday night, to officers Saturday morning.

The theft was reported to Haskell county authorities, who also reported the incident to local police headquarters.

No trace of the stolen articles had been found, Tug Nesbitt local chief of police, stated.

Mr. and Mrs. Ben Guinn and family spent the first of the week at Albuquerque, New Mexico, visiting relatives and friends.

In second zone, per year \$2.00

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party politics, publishing news fairly, impartially.

**NOTICE TO THE PUBLIC:** Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

**BIBLE VERSE FOR TODAY**

**ROMANS 10:12**—For there is no difference between the Jew and the Greek; for the same Lord over all is rich unto all that call upon him. For whosoever shall call upon the name of the Lord shall be saved.

**LET'S GET BUSY**

Munday, largest town in Knox county, located in the heart of the best farming section of the county, probably the richest district of the county, is desired by many farmers as the show place of Knox county farm products and stock shows.

Many farmers are now asking if Munday will sponsor a poultry show some time after the first of the year. The poultry show would be a new farm feature in this county, and would do much to increase the raising of finer poultry, which brings in thousands of dollars to county farmers annually.

The farmers want the poultry show. Munday is the logical city for all farm fairs and stock shows. Consumers of this county realize that Munday is the most complete merchandising center in the county and affords the best produce market in the county.

Munday should go after the poultry show. Munday should sponsor a calf show for the county 4-H club boys. Munday should inaugurate Vocational Agriculture into her high school systems. Munday should have a fair for the county 4-H girls in connection with an Achievement Day Fair for the nine home demonstration clubs. If we make Munday the Show Place of Knox County farm products, these farmers will make Munday the leading city of the county.

**Supremacy of the People**

Why does our Constitution give the final power to the people and restrict the powers granted to our government?

President John Adams, a signer of the Declaration of Independence, gives the reason:

"As the happiness of the people is the sole end of government," he says, "so the consent of the people is the only foundation of it, in reason, morality and the natural fitness of things. And, therefore, every act of government, every exercise of sovereignty against or without the consent of the people, is injustice, usurpation and tyranny."

It is a maxim that in every government there must exist somewhere a supreme sovereign, absolute and uncontrollable power; but this power resides always in the body of the people; and it never was, or can be delegated to one man or a few; the great Creator having never given to men a right to vest others with authority over them, unlimited either in duration or degree.

"When kings, governors, or legislatures... instead of exercising the powers... stated by the Constitution... prostitute these powers to the purposes of oppression, to

subvert, instead of supporting a free Constitution; to destroy, instead of preserving the lives, liberties and properties of the people, they are no longer to be deemed

magistrates vested with a sacred character but become public enemies and ought to be resisted.

To protect us against tyranny and to preserve our liberties, our Constitution gives sovereign power only to the people, limits the powers granted to our government and obligates our courts to uphold our Constitution as "the supreme law of the land."

**WHAT PRICE SENATORS**

The legislature of Texas adjourned midnight special session accomplished—they met for 30 days and adjourned.

State press has ridiculed the leaders of the state legislative bodies with scathing editorials, not on what they DID, but what they didn't DO. 'They,' mean the leaders of the senate filibuster, formulated at start of the special session.

A majority of the senate led by Senator Holbrook and Senator Rawlings opened the filibuster which led to defeat the passing of legislation to raise additional funds to finance a Social Security program voted FOR by citizens of Texas.

The old age be damned, is in effect what the majority of the legislature said by their action in defeating the appropriations for old age assistance, care for the needy blind, dependent children and the teacher retirement fund.

The representatives of the people betrayed the people. They accomplished nothing except to spend \$200,000 of the people's money. It left \$115,000 penniless old men and women facing cold and hunger.

Senator Rawlings and his associate pailbearer, Senator Holbrook, together with their majority leadership, laughed in the face of age, need blindness and of childhood, and the citizens of Texas who voted for assistance to the above mentioned classes. Those voters knew that they would have to raise additional money for the bills, so why should the legislature disobey the people's "will"?

Boiled down, the action of the special session brings about this question: "Shall the people of Texas rule or shall a small number of legislators rule? The movement for a unicameral legislature is gaining, and leaders of the one-house legislature declare the one-house as best solution of getting through important legislative measures wanted by the people of Texas.

Called into session to pass tax bills to operate the social security program and eliminate a \$15,000,000 deficit, the able Texas senate leaders put through a dove hunting law and made additional allocation of \$850,000 for school bus transportation. That's getting results!

Law breakers are accident makers... it's not enough to know traffic laws... You must obey them.

Keep at a safe distance behind the hitcher-on. Help discourage this dangerous practice and don't permit it on your car.

**THE MODERN "LIBERAL"**

**Senators Rawlings and Holbrook Blamed by Governor Allred For Failure to Provide Needed Acts**

**Calls Special Session "Do-Nothing" Legislature**

**ALLRED DEFENDS SOME MEMBERS**

**Governor is Harsh In Actions Of Senators**

Austin, Texas, Nov. 10.—Blistering Senator Rawlings whom he described as "typifying what is wrong with our legislative system," Governor Allred this week said the "do-nothing" legislative session had brought a showdown between the people of Texas and the entrenched interests.

"I deeply regret the unfortunate outcome of the special session," Governor Allred said. "Despite repeated pleas, nothing was done for the needy; and Senator Rawlings voted in every instance against trying to do anything for them."

"But one good has come from this session. Records have been written—forced into the open so that the people may judge. This showdown between the entrenched interests and the people had to come. It has been in the making for more than ten years."

"When I called the special session I said we were going to find out who was running Texas. Temporarily the interests and Rawlings and Holbrook have won; but it will be a costly victory when the people get the facts. I propose to see that they get the facts from time to time."

The Governor charged that Rawlings in an effort to shift the blame for the dead session "is now trying to wriggle out of the responsibility for murdering the tax bills after having aimed the gun and pulled the trigger."

"Rawlings not only helped wreck the social security program in the recent special session," Allred said. "But he did it during the regular session. At that time the House passed tax bills sufficient to meet all the obligations of this government including the social security program. Senator Rawlings and his associate pailbearer, Senator Holbrook, buried these bills in sub-committee. If they had passed out half the taxes the House voted during the regular session, it wouldn't have been necessary to have this special session."

"Had it not been for his manipulations to keep other things from being voted on during the regular session we wouldn't have had to have either one of two special sessions."

The Governor defended certain House members from Rawlings' charge that they were too young and inexperienced to deal with tax bills.

"The voters may be thankful that many legislators are inexperienced in the devious indirections practiced by the skillful senator from

from Fort Worth," Allred said. "Let us be thankful that some of them are young and inexperienced enough to have ideals, to be progressive and to heed the call of suffering humanity."

"Unlike Senator Rawlings, these young men have not grown so prosperous that they are able to offer to work free. I remember when he was elected a few years ago, he, too, was a young man with a very modest law practice. Now after seven years as a State Senator, he has not only become the 'master Strategist' of the Senate, but he is the head of a prosperous law firm with elaborate offices."

"None of the young House members he condemns has as yet been retained by the trucking interest, or by the racing interests; and the only one I know offered employment by oil or utility interests turned it down."

"Rawlings was a member of the conference committee that raised the department salaries and created new places in a number of departments before which he practices and where it is commonly known he has managed to place some of his friends. Just to make a record, during the called session he voted for one economy bill which was a monstrosity and crippled every agency of the state dealing with regulation of public utilities. He didn't even get the other proposed economy bills out of the Senate committee of which he is a member."

"Senator Rawlings typifies what is wrong with our legislative system. So long as he and Holbrook continue their 'master strategy' leadership, so pleasing to the selfish interests, just that long will it be impossible for the people to secure progressive legislation."

**Move to Odessa**

Mr. and Mrs. W. H. Chapman, former Munday residents, but more recently of Greenville, Texas, moved from that city to Odessa, Texas, Monday morning where Mr. Chapman has accepted a position as manager of a lumber yard. The Chapmans were here last Friday and Saturday visiting old friends.

