GAINS COUNCIL APPROVAL

Ordinance To Control Combustibles In City

The City Council of the City of Munday, Texas met in regular session Tuesday, September 10, at the Munday City Hall. Members present were Mayor Doris Dickerson and Aldermen Jessie Andrade, Richard Albus, Jessie Tucker, Von Marr and Garon Tidwell. Floyd Reed Jr. was also present for the meeting.

Mayor Dickerson called the meeting to order. Minutes of the special meeting on August 26, 1985, were read. Tidwell moved minutes be approved after changing one portion to un-sealed. Andrade seconded; all voted in favor.

The annexation petition of Floyd Reed and wife Phyllis Reed was again considered. This petition would annex 2.40 acres of land north of Munday to the Munday city limits. Mayor Dickerson asked if anyone present wished to protest annexation of this tract. (Full text of annexation petition is filed in the city's annexation files.) No one protested. Mayor Dickerson asked the City Administrator to prepare the annexation ordinance prior to the next regular meeting at which time it is scheduled to be passed.

The City Council next examined lease-purchase proposals for a new back hoe. After discussion of the matter, Andrade moved the city advertise for bids (bids for app. 45 hp and 60 to 65 hp machines to be bid if desired). Machine is to be equipped with street pads, plumbed for city jack hammer and with an optional 12 inch bucket. Marr seconded the motion. Voting for were Andrade, Marr, Tucker and Albus. Tidwell abstained. (Administrator is to prepare sealed bid advertisement to be opened October 8).

Police Department business was discussed. Doug Morton is scheduled to return to work on September 20. The Council instructed the Administrator to secure his doctor's release prior to return to work.

Some problems are being encountered since the city has no Police Chief or acting Police Chief. After discussion, Marr moved Henry Dancer be appointed acting Police Chief. Tidwell seconded the motion; all members voted for.

Annual Lions Club Sale Is Announced

Munday Lions will be conducting their annual sale of Blind Made Products on Tuesday, October 1. Mops, brooms and other household items will be available, and proceeds help provide jobs for the blind persons who make these items.

Local citizens are urged to purchase products from the Lions during the sale, as this is one of the organization's major charitable efforts.

State fees are being raised on all city activities and some new ones are being instituted. The waterworks inspection fee is \$500 a year and ambulance inspection fees have been raised. Marr moved the city protest institution and raising of these fees vigorously. Andrade seconded. All voted in favor. Sanitary landfill inspection fees were also proposed.

The \$1,000 portion of the Fireman's Relief and Retirement Fund paid annually by the state has been reduced to approximately \$300.00 (possibly more due in January). The city's budgeted portion is \$1,000. The Council instructed the Administrator to request funds - reduce pensions and continue at this time as in the past, at least through

Sesquicentennial Pageant Planned For Knox County

A meeting has been scheduled for 7:30 p.m. Monday, September 23, at the Benjamin school to discuss plans for a pageant of the history of Knox County on her 100th birthday in 1986. The pageant is to be a part of other sesquicentennial events across the state of Texas next year.

All persons on this committee are urged to be present, along with anyone else interested who has ideas to present or would just like to help with this project.

For further information, contact Jessie Roberts, Box 75, Benjamin, Texas 79505, or call 454-2821 after 4 p.m.

January, 1986.

The 1985 tax roll was amended. After examination, Tidwell moved the 1985 tax roll as prepared by Knox County Appraisal District be approved. Tucker seconded the motion. All voted for.

After discussion in regard to Knox County Appraisal District Directors, D.B. Gass, W.R. Moore, Jr., Clyde Voss, J.V. Carver and Dwight Burgess, Tidwell moved the City pass a resolution expressing Munday's appreciation to the board and support these men for re-election for the 1986-87 term. Jessie Tucker seconded the motion to pass the resolution. Voting for were Tidwell, Tucker, Marr, Albus and Andrade.

Next considered was passage of an ordinance to control piling of cotton burrs and other combustibles in the Munday city limits. (Full text in the city ordinance files.) After discussion, Andrade moved the ordinance be passed as an emergency ordinance and same be published in the Munday Courier. City Attorney Bobby D. Burnett is to approve ordinance as to form. Marr seconded, all voted for.

Albus moved bills be paid as follows: from airport fund, \$101.89; from ambulance fund, \$173.09; from street paving special fund, \$2,406.57; from operating fund, \$18,264.12 (\$11,672.50 of operating paid to water authority.) Jessie Andrade seconded; all voted in favor.

Meeting adjourned following a motion by Tidwell and second by Albus.

LARGE CROWD ATTENDS OPEN HOUSE

School Facilities Viewed With Favor

"It's almost unbelievable!" seemed to be the sentiments of many local residents who toured the recently renovated elementary school building here Sunday. The school system held open house for the elementary school, new junior high classrooms and band hall built to contain all the students on one side of Highway 222.

While the elementary school looks much the same on the outside, the inside is another story. Paneling on the walls, a new tile floor and new, well-lighted ceiling give the hallway a warm, inviting appearance. Classrooms are carpeted with sturdy indoor/outdoor floor coverings. One of the best ideas seen in the classrooms is the treatment of windows that were closed and covered. These spaces were converted into large bulletin boards, covered with bright fabric and implemented with electric outlets.

Teachers have utilized them to hang pictures, and they add considerably to the bright new outlook in the rooms.

First Bale Of Cotton Ginned

A small load of cotton was brought to the Rhineland gin Tuesday morning, a sure sign that fall is indeed on the way!

The cotton was grown by Francis Birkenfeld, and a gin spokesman reported a 20 percent turnout on a yield of one-half bale to the acre.

Local gins are gearing up for the harvest, which traditionally continues into the winter months in Knox County. Strippers, modules and trailers will soon be the familiar sights that combines and wheat trucks are in the springtime.

A.B. MARTIN, principal of Munday Elementary School, proudly presided over the open house held Sunday for local residents to view the newly renovated building. Paneling, tiled halls, carpeting and new ceilings make the school like a completely new building. With the official are his wife, Bobbie, and daughter, Meg.

The gym floor is sporting a new shine, the kitchen is filled with new equipment, some rooms have been enlarged or otherwise changed - in all it is a fresh and cheerful atmosphere in which to educate young minds. And the changes are not all on the surface - new wiring, plumbing, heating and cooling systems will add to the pleasure students and teachers will receive from the building.

Behind the high school, new classrooms have been added to the east side of the vocational agriculture building. Housed in a metal frame, the rooms are occupied by junior high teachers Ann Therwanger, Janice Wilde and Jacquita Welch. The emphasis on these rooms is easy maintenance, with white walls and tile floors. The adjacent band hall is a spacious complex with storage and practice rooms and has already been brightened with posters made by

band students.

A large crowd of parents, students, teachers and other interested citizens walked through the buildings Sunday, commenting on the changes and improvements. The approval is a compliment to the board of trustees and other officials for an excellent job of planning the renovations, which should serve Munday students well for many years to come.

Screening Clinic Scheduled

Region 4 of the Texas Department of Health will sponsor screening services in several area towns. The public is urged to take advantage of this free service. Any abnormal findings will be referred to the client's private physician.

A screening clinic will be held from 10 a.m. until 2 p.m. Thursday, September 26, at the Munday Community Center.

Hawley kept the ball for most of the remaining ten minutes, but penalties and hard tackles by the

Water Authority Manager Retires; Replacement Named

The North Central Texas Municipal Water Authority's board of directors recently accepted the resignation of longtime manager Pete Beecher. Beecher has managed the authority for the past 17 years.

The decision to retire had been made by Beecher several months ago. Jerry Atkinson, a five-year employee of the Water Authority, was transferred from the Miller Creek plant to the office in Munday last February to begin training for the manager's position, which he has now assumed.

Beecher's most noteworthy contribution to the Water Authority and to this area centered around the Miller Creek Reservoir. Under his direction as manager, the Water Authority finally accomplished its goal of constructing the reservoir to furnish water to the member towns. Miller Creek is now the primary source of water for the member towns and also for several area cities which purchase water from the authority.

Word was received early this week that Beecher suffered a stroke during the weekend. He is a patient at Bethania Hospital in Wichita Falls, and his condition was unknown at press time.

Estate Planning Seminar Scheduled

The Knox County Program Building Committee has planned an Estate Planning Seminar for 7:00 p.m., Tuesday, September 24. The seminar will be held at the Munday Community Center in Munday.

Dr. Wayne Hayenga, Extension Economist-Management, from College Station will be conducting the seminar. He will be discussing the importance of estate planning, steps to estate planning, and the different ways to handle estates. There also will be a question and answer period.

Estate planning is something that everyone needs to know about. With the way the laws are continually changing it is becoming even more important to do estate planning.

Weather Report

Moguls Rip Hawley For Eighteenth Win

Tim Collier racked up three touchdowns and the Moguls took advantage of a second quarter scoring burst to defeat the Hawley Bearcats 45-7 at Hawley Friday night. The win brings the Moguls' streak to 18, and the Bearcats fell to 0-2 for the season.

