J. P. KENNEDY IS DEAD AFTER HEART ATTACK

Death Came Wednesday Afternoon At Home

WAS RETIRED MAIL CARRIER

Resident of Munday For Past Twelve Years

One of Munday's pioneer residents, J. P. Kennedy, passed away Wednesday afternoon at 1:30 in his home the result of a heart attack.

Mr. Kennedy had been ill for the past week but did not become serious until Wednesday morning. He was a native of Alabama.

Born August 29, 1860, deceased was 77 years, 2 months, and 18 days old. Mr. Kennedy moved to Texas from Cook county, Alabama and for the past 12 years had been a resident of Munday.

A mail carrier for years, he had been retired from the service and during the past few years had been inactive in business.

Last services were held Thursday afternoon at 3:30 p. m. from the First Baptist church with the Reverend W. H. Albertson, pastor of the First Baptist church, officiating. Burial was in the Johnson cemetery. Arrangements were under direction of the Mahan Funeral Home.

Pall bearers for the deceased were Harvey Lee, Tom Haney, J. H. Bass, Charlie Fitt, Jess Burnison, and Ardell Speck.

Surviving are Mrs. Dora Belle Kennedy, Kansas; Mrs. Les Hudson, Grandview, Texas; J. A. Kennedy, Altus, Oklahoma; Mrs. Lincoln Phillips, Waco; Mrs. Eva Bellrose, Munday; J. E. Kennedy, Hamilton, Texas; Glenn W. Kennedy, of Washington, D. C.; and Miss Mildred Kennedy, Munday. Also 12 grandchildren, and one sister, Mrs. Annie Montgomery of Sulphur Springs.

J. A. Kennedy, son of the deceased, formerly published the Munday Times.

Music Club Will Present Musical Program Friday

The Munday Music club will present an artists program Friday night at the Methodist church auditorium at 7:45 o'clock, it was announced today.

Fourteen individual numbers will be presented by the visiting artists all of whom are from Wichita Falls. The program will consist of compositions from the worlds most famous song and music writers.

Accompanist for the entertainers is Mrs. A. H. Mahaffey, outstanding pianist of Wichita Falls.

Times Classifieds Will get you results. A call to 46 will sell, buy, or trade what you need or have.

LEGION MEMBERS ATTEND PROGRAM

Approximately 15 to 20 members of the local American Legion attended the parade and feed staged at Rule last Thursday Armistice Day, it was reported to this paper. The Rule affair was the only Armistice Day program and parade in this section of the state and ex-service men from the entire area assembled for the services.

Reminiscence of war time incidents was enjoyed by the many Legionnaires attending.

REP. MOFFETT IS IN STATEMENT OF SPECIAL SESSION

Tells Of His Voting And His Stands In Austin

The Times is in receipt of the following statement from Representative George Moffett which is self explanatory:

"So many people have inquired concerning the activities of the thirty day special session of the Legislature just closed, that some discussion of the matter seems in order. By way of introduction, I might point out that it's not particularly out of the ordinary for two or three weeks to be consumed in the trial of an important case in one of our courts, and then the jury may become deadlocked and not bring in a verdict, thus making another trial necessary. Nobody seems to blame the jury of twelve men if they don't agree, but it has become somewhat the habit to pour considerable criticism upon the State Legislature, composed of two separate branches and a total of 181 members, if they cannot agree. And the recent session was a "tax" session, which brings on the most and bitterest disagreement of all."

"The Governor strongly urged us to levy fifteen million dollars in new taxes. Senators Holbrook, Rawlings and others strongly opposed any taxes whatever, in spite of the fact that not three months ago the people of Texas, by a majority of three to one, voted for aid to the adult blind, and to destitute children. Most of the members, including myself, thought that the Governor's request for fifteen million dollars was entirely too high. And likewise most of the members, including myself, thought that those times that the people had voted so strongly for and so recently, should be taken care of. I still think so, as there is no higher authority than the vote of the people."

"The fight revolved around the question of who was to be taxed. Agricultural members quite properly claimed that farmers, and those in the smaller towns immediately dependent upon farmers, were undoubtedly unable to stand further tax burdens, and this (Continued on Page 8)

THANKSGIVING TURKEY MARKET NETS FARMERS OF MUNDAY \$6,000; 3,000 BIRDS ARE ESTIMATED SOLD

Rev. Longino Is Attending Annual M.E. Conference

Rev. H. A. Longino, pastor of the Munday Methodist church, together with Rev. Story, pastor of the Munday Methodist Circuit and other Methodist pastors of Knox County charges are in Quannah attending the annual church conference this week end.

The conference opened in the northern state city Wednesday morning and will run through Sunday night, with Bishop Hiram A. Boaz presiding.

New presiding elders will be selected to succeed those who have served their quadrenniums, and reports of the past year's activities will be heard. Pastors will be assigned their charges for the next 12 months Sunday night.

All Methodist pastors of the district filled the pulpits last Sunday for the last time of the church year. It is understood that the local congregation has asked that Rev. Longino be returned to the local church as pastor for another year.

The Northwest Texas Conference embraces the Panhandle and West Texas as far westward as Midland, and as far east as Putnam, Seymour and Throckmorton. It has 70,607 members, 413 church organizations, a value of \$4,070,411 on 432 buildings owned.

OLD PAPER IS DISPLAYED

ETRA! Important! Assassination of President Lincoln! Secretary Seward Daged in His Bed! Thus read headlines of the New York Herald, daily newspaper of New York City which hit the streets at 8:10 a. m., with full official dispatches regarding the assassination of the Civil War President of the United States Saturday, April 15, 1865.

The paper mentioned is the property of Alvin Floyd of this city and has been in the possession of his family since the date it was published. Floyd heired the valuable paper from his father on his death in 1906.

Although the valuable paper is 72 years old it is in good condition and has not turned in color. The famous journalist James Gordon Bennett was editor and publisher of the sheet.

The columns of the paper were nearly three inches in width and the entire front page had black column rules instead of the usual fine hairline rule.

Christmas Market Expected to Be Larger

With the close of the local Turkey market Thursday more than 1200 birds had been sold on the Munday markets, it was estimated by Dick Atkeison manager of the Atkeison Grocery and Atkeison Produce.

The birds represent about 20,000 pounds of holiday food for Thanksgiving dinner tables. It was also estimated that approximately 3,000 turkeys had been sold by farmers of the Munday area on the local market and other nearby markets.

Average price reported for the turkeys was around 14 cents per pound making each bird average something near \$2.10 each, or \$6,000 in cash to farmers of this section.

Atkeison is of the opinion that only a small portion of the Munday area turkeys were sold on the Thanksgiving markets and predicted that a much larger number of the birds will be sold for the Christmas holidays.

COLLISION IS FATAL TO MAN MONDAY NIGHT

Ed Brown, Weinert Truck Driver, Instantly Killed

Ed Brown, 42, Weinert trucker and resident of that community for the past 20 years, was instantly killed shortly before 9 o'clock Monday night when he ran head-on into a truck as he attempted to dart across the highway in the south outskirts of Weinert.

Brown failed to see the truck, being towed by another, investigating officers surmised and ran head-on into the rear truck. Thrown to one side of the highway, the victim suffered a fractured neck and head injuries.

Deputy sheriffs Mart Clifton and Riley Llewellyn investigated the accident and released the truck driver, Dewey Spivey, pending a coroner's inquest to be conducted by Justice of the Peace S. L. Coggins of Weinert.

The truck driver told investigating officers he had no knowledge of the accident until the driver of the truck being towed applied brakes to stop their machines.

Officers believe that Brown attempted to cross the highway immediately after the truck had passed, unaware that the second machine was being towed.

Brown is survived by his widow and four children. An ambulance from the Kinney funeral home in Stamford was called and removed the victim to Stamford pending funeral arrangements.

Rhineland School Reopened Monday

The Rhineland school system reopened last Monday morning following an eight weeks closing for cotton gathering operations in that community.

The superintendent, John J. Hoffman reported that attendance was very good considering that some had not completed gathering or passed the peak of picking.

Approximately 70 per cent of the cotton of Rhineland has been gathered, it was reported.

Attends Banquet

Miss Nina Astin, county home demonstration agent attended a banquet held at the Presbyterian church last Thursday night. An enjoyable evening was reported.

Times Want Ads Get Results

Young Texan on Broadway

Recognition came to a young Texas actress recently when Miss Gladene Parr of Waelder was chosen from among 300 applicants for a role in the latest production of the Theater Guild of New York. The play, "Madame Bovary," opened in Washington and then in New York. Miss Parr is a graduate of the Speech department of the Texas State College for Women, and won a prominent role in "Cavalcade" last summer. While a student in Denton she was named the most beautiful girl and the most outstanding dramatic student on the campus.

