MEMBERS OF THE MUNDAY Sesquicentennial Committee received the county's Sesquicentennial flag from County Judge David Perdue last week. The flag will fly in each city of the county before the 1986 Sesquicentennial celebration. Shown holding the flag are, from left, Phillis Urbanczyk, Paula Schur, Gail Ramirez and Judge Perdue.

McWhorter Elected New President Of Local Lions Club

Bob McWhorter was elected president of the Munday Lions Club for the 1985-86 term recently. Installation of new officers will be held Tuesday, July 2, at the Lions Club weekly luncheon held at the Community Center.

Other officers elected were Wilfred Bellinghausen, first vice president (membership chairman); Kenneth Baker, second vice president (visitation chairman); Richard Albus, third vice president (program chairman); J. Weldon Smith, secretary-treasurer; Chan Hughes, Lion Tamer; Ted Jordan, Tail Twister; Mike Wulf, alternate Tail Twister; E.B. Littlefield, publicity chairman; and Doyle Lowrance, crippled children and sight conservation chairman.

All officers are automatic directors in addition to the following elected directors:

One year - Frank Jackson, past president ex-officio; Ted Jordan, A. Dale Selzer, Norman Anderson.

Two year - Jessie W. Moon, Mike Wulf, Daniel Ramirez.

Brown Recovering From Heart Surgery

Mark Brown, son of Mr. and Mrs. Gene Brown of Munday, underwent surgery last week at Texas Children's Hospital in Houston. Doctors inserted a new valve in his aorta. Having heart surgery is no new experience for Mark, as he has been having this sort of medical treatment since he was a child.

Reports are that he is recuperating very well, and that if he continues to progress he may get to come home Sunday. In the meantime, those who would like to let Mark know they are thinking of him might send a card or letter to:

Celebrate A Safe Holiday On July 4

The 4th of July is celebrated by almost everyone. However, for some there will not be much to celebrate this 4th of July holiday, as lives will be lost and people will be injured in traffic accidents.

Since this is usually a time for celebration, many believe the best way to celebrate is by drinking and then driving. Major Vernon Cawthon, regional commander of the Texas Department of Public Safety, states, "At least fifty percent of all traffic deaths are alcohol related. Anyone who drinks can be a problem once they are on the highway. Many of these drivers go undetected until they get into a tight traffic situation, at which time a brain depressed by alcohol cannot think fast enough to keep them out of an accident producing situation."

On any given day under the right circumstances even that one "little drink", with which the social drinker is allegedly satisfied, can be one too many, and he can become a menace on the road.

Major Cawthon continued, "If you are planning a trip this 4th of July, be mindful of these things: the best way to have a safe, accident free holiday is by not drinking and driving, observing all traffic laws, and wearing seat belts."

So, let us all try to be extra careful this holiday and make it enjoyable for everyone.

Baptist Youths To Attend Conference

A group of young people from the First Baptist Church in Munday will attend a youth evangelism conference in Fort Worth this weekend.

Gary Welch, Doug Tidwell, Michael Waggoner, Eva Escamilla, Mendie Stewart and Melissa Zachary will be accompanied to the conference by David and Larue Williams, music and youth directors at the church. They will all pay a visit to Wet 'n Wild during the weekend.

Festival Proclaimed Tremendous Success

"It was a roaring success!" was the comment of general chairman Paula Schur about the 1985 Knox County Vegetable Festival.

"We had a huge crowd, the exhibits were great, the food booths sold out and the producers' market drew a lot of business," Mrs. Schur continued. "Every facet of the festival interested someone. Even the weather cooperated. In all, it just couldn't have turned out better."

The day began with the Munday Marathon from Offutt's Corner to the City Hall. Persons from as far away as Midland and San Angelo entered the race. Winners in the various age divisions were:

Pre-school boys - Brian Urbanczyk and Jason Haynie, first; Nathan Urbanczyk, second.

Kindergarten through second grade girls - Andrea Haynie, first; Lori Clem, second; Stephanie Williams, third; and Anna Kay Kiser, fourth.

Kindergarten through second grade boys - Barry Therwanger, first; Curt McCord, second; Ky Edwards, third; and Matt McCord, fourth.

Third through fifth grade girls - Michele Berryhill, first; Andrea Longan, second; Kristi Edwards, third.

Third through fifth grade boys - Matt Angerer, first; Chad King, second; Dink Fields, third; and Benjy Way, fourth.

Junior high girls - Beth McPherson and Rosalinda Castillo, first.

Junior high boys - Rohn Kingston, first.

Adult women - Debbie Williams, first; Kay Taylor, second; Julie Baker, third; Mary Kane, fourth.

Adult men - Mark Farr, first; Walter Ducease, second; Bob McWhorter, third; Dale Selzer, fourth.

After the marathon, everyone's attention turned to the city hall where exhibits had been set up. The educational exhibit with its petting zoo was popular with the younger visitors, while farmers from all around looked at the commercial display and antique farm equipment.

Arts and crafts enthusiasts were flocking to the fire hall to buy samples of many different crafts, and judging was done of other craftwork as well as vegetables, flowers and baked and preserved foods.

Delicious smells began coming from the direction of the food booths west of the square, and soft drink and ice cream vendors were doing a brisk business.

While there was plenty for any adult to see, the young folks were entertained with a series of game booths and contests. The team of Mindy Myers, Robin Reneau, Angie Offutt, Jae-Jae Reneau and April Offutt won the Madcap Mania, with Annette LeFevre, Christy Williams, Missy Reneau, Alicia Cook and Kelly Andreatta of Graham coming in second. Third place went to Ricky Huckabee, Brett Bruce, Jerry

Wayne Branam, Tyler Thompson and Kevin Jackson.

The dunking booth was also a favorite of the younger crowd, and it was certainly the coolest place to be as the afternoon heat was felt by everyone. An enterprising artist doing portraits in charcoal and pastels never lacked for customers or onlookers, and helium filled balloons sold by the Fire Department Auxiliary seemed to float everywhere.

In the fire meeting room, some very unusual vegetables were tagged with ribbons. These were entries in the vegetable design contest, and some of the ideas shown were extremely imaginative.

Winners were, in the 3-4 year old age group, Nicholas Hord, first; Brian Urbanczyk, second; Nicole Urbanczyk, third; and Will Longan, fourth.

5-6 year olds - Dustin Hord, first; Jason Haynie, second; Kandis Longan, third.