Three Mogul backs rushed for more than 60 yards each. Todd Thompson led the way with 74, and Collier and Dent Offutt added 69 and 61, respectively. In addition, Offutt completed 3 passes in 10 attempts for 78 yards.

Munday received the opening kickoff and scored on their first drive. The multi-talented Mogul offense only needed six plays to travel 55 yards, with fleet back Tim Collier scampering the final 32 yards for the score. J.B. Jones kicked the extra point, and Munday led 7-0 at 9:09 in

the first quarter.

The Bearcats took the kickoff at their 31 and drove into Mogul territory to the 27 before Kevin Sullivan fumbled the ball. Munday recovered, and began a slow march out to midfield, where they were stopped by fired-up Hawley defenders. After a 36-yard punt, Hawley took the ball for a first down, then coughed up the pigskin. Offutt recovered, and the Moguls were in business again.

A first down took them to the Bearcat 19, where Offutt lateraled to Anthony Stinnett, who in turn threw the ball to Tim Collier. Collier gathered it in and went in for the score, upping the Mogul lead to 13 points early in the fourth quarter. A Hawley receiver fumbled the ensuing kickoff, and Munday had another chance at the 21. The

Moguls took quick advantage of this gift, staying on the ground for short gains, and Collier ran it over at 8:41 in the second quarter.

The Moguls were far from finished, as their swarming defense stopped Hawley for two straight losses, forcing them to punt from the 40. The punt was short, and Munday scored again in four plays. The bulk of the yardage was made on a 33-yard pass from Offutt to Todd Thompson. Lowrance went over from the one for the touchdown, and J.B. Jones kicked his second extra point, giving the Moguls a 26-0 lead.

Munday scored again before the half ended, when Thompson sped around the left guard and sprinted 37 yards to the endzone. The kick was wide, but Munday went in to the dressing rooms with a 32-0

margin.

Hawley's problems didn't end at halftime, as they fumbled the kickoff, and an alert Gregg Sanders grabbed the ball. Four plays later, Offutt found Tony Wilde for a 26-yard pass and another touchdown. The Moguls let up a little after that, and Hawley scored their only points of the game. The 66-yard drive was highlighted by a 52-yard run by Cliff Bristow, and quarterback Jake Womack passed for two yards to Trent Spencer for the touchdown. Womack also kicked the extra point.

The Moguls fumbled on their next possession, but late in the quarter began a drive that took them from their own 35 down to the Bearcat 39, where they were forced to punt. Hawley fumbled the kick, Howard McPherson recovered on the Bear-

Moguls kept them from making any headway. Munday's last possession was marred by a fumble.

The Moguls will host Rotan at 8 p.m. Friday, September 20, in their home opener. The Yellowhammers have lost games to Roscoe and Cisco this season, but are expected to play a tough game against the Moguls. It should be a good contest, and local fans are urged to attend.

Coach Edwards Comments

Hawley was not as good a team as we had anticipated, and we executed very well against them. We had a good chance to play several of our younger players, and they did an outstanding job. We have found some people in our second team who will be able to help us a great deal later on.

GRAND CHAMPION: Kent Latham, son of Mr. and Mrs. Ruddy Latham of Munday, exhibited the grand champion market jamo at the Haskell Fair during the past weekend. This heavyweight medium wool won out over a large field of lambs.

BRYAN LATHAM, son of Mr. and Mrs. Ruddy Latham, showed the reserve champion market lamb at the Haskell Fair last weekend. The animal won first in the heavyweight fine wool division.

WON AT A CALF SCRAMBLE in Houston, this Brahman heifer was the reserve champion of its class at the recent Haskell Fair. Bryan Latham, left, son of Mr. and Mrs. Ruddy Latham of Munday, showed the animal. With Bryan in this photo is County Extension Agent David Turnire.

MRS. JAMES WARD RHODES
the former Jeannie Hummel

Relative Of Area Family Is Wed In Oklahoma Ceremony

Jeannie Hummel, daughter of Mr. and Mrs. Osborne W. Hummel of Sterling, Illinois, and James Ward Rhodes, son of Mr. and Mrs. Horace Rhodes of Oklahoma City, Oklahoma, were united in marriage

at 11 a.m. Saturday, August 3, in the University Lutheran Chapel in Norman, Oklahoma. David Klump, the pastor, officiated.

Susanne Baxter of Metairie, La., served as maid of honor. Linda Jennings of Union, N.J., Laura Rhodes of State College, Pa., and Becky Rhodes of Oklahoma City, sisters of the groom, and Andrea Hummel of Evanston, Illinois, niece of the bride, were bridesmaids.

Best man was Damon Cantrell of Oklahoma City. Groomsmen were Rob Ramana of Chevy Chase, Md., Marcum Curlee of Norman, Oklahoma, and Greg Hummel of Evanston, Ill., and Marc Hummel of Hanover Park, Ill., the bride's brothers.

Ushers were Eric Dunn of Norman, Okla., and Bill Holloway of Oklahoma City. Mrs. Duane Rimmer of DeSoto, cousin of the bride, was soloist.

A reception was held after the ceremony at Crystalwood Res-

taurant in Norman.

The bride is a graduate of Sterling High School and Oklahoma University. She is attending law school at O.U. and serving as a graduate assistant in the O.U. English department. The bridegroom is a graduate of the Oklahoma University School of Law and is employed by the law firm of Kerr, Irvine and Rhodes in Oklahoma City.

After a wedding trip to Colorado, the couple will live in Norman.

Out-of-town guests included Mr. and Mrs. Chan Hughes, Munday; Mr. and Mrs. John A. Mayfield, Mr. and Mrs. Lindo Guess, Mrs. Joey Yates and Jace and Mr. and Mrs. Tiffan Mayfield and Mitch, all of Weinert; Mr. and Mrs. Rebus Guess and Mr. and Mrs. Bob Guess of Haskell; Mrs. John Setser, Forney; Mr. and Mrs. Arch Mayfield, Plainview; Mr. and Mrs. Duane Rimmer, DeSoto; Beth Wolfe and Ed Bull, Dallas; and Mr. and Mrs. Herman Beveroth, Sterling, Illinois.

Children's Choir To Begin Meeting

"Joyful Noise", the children's choir at the First Baptist Church in Munday, will resume its meetings on Wednesday, September 25. All children in grades 1-6 are invited to attend these meetings, which will be held from 3:45-4:45 p.m.

As in the past, the church buses will pick the children up at school at 3:30 and will bring them home after the 4:45 dismissal.

The choir will be arranged in a different manner this year to provide a more uniform learning experience for all involved. Any questions concerning the choir can be directed to David Williams, minister of youth and music, at 422-4031.

It's A Boy!

Rickey and Cindy Gonzales of Knox City are proud to announce the arrival of their son, Rickey Lewis Gonzales II. Born at 1:32 p.m., Tuesday, September 3, at the Haskell Memorial Hospital, the little fellow weighed 5 lbs., 14 1/2 oz., and was 19 1/2 inches long.

"Deuce" has lots of family and friends anxious to spoil him. Grandparents are Thelma Maston of Munday and Amador and Linda Gonzales of Knox City, and great-grandparents are Dan and Lucille Booe of Munday and Joe T. Rios of Knox City. Little "Deuce" also has an honorary grandpa, B.J. Byrd of Electra.

A slice of bread will often remove makeup smudges from dark clothes.

Letter To The Editor

Dear Sirs,

This poem, published in the Palo Pinto Poet's Corner a few weeks ago, was written by a former Munday resident, Lucille Phillips Armstrong. The sycamore tree, her subject, was an old landmark in our front yard next door west of the old Terry Hotel and a block west of Bud's Beauty Bar today.

So many of us, including me, remember those carefree childhood memories in Munday. May our children and grandchildren have treasures such as these remembrances to hold dear for an entire lifetime.

Sincerely,

Eloise Phillips Fatherree
PALO PINTO POET'S CORNER
MY SYCAMORE TREE

I climbed up high in my sycamore tree,
The leaves whispering only to me;
Alone and happier than ever I've dreamed,
My childhood fantasy of heaven it seemed;
Blue sky above, and below, the ground,
As I closed my eyes, and heard the sound
Of stirring leaves in summer's wind
My mind imagined a delightful blend;
Of pinks and violets, of greens and blues
Like a kaleidoscope with its many hues,
And I visioned things like fairies and elves,
The way all children have amused themselves.
White cotton clouds floated silently above,
And my heart was filled with peace and love.
The world offers much for a child to see
From the limb near the top of
my sycamore tree.

Our roots are firmly planted right in your own back yard!

For years, the Terra Seed Company has been a valuable part of farming communities throughout the country. As quality producers of certified seed, and by offering a wide variety of seed products, we've become like a member of the family at planting time - doing our part to bring you the best wheat seed yet.

Our roots go deep!

Your wheat crop needs a good strong root system to assure its survival. One that goes deep in search of food resources and won't leave the plant high and dry. Terra Seed Company's roots are deeply embedded in its over 30 year history in the seed business. And now the roots grow stronger with the backing of Terra International so you

know your seed is coming from a tried and true friend who will stand by you at planting time.

