The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong; regardless of party politics, publishing news fairly, impartially.

NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher at the Munday Times office.

GRASSROOTS OPINION

SHELDON, IOWA, MAIL: "The American Farm Bureau in its annual convention at Seattle—called for the restriction of federal entry into the power business to instances where private enterprise or state or local government were not able or willing to handle the job . . . All in all their revolutions seemed based upon the soundest business judgment and they are very encouraging."

VENTURA, CALIF., COUNTY NEWS: "The people spoke . . . not just for a change in political leadership, but for a change-of-course for the Ship of State. No more of this fairly effortless running-free, they said, let's come about, in-to the wind, trim our sails and drive her . . . This was the mandate to Ike. It was more than that. It was likewise a mandate to ourselves—to roll up our sleeves and our bell-bottomed trousers and turn-to for the new skipper."

BOSTON, MASS., QUINCY LEDGER: "The press has sometimes been criticised for squawking too much about their own freedom. But it is not their own freedom in question, it is the freedom of the people to have a press which can give them all the facts on the news to the day without being subject to censorship."

WE'RE GAINING AGAINST POLIO

Fear, generally, is a negative emotion. But like all the challenging experiences of man, it contains possibilities for good. These possibilities are realized when fear inspires rather than demoralizes.

That this can happen was proved when two greater institutions—the University of Pittsburgh and the National Foundation for Infantile Paralysis, each dedicated to the service of man—launched their series of field trials in 1951 and 1952 to test a possible temporary control of paralytic polio.

In these trials man's fear of polio was translated, through the March of Dimes, into financial support of dramatic experiment. Fear, translated into determination, also inspired thousands of American mothers to join with science—in Provo, Houston and Sioux City—and volunteer their time and energies in the conquest of polio paralysis.

Fifty-five thousand boys and girls, with slight prods from their parents, marched valiantly to clinics for inoculations with a fraction of adult human blood which might—or might not—free their own and future generations from the fear which had brought them there—the fear of polio.

It is the fervent hope of all Americans that these tests—the preliminary findings of which were highly favorable—will prove to be a bridge leading to the development of a permanent preventive of polio.

Recent reports hold promise that this may indeed be so. But whatever happens, we must not despair. The March of Dimes represents

man's brightest hope that infantile paralysis will be conquered. We must hold tight to that hope

HOW BIG IS A BILLION?

Today most of us talk about billions as casually as people used to talk about thousands. And that's largely a result of the trend of government in recent years. Our national debt is around \$260,000,000,000, and annual spending has been rolling merrily along at an \$80,000,000,000 rate. So figures large enough to tax the imagination of a first-class mathematician are commonplace in public discussion.

In view of this, a Reader's Digest item on just what a single, solitary billion amounts to should be of wide interest.

Suppose that your family started a business with a billion dollar surplus in the year A. D. one. And suppose it had been so badly and extravagantly managed that it had lost \$1,000 every day of the 1952 years that had gone by since then. You wouldn't have to worry about it—you'd be a long, long way from broke. For you and your descendants could go right on losing that \$1,000 a day until the year 2739 before you'd run out of money!

That's how big a billion is—a solitary billion, not five or ten or fifty of them. It indicates the incredible extent of today's government spending. It shows how much every taxpayer has to gain from government economy and efficiency. Thoroughly documented surveys say that Federal spending alone could be cut by as much as \$10,000,000,000 a year without hurting any necessary activity. It's your money they've been so busily throwing away in Washington.

A PROGRAM FOR SURVIVAL

The commentators and columnists have been speculating on what Mr. Eisenhower's government fiscal policy will be. The consensus, based on his statements and those of his close advisors, runs about as follows:

Spending will be cut in every possible direction. Waste and non-essentials will be curbed. Every effort will be made to balance the budget immediately. Once that is done, taxes will be reduced both for businesses and individuals. There is a possibility that the so-called excess-profits tax will be abandoned entirely when the current law expires next June. This tax, most economists agree, is an unfair and dangerous burden on business—and most especially on the smaller business, which is deprived of funds needed for growth purposes.

That, so far as one can see now, will be Eisenhower's program. It is the only kind of program that can be trusted to save this country from bankruptcy. No nation—no matter how wealthy and how well supplied with resources—and no system of government can forever survive official corruption and deficits in the national treasury.

Knox Philosopher Has A Proposal To Make To Make Congress On Their Problem Of Tax Reduction

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek has a proposal on the tax subject this week, the value of which you can decide for yourself.

Dear editor:

If it's not one thing it's another. Here we were just getting over the cost of Christmas and what happens? Congress meets. Not only that, but the Texas Legislature is getting underway.

Understand, I'm not opposed to these legislative bodies meeting, that's their job, but I would like to remind em of a few things.

Take Congress. The Republicans are in control in Washington now, but I'd like to remind em that Republican taxes are just as hard to pay as Democratic taxes. A lot of people voted for a change, but I think what they were votin for wasn't a change in tax collectors but a reduction in tax collections, although I think it's my duty to let em in on the news that if taxes come down it'll be so little you can't feel it. It'll probably be about like the relief that comes from being stung by four red ants instead of five.

But I have a proposal to make to Congress. While everybody knows candidates have been opposed to high taxes ever since Jim Ferguson thought up the slogan, everybody also knows taxes have been going up all the time, regardless of who's in. And it hasn't been the politicians' fault altogether. Everybody is in favor of reduc'n public expenditures everywhere except in his own area, and when you multiply that by every area in the United States, you're back where you started from.

So here's my proposal: if the Republicans in Washington will

forget about reduc'n taxes and just hold the fort where it is that'll be something. Don't waste any time tryin to reduce taxes, just don't raise em any. Just stoppin the trend, without reversin it, will be such a feat most people will consider the campaign promise to reduce has been fulfilled. A man driftin out to sea may not be out of danger of drownin just because his driftin has been halted, but it at least would be encouragin.

You understand of course this does not apply to any pension I have slated to come my way, to any project which will improve this area. What Congress wants to do is eliminate the inefficient projects, and we ain't got none like that around here.

As for what's gonna happen in the Texas Legislature, don't be lookin at me for the answer. It's hard enough to tell what they've

ADVANTAGES OF SOIL TESTING

Another crop has been completed and Texas farmers are now planning steps for starting the circle all over again.

One important step that can be taken now is to send soil samples to laboratories for analysis. This early sampling helps assure farmer of getting the best results from their soil during 1953. And early testing gives

plenty of time to place orders for the proper types of fertilizer which the soil may need.

A number of state and federally-operated laboratories, as well as private concerns, offer this service to the farmer. Those farmers who want to get a diagnosis of their soil needs can consult their county agent for the location of the nearest laboratory. The test can pay off in richer yields on less land this year. Instruction sheets may be obtained from local branches of the Soil Conservation Service, Production and Marketing Administration offices, or direct from the testing laboratories. In many cases, the procedure for handling samples has been changed to eliminate the necessity of taking samples from the subsoil.

