## JV Tourney Slated Here

Junior varsity basketball teams from Munday, Benjamin, Knox City, and Throckmorton will be participating in a basketball tournament at the local gym Saturday, January 11. Games will be played throughout the day.

Munday and Benjamin girls will kick things off at 9 a.m., with Munday's freshman boys to take on Throckmorton at 10:15. The 11:30 game will feature Knox City and Throckmorton girls, and Knox City and Munday junior varsity boys will play at 12:45.

Consolation games are set for 2 and 3:15 p.m., with the girls' final at 4:30 and the boys' championship at 5:45.

Local fans are urged to attend these games and support the teams involved.

## Purchase Windbreak Trees From SWCD

Individuals wishing to purchase trees for windbreak plantings are reminded that the deadline for placing orders with the Wichita-Brazos SWCD is just a few short weeks away.

"We have had good participation in the program this year," states Jerry Pearce, district conservationist. "We are sold out of the Bur oak and container grown Afghanistan pine. However, we still have adequate supplies of other evergreens as well as pecan for those wishing to put their order in."

The final date for placing an order with the conservation district is February 1, 1986. This will allow enough time for any needed adjustments in supply before the delivery date. Order forms and information concerning windbreak plantings may be obtained at the Soil Conservation Service office at 1101 East Main in Knox City, or by calling 658-3526 on weekdays.

## Clerk Gloria West Asks Re-Election

Gloria West, county and district clerk for Knox County, has announced to the *Munday Courier* that she will be a candidate for re-election to this office in the May primary.

First elected to her post in 1978, Mrs. West asks that voters reflect upon her past record and give her their support and influence. A formal statement will be issued later.

## Basketball Teams See Much Holiday Action

This is an important week for Munday basketball teams, as district play began Tuesday night when Weinert teams came to town for varsity contests. After playing ten games each, the Moguls own a 6-4 record, and the Mogulettes are 4-6.

Both teams logged wins against Newcastle on December 20. Five Moguls scored in double figures in their second game of the season for a 68-58 victory, and the girls upped their season record with a 67-13 flogging of their opponent. In the

**MUNDAY FIREMEN WERE CALLED** twice last week to the Rhineland Co-op to put out fires at the gin. Several modules caught fire on Thursday, but gin manager Gary Wilde said firemen were able to put the fire out and the cotton was ginned. But in the second fire on Saturday, two trailers holding about eight bales of cotton were lost. Wilde said they suspected sparks from a tractor exhaust pipe were the culprit in the blazes.

## County Seat Planning For Sesquicentennial Events

*(Editor's note: The information for this article was submitted by county Sesquicentennial chairman Janice Tolson and Benjamin mayor Vernon D. McCantles.)*

The Texas Wagon Train, in conjunction with the Sesquicentennial celebration, has begun its travel over the state. The train left the Civic Center in Sulphur Springs on January 2 and will end its journey at the Fort Worth Stockyards on July 3. The train will be in Benjamin June 1 and 2, leaving on the morning of June 3.

The Sesquicentennial Association asked the Benjamin City Council for 100 acres on which to camp the 150 wagons and 300 horseback riders - approximately 700 to 800 persons - with wood at the campsite, a first aid station and a sheriff's department escort. Charles Durham of the Spike Box Ranch has agreed to let the wagon train camp on the ranch while in Knox County (the Spike Box is the former McFaddin Ranch west of Benjamin).

Benjamin will also be the site for a county Sesquicentennial celebration July 25 and 26 on the courthouse square. These dates will officially mark the states' 150th birthday and 100 years of existence for Knox County and Benjamin. Janice Tolson was appointed by the Benjamin city council as spokesperson, and she said that committees have been formed and a called meeting will be held later to plan the Sesquicentennial events and get ready for the wagon train camp.

The Benjamin city council is asking residents of that town to make Benjamin a prettier place for the visitors by cleaning up residential and vacant lots. The ag department at Benjamin High School has volunteered to paint trash barrels with a 100th birthday insignia for \$1.50 per barrel. The cost will purchase painting supplies, and the department will pick up and deliver the barrels. Persons wanting to take

advantage of this offer can contact Homer Rolston to obtain a barrel or Dick Dickson at the school to have the barrel painted.