### ANNOUNCE HONOR ROLL FOR FIRST SIX WEEKS; THIRTY-TWO LISTED

#### Roll Includes Students From Each Grade of School

The Sunset School is quite proud of its honor roll for the first six weeks of school, because it contains names from every class in school except the first grade folk, who do not receive any grades at all for the first half of the year. Following is a list of the honor students from the Second Grade through the Eleventh:

- Second Grade—Ronald Foshee, Curtis Wayne Gollehon, Leroy Resell, Jo Ann Whittemore, Dorman Followill, and Anne Sue Waldron.
- Third Grade—Barbara Jane Almanrode, Betty Nell Walker, John Voss, Margie Lowrey, and Weldon Walling.
- Fourth Grade—Donald Dorsey, Lendon Walling, Mart Hardin.
- Fifth Grade—Glenn Dobbs, Houston Sweatt, Velda Neece.
- Sixth Grade—George Strickland, Glendalyn Frost, Victor Thomas.
- Seventh Grade—Doris J. Burton, Jennell Partridge.
- Eighth Grade—Rachel Strickland, Gene Griffith.
- Ninth Grade—Margaret Jean Hardin, Bernice Strickland, Virginia Parkhill.
- Tenth Grade—E. G. Parkhill and Wariell Sweatt.
- Eleventh Grade—Inez Vernon, Frances Gray, and Faye Marie Partridge.

### Sunset Quintet Wins Goree In Conference Tiff

Coach Kimbrough and the Sunset Senior boys opened their basketball season Friday night with a victory over Goree boys 28-14. There are seventeen boys coming out for the team this year, and anyone who plays is having to fight to make the team. The boys have been working hard and practicing every day in order to beat Weinert Tuesday, November 9. They are expecting to see a large number of the Sunset fans at these games, too. Next Friday night the Sunset Eagles will meet the Bomarton teams at Sunset. Weinert and Bomarton games are the first games of the season to be played in the home gym, so a really large crowd is expected for these.

### Girls Basketball Sextet Work Out

The girls' coach, Miss Lois Spraggins, reports that the basketball team is progressing nicely. There are not so many girls out as usual, but the spirit is good, and the girls are working hard. Those coming out at present are: Nell Nix, Laverne Bumpass, Nettie Griffith, Loveda Cheek, Bernice Strickland, Rachel Strickland, Loma Rae Clark, Edna Moore, Dorothy Gammill, Juanita Hunter, Marguerite Jarvis, and other of the girls come out and practice at the recreation period, which is two days one week and three days the next from 12:00 to 1:30. The games have been scheduled for the Brazos Valley league. The girls' first game is to be played with Weinert in the Sunset gym on Tuesday night, November 9. The next to be played in the Sunset gym will be Friday night November 12, with Bomarton. This is expected to be a good game, also.

#### FRESHMAN REPORT

When the Freshman class returned after the holidays they found that two of their members, Elizabeth Frances Moore, and Ila Holmes, had moved away. They have a new pupil, however, Virginia Meador. She was once a "Sunsetter," but moved away. She says the reason she moved back is that she likes Sunset School.

Miss Ellen Frances Mauldin visited her friends and relatives over the past week end. Miss Mauldin is attending school at McMurry College at Abilene.

R. R. Davenport spent last week end in Southeastern Texas attending to business matters.

### ADD NEW BOOKS SCHOOL LIBRARY

#### More Than Sixty Are Purchased

At a cost of more than seventy-five dollars, the Sunset School has recently added some sixty new books to its library. Among those selected are a number of the latest books—Hilton's Lost Horizon, Guest's Path to Home, Pearl S. Buck's Good Earth, Lewis' It Can't Happen Here, Davis' Honey in the Horn, David Loth's The Brownings, Post's Etiquette, Brande's Wake up and Live, Dale Carnegie's How to Win Friends, Link's Return to Religion and Mitchell's Gone With the Wind. All of the high school students are very much pleased with the new books and they are showing their appreciation by the way they rush the library window.

The Deputy Superintendent particularly complimented the choice and selection of books in the Sunset library.

The Sunset library has approximately 1000 books, and they are listed and organized and arranged according to the Dewey-Decimal System for classifying books. There is a regular librarian who checks the library once each day to record overdue books or fines. There are books for the various assignments in both outside reading and reference work, but the best two groups of books are those in fiction and non-fiction, prose such as biography, etc.

### Home Ec Club Honors State School Head

Friday, November 4th, the Sunset Junior and Senior Home Economics girls served a luncheon honoring John L. Beard, the Deputy State Superintendent. Others who attended the luncheon were: County Superintendent J. Lyndal Hughes, Superintendent T. W. Harber; and Mr. W. C. Kimbrough and Mr. N. T. Underwood, principals of the high school and grammar school respectively.

The menu was: veal cutlets, baked potatoes, buttered green beans, tomato and lettuce salad, hot rolls, butter, baked apples, and whipped cream. The centerpiece consisted of a bouquet of red roses.

Mr. Harber reports that the Deputy Superintendent very favorably commented upon the work of the school.

### Music Class is Learning Songs

As the Sunset School did not start until last week, the music class was a week late in learning the Hallowe'en songs. Friday afternoon the fifth grade presented a short operetta "A Hallowe'en Frolic." This week the music classes are learning "Armistice Day Songs." The sixth grade is planning a program for that coming occasion. The music department made application last week for affiliation for Music I in high school. There are eighteen in the music class, and they are interested in the work. They felt good last week when Deputy Superintendent Beard visited them and complimented them in their work.

### Stomach Gas

One dose of ADLERIKA quickly relieves gas bloating, cleans out BOTH upper and lower bowels, allows you to eat and sleep good. Quick, thorough action, yet entirely gentle and safe.

### AFTER-SCHOOL SNACKS NOW IN ORDER

SCHOOL'S out and the children's first request upon arriving at home is for something good to eat. And modern mothers, realizing that after-school hours find youthful appetites in their most ravenous state, welcome the opportunity of providing the extra nourishment that growing bodies need. Here, then, is a delicious refreshing egg drink that's "good for the children"—a creamy, billowy fruit concoction a-tinkie with crystal-clear, taste-free ice cubes. Such ice cubes are easily obtainable if you have one of the new modern air-conditioned ice refrigerators in your home, and here is the way to get them: simply take the new ice-cuber gadget, which is now on the market, and place it on the block of ice in your ice refrigerator. It will cut the cubes in 5 minutes or less. No more waiting around for ice cubes to freeze! But now to make the Pineapple Eggnog; here is the recipe! Beat 2 egg yolks; slowly add 2 cups chilled pineapple juice, and beat well. Beat 3 egg whites until they make a peak, then add 2 tablespoons sugar while beating constantly. Fold meringue into fruit mixture and pour in glasses containing ice cubes. This recipe serves 4.

### CHURCH NEWS

#### METHODIST CHURCH

This coming Sunday will be a rather interesting day with the Methodist churches of the Northwest section of our state. More than two-hundred Methodist ministers will be holding their last services of this year's work, many of whom will be sent to other parts of this and other conferences. A ministers' family has lots of friends but few of long standing.

Our services will be of added interest Sunday morning because of the delegation that is coming up from McMurry College. Dr. R. G. Boger, Dean of the College, will preach and a quartet of young men will furnish special music for the services. We are indebted to Mr. D. T. Mauldin of Munday for contacting these men and arranging for this service. Dean Boger is an interesting speaker and you will want to hear him. A special request to our choir to be on hand in full force for the day. We will provide seats for all and shall expect your loyalty for this day as you have done in the past.

My message for the evening service, "What Lack I Yet." This service will be held at seven o'clock. The Leagues will meet at their appointed time and we will appreciate their staying for this service. Let's make it a good day by beginning with the Sunday-School and attending each service.

Conference will convene Wednesday, 2:00 p. m., at Quanah.

Texas. It is easily within driving distance for people in this vicinity this year and many will avail themselves of this opportunity of attending a Methodist conference. Thursday and Sunday will doubtless be the most interesting days for visitors, however, the question of Church Unification may be voted on Wednesday immediately after organization. You will be welcome any day during the session.

#### FIRST BAPTIST CHURCH

The church is a divine institution and deserves our best and most loyal cooperation and support. It is an organization in which people may come and invest their lives for their own spiritual edification and for the establishment of Christ's Kingdom on earth. The songs, the prayers, the fellowship, and the preaching are all calculated to strengthen our lives and to undergird us for the battles of life. To miss a service is to lose an essential in the life-structure.

George Washington's pastor said of him, "No company ever kept him away from church. I have often been at Mount Vernon on Sunday morning when his breakfast table was filled with guests. But to him they furnished no pretext for neglecting his God and losing the satisfaction of setting a good example. For instead of staying home out of fancied courtesy to them he used constantly to invite them to accompany him."

Let's take care of our spiritual growth and development.

#### MUNDAY CIRCUIT

Next Sunday morning and evening we will be at Thorpe. Sunday evening will be the last service of the conference year. We have already preached for the last time this year at the other two points.

### Salvation Army Annual Appeal

The annual appeal of the Salvation Army in Knox county to secure funds to carry on their wide range of charity work was made last week end.

W. D. Pedigo, veteran campaigner, accompanied by A. U. "Uncle Happy" Hathaway, solicited the city.

The appeal was made for the entire year, and was considered a success here according to reports. The Salvation Army does much good work in the smaller cities, but their biggest work is carried on in the large cities.