The universal practice now is

Farm Safety Their No. 1 Crop

Eight smiling 4-H Club members receive \$300 college scholarships from Paul Garrett, General Motors vice president, for their outstanding achievements in promoting farm and home safety. Looking on is L. C. Goad, executive vice president of GM, who was the principal speaker at a luncheon in Chicago for the 31st Annual 4-H Farm and Home Safety Program, sponsored for the eighth consecutive year by General Motors. Left to right in the top row are: Mr. Garrett, Donald John Bayer, Muenster, Texas; Joyce Bolton, Keithsburg, Illinois; Beth Fuhr Smith, Poplarville, Mississippi; Ellen Lydon, North Scituate, Rhode Island and Mr. Goad. Bottom row: Beverly Ann Bartz, Mitchell, Nebraska; Sue Idsardi, Okmulgee, Oklahoma; Cathryn A. Hansen, Davis, California; and June Hill, Cleveland, Tennessee.

towards making a composite sample from cores or slices of soil taken from 15 or 20 different spots of a field. Small areas that differ in color, texture or drainage should be avoided or sampled separately.

New report sheets from the laboratories have been revised to give more information on soil types, drainage, slope and the crop rotations to be followed. This information is used by soil specialists as a partial substitute for subsoil samples in interpreting the results of laboratory analyses.

Soil testing should be considered on a crop rotation basis where it is possible. Sampling soils every three to five years, or once during a rotation cycle, is sufficient to maintain an adequate mineral level and make necessary adjustments in fertilization practices.

The value of maintaining a "healthy" soil cannot be overestimated. Just like humans, soil can get "sick" due to deficiencies in its "diet. When planning crops for a certain plot of land, the farmer should know what that soil needs in the way of proper

The daily in Eastland, of which I was editor, installed a teletype (a machine which receives telegraph news, hour after hour, and type it out). Something went wrong with the machine and local electrician came over to work on it.

It was a cold day and there was lots of snow on the ground. He asked, "Did you hear about the Ranger boys?"

"No; what about them?" "They hooked their sled onto the bus and they thought the driver saw them and would stop at the end of the street and let them unhook. But he didn't know the sled was there and so he kept on going, of course."

Because of the snow and ice, he wasn't driving very fast but it seemed plenty fast to those three boys, especially when the bus would go around a curve and that sled swung wide and it was all they could do to hold on, particularly as their hands were almost frozen—because it was mighty cold rushing through the open air.

"When they got to Eastland, they had to be helped off the sled."

I sat down at the typewriter and wrote an account of the three "stowaways" and sent for a messenger boy.

The electrician finished working on the machine but was looking it over to see that everything was all right and he happened to look up at the sheet of paper where a news item was being typed off. It was the account he had given of the three boys and their exciting ride on the sled!

Without a little fun once in a while, what a bleak place this world would be.

There was a capitalist out in West Texas who was born in Sweden and he had the habit of had work that characterized that race. He was also frugal.

Johnson (we'll call him that—because it was not his name) was a former student of the University of Texas and always attended ex-students' banquet on March 2. On one of these occasions, the speaker told of the Memorial Stadium, then under construction, and said:

"I believe there is a man with in the sound of my voice who has prospered to such an extent that he would like to give \$25,000 to this great enterprise. If there is, I ask him to stand."

Johnson leaped to his feet and there was wild cheering. His chair had been "wired" and, at the proper moment, the button had been pressed, turning on the "juice". Everybody knew about this in advance except him. (He did make a generous gift—but not \$25,000.)

Mrs. Effie Alexander and Mrs. T. G. Bengue were in Dallas the first of the week visiting. Mrs. Alexander attended market while there.

Mr. and Mrs. Howard Collins of Lubbock visited relatives here over the week end. Mrs. Collins remained for a longer visit.

John Brown of Denver City visited relatives and friends here over the week end.

Mr. and Mrs. Clarence Eiland of Lamesa visited relatives here the first of the week.

Mr. and Mrs. Woolworth of Spur visited Mrs. Woolworth's sister, Mrs. Leo Guffey, and husband over the week end.

E. E. King, Mrs. M. C. Hallmark and Elmer Wall of Knox City attended market in Dallas the first of the week.

Mr. and Mrs. Dwaine Russell and son of Vernon visited in the home of Mrs. J. E. Bowden over the week end.

Mrs. Erin McGraw visited Mr. and Mrs. Orman Moore and children in Wichita Falls over the week end.

Miss Quintna Wiggins And Manson D. Waits Marry In Home Rites In Munday

MUNDAY, Texas, Jan. 17—(Special)—Miss Quintna Wiggins and Manson Donald Waits of Wichita Falls were married at 4 o'clock Saturday afternoon in beautifully simple rites at the home of Mr. and Mrs. Weldon Smith in this city.

Mrs. Smith, sister of the bride, played traditional wedding music for the ceremony which was performed by Rev. H. Doyle Ragle, pastor of the Munday First Methodist Church. Arrangements of white gladiolus on end tables formed the nuptial setting.

The bride wore an iced mint jersey dress ornamented with a scattered snowflake pattern embroidered on the bodice and highlighted with rhinestones. Her white hat was a felt shell trimmed with a tiny veil and brow medallions of silver bugle beads. She wore a corsage of white carnations.

A reception was held immediately after the ceremony. In the dining room the bride cut a tiered cake which was served with punch from a lace cloth covered table. Floral decorations for this setting were of pink carnations. The couple left for a honeymoon trip to Corpus Christi and other points in south Texas. Upon their return they will reside in Wichita Falls.

The groom, son of Mr. and Mrs. W. E. Waits of Joy, is a

graduate of Texas University and served four years in the United States navy. He is employed as a secretary of the J. A. Kemp Masonic Lodge.

Out of town guests were Mrs. Wayne Sanders and daughter, Arlene and Clint House of Joy, Texas.

Goree Woman Is Honored On Her 80th Birthday

Mrs. W. W. Beaty was honored on her 80th birthday by her children having a birthday dinner in the home of Mr. and Mrs. Harold Beaty with 34 present. After dinner open house was held from 2 until 4 p. m. in the home of Mr. and Mrs. Ewin Beaty with 75 friends calling on Mrs. Beaty. This day brought so much happiness to Mrs. Beaty that she will always cherish the memories of the day. Guests came from Seymour, Munday, Wichita Falls, Vera, Lubbock and Goree.

An outstanding event of the day was the presence of Mrs. Beaty's half brother, Newt Dotson, who is 93 years of age, and his family who came from Altus, Okla. All of her children were present and all the grandchildren except two grandsons and their families. The children were Mrs. Modrell Howard of Wichita Falls, Pearl Beaty of Alvord, Ewen, Harold and Jack Beaty of Goree.

Mr. and Mrs. Noble Bowman of Clovis, N. M., and Mr. and Mrs. J. B. Hamm and daughter of Clarksville, were guests in the home of Mr. and Mrs. Floyd Bowman last Tuesday and Wednesday and attended the funeral of Arvie Buel Bowman in Seymour.

Mr. Hamilton, superintendent of the Seymour schools, was a visitor here on Wednesday.

MRS. MANSON D. WAITS

Teachers Plan For Annual Meet Set For Vernon

Program for the Oilbelt District VII Teachers' Convention to be held in Vernon March 13-14 is almost complete, it was announced Monday by Laura Sheridan, district president and teacher of English in Newman High School, Sweetwater.

Plans for the three general sessions of the convention were completed before Jan. 1 according to Miss Sheridan, but it was learned this week that R. B. Anderson, one of the principal convention speakers will not be able to attend. Anderson, formerly of Vernon, was recently named by President-elect Eisenhower as Secretary of the Navy.

With the exception of a replacement for Anderson, the program for the general sessions is complete and will appear in the February issue of the Texas Outlook. Section and level meeting plans are expected to be completed this week, Miss Sheridan said.

