

Kracker Krumb's Odds Bits Salvaged at Random

Fishermen have been the objects of various and varied jokes, puns and whatnots—even at times called the biggest liars in the world.

But fishermen, are people, too. They think of higher and nobler things, sometimes, as they watch a cork wobble over the rippling waves, hoping his "big catch" will make it go completely under directly.

We ran across a little poem Monday which seems to us to kinda bear out the above statement.

The poem was written by Alf M. Pendleton, a relative of our own Hap Pendleton, and was sent to Hap with regards from the author. We thought it worthy of reproduction. Here it is:

NEVER THROUGH FISHING

When fishing's done down here on earth,
And my last big catch is in,
I'll make the biggest trip of all
And fish with the Fisher of Men.

For when I hear the call to come
To that stream at the rain-bow's end,
I'll lay my earthly tackle aside
To fish with the Fisher of Men.

I'll meet my pals at the silver falls,
Where the rivers of life begin
And we'll learn how to fish all over again
As we cast, not for fish, but for men.

Wasn't it just fine—that that rain we had during July?

We had relatives in our home last week who just couldn't get over the fine condition crops are in here in our particular section.

We told them how nice the rains come; how our cotton seemed to hold exceptionally well before the rains, and generally closed our remarks with: "It just looks too good to be true!"

Now we learn that all is not well in some sections. Cotton is suffering—looks like it might die—feed is threatening to die, and here we are needing rain again!

But our folks who had first hand experience with conditions in Dickens County, Motley County, Cottle County and Hardeman County still think our particular sections look like a paradise.

Come the week end, and we hope to be mingling with our editor and publisher friends from all parts of West Texas. We'll probably be telling some of our troubles and listening to theirs. We'll hear of print shop experiences that are somewhat similar to ours.

Abilene is the host city for the West Texas Press Association convention, and it looks like they have planned a day and a half of shop talk, feeds and entertainment that will keep the editors busy most of the time.

Abilene hosted the group in 1950. Since that time editors have been looking forward to returning to Abilene for another annual meeting.

The Reporter-News, Chamber of Commerce and West Texas Chamber of Commerce, West Texas Utilities Company and other Abilene firms and persons seem to be doing their part in trying to make the stay of press people a pleasant one.

Horton Named To Head Rule Schools

Connor Horton, who has served as superintendent of the Weinst school system for eight years, has been named superintendent of the Rule schools.

He is a graduate of East Texas State College, where he received both his B. S. and M. S. degrees. Vacancies in the Rule school system included a coach, English mathematics and biology teachers.

Around 1,500 People Attend Second Annual Goodwill Jubilee On Thursday

They came, almost 1,500 strong, to jam the local football field last Thursday night for the second annual Goodwill Jubilee of the Munday Chamber of Commerce.

They visited each other, enjoying the cool of the evening, and had a good time devouring the tasty watermelons, then were entertained by members of the Boys' Club of Wichita Falls.

After feasting on watermelons, provided by the Munday fire department, the crowd heard Graham Ball, Boys' Club director, tell them "boys learn through playing how to live in later life."

"Play is a natural habitat of youth," the speaker said, and stressed the playing advantages of the 3,500 members of the Wichita Falls club.

Worth Gafford was chairman of the goodwill committee, and Gene W. Harrell served as master of ceremonies. Other committees included Winston Blacklock, Joe King and E. B. Littlefield.

The Wichita Falls Boys' Club provided entertainment for the "goodwill" meeting. Headlining entertainment was the Boys Club band, led by Freddie Bridges. Band members include Albert Hancock, Jimmie McMurtrey, Kennie Riley, Jimmie Thompson and Bobby Westbrook.

Other entertainment—including a unicycle act, fencing exhibition, wrestling match, boxing and trampolines—was provided by Gene Martin, Joe Adams, David Powell, Butch Adcock, Dickie Bloodgood, Donald Barnett, Dickie Don Woods, Jerry Adams, Wallace Adcock, Don Bloodgood, Rudy Bloodgood, Dewey Spence, David Everly, Fletcher Bewley, Roy Nix and Gene Martin.

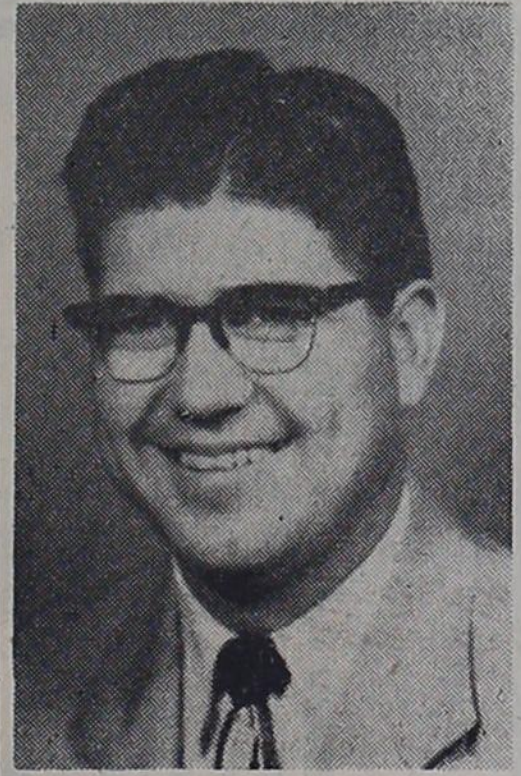

Cpl. Bobby Lambeth Returns From Korea

Marine Cpl. Bobby G. Lambeth, son of Mr. and Mrs. Vernis Lambeth of Goree, has recently returned from Korea where he spent 12 months with the First Marine Division.

The majority of his time was spent on the battlefield. The first six months he carried a Browning automatic rifle, after that he served as communication linesman. Before leaving Korea, he attended non-commissioned officers school. He holds the Korean service ribbon with three battle stars.

After spending a 29-day leave with his parents, he has returned to San Diego, Calif., and will receive his discharge in December.

In Partnership

Announcement was made several weeks ago that Charles R. McCauley, above, had purchased an interest in the Mahan Funeral Home and insurance company and the firm names were changed to Mahan-McCauley Funeral Home and Mahan-McCauley Insurance company.

McCauley was associated with the firms for five years before the partnership was formed.

