KREGG SANDERS, No. 40 in dark jersey, goes up for a shot in the Munday Mogul-Hawley Bearcat game Friday night in the Haskell Kiwanis Holiday Classic. Sanders had 17 points for the Moguls in their 52-46 loss to Hawley. Earlier in the tournament, the Moguls had defeated Roscoe and Weinert, and the Mogulettes fell to Roscoe in the first round. Munday roundball teams traveled to Archer City on Monday and will play in the Jayton tournament this weekend. Look for stats in these games in next week's *Courier*.

County Highway To Be Resurfaced

Almost 74 miles of highways in Collingsworth, Cottle, Dickens, Hall, Hardeman and Knox counties will be resurfaced under a contract approved December 18 by the State Highway and Public Transportation Commission. Caprock Highway Construction Company of Lubbock was awarded the \$990,000 contract.

The work will involve applying a seal coat to the highways to upgrade and protect the surfaces. Seal coating consists of spreading a thin layer of liquid asphalt on the roadway surface, followed by a coating of fine rock chips which sink into the asphalt, making the layer thicker and helping it adhere better.

The process seals the roadway surface to retard the formation of potholes and provides smoother, safer travel lanes for motorists.

Vance Castleberry, the highway department's assistant district engineer in Childress, said the following area highways will receive the seal coat treatment.

In Collingsworth County: US 83 from Farm-to-Market Road 338 in Wellington southward, 7.3 miles.

In Cottle County: US 70 from Paducah eastward, 15.6 miles.

In Dickens County: Texas 70 from US 82 in Dickens to Spur, 9.9 miles.

In Hall County: Texas 86 from the Briscoe County line northeastward, 17.5 miles.

In Hardeman County: US 287

James G. Freeman of Childress is the highway department's engineer directly supervising the work. Freeman said the project, once underway in the spring of 1986, should take about 80 working days to complete, weather permitting.

This work and similar projects throughout the state have been made possible by an increase in highway funding approved by a special session of the Legislature in the summer of 1984.

Christmas Lighting Winners Announced

First place in the Munday Garden Club's Christmas lighting contest went to Rickie and Diane Herring on South 7th Street. They received a Christmas arrangement as grand prize.

Bobby and Ida Jo Owens on South 9th won second place honors and also won a holiday arrangement. Tying for third place were Earline Kuehler on West Eden and Bucky and Beverly Decker on Irving. Both of these winners received miniature sleighs filled with candy.

Judging for the contest was done by out-of-town volunteers, and the prizes were provided by the Munday Garden Club.

Gilliland Jamboree To Be Held Saturday

The Gilliland Jamboree will be held Saturday, January 4, at the Gilliland Community Center. Entertainment will begin at 6:30 p.m.

All area musicians and their fans are urged to attend. Refreshments will be sold.

What We Remember: 1985 In Retrospect

As the first seconds of 1985 ticked off the clock in Munday, Texas, football fever was just beginning to subside in town after the Moguls won a state championship in that sport. The waning moments of the year drew to a close another football season, in which the Moguls fell one game short in their quest for a second crown. But, as in 1985, basketball stepped in to get everyone's spirits on another high as the Moguls continue their winning ways.

And for those not so interested in sports, the year of 1985 was one in which Munday citizens saw changes in their school campus and the home of our city government. Academic emphasis was brought into prominence as local students won the district UIL meet, and band members showed that music is another prize-winning study at our high school.

From beginning to end, the year was filled with action and events, and as we embark on a new year, here is a recap of the one just past to refresh your memory of what happened worth mentioning in 1985.

JANUARY

The Munday Ambulance Service added a heart monitor and recording machine to its life-saving equipment during this month, and new officers for the service were elected. Kacy Longan won grand champion honors in the Miller-Brazos Soil and Water Conservation District's poster contest for the second consecutive year, and Mary Jane Kuehler took first place in the essay contest.

Six Munday band students earned seats on the All-District band, and Todd and Tyler Thompson won trophies in sheep and swine divisions of the annual Knox County Junior Livestock Show. Jason Zeissel and Angie Partridge won reserve and showmanship honors in the beef show.

Mogul Greg Urbanczyk was named first team All-State defensive lineman, and Jim Earl Dockins was named Area Player of the Year on Defense. Todd Thompson, Neil Waggoner, Hollis Adams and Dent Offutt won spots on the All-Area teams, and coach Jim Edwards was named Coach of the Year. Both varsity basketball teams began their seasons with several wins, even though they started later than other teams in the district.