Our subject for the evening service will be "My Hope is in God."

The last session of the Quarterly Conference will meet at the Circuit parsonage next Sunday at 3:00 p. m. The District Steward is asking that all the church officials be present as there are some matters that they need to discuss with the Presiding Elder relative to the work for another year.

As we are coming to the close of the year, we feel that we need to express thanks to the paper for the printing of these notices and for all other courtesies extended to us. Also we are grateful for the many favors shown us by the people we have served. Of course we may be returned for another year but this year is closing and we know not what next may bring. If we go to other fields of labor, we will carry with us many pleasant memories. If we return, we will give our best for another year.

### Seymour Will Be Host to Singing Convention Soon

The semi-annual singing convention will be held at Seymour Sunday afternoon at 1:30 p. m., convening at the City Hall of that city. A. H. Golden announced.

The convention is expected to be the best that has been held in this section in the past few years, with outstanding singers and song leaders from the southwest slated to attend the affair.

Quartets listed to appear during the afternoon for the singing are: The Sunshine Quartet of Elbert and also a mixed quartet; Roy Tuggle of Albany; Hugh Raper and other song leaders of Throckmorton; the Tankersley Quartet of Knox City; Roy Cantrell and C. B. Ribble, song leaders of Caddo; girls glee club of Henrietta; Wilson quartet and a male quartet of Electra; the Simpson quartet of Graham; C. B. Johnson, R. C. Mann, G. C. Tendon, Fate Pruitt and many others of Wichita Falls, and the Gamble quartet of Levelland, Texas.

There will be several other quartets, trios, duets, and numerous song leaders present not named here. If you love good singing, like to hear special music, you will hear plenty of it at Seymour, Golden stated.

So let's make next Sunday one of the best for the Thorpe Church and let's make Sunday afternoon one of the best sessions of the Quarterly Conference.

## SHIPMENTS OF PRODUCE FROM TEXAS IN DROP

Austin.—Poultry and egg shipments from Texas to interstate points during September reached a seasonal low, it has been reported by the University of Texas Bureau of Business Research. Poultry shipments totaled only 33 cars, but this total was substantially above the eighteen cars shipped during September last year. Egg shipments of 26 cars were exactly equal to those of September last year.

Receipts of eggs at Texas markets from out-of-state points amounted to only 5 cars, compared with 26 cars last year. This year 2 cars originated in Kansas and three cars in Missouri. A year ago nine cars were received from Kansas, nine from Missouri, one from Oklahoma and seven from Nebraska.

## Forwardings of Livestock Gain

Austin.—Forwardings from Texas to Fort Worth stockyards and interstate points during September of all classes of live stock totaled 7,704 cars, compared with

## BUSINESS CONDITIONS IN TEXAS CONTINUE STRONG UPWARD TREND

### Payrolls Do Not Increase During Period

Austin.—In contrast to a current downward tendency of business in the country at large, Texas business continued during the last thirty days its strong upward trend, the gain from August to September having been almost as great as that from July to August, according to Dr. F. A. Buechel, assistant director of the University of Texas Bureau of Business Research.

After adjustments for seasonal variation the composite index for September is 105.6, compared with 103 for August and 91.7 for September 1936, an increase of 14 per cent over last year. The index is expressed as a percentage of the average month in 1930 which is used as a base.

"Each of the components of the index for September made sharp gains over the preceding month, except that of payrolls, for which the decline—98.9 to 98.7—was almost negligible," Dr. Buechel said. "The index of employment rose from 94.4 to 96.6; miscellaneous freight carloadings from 81.4 to 84.1; runs of crude oil to stills from 176.3 to 182.3; department store sales from 110 to 115.3, and electric power consumption from 124 to 129."

"Compared with September last year, each component of the index made a wide gain. The index of employment increased from 88.4 to 96.6; payrolls from 80.5 to 98.7; miscellaneous freight car loadings from 79 to 84; runs of crude oil to stills, 150.6 to 182.3; department store sales 101.5 to 115.3; and electric power consumption, 106.8 to 129.2."

Mr. and Mrs. Grady Weaver, Big Spring, Texas, spent last week end with friends and home folks.

### Times Want Ads Get Results

per cent; and sheep forwardings, 1,240 cars, compared with 507, gained 146 per cent. Shipments of all classes of live stock to the Fort Worth market maintained a wide margin of increase over September last year; and forwardings of cattle, calves, and sheep direct to feeding areas in Kansas, Missouri, Iowa, Illinois, and other corn belt states were several times those of September last year.

**The President and his fireside chat** The President last Tuesday for the 10th time since he has been our leader spoke to the Nation over the radio; and because of the importance of this great speech and the legislative program outlined for the future, I will quote excerpts from it:

**Special Session** "This afternoon I have issued a proclamation calling a special session of the Congress to convene on Monday, November 15, 1937. I do this in order to give to the Congress an opportunity to consider important legislation before the regular session in January, and to enable the Congress to avoid a lengthy session next year, extending through the summer."

**The Program** Referring to the legislative program of the called session, the President said:

"The people of the United States were checked in their efforts to prevent future piling up of huge agricultural surpluses and the tumbling prices which inevitably follow them. They were checked in their efforts to secure reasonable minimum wages and maximum hours and the end of child labor. And because they were checked, many groups in many parts of the country still have less purchasing power and a lower standard of living than the Nation as a whole can permanently afford."

**Seek Sound Rules** And further reference to the economic conditions of the country and the remedy, he said: "What you and I want is such governmental rules of the game that labor, agriculture and industry will produce a balanced abundance without waste."

We intend this winter to find a way to prevent 4 1-2 cent cotton, 9 cent corn and 30 cent wheat—with all the disaster those prices means for all of us—from ever coming back again. To do that, the farmers themselves want to co-operate to build an "all-weather" farm program so that in the long run prices will be more stable. They believe this can be done, and the national budget kept out of the

### Pay Too Small

Referring to hours, wages, and working conditions, the President said: "I am a firm believer in fully adequate pay for all labor. But right now I am most greatly concerned in increasing the pay of the lowest paid labor—those who are our most numerous consuming group but who today do not make enough to maintain a decent standard of living or to buy the food, clothes and other articles necessary to keep our factories and farms fully running."

Far-sighted business men already understand and agree with this policy. They agree that no one section of the country can permanently benefit itself, or the rest of the country, by maintaining standards of wages and hours far inferior to other sections of the country."

### Our Competitive System

Referring to the breakdown of our antitrust laws, he said: "Our competitive system is not altogether competitive. Anybody who buys any large quantity of manufactured goods knows this, whether it be the government or an individual buyer."

We have antitrust laws, to be sure, but they have not been adequate to check the growth of monopolies. Whether or not they might have been adequate originally, interpretation by the courts and the difficulties and delays of legal procedure have not definitely limited their effectiveness. We are already studying how to strengthen our anti-trust laws in order to end monopoly—not to hurt but to free legitimate business."

### Back to School

Referring to the program under this Administration and the discussions and debates that we have had the past five years on trying to better living conditions for the greater number, the President said:

"Five years of fierce discussion and debate—five years of information through the radio and the

moving picture—have taken the whole Nation to school in the Nation's business. Even those who have most attacked our objectives have, by their very criticisms, encouraged the mass of our citizens to think about and understand the issues involved, and understanding to approve."

Out of that process, we have learned to think as a nation. And out of that process we have learned to feel ourselves a nation. As never before in our history, each section of America says to every other section, "Thy people shall be my people."

### Must Avoid War

On the warlike conditions now existing in other nations he said: "We must think not only of keep-

ing us out of war today, but also of keeping us out of war in generations to come."

## Prominent Munday Youths Surprise Friends by Marriage Announcement

Miss Darwin Campbell and Mr. Duane Johnson surprised their large host of friends and immediate relatives last week when they became married Friday in Chickasha, Oklahoma.

The popular young couple left the bride's home to attend the Roxy Theatre, and according to reports they did not see the show nor return home. The next day they wired home folks telling of their marriage.

The bride is the daughter of Mr. R. G. Campbell and the groom is the son of Mr. Tom Johnson, now a resident of Muleshoe, Texas. The Johnson and Campbell families are long-time residents of Munday.

Details of the marriage could not be learned, as the young couple have not returned from Oklahoma City, where they are spending their honeymoon.

## Young Womens Circle Met in King Home

The Young Women's Circle of the Methodist church met in the home of Mrs. Joe King Monday night, November 8.

Program for the meeting was in "Week of Prayer," with Mrs. Bounds in charge of the program. The leader read two bible verses.

