Local Crops Committee Plans Pest Workshop

The Knox County Crops Committee is sponsoring a Late Season Cotton Pest Workshop at 8 a.m., Tuesday, July 23. The workshop will begin at the Rhineland Co-op Gin in Rhineland then move to some nearby cotton fields.

Identifying and determining when a cotton pest needs to be controlled is often a hard decision to make. Many factors should be considered

Mogul Coaches Will Attend **Annual School**

Munday High School coaches will join others from all over the state at the 53rd annual Texas High School Coaches Association coaching school scheduled for July 29-August 1 in Dallas.

Lectures on football, boys and girls basketball, soccer, track, volleyball and training will be presented by coaches in these sports on both high school and college levels. Five coaches will be inducted into the Hall of Honor, and Carl Eller of the NFL will speak on the war on

Highlighting the school will be the All-Star basketball game on Wednesday, July 31, in Moody Coliseum on the Southern Methodist University campus and the football game scheduled for the next evening at Texas Stadium.

Greg Urbanczyk of Munday, a second team All-State choice, will play for the North squad in the football game. The son of Mr. and Mrs. Buddy Urbanczyk, Greg is a recent MHS graduate. Shane Hadaway of Haskell, a first-team all-state basketball selection, will participate in the basketball game for the North

Louis Kelley of Lubbock Estacado and Les Koenning of Cypress Creek will coach the North and South football All-Stars, respectively, and Robert Hughes of Fort Worth Dunbar and Bryan's Larry Brown are the North and South basketball coaches.

Pre-season rankings will be voted on during the school, and the rankings will be released July 29.

in making this decision.

This workshop mainly will be evaluating the boll weevil, bollworm, and fleahopper. Emory Boring, Extension Entomologist, will discuss how to scout a cotton field to determine the population size of these insects and the damage being done.

Producers will be given several opportunities to evaluate cotton fields for boll weevil, bollworm and fleahopper damage. Boring will then discuss what is being found and how to use the information to determine if control measures are required.

The boll weevil, bollworm and fleahoppers can severely damage cotton crops if they are not controlled. Random spraying to control these insects may be unnecessary and unsuccessful. Routine scouting of a field is the best way to know if and when control is needed.

Some boll weevil square damage was found last week in Knox County. Cotton scout J. Emerson reported finding four punctures per 100 terminates in an older field. Most of the damage is very light and difficult to find.

An early peak of bollworm moths occurred in late June to early July. Last week one inch worms were found in the lower squares of a few fields. Only a very few eggs were seen in the same fields. Most bollworm populations counted were under 2000 per acre. Bollworm moth numbers being trapped in a pherome trap at Rhineland have de-

Fleahoppers are present in many fields in the county. In fields scouted last week, fleahoppers populations appeared high but little to no square damage was observed.

Aphid infestations were also seen in a few fields. Populations in most cases were light.

Producers need to be inspecting their cotton fields for damage by these pests. More detailed information is available at the Knox County Extension Office, County Courthouse, Benjamin.

Munday Coach Accepts Job

Randy Burks, girls' basketball and track coach and assistant football coach at Munday High School the past two years, has recently accepted a position as assistant football coach at Cedar Hill High School, a AAAA school southeast of Dallas.

Burks coached the Mogulettes to the area basketball championship in 1985 and was responsible for instructing the ends and linebackers taught history on the junior high level and high school health.

The school board is now accept- total to \$17.6 million. ing applications to fill Burks'

Street Seal Coat Bid Awarded To Kansas Firm

The City Council of the City of Munday, Texas met at the Munday City Hall on Thursday, July 11, to open bids on the 1985 street seal coat project.

Members present included Garon Tidwell, Jessie Tucker and Richard Albus. Mayor Doris Dickerson and Aldermen Von Marr and Jessie Andrade were not present. Also present was Gary Wacker of Hi-Plains Sand, Inc.

Mayor Pro-tem Tidwell opened the bids at 1:30 p.m. Apparent low bidder was Hi-Plains Sand, Inc. of Kanopolis, Kansas, with a bid of 68° per square yard on 19,010 square yards - total of \$12,926.80 for the seal coat project. Coltharp Construction Company of Seymour also submitted a bid. Other sets of plans were sent to West Texas Construction Company and Zack Bartlett but no bids were submitted.

Tidwell stated the bid bond accompanying the bids was in order. He said the bids would be further

evaluated and the award would be made on Monday, July 15 at 7 p.m. Bid opening adjourned.

The City Council met in special session Monday, July 15, at the Munday City Hall.

Present were Garon Tidwell, Richard Albus and Jessie Tucker. Mayor Doris Dickerson and Aldermen Von Marr and Jessie Andrade were not present.

Mayor Pro-tem Tidwell called the meeting to order. The purpose of the meeting was to award the 1985 seal coat project as per bid and specifications. Hi-Plains Sand, Inc., P.O. Box 296, Kanopolis, Kansas 67454, was the apparent low bidder. References, bid, bid bond, etc., were evaluated. After discussion, Albus moved the bid be awarded to Hi-Plains Sand, Inc., as per bid. Tidwell seconded. All members Tuesday, July 16, concerning present voted in favor.

Meeting adjourned on a move by Tidwell with a second by Albus.

president of the Munday Lions club. The organization donated \$1,000 to the Munday Sesquicentennial Committee to be used for landscaping the City Hall and fire department facility. The volunteer firemen have donated an additional \$300 to the landscaping fund, and other citizens have indicated their wish to contribute to the Sesquicentennial project.