Stamford Agrees to W.T.C.C. Move To Abilene in Exchange for Building

Injunction Scheduled For Hearing Dropped in Return for Deed to Building

An agreement whereby the West Texas Chamber of Commerce will pay the indebtedness against their headquarters building here and the injunction proceedings against the organization's move to Abilene will be dropped was concluded Sunday.

The agreement will be made final when the board of directors of the W.T.C.C. authorizes the move by a special vote.

The chamber will pay the \$1,800 indebtedness and interest against the building and lots and transfer them to the city of Stamford by a special warranty deed, it was decided.

However, the injunction will continue in force until the agreement is complied with. The suit was scheduled for a hearing Monday in an Anson court under Judge W. R. Chapman.

Copies of the agreement will be mailed Monday to the 186 directors of the chamber who will be requested to make response by telegraph. If the agreement is ratified, the chamber will execute the deed through its proper officers, and the suit will be dismissed.

Committees composed of A. J. Swenson, Frank Morrow, and R. C. Thomas for the plaintiff and J. D. Hamlin for a New Mexico law firm for the defendant worked out details of the agreement here Sunday afternoon.

Medical Society Meets Hear Discussion of State Health Program

Last Tuesday night at the Home Economics department of the Munday High School the Tri-County Medical Society, consisting of Baylor, Knox and Haskell counties held their regular monthly meeting here.

Open house was held and county officials and other citizens were invited to attend to hear the main speakers of the evening, Dr. R. B. Wolford of Weatherford, Texas, and Dr. H. H. Puckett, of Floydada, Texas, district directors of the new state health department set up.

The two men discussed at length and answered questions of the medical men and visitors in connection with the new plan of the state health department.

The meeting was to acquaint the public with the work of the State Health Department, the two speakers said. He emphasized that they did not intend to practice medicine, with the needy or others, but their field of work was to prevent disease, especially among those who were not financially able to protect themselves with preventative measures.

Much discussion was had on possibilities of creating a county health department, consisting of a director, sanitation engineer, nurse and office stenographer, to be supported by the three counties represented and also with the possibility of including Throckmorton county.

Attending the meeting were Dr. T. W. Williams, Haskell; T. P. (Continued on Page 8)

GAME WILL END SEASON UNLESS ONE SCHEDULED

Thanksgiving Date is Open On Mogul Calendar

HAMLIN STRONG FAVORITE HERE

Mogul Win Would Be Big Upset To Dope

Munday's fighting Moguls will play their last home game, unless a game is scheduled for Thanksgiving, when they tangle with the Pied Pipers of Hamlin here Friday afternoon.

Hamlin, a member of the strong class B conference which includes Stamford, Haskell and Anson, has won a majority of their games this year, but are out of the conference race for the title.

Hamlin defeated Aspermont, another class C team and leader of the local circuit, but lost to Rule in a big upset two weeks ago.

Although Munday will be classed as the underdog they have signified that they are going to fight the limit to hang up another win in their last home game, which in all probability will be the season's last.

A. J. Manuel Retires From Railroad Job

The oldest section foreman, in point of service, of the Wichita Valley Rail Road retired from duty November 15th, when A. J. Manuel stepped from his job.

Manuel began his railroad career in Abilene 31 years ago and has been in service continuously since that time. He has lived at Seymour the last 8 years with the exception of two years spent on the spur line and lived in Munday for 15 years previous to that.

Manuel and his daughter, Mrs. Bertha Satcwell and her son, Chas. Edgar, will make their home in the future near Pleasant, Texas, 30 miles south of San Antonio. They will be nearer Mr. Stancell who is a patient in the Government hospital at Leon, Texas.

OFFICIALS AND MEMBERS OF 4-H CLUBS IN MEET

The Knox County 4-H girls and Miss Nina Astin, county home demonstration agent, played the role of hostesses to visiting girls and club officials at Benjamin, November 4th, in an all day meeting.

Miss Ona Jackson, 4-H girl specialist of College Station, delivered the principal address to the group, taking for her subject "What Part Club Women Have in 4-H Club Work."

Miss Vida Moore, district county demonstration agent for this district, No. 3, attended the session as did Miss Pauline Hargrove, agent for Stonewall county, Miss Mildred Vaughn agent for Haskell county and Miss Astin.

Francis Pettes, Truscott 4-H girl club member, and recently awarded the rank of "Gold Star," the highest honor in 4-H work, had a display of hand work for the guests and three members of the Gilliland club gave a play on table etiquette.

Approximately 75 club women, officials and club girls attended the all-day session.

TWO PERSONS GET THEATER PASSES

"A Star is Born" will be witnessed by two persons either next Sunday or Monday at the Roxy Theatre as guests of this publication.

An all technicolor production, featuring Frederic March and Janet Gaynor, the picture is ranked high in the new releases for this year. Read The Want Ads and find out who is the winner.

Need Vocational Agriculture

Munday, a farming city, located in the heart of one of Texas outstanding agricultural sectors, supported wholly by farming, is passing up the "best bet" it has to further commercial farming by not having Vocational Agriculture on the high school curriculum.

A vocational agriculture instructor will cost considerable money, to be true, but the federal government and state governments will each pay one-fourth of the salary of a vocational agriculture instructor. Thus the school district and town must pay only one-half of the salary.

Ask the man who lives in the town where vocational agriculture is taught and let him tell you the inestimable value of such a department in the high school. Munday needs this in the high school system.

Many people take no care of their money until they come nearly to the end of it and others do just the same with their time.—Goethe.

If you are in the right, you can afford to hold your temper; if you are wrong you can't afford to lose it.—Louis Allis Messenger.

Use more horse sense and less horse power... Don't create hazard by excessive speed.

The writer arrived in Washington last Friday in preparation for the special session and finds the different members coming in to be here for the opening of the session. By the time you read this letter, the President will have made clear to the Congress in his opening message his views regarding the major legislation to be considered at this session, i.e., crop control, wage and hour, tax loophole, departmental reorganization and power regulation. None of the above mentioned measures are ready for immediate consideration except departmental reorganization.

It seems that the Agricultural Committees of the Senate and House have been holding hearings

on this legislation, and have not yet reached any definite conclusions regarding the basic agricultural commodities. Some favor control of products through acreage on the present voluntary plan, with increasing subsidies to invite cooperation, having in view continuing the present program with larger subsidy payments to the cooperating farmers. It is well known this program favors the large farmer at the expense of the tenant and small farmer. Others favor a modified continuation of the present agricultural program with a graduated bale or unit tax on all products beyond the average consumption of our nation over a period of years, plus a reasonable allowance for droughts, exports, etc., the surpluses to be handled by more favorable amendments to our marketing and loan laws. Several different agricultural bills are pending and it is hard at this stage of the game to anticipate the outcome of this legislation. There is strong sentiment in the Senate Agricultural Committee at this time favoring agricultural crop control for all basic commodities and it is be-

The WEEKLY CONSTITUTIONAL

by MAX BERNIS

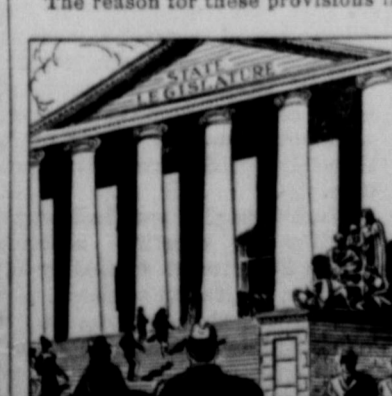

People Retain Power

Why and how do "we the people" retain power over our government? "The framers of our Constitution," wrote the late Senator Henry Cabot Lodge, "did not believe that any man or any body of men could safely be entrusted with unlimited power. They thought, and all experience justified them in thinking, that human nature could not support the temptation which unlimited power always brings."

It is for this reason that our Constitution is made paramount to the government itself, restricts the power which it grants to our government, distributes what powers it does grant among three branches—Congress, the Executive and the Federal Courts; makes each branch independent of the others; declares that all powers not granted in the Constitution "are reserved to the States or to the people," and provides that amendments may be made not by Congress or the Executive or

the Court but only by the people direct or through their State legislatures.

The reason for these provisions in

our Constitution is to prevent our government or any one branch of it from becoming all powerful, autocratic and despotic.

Copyright 1937 by Max Bernis

NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

Austin.—Gathering momentum of public opinion in many sections of Texas may "blow the lid off" one of the most bitterly controversial questions in Texas' history, namely the land vacancy problem. The vacancy question has been a recurrent issue ever since the discovery of oil in Texas, and extension of oil production into new sections has brought it into the fore again during the past few months, notably in the Texas Gulf Coast area, including Polk, Matagorda, Chambers and adjoining counties.

