Look To The East

by Aaron Edgar

Our Monday Moguls are not on strike! And you may bet your bottom dollar on that - if you are a betting person and looking for a cinch!

The "pro-boys" may do as they wish, and lose respect of their fans, but the Moguls have no notion of striking.

After a successful season last year, the Moguls started workouts and scrimmages to begin this season, sensing another successful season. With four one-sided victories so far this season, the Moguls have set their sights at a district championship. They will continue fighting toward that goal.

They won't strike because of low salaries or part of the gate receipts.

The Moguls are content with what they have - the opportunity to "do their bit" for dear old Munday High, under the guidance of four fine coaches and directors.

They have no person with a \$1 million contract, like Tony Dorsett of the Cowboys, but there are one or more Moguls who are just as important to their team as this running back is to the Cowboys.

Their records run about the same. Big-shot Dorsett can't quite come up with the record of Lawrence Collier, who had 103 yards rushing against the Greyhounds and 112 yards against the Bobcats.

The record of Quincy Adams: 100 yards against the Greyhounds and 78 yards against Rule is not to be sneezed at by anyone!

Mogul defensive players are holding their opponents down to minimal gains. Defensive standouts like Bryan Kuehler, Danny Hertel, Chris Moore, Terry Hendrix and Quincy Adams, to mention a few, turned in performances against Knox City that brought praise from their coach.

And that's the only pay they got, or wanted!

Our Moguls do not quibble over salary, or what their "owners" or "league officials" are doing. They just go about their business of winning, because they don't have those higher-ups to contend with.

They fight for honor, and for victory, never giving a thought to lining up in the locker room waiting for their paychecks. We're biased, we guess. But it's not against our fighting Moguls. Instead, it's the NFL owners' group and players' union. That strike, at completion of last weekend, has scuttled 14 regular-season games, the entire third weekend of play.

So, let them fight over their contracts and wampum!

We'll stay with the Moguls on Fridays, the college boys on Saturdays - and, maybe, play mumble-peg on Sundays.

It's been over 40 years since we became a Mogul fan. It started in 1939, since we got here too late for the 1938 season.

Time was when a Mogul game could scarcely start before we arrived. The years have put too much mileage on the old chassis for us to continue, except in thought and spirit.

The Munday Lions Club is not on strike, either!

Lions are going ahead with their regular activities and programs.

Next Tuesday, October 5, Lions will be conducting their annual broom and mop sale. They'll be fanning out in all directions from the city hall lawn around 8 a.m., soliciting patronage of local citizens for brooms, mops, and related items for the Lions Caravan for the Blind. It is hoped you will receive them kindly and patronize them generously!

Another upcoming project is the Lions' annual pancake supper, on which plans are already in the making and the date to be announced soon.

The Lions have already gone out 100% in support of the Texas Lions Camp at Kerrville with their annual \$10-per-member contribution.

We here in Munday see no sense in striking!

Did you notice? There's quite a bit of action in those Canadian football games!

ADMIRE TROPHY: Munday firemen shown admiring the second place trophy awarded them for second place in the 6-man hookup contest are, from left: Jessie Andrade, Bill Longan, Henry Ramirez, Randy Bob Cypert, Bill Williams, Mickey Jackson and Freddie Caram.

Firemen Win Trophy In Contest

Seven members of the Munday Volunteer Fire Department attended the district meeting held in Electra last Sunday.

In team competition, the local firemen were awarded second place trophy in the 4-man hose hookup, with time of 26.81 seconds. They were defeated by a team from Archer City, with time of 24.20

seconds. The Olney team came out third with time of 27.54 seconds.

Mrs. Bill Williams and daughter, Janet, entered the two-woman hookup contest, but failed to place.

Firemen who attended the convention are: Jessie Andrade, Bill Longan, Henry Ramirez, Randy Bob Cypert, Bill Williams, Mickey Jackson and Freddie Caram.

Lions Broom Sale To Begin Tuesday Morning

Members of the Munday Lions Club are expected to assemble enmasse Tuesday morning on the west lawn of Munday's city square to participate in their annual broom and mop sale.

The Lions Caravan Sales for the Blind will park their truck (or trailer) in its usual place prior to 8 a.m. This will give a committee of Lions time to help "inventory out" the various items to be sold during this drive.

Teams of Lions will begin loading their vehicles by that time for a quick "take-off" into various sections of Munday with their blind sales merchandise. The merchandise will consist of such items as brooms, mops, dish cloths and towels, oven mits, lawn rakes, rugs and mats, and a number of miscellaneous items.