Donations Add To Landscaping Fund

centennial Committee are receiving donations to the Munday City Hall landscaping project after the first planting was done recently.

Two sizeable donations were made to the project by area organizations. The Munday Lions Club voted at their July 9 meeting to contribute \$1,000 to the committee, then the Munday Volunteer Fire Department agreed this week to donate \$300 to help with the landscaping project. This money is to be used in any way the Sesquicentennial Committee deems useful. A Fire Department spokesman said, "We are donating department funds to help beautify our City Hall and fire station facility in appreciation to the citizens of Munday for their support of our organization and the work we do. The landscaping project will benefit the entire city."

In addition to the cash donations, some calls have been made to committee members asking that trees and shrubs be placed in memory of loved ones. A plaque will be

tility Refund Grows

West Texas Utilities Co. has induring football season. He also creased by \$3.9 million the amount of fuel cost savings it wants to refund to its customers, bringing the

This amount reflects the fuel cost savings achieved in June, and a lump sum refund of the remaining balance reconciled in the company's

last rate case. The June fuel savings totals \$1.6, with interest. The figures for June were not available when the original request to refund \$13.7 million was filed with the Public Utility Commission on July 2.

The additional \$2.3 million represents a lump refund of fuel cost savings balance, plus interest, realized prior to August 1984. Under the Commission's order in the company's last general rate case, refund of the total savings commenced in mid-November 1984 and is scheduled to be completed in November 1985.

The company has concurred in the PUC staff's recommendation that the remaining balance be refunded in one lump sum along with the fuel savings accumulated since last August.

The company estimates that the increased refund will add about \$9 to the \$32 refund already requested for a typical residential customer.

A pre-conference hearing was held WTU's refund request before the Public Utility Commission in Austin.

Councilmen Approve 1985-86 City Budget

Munday, Texas met in regular session Tuesday, July 9, at the Mun-

day City Hall. Doris Dickerson and Aldermen Richard Albus, Jessie Tucker, Von Marr, Garon Tidwell and Jessie Corporation dated June 26, 1985,

Andrade. meeting to order. Minutes of the June 11 regular and two June 14 special meetings were read and ap-

proved. Mayor Dickerson next opened the meeting for the 1985-86 budget hearing. Figures prepared by the City Administrator and Mayor were in evidence in writing. No one, other than the Mayor and Council, attended the budget hearing. The Mayor asked council members if there were any questions in regard to the budget. Several questions were posed and answered with no budget change. Marr moved the budget, which incorporates the regular and revenue sharing budgets, be approved. Andrade seconded; all voted in favor. (Full text of the 85-86 budget is available at the Munday City Hall from 8 a.m. to 5 p.m.

Monday through Friday). Mayor Dickerson reported on the Texas Department of Community Affairs application for street paving funds as presented at the West Texas Council of Governments hearing. Results from this meeting are available, he said, however, we are still to be rated by the state. Results should be available in about

A letter was read from F.M.C. acknowledging the new fire truck Mayor Dickerson called the order. Engineering data is being checked to be sure all bid requirements can be met. If not, we will be notified after engineers check the

A letter was read from Schwan's Sales Enterprises, Inc. No further action was taken at this time.

City policy on private lot shredding of weeds etc. was discussed. After discussion Albus moved the city set the following charges for private shredding: \$35.00 per hour -\$25.00 minimum; also that this be done on regular city time and after hour employee shredding as done previously is to be discontinued; also, that the city not actively solicit any private shredding; and that privately owned shredders be encouraged to do this work. Marr seconded; all voted in favor.

M.L. Wiggins, president of the Johnson Cemetery Association, has stated he will ask the association to pay the city \$100 per month from its maintenance fund interest for city paperwork, deeds, contracts, lot locations, etc; also that the city, if it will continue to pay the employee, employee insurance, etc., be allowed to draw \$1,000 until expended each time funds are needed to pay bills for cemetery operations. Albus moved acceptance if association approves the request. Marr

seconded; all voted in favor. Next discussed was ambulance service while Bobby Hutchinson is on vacation. This coverage is to be, worked out with the volunteers and by also contacting Knox City to see if they would cover if needed. Andrade and Hertel are to work this

Next discussed was Police Department business. After discussion, Albus moved that Morton be relieved of duties as temporary chief due to apparent incapacitation over a lengthy period and his title be Police Patrolman. Tidwell seconded the motion; all voted in favor. Marr moved that Morton's salary be reduced by \$100 per month as of July 15, 1985, since the department is now operating at full manpower and the \$100 was granted due to extra duties when Morton was handling the job alone after the resignation of Gerald Saffel. The Police Department, as Munday operates, is now at full manpower status. Albus seconded the motion. All members voted for.

The 1985 tax roll of the City of Munday as prepared by Knox County Appraisal District was examined. Albus moved the 1985 tax roll as presented be approved. Andrade seconded; all voted in favor.

Andrade moved bills be paid as follows: from airport fund, \$34.48; from ambulance fund, \$244.37; from swimming pool fund, \$244.11; from street paving special fund, \$952.32; from operating fund, \$14,478.82. Tucker seconded; motion carried.

Meeting adjourned with a move by Tidwell and second by Marr.

Directors Sought By Aspermont Business

The Aspermont Small Business Development Center, Inc., is seeking board members to represent Jones, Knox, and Throckmorton Counties. Members of the board of directors meet six times annually and they establish policy for the ASBDC, Inc.

