MANY FIRMS CLOSING TODAY

Americans in any walk of life can look about them and reflect today that they indeed have considerably more to be thankful for than our pioneer forefathers, who 316 years ago, paused in their November labors to toast their first harvest on American soil—the first Thanksgiving Day.

We see about us today the harvest of our own labors—a harvest giving greater comforts and greater security; comforts which those pioneers never dreamed would exist.

On this Thanksgiving Day we have many things for which to give thanks—chiefly, can we be thankful that we live in America, a nation blessed with Constitutional Liberty for the individual and a constantly rising living standard.

MOGULS CLOSE GRID SEASON WITH A WIN

HAMLIN AERIAL ATTACK STRONG

Barnicoat Turns in 65-Yard Broker Field Dash

Munday's small band of fighting Moguls out-scattered a mighty aerial attack of Hamlin's Pied Pipers here Friday afternoon to win a 12-6 verdict in a non-conference tilt.

The game looked like a rout for the locals when they received the opening kick-off and put on a sustained 55-yard drive for a touchdown. Barnicoat went over from the one-foot line. Pollock's placement was blocked for extra point.

Munday's opening drive for the touchdown set off the fireworks and Hamlin immediately scored on a series of line plays following a powerful aerial attack from the kick-off by Munday. Nichols, halfback, went over for the score.

From then on both teams threatened to the end of the game to give the local fans the best exhibition of football with all its thrills seen in years on the local grid.

Munday threatened three times without scoring and Hamlin threatened twice without scoring in the remaining three periods.

Barnicoat, elusive halfback, gave (Continued on Page 8)

Fire Inspection Business Sector Here Completed

The fire inspection of the business district, inaugurated by the Munday Fire Department, to eliminate fire hazards has been completed for the first inspection tour, Fire Chief C.M. Hawes reported.

The inspectors found many minor fire hazards during their tours and reported that business men cooperated heartily in eliminating these hazards. Several major hazards were also disclosed in the business section and part of them have been changed to comply with safety regulations as set out by the state fire marshal.

Chief Hawes stated that the tours will be conducted from time to time in the city. He stressed the fact that the fire boys gave their time without any pay in this civic work, and asked that the citizens cooperate in the fullest, as it is solely for their benefit.

FIRST SNOW OF SEASON MONDAY

Cold Wave Breaks by Thanksgiving

First snow of the year fell in this county Monday morning early and continued throughout most of the morning. The flakes were large and melted nearly as fast as they fell.

Freezing temperatures which brought overcoats was due to be broken completely by Thursday morning. The cold blast which tumbled the temperature below freezing for six consecutive days reached the sensational low of 19 degrees last Saturday night.

The snow over the county was reported to be from a half inch to two inches in places.

Cotton pickers who have been idle for the past week will be in the fields again Friday and should wind up most of the gathering in three weeks should fair weather prevail.

Murder Charges Placed Against County Negress

Murder charges were filed last week against Mrs. L. P. Lewis, colored, when word was received by county officials of the death of her husband, L. P. Lewis, in a Waco, Texas, hospital.

Death resulted from a family quarrel and fight at the colored couple's home on the Burnett ranch near Knox City recently. Hot lye water was poured on the deceased while he was sitting at the table waiting to eat dinner, it is alleged, causing death of the victim.

Sheriff Louis Cartwright made the trip to Waco to return the negress to this county to face the charges.

Borden Insurance Office Renovated

The J. C. Borden Insurance offices were renovated throughout last week and are now open to the public, according to J. C. Borden, proprietor.

While the renovating was in progress Mr. Borden carried on business with temporary quarters in the directors room of the bank building.

KNOX CITY IS NEAR RED CROSS GOAL SATURDAY

A. J. MALOUF, CHAIRMAN OF ROLL CALL THERE, SAYS \$105.00 PLEDGED

A. J. Malouf, chairman of the Knox City Red Cross roll call drive reported last Saturday that \$105 has been given during the first part of the 1937 drive for that city. The Knox City quota was set at \$150 for this year by the county chairman, Mrs. D. J. Brookreson, and that figure was expected to be reached easily by Thanksgiving Day, when the roll call ends.

Cotton Ginnings Show Big Gains

Census reports of the department of commerce bureau at Washington shows that Knox county has ginned more than twice as much cotton this year as last.

The report as of November 1, reads 24,634 bales compared to 11,302 the same date last year. The report shows about half of the cotton estimated for the county.

REV. H. LONGINO IS RETURNED TO LOCAL CHURCH

Annual Conference Is Closed Sunday At Quannah

The Northwest Texas conference of the First Methodist church held last week end at Quannah, was closed Sunday night with the reading of appointments for pastors for the next year.

Included in the reading of the appointments was the re-appointment of Rev. H. A. Longino to the Munday charge. Longino has served slightly over a year in the city church.

Methodists for the next five months will launch themselves in a great 'Aldersgate Commemoration' which is a continuation of the Bishop's Crusade and is being held expressly for the creation of a great spiritual revival among church people in the world.

Summary of reports showed that the pastors received on an average of five per cent more money in salaries for 1937 than in 1936. Conference church memberships increased nearly 3,000 the past year.

Appointments as read by Bishop H. A. Boaz for districts in this area are as follows:

Appointments

Leaves on Deer Hunt
C. H. Smith, connected with the First National Bank in Munday, left for Bryan, Texas, Monday afternoon to join a party of friends for a deer hunt. Smith will probably return the latter part of the week.

350 SCHOOL GIRLS ATTEND FHA DISTRICT MEETING SATURDAY

Anson, Knox City, and Sunset, Stamford led the schools with representatives, sending 60 girls to the affair.

Miss Peggy Jo Haynie, Munday, presided during the all-day meeting. The morning session was opened with group singing, followed by roll call of visiting clubs and home economics instructors. Greetings to clubs was issued by Doris Howell.

The Munday High School chorus favored the group, followed by a tap dance number by Miss Nadine

The annual Red Cross membership drive in Munday which closes Thursday night, was expected to fall a little short of the quota given out by county chairman Mrs. D. J. Brookreson of Benjamin.

As the Times went to press Wednesday evening, seven of the eight field workers had given their membership lists to Riley B. Harrell, chairman of the local drive. The seven workers turned in \$142.70 to Harrell and included all the business blocks except two. They were expected to be in by Wednesday night.

With a quota of \$175 set for this city, it was expected that the drive would fall about \$10 short. Munday carries the largest quota in the county and it was believed before the drive started that the small quota would be easily attained.

Field workers for Munday included R. R. Davenport, who led with members, Dr. J. H. Bass, Paul Mansell, R. B. Davy, Jim Reeves, Leland Hannah and Boyde Carley.

Kirby Smith is Employed Smitty's Auto Supply Co.

Kirby Smith, formerly of Waco, Texas, will be connected with Smitty's Auto Supply in the future, it was announced by Mr. Hallmark, manager of the local store.

Smith, his wife and daughter, have already moved to this city and will be at home in the John McGraw home in the southwest residential section of Munday.

BULLETIN!

Sunset defeated the Weinert basketball team at Weinert with a desperate rally in a play-off period by a score of 39-37.

Starting off with a seven-point lead, Weinert came back to knot the score as the game ended, necessitating the play-off period. The win gave Sunset undisputed lead over the Brazos Valley conference.

LEGION MEMBER DRIVE EXPECTED TO REACH SIXTY

Quota of 40 Members Already Passed By Post

The annual membership drive of Lowry Post No. 44 of Munday was breaking all records this week and team captains expected to set an all time high membership.

Quota for the local post was set at 40, but the enrollment had been jumped to 49 Tuesday evening and Captains Buel Bowden and Lee Haynes both opined that the number would be increased to 60 before the drive ended, December 14.

Impetus has been added to drive by the losing side of the two teams having to entertain the winner with a feed. According to reports circulated, Bowden's crew says "it's in the bag," speaking of the feed.