The controversy arises from the fact that surveys of public lands in Texas in the early days were frequently rough and inaccurate. When school lands were sold off, a buyer would sometimes pay for 160 acres, but as the result of an inaccurate survey, would fence and farm an extra 15 acres. The land had so little value that it was not worth the cost of a resurvey. But discovery of oil under much of this former public land made it very valuable for the mineral rights, and "vacancy hunters"—men who looked up the field notes in the State Land office and had it resurveyed to find these surpluses or "vacancy" tracts, came into being. The discoverer of such a vacancy has the right under the law to file claim to the mineral rights, giving the state a part of the royalty, and retaining the major part of the mineral rights, at a nominal cost. The occupant of

the land has a preferred claim to the surface rights only. But the oil and gas under the ground is where the real wealth lies. In some of the South Texas cases, the land has been farmed and occupied for 100 years by the families now occupying it. They have never known that the land they had under fence and under cultivation was not actually a part of their farms. Thus, when oil is discovered, and they have an opportunity to realize substantial wealth from sale of leases or royalty, they naturally are resentful when strangers invade the community, file "vacancy" suits in the name of the State, with the Attorney General representing them, and take away the mineral rights.

On the other side of the question, is the claim made in the behalf of the State and its school funds, that because an error was made in the surveys years ago, there is no valid reason why the error should be perpetuated and the land, to which buyers were never entitled, should revert to those occupying it in error. The law it present provides that vacancy suits may be tried either in the county where the land is located, or in Austin, and it is claimed that this works an extra hardship upon the claimants, as the Attorney General usually elects to try the cases in Austin.

FASHION NOTES

Sock him on the kisser,
Put him on the pan,
Roll him in the gutter—
He's a business man!

Pillory the sucker,
Poke him in the eye,
Jump upon his torso—
He's a business guy!

Has he built a business
To enormous heights?
Brand him as a cheater—
Never mind his rights!

Does he give employment.
Is the payroll big?
Put the bum in irons!
Toss him in the brig?

Does he pay in taxes
What the law calls for?
Why, the dirty reptile
Should be paying more!

Blast him in the headlines,
Charge some crooked acts!
Let this be your slogan:
"Anything but facts!"

Has he made some money?
Get his scale today!
Say, where does he think he's
Living, anyway?
H. I. PHILLIPS.

'The REST Of the Record'

BY JAMES V. ALLRED
Governor of Texas

Austin.—Louisiana and Texas joined hands last week to make history when the Sabine River at Pendleton, spanned by a bridge for the first time, was dedicated. For over two hundred years men have either ferried or forded the stream: Sam Houston and his soldiers, homesteaders and traders, the French explorer St. Denis and many other picturesque figures have formed the colorful procession of those who gave so interesting history to that section of Texas.

Governor Leche and other dignitaries of Louisiana participated with members of the State Highway Commission and myself in dedicating the new structure. It was not hard to visualize the ceremonies as a prelude to the steady stream of traffic which some day will travel over the magnificent steel structure down Highway 21 whose route cities and towns will attempt to popularize as the best link between Mexico City and Washington, D.C. With that traffic will continue the present-day toll of human lives and property damage unless our program of traffic safety can check the needless slaughter.

Traffic experts of the nation agree that there is no magic solution to America's Number One Problem. It is agreed—and proved in 13 states—that by militantly and intelligently carrying out the three "E's" of traffic safety—engineering, education, and enforcement—that a reduction in traffic accidents can be accomplished.

Last Spring in an effort to mobilize the forces that might best put into action the safety "E" of education I appointed the Governor's Traffic Safety Committee composed of outstanding safety laymen and officials over the state. Under the chairmanship of C. J. Rutland, this committee has carried on a splendid work despite the obvious handicap—often fatal to an educational campaign—of a lack of funds. More than 75 towns have organized local traffic safety councils that are functioning actively in their fight to lessen the toll of traffic accidents in their communities.

CHURCH NEWS

CHRISTIAN SCIENCE CHURCHES

"Thanksgiving" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Thanksgiving Day, November 25.

The Golden Text is: "The Lord is my strength and my shield; my heart trusted in him, and I am helped; therefore my heart greatly rejoiceth; and with my song will I praise him, (Psalms 28:7.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "I will mention the loving kindnesses of the Lord, and the praises of the Lord, according to all that the Lord hath bestowed on us." (Isaiah 63:7.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God is not moved by the breath of praise to do more than He has already done, nor can the infinite

APPRECIATION!

The Methodist Choir wishes to take this opportunity of thanking the people for their contributions toward buying new Anthem books. The books have arrived and we practiced some last Sunday night. The following people contributed: Otis Golden, Chester Bowden, Chester Borden, Miss Shelley Lee, R. R. Davenport, Lee Haymes, Mrs. W. R. Moore, M. Wiggins, Mrs. Giddings, Mrs. Jim McDonald, Mary Hope Smith, Austin Caughran, W. A. Baker, Dave Mauldin, L. S. Hardegree, Mrs. Longino, Merle Dingus, Mrs. Harrell, Sherman Hill, Mr. Richburg, Aaron Blanton, Mrs. S. A. Bowden, Ed Bowden, and D. E. Holder.

FIRST BAPTIST CHURCH

As next Sunday is the last Sunday before Thanksgiving Day, we will have a special Thanksgiving service. As we look backward through the year there are so many things for which we should be thankful. The Lord's blessings have been abundant. Make your plans now to be in the service Sunday.

W. H. Albertson

do less than bestow all good, since He is unchanging wisdom and Love... Love is impartial and universal in its adaptation and bestowals. It is the open fount which cries, "Ho, everyone that thirsteth, come ye to the waters," (pages 2 and 13.)

Texas Tech Band Has 135 Members

Lubbock, Texas, Nov. 17.—Five states and 68 towns have at least one representative in the 135-piece Matador Band of Texas Technological College. Lubbock leads with 22, Amarillo is second with 10, and Slaton third, with 6. Pampa and Wink have 5 students each, and Borger, Fort Stockton and Midland, 4 each. From one to three students come from the 60 remaining towns.

MRS. HOWARD COBB IS NEW TEACHER HERE

Is Wife of Football Coach of Moguls, Howard Cobb

Mrs. Howard Cobb is one of the two new teachers in elementary school this year. Mrs. Cobb teaches the fifth, sixth, seventh grade history and the sixth grade geography.
Mrs. Cobb first taught in Wilkerson and later taught in Groveton three years.
Her hobby is collecting readings and her favorite sport is tennis.
The entire seventh grade is planning a Thanksgiving pageant to be given for the P.T.A. Mrs. Cobb is helping Mr. Ingram direct the play.
Mrs. Cobb has been here only a short time, but her kindness and helpfulness have won for her many friends.

Two Parties Are Planned For The Junior Students

The Juniors are looking forward to two socials before the Thanksgiving holidays. We hope they are as entertaining as the last party we had.
The Juniors were well represented at Rule last Thursday. It would be impossible to have a football team without the Junior boys or a pep squad without the Junior girls. So you see the Juniors really play a big part in the running of "Old M.H.S."

Several Junior girls played volleyball last Friday night in the game against Benjamin. They certainly made a swell showing, too, and from the looks of the basketball team it seems that several of the players are from the Junior class.
Those taking third year history and English have found that the two subjects are quite interesting now. In history we are studying about the literature of this same period. The subjects tie well together and each subject makes the other more interesting.
We are beginning to think we know Spanish also. Several of the students have been holding interesting conversations with Mexicans lately.
The Juniors will take this space to tell the Seniors that we think their rings are very attractive and we don't think that we can possibly make a better choice of style, but you can't ever tell about what these Juniors are up to.

GRADE SCHOOL NEWS

Our pictures have arrived and often is the scene, in one corner of the room, a gathering of giggling boys and girls over the horrible pictures they made. Any way, the Grammar School Fund gets 15 per cent of the money taken in from the sale of the pictures, so we might as well buy them and help the cause.
Quiet in The Corridor
6A put on an Armistice Day program last week for their Friday afternoon chapel program. Thanks to all of you from 6A, for the many compliments, but we think it was entirely too short.
Correction—What a big mistake we made last week when it was announced in the paper that 7B won the attendance contest at the P.T.A. "Shirley Temple Parade" program. This must be corrected immediately, and it was the third grade room that won and not 7B, as previously announced. The 3rd grade won by less than 1-2 per cent and believe me, the committee was doing some close figuring. The 3rd grade has chosen the whole holiday to be taken next spring when real picnic weather prevails.
The Grammar School volleyball team has been organized and will again be under the fine coaching of Miss Spencer, assisted by Mrs. Porter. Miss Spencer will not be able to do much with the team until after Christmas, because of a primary program under way, and to be presented soon. But after Christmas the team will get right down to work and play some games with other schools before the county meet next spring.
Room 2A is having the chapel program Friday afternoon at one o'clock. You are invited to attend.

