Junior Livestock Show To Be Friday, Saturday

Three cents will not make or break anyone.

Especially a community that has maintained over \$10 million on deposit in its local bank for more than three months.

But we've heard quite a bit of griping about three cents during the past two weeks.

It seems the postal service pulled a quick shuffle on us.

Here we were kinda expecting a 3-cent increase in first class mailings right after Christmas, the powers that be doing us a great service by allowing us to do our Christmas mailing before the increase went into effect.

Then came the court order putting a quietus on the department's celebration of this increase. Those in the business of trying to get more for their modern Pony Express, were caught with scads of 13-cent stamps and no ready market for them.

As we were kinda resting on our laurels, relaxing during a respite from a rate increase, the "go for broke" people took another route. They got another court to void Judge Sirica's decision to ban the rate increase.

Then's when people began complaining. They'd been worked up into accepting the December 28th date for digging deeper into the jeans for postage money. They relaxed for a spell, and then were hit with the court's nix on Sirica's nix.

And a whole batch of end of the month bills and end of the month letters to be mailed.

People had bought up a batch of 10-cent stamps for this regular mailing, only to wake up Wednesday morning, December 31, with the realization that their investment was short of adequate.

So, a disgruntled populace made a rush on post offices to secure an additional 3-cent stamp to compensate for the raise in rates. The immediate increase, by January 1, was necessary (we read somewhere) so the Postal Service could meet its February 1 payroll.

Post offices ran out of 3-cent stamps, and people were reluctant to discard 10-centers and purchase the new 13-cent picture cards.

Offices nearest the big centers made rush trips to these centers to replenish their 3-cent supply that was dwindling quickly to nothing. Others couldn't be situated so conveniently, so they did the next best thing.

With a 10-cent stamp and some simple arithmetic resulting in the fact that 10 plus 2 plus 1 makes 13-and your letter can go on its way.

That's what happened to us. Postmaster Chan Hughes said he didn't have any threes, but he had plenty of ones and twos-and "would that do?" "It's all right," we said, "except it's a lot more licking." No person on the other side of the post office counter volunteered to help out with the licking.

By the time we used our left-over, saddle blanket type of Christmas stamp and pasted a one and two beside it, we had most of the top part of our letters covered

Knox County 4-H Club and FFA members are expecting to show around 250 head of swine, lambs and steers in the annual Knox County Junior Livestock Show, according to Herman H. Collier, County Extension Agent.

The show will be held on Friday and Saturday, January 9 and 10, at the County Barn in Munday.

John Lee Nelson of Munday is general chairman, and Charles Lankford of Knox City is vice-chairman of the show. They are busy this week completing

all plans and putting everything in readiness for the show.

Breeding swine and lambs will be judged Friday, starting at 10 a.m., according to Collier. Cecil Lewis, well known swine and sheep breeder of the Rule area, will judge the Friday show.

Barrows and steers will be judged Saturday, starting at

9:30 a.m. Bill G. Scott, vocational director in Abilene High School, will judge the Saturday show.

The show will conclude with the premium sale at 3 o'clock Saturday afternoon. A large crowd of parents and interested persons are expected to attend this, as well as other portions of the two-day annual show.

OMAR BURLESON

Burleson Files For Re-election To Congress

Washington, D. C.-Congressman Omar Burleson, who represents the 17th District of Texas in the United States House of Representatives, has announced for re-election. He has filed for a place on the ballot in the Democratic Primary Election on May 1, 1976.

Burleson was elected to the 80th Congress from the 17th District and has been re-elected to each succeeding Congress. He is a member of the Ways and Means Committee, considered to be the most powerful and prestigious in the House. In addition, Congressman Burleson serves on the newly created Budget Control Committee which has, as its purpose, relating Federal expenditures to Federal revenues with the goal of reaching a balanced budget.

Bobby Burnett Announces For Co. Attorney

Bobby D. Burnett, who is presently serving as county attorney of Knox County, has authorized The Munday Courier to announce his candidacy for re-election to this office, subject to action of the voters in the 1976 primaries.

A native of Knox County, Mr. Burnett returned to the county upon receiving his law degree and was soon appointed to the office of county attorney. He has since moved to Munday, maintaining a law office here, and recently constructed a new home in Munday.

He asks the vote and consideration of Knox County's voters strictly upon his record of past performance in the office of County Attorney, and upon his ability to serve his county in this capacity.

"I will contact as many voters as possible," he said, "but in the meantime I ask that you give my candidacy your careful consideration, assuring you that your vote and influence will be greatly appreciated."

Music Folk Festival Planned January 24th

An event which is designed to hopefully create more interest and activity in the Bicentennial theme locally for this year is the "Musical Folk Festival" which is being planned for Saturday, January 24. Sponsoring this event is the Munday Bicentennial Committee and the Munday Chamber of Commerce and Agriculture.

