Kracker Krumb Odds Bits Salvaged at Random

What is the weather outlook? Not very good!

Is it going to rain anyways soon? I doubt it!

Is it going to rain any this year? Not very much I don't believe.

How does the wheat crop look on your farm? Pretty bad!

That, as near as we can remember, is the gist of conversation that took place at a meeting of the Methodist board of stewards last Monday night, before the meeting officially opened.

The man being questioned was situation.

The men doing the question- ed as treasurer last year and was reasons. ing were men who had wheat crops themselves, or those more or less dependent upon a wheat crop and were interested-which could include all of us.

About this time another man who kinda studies the elements and keeps a record of local rain- Falls and Munday took top honfall, Dr. R. L. Newsom, came in, ors in the second annual Midget For Zeissel Infant but Bob hadn't gotten in on the Mitts Boxing Tournament which first of the conversation and did ended last Friday night in the not commit himself.

ant matters and problems concerning the church.

But nearly everywhere group of people or just two persons get together that matter of the weather comes up.

One of our good advertisers opined last Monday that he reck oned he couldn't run an ad this week. The weather didn't appear to be right!

It's either too hot or too cold, too windy or too still, or too dry-but not yet too wet-to ad-

Joe Croley.

Quite a few times, he'd greet us and then pop the question, "How's your wheat crop?"

We'd pass the matter off with some more or less silly remark, but he kept asking that question until it began to worry us.

Finally we asked point blank: "Joe, why in Sam Hill do you ask me that question? You know good and well that I ain't got no wheat crop!"

like this: "Well, you and I, as helped Texas score a new record well as every other business or this year for passing the halfprofessional man, depend more way point of the Crusade finanor less on a wheat crop or cotton crop. In other words, the success of the farmers sorta regulates our success; therefore, all of us has a wheat crop whether more than one-half of the state we're actually growing the wheat goal was achieved by Apirl 15. or not. That's why I ask the question."

We had to reply in words similar to those of Sherman Hill: "Pretty bad!"

Another interesting weather note: The wind that came up last Friday night blew the gate open to the enclosure where some of the boys had their fat calves for the livestock show at Knox City on Saturday.

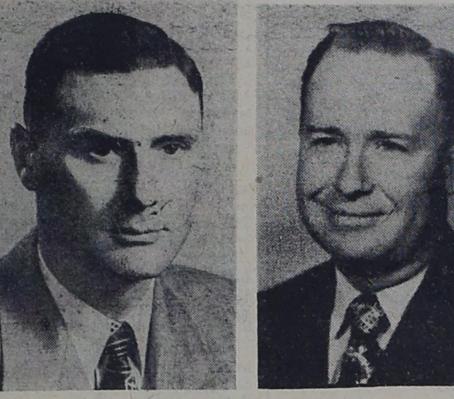

next morning they were not on Travis T. Wallace of Dallas. hand to be shown. Folks envisioned a super theft, and good Those visiting in the home of For seven days ending 7 p. m. steaks for someone after the Mr. and Mrs. W. G. Hollis of April 22, 1953,, as compiled by H.

-Champions in commercial steer, sheep, dairy and poultry divisions were named at the second annual Knox County Junior Livestosk Show in Knox City Saturday.

A 2,120-pound Hereford steer exhibited by Edgar Jones of Truscott was taken to the Fort Worth stockyards Monday along with exhibitors' calves to be put on the market. Boys exhibiting animals made the trip to the stockyards and packing plants under the supervision of E. R. Ponder, vocational agricultural instructor, and W. C. Pallmeyer, Knox County agent.

Grand champion steer was exhibited Saturday by Nickie Leaverton, Benjamin FFA member, who showed a 1,010-pound Hereford bred by the League Ranch of Benjamin. Grand champion dairy heifer was exhibited by Bobby Miller, Munday FFA member from Gilliland, who showed a Holstein heifer. It was the only dairy animal shown. Grand champion ram and ewe were exhibited by Charles Todd, Truscott 4-H

member. In the poultry division, grand champion cock was exhibited by Carl Darwin, Benjamin FFA, grand champion hen, exhibited by Millard Lain, Knox City FFA; grand champion pullet, exhibited by Kenneth Patterson, Munday FFA; grand champion hibited by Kenneth Patterson, Munday FFA.

Frank Martin, Haskell County agent, was judge of the steer division, which was under the supervision of E. R. Ponder, Munday vocational agriculture in-

structor. Grades and animals were as

Choice: Grand champion Hereford steer exhibited by Leaver-

Good: Reserve champion steer exhibited by Joel Smith, Munday FFA. Calf bred by B. E. Smith, Munday, and weighing 1,135 pounds.