Home Economics Girls Progress

The Sophomore Home Economics girls are enjoying their class in foods very much this year. We feel we are advancing quite rapidly in our cooking knowledge and our preparation of many new dishes. We have gained a little more self-confidence in our cake baking during the past week. The class has tried several new cake and frosting recipes which they found were very successful.
Several Future Homemakers of the Sophomore Class helped entertain Delta Kappa Gamma of this district, an honorary professional sorority of teachers, Saturday morning in the Home Economics Cottage and enjoyed doing their part very much.

Freshman Class Student Report

The Freshmen are wearing studying attitudes this week. I suppose this attitude is real even if you can catch some daydreamers. English I students must be progressing or else they pretend to be. I was wondering if Joe Dean will be sent out of class in college in 1945.
All freshmen agree that Miss Dorsey thinks we know how to write from the assignments she gives us in civics class.
Dr. Bass still insists in "pop tests" for our math course. I guess he thinks there's no use in telling us, we wouldn't study, anyhow.
We Home Economics I girls are cutting our garments out. I don't know whether any of us intend to make seamstresses or not; but if we do I don't suppose we would be complimented on our alertness and how fast we work.

Seniors Receive New Class Rings

The English IV class is prepared to give any kind of talk that can be given. Just take your choice. We can give talks concerning dedication, tribute, welcome, presentation of gifts, commemoration, and after dinner speeches. We have been following this line of study for the past two weeks. Some of us have found that we are not natural born orators.
We have certainly missed Miss Couch this week, but we also find that Mrs. Barnes is a very good substitute teacher.

Can You Imagine!

Hollis without an ache or pain?
Wilma June with a sophisticated talk?
Ann wearing frills and ruffles?
Jean without a giggle?
Juanita being gay, dashing and daring?
J.B. with vim, vigor and vitality?
Dan without his yang-go?
Winston with stubby legs?
Fern sacrificing her fingernails just to pass typing?
Orville making eyes at the Junior beauties?
Peggy Jo studying over the week end?
Isadore shy and bashful?
W.T. without a yarn to tell?
Jo Jo Isbell without his baby talk?

Can You Imagine!

"Mama," said little Joe, "Don't men ever go to Heaven?"
"Why yes of course, dear, what makes you ask?"
"Because I never saw any pictures of angels with whiskers."
"Well," said mother thoughtfully, "Some men go to Heaven, but they get there by a close shave."
Laverne without her gabbering talk in shorthand?
Thomas having a short neck?

OPPORTUNITY! HOW YOU CAN MAKE IT PAY

AN EDITORIAL BY MARGARET TINER

The variations in human beings make this an interesting and colorful world. Most people can earn a living if they are obliged to. Some maintain a seemingly effortless existence by turning up ideas for others to execute. Some live by their wits or personality without getting eyestrain or a tired back from close application. They are the brilliant minds.

Few of us are brilliant save on extremely rare occasions. We do not get the answers easily. We plod along the hard road while brighter folk whiz by in fast cars. Yet, somehow we dull fellows usually reach the place we start for, while many smarter ones turn off into a blind street or upset on a curve. There have been many attempts—successful and unsuccessful—to define the elusive thing called genius. But its best definition is "an infinite capacity for taking pains."

Too many people are waiting for something to turn up, and while waiting they go to a neighborhood movie or baseball park. A man whose work he can perform and insists on doing it is not long idle. The job he takes may be beneath his abilities. But if he tackles it with enthusiasm and stays with it until he is satisfied that it has been done as well as anyone can do it, there is always someone waiting to hand that man another task. The inconsiderate or loafers may get along in a time of great business activity simply because there is no competition for his place, but he joins the unemployed when an order goes out to reduce the force.
Positions are hard to find. Someone has to create a position, but you, yourself, can make a job.

JOKES ABOUT THE CROWD!

We will all be glad when Ned is able to use his arm again, but some of the Sophomore girls are getting a bit too impatient.
Geneva: "Don't bother me. I am writing to my boy friend."
Mattie: "But why are you writing so slowly?"
Geneva: "He can't read very fast."
Pit (from Haskell): "You look sweet enough to eat."
Mary: "I do eat. Where shall we go?"
Miss Couch: "What were Webster's last words?"
Dan: "Zythum, Zyzomys, Zyzogston."
Visitor: "Is your son who has graduated from school a help to you on the farm?"
Mr. Phillips: "Yes, if it wasn't for him the language which I address to the livestock would be downright ongrammatic."

High Lights Of Lake Creek

Mr. Dan Clemmer was in Western Oklahoma on a business trip last week.
Flossie Warden of Lueders has returned home after visiting in the home of the Ben Tuggles.
The P.T.A. had their last monthly meeting 1 week later than usual. 20 were present. Mrs. Hal Ameron was added to the new committee. All patrons of the school are urged to attend.
Mr. and Mrs. V. B. Bowman were dinner guests at the teacherage Sunday.
The juniors rendered a legau program Sunday night in connection with our singing.
Remember, everyone; Sunday School every Sunday morning at 10:00.
Report for Sunday, Nov. 7: 38 present, 12 absent, 6 visitors, 67c offering. Were you one of the twelve?
E. L. Covey, county judge, spent last week end in Fort Worth where he visited in the home of his mother. His mother has been quite ill for the past few days.

Banner Year in Farm and Home Are Indicated by Extension Department

College Station—A banner year in farm and home activities is indicated for Texas farm families in a preliminary report compiled by the Extension Service division of Texas A. & M. College, Director H. H. Williamson has announced.
While insects on one hand and bumper crops on the other brought many problems, improvements on farms and ranches and in homes are going forward at a satisfactory pace, Williamson indicated.
Grasshoppers threatened the record wheat crop and feed crops of northwestern Texas, but swift action and effective cooperation between the farmers, the Texas Extension Service, and the Federal Government halted the insects and prevented an estimated damage and prevented an estimated five million dollar loss, Williamson said.
The agricultural conservation program has resulted in the listing of some 56 million acres of land for improvement. Besides the construction of dams, spreader terraces and similar practices, 150,000 acres of range land has been con-

toured to hold rainfall and encourage grass production. County owned equipment alone has accounted for the terracing of more than 400,000 acres of farm land, and 1 1-2 million acres were planted to summer legumes.
Home food supply demonstrations have resulted in the canning of more than 16 million pints of fruits and vegetables and the storing of 4 million pounds of dried products and 3 1-2 million pounds of cured meats. These figures represent a 10 to 15 per cent increase over the 1936 totals. The 67,000 home demonstration club women and 4-H club girls in the state are following the lead of some 2,000 demonstrators in home improvement, according to Williamson.
Meetings to discuss cotton improvements have been held in 81 counties, and information on this subject will be carried to all the principal cotton producing counties. Williamson estimated that 200 new one variety cotton communities would be added in 1938 to the 61 in operation in 1937.

HEFNER SCHOOL

Official School Paper of Hefner School
CONTRIBUTED BY HEFNER SCHOOL CHILDREN

HEFNER HONOR ROLL FOR SIX WEEKS GIVEN

Eleven Students Are Placed On The New Roll

Our last weeks news was too late to appear in the paper, due to the paper being published a day early for observance of Armistice Day. We have completed the six weeks examinations with very few failures and a good many making the honor roll.

Those making the honor roll for the period were:

FIRST GRADE — Billy Ray Donoho, Jerry Jones, Ila Fay Stewart and Nellie Beatrice Jones.

SECOND GRADE — George Wheeler.

THIRD GRADE — Edward Ewin Jones, Coy Stewart and Jackie Walton.

FOURTH GRADE — Dalton Jones.

FIFTH GRADE — Harold Payne and Emogene Brogden.

Good luck to those who made the honor roll and we hope a few others make as much as a 90 average this six weeks.

Publishers Note To Hefner School

The third, fourth and fifth grade boys and girls are bringing notices so that we may subscribe for the Munday Times for our school. We hope to get it each Friday.

Publishers Note: Your move to purchase the Munday Times is appreciated very much, but we will go you one better. Beginning this week you will receive the Times the compliments of the management, and will receive the paper each week. We appreciate your efforts and your school news items, keep them coming.

Mrs. Clyde Warren visited her parents, Mr. and Mrs. Newsome, in Wichita Falls, Texas.

Laughing Around the World

With IRVIN S. COBB

Probably Stewed Kidneys Ran Third

By IRVIN S. COBB

BACK in the days when crowned heads were more numerous in Europe—and more popular—than at present, Carlos of Portugal paid his first visit to the British Isles. At the conclusion of his trip

King Edward, so it is said, asked young Carlos what, of all things in England, he liked best.

Now, Portugal's king was by way of being a consistent and sincere trencherman. He thought for a moment and then made answer: "The roast beef," he said.