Interested persons should contact the Aspermont Small Business Development Center, Inc. at P.O. Box 88, Aspermont, Texas 79502, or call 817-989-3538. Requests must be received no later than August 1,

Attend Reunion

Some names were inadvertently left out of those who attended a recent reunion of the Sam Alcala family in Munday. Also attending were Mr. and Mrs. Sammy Alcala and Kimberly of Lubbock and Mr. and Mrs. Gene Garcia, Amanda, Elaine and Michelle, of childress.

Allsups Robbery Suspect Held On Abilene Charges

Knox County Sheriff Gene Nix has filed a complaint against Betty Marie Bennett of Abilene in connection with the May 30 robbery of the Allsup's store in Goree. A black female forced Mrs. Glenda Decker, the store attendant, into the restroom at gunpoint and took some cash, money orders and Mrs.

Decker's purse. Mrs. Decker picked Bennett out of a photographic lineup, immediately recognizing her as the Goree robber. Bennett was recently arrested in Flagstaff, Arizona, and is presently being held in the Taylor County Jail in Ahilene on several

counts of armed robbery. Nix said a warrant would be issued out of Knox County if she is released on the Taylor County charges.

Also arrested in Arizona was Danny Dixon of Goree, suspected of being the accomplice who waited outside the Goree store as it was being robbed. Dixon is being held in the Wichita County Jail on charges of attempted capital murder in connection with an incident in Wichita Falls which occurred several hours after the local robbery. At the time of his arrest, Dixon was on parole from the Texas Department of Corrections in Huntsville.

Grazing Management Key To Increased Rangeland Forage

There is some question about what the vegetation on Knox County rangeland consisted of before the arrival of early settlers. Both Marcy in 1849 and Michler in 1954 reported mesquite here and the grasses they mentioned are still here. Early reports such as these can give ranchers and scientists some idea of the types of vegetation here in pre-

settler times. However, these reports do not quantify the kinds of plants or the amount of forage produced in different plant communities. While it is interesting to speculate about what the vegetation in Knox County looked like before the first settlers arrived, it is probably more pracplant communities we have now.

Plant communities respond to ties include drought, flood, fire, grazing, extreme heat or cold, insects and plant diseases. These types of disturbance keep plant communities in a state of nearly constant change. Plants seldom disappear completely from a plant community, but the members of a kind

tical to look at what affects the of plant can change dramatically over time.

Of the disturbances which affect disturbance. In the absence of dis- the kinds of plants in an area, the turbance it is assumed that plant only one ranchers can readily communities will reach a relatively change is grazing. Plants manufacstable situation known as climax, ture food energy through the Climax vegetation for a site is de- process of photosynthesis which pendent on soils, topography, cli- takes place in the leaves. About mate, organisms and time. Distur- 95% of the dry weight of a plant is bances which affect plant communi- material taken in by the leaves from the atmosphere. The other 5% is picked up by the roots. The primary functions of roots are energy storage and movement of water and minerals to the leaves. For a plant to be healthy it must have enough leaves to take in air and produce energy for growth and maintenance of leaves and roots. This is where grazing management can affect the kinds of plants in a plant com-

Animals graze plants selectively. The primary source of forage for cattle is grass. When a pasture is continuously grazed the better tasting grasses will be repeatedly grazed. Repeated grazing will eventually kill most of these plants by depleting energy reserves in the roots which must be used to produce new leaves after grazing and during green-up after dormancy. These heavily grazed plants will also have short roots, which weakens their ability to survive drought or extreme cold.

With this in mind, a rancher can select a certain kind of grass to manage grazing around. This key species should not be highly palatable or the pasture will be under utilized. The palatability of grasses varies with the soils they grow on, so each situation can be different. When about 50% of the key species has been used on a selected mediumuse area in a pasture, the pasture should be deferred.

By becoming familiar with plants and the grazing habits of livestock,

To Munday "Our Hometown" Words cannot express our gratitude and

appreciation for the love and kindness shown during the loss of our beloved mother, Mary Teresa Alcala.

Most of us have been away from Munday for many years, but you have always held a special place in our hearts. We've always realized how special you are, but during this time of need, once again our eyes have been opened to your love and care. We are very proud to be a part of a community that pulls together when the need arises.

Thank you so very much for being there when we needed you.

Munday - you will always be our dear home town.

May God continue to bless you.

SUMMER - THE DEADLIEST MONTHS OF THE YEAR

Summer is a time for fun. But the mixture of automobiles, fatigue, water and alcohol can also make it among the most dangerous times of

A few simple precautionary measures can help you from becoming a grim summer statistic.

Start and return from summer trips early enough to reach your destination without hurrying. Remember that a day at the lake or park is tiring. If you're weary and want to get home quickly, it may affect your judgment behind the wheel. A lengthy stay in the sun at a lake or beach can also affect your night vision. If you have been drinking alcohol on your outing, let someone else drive.

Alcohol is also a contributing factor in many water-related accidents. Use of alcohol plus fatigue caused by the nature of water sports can produce many faulty decisions and a loss of reaction time in an emer-

Swimming accidents account for over 150 deaths in Texas each year, and boating another 100 or more. But there are fatalities each year associated with all types of water activities, including fishing and wading.

Don't swim alone, or while

Mother Of Area Man Dies July 9

Adora Ray, 87, a Clyde farmer and rancher, died at 10:50 p.m. Tuesday, July 9, at Hendrick Medical Center in Abilene. Services were at 10 a.m. Friday, July 12, at Elliott-Hamil Funeral Home in Abilene with Rev. Haston Brewer, Hendrick chaplain, officiating. Burial was in Elmwood Memorial

She was born September 22, 1897, in Baird and married Lee Curtis Ray in March, 1915. A homemaker and Baptist, she moved to Levelland in 1929 and Potosi in 1947. Her husband preceded her in death in 1967. and she was also preceded in death by two sons. Lee Jr., and Donald, and two grandchildren.