Next meeting night of the Legion is set for December 14, at the Legion Hut.

MOGUL ELEVEN HAS OPEN DATE THANKSGIVING

Local Football Fans Will Travel To Other Tilts

SCHOOLS CLOSE FOR HOLIDAYS

College Students Will Return Home For Vacation

Local citizens will enjoy the Thanksgiving holidays with a day of pleasure and visiting constituting the leading activities here.

No football game is scheduled for the Moguls, who defeated Hamlin in a thrilling game last Friday 12-6. Knox City had been booked for the Turkey Day game, but that school did not have a football team this year, and the date was never filled.

Most sportsmen will travel to other cities to witness games, many going to see college games, and a large crowd is expected to see the Haskell-Stamford championship tilt at Stamford. Hunting will interest several business men.

Practically all business firms will be closed for the day, although no petition was circulated asking to close. Drug stores and filling stations will probably be open, however, it was intimated that the drug stores would close at noon for the remainder of the day.

The schools are closing Wednesday afternoon and will not open until next Monday. Former high school students now attending college will return home for the holidays in large numbers.

Guinn Hardware Installs Modern Factory Fixtures

Ben Guinn, proprietor of the Ben Guinn Hardware company, implemented and hardware dealers, announced that his store will be re-modeled and re-decorated this week.

New factory-made fixtures, built to display hardware merchandise, purchased from the E. C. Simmons company, have been installed in the front part of the large building.

All repair parts and implements have been moved to the rear of the building and shelf hardware, stoves and other merchandise will be displayed in the front.

The building will also be repainted and new office space built to make the working plan more accessible to the public.

County Assessor-Collector Sams Visits in Munday

County Tax Assessor-Collector Earl Sams of Benjamin was in the City last Friday and Saturday collecting taxes for the current year and also asking delinquent taxes.

Sams was here Friday and was called out of the county on official business Saturday, but was represented by his office assistant. His temporary office here was located in the city clerks office at the city hall.

It will be the last time that Sams will take taxes here and persons who wish to pay current taxes must go to his office at Benjamin in the county courthouse.

Theatre Tickets Issued by Times

Two persons will be named as guests of the Munday Times at the Rexy Theatre Sunday afternoon or Sunday night only this week. The same show will not be played Monday night as usual.

Read the Want Ad section of this issue and find who is the lucky persons. "The Prisoner of Zenda," featuring Ronald Coleman will be played.

War Risk Insurance

Buried deep in financial sections of metropolitan newspaper recently appeared an item that should hearten those who believe that when businessmen of the world realize their common interests, there will be no more war. It was a London dispatch that some 300 British insurance companies had agreed to cease issuing war insurance. The reason is that the long-range destructive power of aircraft has introduced an incalculable hazard in such insurance.

"Writing of war risk insurance on land," the prepared statement explains, "has become, in fact, little more than a gamble which plays no part in insurance where rates are based on scientific application of the law of averages as ascertained through experience."

Alfred Nobel, the Swedish magnate who with a fortune made from dynamite established the Nobel Peace Prizes, believed that some day science would make war so terrible that the common sense of men would turn from it to other methods of settling disputes. The pronouncement of the British insurance companies may be cited in support of his belief, for it goes on to say:

"It is a reasonable assumption that if owners of factories and warehouses, and heads of financial, banking, and commercial undertakings throughout the world had to make good the losses on their property due to wars, influences in working for peace would gain in strength."—The Rotarian Magazine.

Don't count too much on the common sense of the other fellow... No one is 100 per cent alert at all times.

Drivers License Examiners To Be In Benjamin Each Week to Conduct Tests

Austin, November 23rd.—Two drivers' license examiners of the Department of Public Safety will be in Benjamin to conduct tests for drivers applying for their first license, according to Col. H. H. Carmichael, director of Public Safety Department, once each week.

Establishing headquarters at the courthouse, the uniformed officers will give the examinations every Tuesday of each week from 11:30 a.m. until 1:30 p.m. In applying for the driving tests the driver must furnish his own vehicle or one he proposes to operate after he secures a license, the safety director pointed out.

After oral quizzes are completed each applicant will be required to drive his own car or truck over a designated route under the supervision of the driver. The operator must demonstrate the use of his foot and hand brakes, stop for signals and perform other acts necessitated in ordinary traffic situations. Before the actual driving test is made the examiners will quiz the license applicants on safety regulations and signals, highway laws and make tests of their eyesight and hearing. Any physical deformities will be recorded on

a grade card. Not only will drivers' license applicants be examined as to their ability to handle a vehicle with safety, but the vehicle itself will be tested for defects in brakes, horn, lights, rear-view mirror and windshield wiper. If a driver proves his ability to operate his vehicle with care and safety, he will immediately receive his license at the examination headquarters. If a passing grade is not made after the test is completed, an instruction permit card will be issued which requires the applicant to return at a later date for another examination. Examiners of the Safety Department estimate that a complete test can be given in twelve minutes.

Truck, bus and other commercial vehicle drivers will be issued a license divided into three classes, A, B, and C, according to the type of vehicle to be operated. Passenger and school bus drivers are issued a permit bearing a special endorsement of the Department.

Col. Carmichael urged that drivers seeking their licenses verse themselves in safety regulations, rules of the highway and the mechanical operation of their vehicles, in preparation for the tests.

A THANKSGIVING SUGGESTION

Who Pays For Advertising?

We are often confronted with the question, "Who pays for Advertising," and everyone seems to think he or she is the one who directly pays for the service of this great servant, advertising.

The following article was written by John H. Casey, professor of journalism and advertising in the University of Oklahoma and is on the way to becoming a newspaper classic:

What is advertising? One form of salesmanship.

Purpose? To sell. Who pays for it? John and Mary Public say they do, indirectly.

Soloman Issac Business Man says he knows too well that he pays for advertising.

But I say the customer does not pay an advertising bill if the advertising is effective, efficiently done, run in the right medium at the right time, and is in every other respect, right.

For when greater demand for goods is created by advertising, more goods can be manufactured in larger quantities, and shelves restocked at less cost per unit of production per item of merchandise, in consequence of that created demand, either at less cost or with more quality at the same cost—which amounts to the same thing.

There you have the theory of mass production and quantity buying packed together in a pecan shell.

Yes, the merchant is sure he pays the advertising cost. But I say he does not, for the larger the volume of business the retailer can do, the less his percentage of overhead, of which advertising is but one of many items. No more light, no more heat, no more of several other overhead items required for \$110,000 turnover than for \$100,000.

Well, if the customer doesn't pay and the merchant doesn't pay for advertising—then, who does pay for it?

Why, bless your soul! The truth of the matter is that effective advertising is self-supporting, self-liquidating. Nobody pays for good advertising, unless, if we must find somebody to pay for it, I guess it comes pretty near being the non-advertising merchant who pays—and pays—whose overhead goes up as his sales volume goes down—he and the non-advertising customer who always buys blind, fails to read the ads and in consequence gets stuck with inferior non-advertised goods, at higher prices than he need pay.

And there you have the answer to the old, old question: Who pays for effective advertising, in the final analysis? Not the buyer of advertised goods, not the merchant who sells the goods and uses the advertising space but the non-advertiser who fails to get the business and the non-advertising public.

The statements in these last two paragraphs, it seems to us, not only supplement but add emphasis to the truths which the releases providing by Consumers Information are going across to the buying public.

We Believe in Munday—Do You?

'The REST Of the Record'

BY JAMES V. ALLRED
 Governor of Texas

Austin.—In issuing the annual Thanksgiving Day proclamation, I did so this year with the feeling that a little white-haired old lady of some seventy years had really written it.