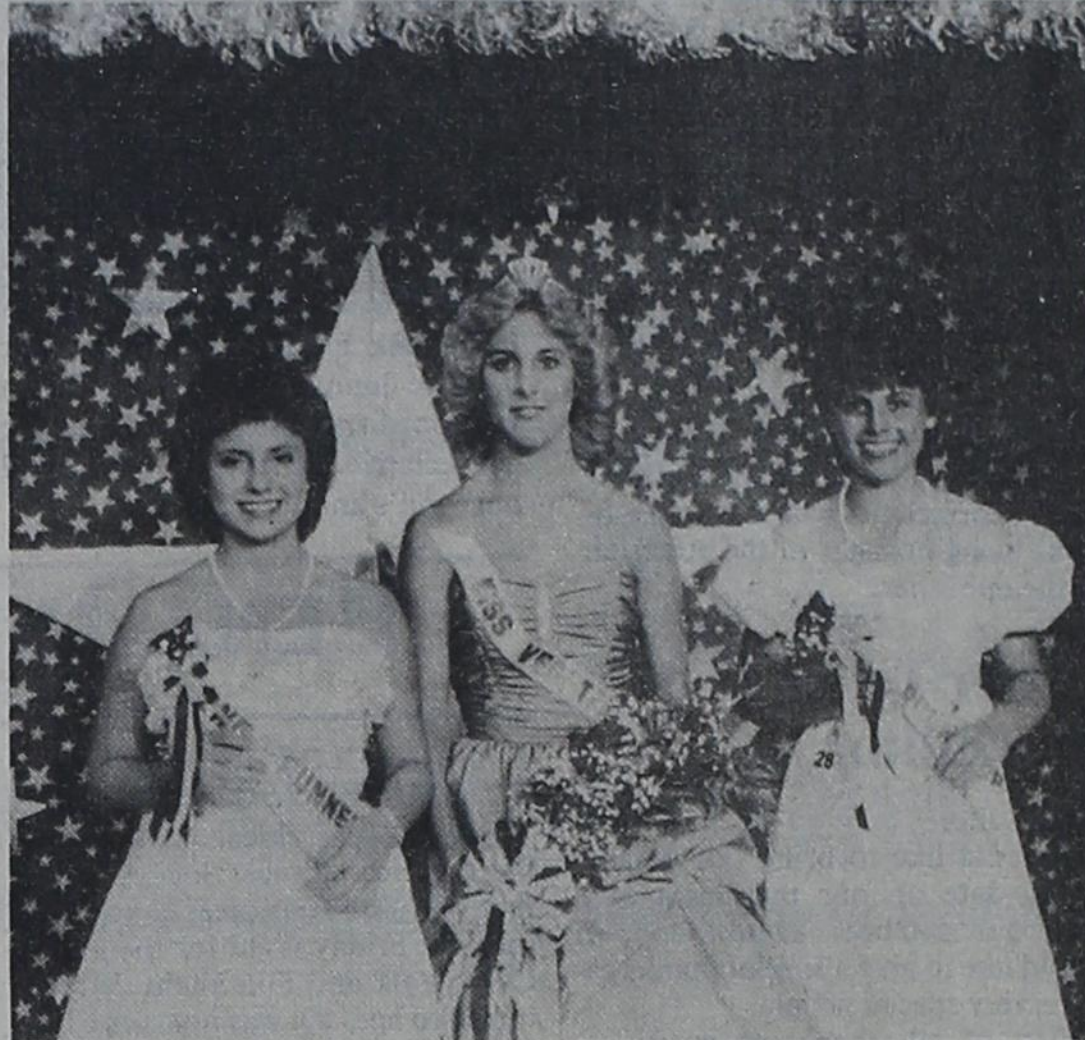

7-8 year olds - Sandy Baker, first; Andrea Haynie, second; Haley Hutchinson, third.

9-10 year olds - Amy Huffman, first; Brandy Crawford and Andrea Longan, second; Amanda Crawford, third; Andrea Longan, fourth; and Brandi Crawford, fifth.

It was long after closing time when the final stragglers made their way back to their cars and left the scene. Entries were picked up, ribbons and plaques were proudly carried home and the chairmen of the exhibits were faced with the chore of straightening rooms back to normal, while others totaled up profits.

In just a short time, they were all back at the football field for the Anything Goes competition, which was something no one should have missed. The winning team in this group of contests was called Bamfs, and it was made up of Todd and Angela Meers, Shawn and Brand Cude, Holly Hutchinson and Larry Don Welch. Second place went to the Tired Vegetables, who were Perry Kuehler, Tim and Terry Hendrix, Stan Decker and Mindy and Caroline Myers. The Gym-Dandeez, Tammy and John Mix, Ann and Lynn Parker, Paula Nuckols and John Reneau, with Kerry King and Tyler Thompson as alternates, were third, and fourth place was awarded to Good, Bad and Ugly, which consisted of Gary Schur, Kay Taylor, Walter Ducease, Annette Offutt and Billy and Shari Harris.

The success of the Vegetable Festival is due to many things, but much credit must go to the people who worked for months planning every detail. Mrs. Schur said, "It just couldn't have been done without the wonderful help we received from persons all over the county. This was a joint effort by many more people than we could begin to name, and the festival committee is proud of everyone who played a part in making it such a fun day."

KELLI SMITH, center, was crowned Miss Knox County Vegetable Festival at the beauty pageant Friday night in Munday. She is the daughter of Mr. and Mrs. Richie Smith of Munday. Angie Partridge, at right, was first runner-up, and Annette LeFevre, left, won the third spot in the festival court. Their parents are Mr. and Mrs. Wendell Partridge and Mr. and Mrs. Steve LeFevre, all of Munday.

LITTLE MISS VEGETABLE FESTIVAL for 1985 was April Lucas, seated, daughter of Mr. and Mrs. Ben Lucas of Benjamin. First runner-up was Tracee Tomlinson, left, daughter of the Larry Tomlinsons of Munday, and Jennifer Yates, right, daughter of Mr. and Mrs. Macky Yates of Munday, was second runner-up. The girls were chosen from a field of 27 at the festival pageant Friday night.

Kelli Smith Is Queen Of Vegetable Festival

A search for stars was held Friday, June 21, in the Munday High School auditorium, and two of them were crowned queens of the 1985 Knox County Vegetable Festival.

Kelli Smith of Munday topped a field of 28 beauties for the title in the 14-18 age division. A recent graduate of Munday High School, she is the 18-year-old daughter of Mr. and Mrs. Richie Smith of Munday.

First runner-up was Angie Partridge, 14-year-old daughter of Mr. and Mrs. Wendell Partridge of Munday, and Annette LeFevre, 15, daughter of Mr. and Mrs. Steve LeFevre of Munday, was second runner-up.