Norm Anderson and Doyle Lowrance will be ramroding activities while vehicles are being loaded and made ready for entry into the several sections

of town. Townspeople are urgently requested to patronize these callers to their homes and places of business.

Purchases may also be made at the "broom truck" site during the morning hours.

This has been the club's main money-raising project during the years, and proceeds will benefit the Lions Blind Caravan, the Texas Lions Camp at Kerrville, and other worthy projects of the Munday Lions Club. It is hoped the drive will be completed in time for the Lions regular noon luncheon.

Please have a smile on your face and money in your hands when Lions call on you in their house-to-house canvass!

Local Girl Scouts Being Organized

An organizational meeting of Brownie Troop No. 105 was held at 4 p.m. Wednesday, September 22, at the Community Center. Twenty-four girls registered for membership. Unfortunately, only one mother registered to be a leader.

Since twenty-four members are too many for a troop, two will be formed. Only one troop of twelve girls has been organized at present. In order to be fair to the 24 registering, it was decided to draw names to determine who would be in the newly formed group.

Cheryl Berryhill will serve as troop leader. Girls in the troop are: Brandy Branam, Kammi Haynie, Nicki McGaughey, Sheila Morgan, Amy Morgan, Sheri Wilde, Michelle Wilde, Laura Burnett, Andrea Longan, Amanda Gulley, Michele and Melissa Berryhill. Kathy Morgan will be assistant leader.

This leaves twelve girls without a leader. The dues paid by these girls will be refunded if another troop is not formed.

Any mother interested in helping these girls have a troop may contact Kay Wilde, service unit chairman. She will be glad to help you.

Troop 105 will have their first meeting at 3:45 p.m. on Wednesday, October 6, at the Community Center.

Moguls Overpower Bobcats

Exercising power, speed and determination, the Munday Moguls spared no time in racking up scores as they

overpowered the hapless Rule Bobcats in a non-conference game held here last Friday night.

The visiting Bobcats, noted in the past for their decisive stubbornness (and sometimes victory) in past contests, were quickly subdued by the Mogul onslaught. The Bobcats continued resistance throughout the one-sided battle.

Quincy Adams opened the Mogul scoring with a 46-yard scamper with less than three minutes expiring in the game. Lawrence Collier added the first of his two extra point kicks.

Four minutes later, Adams scored again on a 12-yard run around left end.

Rule struck back quickly, however, when Otis Lockhart took the ensuing kickoff and raced a total of 86 yards to enter the Munday endzone before stopping. The extra point try failed - and 5:20 yet remained in the first quarter!

Collier came in for more of the first-quarter action when he went 19 yards over left guard to score, with 28 seconds left. He scored again on a one-yard run with 2:15 left in the half.

The only score in the second half came when Chris Moore, Munday quarterback, executed a 14-yard sneak play with 7:39 left in the third period. Kent Jossette added the extra point.

Collier and Quincy Adams led the Mogul attack, with Collier registering 112 yards, and Adams adding 66 yards. Backup Dave Hunter also accounted for 90 yards on 10 carries.

Rule was hampered by penalties on

two scoring opportunities and their inability to protect their quarterback. They had seven penalties for 40 yards and had three turnovers.

Munday racked up 21 first downs on 383 yards rushing, but lost three fumbles. The Moguls also gained 19 yards by air. They had one pass intercepted and were penalized for 55 yards.

B-K Electric Seeking Rate Increase Hearing

B-K Electric Cooperative, with offices in Seymour, is asking for permission to raise its rates by more than double later this year, according to a release from Harte-Hanks Austin Bureau. The cooperative serves almost 6,000 customers in nine West Texas Counties.

A public Utility Commission hearing on the request has been set for 9 a.m. Nov. 12.

B-K wants to recover an additional \$460,306 a year in revenue by raising the cost for the first 25 kilowatt hours of electricity from \$3 to \$6.

For someone using 1,000 kilowatt hours, the monthly bill, not including an additional charge for fuel or power purchased elsewhere, would increase from about \$24 to \$51.

The cooperative also would go to a rate structure that requires a minimum payment of \$6. With that minimum, the customer would get 25 kilowatt hours.

Any kilowatt hours after the first 25 would cost 4.65 cents each.

The present price structure is 12 cents for the first 25 kilowatt hours, 4.7 cents for the next 55 kilowatt hours, 2.7 cents for the next 120 kilowatt hours and 1.95 for anything more than 200 kilowatt hours.

A spokesman for the commission said Friday no formal protests have been lodged against the proposed increase.