Bill Lehmberg, Jones County agent, was judge of the sheep division which was supervised by Lawrence Haverman, Goree. In the ram division, Charles Todd, Truscott 4-H member, exhibited the grand champion as well as the second and third place animals. All of Todd's entries were registered Hampshires. Fourth place was awarded Douglas Beaty, Goree FFA member, who

exhibited a Suffolk ram. In the Ewe division, Todd also exhibited the grand champion, as well as the second and third place ewes. All three were registered Hampshires.

For the first time, rabbits were shown in the show. This division was under the supervision of L. E. Grovers, Knox City.

Judge of the rabbits was Odell Frazier, Seymour vocational agricultural instructor.

Placings were as follow Bucks: first, L. C. T Knox City FFA; second, J. New, Benjamin FFA; third, ry Johnston, Knox City 4-H.

GRASS ROOTS OPINION

ELY, NEVADA, RECORD: ". . . . the foundation for genuine individual security lies in the ownership of a house and land free from confiscation by taxation. This is provided for under the Law of the Lord and the result is described by Micah: 'But they shall sit every man under his vine and fig tree (typifying the personal security of a privately-owned homestead): and none shall make them afraid: for the mouth of the Lord of hosts hath spoken it.' (Micah 4:4). This is the basis for true social security."

HAGERSTOWN, MD., MORNING HERALD: "The fact that most needs to soak in upon all of us right now is this: if we look to our government for security, then we have no security-for what the government can give us the govrnment can also take away."

WALDOBORO, MAINE, PRESS: "Government is made up of services as required by the people of the State. Such servics should always be ample but not more than ample. Government expenditures should be made in the same way as business expenditures are made, that is, always with an eye to economy and the Government should make certain that a dollar's value is received for every dollar expended."

FRANKLIN, IND., REPUBLICAN: ". . . . virtually all college adminstrators are leery of wider government aid, feeling that inevitably it will mean federal control of education."

THE MACHINE AND THE LAND

A century ago, 75 per cent of all workers in this country were engaged in agriculture-in producing the food and allied products they and the small non-agricultural population consumed. Even as late as 1916 one person in three worked on the farm. Today, the figure is one in six.

In other words, we depend upon fewer farmers for all the varied agricultural products we must have. And the farmers' ability to meet the demand is primarily the result of the application of power to farm jobs.

Last year, according to the New Mexico State Extension Service, U. S. farmers used 7,000,000 tons of finished steel-more than is used in a year's automobile outpus-along with 16,500,000,-600 gallons of crude petroleum, 320,000,000 pounds of raw rubber, 15,000,000,000 kilowatt-hours of electric power, and vast quantities of other materials. These resources were used largely to produce, operate and maintain all manner of machines which perform the basic farm tasks swiftly, efficiently and cheaply; which have greatly reduced the amount of muscle-power needed; and which are the farmer's principal allies in preventing erosion and water damage and in preserving and improving the ability of his soil to

On the average, each of us 150,000,000-odd to work in struck plants."-Arthur Krock.

LOW LINES MATCHED BY LOW COST

Asbestos Boards Suit Contemporary Styling

News From The

U. S. Congress

Congressman Frank Ikard

Washington, D. C., April 17,

The first thing we have to do simplified.

to accomplish this is to develope. Under our legislative system,

a strong, positive, bipartisian just because a bill is introduced foreign policy. A solution of the in Congress does not necessarily

Korean Conflict and a general mean that it has a chance of be-

Good contemporary architecture and cost-saving ideas are combined in this home, chosen as a house-of-the-month by American Builder. Low, sweeping lines dominate the exterior, which has asbestos-cement boards, an economical material noted for fire-safety and durability, as its siding. Battens over vertical joints add interesting shadows. The designer and builder, Donald Scholz of Toledo, O., reported wall installation savings of one-third as compared to ordinary methods. Working plans may be obtained from American Builder Home Plan Service, 30 Church Street, New York 7, N.Y.

Gow'll Net MORE MONEY from Every Harvest LEADER of the SELF-PROPELLEDS the JOHN DEERE No.55 Combine

Harvesting more acres every day . . saving more grain on every acre—that's performance that means real dollar savings. It's the kind of performance you can expect with the leader of the self-propelleds . . . the John Deere No. 55.

Cutting a full 14-foot swath, the No. 55 really eats up the acres, slashing days off your harvest time. The heavy-duty, 30-inch rasp-bar cylinder, efficient separating cyl-

inder, all-steel straw walkers, and extralarge cleaning units assure saving more grain in any field or crop condition.