Queen in the 3-6 age group was April Lucas, the 6-year-old daughter of Mr. and Mrs. Ben Lucas of Benjamin. Runner-up honors went to 4-year-old Tracee Tomlinson, daughter of Mr. and Mrs. Larry Tomlinson of Munday, and Jennifer Yates, 5, daughter of Mr. and Mrs. Macky Yates of Munday.

Danny Parkerson of Wichita Falls was master of ceremonies for the pageant, and presented musical entertainment. Special guest was Miss Wichita Falls, who also entertained the audience with two vocal numbers.

Other finalists in the older age group were Sue Gideon, Holly Hutchinson, Amy Parker, Stacy Hutchens, Pam Welch, Leann Oustad and Amber Berryman. The remaining top ten candidates in the little girls' pageant were Angela Albus, Shelley Scott, Laci Myers, Kandis Longan, Amber Reed, Kristi Jo Yruegas and Amanda Claborn.

The queens were crowned by the reigning honorees, Selwa Chouair and Lanesa Wilson, and they presided over Saturday's Vegetable Festival activities.

County No Longer Being Considered As Waste Disposal Site

Knox County Judge David N. Perdue has received word that Knox County is no longer being considered as a site for a low-level radioactive waste disposal site by the Texas Low Level Radioactive Waste Disposal Authority. The authority is still considering Brewster, Culberson, Hudspeth, Loving and Presidio counties as site locations.

Thomas W. Blackburn III, director of special programs for the authority, told Judge Perdue that

Thomas W. Blackburn III, director of special programs for the authority, told Judge Perdue that "two major programs were involved in Knox County being excluded;" those being the undesirability of the area's geology and the location of the site within 20 miles of Lake Kemp in Baylor County and the Truscott brine lake.

The 69th Session of the Texas Legislature passed legislation HB 449, which in effect amends the authority's statute. One of those amendments states that no site can be selected that is within 20 miles up-drainage from a reservoir project that has been constructed by the U. S. Bureau of Reclamation or the U. S. Corps of Engineers or that has been approved for construction as part of the Texas Water Plan.

Time Cotton Irrigation For Greater Production

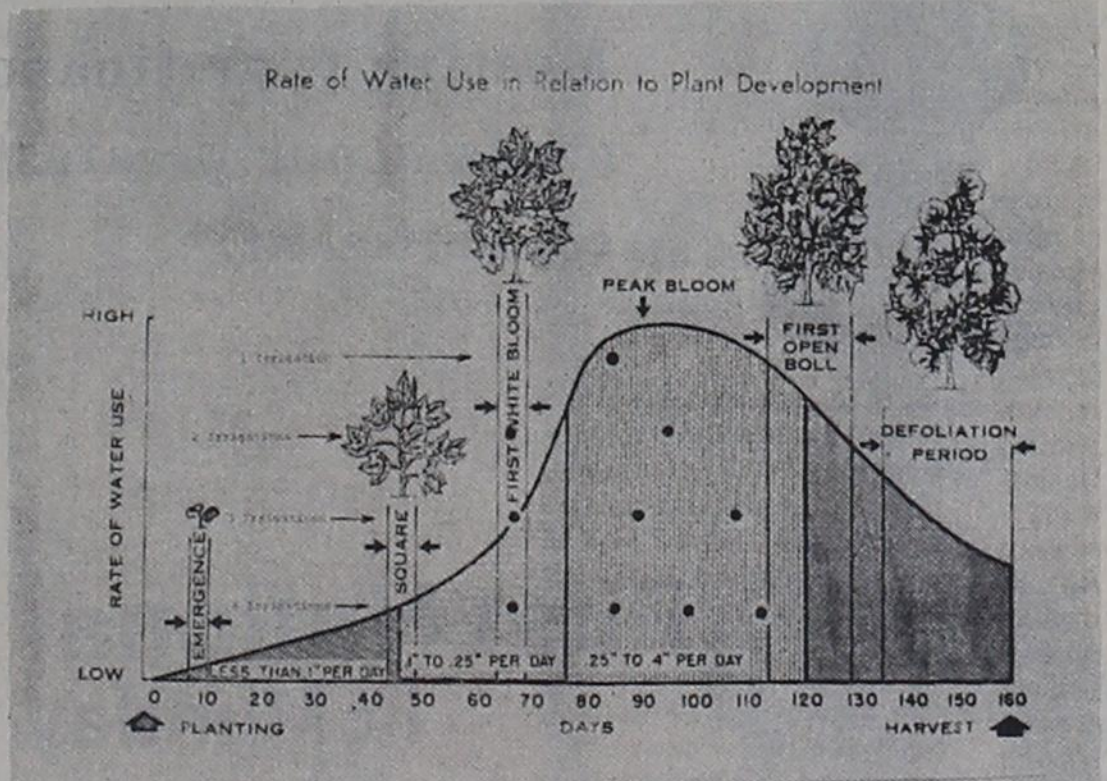

Today's cotton producers are looking for aid to decrease costs, increase production, and lower break-even prices. Two farmers applying the same amount of irrigation water may get drastically different yields, because of when they applied water.

Research done on the High Plains around Lubbock shows that timing of irrigations is extremely important in order to have adequate moisture for plants to use during critical growth stages.

Planting the crop in stages a few days apart allows time to get across the field when irrigating with a limited water supply. This causes only part of the crop to be at a critical growth stage at any one time.

With only one irrigation, highest yields were obtained when cotton had adequate water 20 to 30 days following bloom initiation. Soils should be wetted to a depth of two feet.

With two irrigations, a first irrigation is applied at bloom initiation and the second irrigation 16 to 30

days later. The second irrigation should be timed to prevent the plant from stressing. Intervals will be closer for sandy or shallow soils than for loamy or clay soils. Rainfall amounts of over one inch can

delay the application up to a week. For three or four applications, time applications as shown on the chart.

Cotton fiber and seed quality can be affected by soil moisture. Generally, an irrigation applied

during the middle of the fruiting stage of growth will support fruit set early. This fruit will develop to be higher quality than later set fruits.

The longer a plant has adequate soil moisture, the longer the staple length. Low micronaire and fiber strength are not a problem. High micronaire may be caused if the plant is severely stressed at the wrong time. Seed quality is better under limited irrigation than full irrigation. Plant populations should be reduced.

Excessive growth should not be encouraged after the first boll opening because this throws the plant back into the growth stage instead of the fruit stage.