The cooperative serves rural customers in Archer, Baylor, Foard, Haskell, King, Knox, Stonewall, Throckmorton and Wilbarger counties.

REMINDER

April Stamps, county extension agent, reminds all members of the extension homemakers council of their next meeting, which will be held Monday, October 4, in the assembly room of the Knox County Courthouse in Benjamin. The meeting will begin at 2:00 p.m.

Goree Wildcats Winners Over Benjamin Mustangs

Two Knox County six-man teams waged a vicious battle Friday night on the Goree "battle ground", and the Wildcats emerged as victors over the Benjamin Mustangs by the slender margin of 59 to 50 when the dust of battle had settled.

Goree cranked up their offense and scored 33 points in the second quarter, while Benjamin retaliated in the third period to add 22 points to their score.

Kent Urbanczyk aided the Wildcats in their victory by scoring four touchdowns, while team-mates Virgle Reagins and Richard Dixon scored two and three counters, respectively, for this team.

Points after were successful four times

A Child's First Concept Of Death

by Walter Hertel

My 3½-year-old grandchild saw his beloved great-grandfather as he lay ill in a hospital several times. After his great-grandfather died, and at the funeral home, his mother and father asked that I keep Greg outside. He asked for a drink of water and as we passed inside, he noticed the casket and said "Pappy's in the hospital."

The next morning his mother and father, having decided Greg would have to learn about death sometime, let him see the body. Several times during the day Greg would very solemnly say "Pappy's dead."

After the service as the family waited behind the hearse in cars, as the pallbearers carried his great-grandfather's casket by, Greg said sadly, "Bye Bye, Pappy, I'll see you tomorrow."

Then upon completion of the some dozen miles to the cemetery Greg repeated, "Pappy's dead," several times.

As we left the cemetery with one long final look at the casket, he again said "Bye, Bye, Pappy, See you tomorrow."

Emergency Response System Now Taking Applications

The Emergency Response System serving Haskell, Knox, Kent, Stonewall and Trockmorton counties is now taking applications for the first 60 government funded home units now available.

The Emergency Response System is a community based emergency response program that allows elderly and disabled persons to live independently in their own homes while still being in touch with help if needed.

In the case of an emergency, the home unit in the subscriber's home can be activated to automatically send a signal to the Emergency Response Center, which is the Knox County Hospital. Personnel at the hospital summon help which has been prearranged for each individual subscriber. The home unit also has the ability to send a signal for help even if the subscriber is uncon-

scious. The 60 home units will be distributed over the five county area, 12 per county. Since these home units are funded under the Older Americans Act through the West Central Texas Council of Governments the units must be placed in homes of frail or handicapped persons over the age of 60. Subscribers must be mentally alert, medically vulnerable and/or socially isolated and live alone or with medically vulnerable spouse. Each subscriber must furnish a private line telephone and be willing to sign an agreement about participation in the program. There is a monthly service charge.

For any information concerning the Emergency Response System, contact Trudy Hunt week-day mornings at 658-3535.

THE GOOD NEWS YOU'VE BEEN WAITING FOR!

At last interest rates are down. Interest rates are as low as they've been in months. We've got money to lend for all kinds of projects. So if you've been putting off remodeling or buying a car, now is the time to make your move. Come tell us what you have in mind. Let's work together to take advantage of these lower rates.

The Bloodmobile Is Your Responsibility!

Donating blood when the bloodmobile comes to our area is your responsibility.

All healthy individuals, men and women aged 16 to 66, are asked to join together in regular blood donations. This ensures the maintaining of a reliable community blood supply for all our residents.

Many cannot give. We earnestly ask those who can to help keep the "flow going" of a precious medicine available only from the human body - blood. There is no substitute!

Because you donate, blood is available to patients who need it to live, or to regain health. Only continued blood donations by caring people

like you will ensure that blood will always be there when needed.

Monday, October 4, we hope that more citizens of the Munday area than ever before will "lie down" and be counted! Please give some thought to the following:

Could there be a shortage of blood at our hospital? Yes, there could be:

--If regular donors neglected their usual practice of giving blood at the Red Cross bloodmobile which regularly visits our town.

--If bloodmobile visits were no longer supported by our community.

--If industries and businesses no longer allowed employees time to donate

blood and did not permit on-site bloodmobile operations.

--If donors waited until they heard about a special emergency need and did not realize that every day patients in this region need 95 units of blood.

--If no one ever became a first-time donor.

--If no one ever tried again after being medically deferred temporarily.