BACK FROM HOSPITAL

Mrs. U. S. Rogers has returned from a two weeks' stay at the clinic hospital in Wichita Falls. She left Tuesday for Haskell to visit her daughter, Mrs. R. L. Burton, for several weeks.

Goes To Lubbock

E. E. King, above, manager of the local Cobb's Department Store, is being transferred to the Lubbock store, it was announced this week. Mr. and Mrs. King and son, Johnny, will move to Lubbock in the near future. Plans are to transfer Royce Hardy, manager of the Graham store to Munday as manager. He will come to Munday in about two weeks.

Mr. King has been manager of the local store since it was purchased from Baker-McCarty in January, 1950.

LIEUT. GLEN DUNKLE IS HOME FROM KOREA

First Lieut. Glen B. Dunkle, son of Mr. and Mrs. R. O. Dunkle of Graham, formerly of Benjamin where Mr. Dunkle served as Knox County agent, arrived home from Korea on July 3, it was learned this week. He served 13 months in Korea with the 10th Corps, 95th Field Artillery Battalion.

Lieut. Dunkle was awarded the Bronze Star for bravery and gallant service while under extremely heavy enemy artillery fire. He was assistant county agent of Wichita County before entering the service.

Street Sweeper Is Purchased By City Of Munday

A deal was completed Tuesday afternoon by members of the City Council whereby the City of Munday became the owner of a new street sweeper—a piece of machinery that cost in the neighborhood of 8,000 bucks.

Munday's streets got a pretty thorough cleaning during the few days prior to completion of the deal, as two concerns had their machines here for demonstration purposes. So thorough was the job that most citizens were in favor of the purchase.

The new sweeper is a type which has been in use for some time by neighboring towns, such as Seymour, Stamford and Vernon, and was well recommended by several persons who have been operating them. The use of this sweeper is expected to keep the town's streets in much better condition in the future.

O. V. Milstead To Move Shop Into New Location Very Soon

O. V. Milstead believes in the future growth of Munday, and is trying to keep up with it. He is putting the finishing touches on his new shop building, which is located on the highway facing the co-op gin plants, and he expects to move his machinery and other equipment into the new building some time next week.

He expressed appreciation to his many friends and customers whose patronage had made this move possible, and stated he will be able to give more efficient service in the new building, which has 2,400 square feet of floor space. He plans to add other pieces of equipment in the near future.

Milstead said he will erect a sign in his new shop, reading: "If we fail to smile—just ask for your dollar."

Mrs. Addie Layne returned last Saturday from a two weeks vacation trip in El Paso, Ruidoso, N. M., and many other interesting points.

Directs Singing

Rev. Frank Thurner, Jr., above, pastor of the First Methodist Church in Wortham, Texas, is the singer and youth worker during the Spiritual Life Crusade which began at the First Methodist Church in Munday Wednesday evening. The Revival will continue with morning services at 10 o'clock and evening services at 8:00 through Sunday, August 23. Dr. Frank L. Turner, general evangelist for the Methodist Church with headquarters in Fort Worth, is doing the preaching during the evangelistic campaign.

Group meetings are being conducted at 7:30 each evening. Mrs. Bill Everett and Mrs. Charles McCauley are in charge of the activities of the children. Rev. Frank Turner, Jr., is working with the youth. Mrs. E. E. Lowe and her committee on spiritual life in the Woman's Society of Christian Service have organized the group meetings for the ladies. Mr. James H. Bardwell was the men's leader last evening and a different man will lead each evening.

The evangelistic services will be held in the air-conditioned sanctuary and everyone is cordially invited to attend the services.

To Hold Revival

Rev. E. V. Becker, above, pastor of the First Baptist Church in Knox City, will be the evangelist for the revival meeting which begins on Friday, August 21, at the Gillespie Baptist Church. The meeting will continue through Sunday, August 20.

Rev. Roger Butler, stated that prayer services will be at 7:45 p. m., with preaching services at 8 p. m. Morning services will be held, beginning August 24, at 10 a. m.

A cordial invitation is extended to everyone to attend all services.

Farmers Urged To Vote In Coming PMA Elections

COLLEGE STATION—Farmers taking part in any of the farm programs administered by community and county Production and Marketing Administration Committees are urged by State Committee Chairman Claude K. McCan to cast their ballot in PMA community committee elections beginning the week of August 17.

He points out that the elections are non-partisan and any farmer, whether owner, operator, tenant or sharecropper, who is participating in any program administered by the county committee is eligible to vote.

"If you are eligible, don't fail to exercise your right to vote in these elections," the Chairman said. "Community committees, alternates, and delegates to the county convention which chooses the county committee will be named by this community election. The men elected should be farmers considered best qualified by the majority of farmers in the community for these important posts."

Those elected will be responsible for administering the Agricultural Conservation Program and price support operations including commodity loans and farm storage loans. When allotments or marketing quotas are in effect committees determine the farm acreage allotments. They also have duties in connection with field operations of the Federal Crop Insurance.

Sgt. and Mrs. Glen Ray Morrow of San Antonio are here on a thirty-day furlough visiting their parents, Mr. and Mrs. H. B. Stubblefield and Mr. and Mrs. Elmo Morrow, and other relatives and friends.

Mr. and Mrs. Bub Booe and daughter, Shirley Nell, and Mrs. Grady Phillips left last Saturday for Houston where Shirley Nell is to undergo medical treatment.

Munday Public Schools To Begin '53-54 Term With Registrations September 3

Last Rites For Mrs. Chamberlain Held On Monday

A large crowd of relatives and friends who had known her for many years gathered at the Methodist Church here last Monday afternoon to pay loving respects to Mrs. Marvin Chamberlain, who passed away at 4:45 p. m. Friday, August 7, in a Chickasha, Okla., hospital.

Mrs. Chamberlain had been in a critical condition since suffering severe injuries in a car accident on Sunday. The accident occurred near Chickasha, as she and Mr. Chamberlain were en route home from a visit with relatives in Oklahoma City.

She was born Letha Edna Caughran in Missouri on May 24, 1887, and was 66 years, two months and 13 days of age. She was the daughter of J. M. Caughran and Onie Haymes Caughran. She came to Knox County on December 24, 1906, and devoted her life to making a Christian home for her husband and children.