Timing water applications correctly can save two irrigations by effective use of water and allowing for rainfall. Fuel costs average \$2.00 per acre inch for this area, therefore a savings of \$10 to \$20 per acre is possible. For more detailed information on your soil type and irrigation scheduling, contact your local Soil Conservation Service.

Letter To The Editor

Dear Editor,
I would like to bring our people up to date on our purchases and how our finances stand. Too, I would like to give a special thanks to some very special people.

First of all, thanks to everyone that ate hamburgers with us during promotion night and the day of the Vegetable Festival. Special thanks go to Ronnie and Delores Stewart for the use of their trailer; to General Shelters and Home Building Center for the use of their building; to W.O. and Brenda Smith for the use of their barbecue grill; to the Community Center for the use of the icebox; to R.P. and Reba for the use of their gas grill; to Texas Coca Cola for their ice machines; to Beatty's Grocery and the M-System for their help and to Home Furniture for the use of their electricity.

Last but not least, a big thanks to the volunteer workers that made hamburgers and sold drinks. These voluntary workers are not only the best hamburger makers in Knox County, but also the best EMS crew that anyone could ask for, regardless of the emergency.

So far this year, and it is only half over, the Munday EMS cannot say the words to completely express our thanks to the community for the support we have received. We have received memorials, donations and support in everything we have attempted. This winter we added a heart monitor that cost \$3,500, two portable oxygen resuscitators at \$914, as well as the needed supplies, and we still have \$2,407.13 in our passbook savings account. During the 1985 Vegetable Festival we cleared \$1,435.75, which brings our balance in savings to \$3,842.88, which will be used for equipment and supplies.

Again, I would like to say thanks to the people of the community and to others who have given us their support and help. I still think this is the best place in the world to live.
Bobby Hutchinson

CANCER FUN NIGHT TERMED SUCCESSFUL

Pearl Ryder, local chairman of the American Cancer Society, stated that she was well pleased with the turn out Friday night for the annual Cake Walk and Fun Night. When I talked to her, she was not sure of the exact amount taken in but there was a good crowd and she was pleased as there was several other things going on in the county.

Following the cake walk, the Imitation Stats of Seymour did their usual good job of entertaining for the crowd.

Pearl expressed her appreciation to all who contributed in any way to the success of this event.

COWBOY CAMP MEETING

A special treat was available for all who wished to take advantage of it this past weekend when the folks at the Moorhouse Ranch west of Benjamin hosted an old-fashioned brush arbor camp meeting. It began on Friday night and continued through Sunday morning. Riley Donique, a minister from Smithville, Oklahoma, brought the message. Special songs were sung by Son Propps of Truscott, John Burroughs of Stephenville and John Gaither of Guthrie, and the group enjoyed singing also.

Preceding Saturday night's service, supper was served to all who wanted to eat. The meal of cowboy stew, hot biscuits, tea and coffee was enjoyed by a good number in attendance.

Everyone expressed hope that this would be the first of what could turn into an annual event.

Much labor, organizing and expense went into the planning and those of us who attended appreciated it very much.

ATTEND CHEERLEADER CAMP

The cheerleaders for the 1985-86 school year attended cheerleading camp recently at Tarleton University at Stephenville. They didn't bring home a bunch of ribbons but they did learn a bunch of new yells and routines.

Those attending were Lana and Sue Gideon, Stacia Ryder, Amy

Griffith and their sponsor, Belle Grill.

UNDERGOES SURGERY

Bea Parks underwent surgery last week in a Wichita Falls hospital. She is back home now and is doing very well, but will be several weeks before she will be back at work.

HERE AND THERE

Bob, Patti, Alyssa and Andrea Tavernia of Fredericksburg, Md., spent last week with her mother, Earlene Meinzer. Also visiting were Patsy, Rick and Trapper Meinzer of Munday and Wyman, Sara, Hunter and Pate Meinzer of Benjamin.

Mrs. Butch Duke and Marian of Levelland were dinner guests of Clodell Duke Saturday evening.

Shelly Stevens of Dallas is spending this week with Lorrie Rolston.

Home Decorating Class Presented

Marilyn Reid, owner of the Munday Ben Franklin store, recently presented a program on home decorating to seventeen local residents.

Mrs. Reid used crocheted doilies in her demonstration, then those attending learned to construct small hats using fabric stiffener and doilies. Other decorating ideas were also given in this informative class, which was a part of the summer home economics program offered at Munday High School.

Arts And Crafts Sale, Successful

Artists from all over Knox County showed off their work at the arts and crafts exhibit of the Knox County Vegetable Festival Saturday. Persons from other towns in the county did especially well in this exhibit.

Best of Show in the ceramics division were the Indians painted by Cindy Brothers of Knox City. Dara Trainham of Vera won the Best of Show prize for photography with a stop-action shot of her husband and son. A cathedral window pattern quilt made by Mrs. Loys Welch of Gilliland took top honors in the needlework category, and the folk art award was won by Janice Albus of Knox City. Another Knox City woman, Bobbie Dene Harrison, won Best of Show for her watercolors, and Alexis Bordovsky of Munday won the junior division Best of Show with her embroidery skills.

Jan Zeissel was in charge of the art and craft exhibit. The sale portion of the arts and crafts entries was handled by Carol Cottingham, and the part of the fire hall allotted for the sale was jammed with every kind of craftwork imaginable. Even though the heat made the building uncomfortable later in the day, buyers and browsers thronged to see the wares on display.

Local Clubwoman Attends Convention

Area members of the Delta Kappa Gamma Society International joined some 1200 members from the 291 Texas chapters in Corpus Christi in mid-June for their 56th annual state convention. Mildred H. Norris and Augusta White of Corpus Christi's Delta Psi and Delta Chi chapters, respectively, served as convention chairmen.

Bettye Mischen of Plano's Iota Omega chapter completed her biennium as state president and turned the gavel to Carolyn Larrison of Anahuac's Kappa Chi chapter during formal installation ceremonies the final night of the three-day convention.

Local members also heard of plans for the Southwest Regional Conference scheduled for Tulsa in late June. Participating in the Corpus Christi convention was Mrs. Dorothy Myers of Munday, president of the local Beta Chi chapter of Delta Kappa Gamma. She was accompanied by her husband, Douglas.

THIS DISPLAY OF CACTUS was artfully arranged by Paul Richwine, at right, who won a grand champion ribbon at the Knox County Vegetable Festival flower show. His entry was the top winner in the "Something to Brag About" category. At left is Mrs. Mauryse Stone, the reserve champion winner in arrangements, and Mrs. Flora Lee Floyd, center, was a double winner, receiving the grand championship in arrangements and reserve championship in horticulture. Mrs. Marge Kirschner, not pictured, was the top horticulture winner.