The Benjamin Fire Department will help burn off lots or old buildings; contact Tracy Cartwright to be placed on a list of those needing assistance. Benjamin mayor Vernon D. McCantles asks that all cleanup activities be completed by March 1.

## Farmers Not Getting Rich On 1985 Cotton Harvest

Cotton harvest in the Munday area is almost completed, and the 1985 crop made a little better than had been expected, although a low

## Abilene Cotton Classing Report

Cotton farmers have practically completed the 1985-86 cotton harvest in the Texas Rolling Plains. Cotton can seldom be seen still on the stalk. Ginning has been completed in a few early areas, but will be continued at least an additional two weeks. Production has been high, more than doubling that of the previous season. B.B. Manly reported that samples from 497,000 cotton bales had been classed at the USDA Cotton Classing Office in Abilene through January 2.

Local cotton prices were steady during the past week. Bid prices ranged from two cents per pound over Commodity Credit Corp. loan rates to bids near the loan, with most offers around one cent per pound over CCC loan values. Trading has been light with loan entries heavy. Demand continued moderate to mostly light, being stronger for low physical price cotton. Grade 52, staple 31 or 32, mike 27 to 32 was the quality in strongest demand. The supply was heavy for all qualities except low micronaire and high strength cotton. Cottonseed prices paid farmers at gins were mostly 55 to 65 dollars per ton.

Recently classed cotton was comparable in quality to early season ginnings. Micronaire was slightly lower and there were slightly fewer grade reductions for bark. Grades have been 87% light-spotted, 12% white, and 1% spotted this season, with grade 42 predominant at 48 percent. About 31% has been reduced in grade because of bark or grass. Fiber length has averaged 32.4 for the season. Micronaire readings have been 87% within the 35 to 49 range. Strength readings of HVI classed cotton have averaged 23.5 grams per tex breaking strength for the season.

## Roberson Announces For Re-Election

Bobby Roberson of Benjamin has authorized the *Munday Courier* to announce his intentions to run for re-election to the post of commissioner in Knox County Precinct 2, subject to voting in the May primary.

One of four veteran commissioners in the county, Roberson asks the support and influence of our readers and said he will issue a statement at a later date.

## Jail Population Swells With Weekend Arrests

Knox County law enforcement officers were busy during the weekend, with two big arrests occurring in Knox City and near Goree.

Knox City police chief Gil Gillilan was alerted early Saturday morning by an Allsup's employee that the burglar alarm at Jones Pharmacy was sounding. Gillilan called for assistance, and upon arriving at the scene, found glass in the front door had been kicked out. After investigating the premises, Gillilan found one suspect sitting in a car near the store and county sheriff Gene Nix arrested a second suspect behind City Hall.

Charged with burglary of a building were Aaron Webber, 38, and Earle Lee Payne Jr., 30, both of Abilene. Officials say the men gained access to the drug store through the roof and dropped onto the floor, causing the burglar alarm to go off. The men quickly took \$15 from each of the two registers in the store and exited out the front door,

kicking the glass out.

Found in the suspects' vehicle were the tools used for entering the building, and the money was recovered from Webber, who is currently out on bond in Taylor and Shackelford counties for burglary charges. Both men are being held in the Knox County jail.

Assisting with the arrest were Knox City patrolman Craig Terry and county deputy Greg Covey.

Late Sunday afternoon Munday policeman Coyt Smith learned that a subject was trying to sell marijuana out of a stalled van near Goree. Smith and Nix arrested Michael D. Williams, 20, of Abilene about one-half mile west of Goree on Highway 277. Eight baggies of marijuana were found in the van.

Williams was charged with possession of a controlled substance with intent to sell or deliver and was arraigned before Jonn Phillips, justice of the peace in Precinct 4. The suspect was later released on bond.