Survivors include a son, C.B. Ray of Knox City; a daughter, Beverly grandchildren.

chilled or overheated, overly tired or Just after eating. Distances over water are deceiving, and many drowning victims die from attempting to swim across a lake or after abandoning a boat which has overturned or run out of gas, even though the boat stayed afloat.

All boaters should wear life preservers. And children should wear a life jacket at all times around the water. Children and adults often fall into the water from places that are assumed to be safe, such as docks, bridges, boats and the sides of

A backyard pool can be a special danger to small children. Children should never be left unattended by a responsible adult when near a swimming pool - whether it's an inground pool, a large above ground pool or a small child's wading pool. In the time it takes to answer the telephone or check the food on the stove, an unattended child can drown, even in shallow water.

The best thing parents can do is give children swimming lessons at an early age and then make sure they are properly supervised around

Take precautions to make your summer a safe one.

WHAT CAUSES FOOD POISONING?

If you're confused about what causes food poisoning, here are the facts. When bacteria such as Staphylococcus are allowed to grow and multiply in food, the toxins can reach high levels and cause illness. To help prevent this, the trick is to create conditions that discourage growth of the bacteria. Keep hands, utensils and work surfaces clean. Refrigerate cooked food immediately. Chill meat salads. Transport perishable foods in insulated containers. Contrary to popular belief, mayonnaise in salad mixtures slows down bacteria growth. So don't worry about adding mayonnaise to your salad mixtures, they're safer with it than without it.

Sorghum Team Reports On Asian Market Survey Trip

face some difficult problems in expanding or even maintaining their markets in Asia, according to Mabry Foreman, president of the National Grain Sorghum Producers Association, and leader of a sorghum trade team which surveyed markets in Japan, Korea and Taiwan in June.

Other members of the team were: Dennis Hommon, vice chairman of Kansas Grain Sorghum Commission; Ron Saylor, director of Nebraska Grain Sorghum Development, Utilization and Marketing Board; Dr. Earl Gleaves, professor of poultry production at the University of Nebraska - Lincoln; and two representatives of U.S. Feed Grains Council, technical coordinator Thomas Sleight and public relations manager Michelle Miller Doherty.

The mission was coordinated by U.S. Feed Grains Council and jointly sponsored by the Council and National Grain Sorghum Producers Association. Its purpose, according to Foreman, was to share technology and information about U.S. sorghum and give the sorghum team an opportunity to evaluate U.S. sorghum market opportunities in the three Asian countries.

educate the feed manufacturers of the nutritional value of sorghum." Foreman said. "Millers and feeders alike judge the quality of mixed feed by the amount of yellow corn they can see in it. We simply must show livestock feeders that U.S. sorghum is nutritionally comparable to corn even if it doesn't show up in the Foreman said. "The overvalued

a real aversion to sorghum," Foreman continued. "They produced samples of brown sorghum from Thailand and told of the problems they had with it. We must show them that U.S. sorghum is different from the high tannin Thai grain."

U.S. grain sorghum producers Taiwan," said Dennis Hommon. "The Taiwanese were eager to learn more about sorghum and willing to buy from the U.S." Taiwanese millers have limited sorghum to 10-15% of a ration, but after hearing a seminar presentation by Dr. Gleaves, officials of the Taiwan import agency met and announced they will be buying more U.S. sorghum.

One problem which the sorghum promotion team will be addressing in the future is Taiwan's system of import levies. The import agency levies an import tax of 7% on corn, wheat and barley but taxes sorghum imports at 9%. The higher tax almost wipes out sorghum's price advantage. Hommon recommends feeding trials in Taiwan to "get more information into the hands of livestock producers."

Australian grain is stiff competition to both U.S. sorghum and corn, according to Foreman. He said the Australians are "sparing no expense" to conduct an aggressive marketing campaign throughout Asia. Asian feed millers report that sorghum from Austrailia reaches them in much better condition than sorghum from the U.S.

Australian wheat is also being "Our big job in Japan is to sold into feed grain markets, according to Ron Saylor. "The wheat is discounted as feed wheat because of storm damage," said Saylor, a Nebraska farmer, "but it looked good enough to use for planting

"Price is definitely a factor in seling U.S. sorghum in Asia," dollar makes it hard to compete. "Korean feeders and millers have That makes it even more important for us to keep proving the value of our grain. Then, when the dollar gets back in the proper relationship with other world currencies, we will still have our markets.

"We know what needs to be done and how to do it," Foreman con-"We found a good attitude in cluded. "Sorghum simply will not

WHAT A CATCH! This 74.6 pound tarpon was taken from the New River off the Gulf of Mexico by Gene Baccus of Lake Jackson, at right. The fish was the second-largest catch July 5 in the Freeport Fishin' Fiesta; a larger tarpon weighed 79.6 pounds. Baccus, who is the stepfather of Tracee Herring of Munday, was assisted in his fishing by Ray Herring, at left in the photo, and Chris Boggs, center. It took the men about two hours to land the fish.

Guidebook Offers List Of Historic Texas Restaurants

Texas is a vast country with an intriguing and diverse heritage. Visiting historical sites within the state can be a fun summer vacation or an enjoyable weekend excursion.

GNMA 10.60% market

> Thanks to a new touring directory, A Guidebook to Restaurants. Hotels and Theaters in Historic Structures, vacationers and weekenders can discover the Lone Star state's nostalgic and colorful past while eating, sleeping and being entertained in authentic, restored and replicated historical buildings.