Following is the program given: Song, "Take My Life and Let it Be"; prayer, Mrs. Bounds; Subject, "Cowards Along the High Roads," by Sue Bowden.

Members present for the meeting were: Mesdames Joe King, hostess; and Ruth Baker, Wade Mahan, M. S. Bounds, Bess Porter, Layne Womble, Herman Webb, Howard Cobb and Misses Merle Dingus, Bessie Womble, Jeanette Campbell and Mrs. Sue Bowden.

## Hefner H.D. Club Met in Elliott Home

The Hefner home demonstration club met with Mrs. J. C. Elliott on November 2nd, at 2:00 p.m., with county agent, Miss Astin, and 17 members and 12 visitors present.

A business meeting was held under the direction of the president and afterward the members heard Mrs. Frank Boley of Munday tell of her trip to our state association at San Antonio as a delegate. The San Antonio meeting was held on September 28 to 30th.

A variety of needlework was on display at the meeting. Hot popcorn was served to Miss Astin, and Mesdames Boley, Barnett, Cure, Elliott, Holder, Oliver, Payne, Nix, Jackson, Jetton, Worley, Warren, Weber, Taylor, Holder, E. J., E. A., Jetton, T. H., Roy, M. J. Jones, C. Jetton, Eva ones, R. L. Fenton, J. C. Lambeth, Miss Doris and Mrs. Merl Lambeth.

## Smith-Jackson Nuptials Are Read Saturday

On November 6th at Haskell, J. T. Smith of Sunset and Miss Goldia Jackson of Hefner were united in marriage.

Miss Goldia is the youngest daughter of Mrs. Jim Jackson and has lived here all her life. She finished high school at Goree last May with high honors, having a scholarship at Draughon's Business College.

They have many friends who join in wishing them a happy life together.

## Baptist Sunday School Class Elects Officers

The Kings Daughters Sunday School class of the First Baptist Church in their regular meeting last Sunday morning elected new officers for the new year.

New officers for the class are: Olive Dobb, president; Doris Henslee, first vice-president; Jimmie Henslee, second vice-president; Clara Faye Bryan, third vice-president; Peggy Bowley, secretary; Sue Stodghill, reporter; sponsor for the class is Mrs. Reynolds.

The class has 13 members, 11 of which were present last Sunday.

Pitzer Baker, manager of the Baker-McCarty store and Leland Hannah, manager of the Eiland Drug Store, were in Dallas Wednesday purchasing merchandise for their stores here.

## Hi-League to Give Program

The Junior Hi-League of the First Methodist Church will present the following program next Sunday evening, with Margaret Jane Womble as leader.

Song, by the League.

Scripture Reading, Chloe Story.

Leader's Introduction: Margaret Jane Womble.

Talk: "The Discovery of Law," by Allene Jungman.

## Program Honoring "Who's Who" Lists Munday Students

Denton, Texas, Nov. 10.—Mrs. Gordon James Broach, recently selected for a place in "Who's Who Among Students in American Universities and Colleges"; and Miss Sylvia Barnes, president of the Junior Mary Ardens; both of Munday, were among 35 outstanding leaders in organizations and activities presented at a "Who's Who" assembly program in the college auditorium at the North Texas State Teachers College Wednesday, Nov. 9. The program was sponsored by the Girls' Forum.

Class presidents, publication heads, the Eagle grid-co-captains, presidents of a number of campus organizations, and the 19 students recently selected for places in "Who's Who Among Students in American Universities and Colleges" were among those honored. Student presidents spoke briefly describing their organizations.

Ralph Daniels, Denton, was at the organ console and the College Chorus under the direction of Miss Lillian M. Parrill of the music department was featured.

## Assistant For Pendleton Gin

Miss Jessie Daniell, Goree, is employed this week in the Pendleton Gin company offices.

Miss Daniell will assist Miss Bertha McNeill in caring for the office duties of the gin during the rush.

## Wreck Demolishes Car, Injures One Tuesday Morning

Kamel Waheed, brother of Sied Waheed, manager of the Economy Store, barely escaped serious injury and K. J. Salem, of Seagraves, Texas, was in the Knox County hospital the result of a car wreck Tuesday about noon near Maybelle.

The car, belonging to Salem, was practically demolished when the rear wheel skidded off the pavement and before the driver could straighten out the car, it headed into a ditch, turning over.

Extent of the injuries suffered by Salem could not be determined, attending physicians reported.

## RECOMMENDATION FOR TODAY

**Country Breakfast Muffins**

Of course they'd be more fleecy and flavorful than ordinary muffins—those golden piping hot country breakfast muffins! Can't you just hear the farmer's wife explaining that she had some sour cream on hand, so she thought she'd stir up some muffins? When she mentioned sour cream she gave us the secret of her wonderful muffins—for sour cream adds a tenderness and flavor all its own. It's really worth while to leave a cup of thick cream in a warm place over night so that the family can enjoy a muffin treat for breakfast.

1 egg  
1 cup thick sour cream (25% butter fat)  
1 tbs. melted shortening  
2 tbs. sugar

1 1/2 cups all-purpose flour  
1/2 tsp. salt  
1/2 tsp. soda  
1 tsp. baking powder

Beat egg until light. Blend in the cream, melted shortening and sugar. Mix well. Sift flour once before measuring. Sift flour, salt, soda and baking powder together and add to the creamed mixture, stirring to completely blend the ingredients. Beat a few strokes. Pour into well greased muffin pan (filling each cup two-thirds full) and bake immediately for 20 to 25 minutes in a moderately hot oven, 400° F. This makes 12 medium-sized muffins.

**Betty Crocker Advises**

Question: Over the radio I heard you mention something about botulism in canned green beans. Won't you please explain it again in your newspaper column?

Answer: Vegetables and non-acid fruits seem to have been responsible for most cases of botulism poisoning. Green beans and corn head the guilty list. But spinach, chard, beets, and asparagus follow closely. Others also harbor the micro-organism, called Bacillus botulinus. We can eat these same foods fresh, without any danger. It's when the food has undergone changes—because of contamination with this bacillus—that it becomes poisonous. The germ, as it grows and reproduces in the food when sealed up without oxygen, creates a toxin which is deadly poison.

Now in case you are wondering how commercial canners have been successful in preventing any possibility of botulism from their products—I will explain that. They can any of the foods which may harbor the organism, under 20 lbs. of steam for 45 minutes. In fact, pressure cooker canning is recommended for home canning of all these non-acid foods. And it's very important that a woman who does any home canning should learn correct methods and the time for processing for each food, from a reliable source. But there's another precaution to take to avoid any possibility of danger. Health authorities recommend that before using home canned vegetables or other non-acid foods, we should boil them thoroughly for 10 to 20 minutes, in an open saucepan, just before they are served. Thorough boiling will destroy the toxic poison if it is there.

If you worry about what to serve, if you dread to start the next meal, just drop a card to Betty Crocker in care of The Munday Times and ask for this week's menus. Complete menus for the week with recipes for the main items will be sent you at no cost. Please enclose 3 cent stamp to cover return postage.

## Society to Plant Oak at University

The Texas Society of Colonial Dames has been granted permission by the Board of Regents of The University of Texas to plant a live oak on the campus of that institution to commemorate the sesquicentennial of the adoption of the Constitution of the United States, it has been announced. The ceremony will be held November 17, at 3 o'clock, the Regents were informed by Mrs. Julia Scarbrough Fisher of Austin, chairman of the society's committee in charge of the sesquicentennial celebration.

## Presbyterians Sunday School Meets Sunday

The Presbyterian Church will have their regular Sunday School meeting next Sunday morning, and will continue in the future. It was announced.

It has been rumored that the Sunday School of that congregation had discontinued their services but no such movement has been made.

The school starts promptly each Sunday morning at 10 o'clock and is adjourned in time for those attending to go to other churches for preaching services.

## KNOX CITY MAN IS BEATEN AND STABBED LAST SATURDAY NIGHT

### Is Found in Critical Condition Near Negro Town

Guy Milford, Knox City cafe owner, was found unconscious and in a critical condition last Saturday night after he was attacked with a knife by a negro woman in the negro section of that city.

Milford had been stabbed several times, one of which entered the lung, and had been beaten over the head with an instrument, it was reported. He received medical aid in the Knox County hospital, where his condition was described as critical, but it was not believed the wounds would prove fatal.

Jim Stevens, Knox City policeman, later arrested the negro woman alleged to have committed the assault, when he stopped a car of negroes. He found blood on the woman's clothing, and a knife in her possession. On investigating the home of the negro woman, other clothing was found in a very bloody condition. She was turned over to county officers.