## County Game Warden Retires After 31 Years On The Job

Longtime Knox County game warden W.V. (Vic) Lowry retired from his position effective December 31, 1985, after 31 years and two months as a law enforcement official. A replacement for the Knox City resident will be named from a field of applicants.

Lowry began his career with the Texas Parks and Wildlife Department after serving a four-year tour of duty with the Armed Forces. Completing game warden training at Texas A&M University, he went to his first job assignment in Jayton in the mid 50's. He has lived in Knox City as warden for Region 6, District 3, since June, 1963.

District employees honored Lowry with a retirement party at his home Sunday, January 5, and presented him a commemorative plaque. The retiree said he had enjoyed his job and the years he spent enforcing game laws. He has been offered a supervisor's job on more than one occasion, but turned them down because of his fondness for the job he was doing. "98 percent of the time I got up and did what I thought I needed to do," he said.

## Commodities To Be Given

The Aspermont Small Business Administration will distribute USDA surplus commodities at the Munday Community Center from 9-10 a.m. Thursday, January 16.

Eligible persons must show identification in order to claim these commodities.

"But 98 percent of the time a supervisor gets up and does what he has to do. That's why I never did want a promotion."

Lowry had one last case pending in court, and after that he said he would turn his thoughts to traveling and farming his 130 acres of land near Knox City. He and his wife, Norma, have a daughter, Vicki Josselet, and two grandchildren, Cody and Ember, of Haskell. A son died several years ago.

He wouldn't hazard a guess as to who might be considered for his job, but said, "Whoever wants it and is the most qualified will get the job. We will get a good warden with experience."

## Mrs. Balis Seeks Election Support

Evelyn Balis of Knox City has announced to the *Munday Courier* her intentions to file for the office of county treasurer, which has been held for several years by J.T. Cypert, who has declined to run for re-election.

Mrs. Balis has worked in the treasurer's office since May 1, 1979, and feels she is fully qualified for the job. In making her announcement, she asks the support and consideration of all Knox County voters.

Australia and North America are coming closer together at an annual rate of four-tenths of an inch.

**OFFICERS FOR THE Munday Senior Citizens** were installed recently and will hold their positions through 1986. From left are Rennie Patterson, president; Euris Reid, vice-president; Virginia Cary, secretary; Frankie Ponder, reporter; and Maggie Gaines, supply person.

These women are an integral part of the 35-member organization that meets once a month for a covered dish lunch and enjoys game nights and gospel singing as well as volunteer work.

### U.S.D.A. NAMES 'PIZZA WEEK'

Pizza lovers arise! Your time has come. U.S. Secretary of Agriculture John R. Block has designated January 13-19 as "Pizza Week." This means the majority of Americans who enjoy pizza have finally been officially recognized. (And surveys indicate pizza lovers are indeed in the majority!)

Pizza first appeared in New York City in 1905. However, the food didn't really come into its own here until after World War II when American GIs serving in Europe discovered pizza and brought it back with them to the states.

Surprisingly, three celebrities can take credit for much of the early popularity of pizza. The three: Frank Sinatra, Dean Martin and Jackie Gleason.

Both Sinatra and Gleason became such fans of pizza that they heralded the food wherever and whenever possible. Gleason often mentioned pizza on his TV shows.

One of Martin's most popular songs, "That's Amore," included the line, "When the moon hits your eye like a big pizza pie, that's amore."

Thanks to the song and the three stars, pizza sales zoomed!

According to a recent study, there are now more pizza businesses than any other type of specialty food-service -- including hamburger shops. U.S. restaurant pizza sales are expected to reach a staggering 6.1 billion dollars this year. And, frozen pizza sales now total more than three quarters of a billion dollars annually.

Who serves up more pizza each week in restaurants than anyone else? This honor goes to Pizza Hut which has more than 4,800 restaurants in all 50 states and 32 foreign countries.

And here's an idea of what it takes to achieve the honor:

Be the nation's largest user of mozzarella cheese, use more than 200 million pounds of flour, 190 million pounds of tomatoes, and 20 million pounds of soybean oil. (It takes about 9,700 hogs and almost 1,900 cattle daily to supply the pork and beef needs of the chain.)