This highly enjoyable two hour program will be staged in the Munday High School auditorium, beginning at 7:30 p.m. on the above date. Admission will be charged, as programs of this type will be held monthly to help defray Bicentennial expenses.

Local and area musicians have been invited to appear on this program. It is believed these will add more interest to the event.

"We hope to provide a variety of music which will appeal to all ages, raise money to complete our Bicentennial goals, and give local and area residents an evening of fun and fellowship," stated Mrs. Callie Ann Combs, Chamber of Commerce manager and Bicentennial chairperson.

Please watch the local newspaper for further announcements about this and other programs which are to follow.

Buddy Angle Announces For Commissioner

C. C. (Buddy) Angle of Knox City has authorized The Munday Courier to announce his candidacy for Commissioner of Precinct One in Knox County, subject to action of the voters in the Democratic primaries.

Angle, who is a life-long area resident, stated briefly: "I would like very much to be your Precinct One commissioner, and I ask your support and consideration."

His formal statement will appear in a later issue of The Courier.

49,800 Bales Of Cotton Processed

Cotton prices leveled off at about 18 to 19 cents above the CCC loan as the new year came in, according to Sidney Ferrell in charge of the Munday Classing Office. Trading was light but was expected to pick up after New Years. Grade 42 was the predominant quality classed this week at 43 percent. Grade 32 accounted for 24 percent of the cotton. Grade 52 was 9 percent and grade 33 and 43 was 18 percent each. Reduction in grade because of bark or grass increased from 38 percent to 57 percent this week.

Staple 32 continued as the predominant length with 69 percent. Staple 31 was 26 percent. Micronaire readings showed another slight drop in good mike cotton with 52 percent in the 3.5 to 4.9 range. Cotton miking 3.3 to 3.4 accounted for 19 percent. Mike 3.0 to 3.2 was 20 percent and mike 2.7 to 2.9 was 9 percent.

Pressley strength readings were not available for the week but the season average is 84,000 pounds per square inch.

UP IN FLAMES: The home of Mrs. Hortenzia Valencia and her five children was completely destroyed by fire at Weinert at about 4:45 p.m. Friday. The family was in process of moving to Haskell.

Fire Destroys Weinert Home

Fire which broke out at about 4:45 p.m. Friday completely destroyed the 2-bedroom home of Mrs. Hortenzia Valencia and her five children of Weinert.

The family was in process of moving to Haskell, and Mrs. Valencia had gone to Haskell with a portion of their household goods. Her five-year-old son, Raymond, was in the house when the fire started. He ran outside and notified his cousin, Ricky Estrada, who notified the Weinert Fire Department.

Two units of the Munday Volunteer Fire Department answered the call for help and found the building almost completely destroyed. They were told to "stand by" and let it be completely consumed by the flames.

Mrs. Valencia's children are: Joyce, 11 years old; Norma, 9; Kathy, 8; Gilbert, 7, and Raymond, 5.

Earlier in the day, at 11:30 a.m., the Munday firemen answered another alarm. This time, they extinguished

a grass fire on the railroad right-of-way about four miles south of Munday.

Workers Are Injured In Accident

James Carden, owner of Carden Plumbing and Electric in Munday, and Jack White were injured on Wednesday of last week in an accident at the Munday Elementary School.

They, along with Angel Munoz, were making repairs in the boiler room at the school, changing a pump and boiler tank. Placing the new equipment in the room, they were in process of taking the old up a stairway when it "got away from them." Carden and White were struck by the equipment, being knocked down the stairway.

Carden entered the Knox County Hospital for treatment for broken toes and a back injury. He wanted to return home Monday, but was induced to remain in the hospital a few days longer.

White, who received bruises to the chest, was not hospitalized.

B&PW TO MEET

The Munday B&PW Club will hold their monthly business meeting Tuesday, January 13, in the Munday Community Center.

WINS AWARD: Howard B. Orr, distributor for Tom's Toasted Peanuts, is shown presenting the "Salesperson of the Year" award to Bobby Hutchinson of Munday, who has represented the company in this area since 1968. Along with the plaque is a round trip air-fare for two to either Columbus, Ga., or Las Vegas, Nev., plus \$50 in spending money.

with postage. But we're helping the P. O. department to get out of the red, maybe have a possible surplus, instead of the anticipated \$2.6 billion deficit they could see without the three pennies per letter.

Some people didn't go for it at first. One person delivered a statement to the Courier last Friday with the remark: "I'm helping the P. O. Department go broke by delivering mine personal." We doubt if he'll still be doing this 12 months from now."

Looking at Munday

A program interestingly titled "Looking at Munday" was presented in a unique form at the Munday Lions Club weekly meeting on Tuesday, December 30.

Charles Baker, chairman, was "the daddy" of this program which was called "Looking at Munday from the eyes of a newcomer, those of an old timer and those of an outsider."