Easy steering, high, roomy operator's platform, handy controls, low upkeep costthese are other big reasons why the John Deere No. 55 leads in owner satisfaction. Get all the facts and you'll choose a John Deere No. 55. See us soon.

THE TRADEMARK OF QUALITY FARM EQUIPMENT

Munday F. F. A. **Boys Sell Calves**

Munday Future Farmers of America made a good showing Knox County Junior show at Wayne Warren and children of ter of Mrs. Fannie Mae Johnson, Mrs. C. L. Mayes. Munday boys had seven of the Gray. ten calves shown. Joel Smith's calf won Reserve Champion. His calf was placed Good in grade. and Erwin and Mr. and Mrs. steers placed Good in grade and Wells last Sunday. two were graded Medium.

Seven Munday F. F. A. boys, Collis Michels, Buddy Womble, in Dallas the first of the week Buddy Clark, Pete Rister, Wayne | Store while there. Searcey, and one F. F. A. boy from Benjamin, Nickie Leaverton, and one 4-H boy, James Todd from Truscott accompanied by Earl R. Ponder, Vocational Teacher from Munday and Bill Pallmeyer, Knox County agent, went to Fort Worth Sunday evening to be on hand for the sale of their calves Monday.

This group had a very busy day Munday. They were awakened at 5:45, soon they were on their way to radio station WB-AP led by Walter Rice, Fort Worth Stock Yards field man who had made arrangements. We appeared on Doc Rhuman's program at 6:30. Then after breakfast we appeared on the Bobby Peters Television Show at 8:00. At noon we appeared on the Texo Feed program on radio; again on the 12:15 program of red Gouley's.

Walter Rice arranged for the boys to go through Swift & Company's packing plant. Bill Pallmeyer accompanied the boys through this plant while E. R. Ponder was looking after the sale of the calves .

Munday F. F. A. calves topped the Fort Worth market for the day. Joel Smith's calf brought the highest price of the day Joe Mac Hill, who is in the bring 23c per pound. The other Army and stationed in Californ- calves were sold for 22c. Charles ia, arrived here Sunday on a Todd sold his two fat lambs for

Mr. E. L. Goolsby, Munday High School principal, will send E. R. Young of Jacksboro and judging contests. This is a tri-Mrs. J. L. Atkison of Weather area contest which always gives ford returned Saturday from a plenty of competition. Munday

Annual Singing Convention To Be At Haskell

The 29th Annual Convention of Haskell County singers will be held at the American Legion Hall in Haskell on Sunday, April 26, according to Hallie E. Chapman, president of the County-wide organization.

The first assembly will be held at 10 a. m. with part of the time being devoted to a business session for the purpose of election of new officers. T. C. Cobb is vice president and Mrs. Troy Ash, stceretary-treasurer.

Outstanding quartettes who have already notified officials that they will be present are: The Ranger Quartette of Dallas, The Ozark Quartette of Wichita Falls and both the Junior and Senior Tankersley Quartettes of Knox City. Others expected to attend: The S. E. Clark Quartette and Dewey Nieddecker Quartette of Abilene and the Henry Shipp Quartette of Lub-

The Ranger Quartette of Dallas will stay over on Monday for a special concert in the high school auditorium that night which will be sponsored by the Haskell Voljunteer Fire Department.

The afternoon singing will be Haskell Volunteer Fire Departbroadcast by Radio Station KD-WT of Stamford and sound equipment for the Legion Hall and surrounding area will be furnished by the Gul Oil Corpor-

We are extending a very cordial invitation to all for them to make preparations to be in Haskell next Sunday, Chapman

Last year some fifteen hundred singers and guests were here for the annual event.

Paul D. Krahl and Robert Burgess, who are in the Navy and stationed at the Naval Training Station in San Diego, Calif., visited Mr. and Mrs. Jeff Mitchell over the week end. They were enroute to Oklahoma.

Mr. and Mrs. Herby Peek visited in Stamford last Sunday.

A Very Proud Car-At A Very Modest Price!

According to Webster, one of the important meanings of the word proud is this: "Worthy of admiration; deserving praise."

That definition fits the 1953 Pontiac like a glove. Pontiac's distinctive Silver-Streak beauty is certainly worthy of admiration-and gets plenty of it everywhere. And when you sit behind the wheel and feel the effortless surge from Pontiac's famous power plant you'll know that you're driving a mighty proud performer.

As a matter of fact, the only modest thing about a Pontiac is its price-for this wonderful car which gives you the engineering quality and the best features of the costliest cars is priced just above the very lowest!