What are America's favorite pizza toppings?

The number one topping is pep-

peroni. Pork and beef rank second and third respectively.

As far as the most unpopular topping, that choice seems universal -- it's anchovies.

Incidentally, "pizza" in Italian means "pie" so when you order pizza pie in a restaurant, you're actually repeating yourself and requesting "pie pie."

The Guinness Book of World Records says the largest pizza ever baked measured more than 80 feet in diameter and weighed almost 18½ pounds. When served, it was cut into 60,318 pieces!

So, pizza lovers, there you have it, your story. During the second week of January, celebrate "National Pizza Week." You've earned it!

### FEDERAL INCOME TAX TIME AGAIN

January 1 not only marks the beginning of a new year but it also marks the arrival of our 1985 tax forms. Each year all of us face the deadline of getting the returns in on time. For those of you that attack the job by yourself with pencil, eraser and calculator in hand, there is help.

The Knox County Extension Office has three Internal Revenue Service publications available at no cost to you. The titles of the booklets are, *Farmer's Tax Guide*, *Tax Guide for Small Businesses* and *Your Federal Income Tax*. Each of these publications are full of examples and outline what can or cannot be done on the 1985 returns.

The *Farmer's Tax Guide* explains how the federal tax laws apply to farming. It also points out recent

changes and reflects the position of the Internal Revenue Service.

If you are involved in a small business, corporation, or partnership, the *Tax Guide for Small Business* was designed for you. This guide not only examines tax aspects but also business organization and accounting practices.

The publication *Your Federal Income Tax* helps individuals prepare 1985 returns. Most of the information contained in this booklet relates to the individual that must itemize his deductions. Basic information on the tax system is also contained in the guide.

These publications may not contain all the answers but they are a good tool to have if you are figuring your own taxes. In the back of each of the guides is a list of additional publications which may be ordered from the Internal Revenue Service.

Pick up your copy of the *Farmer's Guide*, *Tax Guide for Small Business* or *Your Federal Income Tax* at the Knox County Extension Office, which is located on the second floor of the county courthouse in Benjamin.

### Readings Enjoyed By Senior Citizens

New president Rennie Patterson presided over the January meeting of the Munday Senior Citizens held last Thursday. Euris Reid voiced the opening prayer.

An amusing reading of "It's A Funny Thing" by Mrs. Patterson was followed by approval of the secretary's December minutes and the treasurer's report. Maggie Gaines moved that the group meet by 10:30 a.m. so the business meeting could be completed with time left for a program before lunch. Louise Ameron seconded the motion and it carried. Jim Reid read an article on Mount Rushmore, where the Presidents' heads are carved, and Virginia Cary read "What It Takes To Make A Happy New Year."

Grace for the noon meal was given by Eunice Raynes. A delicious covered dish meal was enjoyed by all, followed by a period of fellowship. The meeting adjourned to meet again at 10:30 a.m. Thursday, February 6.

### Firemen Consider Sales Possibility

Munday's volunteer firemen completed their final Christmas duty Monday night by taking the street ornaments down and storing them for another year. Local residents appreciate the firemen for doing this and other volunteer services that no one else would take the time to accomplish.

During their weekly business meeting, the firemen discussed the possibility of a fire extinguisher sale in Munday. *Courier* readers are urged to watch for an ad in the paper when this sale is planned.

### County Receives Special Tax Check

State Comptroller Bob Bullock has announced checks totaling \$1.1 million were sent in a special allocation of the state franchise tax on banks to 245 cities, school districts and other special districts. Knox County's Drainage District #1 earned a check for \$432.01.

### BASKETBALL (Continued from Page 1)

ley. They came back, however, and beat Stamford 52-36 for third place in the holiday classic. The Archer City Wildcats pounded Munday 69-54 for the second time this season, then the Moguls again won two tournament games in the Jayton tourney, defeating Crosbyton 74-53 and edging Jayton 68-53. The boys lost their final game 74-49 to an excellent Paducah team.