Out of the heavy mail on my desk, I found last week a penciled letter with the writing shaken with the palsied hand of age. Its message typifies the real spirit of the Pilgrim Mother of 1621 when the first day of Thanksgiving in America was observed. I felt humble in the presence of that letter for in it I could see the reason why this State of Texas has become so great. Back of it, I could see the pioneer mothers whose love and faith gave the steel to the courage of their men that enabled them to overcome hardships and build the mighty empire of Texas.

The dear old lady wrote that she only wanted to express appreciation for her monthly pension check. She added "while some people might think my room was too bare and poorly furnished for comfort still to me it is home and for the pension check which makes this possible, I am thankful. My children are all gone and I would be lonely except for the memories of a long life which God has blessed with many friends and much happiness. To Him I shall give thanks on this Thanksgiving Day."

What a lesson to those of us more fortunate! From that letter I gained a feeling of humility, grateful that she should write me at this time.

I don't know how other governors feel about the penciled, often poorly written letters which we receive, but to me they are as important, if not more so, than the neatly typed, embossed letters from lawyers and bankers. These letters are from poor people who travel on a three-cent postage stamp to ask the governor of their state for help or advice. The least a governor can do is read them and help in every way possible.

In many instances the letters are written in Czech or Spanish, or German and often illegible. These I have translated and returned to me promptly.

Yes, we have much for which to be thankful on this Thanksgiving Day.

The tire industry uses approximately 8 per cent of the cotton consumed in America.

The WEEKLY CONSTITUTIONAL

Power for Mischief

Have we any protection against the danger of an all-powerful central government?

In his inaugural address in 1861, Lincoln said: "By the frame of the government under which we live our Constitution, this same people have wisely given their public servants but little power for mischief; and have, with equal wisdom, provided for the return of that little to their own hands at very short intervals."

Our Constitution divides our government into three independent branches, limits the power of each branch and provides that this power be "returned to the hands of the people" by periodic elections of Congressmen, Senators and the Executive. These stipulations cannot be altered by Congress or the Executive or the Courts, as our Con-

stitution can be amended only by the people.

In these ways, "we the people," if our Constitution, "give public servants but little power for mischief." Copyright 1937 by Max Berns

TEXAS SUNSETS
 Rose pink... hycin h blue... and violet—
 Golden galleons in the lyric west...
 What charm hath sonnet or triolet,
 As long as sunsets adorn the west?
 —Frances Coffin Boaz, Ft. Worth

TRANSFIGURATION
 Day is a realist,
 Night, a romanticist.

Consider anything you wish—
 A faded stack of straw,
 A tumble-down barn—
 Under the pitiless light of noon,
 They stand naked and ashamed:
 But at night,
 The straw-stack becomes a hillock of silver,
 And the old barn is a blur of softened gray;
 Beyond its sagging doors are shadows, rustling—mysteries.

By day, we see the bodies of things
 At night, their souls.
 —Boyce House, Ft. Worth, Texas

THE TEACHER
 It is not mine—
 The joy to dig in the moist brown earth!
 To place within her warm breast tiny seeds:
 To watch them grow through Long sunny days
 Into beautiful flowers!

Yet, here,
 Within these four walls
 I, too, sow tiny seeds
 In the mind of a Child
 Which is God's own garden.
 Lillian R. Delly, Choctaw, Okla.

A MOTHER
 Like a strain of music
 At the close of day,
 Like a summer sunset,
 Splendor in each ray,
 Is her watchful care:
 Is a tender Mother—
 Love so kind, unselfish,
 Is not found elsewhere.

NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

Austin.—Politics and the problems of state were given a vacation this week in Texas as state officials welcomed the opening of the deer hunting season by departing en masse for the deer country. Headed by Gov. Allred, who "jumped the gun" a week by going to Mexico, and then returned for a few days hunting in Texas when the State season opened, with the Governor of Colorado as his guest, virtually everybody in Austin who owns or could borrow or rent a rifle, was afield. With 25 per cent more hunting licenses issued this year than ever before, and a plentiful supply of bucks reported throughout the deer country, a most successful season was assured. Many lucky hunters were returning by the week-end, with huge bucks proudly draped over the motor-car fenders, having gotten their Thanksgiving trophy within 24 hours.

15 Senators Face Test
 Issues are now in the making for the 150 legislative places in the House, and 15 senatorial posts to be filled at next July's primaries. In the Senate, especially, is there great interest, since the terms of some of the upper House's outstanding members expire, including T. J. Holbrook, who may not stand for re-election; Grady Woodruff of Decatur, dry leader; Weaver Moore of Houston, wet leader; Frank Rawlings of Fort Worth, the Senate's best parliamentary expert; Ben O'Neal of Wichita Falls, administration floor leader and former law partner of Gov. Allred; G. H. Nelson of Tahoka, who may run for Lieutenant Governor on a unicameral legislative platform; Clay Cotten of Palestine; Olan Van Zandt of Tioga; Claude Isbell of Rockwall; Jim Neal of Mirando City, the man who broke the long reign of Archie Parr in the Valley; Allan Shivers, the youthful friend of labor; L. J. Sulak of Lagrange; R. A. Weinert of Seguin; Claude Westerfeld, the radical leader from Dallas; and E. M. Davis of Brownwood, farm bloc spokesman.

Mann Will Run
 Part of the speculation as to who will be opponents of Lt. Gov. Walter Woodul for Attorney General was set at rest this week, when Gerald C. Mann former secretary of State, and now a Dallas lawyer, wrote members of the Dallas bar association, declaring that he will run, making his formal announcement later, and seeking support of lawyers of his home town, Judge Ralph Yarbrough of Austin is regarded as a certain candidate. He, like Mann, has never made a statewide race. Woodul is conceded easy leadership in the race at this early stage, and additional candidates may develop after January 1, including Speaker Bob Calvert of Hillsboro, and Everett S. Looney of Austin.

The Sunset basketball quintets committed wholesale massacre of at the Sunset gym last Friday the Knox City basketball teams at the Sunset gym last Friday night when they swept through a triple header against the Greyhounds.

The Sunset junior boys opened the evenings play with a one-sided 29-12 victory over the Greyhound pups. The neighboring community's smaller crew outplayed and out-manuevered the Pups to win handily. Out come of the game was never in doubt from the first.

The Sunset sextet after the shaky start of the season showed much more power in their tilt, but failed to come up to the teams of the past which have ruled the courts of this section for the past six years.

Their defensive play was much better but they still were unable to hit the basket with accuracy. Although they led the visiting lassies through the game their lead was never safe. Score at the half was 8-6 and the final score was 14-12 favoring the Sunset lassies.

Boys Get Scare
 Doped to win by as large score as they saw fit to make, the Sunset boys were given the scare of their lives when the scrappy Greyhounds led throughout the first half.

Coach Kimbrough started reserves in the game and the boys started on a half-cocked attitude and were not able to get going until the last half.

However, once the fired off started clicking they flashed championship calibre they should and walked off with a 39-22 win. They held the Greyhounds to four free shots in the last half. Herbert Partridge, lanky center, was spearhead of the Sunset attack. The games were Brazos Valley conference tilts and left the Sunset varsity boys still at the helm undefeated.

KEEPING TAB ON The Eagles

By BUDDY BUMPAS

Sunset Eagles won three games last Friday night, but each victory was the result of a hard-fought battle.

The Junior Boys started the thing off by winning their game by a margin of 29 to 12. This gives them a percentage of .500 in their games played this year.

The Girls won the second game by defeating their opponents 14 to 12. They have an improving team, and with the valuable coaching that they are getting, they hope to soon have a team that cannot be beaten.

However, the Knox City girls have developed a team that really made the girls game an exciting one. Looked as if the Sunset girls are going to have some county competition this year.

The defending champions of the county, the Sunset Senior Boys, won their fifth straight game of the season. At the half it looked like "curtains" for the Eagles, with the Grayhounds leading 18 to 14. But the boys came back and showed true color by holding their opponents to four points during the last half of the game, while they made 25 points.

Coach Kimbrough must have given them some sound advice during the intermission at the half. The game ended with the Eagles winning 39 to 22.