Published by the Texas Historical Foundation, the guidebook is a source and passport to the uniquely preserved buildings currently in use as restaurants, hotels and theatres. It affords travelers the opportunity to explore the hospitality of pioneer outposts, rural cafes, opera houses and luxury hotels of the 19th Cen-

Over 500 establishments were included, which offer a sampling of authentic Texas culture through their architecture, endurance, association with a famous event or person, collection of historical artifacts or embodiment of local color where a sense of community and authentic atmosphere can be absorbed. Theatres which stage annual

• 24-Hour Wrecker Service Auto Painting Windshield Installed Body Repair Guaranteed Work

Ramirez **Paint and Body Shop** Munday Haskell Highway Phone 422-4871

productions depicting local or state history were also included.

To further spotlight Texas heritage, a listing of top historical sites and shrines provides the location of places every native and traveler should visit in order to appreciate and understand the state's development and unique aura.

Entries in the directory were identified by local and state public officials, historical groups, civic clubs and tourism experts. They were compiled into a purse or pocket size booklet convenient for travel.

Many of the restaurants are in adapted homes filled with period antique furnishings and decor. Others are in modern structures but house significant museum-quality historical artifacts or collections. A special local color designation spotlights downhome favorites indigenous to the spirit of the Lone

Historic hotels feature a variety of sizes and atmospheres. The oldest are stagecoach stops where frontier travelers slept dormitory style. Many railroad hotels, located at whistle stops near the tracks, have been restored in towns all over Texas. Opulent luxury hotels as well as small country inns and Western resorts are included.

The Historic Sites and Shrines section lists over 30 top visitor locations to experience the Texas story, plus an additional 100 museums, forts, heritage parks, towns, districts, natural history areas, homes of historic Texans and significant sites where a commemorative marker is the only reminder of past events or persons.

Copies of the guidebook are available at no cost by writing the Foundation at Box 12243, Austin, Texas 78711-2243 or calling 512-472-6784.

The United Nations predicts that the world population will stabilize at 10.5 billion in the year 2110.

MR. AND MRS. LEROY BROOKS observed their golden wedding anniversary Saturday, June 22, at their home at Lake Kickapoo. Their children, Mr. and Mrs. Jimmie Massey of Wichita Falls and Mr. and Mrs. Philip Struck of Odessa, were hosts for the dinner.

The couple was married June 22, 1935, in Vera. Longtime residents of Goree, they moved to Lake Kickapoo in April. He is a retired carpenter, and she owned and operated Brooks' Beauty Box in Goree for 23 years. They have five grandchildren and four great-grandchildren.

Money Allocated To Area For Job Training Programs

Governor Mark White has an- The Texas Department of Comnounced the allocation of \$103,949,667 to Texas' 34 local Service Delivery Areas for job training programs under the Job Training Partnership Act (JTPA).

Tote-More lets you take just the tools you need. Incl. latching drawer w/compartments for accessories, more. QUANTITIES LIMITED

Home Building Center 817-422-4214 Munday, Texas

munity Affairs will contract with these local job training programs to prepare economically disadvantaged Texans for jobs in the private sector. Of the total amount, \$77,178,824 in Title IIA funds will be allocated to provide job training and other services to teenagers and adults. The remainder, \$26,770,843 in Title IIB monies, will be designated specifically for summer youth employment programs.

"The Job Training Partnership Act is a valuable mechanism that brings the public and private sectors together to train Texans for productive employment and economic self-sufficiency," Governor White said.

Under JTPA, local elected officials work in partnership with private industry councils composed of business and community representatives to design and implement job training programs that are tailored to meet the needs of area residents.

The west central Texas Service Delivery Area, which includes Knox County along with Brown, Callahan, Coleman, Comanche, Eastland, Fisher, Haskell, Jones, Kent, Mitchell, Nolan, Runnels, Scurry, Shackelford, Stephens, Stonewall, Taylor and Throckmorton counties, will receive a total of \$1,698,753 in state funds.

To receive a complimentary copy of the booklet "Financial Planning -How It Works For You", call 1-800-437-4332 or write to IDS/American Express, IDS Tower, Unit 583, Minneapolis, MN 55474 and ask for booklet A.

Taste, smell, sight, hearing and, in some cases, even the sense of touch undergo changes as people

NOTICE OF INTENT TO IMPLEMENT RATES

General Telephone Company of the Southwest in accordance with the Public Utility Regulatory Act and the Rules of the Public Utility Commission of Texas gives notice of its intent to implement new exchange access rates for the provision of shared tenant and

These proposed rates are applicable to customers of General Telephone Company of the Southwest, excluding hotel/motel customers, who provide local exchange telephone service of General Telephone Company of the Southwest to their tenants or patrons on a resale or shared use basis. This resale or sharing arrangement is normally provided utilizing a customer-provided PABX or other similar stored control switch capable of common control processing or other features commonly associated with a PABX "Smart" switch. These proposed rates are designed to recover costs on a usage basis for local exchange telephone service access and are identical to General Telephone's "Optional Measured

Service" rates. The monthly access rate will be \$28.95 per trunk line and the usage rates

Over	Up To and Including	Band	Set Up	Full Rate Period Each Minute
0	7 miles	A	\$.025	\$.015
7	14 miles	В	.035	.021
14	21 miles	C	.050	.030
21	28 miles	D	.070	.042
28		E	.090	.054

As this is a new service offering, we are unable to determine the number of customets who may be affected. Currently, there are no known prospective customers. Until any customer utilizes this new offering, there will be no effect on the revenues of the telephone company, and in any event, the telephone company does not expect revenues to be affected by more than 21/2 percent. These proposed rates, where applicable, will provide tariffed local exchange access to customers who then will provide shared or resale services to

These proposed rates have been suspended by the Public Utility Commission of Texas and will become effective as proposed or modified by order of the Commission on a date to be determined by the commission.