Breaking new ground.

Our roots are firmly planted in quality production of clean certified seed. By continually searching for the sturdiest, high yielding wheat strains, we make sure we're offering you the best seed available. It's our goal and our promise to continue producing new types of seed to increase the harvest of today's farmer.

Consistency

When you plant your wheat fields you're putting your livelihood into the ground, so you have to make sure

that what comes up is a consistently healthy high yielding wheat crop. Terra Seed Company has always offered the highest quality wheat seed available to make sure your fields produce a great crop year after year.

Area Grid Roundup

LOBOES RUN WILD OVER YELLOWHAMMERS

The Rotan Yellowhammers suffered their second defeat of the season at the hands of Cisco Friday night. The Lobos amassed 216 yards rushing to Rotan's 15 in the 37-6 win.

Rotan scored first with a 74-yard kickoff return by Steve McClain. But the Hammers played the rest of the game on their own side of the field, as Cisco took control. Kevin Kirk put the Lobos on the scoreboard the first time, and more scores were added by Shelby Nixon and Connie Scheuren. James Deadman converted on all the extra point attempts.

THE YELLOWHAMMERS WILL BE IN MUNDAY FRIDAY NIGHT FOR A GAME WITH THE MOGULS.

ANSON HOLDS ON TO DEFEAT ALBANY

A four-yard touchdown run by Michael Tollerson with 17 seconds left on the clock insured the Anson Tigers' second win of the season as they defeated the Albany Lions 13-6. The Lions fell to 0-2.

Ricky Villanueva gave the Tigers their first score with a pass interception just before halftime, running the ball in for the points. The lead stood until late in the game, when Albany's Clint Duggan went over from two yards out. The extra point attempt failed, and Anson held on to a narrow lead, which was boosted when Tollerson made his last-second TD.

HASKELL EMBARRASSED 39-2 BY ELECTRA

The Electra Tigers blocked Haskell's first two punts and turned them into touchdowns as the Tigers handed the Indians their second loss of the 1985 season. Electra, the number one ranked team in Class AA, is now 2-0.

Edward Willis scored on the first blocked punt midway in the first quarter. Rodney Bell converted the second one just three minutes later. Both the attempts were inside the Indian 5-yard line.

Bell had already scored the game's first touchdown on a 57-yard sprint. Other Electra tallies were made by Roger Branch on a 25-yard pass from Bell, Charlie Lott on an eight-yard run and Grant Johnson on a one-yarder. All the Tigers' scores were in the first half.

Haskell's only score came late in the third quarter when Electra's Willis was tackled in the end zone for a safety.

PANTHERS EDGE GREYHOUNDS

After a first half deadlock, the Seymour Panthers took their first win of 1985 to the tune of 12-7 over the Knox City Greyhounds. The Hounds and Panthers both now own 1-1 records.

Mark Peters rushed for 136 yards for the victors and scored a touchdown on a two-yard pass from quarterback John Hrcirik. Jonathan Holub made the first Seymour points, grinding out 12 yards through the Greyhound defense.

Bryan Correll gathered in a pass from Jerry Gutierrez late in the game for Knox City's only score. George Rocha carried 47 yards to lead his team in rushing.

WINDTHORST LOSES IN 54-0 BLOWOUT

The Paradise Panthers took one quarter to get their bearings, then scored four second quarter touchdowns enroute to a 54-0 mauling of the Windthorst Trojans.

Jeff Lewis and Brian McCann scored three TD's each for Paradise, while Rodney Quinn scored twice and Tim Robinson once. Windthorst could only muster

four first downs and 14 total yards in their second shutout.

CROWELL MANHANDLES CHILLICOTHE EAGLES

Geral Dorsey rushed for 180 yards and three touchdowns to lead his team to an impressive 50-6 win over Chillicothe. The Wildcats are now 2-0, and the Eagles drop to 1-1.

Steve Sparkman was right behind Dorsey with 170 yards and two touchdowns, and Eddie Riveria and Mark Graves added two more each. Crowell quarterback Bill Henry tossed a 50-yard scoring pass to Graves.

The Eagles' McKnight accounted for their only score, a 60-yard run in the first quarter.

QUANAH STUNS ARCHER CITY

A defensive battle was fought on sloppy ground in Quanah Friday night, and a surprise tackle-eligible play by the Indians gave the home team a tie-breaking touchdown to win the game 14-7.

Quanah scored first on its second possession of the game, a 14-play drive ended with Jay Knight's 22-yard pass to Brad Richards, and Knight kicked the extra point for a 7-0 lead. Archer City moved 30 yards on its first possession, but were forced to give the ball up on downs and were not able to get anywhere until the third quarter. The Wildcats drove 84 yards in six plays and Beau Henry made the TD from one yard out. Don Harrelson's kick was good to tie the score.

It looked as if the tie would stand until Quanah's Eulogio Garcia broke three tackles and ran 30 yards to the endzone with 51 seconds left. Archer City now falls to 0-2 for the year, and Quanah is 1-1.

THROCKMORTON WINS OVER NOTRE DAME

Three touchdowns were scored in the first five minutes of the Greyhound-Knight battle Friday night, and the Hounds held on to their lead until the weather helped them out to take a 24-6 win over Notre Dame.

The Greyhounds scored on the fifth play from scrimmage when quarterback Matt Glenn hit Bill Batchler for a 37-yard touchdown. The Knights returned with an 11-play drive capped by a 27-yard scoring pass from Mike Rudowski to Noel Hernandez, knotting the game at 6-6. But Throckmorton's Kevin Latham returned the kickoff to midfield, and the Hounds scored

four plays later with Latham doing the honors.

A third quarter field goal attempt by the Knights were wide, and a driving rain and strong wind in the fourth quarter foiled any hopes Notre Dame had of getting back in the ballgame. Instead, Throckmorton recovered a fumble in the endzone, then Bart Davis caught a 24-yard scoring strike from Glenn to increase the Greyhound's lead.

SIX-MAN ACTION

It was a long night for the Benjamin Mustangs, as the Perez family of Weinert paced their team to a 44-0 shutout in Friday night's game.

Louis Perez scored three touchdowns, while his brother, Edward, and cousin, Johnny, added two and one score, respectively. Quarterback Shannon Forehand tallied on a safety, and Kevin White was good for six extra points.

Jeff Pierce led the Mustangs with 87 yards on 27 carries. Benjamin has lost both games this season, while Weinert is undefeated.

Brother Of Local Woman Dies Sunday

Frank Luna, 85, brother of a Munday woman, died at 2:31 a.m. Sunday, September 15, at his Abilene residence.

Services were at 2:30 p.m. Tuesday, September 17, at Elliott-Hamil Funeral Home in Abilene. Jimmy Cox, Church of Christ minister of Breckenridge, officiated, assisted by Woodrow Wilson, minister of Oakland Drive Church of Christ in Abilene. Burial was in Elmwood Me-

morial Park.

He was born January 8, 1900, in Indian Territory in Oklahoma and moved from Lubbock to Abilene in 1946. A service station employee, he married Gracie Lee Sanders August 8, 1926, in Girard. He was a member of the Oakland Drive Church of Christ.

A sister, Lela Bowen, preceded him in death.

Survivors include his wife; two

sons, Odell of Dallas and Ernie Joe of Abilene; two daughters, Darlene Fielder of Brownwood and Louise Clare of Austin; three brothers, James of Jayton, Alvin of Bisbee, Ariz., and G.C. of Lubbock; five sisters, Ethel Long, Willie Rudder and Rita Scott, all of Girard, Linnie Lee of Munday and Thelma Long of Jayton; 12 grandchildren and 13 great-grandchildren.

SENIORS LYNETTE NORMAN, left, and Donna Welch earned a number of first and second place ribbons for their craftwork at the Haskell Fair last weekend.

THE JUNIOR CLASS at Munday High School was represented at the Haskell Fair by Mendie Stewart, Elaina Morgan and Leann Oustad, shown from left, and by Amy Parker, not pictured. The number of ribbons seen on these items attest to the girls' skill both in the kitchen and with an embroidery needle.

HASKELL FAIR WINNERS: Showing off their craftwork are, from left, Robin Reneau, Jae-Jae Reneau, Denise Kuehler, Maria Castillo and Melissa Zachary. Other students winning ribbons at the fair included Kathy Welch, Angie Partridge and Holly Jackson.

FAIR WINNERS: These crafts won ribbons at the Haskell Fair held last weekend. Alexis Bordovsky, left, and Melanie Little show off their work, which was entered in the Youth Hobbies and Crafts division. The girls are MHS sophomores.

WINNING BEST OF SHOW honors at the Haskell Fair were, from left, Mendie Stewart, Youth Hobbies and Crafts; Jae-Jae Reneau, Youth Clothing; and Kacy Longan and Andrea Longan, Reserve Best of Show and Best of Show, respectively, in Projects, Posters and Exhibits. Not pictured is Lynn Parker, Reserve Best of Show in Youth Foods.