Four Knox County residents were among six arrested on drug charges at a Seymour cafe. An estimated \$2,000,000 worth of marijuana was confiscated at the scene.

David Williams came to Munday as minister of youth and music at the First Baptist Church, and Knox City resident David Neil Perdue took office as the county judge.

FEBRUARY

The controversial school reform bill, HB 72, and a consolidation measure were in the forefront of the news in early February. A group of Munday citizens traveled to Austin to talk with legislators about their objections to the bills. Two local businesses, Clarice's and the Carousel Beauty Shop, were renovated for a new look.

The local fire department and ambulance service were made \$1,000 richer by the generosity of the Knox County Hospital Auxiliary. These two agencies were pressed into service when an accident on the curve of Highway 277 injured six persons, none from Munday. Jeannette Navarrette, Alexis Bordovsky and Janet Williams won sewing awards presented by the local Ben Franklin's store.

Wives and other family members of Munday volunteer firemen formed a ladies auxiliary, with Pam Reed being elected the first president. Munday's Gym-Dandeez tumbling team hosted a gymnastics meet and won the team trophy. Daniel Martinez was seriously injured in a falling elevator at Carden Plumbing and Electric.

Moguls and Mogulettes advanced to post-season playoffs as cham-

pions of the district and area, and the Mogulettes were 45-41 losers to Priddy in the first round of the area tournament.

MARCH

The Moguls were in the limelight again after their three-game sweep of the regional basketball tournament in Stephenville. But the team failed to win a second state championship in one school year when Nazareth defeated them 44-42 in the first game of the state tourney. Janet and Laura Myers, Dent Offutt, Gregg Sanders, Tim Collier and Frankie Stinnett were chosen for All-District honors, and Offutt made second team All-State. David Milson was named area Coach of the Year.

Gary Decker was voted to the presidency of the Munday Chamber of Commerce and Agriculture. Other officers were Jim Cottingham and Lyndle Reeves. Munday gymnast Alicia Cook participated in an invitational gymnastics meet in Montreal, Canada late in the month. Five local firemen, Don Haynie, Melvin Cypert, Jessie Andrade, Mickey Jackson and Daniel Ramirez completed the hours required to earn their firefighter certification.

Larry Sweatt of Wichita Falls submitted the landscaping plan to be used in planting trees and shrubbery around the new city hall. The winner was announced at a variety show held to benefit the city's Sesquicentennial project. The school's one-act play, a comedy based on the Uncle Remus tales, was performed before a very appreciative home town audience before winning the district contest. Jay Donoho, Russell Smith, Pam Welch, Salwa Choucair and Kelly Wren won individual honors at the district performance.

The Pour House was opened on the east side of the city square featuring plaster crafts and a small dining area. Jerry Burleson was named administrator of the Knox County Hospital. Munday track teams kept filling the trophy cases with more awards for track and field competitions in the area.

APRIL

Stanley White of Stephenville kept the audience in stitches as guest speaker for the Munday Chamber of Commerce and Agriculture's spring banquet. Awarded Citizens of the Year honors were the Munday Moguls; Coach Jim Edwards accepted the plaque from outgoing Chamber president Ronnie Baker. Munday High School won the district UIL academic meet, sending 12 students to the regional contest.

Phillip McAfee, John Reneau and Dan Offutt won spots on the Munday ISD board of trustees, and Garon Tidwell, Jessie Andrade and Jessie Tucker were elected to the city council. Dr. Shirley Barretto, M.D., joined the county's medical staff, and local residents heard a proposal from the State Department of Highways and Public Transportation to construct a four-lane highway from the east city limits of Munday to the Haskell County line.

Munday athletes continued to chalk up wins as Janet Myers and Holly Hutchinson teamed up for the doubles trophy in tennis at district competition. The one-act play cast advanced to the regional performance, and the golf team placed second in district and also advanced to regional action. At the district track meet, the Moguls and junior high girls took championships in their division, and the Mogulettes and junior high boys placed second. A total of 18 varsity athletes qualified for regional meet.

As the Soil and Water Conservation District board held their annual awards dinner, the very soil the agency tries to protect was pummeled by a severe rain and hailstorm that covered a wide area. Rainfall over a three-day period totaled 5.38 inches.