And when you're figuring price, be sure to remember Pontiac's remarkable resale value—the sure test of long-lasting quality. Why not come in and see how easily you, too, can become the proud owner of a new Pontiac?

leaders from these countries More Castorbean have come to America for the purpose of studying and working with the various state extension services on the state and county levels. Many of these foreign students have come to

The people of Terrell and Kaufman County organized quickly in 1903 to back Dr. Knapp and to provide the funds which protected Mr. Porter against any loss that might occur from his following the demonstration program. The funds were never needed but the back ing from the community was a strong factor in the rapid spread of the information gained from the first demonstration.

On this 50th anniversary day, local people are again playing a most important part in the program and related activities being held today on the Porter Farm. At least 25 local committees have been at work for many weeks planning and getting into final form the "kick-off" program for the year-long, 50th anniversary observance. Committees from the Texas Extension Service have worked with these local groups. A. H. Boyd heads the local overall committee.

Speakers on the program which begins at the Porter Farm at 1:30 p. m. include Assistant Secretary of Agriculture J. Earl Coke; Director C. M. Ferguson, Federal Extension Service; Chancellor Gib Gilchrist, Texas A. & M. College System; former

Texas and Assistant Federal Extension Director H. H. William-Judge Ned Price, president; Judges and Commissioners and Mrs. B. M. Harris, Plainview, president, Texas Home Demonstration Association.

The final activity for the day will be the dedication of a historic marker on the Porter Farm. thinning to the desired stand. Presentation will be made by dedication by Seaman A. Knapp, grandson of Dr. Knapp, and W. will accept the marker.

Mrs. Ky Hunter of Iowa Park visited her mother, Mrs. F. T. Jarvis, over the week end.

Acreage Likely For This Year

Extension Service, compares of General Telephone Company with the 94,000 acres planted in of the Southwest. 137 counties last year.

Total income from last year's dollars. Yields were low in many areas due to drouth and a lack of experience on the part of new

Ross points out that income will depened upon yields and that good cultural practices are a very necessary part of the production program.

Like other crops, castorbeans respond to good, deep seedbed preparation. They are a tap-rooted plant but their tap root willnot readily penetrate hard pan, says the specialist. Deep plowing is also a good moisture conserving practice and the stored moisture can be used by the plants during the summer months to keep them producing.

Poor stands, says Ross, are the chief cause of low yields. At son (retired); Smith County least 10 pounds of seed should be planted per acre. The planter Texas Association of County plates should be checked before going to the field to make sure the desired spacing is obtained and that the seed will not be crushed. Growers in 1952, points out Ross, increased their yields by planting more seed and then

Records kept last year show Texas director G. G. Gibson; that castorbeans returned on an everage from five to seven dollars for each dollar spent for fer-A. Porter, son of Walter Porter, tilizer. Application of the proper amount and kind of fertilizer will increase the per acre yield and in turn total profits.

Early plantings last year generally produced higher yields than did late plantings. In most sections of the state, says Ross, early cotton planting time is about tht right time for planting the castorbeans.

Yields can be increased through the use of proper cultural methods and early cultivation is very important. Give them a first cultivation, says Ross, as soon as the plants are tall enough to plow. Weeds and grass are tough competitors especially during the early growth period of the castorbean and clean cultivation at this time can be a yield booster.

The A. R. Floyds, who have been living in Fort Worth, visited relatives here over the week end. They were enroute to Sudan where they will make their

man's power so many times he get it perfected and then what? Some scientists not willin to cities instead of handfulls. It let well enough alone gets busy looked like we might be gettin and invents a pill to counteract somewhere toward scarin the the effect of the atom bomb's daylights out of each other and most valuable aspect, its ability cowerin us into final world peace. to send mysterious rays out and And what happens? We spend kill people merely by radiation. billions of dollars and endless Accordin to an account I read in

a paper yesterday, all you have to do now is take this pill before an atom bomb goes off and, if you're out of the immediate vicinity where the thing explodes, you're safe from the devastating radiation that used to make the bomb such a masterful instrument of slaughter.

I tell you, that pill has set us back twenty-five years. Now we have got to start all over again and work out something to add to the bomb that'll overcome the effects of the pill, and as sure as we do some scientist will develop another pill to overcome that, and civilization will be right back where it was before, I wish scientists would make up their minds. We'll never get anywhere this way.

Yours faithfully, J. A.

Week end guests in the home of Mr. and Mrs. J. L. Stodghill were Mr. and Mrs. Ralph Schultz of Dallas, C. V. Stodghill and granddaughter of Wichita Falls, Mr. and Mrs. H. A. Stodghill of Silverton and Mr. and Mrs. Howard Honeycutt of Haskell.