Surviving her are her husband, of Munday, and seven children, who are: Alton T. Chamberlain of Dallas, Mrs. Athalene Morton of Amarillo, Mrs. Merle Moore of Goree, J. L. Chamberlain of Downey, Calif., Mrs. Avis Denton of Midland, Mrs. Edna Pearl Maddox of Oklahoma City and Lt. D. G. Chamberlain of San Francisco, California.

Other survivors include 16 grandchildren, three great grandchildren, four brothers and one sister, who are: J. A. Caughran of Munday, Rev. Wm. I. Caughran of Chicago, Ill.; Morgan Caughran of Boston, Mass.; Mrs. Alice Peters of Sacramento, California, and Alonzo Caughran of Grady, New Mexico.

Funeral services were held from the local church at 2:30 p. m. Monday, with the pastor, Rev. H. Doyle Ragle, officiating. He was assisted by Rev. S. E. Stevenson of Goree and J. H. Bardwell of Munday. She was laid to rest in the family plot in Goree Cemetery, with the Mahan-McCauley Funeral Home in charge of arrangements.

Pallbearers were Harold Gregory, M. B. Caughran, H. L. Chamberlain, Luther Chamberlain, Jackie Williamson, Bobbie Williamson and Delbert Mouser.

WHEAT REFERENDUM ELECTION IS FRIDAY

Through an error in the head, we had the wheat referendum for Knox County for Tuesday, August 11, in the heading last week. However, the date of August 14 was correct in the story. The wheat referendum vote will be on Friday, August 14, and voting places will be as follows:

Benjamin, court house; Vera, veterans' building; Goree, city hall; Sunset, school building; Knox City, PMA office; Munday, city hall; Rhineland, lodge hall.

Mrs. J. B. Bowden and granddaughter, Jan Hawkins, left Wednesday morning for Copeville for a visit with Mrs. Bowden's brother, J. B. Morgan, and her sister, Mrs. Arah Pilgreen, who is visiting there from Calhoun City, Mississippi.

More Rain Comes To This Section As Knox City Lashed By Tornadic Winds

Areas of Knox County were again favored by rain last Tuesday night, bringing relief from several days of 100-plus temperatures and further boosting prospects for a bumper cotton crop.

Tornadic winds struck Knox City at 5:45 p. m. Tuesday, bringing a half inch of rain in 25 minutes, and hail that damaged an estimated 1,600 acres of cotton on ten farms southeast of town.

Old timers described the winds as a "small twister" that followed closely the path of the tornado last spring. The top of a barn owned by Barney Arnold, who lives about two blocks northwest of the hospital, was ripped

The 1953-54 term of the Munday Public Schools will begin on Thursday, September 3, it was announced Monday by Supt. W. C. Cox. The following schedule will be followed:

Thursday morning at 9 o'clock, a faculty meeting will be held in the high school library. Enrollment of juniors and seniors will begin that afternoon at one o'clock.

Beginning at 9 o'clock Friday morning, September 4, enrollment of freshmen, sophomores, junior high school and grade school students will be held.

Classes will actually begin at 9 o'clock Monday morning, September 7, and the lunchroom will begin operation on that date.

"It is vitally necessary that all students enroll at the period designated in order to get the schedules under way as soon as possible," Mr. Cox stated. "Even though the students can not start attendance at the beginning of school, we urge you to please see that they are enrolled at the enrollment period so they can be placed in the final schedule adjustment."

"We are looking forward to the fine cooperative spirit the coming year that we have enjoyed every year in the past."

Moguls' Football Schedule Announced

The Munday Moguls will open their 1953 grid schedule on Friday, September 11, by going to Iowa Park for their first game, it was announced this week by Coach Vernon Leverett. The first home game will be on the following Friday when they play the Seymour Panthers. The complete schedule is as follows:

Classes In Band Music Will Begin On August 17th

The Band Boosters Club held a picnic and celebration at the athletic field on Friday, July 31, for the purpose of meeting the new director of the Mogul Band, Harrold Jackson. All members enjoyed the get-together.

Mr. Jackson announced that the band school will start at 8 a. m. Monday, August 17, with classes being held in the band house. The school will continue for two weeks, closing with a swimming party on Friday, August 28.

Mr. Jackson stated he will give special training in the afternoons for any members who desire this training.

Miss Gladene Yeager returned home recently after several days visit with relatives in Fort Worth.

SIGNS OF LIFE

America, generally speaking, is a sign-conscious nation.

We depend on the convenience of signs in thousands of phases of our daily lives. Signs tell us prices in stores, advertise merchandise in shop windows, speed up all our methods of conducting business.

And signs help us maintain order in countless ways. For instance, if there were no signs it might be difficult—almost impossible—to keep people from walking on the grass, disposing of trash where they shouldn't, smoking in forbidden places, loitering in busy buildings, posting bulletins on telegraph poles, talking and shouting in libraries and hospitals.

Then, probably most important of all, we have traffic signs to guide and protect motorists and pedestrians on the nation's streets and highways. These signs are so important that often they are called "Signs of Life."

It's an appropriate name. Traffic signs can, and often do, save lives. Without "Signs of Life"—such as the "stop" signs at intersections, the diamond-shaped warning sign, the round and cross-buck railroad signs—it could become almost suicide to ride in an automobile.

But "Signs of Life" can do the vital job for which they are intended only if people read and heed them. For this reason "Signs of Life" are being featured in the traffic safety program being conducted this month in Texas by the Texas Safety Association and the Department of Public Safety.

It's a program that deserves the support of every citizen, for these signs, if observed, may help you save a life—perhaps your own!

The slogan for the August program is one to remember—one to live by: "Signs of Life—Know Them, Obey Them."

NO "FEDERAL BAILOUT"

Not so very long ago, a great many people were frankly envious of the cattle producers. Prices were high, sales were good and to the amateur eye it looked as if the cattlemen were making money hand over fist and would continue to do so in the future.

Few would be envious of the farmers and ranchers who depend on cattle today. The cost of producing cattle for market remains high—but the value of the animals has declined sharply. According to the Department of Agriculture

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong regardless of party policies, publishing news fairly, impartially.

in a single month of this year the average prices paid for beef cattle sank 12 per cent.

There are two primary reasons for this. One is that the cattle population touched an all-time high some months ago, and it is an axiom that when any commodity is in abundant supply, the price generally tends downward—just as when there is scarcity the price generally tends upward. Then the prolonged and extreme drought in Texas and elsewhere destroyed feed on which producers had been depending to carry their herds, and forced abnormally large marketings. So prices went down more and continued to go down.