Other outstanding leaders on the program at the convention are Dr. Harl R. Douglass, director of the College of Education, University of Colorado; Dr. J. Cloyd Miller, president of Western New Mexico College and past president of the National Education Association; Kate Bell of Houston, vice president of the Texas State Teachers Association; Myrtle Hembree of Dallas, state director of N. E. A.; Dr. Evelyn Carrington, director Child Development Center in Dallas; Dr. R. L. Williams, superintendent of Corpus Christi Public School; and Charles Tenyson, executive secretary of T. S. T. A.

More than 2,000 teachers and administrators from 23 counties are expected to attend the convention to be held in the Wilbarger County Memorial auditorium, recently completed at a

cost of a million dollars. This is the first time Vernon has been host for the occasion.

J. B. Golden, superintendent of Vernon Public Schools, is general chairman of convention arrangements.

Theme of the convention is "The Future of Education Is Forward."

The Vernon Classroom Teachers are planning a reception following the general session. Annabelle Curran of Houston, former Texas Classrooms Teachers Association president, will be present for the reception.

District VII officers in addition to Miss Sheridan are I. C. Evans of Burkburnett, vice president; J. W. Hamilton of Seymour, secretary; and Johnnie Mae Long of Wichita Falls, treasurer.

Luncheon Club Meets January 16 With Mrs. Maples

Mrs. Georgia Maples entertained the No. 8 Luncheon Club with a fried chicken dinner Friday evening, January 16th.

After dinner a game of 84 was enjoyed by the following: Mmes. T. G. Bengel, S. E. McStay, H. F. Jungman, A. H. Mitchell, J. D. Crockett, P. V. Williams, a guest, Mrs. Fred Broach, and the hostess, Mrs. Maples.

Simpsons Observe 65th Anniversary

Mr. and Mrs. J. F. Simpson, long-time residents of the Munday area, celebrated their 65th wedding anniversary on Thursday, with a quiet observance at their home in Munday.

Only members of the immediate family were present to help this pioneer couple in their observance. Present were Mr. and Mrs. Sam Crawford of Stamford and Mr. and Mrs. Otis Simpson and son, James, of Munday.

IT PAYS TO ADVERTISE

Wayne I. Hughes, Miss Monte Lane Marry January 10

Announcement has been made here of the marriage of Wayne I. Hughes of Brownfield to Miss Monte Lane of Littlefield.

The double ring ceremony was read on Saturday, January 10, at 9 p. m. in the home of the officiating minister, Rev. W. E. King of Clovis, New Mexico. Mrs. Sue Bennett was attendant.

Mr. Hughes is the son of Mr. and Mrs. J. I. Hughes of Munday, and the bride is the daughter of Mr. and Mrs. E. H. Todd of Kansas City, Mo.

Mr. and Mrs. Hughes have been employed by the General Telephone Company of the Southwest for several years. Mr. Hughes is a former resident of Lubbock.

The young couple are at home to their friends at 601 South D Street in Brownfield.

Bible Study Club Of Goree Meets On Monday, January 19

The Goree Bible Study club met in the home of Mrs. Everett Gaither Monday night, January 19th.

The group sang "Does Jesus Care" and were led in prayer by Mrs. Bates. The President, Mrs. Rogers, presided during the business session. "Our Faith in Christ" was the topic of the lesson presented by Mrs. Bates.

Refreshments were served to the following: Mmes. Dorse Rogers, Ezra Pryor, Walter Coffman, Barton Carl, Fred Cox, Reuben Bates and the hostess, Mrs. Gaither.

The next meeting will be in the home of Mrs. Barton Carl Monday night, February 2nd, at 7:00 o'clock. Visitors and new members are welcomed.

Mr. and Mrs. Clayton Wren and Ervin, Mrs. W. G. Welborn and Gaston and Mrs. Tom Morum attended the funeral of Reddin Parramore in Dallas last Tuesday.

J. K. Jackson was a business visitor in Dallas on Thursday.

In recent years the acreage planted to corn in Texas has been exceeded by only three other crops, cotton, grain sorghum and wheat.

NEWS FROM VERA

(Mrs. J. T. Randolph)

The J. O. Archer family left their home at Rockwall, Texas, Mr. and Mrs. Fred Brown, Elizabeth and Floyd spent the week end with Mrs. Brown's parents in Abilene.

Stanley Coxwell of Olton is visiting the L. D. Allens this week.

Mr. and Mrs. Ernest Thomas recently returned to their home in Wichita Falls after having visited Mrs. A. S. Jernigan here for several weeks.

Mrs. Tom Hurd is in Abilene to visit relatives for several days before going to Dallas to stay with Mrs. McClain.

Mr. and Mrs. A. J. Caldwell of Holliday visited the Ferman Dowd family last Sunday.

Kenneth Hardin came home from the hospital in Seymour last Sunday after having had an appendectomy last week.

Mr. and Mrs. Bill Randles of Brownfield spent the week end with Mr. and Mrs. Tom Russell. Other recent visitors in the Russell home are the A. H. Howell family of Levelland, the Gid Howell family of Spring Lake, Gaston Howell of Hereford and Mrs. R. W. Witty of Lubbock.

Mr. and Mrs. Clifford Thomas and C. A. of Haskell visited Rev. and Mrs. W. M. Copeland last Saturday.

Mrs. J. H. Crawford has returned to her home in Wichita Falls after spending a week with her aunt, Mrs. Jake Welch.

Mr. and Mrs. Wesley Trainham visited Mr. and Mrs. Jerrel Trainham in Lubbock last week, then went to Olton to visit other relatives. A niece, Iva Tanner of Olton, came home with them and is spending the week here.

Mrs. Louis Clark, Gayle and Dwight, of Olton visited Mr. and Mrs. E. S. Allen and other relatives here last week end.

Mrs. Thurman Allen was released from the hospital last Sunday, but she is remaining in bed at her home.

Mrs. C. D. Roberson and Mrs. Bill Feemster spent last week with the Bobby Robersons in Levelland.

Mr. and Mrs. S. S. Doss had as a visitor Mr. Doss's brother from Nebraska.

The collecting of funds for the March of Dimes will get under way Monday night, January 26, at 6:30 o'clock. The auxiliary of the American Legion and the

Matrons Club members will share the duties.

Mrs. W. P. Hurd came home Sunday from Houston, where she has been visiting Joe Roy and his wife, Pete and June went for her and visited with her here for a short time.

Mr. and Mrs. W. E. Peddy and Patsy visited relatives in Haskell last Saturday and Sunday.

Mr. and Mrs. Jack Horton and the former Francis Wiggins visited Mr. and Mrs. R. E. Wiggins last week end, then took the Wiggins back to Arlington with them.

Mr. and Mrs. Tom King of Lorenzo spent the week end with the Loran Pattersons.

Mrs. Martha Rannefeld and Mr. Antone Watzl of Roscoe visited Mr. and Mrs. Paul Weiss last Tuesday and Wednesday.

Bobby Feemster was home from Pecos the first of this week.

CARD OF THANKS

We wish to express our sincere thanks for the many kind expressions of sympathy and love shown during the bereavement of the loss of our loved one.

Goree News Items

Mr. W. L. Stewart, who has been quite ill with flu and asthma, was taken to the Knox County Hospital for treatment last Sunday. Mrs. Stewart, who also nursed a case of flu, is able to be up and about now.

W. R. Lain suffered a stroke Sunday and was taken to the Knox County Hospital. He is reported to be gravely ill at this writing.