Motive of the assault had not been learned. Robbery was not believed the cause as Milford's pocketbook was found on the scene containing \$67 in cash.

## HEFNER NEWS

The McNeill gin is quite busy. Rev. Frank Story preached at the Methodist Church Sunday.

Services will be held next Sunday at the Baptist church, with the pastor, Jesse Gray, in charge.

Miss Gladys Jones of the Littlefield school faculty is visiting home folks a few days while her school is closed in order that the pupils may help pick cotton.

Mrs. Roy Jones made a trip to Wichita Falls last week.

Mr. and Mrs. Joe D. Lansford of Paducah visited in the home of C. E. Haskins recently.

Mr. and Mrs. A. L. Haskin have returned from a trip to Harlingen.

Mr. and Mrs. J. C. Elliott spent Sunday in Munday.

Zack Walton has returned from an extended stay in the Wichita Falls Clinic Hospital.

Jesse Chandler and J. Pennington are on a trip to the Plains this week.

**AFTERMATH**

O, I am not afraid to die—  
For I could see the whole wide world from the sky.  
It would be lovely—but then I might wish I were back again.  
—Joy Kirgan, Fairfield, Texas

**THE SINNER**

His sins were many and grievous,  
You knew about them all.  
They were open so man could read them.  
Like posters on a wall.

You were loud in your condemnation—  
I gave no answer to you.  
I knew of his sins for I saw them,  
But I saw his suffering, too.

I saw him struggling in darkness  
Beneath a thick, black pall.  
He sinned, but, Christ, now he suffered,  
But you did not see that at all.  
—Ella Vilosa Freeman, Dallas, Tex

**TRAILS**

Trails that lead to nowhere  
Are trails that call to me.  
Trails that climb the mountains  
And drift down toward the sea—  
Beckon me to follow  
Their gypsy company.  
—Muriel Harrison, Lubbock, Tex.

**LITTLE HOUSE**

Little house beneath the trees  
Did someone's dream die that you  
Are left forsaken?  
Did a soul who loved you  
Tire of living, leave you—  
Shutters closed like poor dead eyes  
Forever blinded?  
—Mrs. J. G. Noel, Atascosa, Texas

**MY THANKS**

Lord, here's thanks to thee:  
A well kept house; a smile

For those I love; a tear  
For one in sorrow;  
A helping hand to all  
Who reach to me;  
A hope to them who fear;  
A courage strong to face tomorrow.  
—Annabel Parks, Lancaster, Tex

**SHOCK**

Just now, there was the silent shriek  
That just precedes a death;  
And now, the shrieking silence  
That takes the place of death.  
—Hope Bussey, Panhandle, Texas

## MOGULS TANGLE WITH BENJAMIN QUINTETS HERE

Locals Basket Teams Win First Start Last Friday

WIN THREE OFF KNOX CITY H.S.

Members of Brazos Valley Basketball Loop

Munday three entrants in the Brazos Valley League pre-season basketball conference will entertain the Benjamin clubs in a triple-header on the local hardwood court Friday night.

The frags will be the second starts for the three Munday teams, and each of the three teams will be attempting to retain a perfect record.

Last Friday the local senior and junior boys basketball teams and the girls senior volleyball team defeated Knox City in circuit competition.

The Benjamin games will be started at 7 o'clock Friday night. It was announced with the admission price of 10 and 15 cents to be charged.

The league will play a round robin of games which will end in time for the start of official basketball season. Members of the league are Munday, Sunset, Goree, Weinert, Benjamin, Knox City and Bomarton.

## Keeping Tab on Junior Students Of Munday H.S.

The Juniors have scheduled a year of entertainment and are hoping that the treasury will hold out. "Miss Treasurer," we are ready for another frolic!

Our Junior Home Economics girls enjoyed helping the Home Economic Club with their Gypsy Tea Room. We were pleased with the number of mothers who attended the tea.

Last week the English III had a good time writing themes. The subjects given to them were very interesting, and some produced good themes. The following was taken from the number:

"A Race Against Time"  
Have you ever stopped to think about how people are rushing around? How things keep on progressing and how people try to get places quicker?

Years ago the only means of transportation was by ox carts or donkeys. In those centuries it took days and days to travel only a short distance. As time passed, men had better means of transportation by wagons, horse back, and crude buggies. Time began to escape more quickly, and the automobile, train, and steamship were invented. The people were more accustomed to living faster and in a more progressive way.

Centuries ago, man was strong, healthy, and heavily built. He was not studious and cared little about the world's progress, but he only applied himself in manual labor.

As time cleared its way, people became weaker physically and stronger mentally because of rapid inventions of the great scientists.

Today people are interested only in making greater value of time by finding new means of speedy transportation, and new inventions to make labor less strenuous.

In the future, families will have their own flying contraptions as we have automobiles today; they will visit their kins folk and friends on neighboring planets. As the people spent their time in traveling and doing scientific work, they will have no time to eat or rest. Thus the people of the world will grow smaller and smaller physically, but mentally they will be to the extreme of their capacity. By then, time will have reached its destination, and just imagine what the people of the world will be. What will happen then?

—Jean Williams.

The Federal Social Security Act does not require a state to pass a law in conjunction with it. Nor does it set up any particular system for states that do pass such laws. Every state has passed these laws, however, and three different systems are used by them.

## ARMISTICE DAY, 1937

**Americans Speak**  
Ten thousand ghostly soldiers rise and march in grand advance  
Above the snow-white crosses on the poppy fields of France;  
Ten thousand ghostly voices chant and echo this refrain—  
"Preserve the Peace we fought for, or we all have died in vain."  
—Gulliver

## SPORTS

News and Views  
By Thomas Rigsby

It seems that the Moguls hit a streak of bad luck in the Aspermont game. They not only lost the game and apparently their championship hopes, also, but lost the services of John Phillips, hard-charging guard.

Phillips will probably be lost to the team for the remainder of the season, suffering a broken nose in the second quarter of the game last Friday.

Munday will play Rule Thursday afternoon, Armistice Day, in another loop contest. Rule last Friday lost to Rochester 7-6 but the week before won from the Hamlin eleven 8-6. The game should be a good one.

It looks like the Moguls will have a nice basketball team. Munday high school has three teams playing in the Brazos Valley conference, formed to run until the end of the football season.

Last Friday Munday senior and junior boys quintets won from Knox City and the senior girls volleyball crew won from the same school. L. S. Hardegreer is coaching the pre-season league high school entry and L. M. Palmer is putting the junior h lads through the paces.

For those who like basketball, you can see the games at Goree, Sunset, Weinert and Munday, the closest points from now on until the end of the football season. However, the strongest interest will be on the grid games until Turkey Day.

## Sophomores Are Proud of Girls

The Sophomores are enjoying learning how to write letters with correct form. Miss Couch, instructor, has spent much time teaching them this phase of English.

The Sophomore class wants to stress the fact that the girls of their class make up most of the pep squad, and without their part, the squad could not be so loyal. We are very proud of our girls. They show up the other classes in their school spirit.

## 10-2 & 4 Club Has Hike

The 10-2-&4 Club went on a hike Wednesday afternoon. We met at Miss Couch's, and hiked out the highway, south, about a mile and a half; there we had our delightful picnic supper. Not all of the members went, but both sponsors, Misses Couch and Smith, went with us. Everyone was in uniform, and this completed our afternoon's jamboree.

Louise: Now Eluace, you'll be frank and tell me everything, won't you?  
Eluace: Yes, darling—and you'll be generous and believe it?

IT PAYS TO ADVERTISE

## Miss Dallas K. Smith Teaching First Year Here

The fourth grade this year is proud to have as its teacher, Miss Dallas K. Smith, new instructor of the Munday school system.

Miss Smith was born in Nashville, Tennessee. She attended school at A. C. C. and Denton Teachers College. Her home is in Abilene.

Miss Smith's hobby is directing plays. Her favorite sports are swimming and hiking.

The 10-2-4 Club is happy to have her as its co-sponsor. The Senior play is also beginning to show the effects of her fine directing.

She is a member of the Munday Choral Club. Last year, which was Miss Smith's first year to teach, she taught the second grade and public speaking in Benjamin.

The fourth grade is planning to have a Christmas play in chapel for us. They have built a miniature house and furnished it. Work is progressing on their Thanksgiving project.

This summer Miss Smith is planning to attend school at Peabody and take her Master's Degree in Speaking.

With Miss Smith's working with the fourth grade and the Seniors in their play, we can expect many fine things from them.

## Afternoon Tea is Given By Future Homemakers Here

An unusual silver tea was given by Future Homemakers of the third year class Thursday afternoon from two-thirty to six o'clock. It is the only one of its type ever to be given in Munday.