Yet, as Edmund Christopherson writes in the Saturday Evening Post, "Not one of the more than a hundred range cattlemen's organization favors a federal bail-out." They think that the best way to solve their problems is through their own efforts. The meat industry has always believed in competitive free enterprise and it isn't changing that belief now.

GRASS ROOTS OPINION

OXFORD, N. Y., REVIEW TIMES: "The public will get tax reduction if it is willing to forego extravagance in city, county, state and national affairs."

NEW ORLEANS, LA., HERALD: "Being an American and aware of our American privileges we don't like the way some of the witnesses have been treated when appearing before Congressional investigating committees. Our system of law says a man is innocent until proven guilty. On several occasions the attitude of the investigating committees has been quite the opposite."

SAUGERITIES, N. Y., CATSKILL MOUNTAIN STAR: "The economizers, trying to trim 'Big Government,' find it hard going. It's easy to start a Federal project or bureau, but hard to get rid of it. For instance, the NRA—found unconstitutional in 1935—still appears in the Federal budget. The time has come to get ride of unneeded bureaus and be chary of starting new ones."

RUTHERFORD, N. C., NEWS: "How much longer the American people will stand for millions to be spent on TVA, which is a Socialistic movement, we do not know. The best thing would be for Uncle Sam to sell out TVA to private power companies. The latter would develop and carry on without spending millions of the taxpayers money yearly."

CAN I FALL FROM GRACE?

Question: If I am a Christian, could I fall from grace?
Answer: "Let him that thinketh he standeth take heed lest he fall," 1 Cor. 10:12.

Question: But did any child of God ever actually fall from grace?

Answer: "Christ is become of no effect unto you, who soever of you are justified by the law, ye are fallen from grace," Gal. 5:4.

Question: What state will I be in, if I fall from grace?

Answer: "For if after they have escaped the pollutions of the world through the knowledge of the Lord and Savior Jesus Christ they are again entangled therein and overcome, the latter end is worse with them than the beginning. For it had been better for them not to have known the way of righteousness, than, after they have known it, to turn from the holy commandment," 2 Peter 2:20-21.

Adam and Eve were children of God, created in His image. They committed sin. They were driven from the Garden of Eden. Did they fall from grace?

In John 15, in the parable of the vine and the branches, Jesus said of Himself and his disciples, "I am the vine, ye are the branches. Every branch in me that beareth not fruit he taketh away: . . . If a man abide not in me, he is cast forth as a branch, and is withered; and men gather them, and cast them into the fire, and they are burned."

Can I Fall From Grace?
"How readest thou?"

PREVENTING INSECT DAMAGE THROUGH RESEARCH

Killing insects is a lot like a marriage proposal. A little thought beforehand may prevent a pack of grief afterwards.

A fellow rarely has the chance to repeat his pre-marital mistakes. But fortunately, we can profit from our previous errors in insect control. And Texas Department of Agriculture entomologists are under pressure now for some quick answers to our pest problems.

Biological control is very promising. Milky disease has reduced the ravages of the Japanese beetle in the U. S. but we are always looking for ways to breed and distribute more natural enemies of destructive insects. Such research involves a worldwide search for insect predators, parasites and diseases of the pests we want to control.

The more we know about the causes of the rise and fall in numbers of an insect, the better we can forecast and prevent these epidemics and the resultant damage. It is essential that our techniques of survey and identification be rapid, sure and inexpensive.

Timber losses caused by insects surpass those due to fire

in many parts of Texas. Some years, our national loss from the cotton boll weevil exceeds 500 million dollars. Other insects that have caused losses exceeding 100 million dollars in a single year include grasshoppers, cutworms, corn earworms, greenbugs, bollworms and European corn borers.

In the past ten years, more than a score of new organic-type insecticides have been tested and marketed. There are hundreds more awaiting further study. Results, thus far, of entomological research have been a big factor in increasing crop yields, yet the above losses demonstrate the need to discover even better control procedures.

Results of research, when applied on farm, ranch, forest, and in the home, will prevent waste and suffering by controlling more than 600 major destructive insects as well as the pests that transmit diseases of plants, livestock and man.

We need research—and plenty of it.

Knox Prairie Philosopher Is In Favor Of New Meat Tenderizer But Has Other Uses He Thinks He Could Put It To

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek probably is assuming too much power for the latest evidence of scientific progress.

Dear editor:
You can't always tell how far ahead of his times a man is just by looking at him.

Come out here on this up-in-weeds and Johnson grass place. You'd think that by looking around I was at least twenty-five years behind the times, but there's nothing to it. I may be twenty-five years behind in my work, that's true, but I do not intend to stay that way; a year from now I'll be 26 years behind, the year after that, twenty-seven. I believe in progress. It's the people who stand still that's holdin' this country back.

You can't always judge by ap-

pearances. Take my cattle. Lots of people have poked fun at my cows, on account of they look sorry, and up to now maybe they have been sort of sorry, and I'll admit I haven't seen any cafes with menus advertising Miller Creek Jersey Steer T-Bone Steaks, but I read last night where a couple of men have invented a process for tenderizin meat, and under this new system it may be hard to tell a

"G-MAN" squads like this will burn off old-type gas in 165 more U.S. cities this year as pipelines bring natural gas to millions of new homes and industries.

Jersey steer steak from a Kansas City \$4.00 number. Under this process, as I understand it, all you do is sprinkle the meat with this atomic dust or whatever it is and a stringy roast, the kind a dog would tire out his jaw muscles on tryin' to handle, becomes as tender as the right side of a high-priced T-bone.

Of course, my production-per-animal out here may not be so great as it is with these registered cows, the per-pounds-per-acre of pasture may not be so big, the growth-per-day may not be so fast, but in the final anal-

ysis when I sit down to a steak it ain't much concern of mine how long it took the thing to reach my plate or how many miles the calf had to walk to find grass to grow up on. Just give me elbow room and keep the salt, pepper and the bottle of tenderizer handy, is all I ask.

However, I ain't too hopeful yet. Some bird is liable to throw a monkey wrench in the thing somewhere, or cows are liable to catch on and develop an immunity to the tenderizer, but I don't intend to change my whole cattle program out here until the thing has been tested out fully,

Weekly Health LETTER

Issued by Dr. Geo. W. Cox, M. D., State Health Officer of Texas

Most parents know exactly what State Health Officer Geo. W. Cox means when he says, "there is no such thing as natural resistance to impetigo."