--If volunteer blood chairmen in every community in this region ceased their volunteer efforts.

--If no one cared.

Will it happen? Only volunteer blood donors can answer that. The next opportunity to answer and give blood will be Monday, Oct. 4, at the Community Center from 2:45 to 6:30. Call 422-4024 or 422-4282 for a convenient donation time.

BULLDOGS DEFEAT HASKELL'S INDIANS

Two long touchdown runs and a vicious defense led the Stamford Bulldogs to a 21-12 victory over the Haskell Indians last Friday night on Indian Field.

Stamford struck early in the first quarter on a 45-yard touchdown gallop, then added two more scores in the second period. Haskell also struck in the second quarter on a 36-yard pass, making the halftime score 21-6. A 55-yard pass play in the fourth quarter, Albert Sherman to Shane Welch, accounted for Haskell's second score.

Both teams suffered three interceptions. Haskell lost three fumbles and Stamford lost two.

SEYMOUR WINS OVER ELECTRA

The Seymour Panthers added a surprising 31-0 victory over the Electra Tigers in an upset battle staged at Fair Park Stadium in Seymour.

Electra outgained the Pan-

thers, 240-216, and had one more first down, had five fewer punts and was penalized 52 fewer yards, but the Pnathers' concerted action was where it counted - at the goal stripe.

Two of Seymour's five touchdowns followed turnovers by the Tigers, and the Panther defense turned back the Tigers on two touchdown tries.

QUANAH HUMBLER CHILICOTHE TEAM

The Quanah Indians amassed almost 400 yards Friday night to humble the Class 3-A Chillicothe Eagles by an impressive 45-18 score. The game was played on Eagle field, so the Indians didn't have far to travel before getting on the field.

The loss leaves the Eagles 0-3 for the season, while the Indians stand at 3-1.

HARROLD DOWNS HIGGINS TEAM

The Harrold Hornets divided their scoring by quarters Friday night when they

journeyed to Higgins and defeated their hosts to the tune of 80-36 in six-man play.

The Hornets scored 22 points in each of the first, second and fourth quarters, with 14 points being scored in the third period. Higgins scored 8 in the first, 14 in the second, 12 in the third, and was scoreless in the final stanza.

ROCHESTER WINNER OVER GUTHRIE TEAM

Jerry Don Garcia, who was the area's six-man "player of the week" last week, led his Rochester Steers in an encore performance against the Guthrie Jaguars in a 31-28 victory Friday night.

Garcia scored four times, racking up 290 yards in 20 carries. Joe Paul Flores scored the only Rochester touchdown which Garcia didn't make. Garcia also scored one PAT.

For Guthrie, Lacy Coldwell and Brent Rankin had two Tds each, and Clinton

Lewis had PAT kick. The Jaguars also scored one safety.

The Steers are now 2-1 for the season, while Guthrie stands at 0-3.

WEINERT HANDS LOSS TO PATTON SPRINGS

The Weinert Bulldogs made a trip to Patton Springs on Friday night and evened their District 3, six-man record at 1-1 with a 43 to 34 victory over the Patton Springs Rangers.

John Brueggeman led the Weinert scoring with three Tds and three PAT kicks. Mike Stewart had two touchdowns, one on a pass from Shannon Forehand; Lary Brueggeman had one Td, and Mark Stewart also had one.

PIED PIPERS BEST STANTON

The Hamlin Pied Pipers found trouble with the Stanton Buffaloes when they traveled to Stanton, but were able to eke out a 4-0 victory by means of two safeties.

Hamlin blocked a quick kick in the third period and recovered the ball in the end zone. The Pied Pipers scored their second safety of the night when a snap on a punt sailed out of the end zone.

The Pied Pipers are now 1-3 for the year, while the Buffaloes are 2-2.

Eagles mate for life and return to the same nest every year.

IN TOUCH

DON TRAVIS
FIRST UNITED METHODIST CHURCH

"The kind of religion which is without stain or fault in the sight of God our Father is this: to go to the help of orphans and widows in their distress and keep oneself untarnished by the world." (James 1:27 NEB)

What kind of a person has your own religious faith produced in you? And in me? This is the basic question that James consistently confronts us with. He would say to us that it matters not one whit to God what we say we believe, or what doctrines we profess to hold - but what does matter is the life we actually live - our acts, our deeds, our speech.

It is not enough to feel sympathy for, or to be kindly disposed toward the hungry, the thirsty, the stranger, the unclothed, the prisoner - our sympathy alone is not practically helpful to them all.