The decorations consisted of autumn leaves, various kinds of nuts, pine cones, and hickories which were sent from East Texas, Gypsy designs made from these decorations adorned the center of each of the nine tables.

The waitresses were dressed accordingly. They even seemed to amaze themselves with ability to go gypsy.

Indirect lighting was predominant, which did justice to the autumn loveliness of the room.

A number of guests were invited and were received at the door by the hostess, Mildred Howeth.

Some of the added attractions were "In a Little Gypsy Tea Room" which was sung by a trio composed of Levena Counts, Geraldine Simpson and Weona Thompson. A very nifty tamborine tap routine filled the air coming from the capable feet of Nadine Salem. In one corner was a fortune telling booth where the guests learned to forget the past and think of the future.

The menu card was made of yellow candlelight paper with the title written across it with smoke. Each dish boasted a Gypsy name. I am sure the guests will agree that this oddity held true to its promise to be one of the fall's loveliest entertainments.

## Seniors Select Class Poem And Play This Week

The Senior play has been selected! We are going to start working on it immediately, and the characters will be published next week along with a synopsis. We plan to do most of our work at night, as that is the most convenient time. Watch for the announcement of the date, characters, and title soon. It is going to be a hit!

We shorthand students have found out that we have really got into something. Whether we can get through this office practice course or not depends upon the number of hours we study it; and we know now that we cannot get through it without learning it. We have chosen the following poem as our class poem, for it holds very true in every way:

**Mistakes**  
When a plumber makes a mistake, he charges twice for it.  
When a lawyer makes a mistake, he has a chance to try the case again.  
When a carpenter makes a mistake, it is just what he expected.  
When a judge makes a mistake, it becomes the Law of the land.  
When a preacher makes a mistake, nobody knows the difference.  
When a doctor makes a mistake, he buries it.  
BUT when a stenographer makes a mistake, GOOD NIGHT!

## LAFF SHOW!

Once again this silly column has begun, and from this point comes all the fun. It matters not to I what you call me, for I'm here to print what I see.

**"Did You Know?"**  
Rupert been coming to school? Mary's favorite town is Haskell and not Lubbock?  
Bennie is love sick and doesn't know what to do?  
Kathleen Houser sports a high temper?  
Kate Nell is somebody's blushing beauty?  
Jack Pippin and Hollis have become football heroes?  
Dan is compiling a new dictionary called "Non Turshey" (Be careful, Dan, don't put Webster out of business.)  
Isadore speaks his Spanish with his eyes?

**The Joke's On You**  
Maxine, in a flutter and speechless over her first date.  
"Mother, what shall I say?"  
Mrs. Eiland—"Oh, just say something sweet and soft."  
Mac opens the door.  
Maxine said—"Sweet milk and mush."

**Using Your Imagination**  
Judson as a baby.  
Jean a "Gibson Girl".  
Charles Haynie in knee breeches.  
Mary Moore as a "one man girl."  
Margaret in an argument.

**Salesman:** This new typewriter will add 100 per cent to the efficiency of your classes.  
**Mr. Cobb:** Why?  
**Salesman:** Look at the adjustable mirror, powder compartment, manicure set built in, and a hide-away for chewing gum.

**Jeff Dean Bowden,** son of Mr. and Mrs. J. O. Bowden visited in his parents home the past week end. He is attending school at Hardin-Simmons University at Abilene.

**Miss Rita Dingus,** Seymour, visited in the home of her parents over the past week.

## Knox City Youth On Radio Program

William B. Hudson, 10-year old Knox City youth, is presenting weekly programs over radio station KRBC, Abilene, playing string instruments and singing.

Young Hudson plays the guitar, banjo, mandolin, Actophone and violin, and has been singing and playing in public appearance the past two years.

He can be heard each Sunday afternoon at 2:30 p.m. on the Abilene station. The radio artist would appreciate letters concerning his program.

The youth is the grandson of Mr. and Mrs. Ike Hudson of this city.

## Christmas Toy Production Up

When Santa Claus starts out with his Christmas pack this December 25 it will represent \$230,000,000 in toys alone, an increase of 10 per cent over last year's production.

A preview of the new toys, staged in New York this week by the toy manufacturers—the nation's incorporated Santa Clauses—reveals continued trend toward scientific toys. For boys (and father) the manufacturers have produced miniature polariscopes, micro-projector scopes, a science scope that will magnify the molecular explosions of lemon juice or soda in full colors, and engineering equipment of all kinds to do in miniature what utilitarian machines are doing daily in mines, factories, and on construction projects.

Dolls for young mothers have been perfected to such an extent that it is difficult to tell them from real babies. A new drinking doll can consume the contents of her bottle lying down, and doll voices have been materially improved.

**HARRIS HARGROVE** — Mr. Ray Harris and Miss Alice Hargrove were married at Benjamin November 6th, and left soon for California, their future home. Their many friends in this community offer congratulations.

Hubert Isbell returned to his home in Midland Monday after a visit with his parents. Mr. and Mrs. George Isbell.

NOV. 11th 1918

NOVEMBER 11th, 1937

The scene changes . . . and so do the actors . . . but gratitude and memories never die. Today, 1937, is tremendously different from that wonderful morning in 1918 . . . our country following peaceful pursuits, business is prospering as are our people. The First National Bank in Munday lived and served through it all . . . and still are serving . . . you.

First National Bank in Munday

**EVERY MAN WHO EVER LOVED HIS FAMILY—**  
is invited to participate in this \$40,000 NATIONAL CONTEST ON THE Electrical Standard of Living

**HAVE YOU** ever thought how little the Pilgrims actually had for which to give thanks? How infinitely more blessed are we of today! But it was those brave souls who, through love for home and family, made Thanksgiving Day a national institution—a day for reflection on our domestic bliss. And our blessings have increased year after year until 1937 finds many thousands of West Texans possessed of all-electric homes . . . enjoying the Electrical Standard of Living. It is a mode of life—comfort and ease—undreamed by the Pilgrims. Its adoption has been swift in West Texas, so swift that this Thanksgiving finds a larger percentage of West Texans living in electrical security than do average Americans. We live better because every man who ever loved his family has sought to provide the advantages of Electric Service.

**1st Grand Prize**  
\$12,000 New American Home

**2nd Grand Prize**  
\$8,000 New American Home

Plus  
**10 Prizes Each**  
Worth \$200 each week

Enter this great national contest by writing not over 100 words on why you approve of the Electrical Standard of Living.

You Need This **FREE FOLDER**

Both men and women are eligible to enter this FREE contest. Ask for the free entry blank at our office. The two grand prizes—a \$12,000 and an \$8,000 home—will be awarded to winners after December 4. They will be selected from 10 weekly winners of \$200 prizes. Ten prizes will be awarded each week from now until December 4. You still have an equal chance to win a grand prize!

# PEEP SHOW

FOR LADIES ONLY  
—BY—  
MIGNON

For all life's vicissitudes  
And troubles without end  
God knew we needed comforting  
And so he made a friend.

Friendships are, so to speak, acquaintances which have "taken." The taking is not without its pain and irritation and swelling and mortification. Our relations are born to us but our friends are our own creation in partnership with God. The heart that is touched with pity at a friend's pain is better than the throat caressed by pearls; the breast where love abodes is better than the old castle where robins build their nests, and the warm glance of a friend is more comfort than the richest sable. A friend is the natural one you turn to in times of deep trouble and grief and though sometimes miles may separate you the tenderness and sympathy that you know is there permeates your being like music from a heavenly symphony. Birth and death are faithful servants to keep a tryst beyond the shadows of life's pagoda during the scattered hours when their duties permit association.

Cicero, that old guy whom you remember as wanting to borrow your ears back their in high school, really had something to put into them if we had only listened, I'm sure. He once said: "A thankful heart is not only the greatest virtue, but the parent of all other virtues."

I've had to break the grandest date  
But hope I hardly show it  
I had one with that Household guy  
But shhhhh, he didn't know it.  
For I think every writing gal  
From here to Timbuctoo  
Had made a tryst all of their own  
To meet the same guy, too.

I'm working on a budget  
Plum full of blurs and smudges  
And this I know from squeezing bills  
It hardly ever budges.

I have been working my flower beds for next Spring's blossoms. I have planned just how each flower must grow to develop into its natural beauty and sweetness, and while my hands worked in the soil, I thought of how much like a garden life is. How careful we must be with our planning for life, how carefully we must select the right seed, the correct culture for tender plants which are our children. How tenderly we must watch over them that no choke weeds of selfishness, bad habit and wrong living spring up beside them to hamper their growth. How joyous then it is to see the buds maturing into blossoms to be shared with a beauty-starved world in the spring-time of tomorrow. Yes, I must watch and pray, cultivate and weed this garden of Life I am tending.