"Is that all that has impressed you?" inquired His Majesty of England.

"Well," replied Carlos, "the boiled beef is not so bad."

Marine Corps To Enlist More Men

To The Editor:

Several hundred men will be accepted for service in the United States Marine Corps during the next few months, it was announced here Tuesday by the officer in charge of recruiting activities in Dallas.

Many young men who have expected to complete the high school education and continue their studies at a college or university are forced for economic reasons to change their plans, curtail their schooling and seek employment prematurely.

All Marines are encouraged and assisted to continue their education through the medium of the Marine Corps Institute which provides free courses in automotive engineering, drafting, electricity, diesel engines, steamfitting, radio, etc.

Many ex-marines are today filling responsible positions of trust in civil life, the training for which they received through the Marine Corps Institute while serving their country as members of the Marine Corps. An honorable discharge for the United States Marine Corps is a testimonial of fidelity and obedience. It is a certificate of

service and character and is always of value to the holder in future years, and a remarkable reference in obtaining employment.

PETER CONACHY,
Major, U.S. Marine Corps

Sunset H.D. Club Elects New Officers

(Too late for last week)

The Sunset Home Demonstration club met last Tuesday, November 9, to hold special business meeting, electing officers for the next year.

Before the annual election of officers was held, members in short talks told of the benefits each had derived from the club year just closed.

Officers who will serve the club next year are Mrs. I. W. Walling, president; Mrs. Roscoe Partridge, vice-president; Mrs. R. M. Alman, secretary and treasurer; Mrs. T. J. Partridge, county council representative; and Mrs. J. W. Bigony, reporter.

All club members are requested to be present November 30, when Miss Nina Astin, demonstration agent, will give a demonstration of "School Lunches."

DRESS UP YOUR MEAL WITH BISCUITS

Good Way to Whip Old Man Monotony

By Betty Crocker

If you plan meals three times a day, week in and week out, you're probably well acquainted with that bugbear of all good cooks, "Old Man Monotony."

Well, there's an easy way to whip "Old Man Monotony"—an old-fashioned way stolen from Grandma's table, heaped with its wonderful array of tempting dishes—hot biscuits!

It used to be that fluffy, golden-brown biscuits were a sort of prerogative of experienced cooks. But today, with specially prepared biscuit flour, even the newest bride can surprise her husband with a plate of biscuits. And how men love them—especially if the jam or the honey pot is already on the table.

Variety in meats is costly, vegetables are mostly limited to what's in season, fruits and simple jellies and puddings are standby desserts, but you can always count on hot biscuits to pull your weekly menus right out of the red.

Miss Arlene Kendall Married To Hollis, Oklahoma Man, November 7

Ceremony Performed By Austin Pastor In Parsonage

Miss Arlene Kendall, daughter of Judge and Mrs. J. S. Kendall of this city, became the bride of Mr. Eric Sims, son of Mr. and Mrs. E. H. Sims, Hollis, Oklahoma, on Sunday, November 7, at the home of Dr. Virgil H. Fisher, pastor of the First Methodist Church in Austin, who read the vows for the double ring ceremony.

Mrs. Sims, a former student of Munday High School, attended the University of Texas following her graduation from high school here. She is now employed in the office of the State Tax Board, and is prominent in both the social and business circles in Austin.

Mr. Sims is an ex-student of Cameron College of Lawton, Oklahoma, where he studied engineering, and is a graduate of Hollis high school.

Miss Florene Kendall, sister of the bride, served as maid of honor, her costume being of Royal Blue with Winsor tan trims and her accessories were of Winsor tan. She wore a corsage of yellow roses.

Mr. Sims was attended by his brother, Nolan Sims of Austin. The bride wore a simply tailored black and grey wool suit with black accessories, and her corsage was of gardenias.

Only members of both families and few close friends of the couple were present at the ceremony. The couple will make their home in Austin.

MISS ATKEISON IS PLEDGED TO SCHOOL SOCIETY

Recent Bride Is Honored Tuesday In Hobert Home

Mrs. Duane Johnson, formerly Miss Darwin Campbell, was honored last Tuesday at a bridal shower given in the home of Mrs. L. W. Hobert.

The bride was given many lovely and useful gifts by the guests from three until five o'clock in the afternoon. Guests were received by Mesdames L. W. Hobert, T. J. Phillips and Miss Jeanette Campbell and the honoree.

Mrs. J. C. Borden ushered the guests into the dining room as they arrived, to a silver and crystal covered table where they were served by Mrs. Chalmers Hobert and Miss Dorothy Campbell. Each plate was favored with a bride's bouquet, presented by Mrs. Earl Nichols, and then the guests viewed the gifts.

The party rooms were decorated with yellow and white chrysanthemums, carrying out a yellow and white color scheme.

Hostesses for the affair were Mesdames Earl Nichols, P. V. Williams, Rueben Bates, L. W. Hobert, Chalmers Hobert, and Miss Dorothy Campbell.

The guest list included Mesdames Ralph Johnson, Marvin Huskinson, Caritis Coates, W. A. Baker, W. H. Atkeison, G. R. Eiland, J. A. Caughran, E. M. Roberts, H. F. Barnes, T. G. Bengel, H. P. P. Farrington, C. L. Mayes, Sied Waheed, George Salem, Bess Porter, C. B. Sessions, Jack Boone, A. L. Maples, Buel Bowden, D. D. Clough, D. E. Holder, Lyle Stodghill, M. H. Reeves, and the Misses Ruth Baker, Shelley Lee, Louise Ingram, Mary Eva Rigsby, Elizabeth Mounce, LaVerne Eiland, Mary Moore, Maud Isbell, Fannie Isbell, Monelle Phillips, Merle Dingus, Maxie Dingus, Christine Burton, Dolores Campbell, Mary Hope Smith, and Jean Williams.

The out-of-town guest list included Mrs. Homer Lee, Wichita Falls; Mrs. Henry Johnson, Amarillo; Mrs. B. R. Heyner, Portsmouth, Virginia, and Mrs. Brooks Campsey of Knox City.

W. M. U. Meets In Hannah Home Monday

The Woman's Missionary Society of the First Baptist Church met in the home of Mrs. Leland Hannah for the monthly social meeting of the group. Mrs. A. Strickland assisted in the capacity of co-hostess.

Devotional was given by Mrs. M. H. Reeves, which was followed by a Bible character discussion by Mrs. W. H. Albertson.

Gloria Strickland and Carolyn Hannah offered a solo for members attending.

Delicious refreshments were served to ten members and two guests.

Mrs. Tom Haney Hostess To Bridge Club

Mrs. Tom Haney was hostess to members of the Munday Night Bridge club at her home last Monday. After the games it was disclosed that high scorers for the night were Mr. and Mrs. Grady Roberts, new club members, for both men and women divisions.

Guests who were served refreshments of salad and coffee were Mr. and Mrs. Grady Roberts; Mr. and Mrs. W. R. Moore; Mrs. H. A. Pendleton, Mr. and Mrs. P. C. Baker, Mr. and Mrs. Fred Broach; Tom Haney and guests, Mr. and Mrs. Dorse Rogers.

Mrs. Ed Jones is ill, suffering from asthma.

Federation Club Women Guests at An Informal Tea

The Knox County Federation of Women's clubs were honored with an informal afternoon tea Wednesday by the Munday Study club at the club house here.

The reception and dining rooms of the club house were filled with yellow and white chrysanthemums arranged in silver bowls on each table. White tapers of silver holders and silver tea service plates flanked each end of the tables. Mesdames M. H. Reeves and Jack Mayes presided at the tea table.

The Munday Choral club entertained with two beautiful numbers, and Miss Mary Hope Smith, pianist presented a solo number.

Following the Choral club presentations Mrs. Dave Mauldin gave poems on the same subject were a reading entitled "Peace". Other given by Mrs. P. C. Baker.

Informality was the key note of the affair during which members of the Benjamin, Goree, and Knox City were greeted.

Mrs. Wade Mahan and Mrs. Dorse Rogers were general chairmen of the arrangements for the tea and were assisted by a committee composed of Mesdames P. V. Williams, D. T. Mauldin, Jack Mayes and M. H. Huskinson.

Approximately 50 members and guests attended the affair.

Y.W.C.A. Members Meet Monday With Mrs. Stodghill

Members of the Y. W. C. A. and their sponsors met in the Stodghill home last Monday night for their monthly social meeting.

The young ladies played games and made candy and popped corn. Present for this happy occasion were the sponsors, Mrs. Reynolds

Double Wedding For Goree Youths Last Wednesday

A double wedding ceremony was performed last Wednesday evening at the parsonage home of Rev. Frank Story, pastor of the Munday Methodist Circuit.