The newcomer was represented by Dr. Dale Selzer, who recently chose Munday for his dental practice. Dr. Selzer reiterated his statement made when locating in Munday on August 1, 1975: "We are definitely small town people, and we wanted to get away from the larger places and do business with the friendly people of the small town."

"Martha and I selected Munday for this and other reasons," he continued. "The small town that needed a dental service and with

Mrs. Effie Younger and her brother, Bill Eason of Lubbock, spent the Christmas holidays with their sister, Mrs. Mack McBride in Corpus Christi.

Mr. and Mrs. Earl Ponder were pleasantly surprised Monday when old time friends, Mr. and Mrs. Hosea Ward and Joy, from East Texas now living in Colorado City stopped by for a visit.

Mr. and Mrs. Earl R. Ponder spent the Christmas holidays with their son, Dr. and Mrs. Wm. E. Ponder in Richardson.

agriculture as its principal industry appealed to us. We like the progressive nature of Munday, and its future looks bright to us."

The "oldtimer," although he was reluctant to be called one, was J. Weldon Smith, who recalled selecting Munday as his home town in 1944. "An interesting observation," Smith said, "is the fact that people who were running the town then (and he named several by name) were the same age as we are today. This proves to us that we may retire or pass from the scene, as many of the 1944 business and professional people have

Bill's Blabbin By Bill Bowley

We know you have been waiting with anticipation to read another one of the great, great delightful Bill's Blabbin columns, so we decided that you have had enough of a rest and will start the torture again.

We also know you are wondering what we finally received for a Christmas present. No new car, no Amana radar range, no CB, no wall-away recliners, no slack suit, come to think of it Santa Claus didn't leave us a thing. Do you think maybe we weren't good, or that we just asked for too much.

Either way the results were the same. We did have a nice Christmas though. Got to be with our grandchildren and great-grandchildren and just seeing their delight with their gifts was enough to make this old woman happy.

What in the world is wrong with us? Old woman, my eye, and we still are holding on to that "be 40 next June" bit. But now people are beginning to say "you mean the second time around". That sure does hurt a fellow's feelings, that is if they are looking forward to being hurt.

We didn't even see the New Year in, but then we haven't done that in a number of years. We decided that it will make it without us, so we don't lose any sleep waiting. Goodness knows we have to have our sleep.

But then if everyone did and liked the same things, wouldn't this be a crummy place to live? Hope you have a good year.

done; yet, the town continues to progress when others step in and take their places. I am proud to have been a citizen of Munday for these 30-odd years."

The "outsider", Don McClatchey of Olney head of Olney Federal Savings and Loan, didn't classify himself as an outsider, "because we've been a part of Munday

Excise Tax On Telephone Bills Reduced

The excise tax on telephone bills was reduced 1 per cent—from 7 to 6 per cent—beginning January 1, 1976, as a result of the fourth step of a 10 year reduction.

The tax elimination was enacted as part of the Excise, Estate and Gift Tax Adjustment Act of 1970 calling for successive 1 per cent reductions in the excise tax on the first of each year, until the tax expires on December 31, 1981.

General Telephone customers paid an estimated \$2.1 million less in Federal Excise Taxes on telephone bills during 1975 because of the 1 per cent reduction in the tax beginning January 1, 1975.

Based on the 1975 excise tax of 7 per cent, Genral Telephone will have collected an estimated \$15 million from customers by the end of 1975.

The excise tax on telephone bills was first imposed by Congress during World War I as a "temporary" measure. Although repealed briefly after the war, the tax was reinstated during the depression and has con-

tinued ever since at varying rates as high as 15 per cent on local service and 25 per cent on long distance calls. From 1954 until 1971, it stood at 10 per cent.

All of America's dental schools are dependent to some extent on advanced facilities in Veterans Administration hospitals.

Activities Of Colored People

By Aline Johnson

SS School was called to order Supt Hendrick in charge. Subject lesson Jesus and the law. It was a great lesson taught by supt Hendrick so beautiful I hope each one will read it I myself must say this New Year I hope my dear white friend will continue enjoy these readings as they did on last year and I want you to no I appreciate you calling colored friends.

Our Bible basis Mathew 5:38-48 background scripture Mathew 5:1-6:18 Bible truth Jesus taught us that true obedience to the law demands consistent, every day love of fellow man over self. Bible verse Think not that I'm come to destroy the law or the profets Im not come to destroy but to fulfill Mathew 5:17 Lesson aim: That adult christians learn to apply Jesus teaching about the spirit of the law to their every day live we get our Bibles and read this lesson we will see our short coming you no I myself find it improvement in these lessons each day for my life it's to me to except it where by that I will grow more spiritual

GRANDSON RECEIVES EYE INJURY

David Bradley, 7 year old son of Mr. and Mrs. Max Bradley and grandson of Mr. and Mrs. H. B. Stubblefield, suffered a serious eye injury Wednesday night of last week in a freak accident at his home.