The Sunset Teams want to thank The Munday Times for the nice write-ups given to the Eagles last week. The representative of the paper is invited to all games at Sunset.

Miss Spraggins New Instructor At Sunset High

Miss Lois Spraggins is one of the two new teachers in Sunset High School this year. Miss Spraggins teaches Home Economics to the Juniors, Seniors, Sophomores, and Freshmen. She teaches Economics and Typing. She also coaches the Sunset girls basketball team.

This is Miss Spraggins' first year to teach school. She attended High School in Sherman, Texas, and she attended college four years at Texas Tech.

During Miss Spraggins' four years in college she was a member of the Book Reviewers' Club and Tennis Club. While she was a freshman, she won a pennant for being best girl athlete, and she won first place in roller skating for four years.

As a Freshman at Texas Tech, Miss Spraggins was a representative of the Student Council and Junior president of the Junior Council. Miss Spraggins was secretary of the Junior class, and a member of the Queen's Court.

Miss Spraggins was chosen of the Association of Women Students and as a Junior she represented Tech at the National Convention of this Association at Boulder, Colorado, and as a Senior at Los Angeles, California.

This young lady served on the Senate of Doakes Hall, and she was chosen as member of "Who's Who" among College and University students of America.

All four years in college she was a member of the Women's Athletic Association, and a member of the Forum, which is a National honorary Society for Women. She was also a member of the Home Economics Club for four years.

Miss Spraggins says the most interesting Committee she ever served on was the Artist Course Committee. She was also student assistant in the dormitory, and this is how she worked her way through school.

Her hobby is making a collection of pictures, and collecting different pieces of pottery. Her best loved sport is swimming.

HOLIDAY PLANS FOR PRIMARY

First Grade to Give Chapel Program

The first grade pupils are planning a Thanksgiving program to be given in chapel Wednesday, November 24. The program consists of the following:

A Play
 -Thanksgiving Day is Here Again
 A Song—"Gobble Gobble"
 A song by the Rhythm Band.

The Second Grade Want Your Subscription for Their Paper

The second grade report that they really have nineteen subscribers for their paper. They are really excited over this paper and they want more people to subscribe for it. The children are planning a Thanksgiving Dinner together Wednesday.

Fifth Grade Develops New Talent in Writing Poetry

The fifth grade pupils have been studying about poetry, so they have decided to try their hand at it. The two following poems are examples of their talent.

"Thanksgiving"
 Thanksgiving Day
 Don't go away,
 For the turkey you bring
 It makes me laugh and sing.
 —Junior Reddell

"THANKSGIVING"
 Thanksgiving is drawing near.
 Turkeys in the barn, I hear,
 It will be great cheer
 When Thanksgiving is here.
 —Winona Cheek

 J. E. not in Knox City Saturday evening and night.

Freshman Boys Make Progress In Shop Work

The Freshman shop class seems to be progressing rapidly. In the wood work department, the first project was a bread board. Several boys are making tables, book-cases, medicine cabinets, etc.

In the forge room the boys make bolts, footstools, and many other useful articles. The sheet metal department is making caps, funnels, fruit jar fillers, water pans and feeders. The mechanical drawing pupils are drawing the projects which are being made.

Before the school term is over, the shop pupils expect to be making cedar chests, tales, chairs, and other useful pieces of furniture.

Junior Five Is Entertained At Breakfast Here

Tuesday morning at 9:45 the Freshmen and Sophomore girls served a company breakfast. The host was LaVerne Bumpas, the hostess, Virginia Parkhill; and the following guests were present: Kenneth Myers, George Thomasson, Guy Hardin, Junior Gammill, Victor Thomas and Cecil Joe Burton. (The Junior Boys Basketball team.)

The centerpiece was a large pumpkin surrounded by pears, oranges, grapes, bananas, and grape fruit.

The menu consisted of the following: Grapefruit, Cream of Wheat, baked eggs on toast, bacon jelly and butter.

The breakfast was enjoyed by everyone present.

Change In The School Staff

Last week Askelon Stogner resigned as Sports Editor because he felt that a person who did not play ball could write the sports news better. Askelon further nominated Buddy Bumpas to take his place on the paper staff. Buddy was unanimously elected. He says it was a frame-up. It might have been. Ask the ball boys if you really want to know. Anyway, Buddy, we know you can do it, and we're happy to have you on the staff.

Sophs Enjoy Shop

In shopwork, the Sophomore boys have been doing various things. They have made medicine cabinets, "what-not" shelves, etc., and they are going to make a dog house from tin cans. The boys all enjoy this work and think it is a fine subject.

Sunset Personals

Mr. and Mrs. Tom Clark and daughters are in Groesbeck, Texas, this week visiting Mrs. Clark's mother. They expect to return Friday.

Word was received from Mary Helen Partridge, Woodrow Myers, Margaret Shannon, and Myrtle Partridge that they are coming home for Thanksgiving.

Lloyd Walker, former Sunset hurdle star of '36 visited Sunset School last Friday. His shoes as a track man are now filled by Herbert Partridge.

Bessie Hunter visited school. Since Bessie was former basketball star, she worked out with the basketball girls at their activity period.

Traphene Wren, a junior student, has been ill for the last few days.

Two of the Sunset Seniors, Nell Nix and Buddy Bumpas, are spending the holidays in Dallas. Mr. and Mrs. N. T. Underwood were in Abilene Saturday. Mr. Underwood attended an insurance meeting, and Mrs. Underwood visited the Music Hall.

Miss Lois Spraggins, Home Economics teacher of Sunset, went to Rule Monday to assist in judging the second year Home Economics Clothing contest. They selected the girl who is to be sent to the Home Economics State Rally which will be held in the spring. This girl will take her dress and model it there.

Ruth Cole, niece of Mr. and Mrs. R. W. Cole of Munday, was given first place. She was attractively dressed in rust and green.

Candy is still being sold to pay for the sweaters that the graduates who have lettered during their high school career will receive this year. So far the sales have been good. When you come to the ball

Home Ec Girls Fete Boys Team

The Senior Basketball boys were really entertained on Tuesday morning at 11:30 by the Home Economics class who treated them to breakfast in the Home Economics dining room.

Discussions On Science For The Sophomore Class

We are very glad to have four of our classmates, who have been absent the past week, with us again. Their return made the attendance perfect.

Miss Ruddy, who is a grade school teacher, is now teaching the Modern European History class. It is a pleasure to have her with us again as our teacher.

The 9th Grade Biology Class and the 8th grade General Science class have jointly organized a club in which we will discuss scientific topics of interest. George Claus, chairman, and Mary Loran from the 9th grade, Catherine Homer and Albert Redder from the 8th grade, are the present members of the committee appointed to select topics and direct discussions. The new arrangement in the teaching plan has enabled us to have the last period free for our scientific discussions and laboratory work. According to present arrangements the club will meet once a week at this time.

Representatives Named by School

Lubbock, Texas, Nov. 16.—Elise Tucker and Lovie Beavers will represent Texas Technological College at a meeting of the Texas Athletic Federation for College Women in Fort Worth, with Texas Christian University as host, November 18, 19 and 20.

Miss Zella E. Riogal, assistant professor of physical education for women, will attend as faculty sponsor.

Rambling Remarks

As a famous man once said "Christmas is just around the corner," or maybe it was prosperity he was talking about. Anyway it brings to mind the fact that when you read this there are only twenty four shopping days until Christmas.