Participants in the marriage ceremony were Miss Ida Jewell White, bride of Mr. Hoyt Carpenter; and Miss Mildred Carpenter, bride of Mr. Arthur Waldron.

Mr. Carpenter is the son of Mr. and Mrs. John Carpenter of Goree and his bride is the daughter of Mr. and Mrs. Jeff White of Arkansas. The couple will make their home in Munday for the present.

Mr. Waldron is the son of Mr. and Mrs. E. D. Waldron of Goree and the bride is the daughter of Mr. and Mrs. Roscoe Carpenter of the same city. The Waldrons will also reside in Munday.

and Mrs. Hughes, and Misses Jancy Jones, Bonnie Jones, Joyce Jones, Beth Haynie, Helen Albertson, Sue Stodghill, Jane Stodghill, and special guests were Katie Nell Mauldin and Clara Faye Bryan.

Sunset Club Will Be Hostess Annual Officers Banquet

The Sunset Club was named hostess to the annual banquet for the present officers and the newly elected officers, yet to take office, of the Knox county home demonstration clubs.

Clubs that will have officers present for the occasion include each in the county located at Munday, Goree, Sunset, Benjamin, Union Grove, Brock, Truscott, Gilliland and Hefner.

The announcement came following a meeting of the county council at the assembly room of the Knox County courthouse last Thursday afternoon.

New officers for the council were also elected at the business meeting. New officers are: Mrs. R. M. Almanode, council chairman; Mrs. Louis Meiner, vice chairman, and Mrs. Whittaker, secretary-treasurer.

Read the Times Want-Ads. They can save you money.

Miss Nina Astin Attends Parley

Miss Nina Astin, county home demonstration agent, attended the tri-county meeting of home demonstration club women at Haskell last Wednesday at the Haskell county courthouse.

The group heard an address by Miss Dosco Hale, Parent Child Educational specialist of College Station.

Club ladies and home demonstration agents from Haskell, Knox and Stonewall counties attended the meeting.

Kings Daughters Class Starts Contest

Members of the Kings Daughters class of the Sunday school department of the First Baptist Church made plans and preparations for an attendance contest last Sunday.

Members of Miss Jones' team are Maggie Searcy, Clara Bryan, Janice Jones, Betty Simpson, Doris

Henslee, Eleanor Franklin, and Mildred King.

Those on Miss Stodghill's team are Peggy Bowley, Jimmie Henslee, Dorothy Helen Shaw, Joyce Strickland, Olive Dobbis and Florene Pippin.

CONCERNING THE SCHOOL LUNCH BOX

WHAT is so rare as a morning which is not hurried when there are school lunches to pack? Here then are some ideas to lessen the "hurry." Puddings and salads can be made up the day before, placed in covered paper containers or in hollowed-out orange or tomato shells, and these can be stored in the refrigerator all ready to be tucked away in the lunch box "come morning." Much time can also be saved in the morning if you make the luncheon sandwiches up the night before and store them in the refrigerator also. Such a luncheon supply of sandwiches can be wrapped in wax paper, of course, but if you have a modern ice refrigerator you have probably learned that it isn't necessary to cover foods to prevent rapid drying out and mingling of food flavors. A supply of clean-washed, properly-moist air is constantly circulating around the food in the air-conditioned ice refrigerator, carrying off odors which otherwise might spread to other foods. But speaking of sandwiches here is a grand "sandwich filler" that you can make up and keep on hand in your refrigerator. PIMIENTO CREAM FILLING (Makes 1 1/2 cups filling). Scald 1/2 cup evaporated milk, add 2 cups American cheese (cut in cubes) and heat over low flame, stirring constantly, until cheese is melted. Remove from flame, add 1/4 cup pimiento (cut fine) and a dash of salt, blend thoroughly. Chill in ice refrigerator and use as needed.

**Library of University of Texas
Now Has Over 531,000 Volumes of
Books; Now Largest In The South**

**May Exceed 550,000
Mark During
This Year**

Austin, Texas, Nov. 17.—With over 531,000 volumes, the library of the University of Texas is well on its way to becoming one of the great libraries of the country, according to Donald Coney, University librarian. On August 31, 1937, the University Library contained 531,454 volumes.

"With the beginning of the University year," Mr. Coney said, "the University Library gives every promise of passing the 550,000 volume mark by September 1938. Already the largest and most important library in the South, it will, with the continued support of the Legislature, and the citizens of the State, be able to hold its place in this respect without difficulty. Continued growth of the library is necessary to support the expanding program of research at the

University, and to provide study materials for the rapidly increasing undergraduate student body."

The library purchased 17,785 volumes in 1936-37, a 26 per cent increase as compared with the 14,064 volumes acquired by purchase in 1935-36.

"It is gratifying to observe that the number of gifts increased from 3,500 in 1935-36 to 5,111 in 1936-37, an increase of 43 per cent," Mr. Coney continued. "No library ever becomes great through purchase alone. It is only through the continued generous support of its friends that it acquires many scarce or expensive books."

The total additions to the library for 1936-37 were 22,327 volumes as compared to 18,782 for the preceding year. No small proportion of this increase was due to the generous grant of the General Education Board of New York City to the University of \$66,000 for the five-year period beginning February 1, 1936.

PEEP SHOW FOR LADIES ONLY
—BY—
MIGNON

The heart must overflow
To give the lips full speech
How can it be much else
When here within my reach
The maples shower gold
About my gypsy feet.
That want to skip and dance?
They just can't be discreet.

Has October danced out of your life again on her colorful twinkling toes and left no fire-tint in your imaginations? If she has you have reached a sad state, indeed. All the golden days and moon-splended nights I was busy storing the pockets of my soul with the spiritual thrill of Autumn. Every day has been a colorful adventure. It is a sort of overflowing cup which nature kindly proffers us of beauty before the long cold sleep of winter. Hope has been personified. It is an eternal principal. For if winter comes, can Spring be far behind?

Isn't it wonderful that your conscience tells only you? It would ruin you if it got out and told others.

"There was a woman at the beginning of all great things," said Lamartine.

People once talked about, "The lamp of my experience," but I suppose that was before the "voice of experience" got mixed up in the static.

"Pageantry of Thought," by Gertrude Major, Enid, Oklahoma, is everything that the beautiful title would lead you to expect. It is beautiful in symmetry and format, the binding is dainty with gold lettering and it was published by those artist-craftsmen, Nina Pond and her husband Carl, at the Medford Patriot Star office at Medford, Oklahoma. An Oklahoma book that is "of the people, by the people and for the people," in every sense of the word.

The book is divided into seven groups. "Life's Tapestry," "Nature's Melodies," "Depths," "Remembering These," "Vignettes and Shorts," "Humoritis" and "Little Pitchers."

seems to be writing prizes. She has won them right and left and going and coming and not only writes poetry but essays and is busy finishing a novel.

SCARLET FEVER WARNING ISSUED
November Through February Danger Period

Austin, Nov. 16—Dr. Geo. W. Cox, State Health Officer, has just issued a warning in regard to scarlet fever, as the number of cases reported in Texas are increasing rapidly. Last year nearly three thousand cases were reported—the majority occurring from November through February.

Scarlet fever is a very contagious and serious disease. Grown people may catch scarlet fever, but children under 15 years are most likely to have it, if exposed. It is especially dangerous for children under five years, and for babies. Do not let your children take any chances with scarlet fever. Call the doctor as soon as the symptoms appear.

If your child is going to have scarlet fever, the first signs you may notice are that he seems tired, restless and out of sorts. Usually there is a sore throat, chill, vomiting, or convulsion. The child has fever. His skin is dry and hot. His tongue is furred, and under this white covering, it is red and swollen. In ordinary cases, these early signs are followed in a day or two by a rash. Little flat red points, close together, appear first on the neck and chest. Soon the rash is over most of the body and brilliant in color.

DEATH CLAIMS PIONEER KNOX COUNTY WOMAN

Mrs. J. H. McLain Dies Following Short Illness

Mrs. J. H. McLain, 80, well known and respected Knox City pioneer woman died at her home in that city last Wednesday afternoon as a result of a serious illness of ten days duration. Deceased had resided in Knox City for the past 31 years.

Final rites for the aged woman were held Thursday at the First Christian church with the Rev. U. S. Sherrill, pastor of the First Methodist church, officiating. B. C. Anderson assisted in the services. Burial was in the Odd Fellow cemetery under the direction of E. Q. Warren.

Miss Mary Eugene Jones was born near Pursley, Navarro county, Texas, April 28, 1897. She was married to J. H. McLain in 1876 and resided in Corsicana, Texas, with her husband until 1906, when the family moved to Knox City.

Mrs. McLain was a charter member of the First Christian church of Knox City, having affiliated with that belief in 1907.

Nephews of the deceased served as pallbearers. They were: W. V. Favor, Benjamin, Woodson Jones, Seagraves; J. V., H. M., H. D., and Casey Jones, all of Knox City.