The Mogulette junior varsity defeated Newcastle and lost to Archer City, then lost both games in the Olney JV tournament last weekend. The boys' team defeated the Olney ninth grade squad 64-31 for third place in that tourney.

After hosting Weinert on Tuesday night, varsity teams will travel to Rochester on Friday, January 10 to continue their district play. Benjamin will be in Munday for two games on Tuesday, January 14.

### Coach Milson Comments

We weren't really into the swing of things yet when we played in the Haskell tournament. Gregg missed some games because of the flu, and we just hadn't played enough games to be very confident. The number of fouls we made really hurt us against Hawley. But when we played Stamford, everybody saw some action and we began to show signs of improvement.

Archer City has a very talented basketball team. They are very tall, with several players over 6', and they are definitely the toughest team in the region right now. We started playing ball in our game against Crosbyton; began running the ball and scoring on the fast break. Jayton is picked to be one of the top teams in their region, but we were able to maintain a 20-point lead most of the second half. Our running game looked real good, and I think it was our best overall game this year.

Paducah is 16-0 and a super team. We held it close at halftime, but we just got tired. We had already played an emotional game with Jayton that day, and we were not yet in condition to play two games in one day. But I think we are ready for our district opponents. A big factor in the next few games will be the return of Dent Offutt to our lineup. He is working out some and wants to play, and we expect him back in action this week.

Our junior varsity boys are looking good. We have some fine freshman players assisting the older boys, and they should have a real good season.

### Coach Kingston Comments

We played poorly in the first round of the Haskell tournament, then came back and looked much better in our close loss to Goree. We played very well against Spur, coming back from an 8-point deficit with less than two minutes to play to launch a valiant comeback that just fell a little short. We had a weak third quarter that hurt us in that contest.

I feel we benefitted a great deal from playing the games over the holidays, because the girls improved with each game. I think they have come to realize that if they play up to their capabilities, they can be competitive throughout the rest of our schedule. The girls are working very hard; they gave up a lot of their Christmas holidays to practice and play, and I think it will pay off because of the improvement they are making.

I feel good about our chances in

district, but I believe it will be a tooth and nail battle. This is a much more evenly balanced district than it was last year. Munday, Knox City, Weinert and Goree are very close, and Rochester and Benjamin have improved a great deal, so it should be a very interesting contest for first and second place.

Our junior varsity is also much improved. They are small in number but these girls are getting better every game. After their 20-7 win over Newcastle, they fought hard against Archer City and finally just ran out of gas. We only had seven players, while Archer city had twelve, and they just wore us out. But I am very pleased with our progress.

### Arbor Foundation Offers Free Trees

The National Arbor Day Foundation is giving ten free trees to people who become Foundation members during January, 1986. The free trees are part of the foundation's effort to promote tree planting throughout America.

A Colorado blue spruce, red maple, white flowering dogwood, black walnut, silver maple, Norway spruce, green ash and sugar maple tree will be given to members joining during January.

These trees were selected to provide a wide range of benefits: flowers, shade, berries, nuts and beautiful fall foliage, according to the foundation. The six to twelve inch trees will be shipped postage paid with enclosed planting instructions at the right time for planting this spring. The foundation makes its spring shipments between February 1 and May 31, depending on the local climate and this year's weather.

The National Arbor Day Foundation, a nonprofit organization, is working to improve the quality of life throughout the country by encouraging tree planting. The foundation will give the ten free trees to members contributing \$10 during January.

To become a member of the Foundation and to receive the free trees, a \$10 membership contribution should be sent to Ten Trees, National Arbor Day Foundation, 100 Arbor Avenue, Nebraska City, NE 68410, by January 31, 1986.

**YOU MAY BE LOSING ENERGY DOLLARS OUT YOUR CHIMNEY!**

**Close Your Fireplace Damper When You're Not Using It.**

Many people leave their fireplace damper open all year long, so it's always ready when they want to build a fire. An open damper lets winter heat and summer air conditioning escape through your chimney. As conditioned air rises out of your home, your electric bill rises, too. So, be sure to close the damper in your fireplace when you're not using it.