The proposed rate schedule is on file with the Commission for public inspection and is also available at any business office of General Telephone Company of the Southwest. Persons who wish to intervene or otherwise participate in these proceedings should notify the commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumers Affairs Division at (512)458-0223 or (512)458-0227, or (512)458-0221 teletypewriter for the deaf.

General Telephone

Increase Noted In County Tax Rebates

State Comptroller Bob Bullock sent checks totaling \$56.8 million in local sales tax payments to the 1,003 cities that levy the one-percent city

Tax rebate checks in Knox County reflect an overall 5.22 percent increase over the 1984 receipts, with

both Munday and Knox City receiving substantially larger payments this month than those made a year

Munday's July check was for \$3,392.10, compared to \$2,555.80 in July, 1984. The yearly totals show a big difference, with \$26,993.56 received this year over the \$25,806.27 paid to the city by this time last year, for an increase of 4.60 percent.

keeps boosting that town's rebates. The July check of \$4,522.66 brings their 1985 total to \$43,463.35, up 6.19 percent from last year.

Goree received a check for \$514.77 in July to bring their total to \$3,062.89, a .70 percent increase from 1984. Benjamin and Weinert did not receive rebate checks this month.

The oil business in Knox City lected on sales made in May and reported to the Comptroller by June 20.

The United States is losing 6.5 billion tons of soil each year due to erosion, according to the U.S. Department of Agriculture. This amount of soil would fill 320 million dump trucks, which if parked endto-end would extend to the moon July checks represent taxes col- and three-quarters of the way back.

★ MUNDAY NURSING CENTER NEWS ★

By Nancy Cypert

Henry Liberda of Wichita Falls visited his uncle, Joe Kubena, this week.

Sandra Morgan and daughter, Gretchan, of Ft. Worth visited her uncle, Charlie McAfee.

Pam Bowman and Ruth Horton came Tuesday afternoon and called bingo for the residents. Each player received a prize. Thanks to these ladies for coming.

Danny and Sherry Brown visited his aunt, Louise Hamilton.

Danny, Tish and Courtney Stone of Grapevine visited his grandmother, Myrtle Tomlinson.

Geneva Pennartz and Mena Fetsch came Thursday afternoon and called bingo for the residents. Each player received a prize of their choice. Everyone had a good time

and we want to thank these ladies. Mr. and Mrs. Fred Searcey and grandson, Chris Fitzgibbon, visited Eugenia Searcey.

It's A Girl

Jaime and Maribel Dena are proud to announce the birth of their daughter, Ruth Isabel. Isabel made her arrival at the Knox County Hospital at 7:19 p.m. Thursday, June 27, weighing 8 pounds and measuring 21 inches long. Big brother Frank is excited about spoiling her.

Her grandparents are Juan and Dolores Dena of Munday and Roger and Naty Dayan of Quezon City, Philippines.

LOCAL

Mrs. Douglas Myers recently returned home from a visit with her daughter and family, Mr. and Mrs. Jerry Phillips and Rebecca, in Lexington, Kentucky, where she got acquainted with her new grandson, Jonathan. He was born June 24 and weighed 7 pounds, 9 ounces.

Mrs. Elizabeth Watson visited Mr. and Mrs. Gary Hale and daughters, Marcie, Donna and Leslie, in Sweetwater last Thursday night. Mrs. Watson and Mrs. Hale and daughters went to Carrizosa, N.M. to attend the Watson reunion.

To preserve wooden handles on pots and pans, treat them periodically with mineral oil. Wipe the oil on and let it soak in, then wipe the handles dry.

Visiting Mary Johnson were Ellis Johnson and a friend of Hamlin, Eddie Sanders of Weinert, Wanna Hunter of Iowa Park, June Rowlett of Duncan, Oklahoma, Iola Hudson of Knox City, Penny Hahn of Houston and Perry and Floyd Patton of Weinert.

Howard and Ruby Myers and Marie Burns came Friday afternoon and held Bible study with the residents. Thanks to these friends for sharing with the residents.

Mr. and Mrs. Billy Lambeth, Joe and Anna, of Lubbock and Gladys Lambeth of Goree visited Homer Lambeth.

The Senior Citizens came Saturday afternoon and held the singalong with the residents. Thanks to

Joe and Margaret Jungman of Arlington visited their uncle, Joe Kubena, on Sunday.

Cleto Jo Tindall of Ft. Worth visited her mother, Susie Trammell, over the weekend.

Jimmie and Carollyn Routon of Lubbock and Ron and Jeanette Coody of Farmers Branch visited Lola Moore.

Visiting Hubert and Rosa Bellinghausen were Bill Bellinghausen of Houston, Catherine Pavlicek of Colleyville, Mr. and Mrs. Charles Bellinghausen of Bedford, Mr. and Mrs. Alvin Bellinghausen and sons, Gary and Stephen, and Rev. David

Bellinghausen, O.S.B., of Subiaco,

Arkansas.

State Representative To Visit In Munday

State Representative and House Majority Whip Steve Carriker, D-Roby, will host a town hall meeting in Munday for the citizens of Knox County at 7 p.m. Friday, July 26, at the Munday Community Center.