Three Champs Named In Festival Flower Show

A stunning visual display of cactus enhanced by an Indian pottery vase, a bleached cow skull and a burlap-covered backdrop was the hit of the 1985 Vegetable Festival flower show. The display won a grand championship in the "Something to Brag About" category for Paul Richwine of the Texas A&M University Research Station in Munday.

More than 75 entries were displayed at the show, with most being in the horticulture division. Marge Kirschner won the grand championship with a dahlia, and Flora Lee Floyd took reserve championship honors.

Mrs. Floyd also won a grand championship for her arrangement, and the reserve champion arrangement was done by Mauryse Stone.

A popular arrangement with young viewers was in the festival theme division. Mrs. Lonnie Offutt won second place with her display of a well-used toy tractor pulling a small trailer of fresh vegetables.

Other entries in the "Something to Brag About" division were a wooden tub of water lilies entered by Betty Kramp and a container of jack beans, the fiber of which is used in kidney analysis machines, according to Sara Offutt, who submitted this entry.

Mrs. Offutt and Mrs. Kirschner were in charge of the flower show.

WINNERS IN THE Madcap Mania contests of the Knox County Vegetable Festival were, from left, Mindy Myers, Robin Reneau, Angie Offutt, Jae-Jae Reneau and April Offutt. The girls beat out some fierce competition from a large field of entrants and received trophies for their efforts.

PRETTY LITTLE Sandy Baker, 7, daughter of Mr. and Mrs. Bill Baker of Azle, and granddaughter of Mr. and Mrs. Charles Baker of Munday, shows off her ribbon at Saturday's Vegetable Festival. She won the 7-8 year old division of the vegetable design contest with the fellow sitting beside her.

THE MADCAP MANIA section of the Knox County Vegetable Festival drew a large number of young participants. These young ladies finished second in the competition. They are, from left, Kelly Andreatta, Alicia Cook, Missy Reneau, Christy Williams and Kim LeFevre.

THIRD PLACE TEAM in the Madcap Mania contests was this group of junior high boys. From left to right are Ricky Huckabee, Brett Bruce, Jerry Wayne Branam, Tyler Thompson and Kevin Jackson. The contest was held Saturday afternoon in conjunction with the Vegetable Festival.

Shower Given Here For Future Bride

Miss Judy Seaton of Jayton, bride-elect of Gary Birkenfeld, was honored with a bridal shower at the Munday Community Center on Sunday, June 23. The couple will exchange vows July 21 in St. Joseph's Catholic Church in Rhineland.

Ethel Birkenfeld of Goree, aunt of the groom, greeted guests and presented them to the honoree, her mother, Mrs. Joe Seaton of Jayton, the prospective groom's mother, Mrs. Francis Birkenfeld of Rhineland, and his godmother, Julia Birkenfeld of Nazareth.

Kim Partridge of Lubbock presided at the registry table, which was centered with a silk flower arrangement. Serving guests were Deedee Kuehler of Rhineland and Debra Birkenfeld of Vernon, cousin of the groom. The refreshment table was covered with a white cloth overlaid in lace. The bride's chosen colors were used in an arrangement of silk flowers featuring lavender daisies, lavender, orchid and purple sultan's cap, white roses and stephanotis on a cake pedestal. Crystal candleholders and appointments completed the setting.

Hostesses were Mmes. Bernard Brown, Ruth Brown, Alfred Kuehler, Clarence Brown, Julius Pennartz, Joe Birkenfeld, Louis Redder, Kenny Brown, Philip Brugge-man, Jerry Wilde, Gary Wilde, Lou Speer, Walter Brown, William Redder, Dub Moon, Greg Birkenfeld, Jerry Decker, Larry Kuehler, John Ed Wilde, Irma Albus, Mary Zeissel, Arleda Decker, Billie Jake Myers, Alvin Michalik, Vincent Orsak and Miss Kathy Pennartz.

BEST OF SHOW WINNERS in the baked goods exhibit at the Vegetable Festival were Jacy Dillon of Knox City, junior youth; Amy Parker of Munday, senior youth; and Leta Mangis of Knox City, adult. Their entries won ribbons in several divisions and many visitors commented that they would like to steal a taste of some of the delicious-looking baked goods.

BEST OF SHOW PLAQUES for preserved foods at the Knox County Vegetable Festival were won by Opal Brewer, adult division; Leann Oustad, senior youth; and Kathy Welch, junior youth. Leann and Kathy also won ribbons for their baked goods. This was Mrs. Brewer's second Best of Show plaque, as she won the same prize in 1984. Her canned goods are as pretty as they are good to eat.

Veteran Canner Seals Her Second Sweepstakes Prize

For the second year in a row, Mrs. Opal Brewer of Munday won the sweepstakes award for preserved foods at the Knox County Vegetable Festival baked and preserved food show. Mrs. Brewer brought a wide variety of canned vegetables, pickles, relishes, preserves and jellies. Leann Oustad, daughter of Mr. and Mrs. George Oustad, and Kathy Welch, daughter of Mr. and

Mrs. Lloyd Welch, won the senior youth and junior youth categories, respectively. Both young ladies are from Munday.

Leta Mangis of Knox City took sweepstakes honors in baked foods with entries in bread, cookies, cakes and pies categories. Amy Parker won the senior youth prize, and Jacy Dillon of Knox City was the junior youth winner. Their parents are Mr. and Mrs. Doug Parker of Munday and Mr. and Mrs. Jim Dillon of Knox City.

This show was greatly expanded from 1984, with 30 cooks entering 125 items. The results of their hours in the kitchen were so good that judges often could not decide between two or more entries and had to award duplicate prizes in some categories. County Extension Agent Jane Locknane was the exhibit's director.

NOTICE OF INTENT TO IMPLEMENT RATES

General Telephone Company of the Southwest in accordance with the Public Utility Regulatory Act and the Rules of the Public Utility Commission of Texas gives notice of its intent to implement new exchange access rates for the provision of shared tenant and tenant resale services.

These proposed rates are applicable to customers of General Telephone Company of the Southwest, excluding hotel/motel customers, who provide local exchange telephone service of General Telephone Company of the Southwest to their tenants or patrons on a resale or shared use basis. This resale or sharing arrangement is normally provided utilizing a customer-provided PABX or other similar stored control switch capable of common control processing or other features commonly associated with a PABX "Smart" switch.