A glass fireplace cover can also help you save energy and money this winter. With your damper closed and with an airtight glass screen in front of your fireplace when it's not in use, you can help prevent ENERGY DOLLARS from escaping through your chimney.

## Former Munday Physician Earns UTMB Promotion

Dr. David C. Eiland Jr., M.D., has been named associate vice-president for academic affairs at the University of Texas Medical Branch at Galveston. Dr. Eiland, who has served as associate dean of student affairs since 1974, will continue in his duties as dean of students.

Dr. Eiland holds faculty positions as associate professor in the departments of psychiatry and behavioral sciences and family medicine, and is an associate professor of clinical health care sciences in the UTMB School of Allied Health Sciences.

Following several years in private family medicine practice, Dr. Eiland completed his residency in general psychiatry at the Medical Branch in 1971. He earned his M.D. degree from the University of Texas Southwestern Medical School in Dallas in 1960 and received his undergraduate degree from the University of Texas

at Austin in 1956.

He has held numerous faculty positions at UTMB, including service as director of continuing education and acting director of the consultation and liaison service in psychiatry and behavioral sciences, and is a member of several committees. A fellow of the American Psychiatric Association, he has twice been named to "Who's Who in the South and Southwest," received the Outstanding Educators of America Award in 1975 and won a career teacher award in drug abuse and alcoholism in 1977.

A member of a family that contributed much to Munday and Knox County, Dr. Eiland grew up here, the son of Dr. David Chase Eiland Sr. and Neda Lynn (Ned) Eiland. After the death of his father in 1961, Dr. Eiland returned to Munday to practice before moving to Galveston in 1968. His mother resides in Galveston.

His sister, Dana Haynie, was recognized as being on the 4.0 honor roll at Texas Tech University in Lubbock. Also an accounting major, she is married to Andy Haynie.

## Notify ASCS Of Farm Changes

Glenn R. Brzozowski, county executive director of the Haskell County Agricultural Stabilization and Conservation Service, urges producers to report any changes in their farm operations which could affect farm program benefits for 1986.

"In order for us to help producers get full program benefits, farm records must be up-to-date," said Brzozowski. "If a farm will have a new owner effective for 1986, or if a change is made in the operation of an existing unit, producers should notify our office."

Brzozowski said plans to combine farms or divide a farm should be requested as soon as possible because reconstitutions require special processing as well as county committee approval.

"Additionally, farmers who want to establish proven yields for 1986 feed grains or wheat should assemble proof of production records for this year's crop."

To request a proven yield the ASCS official said farmers are required to collect data for all farms on which the crop was grown, and to keep all production evidence separate for each year and each farm. Farmers will be given the opportunity to request a proven yield until March 1, 1986 if production evidence so warrants.

### CARD OF THANKS

In a time of grief there is nothing more comforting than the firm closeness and soothing words from close relations and true friends. We would like to express our deepest thanks for the loving support from all of you who aided us in our time of need.

Beth McCanlies Family

### THANK YOU

As I have officially retired effective 12-31-1985, I would like to express my thanks to the landowners, sportspersons and law officials of Knox, King and Cottle Counties who have helped me in many ways for the past 22 years. Many times, without your help, I could not have done my job for the Texas Parks and Wildlife Department as your warden.

Thanks for your cooperation,  
Vic Lowry

### CARD OF THANKS

During a time like this, we realize how much our friends really mean to us. Your expression of sympathy will always be remembered by the family of Maggie Browning

Visiting Mrs. Goldie Brown during the holidays were Mr. and Mrs. Jerry Brown and Kem of San Antonio, Brad Brown, Camp LeJeune, North Carolina; Mr. and Mrs. Kenneth Patterson and Kenny, Oklahoma City; and Mrs. Allene Parham, Jeanette and Ray Lynn of Wichita Falls.

Mr. and Mrs. Riley Bell were business visitors in Haskell on Saturday.

Mr. and Mrs. Ewen Beaty visited their daughter and family, Mr. and Mrs. Gary Nemece and Terry, in Hawley on New Year's Day. They visited Mrs. Beaty's brother and wife, Mr. and Mrs. T.K. Kevel, at Rule on Friday.

