

YOU and the LAW

PRESENTED BY THE STATE BAR OF TEXAS

Q: My car was hit from behind at an intersection. The other driver would not give me the name of his insurance company, but said he would pay for the damages himself. Now he refuses to pay me anything. What can I do to recover the costs of repairing my car?

A: There is a slight possibility that you can learn the name of the other driver's insurance company from the Texas Department of Public Safety, Safety Responsibility Section. You could then contact the company yourself to report the accident and request that they pay damages.

Unless you want to hire an attorney and bring a lawsuit, your only other alternative would be to sue in Small Claims Court for up to \$500. Remember, this type of lawsuit must be filed within two years from the date of the accident.

Q: We're planning to sell our home. If we find a buyer who wants to "assume" the loan, can our mortgage company come back to us for the monthly payments?

A: Yes, any time you sell your home by having someone assume the balance of your loan, the mortgage company retains the right to look to you for monthly payments if the buyer fails to meet them. To protect yourself in a sale of this type, the contract between you and the buyer should be written to include provisions allowing you to have title to the home returned in the event the buyer defaults, and you should be given a Deed of Trust. You would then resume responsibility for paying off the mortgage.

Q: I signed a one-year lease on my apartment. Six months later, the landlord decided to sell. Now he wants me to leave so he can make repairs before he sells. Can he force me to get out? I thought we had a one-year deal.

A: Your landlord may sell the apartment complex in which you

rent. The new owner of the complex, however, will be bound by the lease you signed with the former owner.

Read your lease to see whether the landlord reserved the right to evict you under certain circumstances. In the meantime, be sure you are in strict compliance with the lease, and be ready to move out at the end of a year.

Q: How long after a person is divorced can she remarry? Is the law regarding this a state law or is it the same anywhere in the United States?