They know, perhaps from bitter experience, that the same child can suffer repeated attacks of what Dr. Cox calls an "offensive, annoying skin infection."

Impetigo, a purulent, highly infectious ailment can be found in any age group at any time of the year. But children are usually susceptible, and most cases occur during the summer. It isn't too serious, except in new born babies but it can cause days of itching misery to afflicted youngsters and adults alike.

It's caused by a pus-forming bacteria called staphylococcus—the same sort of germ found in boils and sores where pus is present. Usually it forms an unsightly crust over wide areas of the body, and the material underneath is very infectious if allowed to get on other parts of the body.

Anyone who uses the towel of an infected person, since towel moisture permits the germ to survive.

Children living in the most hygienic home frequently get im-

which will take years.

I hope it works, and if it does there may be other fields of endeavor where it may be applied. For example, there are times when a little tenderizer, sprinkled on a banker, would be just the thing to help swing a loan. There are merchants who have a tendency to clamp down on my credit, and if this new dope works on one of my cows, it'll work on anything. Looks like it's goin' to beat catsup all to pieces.

Yours faithfully,
J. A.

petigo, although it probably is more common in homes where personal sanitation isn't considered too important.

The best way to minimize the ill effects of impetigo is to keep the infection localized by preventing the serum under crusts from exuding into "clean" skin surfaces.

The family physician is the in-

fect child's best friend, since he will advise mother how best to combat the disease and how to keep it from spreading like a grass fire through the whole family.

Mr. and Mrs. H. F. Jungman were business visitors in Fort Worth and Dallas over the week end.

From where I sit ... by Joe Marsh

Harvesting a Better America

Rubbed my eyes yesterday when I saw Hap Jackson's truck in Biff Morgan's alfalfa field ... helping Biff get in his cutting.

Since they've been carrying on a friendly argument for years (over how much fertilizer to use per acre of alfalfa), I had to ask Hap what was going on.

"Got my own crop in safely last week," he says. "And since Biff's boy is at the summer encampment of the National Guard, I figured the least I could do was to help him out. After all," Hap went on, "there's no argument

over how important the National Guard is to all of us."

From where I sit, a fellow like me, who's too old to get in the Guard, can still vote, do a turn at jury duty, and respect others' rights. Even a little thing like respecting a neighbor's right to have, say, beer or buttermilk at dinner is important if we want to keep America strong. We have to be on "guard" in more ways than one these days!

COBB'S DEPT. STORE

"The Store With the Goods"

Munday, Texas

This demonstration showed me the way to a better deal!

I'd been planning to buy a higher-priced car until I found out all Chevrolet offered—
and how much I could save!

You get more power on less gas

That's because Chevrolet's two great valve-in-head engines are high-compression engines. In Powerglide* models, you get the most powerful engine in Chevrolet's field—the new 115-h.p. "Blue-Flame." Gearshift models offer the advanced 108-h.p. "Thrifty-King" engine.

And it's the lowest-priced line

A demonstration will show you that Chevrolet offers just about everything you could want. Yet it's the lowest-priced line in the low-price field.

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.

You're "sitting pretty" behind the wheel
Take this Bel Air model. First thing you'll notice is the quality of the interior. Rich-looking appointments. Roomy seats with foam rubber cushions. Turn the key to start the engine and you're ready to go.

You can see all around
You look out and down through a wide, curved, one-

piece windshield. The panoramic rear window and big side windows provide a clear view in all directions.

Biggest brakes for smoother, easier stops

An easy nudge on the pedal brings smooth, positive response—right now! Chevrolet's improved brakes are the largest in the low-price field.

It's heavier for better roadability

You're in for a pleasant surprise at the smooth, steady, big-car ride of this new Chevrolet. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

You get greater getaway with the new Powerglide*

A lot finer performance on a lot less gas. That's what you get with the new Powerglide automatic transmission. There's no more advanced automatic transmission at any price.

Let us demonstrate all the advantages of buying a Chevrolet now!

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

Chrysler's Lady Engine Doctor Diagnoses Patient

Lucille Pieti, woman engineer with Chrysler Corporation's "New Worlds in Motion" automotive show, proves she understands the practical side of her profession. As judge of an old-car contest, staged in connection with the traveling styling and engineering show when it played in Milwaukee recently, Miss Pieti expertly analyzed the motor of the winning car with the latest scientific equipment. The contest was designed to discover the oldest Chrysler-built car still operating in Milwaukee. The winner was a 1928 Chrysler with 63,000 miles on its odometer. Miss Pieti found the 25-year-old car "mechanically sound." The engineering exhibit is scheduled for Omaha, Minneapolis and Dayton in the next three months.

VACATION TRAVELER

This happy miss is sightseeing in style on her vacation trip. She wears a fashionable two-piece cotton ensemble in practical dark plaid by Wildman of St. Louis. The sleeveless dress has a wide shirt collar and a tucked front. Worn over it is a trim banded jacket in the same cotton. The National Cotton Council reports that dark plaids are favorites for travel this summer.

Home Demonstration NOTES

By Mrs. Georgia Faye Perkins, Home Demonstration Agent

The Knox County 4-H Clubs from Gilliland, Goree, Knox City, Munday, Benjamin, Rhineland and Vera will have a 4-H Picnic, August 25, in the Seymour Park, beginning at 3:30 p. m. Recreational games, songs, and a swim can be enjoyed by all.

The 4-H'ers who plan to swim should bring a written permission from parents and swimming fee. All attending are expected to bring 15 or cents extra for refreshments.

After the Home Demonstration Council last Friday, the council members and the agent were made very happy when five of the Knox County H. D. women showed us how industrious they had been during these hot summer months by modeling the beautiful cotton dresses they had completed. The women had practiced good sewing construction techniques by making very neat bound buttonholes, self-made belts with hand-worked eyelets, even hems, and secured waistlines by using stay-tape.

The five women were Mrs. John Rice, Mrs. R. M. Almanrode, Mrs. Johnnie Peysen, Mrs. Frank Bowley, of Munday; and Mrs. Carl Patterson, Benjamin.

Nolan Humphries of Childress was a guest in the home of Mr. and Mrs. H. E. Sharp last Friday.

Mr. and Mrs. Dewey Melton and son attended the Knox County reunion in Lubbock last Sunday.