W. Campbell, who spent the past two weeks in the Knox County Hospital, was moved to

a Dallas hospital Monday for further treatment.

Mrs. Buster Chamberlain is also in the Knox County Hospital recuperating from a relapse of the flu.

Mrs. Harold Jones, who has taken to the Knox County Hospital Sunday, was able to come home Tuesday.

Mr. George White, Sr., of Graham was a Goree visitor last Wednesday.

Mr. and Mrs. Charley Rodgers of Sanford visited his parents, Mr. and Mrs. Clyde Rodgers, during the week end.

J. E. Crouch and daughter, Mrs. John Vardamin, of Megargle visited George Crouch this week. Mrs. Vardamin was en route to Groom to visit her daughter and family.

Mrs. Buel Claborn, Mrs. W. A. Moore and John were Wichita Falls visitors last Tuesday.

Visiting Mrs. W. R. Couch during the week end were her nieces and a nephew from Oklahoma City, Okla. They were Mr. and Mrs. Floyd Davis and girls, Mrs. James McDonald and Vernon McDonald.

Mrs. F. E. Jetton and daughter, Myrtle, are visiting relatives in Azle for awhile.

Mr. and Mrs. Lloyd King and sons spent the week end in Brownfield with Mr. and Mrs. J. C. Watson.

Mr. and Mrs. Orb Coffman made a trip to points on the plains during the week end.

Mr. and Mrs. Cliff Moorman returned a few days ago from a trip to East Texas and points in Arkansas. They came back through Olney and brought their nephew, David Davis home with them for a visit.

Mr. and Mrs. Billie Moore and son, Dolan, went to Wichita Falls Wednesday where Dolan will take his physical for the Air Corps.

Leo Hammonds went to Oklahoma City, Okla., last week where he has accepted a position.

Jimmy Rae Crouch of Oklahoma City, Okla., visited his parents, Mr. and Mrs. George Crouch, last week.

Mr. and Mrs. Cecil Temple and children of Amarillo visited relatives here Sunday. His mother, Mrs. Ruth Temple, returned with them for an extended visit.

Mr. and Mrs. Johnny Arnold of Seymour, Mr. and Mrs. Hollis Shaw of Lubbock were Goree visitors last Sunday.

Mr. and Mrs. Douglas Moore of Borger visited his parents, Mr. and Mrs. Johnnie Moore, and other relatives during the week end.

Relatives Attend Campbell Funeral

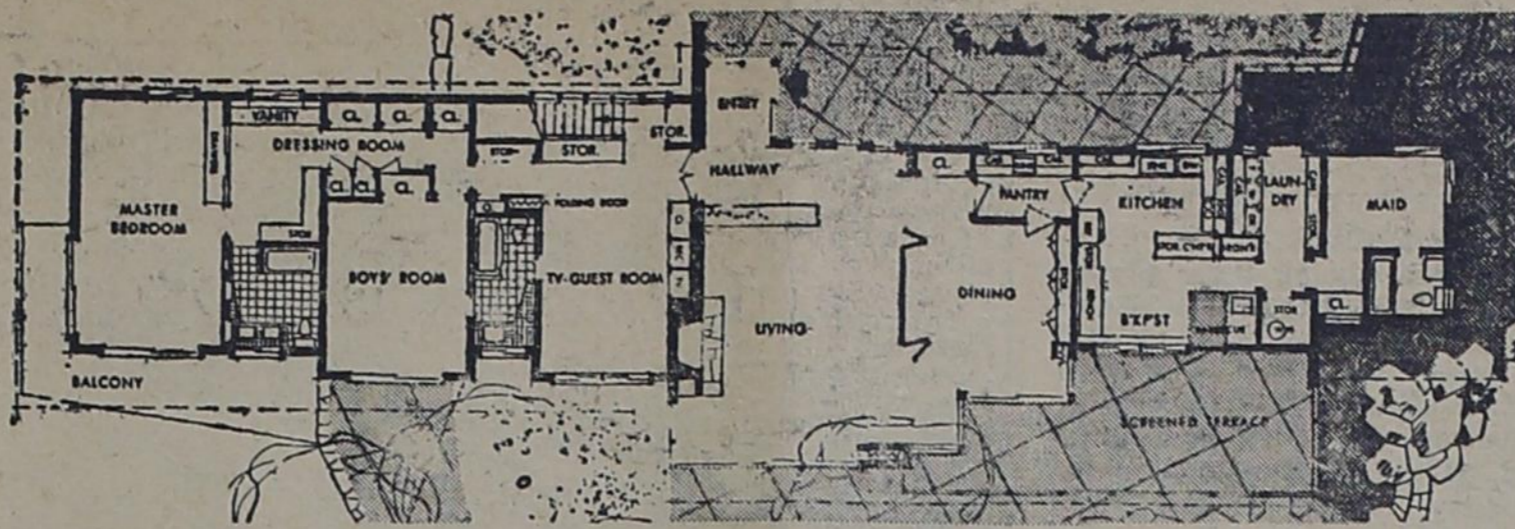

Friends and relatives from out of town who attended the funeral of J. C. Campbell last Monday were: Mr. and Mrs. Vernon Nelson and Mr. Gene Nelson of Duncan, Okla.; Miss Maggie Lee Nelson, Mr. and Mrs. Bill Tucker, Mr. Lee Nelson, all of Konawa, Okla.; Mr. and Mrs. Roy Houk of Chickasha, Okla.

Mr. and Mrs. Clinton Allen of Amarillo, Guy Hardin of Shamrock, Mart Hardin of Fort Worth, Charles Hardin of March Field, Calif.

Mr. and Mrs. Bryan Davis of Chillicothe; Mr. and Mrs. Wayne Blacklock, Mr. and Mrs. Bob Andrews and Mrs. Bertie Patterson, all of Abilene; and Mr. John May of Knox City.

Mr. and Mrs. Otis Hardin of Plainview and Mr. and Mrs. Albert Lacey of Benjamin.

Pace Setter House for 1953

This is the floor plan for "The Pace Setter House of 1953," located at Bronxville, New York. The subject of more than 60 pages of text and illustration in the November issue of House Beautiful magazine, the Pace Setter is built on a true East-West line so that the main windows of its living quarters face South. Main points in the plan include: correct, year-round orientation to the sun and winds; segregation of private rooms from public and service areas; through-ventilation in 7 rooms; six places for outdoor living for six kinds of weather conditions; and direct access to terraces from six rooms. Not shown in this view is a partial lower floor, built under the master bedroom and boys room, and containing a family entertainment room, the heater room, and space for a future bath.

Homes of Munday Citizens

In separate parts of town are these two homes of Munday people. Located north of the business district, pictured above, is the lovely brick home of Mr. and Mrs. L. W. Hobert, completed

about three years ago. Completed the same year, and located a few blocks south of the Methodist Church is the home of Mr. and Mrs. M. L. Wiggins, pictured below.

The Texas Agricultural Workers Association holds its annual meeting at the Texas Hotel in Fort Worth on January 9 and 10. There is still a chance that winter legumes and small grains planted for pasture now will pay big dividends in the spring; especially, if no other grazing is now in sight.

Be careful. Observe state and local traffic laws.

REBECCA ANN HOWARD HONORED ON BIRTHDAY

Little Rebecca Ann Howard was honored on her third birthday with a party at the home of her parents, Mr. and Mrs. C. N. Howard, on January 15th. Balloons were given to each little guest as party favors. After the gifts were opened cake and ice cream were served to the following: Lannie McSwain of Go-

ree, Johnny Stodghill, Larry Darter, Donza Guffey, Mary Ann Carden, Judy Lemley and Dorothy and Delores Raynes. Pictures were taken of the honoree by herself and with her guests.