We are assembling and will have on display next week, probably, one of the nicest selections of Christmas things we have ever shown. Among them you will see Hostess Trays, in the wanted styles at popular prices. Some lovely ornaments in bright colors with chromium frames. Crystal is good this year, we have it in candy jars, cigarette sets, ash trays, salt and pepper sets, cigarette lighters, sugar and cream sets as well as numerous other items. Our stock of the famous Elgin Watches is complete. We have four styles of Lady Elgins at \$47.50 to \$50.00. Also Lord Elgin in the same price range. We also have 7, 15 and 17 jewel Elgins from \$19.75 up. We are showing as usual the famous Hallmark line of Christmas Cards, Exclusive designs, made with copyrighted sentiment. We also have the Hallmark line of Gift Wrappings, new exclusive, patented designs. YOUR PACKAGE REFLECTS YOUR PERSONALITY. WRAP IT NICELY.

You will have to visit our store during the next few days to see all the nice things we have to make your Christmas enjoyable.

Geometry Gets Juniors Down

Some may think that we are rather slow in our reasoning and comprehension of geometry, but, if they will give us plenty of time, we will perform satisfactorily. The world was not created in one day either. Although our teacher thinks the period for Geometry is "the hour of charm," we agree with our class poet who composed the following poem:

We Juniors dislike Geometry
Lots, and lots, and lots.
But our liking for Literature
Would fill pots and pots.

Freshman Report, Class Activities

The Freshmen are glad that it snowed, because we have lots of fun throwing snow balls. Some of the students had a snow fight and the girls got the bad end.

Idell Montgomery has been absent from school for over a week. We hope he will be back soon.

The project the past week in the General Science Class has been to make star maps, showing constellations, and plants to be seen this month. We are planning to use these maps to find different constellations on the first clear starlit night.

Senior Class Receives Rings

Who said that Jesse James shot Abraham Lincoln?

The Seniors had the pleasure of seeing a grand display of class rings and invitations last week. There were rings of many different styles and sizes of mountings. As yet we are undecided on the type we prefer.

There is an old proverb which reads: "All good things are three." That holds particularly true for the Seniors, for are there not three really good Seniors?

State School Head Visits in County Schools

Deputy State Superintendent John L. Beard of Childress visited all the state aid schools of the county last week and spent last Friday in County Superintendent J. Lyndal Hughes office checking contracts.

All contracts for state aid were drawn up and completed by Beard for this year Hughes reported. Hughes accompanied the school head on all the county school visits.

Schools visited were Sunset, Goree, Knox City, Cottonwood, Gilliland, Truscott, Vera and Hefner.

Hospital Dismissals

Patients discharged from the Knox City hospital during the past week are listed as follows:

Mrs. A. D. Seck, Rochester; Mrs. V. G. Martin, Lorenzo, Texas; Mrs. V. L. Brown and baby, Knox City; Elgin Wright, Rule; K. Salem, Seagraves, Texas; William Dodson, Munday; Juanita Pearl Waldrop, Knox City; J. T. Galloway, Benjamin.

Weinert Ladies Attend Program

Several Weinert ladies were in the city last Friday night to attend the Artists' Program sponsored by the Munday Music Club.

Attending were Mesdames Henry F. Monke, Tony Gobie, R. H. Jones, and Mrs. H. Weinert.

Girls Are Like Newspapers

Because—
They are healthier and stronger than they used to be.
They have many type faces.
They are worth looking over.
Back numbers aren't in demand.
They try hard to be up-to-date.
They aren't afraid to speak their minds.
They can make or break a man.
They have much influence.
A little color helps.
They carry news wherever they go.
If they know anything, they tell it.
Every guy should have one and leave his neighbor's alone.

CHURCH NEWS

FIRST BAPTIST CHURCH

We are planning to participate in a Sunday School Revival which will include all the churches in the North half of District Seventeen, from December the 12th to 19th. We are planning to have a worker from the State Department for the week. We are not sure yet who it will be or what book will be taught. We will make more detailed announcement later. We are expecting every teacher in the school to attend these meetings, and extend a cordial invitation to any others who will attend.

The Associational Workers Conference meets with the Pinkerton Church next Tuesday. Let's attend this meeting.

Read the first chapter of Hebrews and come to Church next Sunday. Who wrote Hebrews? What is the purpose of the book? This is Thanksgiving and how grateful we should be to God for His blessings, and for the joy and peace which we have in Him.

"Enter into His gates with thanksgiving, and into His courts with praise; be thankful unto Him, and bless His name." (Psalms 100:4)

Tech Professor To National Meet

Lubbock, Texas Nov. 23—W. L. Stangel, president of the national Block and Bridle Club, left for Chicago Nov. 24 to attend a meeting of the American Society of Animal Production, the American Block and Bridle Club, and the Recor association. Stangel is head professor of animal husbandry at Texas Technological College.

He will also be one of two Texas delegates at a meeting of the American Aberdeen-Angus Breeders' Association.

Undulant Fever is Reported in State

Undulant or Malta fever, a disease contracted from cattle, goats or sheep which are infected with contagious abortion, is being reported sporadically throughout Texas and the nation, according to Dr. Geo. W. Cox, State Health Officer. This indicates Malta fever to be a public health problem and the attendant need of more general recognition by the public of the disease.

Undulant fever is so called because of the wave-like variations in temperature. The symptoms include rise in temperature, loss of weight and strength, chills, sweats and joint pains. The disease has a rather low mortality rate, but important symptoms may persist for a number of weeks and even months before normal health and strength are restored.

In Texas, the goat, horse and cows are the usual spreaders of this disease. The germs of undulant fever enter the body through the mouth or skin. Therefore, care should be taken in handling animals known to be infected and dairy products from the same sources should be pasteurized, if used. More men acquire this disease than women and adults seem more likely to have it than children. More cases are found in the rural areas than in the cities.

Let Us Be Thankful and Thoughtful, Says Munday High Student in Article

Story Touches Humorous and Serious Sides

BY JIMMY BOONE

What have we to be thankful for? Well, what do you think, undoubtedly, we humans have quite an assorted combination of things for which we should be thankful. They range all the way from paraisical gratitude for general superiority to the cross-eyed hare-lipped chap who was thankful the Lord stopped just short of completely ruining him.

We do not have to be either of these extremes to realize that there are a number of things about us which could be much, much worse. It has been greatly harped on, but still the greatest cause for gratefulness is good health. Then, there is the home without discord and happiness in our work for which we should be thankful.

Those are personal assets; and as we are self-minded individuals, we naturally think of them first. Above them is the larger scene of the whole structure of our society and the question of how wisely and well we are discharging our greater obligations to ourselves and our fellows.

In this vaster picture, we, as citizens of the United States and the world have many developments for which to be equally grateful. The progress of this nation during the last few years of economic strife is truly worthy to be thankful for.

The matter of our mutual obligations to mankind is more complex and subject to argument; but out of the many years of human existence we can see the progress in the betterment of working conditions and the happiness of society as a whole.

We are also encountering problems of population. One is the question of immigration and its proposed limitations, another is the stalemate we are approaching between births and deaths, forecasting a threat of decreasing population. Another is the increase of the lower classes and the reduction of the more intelligent classes.

These are many problems which must be faced and worked out; they and other similar problems are part of man's destiny. It is for us to be glad we are young enough to consider them and profit by others' experience in solving them.

Haughty Seniors Enjoy Party At Albert Residence

Tuesday evening, November 16, Blanche Albert let the Seniors use her home for an informal party. Since neither Miss Couch nor Mr. Hardegree could be with us, we were very much pleased to have Mr. and Mrs. Cobb act as our sponsors for the evening. After the game of the evening, a scavenger hunt—hot chocolate, sandwiches, potato chips, and cookies were served to the 25 Seniors present. Then everyone helped wash dishes. It was a very different, but enjoyable party.

Holiday Vacation Interesting Item To Junior Class

The Juniors are still backing Munday High in everything she does. A number of the boys helped to win a victory over the Hamlin Pipers last Friday, and you could hear those Junior girls yell a mile away while they were rooting for our Moguls.

The girls on the Volleyball team made another good showing in the games Friday night. The boys on the basketball team also showed skill as well as training last week. We are all looking forward to the Thanksgiving Holidays. We hope that everyone has time to recuperate however, before Monday because, as Mr. Hardegree has stated several times, we should be in school every day.