UNDERGOES SURGERY

Nancy McGreger underwent surgery last Monday at the Bethania Hospital in Wichita Falls. She returned home Saturday, according to her father, Kenneth Roberts. She is feeling fine but will have to take it easy for several weeks. We wish Nancy a speedy and complete recovery.

HERE AND THERE

Clark and Wanda West of Cisco were weekend guests of Edith West and Leroy and Gloria West. Also visiting the Wests recently were Blake, Jackie, Michael and Jana West of Springtown.

Don Erwin of Ft. Worth and Gary Hamilton of Azle were Benjamin visitors last week.

Recent visitors in the home of Grace Snailum were Todd Snailum of Plano and Mr. and Mrs. Rick Leaverton of Denver, Colo. Rick enjoyed some dove hunting while he was here.

Cecil, Charlene and Frieda Gideon of Poolville visited the Weldon Gideons and other relatives Sunday.

Van and Gladene Green visited his mother in Denton during the weekend.

Don Griffith, Justice of the Peace, Precinct 2, was in Amarillo last week to attend a J.P. school. Don went to Lubbock Monday for his regular medical checkup.

Competency Test Workshop Planned For October 12

The Abilene Federation of Teachers will hold a "How To Take The (Competency) Test" Workshop on Saturday, October 12, 1985, at 9 a.m. - 4 p.m. with a 1 hour break for lunch. The workshop will be held at Abilene Christian University, Roberson Chapel, Rm. 200, Administration Building.

The workshop is open to all AISD employees and any other interested employees in surrounding school districts who are required to take the competency test.

The workshop room only holds 144, so if you want to attend, please send a \$22.00 (members) or \$25.00 (non-members) check made payable to AFT, along with a note stating your name, address (including city, state and zip), phone number, school district and grade taught. The above information is very important so that if more than 144 people send in registration information, we can call those over the 144 to see about scheduling them for an alternative date or refunding the registration fee.

This workshop, provided by the Abilene Federation of Teachers, is guaranteed to be exactly what teachers and other district employees need to prepare for the TECAT test. There is a money back guarantee on this workshop. If a participant does not pass the test after taking the workshop, the entire registration fee will be refunded.

LOCAL

Mrs. Lorena Huber of Anson visited James and Janice Merrell and Shawna Sunday afternoon.

of Christ enjoyed a covered dish noon meal at the Benjamin Memorial Building. Lots of good food and visiting were enjoyed by those attending.

OFF TO COLLEGE

The following Benjamin kids are in college this fall: Troy Pratt, Texas Tech; Lori Griffith, Baylor University; Kent Hertel, Midwestern University; Chris McGreger, University of Texas; Doug Brown, Tarleton State University.

Have I missed anyone? If so, let me know!!

Thanks to all of you who have said you missed my news the past two weeks. Guess I just got lazy. And next week I'll be on vacation, then maybe I'll be more "on the ball" about writing.

Just remember to call in your news. I mail it out on Monday afternoon.

JV Ups Record; Junior High Teams Split First Games

The seventh grade Munday Braves won their first outing against out-of-town opponents by a score of 22-0. Perry and Terry Collier combined their running skills for the team's points. The eighth grade Braves squad suffered a 28-6 loss to Hawley. Kevin Conner scored the touchdown for Munday.

Coach Jim Edwards said the junior high teams are coming along real well. "We started a few days later than we have in the past, so the boys are a little further behind than usual. But we have some outstanding young talent on these teams, and we feel they will experience good seasons."

The junior varsity team won its second game of the 1985 year with a 41-0 shutout of Hawley. Curtis Taylor, Trey Thompson and Jeremy Hutchinson scored TD's for Munday. "Our JV team looks very strong, very competitive," Edwards commented. "They are playing good ball, and we expect their success to continue."

Seventh and eighth grade squads will combine this week to play the Rotan junior high at 6 p.m. Thursday (tonight), September 19, at Rotan, and the junior varsity game will follow immediately after the junior high game is completed.

Munday School Lunch Menu

September 23-27, 1985

BREAKFAST

Monday - Cereal, juice, milk.
Tuesday - Cinnamon toast, juice, milk.
Wednesday - Cheese toast, juice, milk.
Thursday - Cinnamon rolls, juice, milk.
Friday - Cereal, juice, milk.

LUNCH

Monday - Burritos, cheddar cheese wedge, corn, cabbage slaw, peach cobbler, milk.
Tuesday - Spaghetti and meat, blackeyed peas, carrot stick, cornbread, cake, milk.
Wednesday - Chicken, mashed potatoes, green beans, hot rolls, Jello with fruit, milk.
Thursday - Chili dogs, pinto beans, lettuce wedge, brownies, milk.
Friday - Cheeseburger, trimmings, potatoes, fruit, milk.

ACKNOWLEDGEMENT

The City-County Library's Board of Directors recently accepted with regret the resignation of Edith Hobert, head librarian. We wish to acknowledge her 16 years of service and dedication to the library.

Among her many efforts on behalf of the library, one of the most important was the admittance of the library into the Big Country Library system. Being a system member entitles the librarian to order books and reference material on loan for citizens in Knox County.

Through the years, Edith has been a valuable asset to our library, and we are indeed grateful.

Board of Directors
City-County Library

LEONARD AND OLETA BATES of Irving were honored with a reception on September 1 to celebrate their 50th wedding anniversary, which was the day before. Bates is a native of Goree, and he and his wife owned the grocery store in the Hefner community in 1945-46 as well as residing in Munday at one time. Their children are Bobby Bates, minister of the Colleyville Church of Christ, and Sue Pope of Irving. The couple has seven grandchildren and four great-grandchildren.

Munday Tax Rebates Continue To Build

State Comptroller Bob Bullock recently sent checks totaling \$57.3 million in local sales tax to the 1,005 cities that levy the one-percent city tax. The checks were for taxes collected on sales made in July and reported to the Comptroller's office by August 20.

For the second month in a row, Munday's rebate check reflected a large increase over the checks received a year ago. Our September check was for \$3,391.12, compared to \$1,854.47 in September, 1984. Munday's total for the year of \$37,912.45 is 11.52 percent more than the total to this point last year.

A smaller increase was seen in Knox City with a check of \$4,358.22, a good deal less than the \$5,504.64 received in 1984. Their total for this year is \$58,524.63, 2.47 percent up from last year's rebates.

Goree, Benjamin and Weinert did not receive checks this month. Knox County's total rebates in 1985 have amounted to \$102,250.29, which is

a 5.47 percent jump over rebates to this point in 1984.

NEXT BEST THING TO A NEW GLENER COMBINE.

Gleaner combines are built extra tough and productive to begin with. So you can count on getting years of hard work and reliable performance from a used one, too.

You benefit from all the performance features designed into every Gleaner combine. Like the sure-feed system with down-front cylinder, multi-stage cleaning and separating, and the Natural Flow harvesting of Rotary Gleaner combines.

In addition, we're making some special limited-time offers, including waiver of finance charges... or big cash discounts... or low-rate financing. Stop in soon and let's deal on a field-proven used Gleaner combine.

Gleaner and Natural Flow are Deutz-Allis trademarks.

SPIDER PLANT IS LATEST POLLUTION CONTROL

Homes that reek of formaldehyde given off by particle board, plywood, new carpeting and other items may benefit from the common spider plant. According to the National Aeronautics and Space Administration (NASA), the gaseous chemical is absorbed five times more effectively by the plant than by any other method tested. NASA advises that one plant is needed for each 20 to 50 square feet - that can add up to 70 plants in the average home. Weather-tight construction, fewer air exchanges and use of building and finishing materials containing formaldehyde has resulted in problems for many who are sensitive to the chemical.

The projected life expectancy of new microwave ovens is 10-14 years, with the average being 11 years. But life expectancy can vary with methods of use and care.

HERBALIFE AND LEGALITIES

Herbalife International of Culver City, California markets a number of popular products which include a liquid weight control supplement and various types of vitamin and mineral supplement.

The company came under scrutiny by the Food and Drug Administration (FDA) several years ago because Herbalife's weight control products, Slim and Trim Formula 2, contained small amounts of two highly toxic herbs—mandrake and pokeroot. The company subsequently removed these herbs from their product but the FDA has cited several additional violations which

included adulteration, misbranding by making unproven therapeutic claims in both product labeling and promotional literature, listing non-nutritive ingredients on nutrition labels, misrepresenting insignificant amounts of some vitamins and minerals, and falsely suggesting that a product could increase athletic ability. The FDA requested specific corrective action of Herbalife International and is currently evaluating the steps that the company has taken.

DECK THE HALLS

While halls are important traffic areas, they can become neglected, wasted space unless they are planned.

The front hall, for example, creates a vital first impression for guests entering your home. Since the front hall is almost always a pass-through, no one stays long, the decoration can be dramatic. Yet, many times we neglect to consider the front hall in a decorating scheme.

Halls are primarily lanes designed to route traffic from one part of the house to another as simply and as easily as possible.

But they can also be used for all sorts of jobs that need not interfere with traffic, such as combining the functions of a telephone booth, art gallery, library and storage area.