Mrs. Buster Coffman and daughter, Carolyn, were recent visitors in Fort Sumner, N. M.

Formerly a deputy collector of Internal Revenue. See Heard Crouch or inquire at Rogers Drug Store, Goree, Texas. 24-tfs

AUSTIN HIGHLIGHTS

By Senator "Cotton" George Moffett

Governor Allan Shivers is the 35th person to become Governor of Texas in its 107 years of statehood. When he completes the term for which he was inaugurated this week, he will have served longer than any other person as the State's Chief Executive.

The State Constitution provides that the Governor's term of office shall be two years. No one has ever been elected Governor more than twice. However, Governor Shivers served almost a year and a half following the death of former Governor Jester in July, 1949. Governor Jester was the first Governor of Texas to die in office. In some states the term of the Governor is for four years and in one or two states it is three years. In a few states the constitution provides that the Governor may not succeed himself but must wait until someone else has served a full term. This is the case in Oklahoma and Louisiana.

The members of this session of the Legislature seem to be more serious minded than those of any other session that I have attended. Every member is receiving numerous requests for increased spending from the State Treasury and at the same time it is clear that most people believe that taxes are too heavy now. There are solid reasons for an increase in the State's support of the public school system and highway system as well as some other state activities.

Each year brings about a heavy statewide increase in the number of children enrolled in our schools, thus making more teachers absolutely necessary. We have built the best highway system in the nation. It now requires three or four times as much to maintain it as it did twenty-five years ago, thus leaving much less for new construction.

It is a difficult task to reach the proper solution of these conflicting problems. I would welcome an expression from the people back home as to how these various questions should be solved.

Mrs. Mildred Fitzgerald and son Billy Frank, of Fort Davis, spent the week end with relatives here and at Goree.

Mrs. Worth Gafford visited relatives in Coleman the first of this week.

411 Sheepskins from Texas

"Where do General Electric's engineers come from?" a visitor asked us. "I suppose they all got trained at MIT, or Cornell, or Michigan."

His question set us pondering, so we started plowing through the file cabinet for an answer. And, of course, it turned out as you'd imagine—NO. General Electric engineers don't always come from eastern technical schools. They won their slide rules from colleges in every state. Maybe you'd like to hear how many of our bright engineers got their engineering education in your home state. Here's part of the list . . .

328 came from colleges in Kansas . . . 207 from Oklahoma . . . 125 Nebraska . . . 103 Montana . . . 97 South Dakota . . . 87 North Dakota . . . 47 Arkansas . . . 41 Wyoming . . . 411 came from Texas colleges . . . well, the list includes every state.

One out of every twenty employees at General Electric is an engineer or scientist. You know that a big part of our work is improving products and working out new ideas. Right now young men from your home state are working on big and important engineering jobs at General Electric. You should be mighty proud of them because—take our word—they're doing a swell job.

You can put your confidence in
GENERAL ELECTRIC

Does Your Home Need Repairs

A new room? Painted inside and out? New floors? That is, any type of repairs to your home?

We can finance this for you, both labor and material, up to 36 months to pay. No down payments.

Come in and talk your repair problems over with us.

MUNDAY LUMBER CO.

Drink a glass and go to bed,
You'll wake up feeling swell,
For milk at night—
Is sheer delight—
And good for health as well.

Irrigation Aid To Knox Farmer

Knox County farmers are beating the drouth with water wells. Scores have been dug or are in the process of being dug in the fertile lands of the county.

Dr. J. B. Reneau, a prominent veterinary and rancher of this city, is now irrigating 73 acres of his 700-acre farm. All of the land is bordered and seeded to pasture grasses and legumes.

Dr. Reneau dug his well a year ago. Water was found at 16 feet, the red bed at 47 feet. It will flow 900 gallons of precious water per hour.

He bought his place in 1939 and is gradually improving it for a well-rounded program featuring Angus cattle with cash crops of wheat and cotton. He has a fine herd of 90 registered Angus cattle, 200 acres in cotton and 150 in wheat. Besides the grassland, he has 50 acres devoted to maize for supplying feed.

Fine Angus Herd

Dr. Reneau's Angus herd is one of the finest in this part of the county.

His herd bull is Homeplace Eileenmere 45th, a top sire. One of his animals won first place in Fort Worth last February as grand champion sale bull. It was J Bar A Eileenmere. Another was reserve champion at Clovis in October, 1951, and another took the grand championship at Haskell the same year. He purchased his cattle in 1941.

Dr. Reneau's pasture will soon be among the best in Knox County.

He has 30 acres of blue panic grass with alfalfa, 10 acres of perennial rye and alfalfa, 32 acres of Kentucky fescue, 31 with mixtures of birdsfoot trefoil and landino clover, and 40 acres of KR Bluestem with lovegrass and alfalfa.

New Legumes

He is one of the first to pioneer experiments with the birdsfoot trefoil and landino clover, at least in Knox County. The two legumes were seeded merely as an experiment and it is too early to say whether or not they will grow satisfactorily.

The pasture mixtures are planted on levelled and bordered ground, and the well furnishes water during dry periods. There is no apparent reason why the pastures shouldn't flourish and provide excellent grazing for the

ANGUS AND WATER—Some of Dr. Reneau's Angus cattle graze alfalfa in the summer of 1952, top photo, while the Knox County veterinarian stands by one of his fine animals in a recent pose, above. The animal in the lower picture is J. Bar Eileenmere 200th, an excellent registered Angus. In the photo below, precious water flows from a well to irrigate pasture.

Dr. Reneau is a veteran of 12 months overseas duty with the veterinary corps of the First First Cavalry during World War Two. He served in New Guinea and New Britain in the southwest Pacific.

He lives here with his wife, Alice, and daughters Mary Anne, 11, Frances, 5 and son, John, 10. —Wichita Falls Daily-Times.

David Elland, who is attending Texas Tech in Lubbock, visited his parents, Dr. and Mrs. D. C. Elland, over the week end.

If you've been using soap in your washing machine, it's a good tubbing tip when switching to No-Rinse Surf to run one cycle with no clothes in the machine. The ugly soap ring in the washer will disappear and can't deposit on clothes. Wash clothes as usual, wring or spin dry, dry and iron, or just iron. Only stubborn stains need be bleached, but be certain to rinse out the bleach before washing in Surf.

Your Home

By Frances Ainsworth

If you're like me, you've probably been looking over last year's warm-weather wearables and wondering what you can salvage for another season's wear. As for me, I discovered that my daughter, Bab, has simply outgrown all of hers. If it weren't for my well-stocked Tintex cupboard, I don't know what I'd do. But, luckily, Bab can now fit into my old togs, and I'm making them fresh-looking and color-new for her. My slacks, for instance, I cut off to make pedal pushers for Bab. Using the kind of fast-acting color remover you find at all fabric dye counters, I took out enough of the old navy color to

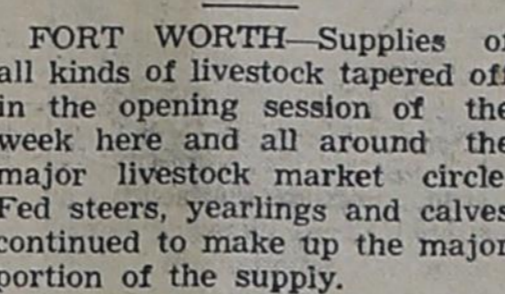

enable me to re-dye. Then into the dye-bath went the pedal pushers—and out they came a little later, dyed a beautiful bright green. And an old faded beach robe is now bright red—Bab loves them both! Naturally, I'm re-dyeing all of my own casuals that lost their color because of the sun and numerous washings. It's amazing how much money we can save by tinting old garments and home furnishings. One of my favorite budget-savers is re-dyeing my unmatched nylon hosiery—I just use color remover first and then dye them with the special stocking dyes that come in 10 shades. Incidentally, you'll be interested in hearing about a wonderful whitening product that works miraculously on nylon, as well as all other fabrics. Called White, I've used it on white curtains, blouses, and slips which have become yellowed from repeated washings—they're just like new again! You can get this wonder bluing at the dye counters.