Hey... Gals... Hey... I'm a long time telling you no doubt but forgiving me that, please dig up your old copy of Pictorial Review and read in the September issue "The life of the party," by Mrs. Bradley. It is so adroitly written bold and frank and exactly to the point. It is a story which I wish every young girl might read. Those little fledglings who want to be popular yet are inherently good, who want to keep up with the crowd and be the-life of the party. Maybe some of them could be spared the anguish pitiful little wise-cracking Sallie experienced if they are handed this story. Loving a certain little sub-deb as I do this story was a godsend to me to place in her hands for it tells her many things and has, I hope, performed a real service.

I looked into my mirror  
And laughed at what I saw—

## PASTRY

It wouldn't be Thanksgiving without a supply of the many delicacies at your command at the Star Bakery.

PLACE YOUR ORDER NOW AND AVOID ANY DELIVERY DELAY.

**STAR BAKERY**  
CLEM THOLE, Mgr.  
Phone 145 Munday

A something like a shriveled peach  
A "windfall" in the raw.

Yes, try it sometime. Give yourself the onceover in your mirror with the shades pulled up and no soft lights and see what you see. It is surprising indeed. Sometimes you can hear in a month of Sunday's. For instance, mine told me this: "You can't help nor greatly improve what you look like on the outside but you can make the "Inner You" anything you wish it to be." Pretty good old face after all.

Overheard in a barber shop:  
"Well, his wife can't help that she's so ugly, but she could stay off the streets."

Now that the 1938 Models are on display with all the new improvements and gadgets that turns most any make of car into a luxury boat, I am reminded of a jingle I lifted from somebody's clever pen.

A bawky mule has four-wheel brakes  
A billy goat has bumpers,  
Rabbits are puddle jumpers  
The firefly has a bright spotlight  
Camels have balloon-tired feet,  
And carry spares of what they eat

But still I think that nothing beats  
The kangaroo with rumble seats.

Sabbath days are quiet islands  
on the tossing seas of life.

Justice Hugo Black appointed a Catholic as his secretary, a Jew as his clerk and played black-man when he was a kid and yet they still harp on that Klan business.

In the Hit Parade of people going places with their pens I have found our own Jennie Harris Oliver in the November Household with a "Rain Carnival" so musical and full of lovely imagery that I knew from the first line that none other could have written it. And in the same magazine a gem called "Prayer for Talent" by a youngster from Ardmore, Oklahoma, whose name is Helen E. Miller. And I see that soft-eyed Josephine Hawks has been landing feature stories with the Sunday dailies. Power to them all and may the singin lines bring winging checks... tish, tish, I'm so mercenaryyy!

Did I tell you that Gertrude Major is taking aspirin and wringing her hands to carry on with all her duties while her new book, "Pageantry of Thought," is coming off the press? It is the greatest thrill and the most heavenly suspense imaginable and yet hard on finger nails that must of necessity be chewed off to the "quick." The title is so thought provoking and beautiful that I've been envious

ever since I heard about it. Why I have thought of that? Anyway, clear your decks, get everything out of the way because next week I will tell you all about it and you'll start writing "Pageantry of Thought" in his gifts to you.

already have written him to do that very thing and if he should leave out Don Blandings newest book and Mrs. Ferguson's "They Carried the Torch" I don't see how I can stand it.

When you read this think of me as acting like a club woman... you know, those ladies with big bosses, big buttons and big bulges... but they throw grand conventions. It was Milton who said "The ladies... God's last and best work."

Don't any of you dare stand up and remark, "Oh, yeah—he was blind, wasn't he?"

**Dean is Granted Leave of Absence**  
Austin, Texas, Nov. 10—Dean T. H. Shelby of the Division of Extension, University of Texas, has been granted leave of absence in order to attend the National Conference on Educational Broadcasting to be held in Chicago, November 29-December 1.

**Professor Attends Meeting in East**  
Austin, Texas, Nov. 10—Dr. W. E. Gettys, professor of sociology at The University of Texas, attended the meeting of Directors of University of Social Science Research Organizations in Cambridge, Mass., November 5-7.

**Times Want Ads Get Results**  
The picture is "The Life of Emile Zola," and the scandal is that surrounding the conviction and imprisonment of Captain Alfred Dreyfus, on Devil's Island, on a trumped up charge that he had sold important army secrets to Germany. The picture will show next Sunday and Monday at the Roxy Theatre.

Not only the great success of "The Story of Louis Pasteur," with Paul Muni in the title role, but also the powerful drama of Zola's picturesque career as a moulder of public opinion in France, influenced the studio in making this picture. Muni, who won the Academy Award for his Pasteur effort, also has the title role in "Zola." Zola was France's first great naturalistic novelist.

His most sensational work was "I Accuse," in which he viciously attacked everyone who had any part in the condemnation and imprisonment of Dreyfus.

He had become convinced of the

**'Life of Zola' With Paul Muni Coming to Roxy**  
One of the most notorious scandals in modern history supplies the motivation for the second great Warner Bros. picture within a year based upon the life of a famous Frenchman.

The picture is "The Life of Emile Zola," and the scandal is that surrounding the conviction and imprisonment of Captain Alfred Dreyfus, on Devil's Island, on a trumped up charge that he had sold important army secrets to Germany. The picture will show next Sunday and Monday at the Roxy Theatre.

Not only the great success of "The Story of Louis Pasteur," with Paul Muni in the title role, but also the powerful drama of Zola's picturesque career as a moulder of public opinion in France, influenced the studio in making this picture. Muni, who won the Academy Award for his Pasteur effort, also has the title role in "Zola." Zola was France's first great naturalistic novelist.

His most sensational work was "I Accuse," in which he viciously attacked everyone who had any part in the condemnation and imprisonment of Dreyfus.

We want to buy one hundred photos showing interior views of homes of this section. Each photo submitted must include a view of gas heating equipment. Note the sample below and read the five simple rules of the Contest conducted by your gas company.

A prize of \$10 will be awarded EACH of the TEN BEST PHOTOS submitted each week. At the close of the TEN WEEK PHOTO CONTEST four additional grand prizes of \$100, \$75, \$50 and \$25 will be awarded the four best photos submitted.

The above photo illustrates a radiant circulating type gas heater used in the home of one of our customers. Any type gas heating appliances may be included in your entry.

### 5 Simple Rules of the "Heating Photo Contest"

1. All photos must include a view of the gas heating equipment used to heat the room or adjoining room in which the photo is taken. (See sample).
2. The house in which you reside must receive its gas service from one of the companies of Lone Star Gas System and all photos submitted in the TEN WEEK CONTEST must be taken in a home served gas by one of the companies of Lone Star Gas System. These companies are: — Lone Star Gas Company; The Dallas Gas Company; County Gas Company; Community Natural Gas Company; Texas Cities Gas Company.
3. Employees of any company of Lone Star Gas System and their immediate families and professional photographers or persons engaged in the business of making photographs for commercial purposes are not eligible to enter this Heating Photo Contest.
4. All photos submitted must have your name and address (including the town) PRINTED PLAINLY ON A SEPARATE PIECE OF PAPER AND PASTED TO THE BACK OF EACH PHOTO ENTERED IN THE CONTEST.
5. All photos submitted should be delivered to your local gas company office or mailed to LONE STAR GAS SYSTEM, ADVERTISING DEPARTMENT, 305 S. HARWOOD ST., DALLAS, TEXAS.

The contest is for a TEN WEEK Period from October 11, 1937 to December 18, 1937 (inclusive). All photos submitted will become the property of Lone Star Gas System to be used as desired by the company. Photos entered in the contest will not be returned and weekly prize winners will be advised by letter. At the close of the ten week contest a complete list of prize winners will be available for your inspection at your nearest gas company office.

## John Brown has "a cold",

John Brown is usually a careful man. But John Brown, like many others who catch cold during winter months, ignores the dangers of sudden changes of temperature. Some rooms of his house are heated and others are not. Now John Brown has a cold!

## And the little Browns are sniffing,

Like their Daddy, the little Brown girls have a cold. Although the room where they play is kept cozy and warm, frequently they go to unheated parts of the house. It doesn't take the cold germ long to strike when the girls go into the cold bedroom to bring additional toys.

## And Mother Brown is taking chances . . .

Mrs. Brown hasn't a cold . . . yet. But Mother Brown is constantly taking chances with her health as she goes from the warm rooms into cold ones during her busy day. Wouldn't it be safer for the Brown family to HEAT THE ENTIRE HOUSE this winter?