The purpose of the meeting, Carriker said, is to "hear from the folks who must live with the laws we pass in Austin." Carriker, who is a farmer, represents Knox County in the Texas Legislature. He was elected by House Democrats as Whip in only his second term, and serves on the House Agriculture and Livestock Committee as well as the House Elections Committee.

The meeting is open to the public, and local citizens are strongly urged to attend. This is a good opportunity to voice our opinions, whether positive or negative, about the laws made in Austin, and we need to let our representative know that residents of this area are interested in the state government.

STATE REP. STEVE CARRIKER

Heat Illness Risk Higher For Children

During summer weather children playing outside run the risk of heat exhaustion. Children run a higher risk for several reasons, says Dr. Mary Ann Heussner, a health education specialist with the Texas A&M University Agricultural Extension Service.

Children are prone to heat illnesses because they have more skin surface for each pound they weigh than adults, so they absorb more heat, she says. Because children's sweat glands don't work as well as adults' until after puberty, their bodies don't regulate temperature as well either. Children also take almost twice as long as adults to get accustomed to different temperatures, explains the specialist.

When children get involved in playing, they may ignore thirst, become overheated, fatigued and

To avoid problems with heat illnesses, Heussner recommends that children, and active adults, follow these guidelines:

* Drink at least eight cups of plain water each day.

* Drink at least half a cup of cool water every 15 minutes during the activity. The body absorbs cool water faster than warm.

* Weigh before and after the activity. Drink two cups of water for every pound lost during the activity.

* Drink water, since it is absorbed faster than electrolyte drinks, sodas and juices.

Avoid salt tablets.

Landscaping Plans

THE DIAGRAM SHOWN ABOVE is the plan Munday Sesquicentennial Committee members are using to landscape the City Hall facility. Drawn by Larry Sweatt of Wichita Falls, the plan provides for additional parking space and a number of plants and shrubs around the building. The plan will be followed as closely as possible as planting continues. Several donations have been made to the Sesquicentennial project.

Mrs. Alcala Dies **Suddenly July 12**

Mary Theresa Alcala, 65, a longtime Munday resident, died Friday. July 12, at the Haskell Memorial Hospital after a sudden illness.

Services were at 2 p.m. Sunday, July 14, at the First Baptist Church in Munday with Rev. Armando Pinales, pastor of Templo Emmanuel Assembly of God Church in Munday, officiating. Burial was in Johnson Memorial Cemetery under McCauley-Smith direction of Funeral Home.

Serving as pallbearers were Danny Arguijo, Steve Coop, David Arnold, Jessie Andrade, Jr., Pete Alcala Jr., and Gene Garcia.

She was born November 21, 1919, in Memphis and moved to Munday in 1926. A member of the Assembly of God Church, she married Sam Alcala April 1, 1934, in Bomarton. She was preceded in death by two

sisters and a grandson. Survivors include her husband; three daughters, Leonor Arguijo of McAllen, Martha Andrade of Munday and Bertha Garcia of Childress; six sons, Fabian, Ignacio and Jimmy, all of Fort Worth, Pete of Austin, Joe of Midland and Sammy of Lubbock; one sister, Julia Broyles of Wichita Falls; nine brothers, Andrew and John Martinez and Barney, Joe and Pete Chavez, all of Wichita Falls, Timothy Chavez of Des Moines, Iowa, Tony Chavez of Albert Lee, Minn., Jesse Chavez of Dallas and Mike Chavez of Los Angeles; 22 grandchildren and 11 greatgrandchildren.

VRJC Nursing Class Scheduled

Vernon Regional Junior College Department of Nursing will begin classes for vocational nurses in the Seymour program on September 3. Applications for the class may be obtained from the Nursing Department offices at VRJC.

It is required that all prospective students take the pre-entrance examination. A fee of \$6.00 is payable before the test is given.

The test will be held in the Nursing Department offices on the VR-JC campus. Persons taking the test should bring their high school transcript or GED certificate. For test appointment please contact the Nursing Department at (817) 552-6291, Ext. #268 or (817) 888-5271, Ext. # 273.

Anyone wishing to enter the vocational nursing class at Seymour is urged to request an application as soon as possible.

Munday Orders A New FIRE TRUCK

Why, at this time after recently building a new City Hall and Fire Station? This question has been asked.

Here are some of the reasons the City Council authorized purchase at this time.

1. The 1968 truck 20 year time expires in 1988 - one pumper truck must be 20 years or newer to qualify or fire insurance rates will rise.

2. A pre January 1, 1985 truck was desired (and was still available) so a gasoline unit could still be purchased; Fire truck companies only build fire units on diesel trucks now due to a heating problem when pumping gasoline units with present smog control requirements.

3. Funds in C.D.'s set aside over several years from annual budgets, plus earned interest added up to available cash funds of approximately \$54,000 set aside for fire truck purchase. 7% simple interest financing from the F.M.C. Corp. is available. If 20% down payment from C.D.'s is made - balance in C.D.'s if kept invested could produce enough interest above 7% cost of loan money to finish paying for fire truck with no further budgeted funds needed. (Bid price on the new truck was \$57,900.) NOTE - truck can be paid for in full any time we choose.

4. Diesel trucks will cost \$5,000 to \$8,000 more if purchase had been delayed; also fire truck prices are rising annually.

5. Folks, when the Fire Department and City Council weighed the options, it was just a plain good deal to solve our fire truck needs for many years. The old mac will be retired and removed from the City fleet and liability insurance dropped. Its destiny will be up to the volunteers who serve so well.