He was treated at the Knox County Hospital, then transferred to Hendrick Memorial Hospital in Abilene where he remained until Sunday. The extent of the damage to his eye cannot be determined for at least three weeks according to Dr. Walker, Ophthalmologist in charge of the case. David will not be able to return to school for several weeks.

Judy Alexander, Larry Don Hertel Wed In Baptist Church

Marriage vows were exchanged Saturday, December 27, 1975 at 4 p.m. by Judy Diane Alexander and Larry Don Hertel at the First Baptist Church in Munday with the Rev. K. E. Woolley of Benjamin officiating.

Parents of the couple are Mr. and Mrs. H. D. Alexander and Mr. and Mrs. W. M. Hertel, all of Munday.

The bride, given in marriage by her father, wore a long winter white dress of polyester with shirred bodice, a three tiered gathered skirt trimmed with wide lace. The long full sleeves were also trimmed in wide lace. In her hair she wore a headband made of white gamillies. She carried a white Bible topped with white orchids and long white streamers.

Miss Cindy Brown played traditional wedding music. Miss Linda Reddell was soloist. Mrs. Brenda Clark, sister of the bride, registered guests.

Miss Nan Reeves of Weinert attended as maid of honor. She wore a long mint green dress of eyelet embroidery with long sleeves and a full skirt. She carried a bouquet of gamillies.

Dennis Duke of Wichita Falls served as best man.

The bride's parents hosted the reception in the fellowship hall of the church. The three tiered white cake was separated with columns and topped with a bride and groom and green flowers. It was served with punch and mints by Mrs. Evelyn Herring and Mrs. Brenda Clark.

Following a wedding trip to Abilene, the couple will live at 240 Fourth St., Lubbock.

The bride was a graduate of Munday High School and had been employed by

MRS. LARRY D. HERTEL

Russell Newman Mfg. Co. in Seymour.

The groom was a graduate of Benjamin High School and Texas Tech University where he received his degree in engineering in December. He is employed by the City of Lubbock.

The groom's parents hosted the rehearsal dinner in the fellowship hall of the church.

LOCAL

Mr. and Mrs. Earl McNeill visited relatives in Arlington, Dallas and Plano last week.

Mr. and Mrs. Jimmy Burgin and Melinda of Groom, Mr. and Mrs. Dowell Matthews, Brandi and Brook of Anson and John Weatherly of Rule visited in the Hank Matthews home during the holidays.

Mr. and Mrs. Kenneth Whittemore and Susan of Fort Worth and Mr. and Mrs. Sherrill Stone, Keith and David of Dallas visited over the holidays with their parents, Mr. and Mrs. Ed Whittemore.

Truscott And Gilliland News

BY JIM CUMLEY

COMMUNITY EVENTS

The Gilliland community will have their next musical on February 7th. The musical last weekend was a great success and a large crowd was present.

AROUND TOWN

The many guests in the E. J. Jones home over the holidays were Mr. and Mrs. Q. D. Williams and children of Floydada, Mr. and Mrs. James Williams and son of Mildand, Mr. and Mrs. Andy Goodwin of Decatur, and Marshal Capps of Vernon.

FUNERAL

Mr. Lesley Acker of Houston was buried in the Truscott cemetery last Friday. Mr. Acker lived in Truscott many years ago before moving to Houston.

Munday Wins Consolation In Tourney

The Munday boys' basketball team won consolation in the tournament held at Hawley during the week end. The local boys defeated Moran 57 to 32 in the opening game, with R. Q. Toliver leading the team with 20 points.

In the second game they defeated Loraine by a score of 53 to 36, with Toliver again leading with 31 points.

Munday then defeated Goree by close count of 59 to 52 to win the consolations. Toliver was named a member of the all-tournament team.

Goree boys defeated McCaulley in the semifinals by a score of 61 to 48, with G. Harlan leading his team with 27 points.

Munday girls were eliminated by Moran by a score of 50 to 45. Coffman was the leading scorer for Munday, with 21.

Goree girls defeated McCaulley in the semifinals with a score of 54 to 27, then won over Moran to the tune of 63 to 47 for consolation honors. Tonya Stewart was selected a member of the all-tournament team.

TEXAS ENERGY COMPANY

Munday, Texas

REDDY'S

Conserve and Save Tips for your Electric Range

- ★ Using your range more carefully can mean significant savings on your fuel bills. Avoid the temptation to keep opening the oven door. You lose up to 20% of the heat every time you do.
- ★ Pre-heating the oven and baking only one dish or heating a few rolls is wasteful. With a little planning you can cook an entire meal in the oven.
- ★ Reduce heat as soon as practical. When water is boiling, medium heat will keep it boiling. Use pans with tight-fitting lids to conserve heat.

Pick up your FREE copy of "ENERGY CONSERVATION" Booklet from

Home Environment Division of General Motors.