Neither are our good intentions for giving them some help "later" or "tomorrow". It is only what we actually do that is helpful to others and ourselves.

Likewise, our speech has the power to either build up or to destroy. There is little doubt that malicious gossip and/or constant criticism are destructive to others and ourselves - but perhaps as much damage is done by what we fail to speak to others. To withhold expressions of praise, love, understanding, and kindness may be even more life threatening than to withhold food or water from a starving person. Here again, it is not enough to merely feel these thoughts within - they must be outwardly expressed in order to sustain life.

James' conclusion is that when we know what is right

and good to do and to say - we sin when we fail to do the right things and say the right things. (James 4:17)

Walter W. Trainham, Well Known Knox Rancher, Dies

Walter W. Trainham, 79, retired rancher and longtime resident of Knox County, passed away at 5:05 a.m. Tuesday, September 21, in Seymour Memorial Hospital, where he had been a patient for several days.

He was born on April 24, 1903, in Tarrant County and came to the Benjamin-Vera area while yet a small child. He was engaged in ranching for many years before retiring several years ago.

He married Linda Stockton on October 21, 1925, in Vera. He was a member of the First Baptist Church of Benjamin.

Funeral services were held at 2 p.m. Wednesday from the First Baptist Church of Benjamin with former pastor, Rev. K. E. Woolley of Benjamin, and Rev. Douglas Crow of Melvin, former Vera pastor, officiating.

Burial was in Vera Cemetery under direction of Smith Funeral Home of Knox City. Serving as pallbearers were Vandel Green, W. T. Cartwright, Stanton Brown, Ken Patterson,

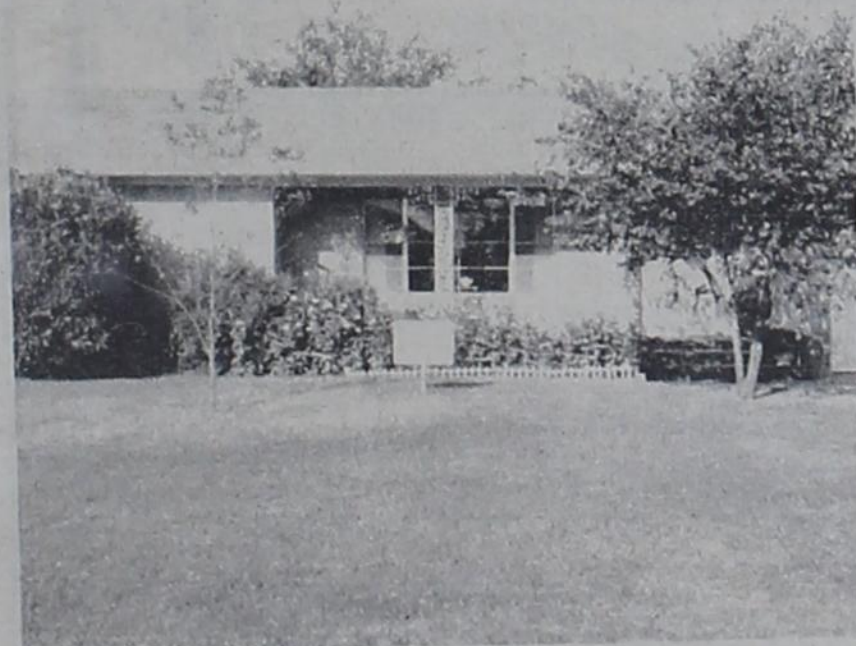

Wyman Meinzer and Bobby Roberson.

Named as honorary pallbearers were Hess Hall, Pate Meinzer, Mickey Driver and Lamoine Patterson.

Surviving him are his wife, Linnie, of the home; two sons, William L. Trainham of El Paso and Robert Lee Trainham of Benjamin; two daughters, Mrs. Walter (Peggy) Hertel of Munday and Joy Jones of Vera; three brothers, R. J. Patterson of Roy, N.M., Lestel Patterson of Arkansas, and Pump Patterson of Seymour; three sisters, Lou Shipman and Lona Feemster of Vera, and Rosie Machen of Gouldbust; six grandchildren; and two great-grandchildren.

He was preceded in death by 11 brothers and sisters.

If you are an "older adult," have you scheduled a visit with your dentist recently? Surveys indicate that only 30 percent of those 65 years of age or older visit their dentists on a regular basis.

YARD OF THE WEEK is that of Mr. and Mrs. L. B. Patterson Jr. located at 261 South 7th St. Judges of Munday Garden Club were drawn to the border of beautiful gold zennias and the overall neatness of the yard.