For example, collections of small objects lend themselves to being displayed in a hall and will look particularly good if specially lighted.

Whatever use you make of a hallway, consider color and light. Colors should relate to the shape of the hall. In very narrow areas, it may be best to avoid strong, bright

colors which seem to crowd in. Recessive, neutral colors will make the area seem larger.

The effect of color depends on light, so if the light is poor - which is common in hallways, even white and pale colors will be dulled. Consider lighting up individual areas of the hall with adjustable spots mounted on the wall or ceiling. This will keep the background light low, but pleasing. And spot lights can high-

light pictures or plants. Don't wait for Christmas to "deck the halls" - it can be a part of your year-round decorating scheme.

WHEN DOES AGING BEGIN?
Some say at conception; at birth; at age 30 when physiological changes begin; at age 57, the average retirement age; at age 60 when eligibility for aging services begins; or at age 65 when Social Security benefits begin.

Announcing We are now dealers for Bluebonnet Feeds

a superior quality feed for all your livestock needs. This includes oats, mixed feeds, pellets, medicated feeds, mineral and bloat blocks for your horses, cattle, hogs, sheep and poultry.

BLUEBONNET FEEDS are made with natural high quality ingredients, whose formula remains constant and contains guaranteed levels of protein, fats, minerals, and vitamins with a built-in digestive aid, can be fed more economically and safely than most other types. The advantages of being able to use *less total feed* and having your animals in the *best possible condition for the least possible price* is what Bluebonnet can do for you and your animals.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS
OF PROPOSED

CONSTITUTIONAL AMENDMENTS

GENERAL ELECTION

NOVEMBER 5, 1985

PROPOSITION NO. 1 ON THE BALLOT

Sections 1 and 2 of House Joint Resolution 6 propose a constitutional amendment that would authorize the Texas Water Development Board to issue an additional \$980 million of Texas Water Development bonds.

The additional bonds to be issued will be dedicated for deposit in the Texas Water Development Fund, with \$190 million of those bond proceeds to be used for water supply loans and facilities acquisition and with \$400 million of those bond proceeds to be used for state participation in the acquisition and development of facilities for storage, transmission, transportation, and treatment of water and wastewater. Of the remaining bonds authorized, \$190 million will be dedicated for use in water quality enhancement projects, and \$200 million will be dedicated exclusively for flood control projects.

The amendment would also allow the legislature to provide for the creation, administration, and implementation of a bond insurance program to which the state pledges up to \$250 million of its general credit to insure payment of the principal of and interest on bonds or other obligations issued by political subdivisions of the state for water conservation, water development, water quality enhancement, flood control, drainage, recharge, chloride control or desalinization. Unless authorized to continue by a two-thirds vote of the members of each house of the Legislature, the bond insurance program will expire on the sixth anniversary of the date on which this section becomes a part of the constitution. Bond insurance issued before expiration of the program will not be affected by such expiration.

The amendment would authorize the legislature to create and appropriate money to special funds in the state treasury to make grants, loans, and other financial assistance available to governmental entities for certain enumerated water planning purposes. Also, the legislature would be permitted to extend the benefits of constitutionally approved water projects to nonprofit water supply corporations.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the issuance of an additional \$980 million of Texas Water Development Bonds, to create special water funds for water conservation, water development, water quality enhancement, flood control, drainage, subsidence control, recharge, chloride control, agricultural soil and water conservation, and desalinization, to authorize a bond insurance program, and to clarify the purposes for which Texas Water Development Bonds may be issued."

PROPOSITION NO. 2 ON THE BALLOT

Section 3 of House Joint Resolution 6 proposes a constitutional amendment that would allow the Texas Water Development Board to issue and sell Texas agricultural water conservation bonds in an

amount not to exceed \$200 million, if authorized to do so by a two-thirds vote of the members of each house of the legislature. The Texas agricultural water conservation bonds would be general obligations of the State of Texas, and would be paid from the first money coming into the state treasury in each fiscal year. The amendment would allow Texas agricultural water conservation bonds to be issued and sold only for four years after the date on which this Act becomes a part of the constitution.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance and sale of \$200 million of Texas agricultural water conservation bonds."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 54 proposes a constitutional amendment that would permit the legislature to authorize a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property if such relocation or replacement is done in conjunction with or immediately following the relocation or replacement of water mains serving the property. Any legislative enactment permitting the expenditure of funds for such purposes would authorize the city or town to fix a lien on the property, with the owners' consent, for the cost of relocating or replacing the water laterals, and would provide that such cost shall be assessed against the property, with repayment by the property owner to be amortized over a period not to exceed five years at the rate of interest set by law. Such liens could not be enforced until after five years from the date the liens were affixed.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to enact laws permitting a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 21 proposes a constitutional amendment that would authorize the use of the proceeds from the sale of permanent school fund land to acquire other land for the permanent school fund. Currently, the constitution requires that proceeds from the sale of such land be invested in certain bonds and other securities.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing proceeds from the sale of land dedicated to the permanent school fund to be used to acquire other land for that fund."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 89 proposes a constitutional amendment that would enable the legislature to regulate the provision of health care by hospital districts by determining

the services the district must provide, by setting requirements a resident must meet in order to qualify for services, and by determining any other relevant provisions necessary for providing health care to residents.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to regulate the provision of health care by hospital districts."

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment that would enable the State of Texas to enter into an agreement with another state to confine inmates from the state of Texas in penal or correctional facilities of the other state.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to permit state prisoners to be placed in penal facilities of another state pursuant to an interstate agreement."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 27 proposes a constitutional amendment that would authorize the commissioners court of Chambers County to divide Chambers County into not less than two and not more than six justice precincts. Under current constitutional law, Chambers County may be divided into not less than two and not more than five justice precincts.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing Chambers County to be divided into two to six precincts."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment that would grant an additional \$500 million in bonding authority to the Veterans' Land Board for the veterans' housing assistance program. Under the current constitution, the Veterans' Land Board is authorized by Article III, Section 49-b-1 to issue and sell not more than \$800 million in bonds, \$500 million of which may be used for the Veterans' Housing Assistance Fund. This amendment would increase that authorization to permit the issuance and sale of up to \$1.3 billion in bonds, \$1 billion of which would be used for the Veterans' Housing Assistance Fund. In addition, the amendment would remove the current definition of "veteran" from the constitution and permit the legislature to redefine "veteran" as the changing times and circumstances require.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing \$500 million in additional bonding authority for the veterans' housing assistance program and changing the definition of those veterans eligible to participate in the veterans' land program and the veterans' housing program by authorizing the legislature by law to define an eligible veteran for the purposes of those programs."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 72 proposes a constitutional amendment that would permit the legislature either to enact a statute or to attach a rider to the General Ap-

propriations Act to require prior approval of the expenditure or emergency transfer of any funds appropriated by the legislature to state governmental agencies.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to protect public funds by authorizing prior approval of expenditure or emergency transfer of state appropriations."

PROPOSITION NO. 10 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that would authorize the legislature to provide for the issuance of general obligation bonds, the proceeds of which would be deposited in a fund to be known as the farm and ranch finance program fund. The fund would be administered by the Veterans' Land Board and would be used to make loans and provide other financial assistance for the purchase of farm and ranch land. The amount of bonds outstanding at any one time would be limited to \$500 million. The principal and interest that becomes due on such bonds in each fiscal year would be paid from amounts remaining in the interest and sinking fund at the close of the prior fiscal year, with the balance due to be appropriated from treasury revenues in the fiscal year when such amounts become due.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of general obligation bonds to provide financing assistance for the purchase of farm and ranch land."

PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 16 proposes a constitutional amendment that would define indictments and informations as instruments charging a person with the commission of an offense, and would delete certain technical requirements as to the form of writs and processes.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the manner in which a person is charged with a criminal offense and to certain requirements applicable to state writs and processes."

PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 10 proposes a constitutional amendment that would grant the Texas Supreme Court and the Texas Court of Criminal Appeals jurisdiction to answer questions of state law certified from federal appellate courts. In addition, the two courts would promulgate rules of procedure relating to the review of those questions.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment granting the Supreme Court of Texas and the Court of Criminal Appeals of Texas jurisdiction to answer questions of state law certified from a federal appellate court."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 14 proposes a constitutional amendment that would create a board with responsibility for the reapportionment of judicial districts, subject to legislative approval. The amendment would provide for the continued power of the legislature to provide for judicial reapportionment, and would provide that reapportionment

will be the responsibility of the Legislative Redistricting Board if the Judicial Districts Board fails to make a timely reapportionment. The amendment would provide for the creation of judicial districts smaller than a county in counties where the creation of such districts has been approved by the voters at a general election. The amendment would provide for more than one judge for a judicial district. The amendment would rename supreme judicial districts as courts of appeals districts. The amendment would provide that the jurisdiction and terms of court of district and county courts may be as provided by law. The amendment would provide for the jurisdiction of justice courts, which may have additional jurisdiction as provided by law. The amendment would provide for rules of judicial administration and civil procedure to be promulgated by the Supreme Court, and would provide that the legislature may delegate additional rule making power to the Supreme Court or to the Court of Criminal Appeals. The amendment would provide that courts and judges in existence at the time of its adoption remain in existence until otherwise provided by law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the reapportionment of the judicial districts of the state by the Judicial Districts Board or by the Legislative Redistricting Board, and providing for the administration and jurisdiction of constitutional courts."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 27 proposes a constitutional amendment that would abolish the office of County Treasurer in Andrews County and transfer the powers and duties of that office to the County Auditor. The amendment would also abolish the office of County Treasurer in El Paso County if, at the statewide election at which this amendment is submitted to the voters, a majority of the voters who vote in El Paso County favor the amendment. The functions of the office of El Paso County Treasurer will be performed by a person employed or designated by the El Paso County Commissioners Court. The amendment also provides for the abolition of the office of County Surveyor in Denton, Randall, Collin, Dallas, El Paso, and Henderson Counties upon approval of such abolition by a majority of the voters who vote on the question at an election called by the commissioners court of the county. If the office of County Surveyor is abolished in any county, the commissioners court may employ or contract with any qualified person to perform the duties of the office.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for:
(1) the abolition of the office of county treasurer in Andrews County and El Paso County;
(2) the abolition of the office of county surveyor in Collin, Dallas, Denton, El Paso, Henderson, and Randall Counties."

Estos son los informes explicatorios sobre las enmiendas propuestas a la constitución que aparecerán en la boleta el día 5 de noviembre de 1985. Si usted no ha recibido una copia de los informes en español, podrá obtener una gratis por llamar al 1/800/252/9802 o por escribir al Secretario de Estado, P.O. Box 12887, Austin, Texas 78711.

THE NEWLY DONE elementary school cafeteria was the setting for a refreshment table during Sunday's open house of new school facilities. Serving punch to guests are homemaking students Alexis Bordovsky, Erlinda Escamilla, Lynette Norman and Selwa Choucair.

NEW EQUIPMENT GLEAMS in the kitchen at Munday Elementary School. Refurbishing the kitchen and cafeteria were only a small part of the improvements made at the school since the beginning of 1985. A big crowd of local residents toured the renovated facility at an open house held Sunday.

THIS CUBBYHOLE at the elementary school building in Munday has been turned into a resource learning center with a wide variety of books and many different teaching aids. It will be used and enjoyed by many students in the school system, and is a fine example of the changes made in the school during the past several months.

A&M Economist Discusses Farm Survival In Future

What must a farmer do to survive financially into the 1990's? Dr. Bill Black, an economist in marketing and policy with the Texas Agricultural Extension Service, outlines a few key points for economic survival in farming as he views changes in the coming years.

"First, become part of an integrated system—the most common way to forward contract," Black advises farmers. "Find a home for what you produce before you plant. Make your products more con-

sumer-ready. And let the buyer finance part of your production. "Learn to manage a business, not just a farm," Black emphasizes. "You can't rely on land appreciation for equity accumulation." The economist also advises farmers to "be on top of technological changes in biotechnology and management and economic developments. Be an early adopter." In addition, "be outlook-oriented—futuristic," Black emphasizes. "Plan for the future. Seek information and analyze what information you get. Be aggressive but sound.

"Control risk and exposure—either by selling ahead or pricing ahead," adds the economist. "Grow as fast as your equity permits, and remember, increased equity won't come from rising land prices. "Finally, spend more time managing than riding the tractor. Don't produce for an unknown market," says Black.

In the years ahead, farmers will be faced with increased price variability, Black points out. World market prices will fluctuate and loan rates will not carry farm prices.

Because of tight credit and competition from other countries, both domestic and export markets for

agricultural products will experience slow growth, adds the economist. U.S. farmers will be influenced primarily by world markets and conditions.

"Surplus conditions will continue to plague U.S. farmers, thus keeping farm prices down," says Black. "And real interest rates will remain relatively high while land values will continue stagnant."

He also foresees a move toward more integration in agriculture, with fewer farm products passing through the open market.

The economist says that fewer and fewer farmers will produce most of this nation's food and fiber in the years ahead. Most of these will be the ones who take early advantage of rapid technological changes in both crop and livestock production.

And efforts will continue to be made to take the government out of agriculture, but these will likely have little success, Black notes.

Knox County Pecans Are Award Winners

Three Knox County residents entered pecans in the state pecan show held in Galveston on July 7, and two of the entries won second-place ribbons. A total of 365 entries from 66 counties qualified for the state show.

Susie Grissom of Knox City won second with her Halbert pecan, and the Schley pecan of Edward Redder of Munday also won a second prize. Edwin Johnson of Munday had an Imperial pecan entry in the show, but it did not place.

These pecans were big winners at the Knox County Pecan Show held last winter, and they qualified for state competition by winning at the regional show in December. County Agent David Tunmire said the judges look at the size of the kernel, how many pecans it takes to make a pound and the quality of the kernel and of the shell when judging the winners.

The second Knox County Pecan Show has been set for December 7, 1985. It is being organized by the Knox County Horticulture Committee and will be sponsored by the Brazos Valley Young Farmers.

Rochester Schedules Homecoming Weekend

Homecoming activities have been planned in Rochester for Friday and Saturday, October 11-12. A pep rally will kick off the celebration at 5 p.m. Friday in the downtown area. Supper will be served at the new fire station at 5:30, and musical entertainment and visiting will follow.

Registration begins Saturday at 8:30 a.m. in the school cafeteria. The highlight of the day's activities will be the Weinert-Rochester football game at 2 p.m. A homecoming program will be held at the school after the game.

In Appreciation

One can hardly think of the Miller's Creek Reservoir without associating it with L.B. Patterson, Sr. and Pete Beecher. Pete has been executive manager of the North Central Texas Municipal Water Authority from the time it was organized, working always toward the completion of the lake with many state and federal representatives and their respective offices, many departments of state and engineering officials. Pete seemed to know every inch of progress that was being made for 17 years until the first water was pumped into the mains of each of the member towns.

His work with the engineering firm of Freese and Nichols spanned a term of several years before the actual construction began. When "ground-breaking" time came, Pete was as excited as a child since he had just begun to see the beginning of a project he had fought for, shed tears over, and certainly spent many hours on his knees praying for its reality. His greatest disappointment was that L.B. Patterson did not live to see it completed, as he was a dedicated worker always.

A preliminary study of the site began in 1957, and the lake was completed in 1974. The completion of Miller's Creek Reservoir has brought progress to each of the towns it serves. Water is still a problem for many cities in this section of the southwest, while the member cities have not had to curtail usage from this reservoir. With normal rainfall, we can be assured of an adequate supply of surface water.

Pete, Mr. Patterson and the North Central Texas Municipal Water Authority Board are to be commended for their previous planning and ultimate dedication to this project. Their long-range objective has always been to improve the economy of this entire area.

Pete is an exceptional man. He loved his work and his friends and was always ready to accept a challenge to prepare this area for the betterment of the human race. He deserves our respect and admiration, and he shall be sorely missed at the office of the North Central Municipal Water Authority.

In summing up his dedication, it can be expressed by saying, "He stayed at the helm, even when the boat was rocking and prayed for its successful landing." What more can any man want for his efforts for a quarter of a century? All of us wish Pete good health and good luck in the future.

Dr. Neufeld To Open New Clinic

After a three-month leave of absence from Knox County, Dr. Newton D. Neufeld has announced the opening of his new clinic in Knox City on Monday, September 23.

The clinic is located on the corner across the street from the Knox County Hospital. Hours for the clinic will be from 9 a.m. to 12 noon and 2 to 5 p.m. Monday through Friday and 9 a.m. to 12 noon on Sundays. No office hours are planned for Saturdays.

Phone numbers for the new facility are 658-3546 or 658-3547.

Dough won't stick to your hands if it is kneaded inside a large plastic bag.

Shower To Aid Hester Family

A shower will be held at 7 p.m. Friday, September 20, at the home of Ed and Mary Murphy in Weinert to benefit the Jerry Hester family. The Hester's home near Weinert burned several days ago, and the family is in need of many items. Selections have been made at

Aladdin House and Bassings in Haskell.

THIS 1,500 POUND PER ACRE cover of wheat residues will protect most cropland soils in Knox County. The accompanying article contains more information about soil protection.

Stubble - Mulching Saves Cropland Soil

Do you manage your crop residues on a year-round basis? By harvesting, tilling, planting and cultivating in such a way that protective amounts of residues remain on the soil surface, farmers are able to reduce soil losses from wind and water, improve water infiltration and condition the soil.

There are certain considerations that must be made in planning stubble-mulching on your farm. First is

the equipment needed to carry out this practice. Sweep plows, rod weeders and chisels are the primary tillage tools needed to properly carry out stubble-mulching. Leaving crop residues helps maintain long-term fertility, tilth and moisture intake. However, residues such as wheat or grain sorghum stalks may cause a temporary tie-up of nitrogen. The addition of 20 pounds of nitrogen for each ten of residue will offset this problem.