TEXAS TALK

 By Tommie Harper

Tricycles, bicycles and motorcycles are all a lot easier to ride than a cattle cycle. Most times a lot safer too. Nearly anybody in the beef business will tell you their business depends on the cattle cycle. Stated most simply, the cycle works on the principle that there will continue to be more cattle as the price goes up and when there are too many cattle the price will come down. Simple enough, right? Wrong. The number of cattle is only one part of the cycle. Rates of slaughter . . . spread between feeder and fat cattle . . . supply of money . . . intangibles such as optimism or pessimism . . . influence of outside investors . . . prices of feed grains . . . all these operate on cycles of their own. All are a part of the total cattle cycle. This is the sort of action and interaction that makes the cattle market one of the world's most unpredictable.

Farm Data for Texas Counties Available in Free Publication

AUSTIN--How much cotton did Austin County produce in 1974? How much grapefruit did Cameron County produce? How much livestock was in Parmer County?
 The answers to all these questions and much more information are included in a new publication "1974 Texas County Statistics."
 Prepared by the Texas Department of Agriculture and the U.S. Department of Agriculture, the 257-page book contains agricultural data for every Texas county, according to Agriculture Commissioner John C. White.
 Information given for each county includes crops, irrigated crops, vegetables for fresh market and processing, fruits and pecans, livestock production or marketing, livestock on farms, government payments and cash receipts.
 The book is available free by writing Commissioner John C. White, Texas Department of Agriculture, P.O. Box 12847, Austin, Texas 78711.

CONTROL GREENBUGS ON SMALL GRAINS

Small grain producers need to be on the lookout for rapidly growing greenbug populations in their fields. The bugs, which are about 1/16-inch long and light green with a dark green stripe down their back, inject a toxin into plants while feeding on them. This causes the plant to turn yellow and eventually die. Any type of stress such as lack of moisture will increase the damage done by greenbugs. In some cases greenbugs have become resistant to insecticides. Insecticide control failure may be due to application, temperature or coverage problems. Checking fields at regular intervals during the growing season and at least once a week if the greenbug population is increasing is important. Before using an insecticide, a producer should consider such things as plant vigor, moisture conditions, stage of growth and the presence or absence of parasites and predators. Irrigated small grains can withstand greater populations of greenbugs than those grown under dryland conditions. Effective insecticide controls of greenbugs on small grains are methyl parathion, parathion, malathion, disulfoton (Di-Syston) and dimethoate. With parathion and methyl parathion, fields should not be grazed for 15 days after use. Malathion is less toxic and grazing can commence after seven days. Dimethoate should be used for wheat only and grazing can start after 14 days. Disulfoton should not be used on small grain fields which are grazed with livestock. Since greenbug populations can increase rapidly, regular field checks are the

key to heading off severe damage.

SELECTING TREES FOR LANDSCAPE

This is a good time to select shade or ornamental trees for late fall or winter planting. Planting in fall or winter gives the tree time to become established and assures ample moisture and coolness prior to spring growth. Select a tree that suits your particular landscape needs. Ask yourself these questions. Is there enough room for the tree? Will it fit the existing landscape? Will it be used for shade, screening, wind protection or just to balance the other plants? Choose a tree that can adapt to the soil and take the weather extremes of the particular area of the state. Be aware of the tree's growth and space requirements and of possible insects or diseases that attack the tree. The potential tree buyer will have to choose between deciduous and evergreen trees, large and small trees. Deciduous trees provide shade in the summer and let sunlight through in the winter. Evergreens provide good shading and screening the year round but do not change color in the fall or produce new leaf buds in the spring. Small trees less than 35 feet in height grow faster and need less space than large trees 60 to 80 feet in height. Small trees also provide shade quicker than large trees and offer a greater variety of seasonal bloom, fall leaf color and landscape interest. Of course, in time large trees will give more shade. A tree choice is a personal choice to fit a personal landscape need. Additional information on selecting trees is available in the publication, "Trees for Texas Landscapes," available at the county Extension office.

Vera News

By Thelma Lee Coulston

Mr. and Mrs. Finis Clay Bratcher of Bowie were Sunday visitors with his grandmother, Mr. and Mrs. Bernie Welch and Mr. and Mrs. Claudell Bratcher. Mr. and Mrs. Pete Feemster of Amarillo were recent visitors with his aunt, Mrs. Lona Feemster and J. Winston. Mr. and Mrs. Carlo Kuchan spent Christmas with their daughter, Mr. and Mrs. Kenneth Hodges and children in Winnsboro. They were accompanied home by four of the children, Tod, Sissy, Buz and C-Ann who visited with them until Sunday when the Kuchans took them to Denton where they were met by their parents for their return trip home. C-Ann remained for an extended visit with her grandparents. Mr. and Mrs. J. L. Trainham and son, Merle of Houston visited during the New Year's holidays with Mr. and Mrs. Paul Weiss and Mr. and Mrs. Jerrell Trainham and family. Mrs. George McKinney is recuperating at home after recent hand surgery in a Wichita Falls hospital. Visiting in the McKinney home this week are Mr. and Mrs. Bill Jones of Lake Kickapoo. Visiting in the home of Mrs. Rube Richard last Thursday were Mr. and Mrs. J. W. Phillips of Littlefield, and Mr. and Mrs. Ford Waldrip of O'Brien. Kevin Trainham of Wichita Falls is spending a few days in the home of his parents, Mr. and Mrs. Jerrell Trainham and Minka. Among the holiday visitors in the Ruben Richard home were Mr. and Mrs. Ronnie Perryman and children of Irving. Mr. and Mrs. K. B. Ritchie