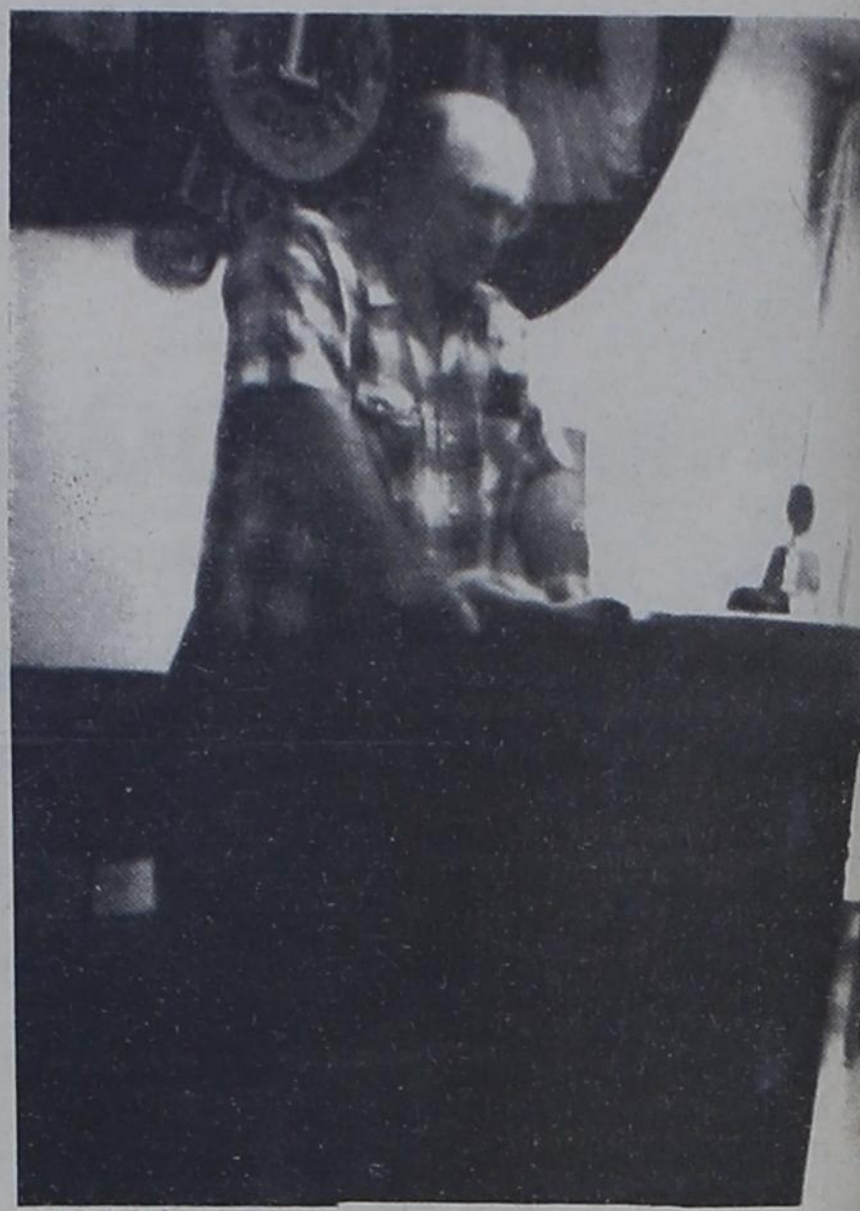

A: The Texas Family Code provides that neither party to a divorce may marry anyone else for thirty days. They may, however, remarry each other at any time. After the 30 days, both parties are free to marry anyone. State law controls marital and family matters, and this 30-day provision applies only to Texas. The law in other states will vary as to remarriage following divorce.

Q: I filed on my ex-husband a year ago for back child support. He learned of the order and skipped town. Even now the papers haven't been served because the law can't locate him. Can you tell me what can be done to have him located?

A: In Texas there are two agencies that will search for your ex-husband. If there is a domestic relations office in your county, this office will often have an investigator who can assist you.

The Texas Dept. of Human Resources also provides child support enforcement services for a nominal fee. If such an individual goes into hiding, the local child support unit can draw on statewide as well as local and, occasionally, national resources to try to locate the delinquent spouse.

Send your questions to "You and the Law," State Bar of Texas, P.O. Box 12487, Austin, 78711. Answers may appear in columns in hypothetical terms; personal answers not possible.

TELLS THE STORY: fireman Ray Lynn Hardin gives a report of his trip to firemen's school at Texas A&M University while members of the Munday Lions Club listen

Fireman Gives Report On Annual School At Texas A&M

Ray Lynn Hardin, who, with Daniel Ramirez attended the annual summer firemen's school at Texas A&M College recently, was guest speaker at Tuesday's meeting of the Munday Lions Club. Hardin gave an interesting report of activities during the week spent there.

He stated that attendance at the school is increasing each year. A total of 2,800 firemen attended the school this year, as compared with 1,700 in 1977. They represented 775 cities and 25 states.

In actual work of fire-fighting, Hardin stated that instructors helped man the hoses, along with the

firemen. He also stated that in the case of chemical fires, it was most important to determine the type of chemicals involved.

Courses during the week included fire prevention, fire fighting, fire safety, rescue work, etc. Instruction was given on all fires participated in during the week, and all equipment necessary to put the fire was on hand.

"We learn a lot at these schools," he said, "which enables us to do a better job of serving our community in case of a disastrous fire."

The Whittemores To Live In Dallas Temporarily

Due to ill health of both, Mr. and Mrs. Ed Whittemore have made the decision to rent an apartment and live in Dallas temporarily so they may be near their physician.

This was a very hard decision to make, as both Mr. and Mrs. Whittemore are pioneer residents of this area.

The Douglas Myers Enjoy Visitors

Todd Parchman of Lubbock, grandson of Mr. and Mrs. Douglas Myers, spent a week with his grandparents. Todd's great-grandmother, Mrs. Melvin Myers of Gatesville, was also here to enjoy Todd's visit.

Helen Myers of Arlington is also visiting her parents. Mrs. Ima Stewart of Weinert visited in the Myers home on Monday.

Workers' Deaths On Freeway Maintenance Prompt Action

Twenty-five Houston highway workers have been injured by traffic since January of 1980. On the stretch of I-45 in north Houston, the cars and trucks pound by at a rate of 7,000 per hour. In a day of work for the highway repairmen, 50,000 vehicles will move past their safety cones and dump trucks. All that is required for an accident is for one of these 50,000 drivers to be drunk, drugged, reckless or simply unattentive.

"We have to stay on our toes constantly and try to work in such a manner that we are always conscious of this traffic," stated Arnold Vyvial, maintenance supervisor in the north Houston district of the State Department of Highways and Public Transportation (DHT). "Our main problem has been traffic control. We've had good luck with perhaps 90 percent of the public; perhaps 8 percent of these drivers left something to be desired; but that 2 percent has just about undone us."

The rash of accidents caused by this 2 percent in Houston and across the rest of Texas has forced DHT to take a number of immediate actions. In the Houston area, an extra lane is being blocked off and extra trucks are placed in blocking positions between traffic and workers. A spokesman for DHT said, "We are weighing public convenience against the lives of these workers, and we do not hesitate to protect them."