These proposed rates are designed to recover costs on a usage basis for local exchange telephone service access and are identical to General Telephone's "Optional Measured Service" rates. The monthly access rate will be \$28.95 per trunk line and the usage rates are as follows:

Over	Up To and Including	Band	Set Up	Full Rate Period Each Minute
0	7 miles	A	\$.025	\$.015
7	14 miles	B	.035	.021
14	21 miles	C	.050	.030
21	28 miles	D	.070	.042
28		E	.090	.054

As this is a new service offering, we are unable to determine the number of customers who may be affected. Currently, there are no known prospective customers. Until any customer utilizes this new offering, there will be no effect on the revenues of the telephone company, and in any event, the telephone company does not expect revenues to be affected by more than 2 1/2 percent. These proposed rates, where applicable, will provide tariffed local exchange access to customers who then will provide shared or resale services to tenants.

These proposed rates have been suspended by the Public Utility Commission of Texas and will become effective as proposed or modified by order of the Commission on a date to be determined by the commission.

The proposed rate schedule is on file with the Commission for public inspection and is also available at any business office of General Telephone Company of the Southwest.

Persons who wish to intervene or otherwise participate in these proceedings should notify the commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumers Affairs Division at (512)458-0223 or (512)458-0227, or (512)458-0221 teletypewriter for the deaf.

TEXAS SHOW STEER VALIDATION SET

Show steer validation in Knox County is set for 8 a.m., Friday, June 28, at the Beavers Mulky Ranch located just north of Benjamin. The cost this year will be \$3.50 per head.

All 4-H and FFA members who plan to show a steer in any major livestock show must have that animal validated to be eligible. This year that includes steers that may be shown at the Wichita Falls Junior Beef Show.

Each steer validated will receive a Texas Validation Tag which cannot be removed. Two nose prints and two pictures will also be taken of each steer validated. These then serve as a permanent record of identification for a calf which can be checked at any livestock show.

Additional information is available at the Knox County Extension Office.

PERIWINKLES FOR HOT WEATHER

The Madagascar periwinkle is one of the most colorful and reliable summer flowering plants for hot Texas conditions.

The periwinkle is a shrubby plant that produces white, pink or lavender phlox-like flowers. Common

varieties grow from 18 to 20 inches tall. Spreading varieties get eight to 10 inches high and may spread about two feet.

Periwinkles should be planted in fall sun or partial shade in well-drained soils with liberal amounts of organic matter. Fertilizer should be added to the bed before planting and applied additionally throughout the growing season.

Periwinkles are not susceptible to many pests or diseases, and will provide color throughout the hot summer when many other plants need special care to survive. If cared for properly, periwinkles should continue to flower until frost.

Dwarf varieties can be used for edgings for flower and shrub borders. Some of the best varieties of the dwarf or compact types include Coquette and Little Pinkie, which have rosy pink flowers, and Bright Eyes, which has white flowers with red centers. Little Linda is a new variety which has lavender flowers.

Spreading varieties are good for ground cover and in hanging baskets and window boxes. Two of the best spreading varieties are Polka Dot, which has a white flower with a red center, and Rose Carpet, which has a rose flower with a deep red center.

Texas Sorghum Board Pushes Grain Sales To South America

More Texas grain sorghum will soon be shipped to South America if Weldon Shelton has his way. Shelton, a grain sorghum, cotton and pork producer from Lamesa, is a director of Texas Grain Sorghum Producers Board, a grain sorghum checkoff program of the High Plains.

Shelton will spend two weeks on the South American continent as a member of a team working to promote sales of U.S. sorghum. The countries which currently offer the best potential for increased sorghum sales are Venezuela, Colombia and Peru. Shelton will deal "farmer-to-farmer" with pork and other livestock producers, telling them of his success in feeding grain sorghum.

The team is headed by Elbert Harp, executive director of Texas Grain Sorghum Producers Board and the National Grain Sorghum Producers Association (GSPA). Other members of the team are Dr. Tom Sullivan, a poultry nutritionist from the University of Nebraska at Lincoln, and Dr. Erick Erickson, Latin American Director of U.S. Feed Grains Council (USFGC). The mission is sponsored by GSPA and USFGC and is financed by Texas Grain Sorghum Producers Board and the statewide grain sorghum checkoff programs of Nebraska and Kansas.

Dr. Erickson reports that, "Sorghum is not taken seriously as a feed grain in Peru. As a result, the current government import levy system imposes a different, and much higher, duty on sorghum than on corn. This inequity effectively defeats any price differentials which might make sorghum competitive." The team will discuss this inequity when meeting with Peruvian government officials.

"There is also a lack of understanding of the yellow vs brown (bird resistant) types of sorghum," Erickson said. Plans will be developed by the team to conduct some feeding trials for both poultry and swine in late 1985 to establish the nutritional and economic value of sorghum. Results of these trials could be used to adjust the current levy system once Peruvian livestock producers become interested in feeding sorghum.

The team will conduct seminars for livestock producers and feed manufacturers and hold meetings with key government, livestock and grain trade personnel. Technical information will be given on nutritional values of sorghum and its proper use. The team will also explain the U.S. sorghum marketing system and how to buy by U.S. grades. The schedule has been arranged by the USFGC office in Caracas, Venezuela.

Shelton is enthusiastic about the potential for bigger and more stable markets. "We know sales of U.S. sorghum can be increased through an aggressive market development program," he said. "There are so many developing countries which will be demanding more feed grains.