Burkhams, Whites Win K-City Show

Three members of the Leon Burkham family—Mike, Gaylynn and Bobby Don—and three of the Jimmy White family—Kyle, Kevin and Kristi—took top honors in the Knox City 4-H and FFA livestock show in Knox City last Saturday. Mike Burkham, 17, a senior in Knox City high school, took grand champion breeding sheep honors with a Hampshire. His little sister, Gaylynn, 13, won the reserve champion honors with another Hampshire breeding sheep. In the market lamb division, Gaylynn also earned grand champion fat lamb honors with a heavyweight Hampshire. Bobby Don Burkham, 5, who showed his project under supervision of the Knox City FFA, won reserve champion fat lamb honors with a lightweight Hampshire. This gave the Burkhams a clean sweep of top awards in the sheep competition. The White brothers and sister team took most honors in the swine show. Kyle, an 8th grader, showed under FFA and took both the grand champion breeding swine and market swine awards. He showed a spotted Poland China boar for breeding swine and took the market swine barrow competition with a cross-bred animal. Kevin, a first grader, had the reserve champion breeding swine with a spotted Poland China gilt. In the market swine competition, Kristi White, a 7th grader, came through with the reserve grand champion barrow, showing a Duroc barrow. David Counts Jr., a freshman, and son of Mr. and Mrs. David Counts Sr., topped the steer show honors, with a grand champion Angus steer. Mike Burkham won the showmanship trophy in the swine division, while Gaylynn was awarded two showmanship awards and the Claud Reed Memorial Trophy. David Counts was winner of the beef showmanship trophy.

AUSTIN—Texas ranchers who graze their cattle on winter grasses are hoping the new year will bring rain. Although grazing conditions are still holding up well, the drought across the state continues to worsen, Agriculture Commissioner John C. White said. Decline in livestock condition has been noted only in East Texas, where grazing has been especially short. In most areas of the state, however, livestock condition is normal for this time of the year. Wheat and oats are furnishing limited grazing, but rain is needed to maintain even the rather low stocking rates. Ranchers in some parts of the state have been feeding since early November. Feeding is expected to increase if adequate rainfall does not come soon. Most summer forages have been killed by frost and freezes. In many parts of Texas, dry pastureland is causing a fire hazard.

Drought Across Texas Hastens Range Decline

AUSTIN—Texas ranchers who graze their cattle on winter grasses are hoping the new year will bring rain. Although grazing conditions are still holding up well, the drought across the state continues to worsen, Agriculture Commissioner John C. White said. Decline in livestock condition has been noted only in East Texas, where grazing has been especially short. In most areas of the state, however, livestock condition is normal for this time of the year. Wheat and oats are furnishing limited grazing, but rain is needed to maintain even the rather low stocking rates. Ranchers in some parts of the state have been feeding since early November. Feeding is expected to increase if adequate rainfall does not come soon. Most summer forages have been killed by frost and freezes. In many parts of Texas, dry pastureland is causing a fire hazard.

BEN BULLARD

TRACTOR SAFETY

By: Marsha White

December 19 was a most interesting day for the high school and junior high students. Mr. Ben Bullard presented us with an assembly on tractor safety. There were 170,000 accidents last year in Texas alone two of which were under 5 years old. These statistics surprised me tremendously.

Mr. Bullard did tell us of a road guard that will protect the operator in case of a turn over. That is certainly something to fall back on: Effective October 27 of this year all tractors 20 horsepower or over must have this guard.

A film was shown to us to demonstrate the way this new equipment can protect you.

SHAKE NO MORE

How wonderful those holidays were! It was an opportunity for fun, excitement, and change. Getting back to school Monday morning proved v-e-r-y interesting.

After a while I began to wish I had received a tape recorder. I repeated over and over again what that fine gentleman Mr. Claus, brought me. Not only would it have saved me trying to remember everything, it would have cut short my English note taking.

It always seems such a big let down after the big day is over. The shaking of packages is no longer essential. Then comes time for those New Year's resolutions. I, being a typical American, made a few of my own. The biggest resolution I made was to live up to my resolutions. This, I consider to be the most important one of all.