JV's Defeat Quannah Team

by Coach Robert Redden
Munday's junior varsity defeated Quannah by a score of 35-8 on their field last Thursday night. We were not completely satisfied with our game, but we did have some bright spots.

Our first touchdown was made by Todd Thompson, and the extra point try was blocked. Quannah came back and scored in the beginning of the second quarter. They completed their try for two points, so the score at that point was 8-6. Just before halftime, Ronny Lowrance had a 10-yard run for the score, and the pass from Dent Offutt to Todd Thompson for two extra points was good, so the halftime score was 14-8.

Todd Thompson scored again in the third quarter and Ronny Lowrance kicked the extra point, making the score 21-8. A 2-yard run by Timmy Collier and extra point by Ronny Lowrance gave us another score. Late in the game, Ryan Offutt intercepted a pass and a play later Dent Offutt pitched one to Ryan Wright, who lateraled the ball to Todd Thompson, giving us our final score.

We played real well defensively. Standouts were Russell Smith at defensive end and linebackers Dent Offutt and Ronny Lowrance. Dent had two interceptions for the night.

Offensively, we moved the ball when we had to. We started slowly, but did exceptionally well in the second half. All our offensive players had good games.

We will play Knox City here Thursday (tonight) at 7 or 7:30. They will have some players on the team who were not playing when we faced them a few weeks ago, and we should see a much improved team. We will have to keep playing well.

"It is always with the best intentions that the worst work is done." Oscar Wilde

Coach Lankford Comments

Coach Rogers Lankford
For the first time this year, we played a good first half. Our only disappointment was in allowing Rule's Otis Lockhart to return a kickoff for a touch down.

We were very pleased with our offensive execution. This was the second week in a row that we have gained over 400 total yards. Lawrence Collier had 114 yards on 14 carries, two touchdowns and two extra points. Quincy Adams ran 79 yards on eight carries and also had two touchdowns. Chris Moore had 63 yards rushing on 9 carries, completed 2 passes out of 6 attempts, and had one touchdown. Dave Hunter, a second team halfback, had 82 yards on 12 carries. Kent Josselot kicked one of our extra points.

We were very happy with the way the second team backfield carried the load in the second half. Danny Sloan stepped in as quarterback and Dave Hunter and Jim Earl Dockins were the halfbacks. They did a good job.

The offensive line did an outstanding job the whole night.

The defensive players this week were Quincy Adams, Quinn Smith, Greg Urbanczyk, Danny Hertel and Jim Earl Dockins. The defense put in another outstanding effort; everyone played well. We were very pleased with this aspect of our performance.

The passing game, while still not up to our expectations, looked decent. We just did not have to use it against Rule.

We play Electra on their field at 2:30 Saturday afternoon. They are a young team, generally, but they have several seniors who provide leadership on the field. Electra runs the Wing-T offense, which is the same offense that Windthorst ran

against us. The Tigers' defense is a variation of ours, so we should not run into anything too unfamiliar. We have seen some films of their games and feel we know what they do best. Again, our speed should be a big factor in this game.

We will leave Munday at 11 a.m. We will eat after the game in Electra, and plan to be home at approximately 8 p.m.

Boosters To Show Game Films

According to head coach Rogers Lankford, the Munday Booster Club is taking donations to go toward filming the Junior Varsity and Junior High football games.

At next Tuesday night's booster Club meeting, films of this week's Junior Varsity game against Knox City will be shown. Also, the junior varsity players will be introduced.

Everyone is urged to be present to watch the game films. Booster Club meetings are held at 8 p.m. every Tuesday night in the high school cafeteria.

Voter Registration Deadline Near

Eligible voters who have not registered to vote must do so by Oct. 3 if they wish to cast their ballot in the Nov. 2 general election, says a county officials program specialist with the Texas Agricultural Extension Service, Texas A&M University System. All that is involved is filling out an application card available at the county voter registrar's office. High school seniors who are 17 years and 10 months of age are especially urged to register. Registered voters who will be unable to vote in the county of their residence on Nov. 2 may apply at the county voter registrar's office to vote absentee.

Jr. High Game Report

by Coach Ed Pugliese
We had a good effort against Quannah in our games last week.

In the seventh grade game, our Braves won by a score of 26-12. The boys did a good job. We have gotten consistently good play from this team.

Standouts for the seventh grade were Anthony Stinnett, Corey Moore, Gary Welch and Trey Thompson.

In the eighth grade, the only comment I want to make is that I lost the game. The score was 38-24.