(See 1985, Page 2)

W.T. CARTWRIGHT, at left, Benjamin postmaster and businessman, was a guest at the Knox County Courthouse employees annual Christmas dinner on Friday, December 20, at which time Judge David Neil Perdue presented him with a certificate of appreciation on behalf of all who enjoy his splendid display of Christmas decorations during each holiday season.

Local Man Watches U.S. Navy In Action

Philip Homer of Munday recently participated in a public relations program sponsored by the U.S. Navy, and he was very impressed by the manner in which this branch of the Armed Service does its job.

In the program, the Navy arranges for male relatives of servicemen to sail together on a short voyage designed to demonstrate the way of life aboard ship. Homer sailed with his son, Steve, on the USS Cook from Pearl Harbor on Saturday, December 14, docking at San Diego, California on December 21. Twenty-five persons participated in this program on the USS Cook.

The Cook is a fast frigate manned by 265 sailors and is part of our submarine defense fleet. It traveled in a group of 14 ships including an aircraft carrier and several supply ships. A number of planned maneuvers were conducted during the trip, and the men involved in the special program saw planes taking off and landing on the aircraft carrier and dropping bombs on dummy targets, then flying in formation over the ships. The ships refueled, Homer said, on the move in an extremely smooth transfer from the supply ship.

The guests were taken on a very thorough tour of the ship, Homer said, and were allowed anywhere on board. They could also ask any questions they wanted, but the

ship's officers sometimes said they could neither confirm nor deny statements on certain subject matters. The Tigers, the name given to the men on the special voyage, also saw a Russian intelligence ship while at sea.

Homer admitted to a touch of seasickness early in the trip, but said it didn't mar his enjoyment of the voyage. He was favorably impressed with everything he saw aboard the ship, and commented, "These men are proud of our Navy. They are doing a peacetime job in a serious manner."

Prior to leaving from Pearl Harbor, Homer and his wife, Helen, had spent a week on the islands of Maui and Oahu, where they enjoyed beautiful weather and took part in a number of activities.

Patterson Candidate For Re-Election

Lee Patterson, commissioner of Knox County Precinct 4, has announced to the *Munday Courier* his intentions to be a candidate for reelection to this office subject to action of the voters in the May primary.

He asks the support and influence of voters in Precinct 4 and added that he will issue a formal statement at a later date.

What will the new year bring? No one knows yet. But the staff of the *Munday Courier* would like to take this opportunity to wish each of our readers and customers a very nappy, healthy and prosperous 1986, and we hope you will continue to read and trade with us. Happy New Year!

Mrs. Murdock Is Buried At Hefner

Opal Mae Jackson Murdock, 75, of Seymour died Tuesday, December 24, at the Seymour Hospital. Funeral services were at 2 p.m. Thursday, December 26, at the First Baptist Church in Seymour with Rev. Joe Ainsworth, pastor, officiating. Burial was in the Friendship Cemetery at Hefner under direction of Archer Funeral Home of Seymour.

She was born February 22, 1910, in Hefner and married J.T. Murdock March 5, 1928, in Seymour. A longtime resident of Hefner, she and her husband had lived in Seymour since 1980, and she was a member of the First Baptist Church.

Survivors include her husband; a daughter, Gloria Kinnaird of Houston; a son, Mackey Murdock of Garland; two sisters, Fay Oliver of Fort Worth and Goldia Smith of Wichita Falls; four grandchildren and three great-grandchildren.

1985 (Continued From Page 1)

Munday residents were saddened by the death of local businessman and Munday native Hugh Beaty, who died April 23.

MAY

Carol Pennartz and Ron Redder were named valedictorian and salutatorian, respectively, of the graduating class of 1985 at Munday High School. Denise Kuehler, Angie Partridge and Scott Hutchens were top students in the eighth grade class. Munday bands presented their annual Musicade with Holly Jackson, Alexis Bordovsky, Christy Morgan, Kathy Byard, Mark Brown, Bobbie Toliver, Beverly Decker, Rhonda Redder, Beth McPherson, Ann Parker and Robin Reneau winning awards.

Annette LeFevre was named Star Chapter Greenhand of the FFA chapter, and Douglas Schumacher took Chapter Farmer honors. Robin and Missy Reneau won first place at the Rolling Plains District Fashion Show, and Janet Myers, Kelli Smith, Mary Jane Kuehler, Donna Welch, Dent Offutt and Randy Kuehler were award winners at the all-sports banquet.

Munday athletes breezed through the regional track meet enroute to the important state match, which the Moguls won with 62 points for their second state championship of the school year. The Moguletta 800 meter team also participated at state. Goree school trustees announced their decision to cancel the football program in that school for the '85-86 year.