Where possible, the district is rescheduling night work to daylight hours during the week and on weekends. This was prompted by the fact that all but one of the recent Houston accidents occurred at night.

There is little choice but to take action. In 1979, according to DPS statistics, there were 11,319 accidents in maintenance zones; 2,200 of them related to construction in progress.

It is bitter news when the DHT is forced to take action to defend itself against the public it serves. "Speed is the main problem," the spokesman said. "It is hard working on the highway because traffic goes by so fast. We are doing the best we can and trying to do it as fast and as safe as we can. I just wish they would slow down."

DHT is investigating the use of portable barriers, rumble strips, controlled queuing, warning devices that alert work crews when their site is transgressed, and several versions of crash at-

tenuators. All of these require additional work load and expense on a department already stretched thin.

Miss Myrtle McCrary is a patient in Knox County Hospital.

Mr. and Mrs. Hank Matthews were weekend guests in the home of their daughter and family, Mr. and Mrs. Jimmie Burgin and daughters, in Groom. Mrs. Matthews' sister, Mr. and Mrs. Ray Hailey of Amarillo visited in the Burgin home on Saturday.

Seventy Years Is Long Time To Grow Melons

Mr. Joseph Decker of Rhineland brought in a yellow meated watermelon to The Courier staff, and commented that he had been raising the same type melon since 1911.

He stated that he didn't know the variety - the main fact he knew was "They are real good melons." And of interest to us was the fact that we received one of the melons! Thanks, Joseph.

According to Mr. Gilleland, offers will be received and sales will be made on a first come, first serve basis.

Dreams And Life

Dreams are experience by almost all persons. These may come at night while we sleep, or during the day as we allow our minds to wander, or our dreams may be conscious goals we seek to reach in life.

In the Bible we may read about several persons and the dreams they had. Jacob went to sleep one night when he was running from the wrath of his brother, Essau. When he woke up he realized that God had been with him. (Gen. 28) Joseph had a dream in which he saw his father and brothers bow down to him. (Gen. 37) Daniel was able to interpret a dream for Nebuchadnezzar and gain some favor with him because of it. (Dan. 2) It was through a dream that Joseph, who was to become the husband of Mary, learned that Mary had not been unfaithful and the child she was to bear was of the Holy Spirit. (Matt. 1)

These are a few of the dreams that are related to us in the Bible. There is another dream, however, that I would call to your attention. It is the dream Solomon had when he went to Gibeon to offer a sacrifice. (1 Kings 3:3-14) In the dream God approached Solomon and said: "Ask what I shall give you." (Vs. 5)

What would happen if we were confronted by God with the same instruction? What would we ask God to give us? Some, I am sure, would ask for money, or for more money. Some would ask for prestige in the community, and some would ask for power over people. There may be a large number of things people might ask for, but in our asking we would reveal our inmost desires and priorities. We would show to God and the world, what is significant in our lives.

Before responding to God in the dream, Solomon

thought carefully about his position and the responsibilities of it. In his response, he recognized what God had done in the past. He looked back and acknowledged the steadfast love that God had shown to David, his father.

Second, Solomon realized he was on the throne of Israel by the grace and power of God. Now he had not been exactly passive in the struggle for power that followed the death of David, his father, but now that he is the new king, he clearly recognizes that his place and responsibilities have come to him, have been entrusted to him, by God.

Third, Solomon was aware of his own need. He had already realized the magnitude of his position and felt inadequate to cope with it. He said to God, "I am but a child; I do not know how to go out and come in." (vs. 7) He was humble in the presence of God.

Fourth, Solomon was conscious of the fact that many people, a people that cannot be numbered, were dependent upon him to make the right decisions and choices each day. So Solomon said to God, "Give thy servant an understanding mind to govern thy people, that I may discern between good and evil; for who is able to govern this thy great people." (1 Kings 3:9)

How different the request of Solomon from requests made of God by many of us. So much of the time we ask for things for ourselves: riches, power, prestige, etc. Solomon was humble in the presence of God. He sought guidance in order to be helpful to the people, that his decisions would enhance their living and that God's love would be known among them. And in asking for this, Solomon was granted many things for himself, things he could have asked for but didn't. So Solomon brought the blessings of God upon himself and upon the people.

Texas Resident Convicted On SS Card Misuse

A Galveston resident, Maxiliano Hernandez, has pleaded guilty in the Houston Federal District Court to charges that he used a Social Security Number not assigned to him in order to collect over \$5,000.00 in medical assistance payments from the Texas Commission for the Blind.