The Juniors were well pleased with the weather Monday and hope that it continues to snow throughout the rest of the month. Several Junior girls helped with the District Homemaking Rally on November 20. It seems that they

enjoyed the day immensely with the programs and meeting new friends and renewing friendship with girls that they had made at other meetings. The Juniors sponsored a Rummage sale last Saturday. It proved to be very successful. We also sold candy, chewing gum, and pop corn. We made about \$16. The sale was in charge of the Juniors with the help of Miss Darnell and one of our excellent room mothers, Mrs. Blacklock. The money will be used in giving the Junior-Senior banquet. We want to express our appreciation to anyone who helped in any way with this sale and especially do we thank Miss Darnell and Mrs. Blacklock.

If you want to get even— If you want to get your views— Read the Walter Vinshell column, For it really contains the news.

The Turkey Day holidays make school very interesting to the Seniors. Every time Thanksgiving has been mentioned, Mattie Marie grins from ear to ear, because boy! she's going to have fun! Then Margaret shows her enthusiasm because of her new interest in A. & M. But Joe Isbell doesn't look so happy during this Thanksgiving week. It could be a cold, or maybe he has just naturally lost some of his Jo-Jo bark. And Donald has become a regular sour-puss. But we can explain—it must be love.

We want to announce that LaVerne has changed her mind about being a nurse and decided to cover the field of newspaper work. Or maybe she'd like to patronize Ben Bagwell's Clothing Store at Haskell.

James: "Out there every man carried a shooter. I was out alone one night and came face to face with a tiger. Up came my shooter and what do you think happened?" Charles: "I know. You forgot your paper-wads."

Zell: "I am very sorry Judson hurt his hand Sunday. But what on earth made him climb that huge tree?" Kathleen: "Oh, he always gets a roaming spirit when he reaches the country, but he got a little excited Sunday, for he saw some mistletoe."

"Try this pill at bedtime," said the doctor. "It is a new treatment, if you can keep it on your stomach it should cure you."

Meeting Orville some days later the doctor asked, "Did you manage to keep the pill on your stomach?" "I did when I was awake," said Orville, "but when I fell asleep it rolled off."

WEINERT BUMPS MGOUL QUINTET IN LOOP GAME

Final Score is 34-21 in Brazos Valley Play Here

JUNIORS DEFEAT WEINERT'S CUBS

Volley Ball Game Is Won Handily By Munday Hi

Failing to hold a slight lead gained during the initial period the Munday Mogul quintet was treated roughly by a sharpshooting Weinert five last Friday night.

Led by the left shots of Lefar, Weinert pulled away from the Moguls in the second period, scoring nine points and holding the local scoreless to lead 11-4.

Although the Moguls came back stronger in the last two periods they were not able to overcome the lead and the visiting team increased their lead at the final whistle to 45-21. The game was a Brazos Valley conference tilt. Lefar ran up 12 points to lead scorers. Haynie had 8 for Munday.

Local Juniors Win Coach L. M. Palmer's junior high school basketball team continued their winning ways by staging a last minute scoring spree to overcome a Weinert lead and win 8-6.

With Joe Dean Clough leading the scoring procession the Cub Warriors relied mostly on a strong defensive game to overcome their offensive weakness. Clough registered 5 points for his nights work. Weinert had a lone point lead at start of the final canto, the score being 6-5, and the Cubs came through with a field bucket and a gift shot and held the visitors scoreless to win. Palmer's Juniors have yet to lose a game this year.

Girls Hammer to Win The local high geared girls volleyball team outdistanced a stubborn Weinert crew to win three straight games over the Benjamin lassies here.

Scores of the games were Monday 15, Benjamin 6; Munday 16, Benjamin 14; and Munday 16, Benjamin 9.

It looked like a slaughter for the Mogulettes as they won the opening tilt holding Benjamin to 6 points. However in the remaining two games Dr. Bass' crew was pushed to the limit to come through.

No games are slated for this week end.

SPORTS News and Views

By Thomas Rigby

It seems that Moguls decided to end the season with a bang as they beat the Hamlin Pipers 12 to 6. Everyone will agree that both teams played a good game and good sportsmanship was shown by both teams.

We are also proud of Coach Cobb who has overcome everything from ineligibility to broken bones to produce the team.

Munday High School should be proud of the girls volleyball team. The girls have a crackerjack team and are under the supervision of Dr. Bass. This is Mr. Bass' second year as coach and his team is trying to make a record by winning every game and so far they are doing it.

The Junior boys basketball team under L. M. Palmer has been playing heads-up ball. Out of the three games they have entered they have emerged with a victory each time. They really have some good players and by the time they are old enough to play Senior ball they should really go places.

The Juniors strutted out in their new uniforms Friday night and they have a right to strut, because the new uniforms are something to brag about. The pants are gold while the jerseys are purple. The jerseys have gold numbers on them. One of the boys told me that one couldn't help palping topnotch ball with a uniform like theirs.

It seems like L. S. Hardegree's Senior Boys aren't setting any records on fire, but they will get started pretty soon and we will be able to chalk up a string of victories for them.

There won't be any lull between football and basketball this year. The Moguls are playing pre-season basketball now. Hardegree is getting his boys in shape for the regular season.

THOSE FIRST THANKSGIVINGS

Shall we not pause, as we make holiday, To think of those Novembers harsh and gray Our fathers spent on stern New England's soil? They reckoned not the bitterness and toil. The sacrifice, the hardships, and the strife, The struggle yet to wage for home and life. But watched the bursting of the sterile sod With shoots of green, and gave their thanks to God.

Shall we not pause one moment on our way, As we make joyous, carefree holiday. To think of those Novembers long ago? Of stony ground the Pilgrim toiled to sow; Of rivers bridged; of tangled forests cleared To pave the way for cities we have reared; Of schools and churches built; of brave lives spent For liberty and faith and high intent; Shall we, whose blessings are so richly poured, Forget to say, "Thank You, Lord"?

Sophs Welcome Miss Couch Back

The English II students enjoyed studying with Mrs. Barnes last week, and we believe we have mastered the restrictions and non-restrictive clauses with her help. At least we hope to prove it when the six weeks exams come.

"DAMAGED LIVES" AT ROXY MONDAY

Scene from the sensational film, "Damaged Lives."

"Damaged Lives" Sensational Story

Occasionally a picture comes along that, through some new twist or some novel method of treatment, causes the jaded movie fans to sit up and take notice. Such a picture is "Damaged Lives" which plays at the Roxy Theatre Monday night.

In addition to being wonderful entertainment and a story of compelling interest, "Damaged Lives" deals with a subject that is close to the heart of every normal American—the welfare of our girls and

boys—and as such, it has been endorsed by Juvenile Authorities all over the country. From the moment the picture opens until the final fadeout, there is not one uninteresting moment and the audiences sit spellbound.

Rarely in the history of the screen has a picture been so beautifully cast and perhaps never has a subject dealing with such a delicate topic been so clearly handled. The thrill seeker will get his full quota of emotion; the sensation seeker will not be disappointed; yet the thoughtful will leave the theatre feeling that they have seen the most serious problem facing the American people today. "Damaged Lives" is well worth while.

CONTRACT FOR CONSTRUCTION NEW ROCHESTER SCHOOL PLANT IS LET

Abilene Company Is Successful Bidder Friday

Contract for construction of the Rochester high school building was awarded to Abilene Construction Company subject to approval of Works Progress Administration at a meeting of the school board Friday.

Their base bid of \$72,000 was low among the five submitted, but exceeds available funds which only total \$66,000. Alternates will have changed and architectural plans altered to lower costs before approval of P.W.A. Papers have been sent to Fort Worth headquarters and upon approval will be mailed back to architects. Work will be delayed and will not start until after December 1, it is announced.