A large crowd attended an open house for Munday's new city hall and Henry Dancer was hired as police patrolman. Twenty-one eighth graders and twenty-two seniors received diplomas at graduation ceremonies. The Munday Little League celebrated its 30th birthday, and local residents were hard at work on the upcoming Vegetable Festival.

JUNE

The Allsup's store in Goree was robbed at gunpoint, and two weeks later a truck-car accident blocked traffic on Highway 277 in Goree. A woman believed to be involved in the robbery is being held in the Knox County Jail at this time.

The Knox County Vegetable Festival was a rousing success, with guests from all over the state coming to buy and participate. Kelli Smith and April Lucas of Benjamin were crowned winners in the queens pageant. In another crop area, a bumper wheat crop was harvested in the area in record time. Last minute harvesting and plowing were delayed when a four-inch rain fell early in the month.

Angie Partridge won third place in the state 4-H food show, and Munday Florist was opened on the city square. Bob McWhorter was elected president of the Munday Lions Club, and word was received that Knox County was no longer being considered as a low-level radioactive waste disposal site.

JULY

Little Leaguers from Munday, Knox City and Seymour played in a tournament in Munday won by the

hometown team. In the district tournament, also held here, Munday lost in the first two rounds. Also playing were Haskell, Graham and Burk-burnett.

Ray Hunter was called to accept the minister's position at the Munday Church of Christ and Randy Burks resigned as girls' basketball coach at the local high school. State representative Steve Carriker held a town meeting here, and Mogul Greg Urbanczyk played in the Texas All-Star football game at Texas Stadium.

Kacy and Andrea Longan won second place prizes at the district 4-H home designer contest in Haskell, and Missy and Jae-Jae Reneau, Angie Partridge and Leah Boone of Knox City won ribbons for their 4-H record books at the district level.

AUGUST

Former resident Don Bunton returned to Munday to assume a partnership in Smith Drug and Gift. Bill Montgomery was hired by the school system to replace Randy Burks, and the first state high school football polls rated the Moguls number one.

Work was completed on the city water tower, which was painted to commemorate the Moguls' state championship with money raised by donations. The team began its two-a-day practices and scrimmaged Class AA Hamlin before school began.

The Knox County Chapter of the American Heart Association was reorganized with Ernestine Dickerson as president. Joe Jones was employed as plant manager at General Shelters, and Congressman Beau Boulter spoke at a community meeting sponsored by the Chamber of Commerce and Agriculture.

Munday citizens turned out in force for the semi-annual Bloodmobile, meeting the city's goal for the first time ever. Seventy-six persons presented themselves to donate blood, and each specified that their blood be used to help Phillip McAfee in his fight for life.

SEPTEMBER

School began in Munday with a slight increase in enrollment. Open house for the newly renovated elementary school and new junior high classrooms and band hall was held to the approval of the general public. Trustees announced plans for a track field to be constructed for use in 1986.

Coyt Smith was hired as patrolman for the police department, and Jana Thompson became the new librarian for the Munday City-County Library. Pete Beecher retired from the North Central Texas Municipal Water Authority, and Jerry Atkinson of Goree was named as his replacement. Beecher died soon afterward.

The Moguls began their season with a 33-0 shutout of Haskell and followed with wins over Hawley and Rotan. One of their biggest fans, Munday native Phillip McAfee, died September 22 after a long illness.

The new fire station was put to good use as the fire department hosted the 104th semi-annual convention of the West Texas Firemen and Fire Marshals Association. Ted Jordan, vice-president at the First National Bank in Munday, resigned to assume the presidency of the Wellington State Bank.

OCTOBER

The first really cold weather of the fall hit early this month but was shortlived. Residents in some low-income areas of town were made happy by the announcement that Munday had gained approval for a \$400,000 Community Development grant aimed for paving on designated streets.

Heart Association members geared up for their Turkeywalk, while Dr. Joe Mendoza of Seymour began practicing at the Munday Medical and Surgical Clinic east of town. Additional land was purchased by the Johnson Cemetery for future expansion.

The Moguls continued their winning streak, eliminating Anson, Knox City, Windthorst, Throckmorton and Chillicothe. The Purple Cloud band won a superior rating in the district marching contest and prepared to march at regional com-

petition. Sophomore twirler Christi Nelson also won a first division rating.