Mr. and Mrs. Gene Harrell and children returned last Thursday from Tulsa, Okla.; where they had been visiting the past week.

Munday H. D. Club Meets Wednesday With Mrs. Kegley

The Munday Home Demonstration Club met in the home of Mrs. Lawrence Kegley Wednesday, August 12, with nine members and one visitor being present. The meeting was called to order by the president, Mrs. Fred Lain. Roll call was answered by "helpful hints."

Mrs. Bowley and Mrs. Rice gave reports on the encampment at Leuders. An interesting and helpful talk on pals was given by Mrs. R. M. Almanrode.

The recreation committee was

asked to set a date for the annual picnic.

Refreshments were served to the following: Mmes. Fred Lain, Ray Ford, Frank Bowley, John Rice, M. L. Raynes, R. M. Almanrode, Joe Patterson, Johnny Peysen and C. N. Howard.

The next meeting will be held September 9, in the home of Mrs. Johnny Peysen.

Lynn Reynolds is spending two weeks with his father, Ernie Reynolds, and wife in Cleveland, Texas.

Mrs. Dell Riddle and son, Larry, of Fort Worth are visiting Mr. and Mrs. Don Wardlaw and other relatives here this week.

Sheets were the largest single customer of cotton in 1952, a new study by the National Cotton Council reveals.

Products following sheets as to automobiles, men's trousers, and automobiles, men's trousers, and drapery-upholstery-slipcover fabrics. These five top customers accounted for almost a fourth of the estimated cotton consumption.

Sheets consumed 523,000 bales of cotton in 1952. Cotton used in men's shirts increased last year, accounting for a total of 475,000 bales.

Automobiles required 460,480 bales during the year. The use of cotton in men's trousers jumped eleven per cent in 1952 over the preceding year. Total cotton consumed in men's trousers reached 449,930 bales.

Last Rites For H. H. Edwards Of Goree Conducted

Hubert Henry Edwards of Goree passed away in his home at 1:15 o'clock, August 3, 1953 at the age of 50 years and 11 months. He was born September 5, 1902 in Middlesboro, Kentucky. Funeral services were held August 5, in the Church of Christ in Goree with minister A. O. Albus officiating, assisted by minister Clifford Wilson of Munday.

He moved to Texas with his parents at the age of 11 months and moved to Goree in 1908, living in this community until his death, with the exception of a few months the last year, which he lived in Caddo, Oklahoma.

Hubert Henry obeyed the gospel and was baptized into the Church of Christ in Goree on July of 1938. He was married to Ammie Lou Hammons Robin January 4, 1925. To this union two sons were born, Terry and Doris Lee.

He is survived by his wife, Mrs. Ammie Lou Edwards of Goree, one son, Terry, of Caddo, Okla.; one stepson, Waymon Robin, of Fort Worth, one stepdaughter, Mrs. Ola Mae Edwards of Goree and seven grandchildren. Floyd Family Meets To Celebrate 50th Wedding Date

Mr. and Mrs. W. A. Floyd were very much surprised on Sunday, August 9, when their children began gathering in their home in Munday. The "old folks" were not told why they were gathering until about noon when they were told it was to celebrate their golden wedding anniversary.

Mr. and Mrs. Floyd were married in Madison County, Texas, on August 19, 1903. The celebration was held ten days early because some of the children could not have attended at the later date.

All their children and grandchildren were present except a grandson, Joe Lynn Floyd, who is in the service in Korea. Here for the occasion were the following:

Earl Floyd, Munday; Mr. and

or consequences act.

Officers elected for the 1954 reunion are: President, Toby Yates; vice president, Don L. Griffith; secretary, Dorothy Brown; ground committee, C. Griffith; secretary, Dorothy Brown and Paul Ed Denton; food committee, T. B. Cypert and Morris Denton; reporter, A. C. Sharp; ice man, Charles Pack, and program committee, Carol Denton, Barbara Sharp, Frances Cypert and Jo Denton.

Attending were Lynn Tankersley, Hazel Tankersley, Wynette Tankersley, Phyllis Tankersley, Charles Pack, Lula Bell Pack, Truman Cypert, Allene Cypert, Sharon Cypert, Gary Cypert, Clara Sue Cypert, Ralph Cypert, Frances Cypert, J. Gas Company Plans Pipeline For This Area

The Lone Star Gas Company has completed plans for construction of a 36-mile pipeline from Stamford to Abilene which will strengthen the gas supply for towns in eight West Texas counties, according to an announcement by Julian L. Foster, of Dallas, general superintendent of Lone Star's transmission division. The facilities, designed under supervision of Thomas S. Bacon, chief engineer, will provide a second connection with the company's interconnected transmission network for the local distribution plants.

FORT WORTH—While it appears that accusations of chiseling on the drought relief program, et cetera, will occupy the headlines for some time to come—the basic problem will remain.

Government authorities are watching very closely the percentages of cows and heifers being marketed each day. Until such time as the slaughter of females reaches 50% of the total kill—then the cattle population is still swelling.

Many observers feel that huge cattle numbers, rather than drought, are responsible for the current low prices and the disastrous declines of the past year or so. Many sections of the Southwest not in the drought areas, are heavily over-populated with cattle at this time.

Most observers in the Southwest hope that surplus cattle here can be moved before the heavy grass cattle runs from midwest and western ranges hit the markets later this summer and in the fall. Chaotic conditions could result in shipments being delayed in the Southwest and South.

Slaughter steers and yearlings brought firm to strong prices at Fort Worth Monday. Several loads of well finished cattle in the \$21 to \$22.50 bracket. Common and medium kinds sold from \$10 to \$17. Fat cows were steady at \$9.50 to \$12.50, and canners and cutters 25 to 50c higher at \$7 to \$9.50. Bulls ruled steady at \$8.00-13.00.

Good and choice fat calves were sold at \$14.00-18.00, and killing calves generally ruled weak to 50 cents lower. Cull, common and medium butchers sold from \$10 to \$14.

Good and choice stocker steer calves drew \$14.00-20.50, with heifer calves \$18.50 down, the top prices paid for a load of Montague County calves from S. D. Howard. Stocker steer yearlings drew \$12.00-18.00. Replacement cows cleared at \$10.00-15.00.