Survivors include the husband, four daughters, Mrs. Cora Foreman, Corpus Christi; Mrs. J. D. Weaver, Corsicana; Mrs. John Gound, Weslaco and Mrs. Roy Smith, Knox City; two sons, Rufus McLain, Corpus Christi, and John McLain of Texas City. She is also survived by three sisters, two brothers, 14 grandchildren and five great grandchildren.

Four Knox County Girls Enrolled In College for Women

Four Knox County girls are listed among the enrollees of the Texas State College for Women, which still holds its record as the largest residential woman's college in the world.

The county students are Misses Wanda June Williams and Virginia Bess Atkeison of Munday; and Misses Marilyn and Wynell Edwards of Knox City.

Miss Williams is the daughter of Mr. and Mrs. P. V. Williams and Miss Atkeison is the daughter of Mr. and Mrs. W. H. Atkeison, both families of this city.

Knox is one of the 222 counties represented at the college. Over 175 girls are attending from 22

Old Music Box Made in Germany

Lubbock, Texas, Nov. 17.—A 50-year-old music box, made in Germany in the 80s, is being refinished by a class in home furnishings at Texas Technological College. Listed in artistic handwriting on the lid are the names of the songs it plays: "Home Sweet Home," "Sweet Bye and Bye," "Lonely Hour," "Hickerson's Reel," "Spanish Dance," and a composition by Johann Strauss.

Officers of a corporation who receive remuneration for their services are considered as employees in determining liability under the Texas Unemployment Compensation Act.

states other than Texas and six students are from foreign countries.

NORTH TEXAS TEACHER ELEVEN SEEKING FOURTH STRAIGHT TITLE

DENTON, Texas.—Between the onrushing grid juggernaut of the East Texas State Teachers College and its coveted Lone Star title stands this determined line of warriors from the North Texas State

Teachers College at Denton. On Nov. 20, date of North Texas "open house" for former students and friends, Jack Sisco's Eagles, last year's pennant winners, will defend their title in a grudge tilt that is expected to draw record

crowds. Sisco has whipped a comparatively green squad of youngsters into real conference contenders. The above men will probably start the game, with the exception of Elenburg, who is out with a broken

arm. The line-up: backs, left to right, Otis "Jug" Reeves and Luper "Shorty" Hester, I. T. James, Johnny Shoemaker; line, left to right, Johnson, Walker, Ricks, Killian, Vineyard, Mershon, Elenburg.

Seniors Receive New Class Rings

The Seniors are doing Contract work on Macbeth in English IV Class. This contract makes the study of Macbeth more interesting and it also makes up a big part of the student's grade. So much has to be done to make DCBA. Most of us are getting along fairly well in our contract work. The play makes the contract work interesting because it is one of Shakespeare's greatest tragedies. The long hoped and looked for moment arrived Tuesday when the seniors got their rings. We were so excited over the fact that the rings had arrived that Mr. Kimbrough gave us a few moments out of class to get them. They were something to look at. Solid ten karat gold with the Sunset mascot, the eagle, in the center.

Second Grade To Publish A Paper

In the first grade Mrs. R. R. Davenport and her pupils are studying pilgrims. Along with the other work they are making a forest, log house, canoe, ships, Indians, and Pilgrims. Mrs. Reed's second grade is building a postoffice. They are also building a ship, a train, a car, a mail plane and a mail cart to carry the mail. The pupils are publishing a paper which will cost 5c a month and 10c for three months. Subscribe for the Second Grade Paper and learn what the children are doing. The class has already written a play, "Waiting for the Postman." Miss Virginia Curry and the third grade has been studying pilgrims also, but the pupils have finished their pilgrim village. They are now writing a little Thanksgiving play.

Fourth Graders Entertain Fifth

The Fourth Grade pupils are planning to entertain the fifth grade Friday afternoon with a short program and an old fashioned candy breaking. The members of the Fourth Grade also plan to spread lunch together on Wednesday before Thanksgiving. Mr. I. W. Walling reports that the fifth grade is doing nicely in its work. In geography the pupils are making books describing the New England and Middle Atlantic States. In history they are making booklets picturing America before the arrival of the white man. In English they are writing themes and stories. The class reports that it is proud that most of its members are back in school. The sixth grade is spending this week on the study of Whittier's poem "Snow-bound." They presented "He Was Her Only Son," a combination of reading and music, as a number on the chapel program last week. The class reports that it is proud to have Elma Lee Brewer and W. C. Stephens back in school again. They have been out pulling bolls. Miss Hutton reports that the grade school pupils are proud of their fourth new library books and are making good use of them.

ARMISTICE DAY PROGRAM GIVEN LAST THURSDAY

Music Club Presents Varied Program At School

On Thursday November 11th, the music department presented the following chapel program in the school auditorium. Brother H. A. Longino, pastor of the Methodist church of Munday was our guest speaker.

Invocation—Brother H. A. Longino.

"In Flanders Field"—Floyd Frost.

"My Buddy"—E. G. Parkhill.

"Armistice Day" a drill—Third Grade.

Comb Band, "Pack Up Your Troubles"—Wanda Sue Partridge, Rosemary Hertel, Wynel Cluck, Madalyn Henderson, Helen Woods, Virginia Tankersley, Houston Sweat, and Billy Bob Burton.

"He Was Her Only Son"—Gynelle Phillips, Lois Dobbs, Gena Beth Griffith, and George Strickland.

Harmonica Solo, "America"—Irvin Wren.

"Long Long Trail"—Inez Vernon and Nell Nix.

Address—Brother H. A. Longino.

"Till We Meet Again"—Clea Jones, Virginia Parkhill and Katie Bell Sweet.

The program was very impressive reminder of the great sacrifice that was ended on November 11, nineteen years ago. This week the music classes are learning Thanksgiving songs.

SUNSET BASKET TEAM WINS TWO AND LOSES ONE

Bomarton Quintets On Losing End of Battles

SUNSET BOYS SHOW PROMISE

Games Were Brazos Valley Conference Tilts

Sunset High School basketball teams came off with two wins in three tilts last Friday night at the Sunset gymnasium in a set of Brazos Valley conference games.

The Sunset "B" boys and senior boys team won their games while the girls lost to the visitors.

The "B" boys opened the triple-header with the final score of 18-22 favoring Sunset. Although the score was fairly close the Sunset boys were seen as victors from the start, Coach Kimbrough substituted freely during the contest.

Miss Lois Spraggins, succeeding Mrs. R. R. Davenport as girls coach, saw her girls drop their game to Bomarton after a third period splurge which threatened the visitors lead. However, Bomarton came back strong in the final period to win 19-11. Score at half time was 5-3, Bomarton.

In the last game the senior boys of Sunset gradually pulled away from Bomarton to win handily after a shaky start. The increasing drive to victory by the county quintet can be noted by the score by quarters, with Sunset on the heavy end of each periods scoring. First quarter, 5-4 half 11-8, third 16-8 and the final score of 22-16.

Ragged rough play was particularly noticeable in team play of all the clubs, which can always be expected in early season play.

In the past six years Mrs. Davenport coached the Sunset Girls, the cry over the county has been, "who will beat Sunset." Five conference crowns and five county titles together with many other championships have been annexed to the schools trophy case by her teams. However, this year, it will be a different story with the outstanding stars of last years great sextet out of school or moved out of the district. Sunset fans are centering their attention on the boys team, which should be the team to beat, according to pre-season dope, for the county title. However, the regular season is a long ways off and anything can happen.

Freshman News

The Freshmen are studying the "Topic Sentence" and its relationship to the paragraph. They have about decided that the most important part of the paragraph is a clear topic sentence. Following is an example from the first set of papers written in an effort to make and develop a good topic sentence.

TRY OUR CHICKEN SALAD, FIMENTO CHEESE sandwiches and fresh coffee. CITY DRUG CO.

Home Ec Girls Plan to Attend District Rally

This week the Home Economics girls have been planning breakfasts. They have put what they learned into actual practice. One group serves another; each group cooking and planning the breakfast that it serves. The Junior and Senior classes have had no visitors at their breakfasts; but the Freshmen and Sophomore class had Mrs. Otis Cash and Mr. W. C. Kimbrough Tuesday morning as guests of honor.

The girls are looking forward to serving a Thanksgiving breakfast next Wednesday morning. Each class will invite its guest, and they will carry out the Thanksgiving motif.

Saturday, November 20, is rally day for the Home Economics Departments of the county. All the girls are looking forward to the meeting which will be held in Munday under the leadership of the Munday High School Home Economics Club.

SPORTS PARADE AT SUNSET

Girls' Sports

Here it is another week facing us and another ball game, also. As almost everyone knows by now, we were defeated in our game against Bomarton Friday night. A fight was put up against our opponent, but the game ended with the scores 11-19 in their favor. Although the girls wanted to win, they took the defeat heartily.