According to James Harper, Manager of the Vernon Social Security Office, although the funds involved were not Social Security Benefits, it is illegal to get a social security number on the basis of false information or to use a number not assigned by the Department of Health and Human Services.

Conviction can result in a fine, imprisonment or both. Hernandez, a native of Columbia, received a suspended sentence, was placed on a year's probation and was released to the U. S. Immigration and Naturalization Officials for deportation.

A reception honoring Mr. and Mrs. Lee Snailum on their 60th wedding anniversary was hosted by their eight children on Saturday, July 18, at the Ex-Students Memorial Building in Benjamin.

The couple has three daughters: Mrs. Floyd (Claudia) Nunley, Amarillo; Mrs. Robert (Bonita) Pyatt, Richardson; and Mrs. Ray (Shirley) Jordon of San Jose, California. Their five sons are Billy Jo, Abilene; Charles Ray, Lafayette, Louisiana; Darr Dwight, Fort Stockton; Ted Wayne, San Antonio; and Jerry Don of Plano.

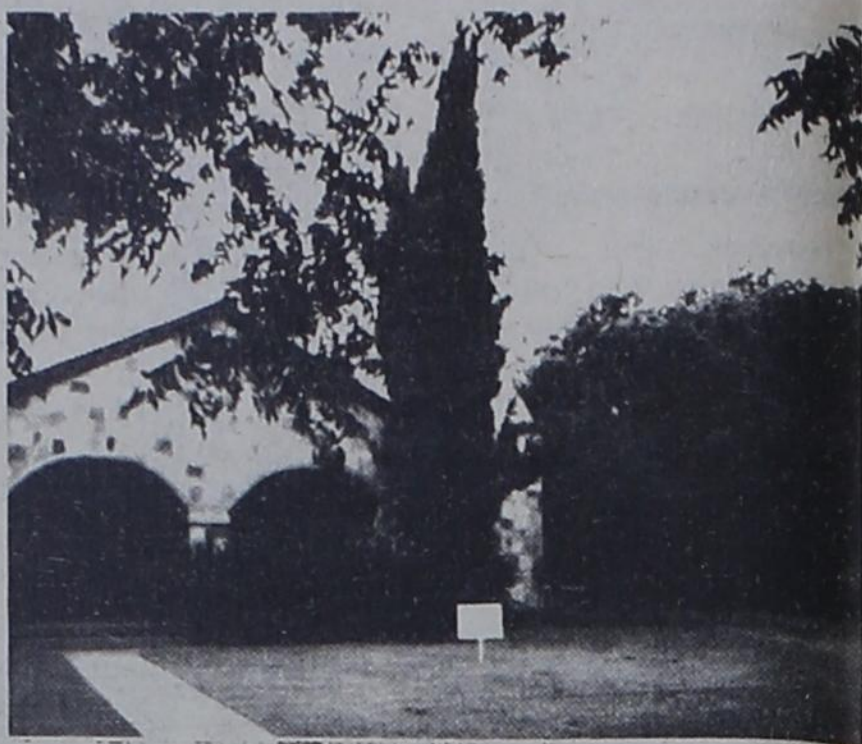

Mrs. Snailum is the former Grace Turner, daughter of the late Ben and Ollie Turner of Weatherford. Mr. Snailum is the son of the late Tom and Dora Snailum of Weatherford. They were married July 18, 1921, in Weatherford by Rev. T. M. Reynolds. The couple moved to Benjamin in September, 1921 to work for Mr. Ueckert. Except for a brief period when they moved to Olney, Bryson and Weatherford, the Snailums have spent the greater portion of their 60 years in Benjamin. According to Bobby Hutchinson with Munday Ambulance Service, the concession stand manned by the ambulance volunteers each night gave the new ambulance fund a boost of approximately \$1800. He was very appreciative of the time given by each volunteer.

Also, Mr. Hutchinson stated, "The ladies who baked desserts and corn bread cannot possible know how much they are appreciated. There were about 65 ladies involved, and it is a real nice feeling to know that they are so willing to help in this way." Pat Hutchinson, Jeanie Carden and Reba Redder did the calling for the baking volunteers. They joined Mr. Hutchinson in stating their appreciation. Mrs. Redder said, "Not only did we have real fine response, but a number of ladies have said, 'Why didn't you call me?', and we will remember them next time around."

In commenting on the marvelous help, Mr. Hutchinson praised two special ladies who were working at a refund table at the rodeo. It seemed that when the ambulance volunteers became extremely busy at their concession booth, these ladies would manage to come to the rescue, time and time again.