Hogs sold \$1 higher. Hog growers balked in the face of recent low prices. Offered only 42,000 hogs around 12 major markets—25% below a week

Costing in excess of \$838,000, the 12-inch diameter pipeline will join the transmission system at Lone Star's compression station one mile west of Abilene, cross Jones County and terminate at Stamford where it will connect with transmission facilities serving towns in Hardeman, Wilbarger, Foard, Knox, Haskell, Jones and Fisher counties. These towns include Stamford, Anson, Hamlin, Roby, Rotan, Haskell, Rochester, Knox City, Weinert, Munday, Goree, Benjamin, Seymour, Truscott, Margaret, Lockett Parsley Hill Medicine Mound, Farmers Valley and intervening points. The line will also supply gas to West Texas Utility Company's Paint Creek power plant near Haskell.

Maximum capacity of the pipeline will be thirty million cubic feet of gas, with top pressure of 500 pounds at the Abilene compressor station and 400 pounds at Stamford. Gas entering the line will come through present delivery facilities from supplies in Scurry County, the Runnels County area, Lone Star's underground gas storage project at View near Abilene, and points in the Abilene-Sweetwater produc-

ing area. Mr. Foster stated that construction will probably begin within sixty days. The pipe for the Stamford end of the project will be shipped by rail to concentration centers at Stamford and Anson, then hauled to the right-of-way by truck. Pipe for the Abilene end will be supplied from pipe concentration points throughout the Lone Star system and trucked direct to the right-of-way and also shipped by rail to a concentration center at Hawley switch north of Abilene.

The construction work will be carried out by regular Lone Star crews augmented by workmen recruited from the Abilene-Stamford area. The construction will be under the direction of Luther Tolbert of Dallas, superintendent of Lone Star's pipeline department, and Vaughn Sears, construction foreman.

Earlier, top at Fort Worth Monday \$23.00-23.25. Sows steady at \$17.00-19.00. Slaughter lambs weak to 50c lower at Fort Worth Monday. Other sheep and stockers and feeders steady. Active demand for stockers and feeders. Better kinds of fat lambs \$18-20.00, quotable \$1 or so above that on the strictly choice kinds. Feeder lambs \$13.00-15.00. Old wethers \$7 to \$10. Slaughter yearlings \$10.00-15.00, feeder yearlings \$13.00 down. Two-year-olds \$10.00-12.00. Slaughter ewes \$5 to \$6.50. Solid mouthed ewes from \$7.00 to \$10.00.

Hints for the House-Wise

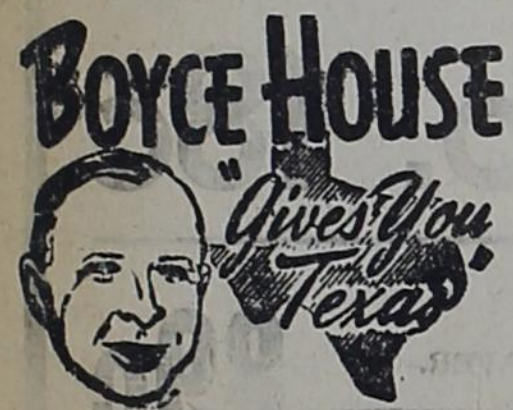

by BETTY BLAKE

"Out-of-the-way windows" in and around the house have long been a problem for the conscientious homeowner. Basement windows, transoms, garage windows, pantry windows, among others, are forever gathering dust and grime. Yet, because they are difficult to reach, or not often used, they are allowed to go untouched for longer periods of time than most windows in the home.

Last week, as I was browsing through a local ten cent store, I noticed a plastic coated paper window decoration that at last solves this problem — perfectly. Called Vitropane, the window decoration comes in frosted glass effects or colorful patterns. Although it allows light to come through the window it completely blocks the view of outsiders, for extra privacy. I purchased a couple of yards for my own garage window and found it cost only 20c a yard and is easily applied to the window with only a little water. Best of all, this plastic coated paper marked an end to my garage window washing worries. The window now not only stays cleaner longer, but when it does become dusty, I simply wipe it with a dry or damp cloth, and it's clean again in seconds.

If you have "out-of-the-way" window worries, I suggest that you too pick up a few yards of Vitropane at your local dime store.

Hollywood, though some of the studios have moved to other parts of Los Angeles or beyond, is still a magic symbol for the glitter, glamour, fame, fortune, world acclaim which are summed up in the word, "movies." Hollywood is a center of radio, phonograph records and TV.

A return visit in August (after a dozen years) revealed that the souvenir and fashion shops still line Hollywood Boulevard; the dwarf, seen in many motion pictures still sells papers; Grauman's Chinese Theatre, with its footprints in concrete of movie stars, is still there, though Sid Grauman is gone. His spirit of showmanship lives, for the Sunday afternoon I was there the picture was a newspaper story, "Park Row," and in the big, open-air lobby, a printing press was in operation, as was a linotype machine. In the Western Room of the Hollywood Broadway Hotel, the Cass County boys were appearing — evidently, Texas has established a beach-head.

One of the most beautiful scenes in Southern California is Santa Monica. Behind you are the mountains. You stand on a cliff, overlooking the beach; sail boats glide along, waves roll in; the infinity of ocean meets the infinity of sky.

The cliff is a narrow park a mile or more in length. There are, of course, grass, flowers and trees, of which the most remarkable is a cluster of ocean cedar twisted into wierd formations. This clump of trees, no doubt, was here when the Spaniards came and, before that, Indian children, likely, sat on the branches, some of which are only a foot off the ground and level like a bench. Now the Indians are gone, and the Spaniards, too—but the cedars remain and will still be here when you and all the merry-makers of today have vanished.

But you abandon philosophy and saunter down to the pier to partake of a shrimp cocktail and a bowl of clam chowder.

Dr. R. L. Newsom returned last Saturday from a week's vacation at Estes Park, Colorado.

Ralph Duncan of Abilene, public relations manager of the West Texas Chamber of Commerce, was a visitor here last Monday.

Mrs. Clyde Yost and Ronald Clyde spent the week end in Fort Worth with Mrs. Wynell Howeth and Tommy. Tommy returned home with them for a week's visit with his grandparents, Mr. and Mrs. Tom Cluck.

Mr. and Mrs. Henry Bowman and children of Seagraves visited in the Jim Bowman home over the week end. The Jim Bownmans and Henry Bownmans visited another brother in Olney last Sunday.