The next game scheduled for the night, November 19, with Knox girls team will be played Friday City, at the Sunset gym. From gossip going around it seems as though that should be a good game. Everyone come to see who the winner will be.

The girls are progressing more rapidly since weaknesses have been found while playing in the other games. Miss Lois Spraggins, the coach, is making a good go of coaching, and everyone likes her and her coaching.

When you come to the ball games now, bring your nickels and dimes and patronize the candy sellers. They are to use the funds derived from the candy selling as a payment on the sweaters which will be bought for those graduates this year who have lettered in any work in Sunset High School during their high school career there. Since there will be in the neighborhood of nine sweaters given this year, you see there must be plenty of candy sold.

Boy's Sports

The Sunset Senior basketball boys are all happy because they have not lost a game this season. They have played three games with good success, and if they can keep up the same spirit there will be some good games at Sunset. They are glad to see that everyone is basketball minded, because this helps the school boys to know that the people are interested in what they do. Sunset will play Knox City Friday night at Sunset, so come out and get your part of the

DOGS!

There are many different sizes, breeds and colored dogs. The Spitz are small dogs of about one foot in height and weigh about seven or eight pounds; while the Great Danes are about three feet in height; and weigh several hundred pounds. My friend Mr. Jones, has a dog that is about three or four years old, that is not over one foot in length, and that has hair several inches long. My uncle has a dog that is as large as a wolf, and is only about three months old. To see my uncle's big dog and Mr. Jones' little one together would remind you of an elephant by the side of a mouse. While traveling, I once saw a hairless dog, with a light red skin very much like the color of an Indian's and a dog whose hair was three or four inches long playing together.

George Thomason

excitement. Sunset will go to Weir next Tuesday night for their conference game.

YOUR LIFE ... IS IT INSURED?

If not, why not consult a man who specializes in the writing of Life Insurance.

It costs more to buy registered stock, registered seed or registered poultry, but you pay no more for a Southwestern Life Registered Policy than it would cost for a similar plan with a non-registering company.

See SOUTHWESTERN RIP about your life insurance problems.

WHEN YOU PLANT

—USE SEED

—but

When You Feed

—USE FEED

When it's PLANTING time, you need SEED. But when it's FEEDING, it's time to use FEED.

Cotton SEED is good for planting, but for feeding

YOU NEED Cottonseed Meal And Hulls

containing all of the FEEDING value of the seed, with the excess oil, linters, dirt and trash removed. It's FEED you want and it's FEED you get when you use COTTON-SEED MEAL AND HULLS!

REP. MOFFETT IS IN STATEMENT OF SPECIAL SESSION

(Continued From Page 1)

The final outcome resembled a struggle, by a group of people in a heavy rain, trying to gather under an umbrella only large enough to hold part of them. Somebody had to get "rained on," and this naturally caused much strife. However, a bill originating in the House levying about \$4,000,000 in taxes was finally passed both branches. But it was considerably changed in the Senate, and this called for a committee from each branch to adjust the difference between the two branches. These committees went out and spent nearly a whole day, and could never reach an agreement on all the differences, and therefore, the bill was never put up for a final vote. During the last two hours of the session two separate motions were made in the House to instruct the committee representing the House to give and take, and reach a compromise. I vigorously supported both of these motions, as I did not want the session to end in failure. However, those of us that favored these motions were voted down by about two to one. Thus, the bill was passed and the Old Age Pension checks likely may be smaller during the coming late winter months, and it will be increasingly harder for any more people to get on the rolls. And there will be no aid whatever for the blind, and the destitute children, in spite of the fact that not three months ago the people of Texas by a vote of nearly three to one instructed the Legislature to provide this aid, of which the Federal Government would have paid half.

"Both branches of the Legislature were united in one thing—that was cutting down the State's ordinary running expenses. But the Governor would not submit this subject to us, in spite of the fact that both branches voted strong for a resolution asking him to do so. One of his arguments was that there was not sufficient time to do the job right.

"We did pass a bill re-allocating the rural aid money, so that there will be more funds available for bus transportation, particularly in Western Texas.

"I personally asked the Governor to submit the matter of establishing a cotton research laboratory, wherein new uses for cotton could be found, which we so badly need. But he declined to place this subject before the Legislature and they could not act on it unless he did so.

"In closing, I might say that while the bill which got up to the last notch and failed, did not exactly suit me, yet I preferred it to nothing, and so voted."

Fredric March and Janet Gaynor in "A Star Is Born"

CO-STARS. Fredric March and Janet Gaynor, who are co-starring in "A Star Is Born," David O. Selznick's technicolor production at the Roxy Theater Sunday and Monday. It is a glamorous story of Hollywood in which Janet rockets from extra girl to star overnight.

Attend Flower Show at Haskell

A large number of Munday citizens attended the Fall Flower Show held in Haskell last Saturday and Sunday at the Conner Nursery and Floral Company.

The show opened last Saturday and a large display of fall flowers and pot plants were shown. Gifts of small flowers were given to each person that registered for the event.

Hospital Dismissals

Patients discharged from the Knox County Hospital, located at Knox City during the past week were as follows:

J. I. Welch, Gilliland; Guy Milford, Knox City; Tony Bichel, of Rhineland; K. Salem, Seagraves, Texas; Mrs. V. G. Martin, Lorenzo, Texas; Mrs. R. S. Barton, Munday, and Margaret Lou Wendeborn of Sagerton, Texas.

Rhineland News

ROSE ANN KREITZ, Reporter

Our school re-opened for the fall term on Monday, after having been closed eight weeks for cotton picking. The attendance is very good.

Mr. and Mrs. Frank Tombs, Jr., and son of Vernon, Texas, visited here the past week end.

Mr. and Mrs. Joe Blaschke and family spent the past week end visiting on the plains.

Miss Leona Schumacher visited in Abilene, Texas, the past week.

Messrs Alfred Homer and William Kuhelr of this community and Mr. Paul Homer of Groom, Texas, left Monday for Galveston.

Miss Loretta Homer of Groom, Texas, is visiting relatives here.

Messrs Alvin Herring and Joe Blaschke made a business trip to Wichita Falls Monday.

Hospital Patients

Patients of the Knox County hospital as of November 16, were recorded as follows at the institution:

Juanita Pearl Waldrop, Knox City; Mrs. M. A. Cosby, Vera; J. L. Galloway, Benjamin; J. B. Booe, Goree; William Dodson, of Munday; Mrs. A. D. Speck, Rochester; Elgin Wright, Rule, and R. L. Grady, Rochester, and Mrs. V. L. Brown of Knox City.

Beware of Cold Health Officer Cautions People

Austin, Texas.—"Beware of the common cold," Dr. Geo. W. Cox, State Health Officer, cautions the people of Texas. "This is the season of the year when colds are most prevalent, and their consequences more far reaching. The organism causing the disease is not known, but every individual is acquainted with its effects."

"Not a little of the susceptibility of catching colds can be overcome by a gradual acclimating to lowering temperatures and inclement weather. This hardening should begin now, and consist of regular exercise—walking is good—to be continued throughout the winter in weather of every kind. One should be careful to avoid wet stockings drying on the feet, over-heavy clothing and over-heated rooms.

"There are two broad principles to observe in the treatment and prevention of colds. The first says: 'Let every person who has a cold consider it seriously. Every cold should be regarded as the possible beginning of a serious illness. That means seeking a physician's advice and explicitly following his directions. If he orders bed, then bed it should be. Complete rest is a fine way to overcome a cold in short order.'

"One's resistance to many diseases, including colds, can be raised by increasing one's vitality through observing the fundamental rules of health: plenty of fresh air, good wholesome food, neither too much nor too little, sufficient rest and the avoidance of habitual over-indulgence of devitalizing stimulants, including, alcohol, to-

Dinosaur Bones Are On Display

Lubbock, Texas, Nov. 17.—Dug from a cliff near Calgary, pelvic girdle of a dinosaur of the upper Triassic age has just been placed on exhibit in West Texas museum, on Texas Technological College campus.

Dr. John W. Clark, former curator of vertebrate fossils at the museum, and W. C. Watt, chemistry instructor at Lubbock high school, found the specimen.

Age of the fossil is definitely established as Triassic by its peculiar, rusty bronze color.

If an employee is working for an employer not covered by the Texas Unemployment Compensation Law, then the employee is not covered for the time he works for such employer, and receives no credit for such earnings.

Times Want Ads Get Results

back and the like."

"The cold is a common disease," Dr. Cox repeated, "but every cold is important enough to justify careful attention and treatment for its immediate cure. Death-dealing pneumonia and tuberculosis may begin with colds that do not receive care and attention."