Mr. and Mrs. Dale Williams and children of Plainview visited her mother, Mrs. Lucile Stodghill, and other relatives over the week end.

Mrs. Clarice Mitchell, Mrs. Roy Baker and Mrs. Jimmy Branch of Knox City were visitors in Wichita Falls last Monday.

Mr. and Mrs. Elmer Sinclair and daughter of DeLeon were recent guests of Mrs. Lela Womble and Mr. and Mrs. Joe Bailey King.

LET'S TALK 'LIVESTOCK' BY TED GOULDY

FORT WORTH—Supplies of all kinds of livestock tapered off in the opening session of the week here and all around the major livestock market circle. Fed steers, yearlings and calves continued to make up the major portion of the supply.

Heavy pressure was reported on most of the fed cattle and fed calves with trading a hit or miss affair that resulted in either weak or unevenly lower prices on those classes. Cows were again in small supply and ruled steady. Bull prices were scaled downward.

Stocker cattle and calves were generally steady when quality and conditions were desirable, but the less desirable kinds were unevenly lower in line with killers.

Hog prices edged higher. Top hogs moved to a \$20 top. Sows drew \$16 to \$17.50. Garbage feds usually sell at 25 to 50 cents or more discounts compared to grain finished hogs.

Fat lambs were stronger, some woolled lambs 50 cents up and some clipped fat lambs 50 cents to \$1 higher. Shorn lambs, No. 1 pelts, drew \$20.50 and some woolskins drew \$21.50 Monday. Feeders drew \$19.25 downward, after a slow opening. Old sheep were steady, slaughter ewes

from \$7 to \$8.50. Yearlings sold from \$18 down.

Good and choice fat steers and yearlings cashed at \$18 to \$25.50, the \$25.50 on some experimental steers from Beeville in South Texas. C. F. Brown, Rosebud, had a load of 848-lb. steers at \$19.50 and J. R. Depeu, Rosebud, had some weighing 804 lbs. at \$20. Gordon & Alton Bell, Foard County, had a load of 793-lb. steers at \$18.50. Volney O. Hildreth, Aledo, had 60 heifers at 848-lbs. at \$22.50. A load of Hamilton County steers averaged 839-lbs. at \$23. Common, plain and medium butcher stuff sold from \$12 to \$18. Fat cows sold for \$13 to \$15.50, and canners and cutters drew \$9 to \$13. Bulls cashed at \$10 to \$18.50.

Good and choice fat calves sold from \$18 to \$23, mostly \$22 down and cull, common and medium kinds ranged from \$10 to \$18. Stocker steer calves drew \$15 to \$24, and steer yearlings sold from \$22.50 down. Heifers and heifer calves sold mostly \$1 to \$2 under comparable steers, stocker cows drew \$12 to \$20.

The Jonesboro, Texas, FFA topped the lamb trade with some \$21.50 lambs and had some \$23 fed steers. Earl Sargent is instructor.

Mr. and Mrs. Buddy Gafford and children of Wichita Falls visited Mr. and Mrs. Worth Gafford over the week end.

Rev. and Mrs. Huron A. Polnac and Mrs. Elvin Darter attended a Workers Conference in Girard last Friday.

Mrs. J. D. Crockett and Mrs. G. R. Elland left last Tuesday for Fort Worth to visit relatives for several days.

LOCALS

Mrs. Don Boyles and Mrs. H. F. Jungman were Wichita Falls visitors last Monday.

Mr. and Mrs. C. N. Smith were business visitors in Wichita Falls last Thursday.

Claud Rogers was a business visitor in Dallas the first of the week.

Guests in the M. H. Reeves home to attend the funeral of J. C. Campbell were Mrs. Etta Gray of Abilene; Mrs. Grace Nowlen of Vernon, Mr. and Mrs. Bryan Bailey and children of Wichita Falls and Mr. and Mrs. Bob Parks of Abilene.

Mr. and Mrs. C. A. Elland of Lamesa attended the funeral of J. C. Campbell last Monday and visited relatives here a while longer.

"The FARMALL House"

A new type motor oil for the new cars

Your new car needs this new type oil

Prevents "4000-mile knock." Many 1952 and practically all the 1953 automobiles have high compression engines.

You've heard about these fine new engines.

You know, for example, that they require gasoline with extra anti-knock performance... a gasoline like Humble Esso Extra.

Now, Detroit's automotive engineers have discovered that high compression engines need an entirely new type of motor oil. With conventional oils in the crankcase, the new engines have a tendency to ping, or knock, after four to eight thousand miles of driving.

This "4000-mile knock" is caused by combustion chamber deposits; these increase the compression ratio to a point where no commercial gasoline will give you anti-knock performance.

Humble Esso Uniflo, an entirely new type motor oil, prevents the formation of deposits that cause "4000-mile knock" in high compression engines if you begin to use it regularly in the first 1000 miles of driving.

Protects against friction wear and acid corrosion. Second, the engineers discovered that friction is the chief cause of wear in automobile engines. Moving parts in the new engines are so carefully machined that they fit very closely. This gives you much better performance from your car, but it also requires superior lubrication. Heavy oils and oils that "thicken" in cold weather don't flow readily between such closely fitting parts. The result is excessive wear from friction, and expensive engine overhauls... To minimize friction wear... again you need Humble's new Esso Uniflo Motor Oil.

Esso Uniflo has such an amazingly high viscosity index that it gives you the quick-flowing characteristics of an SAE 5W oil at 25° below zero Fahrenheit, and the tough, full body of an SAE 20 oil at 110° Fahrenheit.

Furthermore, the additives in Esso Uniflo are anti-acid—this new type oil cuts acid corrosion as much as 50%.

You Need Only One Grade of Humble Esso Uniflo. You use it year 'round. Esso Uniflo meets all the specifications for SAE viscosity classifications 5W, 10W, 20W and 20. It is a heavy duty, detergent oil, recommended for API service classifications ML (light duty), MM (medium duty), MS (severe duty) and DG (general diesel duty). Its viscosity index is amazingly high.

Premium Value—Premium Price

Humble Esso Uniflo costs something more than most motor oils. But you'll agree that the small extra cost—less than one-tenth of a cent for each mile of driving—is cheap insurance against "4000-mile knock," friction wear, and acid corrosion!

A Word to Owners of Older Automobiles

If you use an oil meeting SAE viscosity classifications up to 20—you will find it profitable to change to Humble's new type Esso Uniflo. It will protect your car against friction wear and acid corrosion; reduce starting drag and extend battery life.

If your engine has just been rebuilt—change to Esso Uniflo. It will prevent the deposits causing "4000-mile knock"; it will protect against wear from friction and corrosion, reduce starting drag and extend battery life.