November through May is the critical time of year for wind erosion in Knox County. To provide protection from wind erosion, crop residues must be maintained until 40 days past the planting date. In this way, young plants are getting protection from the residues of the last crop planted.

The amount of residues needed is based on the type of soil, crop grown, and growing season. The Soil Conservation Service has the information and personnel needed to assist you in starting a stubble-mulching program on your farm. For more information, call 658-3526 or visit the office located at 1101 East Main in Knox City.

Funeral Services Held For Former Munday Resident

Mrs. Ted (Odessa) Brown, 66, of Breckenridge, a former Munday resident, died at 4:40 p.m. Thursday, September 12, in Stephens Memorial Hospital.

Funeral services were at 2 p.m. Sunday, September 15, in the First Christian Church in Breckenridge with Rev. Charles Hamilton, pastor, officiating. Burial was in the Breckenridge Cemetery under the direction of Melton Funeral Home.

She was born Odessa Mae Parks on May 4, 1919, in Breckenridge and grew up in Munday, graduating from Munday High School in 1936. She moved to Breckenridge in 1936 and married Ted Brown on July 4, 1937, in Breckenridge. She was a member of the First Christian Church and a homemaker, and had been named the Mother of the Year for Breckenridge in 1978.

She was preceded in death by a sister, Mrs. Russell Bledsoe, and her parents, Mr. and Mrs. M.W. Parks.

Survivors include her husband; two daughters, Mrs. David (Betty Jean) Boyd of Breckenridge and Mrs. Fred (Teddy Jane) Handley of San Angelo; two sons, John I. Brown and Randy Brown, both of Breckenridge; two sisters, Mrs. Garland Heatley of Breckenridge and Mrs. Edward Burns of Munday; a brother, Lee Alfred Parks of Munday; a sister-in-law, Mrs. Jack Petosky of Midland; and numerous nieces and nephews.

Insure Small Grains By September 30

Texas farmers have until the last day of September to buy crop insurance for small grains.

"Crop insurance is basically a risk management strategy in which a farmer pays a premium to protect against large, unpredictable yield losses," says Dr. Ashley Lovell of Stephenville, economist with the Texas Agricultural Extension Service.

"Crop insurance can assure a farmer of a minimal cash flow in case of a major crop loss so that he will have a chance to farm the next year," adds the economist.

Producers who insured their small grain crops last year will have their contracts renewed automatically unless they cancel them, Lovell points out. However, any changes in the level of coverage or price election must be made by September 30.

This year multiple peril crop insurance (mpci) for 1985-86 wheat, oats and barley will be available only under the Actual Production History (APH) program, Lovell explains. Under APH, yield guarantees are based on actual production records of the insured or grower rather than on county average yields as was the case under the area coverage plan. This means that a farmer must provide evidence of previous years' production and acreages. The premium cost per acre also may be higher than with the area coverage plan.

Selecting crop insurance requires choosing a price election and a yield guarantee of either 50, 65 or 75 percent of past production history, explains the economist. Price elections are \$1.30, \$1.50 or \$1.80 a bushel for barley; 80 cents, \$1 or \$1.25 a bushel for oats; and \$2, \$2.80 or \$3.30 a bushel for wheat. The combination of yield guarantee and price election determines the level of insurance coverage and cost of the premium.

Lovell reminds farmers that the premium cost of mpci reflects the federal subsidy of the premium.

Interested producers can obtain additional information by contacting a local firm that offers multiple peril crop insurance.

★ FARM AND RANCH REPORT ★

David Tunmire, County Agent

COTTON DESICCATION AND HARVEST AIDS

Most of the dryland cotton in the county has stopped due to the hot, dry conditions. Bolls are maturing rapidly but we are still a long way from the average first freeze day in November.

Many cotton producers are beginning to think about cotton desiccation. According to Al Alexander, Extension Agronomist, any time we leave that crop in the field for 30 days after most bolls are mature, we can expect a loss in grade of one full grade. Remember that other factors are also associated with later harvest which includes weathering, more barkly cotton, etc.

Commonly used desiccants are arsenic acid, Paraquat and Gramo-

xone. At the recommended rates of application of these materials, total cost of application, including flying, will be from \$7.50 to \$9.00 per acre. This means, even at the same grade at government loan prices, about 20 pounds of lint per acre will pay for the treatment. The use of these materials should be delayed until 75-80 percent of the bolls are open.

Another harvest aid which may be considered is the use of Roundup in combination with DEF or Folex. Roundup is only labeled as a harvest aid to be used in this combination. This treatment is more expensive than the arsenic acid or Paraquat route. Roundup plus DEF or Folex is labeled for use when 60 percent of the bolls are open and youngest bolls are mature.

A new harvest aid that is available is Prep. Prep is a plant regulator that accelerates the opening of mature unopen bolls.

A mature boll is defined as a boll that is too hard to dent when squeezed between the thumb and fingers, too hard to be sliced cleanly with a sharp knife and the seed coat is light brown in color.

THE JOHN ED WILDES at the corner of 5th and B have an unusual front yard. But their back yard is more conventional with grass, trees and flowers, and this won't win the Week honors from the Munday Garden Club. In driving through town, one can spot many yards still green and pretty despite the heat and dry conditions.

By Mrs. Grace Smith

HOSPITAL NOTES

Pete Beecher is a patient in the Bethania Hospital in Wichita Falls.

Arthur Hargrove, who has been convalescing from surgery at the home of his daughter, Mr. and Mrs. Gene Myers and family at Arlington, is back at home and recovering nicely. Mr. Hargrove's sister, Mrs. Alice Harris of Haskell, is spending some time with him since his return home.

ATTEND WEDDING

Mr. and Mrs. Tony Scott and Amanda of Snyder, Miss Debra Birkenfeld, Vernon and Mr. and Mrs. Don St. Clair, John and Melissa and Mr. and Mrs. David Birkenfeld, Jenny and Derek of Seymour, spent the weekend visiting their parents, Mr. and Mrs. Joe Birkenfeld and Johnny. They all attended the wedding of Miss Janet Birkenfeld and Mike Evanson at Rhineland on Saturday.

VISITORS

Mr. and Mrs. Charles Atkinson hosted a dinner Tuesday evening for some out-of-town relatives. Attending were Mr. and Mrs. Vernon Moore of Cleburne, Mrs. Corrie Walton of Wichita Falls, Billy Walton of Fredericksburg and Mr. and Mrs. Doug Donoho and Zane of Munday. Also attending were Mr. and Mrs. Merle Lambeth, Mrs. Lois Howard and Lock Atkinson of Goree.

Joey Greenwood, who is serving with the Marine Corp and is sta-

tioned in California, is visiting his parents, Mr. and Mrs. Tommy Greenwood and Amy, and other relatives here.

Mr. and Mrs. Archie Struck and Mrs. Mable Jacobs visited their aunt, Mrs. Beckie Hood, in Littlefield last Tuesday and Wednesday. They also visited Mrs. Dorothy Yates at Dimmitt.

Visiting Mr. and Mrs. Roy Mayo on Sunday were their granddaughter and children, Mrs. Tonya Tolleton, Amber and Clay of Wichita Falls.

Mr. and Mrs. Bill Hurley and Mrs. G.W. Brown of Seymour visited Mr. and Mrs. Jack Nuckols on Sunday.

Mr. and Mrs. Taylor Allen visited their son and wife, Mr. and Mrs. Kevin Allen, in Abilene on Sunday.

Visiting Mrs. Lanna Mae Lowrance during the weekend were her son, John Lowrance, and Denise of Colorado City.

Mr. and Mrs. Worth Gafford of Munday visited L.L. Atkinson on Saturday. L.L. Huckabee of Munday visited Mr. Atkinson Sunday afternoon.

Mrs. Sam Roberts and Melissa of Hobbs, N.M. visited her husband and other relatives here during the weekend. Mr. Roberts has been employed here for some time.

Visiting Mrs. Lois Howard on Tuesday were Mrs. Corrie Walton of Wichita Falls and her son, Billy Walton of Fredericksburg. Mrs.

Howard's brother and wife, Mr. and Mrs. E.J. Jones of Floydada, visited in her home on Friday.

Mr. and Mrs. Scott Cunningham of Lubbock visited his grandparents, Mr. and Mrs. Billy Moore, Friday night.

Mrs. Carl Echols visited her mother, Mrs. Addie Underwood, in Seymour on Saturday.

Visiting Mr. and Mrs. Ruby Hammons on Sunday were their grandson, Danny Cooksey of Stephenville, and Miss Lisa Thomas of Wichita Falls.

Mrs. Raymond Mercer of Haskell visited her sister, Mrs. A.R. Pace, on Sunday.

Mr. and Mrs. Ruby Hammons visited their nephew, Terry Edwards, who is a patient in the Seymour Hospital, Sunday afternoon.

Visiting Mr. and Mrs. Merle Lambeth during the weekend were Mr. and Mrs. Danny Walton and Lacy, Lawton, Okla.; Mr. and Mrs. Lyndon Thomas and Brandon, Henrietta; Mr. and Mrs. E.J. Jones, Floydada; and Wayne Walton of Wichita Falls. Also visiting in their home last Wednesday were Mr. and Mrs. Vernon Moore of Cleburne.