We play the Jr. High teams from Knox City-O'Brien this week. Seventh grade game starts at 5:00 p.m.

We want to encourage people in this area to come watch these boys play football. We had good attendance at Quannah considering how far it is from Munday, and we would appreciate lots of fan support at the rest of our games.

Service Pins Awarded At Burger Party

A hamburger party was held for all staff members of Munday Nursing Center on Thursday evening.

Funds for the party were given by Mrs. G. R. Eiland and family in appreciation for the care and service given Elsie Eiland.

Service pins for five and ten-years of service were awarded by the administrator Joyce Hardin, and area supervisor, Jim Kendall.

Those receiving ten year pins, which were 10-carat

gold with one 5-point diamond were Joyce Hardin, supervisor; Martha Franklin, cook, and Mary Welch, assistant cook.

Receiving five-year pins of 10-carat gold with a synthetic ruby were: Ladean Feemster, D.O.N., Mary Michalik, LVN; Lois Beaty, LVN; Martha Martinez, Irma Albus and Loretta Albus, aides; Johnnie Gray, laundry; Jean Alexander, food service supervisor; Willie Allen, An-

nie Floyd and Vergue Reagen, kitchen; and Amelia Sosa, housekeeping.

Joyce Hardin expressed her appreciation for the years of service given by all devoted employees who have spent these years of work. This makes the nursing home better to run when such devoted employees do their jobs. It takes all departments to make a good nursing home. We all work as a team - and that's what it takes!

Electricity Not Luxury Any More

Electricity was once considered to be a luxury. Now it is an every-day necessity. This, in substance, was brought out by Rick Etheridge of Stamford, energy supervisor for WTU, when he spoke to members of the Munday Lions Club on Tuesday. In comparing cost of electricity to other items or services, the speaker stated that since 1973 the cost of electricity increased 66%; for gas 200%. In comparing budget items, he said 21.5 percent of our budget goes for food, 17.9 for clothing, 6.2 for recreation and 2.1 for electricity.

"According to law," he said, "we must furnish electricity at the lowest possible cost; yet, we must meet the demands 10 years from now."

"Electricity is just too convenient for us to be economical," he continued. "The average home today has a total of 24 small appliances that use electricity. In 1940 the average home used 600 kwh of electricity per year; in 1980, we used 13,000."

"If you think electricity is expensive, you should think about buying it in buckets instead of having it piped in for you!"

He concluded by saying; "Think conservative. It's good for you, good for the home, and good for the nation."

Mrs. White Wins Honors At Fairs

Wendell Partridge came by The Courier office Monday to tell us about the winnings of Mrs. Jimmy White at area fairs in the last few weeks. Mrs. White, who lives in the Thorp community and is a neighbor to Mrs. Partridge's mother, Mrs. Adolph Havran, is an expert seamstress and her ribbons can attest to this. Wink was lavish in his praise of Mrs. White and wanted us to give credit where credit is due. After reading the list of Mrs. White's accomplishments and realizing the hours of hard work that went into her sewing, we had to agree with Wink.

To enter the sewing division of the West Texas Fair at Abilene, a person had to have made at least ten items from a list of 16. Mrs. White constructed 16 garments, and each one was awarded a prize ribbon.

Six of these items won first place honors. They were in the following divisions: Sportswear, dressy short dress, boys' clothing, girls' clothing, wedding dress and western wear. Mrs. White's entries in the blazer, skirt and household accessory divisions were second place winners.

Third place winners were her short casual dress, slacks, lady's pantsuit, tailored suit, child's dress and lounge wear. The blouse she made was awarded fourth place.

For her winnings, Mrs. White was given a Bernina 900 sewing machine compliments of Alton's Sewing Co., of Abilene.

In addition to all this, she won a certificate from Ben Franklin's of Haskell for her accomplishments at the Haskell County Fair last week. They included four first place ribbons, and the Best of Show award.

Scholarship Information Available

There are thousands of unused college scholarships and loans for which students can and do qualify. The student's problem is to search out those which apply to him or her.

Student College Aid, a nationwide computerized scholarship locator service, with \$500,000,000 of non-government awards in its data base, searches out scholarships and loans for students. Students contact the company for free information and personalized dataform. SCA mails this information to the students.

To use the service, students fill in the dataform as completely as possible. Information is coded into the computer. The computer searches through thousands of sources and prints out those to which the student is eligible to apply. This print-out is mailed to the student, who then contacts the funding sources.