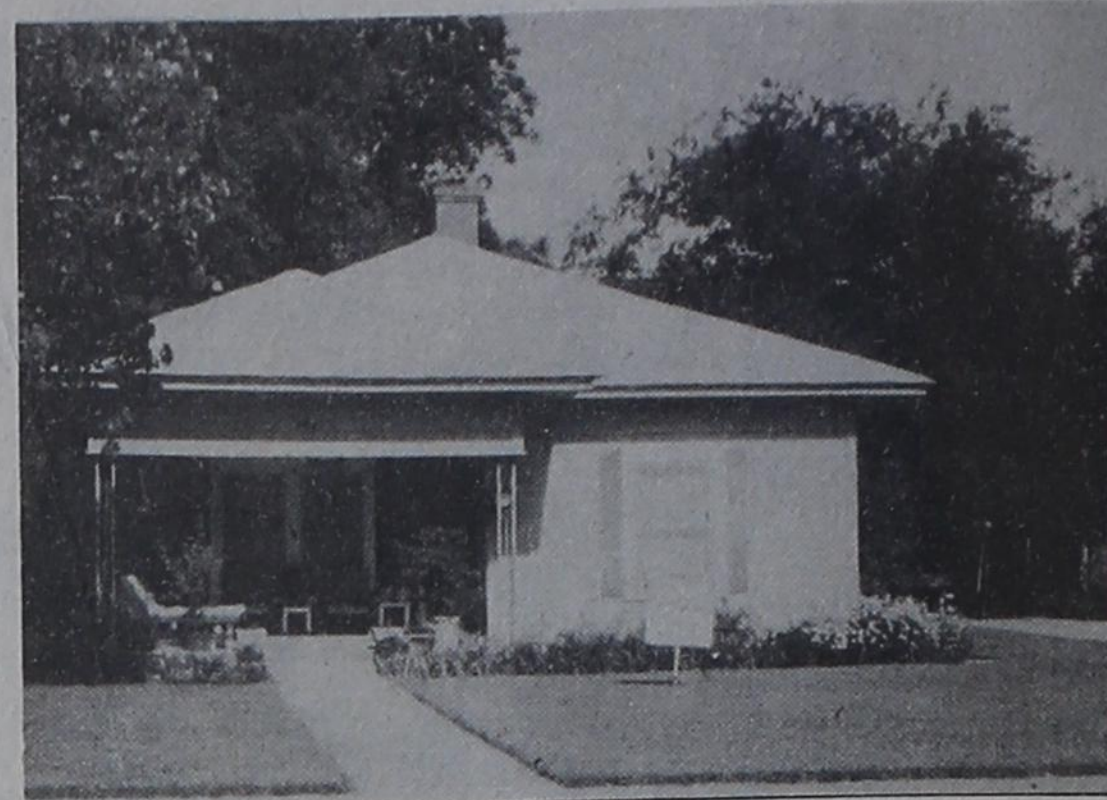

Most of them don't know that U.S. sorghum is a high quality grain comparable to corn. Many have had bad experiences with inferior high tannin sorghums exported from other countries. The purpose of this mission is to show them that U.S. sorghum is different.

"Such promotion work is the key to increased sales and great profitability to Texas farmers," Shelton continued. "It requires a lot of work, a good plan and enough money to put the right people in the right places at the right time. TGSPB has been doing a good job but our work is limited to the resources of the grain sorghum checkoff of 29 counties. We just can't do an adequate job without the support of all producers."

Shelton went on to explain that Texas Grain Sorghum Producers Board is sponsoring a referendum during the first half of August to expand the sorghum promotion activities. Sorghum farmers throughout Texas, for the first time, will have the opportunity to vote to support grain sorghum market development, research and education through a uniform checkoff program. The referendum, if passed, will allow the farmer-elected board of directors to deduct up to one cent per hundred bushels of grain for sorghum promotion. Farmers who do not wish to participate will request and promptly receive a refund.

"Sorghum promotion is the responsibility of producers," Shelton concluded. "Unless we work to sell our crops, it won't be done. A one cent per hundredweight checkoff is a small investment when our future depends on it."

Recent visitors in the Earl McNeill home were Mr. and Mrs. Hazen E. Carlson of Dallas, Mr. and Mrs. Roy L. McNeill of New Braunfels, and Bertha McNeill of Wichita Falls.

A BEAUTIFUL GREEN YARD with large trees towering over it was picked for Yard of the Week honors by the Munday Garden Club. The yard of Mr. and Mrs. Alfred S. Latham on South 7th features flower beds full of daisies, day lilies and other blooms, and potted plants and hanging baskets are seen on the porch.

DIET CANDIES, LOZENGES AND GUMS

It sounds so easy and tempting. You pop a piece of candy in your mouth before meals and your appetite mysteriously disappears. It must be a dieter's dream. Actually, there's not much of a secret to the various appetite-control diet candies, lozenges and gum on the market.

They contain corn syrup or sugar and the local anesthetic benzocaine, a common ingredient in first aid creams and sprays. Benzocaine numbs the taste buds and decreases the dieter's pleasure in eating. The corn syrup or sugar causes a sudden increase in blood sugar levels and temporarily reduced hunger symptoms.

You can get the same effect without numbing your tongue and taste, by eating a caramel (just one), or juices high in carbohydrates, such as grape or prune juice.

These aids may help you get started on a diet, and they are relatively harmless. But they can be expensive and you won't be getting any real value for your money.

NO MORE SALES CALLS

Tired of tele-marketing calls that interrupt your dinner? Patterned after its 13-year-old Mail Preference Service, the Direct Marketing Association has inaugurated a Telephone Preference Service. To have your name and number removed free from national listings, write to Telephone Preference Service, DMA, 6 E. 43rd St., New York, NY 10017. The Direct Marketing Association says this can reduce calls from many national advertisers, but is not likely to affect telephone sales calls from local businesses.

Why Should I Buy an E.S.P. Home?

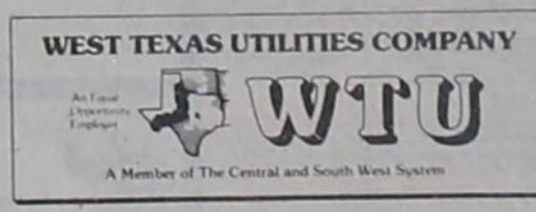

Lower Energy Bills

An E.S.P. Home will save you up to twenty-six percent in home energy bills a year. An average 1800 square foot home will cost approximately \$775 a year to heat and cool. An 1800 square foot E.S.P. Home will cost you approximately \$570 a year to heat and cool. That is an annual savings of over \$200! (Energy savings may vary according to the type of home, family size and individual energy usage habits.)

Increased Resale Value

When you decide to sell your E.S.P. Home, you'll have the Energy Savings Plan working for you again. Because energy bills are an important consideration for most families, your E.S.P. Home will fit into a prospective home buyer's budget easier than a non-E.S.P. Home. Just like you are doing now, many home buyers will be looking for a home that will give them the best value for their energy dollar — your E.S.P. Home!

Goree Boy Wins County's Top Home Gardener Title

Trevor Lain, young son of Mr. and Mrs. Danny Lain of Goree, was named Best Overall Home Gardener at the vegetable exhibit held in conjunction with the Knox County Vegetable Festival. Trevor's array of vegetables included cucumbers, okra, peppers, squash and tomatoes.

Knox County Extension Agent David Tumire and Knox County agriculture teacher Jim Dillon were in charge of the exhibit, and Tumire said he was very pleased with the number of entries. "Not only did we have a good many more vegetables than last year, but the quality is exceptionally good," he stated.