Oh yes, the new year is definitely underway. As I opened my mail box the other day, my income tax awaited. The IRS is certainly on the ball. The sad thing about it is, next year instead of receiving my return, I'll be the one returning. This is the price a senior must pay. Hopefully with all these cuts, I can be completely cut out!

The nicest thought I had during the holidays was, "We're half through for the school year 75-76!"

A LOOK AT CHRISTMAS FROM SECOND GRADE

By: Debbie Little

Mrs. Hill's second grade class was asked to write what Christmas meant to them. We would like to share their ideas with you: Melissa Popp: "Christmas to

me is fun because it's baby Jesus birthday." Salwa Chouair: "Christmas to me is fun and one thing I like the best is for Ramsey to come home." Ryan Offutt: "Christmas to me is fun and a good holiday and good presents." Jeffrey Jordan: "Christmas to me is fun and is nice to me and I like." Russell Smith: "Christmas to me is Jesus because the world would not be happy without Jesus." Ann Kuehler: "Christmas to me is I wish Susan would come home."

OPEN HOUSE

By: Debbie Little

Thursday, December 18, the FHA hosted the annual open house. This year was a very good one. There were numerous embroidery pictures, decoupage and mod-page pictures, refinished trunks and a desk.

The girls put forth a lot of work getting their projects finished to show at open house. Arranging the displays in the room was work, but proved to be fun.

If everyone enjoyed it as much as we enjoyed presenting it to you, it was a lot of fun and well worth our time. Thank-you for coming to see us and our handywork at open house.

FHAers ARE REWARDED BY GRANDMOTHERS

By: Marsha White

The secret grandmother program is doing so nicely. When we introduced the program in September I never dreamed it would do as well as it has done. On behalf of the Mudnay FHA girls I hope all our grandmothers had a most enjoyable Christmas. Any time you grandmothers want to relay a message to your granddaughter, give me a call. I will be more than pleased to deliver your message. My phone number is 422-4674.

To the secret granddaughter of Mrs. A. L. Roden, "Thank-you very much for my nice Christmas present."

FHA HAS CHRISTMAS PARTY

By: Debbie Little

The FHA girls had their Christmas party at the home of president Jeanette Herring December 18. As the girls arrived they were greeted by Larry Welch and Kevin Herring. Larry was a tremendous help as he showed the girls where to park, while Kevin escorted us in the home.

The party started with a sing-a-long in front of the fireplace. Cindy Brown accompanied on the guitar. After refreshments the girls presented Mrs. Winchester with a gift.

It was a very nice party. Thank-you Jeanette and Mrs. Herring for having us.

LAUGHTER IS GREAT EXERCISE

By: Marsha White

Today's doctors tell us that a hearty laugh is great exercise. When you emit an explosive laugh they say, your diaphragm descends deep into your body and your lungs expand, greatly increasing the amount of oxygen being taken into them.

At the same time, as it expands sideways, the diaphragm gives your heart a gentle, massage. Therefore it responds by beating faster and harder. Circulation speeds up. Liver, stomach, pancreas, spleen and gall bladder are all stimulated-your entire system gets a lift.

This all confirms what Aristotle said about laughter more than 2,000 years ago: "It is a bodily exercise precious to health."

Vegetable Recipes Available

AUSTIN—A new recipe booklet, "Texas Vegetable Recipes," has been published recently, Agriculture Commissioner John C. White has announced.

The booklet contains eight recipes for preparing Texas vegetables. All recipes have been tested by the Texas Department of Agriculture home economist.

A table telling when Texas vegetables are in season also is included.

Sausage Stuffed Bell Peppers, Gazpacho and Italian Spinach Omelet are three of the recipes given.

The booklet fits in a standard 7 x 9-inch three-ring binder. For a free copy of "Texas Vegetable Recipes" write Commissioner John C. White, Texas Department of Agriculture, P.O. Box 12847, Austin, Texas 78711.

Mr. and Mrs. Joe Hughes and Laura of Denver City spent the New Year's weekend with her mother, Mrs. Johnnie Gray and Jerry. They also visited the Joe Gray and Ronnie Ward families.

CALL IN YOUR LOCALS

How Healthy Is Your Personality?

Much more is known about how to recognize and to maintain physical health than is known about mental or emotional health, Roberta Dix, a family life education specialist, says.

"Physical health is body contained. Mental health is reflected in the individual's feelings, responses and reactions toward others," she noted.

Miss Dix is with the Texas Agricultural Extension Service, The Texas A&M University System.

In order to assess a healthy personality seven qualities can be used. Ask

them of yourself in this manner:

-What is the movement of the personality? Is it toward or away from others? Is there more like than dislike for others? Is there warmth or coldness?

"Each of us has an opportunity to create a climate of warmth when we are near others. In such an atmosphere each individual becomes his best self."

-Is there a balance between the give-and-take in relation to others?