Other contractors who submitted bids on the project were: E. D. Jones, Stamford, \$74,993; Ramey Bros, Amarillo, \$75,432; Charles Mothes, Seymour, \$75,750; and Ingles Sikes, Lubbock, \$81,450.

Play By Little Theater Club of Weinert is Given

Thursday night, November 18 the Weinert High School Little Theater at the high school auditorium began its season with two one-act plays. The first play, "The Obstinate Family," a comedy. The cast was composed of the following actors: Winton Palmer, Earnestine Howard, Matie Louise Cadenhead, James F. Cadenhead, Vera Mae Hasteley and Thomas Sadler. The second play was called "Where Is My Darling Elmer." The cast for this play was Edward Havran, Weldon Leflar, Ben Sloan, Oleah Muston and Lee Roy Leflar.

Fire Destroys Goree Residence

Fire completely destroyed the home of Mr. and Mrs. R. D. Perdue in the northwest corner of the city Sunday night.

Cause of the blaze was attributed to faulty electric wiring in the southeast room of the Perdue home and the flames soon enveloped the entire structure. City firemen were unable to combat the fire as the city water system does not reach that part of the city.

Entire contents of the house with exception of five household articles and a bed clothes were consumed by the blaze. Mr. and Mrs. Perdue were only occupants of the house when the fire was discovered.

Jack Stoneham, of Dallas, was a business visitor in Munday last Friday afternoon.

Thanksgiving Originated For Pilgrims Health

Austin, Texas, Nov. 23.—A primary reason for the institution of Thanksgiving Day was health. The Pilgrims, the few of them left after that terrible first year of death and disease, wanted to publicly thank God for all his mercies. And so was born the tradition of Thanksgiving.

We have come a long way since that time in the matter of health. Today few people think of Thanksgiving in connection with the health they enjoy. We are so accustomed to good health that we hardly give it a thought—until illness strikes.

The Texas State Department of Health, city and county health organizations have labored for years to secure the measure of health protection that the public now enjoys. Their thanks are to medical science for the strides it has made in preventive medicine, enabling thousands of lives to be saved annually.

Since that first Thanksgiving, the mode of transmission of many diseases has been discovered and the known preventive of diseases become common knowledge. Yellow fever, diphtheria, and typhoid fever can be eliminated as a cause of death if a person takes advantage of the typhoid immunization. Maralar and other diseases can be controlled if the public demand for their control, as a part of every day activities of the government, be insistent enough.

During the past half century the expectation of life has increased about fifteen years. This means that a baby born in 1937 can be expected to live fifteen years longer than if he had been born fifty years ago. We have much more to be thankful for in the matter of health, than did our Pilgrim forefathers, so let us in our individual Thanksgiving be reminded of the strides preventive medicine is making in improved health conditions in Texas.

Munday Music Club Presents Artists' Program Here to Large Crowd Friday Night; Presentations Well Received

Piano, Violin and Vocal Solos Heard in Program

Described as one of the outstanding musical programs to be heard in this city in past years, the Artists' Program presented at the Methodist Church last Friday night by the Munday Music Club was well received.

The main auditorium of the church was filled by Munday and neighboring city citizens to hear the artists from Wichita Falls.

Those appearing on the program were Charles Kiker, pianist, Arthur Davis, violinist, and Mrs. Don Bowie, Jr., soloist with the accompanying music by Mrs. A. H. Mahaffey.

Mrs. L. M. Palmer, president of the Music Club gave a short introductory address and introduced Mrs. Jim McDonald, formerly of Wichita Falls, who introduced the guest artists who appeared on the program.

Mrs. Eithel Allen Nelson was asked to stand during the introduction. Mrs. Nelson's husband is a composer and three of his works were rendered during the entertainment.

The program in its entirety follows:

Eccossaise — Beethoven-Busoni

Waltz in A Flat — Chopin

Charles Kiker

Concerto in E Minor (Finale) — Mendelssohn

Frasquita — Lehar-Kreisler

Arthur Davis

Musetta's Waltz Song (La Boheme) — Puccini

The Sun — Curran

To The Star — Rogers

Mrs. Don Bowie, Jr.

Prelude in C Sharp Minor — Rachmaninoff

Spanish Caprice — Moszkowski

Charles Kiker

The Rosary — Nevin-Kreisler

From the Cane Brake — Gardner

The Gypsy — Eithel Allen Nelson

Arthur Davis

Dear Old Home — Eithel Allen Nelson

Unless You Loved Me — Eithel Allen Nelson

Mrs. Don Bowie, Jr.

Accompanist, Mrs. A. H. Mahaffey

Among the numbers receiving the most applause were The Rosary played as a violin solo by Arthur Davis and Prelude in C Sharp Minor by Charles Kiker and a request number by Mrs. Don Bowie.

Bridge Club Has Annual Holiday Banquet Monday

The Monday Night Bridge Club met in the home of Mr. and Mrs. W. R. Moore last Monday night for their annual Thanksgiving party at 7:30 p.m., with Mrs. Moore acting as hostess.

Each club member brought a covered dish and the first part of the evening was spent enjoying the banquet and in social conversation.

Following the banquet club members were seated for contract bridge and at culmination of the games Mr. Fred Broach emerged with high score for the men and Mrs. Pitzer Baker won high for the ladies.

Members present for the affair were Mr. and Mrs. Pitzer Baker, Mr. and Mrs. Grady Roberts, Mr. and Mrs. Tom Haney, Mr. and Mrs. H. A. Pendleton, Mr. and Mrs. Fred Broach and the host and hostess, Mr. and Mrs. Moore.

Mrs. Moore was assisted in serving by her two daughters, Misses Mary and Mildred Moore.

Tech Judge Team Enter Competition

Lubbock, Texas, Nov. 23.—Four crop judges from Texas Technological College at competing in two major shows this month, the Intercollegiate crop contests at Kansas City, Nov. 19, and the International Hay and Grain show at Chicago, Nov. 26 and 27. Earl T. Duke, agronomy instructor, is the coach of the team. This is the first crop judging team from Tech to compete in the international show.

Team members are Frank Duncan, Lubbock; Aston Cole, Osceola; Roy Higginbotham, Chillicothe; and Spencer Whippe, Perryton.

PEEP SHOW FOR LADIES ONLY —BY— MIGNON

Since the female of the species is more deadly than the male it seems that women jurors are— But thereby hangs a tale.

It was a jury of eleven women and one man that doomed Mrs. Anna Hahn to the electric chair for the poison murder of Jacob Wagner. Is it sex that sways the mind of jurors or is it only a coincidence while Mrs. Hahn was found guilty of murder, Margaret Drennan, confessed slayer of her married lover, who was tried by eleven men and one woman, went free?

The woman who kills and goes before a jury of women to be tried has little reason in the cold light of psychological truth to hope for mercy.

She might fool a jury of men with tears and helplessness, but if she knows a thing about her own sex she knows that women won't be fooled by her. And she knows that they will show her no mercy.

But it is an older story for the pretty woman who faces a jury dominated by men. Her mirror tells her she has a chance. So does her knowledge of men's sentimentality and the protective instinct that makes them want to help any woman in distress.

If honor is involved, the woman has almost a fool-proof defense. What man—or jury of men—would say that a pretty girl whose trust had been violated by one of their own sex should die?

Doom must be in the hearts of every woman who finds her life dependent on the mercy of her own sex.

It might be a good thing to divide the jurors so that only the evidence in the case might be considered fairly.

Down in Texas there is in oil well located on church property and is paying church members \$20 a month. Instead of "Give, Oh Give," can you imagine finding a check made out to you for your dividend? No, you peeping Toms who read this woman's column, you just as well play golf, they aren't taking any more members.

Notice to all you Lions, Rotarians, Kiwanians and other loud singing service club members: That old song about "There ain't no wives," won't do any longer the business women have formed the S. F. P. O. M. P. A. B., which means a society for the prevention of married men posing as bachelors. Can you imagine smart business girls forming such an organization? Looks to me like they could spot a married man two miles away.