More wins were recorded by local 4-H'ers; several members of the Munday club won awards at the county 4-H food show, and all county clubmembers were honored at the annual achievements banquet. Leah Boone of Knox City and Jae-Jae Reneau of Munday won Gold Star recognition, and Ronnie Cude of Munday was presented the Meritorious Service award. The Munday Extension Homemakers won plaques for highest club participation and highest attendance at the annual Homemakers Achievement Day.

NOVEMBER

Officers for the Munday United Fund were announced early in the month, and the yearly fund drive began with Dr. A. Dale Selzer at the helm. The Munday City-County Library received a computer for library and customer use. Six sophomores were inducted into the National Honor Society at MHS, and the band was chosen as a state alternate at regional marching competition.

The Moguls wiped out Archer City and Bryson for their final district victories. At halftime of the Bryson game, Salwa Choucair and Todd Thompson were named football sweetheart and hero and Mark Brown and Tammy Decker were crowned band king and queen. Also recognized were senior Moguls and band members. The next week the Moguls defeated Valley in the first round of the playoffs, and Valley View couldn't stop Munday in bi-district action.

Angie Partridge won the senior breads and cereals division at the district 4-H food show, earning the right to compete in the state contest for the second consecutive year. Munday firemen received a new truck, and unseasonal weather sent farmers into the fields to begin stripping cotton. Munday was featured in an article in the *Philadelphia Inquirer* after a reporter spent two days looking into the effects of the no pass-no play ruling on a

championship team.

Two longtime residents of Munday, Donald Hobert and Joe Lane, passed away in November.

DECEMBER

Announcement was made that landscaping at the Munday City Hall has been completed until next spring. A number of trees were donated by local citizens as memorials. Edwin Johnson of Munday showed the grand and reserve champion in-shell pecans at the second Knox County Pecan Show. Lee Patterson of Goree had the reserve champion shelling pecan.

After an uncommon amount of publicity surrounding the Munday-Wheeler game, the Moguls fought for a costly victory over the Mustangs, losing quarterback Dent Offutt in the process. A hungry and hardhitting Goldthwaite team ended the Moguls' season a week later, then went on to take the state grid crown. Basketball jumped into the forefront of sports action with varsity, junior varsity and junior high teams recording wins. Nine Moguls were on the All-District list announced mid-month.

Alexis Boraovsky won a seat in the All-District band, and MHS juniors scored high above the national average on the mandatory TEAMS tests. Santa Claus came to town and was a big hit at the local

elementary school and a huge crowd attended the community Christmas program sponsored by the schools.

Two more old-timers, George Reidenbach and Boyd Meers, were buried in December. *****

Visiting Mr. and Mrs. Lonnie Offutt over the Christmas holidays were the George Offutt family of Clarksville, Dr. and Mrs. Frank Eggleston of Houston, Mr. and Mrs. Joe Offutt, Aaron and Jacob, of Arlington and the Dan Offutt family of Munday. *****

Visiting in the home of Earlene and Perry Kuehler and Opal Brewer during the Christmas holidays were Frances Strickland and Willie Dee Hill of Pasadena, Texas, Mr. and Mrs. Kenneth Stubblefield, Bob Phillips of Dallas, Kelly and Brad Stubblefield and Cathy, of Denton, Mr. and Mrs. Gregory Kuehler and Allen of Knox City, Mr. and Mrs. W.G. May of Rule, Mr. and Mrs. Jerry Vain, Nathan and Tess, of Goodning, Idaho, Chaney Brewer of Buhl, Idaho, Rama Lee Fraizer of Haskell, Tonya and Keith Kuehler, Collis and Ernestine Michels, Ronald and Donald of Munday.

Mr. and Mrs. Chester Lain

Chester Lains Honored On Golden Wedding Anniversary

Mr. and Mrs. Chester Lain of Munday were honored with a reception held Sunday, December 22, at the Munday Community Center in observance of their fiftieth wedding anniversary. Hosts for the occasion were their children and grandchildren, Patsy, George, George Jr., and Sheryl Spann of Ennis, Danny, Judy, Trevor and Leigh Lane of Knox City and Sharon, Jim, Jason and Shannon

Eicke of Bell Ranch, New Mexico.

Lain and Annie B. Reagan were married December 21, 1935, in the old Methodist parsonage in Munday by Rev. G.S. Slover. Their attendants were Joe and Leona Voss. They farmed in the Sunset community the first few years of their marriage, and in later years Lain was a tractor mechanic for the late Fred Broach and for Lee Parks and Gene Woods. The couple are members of the Gillespie Baptist Church.