"The healthy personality is able to accept or take as well as give. Most of us get a great deal of satisfaction out of giving but find it hard to accept as easily as we give. Talking and listening, our daily practice of give and take, are very effective ways of checking to see levels of individual give and take," she noted.

-Is there some skill developed?

Skill or competence in handling materials is essential to building self-confidence and gaining the confidence of others. Confidence is reflected in the responsibilities we take on

voluntarily or accept when assigned.

-Is there pleasure in creative privacy?

"You are interesting if you are interested. The individual who enjoys his own resources, his own self, has real texture in the quality of his living. If you like yourself, you will be liked. Do you plan time for creative privacy?"

-Is there capacity to suffer disappointment?

Our maturity shows in the ways we react to unwanted, disappointing experiences: resentment—a childish reaction; realization that disappointments happen to

everyone; learning to translate personal loss into an understanding of how other people feel.

-Is there a sense of possibility?

"The top-level personality is hopeful, optimistic. If there is hope, there is a feeling that things can be done."

-Is there a sense of something greater than ones self?

"Recognition of the existence of something greater than ones self helps to avoid self-centeredness, uneasiness, unhappiness and an unhealthy personality," the specialist said.

S.S. News

A record \$3,069,581,000 was paid out in social security cash benefits to residents of Texas in calendar year 1975, according to Carl Beisner of the Vernon Social Security Office.

An 8 percent increase effective June 1975, an increased number of people on the social security rolls, and benefits payable based on high-average earnings, all contributed to the increased payments.

Of the social security benefits paid to beneficiaries in Texas during 1975, \$1,872,834,000 went to retired workers and their dependents and \$804,591,000 to the survivors of workers who have died. Another \$392,156,000 was paid to severely disabled workers and their dependents.

Nationally, social security cash benefit payments in 1975 totaled \$67 billion. This was about \$8.4 billion higher than in the previous year.

At the end of December 1975, about 32 million men, women, and children were receiving monthly social security benefits. The number of persons on the benefit rolls increased by over a million during the course of the year.

Retired workers and their dependents account for about 64 percent of all those receiving payments. The survivors of workers who have died, including children and their widowed mothers, aged or disabled widows and widowers, and aged dependent parents, make up 23 percent of all those receiving social security payments. Another 13 percent are disabled workers and their dependents.

Social security is not only a program for the elderly, Carl Beisner said. Almost 24 percent of all beneficiaries are under age 60, and 15 percent are under age 22.

The Social Security Administration is an agency of the U. S. Department of Health, Education, and Welfare. The Vernon Social Security Office is at 1701 Cumberland. The Phone number is (817) 552-9346.

Robert Biffle Of Knox City Dies Friday

Robert Cameron Biffle, 78, a retired cafe owner and operator in Knox City, passed away at 10:30 a.m. Friday in the Knox County Hospital. He owned and operated the Biffle Cafe in Knox City for about 30 years, retiring in 1956.

Mr. Biffle was born December 15, 1897, in DeLeon. He served in the U. S. Navy during World War I

and in the Army in World War II. He had lived in Knox City since 1899.

He married Mildred Virginia Mahan on March 20, 1942, in Lubbock. Mr. Biffle was a member of the Baptist church.

Funeral services were held at 2 p.m. Sunday from the First Baptist Church in Knox City with the pastor, Rev. Paul Anderson, officiating. Burial was in Knox City Cemetery under direction of Smith Funeral Home.

Survivors include his wife and a stepson, Jimmy Mahan of New York City.

LARRY MAHAN: WORLD'S CHAMPION ALL-AROUND COWBOY

A free sack of Conlee's TOP HAND grain sorghum seed. And a good Buck Knife to open it with. That's my offer.

Larry Mahan

Conlee's Top Hand was the Number One Yelder in nine Texas official experimental stations.

Here's a real winner a free sack of Top Hand with every ten you buy ... and, a famous Buck Muskrat Knife for early bookings. That's my offer. I'm Larry Mahan. I've misjudged a lot of bronses in my time, but there's one thing I'm sure of. . . .

When it comes to making you a bundle of profit, Conlee's Top Hand grain sorghum is "a cut above the rest".

Top Hand is a yellow endosperm, medium to early maturing hybrid. It's disease and drought tolerant, and it comes on strong with irrigation.

Top Hand produces big, high quality heads that dry fast, thresh clean. And, it really stays with the Texas weather 'cause it has an extra large root system that's stout as a bull.

Plant Top Hand this season. Convince yourself it'll out perform all the rest. See your seed dealer about my offer right away. A free sack of Conlee Top Hand . . . and a \$13.00 Buck Muskrat Knife any man would be proud to carry.

HERE IS WHAT A TOP WEST TEXAS MILO GROWER SAYS:

RUDY LATHAM—MUNDAY
My Top Hand yielded 5938 lbs. per acre. I have planted it for the last four years and it has been a consistant top yelder compared with the other major varieties.

TRY TOP HAND AND COMPARE