Speaking of married men, I am slightly acquainted with one who approached a pretty girl on the street with the old gag, "Hello, haven't we met someplace?" And I've had him under my thumb ever since I heard her reply, "Hell no, you ain't been there."

An author once wrote: "For it has been truly said that kindness is a language which the blind can see and the deaf hear." I could go on him a better, being a married woman—even the dumb might understand it.

A copy of that loved magazine, "Visions" is here dedicated, this issue, to the late Robert Tad Phillips who was a member of the staff. Visions—from the garden of the Sun—expresses more than a whole column of singing its praises. But I'll have to find some new superlatives if it gets any better.

It is with pride and pleasure that I present this week a lovely new book of poetry, "Lasting Beauty" by Lois Page of Altus, Oklahoma. It is a beautiful little volume in green and gold published by the Tribune, Tipton, Oklahoma and for sale by the author and many book stores over the county, price \$2.25.

Lois Page is a new discovery in the poetry world. She has been confined to her bed with spine trouble for five years. But out of the pain and heart-ache have come luring songs of purest poetry, but don't think they are minor chords. Pain has only refined the gold and

WATCH US GROW

We are now entering upon our third year under State Laws, as Ideal Security Life Insurance Company. OUR BOND to the State is now three times more than was necessary at the close of business for 1936. This was made necessary because our MORTUARY FUND, (from which only death claims are paid), is nearly three times greater than it was at the beginning of this year.

We have been careful with our investigations through our Medical Department before we issue policies. This careful, painstaking and expensive method of investigation helps us to secure a better class of risks.

ALL CLAIMS HAVE BEEN PAID PROMPTLY. You simply call us COLECT when a death occurs, and we pay quickly, that out policy-holders may be saved embarrassment at the time of their bereavement.

In two years we have issued policies to more than EIGHT THOUSAND EIGHT HUNDRED PERSONS. This has been accomplished by hard work, and through the confidence of our friends. We are profoundly thankful for this, and we are doing our best to build a COMPANY THAT WILL BE RECOGNIZED FOR ITS FUTURE USEFULNESS IN THE FIELD OF INSURANCE.

Our policies now range from \$150.00 to \$1,000.00 at safe rates that are within your reach. IF YOU ARE NOT PROTECTED, we shall be glad to explain our rates for your satisfaction.

Thanks to Electric Servants

Thanksgiving is now a Woman's Holiday too!

If our service to you during this last year has been instrumental in providing more leisure, more pleasure, and greater happiness, then this Thanksgiving Day is occasion for us to give sincere thanks. Like many of you, we have "grown up" right here in West Texas. This is our twenty-sixth Thanksgiving. So we can remember when the turkey season meant a holiday for every one except Mother. The Thanksgiving dinner was a long, tedious task for her... many hours in the kitchen before a hot, odoriferous stove. And there were scads of dishes to wash when it was over. This burden on her is no longer necessary, we're happy to recall. The trend toward the all-electric kitchen means complete emancipation for women. Out of this freedom is born the Neoelectress—a modern home maker alert to this new electric age. The vista of a more glamorous future than pots and pans has become a reality, whether it be Thanksgiving or just another day. If you have not yet electrified your kitchen, we suggest that you investigate the economy of Electric Servants ere another holiday rolls around. They have made Thanksgiving a vastly happier day for many of your neighbors... and we are glad!

FIRST PAYMENT STATE MONEY IS MADE TO COUNTY

COUNTY SCHOOLS RECEIVE \$4 OF PER CAPITA APPOR- TIONMENT OF \$22

County school receiving state aid and independent districts received the first apportionment of the per capita allotment for this year first of the month, it was reported by J. Lyndal Hughes, county superintendent.

The apportionment, largest first payment made by the comptroller, was for \$4.00. Each school will receive \$22 per capita for the 1937-38 school year.

Hughes reported that the schools of the county are in excellent condition financially.

Unemployment Census Cards Are Completed

Census of the unemployed of this county was completed last Saturday by the Munday postal department, it was announced by Lee Haymes, local postmaster today.

Cards were sent to every boxholder in Munday and on all the route boxes on the Munday routes and distributed at the postoffice to those who failed to get one.

The cards returned to the local office have already been forwarded to Washington, D.C., where a tabulation of the national census will be made as rapidly as possible, Mr. Haymes stated.

Natal Party for Two Munday Girls Saturday

Misses Doris Evelyn Hensley and Peggy Louise Bowley were named honorees at a natal party in the home of Mrs. Frank Bowley last Saturday evening.

During the evening games were played and the two honorees were given numerous gifts.

Don't Call During Fire

Don't Phone, Please.
The local telephone manager, Miss Lorene Newsom, and Clint Hawes, local fire chief, are urgently making this plea to the citizens of Munday, when a fire alarm has been turned in.

Two weeks ago when the alarm was turned in, the switch board had over 150 calls within less than five minutes wanting to know where the fire was. The result was that the fire station in the city had to be called to the telephone office and ask personally where the fire was, not being able to ring central. Approximately 8 minutes were lost.

Hereafter, central will NOT ANSWER CALLS, REGARDLESS OF WHO CALLS, FOR FIVE MINUTES FOLLOWING ANY FIRE ALARM. "Funny, but the fire won't wait for the fire boys to get there, so the people will have to wait to find out where it is," Chief Hawes stated. Miss Newsom will cooperate to the fullest in the matter.

MOGULS CLOSE GRID SEASON WITH 12-6 WIN

(Continued From Page 1)

the fans a treat to broken field running by turning in a beautiful 65 yard dash. However, Hamlin took the ball on downs and staged a retaliating.

Munday turned the tide of the game into victory in the last quarter when they intercepted three Hamlin passes to stop their aerial show. Pippin intercepted one to stop a drive and returned it for 20 yards and the Moguls drove on to the 7-yard line. On four downs they failed to go over.

On the first play by Hamlin they attempted a short pass which Hobert came in fast to intercept on the fifteen yard line and was over for a touchdown before Hamlin recovered. Pollock's placement was again blocked.

In the closing minute of the game Pollock was downed on about the thirty yard line when a bad pass from center caused him to fumble, the ball going over to Hamlin. Hamlin immediately started a drive that halted on the two-yard line by the gun.

Statistics give Munday an edge in the game. First downs were even with 11 each. Gains from scrimmage showed Munday with 204 and 78 for Hamlin. Hamlin completed 12 passes for 151 yards in 30 attempts while Munday failed to connect in three tries. Munday lost 32 yards to 13 for Hamlin. Munday drove 40 yards in penalties to 10 for Hamlin.

SCHOOL BONDS PURCHASED BY KNOX COUNTY

\$4,000 OF BENJAMIN SCHOOL BONDS ARE BOUGHT WITH COUNTY SCHOOL FUNDS

The County Superintendent J. Lyndal Hughes purchased \$4,000 of bonds from the Benjamin Common School District recently with funds from the Knox County Permanent School Fund.

The bonds, which will draw five per cent interest, increased the total invested from \$13,300 to \$17,300. All the bonds are drawing five per cent interest.

The purchase was authorized by the commissioners court.

LOST! \$41,000

\$41,000 was lost in Texas last year. It was lost because 12,750 children were born in Texas last year.

Sounds foolish but it is a startling fact. It is estimated that 12,750 babies were not registered following birth and each birth is worth \$3.25 to the state. The money is paid by the state.

The above information disclosed in the recent talk given by Dr. R. B. Wolford, director of public health district No. 2, of the state health department, at the tri-county medical association here.

Wolford urged fullest cooperation of parents and physicians in registering births, and also urged all deaths be filed promptly with the health department.

Jess Kennedy, former publisher of the Munday Times, is a business visitor in this city this week. Mr. Kennedy is connected with the Superior Printing Company of Altus at present.