> Thanks for listening, Walter M. Hertel City Administrator

P.S. The new truck is being built and is a real beauty and is a 1000 G.P.M. pumper. It should arrive in approximately 5 months.

UNENCUMBERED FUND BALANCES, AND DEBT SCHEDULE NORTH CENTRAL TEXAS MUNICIPAL WATER AUTHORITY

We, John Grissom and Oscar Mangis, Tax Assessor-Collectors for North Central Texas Municipal Water Authority, in accordance with Sec. 26.04, Property Tax Code, have calculated \$.1284 per \$100 of value as the tax rate which may not be exceeded by more than three percent by the governing body of the NCTMWA without holding a public hearing as required by the code.

The estimated unencumbered fund balance for Maintenance & Operation fund: \$-0-.

The estimated unencumbered fund balance for Interest & Sinking Fund: \$-0-.

The following schedule lists debt obligations that 1985 property taxes will pay:

Bonded Indebtedness Principal \$50,000 Interest \$130,956 Total \$180,956

Pete Beecher General Manager July 9, 1985

NOTICE OF BUDGET HEARING BENAJMIN INDEPENDENT SCHOOL DISTRICT

The President of the Board of Trustees of the Benjamin Independent School District, pursuant to Section 23.45 of the Texas Education Code and Article 29e, V.A.T.S., has called a meeting of the Board of Trustees for the purpose of adopting a budget for the 1985-1986 fiscal year of the District, that shall cover all expenditures for the fiscal

The meeting shall be held on the 12th day of August, 1985 at 8 o'clock p.m. at Benjamin School in Benjamin, Texas. Any taxpayer of the District may be present and participate in the hearing.

To keep cauliflower from discoloring when it's cooked, boil it in water to which a teaspoon of vinegar has been added.

PUBLIC NOTICE

General Telephone Company of the Southwest, in accordance with the Rules of the Public Utility Commission of Texas, hereby gives notice that a Private Coin Service Tariff has been filed with the Public Utility Commission of Texas.

Under the proposed tariff, Private Coin Service would be offered for use with a customer-provided, instrument-implemented coin telephone at the request of the customer. The new service is scheduled to become effective on November 16, 1985, or upon approval by the Public Utility Commission of Texas.

The matter has been assigned to Docket No. 6309.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information, should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757.

Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, (512) 458-0221 teletypewriter for the deaf.

NOTICE OF PUBLIC HEARING

A public hearing will be held at the Munday City Hall on Thursday, July 25, 1985 at 7 p.m.

The public hearing will be for final review and probably passage of the 1985-1986 City of Munday budget. The budget will include all City Funds including Revenue Sharing.

Citizens are invited to attend if they so

This notice is posted by me, Walter M. Hertel, City Secretary of the City of Munday, Texas at 8 a.m. on Thursday, July 11, 1985.

Walter M. Hertel, City Secretary

It's A Girl!

Hello, my name is Faith La-Shea Andrade. I was born June 28, 1985, at Hendrick Memorial Hospital in Abilene, and I weighed 7 lbs. 4 ozs, and was 181/2 inches long. My mom and dad are Junior and Nancy Andrade. My big sister, LaTrisha, has been very patient while mom and dad have been at the hospital

I was born with a few problems but because of all the love and prayers from my family and friends, I am doing well. I have undergone two surgeries and the doctors are really proud of the way I am responding to all their treatments. I have a long way to go, but my mom and dad call me their "little fighter"

We would all like to thank each of you for your flowers, cards, telephone calls, donations and especially for your prayers. May the Lord richly bless each of you, is our desire.

IRS Regulations On Vehicle Records Are Outlined

Recent tax legislation changes recordkeeping reules for vehicles used in business operations, including farming and ranching.

Dr. Ashley Lovell of Stephenville, economist with the Texas Agricultural Extension Service, reviews these new rules which are effective whith the 1985 tax year.

Adequate records or sufficient evidence to corroborate the taxpayer's own statement must be kept, says Lovell. This means that the IRS cannot require daily contemporaneous logs of the use of automobiles. It also means that taxpayers are not required to maintain trip-by-trip logs and records that include each element of substantiation standards for justifying deductions.

Recordkeeping requirements for cars and pickups for the '85 tax year are the same as before the stringent requirements of the 1984 Tax Reform Act, notes the economist. In some instances, uncorroborated statements by taxpayers have been permitted to support business deductions. However, recordkeeping requirements refer to an account book, diary, statement of expenses or similar record in which the information as to each element of expense is recorded at or near the time of the expense.

According to Lovell, records completed close in time to when the expense is incurred have much more creditability than evidence created years later, such as in preparation for an audit.

For the 1986 tax year, a taxpayer will have to have adequate records or sufficient evidence corroborating his or her statement to support credits or deductions for "listed" property, including automobiles. The records must substantiate not just the amount of expense, but also the time and place of travel or use of the property and business purpose.

Beginning with the current tax year, taxpayers will be required to answer a series of questions on the appropriate income tax form or schedule regarding business use of vehicles and other listed property, adds Lovell. Even though most questions will be in a "yes" or "no" format, some will require numerical information such as mileage and percentage of business use.

The Treasury Department is required to issue new regulations about provisions of this tax legislation no later than October 1 Specific questions regarding various provisions of the new law should be directed to a tax accountant or CPA, advises Lovell.

Do your windows stick? Use wax to rub the groove in which the sashes run. Do this in dry weather and you'll protect the wood from future dampness.

A free booklet on caree, opportunities in consumer electronics is available by writing: EIA/Consumer Electronics Group, P.O. Box 19100, Washington, D.C. 20036.