Mrs. Ruth Hammons and Mrs. Estelle Rhinehart visited Mrs. Amy Edwards in Seymour last Monday.

Mr. and Mrs. W.M. West of Crowley visited Mrs. Tennie Tynes on Saturday.

Mrs. Lola Purdue and Mrs. JoAnn Marr of Munday visited Mr. and Mrs. Jack Beaty last Wednesday.

Mr. and Mrs. Felton Jackson visited Mr. and Mrs. Edwin Reeves

and Nan in Weinert on Saturday.

Visiting Mr. and Mrs. Buster Echols during the weekend were Gus Dormier and children, Jeff, Susan, Josh and Sarah, of Holliday.

Guests in the home of Mrs. Betty Taylor last Thursday night were Mr. and Mrs. Jack Wright and daughter, Whitney, and Betty Madole and Gwen Parks of Port Neches. They were enroute home from a skiing trip in New Mexico.

Mr. and Mrs. Burt Williams, Lynette and Kevin of Spearman visited Mrs. Winnie Lambeth last Friday. Mrs. Dimple Jetton, who had been visiting with Mrs. Lambeth for several days, returned home with the Williams family.

Mr. and Mrs. Grady Williams spent the Christmas holidays with her sister, Mr. and Mrs. Charles York, in Harlingen. Also visiting there was another sister, Mrs. Juanita Wardlaw of Houston and a niece, Mrs. Joyce Corso of Clarksdale, Mississippi.

They also visited his grandchildren, Bill Williams and son, John, in Euless, Glenn Williams in Irving, and Mr. and Mrs. Terry Turner in Watauga, and a sister-in-law, Mrs. Curtis Williams, in San Antonio.

Up until 1830 when anyone purchased a bar of soap, the grocer simply hacked off a chunk from a large block.

## Card of Thanks

At times like these you realize just how much it means to have a loving family, caring friends and a living faith. Thank you so much for the many wonderful things you did for us, the food brought to our home, the meal prepared for us at the church, the prayers, flowers, visits, cards and so many memorials in honor of our loved one, also the beautiful memorial service by Bro. Jim and in music and song.

We know that Boyd will truly never leave us, he will live on in the kindness he showed, the comfort he shared and the love he brought into our lives.

The family of Boyd Meers

As the family goes, so goes the nation—and the world. The kind of mature and responsible people who are needed to make a free society work are the kind who can only be produced by solid family life. All who are concerned for our future as a nation and a race, must do what they can to restore and preserve the family.

One step in this direction surely would be to encourage real communication among family members so that they strengthen their ties of love and respect rather than drift apart. Of course, communication is not the whole answer to family problems. But it is part of the answer. And a good place to start.

We have some very worthwhile advice on family communications. It is given in simple language in our pamphlet: "Person to Person." A free copy is yours for the asking. Mail the coupon below. No one will call.

## COMBINED NOTICE NOTICE TO PUBLIC OF NO SIGNIFICANT IMPACT ON THE ENVIRONMENT AND NOTICE OF INTENT TO REQUEST RELEASE OF FUNDS

January 9, 1986  
City of Munday, Texas  
P.O. Drawer 39  
Munday, Texas 76371  
817-422-4331

To all interested agencies, groups, and persons:  
On or about January 27, 1986, the above named Municipality will request the Community Development Block Grant Program to release Federal funds under Title I of the Housing and Community Development Act of 1974, as amended, for the following project:

Street Paving and Drainage Improvements City-wide, Munday, Knox County, Texas, Enumeration Districts: 84, 85.

Finding of No Significant Impact It has been determined that such request for release of funds will not constitute an action significantly affecting the quality of the human environment, and accordingly, the above named Municipality has decided not to prepare an Environmental Impact Statement under the National Environmental Policy Act of 1969.

The reasons for such decision not to prepare such Statement are as follows: Project is not detrimental to the environment; no negative effects are anticipated beyond short term construction noise and dust.