If you use SAE 30 or SAE 40 oil—Humble continues to recommend Esso Extra Motor Oil No. 3, a high quality, heavy duty, detergent oil with a viscosity index second only to that of Esso Uniflo.

Smart Styling of '53 Chevrolets

Front-end styling of the completely re-designed Chevrolets accentuates the appearance of power and fleetness in the new line. As shown above, the surface of the hood to the radiator grille. Adding its note of beauty and distinction, the outer rim of the grille encircles the parking lamps and center bar mounting three decorative "prop bars." Increased performance, comfort and convenience are outstanding features of the 1953 Chevrolet line.

SEPARATES FOR 1953

NEW YORK — Newest Fruit of the Loom quality fabrics were selected to home-sew this attractive and modish blouse and skirt combination for less than five dollars. These crisp separates are featured in the new issue of Simplicity Pattern Book. The blouse was inspired by Simplicity Pattern No. 4180 and the skirt is from No. 3774.

Group the sewing machine with the smaller equipment for an organized sewing center that is comfortable and efficient. Good equipment properly maintained will make the home sewing job easier.

Plan and begin work now on the flower garden if it is to be a success. Seed bed preparation is important and should be done well in advance of the first plantings. Use flowers that are adapted to your section.

must keep feed acreages in line with livestock numbers.

Profitable livestock production in 1953 or for most any year, he says depends on the plans that are made by the individual producers for an adequate feed supply which must include reserves. Unless there is a stable feed supply, livestock profits are doubtful, regardless of a strong demand for meat at reasonable prices.

Mr. and Mrs. Nord Boone and daughter, Jo Nord, of Haskell were Sunday guests of Mr. and Mrs. John Spann.

Plan Livestock Production For Future Profits

Texas livestock producers would like mighty well to see an improvement on the profit side of the ledger in 1953. The sharp drop in cattle prices since last summer was made more acute by the drought which covered much of the country. Recent rains, however, have improved the prospects for feed and some strength has been noted in livestock prices.

Activities of The Colored People

Church services were well attended last Sunday at both the Baptist Church and Church of God in Christ. Preaching at the latter church by the pastor.

The recently organized Fellowship Club of the Intermediate department sponsored a pie, cake and popcorn sale last Tuesday night. Receipts \$9.95.

The regular meeting of the P. T. A. will be held tonight. All members are urged to be present.

We certainly appreciate the magazines and books donated our school at all times. We are taking this method of expressing our appreciation to Mrs. Dean and Mrs. Searcy for the magazines and to Dr. Newsom for the Texas Almanacs, magazines and glasses for our luncheon.

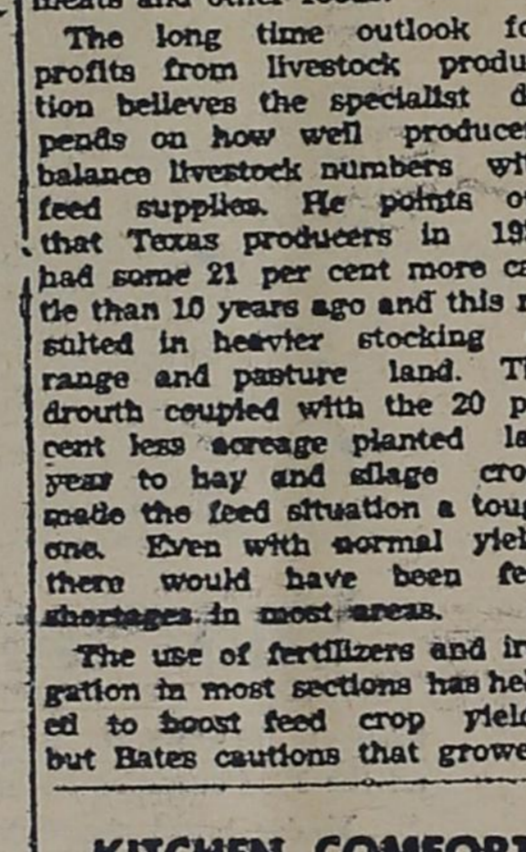

See You in Church Sunday

KITCHEN COMFORT

The long time outlook for profits from livestock production believes the specialist depends on how well producers balance livestock numbers with feed supplies. He points out that Texas producers in 1952 had some 21 per cent more cattle than 10 years ago and this resulted in heavier stocking of range and pasture land. The drought coupled with the 20 per cent less acreage planted last year to hay and silage crops made the feed situation a tough one. Even with normal yields there would have been feed shortages in most areas.

The use of fertilizers and irrigation in most sections has helped to boost feed crop yields, but Bates cautions that growers

NEW YORK — Housewife's dream is this stylish Fruit of the Loom Brunch Coat, which is fast becoming America's most popular and most functional daytime garment for the home. Here is lovely Helen Ryan showing how to look even lovelier and crisper in a cotton print featuring a smart new border pattern. Dressing is reduced to a matter of seconds. You just wrap the garment around the waist and tie the belt in a natty knot. It's as simple as that!

Pity the Poor Hairpin!

It used to be Women's Best Friend, It mended the sewing machine...

It opened locks...

It even kept your hair in place.

But now it's a queen-pin no longer. Today Reddy Kilowatt is Woman's Best Friend. He does hundreds of chores for you at the flip of a switch.

He washes, dries, irons your clothes. He will refrigerate and cook your food... do the dishes... cool the house... stir the cake... shave your

husband and bring you hours and hours of leisure time. And that's just the beginning!

Yes, for real time-saving, work-saving, Woman-saving jobs — at a pin money cost — select Reddy Kilowatt. Let your local appliance dealer show you how easily Reddy Kilowatt can do your housework.

Real Need Causes People To Borrow From Loan Sharks

SAN ANTONIO — "These thousands of people in Texas who are paying 140 percent interest, or more, to loan sharks—why do they borrow?" asked John Goode, Jr., San Antonio attorney, who is a leader in the State Junior Bar movement against sharks. Answering his own question, Goode said:

"Medical expense is one of the principal reasons. A man is making just about enough to meet regular living expenses and then emergency strikes—a sudden illness or a serious accident to some member of the family. Or perhaps, a father or mother living in another city becomes ill and money is borrowed for a trip to the bedside.

"In the fall, there is the 'back to school' loan to pay for clothes, books and tuition fees for a son or daughter.

"Then there is the 'Christmas money' loan. Friends and neighbors are buying presents for members of their family and so Brown, anxious to make it a season of happiness in his home, borrows money to buy presents.

"Or a man owes a merchant for groceries or clothing. The account is past due and the merchant is pressing for payment.

So the customer borrows. "Perhaps a man has taken a job in another city and he needs money to pay the cost of bringing his family there.

"All these, except possibly the 'Christmas money', are legitimate reasons for borrowing—and most of us are sentimental enough to consider even the Christmas present loan justifiable. In such cases as these, a man who has security to put up can get the money at a bank. But a man not so fortunate as to have collateral must look elsewhere.

"In 30 states, this need is met through lending companies which are licensed, inspected and regulated by the state. These companies are permitted by law to charge sufficient to yield them a fair profit above the cost of doing business and this cost of doing business naturally includes the higher ratio of losses on such unsecured loans.