Granddaughters Leigh Lain and Shannon Eicke registered 79 guests at the reception. Another granddaughter, Sheryl Spann, served golden punch while a daughter-in-law, Judy Lain, served the anniversary cake.

Out-of-town relatives and friends attending included Virgie Fitzgerald and Hazel Jungman of Colleyville, Walter and Mary Ellen Warren of Fort Worth, Mr. and Mrs. Gene Hodges and Mark Ellenberger and daughter of Poolville, Mr. and Mrs. Gail Gaynor and Louise and Bill Reagan of Wichita Falls; Joyce King and son, Tim, of Houston; Sue and Paula Duncan of Lubbock; Virginia Jackson and Lucille Willis of Abilene; Mr. and Mrs. L.C. Guinn of Knox City; W.D. West, Mr. and Mrs. C.W. Lain and Vera Cluck of Seymour;

Also, Mr. and Mrs. Bill Harmon of Robert Lee, Rev. and Mrs. K.E. Woolley and Rev. John Trice, Jena and Joshua, of Benjamin; De De Brown of Ennis and Bud and Mildred Offutt of Weinert.

Visiting in the home of Mr. and Mrs. James Merrell and Shawna during Christmas week included Mr. and Mrs. Clyde Peterson of Arlington, Mr. and Mrs. Claude Cas and daughters, Jeana and Johna Brawley, all of Lubbock; Tracy and Stephen Simpson and Mrs. Lorena Huber, all of Anson; Dude Merrell of Estelina, Dave Merrell of Anson, Mrs. Deleita Sechrist, Sandra and Tammy of Fort Worth and Greg Sechrist and friend, Regina, also of Fort Worth.

CANDY AND SOFT DRINKS HIT PEAK CONSUMPTION

Although Americans seem to be more interested in diet and nutrition than ever before, we're also consuming record amounts of candy and soft drinks.

For example, the consumption of chocolate is higher today than at any time in the past ten years. In 1984 Americans ate 2.2 billion pounds of chocolate - that's nearly 10 pounds of chocolate chips and candy bars for each person! We're eating other kinds of candy too. The U.S. Commerce Department says that in 1984, about nine pounds of candy per person was sold in this country.

Government reports also show that more than 50% of the population consumes carbonated soft drinks, and that the use of soft drinks has increased greatly during the last 15 years. A nationwide food survey showed that soft drinks consumed per day increased with age to 24 years, then declined with increasing age after that. For diet soft drinks, average consumption peaked at 19-24 years for women and 45-54 years for men.

The survey also showed that for children 10 years and younger, the evening meal was the common time and place for a soft drink, followed by between meals and then school.

Candy and regular soft drinks are sources of calories, but few nutrients. People who can afford the extra calories and who don't use sweets as a replacement for nutritious food can enjoy these treats without thinking much about it. But those of us who are truly calorie and nutrition conscious may need to keep more careful watch on the candy and soft drinks we consume.

BATTLING THE BLUES AND DEPRESSION

Depression can strike anyone, but it never comes without reason. It can start with sadness or ordinary "blue" feelings, feed on itself and deepen rapidly.

At the onset of depression, a person may feel lonely, isolated and not in control of his or her own life. The death or loss of a person, a goal or a self-image seem to be prime triggers for depression.

The depression of one family member will affect others in the household. That's one reason why the family's help is a necessary part of the recovery process.

If you or one of your family members experiences depression, you should consider the following strategies for coping:

- Have a physical examination. Some depressions have biochemical causes.
- Keep physically fit by eating properly and exercising regularly.
- Face problems at home and at work realistically. Worry only about the things over which you have control.
- Get adequate sleep and allow for regular rest periods and vacations.
- Get your life in order. Routines and organization are often lost during depressed periods.
- Work on your appearance. During depressed periods, you may have "let yourself go."
- Have fun and laugh.

By taking some of these actions, the depressed family member can begin to move off high center and feel more in control.

However, not all depressed persons may be able to take these actions on their own. In that case, a physician or mental health professional can help your family member work through the problem.

MAKE FITNESS YOUR NEW YEAR'S GOAL

Some people say that New Year's resolutions - like diets - are made to be broken. If that were the case, a resolution to lose weight would be

doomed.