Mr. and Mrs. Billy Lee Lambeth, Joe David and Anna spent the weekend visiting his mother, Mrs. Gladys Lambeth.

Visiting Mrs. Mayme Fitzgerald Sunday afternoon were Mrs. Maggie Gaines of Munday and Mrs. Linnie Coffman. Mrs. Ruth Fitzgerald of Seymour visited in her home last Thursday.

Mr. and Mrs. Dewitt Green visited her mother, Mr. and Mrs. Roy Campbell, and her sister and husband, Mr. and Mrs. J.W. Simpson, in Graham on Friday.

Cemetery Assoc. Meets

The Goree Cemetery Association met for their regular meeting Thursday evening. The meeting was called to order by the president, Jack Beaty. The minutes were read by the secretary, Mrs. Merle Moore. A motion was made and seconded to accept the minutes as read; motion carried. As there was no new business to be discussed, a motion was made and seconded to adjourn the business meeting. A period of fellowship followed, which was enjoyed by all present.

Everyone who is interested in the upkeep of the cemetery is invited to attend these meetings. The association meets every second Thursday evening at the community building.

Fair and Square!

When you've got a lot on your mind, the last thing you need is to have to worry about who you can depend on and who you can trust.

At Olney Savings, we'll always treat you fair and square. And we'll continue to earn your trust like we've been doing for 58 years.

Come see us soon. Or call and we'll come see you.

CARD OF THANKS

To those who prayed for me, your prayers were answered or I wouldn't be doing as well as I am. The plants and cards I received are beautiful and full of love, and the delicious food that was brought to us I know was prepared with love.

I especially want to express my love and thanks to my family, Pat, Bobby, Mickie and Haley, for taking care of my children. The best way I know to express our thanks to each of you who thought of me and my family is to say we love you and may God bless you.

Phillis Urbanczyk

CARD OF THANKS

Words can't express how grateful we are for friends like you here in Munday and the surrounding towns. You have welcomed us back home with calls, visits, flowers and food. We especially want to thank Louise and Lyle Stodghill for their kindness and hospitality.

We'll never forget you and we love you all. May God bless you all!

Your friends,
Worth and Irene Gafford

CARD OF THANKS

I am deeply appreciative of the concern shown me during my stay in the hospital and at home. Thank you for the prayers, flowers, cards, telephone calls, food and visits. May your kindness return to you tenfold.

Mrs. Iva Reddell

CARD OF THANKS

Thank you so very much for the flowers, food, visits, calls and especially for the prayers during my stay in the hospital and since my return home.

May God bless each and everyone of you.

Jean Alexander
Hoss and Waymon

CITATION BY PUBLICATION

The State of Texas To: NO. 7148
R.J. Duncan, Israel Goldberg, C.C. White and wife, M.C. White, J.D. Anis or Avis, Mary V. Pohner, F.M. Avis, Nancy Bell Hodges, Ella Mims Barrow, if living and if deceased, the unknown heirs, personal representatives, beneficiaries, successors, or assigns, if any, of each, the unknown surviving spouse or former spouses of each, if any, the unknown heirs of any deceased spouse or former spouse, and the unknown heirs of such unknown heirs or other such persons, Defendants in the hereinafter styled and numbered cause:

You and each of you are hereby commanded to appear at a hearing before the District Court of Knox County, Texas, 50th Judicial District, to be held at the Courthouse of said County in the City of Benjamin, Knox County, Texas, at or before 10 o'clock a.m. on the first Monday after the expiration of 42 days from the date of issuance hereof; that is to say, on or before 10 a.m. on Monday, the 28th day of October, 1985, and answer the petition of Bright & Co., a partnership licensed to do business in Texas, Plaintiff in Cause No. 7148, styled Bright & Co. vs. R.J. Duncan, Israel Goldberg, C.C. White and wife, M.C. White, J.D. Anis or Avis, Mary V. Pohner, F.M. Avis, Nancy Bell Hodges, Ella Mims Barrow, et al, in which Bright & Co. is the Plaintiff and the parties herein named as Defendants are Defendants, which Petition was filed in said Court on the 12th day of September, 1985, and the nature of which suit is as follows:

Plaintiff seeks the appointment of a Receiver of the interest(s) owned or claimed by Defendants in the oil and gas leasehold estate in that certain tract of land which is more fully described in Exhibit "A" which is attached hereto and for all purposes made a part hereof as if copied herein word for word with authority to execute and deliver to plaintiff as lessee an oil and gas lease covering the interests in the oil and gas leasehold estate owned or claimed by said Defendants upon such terms and conditions as the Court may prescribe, all as authorized by and in accordance with the provisions of Section 64.091 of the Texas Natural Resources Code.

If this Citation is not served within ninety (90) days after date of its issuance, it shall be returned unserved.

Witness Gloria West, Clerk of the District Court of Knox County, Texas.

Given under my hand and seal of said Court at office in the City of Benjamin, this 12 day of September, 1985.

Gloria West
Clerk of the District Court of Knox County, Texas 50-4tc

ORDINANCE

An ordinance regulating the storing of cotton burrs or any other combustible materials in any quantity creating a nuisance within the Munday City Limits; Also making the violation of said regulation a misdemeanor, and fixing the penalty for violation in the sum of \$200.00, with each day of said violation constituting a separate offense.

ARTICLE 1. General for the purposes of this ordinance, "person" means an individual, corporation, association or any other legal entity.

ARTICLE 2. Purpose of this ordinance is to enact control of storage of cotton burrs or other combustible materials within the city limits of Munday, Texas.

WHEREAS, members of the Munday Fire Department and other citizens has called attention to a fire hazard, also offensive odors, created by cotton burrs stored in large quantities within the Munday City Limits over several months duration;

AND WHEREAS, said cotton burrs and other combustible material stored on lots and acreage within the Munday City Limits creates a hazard to Munday citizens by possibly catching fire and also creating offensive odors;

AND WHEREAS, in order to protect the health life, welfare and

property of Munday citizens, it is deemed necessary that the storing, piling or accumulation of cotton burrs and other combustibles be controlled within the Munday City Limits, now therefore,

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MUNDAY, TEXAS: THAT HEREINAFTER it shall be unlawful for any person to place, store, or pile cotton burrs or any other combustible material on any city lot or acreage within the City of Munday, Texas;

AND FURTHER stating that any person violating this ordinance be charged by the Mayor, City Administrator or Police Department with a misdemeanor and be subject to a fine up to \$200.00;

AND THAT each day of said violation shall constitute a separate offense;

AND WHEREAS, it is found by the Munday City Council that an emergency exists, and further, that it is necessary for the immediate preservation of public health and safety, that this ordinance take effect immediately, an emergency is hereby declared and this ordinance shall become effective as of its first reading and adoption and publication as required.

READ, PASSED AND ADOPTED, this the 10th day of September A.D. 1985.

Doris Dickerson, Mayor
City of Munday, Texas
Attest: Walter M. Hertel, City Sec.
Bobby D. Burnett, City Attorney 50-1tc

NOTICE

The North Central Texas Municipal Water Authority is now accepting bids for the installation of a 5 ton central heating and cooling unit to be installed in the office of the Authority located at 135 N. Munday Ave., Munday, Texas. Specifications may be picked up at the Water Authority office. All bids must be received by this office no later than 5:00 p.m. on October 8, 1985. All bids will be opened at the next regularly scheduled meeting of the Board of Directors on October 8, 1985, at 7:00 p.m. in the Board of Directors room located in the office building of this Authority. The North Central Texas Municipal Water Authority reserves the right to reject any and all bids. All bids should be sent to North Central Texas Municipal Water Authority, P.O. Box 36, Munday, Texas 76371, Attention: Jerry Atkinson. 50-3tc

NOTICE OF APPLICATION FOR FLUID INJECTION WELL PERMIT

Roy E. Ball, 1123 Rosemary, Wichita Falls, Texas 76305, has applied to the Railroad Commission of Texas for a permit to inject fluid into a formation which is productive of oil or gas.

The applicant proposes to inject fluid into the Tannehill formation, Bertha, Mae Haskin Thurman, well number 3. The proposed injection well is located 6 miles NE of Goree in the Golden (Tannehill) Field, in Knox County. Fluid will be injected into strata in the subsurface depth interval from 1692 to 1700 feet.

LEGAL AUTHORITY: Chapter 27 of the Texas Water Code, as amended, Title 3 of the Natural Resources Code, as amended, and the Statewide Rules of the Oil and Gas Division of the Railroad Commission of Texas.

Requests for a public hearing from persons who can show they are adversely affected, or request for further information concerning any aspect of the application should be submitted in writing, within fifteen days of publication, to the Underground Injection Control Section, Oil and Gas Division, Railroad Commission of Texas, Drawer 12967, Capitol Station, Austin, Texas 78711 (Telephone 512/445-1373). 50-1tc

Stains from ballpoint pens can sometimes be removed by sponging the areas with milk until the stain disappears. *****