### Turkey Shoot at Quanah Sunday

The above men members of the Quanah Rifle Team, C. Boynton, E. O. Dykes, president, W. J. Huffman, Dr. Rudy G. Warner, secretary are sharpening their eyes for the annual Turkey Shoot which will be held in that city Sunday, November 14. Four rifle divisions together with pistol and trap shooting will be held. Merchandise prizes such as radios, automobile heaters, floor lamps, etc., will be awarded winners.

### ESTIMATE 60 TO 70 PER CENT OF COTTON HERE GATHERED; FEDERAL ESTIMATE REACHES ALL TIME HIGH

Over 16,000 Bales Of Cotton Ginned In Sector

### MUNDAY LEADS WITH 10,000 IN

Knox City Has Ginned More Than 7,500

Ginnings of the Munday area are believed to have passed the peak during the week. It was estimated that 65 to 70 per cent of the new cotton crop had been gathered and ginned.

The Munday area, including Goree, Rhineland, Sunset, Hefner and the immediate Munday farming lands, have ginned approximately 16,200 bales, and based on the estimate that 60 to 70 per cent of the crop is in, means that the Munday area will produce something near 23,500 bales.

Knox City, located on the west end of the Knox prairie, has ginned approximately 7,500 bales it has been reported. Munday ginnings are near the 10,000 mark.

Federal Estimate Up  
The November federal agricultural cotton estimate of the new crop was given a new boost when the new estimate was announced at 18,243,000 bales.

The new forecast set a new record high for cotton production in the United States, and the yield was set to a new high and record of 258.5 pounds per acre.

Total ginnings of the nation were set at 13,164,000 for November 1, according to the estimate. Total acreage in cotton this year was given at 33,000,000 acres.

Texas, leading cotton producer in the nation, will produce 5,060,000 bales according to the estimate and 3,664,927 bales have been ginned. Although the market broke sharply immediately following the report, it rebounded in the next close to go slightly higher than the previous close.

### OIL TEST NEAR GOREE SPURRED ON ALLEN FARM

Well Will Be Drilled to Depth of 2,000 Feet

Oil operations in this section took another boost last week when the Allen No. 1 was spudded in southeast of Goree in Throckmorton county.

The test will be drilled by Leslie Spoons, an independent oil operator of Fort Worth, who has a large block leased in the immediate vicinity surrounding the well.

Drilling contract for the wildcat test will call for 2,000 feet, it was reported.

The test coupled with the leasing activity near Truscott and other lease blocks under way in the county will cause considerable oil activity in the near future. The Knox City lease northeast of that city was dropped recently when the driller failed to get enough land in his block.

Another block will be attempted near Munday on the near future. It was reported this week. Acreage will be leased to the driller without cost to him and will include a drilling contract of 4,000 feet, it was reported, if the block is secured.

### K. CUNNINGHAM OF GOREE DIED HOME OF SISTER

A Prominent Figure In Texas For Past 25 Years

Death, Sunday, October 31, claimed the life of a prominent Texan, when K. F. Cunningham, pioneer Texan, died at the home of his sister, Mrs. Charles Johnson in Goree. He had been a groceryman in Goree for the past 10 years. Born in Comanche county, Texas, March 23, 1874, deceased was 63 years, 7 months and 8 days of age. He was married to Miss Lily Grundy, June 17, 1911, who preceded her husband in death, passing away in 1926.

Cunningham had been a prominent figure in Texas for years before his retirement to private life. He was a volunteer in the Spanish-American war, enlisting as a sergeant in Company F of the fourth regiment of the Texas Infantry of Volunteers.

During the administrations of Governors Colquitt and Ferguson he served as assistant warden in the state penitentiary at Huntsville, warden at Rusk, and manager of the Sugarland and Ramsey prison farms.

During the world war he volunteered for army service, but, being too old, was disqualified. However, he was accepted as a state ranger. During this time he was captain of a company of rangers to patrol and protect our citizens against depredations of Mexican outlaws and renegade "sackers" who worked for them.

The last border invasion of Mexico by the U.S. as recorded by history was by Captain Cunningham's force. Cunningham also contributed much of his time in later life to the Salvation Army. He was a member of the First Baptist Church aligning with that religious belief at an early age.

He is survived by five brothers and two sisters.

### Ranchers From Three Counties Hear Discussion

(Continued From Page 1)

Following lunch, the group of men made a tour of inspection examining tanks on the Dr. G. H. Beavers ranch two miles northeast of Benjamin, terraces on the pasture land of O. D. Propps ranch which were connected up with the terraces of the adjoining farm of Earl Sams. Some pasture land was seen that had been listed on the contour at League ranch near the Knox City-Benjamin highway. This land was listed last March and has been completely covered with a heavy grass turf.

### Champion Liar of Lions Club Named Wednesday Noon

The Munday Lions Club mixed fun with a little business in the regular weekly luncheon Wednesday noon at the Eiland Hotel.

The student honor award project was voted into the year's activities and will become an annual event. The club sweetheart was selected by unanimous vote, with Miss Mildred Kennedy chosen by the committee. Miss Kennedy will meet with the club each Wednesday and will serve as pianist for the organization.

A contest for champion liar resulted in Lion Dr. J. H. Bass receiving the liar cup for the first month. The contest will be a monthly affair with the winner keeping the cup for a month. To prove that his lie was a "whopper," he beat out Lion Posey Williams who had the nerve to state that a man received 20 cents a pound for a bale of cotton. "That's Lying."

### Overheating of Homes Dangerous

"With colder weather on its way to Texas, it's time to think about home temperatures during the winter months," states Dr. Geo. W. Cox, state Health Officer.

"There is evidence that thousands of homes are constantly overheated during the winter. In fact many families tolerate an indoor temperature during the colder months to which they would strenuously object in the summer. Such persons are not only uneconomical with their fuel supply, but are endangering their health as well," Dr. Cox continued.

"People living in homes with overheated temperatures become soft, the system is weakened and is at a decided disadvantage in defending itself against the sudden change from a too great intramural heat to the penetrating cold."

"Consequently colds, bronchial troubles and pneumonia, taking advantage of the situation, step in and do much unnecessary, and not infrequently, fatal damage. You agree that this is entirely too high a price to pay for a few extra degrees of unneeded heat."

"We all know families who are starting on their annual scourge of colds and sore throats. But this does not alter their affinity for super-heat. They ignore the fact

### FARM INCOME TEXAS GAINS IN SEPTEMBER

\$101,000,000 Cash Income Registers Slight Gain

Austin, Texas, Nov. 10—Farm cash income in Texas during September was estimated \$101,000,000, compared with \$87,000,000 during September last year, an increase of more than 15 per cent, according to Dr. F. A. Buechel, assistant director of the Bureau of Business Research at The University of Texas. The average September farm cash income during the sixty months base period, 1928-32, was approximately \$114,000,000, so that the September index—percentage of the base period income—was 88.4 this year and 76.4 last year.

"The wide variation in the indexes, shown in the table below, as between the different crop reporting districts during September, and also as between the marked differences in production of the main sources of cash income, and to the changes in prices of major crops and of live stock enterprises compared with last year, and with the base period, 1928-32," Dr. Buechel said. "It should be added that government benefit payments and subsidies are not included in any of these computations."

Mr. and Mrs. J. E. Kennedy of Hamilton were week-end visitors in the home of his father, J. P. Kennedy and other relatives.

Times Want Ads Get Results

that 68 to 70 degrees is the best temperature. A thermometer kept within that range, plus proper humidity, is a definite safeguard. We need that safeguard. What does your thermometer read?"

### No Payments on Cotton Sold In Government Loan

Subsidy payments will not be made on cotton placed in the government loan unless it is sold before July 1, 1938.

The producer cannot order the cotton sold as he has been able to do in the past, but should he desire to sell he must repay the loan and then he can sell, otherwise the Government will sell the cotton placed in the loan.

Subsidy payments will be made on 65 per cent of the base production of each farm, and the base production will be placed at what the 1937 soil conservation program set up for each farm program. Subsidy payments. Rice stated again, will be only on the cotton sold before July 1, or on 65 per cent of the cotton placed in the federal loan.

### New Machinery Installed Here

A new Frankie Type mattress machine was installed last week by the Home Furniture Company, M. Boggs, proprietor of the firm, announced.

The new machine will make it possible for the mattress factory to construct a mattress of much better quality than before, and will be more efficient, Boggs stated.

His volume has increased steadily during recent months and at present the firm is making 10 new mattresses daily. He also has a large stock of new and used furniture, and has shipments coming in weekly.

Boggs also announced that he has added the services of A. C. Boggs, Jr., a brother, who was formerly employed at Hamlin.