But if you're serious about becoming fit and shedding extra pounds, it doesn't have to be that way. Applying some goal-setting techniques can help you fulfill this New Year's resolution.

A goal states specifically what you want to have, get, do or be. It's not enough to say you want to change the way you eat and exercise. What and how do you want to change? Do you want to snack less? Get daily exercise? Feel better and have more energy?

Avoid setting your goals according to the values of others. Your friends may want you to lose weight for appearance sake, but perhaps your real concern is improving your health. You'll have a better chance of reaching goals that are based on what's more important to you.

Put your weight and fitness goals in writing. This will help you move from having a vague wish for the future to making a commitment.

Set both short-term and long-term goals. Reaching short-term goals will give you a feeling of success as you move along and contribute to your long-term goal. So, for example, if your short-term goal is to get some exercise every day this week, accomplishing that will help you reach your long-term goal of making exercise a habit.

State your goals positively and visualize yourself having already achieved each goal. For instance, instead of "I would like to get more exercise," your goal might be better stated "I am walking for 30 minutes each day after work, and it's adding relaxation and exercise to my life."

Finally, set some target dates for reaching your goals -- but be realistic. The goal of fitting into a size smaller clothing may not be a realistic one for the next week, but could be a goal for six months from now. Target dates can create a challenge within you and help you think and act with a sense of urgency.

TIPS FOR DISHWASHER AIR DRYING

Save energy while achieving maximum performance from a dishwasher by air drying dishes. Load dishes properly for effective drainage; use a rinse agent and sufficiently hot water; allow several hours or overnight for drying.

A rinse agent lowers the surface tension of water so it sheets off surfaces to speed drying and reduce water spots. Water temperature needs to be at least 130 degrees F in the dishwasher. Purge the water line by letting the hot water faucet closest to the dishwasher run until water is hot. Finally, proper loading prevents contact spotting and incomplete drying.

You can air dry dishes even if your dishwasher does not have an energy-saving air/no heat cycle. Simply advance the dial after the final rinse to the "off" position.

Retired Teachers Celebrate Holiday

Members of the Knox County Retired Teachers Association held their Christmas meeting on Tuesday, December 17, in the Shamrock Cafe in Munday. Fourteen members were present and enjoyed a salad buffet.

Members from Munday were hostesses and served an assortment of Christmas candies following the meal.

There will be no January meeting for the association. Mel Reed of Snyder will present a special Texas program in February.

Mr. and Mrs. Leon Looney and Cindy, and Whitney Owens, all of Garland, and Ronnie Hardin of Post visited Mrs. Daisy Gaither during the Christmas holidays.

★ BENJAMIN NEWS ★

By Mrs. Gladene Green

Well, Christmas has come and gone and we hope you all had a nice one. We did. Of course, our holiday was saddened by the death of two of our local citizens. Our deepest sympathy to the families of Micky Driver and Beth McCanlies.

In our household, things seem to be looking up. Van is feeling much better these days and a special thank you to all who have showed concern for him in any way. We ask that you continue to remember him in your prayers and our special prayer for each of you is that the coming year will bring you much health and happiness.

HERE AND THERE

Much visiting has been going on the past few weeks around Benjamin. No way to get it all in one week, but will have a lot of it.

Christmas guests in our home were Ruby Wynn, Rick, Diane and Jeff Herring and Gordon and Debbie Taylor, Becky and Cody, all of Munday, also Scott and Melissa Taylor of Paducah and Charles, Bonnie, Steven and David Yeager of Vega. Other holiday week visitors have been Jeff Christopher of Crowell, Bobby, Gail and Brady Cerda of Quannah, Maxine and Sandra Nelson of Fort Worth, Jimmy Green of Guthrie, Gary Hamilton of Azle, David Ervin of Fort Worth, and Michael Driver of Albuquerque, N.M.

Christmas guests of Earlene Meinzer were Rick, Patsy and Trapper Meinzer of Munday, Buck Meinzer of Seymour, Joe David Meinzer of Lubbock, Dee Dee Meinzer and little Buck of Tulsa, Okla. and Wyman, Sarah, Hunter and Pate Meinzer of Benjamin.

Terry and Dee Ann Cartwright of Lakewood, Colo. were Christmas guests of his parents, Dub and Jo Cartwright, and his brother and family, the Tracy Cartwrights.

Rhonda Kimmel and family of Savoy spent Christmas with relatives here.