Grand champion and reserve champion in the senior division was Lloyd Welch of Munday. His daughter, Donna, won the junior division reserve championship behind Trevor Lain, and champions in the commercial division were Larry Smith and Joe Tidwell of TXS Vegetable Producers of Munday and Gary Kuehler and Betty Kramp of K&K Greenhouse of Rhineland.

The largest vegetables were zucchinis entered by Jacquita Welch and her daughter, Kathy. The most unusual entry was a large cucumber grown by Carol Dickson of Benjamin. Junior winner in this category was a small hybrid cucumber entered by Kathy Welch of Munday.

Following are the complete results of the vegetable exhibit.

Best Overall Home Gardener - Trevor Lain, Goree.

Senior Division - Grand Champion, Lloyd Welch; Reserve Champion, Lloyd Welch, Munday.

Junior Division - Grand Cham-

TREVOR LAIN OF GOREE, at left, won the Best Overall Home Gardener award at Saturday's Vegetable Festival. He was the top gardener in the junior division. Grand and reserve champion in the senior division was Lloyd Welch, and his daughter, Donna, was junior reserve champion. TXS Vegetable Producers of Munday and K&K Greenhouse of Rhineland were the top commercial winners.

Sister Of Goree Man Dies June 16

Agnes Mayes, 77, a native of Goree and former resident of Munday, died Sunday, June 16, in her Amarillo home. Services were at St. Andrew's Episcopal Church with Rev. Harold Clinehens officiating. Burial was in Llano Cemetery in Amarillo.

She was born in Goree in 1908 to Walter and Emma Mayo, early settlers in this area. She attended Goree Schools and was employed at the First National Bank of Munday for some years before moving to Amarillo, where she worked at the Amarillo National Bank until her retirement. She was a member of St. Andrew's Episcopal Church.

Survivors include a son, Jack of Amarillo; a brother, Roy Mayo of Goree; and five grandchildren.

★ VERA HAPPENINGS ★

By Mrs. Thelma Coulston

Mr. and Mrs. Harold Beck, Mr. and Mrs. Ernest Beck Jr. and Mr. and Mrs. Clyde Beck were in Bay City Saturday and Sunday where they attended a family reunion of relatives of the late Mr. and Mrs. Ware Bengel, who formerly resided in the Seymour community years ago. They were also visitors in the home of Mr. and Mrs. Ray Ilseng. Mrs. Ilseng is the former Virginia Jackson, who grew up in the Vera community. The reunion was held in a Catholic church in Bay City. Also attending were Mr. and Mrs. Hershel Hatter of Seymour.

Lane of Archer City, Mr. and Mrs. Robert Coffman and boys of Wichita Falls and Shelly Coffman and a friend of Ft. Worth.

Mr. and Mrs. Carl Coulston received word Sunday of the death of his sister, Mrs. Ida Haynie, who passed away in a hospital in Edmonds, Wash., following surgery. Burial was in Edmonds, just outside of Seattle, Wash. She is also survived by two daughters and a sister, Marjorie Helen Kauntzman and Kathy Dale of Seattle and Mrs. Verne Keith of Lubbock.

Mr. and Mrs. Olen Coffman were in Dallas Monday where they received a checkup by their doctors. They also visited with a daughter, Marianne Rollins in Denton, who accompanied them to Dallas.

Dickie Patterson, formerly of Plano, is now making his home with his grandparents, Mr. and Mrs. Loran Patterson.

The Jim Coulston family of Ruidoso, N.M., were visitors with the Ferman Dows and Carl Coulstons. They are in the process of moving to Sanger.

Everyone who pledged to give a donation on the building for community homecoming, is urgently encouraged to present or mail their check to Mrs. Clyde Feemster, Vera, Texas 76383, as quickly as possible. Construction is beginning and all money is needed now.

Mr. and Mrs. Olen Coffman accompanied Mr. and Mrs. Bob Cude of Goree to Stamford Thursday evening where they attended the George Strait concert at the Stamford rodeo arena.

Mrs. George McKinney reports that the program for the cancer society, which was held Friday evening in the Benjamin community center, was a success and approximately \$400.00 was received from the bake sale, cake walk and other activities that night.

ADVERTISEMENT FOR BIDS

Sealed proposals addressed to the Mayor and Councilmen of the City of Munday, Texas will be received at the office of the City Clerk until 1 p.m. on Tuesday, July 11, 1985, for furnishing all necessary material, equipment, superintendence and labor required for the seal coat of streets in the City of Munday. (Bid opening July 11, 1:30 p.m. at Munday City Hall).

The project consists of 19,010 sq. yds. of asphalt paving (seal coat).

Bidders must submit with their bids a cashier's check or certified check in the amount of five percent (5%) of the maximum amount bid payable without recourse to the City of Munday, Texas, or a Proposal Bond in the same amount from a reliable Surety Company, as a guarantee that the Bidder will enter into a contract and execute bond and guarantee forms provided within five (5) days after notice of award of contract to him. Bids without check or proposal bond will not be considered.

The successful bidder must furnish bond in the amount of 100% of the contract price from an approved Surety Company holding permit from the State of Texas to act as Surety and acceptable according to the latest list of companies holding certificates of authority from the Secretary of the Treasury of the United States, or other Surety or Sureties acceptable to the Owner.

Bidders are expected to inspect the site of the work and to inform themselves regarding local conditions and conditions under which the work is to be done. Attention is called to the provisions of the Acts of the 43rd Legislature of the State of Texas and subsequent amendments concerning the wage scale and payment of prevailing wages established by the Owner. Said scale of prevailing wages is set forth in the specifications.

Instructions to Bidders, Proposal Forms, Specifications and Plans may be examined at the office of the City Clerk, City Hall, Munday, Texas, upon the deposit of Ten (\$10.00) dollars, which sum so deposited will be refunded provided:

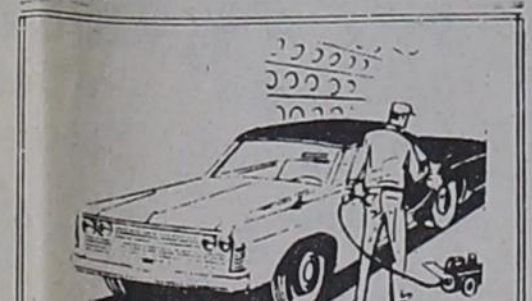

1. All documents are returned in good condition and are received in the office of the owner not later than the time for receiving bids, or
2. If contractor submits a bid on the contract and returns all documents in good condition to the owner not later than 3 days after the time that bids are received.

Suppliers may obtain Plans and Specifications at the address above upon deposit of seven (\$7.00) dollars, which sum is non-refundable.