An Environmental Assessment respecting the within project has been made by the above named Municipality which documents the environmental review of the project and more fully sets forth the reasons why such Statement is not required. The Environmental Assessment is on file at City Hall and is

available for public examination and copying upon request between the hours of 8:30 a.m. and 5:00 p.m.

**Public Comments on Finding**  
All interested agencies, groups, and persons disagreeing with this decision are invited to submit written comments for consideration by the Municipality to the Office of the Mayor at City Hall. Such written comments should be received at City Hall on or before January 24, 1986. All such comments so received will be considered and the Municipality will not request the release of funds or take any administrative action on the within project prior to the date specified in the preceding sentence.

**Release of Funds**  
The City of Munday will undertake the project described above with Community Development Program Funds from the Department of Community Affairs under Title I of the Housing and Community Development Act of 1974, as amended. Doris Dickerson, Mayor, City of Munday, is certifying officer of Contractor approved by the Texas Department of Community Affairs in his official capacity as Mayor consent to accept the jurisdiction of the Federal courts if an action is brought to enforce responsibilities in relation to environmental assessment decision-making and action; and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval the City of Munday may use the Texas Community Development Program funds and Texas Department of Community Affairs will have satisfied its responsibilities under the National Environmental Policy Act of 1969 and 24 CFR Part 58.

**Objections to State Release of Funds**  
Texas Department of Community Affairs will accept an objection to its approval only if it is on one of the following basis: (a) that the certification was not in fact executed by the certifying officer or other officer of the Contractor approved by Texas Department of Com-

munity Affairs; or (b) that the Contractor's environmental review record for the project indicates omission of a required decision finding or step applicable to the project in the environmental assessment. Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58.75) and may be addressed to Texas Department of Community Affairs, P.O. Box 13166, Austin, Texas 78711.

## REMINDER TO TAXPAYERS January 31, 1986 IS THE LAST DAY TO PAY YOUR 1985 TAXES AND AVOID THE ADDITIONAL PENALTY AND INTEREST CHARGES

### HOMESTEAD EXEMPTIONS

Homeowners are not required to file a homestead exemption annually. If you are already receiving the state mandated \$5,000 homestead exemption or additional over-sixty-five \$10,000 exemption, you need not reapply for the taxing year of 1986. However, if you became 65 after January 1, 1985 and before January 1, 1986, you need to apply for the additional over-65, \$10,000 exemption. If you have changed your place of residency you need to apply for a new exemption. All homestead exemption applications must be filed with Chief Appraiser, Oscar Mangis, between the dates of January 1, 1986 through May 1, 1986. These exemption forms are available at the Knox County Appraisal District Office, which is located in the Knox County Courthouse.

### AG-USE EXEMPTIONS

Annual applications for qualifying land for agriculture use is not required. If you have been receiving the AG-USE exemption on your land in prior years, you need not reapply for the exemption. If you have recently purchased a farm, you need to apply for an exemption. If you have put acreage into cultivation you need to report this to the Chief Appraiser. AG-USE exemption forms are also available at the Appraisal District Office. Deadline for filing new exemptions are between January 1, 1986 and May 1, 1986.

### DISABLED VETERANS EXEMPTION

These exemptions need not be applied for annually. If you received your exemption on the 1985 tax roll, you will automatically receive it for the tax year of 1986. However, if your disability percentage has changed, you need to report the change to the Chief Appraiser. Deadline for filing new exemptions are between January 1, 1986 and May 1, 1986.

### RENDITIONS

Taxpayers are reminded that it is still their responsibility to render their property to the Chief Appraiser. These rendition forms are also available at the Appraisal District Office. Deadline for tax renditions are between January 1, 1986 and April 1, 1986.

NOTE: SEC 22:23 moves the deadline for filing rendition statements from May 1, 1986 to April 1, 1986.

If you have any questions about your exemptions or any other ad valorem tax related question, Chief Appraiser Oscar Mangis invites you to write to Knox County Appraisal District, Box 2, Benjamin, Texas 79505, or call 454-3891. If the Appraisal District employees can be of assistance in any way, please let us help.