Christmas guests of Clodell Duke were Ken, Gaye and Mark Roberts of Hereford, Mary, Darrell and Mike Sawyers of Hamlin, the Butch Dukes of Levelland, Denny, Sue, Will and Marci McCarthy of Iowa Park, Jan Pollock of Benjamin, Polly Marion of Knox City, Don Roberts of O'Brien, and Wendy and John Matus of Megargel.

The S.L. Milsons had their children, the Shane Milsons of Odessa, the Kermit Woolleys of Spur, George and Kelly Slade of Austin and David and Val Milson of Munday. The Woolleys also visited his parents, Rev. and Mrs. K.E. Woolley.

FARM AND RANCH REPORT
David Tunmire, County Agent

PLAN NOW FOR 1986 FERTILIZER NEEDS
Farmers should not wait until next spring to begin planning their crop fertilization programs. By collecting soil samples now and having them tested, crop producers can get a jump on next year's production. Testing soils this fall offers several advantages:
--Samples can be collected after harvest when seasonal work loads decrease and production problem areas in fields can be identified more easily for specific sampling.
--Farmers can avoid the typical spring rush in the soil testing laboratory.
--Test results will be back in time to purchase needed fertilizer when costs are at a low point instead of waiting until spring when prices will likely be somewhat higher.
During these economically stressed times, it is a natural tendency to want to reduce production costs by reducing or eliminating fertilizer usage. However, it is not wise to make such a major decision without the benefit of a soil test. If a soil test indicates that fertilizer is needed to attain a desired yield goal, its use is strongly recommended.
To help the crop producer monitor carryover nitrogen levels in the soil, the Texas Agricultural Extension Service soil testing laboratories at College Station and Lubbock are routinely analyzing soils for nitrate nitrogen. This analysis determines the amount of available nitrogen present in the soil, which is then subtracted from the amount of nitrogen required to reach a desired yield goal. This reduced nitrogen recommendation results in a direct savings to the producer without sacrificing yield.
A soil test also will determine which nutrients other than nitrogen are deficient in the soil for a particular crop so the producer can fertilize to supplement the soil supply. It's only profitable to supply nutrients required and in sufficient quantities for a specific crop.
There is no substitute for knowing what your soil bank nutrient balance is as you start planning next year's cropping program. Soil testing can provide an economical means of determining your soil's nutrient status and can help you make those major economic decisions with greater confidence.

PROBLEMS IN CATTLE ON SMALL GRAINS
A lot of cattle are now grazing small grains, and cattlemen need to be aware of three potential problems that might develop. Nitrate poisoning, grass tetany and bloat are three major problems that afflict cattle grazing on small grain pastures.
Nitrate poisoning occurs mainly during cloudy, overcast conditions. Under such conditions, nitrates accumulate in plants instead of being converted to protein. Plant stems contain more nitrate than leaves, so nitrate poisoning is more of a problem on heavily grazed pastures.

Hay or grain supplements enable cattle to tolerate higher levels of nitrate than those on pasture only. Splitting nitrogen fertilizer applications may also help prevent nitrate poisoning on small grain pastures. But the safest way to protect animals is to remove them from the problem pastures until plants resume normal growth.
Grass tetany is more of a problem in older cows during early stages of lactation. The condition is associated with low blood magnesium. High levels of protein and potassium that are common in small grain pastures may either depress an animal's digestion of magnesium or increase its excretion of magnesium, resulting in inadequate blood magnesium levels.
Grass tetany occurs more frequently on heavy, high potassium soils, so producers should avoid applying excessive amounts of nitrogen and potassium fertilizer. Fertilizing with magnesium to increase the magnesium content in plants is not practical. The most practical step to prevent grass tetany is to supply a palatable mineral containing 6 to 15 percent magnesium.
Bloat occurs when an animal cannot rid itself of gas produced in the rumen during normal digestive processes. Normally, bloat is not as much of a problem on grass pastures as it is on legumes, such as alfalfa. However, young fast growing grasses high in protein and low in fiber also can cause bloat.
The chemical agent poloxalene provides effective bloat control if animals get it in adequate amounts - 1.5 to 2 grams per 100 pounds of body weight. However, the supplement used should contain no non-protein nitrogen such as urea and little natural protein since this will only aggravate the bloat problem.
One effective way to deal with bloat is to remove cattle from bloat producing pastures and to feed hay or a combination of hay and grain until pastures can grow and become more mature.

CARD OF THANKS
I would like to express my thanks to all the friends who called about me and the ones who visited me while I was in the hospital.
May God bless you.