For free information and an individualized dataform, write Student College Aid, 3641 Deal St., Houston, Tx. 77025 or phone (713) 668-7899. The company is listed with Houston Better Business Bureau.

Bid Chosen For Dam Work Near Guthrie

R. G. Muckleroy Inc., of Nacogdoches submitted the apparent low bid of \$149,000 for the modification of the Bateman Low Flow Dam on the South Fork of the Wichita river near Guthrie at a bid opening held last week by the Tulsa District of the Corps of Engineers.

The government estimate was \$181,000. The high bid was \$429,000. There were five bidders. The work is to be complete in 190 days.

The work consists of raising the existing dam five feet, placement of additional earth fill on existing embankment, construction of a temporary retention dike and removal and reinstallation of an inflatable fabric dam.

The major quantities of materials involved in the work are 300 cubic yards of concrete, 4,000 cubic yards of earthfill and 240 cubic yards of quarry-run stone.

The project is part of the Red River Chloride Control plan in Texas.

Reminder For Dove Hunters

With the dove season here again, General Telephone is reminding hunters not to shoot in the direction of telephone lines and poles, according to W. C. Wells, general manager. The warning and reasons given are

timely and should be considered by every hunter.

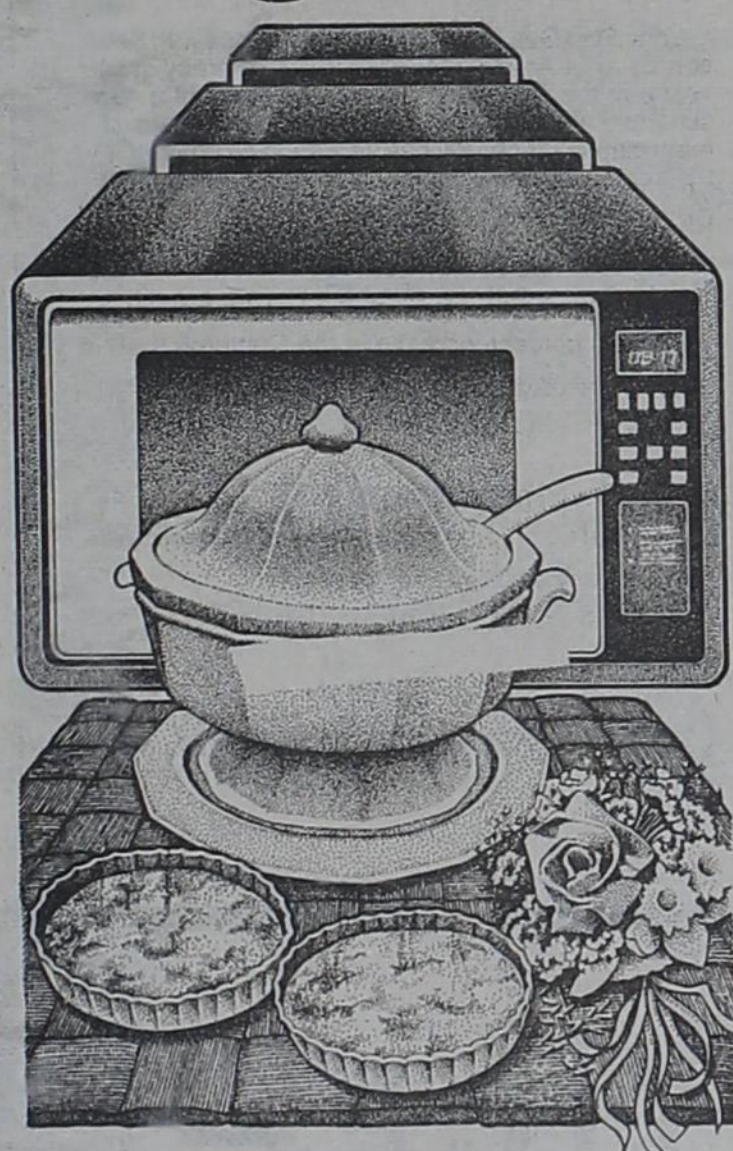

A shot may disrupt telephone service and endanger many people who depend on their telephones during an emergency. Damaged communications lines often do more than disrupt weekend plans, it was pointed out. The lines may be carrying emergency messages which guide planes, serve radar tracking stations or connect several missile sites.

Each minute a telephone is out of order the safety of many people may be threatened, which is reason enough not to shoot birds on telephone lines or poles.

There is another reason not to shoot at a bird on a telephone line or in the direction of a line: It is against Federal and State laws that prohibit any action to disrupt communications.