"In Texas, however, this method is not possible because of the constitutional limitation on the rate of interest, so legitimate companies stay out and the loan sharks, who care nothing for the constitution, have the field all to themselves and they are having a field day. They load the borrower with 'service charges' and 'credit insurance' until the cost of the loan is so high that he is unable to pay it off and so

FREEDOM MEASURED IN MINUTES

Out of her iron lung for a few minutes, two-year-old Regina Edwards, stricken with polio in 1952, listens intently to the advice of Lois Christianson, a nurse at the Southwestern Polio-myelitis Respiratory Center in Houston. Regina is very young to learn how serious polio can be but the disease that claimed more than 55,000 cases in 1952 seems to prefer young victims. Help is urgently needed to care for polio patients and further research to conquer this disease. Join the 1953 March of Dimes before the fund-raising campaign closes on January 31.

he renews, paying "interest on interest" and sinks deeper into the quicksands.

The State Bar of Texas has recommended that the legislature pass a law embodying the principles of fairness alike to borrower and lender. The Junior Bar of Texas has endorsed a bill similar to the small loan laws in effect in most states of the

Union. Mr. and Mrs. M. L. Wiggins and Mrs. Frank Nance and son left Monday for Lubbock where Mrs. Wiggins and Mrs. Nance and son left by train for California. Mrs. Wiggins will visit her son, Billy Bouldin and wife, in Long Beach and Mrs. Nance is returning to her home in Turlock after a month's visit here with her parents, Mr. and Mrs. Worth Gafford.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox, M. D., State Health Officer of Texas

AUSTIN—It's impressive to be able to pry off bottle caps with your teeth, but it's much smarter—from a dental point of view—to use a bottle opener.

And using a cigarette holder looks dignified, and it helps keep stain off your fingers, but it doesn't do your teeth and good, State Health Officer George W. Cox says.

Dr. Cox can count off some 36 everyday, commonplace habits that the great majority of Americans, including Texans, practice in one degree or another that are injurious to mouth tissue.

Lip biting is one such habit. Others are clenching or grinding teeth, picking them, chewing on match sticks, tooth picks, holding nails or bobby pins between the teeth, and thumb sucking. Biting on straw or the ear loops of eyeglasses, or chewing on pencils can also cause trouble.

Also said to be detrimental to teeth and gums is the practice

of leaning your chin in the cup of your hands. It causes side pressure that is sometimes injurious to both teeth and jaws.

"This has to be a pretty consistent habit, though," the health officer asserted, "before it will be damaging. But it is something to watch."

Ever experience obscure headaches, tenderness at the temples, or tenseness in the face muscles? These might be signs of faulty closure of opposing teeth which is reflected in mouth tissue.

Mr. and Mrs. Delbert Montgomery of Fort Worth visited relatives here over the week end. Mrs. Dee Clough returned with them after a week's visit in Fort Worth.

Mr. and Mrs. Joseph Borden of Wichita Falls spent the week end visiting their parents, Mr. and Mrs. Press Phillips and Mr. and Mrs. J. C. Borden.

Mr. and Mrs. Will Campbell of Lubbock spent last Sunday with relatives here.

Gas Company Delivers Record Amount of Fuel

Lone Star Gas Company delivered its first billion cubic feet of gas in a 24-hour period, as of 7 o'clock Saturday morning, to more than 620,000 customers in 387 cities and towns in Texas and Oklahoma, according to reports from the firm's Dallas

headquarters. The record breaking consumption resulted from Friday's seige of cold weather combined with growth of the company's operating territory, the report stated. It followed on the heels of another record set this winter which witnessed a period of 54-straight days when temperatures averaged below 65 degrees and required constant heat. The stretch of heating weather started in mid-November and

continued through December and into January over most of the Lone Star system. The total send-out through Saturday morning was 1,060,400,000 (billion) cubic feet of gas. On Wednesday, the day before the cold wave struck, total consumption was about one-half of Friday's peak. The previous high for a 24-hour period was 936,700,000 (million) cubic feet recorded at 7 a. m. on January 30, 1951.

During early stages of the cold siege the company ordered minimum curtailment in gas consumption by a few large industrial plants. This was done to protect the gas supply for homes and was in line with regular contractual agreements. The company's ability and delivery capacity to meet these record requirements, officials said, is represented by a continuing construction and enlargement program which, since 1945, has called for more than \$100 million in new capital and hundreds of new employees.

Attend Relative's Funeral In Dallas

Mr. and Mrs. A. M. Searcy, Mr. and Mrs. Claud Hill and Mrs. Fred Searcy attended the funeral of Reddin Parramore in Dallas last Tuesday. Mr. Parramore was a brother-in-law of Mrs. Hill and Mrs. Searcy. Mr. Parramore, a former resident of Munday, suffered a heart attack last Thursday while sitting in his car waiting for his wife, the former Stella Moore, to get off from work. He died before reaching the hospital. He was 50 years old. He is survived by his wife, two sons and one daughter. One son is serving in the armed forces in Korea was present for the funeral. The other children are resident of Dallas.

Mr. and Mrs. B. E. Smith and family, G. H. Roberson, Mr. and Mrs. Edward Smith and Mr. and Mrs. William Browning and family attended the funeral of Mrs. Katherine Chandler at Poolville Tuesday of this week. Mrs. Chandler was the grandmother of Mrs. B. E. Smith.

ATTENDS OPTOMETRIC MEET IN HENRIETTA
Dr. E. O. McClellan attended the Northwest Texas Optometric Society at Henrietta at which time he became a member of this society. Representatives from Vernon, Wichita Falls, Nacono, Olney, Graham, Henrietta and Munday were present to hear the speaker, Arthur Young, who is manager of the Medical Dental Credit Bureau in Wichita Falls, give a talk on "Economics in Practice." Dr. McClellan has recently become a member of the American Optometric Society which is the national organization of ethical optometrists.

TEACHER'S PET

Youngest scholar of them all will be teacher's pet in this back-to-school frock from Youngland in Bates disciplined cotton. In contrasting colors, the bodice repeats the dark color of the skirt in the collar and sleeves. The belt through loops is a "big-sister" touch.

Junior 4-H Club Girls Elect New Officers Recently

The junior high school 4-H Club girls met on January 15, at which time the following officers were elected: Marilyn Searcy, president; Eloise Gresham, vice-president; Sandra Blacklock, secretary; Mardee Smith, treasurer; Gwendolyn Peddy, reporter. The girls voted to make designs on copper sheeting as one of their projects. The next meeting will be held February 12, and all girls in junior high school are invited to attend.

CORRECTION

Rev. Marshall Rhew, Vernon pastor, who was named Superintendent of the Stamford District was pastor of First Methodist Church instead of First Baptist as was printed by mistake in last issue.

Mr. and Mrs. W. C. Smith and family of Snyder are visiting Mr. and Mrs. Pete Vinson this week.

JOINS AIR FORCE

Bobby J. Howard, son of Mr. and Mrs. C. N. Howard, re-enlisted for duty in the Air Force on January 12th. He recently received his discharge after having

served four years in the Air Force, two of them being overseas. He is stationed in San Antonio at the present time.

GOOD YEAR O-P-E-N C-E-N-T-E-R SUPER-SURE-GRIP TRACTOR TIRES

New Super-Sure-Grip is the "greatest pulling tire on earth" — as proved in actual farm tests where it pulled tractors through wet, slick, slippery soil where other tires bogged down.

These super traction tires will help you plow, plant and harvest faster. They'll save crops when you are pressed for time and they don't cost a penny more!

Super-Sure-Grips are good crop insurance — let us install them on your tractor.