Mr. and Mrs. Billy Mitchell and children and Mrs. Clarice Mitchell and Annette attended the Hall family reunion in Rochester last Sunday.

Mrs. Clarice Mitchell and Annette of Arlington visited relatives and friends here over the week end.

Scotty Ponder, who is attending Texas Tech in Lubbock, visited his parents, Mr. and Mrs. E. R. Ponder, over the week end.

B-K Electric's 1953 Fair Is Set For August 20-21

Hurry, Hurry! The Big Show is about to begin!

Yes, B-K Electric Co-op brings the big 1953 Electric Fair to Seymour August 20-21 for the Co-op's Annual Membership Meeting. It's all free—and everyone's invited.

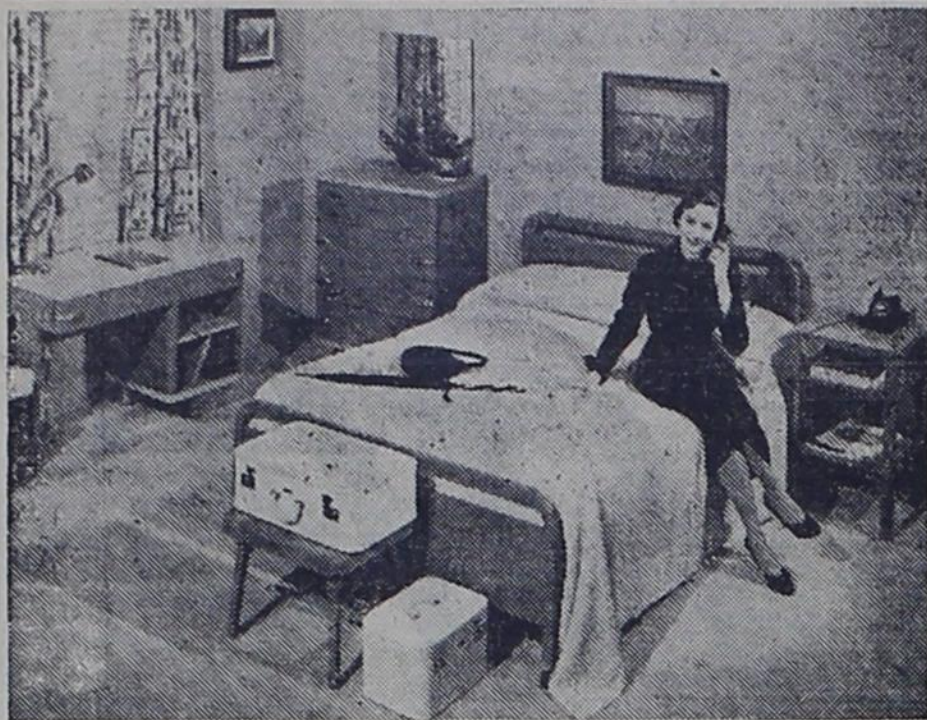

The big show opens at 6:00 p. m. Opening night is a special show for the people of this area. Exhibits of the latest electric and farm equipment; provided by local merchants, will line the Midway. Under the Big Top tent, opening night visitors will see the highlights of the big entertainment program.

Then Co-Op members will take over the following day for their regular business session, plus the full entertainment program of the Electric Fair—Cowboy music, an amateur talent contest, trained animal acts, juggling, Previews of Progress—a wonders-of-science show, and the laughable antics of Bozo the Clown.

A table model Stromberg-Carlson radio will be awarded the winner of the amateur talent contest, and the winner will also be judged for the state finals to be held in Mineral Wells in October. Winner in the state finals will receive a major Kelvinator appliance—an automatic laundry, an electric range, a home freezer, or a refrigerator—in addition to \$50 toward expenses to Mineral Wells. The contest is open to talented amateurs in this area, and entrants should contact T. E. Craddock, manager of the Co-Op at Seymour, for complete details as soon as possible.

Principal business during the Co-op's business session will be the election of directors. The Co-op's nominating committee has already met to make nominations and additional nominations can be made by the members attending the annual meeting.

Home Away From Home

(Courtesy of Royal Metal Manufacturing Co.)

Today's trend toward modern, streamlined furnishings for hotels and motels is reflected in this beautiful new metal furniture which was shown recently in Chicago. Fashioned in a variety of solid and two-tone pastels, the new metal furniture has the warmth and beauty to blend with the smartest hotel and motel interiors.

Carddock says.

During the business session, special movies will be shown for the kids. At other times during the day, movies of general interest will be shown in the special movie tent. And in addition, there are rides on the ferris wheel for the kids, which like the rest of the fair, is free.

The nationally known stage show, Previews of Progress, produced by General Motors Corporation, is presented by Frigid-Aire. The amateur talent show is sponsored by the makers of Kelvinator appliances.

Mrs. George Beard's parents, Mr. and Mrs. Patton of Ballinger, spent the week end here with the Beards.

Mrs. C. C. Harpham spent the week end in Abilene with her aunt, Mrs. Paul Allison, and husband.

Mr. and Mrs. W. A. Shanks of Harlingen are visiting her mother, Mrs. L. B. Snelson, and other relatives here this week.

Methodist Youth Attending Camp

Eleven juniors from the First Methodist Church in Munday are attending the camp at Buffalo Gap during this week. The camp is under the direction of Mrs. Weldon McCormick of Midland and Mrs. Rollo Davidson of Seymour. One hundred and twenty-five boys and girls are in the camp representing churches in the Stamford and Big Spring districts. The camp opens on Monday and closes on Friday. Each day is filled with classes, sermons, and recreation. The big swimming pool at the camp is in use twice daily.

Those attending the camp from Munday are John Walter Massey, Jerry Bowden, Jimmie Lee, Jerrilyn Kane, Jackie Lou Williams, Nancy Cowan, Natalie Harrell, Sylvia Broach, Donna Partridge, Dianna Gaither, and Brenda Kay Gass.

Drive carefully. The life you save may be your own.

CARD OF THANKS

Again we are reminded that God's message of love and comfort are conveyed to us through loving friends.

We are grateful to those who, through many deeds of kindness, words of comfort and floral offerings tried to lighten the burden of sorrow in the death of our loved one. He was known to but few of you in Munday, but you knew how to bring comfort to his loved ones in every way possible.

May our Heavenly Father richly bless you all.
The Family of W. J. Bridge.
